3 (A) space activities, including launch and
4 reentry, as such terms are defined in section
5 50902 of title 51, United States Code, carried
6 out by United States citizens; and

7 (B) offshore energy development activities,
8 as described in section 8(p)(1)(C) of the Outer
9 Continental Shelf Lands Act (43 U.S.C.
10 1337(p)(1)(C)), on or near a fixed platform.

11 (3) UNITED STATES CITIZEN.—The term
12 “United States citizen” has the meaning given the
13 term “eligible owners” in section 12103 of title 46,
14 United States Code.

15 (4) FIXED PLATFORM.—The term “fixed plat-
16 form” means an artificial island, installation, or
17 structure permanently attached to the sea-bed for
18 the purpose of exploration or exploitation of re-
19 sources or for other economic purposes.

20 **SEC. 8344. SECURITY PLANS; REVIEWS.**

21 Section 70103 of title 46, United States Code, is
22 amended—

23 (1) by amending subsection (b)(3) to read as
24 follows:

1 “(3) The Secretary shall review and approve
2 Area Maritime Transportation Security Plans and
3 updates under this subsection.”; and

4 (2) in subsection (c)(4), by inserting “or up-
5 date” after “plan” each place it appears.

6 **SEC. 8345. VESSEL TRAFFIC SERVICE.**

7 Section 70001 of title 46, United States Code, is
8 amended to read as follows:

9 **“§ 70001. Vessel traffic services**

10 “(a) IN GENERAL.—Subject to the requirements of
11 section 70004, the Secretary—

12 “(1) in any port or place under the jurisdiction
13 of the United States, in the navigable waters of the
14 United States, or in any area covered by an inter-
15 national agreement negotiated pursuant to section
16 70005, may construct, operate, maintain, improve,
17 or expand vessel traffic services, that consist of
18 measures for controlling or supervising vessel traffic
19 or for protecting navigation and the marine environ-
20 ment and that may include one or more of reporting
21 and operating requirements, surveillance and com-
22 munications systems, routing systems, and fairways;

23 “(2) shall require appropriate vessels that oper-
24 ate in an area of a vessel traffic service to utilize or
25 comply with that service;

1 “(3) may require vessels to install and use spec-
2 ified navigation equipment, communications equip-
3 ment, electronic relative motion analyzer equipment,
4 or any electronic or other device necessary to comply
5 with a vessel traffic service or that is necessary in
6 the interests of vessel safety, except that the Sec-
7 retary shall not require fishing vessels under 300
8 gross tons as measured under section 14502, or an
9 alternate tonnage measured under section 14302 as
10 prescribed by the Secretary under section 14104, or
11 recreational vessels 65 feet or less to possess or use
12 the equipment or devices required by this subsection
13 solely under the authority of this chapter;

14 “(4) may control vessel traffic in areas subject
15 to the jurisdiction of the United States that the Sec-
16 retary determines to be hazardous, or under condi-
17 tions of reduced visibility, adverse weather, vessel
18 congestion, or other hazardous circumstances, by—

19 “(A) specifying times of entry, movement,
20 or departure;

21 “(B) establishing vessel traffic routing
22 schemes;

23 “(C) establishing vessel size, speed, or
24 draft limitations and vessel operating condi-
25 tions; and

1 “(D) restricting operation, in any haz-
2 ardous area or under hazardous conditions, to
3 vessels that have particular operating character-
4 istics or capabilities that the Secretary con-
5 siders necessary for safe operation under the
6 circumstances;

7 “(5) may require the receipt of prearrival mes-
8 sages from any vessel, destined for a port or place
9 subject to the jurisdiction of the United States, in
10 sufficient time to permit advance vessel traffic plan-
11 ning before port entry, which shall include any infor-
12 mation that is not already a matter of record and
13 that the Secretary determines necessary for the con-
14 trol of the vessel and the safety of the port or the
15 marine environment; and

16 “(6) may prohibit the use on vessels of elec-
17 tronic or other devices that interfere with commu-
18 nication and navigation equipment, except that such
19 authority shall not apply to electronic or other de-
20 vices certified to transmit in the maritime services
21 by the Federal Communications Commission and
22 used within the frequency bands 157.1875–157.4375
23 MHz and 161.7875–162.0375 MHz.

24 “(b) NATIONAL POLICY.—

1 “(1) ESTABLISHMENT AND UPDATE OF NA-
2 TIONAL POLICY.—

3 “(A) ESTABLISHMENT OF POLICY.—Not
4 later than one year after the date of enactment
5 of this section, the Secretary shall establish a
6 national policy which is inclusive of local
7 variances permitted under subsection (c), to be
8 applied to all vessel traffic service centers and
9 publish such policy in the Federal Register.

10 “(B) UPDATE.—The Secretary shall peri-
11 odically update the national policy established
12 under subparagraph (A) and shall publish such
13 update in the Federal Register or on a publicly
14 available website.

15 “(2) ELEMENTS.—The national policy estab-
16 lished and updated under paragraph (1) shall in-
17 clude, at a minimum, the following:

18 “(A) Standardization of titles, roles, and
19 responsibilities for all personnel assigned, work-
20 ing, or employed in a vessel traffic service cen-
21 ter.

22 “(B) Standardization of organizational
23 structure within vessel traffic service centers, to
24 include supervisory and reporting chain and
25 processes.

1 “(C) Establishment of directives for the
2 application of authority provided to each vessel
3 traffic service center, specifically with respect to
4 directing or controlling vessel movement when
5 such action is justified in the interest of safety.

6 “(D) Establishment of thresholds and
7 measures for monitoring, informing, recom-
8 mending, and directing vessel traffic.

9 “(E) Establishment of national procedures
10 and protocols for vessel traffic management.

11 “(F) Standardization of training for all
12 vessel traffic service directors, operators, and
13 watchstanders.

14 “(G) Establishment of certification and
15 competency evaluation for all vessel traffic serv-
16 ice directors, operators, and watchstanders.

17 “(H) Establishment of standard operating
18 language when communicating with vessel traf-
19 fic users.

20 “(I) Establishment of data collection, stor-
21 age, management, archiving, and dissemination
22 policies and procedures for vessel incidents and
23 near-miss incidents.

24 “(c) LOCAL VARIANCES.—

1 “(1) DEVELOPMENT.—In this section, the Sec-
2 retary may provide for such local variances as the
3 Secretary considers appropriate to account for the
4 unique vessel traffic, waterway characteristics, and
5 any additional factors that are appropriate to en-
6 hance navigational safety in any area where vessel
7 traffic services are provided.

8 “(2) REVIEW AND APPROVAL BY SECRETARY.—
9 The Captain of the Port covered by a vessel traffic
10 service center may develop and submit to the Sec-
11 retary regional policies in addition to the national
12 policy established and updated under subsection (b)
13 to account for variances from that national policy
14 with respect to local vessel traffic conditions and vol-
15 ume, geography, water body characteristics, water-
16 way usage, and any additional factors that the Cap-
17 tain considers appropriate.

18 “(3) REVIEW AND IMPLEMENTATION.—Not
19 later than 180 days after receiving regional policies
20 under paragraph (2)—

21 “(A) the Secretary shall review such re-
22 gional policies; and

23 “(B) the Captain of the port concerned
24 shall implement the policies that the Secretary
25 approves.

1 “(4) MAINTENANCE.—The Secretary shall
2 maintain a central depository for all local variances
3 approved under this section.

4 “(d) COOPERATIVE AGREEMENTS.—

5 “(1) IN GENERAL.—The Secretary may enter
6 into cooperative agreements with public or private
7 agencies, authorities, associations, institutions, cor-
8 porations, organizations, or other persons to carry
9 out the functions under subsection (a)(1).

10 “(2) INTERNATIONAL COORDINATION.—With
11 respect to vessel traffic service areas that cross
12 international boundaries, the Secretary may enter
13 into bilateral or cooperative agreements with inter-
14 national partners to jointly carry out the functions
15 under subsection (a)(1) and to jointly manage such
16 areas to collect, share, assess, and analyze informa-
17 tion in the possession or control of the international
18 partner.

19 “(3) LIMITATION.—

20 “(A) INHERENTLY GOVERNMENTAL FUNC-
21 TION.—A nongovernmental entity may not
22 under this subsection carry out an inherently
23 governmental function.

24 “(B) DEFINITION OF INHERENTLY GOV-
25 ERNMENTAL FUNCTION.—In this paragraph,

1 the term ‘inherently governmental function’
2 means any activity that is so intimately related
3 to the public interest as to mandate perform-
4 ance by an officer or employee of the Federal
5 Government, including an activity that requires
6 either the exercise of discretion in applying the
7 authority of the Government or the use of judg-
8 ment in making a decision for the Government.

9 “(4) DISCLOSURE.—The Commandant of the
10 Coast Guard shall de-identify information prior to
11 release to the public, including near miss incidents.

12 “(e) PERFORMANCE EVALUATION.—

13 “(1) IN GENERAL.—The Secretary shall develop
14 and implement a standard method for evaluating the
15 performance of vessel traffic service centers.

16 “(2) ELEMENTS.—The standard method devel-
17 oped and implemented under paragraph (1) shall in-
18 clude, at a minimum, analysis and collection of data
19 with respect to the following within a vessel traffic
20 service area covered by each vessel traffic service
21 center:

22 “(A) Volume of vessel traffic, categorized
23 by type of vessel.

24 “(B) Total volume of flammable, combus-
25 tible, or hazardous liquid cargo transported,

1 categorized by vessel type as provided in the
2 Notice of Arrival, if applicable, or as deter-
3 mined by other means.

4 “(C) Data on near-miss incidents.

5 “(D) Data on marine casualties.

6 “(E) Application by vessel traffic operators
7 of traffic management authority during near-
8 miss incidents and marine casualties.

9 “(F) Other additional methods as the Sec-
10 retary considers appropriate.

11 “(3) REPORT.—Not later than 1 year after the
12 date of the enactment of this paragraph, and bienni-
13 ally thereafter, the Secretary shall submit to the
14 Committee on Commerce, Science, and Transpor-
15 tation of the Senate and the Committee on Trans-
16 portation and Infrastructure of the House of Rep-
17 resentatives a report on the evaluation conducted
18 under paragraph (1) of the performance of vessel
19 traffic service centers, including—

20 “(A) recommendations to improve safety
21 and performance; and

22 “(B) data regarding marine casualties and
23 near-miss incidents that have occurred during
24 the period covered by the report.

25 “(f) RISK ASSESSMENT PROGRAM.—

1 “(1) IN GENERAL.—The Secretary shall develop
2 a continuous risk assessment program to evaluate
3 and mitigate safety risks for each vessel traffic serv-
4 ice area to improve safety and reduce the risks of oil
5 and hazardous material discharge in navigable
6 waters.

7 “(2) METHOD FOR ASSESSMENT.—The Sec-
8 retary, in coordination with stakeholders and the
9 public, shall develop a standard method for con-
10 ducting risk assessments under paragraph (1) that
11 includes the collection and management of all infor-
12 mation necessary to identify and analyze potential
13 hazardous navigational trends within a vessel traffic
14 service area.

15 “(3) INFORMATION TO BE ASSESSED.—

16 “(A) IN GENERAL.—The Secretary shall
17 ensure that a risk assessment conducted under
18 paragraph (1) includes an assessment of the
19 following:

20 “(i) Volume of vessel traffic, cat-
21 egorized by type of vessel.

22 “(ii) Total volume of flammable, com-
23 bustible, or hazardous liquid cargo trans-
24 ported, categorized by vessel type as pro-

1 vided in the Notice of Arrival, if applicable,
2 or as determined by other means.

3 “(iii) Data on near-miss events inci-
4 dents.

5 “(iv) Data on marine casualties.

6 “(v) Geographic locations for near-
7 miss events incidents and marine casual-
8 ties, including latitude and longitude.

9 “(vi) Cyclical risk factors such as
10 weather, seasonal water body currents,
11 tides, bathymetry, and topography.

12 “(vii) Weather data, in coordination
13 with the National Oceanic and Atmos-
14 pheric Administration.

15 “(B) INFORMATION STORAGE AND MAN-
16 AGEMENT POLICIES.—The Secretary shall re-
17 tain all information collected under subpara-
18 graph (A) and ensure policies and procedures
19 are in place to standardize the format in which
20 that information is retained to facilitate statis-
21 tical analysis of that information to calculate
22 within a vessel traffic service area, at a min-
23 imum, the incident rate, intervention rate, and
24 casualty prevention rate.

25 “(4) PUBLIC AVAILABILITY.—

1 “(A) ASSESSMENTS AND INFORMATION.—

2 In accordance with section 552 of title 5, the
3 Secretary shall make any risk assessments con-
4 ducted under paragraph (1) and any informa-
5 tion collected under paragraph (3)(A) available
6 to the public.

7 “(B) INFORMATION IN POSSESSION OR
8 CONTROL OF INTERNATIONAL PARTNERS.—The
9 Secretary shall endeavor to coordinate with
10 international partners as described in sub-
11 section (d)(2) to enter into agreements to make
12 information collected, shared, and analyzed
13 under that paragraph available to the public.

14 “(C) DISCLOSURE.—The Commandant of
15 the Coast Guard shall de-identify information
16 prior to release to the public, including near-
17 miss incidents.

18 “(g) VESSEL TRAFFIC SERVICE TRAINING.—

19 “(1) TRAINING PROGRAM.—

20 “(A) IN GENERAL.—The Secretary shall
21 develop a comprehensive nationwide training
22 program for all vessel traffic service directors,
23 operators, and watchstanders.

24 “(B) ELEMENTS.—The comprehensive na-
25 tionwide training program under subparagraph

1 (A) and any variances to that program under
2 subsection (c) shall include, at a minimum, the
3 following:

4 “(i) Realistic vessel traffic scenarios
5 to the maximum extent practicable that in-
6 tegrate—

7 “(I) the national policy developed
8 under subsection (b);

9 “(II) international rules under
10 the International Navigational Rules
11 Act of 1977 (33 U.S.C. 1601 et seq.);

12 “(III) inland navigation rules
13 under part 83 of title 33, Code of
14 Federal Regulations;

15 “(IV) the application of vessel
16 traffic authority; and

17 “(V) communication with vessel
18 traffic service users.

19 “(ii) Proficiency training with respect
20 to use, interpretation, and integration of
21 available data on vessel traffic service dis-
22 play systems such as radar, and vessel
23 automatic identification system feeds.

24 “(iii) Practical application of—

1 “(I) the international rules under
2 the International Navigational Rules
3 Act of 1977 (33 U.S.C. 1601 et seq.);
4 and

5 “(II) the inland navigation rules
6 under part 83 of title 33, Code of
7 Federal Regulations.

8 “(iv) Proficiency training with respect
9 to the operation of radio communications
10 equipment and any other applicable sys-
11 tems necessary to execute vessel traffic
12 service authorities.

13 “(v) Incorporation of the Standard
14 Marine Communication Phrases adopted
15 by the International Maritime Organiza-
16 tion by resolution on April 4, 2000, as
17 amended and consolidated, or any suc-
18 cessor resolution.

19 “(vi) Incorporation to the maximum
20 extent possible of guidance and rec-
21 ommendations contained in vessel traffic
22 services operator training, vessel traffic
23 services supervisor training, or other rel-
24 evant training set forth by the Inter-

1 national Association of Marine Aids to
2 Navigation and Lighthouse Authorities.

3 “(vii) A minimum number of hours of
4 training for an individual to complete be-
5 fore the individual is qualified to fill a ves-
6 sel traffic services position without super-
7 vision.

8 “(viii) Local area geographic and
9 operational familiarization.

10 “(ix) Such additional components as
11 the Secretary considers appropriate.

12 “(2) STANDARD COMPETENCY QUALIFICATION
13 PROCESS.—

14 “(A) IN GENERAL.—The Secretary shall
15 develop a standard competency qualification
16 process to be applied to all personnel assigned,
17 employed, or working in a vessel traffic service
18 center.

19 “(B) APPLICATION OF PROCESS.—The
20 competency qualification process developed
21 under subparagraph (A) shall include measur-
22 able thresholds for determining proficiency.

23 “(3) INTERNATIONAL AND INLAND NAVIGATION
24 RULES TEST.—

1 “(A) IN GENERAL.—All personnel as-
2 signed, employed, or working in a vessel traffic
3 service center with responsibilities that include
4 communicating, interacting, or directing vessels
5 within a vessel traffic service area, as deter-
6 mined under the national policy developed
7 under subsection (b), shall be required to pass
8 a United States international and inland navi-
9 gation rules test developed by the Secretary.

10 “(B) ELEMENTS OF TEST.—The Secretary
11 shall determine the content and passing stand-
12 ard for the rules test developed under subpara-
13 graph (A).

14 “(C) TESTING FREQUENCY.—The Sec-
15 retary shall establish a frequency, not to exceed
16 once every 5 years, for personnel described in
17 subparagraph (A) to be required to pass the
18 rules test developed under such subparagraph.

19 “(h) RESEARCH ON VESSEL TRAFFIC.—

20 “(1) VESSEL COMMUNICATION.—The Secretary
21 shall conduct research, in consultation with subject
22 matter experts identified by the Secretary, to de-
23 velop more effective procedures for monitoring vessel
24 communications on radio frequencies to identify and
25 address unsafe situations in a vessel traffic service

1 area. The Secretary shall consider data collected
2 under subparagraph (A) of subsection (f)(3).

3 “(2) PROFESSIONAL MARINER REPRESENTA-
4 TION.—

5 “(A) IN GENERAL.—The Secretary shall
6 conduct research, in consultation with local
7 stakeholders and subject matter experts identi-
8 fied by the Secretary, to evaluate and determine
9 the feasibility, costs and benefits of representa-
10 tion by professional mariners on the vessel traf-
11 fic service watchfloor at each vessel traffic serv-
12 ice center.

13 “(B) IMPLEMENTATION.—The Secretary
14 shall implement representation by professional
15 mariners on the vessel traffic service watchfloor
16 at those vessel traffic service centers for which
17 it is determined feasible and beneficial pursuant
18 to research conducted under subparagraph (A).

19 “(i) INCLUSION OF IDENTIFICATION SYSTEM ON
20 CERTAIN VESSELS.—

21 “(1) IN GENERAL.—The National Navigation
22 Safety Advisory Committee shall advise and provide
23 recommendations to the Secretary on matters relat-
24 ing to the practicability, economic costs, regulatory
25 burden, and navigational impact of outfitting vessels

1 lacking independent means of propulsion that carry
2 flammable, combustible, or hazardous liquid cargo
3 with vessel automatic identification systems.

4 “(2) REGULATIONS.—Based on the evaluation
5 under paragraph (1), the Secretary shall prescribe
6 such regulations as the Secretary considers appro-
7 priate to establish requirements relating to the out-
8 fitting of vessels described in such subparagraph
9 with vessel automatic identification systems.

10 “(j) PERIODIC REVIEW OF VESSEL TRAFFIC SERV-
11 ICE NEEDS.—

12 “(1) IN GENERAL.—Based on the performance
13 evaluation conducted under subsection (e) and the
14 risk assessment conducted under subsection (f), the
15 Secretary shall periodically review vessel traffic serv-
16 ice areas to determine—

17 “(A) if there are any additional vessel traf-
18 fic service needs in those areas; and

19 “(B) if a vessel traffic service area should
20 be moved or modified.

21 “(2) INFORMATION TO BE ASSESSED.—

22 “(A) IN GENERAL.—The Secretary shall
23 ensure that a review conducted under para-
24 graph (1) includes an assessment of the fol-
25 lowing:

1 “(i) Volume of vessel traffic, cat-
2 egorized by type of vessel.

3 “(ii) Total volume of flammable, com-
4 bustible, or hazardous liquid cargo trans-
5 ported, categorized by vessel type as pro-
6 vided in the Notice of Arrival, if applicable,
7 or as determined by other means.

8 “(iii) Data on near miss incidents.

9 “(iv) Data on marine casualties.

10 “(v) Geographic locations for near-
11 miss incidents and marine casualties, in-
12 cluding latitude and longitude.

13 “(vi) Cyclical risk factors such as
14 weather, seasonal water body currents,
15 tides, bathymetry, and topography.

16 “(vii) Weather data, in coordination
17 with the National Oceanic and Atmos-
18 pheric Administration.

19 “(3) STAKEHOLDER INPUT.—In conducting the
20 periodic reviews under paragraph (1), the Secretary
21 shall seek input from port and waterway stake-
22 holders to identify areas of increased vessel conflicts
23 or marine casualties that could benefit from the use
24 of routing measures or vessel traffic service special

1 areas to improve safety, port security, and environ-
2 mental protection.

3 “(4) DISCLOSURE.—The Commandant of the
4 Coast Guard shall de-identify information prior to
5 release to the public, including near miss incidents.

6 “(k) LIMITATION OF LIABILITY FOR COAST GUARD
7 VESSEL TRAFFIC SERVICE PILOTS AND NON-FEDERAL
8 VESSEL TRAFFIC SERVICE OPERATORS.—

9 “(1) COAST GUARD VESSEL TRAFFIC SERVICE
10 PILOTS.—Any pilot, acting in the course and scope
11 of his or her duties while at a Coast Guard Vessel
12 Traffic Service Center, who provides information,
13 advice, or communication assistance while under the
14 supervision of a Coast Guard officer, member, or
15 employee shall not be liable for damages caused by
16 or related to such assistance unless the acts or omis-
17 sions of such pilot constitute gross negligence or
18 willful misconduct.

19 “(2) NON-FEDERAL VESSEL TRAFFIC SERVICE
20 OPERATORS.—An entity operating a non-Federal
21 vessel traffic information service or advisory service
22 pursuant to a duly executed written agreement with
23 the Coast Guard, and any pilot acting on behalf of
24 such entity, is not liable for damages caused by or
25 related to information, advice, or communication as-

1 sistance provided by such entity or pilot while so op-
2 erating or acting unless the acts or omissions of
3 such entity or pilot constitute gross negligence or
4 willful misconduct.

5 “(1) EXISTING AUTHORITY.—Nothing in this section
6 shall be construed to alter the existing authorities of the
7 Secretary to enhance navigation, vessel safety, marine en-
8 vironmental protection, and to ensure safety and preserva-
9 tion of life and property at sea.

10 “(m) DEFINITIONS.—In this section:

11 “(1) HAZARDOUS LIQUID CARGO.—The term
12 ‘hazardous liquid cargo’ has the meaning given that
13 term in regulations prescribed under section 5103 of
14 title 49.

15 “(2) MARINE CASUALTY.—The term ‘marine
16 casualty’ has the meaning given that term in regula-
17 tions prescribed under section 6101(a).

18 “(3) VESSEL TRAFFIC SERVICE AREA.—The
19 term ‘vessel traffic service area’ means an area spec-
20 ified in subpart C of part 161 of title 33, Code of
21 Federal Regulations, or any successor regulation.

22 “(4) VESSEL TRAFFIC SERVICE CENTER.—The
23 term ‘vessel traffic service center’ means a center for
24 the provision of vessel traffic services in a vessel
25 traffic service area.

1 “(5) NEAR MISS INCIDENT.—The term ‘near
2 miss incident’ means any occurrence or series of oc-
3 currences having the same origin, involving one or
4 more vessels, facilities, or any combination thereof,
5 resulting in the substantial threat of a marine cas-
6 ualty.

7 “(6) DE-IDENTIFIED.—The term ‘de-identified’
8 means the process by which all information that is
9 likely to establish the identity of the specific persons
10 or entities noted in the reports, data, or other infor-
11 mation is removed from the reports, data, or other
12 information.”.

13 **SEC. 8346. TRANSPORTATION WORK IDENTIFICATION CARD**
14 **PILOT PROGRAM.**

15 Section 70105(g) of title 46, United States Code, is
16 amended by striking “shall concurrently” and all that fol-
17 lows and inserting the following: “shall—

18 “(1) develop and, no later than 2 years after
19 the date of enactment of the Elijah E. Cummings
20 Coast Guard Authorization Act of 2020, implement
21 a joint application for merchant mariner’s docu-
22 ments under chapter 73 and for a transportation se-
23 curity card issued under this section; and

24 “(2) upon receipt of a joint application devel-
25 oped under paragraph (1) concurrently process an

1 application from an individual for merchant mari-
2 ner's documents under chapter 73 and an applica-
3 tion from such individual for a transportation secu-
4 rity card under this section.”.

5 **TITLE LVXXXIV—**
6 **MISCELLANEOUS**

Subtitle A—Navigation and Shipping

- Sec. 8401. Coastwise trade.
- Sec. 8402. Towing vessels operating outside boundary line.
- Sec. 8403. Sense of Congress regarding the maritime industry of the United States.
- Sec. 8404. Cargo preference study.
- Sec. 8405. Towing vessel inspection fees review.

Subtitle B—Maritime Domain Awareness

- Sec. 8411. Unmanned maritime systems and satellite vessel tracking technologies.
- Sec. 8412. Unmanned aircraft systems testing.
- Sec. 8413. Land-based unmanned aircraft system program of Coast Guard.
- Sec. 8414. Prohibition on operation or procurement of foreign-made unmanned aircraft systems.
- Sec. 8415. United States commercial space-based radio frequency maritime domain awareness testing and evaluation program.
- Sec. 8416. Authorization of use of automatic identification systems devices to mark fishing equipment.

Subtitle C—Arctic

- Sec. 8421. Coast Guard Arctic prioritization.
- Sec. 8422. Arctic PARS Native engagement.
- Sec. 8423. Voting requirement.
- Sec. 8424. Report on the Arctic capabilities of the Armed Forces.
- Sec. 8425. Report on Arctic search and rescue.
- Sec. 8426. Arctic Shipping Federal Advisory Committee.

Subtitle D—Other Matters

- Sec. 8431. Plan for wing-in-ground demonstration plan.
- Sec. 8432. Northern Michigan oil spill response planning.
- Sec. 8433. Documentation of LNG tankers.
- Sec. 8434. Replacement vessel.
- Sec. 8435. Educational vessel.
- Sec. 8436. Waters deemed not navigable waters of the United States for certain purposes.
- Sec. 8437. Anchorages.

Sec. 8438. Comptroller General of the United States study and report on vertical evacuation for tsunamis at Coast Guard Stations in Washington and Oregon.

Sec. 8439. Authority to enter into agreements with National Coast Guard Museum Association.

Sec. 8440. Video equipment; access and retention of records.

Sec. 8441. Regulations for covered small passenger vessels.

1 **Subtitle A—Navigation and** 2 **Shipping**

3 **SEC. 8401. COASTWISE TRADE.**

4 (a) IN GENERAL.—The Commandant shall review the
5 adequacy of and continuing need for provisions in title 46,
6 Code of Federal Regulations, that require a United States
7 vessel documented under chapter 121 of title 46, United
8 States Code, possessing a coastwise endorsement under
9 that chapter, and engaged in coastwise trade, to comply
10 with regulations for vessels engaged in an international
11 voyage.

12 (b) BRIEFING.—Not later than 180 days after the
13 date of the enactment of this Act, the Commandant shall
14 provide to the Committee on Transportation and Infra-
15 structure of the House of Representatives and the Com-
16 mittee on Commerce, Science, and Transportation of the
17 Senate a briefing on the findings of the review required
18 under subsection (a) and a discussion of how existing laws
19 and regulations could be amended to ensure the safety of
20 vessels described in subsection (a) while infringing as little
21 as possible on commerce.

1 **SEC. 8402. TOWING VESSELS OPERATING OUTSIDE BOUND-**
2 **ARY LINE.**

3 (a) DEFINITIONS.—In this section—

4 (1) the term “Boundary Line” has the meaning
5 given the term in section 103 of title 46, United
6 States Code;

7 (2) the term “Officer in Charge, Marine Inspec-
8 tion” has the meaning given the term in section
9 3305(d)(4) of title 46, United States Code; and

10 (3) the term “Secretary” means the Secretary
11 of the Department in which the Coast Guard is op-
12 erating.

13 (b) INTERIM EXEMPTION.—A towing vessel described
14 in subsection (c) and a response vessel included on a vessel
15 response plan are exempt from any additional require-
16 ments of subtitle II of title 46, United States Code, and
17 chapter I of title 33 and chapter I of title 46, Code of
18 Federal Regulations (as in effect on the date of the enact-
19 ment of this Act), that would result solely from such vessel
20 operating outside the Boundary Line, if—

21 (1) the vessel is—

22 (A) operating outside the Boundary Line
23 solely to perform regular harbor assist oper-
24 ations; or

25 (B) listed as a response vessel on a vessel
26 response plan and is operating outside the

1 Boundary Line solely to perform duties of a re-
2 sponse vessel;

3 (2) the vessel is approved for operations outside
4 the Boundary Line by the Officer in Charge, Marine
5 Inspection and the Coast Guard Marine Safety Cen-
6 ter; and

7 (3) the vessel has sufficient manning and life-
8 saving equipment for all persons on board, in ac-
9 cordance with part 15 and section 141.225 of title
10 46, Code of Federal Regulations (or any successor
11 regulation).

12 (c) APPLICABILITY.—This section applies to a towing
13 vessel—

14 (1) that is subject to inspection under chapter
15 33 of title 46, United States Code, and subchapter
16 M of chapter I of title 46, Code of Federal Regula-
17 tions (or any successor regulation);

18 (2) with only “Lakes, Bays, and Sounds” or
19 “Rivers” routes recorded on such vessel’s certificate
20 of inspection pursuant to section 136.230 of title 46,
21 Code of Federal Regulations (or any successor regu-
22 lation);

23 (3) that, with respect to a vessel described in
24 subsection (b)(1)(A), is operating as a harbor assist
25 vessel and regularly engaged in harbor assist oper-

1 ations, including the docking, undocking, mooring,
2 unmooring, and escorting of vessels with limited ma-
3 neuverability; and

4 (4) that, with respect to a vessel that is de-
5 scribed in subsection (b)(1)(B), is listed—

6 (A) on a vessel response plan under part
7 155 of title 33, Code of Federal Regulations, on
8 the date of approval of the vessel response plan;
9 or

10 (B) by name or reference in the vessel re-
11 sponse plan's geographic-specific appendix on
12 the date of approval of the vessel response plan.

13 (d) LIMITATIONS.—A vessel exempted under sub-
14 section (b) is subject to the following operating limitations:

15 (1) The voyage of a vessel described in sub-
16 section (b)(1)(A) shall—

17 (A) be less than 12 hours in total duration;

18 (B) originate and end in the inspection
19 zone of a single Officer in Charge, Marine In-
20 spection; and

21 (C) occur no further than 10 nautical
22 miles from the Boundary Line.

23 (2) The voyage of a vessel described in sub-
24 section (b)(1)(B) shall—

1 (A) originate and end in the inspection
2 zone of a single Officer in Charge, Marine In-
3 spection; and

4 (B) either—

5 (i) in the case of a voyage in the terri-
6 torial waters of Alaska, Guam, Hawaii,
7 American Samoa, and the Northern Mar-
8 iana Islands, have sufficient manning as
9 determined by the Secretary; or
10 (ii) be less than 12 hours.

11 (e) SAFETY.—

12 (1) SAFETY RESTRICTIONS.—The Officer in
13 Charge, Marine Inspection for an inspection zone
14 may restrict operations under the interim exemption
15 provided under subsection (b) for safety purposes.

16 (2) COMPREHENSIVE LISTS.—The Officer in
17 Charge, Marine Inspection for an inspection zone
18 shall maintain and periodically update a comprehen-
19 sive list of all towing vessels described in subsection
20 (c) that operate in the inspection zone.

21 (3) NOTIFICATION.—Not later than 24 hours
22 prior to intended operations outside of the Boundary
23 Line, a towing vessel exempted under subsection (b)
24 shall notify the Office in Charge, Marine Inspection

1 for the inspection zone of such operations. Such no-
2 tification shall include—

3 (A) the date, time, and length of voyage;

4 (B) a crew list, with each crew member's
5 credentials and work hours; and

6 (C) an attestation from the master of the
7 towing vessel that the vessel has sufficient man-
8 ning and lifesaving equipment for all persons on
9 board.

10 (f) BRIEFING.—Not later than 180 days after the
11 date of the enactment of this Act, the Commandant of
12 the Coast Guard shall brief the Committee on Commerce,
13 Science, and Transportation of the Senate and the Com-
14 mittee on Transportation and Infrastructure of the House
15 of Representatives regarding the following:

16 (1) The impacts of the interim exemption pro-
17 vided under this section.

18 (2) Any safety concerns regarding the expira-
19 tion of such interim exemption.

20 (3) Whether such interim exemption should be
21 extended.

22 (g) TERMINATION.—The interim exemption provided
23 under subsection (b) shall terminate on the date that is
24 2 years after the date of the enactment of this Act.

1 **SEC. 8403. SENSE OF CONGRESS REGARDING THE MARI-**
2 **TIME INDUSTRY OF THE UNITED STATES.**

3 It is the sense of Congress that the maritime industry
4 of the United States contributes to the Nation's economic
5 prosperity and national security.

6 **SEC. 8404. CARGO PREFERENCE STUDY.**

7 (a) IN GENERAL.—The Comptroller General of the
8 United States shall conduct an audit regarding the en-
9 forcement of the United States Cargo Preference Laws set
10 forth in sections 55302, 55303, 55304, and 55305 of title
11 46, United States Code, and section 2631 of title 10,
12 United States Code (hereinafter in this section referred
13 to as the “United States Cargo Preference Laws”).

14 (b) SCOPE.—The audit conducted under subsection
15 (a) shall include, for the period from October 14, 2008,
16 until the date of the enactment of this Act—

17 (1) a listing of the agencies and organizations
18 required to comply with the United States Cargo
19 Preference Laws;

20 (2) an analysis of the compliance or noncompli-
21 ance of such agencies and organizations with such
22 laws, including—

23 (A) the total amount of oceangoing cargo
24 that each such agency, organization, or con-
25 tractor procured for its own account or for

1 which financing was in any way provided with
2 Federal funds, including loan guarantees;

3 (B) the percentage of such cargo shipped
4 on privately owned commercial vessels of the
5 United States;

6 (C) an assessment of internal programs
7 and controls used by each such agency or orga-
8 nization to monitor and ensure compliance with
9 the United States Cargo Preference Laws, to
10 include education, training, and supervision of
11 its contracting personnel, and the procedures
12 and controls used to monitor compliance with
13 cargo preference requirements by contractors
14 and subcontractors; and

15 (D) instances in which cargoes are shipped
16 on foreign-flag vessels under non-availability de-
17 terminations but not counted as such for pur-
18 poses of calculating cargo preference compli-
19 ance; and

20 (3) an overview of enforcement activities under-
21 taken by the Maritime Administration from October
22 14, 2008, until the date of the enactment of this
23 Act, including a listing of all bills of lading collected
24 by the Maritime Administration during that period.

1 (c) REPORT.—Not later than 1 year after the date
2 of enactment of this Act, the Comptroller General shall
3 submit to the Committee on Transportation and Infra-
4 structure of the House of Representatives and the Com-
5 mittee on Commerce, Science, and Transportation of the
6 Senate a report detailing the results of the audit and pro-
7 viding recommendations related to such results, to in-
8 clude—

9 (1) actions that should be taken by agencies
10 and organizations to fully comply with the United
11 States Cargo Preference Laws; and

12 (2) Other measures that may compel agencies
13 and organizations, and their contractors and sub-
14 contractors, to use United States flag vessels in the
15 international transportation of ocean cargoes as
16 mandated by the United States Cargo Preference
17 Laws.

18 **SEC. 8405. TOWING VESSEL INSPECTION FEES REVIEW.**

19 Not later than 180 days after the date of enactment
20 of this Act, the Commandant shall submit to the Com-
21 mittee on Transportation and Infrastructure of the House
22 of Representatives and the Committee on Commerce,
23 Science, and Transportation of the Senate—

1 (1) the results of the review required under sec-
2 tion 815 of the Frank LoBiondo Coast Guard Au-
3 thorization Act of 2018 (Public Law 115–282); and

4 (2) a copy of any regulation required pursuant
5 to section 815(b) of such Act to establish specific in-
6 spection fees for such vessels.

7 **Subtitle B—Maritime Domain**
8 **Awareness**

9 **SEC. 8411. UNMANNED MARITIME SYSTEMS AND SATELLITE**
10 **VESSEL TRACKING TECHNOLOGIES.**

11 (a) ASSESSMENT.—The Commandant, acting
12 through the Blue Technology Center of Expertise, shall
13 regularly assess available unmanned maritime systems
14 and satellite vessel tracking technologies for potential use
15 to support missions of the Coast Guard.

16 (b) REPORT.—

17 (1) IN GENERAL.—Not later than 1 year after
18 the date of the enactment of this Act, and biennially
19 thereafter, the Commandant shall submit to the
20 Committee on Transportation and Infrastructure of
21 the House of Representatives and the Committee on
22 Commerce, Science, and Transportation of the Sen-
23 ate a report on the actual and potential effects of
24 the use of then-existing unmanned maritime systems

1 and satellite vessel tracking technologies on the mis-
2 sion effectiveness of the Coast Guard.

3 (2) CONTENTS.—Each report submitted under
4 paragraph (1) shall include the following:

5 (A) An inventory of current unmanned
6 maritime systems used by the Coast Guard, an
7 overview of such usage, and a discussion of the
8 mission effectiveness of such systems, including
9 any benefits realized or risks or negative as-
10 pects of such usage.

11 (B) An inventory of satellite vessel track-
12 ing technologies, and a discussion of the poten-
13 tial mission effectiveness of such technologies,
14 including any benefits or risks or negative as-
15 pects of such usage.

16 (C) A prioritized list of Coast Guard mis-
17 sion requirements that could be met with addi-
18 tional unmanned maritime systems, or with sat-
19 ellite vessel tracking technologies, and the esti-
20 mated costs of accessing, acquiring, or oper-
21 ating such systems, taking into consideration
22 the interoperability of such systems with the
23 current and future fleet of—

24 (i) National Security Cutters;

25 (ii) Fast Response Cutters;

- 1 (iii) Offshore Patrol Cutters;
- 2 (iv) Polar Security Cutters; and
- 3 (v) in-service legacy cutters, including
- 4 the 210- and 270-foot medium endurance
- 5 cutters and 225-foot Buoy Tenders.

6 (c) DEFINITIONS.—In this section:

7 (1) UNMANNED MARITIME SYSTEMS.—

8 (A) IN GENERAL.—The term “unmanned
9 maritime systems” means—

10 (i) remotely operated or autonomous
11 vehicles produced by the commercial sector
12 designed to travel in the air, on or under
13 the ocean surface, on land, or any com-
14 bination thereof, and that function without
15 an on-board human presence; and

16 (ii) associated components of such ve-
17 hicles, including control and communica-
18 tions systems, data transmission systems,
19 and processing systems.

20 (B) EXAMPLES.—Such term includes the
21 following:

- 22 (i) Unmanned undersea vehicles.
- 23 (ii) Unmanned surface vehicles.
- 24 (iii) Unmanned aerial vehicles.
- 25 (iv) Autonomous underwater vehicles.

1 (v) Autonomous surface vehicles.

2 (vi) Autonomous aerial vehicles.

3 (2) AVAILABLE UNMANNED MARITIME SYS-
4 TEMS.—The term “available unmanned maritime
5 systems” includes systems that can be purchased
6 commercially or are in use by the Department of
7 Defense or other Federal agencies.

8 (3) SATELLITE VESSEL TRACKING TECH-
9 NOLOGIES.—The term “satellite vessel tracking tech-
10 nologies” means shipboard broadcast systems that
11 use satellites and terrestrial receivers to continually
12 track vessels.

13 **SEC. 8412. UNMANNED AIRCRAFT SYSTEMS TESTING.**

14 (a) TRAINING AREA.—The Commandant shall carry
15 out and update, as appropriate, a program for the use of
16 one or more training areas to facilitate the use of un-
17 manned aircraft systems and small unmanned aircraft to
18 support missions of the Coast Guard.

19 (b) DESIGNATION OF AREA.—

20 (1) IN GENERAL.—Not later than 180 days
21 after the date of enactment of this Act, the Com-
22 mandant shall, as part of the program under sub-
23 section (a), designate an area for the training, test-
24 ing, and development of unmanned aircraft systems
25 and small unmanned aircraft.

1 (2) CONSIDERATIONS.—In designating a train-
2 ing area under paragraph (1), the Commandant
3 shall—

4 (A) ensure that such training area has or
5 receives all necessary Federal Aviation Adminis-
6 tration flight authorization; and

7 (B) take into consideration all of the fol-
8 lowing attributes of the training area:

9 (i) Direct over-water maritime access
10 from the site.

11 (ii) The availability of existing Coast
12 Guard support facilities, including pier and
13 dock space.

14 (iii) Proximity to existing and avail-
15 able offshore Warning Area airspace for
16 test and training.

17 (iv) Existing facilities and infrastruc-
18 ture to support unmanned aircraft system-
19 augmented, and small unmanned aircraft-
20 augmented, training, evaluations, and exer-
21 cises.

22 (v) Existing facilities with a proven
23 track record of supporting unmanned air-
24 craft systems and small unmanned aircraft
25 systems flight operations.

1 (c) DEFINITIONS.—In this section—

2 (1) the term “existing” means as of the date of
3 enactment of this Act; and

4 (2) the terms “small unmanned aircraft” and
5 “unmanned aircraft system” have the meanings
6 given those terms in section 44801 of title 49,
7 United States Code.

