# Intel Committee Ranking Member Schiff Statement on General Flynn

Washington DC, February 10, 2017

**Washington, DC** – Today, Rep. Adam Schiff (D-CA), the Ranking Member of the House Permanent Select Committee on Intelligence, released the following statement:

“The allegation that General Flynn, while President Obama was still in office, secretly discussed with Russia’s ambassador ways to undermine the sanctions levied against Russia for its interference in the Presidential election on Donald Trump’s behalf, raises serious questions of legality and fitness for office. If he did so, and then he and other Administration officials misled the American people, his conduct would be all the more pernicious, and he should no longer serve in this Administration or any other.”