8 **SEC. 8413. LAND-BASED UNMANNED AIRCRAFT SYSTEM**
9 **PROGRAM OF COAST GUARD.**

10 (a) FUNDING FOR CERTAIN ENHANCED CAPABILI-
11 TIES.—Section 319 of title 14, United States Code, is
12 amended by adding at the end the following new sub-
13 section:

14 “(c) FUNDING FOR CERTAIN ENHANCED CAPABILI-
15 TIES.—In each of fiscal years 2020 and 2021, the Com-
16 mandant may provide additional funding of \$5,000,000
17 for additional long-range maritime patrol aircraft, ac-
18 quired through full and open competition.”.

19 (b) REPORT ON USE OF UNMANNED AIRCRAFT SYS-
20 TEMS FOR CERTAIN SURVEILLANCE.—

21 (1) REPORT REQUIRED.—Not later than March
22 31, 2021, the Commandant, in coordination with the
23 Administrator of the Federal Aviation Administra-
24 tion on matters related to aviation safety and civil-
25 ian aviation and aerospace operations, shall submit

1 to the appropriate committees of Congress a report
2 setting forth an assessment of the feasibility and ad-
3 visability of using unmanned aircraft systems for
4 surveillance of marine protected areas, the transit
5 zone, and the Arctic in order to—

6 (A) establish and maintain regular mari-
7 time domain awareness of such areas;

8 (B) ensure appropriate response to illegal
9 activities in such areas; and

10 (C) collaborate with State, local, and tribal
11 authorities, and international partners, in sur-
12 veillance missions over their waters in such
13 areas.

14 (2) APPROPRIATE COMMITTEES OF CONGRESS
15 DEFINED.—In this subsection, the term “appro-
16 priate committees of Congress” means—

17 (A) the Committee on Commerce, Science,
18 and Transportation and the Committee on
19 Homeland Security and Governmental Affairs
20 of the Senate; and

21 (B) the Committee on Transportation and
22 Infrastructure and the Committee on Homeland
23 Security of the House of Representatives.

1 **SEC. 8414. PROHIBITION ON OPERATION OR PROCURE-**
2 **MENT OF FOREIGN-MADE UNMANNED AIR-**
3 **CRAFT SYSTEMS.**

4 (a) PROHIBITION ON AGENCY OPERATION OR PRO-
5 CUREMENT.—The Commandant may not operate or enter
6 into or renew a contract for the procurement of—

7 (1) an unmanned aircraft system that—

8 (A) is manufactured in a covered foreign
9 country or by an entity domiciled in a covered
10 foreign country;

11 (B) uses flight controllers, radios, data
12 transmission devices, cameras, or gimbals man-
13 ufactured in a covered foreign country or by an
14 entity domiciled in a covered foreign country;

15 (C) uses a ground control system or oper-
16 ating software developed in a covered foreign
17 country or by an entity domiciled in a covered
18 foreign country; or

19 (D) uses network connectivity or data stor-
20 age located in or administered by an entity
21 domiciled in a covered foreign country; or

22 (2) a system manufactured in a covered foreign
23 country or by an entity domiciled in a covered for-
24 eign country for the detection or identification of un-
25 manned aircraft systems.

26 (b) EXEMPTION.—

1 (1) IN GENERAL.—The Commandant is exempt
2 from the restriction under subsection (a) if—

3 (A) the operation or procurement is for the
4 purposes of—

5 (i) counter-UAS system surrogate
6 testing and training; or

7 (ii) intelligence, electronic warfare,
8 and information warfare operations, test-
9 ing, analysis, and training; or

10 (B) the Commandant receives a certifi-
11 cation from the Coast Guard unit requesting to
12 operate or procure an unmanned aircraft sys-
13 tem otherwise restricted under subsection (a),
14 which shall include supporting manufacturer in-
15 formation, that the unmanned aircraft system
16 does not—

17 (i) connect to the internet or an out-
18 side telecommunications service;

19 (ii) connect to other devices or elec-
20 tronics, except as necessary to perform the
21 mission; or

22 (iii) perform any missions in support
23 of classified information or that may
24 threaten national security.

1 (2) EXPIRATION.—The authority under this
2 subsection to operate or procure an unmanned air-
3 craft system otherwise restricted under subsection
4 (a) expires on the date that is 2 years after the date
5 of the enactment of this Act.

6 (c) WAIVER.—The Commandant may waive the re-
7 striction under subsection (a) on a case by case basis by
8 certifying in writing to the Department of Homeland Se-
9 curity and the relevant committees of jurisdiction that the
10 operation or procurement is required in the national inter-
11 est of the United States.

12 (d) DEFINITIONS.—In this section:

13 (1) COVERED FOREIGN COUNTRY.—The term
14 “covered foreign country” means the People’s Re-
15 public of China.

16 (2) COUNTER-UAS SYSTEM.—The term
17 “counter-UAS system” has the meaning given such
18 term in section 44801 of title 49, United States
19 Code.

20 (3) UNMANNED AIRCRAFT SYSTEM.—The term
21 “unmanned aircraft system” has the meaning given
22 such term in section 44801 of title 49, United
23 States Code.

1 **SEC. 8415. UNITED STATES COMMERCIAL SPACE-BASED**
2 **RADIO FREQUENCY MARITIME DOMAIN**
3 **AWARENESS TESTING AND EVALUATION PRO-**
4 **GRAM.**

5 (a) TESTING AND EVALUATION PROGRAM.—The
6 Commandant, acting through the Blue Technology Center
7 of Expertise, shall carry out a testing and evaluation pro-
8 gram of United States commercial space-based radio fre-
9 quency geolocation and maritime domain awareness prod-
10 ucts and services to support the mission objectives of mari-
11 time enforcement by the Coast Guard and other compo-
12 nents of the Coast Guard. The objectives of this testing
13 and evaluation program shall include—

14 (1) developing an understanding of how United
15 States commercial space-based radio frequency data
16 products can meet current and future mission re-
17 quirements;

18 (2) establishing how United States commercial
19 space-based radio frequency data products should in-
20 tegrate into existing work flows; and

21 (3) establishing how United States commercial
22 space-based radio frequency data products could be
23 integrated into analytics platforms.

24 (b) REPORT.—Not later than 240 days after the date
25 of enactment of this Act, the Commandant shall prepare
26 and submit to the Committee on Commerce, Science, and

1 Transportation of the Senate and the Committee on
2 Transportation and Infrastructure of the House of Rep-
3 resentatives a report on the results of the testing and eval-
4 uation program under subsection (a), including rec-
5 ommendations on how the Coast Guard should fully ex-
6 ploit United States commercial space-based radio fre-
7 quency data products to meet current and future mission
8 requirements.

9 **SEC. 8416. AUTHORIZATION OF USE OF AUTOMATIC IDENTI-**
10 **FICATION SYSTEMS DEVICES TO MARK FISH-**
11 **ING EQUIPMENT.**

12 (a) DEFINITIONS.—In this section—

13 (1) the term “Assistant Secretary” means the
14 Assistant Secretary of Commerce for Communica-
15 tions and Information and the National Tele-
16 communications and Information Administration Ad-
17 ministrator;

18 (2) the term “Automatic Identification System”
19 has the meaning given the term in section 164.46(a)
20 of title 33, Code of Federal Regulations, or any suc-
21 cessor regulation;

22 (3) the term “Automatic Identification System
23 device” means a covered device that operates in
24 radio frequencies assigned for Automatic Identifica-
25 tion System stations;

1 (4) the term “Commission” means the Federal
2 Communications Commission; and

3 (5) the term “covered device” means a device
4 used to mark fishing equipment.

5 (b) RULEMAKING REQUIRED.—Not later than 180
6 days after the date of enactment of this Act, the Commis-
7 sion, in coordination with the Assistant Secretary, and in
8 consultation with the Commandant and the Secretary of
9 State, shall initiate a rulemaking proceeding to consider
10 whether to authorize covered devices to operate in radio
11 frequencies assigned for Automatic Identification System
12 stations.

13 (c) CONSIDERATIONS.—In conducting the rulemaking
14 under subsection (b), the Commission shall consider
15 whether imposing requirements with respect to the man-
16 ner in which Automatic Identification System devices are
17 deployed and used would enable the authorization of cov-
18 ered devices to operate in radio frequencies assigned for
19 Automatic Identification System stations consistent with
20 the core purpose of the Automatic Identification System
21 to prevent maritime accidents.

22 **Subtitle C—Arctic**

23 **SEC. 8421. COAST GUARD ARCTIC PRIORITIZATION.**

24 (a) FINDINGS.—Congress makes the following find-
25 ings:

1 (1) The strategic importance of the Arctic con-
2 tinues to increase as the United States and other
3 countries recognize the military significance of the
4 sea lanes and choke points within the region and un-
5 derstand the potential for power projection from the
6 Arctic into multiple regions.

7 (2) Russia and China have conducted military
8 exercises together in the Arctic, have agreed to con-
9 nect the Northern Sea Route, claimed by Russia,
10 with China's Maritime Silk Road, and are working
11 together in developing natural gas resources in the
12 Arctic.

13 (3) The economic significance of the Arctic con-
14 tinues to grow as countries around the globe begin
15 to understand the potential for maritime transpor-
16 tation through, and economic and trade development
17 in, the region.

18 (4) Increases in human, maritime, and resource
19 development activity in the Arctic region may create
20 additional mission requirements for the Department
21 of Defense and the Department of Homeland Secu-
22 rity.

23 (5) The increasing role of the United States in
24 the Arctic has been highlighted in each of the last
25 four national defense authorization acts.

1 (6) The United States Coast Guard Arctic
2 Strategic Outlook released in April 2019 states,
3 “Demonstrating commitment to operational pres-
4 ence, Canada, Denmark, and Norway have made
5 strategic investments in ice-capable patrol ships
6 charged with national or homeland security missions.
7 The United States is the only Arctic State that has
8 not made similar investments in ice-capable surface
9 maritime security assets. This limits the ability of
10 the Coast Guard, and the Nation, to credibly uphold
11 sovereignty or respond to contingencies in the Arc-
12 tic.”.

13 (b) SENSE OF CONGRESS.—It is the sense of Con-
14 gress that—

15 (1) the Arctic is a region of strategic impor-
16 tance to the national security interests of the United
17 States, and the Coast Guard must better align its
18 mission prioritization and development of capabilities
19 to meet the growing array of challenges in the re-
20 gion;

21 (2) the increasing freedom of navigation and
22 expansion of activity in the Arctic must be met with
23 an increasing show of Coast Guard forces capable of
24 exerting influence through persistent presence;

1 (3) Congress fully supports the needed and im-
2 portant re-capitalization of the fleet of cutters and
3 aircraft of the Coast Guard, but, the Coast Guard
4 must avoid overextending operational assets for re-
5 mote international missions at the cost of dedicated
6 focus on this domestic area of responsibility with
7 significant international interest and activity; and

8 (4) although some progress has been made to
9 increase awareness of Arctic issues and to promote
10 increased presence in the region, additional meas-
11 ures are needed to protect vital economic, environ-
12 mental, and national security interests of the United
13 States, and to show the commitment of the United
14 States to this emerging strategic choke point of in-
15 creasing great power competition.

16 (c) ARCTIC DEFINED.—In this section, the term
17 “Arctic” has the meaning given that term in section 112
18 of the Arctic Research and Policy Act of 1984 (15 U.S.C.
19 4111).

20 **SEC. 8422. ARCTIC PARS NATIVE ENGAGEMENT.**

21 The Commandant shall—

22 (1) engage directly with local coastal whaling
23 and fishing communities in the Arctic region when
24 conducting the Alaskan Arctic Coast Port Access
25 Route Study, in accordance with chapter 700 of title

1 46, United States Code, and as described in the no-
2 tice of study published in the Federal Register on
3 December 21, 2018 (83 Fed. Reg. 65701); and

4 (2) consider the concerns of the Arctic coastal
5 community regarding any Alaskan Arctic Coast Port
6 Access Route, including safety needs and concerns.

7 **SEC. 8423. VOTING REQUIREMENT.**

8 Section 305(i)(1)(G)(iv) of the Magnuson-Stevens
9 Fishery Conservation and Management Act (16 U.S.C.
10 1855(i)(1)(G)(iv)) is amended to read as follows:

11 “(iv) VOTING REQUIREMENT.—The
12 panel may act only by the affirmative vote
13 of at least 5 of its members, except that
14 any decision made pursuant to the last
15 sentence of subparagraph (C) shall require
16 the unanimous vote of all 6 members of
17 the panel.”.

18 **SEC. 8424. REPORT ON THE ARCTIC CAPABILITIES OF THE**
19 **ARMED FORCES.**

20 (a) REPORT REQUIRED.—Not later than 180 days
21 after the date of the enactment of this Act, the Secretary
22 of the department in which the Coast Guard is operating
23 shall submit to the appropriate committees of Congress
24 a report setting forth the results of a study on the Arctic
25 capabilities of the Armed Forces. The Secretary shall

1 enter into a contract with an appropriate federally funded
2 research and development center for the conduct of the
3 study.

4 (b) ELEMENTS.—The report required by subsection
5 (a) shall include the following:

6 (1) A comparison of the capabilities of the
7 United States, the Russian Federation, the People's
8 Republic of China, and other countries operating in
9 the Arctic, including an assessment of the ability of
10 the navy of each such country to operate in varying
11 sea-ice conditions.

12 (2) A description of commercial and foreign
13 military surface forces currently operating in the
14 Arctic in conditions inaccessible to Navy surface
15 forces.

16 (3) An assessment of the potential security risk
17 posed to Coast Guard forces by military forces of
18 other countries operating in the Arctic in conditions
19 inaccessible to Navy surface or aviation forces in the
20 manner such forces currently operate.

21 (4) A comparison of the domain awareness ca-
22 pabilities of—

23 (A) Coast Guard forces operating alone;
24 and

1 (B) Coast Guard forces operating in tan-
2 dem with Navy surface and aviation forces and
3 the surface and aviation forces of other allies.

4 (5) A comparison of the defensive capabilities
5 of—

6 (A) Coast Guard forces operating alone;
7 and

8 (B) Coast Guard forces operating in mu-
9 tual defense with Navy forces, other Armed
10 Forces, and the military forces of allies.

11 (c) FORM.—The report required under subsection (a)
12 shall be submitted in unclassified form, but may contain
13 a classified annex.

14 (d) APPROPRIATE COMMITTEES OF CONGRESS DE-
15 FINED.—In this section, the term “appropriate commit-
16 tees of Congress” means—

17 (1) the Committee on Armed Services, the
18 Committee on Commerce, Science, and Transpor-
19 tation, and the Committee on Appropriations of the
20 Senate; and

21 (2) the Committee on Armed Services, the
22 Committee on Transportation and Infrastructure,
23 and the Committee on Appropriations of the House
24 of Representatives.

1 **SEC. 8425. REPORT ON ARCTIC SEARCH AND RESCUE.**

2 (a) IN GENERAL.—Not later than 180 days after the
3 date of the enactment of this Act, the Commandant shall
4 submit to the Committee on Commerce, Science, and
5 Transportation of the Senate and the Committee on
6 Transportation and Infrastructure of the House of Rep-
7 resentatives a report on the search and rescue capabilities
8 of the Coast Guard in Arctic coastal communities.

9 (b) CONTENTS.—The report under subsection (a)
10 shall include the following:

11 (1) An identification of ways in which the Coast
12 Guard can more effectively partner with Arctic
13 coastal communities to respond to search and rescue
14 incidents through training, funding, and deployment
15 of assets.

16 (2) An analysis of the costs of forward deploy-
17 ing on a seasonal basis Coast Guard assets in sup-
18 port of such communities for responses to such inci-
19 dents.

20 **SEC. 8426. ARCTIC SHIPPING FEDERAL ADVISORY COM-**
21 **MITTEE.**

22 (a) PURPOSE.—The purpose of this section is to es-
23 tablish a Federal advisory committee to provide policy rec-
24 ommendations to the Secretary of Transportation on posi-
25 tioning the United States to take advantage of emerging
26 opportunities for Arctic maritime transportation.

1 (b) DEFINITIONS.—In this section:

2 (1) ADVISORY COMMITTEE.—The term “Advi-
3 sory Committee” means the Arctic Shipping Federal
4 Advisory Committee established under subsection
5 (c)(1).

6 (2) ARCTIC.—The term “Arctic” has the mean-
7 ing given the term in section 112 of the Arctic Re-
8 search and Policy Act of 1984 (15 U.S.C. 4111).

9 (3) ARCTIC SEA ROUTES.—The term “Arctic
10 Sea Routes” means the international Northern Sea
11 Route, the Transpolar Sea Route, and the North-
12 west Passage.

13 (c) ESTABLISHMENT OF THE ARCTIC SHIPPING FED-
14 ERAL ADVISORY COMMITTEE.—

15 (1) ESTABLISHMENT OF ADVISORY COM-
16 MITTEE.—

17 (A) IN GENERAL.—The Secretary of
18 Transportation, in coordination with the Sec-
19 retary of State, the Secretary of Defense acting
20 through the Secretary of the Army and the Sec-
21 retary of the Navy, the Secretary of Commerce,
22 and the Secretary of the Department in which
23 the Coast Guard is operating, shall establish an
24 Arctic Shipping Federal Advisory Committee in
25 the Department of Transportation to advise the

1 Secretary of Transportation and the Secretary
2 of the Department in which the Coast Guard is
3 operating on matters related to Arctic maritime
4 transportation, including Arctic seaway develop-
5 ment.

6 (B) MEETINGS.—The Advisory Committee
7 shall meet at the call of the Chairperson, and
8 at least once annually in Alaska.

9 (2) MEMBERSHIP.—

10 (A) IN GENERAL.—The Advisory Com-
11 mittee shall be composed of 17 members as de-
12 scribed in subparagraph (B).

13 (B) COMPOSITION.—The members of the
14 Advisory Committee shall be—

15 (i) 1 individual appointed and des-
16 ignated by the Secretary of Transportation
17 to serve as the Chairperson of the Advisory
18 Committee;

19 (ii) 1 individual appointed and des-
20 ignated by the Secretary of the Depart-
21 ment in which the Coast Guard is oper-
22 ating to serve as the Vice Chairperson of
23 the Advisory Committee;

24 (iii) 1 designee of the Secretary of
25 Commerce;

1 (iv) 1 designee of the Secretary of
2 State;

3 (v) 1 designee of the Secretary of
4 Transportation;

5 (vi) 1 designee of the Secretary of De-
6 fense;

7 (vii) 1 designee from the State of
8 Alaska, nominated by the Governor of
9 Alaska and designated by the Secretary of
10 Transportation;

11 (viii) 1 designee from the State of
12 Washington, nominated by the Governor of
13 Washington and designated by the Sec-
14 retary of Transportation;

15 (ix) 3 Alaska Native Tribal members;

16 (x) 1 individual representing Alaska
17 Native subsistence co-management groups
18 affected by Arctic maritime transportation;

19 (xi) 1 individual representing coastal
20 communities affected by Arctic maritime
21 transportation;

22 (xii) 1 individual representing vessels
23 of the United States (as defined in section
24 116 of title 46, United States Code) par-
25 ticipating in the shipping industry;

1 (xiii) 1 individual representing the
2 marine safety community;

3 (xiv) 1 individual representing the
4 Arctic business community; and

5 (xv) 1 individual representing mari-
6 time labor organizations.

7 (C) TERMS.—

8 (i) LIMITATIONS.—Each member of
9 the Advisory Committee described in
10 clauses (vii) through (xv) of subparagraph
11 (B) shall serve for a 2-year term and shall
12 not be eligible for more than 2 consecutive
13 term reappointments.

14 (ii) VACANCIES.—Any vacancy in the
15 membership of the Advisory Committee
16 shall not affect its responsibilities, but
17 shall be filled in the same manner as the
18 original appointment and in accordance
19 with the Federal Advisory Committee Act
20 (5 U.S.C. App.).

21 (3) FUNCTIONS.—The Advisory Committee
22 shall carry out all of the following functions:

23 (A) Develop a set of policy recommenda-
24 tions that would enhance the leadership role
25 played by the United States in improving the

1 safety and reliability of Arctic maritime trans-
2 portation in accordance with customary inter-
3 national maritime law and existing Federal au-
4 thority. Such policy recommendations shall con-
5 sider options to establish a United States entity
6 that could perform the following functions in
7 accordance with United States law and cus-
8 tomary international maritime law:

9 (i) Construction, operation, and main-
10 tenance of current and future maritime in-
11 frastructure necessary for vessels
12 transiting the Arctic Sea Routes, including
13 potential new deep draft and deepwater
14 ports.

15 (ii) Provision of services that are not
16 widely commercially available in the United
17 States Arctic that would—

18 (I) improve Arctic maritime safe-
19 ty and environmental protection;

20 (II) enhance Arctic maritime do-
21 main awareness; and

22 (III) support navigation and inci-
23 dent response for vessels transiting
24 the Arctic Sea Routes.

1 (iii) Establishment of rules of meas-
2 urement for vessels and cargo for the pur-
3 poses of levying voluntary rates of charges
4 or fees for services.

5 (B) As an option under subparagraph (A),
6 consider establishing a congressionally char-
7 tered seaway development corporation modeled
8 on the Saint Lawrence Seaway Development
9 Corporation, and—

10 (i) develop recommendations for es-
11 tablishing such a corporation and a de-
12 tailed implementation plan for establishing
13 such an entity; or

14 (ii) if the Advisory Committee decides
15 against recommending the establishment of
16 such a corporation, provide a written ex-
17 planation as to the rationale for the deci-
18 sion and develop an alternative, as prac-
19 ticable.

20 (C) Provide advice and recommendations,
21 as requested, to the Secretary of Transpor-
22 tation and the Secretary of the Department in
23 which the Coast Guard is operating on Arctic
24 marine transportation, including seaway devel-
25 opment, and consider national security inter-

1 ests, where applicable, in such recommenda-
2 tions.

3 (D) In developing the advice and rec-
4 ommendations under subparagraph (C), engage
5 with and solicit feedback from coastal commu-
6 nities, Alaska Native subsistence co-manage-
7 ment groups, and Alaska Native tribes.

8 (d) REPORT TO CONGRESS.—Not later than 2 years
9 after the date of enactment of this Act, the Advisory Com-
10 mittee shall submit a report with its recommendations
11 under subparagraphs (A) and (B) of subsection (c)(3) to
12 the Committee on Commerce, Science, and Transportation
13 of the Senate and the Committee on Transportation and
14 Infrastructure of the House of Representatives.

15 (e) TERMINATION OF THE ADVISORY COMMITTEE.—
16 Not later than 8 years after the submission of the report
17 described in subsection (d), the Secretary of Transpor-
18 tation shall dissolve the Advisory Committee.

19 (f) INTERNATIONAL ENGAGEMENT.—If a Special
20 Representative for the Arctic Region is appointed by the
21 Secretary of State, the duties of that Representative shall
22 include—

23 (1) coordination of any activities recommended
24 by the implementation plan submitted by the Advi-

1 sory Committee and approved by the Secretary of
2 Transportation; and

3 (2) facilitation of multilateral dialogues with
4 member and observer nations of the Arctic Council
5 to encourage cooperation on Arctic maritime trans-
6 portation.

7 (g) TRIBAL CONSULTATION.—In implementing any
8 of the recommendations provided under subsection
9 (c)(3)(C), the Secretary of Transportation shall consult
10 with Alaska Native tribes.

11 **Subtitle D—Other Matters**

12 **SEC. 8431. PLAN FOR WING-IN-GROUND DEMONSTRATION**

13 **PLAN.**

14 (a) IN GENERAL.—(1) The Commandant, in coordi-
15 nation with the Administrator of the Federal Aviation Ad-
16 ministration with regard to any regulatory or safety mat-
17 ter regarding airspace, air space authorization, or avia-
18 tion, shall develop plans for a demonstration program that
19 will determine whether wing-in-ground craft, as such term
20 is defined in section 2101 of title 46, United States Code,
21 that is capable of carrying at least one individual, can—

22 (A) provide transportation in areas in which en-
23 ergy exploration, development or production activity
24 takes place on the Outer Continental Shelf; and

1 (B) under the craft's own power, safely reach
2 helidecks or platforms located on offshore energy fa-
3 cilities.

4 (2) REQUIREMENTS.—The plans required under
5 paragraph (1) shall—

6 (A) examine and explain any safety issues with
7 regard to the operation of the such craft as a vessel,
8 or as an aircraft, or both;

9 (B) include a timeline and technical milestones
10 for the implementation of such a demonstration pro-
11 gram;

12 (C) outline resource requirements needed to un-
13 dertake such a demonstration program;

14 (D) describe specific operational circumstances
15 under which the craft may be used, including dis-
16 tance from United States land, altitude, number of
17 individuals, amount of cargo, and speed and weight
18 of vessel;

19 (E) describe the operations under which Fed-
20 eral Aviation Administration statutes, regulations,
21 circulars, or orders apply; and

22 (F) describe the certifications, permits, or au-
23 thorizations required to perform any operations.

24 (b) REPORT.—Not later than 1 year after the date
25 of the enactment of this Act, the Commandant, along with

1 the Administrator of the Federal Aviation Administration
2 with regard to any regulatory or safety matter regarding
3 airspace, air space authorization, or aviation, shall brief
4 the Committee on Transportation and Infrastructure of
5 the House of Representatives and the Committee on Com-
6 merce, Science and Transportation of the Senate on the
7 plan developed under subsection (a), including—

8 (1) any regulatory changes needed regarding in-
9 spections and manning, to allow such craft to oper-
10 ate between onshore facilities and offshore energy
11 facilities when such craft is operating as a vessel;

12 (2) any regulatory changes that would be nec-
13 essary to address potential impacts to air traffic
14 control, the National Airspace System, and other
15 aircraft operations, and to ensure safe operations on
16 or near helidecks and platforms located on offshore
17 energy facilities when such craft are operating as
18 aircraft; and

19 (3) any other statutory or regulatory changes
20 related to authority of the Federal Aviation Admin-
21 istration over operations of the craft.

22 **SEC. 8432. NORTHERN MICHIGAN OIL SPILL RESPONSE**
23 **PLANNING.**

24 Notwithstanding any other provision of law, not later
25 than 180 days after the date of the enactment of this Act,

1 the Secretary of the department in which the Coast Guard
2 is operating, in consultation with the Administrator of the
3 Environmental Protection Agency and the Administrator
4 of the Pipeline and Hazardous Materials Safety Adminis-
5 tration, shall update the Northern Michigan Area Contin-
6 gency Plan to include a worst-case discharge from a pipe-
7 line in adverse weather conditions.

8 **SEC. 8433. DOCUMENTATION OF LNG TANKERS.**

9 (a) “*Safari Voyager*”.—

10 (1) IN GENERAL.—Notwithstanding sections
11 12112 and 12132 of title 46, United States Code,
12 the Secretary of the department in which the Coast
13 Guard is operating shall issue a certificate of docu-
14 mentation with a coastwise endorsement for the ves-
15 sel *Safari Voyager* (International Maritime Organi-
16 zation number 8963753).

17 (2) REVOCATION OF EFFECTIVENESS OF CER-
18 TIFICATE.—A certificate of documentation issued
19 under paragraph (1) is revoked on the date of the
20 sale of the vessel or the entity that owns the vessel.

21 (b) “*Pacific Provider*”.—

22 (1) IN GENERAL.—Notwithstanding sections
23 12112 and 12132 of title 46, United States Code,
24 the Secretary of the department in which the Coast
25 Guard is operating may issue a certificate of docu-

1 mentation with a coastwise endorsement for the ves-
2 sel *Pacific Provider* (United States official number
3 597967).

4 (2) REVOCATION OF EFFECTIVENESS OF CER-
5 TIFICATE.—A certificate of documentation issued
6 under paragraph (1) is revoked on the date of the
7 sale of the vessel or the entity that owns the vessel.

8 (c) AMERICA’S CUP ACT OF 2011.—Section 7(b) of
9 the America’s Cup Act of 2011 (Public Law 112–61) is
10 amended—

11 (1) in paragraph (3)—

12 (A) by striking “of the vessel on the date
13 of enactment of this Act”; and

14 (B) by inserting before the period the fol-
15 lowing: “, unless prior to any such sale the ves-
16 sel has been operated in a coastwise trade for
17 not less than 1 year after the date of enactment
18 of the Elijah E. Cummings Coast Guard Au-
19 thorization Act of 2020 and prior to sale of ves-
20 sel”;

21 (2) by redesignating paragraphs (2) and (3) as
22 paragraphs (4) and (5), respectively; and

23 (3) by inserting after paragraph (1) the fol-
24 lowing:

1 “(2) LIMITATION ON OWNERSHIP.—The Sec-
2 retary of the department in which the Coast Guard
3 is operating may only issue a certificate of docu-
4 mentation with a coastwise endorsement to a vessel
5 designated in paragraph (1) if the owner of the ves-
6 sel is an individual or individuals who are citizens of
7 the United States, or is an entity deemed to be such
8 a citizen under section 50501 of title 46, United
9 States Code.

10 “(3) LIMITATION ON REPAIR AND MODIFICA-
11 TION.—

12 “(A) REQUIREMENT.—Any qualified work
13 shall be performed at a shipyard facility located
14 in the United States.

15 “(B) EXCEPTIONS.—The requirement in
16 subparagraph (A) does not apply to any quali-
17 fied work—

18 “(i) for which the owner or operator
19 enters into a binding agreement no later
20 than 1 year after the date of enactment of
21 the Elijah E. Cummings Coast Guard Au-
22 thorization Act of 2020; or

23 “(ii) necessary for the safe towage of
24 the vessel from outside the United States

1 to a shipyard facility in the United States
2 for completion of the qualified work.

3 “(C) DEFINITION.—In this paragraph,
4 qualified work means repair and modification
5 necessary for the issuance of a certificate of in-
6 spection issued as a result of the waiver for
7 which a coastwise endorsement is issued under
8 paragraph (1).”.

9 **SEC. 8434. REPLACEMENT VESSEL.**

10 Notwithstanding section 208(g)(5) of the American
11 Fisheries Act (Public Law 105–277; 16 U.S.C. 1851
12 note), a vessel eligible under section 208(e)(21) of such
13 Act that is replaced under section 208(g) of such Act shall
14 be subject to a sideboard restriction catch limit of zero
15 metric tons in the Bering Sea and Aleutian Islands and
16 in the Gulf of Alaska unless that vessel is also a replace-
17 ment vessel under section 679.4(o)(4) of title 50, Code of
18 Federal Regulations, in which case such vessel shall not
19 be eligible to be a catcher/processor under section
20 206(b)(2) of such Act.

21 **SEC. 8435. EDUCATIONAL VESSEL.**

22 (a) IN GENERAL.—Notwithstanding section
23 12112(a)(2) of title 46, United States Code, the Secretary
24 of the department in which the Coast Guard is operating
25 may issue a certificate of documentation with a coastwise

1 endorsement for the vessel *Oliver Hazard Perry* (IMO
2 number 8775560; United States official number
3 1257224).

4 (b) TERMINATION OF EFFECTIVENESS OF ENDORSE-
5 MENT.—The coastwise endorsement authorized under sub-
6 section (a) for the vessel *Oliver Hazard Perry* (IMO num-
7 ber 8775560; United States official number 1257224)
8 shall expire on the first date on which any of the following
9 occurs:

10 (1) The vessel is sold to a person, including an
11 entity, that is not related by ownership or control to
12 the person, including an entity, that owned the ves-
13 sel on the date of the enactment of this Act.

14 (2) The vessel is rebuilt and not rebuilt in the
15 United States (as defined in section 12101(a) of
16 title 46, United States Code).

17 (3) The vessel is no longer operating in primary
18 service as a sailing school vessel.

19 **SEC. 8436. WATERS DEEMED NOT NAVIGABLE WATERS OF**
20 **THE UNITED STATES FOR CERTAIN PUR-**
21 **POSES.**

22 The Coalbank Slough in Coos Bay, Oregon, is
23 deemed to not be navigable waters of the United States
24 for all purposes of subchapter J of Chapter I of title 33,
25 Code of Federal Regulations.

1 **SEC. 8437. ANCHORAGES.**

2 (a) IN GENERAL.—The Secretary of the department
3 in which the Coast Guard is operating shall suspend the
4 establishment of new anchorage grounds on the Hudson
5 River between Yonkers, New York, and Kingston, New
6 York, under section 7 of the Rivers and Harbors Appro-
7 priations Act of 1915 (33 U.S.C. 471) or chapter 700 of
8 title 46, United States Code.

9 (b) RESTRICTION.—The Commandant may not es-
10 tablish or expand any anchorage grounds outside of the
11 reach on the Hudson River described in subsection (a)
12 without first providing notice to the Committee on Trans-
13 portation and Infrastructure of the House of Representa-
14 tives and the Committee on Commerce, Science, and
15 Transportation of the Senate not later than 180 days prior
16 to the establishment or expansion of any such anchorage
17 grounds.

18 (c) SAVINGS CLAUSE.—Nothing in this section—

19 (1) prevents the master or pilot of a vessel op-
20 erating on the reach of the Hudson River described
21 in subsection (a) from taking actions necessary to
22 maintain the safety of the vessel or to prevent the
23 loss of life or property; or

24 (2) shall be construed as limiting the authority
25 of the Secretary of the department in which the
26 Coast Guard is operating to exercise authority over

1 the movement of a vessel under section 70002 of
2 title 46, United States Code, or any other applicable
3 laws or regulations governing the safe navigation of
4 a vessel.

5 (d) STUDY.—The Commandant of the Coast Guard,
6 in consultation with the Hudson River Safety, Navigation,
7 and Operations Committee, shall conduct a study of the
8 Hudson River north of Tarrytown, New York to exam-
9 ine—

10 (1) the nature of vessel traffic including vessel
11 types, sizes, cargoes, and frequency of transits;

12 (2) the risks and benefits of historic practices
13 for commercial vessels anchoring; and

14 (3) the risks and benefits of establishing an-
15 chorage grounds on the Hudson River.

16 (e) REPORT.—Not later than 1 year after the date
17 of the enactment of this Act, the Commandant of the
18 Coast Guard shall submit to the Committee on Transpor-
19 tation and Infrastructure of the House of Representatives
20 and the Committee on Commerce, Science, and Transpor-
21 tation of the Senate a report containing the findings, con-
22 clusions, and recommendations from the study required
23 under subsection (d).

1 **SEC. 8438. COMPTROLLER GENERAL OF THE UNITED**
2 **STATES STUDY AND REPORT ON VERTICAL**
3 **EVACUATION FOR TSUNAMIS AT COAST**
4 **GUARD STATIONS IN WASHINGTON AND OR-**
5 **EGON.**

6 (a) STUDY.—

7 (1) IN GENERAL.—The Comptroller General of
8 the United States shall conduct a study that exam-
9 ines the potential use, in the event of a Cascadia
10 subduction zone event, of a vertical evacuation of
11 Coast Guard personnel stationed at United States
12 Coast Guard Station Grays Harbor and Sector Field
13 Office Port Angeles, Washington, and at United
14 States Coast Guard Station Yaquina Bay and
15 United States Coast Guard Motor Lifeboat Station
16 Coos Bay, Oregon, and the dependents of such
17 Coast Guard personnel housed in Coast Guard hous-
18 ing.

19 (2) ELEMENTS.—The study required under
20 paragraph (1) shall analyze the following:

21 (A) The number of such personnel and de-
22 pendants to be evacuated.

23 (B) The resources available to conduct an
24 evacuation, and the feasibility of a successful
25 evacuation in a case in which inundation maps
26 and timelines are available.

1 (C) With the resources available, the
2 amount of time needed to evacuate such per-
3 sonnel and dependents.

4 (D) Any resource that is otherwise avail-
5 able within a reasonable walking distance to the
6 Coast Guard facilities listed in paragraph (1).

7 (E) The benefit to the surrounding com-
8 munity of such a vertical evacuation.

9 (F) The interoperability of the tsunami
10 warning system with the Coast Guard commu-
11 nication systems at the Coast Guard facilities
12 listed in paragraph (1).

13 (G) Current interagency coordination and
14 communication policies in place for emergency
15 responders to address a Cascadia subduction
16 zone event.

17 (b) REPORT.—Not later than 1 year after the date
18 of the enactment of this Act, the Comptroller General shall
19 submit to the Committee on Commerce, Science, and
20 Transportation of the Senate and the Committee on
21 Transportation and Infrastructure of the House of Rep-
22 resentatives a report containing the findings, conclusions,
23 and recommendations, if any, from the study required
24 under subsection (a).

1 **SEC. 8439. AUTHORITY TO ENTER INTO AGREEMENTS WITH**
2 **NATIONAL COAST GUARD MUSEUM ASSOCIA-**
3 **TION.**

4 (a) IN GENERAL.—Section 316 of title 14, United
5 States Code, is amended to read as follows:

6 **“§ 316. National Coast Guard Museum**

7 “(a) ESTABLISHMENT.—The Commandant may es-
8 tablish, accept, operate, maintain and support the Mu-
9 seum, on lands which will be federally owned and adminis-
10 tered by the Coast Guard, and are located in New London,
11 Connecticut.

12 “(b) USE OF FUNDS.—

13 “(1) The Secretary shall not expend any funds
14 appropriated to the Coast Guard on the construction
15 of any museum established under this section.

16 “(2) Subject to the availability of appropria-
17 tions, the Secretary may expend funds appropriated
18 to the Coast Guard on the engineering and design
19 of a Museum.

20 “(3) The priority for the use of funds appro-
21 priated to the Coast Guard shall be to preserve, pro-
22 tect, and display historic Coast Guard artifacts, in-
23 cluding the design, fabrication, and installation of
24 exhibits or displays in which such artifacts are in-
25 cluded.

1 “(c) FUNDING PLAN.—Not later than 2 years after
2 the date of the enactment of the Elijah E. Cummings
3 Coast Guard Authorization Act of 2020 and at least 90
4 days before the date on which the Commandant accepts
5 the Museum under subsection (f), the Commandant shall
6 submit to the Committee on Commerce, Science, and
7 Transportation of the Senate and the Committee on
8 Transportation and Infrastructure of the House of Rep-
9 resentatives a plan for constructing, operating, and main-
10 taining such Museum, including—

11 “(1) estimated planning, engineering, design,
12 construction, operation, and maintenance costs;

13 “(2) the extent to which appropriated, non-
14 appropriated, and non-Federal funds will be used for
15 such purposes, including the extent to which there is
16 any shortfall in funding for engineering, design, or
17 construction;

18 “(3) an explanation of any environmental reme-
19 diation issues related to the land associated with the
20 Museum; and

21 “(4) a certification by the Inspector General of
22 the department in which the Coast Guard is oper-
23 ating that the estimates provided pursuant to para-
24 graphs (1) and (2) are reasonable and realistic.

25 “(d) CONSTRUCTION.—

1 “(1) The Association may construct the Mu-
2 seum described in subsection (a).

3 “(2) The Museum shall be designed and con-
4 structed in compliance with the International Build-
5 ing Code 2018, and construction performed on Fed-
6 eral land under this section shall be exempt from
7 State and local requirements for building or demoli-
8 tion permits.

9 “(e) AGREEMENTS.—Under such terms and condi-
10 tions as the Commandant considers appropriate, notwith-
11 standing section 504, and until the Commandant accepts
12 the Museum under subsection (f), the Commandant
13 may—

14 “(1) license Federal land to the Association for
15 the purpose of constructing the Museum described in
16 subsection (a); and

17 “(2)(A) at a nominal charge, lease the Museum
18 from the Association for activities and operations re-
19 lated to the Museum; and

20 “(B) authorize the Association to generate
21 revenue from the use of the Museum.

22 “(f) ACCEPTANCE.—Not earlier than 90 days after
23 the Commandant submits the plan under subsection (c),
24 the Commandant shall accept the Museum from the Asso-

1 ciation and all right, title, and interest in and to the Mu-
2 seum shall vest in the United States when—

3 “(1) the Association demonstrates, in a manner
4 acceptable to the Commandant, that the Museum
5 meets the design and construction requirements of
6 subsection (d); and

7 “(2) all financial obligations of the Association
8 incident to the National Coast Guard Museum have
9 been satisfied.

10 “(g) SERVICES.—The Commandant may solicit from
11 the Association and accept services from nonprofit enti-
12 ties, including services related to activities for construction
13 of the Museum.

14 “(h) AUTHORITY.—The Commandant may not estab-
15 lish a Museum except as set forth in this section.

16 “(i) DEFINITIONS.—In this section:

17 “(1) MUSEUM.—The term ‘Museum’ means the
18 National Coast Guard Museum.

19 “(2) ASSOCIATION.—The term ‘Association’
20 means the National Coast Guard Museum Associa-
21 tion.”.

22 (b) BRIEFINGS.—Not later than March 1 of the fiscal
23 year after the fiscal year in which the report required
24 under subsection (d) of section 316 of title 14, United
25 States Code, is provided, and not later than March 1 of

1 each year thereafter until 1 year after the year in which
2 the National Coast Guard Museum is accepted pursuant
3 to subsection (f) of such section, the Commandant shall
4 brief the Committee on Commerce, Science, and Transpor-
5 tation of the Senate and the Committee on Transportation
6 and Infrastructure of the House of Representatives on the
7 following issues with respect to the Museum:

- 8 (1) The acceptance of gifts.
- 9 (2) Engineering.
- 10 (3) Design and project status.
- 11 (4) Land ownership.
- 12 (5) Environmental remediation.
- 13 (6) Operation and support issues.
- 14 (7) Plans.

15 **SEC. 8440. VIDEO EQUIPMENT; ACCESS AND RETENTION OF**
16 **RECORDS.**

17 (a) MAINTENANCE AND PLACEMENT OF VIDEO SUR-
18 VEILLANCE EQUIPMENT.—Section 3507(b)(1) of title 46,
19 United States Code, is amended—

20 (1) by striking “The owner” and inserting the
21 following:

22 “(A) IN GENERAL.—The owner”;

23 (2) by striking “, as determined by the Sec-
24 retary”; and

25 (3) by adding at the end, the following:

1 “(B) PLACEMENT OF VIDEO SURVEIL-
2 LANCE EQUIPMENT.—

3 “(i) IN GENERAL.—Not later than 18
4 months after the date of the enactment of
5 the Elijah E. Cummings Coast Guard Au-
6 thorization Act of 2020, the Commandant
7 in consultation with other relevant Federal
8 agencies or entities as determined by the
9 Commandant, shall establish guidance for
10 performance of the risk assessment de-
11 scribed in paragraph (2) regarding the ap-
12 propriate placement of video surveillance
13 equipment in passenger and crew common
14 areas where there is no reasonable expecta-
15 tion of privacy.

16 “(ii) RISK ASSESSMENT.—Not later
17 than 1 year after the Commandant estab-
18 lishes the guidance described in paragraph
19 (1), the owner shall conduct the risk as-
20 sessment required under paragraph (1)
21 and shall—

22 “(I) evaluate the placement of
23 video surveillance equipment to deter,
24 prevent, and record a sexual assault
25 aboard the vessel considering factors

1 such as: ship layout and design,
2 itinerary, crew complement, number
3 of passengers, passenger demo-
4 graphics, and historical data on the
5 type and location of prior sexual as-
6 sault incident allegations;

7 “(II) incorporate to the max-
8 imum extent practicable the video sur-
9 veillance guidance established by the
10 Commandant regarding the appro-
11 priate placement of video surveillance
12 equipment;

13 “(III) arrange for the risk as-
14 sessment to be conducted by an inde-
15 pendent third party with expertise in
16 the use and placement of camera sur-
17 veillance to deter, prevent and record
18 criminal behavior; and

19 “(IV) the independent third
20 party referred to in paragraph (C)
21 shall be a company that has been ac-
22 cepted by a classification society that
23 is a member of the International As-
24 sociation of Classification Societies
25 (hereinafter referred to as ‘IACS’) or

1 another classification society recog-
2 nized by the Secretary as meeting ac-
3 ceptable standards for such a society
4 pursuant to section 3316(b).

5 “(C) SURVEILLANCE PLAN.—Not later
6 than 180 days after completion of the risk as-
7 sessment conducted under subparagraph
8 (B)(ii), the owner of a vessel shall develop a
9 plan to install video surveillance equipment in
10 places determined to be appropriate in accord-
11 ance with the results of the risk assessment
12 conducted under subparagraph (B)(ii), except
13 in areas where a person has a reasonable expect-
14 ation of privacy. Such plan shall be evaluated
15 and approved by an independent third party
16 with expertise in the use and placement of cam-
17 era surveillance to deter, prevent and record
18 criminal behavior that has been accepted as set
19 forth in paragraph (2)(D).

20 “(D) INSTALLATION.—The owner of a ves-
21 sel to which this section applies shall, consistent
22 with the surveillance plan approved under sub-
23 paragraph (C), install appropriate video surveil-
24 lance equipment aboard the vessel not later
25 than 2 years after approval of the plan, or dur-

1 ing the next scheduled drydock, whichever is
2 later.

3 “(E) ATTESTATION.—At the time of initial
4 installation under subparagraph (D), the vessel
5 owner shall obtain written attestations from—

6 “(i) an IACS classification society
7 that the video surveillance equipment is in-
8 stalled in accordance with the surveillance
9 plan required under subparagraph (C); and

10 “(ii) the company security officer that
11 the surveillance equipment and associated
12 systems are operational, which attestation
13 shall be obtained each year thereafter.

14 “(F) UPDATES.—The vessel owner shall
15 ensure the risk assessment described in sub-
16 paragraph (B)(ii) and installation plan in sub-
17 paragraph (C) are updated not later than 5
18 years after the initial installation conducted
19 under subparagraph (D), and every 5 years
20 thereafter. The updated assessment and plan
21 shall be approved by an independent third party
22 with expertise in the use and placement of cam-
23 era surveillance to deter, prevent, and record
24 criminal behavior that has been accepted by an
25 IACS classification society. The vessel owner

1 shall implement the updated installation plan
2 not later than 180 days after approval.

3 “(G) AVAILABILITY.—Each risk assess-
4 ment, installation plan and attestation shall be
5 protected from disclosure under the Freedom of
6 Information Act, section 552 of title 5 but shall
7 be available to the Coast Guard—

8 “(i) upon request, and

9 “(ii) at the time of the certificate of
10 compliance or certificate of inspection ex-
11 amination.

12 “(H) DEFINITIONS.—For purposes of this
13 section a ‘ship security officer’ is an individual
14 that, with the master’s approval, has full re-
15 sponsibility for vessel security consistent with
16 the International Ship and Port Facility Secu-
17 rity Code.”.

18 (b) ACCESS TO VIDEO RECORDS; NOTICE OF VIDEO
19 SURVEILLANCE.—Section 3507(b) of title 46, United
20 States Code, is further amended—

21 (1) by redesignating paragraph (2) as para-
22 graph (3);

23 (2) by inserting after paragraph (1) the fol-
24 lowing:

1 “(2) NOTICE OF VIDEO SURVEILLANCE.—The
2 owner of a vessel to which this section applies shall
3 provide clear and conspicuous signs on board the
4 vessel notifying the public of the presence of video
5 surveillance equipment.”;

6 (3) in paragraph (3), as so redesignated—

7 (A) by striking “The owner” and inserting
8 the following:

9 “(A) LAW ENFORCEMENT.—The owner”;
10 and

11 (B) by adding at the end the following:

12 “(B) CIVIL ACTIONS.—Except as pro-
13 scribed by law enforcement authorities or court
14 order, the owner of a vessel to which this sec-
15 tion applies shall, upon written request, provide
16 to any individual or the individual’s legal rep-
17 resentative a copy of all records of video surveil-
18 lance—

19 “(i) in which the individual is a sub-
20 ject of the video surveillance; and

21 “(ii) that may provide evidence of any
22 sexual assault incident in a civil action.

23 “(C) LIMITED ACCESS.—The owner of a
24 vessel to which this section applies shall ensure
25 that access to records of video surveillance is

1 limited to the purposes described in this para-
2 graph.”.

3 (c) RETENTION REQUIREMENTS.—

4 (1) IN GENERAL.—Section 3507(b) of title 46,
5 United States Code, is further amended by adding
6 at the end the following:

7 “(4) RETENTION REQUIREMENTS.—The owner
8 of a vessel to which this section applies shall retain
9 all records of video surveillance for not less than 20
10 days after the footage is obtained. The vessel owner
11 shall include a statement in the security guide re-
12 quired by subsection (c)(1)(A) that the vessel owner
13 is required by law to retain video surveillance foot-
14 age for the period specified in this paragraph. If an
15 incident described in subsection (g)(3)(A)(i) is al-
16 leged and reported to law enforcement, all records of
17 video surveillance from the voyage that the Federal
18 Bureau of Investigation determines are relevant
19 shall—

20 “(A) be provided to the Federal Bureau of
21 Investigation; and

22 “(B) be preserved by the vessel owner for
23 not less than 4 years from the date of the al-
24 leged incident.”.

25 (2) ADMINISTRATIVE PROVISIONS.—

1 (A) STUDY AND REPORT.—Each owner of
2 a vessel to which section 3507 of title 46,
3 United States Code, applies shall, not later
4 than March 1, 2023, submit to the Committee
5 on Transportation and Infrastructure of the
6 House of Representatives and the Committee
7 on Commerce, Science, and Transportation of
8 the Senate a report detailing the total number
9 of voyages for the preceding year and the per-
10 centage of those voyages that were 30 days or
11 longer.

12 (B) INTERIM STANDARDS.—Not later than
13 180 days after the date of enactment of this
14 Act, the Commandant, in consultation with the
15 Federal Bureau of Investigation, shall promul-
16 gate interim standards for the retention of
17 records of video surveillance.

18 (C) FINAL STANDARDS.—Not later than 1
19 year after the date of enactment of this Act, the
20 Commandant, in consultation with the Federal
21 Bureau of Investigation, shall promulgate final
22 standards for the retention of records of video
23 surveillance.

1 (D) CONSIDERATIONS.—In promulgating
2 standards under subparagraphs (B) and (B),
3 the Commandant shall—

4 (i) consider factors that would aid in
5 the investigation of serious crimes, includ-
6 ing the results of the report by the Com-
7 mandant provided under subparagraph
8 (A), as well as crimes that go unreported
9 until after the completion of a voyage;

10 (ii) consider the different types of
11 video surveillance systems and storage re-
12 quirements in creating standards both for
13 vessels currently in operation and for ves-
14 sels newly built;

15 (iii) consider privacy, including stand-
16 ards for permissible access to and moni-
17 toring and use of the records of video sur-
18 veillance; and

19 (iv) consider technological advance-
20 ments, including requirements to update
21 technology.

22 **SEC. 8441. REGULATIONS FOR COVERED SMALL PAS-**
23 **SENGER VESSELS.**

24 (a) IN GENERAL.—Section 3306 of title 46, United
25 States Code, is amended—

1 (1) in subsection (a)—

2 (A) in the matter preceding paragraph (1),
3 by inserting “, including covered small pas-
4 senger vessels (as defined in subsection (n)(5))”
5 after “vessels subject to inspection”; and

6 (B) in paragraph (5), by inserting before
7 the period at the end “, including rechargeable
8 devices utilized for personal or commercial elec-
9 tronic equipment”; and

10 (2) by adding at the end the following:

11 “(n) COVERED SMALL PASSENGER VESSELS.—

12 “(1) REGULATIONS.—The Secretary shall pre-
13 scribe additional regulations to secure the safety of
14 individuals and property on board covered small pas-
15 senger vessels.

16 “(2) COMPREHENSIVE REVIEW.—In order to
17 prescribe the regulations under paragraph (1), the
18 Secretary shall conduct a comprehensive review of
19 all requirements (including calculations), in existence
20 on the date of enactment of the Elijah E. Cummings
21 Coast Guard Authorization Act of 2020, that apply
22 to covered small passenger vessels, with respect to
23 fire detection, protection, and suppression systems,
24 and avenues of egress, on board such vessels.

25 “(3) REQUIREMENTS.—

1 “(A) IN GENERAL.—Subject to subpara-
2 graph (B), the regulations prescribed under
3 paragraph (1) shall include, with respect to cov-
4 ered small passenger vessels, regulations for—

5 “(i) marine firefighting training pro-
6 grams to improve crewmember training
7 and proficiency, including emergency
8 egress training for each member of the
9 crew, to occur for all members on the
10 crew—

11 “(I) at least monthly while such
12 members are employed on board the
13 vessel; and

14 “(II) each time a new crew-
15 member joins the crew of such vessel;

16 “(ii) in all areas on board the vessel
17 where passengers and crew have access, in-
18 cluding dining areas, sleeping quarters,
19 and lounges—

20 “(I) interconnected fire detection
21 equipment, including audible and vis-
22 ual alarms; and

23 “(II) additional fire extinguishers
24 and other firefighting equipment;

1 “(iii) the installation and use of moni-
2 toring devices to ensure the wakefulness of
3 the required night watch;

4 “(iv) increased fire detection and sup-
5 pression systems (including additional fire
6 extinguishers) on board such vessels in un-
7 manned areas with machinery or areas
8 with other potential heat sources;

9 “(v) all general areas accessible to
10 passengers to have no less than 2 inde-
11 pendent avenues of escape that are—

12 “(I) constructed and arranged to
13 allow for free and unobstructed egress
14 from such areas;

15 “(II) located so that if one ave-
16 nue of escape is not available, another
17 avenue of escape is available; and

18 “(III) not located directly above,
19 or dependent on, a berth;

20 “(vi) the handling, storage, and oper-
21 ation of flammable items, such as re-
22 chargeable batteries, including lithium ion
23 batteries utilized for commercial purposes
24 on board such vessels;

1 “(vii) passenger emergency egress
2 drills for all areas on the vessel to which
3 passengers have access, which shall occur
4 prior to the vessel beginning each excursion;
5 and

6 “(viii) all passengers to be provided a
7 copy of the emergency egress plan for the
8 vessel.

9 “(B) APPLICABILITY TO CERTAIN COVERED
10 SMALL PASSENGER VESSELS.—The requirements
11 described in clauses (iii), (v), (vii),
12 and (viii) of subparagraph (A) shall only apply
13 to a covered small passenger vessel that has
14 overnight passenger accommodations.

15 “(4) INTERIM REQUIREMENTS.—

16 “(A) INTERIM REQUIREMENTS.—The Secretary
17 shall, prior to issuing final regulations
18 under paragraph (1), implement interim requirements
19 to enforce the requirements under
20 paragraph (3).

21 “(B) IMPLEMENTATION.—The Secretary
22 shall implement the interim requirements under
23 subparagraph (A) without regard to chapters 5
24 and 6 of title 5 and Executive Order Nos.
25 12866 and 13563 (5 U.S.C. 601 note; relating

1 to regulatory planning and review and relating
2 to improving regulation and regulatory review).

3 “(5) DEFINITION OF COVERED SMALL PAS-
4 Senger Vessel.—In this subsection, the term ‘cov-
5 ered small passenger vessel’—

6 “(A) except as provided in subparagraph
7 (B), means a small passenger vessel (as defined
8 in section 2101) that—

9 “(i) has overnight passenger accom-
10 modations; or

11 “(ii) is operating on a coastwise or
12 oceans route; and

13 “(B) does not include a ferry (as defined
14 in section 2101) or fishing vessel (as defined in
15 section 2101).”.

16 (b) SECTION 3202.—Section 3202(b) of title 46,
17 United States Code, is amended—

18 (1) by redesignating paragraphs (1) and (2) as
19 subparagraphs (A) and (B), respectively, and indent-
20 ing appropriately;

21 (2) by striking “This chapter” and inserting
22 the following:

23 “(1) IN GENERAL.—This chapter”; and

24 (3) by adding at the end the following:

1 “(2) SAFETY MANAGEMENT SYSTEM.—Notwith-
2 standing any other provision in this chapter, includ-
3 ing paragraph (1)(B), any regulations under section
4 3203, including the safety management system es-
5 tablished by such regulations, issued on or after the
6 date of enactment of the Elijah E. Cummings Coast
7 Guard Authorization Act of 2020, shall apply to all
8 covered small passenger vessels, as defined in section
9 3306(n)(5).”.

10 (c) SECTION 3203.—Section 3203(a) of title 46,
11 United States Code, is amended by inserting “(including,
12 for purposes of this section, all covered small passenger
13 vessels, as defined in section 3306(n)(5))” after “vessels
14 to which this chapter applies”.

15 **TITLE LVXXXV—TECHNICAL,**
16 **CONFORMING, AND CLARI-**
17 **FYING AMENDMENTS**

Sec. 8501. Transfers.

Sec. 8502. Additional transfers.

Sec. 8503. License exemptions; repeal of obsolete provisions.

1 **SEC. 8501. TRANSFERS.**

2 (a) IN GENERAL.—

3 (1) Section 215 of the Coast Guard and Mari-
4 time Transportation Act of 2004 (Public Law 108–
5 293; 14 U.S.C. 504 note) is redesignated as section
6 322 of title 14, United States Code, transferred to
7 appear after section 321 of such title (as added by
8 this division), and amended so that the enumerator,
9 section heading, typeface, and typestyle conform to
10 those appearing in other sections in title 14, United
11 States Code.

12 (2) Section 406 of the Maritime Transportation
13 Security Act of 2002 (Public Law 107–295; 14
14 U.S.C. 501 note) is redesignated as section 720 of
15 title 14, United States Code, transferred to appear
16 after section 719 of such title (as added by this divi-
17 sion), and amended so that the enumerator, section
18 heading, typeface, and typestyle conform to those
19 appearing in other sections in title 14, United States
20 Code.

21 (3) Section 1110 of title 14, United States
22 Code, is redesignated as section 5110 of such title
23 and transferred to appear after section 5109 of such
24 title (as added by this division).

1 (4) Section 401 of the Coast Guard Authoriza-
2 tion Act of 2010 (Public Law 111–281) is amended
3 by striking subsection (e).

4 (5) Subchapter I of chapter 11 of title 14,
5 United States Code, as amended by this division, is
6 amended by inserting after section 1109 the fol-
7 lowing:

8 **“§ 1110. Elevation of disputes to the Chief Acquisition**
9 **Officer**

10 “If, after 90 days following the elevation to the Chief
11 Acquisition Officer of any design or other dispute regard-
12 ing level 1 or level 2 acquisition, the dispute remains unre-
13 solved, the Commandant shall provide to the appropriate
14 congressional committees a detailed description of the
15 issue and the rationale underlying the decision taken by
16 the Chief Acquisition Officer to resolve the issue.”.

17 (6) Section 7 of the Rivers and Harbors Appro-
18 priations Act of 1915 (33 U.S.C. 471) is amended—

19 (A) by transferring such section to appear
20 after section 70005 of title 46, United States
21 Code;

22 (B) by striking “SEC. 7.” and inserting
23 **“§70006. Establishment by Secretary**
24 **of the department in which the Coast**
25 **Guard is operating of anchorage**

1 **grounds and regulations generally”;**

2 and

3 (C) by adjusting the margins with respect
4 to subsections (a) and (b) for the presence of
5 a section heading accordingly.

6 (7) Section 217 of the Coast Guard Authoriza-
7 tion Act of 2010 (Public Law 111–281; 14 U.S.C.
8 504 note)—

9 (A) is redesignated as section 5112 of title
10 14, United States Code, transferred to appear
11 after section 5111 of such title (as added by
12 this division), and amended so that the enu-
13 merator, section heading, typeface, and
14 typestyle conform to those appearing in other
15 sections in title 14, United States Code; and

16 (B) is amended—

17 (i) by striking the heading and insert-
18 ing the following:

19 **“§ 5112. Sexual assault and sexual harassment in the**
20 **Coast Guard”; and**

21 (ii) in subsection (b), by adding at the
22 end the following:

23 “(5)(A) The number of instances in which a
24 covered individual was accused of misconduct or

1 crimes considered collateral to the investigation of a
2 sexual assault committed against the individual.

3 “(B) The number of instances in which adverse
4 action was taken against a covered individual who
5 was accused of collateral misconduct or crimes as
6 described in subparagraph (A).

7 “(C) The percentage of investigations of sexual
8 assaults that involved an accusation or adverse ac-
9 tion against a covered individual as described in sub-
10 paragraphs (A) and (B).

11 “(D) In this paragraph, the term ‘covered indi-
12 vidual’ means an individual who is identified as a
13 victim of a sexual assault in the case files of a mili-
14 tary criminal investigative organization.”.

15 (b) CLERICAL AMENDMENTS.—

16 (1) The analysis for chapter 3 of title 14,
17 United States Code, as amended by this division, is
18 further amended by adding at the end the following:

“322. Redistricting notification requirement.”.

8 United States Code, is further amended by inserting
9 after the item relating to section 70005 the fol-
10 lowing:

“70006. Establishment by the Secretary of the department in which the Coast
Guard is operating of anchorage grounds and regulations gen-
erally.”.

11 **SEC. 8502. ADDITIONAL TRANSFERS.**

12 (a) SECTION 204 OF THE MARINE TRANSPORTATION
13 SECURITY ACT.—

14 (1) The Maritime Transportation Security Act
15 of 2002 is amended by striking section 204 (33
16 U.S.C. 1902a).

17 (2) Section 3 of the Act to Prevent Pollution
18 from Ships (33 U.S.C. 1902)—

19 (A) is amended by redesignating sub-
20 sections (e) through (i) as subsections (f)
21 through (j) respectively; and

1 (B) by inserting after subsection (d) the
2 following:

3 “(e) DISCHARGE OF AGRICULTURAL CARGO RES-
4 IDUE.—Notwithstanding any other provision of law, the
5 discharge from a vessel of any agricultural cargo residue
6 material in the form of hold washings shall be governed
7 exclusively by the provisions of this Act that implement
8 Annex V to the International Convention for the Preven-
9 tion of Pollution from Ships.”.

12 tation Act of 2006 is amended by striking section
13 304 (Public Law 109–241; 120 Stat. 527).

14 (2) Section 5 of the Deepwater Port Act of
15 1974 (33 U.S.C. 1504) is amended by adding at the
16 end the following:

17 “(j) LNG TANKERS.—

18 “(1) PROGRAM.—The Secretary of Transpor-
19 tation shall develop and implement a program to
20 promote the transportation of liquefied natural gas
21 to and from the United States on United States flag
22 vessels.

23 “(2) INFORMATION TO BE PROVIDED.—When
24 the Coast Guard is operating as a contributing agen-
25 cy in the Federal Energy Regulatory Commission’s

1 shoreside licensing process for a liquefied natural
2 gas or liquefied petroleum gas terminal located on
3 shore or within State seaward boundaries, the Coast
4 Guard shall provide to the Commission the informa-
5 tion described in section 5(c)(2)(K) of the Deep-
6 water Port Act of 1974 (33 U.S.C. 1504(c)(2)(K))
7 with respect to vessels reasonably anticipated to be
8 servicing that port.”.

9 **SEC. 8503. LICENSE EXEMPTIONS; REPEAL OF OBSOLETE**
10 **PROVISIONS.**

11 (a) SERVICE UNDER LICENSES ISSUED WITHOUT
12 EXAMINATION.—

8 Coast Guard Authorization Act of 2018 (Public Law
9 115–282) is amended by striking “within 30 days
10 after receiving the notice under subsection (a)(1),
11 the Secretary shall, by not later than 60 days after
12 transmitting such notice,” and inserting “in accord-
13 ance within subsection (a)(2), the Secretary shall”.

14 (4) Section 820(a) of the Frank LoBiondo
15 Coast Guard Authorization Act of 2018 (Public Law
16 115–282) is amended by striking “years 2018 and”
17 and inserting “year”.

18 (5) Section 820(b)(2) of the Frank LoBiondo
19 Coast Guard Authorization Act of 2018 (Public Law
20 115–282) is amended by inserting “and the Consoli-
21 dated Appropriations Act, 2018 (Public Law 115–
22 141)” after “(Public Law 115–31)”.

23 (6) Section 821(a)(2) of the Frank LoBiondo
24 Coast Guard Authorization Act of 2018 (Public Law
25 115–282) is amended by striking “Coast Guard Au-

1 thorization Act of 2017” and inserting “Frank
2 LoBiondo Coast Guard Authorization Act of 2018”.

3 (7) This section shall take effect on the date of
4 the enactment of the Frank LoBiondo Coast Guard
5 Authorization Act of 2018 (Public Law 115–282)
6 and apply as if included therein.

7 (e) TECHNICAL CORRECTION.—Section 533(d)(2)(A)
8 of the Coast Guard Authorization Act of 2016 (Public
9 Law 114–120) is amended by striking “Tract 6” and in-
10 serting “such Tract”.

11 (f) DISTANT WATER TUNA FLEET; TECHNICAL COR-
12 RECTIONS.—Section 421 of the Coast Guard and Mari-
13 time Transportation Act of 2006 (Public Law 109–241)
14 is amended—

15 (1) in subsection (a)—

16 (A) by striking “Notwithstanding” and in-
17 serting the following:

18 “(1) IN GENERAL.—Notwithstanding”; and

19 (B) by adding at the end the following:

20 “(2) DEFINITION.—In this subsection, the term
21 ‘treaty area’ has the meaning given the term in the
22 Treaty on Fisheries Between the Governments of
23 Certain Pacific Island States and the Government of
24 the United States of America as in effect on the
25 date of the enactment of the Coast Guard and Mari-

1 time Transportation Act of 2006 (Public Law 109–
2 241).”; and

3 (2) in subsection (c)—

4 (A) by striking “12.6 or 12.7” and insert-
5 ing “13.6”; and

6 (B) by striking “and Maritime Transpor-
7 tation Act of 2012” and inserting “Authoriza-
8 tion Act of 2020”.

9 **SEC. 8508. TECHNICAL CORRECTIONS RELATING TO CODI-**
10 **FICATION OF PORTS AND WATERWAYS SAFE-**
11 **TY ACT.**

12 Effective upon the enactment of section 401 of the
13 Frank LoBiondo Coast Guard Authorization Act of 2018
14 (Public Law 115–282), and notwithstanding section
15 402(e) of such Act—

16 (1) section 16 of the Ports and Waterways
17 Safety Act, as added by section 315 of the Coun-
18 tering America’s Adversaries Through Sanctions Act
19 (Public Law 115–44; 131 Stat. 947)—

20 (A) is redesignated as section 70022 of
21 title 46, United States Code, transferred to ap-
22 pear after section 70021 of that title, and
23 amended so that the enumerator, section head-
24 ing, typeface, and typestyle conform to those

1 appearing in other sections in title 46, United
2 States Code; and

3 (B) as so redesignated and transferred, is
4 amended—

5 (i) in subsections (b) and (e), by strik-
6 ing “section 4(a)(5)” each place it appears
7 and inserting “section 70001(a)(5)”;

8 (ii) in subsection (c)(2), by striking
9 “not later than” and all that follows
10 through “thereafter,” and inserting “peri-
11 odically”; and

12 (iii) by striking subsection (h); and

13 (2) chapter 700 of title 46, United States Code,
14 is amended—

15 (A) in section 70002(2), by inserting “or
16 70022” after “section 70021”;

17 (B) in section 70036(e), by inserting “or
18 70022” after “section 70021”; and

19 (C) in the analysis for such chapter—

20 (i) by inserting “Sec.” above the sec-
21 tion items, in accordance with the style
22 and form of such an entry in other chapter
23 analyses of such title; and

24 (ii) by adding at the end the fol-
25 lowing:

“70022. Prohibition on entry and operation.”.

1 **SEC. 8509. AIDS TO NAVIGATION.**

2 (a) Section 541 of title 14, United States Code, is
3 amended—

4 (1) by striking “In” and inserting “(a) In”; and

5 (2) by adding at the end the following:

6 “(b) In the case of pierhead beacons, the Com-
7 mandant may—

8 “(1) acquire, by donation or purchase in behalf
9 of the United States, the right to use and occupy
10 sites for pierhead beacons; and

11 “(2) properly mark all pierheads belonging to
12 the United States situated on the northern and
13 northwestern lakes, whenever the Commandant is
14 duly notified by the department charged with the
15 construction or repair of pierheads that the con-
16 struction or repair of any such pierheads has been
17 completed.”.

18 (b) Subchapter III of chapter 5 of title 14, United
19 States Code, is amended by adding at the end the fol-
20 lowing:

21 **“§ 548. Prohibition against officers and employees**
22 **being interested in contracts for mate-**
23 **rials**

24 “No officer, enlisted member, or civilian member of
25 the Coast Guard in any manner connected with the con-
26 struction, operation, or maintenance of lighthouses, shall

1 be interested, either directly or indirectly, in any contract
2 for labor, materials, or supplies for the construction, oper-
3 ation, or maintenance of lighthouses, or in any patent,
4 plan, or mode of construction or illumination, or in any
5 article of supply for the construction, operation, or mainte-
6 nance of lighthouses.

7 **“§ 549. Lighthouse and other sites; necessity and suf-**
8 **ficiency of cession by State of jurisdiction**

9 “(a) No lighthouse, beacon, public pier, or landmark,
10 shall be built or erected on any site until cession of juris-
11 diction over the same has been made to the United States.

12 “(b) For the purposes of subsection (a), a cession by
13 a State of jurisdiction over a place selected as the site
14 of a lighthouse, or other structure or work referred to in
15 subsection (a), shall be deemed sufficient if the cession
16 contains a reservation that process issued under authority
17 of such State may continue to be served within such place.

18 “(c) If no reservation of service described in sub-
19 section (b) is contained in a cession, all process may be
20 served and executed within the place ceded, in the same
21 manner as if no cession had been made.

22 **“§ 550. Marking pierheads in certain lakes**

23 “The Commandant of the Coast Guard shall properly
24 mark all pierheads belonging to the United States situated
25 on the northern and northwestern lakes, whenever he is

1 duly notified by the department charged with the construc-
2 tion or repair of pierheads that the construction or repair
3 of any such pierhead has been completed.”.

4 (c) CLERICAL AMENDMENT.—The analysis for chap-
5 ter 5 of title 14, United States Code, is amended by insert-
6 ing after the item relating to section 547 the following:

“548. Prohibition against officers and employees being interested in contracts
for materials.

“549. Lighthouse and other sites; necessity and sufficiency of cession by State
of jurisdiction.

“550. Marking pierheads in certain lakes.”.

7 **SEC. 8510. TRANSFERS RELATED TO EMPLOYEES OF LIGHT-**
8 **HOUSE SERVICE.**

9 (a) Section 6 of chapter 103 of the Act of June 20,
10 1918 (33 U.S.C. 763) is repealed.

11 (b) Chapter 25 of title 14, United States Code, is
12 amended by inserting after section 2531 the following:

13 **“§ 2532. Retirement of employees**

14 “(a) OPTIONAL RETIREMENT.—Except as provided
15 in subsections (d) and (e), a covered employee may retire
16 from further performance of duty if such officer or em-
17 ployee—

18 “(1) has completed 30 years of active service in
19 the Government and is at least 55 years of age;

20 “(2) has completed 25 years of active service in
21 the Government and is at least 62 years of age; or

22 “(3) is involuntarily separated from further per-
23 formance of duty, except by removal for cause on

1 charges of misconduct or delinquency, after com-
2 pleting 25 years of active service in the Government,
3 or after completing 20 years of such service and if
4 such employee is at least 50 years of age.

5 “(b) COMPULSORY RETIREMENT.—A covered em-
6 ployee who becomes 70 years of age shall be compulsorily
7 retired from further performance of duty.

8 “(c) RETIREMENT FOR DISABILITY.—

9 “(1) IN GENERAL.—A covered employee who
10 has completed 15 years of active service in the Gov-
11 ernment and is found, after examination by a med-
12 ical officer of the United States, to be disabled for
13 useful and efficient service by reason of disease or
14 injury not due to vicious habits, intemperance, or
15 willful misconduct of such officer or employee, shall
16 be retired.

17 “(2) RESTORATION TO ACTIVE DUTY.—Any in-
18 dividual retired under paragraph (1) may, upon re-
19 covery, be restored to active duty, and shall from
20 time to time, before reaching the age at which such
21 individual may retire under subsection (a), be reex-
22 amined by a medical officer of the United States
23 upon the request of the Secretary of the department
24 in which the Coast Guard is operating.

25 “(d) ANNUAL COMPENSATION.—

1 “(1) IN GENERAL.—Except as provided in para-
2 graph (2), The annual compensation of a person re-
3 tired under this section shall be a sum equal to one-
4 fortieth of the average annual pay received for the
5 last 3 years of service for each year of active service
6 in the Lighthouse Service, or in a department or
7 branch of the Government having a retirement sys-
8 tem, not to exceed thirty-fortieths of such average
9 annual pay received.

10 “(2) RETIREMENT BEFORE 55.—The retirement
11 pay computed under paragraph (1) for any officer or
12 employee retiring under this section shall be reduced
13 by one-sixth of 1 percent for each full month the of-
14 ficer or employee is under 55 years of age at the
15 date of retirement.

16 “(3) NO ALLOWANCE OR SUBSISTENCE.—Re-
17 tirement pay under this section shall not include any
18 amount on account of subsistence or other allow-
19 ance.

20 “(e) EXCEPTION.—The retirement and pay provision
21 in this section shall not apply to—

22 “(1) any person in the field service of the
23 Lighthouse Service whose duties do not require sub-
24 stantially all their time; or

25 “(2) persons of the Coast Guard.

1 “(f) WAIVER.—Any person entitled to retirement pay
2 under this section may decline to accept all or any part
3 of such retirement pay by a waiver signed and filed with
4 the Secretary of the Treasury. Such waiver may be re-
5 voked in writing at any time, but no payment of the retire-
6 ment pay waived shall be made covering the period during
7 which such waiver was in effect.

8 “(g) DEFINITION.—For the purposes of this section,
9 the term ‘covered employee’ means an officer or employee
10 engaged in the field service or on vessels of the Lighthouse
11 Service, except a person continuously employed in district
12 offices or shop.”.

13 (c) CLERICAL AMENDMENT.—The analysis for chap-
14 ter 25 of title 14, United States Code, is amended by in-
15 serting after the item relating to section 2531 the fol-
16 lowing:

“2532. Retirement of employees.”.

17 **SEC. 8511. TRANSFERS RELATED TO SURVIVING SPOUSES**
18 **OF LIGHTHOUSE SERVICE EMPLOYEES.**

19 (a) BENEFIT TO SURVIVING SPOUSES.—Chapter 25
20 of title 14, United States Code, is further amended by in-
21 serting after section 2532 (as added by this division) the
22 following:

23 **“§ 2533. Surviving spouses**

24 “The Secretary of the department in which the Coast
25 Guard is operating shall pay \$100 per month to the sur-

1 living spouse of a current or former employee of the
2 Lighthouse Service in accordance with section 2532 if
3 such employee dies—

4 “(1) at a time when such employee was receiv-
5 ing or was entitled to receive retirement pay under
6 this subchapter; or

7 “(2) from non-service-connected causes after
8 fifteen or more years of employment in such serv-
9 ice.”.

10 (b) TRANSFERS RELATED TO SURVIVING SPOUSES
11 OF LIGHTHOUSE SERVICE EMPLOYEES.—

12 (1) Chapter 25 of title 14, United States Code,
13 is amended by inserting after section 2533 (as added
14 by this division) the following:

15 “§ 2534. **Application for benefits**”.

16 (2)(A) Section 3 of chapter 761 of the Act of
17 August 19, 1950 (33 U.S.C. 773), is redesignated as
18 section 2534(a) of title 14, United States Code,
19 transferred to appear after the heading of section
20 2534 of that title, and amended so that the enu-
21 merator, section heading, typeface, and typestyle
22 conform to those appearing in other sections in title
23 14, United States Code.

1 (B) Section 2534(a), as so redesignated, trans-
2 ferred, and amended is further amended by striking
3 “this Act” and inserting “section 2533”.

4 (3)(A) Section 4 of chapter 761 of the Act of
5 August 19, 1950 (33 U.S.C. 774), is redesignated as
6 section 2534(b) of title 14, United States Code,
7 transferred to appear after section 2534(a) of that
8 title, and amended so that the enumerator, section
9 heading, typeface, and typestyle conform to those
10 appearing in other sections in title 14, United States
11 Code.

12 (B) Section 2534(b), as so redesignated, trans-
13 ferred, and amended is further amended by striking
14 “the provisions of this Act” and inserting “section
15 2533”.

16 (4)(A) The proviso under the heading “Pay-
17 ment to Civil Service Retirement and Disability
18 Fund” of title V of division C of Public Law 112–
19 74 (33 U.S.C. 776) is redesignated as section
20 2534(c) of title 14, United States Code, transferred
21 to appear after section 2534(b) of that title, and
22 amended so that the enumerator, section heading,
23 typeface, and typestyle conform to those appearing
24 in other sections in title 14, United States Code.

1 (B) Section 2534(c), as so redesignated, trans-
2 ferred, and amended is further amended by striking
3 “the Act of May 29, 1944, and the Act of August
4 19, 1950 (33 U.S.C. 771–775),” and inserting “sec-
5 tion 2533”.

6 (c) CLERICAL AMENDMENT.—The analysis for chap-
7 ter 25 of title 14, United States Code, is further amended
8 by inserting after the item relating to section 2532 (as
9 added by this division) the following:

“2533. Surviving spouses.

“2534. Application for benefits.”.

10 **SEC. 8512. REPEALS RELATED TO LIGHTHOUSE STATUTES.**

11 (a) IN GENERAL.—The following provisions are re-
12 pealed:

13 (1) Section 4680 of the Revised Statutes of the
14 United States (33 U.S.C. 725).

15 (2) Section 4661 of the Revised Statutes of the
16 United States (33 U.S.C. 727).

17 (3) Section 4662 of the Revised Statutes of the
18 United States (33 U.S.C. 728).

19 (4) The final paragraph in the account “For
20 Life-Saving and Life-Boat Stations” under the head-
21 ing Treasury Department in the first section of
22 chapter 130 of the Act of March 3, 1875 (33 U.S.C.
23 730a).

1 (5) Section 11 of chapter 301 of the Act of
2 June 17, 1910 (33 U.S.C. 743).

3 (6) The first section of chapter 215 of the Act
4 of May 13, 1938 (33 U.S.C. 745a).

5 (7) The first section of chapter 313 of the Act
6 of February 25, 1929 (33 U.S.C. 747b).

7 (8) Section 2 of chapter 103 of the Act of June
8 20, 1918 (33 U.S.C. 748).

9 (9) Section 4 of chapter 371 of the Act of May
10 22, 1926 (33 U.S.C. 754a).

11 (10) Chapter 642 of the Act of August 10,
12 1939 (33 U.S.C. 763a–1).

13 (11) Chapter 788 of the Act of October 29,
14 1949 (33 U.S.C. 763–1).

15 (12) Chapter 524 of the Act of July 9, 1956
16 (33 U.S.C. 763–2).

17 (13) The last 2 provisos under the heading
18 Lighthouse Service, under the heading Department
19 of Commerce, in the first section of chapter 161 of
20 the Act of March 4, 1921 (41 Stat. 1417, formerly
21 33 U.S.C. 764).

22 (14) Section 3 of chapter 215 of the Act of May
23 13, 1938 (33 U.S.C. 770).

1 (15) The first section and section 2 of chapter
2 761 of the Act of August 19, 1950 (33 U.S.C. 771
3 and 772).

4 (b) SAVINGS.—

5 (1) Notwithstanding any repeals made by this
6 section, any individual beneficiary currently receiving
7 payments under the authority of any provisions re-
8 pealed in this section shall continue to receive such
9 benefits.

10 (2) Notwithstanding the repeals made under
11 paragraphs (10) and (11) of subsection (a), any pay
12 increases made under chapter 788 of the Act of Oc-
13 tober 29, 1949, and chapter 524 of the Act of July
14 9, 1956, as in effect prior to their repeal shall re-
15 main in effect.

16 **SEC. 8513. COMMON APPROPRIATION STRUCTURE.**

17 (a) COMMON APPROPRIATIONS STRUCTURE.—

18 (1) PROSPECTIVE PAYMENT OF FUNDS NEC-
19 CESSARY TO PROVIDE MEDICAL CARE.—Section 506
20 of title 14, United States Code, is amended—

21 (A) in subsection (a)(1), by inserting “as
22 established under chapter 56 of title 10” after
23 “Medicare-Eligible Retiree Health Care Fund”;
24 and

1 (B) in subsection (b)(1), by striking “oper-
2 ating expenses” and inserting “operations and
3 support”.

4 (2) USE OF CERTAIN APPROPRIATED FUNDS.—
5 Section 903 of title 14, United States Code, is
6 amended—

7 (A) in subsection (a), by striking “acquisi-
8 tion, construction, and improvement of facili-
9 ties, for research, development, test, and eval-
10 uation; and for the alteration of bridges over
11 the navigable waters” and inserting “procure-
12 ment, construction, and improvement of facili-
13 ties and for research and development”; and

14 (B) in subsection (d)(1), amended by sec-
15 tion 241(b)(1), by striking “operating ex-
16 penses” and inserting “operations and sup-
17 port”.

18 (3) CONFIDENTIAL INVESTIGATIVE EX-
19 PENSES.—Section 944 of title 14, United States
20 Code, is amended—

21 (A) by striking “necessary expenses for the
22 operation” and inserting “the operations and
23 support”; and

24 (B) by striking “his” each place it appears
25 and inserting “the Commandant’s”.

1 (4) PROCUREMENT OF PERSONNEL.—Section
2 2701 of title 14, United States Code, is amended—

3 (A) by striking “operating expense” and
4 inserting “operations and support”;

5 (B) by striking “but not limited to”; and

6 (C) by striking “in order”.

7 (5) REQUIREMENT FOR PRIOR AUTHORIZATION
8 OF APPROPRIATIONS.—Section 4901 of title 14,
9 United States Code, is amended—

10 (A) in paragraph (1), by striking “main-
11 tenance” and inserting “support”;

12 (B) in paragraph (2), by striking “acquisi-
13 tion” and inserting “procurement”;

14 (C) by striking paragraphs (3), (4), and
15 (6);

16 (D) by redesignating paragraph (5) as
17 paragraph (3); and

18 (E) in paragraph (3), as redesignated by
19 subparagraph (D), by striking “research, devel-
20 opment, test, and evaluation” and inserting
21 “research and development.”.

22 (b) TITLE 46.—Sections 3317(b), 7504, 80301(c),
23 and 80505(b)(3) of title 46, United States Code, are each
24 amended by striking “operating expenses” and inserting
25 “operations and support”.

1 (c) OIL SPILL LIABILITY TRUST FUND.—Section
2 1012(a)(5)(A) of the Oil Pollution Act of 1990 (33 U.S.C.
3 2712(a)(5)(A)) is amended by striking “operating ex-
4 penses” and inserting “operations and support”.

5 **TITLE LVXXXVI—FEDERAL**
6 **MARITIME COMMISSION**

7 **SEC. 8601. SHORT TITLE.**

8 This title may be cited as the “Federal Maritime
9 Commission Authorization Act of 2020”.

10 **SEC. 8602. AUTHORIZATION OF APPROPRIATIONS.**

11 Section 308 of title 46, United States Code, is
12 amended by striking “\$28,012,310 for fiscal year 2018
13 and \$28,544,543 for fiscal year 2019” and inserting
14 “\$29,086,888 for fiscal year 2020 and \$29,639,538 for
15 fiscal year 2021”.

16 **SEC. 8603. UNFINISHED PROCEEDINGS.**

17 Section 305 of title 46, United States Code, is
18 amended—

19 (1) by striking “The Federal” and inserting
20 “(a) IN GENERAL.—The Federal”; and

21 (2) by adding at the end the following:

22 “(b) TRANSPARENCY.—

23 “(1) IN GENERAL.—In conjunction with the
24 transmittal by the President to the Congress of the
25 Budget of the United States for fiscal year 2021

1 and biennially thereafter, the Federal Maritime
2 Commission shall submit to the Committee on Com-
3 merce, Science, and Transportation of the Senate
4 and the Committee on Transportation and Infra-
5 structure of the House of Representatives reports
6 that describe the Commission's progress toward ad-
7 dressing the issues raised in each unfinished regu-
8 latory proceeding, regardless of whether the pro-
9 ceeding is subject to a statutory or regulatory dead-
10 line.

11 “(2) FORMAT OF REPORTS.—Each report under
12 paragraph (1) shall, among other things, clearly
13 identify for each unfinished regulatory proceeding—

14 “(A) the popular title;

15 “(B) the current stage of the proceeding;

16 “(C) an abstract of the proceeding;

17 “(D) what prompted the action in ques-
18 tion;

19 “(E) any applicable statutory, regulatory,
20 or judicial deadline;

21 “(F) the associated docket number;

22 “(G) the date the rulemaking was initi-
23 ated;

24 “(H) a date for the next action; and

1 “(I) if a date for the next action identified
2 in the previous report is not met, the reason for
3 the delay.”.

4 **SEC. 8604. NATIONAL SHIPPER ADVISORY COMMITTEE.**

5 (a) IN GENERAL.—Part B of subtitle IV of title 46,
6 United States Code, is amended by adding at the end the
7 following:

8 **“CHAPTER 425—NATIONAL SHIPPER**
9 **ADVISORY COMMITTEE**

“42501. Definitions.

“42502. National Shipper Advisory Committee.

“42503. Administration.

10 **“§ 42501. Definitions**

11 “In this chapter:

12 “(1) COMMISSION.—The term ‘Commission’
13 means the Federal Maritime Commission.

14 “(2) COMMITTEE.—The term ‘Committee’
15 means the National Shipper Advisory Committee es-
16 tablished under section 42502.

17 **“§ 42502. National Shipper Advisory Committee**

18 “(a) ESTABLISHMENT.—There is established a Na-
19 tional Shipper Advisory Committee.

20 “(b) FUNCTION.—The Committee shall advise the
21 Federal Maritime Commission on policies relating to the
22 competitiveness, reliability, integrity, and fairness of the
23 international ocean freight delivery system.

24 “(c) MEMBERSHIP.—

1 “(1) IN GENERAL.—The Committee shall con-
2 sist of 24 members appointed by the Commission in
3 accordance with this section.

4 “(2) EXPERTISE.—Each member of the Com-
5 mittee shall have particular expertise, knowledge,
6 and experience in matters relating to the function of
7 the Committee.

8 “(3) REPRESENTATION.—REPRESENTA-
9 TION.—Members of the Committee shall be ap-
10 pointed as follows: —

11 “(A) Twelve members shall represent enti-
12 ties who import cargo to the United States
13 using ocean common carriers.

14 “(B) Twelve members shall represent enti-
15 ties who export cargo from the United States
16 using ocean common carriers.

17 **“§ 42503. Administration**

18 “(a) MEETINGS.—The Committee shall, not less than
19 once each year, meet at the call of the Commission or a
20 majority of the members of the Committee.

21 “(b) EMPLOYEE STATUS.—A member of the Com-
22 mittee shall not be considered an employee of the Federal
23 Government by reason of service on such Committee, ex-
24 cept for the purposes of the following:

25 “(1) Chapter 81 of title 5.

1 “(2) Chapter 171 of title 28 and any other
2 Federal law relating to tort liability.

3 “(c) VOLUNTEER SERVICES AND COMPENSATION.—

4 “(1) Notwithstanding any other provision of
5 law, a member of the Committee may serve on such
6 committee on a voluntary basis without pay.

7 “(2) No member of the Committee shall receive
8 compensation for service on the Committee.

9 “(d) STATUS OF MEMBERS.—

10 “(1) IN GENERAL.—Except as provided in para-
11 graph (2), with respect to a member of the Com-
12 mittee whom the Commission appoints to represent
13 an entity or group—

14 “(A) the member is authorized to rep-
15 resent the interests of the applicable entity or
16 group; and

17 “(B) requirements under Federal law that
18 would interfere with such representation and
19 that apply to a special Government employee
20 (as defined in section 202(a) of title 18), in-
21 cluding requirements relating to employee con-
22 duct, political activities, ethics, conflicts of in-
23 terest, and corruption, do not apply to the
24 member.

1 “(2) EXCEPTION.—Notwithstanding subsection
2 (b), a member of the Committee shall be treated as
3 a special Government employee for purposes of the
4 committee service of the member if the member,
5 without regard to service on the Committee, is a spe-
6 cial Government employee.

7 “(e) SERVICE ON COMMITTEE.—

8 “(1) SOLICITATION OF NOMINATIONS.—Before
9 appointing an individual as a member of the Com-
10 mittee, the Commission shall publish a timely notice
11 in the Federal Register soliciting nominations for
12 membership on such Committee.

13 “(2) APPOINTMENTS.—

14 “(A) IN GENERAL.—After considering
15 nominations received pursuant to a notice pub-
16 lished under paragraph (1), the Commission
17 may appoint a member to the Committee.

18 “(B) PROHIBITION.—The Commission
19 shall not seek, consider, or otherwise use infor-
20 mation concerning the political affiliation of a
21 nominee in making an appointment to the Com-
22 mittee.

23 “(3) SERVICE AT PLEASURE OF COMMISSION.—
24 Each member of the Committee shall serve at the
25 pleasure of the Commission.

1 “(4) SECURITY BACKGROUND EXAMINATIONS.—

2 The Commission may require an individual to have
3 passed an appropriate security background examina-
4 tion before appointment to the Committee.

5 “(5) PROHIBITION.—A Federal employee may
6 not be appointed as a member of the Committee.

7 “(6) TERMS.—

8 “(A) IN GENERAL.—The term of each
9 member of the Committee shall expire on De-
10 cember 31 of the third full year after the effec-
11 tive date of the appointment.

12 “(B) CONTINUED SERVICE AFTER TERM.—

13 When the term of a member of the Committee
14 ends, the member, for a period not to exceed 1
15 year, may continue to serve as a member until
16 a successor is appointed.

17 “(7) VACANCIES.—A vacancy on the Committee
18 shall be filled in the same manner as the original ap-
19 pointment.

20 “(8) SPECIAL RULE FOR REAPPOINTMENTS.—

21 Notwithstanding paragraphs (1) and (2), the Com-
22 mission may reappoint a member of a committee for
23 any term, other than the first term of the member,
24 without soliciting, receiving, or considering nomina-
25 tions for such appointment.

1 “(f) STAFF SERVICES.—The Commission shall fur-
2 nish to the Committee any staff and services considered
3 by the Commission to be necessary for the conduct of the
4 Committee’s functions.

5 “(g) CHAIR; VICE CHAIR.—

6 “(1) IN GENERAL.—The Committee shall elect
7 a Chair and Vice Chair from among the committee’s
8 members.

9 “(2) VICE CHAIRMAN ACTING AS CHAIRMAN.—

10 The Vice Chair shall act as Chair in the absence or
11 incapacity of, or in the event of a vacancy in the of-
12 fice of, the Chair.

13 “(h) SUBCOMMITTEES AND WORKING GROUPS.—

14 “(1) IN GENERAL.—The Chair of the Com-
15 mittee may establish and disestablish subcommittees
16 and working groups for any purpose consistent with
17 the function of the Committee.

18 “(2) PARTICIPANTS.—Subject to conditions im-
19 posed by the Chair, members of the Committee may
20 be assigned to subcommittees and working groups
21 established under paragraph (1).

22 “(i) CONSULTATION, ADVICE, REPORTS, AND REC-
23 OMMENDATIONS.—

24 “(1) CONSULTATION.—Before taking any sig-
25 nificant action, the Commission shall consult with,

1 and consider the information, advice, and rec-
2 ommendations of, the Committee if the function of
3 the Committee is to advise the Commission on mat-
4 ters related to the significant action.

5 “(2) ADVICE, REPORTS, AND RECOMMENDA-
6 TIONS.—The Committee shall submit, in writing, to
7 the Commission its advice, reports, and rec-
8 ommendations, in a form and at a frequency deter-
9 mined appropriate by the Committee.

10 “(3) EXPLANATION OF ACTIONS TAKEN.—Not
11 later than 60 days after the date on which the Com-
12 mission receives recommendations from the Com-
13 mittee under paragraph (2), the Commission shall—

14 “(A) publish the recommendations on a
15 public website; and

16 “(B) respond, in writing, to the Committee
17 regarding the recommendations, including by
18 providing an explanation of actions taken re-
19 garding the recommendations.

20 “(4) SUBMISSION TO CONGRESS.—The Commis-
21 sion shall submit to the Committee on Transpor-
22 tation and Infrastructure of the House of Represent-
23 atives and the Committee on Commerce, Science,
24 and Transportation of the Senate the advice, re-

1 ports, and recommendations received from the Com-
2 mittee under paragraph (2).

3 “(j) OBSERVERS.—The Commission may designate a
4 representative to—

5 “(1) attend any meeting of the Committee; and

6 “(2) participate as an observer at such meeting.

7 “(k) TERMINATION.—The Committee shall terminate
8 on September 30, 2029.”.

9 (b) NO ADDITIONAL FUNDS AUTHORIZED.—No
10 funds in addition to the funds authorized in section 308
11 of title 46, United States Code, are authorized to carry
12 out this title or the amendments made by this section.

13 (c) CLERICAL AMENDMENT.—The analysis for sub-
14 title IV of title 46, United States Code, is amended by
15 inserting after the item related to chapter 423 the fol-
16 lowing:

“CHAPTER 425—NATIONAL SHIPPER ADVISORY COMMITTEE”.

17 **SEC. 8605. TRANSFER OF FEDERAL MARITIME COMMISSION**
18 **PROVISIONS.**

19 (a) TRANSFER.—

20 (1) Subtitle IV of title 46, United States Code,
21 is amended by adding at the end the following:

1 **“PART D—FEDERAL MARITIME COMMISSION**
2 **“CHAPTER 461—FEDERAL MARITIME**
3 **COMMISSION”.**

4 (2) Chapter 3 of title 46, United States Code,
5 is redesignated as chapter 461 of part D of subtitle
6 IV of such title and transferred to appear in such
7 part.

8 (3) Sections 301 through 308 of such title are
9 redesignated as sections 46101 through 46108, re-
10 spectively, of such title.

11 (b) CONFORMING AMENDMENTS.—

12 (1) Section 46101(c)(3)(A)(v) of title 46,
13 United States Code, as so redesignated, is amended
14 by striking “304” and inserting “46104”.

15 (2) section 322(b) of the Coast Guard Per-
16 sonnel and Maritime Safety Act of 2002 (31 U.S.C.
17 1113 note) is amended by striking “208 of the Mer-
18 chant Marine Act, 1936 (46 App. U.S.C. 1118)”
19 and inserting “46106(a) of title 46, United States
20 Code”.

21 (3) Section 1031(23) of the National Defense
22 Authorization Act for Fiscal Year 2000 (31 U.S.C.
23 1113 note) is amended by striking “208, 901(b)(2),
24 and 1211 of the Merchant Marine Act, 1936 (46
25 App. U.S.C. 1118, 1241(b)(2), 1291)” and inserting

1 “44106(a) and 55305(d) of title 46, United States
2 Code”.

3 (4) The analysis for subtitle I of title 46,
4 United States Code, is amended by striking the item
5 relating to chapter 3.

6 (5) The analysis for subtitle IV of such title is
7 amended by adding at the end the following:

“PART D—FEDERAL MARITIME COMMISSION

“461. Federal Maritime Commission46101”.

8 (6) The analysis for chapter 461 of part D of
9 subtitle IV of such title, as so redesignated, is
10 amended to read as follows:

“Sec.
“46101. General organization.
“46102. Quorum.
“46103. Meetings.
“46104. Delegation of authority.
“46105. Regulations.
“46106. Annual report.
“46107. Expenditures.
“46108. Authorization of appropriations.”.

11 (c) TECHNICAL CORRECTION.—Section 46103(c)(3)
12 of title 46, United States Code, as so redesignated, is
13 amended by striking “555b(c)” and inserting “552b(c)”.

14 **DIVISION H—OTHER MATTERS**
15 **TITLE XC—HOMELAND**
16 **SECURITY MATTERS**

Sec. 9001. Department of Homeland Security CISA Director.
Sec. 9002. Sector risk management agencies.
Sec. 9003. Review and analysis of inland waters seaport security.
Sec. 9004. Department of Homeland Security reports on digital content forgery
technology.
Sec. 9005. GAO study of cybersecurity insurance.
Sec. 9006. Strategy to secure email.

Sec. 9007. Department of Homeland Security large-scale non-intrusive inspection scanning plan.

1 **SEC. 9001. DEPARTMENT OF HOMELAND SECURITY CISA DI-**
2 **RECTOR.**

3 (a) IN GENERAL.—Subsection (b) of section 2202 of
4 the Homeland Security Act of 2002 (6 U.S.C. 652) is
5 amended by—

6 (1) redesignating paragraph (2) as paragraph
7 (3); and

8 (2) inserting after paragraph (1) the following
9 new paragraph:

10 “(2) QUALIFICATIONS.—

11 “(A) IN GENERAL.—The Director shall be
12 appointed from among individuals who have—

13 “(i) extensive knowledge in at least
14 two of the areas specified in subparagraph
15 (B); and

16 “(ii) not fewer than five years of dem-
17 onstrated experience in efforts to foster co-
18 ordination and collaboration between the
19 Federal Government, the private sector,
20 and other entities on issues related to cy-
21 bersecurity, infrastructure security, or se-
22 curity risk management.

23 “(B) SPECIFIED AREAS.—The areas speci-
24 fied in this subparagraph are the following:

1 “(i) Cybersecurity.

2 “(ii) Infrastructure security.

3 “(iii) Security risk management.”.

4 (b) AMENDMENT TO POSITION LEVEL OF CISA DI-
5 RECTOR.—Subchapter II of chapter 53 of title 5, United
6 States Code, is amended—

7 (1) in section 5313, by inserting after “Admin-
8 istrator of the Transportation Security Administra-
9 tion.” the following:

10 “Director, Cybersecurity and Infrastructure Se-
11 curity Agency.”; and

12 (2) in section 5314, by striking “Director, Cy-
13 bersecurity and Infrastructure Security Agency.”.

14 (c) EXECUTIVE ASSISTANT DIRECTOR FOR CYBERSE-
15 CURITY.—

16 (1) IN GENERAL.—Section 2203 of the Home-
17 land Security Act of 2002 (6 U.S.C. 653) is amend-
18 ed—

19 (A) in subsection (a)—

20 (i) in paragraph (2)—

21 (I) in the heading, by striking
22 “ASSISTANT DIRECTOR.—” and in-
23 serting “EXECUTIVE ASSISTANT DI-
24 RECTOR.—”; and

1 (II) in the matter preceding sub-
2 paragraph (A)—

3 (aa) by striking “Assistant
4 Director for Cybersecurity” and
5 inserting “Executive Assistant
6 Director for Cybersecurity”; and

7 (bb) by striking “the ‘Assist-
8 ant Director’ and inserting ‘the
9 Executive Assistant Director’”;
10 and

11 (ii) in paragraph (3)—

12 (I) by inserting “or Assistant Di-
13 rector for Cybersecurity” after “As-
14 sistant Secretary for Cybersecurity
15 and Communications”; and

16 (II) by striking “Assistant Direc-
17 tor for Cybersecurity.” and inserting
18 “Executive Assistant Director for Cy-
19 bersecurity.”; and

20 (B) in subsection (b), in the matter pre-
21 ceding paragraph (1), by striking “Assistant
22 Director” and inserting “Executive Assistant
23 Director”.

24 (2) CONTINUATION IN OFFICE.—The individual
25 serving as the Assistant Director for Cybersecurity

1 of the Cybersecurity and Infrastructure Security
2 Agency of the Department of Homeland Security on
3 the day before the date of enactment of this Act may
4 serve as the Executive Assistant Director for Cyber-
5 security on and after that date without the need for
6 renomination or reappointment.

7 (d) EXECUTIVE ASSISTANT DIRECTOR FOR INFRA-
8 STRUCTURE SECURITY.—

9 (1) IN GENERAL.—Section 2204 of the Home-
10 land Security Act of 2002 (6 U.S.C. 654) is amend-
11 ed—

12 (A) in subsection (a)—

13 (i) in paragraph (2)—

14 (I) in the heading, by striking
15 “ASSISTANT DIRECTOR.—” and in-
16 serting “EXECUTIVE ASSISTANT DI-
17 RECTOR.—”; and

18 (II) in the matter preceding sub-
19 paragraph (A)—

20 (aa) by striking “Assistant
21 Director for Infrastructure Secu-
22 rity” and inserting “Executive
23 Assistant Director for Infrastruc-
24 ture Security”; and

1 (bb) by striking “the ‘Assist-
2 ant Director’ and inserting ‘the
3 Executive Assistant Director’”;
4 and

5 (ii) in paragraph (3)—

6 (I) by inserting “or Assistant Di-
7 rector for Infrastructure Security”
8 after “Assistant Secretary for Infra-
9 structure Protection”; and

10 (II) by striking “Assistant Direc-
11 tor for Infrastructure Security.” and
12 inserting “Executive Assistant Direc-
13 tor for Infrastructure Security.”; and

14 (B) in subsection (b), by striking “Assist-
15 ant Director” in the matter preceding para-
16 graph (1) and inserting “Executive Assistant
17 Director”.

18 (2) CONTINUATION IN OFFICE.—The individual
19 serving as the Assistant Director for Infrastructure
20 Security of the Cybersecurity and Infrastructure Se-
21 curity Agency of the Department of Homeland Secu-
22 rity on the day before the date of enactment of this
23 Act may serve as the Executive Assistant Director
24 for Infrastructure Security on and after that date
25 without the need for renomination or reappointment.

1 (e) EXECUTIVE ASSISTANT DIRECTOR FOR EMER-
2 GENCY COMMUNICATIONS.—

3 (1) IN GENERAL.—Section 1801 of the Home-
4 land Security Act of 2002 (6 U.S.C. 571) is amend-
5 ed—

6 (A) in subsection (b)—

7 (i) in the heading, by striking “AS-
8 SISTANT DIRECTOR.—” and inserting
9 “EXECUTIVE ASSISTANT DIRECTOR.—”;

10 (ii) in the first sentence, by striking
11 “Assistant Director for Emergency Com-
12 munications.” and inserting “Executive
13 Assistant Director for Emergency Commu-
14 nications (in this section referred to as the
15 ‘Executive Assistant Director’).”;

16 (iii) in the second and third sentences,
17 by striking “Assistant Director” both
18 places such term appears and inserting
19 “Executive Assistant Director”; and

20 (B) in subsection (c), in the matter pre-
21 ceding paragraph (1), by striking “Assistant
22 Director for Emergency Communications” and
23 inserting “Executive Assistant Director”;

24 (C) in subsection (d), in the matter pre-
25 ceding paragraph (1), by striking “Assistant

1 Director for Emergency Communications” and
2 inserting “Executive Assistant Director”;

3 (D) in subsection (e), in the matter pre-
4 ceding paragraph (1), by striking “Assistant
5 Director for Emergency Communications” and
6 inserting “Executive Assistant Director”; and

7 (E) by adding at the end the following new
8 subsection:

9 “(g) REFERENCE.—Any reference to the Assistant
10 Director for Emergency Communications in any law, regu-
11 lation, map, document, record, or other paper of the
12 United States shall be deemed to be a reference to the
13 Executive Assistant Director for Emergency Communica-
14 tions.”.

15 (2) CONTINUATION IN OFFICE.—The individual
16 serving as the Assistant Director for Emergency
17 Communications of the Department of Homeland
18 Security on the day before the date of enactment of
19 this Act may serve as the Executive Assistant Direc-
20 tor for Emergency Communications on and after
21 that date.

22 **SEC. 9002. SECTOR RISK MANAGEMENT AGENCIES.**

23 (a) DEFINITIONS.—In this section:

1 (1) APPROPRIATE CONGRESSIONAL COMMIT-
2 TEES.—The term “appropriate congressional com-
3 mittees” means—

4 (A) the Committee on Homeland Security
5 and the Committee on Armed Services in the
6 House of Representatives; and

7 (B) the Committee on Homeland Security
8 and Governmental Affairs and the Committee
9 on Armed Services in the Senate.

10 (2) CRITICAL INFRASTRUCTURE.—The term
11 “critical infrastructure” has the meaning given that
12 term in section 1016(e) of Public Law 107–56 (42
13 U.S.C. 5195c(e)).

14 (3) DEPARTMENT.—The term “Department”
15 means the Department of Homeland Security.

16 (4) DIRECTOR.—The term “Director” means
17 the Director of the Cybersecurity and Infrastructure
18 Security Agency of the Department.

19 (5) INFORMATION SHARING AND ANALYSIS OR-
20 GANIZATION.—The term “information sharing and
21 analysis organization” has the meaning given that
22 term in section 2222(5) of the Homeland Security
23 Act of 2002 (6 U.S.C. 671(5)).

24 (6) SECRETARY.—The term “Secretary” means
25 the Secretary of Homeland Security.

1 (7) SECTOR RISK MANAGEMENT AGENCY.—The
2 term “sector risk management agency” has the
3 meaning given the term “Sector-Specific Agency” in
4 section 2201(5) of the Homeland Security Act of
5 2002 (6 U.S.C. 651(5)).

6 (b) CRITICAL INFRASTRUCTURE SECTOR DESIGNA-
7 TION.—

8 (1) INITIAL REVIEW.—Not later than 180 days
9 after the date of the enactment of this section, the
10 Secretary, in consultation with the heads of Sector
11 Risk Management Agencies, shall—

12 (A) review the current framework for se-
13 curing critical infrastructure, as described in
14 section 2202(c)(4) of the Homeland Security
15 Act (6 U.S.C. 652(c)(4)) and Presidential Pol-
16 icy Directive 21; and

17 (B) submit to the President and appro-
18 priate congressional committees a report that
19 includes—

20 (i) information relating to—

21 (I) the analysis framework or
22 methodology used to—

23 (aa) evaluate the current
24 framework for securing critical

1 infrastructure referred to in sub-
2 paragraph (A); and

3 (bb) develop recommenda-
4 tions to—

5 (AA) revise the current
6 list of critical infrastructure
7 sectors designated pursuant
8 to Presidential Policy Direc-
9 tive 21, any successor or re-
10 lated document, or policy; or

11 (BB) identify and des-
12 ignate any subsectors of
13 such sectors;

14 (II) the data, metrics, and other
15 information used to develop the rec-
16 ommendations required under clause
17 (ii); and

18 (ii) recommendations relating to—

19 (I) revising—

20 (aa) the current framework
21 for securing critical infrastruc-
22 ture referred to in subparagraph
23 (A);

24 (bb) the current list of crit-
25 ical infrastructure sectors des-

1 ignated pursuant to Presidential
2 Policy Directive 21, any suc-
3 cessor or related document, or
4 policy; or

5 (cc) the identification and
6 designation of any subsectors of
7 such sectors; and

8 (II) any revisions to the list of
9 designated Federal departments or
10 agencies that serve as the Sector Risk
11 Management Agency for a sector or
12 subsector of such section, necessary to
13 comply with paragraph (3)(B).

14 (2) PERIODIC EVALUATION BY THE SEC-
15 RETARY.—At least once every five years, the Sec-
16 retary, in consultation with the Director and the
17 heads of Sector Risk Management Agencies, shall—

18 (A) evaluate the current list of designated
19 critical infrastructure sectors and subsectors of
20 such sectors and the appropriateness of Sector
21 Risk Management Agency designations, as set
22 forth in Presidential Policy Directive 21, any
23 successor or related document, or policy; and

24 (B) recommend, as appropriate, to the
25 President—

1 (i) revisions to the current list of des-
2 ignated critical infrastructure sectors or
3 subsectors of such sectors; and

4 (ii) revisions to the designation of any
5 Federal department or agency designated
6 as the Sector Risk Management Agency
7 for a sector or subsector of such sector.

8 (3) REVIEW AND REVISION BY THE PRESI-
9 DENT.—Not later than 180 days after the Secretary
10 submits a recommendation pursuant to paragraph
11 (1) or (2), the President shall—

12 (A) review the recommendation and revise,
13 as appropriate, the designation of a critical in-
14 frastructure sector or subsector or the designa-
15 tion of a Sector Risk Management Agency; and

16 (B) submit to the appropriate congres-
17 sional committees, the Majority and Minority
18 Leaders of the Senate, and the Speaker and
19 Minority Leader of the House of Representa-
20 tives, a report that includes—

21 (i) an explanation with respect to the
22 basis for accepting or rejecting the rec-
23 ommendations of the Secretary; and

1 (ii) information relating to the anal-
2 ysis framework, methodology, metrics, and
3 data used to—

4 (I) evaluate the current frame-
5 work for securing critical infrastruc-
6 ture referred to in paragraph (1)(A);
7 and

8 (II) develop—

9 (aa) recommendations to re-
10 vise—

11 (AA) the list of critical
12 infrastructure sectors des-
13 ignated pursuant to Presi-
14 dential Policy Directive 21,
15 any successor or related doc-
16 ument, or policy; or

17 (BB) the designation of
18 any subsectors of such sec-
19 tors; and

20 (bb) the recommendations of
21 the Secretary.

22 (4) PUBLICATION.—Any designation of critical
23 infrastructure sectors shall be published in the Fed-
24 eral Register.

25 (c) SECTOR RISK MANAGEMENT AGENCIES.—

1 (1) IN GENERAL.—Subtitle A of title XXII of
2 the Homeland Security Act of 2002 is amended by
3 adding at the end the following new section:

4 **“SEC. 2215. SECTOR RISK MANAGEMENT AGENCIES.**

5 “(a) IN GENERAL.—Consistent with applicable law,
6 Presidential directives, Federal regulations, and strategic
7 guidance from the Secretary, each Sector Risk Manage-
8 ment Agency, in coordination with the Director, shall—
9 “(1) provide specialized sector-specific expertise
10 to critical infrastructure owners and operators with-
11 in its designated critical infrastructure sector or sub-
12 sector of such sector; and

13 “(2) support programs and associated activities
14 of such sector or subsector of such sector.

15 “(b) IMPLEMENTATION.—In carrying out this sec-
16 tion, Sector Risk Management Agencies shall—

17 “(1) coordinate with the Department and, as
18 appropriate, other relevant Federal departments and
19 agencies;

20 “(2) collaborate with critical infrastructure
21 owners and operators within the designated critical
22 infrastructure sector or subsector of such sector; and

23 “(3) coordinate with independent regulatory
24 agencies, and State, local, Tribal, and territorial en-
25 tities, as appropriate.

1 “(c) RESPONSIBILITIES.—Consistent with applicable
2 law, Presidential directives, Federal regulations, and stra-
3 tegic guidance from the Secretary, each Sector Risk Man-
4 agement Agency shall utilize its specialized expertise re-
5 garding its designated critical infrastructure sector or sub-
6 sector of such sector and authorities under applicable law
7 to—

8 “(1) support sector risk management, in coordi-
9 nation with the Director, including—

10 “(A) establishing and carrying out pro-
11 grams to assist critical infrastructure owners
12 and operators within the designated sector or
13 subsector of such sector in identifying, under-
14 standing, and mitigating threats, vulnerabilities,
15 and risks to their systems or assets, or within
16 a region, sector, or subsector of such sector;
17 and

18 “(B) recommending security measures to
19 mitigate the consequences of destruction, com-
20 promise, and disruption of systems and assets;

21 “(2) assess sector risk, in coordination with the
22 Director, including—

23 “(A) identifying, assessing, and prioritizing
24 risks within the designated sector or subsector
25 of such sector, considering physical security and

1 cybersecurity threats, vulnerabilities, and con-
2 sequences; and

3 “(B) supporting national risk assessment
4 efforts led by the Department;

5 “(3) sector coordination, including—

6 “(A) serving as a day-to-day Federal inter-
7 face for the prioritization and coordination of
8 sector-specific activities and responsibilities
9 under this title;

10 “(B) serving as the Federal Government
11 coordinating council chair for the designated
12 sector or subsector of such sector; and

13 “(C) participating in cross-sector coordi-
14 nating councils, as appropriate;

15 “(4) facilitating, in coordination with the Direc-
16 tor, the sharing with the Department and other ap-
17 propriate Federal department of information regard-
18 ing physical security and cybersecurity threats with-
19 in the designated sector or subsector of such sector,
20 including—

21 “(A) facilitating, in coordination with the
22 Director, access to, and exchange of, informa-
23 tion and intelligence necessary to strengthen
24 the security of critical infrastructure, including
25 through information sharing and analysis orga-

1 nizations and the national cybersecurity and
2 communications integration center established
3 pursuant to section 2209;

4 “(B) facilitating the identification of intel-
5 ligence needs and priorities of critical infra-
6 structure owners and operators in the des-
7 ignated sector or subsector of such sector, in
8 coordination with the Director of National In-
9 telligence and the heads of other Federal de-
10 partments and agencies, as appropriate;

11 “(C) providing the Director, and facili-
12 tating awareness within the designated sector
13 or subsector of such sector, of ongoing, and
14 where possible, real-time awareness of identified
15 threats, vulnerabilities, mitigations, and other
16 actions related to the security of such sector or
17 subsector of such sector; and

18 “(D) supporting the reporting require-
19 ments of the Department under applicable law
20 by providing, on an annual basis, sector-specific
21 critical infrastructure information;

22 “(5) supporting incident management, includ-
23 ing—

24 “(A) supporting, in coordination with the
25 Director, incident management and restoration

1 efforts during or following a security incident;
2 and

3 “(B) supporting the Director, upon re-
4 quest, in national cybersecurity asset response
5 activities for critical infrastructure; and

6 “(6) contributing to emergency preparedness ef-
7 forts, including—

8 “(A) coordinating with critical infrastruc-
9 ture owners and operators within the des-
10 ignated sector or subsector of such sector and
11 the Director in the development of planning
12 documents for coordinated action in the event
13 of a natural disaster, act of terrorism, or other
14 man-made disaster or emergency;

15 “(B) participating in and, in coordination
16 with the Director, conducting or facilitating, ex-
17 ercises and simulations of potential natural dis-
18 asters, acts of terrorism, or other man-made
19 disasters or emergencies within the designated
20 sector or subsector of such sector; and

21 “(C) supporting the Department and other
22 Federal departments or agencies in developing
23 planning documents or conducting exercises or
24 simulations when relevant to the designated sec-
25 tor or subsector or such sector.”.

1 (2) TECHNICAL AND CONFORMING AMEND-
2 MENTS.—The Homeland Security Act of 2002 is
3 amended—

4 (A) in section 320—

5 (i) in subsection (d)(3)(C), by striking
6 “Sector-Specific Agency” and inserting
7 “Sector Risk Management Agency”; and

8 (ii) in subsection (e)(1), by striking
9 “Sector-Specific Agency” and inserting
10 “Sector Risk Management Agency”;

11 (B) in section 524—

12 (i) in subsection (b)(2)(E)(i)(II), by
13 striking “sector-specific agency” and in-
14 serting “Sector Risk Management Agen-
15 cy”; and

16 (ii) in subsection (c)(1)(B), by strik-
17 ing “sector-specific agency” and inserting
18 “Sector Risk Management Agency”;

19 (C) in section 2201(5)—

20 (i) in the paragraph heading, by strik-
21 ing “SECTOR-SPECIFIC AGENCY” and in-
22 serting “SECTOR RISK MANAGEMENT
23 AGENCY”; and

1 (ii) by striking “Sector-Specific Agen-
2 cy” and inserting “Sector Risk Manage-
3 ment Agency”;

4 (D) in section 2202(i), by striking “Sector-
5 Specific Agency” and inserting “Sector Risk
6 Management Agency”; and

7 (E) in section 2214(c)(4), by striking “sec-
8 tor-specific agency” and inserting “Sector Risk
9 Management Agency”.

10 (3) REFERENCES.—Any reference to a Sector
11 Specific Agency (including any permutations or con-
12 jugations thereof) in any law, regulation, map, docu-
13 ment, record, or other paper of the United States
14 shall be deemed to—

15 (A) be a reference to the Sector Risk Man-
16 agement Agency of the relevant critical infra-
17 structure sector; and

18 (B) have the meaning give such term in
19 section 2201(5) of the Homeland Security Act
20 of 2002.

21 (4) CLERICAL AMENDMENT.—The table of con-
22 tents in section 1(b) of the Homeland Security Act
23 of 2002 is amended by inserting after the item relat-
24 ing to section 2214 the following new item:

“Sec. 2215. Sector Risk Management Agencies.”.

1 (d) REPORT AND AUDITING.—Not later than two
2 years after the date of the enactment of this Act and every
3 four years thereafter for 12 years, the Comptroller Gen-
4 eral of the United States shall submit to the Committee
5 on Homeland Security of the House of Representatives
6 and the Committee on Homeland Security and Govern-
7 mental Affairs of the Senate a report on the effectiveness
8 of Sector Risk Management Agencies in carrying out their
9 responsibilities under section 2215 of the Homeland Secu-
10 rity Act of 2002, as added by this section.

11 **SEC. 9003. REVIEW AND ANALYSIS OF INLAND WATERS SEA-**
12 **PORT SECURITY.**

13 (a) SEAPORT CARGO REVIEW.—

14 (1) ELEMENTS.—The Secretary of Homeland
15 Security shall conduct a review of all Great Lakes
16 and selected inland waters seaports that receive
17 international cargo—

18 (A) to determine, for each such seaport—

19 (i) the current screening capability,
20 including the types and numbers of screen-
21 ing equipment and whether such equip-
22 ment is physically located at a seaport or
23 assigned and available in the area and
24 made available to use;

1 (ii) the number of U.S. Customs and
2 Border Protection personnel assigned from
3 a Field Operations office, broken out by
4 role;

5 (iii) the expenditures for procurement
6 and overtime incurred by U.S. Customs
7 and Border Protection during the most re-
8 cent fiscal year;

9 (iv) the types of cargo received, such
10 as containerized, break-bulk, and bulk;

11 (v) the legal entity that owns the sea-
12 port;

13 (vi) a description of the use of space
14 at the seaport by U.S. Customs and Bor-
15 der Protection, including—

16 (I) whether U.S. Customs and
17 Border Protection or the General
18 Services Administration owns or
19 leases any facilities at the seaport;
20 and

21 (II) if U.S. Customs and Border
22 Protection is provided space at the
23 seaport, a description of such space,
24 including the number of workstations;
25 and

1 (vii) the current cost-sharing arrange-
2 ment for screening technology or reimburs-
3 able services;

4 (B) to identify, for each Field Operations
5 office—

6 (i) any ports of entry that are staffed
7 remotely from service ports;

8 (ii) the distance of each such service
9 port from the corresponding ports of entry;
10 and

11 (iii) the number of officers and the
12 types of equipment U.S. Customs and Bor-
13 der Protection uses to screen cargo enter-
14 ing or exiting through such ports; and

15 (C) that includes a threat assessment of
16 incoming containerized and noncontainerized
17 cargo at Great Lakes seaports and selected in-
18 land waters seaports.

19 (2) SEAPORT SELECTION.—In selecting sea-
20 ports on inland waters to include in the review under
21 paragraph (1), the Secretary of Homeland Security
22 shall ensure that the inland waters seaports are—

23 (A) equal in number to the Great Lakes
24 seaports included in the review;

1 (B) comparable to Great Lakes seaports
2 included in the review, as measured by number
3 of imported shipments arriving at the seaport
4 each year; and

5 (C) covered by at least the same number of
6 Field Operations offices as the Great Lakes
7 seaports included in the review, but are not cov-
8 ered by the same Field Operations offices as
9 such Great Lakes seaports.

10 (3) REPORT REQUIRED.—

11 (A) IN GENERAL.—Not later than 180
12 days after the date of the enactment of this
13 Act, the Secretary of Homeland Security shall
14 submit to the appropriate congressional com-
15 mittees a report containing—

16 (i) the results of the review conducted
17 pursuant to paragraph (1); and

18 (ii) an explanation of the methodology
19 used for such review regarding the screen-
20 ing practices for foreign cargo arriving at
21 seaports on the Great Lakes and inland
22 waters.

23 (B) FORM.—The report required under
24 subparagraph (A) shall be submitted in unclas-

1 sified form, to the maximum extent possible,
2 but may include a classified annex, if necessary.

3 (b) INLAND WATERS THREAT ANALYSIS.—

4 (1) IN GENERAL.—Not later than 180 days
5 after the date of the enactment of this Act, the Sec-
6 retary of Homeland Security shall submit to the ap-
7 propriate congressional committees an inland waters
8 threat analysis containing an identification and de-
9 scription of—

10 (A) current and potential terrorism and
11 criminal threats posed by individuals and
12 groups seeking—

13 (i) to enter the United States through
14 inland waters; or

15 (ii) to exploit security vulnerabilities
16 on inland waters;

17 (B) security challenges at inland waters
18 ports of the United States regarding—

19 (i) terrorism and instruments of ter-
20 ror entering the United States; or

21 (ii) criminal activity, as measured by
22 the total flow of illegal goods and illicit
23 drugs, related to the inland waters;

24 (C) security mitigation efforts with respect
25 to the inland waters—

1 (i) to prevent terrorists and instru-
2 ments of terror from entering the United
3 States; or

4 (ii) to reduce criminal activity related
5 to the inland waters;

6 (D) vulnerabilities related to cooperation
7 between State, local, tribal, and territorial law
8 enforcement, or international agreements, that
9 hinder effective security, counterterrorism, anti-
10 trafficking efforts, and the flow of legitimate
11 trade with respect to inland waters; and

12 (E) metrics and performance measures
13 used by the Secretary of Homeland Security to
14 evaluate inland waters security, as appropriate.

15 (2) ANALYSIS REQUIREMENTS.—In preparing
16 the threat analysis required under paragraph (1),
17 the Secretary of Homeland Security shall consider
18 and examine—

19 (A) technology needs and challenges;

20 (B) personnel needs and challenges;

21 (C) the roles of State, local, tribal, and ter-
22 ritorial law enforcement, private sector part-
23 ners, and the public, relating to inland waters
24 security;

1 (D) the need for cooperation among Fed-
2 eral, State, local, tribal, territorial, and inter-
3 national partner law enforcement, private sector
4 partners, and the public, relating to inland
5 waters security; and

6 (E) the challenges posed by geography
7 with respect to inland waters security.

8 (3) FORM.—The Secretary of Homeland Secu-
9 rity shall submit the threat analysis required under
10 paragraph (1) in unclassified form, to the maximum
11 extent possible, but may include a classified annex,
12 if necessary.

13 (c) APPROPRIATE CONGRESSIONAL COMMITTEES DE-
14 FINED.—In this section, the term “appropriate congres-
15 sional committees” means—

16 (1) the Committee on Homeland Security and
17 the Committee on Transportation and Infrastructure
18 of the House of Representatives; and

19 (2) the Committee on Homeland Security and
20 Governmental Affairs and the Committee on Com-
21 merce, Science, and Transportation of the Senate.

1 **SEC. 9004. DEPARTMENT OF HOMELAND SECURITY RE-**
2 **PORTS ON DIGITAL CONTENT FORGERY**
3 **TECHNOLOGY.**

4 (a) **REPORTS REQUIRED.**—Not later than one year
5 after the date of enactment of this Act, and annually
6 thereafter for 5 years, the Secretary of Homeland Secu-
7 rity, acting through the Under Secretary for Science and
8 Technology of the Department of Homeland Security, and
9 with respect to paragraphs (6) and (7) of subsection (b),
10 in consultation with the Director of National Intelligence,
11 shall submit to Congress a report on the state of digital
12 content forgery technology.

13 (b) **CONTENTS.**—Each report produced under sub-
14 section (a) shall include the following:

15 (1) An assessment of the underlying tech-
16 nologies used to create or propagate digital content
17 forgeries, including the evolution of such tech-
18 nologies and patterns of dissemination of such tech-
19 nologies.

20 (2) A description of the types of digital content
21 forgeries, including those used to commit fraud,
22 cause harm, harass, coerce, or silence vulnerable
23 groups or individuals, or violate civil rights recog-
24 nized under Federal law.

25 (3) An assessment of how foreign governments,
26 and the proxies and networks thereof, use, or could

1 use, digital content forgeries to harm national secu-
2 rity.

3 (4) An assessment of how non-governmental en-
4 tities in the United States use, or could use, digital
5 content forgeries.

6 (5) An assessment of the uses, applications,
7 dangers, and benefits, including the impact on indi-
8 viduals, of deep learning or digital content forgery
9 technologies used to generate realistic depictions of
10 events that did not occur.

11 (6) An analysis of the methods used to deter-
12 mine whether content is created by digital content
13 forgery technology, and an assessment of any effec-
14 tive heuristics used to make such a determination,
15 as well as recommendations on how to identify and
16 address suspect content and elements to provide
17 warnings to users of such content.

18 (7) A description of the technological counter-
19 measures that are, or could be, used to address con-
20 cerns with digital content forgery technology.

21 (8) Any additional information the Secretary
22 determines appropriate.

23 (c) CONSULTATION AND PUBLIC HEARINGS.—In pro-
24 ducing each report required under subsection (a), the Sec-
25 retary may—

1 (1) consult with any other agency of the Fed-
2 eral Government that the Secretary considers nec-
3 essary; and

4 (2) conduct public hearings to gather, or other-
5 wise allow interested parties an opportunity to
6 present, information and advice relevant to the pro-
7 duction of the report.

8 (d) FORM OF REPORT.—Each report required under
9 subsection (a) shall be produced in unclassified form, but
10 may contain a classified annex.

11 (e) APPLICABILITY OF OTHER LAWS.—

12 (1) FOIA.—Nothing in this section, or in a re-
13 port produced under this section, may be construed
14 to allow the disclosure of information or a record
15 that is exempt from public disclosure under section
16 552 of title 5, United States Code (commonly known
17 as the “Freedom of Information Act”).

18 (2) PAPERWORK REDUCTION ACT.—Subchapter
19 I of chapter 35 of title 44, United States Code (com-
20 monly known as the “Paperwork Reduction Act”),
21 shall not apply to this section.

22 (f) DIGITAL CONTENT FORGERY DEFINED.—In this
23 section, the term “digital content forgery technology”
24 means the use of emerging technologies, including artifi-
25 cial intelligence and machine learning techniques, to fab-

1 ricate or manipulate audio, visual, or text content with the
2 intent to mislead.

3 **SEC. 9005. GAO STUDY OF CYBERSECURITY INSURANCE.**

4 (a) STUDY.—The Comptroller General of the United
5 States shall conduct a study to assess and analyze the
6 state and availability of insurance coverage in the United
7 States for cybersecurity risks, including by—

8 (1) identifying the number and dollar volume of
9 cyber insurance policies currently in force and the
10 percentage of businesses, and specifically small busi-
11 nesses, that have cyber insurance coverage;

12 (2) assessing the extent to which States have
13 established minimum standards for the scope of
14 cyber insurance policies; and

15 (3) identifying any barriers to modeling and un-
16 derwriting cybersecurity risks.

17 (b) REPORT.—Not later than 180 days after the date
18 of the enactment of this Act, the Comptroller General shall
19 submit to Congress a report setting forth the findings and
20 conclusions of the study conducted under subsection (a),
21 including—

22 (1) recommendations on whether intervention
23 by the Federal Government would help facilitate the
24 growth and development of insurers offering cov-
25 erage for cybersecurity risks; and

1 (2) a discussion of the availability and afford-
2 ability of such coverage and policyholder education
3 regarding such coverage.

4 **SEC. 9006. STRATEGY TO SECURE EMAIL.**

5 (a) IN GENERAL.—Not later than December 31,
6 2021, the Secretary of Homeland Security shall develop
7 and submit to Congress a strategy, including rec-
8 ommendations, to implement across all United States-
9 based email providers Domain-based Message Authentica-
10 tion, Reporting, and Conformance standard at scale.

11 (b) ELEMENTS.—The strategy required under sub-
12 section (a) shall include the following:

13 (1) A recommendation for the minimum-size
14 threshold for United States-based email providers
15 for applicability of Domain-based Message Authen-
16 tication, Reporting, and Conformance.

17 (2) A description of the security and privacy
18 benefits of implementing the Domain-based Message
19 Authentication, Reporting, and Conformance stand-
20 ard at scale, including recommendations for national
21 security exemptions, as appropriate, as well as the
22 burdens of such implementation and an identifica-
23 tion of the entities on which such burdens would
24 most likely fall.

1 (3) An identification of key United States and
2 international stakeholders associated with such im-
3 plementation.

4 (4) An identification of any barriers to such im-
5 plementation, including a cost-benefit analysis where
6 feasible.

7 (5) An initial estimate of the total cost to the
8 Federal Government and implementing entities in
9 the private sector of such implementation, including
10 recommendations for defraying such costs, if appli-
11 cable.

12 (c) CONSULTATION.—In developing the strategy and
13 recommendations under subsection (a), the Secretary of
14 Homeland Security may, as appropriate, consult with rep-
15 resentatives from the information technology sector.

16 (d) DEFINITION.—In this section, the term “Domain-
17 based Message Authentication, Reporting, and Conform-
18 ance” means an email authentication, policy, and report-
19 ing protocol that verifies the authenticity of the sender of
20 an email and blocks and reports to the sender fraudulent
21 accounts.

1 **SEC. 9007. DEPARTMENT OF HOMELAND SECURITY LARGE-**
2 **SCALE NON-INTRUSIVE INSPECTION SCAN-**
3 **NING PLAN.**

4 (a) IN GENERAL.—Not later than 180 days after the
5 date of the enactment of this Act, the Secretary of Home-
6 land Security shall submit to the Committee on Homeland
7 Security and Governmental Affairs of the Senate and the
8 Committee on Homeland Security of the House of Rep-
9 resentatives a plan for increasing to 100 percent the rate
10 of high-throughput scanning of commercial and passenger
11 vehicles and freight rail traffic entering the United States
12 at land ports of entry and rail-border crossings along the
13 border using large-scale non-intrusive inspection systems
14 or similar technology to enhance border security.

15 (b) BASELINE INFORMATION.—The plan under sub-
16 section (a) shall include, at a minimum, the following in-
17 formation regarding large-scale non-intrusive inspection
18 systems or similar technology operated by U.S. Customs
19 and Border Protection at land ports of entry and rail-bor-
20 der crossings as of the date of the enactment of this Act:

21 (1) An inventory of large-scale non-intrusive in-
22 spection systems or similar technology in use at each
23 land port of entry.

24 (2) For each system or technology identified in
25 the inventory under paragraph (1)—

1 (A) the scanning method of such system or
2 technology;

3 (B) the location of such system or tech-
4 nology at each land port of entry that specifies
5 whether in use in pre-primary, primary, or sec-
6 ondary inspection area, or some combination of
7 such areas;

8 (C) the percentage of commercial and pas-
9 senger vehicles and freight rail traffic scanned
10 by such system or technology;

11 (D) seizure data directly attributed to
12 scanned commercial and passenger vehicles and
13 freight rail traffic; and

14 (E) the number of personnel required to
15 operate each system or technology.

16 (3) Information regarding the continued use of
17 other technology and tactics used for scanning, such
18 as canines and human intelligence in conjunction
19 with large scale, nonintrusive inspection systems.

20 (c) ELEMENTS.—The plan under subsection (a) shall
21 include the following elements:

22 (1) Benchmarks for achieving incremental
23 progress towards 100 percent high-throughput scan-
24 ning within the next 6 years of commercial and pas-
25 senger vehicles and freight rail traffic entering the

1 United States at land ports of entry and rail-border
2 crossings along the border with corresponding pro-
3 jected incremental improvements in scanning rates
4 by fiscal year and rationales for the specified time-
5 frames for each land port of entry.

6 (2) Estimated costs, together with an acquisi-
7 tion plan, for achieving the 100 percent high-
8 throughput scanning rate within the timeframes
9 specified in paragraph (1), including acquisition, op-
10 erations, and maintenance costs for large-scale, non-
11 intrusive inspection systems or similar technology,
12 and associated costs for any necessary infrastructure
13 enhancements or configuration changes at each port
14 of entry. Such acquisition plan shall promote, to the
15 extent practicable, opportunities for entities that
16 qualify as small business concerns (as defined under
17 section 3(a) of the Small Business Act (15 U.S.C.
18 632(a)).

19 (3) Any projected impacts, as identified by the
20 Commissioner of U.S. Customs and Border Protec-
21 tion, on the total number of commercial and pas-
22 senger vehicles and freight rail traffic entering at
23 land ports of entry and rail-border crossings where
24 such systems are in use, and average wait times at

1 peak and non-peak travel times, by lane type if ap-
2 plicable, as scanning rates are increased.

3 (4) Any projected impacts, as identified by the
4 Commissioner of U.S. Customs and Border Protec-
5 tion, on land ports of entry and rail-border crossings
6 border security operations as a result of implementa-
7 tion actions, including any changes to the number of
8 U.S. Customs and Border Protection officers or
9 their duties and assignments.

10 (d) ANNUAL REPORT.—Not later than one year after
11 the submission of the plan under subsection (a), and bien-
12 nially thereafter for the following six years, the Secretary
13 of Homeland Security shall submit to the Committee on
14 Homeland Security and Governmental Affairs of the Sen-
15 ate and the Committee on Homeland Security of the
16 House of Representatives a report that describes the
17 progress implementing the plan and includes—

18 (1) an inventory of large-scale, nonintrusive in-
19 spection systems or similar technology operated by
20 U.S. Customs and Border Protection at each land
21 port of entry;

22 (2) for each system or technology identified in
23 the inventory required under paragraph (1)—

24 (A) the scanning method of such system or
25 technology;

1 (B) the location of such system or tech-
2 nology at each land port of entry that specifies
3 whether in use in pre-primary, primary, or sec-
4 ondary inspection area, or some combination of
5 such areas;

6 (C) the percentage of commercial and pas-
7 senger vehicles and freight rail traffic scanned
8 by such system or technology; and

9 (D) seizure data directly attributed to
10 scanned commercial and passenger vehicles and
11 freight rail traffic;

12 (3) the total number of commercial and pas-
13 senger vehicles and freight rail traffic entering at
14 each land port of entry at which each system or
15 technology is in use, and information on average
16 wait times at peak and non-peak travel times, by
17 lane type if applicable;

18 (4) a description of the progress towards reach-
19 ing the benchmarks referred to in subsection (c)(1),
20 and an explanation if any of such benchmarks are
21 not achieved as planned;

22 (5) a comparison of actual costs (including in-
23 formation on any awards of associated contracts) to
24 estimated costs set forth in subsection (c)(2);

1 (6) any realized impacts, as identified by the
2 Commissioner of U.S. Customs and Border Protec-
3 tion, on land ports of entry and rail-border crossings
4 operations as a result of implementation actions, in-
5 cluding any changes to the number of U.S. Customs
6 and Border Protection officers or their duties and
7 assignments;

8 (7) any proposed changes to the plan and an
9 explanation for such changes, including changes
10 made in response to any Department of Homeland
11 Security research and development findings or
12 changes in terrorist or transnational criminal organi-
13 zations tactics, techniques, or procedures; and

14 (8) any challenges to implementing the plan or
15 meeting the benchmarks, and plans to mitigate any
16 such challenges.

17 (e) DEFINITIONS.—In this section:

18 (1) The term “large-scale, non-intrusive inspec-
19 tion system” means a technology, including x-ray,
20 gamma-ray, and passive imaging systems, capable of
21 producing an image of the contents of a commercial
22 or passenger vehicle or freight rail car in 1 pass of
23 such vehicle or car.

24 (2) The term “scanning” means utilizing non-
25 intrusive imaging equipment, radiation detection

1 equipment, or both, to capture data, including im-
2 ages of a commercial or passenger vehicle or freight
3 rail car.

4 **TITLE XCI—VETERANS AFFAIRS**
5 **MATTERS**

Sec. 9101. Modification of licensure requirements for Department of Veterans
Affairs health care professionals providing treatment via tele-
medicine.

Sec. 9102. Additional care for newborn children of veterans.

Sec. 9103. Expansion of eligibility for HUD-VASH.

Sec. 9104. Study on unemployment rate of women veterans who served on ac-
tive duty in the Armed Forces after September 11, 2001.

Sec. 9105. Access of veterans to Individual Longitudinal Exposure Record.

Sec. 9106. Department of Veterans Affairs report on undisbursed funds.

Sec. 9107. Transfer of Mare Island Naval Cemetery to Secretary of Veterans
Affairs for maintenance by National Cemetery Administration.

Sec. 9108. Comptroller General report on Department of Veterans Affairs han-
dling of disability compensation claims by certain veterans.

Sec. 9109. Additional diseases associated with exposure to certain herbicide
agents for which there is a presumption of service connection
for veterans who served in the Republic of Vietnam.

6 **SEC. 9101. MODIFICATION OF LICENSURE REQUIREMENTS**
7 **FOR DEPARTMENT OF VETERANS AFFAIRS**
8 **HEALTH CARE PROFESSIONALS PROVIDING**
9 **TREATMENT VIA TELEMEDICINE.**

10 Section 1730C(b) of title 38, United States Code, is
11 amended to read as follows:

12 “(b) COVERED HEALTH CARE PROFESSIONALS.—
13 For purposes of this section, a covered health care profes-
14 sional is any of the following individuals:

15 “(1) A health care professional who—

16 “(A) is an employee of the Department ap-
17 pointed under section 7306, 7401, 7405, 7406,
18 or 7408 of this title or under title 5;

1 “(B) is authorized by the Secretary to pro-
2 vide health care under this chapter;

3 “(C) is required to adhere to all standards
4 for quality relating to the provision of health
5 care in accordance with applicable policies of
6 the Department; and

7 “(D)(i) has an active, current, full, and
8 unrestricted license, registration, or certification
9 in a State to practice the health care profession
10 of the health care professional; or

11 “(ii) with respect to a health care profes-
12 sion listed under section 7402(b) of this title,
13 has the qualifications for such profession as set
14 forth by the Secretary.

15 “(2) A postgraduate health care employee
16 who—

17 “(A) is appointed under section 7401(1),
18 7401(3), or 7405 of this title or title 5 for any
19 category of personnel described in paragraph
20 (1) or (3) of section 7401 of this title;

21 “(B) must obtain an active, current, full,
22 and unrestricted license, registration, or certifi-
23 cation or meet qualification standards set forth
24 by the Secretary within a specified time frame;
25 and

1 “(C) is under the clinical supervision of a
2 health care professional described in paragraph
3 (1); or

4 “(3) A health professions trainee who—

5 “(A) is appointed under section 7405 or
6 7406 of this title; and

7 “(B) is under the clinical supervision of a
8 health care professional described in paragraph
9 (1).”.

10 **SEC. 9102. ADDITIONAL CARE FOR NEWBORN CHILDREN OF**
11 **VETERANS.**

12 Section 1786 of title 38, United States Code, is
13 amended—

14 (1) in subsection (a), by striking “The Sec-
15 retary” and inserting “Except as provided in sub-
16 section (c), the Secretary”; and

17 (2) by adding at the end the following new sub-
18 section:

19 “(c) EXCEPTION BASED ON MEDICAL NECESSITY.—

20 Pursuant to such regulations as the Secretary shall pre-
21 scribe to carry out this section, the Secretary may furnish
22 more than seven days of health care services described in
23 subsection (b), and may furnish transportation necessary
24 to receive such services, to a newborn child based on med-
25 ical necessity if the child is in need of additional care, in-

1 cluding if the child has been discharged or released from
2 a hospital and requires readmittance to ensure the health
3 and welfare of the child.”.

4 **SEC. 9103. EXPANSION OF ELIGIBILITY FOR HUD-VASH.**

5 (a) HUD PROVISIONS.—Section 8(o)(19) of the
6 United States Housing Act of 1937 (42 U.S.C.
7 1437f(o)(19)) is amended by adding at the end the fol-
8 lowing new subparagraph:

9 “(D) VETERAN DEFINED.—In this para-
10 graph, the term ‘veteran’ has the meaning given
11 that term in section 2002(b) of title 38, United
12 States Code.”.

13 (b) VHA CASE MANAGERS.—Subsection (b) of sec-
14 tion 2003 of title 38, United States Code, is amended by
15 adding at the end the following: “In the case of vouchers
16 provided under the HUD-VASH program under section
17 8(o)(19) of such Act, for purposes of the preceding sen-
18 tence, the term ‘veteran’ shall have the meaning given
19 such term in section 2002(b) of this title.”.

20 (c) ANNUAL REPORTS.—

21 (1) IN GENERAL.—Not less frequently than
22 once each year, the Secretary of Veterans Affairs
23 shall submit to the Committee on Veterans’ Affairs
24 of the Senate and the Committee on Veterans’ Af-
25 fairs of the House of Representatives a report on the

1 homelessness services provided under programs of
2 the Department of Veterans Affairs, including serv-
3 ices under HUD–VASH program under section
4 8(o)(19) of the United States Housing Act of 1937
5 (42 U.S.C. 1437f(o)(19)).

6 (2) INCLUDED INFORMATION.—Each such an-
7 nual report shall include, with respect to the year
8 preceding the submittal of the report, a statement of
9 the number of eligible individuals who were fur-
10 nished such homelessness services and the number of
11 individuals furnished such services under each such
12 program, disaggregated by the number of men who
13 received such services and the number of women
14 who received such services, and such other informa-
15 tion as the Secretary considers appropriate.

16 **SEC. 9104. STUDY ON UNEMPLOYMENT RATE OF WOMEN**
17 **VETERANS WHO SERVED ON ACTIVE DUTY IN**
18 **THE ARMED FORCES AFTER SEPTEMBER 11,**
19 **2001.**

20 (a) STUDY.—

21 (1) IN GENERAL.—Not later than 180 days
22 after the date of the enactment of this Act, the Sec-
23 retary of Veterans Affairs, in consultation with the
24 Bureau of Labor Statistics of the Department of
25 Labor, shall conduct a study on why post-9/11 vet-

1 erans who are women are at higher risk of unem-
2 ployment than all other groups of women veterans
3 and their non-veteran counterparts.

4 (2) CONDUCT OF STUDY.—

5 (A) IN GENERAL.—The Secretary shall
6 conduct the study under paragraph (1) through
7 the Center for Women Veterans under section
8 318 of title 38, United States Code.

9 (B) CONSULTATION.—In carrying out the
10 study conducted under paragraph (1), the Sec-
11 retary may consult with—

12 (i) the Department of Labor;

13 (ii) other Federal agencies, including
14 the Department of Defense, the Office of
15 Personnel Management, and the Small
16 Business Administration;

17 (iii) foundations; and

18 (iv) other entities in the private sec-
19 tor.

20 (3) ELEMENTS OF STUDY.—The study con-
21 ducted under paragraph (1) shall include, with re-
22 spect to post-9/11 veterans who are women, an anal-
23 ysis of each of the following:

24 (A) Rank at the time of separation from
25 the Armed Forces.

1 (B) Geographic location of residence upon
2 such separation.

3 (C) Highest level of education achieved as
4 of the time of such separation.

5 (D) The percentage of such veterans who
6 enrolled in a program of education or an em-
7 ployment training program of the Department
8 of Veterans Affairs or the Department of Labor
9 after such separation.

10 (E) Industries that have employed such
11 veterans.

12 (F) Military occupational specialties of
13 such veterans while serving as members of the
14 Armed Forces.

15 (G) Barriers to employment of such vet-
16 erans.

17 (H) Causes of the fluctuations in employ-
18 ment of such veterans.

19 (I) Employment training programs of the
20 Department of Veterans Affairs or the Depart-
21 ment of Labor that are available to such vet-
22 erans as of the date of the enactment of this
23 Act.

24 (J) Economic indicators that affect the un-
25 employment of such veterans.

1 (K) Health conditions of such veterans
2 that could affect employment.

3 (L) Whether there are differences in the
4 analyses conducted under subparagraphs (A)
5 through (K) depending on the race of such vet-
6 erans.

7 (M) The difference between unemployment
8 rates of post-9/11 veterans who are women
9 compared to unemployment rates of post-9/11
10 veterans who are men, including an analysis of
11 potential causes of such difference.

12 (N) Such other matters as the Secretary
13 determines appropriate.

14 (b) REPORT.—

15 (1) IN GENERAL.—Not later than 90 days after
16 completing the study under subsection (a), the Sec-
17 retary shall submit to the Committee on Veterans'
18 Affairs of the Senate and the Committee on Vet-
19 erans' Affairs of the House of Representatives a re-
20 port on such study.

21 (2) ELEMENTS.—The report required by para-
22 graph (1) shall include the following:

23 (A) The analysis conducted under sub-
24 section (a)(3).

1 (B) A description of the methods used to
2 conduct the study under subsection (a).

3 (C) Such other matters relating to the un-
4 employment rates of post-9/11 veterans who are
5 women as the Secretary considers appropriate.

6 (c) POST-9/11 VETERAN DEFINED.—In this section,
7 the term “post-9/11 veteran” means a veteran who served
8 on active duty in the Armed Forces on or after September
9 11, 2001.

10 **SEC. 9105. ACCESS OF VETERANS TO INDIVIDUAL LONGITU-**
11 **DINAL EXPOSURE RECORD.**

12 The Secretary of Veterans Affairs shall provide to a
13 veteran read-only access to the documents of the veteran
14 contained in the Individual Longitudinal Exposure Record
15 in a printable format through a portal accessible through
16 an internet website of the Department of Veterans Affairs.

17 **SEC. 9106. DEPARTMENT OF VETERANS AFFAIRS REPORT**
18 **ON UNDISBURSED FUNDS.**

19 (a) REPORT REQUIRED.—Not later than 120 days
20 after the date of the enactment of this Act, the Secretary
21 of Veterans Affairs shall submit to the Committees on
22 Veterans’ Affairs of the Senate and House of Representa-
23 tives a report on the undisbursed funds of the Department
24 of Veterans Affairs.

1 (b) ELEMENTS.—The report required under sub-
2 section (a) shall include each of the following:

3 (1) The total quantities and value, for each of
4 the preceding ten fiscal years, of—

5 (A) the undisbursed funds in the posses-
6 sion of the Department; and

7 (B) the undisbursed funds of the Depart-
8 ment that were transferred to the Department
9 of Treasury.

10 (2) The policies and procedures of the Depart-
11 ment for managing undisbursed funds and for com-
12 municating with veterans, other beneficiaries, and
13 heirs regarding undisbursed funds.

14 (3) The challenges regarding the policies and
15 procedures identified under paragraph (2), any legal
16 barriers to improving such policies and procedures,
17 and the plans of the Secretary for improvement.

18 (c) REVIEW OF REPORT.—The Comptroller General
19 of the United States shall conduct a review of the report
20 submitted under subsection (a).

21 (d) UNDISBURSED FUNDS DEFINED.—The term
22 “undisbursed funds”—

23 (1) means any amount of money that is owed
24 to a beneficiary and that has not been disbursed—

1 (A) in the case of an amount that is owed
2 by reason of an insurance benefit under chapter
3 19 of title 38, United States Code, for a period
4 of one year or longer; or

5 (B) in the case of an amount that is owed
6 by reason of any other benefit under the laws
7 administered by the Secretary of Veterans Af-
8 fairs, for a period of 30 days or longer; and

9 (2) does not include any amount of money
10 that—

11 (A) has not been disbursed due to a con-
12 tested claim for benefits under the laws admin-
13 istered by the Secretary; or

14 (B) is in dispute by two or more parties
15 over who is the entitled beneficiary.

16 **SEC. 9107. TRANSFER OF MARE ISLAND NAVAL CEMETERY**
17 **TO SECRETARY OF VETERANS AFFAIRS FOR**
18 **MAINTENANCE BY NATIONAL CEMETERY AD-**
19 **MINISTRATION.**

20 (a) AGREEMENT.—Beginning on the date that is 180
21 days after the date on which the Secretary submits the
22 report required by subsection (c)(1), the Secretary of Vet-
23 erans Affairs shall seek to enter into an agreement with
24 the city of Vallejo, California, under which the city of
25 Vallejo shall transfer to the Secretary all right, title, and

1 interest in the Mare Island Naval Cemetery in Vallejo,
2 California, at no cost to the Secretary. The Secretary shall
3 seek to enter into such agreement before the date that
4 is one year after the date on which such report is sub-
5 mitted.

6 (b) MAINTENANCE BY NATIONAL CEMETERY ADMIN-
7 ISTRATION.—If the Mare Island Naval Cemetery is trans-
8 ferred to the Secretary of Veterans Affairs pursuant to
9 subsection (a), the National Cemetery Administration
10 shall maintain the cemetery in the same manner as other
11 cemeteries under the jurisdiction of the National Cemetery
12 Administration.

13 (c) REPORT.—

14 (1) IN GENERAL.—Not later than 180 days
15 after the date of the enactment of this Act, the Sec-
16 retary shall submit to the Committee on Veterans'
17 Affairs of the Senate and the Committee on Vet-
18 erans' Affairs of the House of Representatives a re-
19 port on the feasibility and advisability of exercising
20 the authority to enter into an agreement under sub-
21 section (a).

22 (2) CONTENTS.—The report submitted under
23 paragraph (1) shall include the following:

24 (A) An assessment of the feasibility and
25 advisability of entering into such an agreement.

1 (B) An estimate of the costs, including
2 both direct and indirect costs, that the Depart-
3 ment of Veterans Affairs would incur by enter-
4 ing into such an agreement.

5 (d) SENSE OF CONGRESS.—It is the sense of Con-
6 gress that—

7 (1) it is only potentially advisable and feasible
8 to transfer the Mare Island Naval Cemetery from
9 the city of Vallejo, California, to the Department of
10 Veterans Affairs because the cemetery was pre-
11 viously under the control of the Department of De-
12 fense; and

13 (2) the City of Vallejo should provide in-kind
14 non-monetary contributions for the improvement and
15 maintenance of Mare Island Naval Cemetery, includ-
16 ing labor and equipment, to the extent practicable,
17 to the Department of Veterans Affairs, following any
18 transfer of the cemetery to the Department.

19 **SEC. 9108. COMPTROLLER GENERAL REPORT ON DEPART-**
20 **MENT OF VETERANS AFFAIRS HANDLING OF**
21 **DISABILITY COMPENSATION CLAIMS BY CER-**
22 **TAIN VETERANS.**

23 Not later than one year after the date of the enact-
24 ment of this Act, the Comptroller General of the United
25 States shall submit to Congress a report containing an

1 evaluation of how the Department of Veterans Affairs has
2 handled claims for disability compensation under the laws
3 administered by the Secretary of Veterans Affairs sub-
4 mitted by veterans who—

5 (1) have type 1 diabetes; and

6 (2) have been exposed to an herbicide agent (as
7 defined in section 1116(a)(3) of title 38, United
8 States Code).

9 **SEC. 9109. ADDITIONAL DISEASES ASSOCIATED WITH EXPO-**
10 **SURE TO CERTAIN HERBICIDE AGENTS FOR**
11 **WHICH THERE IS A PRESUMPTION OF SERV-**
12 **ICE CONNECTION FOR VETERANS WHO**
13 **SERVED IN THE REPUBLIC OF VIETNAM.**

14 Section 1116(a)(2) of title 38, United States Code,
15 is amended by adding at the end the following new sub-
16 paragraphs:

17 “(I) Parkinsonism.

18 “(J) Bladder cancer.

19 “(K) Hypothyroidism.”.

20 **TITLE XCII—COMMUNICATIONS**
21 **MATTERS**

Sec. 9201. Reliable emergency alert distribution improvement.

Sec. 9202. Wireless supply chain innovation and multilateral security.

Sec. 9203. Spectrum information technology modernization efforts.

Sec. 9204. Internet of Things.

1 **SEC. 9201. RELIABLE EMERGENCY ALERT DISTRIBUTION**
2 **IMPROVEMENT.**

3 (a) WIRELESS EMERGENCY ALERTS SYSTEM OFFER-
4 INGS.—

5 (1) AMENDMENT.—Section 602(b)(2)(E) of the
6 Warning, Alert, and Response Network Act (47
7 U.S.C. 1201(b)(2)(E)) is amended—

8 (A) by striking the second and third sen-
9 tences; and

10 (B) by striking “other than an alert issued
11 by the President.” and inserting the following:
12 “other than an alert issued by—

13 “(i) the President; or

14 “(ii) the Administrator of the Federal
15 Emergency Management Agency.”.

16 (2) REGULATIONS.—Not later than 180 days
17 after the date of enactment of this Act, the Commis-
18 sion, in consultation with the Administrator, shall
19 adopt regulations to implement the amendment
20 made by paragraph (1)(B).

21 (b) STATE EMERGENCY ALERT SYSTEM PLANS AND
22 EMERGENCY COMMUNICATIONS COMMITTEES.—

23 (1) STATE EMERGENCY COMMUNICATIONS COM-
24 MITTEE.—Not later than 180 days after the date of
25 enactment of this Act, the Commission shall adopt
26 regulations that—

1 (A) encourage the chief executive of each
2 State—

3 (i) to establish an SECC if the State
4 does not have an SECC; or

5 (ii) if the State has an SECC, to re-
6 view the composition and governance of the
7 SECC;

8 (B) provide that—

9 (i) each SECC, not less frequently
10 than annually, shall—

11 (I) meet to review and update its
12 State EAS Plan;

13 (II) certify to the Commission
14 that the SECC has met as required
15 under subclause (I); and

16 (III) submit to the Commission
17 an updated State EAS Plan; and

18 (ii) not later than 60 days after the
19 date on which the Commission receives an
20 updated State EAS Plan under clause
21 (i)(III), the Commission shall—

22 (I) approve or disapprove the up-
23 dated State EAS Plan; and

24 (II) notify the chief executive of
25 the State of the Commission's ap-

1 proval or disapproval of such plan,
2 and reason therefor; and

3 (C) establish a State EAS Plan content
4 checklist for SECCs to use when reviewing and
5 updating a State EAS Plan for submission to
6 the Commission under subparagraph (B)(i).

7 (2) CONSULTATION.—The Commission shall
8 consult with the Administrator regarding the adop-
9 tion of regulations under paragraph (1)(C).

10 (3) DEFINITIONS.—In this subsection—

11 (A) the term “SECC” means a State
12 Emergency Communications Committee;

13 (B) the term “State” means any State of
14 the United States, the District of Columbia, the
15 Commonwealth of Puerto Rico, the United
16 States Virgin Islands, Guam, American Samoa,
17 the Commonwealth of the Northern Mariana Is-
18 lands, and any possession of the United States;
19 and

20 (C) the term “State EAS Plan” means a
21 State Emergency Alert System Plan.

22 (c) FALSE ALERT REPORTING.—Not later than 180
23 days after the date of enactment of this Act, the Commis-
24 sion, in consultation with the Administrator, shall com-
25 plete a rulemaking proceeding to establish a system to re-

1 ceive from the Administrator or State, Tribal, or local gov-
2 ernments reports of false alerts under the Emergency
3 Alert System or the Wireless Emergency Alerts System
4 for the purpose of recording such false alerts and exam-
5 ining the causes of such false alerts.

6 (d) REPEATING EMERGENCY ALERT SYSTEM MES-
7 SAGES FOR NATIONAL SECURITY.—

8 (1) IN GENERAL.—Not later than 180 days
9 after the date of enactment of this Act, the Commis-
10 sion, in consultation with the Administrator, shall
11 complete a rulemaking proceeding to modify the
12 Emergency Alert System to provide for repeating
13 Emergency Alert System messages while an alert re-
14 mains pending that is issued by—

15 (A) the President;

16 (B) the Administrator; or

17 (C) any other entity determined appro-
18 priate under the circumstances by the Commis-
19 sion, in consultation with the Administrator.

20 (2) SCOPE OF RULEMAKING.—Paragraph (1)
21 shall—

22 (A) apply to warnings of national security
23 events, meaning emergencies of national signifi-
24 cance, such as a missile threat, terror attack, or
25 other act of war or threat to public safety; and

1 (B) not apply to more typical warnings,
2 such as a weather alert, AMBER Alert, or dis-
3 aster alert.

4 (3) RULE OF CONSTRUCTION.—Nothing in this
5 subsection shall be construed to impair, limit, or
6 otherwise change—

7 (A) the authority of the President granted
8 by law to alert and warn the public; or

9 (B) the role of the President as com-
10 mander-in-chief with respect to the identifica-
11 tion, dissemination, notification, or alerting of
12 information of missile threats against the
13 United States, or threats to public safety.

14 (e) INTERNET AND ONLINE STREAMING SERVICES
15 EMERGENCY ALERT EXAMINATION.—

16 (1) STUDY.—Not later than 180 days after the
17 date of enactment of this Act, and after providing
18 public notice and opportunity for comment, the
19 Commission shall complete an inquiry to examine
20 the feasibility of updating the Emergency Alert Sys-
21 tem to enable or improve alerts to consumers pro-
22 vided through the internet, including through
23 streaming services.

24 (2) REPORT.—Not later than 90 days after
25 completing the inquiry under paragraph (1), the

1 Commission shall submit a report on the findings
2 and conclusions of the inquiry to—

3 (A) the Committee on Commerce, Science,
4 and Transportation of the Senate; and

5 (B) the Committee on Energy and Com-
6 merce of the House of Representatives.

7 (f) DEFINITIONS.—In this section—

8 (1) the term “Administrator” means the Ad-
9 ministrator of the Federal Emergency Management
10 Agency;

11 (2) the term “Commission” means the Federal
12 Communications Commission;

13 (3) the term “Emergency Alert System” means
14 the national public warning system, the rules for
15 which are set forth in part 11 of title 47, Code of
16 Federal Regulations (or any successor regulation);
17 and

18 (4) the term “Wireless Emergency Alerts Sys-
19 tem” means the wireless national public warning
20 system established under the Warning, Alert, and
21 Response Network Act (47 U.S.C. 1201 et seq.), the
22 rules for which are set forth in part 10 of title 47,
23 Code of Federal Regulations (or any successor regu-
24 lation).

1 **SEC. 9202. WIRELESS SUPPLY CHAIN INNOVATION AND**
2 **MULTILATERAL SECURITY.**

3 (a) COMMUNICATIONS TECHNOLOGY SECURITY
4 FUNDS.—

5 (1) PUBLIC WIRELESS SUPPLY CHAIN INNOVA-
6 TION FUND.—

7 (A) ESTABLISHMENT.—

8 (i) IN GENERAL.—There is established
9 in the Treasury of the United States a
10 trust fund to be known as the “Public
11 Wireless Supply Chain Innovation Fund”
12 (referred to in this paragraph as the “In-
13 novation Fund”).

14 (ii) AVAILABILITY.—

15 (I) IN GENERAL.—Amounts ap-
16 propriated to the Innovation Fund
17 shall remain available through the end
18 of the tenth fiscal year beginning
19 after the date on which funds are ap-
20 propriated to the Fund.

21 (II) REMAINDER TO TREAS-
22 URY.—Any amounts remaining in the
23 Innovation Fund after the end of the
24 tenth fiscal year beginning after the
25 date of appropriation shall be depos-

1 ited in the general fund of the Treas-
2 ury.

3 (B) USE OF FUND.—

4 (i) IN GENERAL.—Amounts appro-
5 priated to the Innovation Fund shall be
6 available to the Secretary, acting through
7 the NTIA Administrator, to make grants
8 on a competitive basis under this para-
9 graph in such amounts as the Secretary,
10 acting through the NTIA Administrator,
11 determines appropriate, subject to clause
12 (ii).

13 (ii) LIMITATION ON GRANT
14 AMOUNTS.—The amount of a grant award-
15 ed under this paragraph to a recipient for
16 a specific research focus area may not ex-
17 ceed \$50,000,000.

18 (C) ADMINISTRATION OF FUND.—The Sec-
19 retary, acting through the NTIA Administrator,
20 in consultation with the Commission, the Under
21 Secretary of Commerce for Standards and
22 Technology, the Secretary of Homeland Secu-
23 rity, the Secretary of Defense, and the Director
24 of the Intelligence Advanced Research Projects
25 Activity of the Office of the Director of Na-

1 tional Intelligence, shall establish criteria for
2 grants awarded under this paragraph, by the
3 NTIA Administrator and administer the Inno-
4 vation Fund, to support the following:

5 (i) Promoting and deploying tech-
6 nology, including software, hardware, and
7 microprocessing technology, that will en-
8 hance competitiveness in the fifth-genera-
9 tion (commonly known as “5G”) and suc-
10 cessor wireless technology supply chains
11 that use open and interoperable interface
12 radio access networks.

13 (ii) Accelerating commercial deploy-
14 ments of open interface standards-based
15 compatible, interoperable equipment, such
16 as equipment developed pursuant to the
17 standards set forth by organizations such
18 as the O-RAN Alliance, the Telecom Infra
19 Project, 3GPP, the Open-RAN Software
20 Community, or any successor organiza-
21 tions.

22 (iii) Promoting and deploying compat-
23 ibility of new 5G equipment with future
24 open standards-based, interoperable equip-
25 ment.

1 (iv) Managing integration of multi-
2 vendor network environments.

3 (v) Identifying objective criteria to de-
4 fine equipment as compliant with open
5 standards for multi-vendor network equip-
6 ment interoperability.

7 (vi) Promoting and deploying security
8 features enhancing the integrity and avail-
9 ability of equipment in multi-vendor net-
10 works.

11 (vii) Promoting and deploying network
12 function virtualization to facilitate multi-
13 vendor interoperability and a more diverse
14 vendor market.

15 (D) NONDUPLICATION.—To the greatest
16 extent practicable, the Secretary, acting
17 through the NTIA Administrator, shall ensure
18 that any research funded by a grant awarded
19 under this paragraph avoids duplication of
20 other Federal or private sector research.

21 (E) TIMING.—Not later than one year
22 after the date on which funds are appropriated
23 to the Innovation Fund, the Secretary, acting
24 through the NTIA Administrator, shall begin
25 awarding grants under this paragraph.

1 (F) FEDERAL ADVISORY BODY.—

2 (i) ESTABLISHMENT.—The Secretary,
3 acting through the NTIA Administrator,
4 and in consultation with the Under Sec-
5 retary of Commerce for Standards and
6 Technology, shall establish a Federal advi-
7 sory committee, in accordance with the
8 Federal Advisory Committee Act (5 U.S.C.
9 App.), composed of government and pri-
10 vate sector experts, to advise the Secretary
11 and the NTIA Administrator on the ad-
12 ministration of the Innovation Fund.

13 (ii) COMPOSITION.—The advisory
14 committee established under clause (i)
15 shall be composed of—

16 (I) representatives from—

17 (aa) the Commission;

18 (bb) the Department of De-
19 fense;

20 (cc) the Intelligence Ad-
21 vanced Research Projects Activ-
22 ity of the Office of the Director
23 of National Intelligence;

24 (dd) the National Institute
25 of Standards and Technology;

3441

1 (ee) the Department of
2 State;

3 (ff) the National Science
4 Foundation;

5 (gg) the Department of
6 Homeland Security; and

7 (hh) the National Tele-
8 communications and Information
9 Administration; and

10 (II) other representatives from
11 the private and public sectors, at the
12 discretion of the NTIA Administrator.

13 (iii) DUTIES.—The advisory com-
14 mittee established under clause (i) shall
15 advise the Secretary and the NTIA Admin-
16 istrator on technology developments to help
17 inform—

18 (I) the strategic direction of the
19 Innovation Fund; and

20 (II) efforts of the Federal Gov-
21 ernment to promote a more secure, di-
22 verse, sustainable, and competitive
23 supply chain.

24 (G) REPORTS TO CONGRESS.—

1 (i) INITIAL REPORT.—Not later than
2 180 days after the date of the enactment
3 of this Act, the Secretary, acting through
4 the NTIA Administrator, shall submit to
5 the relevant committees of Congress a re-
6 port with—

7 (I) additional recommendations
8 on promoting the competitiveness and
9 sustainability of trusted suppliers in
10 the wireless supply chain; and

11 (II) any additional authorities
12 needed to facilitate the timely adop-
13 tion of open standards-based equip-
14 ment, including authority to provide
15 loans, loan guarantees, and other
16 forms of credit extension that would
17 maximize the use of funds.

18 (ii) ANNUAL REPORT.—For each fis-
19 cal year for which amounts in the Innova-
20 tion Fund are available under this para-
21 graph, the Secretary, acting through the
22 NTIA Administrator, shall submit to Con-
23 gress a report that—

1 (I) describes how, and to whom,
2 amounts in the Innovation Fund have
3 been deployed;

4 (II) details the progress of the
5 Secretary and the NTIA Adminis-
6 trator in meeting the objectives de-
7 scribed in subparagraph (C); and

8 (III) includes any additional in-
9 formation that the Secretary and the
10 NTIA Administrator determine appro-
11 priate.

12 (2) MULTILATERAL TELECOMMUNICATIONS SE-
13 CURITY FUND.—

14 (A) ESTABLISHMENT OF FUND.—

15 (i) IN GENERAL.—There is established
16 in the Treasury of the United States a
17 trust fund to be known as the “Multilat-
18 eral Telecommunications Security Fund”.

19 (ii) USE OF FUND.—Amounts appro-
20 priated to the Multilateral Telecommuni-
21 cations Security Fund shall be available to
22 the Secretary of State to make expendi-
23 tures under this paragraph in such
24 amounts as the Secretary of State deter-
25 mines appropriate.

1 (iii) AVAILABILITY.—

2 (I) IN GENERAL.—Amounts ap-
3 propriated to the Multilateral Tele-
4 communications Security Fund—

5 (aa) shall remain available
6 through the end of the tenth fis-
7 cal year beginning after the date
8 of appropriation; and

9 (bb) may only be allocated
10 upon the Secretary of State
11 reaching an arrangement or
12 agreement with foreign govern-
13 ment partners to participate in
14 the common funding mechanism
15 described in subparagraph (B).

16 (II) REMAINDER TO TREAS-
17 URY.—Any amounts remaining in the
18 Multilateral Telecommunications Se-
19 curity Fund after the end of the tenth
20 fiscal year beginning after the date of
21 the enactment of this Act shall be de-
22 posited in the general fund of the
23 Treasury.

24 (B) ADMINISTRATION OF FUND.—The Sec-
25 retary of State, in consultation with the NTIA

1 Administrator, the Secretary of Homeland Se-
2 curity, the Secretary of Defense, the Secretary
3 of the Treasury, the Director of National Intel-
4 ligence, and the Commission, is authorized to
5 establish a common funding mechanism, in co-
6 ordination with foreign partners, that uses
7 amounts from the Multilateral Telecommuni-
8 cations Security Fund to support the develop-
9 ment and adoption of secure and trusted tele-
10 communications technologies. In creating and
11 sustaining a common funding mechanism, the
12 Secretary of State should leverage United
13 States funding in order to secure commitments
14 and contributions from trusted foreign partners
15 such as the United Kingdom, Canada, Aus-
16 tralia, New Zealand, and Japan, and should
17 prioritize the following objectives:

18 (i) Advancing research and develop-
19 ment of secure and trusted communica-
20 tions technologies.

21 (ii) Strengthening supply chains.

22 (iii) Promoting the use of trusted ven-
23 dors.

24 (C) ANNUAL REPORT TO CONGRESS.—Not
25 later than 1 year after the date of the enact-

1 ment of this Act, and annually thereafter for
2 each fiscal year during which amounts in the
3 Multilateral Telecommunications Security Fund
4 are available, the Secretary of State shall sub-
5 mit to the relevant committees of Congress a
6 report on the status and progress of the fund-
7 ing mechanism established under subparagraph
8 (B), including—

9 (i) any funding commitments from
10 foreign partners, including each specific
11 amount committed;

12 (ii) governing criteria for use of the
13 Multilateral Telecommunications Security
14 Fund;

15 (iii) an account of—

16 (I) how, and to whom, funds
17 have been deployed;

18 (II) amounts remaining in the
19 Multilateral Telecommunications Se-
20 curity Fund; and

21 (III) the progress of the Sec-
22 retary of State in meeting the objec-
23 tive described in subparagraph (B);
24 and

1 (iv) additional authorities needed to
2 enhance the effectiveness of the Multilat-
3 eral Telecommunications Security Fund in
4 achieving the security goals of the United
5 States.

6 (D) NOTIFICATIONS TO BE PROVIDED BY
7 THE FUND.—

8 (i) IN GENERAL.—Not later than 15
9 days prior to the Fund making a financial
10 commitment associated with the provision
11 of expenditures under subparagraph (A)(ii)
12 in an amount in excess of \$1,000,000, the
13 Secretary of State shall submit to the ap-
14 propriate congressional committees a re-
15 port in writing that contains the informa-
16 tion required by clause (ii).

17 (ii) INFORMATION REQUIRED.—The
18 information required by this clause in-
19 cludes—

20 (I) the amount of each such ex-
21 penditure;

22 (II) an identification of the re-
23 cipient or beneficiary; and

24 (III) a description of the project
25 or activity and the purpose to be

1 achieved of an expenditure by the
2 Fund.

3 (iii) ARRANGEMENTS OR AGREE-
4 MENTS.—The Secretary of State shall no-
5 tify the appropriate congressional commit-
6 tees not later than 30 days after entering
7 into a new bilateral or multilateral ar-
8 rangement or agreement described in sub-
9 paragraph (A)(iii)(I)(bb).

10 (iv) APPROPRIATE CONGRESSIONAL
11 COMMITTEES DEFINED.—In this subpara-
12 graph, the term “appropriate congressional
13 committees” means—

14 (I) the Committee on Foreign
15 Relations of the Senate;

16 (II) the Committee on Appropria-
17 tions of the Senate;

18 (III) the Committee on Foreign
19 Affairs of the House of Representa-
20 tives; and

21 (IV) the Committee on Appro-
22 priations of the House of Representa-
23 tives.

1 (b) PROMOTING UNITED STATES LEADERSHIP IN
2 INTERNATIONAL ORGANIZATIONS AND COMMUNICATIONS
3 STANDARDS-SETTING BODIES.—

4 (1) IN GENERAL.—The Secretary of State, the
5 Secretary of Commerce, and the Chairman of the
6 Commission, or their designees, shall consider how
7 to enhance representation of the United States at
8 international forums that set standards for 5G net-
9 works and for future generations of wireless commu-
10 nications networks, including—

11 (A) the International Telecommunication
12 Union (commonly known as “ITU”);

13 (B) the International Organization for
14 Standardization (commonly known as “ISO”);

15 (C) the Inter-American Telecommunication
16 Commission (commonly known as “CITEL”);
17 and

18 (D) the voluntary standards organizations
19 that develop protocols for wireless devices and
20 other equipment, such as the 3GPP and the In-
21 stitute of Electrical and Electronics Engineers
22 (commonly known as “IEEE”).

23 (2) ANNUAL REPORT.—The Secretary of State,
24 the Secretary of Commerce, and the Chairman of
25 the Commission shall jointly submit to the relevant

1 committees of Congress an annual report on the
2 progress made under paragraph (1).

3 (c) DEFINITIONS.— In this section:

4 (1) The term “3GPP” means the Third Gen-
5 eration Partnership Project.

6 (2) The term “5G network” means a radio net-
7 work as described by 3GPP Release 15 or higher.

8 (3) The term “Commission” means the Federal
9 Communications Commission.

10 (4) The term “NTIA Administrator” means the
11 Assistant Secretary of Commerce for Communica-
12 tions and Information.

13 (5) The term “Open-RAN” means the Open
14 Radio Access Network approach to standardization
15 adopted by the O-RAN Alliance, Telecom Infra
16 Project, or 3GPP, or any similar set of open stand-
17 ards for multi-vendor network equipment interoper-
18 ability.

19 (6) The term “relevant committees of Con-
20 gress” means—

21 (A) the Select Committee on Intelligence of
22 the Senate;

23 (B) the Committee on Foreign Relations of
24 the Senate;

1 (C) the Committee on Homeland Security
2 and Governmental Affairs of the Senate;

3 (D) the Committee on Armed Services of
4 the Senate;

5 (E) the Committee on Commerce, Science,
6 and Transportation of the Senate;

7 (F) the Committee on Appropriations of
8 the Senate;

9 (G) the Permanent Select Committee on
10 Intelligence of the House of Representatives;

11 (H) the Committee on Foreign Affairs of
12 the House of Representatives;

13 (I) the Committee on Homeland Security
14 of the House of Representatives;

15 (J) the Committee on Armed Services of
16 the House of Representatives;

17 (K) the Committee on Energy and Com-
18 merce of the House of Representatives; and

19 (L) the Committee on Appropriations of
20 the House of Representatives.

21 (7) The term “Secretary” means the Secretary
22 of Commerce.

1 **SEC. 9203. SPECTRUM INFORMATION TECHNOLOGY MOD-**
2 **ERNIZATION EFFORTS.**

3 (a) INITIAL INTERAGENCY SPECTRUM INFORMATION
4 TECHNOLOGY COORDINATION.—Not later than 90 days
5 after the date of the enactment of this Act, the Assistant
6 Secretary of Commerce for Communications and Informa-
7 tion, in consultation with the Policy and Plans Steering
8 Group, shall identify a process to establish goals, including
9 parameters to measure the achievement of such goals, for
10 the modernization of the infrastructure of covered agen-
11 cies relating to managing the use of Federal spectrum by
12 such agencies, which shall include—

13 (1) the standardization of data inputs, modeling
14 algorithms, modeling and simulation processes, anal-
15 ysis tools with respect to Federal spectrum, assump-
16 tions, and any other tool to ensure interoperability
17 and functionality with respect to such infrastructure;

18 (2) other potential innovative technological ca-
19 pabilities with respect to such infrastructure, includ-
20 ing cloud-based databases, artificial intelligence tech-
21 nologies, automation, and improved modeling and
22 simulation capabilities;

23 (3) ways to improve the management of the use
24 of Federal spectrum by covered agencies through
25 such infrastructure, including by—

1 (A) increasing the efficiency of such infra-
2 structure;

3 (B) addressing validation of usage with re-
4 spect to such infrastructure;

5 (C) increasing the accuracy of such infra-
6 structure;

7 (D) validating models used by such infra-
8 structure; and

9 (E) monitoring and enforcing requirements
10 that are imposed on covered agencies with re-
11 spect to the use of Federal spectrum by covered
12 agencies;

13 (4) ways to improve the ability of covered agen-
14 cies to meet mission requirements in congested envi-
15 ronments with respect to Federal spectrum, includ-
16 ing as part of automated adjustments to operations
17 based on changing conditions in such environments;

18 (5) the creation of a time-based automated
19 mechanism—

20 (A) to share Federal spectrum between
21 covered agencies to collaboratively and dynami-
22 cally increase access to Federal spectrum by
23 such agencies; and

24 (B) that could be scaled across Federal
25 spectrum; and

1 (6) the collaboration between covered agencies
2 necessary to ensure the interoperability of Federal
3 spectrum.

4 (b) SPECTRUM INFORMATION TECHNOLOGY MOD-
5 ERNIZATION.—

6 (1) IN GENERAL.—Not later than 240 days
7 after the date of the enactment of this Act, the As-
8 sistant Secretary of Commerce for Communications
9 and Information shall submit to Congress a report
10 that contains a plan for the National Telecommuni-
11 cations and Information Administration (in this sec-
12 tion referred to as the “NTIA”) to modernize and
13 automate the infrastructure of the NTIA relating to
14 managing the use of Federal spectrum by covered
15 agencies so as to more efficiently manage such use.

16 (2) CONTENTS.—The report required by para-
17 graph (1) shall include—

18 (A) an assessment of the current, as of the
19 date on which such report is submitted, infra-
20 structure of the NTIA described in such para-
21 graph;

22 (B) an acquisition strategy for the modern-
23 ized infrastructure of the NTIA described in
24 such paragraph, including how such modernized
25 infrastructure will enable covered agencies to be

1 more efficient and effective in the use of Fed-
2 eral spectrum;

3 (C) a timeline for the implementation of
4 the modernization efforts described in such
5 paragraph;

6 (D) plans detailing how the modernized in-
7 frastructure of the NTIA described in such
8 paragraph will—

9 (i) enhance the security and reliability
10 of such infrastructure so that the NTIA is
11 in compliance with the requirements of
12 subchapter II of chapter 35 of title 44,
13 United States Code, with respect to such
14 infrastructure;

15 (ii) improve data models and analysis
16 tools to increase the efficiency of the spec-
17 trum use described in such paragraph;

18 (iii) enhance automation and
19 workflows, and reduce the scope and level
20 of manual effort, in order to—

21 (I) administer the management
22 of the spectrum use described in such
23 paragraph; and

24 (II) improve data quality and
25 processing time; and

1 (iv) improve the timeliness of spec-
2 trum analyses and requests for informa-
3 tion, including requests submitted pursu-
4 ant to section 552 of title 5, United States
5 Code;

6 (E) an operations and maintenance plan
7 with respect to the modernized infrastructure of
8 the NTIA described in such paragraph;

9 (F) a strategy for coordination between the
10 covered agencies within the Policy and Plans
11 Steering Group, which shall include—

12 (i) a description of—

13 (I) such coordination efforts, as
14 in effect on the date on which such re-
15 port is submitted; and

16 (II) a plan for coordination of
17 such efforts after the date on which
18 such report is submitted, including
19 with respect to the efforts described in
20 subsection (c);

21 (ii) a plan for standardizing—

22 (I) electromagnetic spectrum
23 analysis tools;

24 (II) modeling and simulation
25 processes and technologies; and

1 (III) databases to provide tech-
2 nical interference assessments that
3 are usable across the Federal Govern-
4 ment as part of a common spectrum
5 management infrastructure for cov-
6 ered agencies; and

7 (iii) a plan for each covered agency to
8 implement a modernization plan described
9 in subsection (c)(1) that is tailored to the
10 particular timeline of such agency;

11 (G) identification of manually intensive
12 processes involved in managing Federal spec-
13 trum and proposed enhancements to such proc-
14 esses;

15 (H) metrics to evaluate the success of the
16 modernization efforts described in such para-
17 graph and any similar future efforts; and

18 (I) an estimate of the cost of the mod-
19 ernization efforts described in such paragraph
20 and any future maintenance with respect to the
21 modernized infrastructure of the NTIA de-
22 scribed in such paragraph, including the cost of
23 any personnel and equipment relating to such
24 maintenance.

1 (c) COVERED AGENCY SPECTRUM INFORMATION
2 TECHNOLOGY MODERNIZATION.—

3 (1) IN GENERAL.—Not later than 1 year after
4 the date of the enactment of this Act, the head of
5 each covered agency shall submit to the Assistant
6 Secretary of Commerce for Communications and In-
7 formation and the Policy and Plans Steering Group
8 a report that describes a plan for such agency to
9 modernize the infrastructure of such agency with re-
10 spect to the use of Federal spectrum by such agency
11 so that such modernized infrastructure of such agen-
12 cy is interoperable with the modernized infrastruc-
13 ture of the NTIA, as described in subsection (b).

14 (2) CONTENTS.—Each report submitted by the
15 head of a covered agency under paragraph (1)
16 shall—

17 (A) include—

18 (i) an assessment of the current, as of
19 the date on which such report is sub-
20 mitted, management capabilities of such
21 agency with respect to the use of fre-
22 quencies that are assigned to such agency,
23 which shall include a description of any
24 challenges faced by such agency with re-
25 spect to such management;

1 (ii) a timeline for completion of the
2 modernization efforts described in such
3 paragraph;

4 (iii) a description of potential innova-
5 tive technological capabilities for the man-
6 agement of frequencies that are assigned
7 to such agency, as determined under sub-
8 section (a);

9 (iv) identification of agency-specific
10 requirements or constraints relating to the
11 infrastructure of such agency;

12 (v) identification of any existing, as of
13 the date on which such report is sub-
14 mitted, systems of such agency that are
15 duplicative of the modernized infrastruc-
16 ture of the NTIA, as described in sub-
17 section (b); and

18 (vi) with respect to the report sub-
19 mitted by the Secretary of Defense—

20 (I) a strategy for the integration
21 of systems or the flow of data among
22 the Armed Forces, the military de-
23 partments, the Defense Agencies and
24 Department of Defense Field Activi-

1 ties, and other components of the De-
2 partment of Defense;

3 (II) a plan for the implementa-
4 tion of solutions to the use of Federal
5 spectrum by the Department of De-
6 fense involving information at multiple
7 levels of classification; and

8 (III) a strategy for addressing,
9 within the modernized infrastructure
10 of the Department of Defense de-
11 scribed in such paragraph, the ex-
12 change of information between the
13 Department of Defense and the NTIA
14 in order to accomplish required proc-
15 essing of all Department of Defense
16 domestic spectrum coordination and
17 management activities; and

18 (B) be submitted in an unclassified format,
19 with a classified annex, as appropriate.

20 (3) NOTIFICATION OF CONGRESS.—Upon sub-
21 mission of a report under paragraph (1), the head
22 of a covered agency shall notify Congress that such
23 report has been submitted.

24 (d) GAO OVERSIGHT.—The Comptroller General of
25 the United States shall—

1 (1) not later than 180 days after the date of
2 the enactment of this Act, conduct a review of the
3 infrastructure of covered agencies, as such infra-
4 structure exists on the date of the enactment of this
5 Act;

6 (2) upon submission of all of the reports re-
7 quired by subsection (c), begin conducting oversight
8 of the implementation of the modernization plans
9 submitted by the Assistant Secretary and covered
10 agencies under subsections (b) and (c), respectively;

11 (3) not later than 2 years after the date on
12 which the Comptroller General begins conducting
13 oversight under paragraph (2), and biennially there-
14 after until December 31, 2030, submit a report re-
15 garding such oversight to—

16 (A) with respect to the implementation of
17 the modernization plan of the Department of
18 Defense, the Committee on Armed Services of
19 the Senate and the Committee on Armed Serv-
20 ices of the House of Representatives; and

21 (B) with respect to the implementation of
22 the modernization plans of all covered agencies,
23 including the Department of Defense, the Com-
24 mittee on Commerce, Science, and Transpor-
25 tation of the Senate and the Committee on En-

1 ergy and Commerce of the House of Represent-
2 atives; and

3 (4) until December 31, 2030, provide regular
4 briefings to—

5 (A) with respect to the application of this
6 section to the Department of Defense, the Com-
7 mittee on Armed Services of the Senate and the
8 Committee on Armed Services of the House of
9 Representatives; and

10 (B) with respect to the application of this
11 section to all covered agencies, including the
12 Department of Defense, the Committee on
13 Commerce, Science, and Transportation of the
14 Senate and the Committee on Energy and Com-
15 merce of the House of Representatives.

16 (e) DEFINITIONS.—In this section:

17 (1) The term “covered agency”—

18 (A) means any Federal entity that the As-
19 sistant Secretary of Commerce for Communica-
20 tions and Information determines is appro-
21 priate; and

22 (B) includes the Department of Defense.

23 (2) The term “Federal entity” has the meaning
24 given such term in section 113(l) of the National

1 Telecommunications and Information Administration
2 Organization Act (47 U.S.C. 923(l)).

3 (3) The term “Federal spectrum” means fre-
4 quencies assigned on a primary basis to a covered
5 agency.

6 (4) The term “infrastructure” means informa-
7 tion technology systems and information tech-
8 nologies, tools, and databases.

9 **SEC. 9204. INTERNET OF THINGS.**

10 (a) DEFINITIONS.—In this section:

11 (1) COMMISSION.—The term “Commission”
12 means the Federal Communications Commission.

13 (2) SECRETARY.—The term “Secretary” means
14 the Secretary of Commerce.

15 (3) STEERING COMMITTEE.—The term “steer-
16 ing committee” means the steering committee estab-
17 lished under subsection (b)(5)(A).

18 (4) WORKING GROUP.—The term “working
19 group” means the working group convened under
20 subsection (b)(1).

21 (b) FEDERAL WORKING GROUP.—

22 (1) IN GENERAL.—The Secretary shall convene
23 a working group of Federal stakeholders for the pur-
24 pose of providing recommendations and a report to

1 Congress relating to the aspects of the Internet of
2 Things described in paragraph (2).

3 (2) DUTIES.—The working group shall—

4 (A) identify any Federal regulations, stat-
5 utes, grant practices, budgetary or jurisdic-
6 tional challenges, and other sector-specific poli-
7 cies that are inhibiting, or could inhibit, the de-
8 velopment or deployment of the Internet of
9 Things;

10 (B) consider policies or programs that en-
11 courage and improve coordination among Fed-
12 eral agencies that have responsibilities that are
13 relevant to the objectives of this section;

14 (C) consider any findings or recommenda-
15 tions made by the steering committee and,
16 where appropriate, act to implement those rec-
17 ommendations;

18 (D) examine—

19 (i) how Federal agencies can benefit
20 from utilizing the Internet of Things;

21 (ii) the use of Internet of Things tech-
22 nology by Federal agencies as of the date
23 on which the working group performs the
24 examination;

1 (iii) the preparedness and ability of
2 Federal agencies to adopt Internet of
3 Things technology as of the date on which
4 the working group performs the examina-
5 tion and in the future; and

6 (iv) any additional security measures
7 that Federal agencies may need to take
8 to—

9 (I) safely and securely use the
10 Internet of Things, including meas-
11 ures that ensure the security of crit-
12 ical infrastructure; and

13 (II) enhance the resiliency of
14 Federal systems against cyber threats
15 to the Internet of Things; and

16 (E) in carrying out the examinations re-
17 quired under subclauses (I) and (II) of sub-
18 paragraph (D)(iv), ensure to the maximum ex-
19 tent possible the coordination of the current
20 and future activities of the Federal Government
21 relating to security with respect to the Internet
22 of Things.

23 (3) AGENCY REPRESENTATIVES.—In convening
24 the working group under paragraph (1), the Sec-
25 retary shall have discretion to appoint representa-

1 tives from Federal agencies and departments as ap-
2 propriate and shall specifically consider seeking rep-
3 resentation from—

4 (A) the Department of Commerce, includ-
5 ing—

6 (i) the National Telecommunications
7 and Information Administration;

8 (ii) the National Institute of Stand-
9 ards and Technology; and

10 (iii) the National Oceanic and Atmos-
11 pheric Administration;

12 (B) the Department of Transportation;

13 (C) the Department of Homeland Security;

14 (D) the Office of Management and Budget;

15 (E) the National Science Foundation;

16 (F) the Commission;

17 (G) the Federal Trade Commission;

18 (H) the Office of Science and Technology

19 Policy;

20 (I) the Department of Energy; and

21 (J) the Federal Energy Regulatory Com-
22 mission.

23 (4) NONGOVERNMENTAL STAKEHOLDERS.—The
24 working group shall consult with nongovernmental

1 stakeholders with expertise relating to the Internet
2 of Things, including—

3 (A) the steering committee;

4 (B) information and communications tech-
5 nology manufacturers, suppliers, service pro-
6 viders, and vendors;

7 (C) subject matter experts representing in-
8 dustrial sectors other than the technology sector
9 that can benefit from the Internet of Things,
10 including the transportation, energy, agri-
11 culture, and health care sectors;

12 (D) small, medium, and large businesses;

13 (E) think tanks and academia;

14 (F) nonprofit organizations and consumer
15 groups;

16 (G) security experts;

17 (H) rural stakeholders; and

18 (I) other stakeholders with relevant exper-
19 tise, as determined by the Secretary.

20 (5) STEERING COMMITTEE.—

21 (A) ESTABLISHMENT.—There is estab-
22 lished within the Department of Commerce a
23 steering committee to advise the working group.

1 (B) DUTIES.—The steering committee
2 shall advise the working group with respect
3 to—

4 (i) the identification of any Federal
5 regulations, statutes, grant practices, pro-
6 grams, budgetary or jurisdictional chal-
7 lenges, and other sector-specific policies
8 that are inhibiting, or could inhibit, the de-
9 velopment of the Internet of Things;

10 (ii) situations in which the use of the
11 Internet of Things is likely to deliver sig-
12 nificant and scalable economic and societal
13 benefits to the United States, including
14 benefits from or to—

15 (I) smart traffic and transit tech-
16 nologies;

17 (II) augmented logistics and sup-
18 ply chains;

19 (III) sustainable infrastructure;

20 (IV) precision agriculture;

21 (V) environmental monitoring;

22 (VI) public safety; and

23 (VII) health care;

24 (iii) whether adequate spectrum is
25 available to support the growing Internet

1 of Things and what legal or regulatory
2 barriers may exist to providing any spec-
3 trum needed in the future;

4 (iv) policies, programs, or multi-stake-
5 holder activities that—

6 (I) promote or are related to the
7 privacy of individuals who use or are
8 affected by the Internet of Things;

9 (II) may enhance the security of
10 the Internet of Things, including the
11 security of critical infrastructure;

12 (III) may protect users of the
13 Internet of Things; and

14 (IV) may encourage coordination
15 among Federal agencies with jurisdic-
16 tion over the Internet of Things;

17 (v) the opportunities and challenges
18 associated with the use of Internet of
19 Things technology by small businesses; and

20 (vi) any international proceeding,
21 international negotiation, or other inter-
22 national matter affecting the Internet of
23 Things to which the United States is or
24 should be a party.

1 (C) MEMBERSHIP.—The Secretary shall
2 appoint to the steering committee members rep-
3 resenting a wide range of stakeholders outside
4 of the Federal Government with expertise relat-
5 ing to the Internet of Things, including—

6 (i) information and communications
7 technology manufacturers, suppliers, serv-
8 ice providers, and vendors;

9 (ii) subject matter experts rep-
10 resenting industrial sectors other than the
11 technology sector that can benefit from the
12 Internet of Things, including the transpor-
13 tation, energy, agriculture, and health care
14 sectors;

15 (iii) small, medium, and large busi-
16 nesses;

17 (iv) think tanks and academia;

18 (v) nonprofit organizations and con-
19 sumer groups;

20 (vi) security experts;

21 (vii) rural stakeholders; and

22 (viii) other stakeholders with relevant
23 expertise, as determined by the Secretary.

24 (D) REPORT.—Not later than 1 year after
25 the date of enactment of this Act, the steering

1 committee shall submit to the working group a
2 report that includes any findings or rec-
3 ommendations of the steering committee.

4 (E) INDEPENDENT ADVICE.—

5 (i) IN GENERAL.—The steering com-
6 mittee shall set the agenda of the steering
7 committee in carrying out the duties of the
8 steering committee under subparagraph
9 (B).

10 (ii) SUGGESTIONS.—The working
11 group may suggest topics or items for the
12 steering committee to study, and the steer-
13 ing committee shall take those suggestions
14 into consideration in carrying out the du-
15 ties of the steering committee.

16 (iii) REPORT.—The steering com-
17 mittee shall ensure that the report sub-
18 mitted under subparagraph (D) is the re-
19 sult of the independent judgment of the
20 steering committee.

21 (F) NO COMPENSATION FOR MEMBERS.—A
22 member of the steering committee shall serve
23 without compensation.

24 (G) TERMINATION.—The steering com-
25 mittee shall terminate on the date on which the

1 working group submits the report under para-
2 graph (6).

3 (6) REPORT TO CONGRESS.—

4 (A) IN GENERAL.—Not later than 18
5 months after the date of enactment of this Act,
6 the working group shall submit to Congress a
7 report that includes—

8 (i) the findings and recommendations
9 of the working group with respect to the
10 duties of the working group under para-
11 graph (2);

12 (ii) the report submitted by the steer-
13 ing committee under paragraph (5)(D), as
14 the report was received by the working
15 group;

16 (iii) recommendations for action or
17 reasons for inaction, as applicable, with re-
18 spect to each recommendation made by the
19 steering committee in the report submitted
20 under paragraph (5)(D); and

21 (iv) an accounting of any progress
22 made by Federal agencies to implement
23 recommendations made by the working
24 group or the steering committee.

1 (B) COPY OF REPORT.—The working
2 group shall submit a copy of the report de-
3 scribed in subparagraph (A) to—

4 (i) the Committee on Commerce,
5 Science, and Transportation and the Com-
6 mittee on Energy and Natural Resources
7 of the Senate;

8 (ii) the Committee on Energy and
9 Commerce of the House of Representa-
10 tives; and

11 (iii) any other committee of Congress,
12 upon request to the working group.

13 (c) ASSESSING SPECTRUM NEEDS.—

14 (1) IN GENERAL.—The Commission, in con-
15 sultation with the National Telecommunications and
16 Information Administration, shall issue a notice of
17 inquiry seeking public comment on the current, as of
18 the date of enactment of this Act, and future spec-
19 trum needs to enable better connectivity relating to
20 the Internet of Things.

21 (2) REQUIREMENTS.—In issuing the notice of
22 inquiry under paragraph (1), the Commission shall
23 seek comments that consider and evaluate—

24 (A) whether adequate spectrum is avail-
25 able, or is planned for allocation, for commer-

1 cial wireless services that could support the
2 growing Internet of Things;

3 (B) if adequate spectrum is not available
4 for the purposes described in subparagraph (A),
5 how to ensure that adequate spectrum is avail-
6 able for increased demand with respect to the
7 Internet of Things;

8 (C) what regulatory barriers may exist to
9 providing any needed spectrum that would sup-
10 port uses relating to the Internet of Things;
11 and

12 (D) what the role of unlicensed and li-
13 censed spectrum is and will be in the growth of
14 the Internet of Things.

15 (3) REPORT.—Not later than 1 year after the
16 date of enactment of this Act, the Commission shall
17 submit to the Committee on Commerce, Science, and
18 Transportation of the Senate and the Committee on
19 Energy and Commerce of the House of Representa-
20 tives a report summarizing the comments submitted
21 in response to the notice of inquiry issued under
22 paragraph (1).

23 **TITLE XCIII—INTELLIGENCE**
24 **MATTERS**

Sec. 9301. Requirement for facilitation of establishment of social media data
and threat analysis center.

Sec. 9302. Independent study on identifying and addressing threats that individually or collectively affect national security, financial security, or both.

1 **SEC. 9301. REQUIREMENT FOR FACILITATION OF ESTAB-**
2 **LISHMENT OF SOCIAL MEDIA DATA AND**
3 **THREAT ANALYSIS CENTER.**

4 (a) REQUIREMENT TO FACILITATE ESTABLISH-
5 MENT.—Subsection (c)(1) of section 5323 of the Damon
6 Paul Nelson and Matthew Young Pollard Intelligence Au-
7 thorization Act for Fiscal Years 2018, 2019, and 2020
8 (division E of Public Law 116–92; 50 U.S.C. 3369) is
9 amended—

10 (1) by striking “The Director” and inserting
11 “Not later than June 1, 2021, the Director”; and
12 (2) by striking “may” and inserting “shall”.

13 (b) REPORTING ON FOREIGN MALIGN INFLUENCE
14 CAMPAIGNS ON SOCIAL MEDIA PLATFORMS TARGETING
15 ELECTIONS FOR FEDERAL OFFICE.—Such section is
16 amended—

17 (1) by redesignating subsections (f) and (g) as
18 subsections (g) and (h), respectively; and

19 (2) by inserting after subsection (e) the fol-
20 lowing new subsection (f):

21 “(f) FOREIGN MALIGN INFLUENCE CAMPAIGNS ON
22 SOCIAL MEDIA PLATFORMS TARGETING ELECTIONS FOR
23 FEDERAL OFFICE.—

24 “(1) REPORTS.—

1 “(A) REQUIREMENT.—Not later than 90
2 days before the date of each regularly scheduled
3 general election for Federal office, the Director
4 of the Center shall submit to the appropriate
5 congressional committees a report on foreign
6 malign influence campaigns on and across so-
7 cial media platforms targeting such election.

8 “(B) MATTERS INCLUDED.—Each report
9 under subparagraph (A) shall include an anal-
10 ysis of the following:

11 “(i) The patterns, tools, and tech-
12 niques of foreign malign influence cam-
13 paigns across all platforms on social media
14 by a covered foreign country targeting a
15 regularly scheduled general election for
16 Federal office.

17 “(ii) Inauthentic accounts and ‘bot’
18 networks across platforms, including the
19 scale to which such accounts or networks
20 exist, how platforms currently act to re-
21 move such accounts or networks, and what
22 percentage of such accounts or networks
23 have been removed during the period cov-
24 ered by the report.

1 “(iii) The estimated reach and impact
2 of intentional or weaponized disinformation
3 by inauthentic accounts and ‘bot’ net-
4 works, including an analysis of amplifi-
5 cation by users and algorithmic distribu-
6 tion.

7 “(iv) The trends of types of media
8 that are being used for dissemination
9 through foreign malign influence cam-
10 paigns, including machine-manipulated
11 media, and the intended targeted groups.

12 “(C) INITIAL REPORT.—Not later than
13 August 1, 2021, the Director of the Center
14 shall submit to the appropriate congressional
15 committees a report under subparagraph (A)
16 addressing the regularly scheduled general elec-
17 tion for Federal office occurring during 2020.

18 “(D) FORM.—Each report under this para-
19 graph shall be submitted in an unclassified
20 form, but may include a classified annex.

21 “(2) BRIEFINGS.—

22 “(A) REQUIREMENT.—Not later than 30
23 days after the date on which the Director sub-
24 mits to the appropriate congressional commit-
25 tees a report under paragraph (1), the Director

1 of National Intelligence, in coordination with
2 the Secretary of Defense, the Secretary of
3 Homeland Security, and the Director of the
4 Federal Bureau of Investigation, shall provide
5 to such committees a briefing assessing threats
6 from foreign malign influence campaigns on so-
7 cial media from covered countries to the regu-
8 larly scheduled general election for Federal of-
9 fice covered by the report.

10 “(B) MATTERS TO BE INCLUDED.—Each
11 briefing under subparagraph (A) shall include
12 the following:

13 “(i) The patterns, tools, and tech-
14 niques of foreign malign influence cam-
15 paigns across all platforms on social media
16 by a covered foreign country targeting a
17 regularly scheduled general election for
18 Federal office.

19 “(ii) An assessment of the findings
20 from the report for which the briefing is
21 provided.

22 “(iii) The activities and methods used
23 to mitigate the threats associated with
24 such findings by the Department of De-
25 fense, the Department of Homeland Secu-

1 rity, or other relevant departments or
2 agencies of the Federal Government.

3 “(iv) The steps taken by departments
4 or agencies of the Federal Government to
5 cooperate with social media companies to
6 mitigate the threats identified.”.

7 (c) DEFINITIONS.—Subsection (h) of such section, as
8 redesignated by subsection (b) of this section, is amended
9 to read as follows:

10 “(h) DEFINITIONS.—

11 “(1) APPROPRIATE CONGRESSIONAL COMMIT-
12 TEES.—The term ‘appropriate congressional com-
13 mittees’ means—

14 “(A) the congressional intelligence commit-
15 tees;

16 “(B) the Committee on Armed Services,
17 the Committee on Appropriations, the Com-
18 mittee on Homeland Security, the Committee
19 on Foreign Affairs, and the Committee on the
20 Judiciary of the House of Representatives; and

21 “(C) the Committee on Armed Services,
22 the Committee on Appropriations, the Com-
23 mittee on Homeland Security and Government
24 Affairs, the Committee on Foreign Relations,

1 and the Committee on the Judiciary of the Sen-
2 ate.

3 “(2) COVERED FOREIGN COUNTRY AND FOR-
4 EIGN MALIGN INFLUENCE.—The terms ‘covered for-
5 eign country’ and ‘foreign malign influence’ have the
6 meanings given those terms in section 119C of the
7 National Security Act of 1947 (50 U.S.C. 3059).

8 “(3) MACHINE-MANIPULATED MEDIA.—The
9 term ‘machine-manipulated media’ has the meaning
10 given that term in section 5724.”.

11 (d) CONFORMING AMENDMENTS.—

12 (1) REPORTING.—Subsection (d) of such sec-
13 tion is amended—

14 (A) in the matter preceding paragraph (1),
15 by striking “If the Director” and all that fol-
16 lows through “the Center, the” and inserting
17 “The”; and

18 (B) in paragraph (1), by striking “180
19 days after the date of the enactment of this
20 Act” and inserting “August 1, 2021”.

21 (2) FUNDING.—Subsection (g) of such section,
22 as redesignated by subsection (b) of this section, is
23 amended by striking “fiscal year 2020 and 2021”
24 and inserting “fiscal year 2021 and 2022”.

1 (3) CLERICAL.—Such section 5323 is further
2 amended—

3 (A) in the section heading, by striking
4 “**ENCOURAGEMENT OF**”; and

5 (B) in subsection (c)—

6 (i) in the subsection heading, by strik-
7 ing “**AUTHORITY**” and inserting “**RE-**
8 **QUIREMENT**”; and

9 (ii) in paragraph (1), in the para-
10 graph heading, by striking “**AUTHORITY**”
11 and inserting “**REQUIREMENT**”.

12 **SEC. 9302. INDEPENDENT STUDY ON IDENTIFYING AND AD-**
13 **DRESSING THREATS THAT INDIVIDUALLY OR**
14 **COLLECTIVELY AFFECT NATIONAL SECU-**
15 **RITY, FINANCIAL SECURITY, OR BOTH.**

16 (a) INDEPENDENT STUDY.—Not later than 30 days
17 after the date of the enactment of this Act, the Director
18 of National Intelligence, in coordination with the Sec-
19 retary of the Treasury and the heads of other relevant
20 departments and agencies of the Federal Government,
21 shall seek to enter into a contract with a federally funded
22 research and development center under which the center
23 will conduct a study on identifying and addressing threats
24 that individually or collectively affect national security, fi-
25 nancial security, or both.

1 (b) ELEMENTS OF STUDY.—In carrying out the
2 study under subsection (a), the federally funded research
3 and development center selected under such subsection
4 shall—

5 (1) identify threats that individually or collec-
6 tively affect national security, financial security, or
7 both, including—

8 (A) foreign influence in companies seeking
9 to access capital markets by conducting initial
10 public offerings in other countries;

11 (B) the use of financial instruments, mar-
12 kets, payment systems, or digital assets in ways
13 that appear legitimate but may be part of a for-
14 eign malign strategy to weaken or undermine
15 the economic security of the United States; and

16 (C) any other known or potential threats
17 that individually or collectively affect national
18 security, financial security, or both currently or
19 in the foreseeable future;

20 (2) assess the extent to which the United States
21 Government is currently able to identify and charac-
22 terize the threats identified under paragraph (1);

23 (3) assess the extent to which the United States
24 Government is currently able to address the risk
25 posed by the threats identified under paragraph (1);

1 (4) assess whether current levels of information
2 sharing and cooperation between the United States
3 Government and allies and partners of the United
4 States have been helpful or can be improved upon in
5 order for the United States Government to identify,
6 characterize, and mitigate the threats identified
7 under paragraph (1); and

8 (5) recommend opportunities, and any such au-
9 thorities or resources required, to improve the effi-
10 ciency and effectiveness of the United States Gov-
11 ernment in identifying and countering the threats
12 identified under paragraph (1).

13 (c) SUBMISSION TO DIRECTOR OF NATIONAL INTEL-
14 LIGENCE.—Not later than 180 days after the date of the
15 enactment of this Act, the federally funded research and
16 development center selected to conduct the study under
17 subsection (a) shall submit to the Director of National In-
18 telligence a report on the results of the study in both clas-
19 sified and unclassified form.

20 (d) SUBMISSION TO CONGRESS.—

21 (1) IN GENERAL.—Not later than 30 days after
22 the date on which the Director of National Intel-
23 ligence receives the report under subsection (c), the
24 Director shall submit to the appropriate congres-
25 sional committees—

1 (A) a copy of the report, without change,
2 in both classified and unclassified form; and

3 (B) such comments as the Director, in co-
4 ordination with the Secretary of the Treasury
5 and the heads of other relevant departments
6 and agencies of the Federal Government, may
7 have with respect to the report.

8 (2) APPROPRIATE CONGRESSIONAL COMMIT-
9 TEES.—In this subsection, the term “appropriate
10 congressional committees” means—

11 (A) the Committee on Armed Services, the
12 Select Committee on Intelligence, the Com-
13 mittee on Banking, Housing, and Urban Af-
14 fairs, the Committee on Foreign Relations, and
15 the Committee on Appropriations of the Senate;
16 and

17 (B) the Committee on Armed Services, the
18 Permanent Select Committee on Intelligence,
19 the Committee on Financial Services, the Com-
20 mittee on Foreign Affairs, and the Committee
21 on Appropriations of the House of Representa-
22 tives.

23 **TITLE XCIV—SCIENCE, SPACE,**
24 **AND TECHNOLOGY MATTERS**

Subtitle A—Cybersecurity Matters

Sec. 9401. Improving national initiative for cybersecurity education.

- Sec. 9402. Development of standards and guidelines for improving cybersecurity workforce of Federal agencies.
- Sec. 9403. Modifications to Federal cyber scholarship-for-service program.
- Sec. 9404. Additional modifications to Federal cyber scholarship-for-service program.
- Sec. 9405. Cybersecurity in programs of the National Science Foundation.
- Sec. 9406. Cybersecurity in STEM programs of the National Aeronautics and Space Administration.
- Sec. 9407. National cybersecurity challenges.

Subtitle B—Other Matters

- Sec. 9411. Established Program to Stimulate Competitive Research.
- Sec. 9412. Industries of the future.
- Sec. 9413. National Institute of Standards and Technology Manufacturing Extension Partnership program supply chain database.
- Sec. 9414. Study on Chinese policies and influence in the development of international standards for emerging technologies.
- Sec. 9415. Coordination with Hollings Manufacturing Extension Partnership Centers.

1 Subtitle A—Cybersecurity Matters

2 SEC. 9401. IMPROVING NATIONAL INITIATIVE FOR CYBER-
3 SECURITY EDUCATION.

4 (a) PROGRAM IMPROVEMENTS GENERALLY.—Sub-
5 section (a) of section 401 of the Cybersecurity Enhance-
6 ment Act of 2014 (15 U.S.C. 7451) is amended—

7 (1) in paragraph (5), by striking “; and” and
8 inserting a semicolon;

9 (2) by redesignating paragraph (6) as para-
10 graph (10); and

11 (3) by inserting after paragraph (5) the fol-
12 lowing:

13 “(6) supporting efforts to identify cybersecurity
14 workforce skill gaps in public and private sectors;

1 “(7) facilitating Federal programs to advance
2 cybersecurity education, training, and workforce de-
3 velopment;

4 “(8) in coordination with the Department of
5 Defense, the Department of Homeland Security, and
6 other appropriate agencies, considering any specific
7 needs of the cybersecurity workforce of critical infra-
8 structure, including cyber physical systems and con-
9 trol systems;

10 “(9) advising the Director of the Office of Man-
11 agement and Budget, as needed, in developing
12 metrics to measure the effectiveness and effect of
13 programs and initiatives to advance the cybersecu-
14 rity workforce; and”.

15 (b) STRATEGIC PLAN.—Subsection (c) of such sec-
16 tion is amended—

17 (1) by striking “The Director” and inserting
18 the following:

19 “(1) IN GENERAL.—The Director”; and

20 (2) by adding at the end the following:

21 “(2) REQUIREMENT.—The strategic plan devel-
22 oped and implemented under paragraph (1) shall in-
23 clude an indication of how the Director will carry
24 out this section.”.

25 (c) CYBERSECURITY CAREER PATHWAYS.—

1 (1) IDENTIFICATION OF MULTIPLE CYBERSECURITY CAREER PATHWAYS.—In carrying out subsection (a) of such section and not later than 540 days after the date of the enactment of this Act, the Director of the National Institute of Standards and Technology shall, in coordination with the Secretary of Defense, the Secretary of Homeland Security, the Director of the Office of Personnel Management, and the heads of other appropriate agencies, use a consultative process with other Federal agencies, academia, and industry to identify multiple career pathways for cybersecurity work roles that can be used in the private and public sectors.

14 (2) REQUIREMENTS.—The Director shall ensure that the multiple cybersecurity career pathways identified under paragraph (1) indicate the knowledge, skills, and abilities, including relevant education, training, internships, apprenticeships, certifications, and other experiences, that—

20 (A) align with employers' cybersecurity skill needs, including proficiency level requirements, for its workforce; and

23 (B) prepare an individual to be successful in entering or advancing in a cybersecurity career.

1 (3) EXCHANGE PROGRAM.—Consistent with re-
2 quirements under chapter 37 of title 5, United
3 States Code, the Director of the National Institute
4 of Standards and Technology, in coordination with
5 the Director of the Office of Personnel Management,
6 may establish a voluntary program for the exchange
7 of employees engaged in one of the cybersecurity
8 work roles identified in the National Initiative for
9 Cybersecurity Education (NICE) Cybersecurity
10 Workforce Framework (NIST Special Publication
11 800–181), or successor framework, between the Na-
12 tional Institute of Standards and Technology and
13 private sector institutions, including nonpublic or
14 commercial businesses, research institutions, or in-
15 stitutions of higher education, as the Director of the
16 National Institute of Standards and Technology con-
17 siders feasible.

18 (d) PROFICIENCY TO PERFORM CYBERSECURITY
19 TASKS.—Not later than 540 days after the date of the
20 enactment of this Act, the Director of the National Insti-
21 tute of Standards and Technology shall, in coordination
22 with the Secretary of Defense, the Secretary of Homeland
23 Security, and the heads of other appropriate agencies—
24 (1) in carrying out subsection (a) of such sec-
25 tion, assess the scope and sufficiency of efforts to

1 measure an individual’s capability to perform spe-
2 cific tasks found in the National Initiative for Cyber-
3 security Education (NICE) Cybersecurity Workforce
4 Framework (NIST Special Publication 800–181) at
5 all proficiency levels; and

6 (2) submit to Congress a report—

7 (A) on the findings of the Director with re-
8 spect to the assessment carried out under para-
9 graph (1); and

10 (B) with recommendations for effective
11 methods for measuring the cybersecurity pro-
12 ficiency of learners.

13 (e) CYBERSECURITY METRICS.—Such section is fur-
14 ther amended by adding at the end the following:

15 “(e) CYBERSECURITY METRICS.—In carrying out
16 subsection (a), the Director of the Office of Management
17 and Budget may seek input from the Director of the Na-
18 tional Institute of Standards and Technology, in coordina-
19 tion with the Department of Homeland Security, the De-
20 partment of Defense, the Office of Personnel Manage-
21 ment, and such agencies as the Director of the National
22 Institute of Standards and Technology considers relevant,
23 to develop quantifiable metrics for evaluating Federally
24 funded cybersecurity workforce programs and initiatives
25 based on the outcomes of such programs and initiatives.”.

1 (f) REGIONAL ALLIANCES AND MULTISTAKEHOLDER
2 PARTNERSHIPS.—Such section is further amended by
3 adding at the end the following:

4 “(f) REGIONAL ALLIANCES AND MULTISTAKE-
5 HOLDER PARTNERSHIPS.—

6 “(1) IN GENERAL.—Pursuant to section 2(b)(4)
7 of the National Institute of Standards and Tech-
8 nology Act (15 U.S.C. 272(b)(4)), the Director shall
9 establish cooperative agreements between the Na-
10 tional Initiative for Cybersecurity Education (NICE)
11 of the Institute and regional alliances or partner-
12 ships for cybersecurity education and workforce.

13 “(2) AGREEMENTS.—The cooperative agree-
14 ments established under paragraph (1) shall advance
15 the goals of the National Initiative for Cybersecurity
16 Education Cybersecurity Workforce Framework
17 (NIST Special Publication 800–181), or successor
18 framework, by facilitating local and regional partner-
19 ships to—

20 “(A) identify the workforce needs of the
21 local economy and classify such workforce in ac-
22 cordance with such framework;

23 “(B) identify the education, training, ap-
24 prenticeship, and other opportunities available
25 in the local economy; and

1 “(C) support opportunities to meet the
2 needs of the local economy.

3 “(3) FINANCIAL ASSISTANCE.—

4 “(A) FINANCIAL ASSISTANCE AUTHOR-
5 IZED.—The Director may award financial as-
6 sistance to a regional alliance or partnership
7 with whom the Director enters into a coopera-
8 tive agreement under paragraph (1) in order to
9 assist the regional alliance or partnership in
10 carrying out the terms of the cooperative agree-
11 ment.

12 “(B) AMOUNT OF ASSISTANCE.—The ag-
13 gregate amount of financial assistance awarded
14 under subparagraph (A) per cooperative agree-
15 ment shall not exceed \$200,000.

16 “(C) MATCHING REQUIREMENT.—The Di-
17 rector may not award financial assistance to a
18 regional alliance or partnership under subpara-
19 graph (A) unless the regional alliance or part-
20 nership agrees that, with respect to the costs to
21 be incurred by the regional alliance or partner-
22 ship in carrying out the cooperative agreement
23 for which the assistance was awarded, the re-
24 gional alliance or partnership will make avail-
25 able (directly or through donations from public

1 or private entities) non-Federal contributions,
2 including in-kind contributions, in an amount
3 equal to 50 percent of Federal funds provided
4 under the award.

5 “(4) APPLICATION.—

6 “(A) IN GENERAL.—A regional alliance or
7 partnership seeking to enter into a cooperative
8 agreement under paragraph (1) and receive fi-
9 nancial assistance under paragraph (3) shall
10 submit to the Director an application therefore
11 at such time, in such manner, and containing
12 such information as the Director may require.

13 “(B) REQUIREMENTS.—Each application
14 submitted under subparagraph (A) shall include
15 the following:

16 “(i)(I) A plan to establish (or identi-
17 fication of, if it already exists) a multi-
18 stakeholder workforce partnership that in-
19 cludes—

20 “(aa) at least one institution
21 of higher education or nonprofit
22 training organization; and

23 “(bb) at least one local em-
24 ployer or owner or operator of
25 critical infrastructure.

1 “(II) Participation from aca-
2 demic institutions in the Federal
3 Cyber Scholarships for Service Pro-
4 gram, the National Centers of Aca-
5 demic Excellence in Cybersecurity
6 Program, or advanced technological
7 education programs, as well as ele-
8 mentary and secondary schools, train-
9 ing and certification providers, State
10 and local governments, economic de-
11 velopment organizations, or other
12 community organizations is encour-
13 aged.

14 “(ii) A description of how the work-
15 force partnership would identify the work-
16 force needs of the local economy.

17 “(iii) A description of how the multi-
18 stakeholder workforce partnership would
19 leverage the programs and objectives of the
20 National Initiative for Cybersecurity Edu-
21 cation, such as the Cybersecurity Work-
22 force Framework and the strategic plan of
23 such initiative.

24 “(iv) A description of how employers
25 in the community will be recruited to sup-

1 port internships, externships, apprentice-
2 ships, or cooperative education programs
3 in conjunction with providers of education
4 and training. Inclusion of programs that
5 seek to include veterans, Indian Tribes,
6 and underrepresented groups, including
7 women, minorities, persons from rural and
8 underserved areas, and persons with dis-
9 abilities is encouraged.

10 “(v) A definition of the metrics to be
11 used in determining the success of the ef-
12 forts of the regional alliance or partnership
13 under the agreement.

14 “(C) PRIORITY CONSIDERATION.—In
15 awarding financial assistance under paragraph
16 (3)(A), the Director shall give priority consider-
17 ation to a regional alliance or partnership that
18 includes an institution of higher education that
19 is designated as a National Center of Academic
20 Excellence in Cybersecurity or which received
21 an award under the Federal Cyber Scholarship
22 for Service program located in the State or re-
23 gion of the regional alliance or partnership.

24 “(5) AUDITS.—Each cooperative agreement for
25 which financial assistance is awarded under para-

1 graph (3) shall be subject to audit requirements
2 under part 200 of title 2, Code of Federal Regula-
3 tions (relating to uniform administrative require-
4 ments, cost principles, and audit requirements for
5 Federal awards), or successor regulation.

6 “(6) REPORTS.—

7 “(A) IN GENERAL.—Upon completion of a
8 cooperative agreement under paragraph (1), the
9 regional alliance or partnership that partici-
10 pated in the agreement shall submit to the Di-
11 rector a report on the activities of the regional
12 alliance or partnership under the agreement,
13 which may include training and education out-
14 comes.

15 “(B) CONTENTS.—Each report submitted
16 under subparagraph (A) by a regional alliance
17 or partnership shall include the following:

18 “(i) An assessment of efforts made by
19 the regional alliance or partnership to
20 carry out paragraph (2).

21 “(ii) The metrics used by the regional
22 alliance or partnership to measure the suc-
23 cess of the efforts of the regional alliance
24 or partnership under the cooperative agree-
25 ment.”.

1 (g) TRANSFER OF SECTION.—

2 (1) TRANSFER.—Such section is transferred to
3 the end of title III of such Act and redesignated as
4 section 303.

5 (2) REPEAL.—Title IV of such Act is repealed.

6 (3) CLERICAL.—The table of contents in sec-
7 tion 1(b) of such Act is amended—

8 (A) by striking the items relating to title
9 IV and section 401; and

10 (B) by inserting after the item relating to
11 section 302 the following:

“Sec. 303. National cybersecurity awareness and education program.”.

12 (4) CONFORMING AMENDMENTS.—

13 (A) Section 302(3) of the Federal Cyberse-
14 curity Workforce Assessment Act of 2015 (Pub-
15 lic Law 114–113; 5 U.S.C. 301 note) is amend-
16 ed by striking “under section 401 of the Cyber-
17 security Enhancement Act of 2014 (15 U.S.C.
18 7451)” and inserting “under section 303 of the
19 Cybersecurity Enhancement Act of 2014 (Pub-
20 lic Law 113–274)”.

21 (B) Section 2(c)(3) of the NIST Small
22 Business Cybersecurity Act (Public Law 115–
23 236; 15 U.S.C. 272 note) is amended by strik-
24 ing “under section 401 of the Cybersecurity
25 Enhancement Act of 2014 (15 U.S.C. 7451)”

1 and inserting “under section 303 of the Cyber-
2 security Enhancement Act of 2014 (Public Law
3 113–274)”.

4 (C) Section 302(f) of the Cybersecurity
5 Enhancement Act of 2014 (15 U.S.C. 7442(f))
6 is amended by striking “under section 401”
7 and inserting “under section 303”.

8 **SEC. 9402. DEVELOPMENT OF STANDARDS AND GUIDE-**
9 **LINES FOR IMPROVING CYBERSECURITY**
10 **WORKFORCE OF FEDERAL AGENCIES.**

11 (a) IN GENERAL.—Section 20(a) of the National In-
12 stitute of Standards and Technology Act (15 U.S.C.
13 278g–3(a)) is amended—

14 (1) in paragraph (3), by striking “; and” and
15 inserting a semicolon;

16 (2) in paragraph (4), by striking the period at
17 the end and inserting “; and”; and

18 (3) by adding at the end the following:

19 “(5) identify and develop standards and guide-
20 lines for improving the cybersecurity workforce for
21 an agency as part of the National Initiative for Cy-
22 bersecurity Education (NICE) Cybersecurity Work-
23 force Framework (NIST Special Publication 800–
24 181), or successor framework.”.

1 (b) PUBLICATION OF STANDARDS AND GUIDELINES
2 ON CYBERSECURITY AWARENESS.—Not later than three
3 years after the date of the enactment of this Act and pur-
4 suant to section 20 of the National Institute of Standards
5 and Technology Act (15 U.S.C. 278g–3), the Director of
6 the National Institute of Standards and Technology shall
7 publish standards and guidelines for improving cybersecu-
8 rity awareness of employees and contractors of Federal
9 agencies.

10 **SEC. 9403. MODIFICATIONS TO FEDERAL CYBER SCHOLAR-**
11 **SHIP-FOR-SERVICE PROGRAM.**

12 Section 302 of the Cybersecurity Enhancement Act
13 of 2014 (15 U.S.C. 7442) is amended—

14 (1) in subsection (b)—

15 (A) in paragraph (2), by striking “infor-
16 mation technology” and inserting “information
17 technology and cybersecurity”;

18 (B) by amending paragraph (3) to read as
19 follows:

20 “(3) prioritize the placement of scholarship re-
21 cipients fulfilling the post-award employment obliga-
22 tion under this section to ensure that—

23 “(A) not less than 70 percent of such re-
24 cipients are placed in an executive agency (as

1 defined in section 105 of title 5, United States
2 Code);

3 “(B) not more than 10 percent of such re-
4 cipients are placed as educators in the field of
5 cybersecurity at qualified institutions of higher
6 education that provide scholarships under this
7 section; and

8 “(C) not more than 20 percent of such re-
9 cipients are placed in positions described in
10 paragraphs (2) through (5) of subsection (d);
11 and”; and

12 (C) in paragraph (4), in the matter pre-
13 ceding subparagraph (A), by inserting “, includ-
14 ing by seeking to provide awards in coordina-
15 tion with other relevant agencies for summer
16 cybersecurity camp or other experiences, includ-
17 ing teacher training, in each of the 50 States,”
18 after “cybersecurity education”;

19 (2) in subsection (d)—

20 (A) in paragraph (4), by striking “or” at
21 the end;

22 (B) in paragraph (5), by striking the pe-
23 riod at the end and inserting “; or”; and

24 (C) by adding at the end the following:

1 “(6) as provided by subsection (b)(3)(B), a
2 qualified institution of higher education.”; and

3 (3) in subsection (m)—

4 (A) in paragraph (1), in the matter pre-
5 ceding subparagraph (A), by striking “cyber”
6 and inserting “cybersecurity”; and

7 (B) in paragraph (2), by striking “cyber”
8 and inserting “cybersecurity”.

9 **SEC. 9404. ADDITIONAL MODIFICATIONS TO FEDERAL**
10 **CYBER SCHOLARSHIP-FOR-SERVICE PRO-**
11 **GRAM.**

12 Section 302 of the Cybersecurity Enhancement Act
13 of 2014 (15 U.S.C. 7442) is further amended—

14 (1) in subsection (f)—

15 (A) in paragraph (4), by striking “and”
16 after the semicolon; and

17 (B) by striking paragraph (5) and insert-
18 ing the following:

19 “(5) enter into an agreement accepting and ac-
20 knowledging the post award employment obligations,
21 pursuant to section (d);

22 “(6) accept and acknowledge the conditions of
23 support under section (g); and

24 “(7) accept all terms and conditions of a schol-
25 arship under this section.”;

1 (2) in subsection (g)—

2 (A) in paragraph (1), by inserting “the Of-
3 fice of Personnel Management (in coordination
4 with the National Science Foundation) and” be-
5 fore “the qualified institution”;

6 (B) in paragraph (2)—

7 (i) in subparagraph (D), by striking
8 “or” after the semicolon; and

9 (ii) by striking subparagraph (E) and
10 inserting the following:

11 “(E) fails to maintain or fulfill any of the
12 post-graduation or post-award obligations or re-
13 quirements of the individual; or

14 “(F) fails to fulfill the requirements of
15 paragraph (1).”;

16 (3) in subsection (h)(2), by inserting “and the
17 Director of the Office of Personnel Management”
18 after “Foundation”;

19 (4) in subsection (k)(1)(A), by striking “and
20 the Director” and all that follows through “owed”
21 and inserting “, the Director of the National Science
22 Foundation, and the Director of the Office of Per-
23 sonnel Management of the amounts owed”; and

24 (5) in subsection (m)(2), by striking “once
25 every 3 years” and all that follows through “work-

1 force” and inserting “once every two years, to the
2 Committee on Commerce, Science, and Transpor-
3 tation and the Committee on Homeland Security
4 and Governmental Affairs of the Senate and the
5 Committee on Science, Space, and Technology and
6 the Committee on Oversight and Reform of the
7 House of Representatives a report, including—

8 “(A) the results of the evaluation under
9 paragraph (1);

10 “(B) the disparity in any reporting be-
11 tween scholarship recipients and their respective
12 institutions of higher education; and

13 “(C) any recent statistics regarding the
14 size, composition, and educational requirements
15 of the Federal cyber workforce.”.

16 **SEC. 9405. CYBERSECURITY IN PROGRAMS OF THE NA-**
17 **TIONAL SCIENCE FOUNDATION.**

18 (a) COMPUTER SCIENCE AND CYBERSECURITY EDU-
19 CATION RESEARCH.—Section 310 of the American Inno-
20 vation and Competitiveness Act (42 U.S.C. 1862s–7) is
21 amended—

22 (1) in subsection (b)—

23 (A) in paragraph (1), by inserting “and cy-
24 bersecurity” after “computer science”; and

25 (B) in paragraph (2)—

1 (i) in subparagraph (C), by striking “
2 and” after the semicolon;

3 (ii) in subparagraph (D), by striking
4 the period at the end and inserting “;
5 and”; and

6 (iii) by adding at the end the fol-
7 lowing:

8 “(E) tools and models for the integration
9 of cybersecurity and other interdisciplinary ef-
10 forts into computer science education and com-
11 putational thinking at secondary and postsec-
12 ondary levels of education.”; and

13 (2) in subsection (c), by inserting “, cybersecu-
14 rity,” after “computing”.

15 (b) SCIENTIFIC AND TECHNICAL EDUCATION.—Sec-
16 tion 3(j)(9) of the Scientific and Advanced-Technology Act
17 of 1992 (42 U.S.C. 1862i(j)(9)) is amended by inserting
18 “and cybersecurity” after “computer science”.

19 (c) LOW-INCOME SCHOLARSHIP PROGRAM.—Section
20 414(d) of the American Competitiveness and Workforce
21 Improvement Act of 1998 (42 U.S.C. 1869c) is amend-
22 ed—

23 (1) in paragraph (1), by striking “or computer
24 science” and inserting “computer science, or cyber-
25 security”; and

1 (2) in paragraph (2)(A)(iii), by inserting “cy-
2 bersecurity,” after “computer science,”.

3 (d) PRESIDENTIAL AWARDS FOR TEACHING EXCEL-
4 LENCE.—The Director of the National Science Founda-
5 tion shall ensure that educators and mentors in fields re-
6 lating to cybersecurity can be considered for—

7 (1) Presidential Awards for Excellence in Math-
8 ematics and Science Teaching made under section
9 117 of the National Science Foundation Authoriza-
10 tion Act of 1988 (42 U.S.C. 1881b); and

11 (2) Presidential Awards for Excellence in
12 STEM Mentoring administered under section 307 of
13 the American Innovation and Competitiveness Act
14 (42 U.S.C. 1862s–6).

15 **SEC. 9406. CYBERSECURITY IN STEM PROGRAMS OF THE**
16 **NATIONAL AERONAUTICS AND SPACE ADMIN-**
17 **ISTRATION.**

18 In carrying out any STEM education program of the
19 National Aeronautics and Space Administration (referred
20 to in this section as “NASA”), including a program of
21 the Office of STEM Engagement, the Administrator of
22 NASA shall, to the maximum extent practicable, encour-
23 age the inclusion of cybersecurity education opportunities
24 in such program.

1 **SEC. 9407. NATIONAL CYBERSECURITY CHALLENGES.**

2 (a) IN GENERAL.—Title II of the Cybersecurity En-
3 hancement Act of 2014 (15 U.S.C. 7431 et seq.) is amend-
4 ed by adding at the end the following:

5 **“SEC. 205. NATIONAL CYBERSECURITY CHALLENGES.**

6 “(a) ESTABLISHMENT OF NATIONAL CYBERSECU-
7 RITY CHALLENGES.—

8 “(1) IN GENERAL.—To achieve high-priority
9 breakthroughs in cybersecurity by 2028, the Sec-
10 retary of Commerce shall establish the following na-
11 tional cybersecurity challenges:

12 “(A) ECONOMICS OF A CYBER ATTACK.—
13 Building more resilient systems that measur-
14 ably and exponentially raise adversary costs of
15 carrying out common cyber attacks.

16 “(B) CYBER TRAINING.—

17 “(i) Empowering the people of the
18 United States with an appropriate and
19 measurably sufficient level of digital lit-
20 eracy to make safe and secure decisions
21 online.

22 “(ii) Developing a cybersecurity work-
23 force with measurable skills to protect and
24 maintain information systems.

25 “(C) EMERGING TECHNOLOGY.—Advanc-
26 ing cybersecurity efforts in response to emerg-

1 ing technology, such as artificial intelligence,
2 quantum science, next generation communica-
3 tions, autonomy, data science, and computa-
4 tional technologies.

5 “(D) REIMAGINING DIGITAL IDENTITY.—
6 Maintaining a high sense of usability while im-
7 proving the privacy, security, and safety of on-
8 line activity of individuals in the United States.

9 “(E) FEDERAL AGENCY RESILIENCE.—Re-
10 ducing cybersecurity risks to Federal networks
11 and systems, and improving the response of
12 Federal agencies to cybersecurity incidents on
13 such networks and systems.

14 “(2) COORDINATION.—In establishing the chal-
15 lenges under paragraph (1), the Secretary shall co-
16 ordinate with the Secretary of Homeland Security on
17 the challenges under subparagraphs (B) and (E) of
18 such paragraph.

19 “(b) PURSUIT OF NATIONAL CYBERSECURITY CHAL-
20 LENGES.—

21 “(1) IN GENERAL.—Not later than 180 days
22 after the date of the enactment of this section, the
23 Secretary, acting through the Under Secretary of
24 Commerce for Standards and Technology, shall com-

1 mence efforts to pursue the national cybersecurity
2 challenges established under subsection (a).

3 “(2) COMPETITIONS.—The efforts required by
4 paragraph (1) shall include carrying out programs to
5 award prizes, including cash and noncash prizes,
6 competitively pursuant to the authorities and proc-
7 esses established under section 24 of the Stevenson-
8 Wydler Technology Innovation Act of 1980 (15
9 U.S.C. 3719) or any other applicable provision of
10 law.

11 “(3) ADDITIONAL AUTHORITIES.—In carrying
12 out paragraph (1), the Secretary may enter into and
13 perform such other transactions as the Secretary
14 considers necessary and on such terms as the Sec-
15 retary considers appropriate.

16 “(4) COORDINATION.—In pursuing national cy-
17 bersecurity challenges under paragraph (1), the Sec-
18 retary shall coordinate with the following:

19 “(A) The Director of the National Science
20 Foundation.

21 “(B) The Secretary of Homeland Security.

22 “(C) The Director of the Defense Ad-
23 vanced Research Projects Agency.

24 “(D) The Director of the Office of Science
25 and Technology Policy.

1 “(E) The Director of the Office of Man-
2 agement and Budget.

3 “(F) The Administrator of the General
4 Services Administration.

5 “(G) The Federal Trade Commission.

6 “(H) The heads of such other Federal
7 agencies as the Secretary of Commerce con-
8 siders appropriate for purposes of this section.

9 “(5) SOLICITATION OF ACCEPTANCE OF
10 FUNDS.—

11 “(A) IN GENERAL.—Pursuant to section
12 24 of the Stevenson-Wydler Technology Innova-
13 tion Act of 1980 (15 U.S.C. 3719), the Sec-
14 retary shall request and accept funds from
15 other Federal agencies, State, United States
16 territory, local, or Tribal government agencies,
17 private sector for-profit entities, and nonprofit
18 entities to support efforts to pursue a national
19 cybersecurity challenge under this section.

20 “(B) RULE OF CONSTRUCTION.—Nothing
21 in subparagraph (A) may be construed to re-
22 quire any person or entity to provide funds or
23 otherwise participate in an effort or competition
24 under this section.

25 “(c) RECOMMENDATIONS.—

1 “(1) IN GENERAL.—In carrying out this sec-
2 tion, the Secretary of Commerce shall designate an
3 advisory council to seek recommendations.

4 “(2) ELEMENTS.—The recommendations re-
5 quired by paragraph (1) shall include the following:

6 “(A) A scope for efforts carried out under
7 subsection (b).

8 “(B) Metrics to assess submissions for
9 prizes under competitions carried out under
10 subsection (b) as the submissions pertain to the
11 national cybersecurity challenges established
12 under subsection (a).

13 “(3) NO ADDITIONAL COMPENSATION.—The
14 Secretary may not provide any additional compensa-
15 tion, except for travel expenses, to a member of the
16 advisory council designated under paragraph (1) for
17 participation in the advisory council.”.

18 (b) CONFORMING AMENDMENTS.—Section 201(a)(1)
19 of such Act (15 U.S.C. 7431(a)(1)) is amended—

20 (1) in subparagraph (J), by striking “and”
21 after the semicolon;

22 (2) by redesignating subparagraph (K) as sub-
23 paragraph (L); and

24 (3) by inserting after subparagraph (J) the fol-
25 lowing:

1 “(K) implementation of section 205
2 through research and development on the topics
3 identified under subsection (a) of such section;
4 and”.

5 (c) CLERICAL AMENDMENT.—The table of contents
6 in section 1(b) of such Act is amended by inserting after
7 the item relating to section 204 the following:

“Sec. 205. National cybersecurity challenges.”.

8 **Subtitle B—Other Matters**

9 **SEC. 9411. ESTABLISHED PROGRAM TO STIMULATE COM-** 10 **PETITIVE RESEARCH.**

11 Section 2203(b) of the Energy Policy Act of 1992
12 (42 U.S.C. 13503(b)) is amended by striking paragraph
13 (3) and inserting the following new paragraph (3):

14 “(3) ESTABLISHED PROGRAM TO STIMULATE
15 COMPETITIVE RESEARCH.—

16 “(A) DEFINITIONS.—In this paragraph:

17 “(i) ELIGIBLE JURISDICTION.—The
18 term ‘eligible jurisdiction’ means a State
19 that is determined to be eligible for a grant
20 under this paragraph in accordance with
21 subparagraph (D).

22 “(ii) EPSCoR.—The term ‘EPSCoR’
23 means the Established Program to Stimu-
24 late Competitive Research operated under
25 subparagraph (B).

1 “(iii) NATIONAL LABORATORY.—The
2 term ‘National Laboratory’ has the mean-
3 ing given the term in section 2 of the En-
4 ergy Policy Act of 2005 (42 U.S.C.
5 15801).

6 “(iv) STATE.—The term ‘State’
7 means—

8 “(I) a State;

9 “(II) the District of Columbia;

10 “(III) the Commonwealth of
11 Puerto Rico;

12 “(IV) Guam; and

13 “(V) the United States Virgin Is-
14 lands.

15 “(B) PROGRAM OPERATION.—The Sec-
16 retary shall operate an Established Program to
17 Stimulate Competitive Research.

18 “(C) OBJECTIVES.—The objectives of
19 EPSCoR shall be—

20 “(i) to increase the number of re-
21 searchers in eligible jurisdictions, especially
22 at institutions of higher education, capable
23 of performing nationally competitive
24 science and engineering research in sup-
25 port of the mission of the Department of

1 Energy in the areas of applied energy re-
2 search, environmental management, and
3 basic science;

4 “(ii) to improve science and engineer-
5 ing research and education programs at in-
6 stitutions of higher education in eligible ju-
7 risdictions and enhance the capabilities of
8 eligible jurisdictions to develop, plan, and
9 execute research that is competitive, in-
10 cluding through investing in research
11 equipment and instrumentation; and

12 “(iii) to increase the probability of
13 long-term growth of competitive funding to
14 eligible jurisdictions.

15 “(D) ELIGIBLE JURISDICTIONS.—

16 “(i) IN GENERAL.—The Secretary
17 may establish criteria for determining
18 whether a State is eligible for a grant
19 under this paragraph.

20 “(ii) REQUIREMENT.—Except as pro-
21 vided in clause (iii), in establishing criteria
22 under clause (i), the Secretary shall ensure
23 that a State is eligible for a grant under
24 this paragraph if the State, as determined
25 by the Secretary, is a State that—

1 “(I) historically has received rel-
2 atively little Federal research and de-
3 velopment funding; and

4 “(II) has demonstrated a com-
5 mitment—

6 “(aa) to develop the re-
7 search bases in the State; and

8 “(bb) to improve science and
9 engineering research and edu-
10 cation programs at institutions of
11 higher education in the State.

12 “(iii) ELIGIBILITY UNDER NSF
13 EPSCOR.—At the election of the Secretary,
14 or if the Secretary declines to establish cri-
15 teria under clause (i), the Secretary may
16 continue to use the eligibility criteria in
17 use on the date of enactment of the Wil-
18 liam M. (Mac) Thornberry National De-
19 fense Authorization Act for Fiscal Year
20 2021 or any successor criteria.

21 “(E) GRANTS IN AREAS OF APPLIED EN-
22 ERGY RESEARCH, ENVIRONMENTAL MANAGE-
23 MENT, AND BASIC SCIENCE.—

24 “(i) IN GENERAL.—EPSCoR shall
25 make grants to eligible jurisdictions to

1 carry out and support applied energy re-
2 search and research in all areas of environ-
3 mental management and basic science
4 sponsored by the Department of Energy,
5 including—

6 “(I) energy efficiency, fossil en-
7 ergy, renewable energy, and other ap-
8 plied energy research;

9 “(II) electricity delivery research;

10 “(III) cybersecurity, energy secu-
11 rity, and emergency response;

12 “(IV) environmental manage-
13 ment; and

14 “(V) basic science research.

15 “(ii) ACTIVITIES.—EPSCoR shall
16 make grants under this subparagraph for
17 activities consistent with the objectives de-
18 scribed in subparagraph (C) in the areas of
19 applied energy research, environmental
20 management, and basic science described
21 in clause (i), including—

22 “(I) to support research that is
23 carried out in partnership with the
24 National Laboratories;

1 “(II) to provide for graduate
2 traineeships;

3 “(III) to support research by
4 early career faculty; and

5 “(IV) to improve research capa-
6 bilities through biennial research im-
7 plementation grants.

8 “(iii) NO COST SHARING.—EPSCoR
9 shall not impose any cost-sharing require-
10 ment with respect to a grant made under
11 this subparagraph, but may require letters
12 of commitment from National Labora-
13 tories.

14 “(F) OTHER ACTIVITIES.—EPSCoR may
15 carry out such activities as may be necessary to
16 meet the objectives described in subparagraph
17 (C) in the areas of applied energy research, en-
18 vironmental management, and basic science de-
19 scribed in subparagraph (E)(i).

20 “(G) PROGRAM IMPLEMENTATION.—

21 “(i) IN GENERAL.—Not later than
22 270 days after the date of enactment of
23 the William M. (Mac) Thornberry National
24 Defense Authorization Act for Fiscal Year
25 2021, the Secretary shall submit to the

1 Committees on Energy and Natural Re-
2 sources and Appropriations of the Senate
3 and the Committees on Energy and Com-
4 merce and Appropriations of the House of
5 Representatives a plan describing how the
6 Secretary shall implement EPSCoR.

7 “(ii) CONTENTS OF PLAN.—The plan
8 described in clause (i) shall include a de-
9 scription of—

10 “(I) the management structure of
11 EPSCoR, which shall ensure that all
12 research areas and activities described
13 in this paragraph are incorporated
14 into EPSCoR;

15 “(II) efforts to conduct outreach
16 to inform eligible jurisdictions and
17 faculty of changes to, and opportuni-
18 ties under, EPSCoR;

19 “(III) how EPSCoR plans to in-
20 crease engagement with eligible juris-
21 dictions, faculty, and State commit-
22 tees, including by holding regular
23 workshops, to increase participation in
24 EPSCoR; and

1 “(IV) any other issues relating to
2 EPSCoR that the Secretary deter-
3 mines appropriate.

4 “(H) PROGRAM EVALUATION.—

5 “(i) IN GENERAL.—Not later than 5
6 years after the date of enactment of the
7 William M. (Mac) Thornberry National
8 Defense Authorization Act for Fiscal Year
9 2021, the Secretary shall contract with a
10 federally funded research and development
11 center, the National Academy of Sciences,
12 or a similar organization to carry out an
13 assessment of the effectiveness of
14 EPSCoR, including an assessment of—

15 “(I) the tangible progress made
16 towards achieving the objectives de-
17 scribed in subparagraph (C);

18 “(II) the impact of research sup-
19 ported by EPSCoR on the mission of
20 the Department of Energy; and

21 “(III) any other issues relating to
22 EPSCoR that the Secretary deter-
23 mines appropriate.

24 “(ii) LIMITATION.—The organization
25 with which the Secretary contracts under

1 clause (i) shall not be a National Labora-
2 tory.

3 “(iii) REPORT.—Not later than 6
4 years after the date of enactment of the
5 William M. (Mac) Thornberry National
6 Defense Authorization Act for Fiscal Year
7 2021, the Secretary shall submit to the
8 Committee on Energy and Natural Re-
9 sources and the Committee on Appropria-
10 tions of the Senate and the Committee on
11 Science, Space and Technology and the
12 Committee on Appropriations of the House
13 of Representatives a report describing the
14 results of the assessment carried out under
15 clause (i), including recommendations for
16 improvements that would enable the Sec-
17 retary to achieve the objectives described
18 in subparagraph (C).”.

19 **SEC. 9412. INDUSTRIES OF THE FUTURE.**

20 (a) SHORT TITLE.—This section may be cited as the
21 “Industries of the Future Act of 2020”.

22 (b) REPORT ON FEDERAL RESEARCH AND DEVELOP-
23 MENT FOCUSED ON INDUSTRIES OF THE FUTURE.—

24 (1) IN GENERAL.—Not later than 120 days
25 after the date of the enactment of this Act, the Di-

1 rector of the Office of Science and Technology Policy
2 shall submit to Congress a report on research and
3 development investments, infrastructure, and work-
4 force development investments of the Federal Gov-
5 ernment that enable continued United States leader-
6 ship in industries of the future.

7 (2) CONTENTS.—The report submitted under
8 paragraph (1) shall include the following:

9 (A) A definition, for purposes of this sec-
10 tion, of the term “industries of the future” that
11 includes emerging technologies.

12 (B) An assessment of the current baseline
13 of investments in civilian research and develop-
14 ment investments of the Federal Government in
15 the industries of the future.

16 (C) A plan to double such baseline invest-
17 ments in artificial intelligence and quantum in-
18 formation science by fiscal year 2022.

19 (D) A detailed plan to increase invest-
20 ments described in subparagraph (B) in indus-
21 tries of the future to \$10,000,000,000 per year
22 by fiscal year 2025.

23 (E) A plan to leverage investments de-
24 scribed in subparagraphs (B), (C), and (D) in
25 industries of the future to elicit complimentary

1 investments by non-Federal entities, including
2 providing incentives for significant complemen-
3 tary investments by such entities and facili-
4 tating public-private partnerships.

5 (F) Proposals for the Federal Government,
6 including any necessary draft legislation, to im-
7 plement such plans.

8 (c) INDUSTRIES OF THE FUTURE COORDINATION
9 COUNCIL.—

10 (1) ESTABLISHMENT.—

11 (A) IN GENERAL.—The President shall es-
12 tablish or designate a council to advise the Di-
13 rector of the Office of Science and Technology
14 Policy on matters relevant to the Director and
15 the industries of the future.

16 (B) DESIGNATION.—The council estab-
17 lished or designated under subparagraph (A)
18 shall be known as the “Industries of the Future
19 Coordination Council” (in this section the
20 “Council”).

21 (2) MEMBERSHIP.—

22 (A) COMPOSITION.—The Council shall be
23 composed of employees of the Federal Govern-
24 ment who shall be appointed as follows:

1 (i) One member appointed by the Di-
2 rector.

3 (ii) A chairperson of the Select Com-
4 mittee on Artificial Intelligence of the Na-
5 tional Science and Technology Council.

6 (iii) A chairperson of the Sub-
7 committee on Advanced Manufacturing of
8 the National Science and Technology
9 Council.

10 (iv) A chairperson of the Sub-
11 committee on Quantum Information
12 Science of the National Science and Tech-
13 nology Council.

14 (v) Such other members as the Presi-
15 dent considers appropriate.

16 (B) CHAIRPERSON.—The member ap-
17 pointed to the Council under paragraph (A)(i)
18 shall serve as the chairperson of the Council.

19 (3) DUTIES.—The duties of the Council are as
20 follows:

21 (A) To provide the Director with advice on
22 ways in which in the Federal Government can
23 ensure the United States continues to lead the
24 world in developing emerging technologies that
25 improve the quality of life of the people of the

1 United States, increase economic competitive-
2 ness of the United States, and strengthen the
3 national security of the United States, including
4 identification of the following:

5 (i) Federal investments required in
6 fundamental research and development, in-
7 frastructure, technology transfer, and
8 workforce development of the United
9 States workers who will support the indus-
10 tries of the future.

11 (ii) Actions necessary to create and
12 further develop the workforce that will sup-
13 port the industries of the future.

14 (iii) Actions required to leverage the
15 strength of the research and development
16 ecosystem of the United States, which in-
17 cludes academia, industry, and nonprofit
18 organizations, to support industries of the
19 future.

20 (iv) Ways that the Federal Govern-
21 ment can consider leveraging existing part-
22 nerships and creating new partnerships
23 and other multisector collaborations to ad-
24 vance the industries of the future.

1 (v) Actions required to accelerate the
2 translation of federally funded research
3 and development to practice and meaning-
4 ful benefits for society while mitigating any
5 risks.

6 (B) To provide the Director with advice on
7 matters relevant to the report required under
8 subsection (b).

9 (4) COORDINATION.—The Council shall coordi-
10 nate with and utilize relevant existing National
11 Science and Technology Council committees to the
12 maximum extent feasible in order to minimize dupli-
13 cation of effort.

14 (5) APPLICABILITY OF FACA.—The Federal Ad-
15 visory Committee Act (5 U.S.C. App.) shall not
16 apply to the Council established under this sub-
17 section.

18 (6) SUNSET.—The Council shall terminate on
19 the date that is 6 years after the date of the enact-
20 ment of this Act.

1 **SEC. 9413. NATIONAL INSTITUTE OF STANDARDS AND**
2 **TECHNOLOGY MANUFACTURING EXTENSION**
3 **PARTNERSHIP PROGRAM SUPPLY CHAIN**
4 **DATABASE.**

5 (a) IN GENERAL.—The Director of the National In-
6 stitute of Standards and Technology shall carry out a
7 study to evaluate the feasibility, advisability, and costs of
8 establishing a national supply chain database within the
9 Manufacturing Extension Partnership program of the Na-
10 tional Institute of Standards and Technology to—

11 (1) understand the manufacturing capabilities
12 of United States manufacturers; and

13 (2) minimize disruptions to the supply chain,
14 which may include defense supplies, food, and med-
15 ical devices, including personal protective equipment.

16 (b) CONSIDERATIONS.—In carrying out the study
17 under subsection (a), the Director of the National Insti-
18 tute of Standards and Technology shall consider the fol-
19 lowing:

20 (1) Whether a national supply chain database
21 may enable the National Institute of Standards and
22 Technology and the small and medium manufactur-
23 ers of the Manufacturing Extension Partnership pro-
24 gram to—

25 (A) understand the available domestic
26 manufacturing capabilities; and

1 (B) meet the needs for urgent products in
2 the event of a supply chain disruption.

3 (2) How information from State-level databases
4 maintained within the Manufacturing Extension
5 Partnership program would be incorporated into the
6 national supply chain database.

7 (3) The relationship, if any, between a national
8 supply chain database within the Manufacturing Ex-
9 tension Partnership program and supply chain ef-
10 forts conducted by other agencies in the Federal
11 Government and non-Federal entities.

12 (4) Whether the National Institute of Stand-
13 ards and Technology could use existing technologies
14 and solutions to establish a national supply chain
15 database.

16 (5) How a national supply chain database could
17 be regularly maintained and updated to ensure effec-
18 tiveness.

19 (6) The nature of the information that could be
20 voluntarily collected from manufacturers for a na-
21 tional supply chain database.

22 (7) What mechanisms should be in place to en-
23 sure that the information under paragraph (6) is
24 verified.

1 (8) What security measures may be necessary
2 to protect information, including protocols to ensure
3 that information in the national supply chain data-
4 base is accessed according to the nature of the infor-
5 mation in such database with individuals with the
6 appropriate level of authorization.

7 (9) Whether there should be restrictions to pro-
8 tect proprietary business and personal information
9 under paragraph (6).

10 (10) The cost of developing and maintaining
11 such a database, including staffing.

12 (c) REPORT TO CONGRESS.—Not later than 180 days
13 after the date of the enactment of this Act, the Director
14 of the National Institute of Standards and Technology
15 shall submit to Congress a report that includes the find-
16 ings and any recommendations from the study required
17 under subsection (a). Such report shall include a descrip-
18 tion of any new legislation that may be required to imple-
19 ment a new national supply chain database through the
20 Manufacturing Extension Partnership program.

21 **SEC. 9414. STUDY ON CHINESE POLICIES AND INFLUENCE**
22 **IN THE DEVELOPMENT OF INTERNATIONAL**
23 **STANDARDS FOR EMERGING TECHNOLOGIES.**

24 (a) STUDY.—Not later than 180 days after the date
25 of the enactment of this Act, the Director of the National

1 Institute of Standards and Technology shall enter into an
2 agreement with an appropriate entity with relevant exper-
3 tise, as determined by the Director, to conduct a study
4 and make recommendations with respect to the effect of
5 the policies of the People’s Republic of China and coordi-
6 nation among industrial entities within the People’s Re-
7 public of China on international bodies engaged in devel-
8 oping and setting international standards for emerging
9 technologies. The study may include—

10 (1) an assessment of how the role of the Peo-
11 ple’s Republic of China in international standards
12 setting organizations has grown over the previous 10
13 years, including in leadership roles in standards-
14 drafting technical committees, and the quality or
15 value of that participation;

16 (2) an assessment of the effect of the standard-
17 ization strategy of the People’s Republic of China,
18 as identified in the “Chinese Standard 2035”, on
19 international bodies engaged in developing and set-
20 ting standards for select emerging technologies, such
21 as advanced communication technologies or cloud
22 computing and cloud services;

23 (3) an examination of whether international
24 standards for select emerging technologies are being
25 designed to promote interests of the People’s Repub-

1 lic of China that are expressed in the “Made in
2 China 2025” plan to the exclusion of other partici-
3 pants;

4 (4) an examination of how the previous prac-
5 tices that the People’s Republic of China has used
6 while participating in international standards setting
7 organizations may foretell how the People’s Republic
8 of China is likely to engage in international stand-
9 ardization activities of critical technologies like arti-
10 ficial intelligence and quantum information science,
11 and what may be the consequences;

12 (5) recommendations on how the United States
13 can take steps to mitigate the influence of the Peo-
14 ple’s Republic of China and bolster United States
15 public and private sector participation in inter-
16 national standards-setting bodies; and

17 (6) any other area the Director, in consultation
18 with the entity selected to conduct the study, deter-
19 mines is important to address.

20 (b) REPORT TO CONGRESS.—The agreement entered
21 into under subsection (a) shall provide that, not later than
22 two years after the date of the enactment of this Act, the
23 entity conducting the study shall—

24 (1) submit to the Committee on Science, Space,
25 and Technology and the Committee on Foreign Af-

1 fairs of the House of Representatives and the Com-
2 mittee on Commerce, Science, and Transportation
3 and the Committee on Foreign Relations of the Sen-
4 ate a report containing the findings and rec-
5 ommendations of the study; and

6 (2) make a copy of such report available on a
7 publicly accessible website.

8 **SEC. 9415. COORDINATION WITH HOLLINGS MANUFAC-**
9 **TURING EXTENSION PARTNERSHIP CENTERS.**

10 Notwithstanding section 34(d)(2)(A)(iv) of the Na-
11 tional Institute for Standards and Technology Act (15
12 U.S.C. 278s(d)(2)(A)(iv)), each Manufacturing USA In-
13 stitute (established under subsection (d) of such section)
14 shall, as appropriate, contract with a Hollings Manufac-
15 turing Extension Partnership Center (established under
16 section 25 of such Act) in each State in which such Insti-
17 tute provides services, either directly or through another
18 such Center, to provide defense industrial base-related
19 outreach, technical assistance, workforce development, and
20 technology transfer assistance to small and medium-sized
21 manufacturers. No Center shall charge in excess of its
22 standard rate for such services. Funds received by a Cen-
23 ter through such a contract shall not constitute financial
24 assistance under section 25(e) of such Act.

1 **TITLE XCV—NATURAL**
2 **RESOURCES MATTERS**

Sec. 9501. Transfer of funds for Oklahoma City national memorial endowment fund.

Sec. 9502. Workforce issues for military realignments in the Pacific.

Sec. 9503. Affirmation of authority for non-oil and gas operations on the outer Continental Shelf.

3 **SEC. 9501. TRANSFER OF FUNDS FOR OKLAHOMA CITY NA-**
4 **TIONAL MEMORIAL ENDOWMENT FUND.**

5 Section 7(1) of the Oklahoma City National Memorial
6 Act of 1997 (16 U.S.C. 450ss–5(1)) is amended by strik-
7 ing “there is hereby authorized” and inserting “the Sec-
8 retary may provide, from the National Park Service’s Na-
9 tional Recreation and Preservation account, the remainder
10 of”.

11 **SEC. 9502. WORKFORCE ISSUES FOR MILITARY REALIGN-**
12 **MENTS IN THE PACIFIC.**

13 Section 6(b)(1)(B)(i) of the Joint Resolution entitled
14 “A Joint Resolution to approve the ‘Covenant To Estab-
15 lish a Commonwealth of the Northern Mariana Islands in
16 Political Union With the United States of America’, and
17 for other purposes”, approved March 24, 1976 (48 U.S.C.
18 1806(b)(1)(B)(i)) is amended—

19 (1) by striking “contact” and inserting “con-
20 tract”;

21 (2) by inserting “supporting,” after “connected
22 to,”;

1 (3) by striking “or” before “associated with”;

2 (4) by inserting “or adversely affected by” after

3 “associated with,”; and

4 (5) by inserting “, with priority given to feder-

5 ally funded military projects” after “and in the

6 Commonwealth”.

7 **SEC. 9503. AFFIRMATION OF AUTHORITY FOR NON-OIL AND**

8 **GAS OPERATIONS ON THE OUTER CONTI-**

9 **NENTAL SHELF.**

10 Section 4(a)(1) of the Outer Continental Shelf Lands

11 Act (43 U.S.C. 1333(a)(1)) is amended to read as follows:

12 “(1) JURISDICTION OF THE UNITED STATES ON

13 THE OUTER CONTINENTAL SHELF.—

14 “(A) IN GENERAL.—The Constitution and

15 laws and civil and political jurisdiction of the

16 United States are extended, to the same extent

17 as if the outer Continental Shelf were an area

18 of exclusive Federal jurisdiction located within

19 a State, to—

20 “(i) the subsoil and seabed of the

21 outer Continental Shelf;

22 “(ii) all artificial islands on the outer

23 Continental Shelf;

24 “(iii) installations and other devices

25 permanently or temporarily attached to the

1 seabed, which may be erected thereon for
2 the purpose of exploring for, developing, or
3 producing resources, including non-mineral
4 energy resources; or

5 “(iv) any such installation or other
6 device (other than a ship or vessel) for the
7 purpose of transporting or transmitting
8 such resources.

9 “(B) LEASES ISSUED EXCLUSIVELY
10 UNDER THIS ACT.—Mineral or energy leases on
11 the outer Continental Shelf shall be maintained
12 or issued only under the provisions of this
13 Act.”.

14 **TITLE XCVI—OVERSIGHT AND**
15 **REFORM MATTERS**

Sec. 9601. Inventory of program activities of Federal agencies.

Sec. 9602. Preservation of electronic messages and other records.

Sec. 9603. Continuity of the economy plan.

16 **SEC. 9601. INVENTORY OF PROGRAM ACTIVITIES OF FED-**
17 **ERAL AGENCIES.**

18 (a) INVENTORY OF GOVERNMENT PROGRAMS.—Sec-
19 tion 1122(a) of title 31, United States Code, is amended—

20 (1) by redesignating paragraphs (1) and (2) as
21 paragraphs (2) and (3), respectively;

22 (2) by inserting before paragraph (2), as so re-
23 designated, the following:

1 “(1) DEFINITIONS.—For purposes of this sub-
2 section—

3 “(A) the term ‘Federal financial assist-
4 ance’ has the meaning given that term under
5 section 7501;

6 “(B) the term ‘open Government data
7 asset’ has the meaning given that term under
8 section 3502 of title 44;

9 “(C) the term ‘program’ means a single
10 program activity or an organized set of aggre-
11 gated, disaggregated, or consolidated program
12 activities by one or more agencies directed to-
13 ward a common purpose or goal; and

14 “(D) the term ‘program activity’ has the
15 meaning given that term in section 1115(h).”;
16 (3) in paragraph (2), as so redesignated—

17 (A) by striking “IN GENERAL.—Not later
18 than October 1, 2012, the Office of Manage-
19 ment and Budget shall” and inserting
20 “WEBSITE AND PROGRAM INVENTORY.—The
21 Director of the Office of Management and
22 Budget shall”;

23 (B) in subparagraph (A), by inserting
24 “that includes the information required under

1 subsections (b) and (c)” after “a single
2 website”; and

3 (C) by striking subparagraphs (B) and (C)
4 and inserting the following:

5 “(B) include on the website described in
6 subparagraph (A), or another appropriate Fed-
7 eral Government website where related informa-
8 tion is made available, as determined by the Di-
9 rector—

10 “(i) a program inventory that shall
11 identify each program; and

12 “(ii) for each program identified in
13 the program inventory, the information re-
14 quired under paragraph (3);

15 “(C) make the information in the program
16 inventory required under subparagraph (B)
17 available as an open Government data asset;
18 and

19 “(D) at a minimum—

20 “(i) update the information required
21 to be included on the single website under
22 subparagraph (A) on a quarterly basis;
23 and

1 “(ii) update the program inventory re-
2 quired under subparagraph (B) on an an-
3 nual basis.”;

4 (4) in paragraph (3), as so redesignated—

5 (A) in the matter preceding subparagraph
6 (A), by striking “described under paragraph (1)
7 shall include” and inserting “identified in the
8 program inventory required under paragraph
9 (2)(B) shall include”;

10 (B) in subparagraph (B), by striking
11 “and” at the end;

12 (C) in subparagraph (C), by striking the
13 period at the end and inserting “and,”; and

14 (D) by adding at the end the following:

15 “(D) for each program activity that is part
16 of a program—

17 “(i) a description of the purposes of
18 the program activity and the contribution
19 of the program activity to the mission and
20 goals of the agency;

21 “(ii) a consolidated view for the cur-
22 rent fiscal year and each of the 2 fiscal
23 years before the current fiscal year of—

24 “(I) the amount appropriated;

25 “(II) the amount obligated; and

1 “(III) the amount outlayed;

2 “(iii) to the extent practicable and
3 permitted by law, links to any related eval-
4 uation, assessment, or program perform-
5 ance review by the agency, an inspector
6 general, or the Government Accountability
7 Office (including program performance re-
8 ports required under section 1116), and
9 other related evidence assembled in re-
10 sponse to implementation of the Founda-
11 tions for Evidence-Based Policymaking Act
12 of 2018 (Public Law 115–435; 132 Stat.
13 5529);

14 “(iv) an identification of the statutes
15 that authorize the program activity or the
16 authority under which the program activity
17 was created or operates;

18 “(v) an identification of any major
19 regulations specific to the program activity;

20 “(vi) any other information that the
21 Director of the Office of Management and
22 Budget determines relevant relating to pro-
23 gram activity data in priority areas most
24 relevant to Congress or the public to in-

1 crease transparency and accountability;
2 and

3 “(vii) for each assistance listing under
4 which Federal financial assistance is pro-
5 vided, for the current fiscal year and each
6 of the 2 fiscal years before the current fis-
7 cal year and consistent with existing law
8 relating to the protection of personally
9 identifiable information—

10 “(I) a linkage to the relevant
11 program activities that fund Federal
12 financial assistance by assistance list-
13 ing;

14 “(II) information on the popu-
15 lation intended to be served by the as-
16 sistance listing based on the language
17 of the solicitation, as required under
18 section 6102;

19 “(III) to the extent practicable
20 and based on data reported to the
21 agency providing the Federal financial
22 assistance, the results of the Federal
23 financial assistance awards provided
24 by the assistance listing;

1 “(IV) to the extent practicable,
2 the percentage of the amount appro-
3 priated for the assistance listing that
4 is used for management and adminis-
5 tration;

6 “(V) the identification of each
7 award of Federal financial assistance
8 and, to the extent practicable, the
9 name of each direct or indirect recipi-
10 ent of the award; and

11 “(VI) any information relating to
12 the award of Federal financial assist-
13 ance that is required to be included on
14 the website established under section
15 2(b) of the Federal Funding Account-
16 ability and Transparency Act of 2006
17 (31 U.S.C. 6101 note).”; and

18 (5) by adding at the end the following:

19 “(4) ARCHIVING.—The Director of the Office of
20 Management and Budget shall—

21 “(A) archive and preserve the information
22 included in the program inventory required
23 under paragraph (2)(B) after the end of the pe-
24 riod during which such information is made
25 available under paragraph (3); and

1 “(B) make information archived in accord-
2 ance with subparagraph (A) publicly available
3 as an open Government data asset.”.

4 (b) GUIDANCE, IMPLEMENTATION, REPORTING, AND
5 REVIEW.—

6 (1) DEFINITIONS.—In this subsection—

7 (A) the term “appropriate congressional
8 committees” means the Committee on Oversight
9 and Reform of the House of Representatives
10 and the Committee on Homeland Security and
11 Governmental Affairs of the Senate;

12 (B) the term “Director” means the Direc-
13 tor of the Office of Management and Budget;

14 (C) the term “program” has the meaning
15 given that term in section 1122(a)(1) of title
16 31, United States Code, as amended by sub-
17 section (a) of this section;

18 (D) the term “program activity” has the
19 meaning given that term in section 1115(h) of
20 title 31, United States Code; and

21 (E) the term “Secretary” means the Sec-
22 retary of the Treasury.

23 (2) PLAN FOR IMPLEMENTATION AND RECON-
24 CILING PROGRAM DEFINITIONS.—Not later than 180
25 days after the date of enactment of this Act, the Di-

1 rector, in consultation with the Secretary, shall sub-
2 mit to the appropriate congressional committees a
3 report that—

4 (A) includes a plan that—

5 (i) discusses how making available on
6 a website the information required under
7 subsection (a) of section 1122 of title 31,
8 United States Code, as amended by sub-
9 section (a), will leverage existing data
10 sources while avoiding duplicative or over-
11 lapping information in presenting informa-
12 tion relating to program activities and pro-
13 grams;

14 (ii) indicates how any gaps in data
15 will be assessed and addressed;

16 (iii) indicates how the Director will
17 display such data; and

18 (iv) discusses how the Director will
19 expand the information collected with re-
20 spect to program activities to incorporate
21 the information required under the amend-
22 ments made by subsection (a);

23 (B) sets forth details regarding a pilot pro-
24 gram, developed in accordance with best prac-
25 tices for effective pilot programs—

1 (i) to develop and implement a func-
2 tional program inventory that could be lim-
3 ited in scope; and

4 (ii) under which the information re-
5 quired under the amendments made by
6 subsection (a) with respect to program ac-
7 tivities shall be made available on the
8 website required under section 1122(a) of
9 title 31, United States Code;

10 (C) establishes an implementation timeline
11 for—

12 (i) gathering and building program
13 activity information;

14 (ii) developing and implementing the
15 pilot program;

16 (iii) seeking and responding to stake-
17 holder comments;

18 (iv) developing and presenting find-
19 ings from the pilot program to the appro-
20 priate congressional committees;

21 (v) notifying the appropriate congres-
22 sional committees regarding how program
23 activities will be aggregated, disaggregated,
24 or consolidated as part of identifying pro-
25 grams; and

1 (vi) implementing a Governmentwide
2 program inventory through an iterative ap-
3 proach; and

4 (D) includes recommendations, if any, to
5 reconcile the conflicting definitions of the term
6 “program” in relevant Federal statutes, as it
7 relates to the purpose of this section.

8 (3) IMPLEMENTATION.—

9 (A) IN GENERAL.—Not later than 3 years
10 after the date of enactment of this Act, the Di-
11 rector shall make available online all informa-
12 tion required under the amendments made by
13 subsection (a) with respect to all programs.

14 (B) EXTENSIONS.—The Director may,
15 based on an analysis of the costs of implemen-
16 tation, and after submitting to the appropriate
17 congressional committees a notification of the
18 action by the Director, extend the deadline for
19 implementation under subparagraph (A) by not
20 more than a total of 1 year.

21 (4) REPORTING.—Not later than 2 years after
22 the date on which the Director makes available on-
23 line all information required under the amendments
24 made by subsection (a) with respect to all programs,
25 the Comptroller General of the United States shall

1 submit to the appropriate congressional committees
2 a report regarding the implementation of this section
3 and the amendments made by this section, which
4 shall—

5 (A) review how the Director and agencies
6 determined how to aggregate, disaggregate, or
7 consolidate program activities to provide the
8 most useful information for an inventory of
9 Government programs;

10 (B) evaluate the extent to which the pro-
11 gram inventory required under section 1122 of
12 title 31, United States Code, as amended by
13 this section, provides useful information for
14 transparency, decision-making, and oversight;

15 (C) evaluate the extent to which the pro-
16 gram inventory provides a coherent picture of
17 the scope of Federal investments in particular
18 areas; and

19 (D) include the recommendations of the
20 Comptroller General, if any, for improving im-
21 plementation of this section and the amend-
22 ments made by this section.

23 (c) TECHNICAL AND CONFORMING AMENDMENTS.—

24 (1) IN GENERAL.—Section 1122 of title 31,
25 United States Code, is amended—

1 (A) in subsection (b), in the matter pre-
2 ceding paragraph (1), by inserting “described in
3 subsection (a)(2)(A)” after “the website” each
4 place it appears;

5 (B) in subsection (c), in the matter pre-
6 ceding paragraph (1), by inserting “described in
7 subsection (a)(2)(A)” after “the website”; and

8 (C) in subsection (d)—

9 (i) in the subsection heading, by strik-
10 ing “ON WEBSITE”; and

11 (ii) in the first sentence, by striking
12 “on the website”.

13 (2) OTHER AMENDMENTS.—

14 (A) Section 1115(a) of title 31, United
15 States Code, is amended in the matter pre-
16 ceding paragraph (1) by striking “the website
17 provided under” and inserting “a website de-
18 scribed in”.

19 (B) Section 10 of the GPRA Moderniza-
20 tion Act of 2010 (31 U.S.C. 1115 note) is
21 amended—

22 (i) in subsection (a)(3), by striking
23 “the website described under” and insert-
24 ing “a website described in”; and

25 (ii) in subsection (b)—

1 (I) in paragraph (1), by striking
2 “the website described under” and in-
3 serting “a website described in”; and

4 (II) in paragraph (3), by striking
5 “the website as required under” and
6 inserting “a website described in”.

7 (C) Section 1120(a)(5) of title 31, United
8 States Code, is amended by striking “the
9 website described under” and inserting “a
10 website described in”.

11 (D) Section 1126(b)(2)(E) of title 31,
12 United States Code, is amended by striking
13 “the website of the Office of Management and
14 Budget pursuant to” and inserting “a website
15 described in”.

16 (E) Section 3512(a)(1) of title 31, United
17 States Code, is amended by striking “the
18 website described under” and inserting “a
19 website described in”.

20 **SEC. 9602. PRESERVATION OF ELECTRONIC MESSAGES AND**
21 **OTHER RECORDS.**

22 (a) SHORT TITLE.—This section may be cited as the
23 “Electronic Message Preservation Act”.

24 (b) PRESERVATION OF ELECTRONIC MESSAGES AND
25 OTHER RECORDS.—

1 (1) REQUIREMENT FOR PRESERVATION OF
2 ELECTRONIC MESSAGES.—Chapter 29 of title 44,
3 United States Code, is amended by adding at the
4 end the following new section:

5 **“§ 2912. Preservation of electronic messages and**
6 **other records**

7 “(a) REGULATIONS REQUIRED.—The Archivist shall
8 promulgate regulations governing Federal agency preser-
9 vation of electronic messages that are determined to be
10 records. Such regulations shall, at a minimum—

11 “(1) require the electronic capture, manage-
12 ment, and preservation of such electronic records in
13 accordance with the records disposition requirements
14 of chapter 33;

15 “(2) require that such electronic records are
16 readily accessible for retrieval through electronic
17 searches; and

18 “(3) include timelines for Federal agency imple-
19 mentation of the regulations that ensure compliance
20 as expeditiously as practicable.

21 “(b) COVERAGE OF OTHER ELECTRONIC
22 RECORDS.—To the extent practicable, the regulations pro-
23 mulgated under subsection (a) shall also include require-
24 ments for the capture, management, and preservation of
25 other electronic records.

1 “(c) REVIEW OF REGULATIONS REQUIRED.—The Ar-
2 chivist shall periodically review and, as necessary, amend
3 the regulations promulgated under subsection (a).”.

4 (2) DEADLINE FOR REGULATIONS.—Not later
5 than one year after the date of the enactment of this
6 Act, the Archivist shall propose the regulations re-
7 quired under section 2912(a) of title 44, United
8 States Code, as added by paragraph (1).

9 (3) REPORTS ON IMPLEMENTATION OF REGU-
10 LATIONS.—

11 (A) AGENCY REPORT TO ARCHIVIST.—Not
12 later than two years after the date of the enact-
13 ment of this Act, the head of each Federal
14 agency shall submit to the Archivist a report on
15 the agency’s compliance with the regulations
16 promulgated under section 2912 of title 44,
17 United States Code, as added by paragraph (1),
18 and shall make the report publicly available on
19 the website of the agency.

20 (B) ARCHIVIST REPORT TO CONGRESS.—
21 Not later than 90 days after receipt of all re-
22 ports required by subparagraph (A), the Archi-
23 vist shall submit to the Committee on Home-
24 land Security and Governmental Affairs of the
25 Senate and the Committee on Oversight and

1 Reform of the House of Representatives a re-
2 port on Federal agency compliance with the
3 regulations promulgated under section 2912(a)
4 of title 44, United States Code, as added by
5 paragraph (1), and shall make the report pub-
6 licly available on the website of the agency.

7 (C) FEDERAL AGENCY DEFINED.—In this
8 subsection, the term “Federal agency” has the
9 meaning given that term in section 2901 of title
10 44, United States Code.

11 (4) CLERICAL AMENDMENT.—The table of sec-
12 tions at the beginning of chapter 29 of title 44,
13 United States Code, is amended by adding after the
14 item relating to section 2911 the following new item:

“2912. Preservation of electronic messages and other records.”.

15 (5) DEFINITIONS.—Section 2901 of title 44,
16 United States Code, is amended—

17 (A) by striking “and” at the end of para-
18 graph (14); and

19 (B) by striking paragraph (15) and insert-
20 ing the following new paragraphs:

21 “(15) the term ‘electronic messages’ means
22 electronic mail and other electronic messaging sys-
23 tems that are used for purposes of communicating
24 between individuals; and

1 “(16) the term ‘electronic records management
2 system’ means software designed to manage elec-
3 tronic records, including by—

4 “(A) categorizing and locating records;

5 “(B) ensuring that records are retained as
6 long as necessary;

7 “(C) identifying records that are due for
8 disposition; and

9 “(D) ensuring the storage, retrieval, and
10 disposition of records.”.

11 **SEC. 9603. CONTINUITY OF THE ECONOMY PLAN.**

12 (a) REQUIREMENT.—

13 (1) IN GENERAL.—The President shall develop
14 and maintain a plan to maintain and restore the
15 economy of the United States in response to a sig-
16 nificant event.

17 (2) PRINCIPLES.—The plan required under
18 paragraph (1) shall—

19 (A) be consistent with—

20 (i) a free market economy; and

21 (ii) the rule of law; and

22 (B) respect private property rights.

23 (3) CONTENTS.—The plan required under para-
24 graph (1) shall—

1 (A) examine the distribution of goods and
2 services across the United States necessary for
3 the reliable functioning of the United States
4 during a significant event;

5 (B) identify the economic functions of rel-
6 evant actors, the disruption, corruption, or dys-
7 function of which would have a debilitating ef-
8 fect in the United States on—

9 (i) security;

10 (ii) economic security;

11 (iii) defense readiness; or

12 (iv) public health or safety;

13 (C) identify the critical distribution mecha-
14 nisms for each economic sector that should be
15 prioritized for operation during a significant
16 event, including—

17 (i) bulk power and electric trans-
18 mission systems;

19 (ii) national and international finan-
20 cial systems, including wholesale payments,
21 stocks, and currency exchanges;

22 (iii) national and international com-
23 munications networks, data-hosting serv-
24 ices, and cloud services;

1 (iv) interstate oil and natural gas
2 pipelines; and

3 (v) mechanisms for the interstate and
4 international trade and distribution of ma-
5 terials, food, and medical supplies, includ-
6 ing road, rail, air, and maritime shipping;

7 (D) identify economic functions of relevant
8 actors, the disruption, corruption, or dysfunc-
9 tion of which would cause—

10 (i) catastrophic economic loss;

11 (ii) the loss of public confidence; or

12 (iii) the widespread imperilment of
13 human life;

14 (E) identify the economic functions of rel-
15 evant actors that are so vital to the economy of
16 the United States that the disruption, corrup-
17 tion, or dysfunction of those economic functions
18 would undermine response, recovery, or mobili-
19 zation efforts during a significant event;

20 (F) incorporate, to the greatest extent
21 practicable, the principles and practices con-
22 tained within Federal plans for the continuity
23 of Government and continuity of operations;

24 (G) identify—

- 1 (i) industrial control networks for
2 which a loss of internet connectivity, a loss
3 of network integrity or availability, an ex-
4 ploitation of a system connected to the net-
5 work, or another failure, disruption, cor-
6 ruption, or dysfunction would have a de-
7 bilitating effect in the United States on—
- 8 (I) security;
9 (II) economic security;
10 (III) defense readiness; or
11 (IV) public health or safety; and
- 12 (ii) for each industrial control network
13 identified under clause (i), risk mitigation
14 measures, including—
- 15 (I) the installation of parallel
16 services;
17 (II) the use of stand-alone analog
18 services; or
19 (III) the significant hardening of
20 the industrial control network against
21 failure, disruption, corruption, or dys-
22 function;
- 23 (H) identify critical economic sectors for
24 which the preservation of data in a protected,
25 verified, and uncorrupted status would be re-

1 quired for the quick recovery of the economy of
2 the United States in the face of a significant
3 disruption following a significant event;

4 (I) include a list of raw materials, indus-
5 trial goods, and other items, the absence of
6 which would significantly undermine the ability
7 of the United States to sustain the functions
8 described in subparagraphs (B), (D), and (E);

9 (J) provide an analysis of supply chain di-
10 versification for the items described in subpara-
11 graph (I) in the event of a disruption caused by
12 a significant event;

13 (K) include—

14 (i) a recommendation as to whether
15 the United States should maintain a stra-
16 tegic reserve of 1 or more of the items de-
17 scribed in subparagraph (I); and

18 (ii) for each item described in sub-
19 paragraph (I) for which the President rec-
20 ommends maintaining a strategic reserve
21 under clause (i), an identification of mech-
22 anisms for tracking inventory and avail-
23 ability of the item in the strategic reserve;

24 (L) identify mechanisms in existence on
25 the date of enactment of this Act and mecha-

1 nisms that can be developed to ensure that the
2 swift transport and delivery of the items de-
3 scribed in subparagraph (I) is feasible in the
4 event of a distribution network disturbance or
5 degradation, including a distribution network
6 disturbance or degradation caused by a signifi-
7 cant event;

8 (M) include guidance for determining the
9 prioritization for the distribution of the items
10 described in subparagraph (I), including dis-
11 tribution to States and Indian Tribes;

12 (N) consider the advisability and feasibility
13 of mechanisms for extending the credit of the
14 United States or providing other financial sup-
15 port authorized by law to key participants in
16 the economy of the United States if the exten-
17 sion or provision of other financial support—

18 (i) is necessary to avoid severe eco-
19 nomic degradation; or

20 (ii) allows for the recovery from a sig-
21 nificant event;

22 (O) include guidance for determining cat-
23 egories of employees that should be prioritized
24 to continue to work in order to sustain the
25 functions described in subparagraphs (B), (D),

1 and (E) in the event that there are limitations
2 on the ability of individuals to travel to work-
3 places or to work remotely, including consider-
4 ations for defense readiness;

5 (P) identify critical economic sectors nec-
6 essary to provide material and operational sup-
7 port to the defense of the United States;

8 (Q) determine whether the Secretary of
9 Homeland Security, the National Guard, and
10 the Secretary of Defense have adequate author-
11 ity to assist the United States in a recovery
12 from a severe economic degradation caused by
13 a significant event;

14 (R) review and assess the authority and
15 capability of heads of other agencies that the
16 President determines necessary to assist the
17 United States in a recovery from a severe eco-
18 nomic degradation caused by a significant
19 event; and

20 (S) consider any other matter that would
21 aid in protecting and increasing the resilience of
22 the economy of the United States from a sig-
23 nificant event.

24 (b) COORDINATION.—In developing the plan required
25 under subsection (a)(1), the President shall—

1 (1) receive advice from—

2 (A) the Secretary of Homeland Security;

3 (B) the Secretary of Defense;

4 (C) the Secretary of the Treasury;

5 (D) the Secretary of Health and Human
6 Services;

7 (E) the Secretary of Commerce;

8 (F) the Secretary of Transportation;

9 (G) the Secretary of Energy;

10 (H) the Administrator of the Small Busi-
11 ness Administration; and

12 (I) the head of any other agency that the
13 President determines necessary to complete the
14 plan;

15 (2) consult with economic sectors relating to
16 critical infrastructure through sector-coordinated
17 councils, as appropriate;

18 (3) consult with relevant State, Tribal, and
19 local governments and organizations that represent
20 those governments; and

21 (4) consult with any other non-Federal entity
22 that the President determines necessary to complete
23 the plan.

24 (c) SUBMISSION TO CONGRESS.—

1 (1) IN GENERAL.—Not later than 2 years after
2 the date of enactment of this Act, and not less fre-
3 quently than every 3 years thereafter, the President
4 shall submit the plan required under subsection
5 (a)(1) and the information described in paragraph
6 (2) to—

7 (A) the majority and minority leaders of
8 the Senate;

9 (B) the Speaker and the minority leader of
10 the House of Representatives;

11 (C) the Committee on Armed Services of
12 the Senate;

13 (D) the Committee on Armed Services of
14 the House of Representatives;

15 (E) the Committee on Homeland Security
16 and Governmental Affairs of the Senate;

17 (F) the Committee on Homeland Security
18 of the House of Representatives;

19 (G) the Committee on Health, Education,
20 Labor, and Pensions of the Senate;

21 (H) the Committee on Commerce, Science,
22 and Transportation of the Senate;

23 (I) the Committee on Energy and Com-
24 merce of the House of Representatives;

1 (J) the Committee on Banking, Housing,
2 and Urban Affairs of the Senate;

3 (K) the Committee on Finance of the Sen-
4 ate;

5 (L) the Committee on Financial Services
6 of the House of Representatives;

7 (M) the Committee on Small Business and
8 Entrepreneurship of the Senate;

9 (N) the Committee on Small Business of
10 the House of Representatives;

11 (O) the Committee on Energy and Natural
12 Resources of the Senate;

13 (P) the Committee on Environment and
14 Public Works of the Senate;

15 (Q) the Committee on Indian Affairs of the
16 Senate;

17 (R) the Committee on Oversight and Re-
18 form of the House of Representatives;

19 (S) Committee on the Budget of the House
20 of Representatives; and

21 (T) any other committee of the Senate or
22 the House of Representatives that has jurisdic-
23 tion over the subject of the plan.

24 (2) ADDITIONAL INFORMATION.—The informa-
25 tion described in this paragraph is—

1 (A) any change to Federal law that would
2 be necessary to carry out the plan required
3 under subsection (a)(1); and

4 (B) any proposed changes to the funding
5 levels provided in appropriation Acts for the
6 most recent fiscal year that can be implemented
7 in future appropriation Acts or additional re-
8 sources necessary to—

9 (i) implement the plan required under
10 subsection (a)(1); or

11 (ii) maintain any program offices and
12 personnel necessary to—

13 (I) maintain the plan required
14 under subsection (a)(1) and the plans
15 described in subsection (a)(3)(F); and

16 (II) conduct exercises, assess-
17 ments, and updates to the plans de-
18 scribed in subclause (I) over time.

19 (3) BUDGET OF THE PRESIDENT.—The Presi-
20 dent may include the information described in para-
21 graph (2)(B) in the budget required to be submitted
22 by the President under section 1105(a) of title 31,
23 United States Code.

24 (d) DEFINITIONS.—In this section:

1 (1) The term “agency” has the meaning given
2 the term in section 551 of title 5, United States
3 Code.

4 (2) The term “economic sector” means a sector
5 of the economy of the United States.

6 (3) The term “relevant actor” means—

7 (A) the Federal Government;

8 (B) a State, local, or Tribal government;

9 or

10 (C) the private sector.

11 (4) The term “significant event” means an
12 event that causes severe degradation to economic ac-
13 tivity in the United States due to—

14 (A) a cyber attack; or

15 (B) another significant event that is nat-
16 ural or human-caused.

17 (5) The term “State” means any State of the
18 United States, the District of Columbia, the Com-
19 monwealth of Puerto Rico, the Virgin Islands,
20 Guam, American Samoa, the Commonwealth of the
21 Northern Mariana Islands, and any possession of the
22 United States.

3 **SEC. 9701. SHORT TITLE.**

4 The subtitle may be cited as the “Kleptocracy Asset
5 Recovery Rewards Act”.

6 **SEC. 9702. SENSE OF CONGRESS.**

7 It is the sense of Congress that a stolen asset recov-
8 ery rewards program to help identify and recover stolen
9 assets linked to foreign government corruption and the
10 proceeds of such corruption hidden behind complex finan-
11 cial structures is needed in order to—

12 (1) intensify the global fight against corruption;

13 and

14 (2) serve United States efforts to identify and
15 recover such stolen assets, forfeit proceeds of such
16 corruption, and, where appropriate and feasible, re-

1 turn the stolen assets or proceeds thereof to the
2 country harmed by the acts of corruption.

3 **SEC. 9703. DEPARTMENT OF THE TREASURY KLEPTOCRACY**
4 **ASSET RECOVERY REWARDS PILOT PRO-**
5 **GRAM.**

6 (a) ESTABLISHMENT.—

7 (1) IN GENERAL.—There is established in the
8 Department of the Treasury a program to be known
9 as the “Kleptocracy Asset Recovery Rewards Pilot
10 Program” for the payment of rewards to carry out
11 the purposes of this section.

12 (2) PURPOSE.—The rewards program shall be
13 designed to support U.S. Government programs and
14 investigations aimed at restraining, seizing, for-
15 feiting, or repatriating stolen assets linked to foreign
16 government corruption and the proceeds of such cor-
17 ruption.

18 (3) IMPLEMENTATION.—The rewards program
19 shall be administered by the Secretary of the Treas-
20 ury, with the concurrence of the Secretary of State
21 and the Attorney General, and in consultation, as
22 appropriate, with the heads of such other depart-
23 ments and agencies as the Secretary may find ap-
24 propriate.

1 (b) REWARDS AUTHORIZED.—The Secretary of the
2 Treasury may, with the concurrence of the Secretary of
3 State and the Attorney General, and in consultation, as
4 appropriate, with the heads of other relevant Federal de-
5 partments and agencies, pay a reward to any individual,
6 if that individual furnishes information leading to—

7 (1) the restraining or seizure of stolen assets in
8 an account at a U.S. financial institution (including
9 a U.S. branch of a foreign financial institution), that
10 come within the United States, or that come within
11 the possession or control of any United States per-
12 son;

13 (2) the forfeiture of stolen assets in an account
14 at a U.S. financial institution (including a U.S.
15 branch of a foreign financial institution), that come
16 within the United States, or that come within the
17 possession or control of any United States person; or

18 (3) where appropriate, the repatriation of stolen
19 assets in an account at a U.S. financial institution
20 (including a U.S. branch of a foreign financial insti-
21 tution), that come within the United States, or that
22 come within the possession or control of any United
23 States person.

24 (c) PROCEDURES.—To ensure that the payment of
25 rewards pursuant to this section does not duplicate or

1 interfere with any other payment authorized by the De-
2 partment of Justice or other Federal agencies for the ob-
3 taining of information or other evidence, the Secretary of
4 the Treasury, in consultation with the Secretary of State,
5 the Attorney General, and the heads of such other agen-
6 cies as the Secretary may find appropriate, shall establish
7 procedures for the offering, administration, and payment
8 of rewards under this section, including procedures for—

9 (1) identifying actions with respect to which re-
10 wards will be offered;

11 (2) the receipt and analysis of data; and

12 (3) the payment of rewards and approval of
13 such payments.

14 (d) PAYMENT OF REWARDS.—

15 (1) AUTHORIZATION OF APPROPRIATIONS.—For
16 the purpose of paying rewards pursuant to this sec-
17 tion, there is authorized to be appropriated—

18 (A) \$450,000 for fiscal year 2021; and

19 (B) for each fiscal year, any amount, not
20 to exceed the amount recovered during the fis-
21 cal year in stolen assets described under sub-
22 section (b), that the Secretary determines is
23 necessary to carry out this program consistent
24 with this section.

1 (2) LIMITATION ON ANNUAL PAYMENTS.—Ex-
2 cept as provided under paragraph (3), the total
3 amount of rewards paid pursuant to this section
4 may not exceed \$25 million in any calendar year.

5 (3) PRESIDENTIAL AUTHORITY.—The President
6 may waive the limitation under paragraph (2) with
7 respect to a calendar year if the President provides
8 written notice of such waiver to the appropriate
9 committees of the Congress at least 30 days before
10 any payment in excess of such limitation is made
11 pursuant to this section.

12 (4) PRIORITY OF PAYMENTS.—In paying any
13 reward under this section, the Secretary shall, to the
14 extent possible, make such reward payment—

15 (A) first, from appropriated funds author-
16 ized under paragraph (1)(A); and

17 (B) second, from appropriated funds au-
18 thorized under paragraph (1)(B).

19 (e) LIMITATIONS.—

20 (1) SUBMISSION OF INFORMATION.—No award
21 may be made under this section based on informa-
22 tion submitted to the Secretary unless such informa-
23 tion is submitted under penalty of perjury.

1 (2) MAXIMUM AMOUNT.—No reward paid under
2 this section may exceed \$5 million, unless the Sec-
3 retary—

4 (A) personally authorizes such greater
5 amount in writing;

6 (B) determines that offer or payment of a
7 reward of a greater amount is necessary due to
8 the exceptional nature of the case; and

9 (C) notifies the appropriate committees of
10 the Congress of such determination.

11 (3) APPROVAL.—

12 (A) IN GENERAL.—No reward amount may
13 be paid under this section without the written
14 approval of the Secretary, with the concurrence
15 of the Secretary of State and the Attorney Gen-
16 eral.

17 (B) DELEGATION.—The Secretary may not
18 delegate the approval required under subpara-
19 graph (A) to anyone other than an Under Sec-
20 retary of the Department of the Treasury.

21 (4) PROTECTION MEASURES.—If the Secretary
22 determines that the identity of the recipient of a re-
23 ward or of the members of the recipient's immediate
24 family must be protected, the Secretary shall, con-
25 sistent with applicable law, take such measures in

1 connection with the payment of the reward as the
2 Secretary considers necessary to effect such protec-
3 tion.

4 (5) FORMS OF REWARD PAYMENT.—The Sec-
5 retary may make a reward under this section in the
6 form of a monetary payment.

7 (f) INELIGIBILITY, REDUCTION IN, OR DENIAL OF
8 REWARD.—

9 (1) OFFICER AND EMPLOYEES.—An officer or
10 employee of any entity of Federal, State, or local
11 government or of a foreign government who, while in
12 the performance of official duties, furnishes informa-
13 tion described under subsection (b) shall not be eligi-
14 ble for a reward under this section.

15 (2) PARTICIPATING INDIVIDUALS.—If the claim
16 for a reward is brought by an individual who the
17 Secretary has a reasonable basis to believe know-
18 ingly planned, initiated, directly participated in, or
19 facilitated the actions that led to assets of a foreign
20 state or governmental entity being stolen, misappro-
21 priated, or illegally diverted or to the payment of
22 bribes or other foreign governmental corruption, the
23 Secretary shall appropriately reduce, and may deny,
24 such award. If such individual is convicted of crimi-
25 nal conduct arising from the role described in the

1 preceding sentence, the Secretary shall deny or may
2 seek to recover any reward, as the case may be.

3 (g) REPORT.—

4 (1) IN GENERAL.—Within 180 days of the en-
5 actment of this section, and annually thereafter for
6 3 years, the Secretary shall issue a report to the ap-
7 propriate committees of the Congress—

8 (A) detailing to the greatest extent possible
9 the amount, location, and ownership or bene-
10 ficial ownership of any stolen assets that, on or
11 after the date of the enactment of this section,
12 come within the United States or that come
13 within the possession or control of any United
14 States person;

15 (B) discussing efforts being undertaken to
16 identify more such stolen assets and their own-
17 ers or beneficial owners; and

18 (C) including a discussion of the inter-
19 actions of the Department of the Treasury with
20 the international financial institutions (as de-
21 fined in section 1701(c)(2) of the International
22 Financial Institutions Act) to identify the
23 amount, location, and ownership, or beneficial
24 ownership, of stolen assets held in financial in-
25 stitutions outside the United States.

1 (2) EXCEPTION.—The report issued under
2 paragraph (1) shall not include information related
3 to ongoing investigations or information related to
4 closed investigations that would reveal identities of
5 individuals not charged with a criminal offense,
6 would reveal identities of investigative sources or
7 methods, would reveal identities of witnesses, would
8 compromise subsequent investigations, or the disclo-
9 sure of which is otherwise prohibited by law, the
10 Federal Rules of Criminal Procedure, regulation, or
11 court order.

12 (h) REPORT ON DISPOSITION OF RECOVERED AS-
13 SETS.—Within 360 days of the enactment of this Act, the
14 Secretary of the Treasury, with the concurrence of the
15 Secretary of State and the Attorney General, shall issue
16 a report to the appropriate committees of Congress de-
17 scribing policy choices and recommendations for disposi-
18 tion of stolen assets recovered pursuant to this section.

19 (i) SUNSET OF PILOT PROGRAM.—The authorities
20 under this section, as well as the program established pur-
21 suant to this section, shall terminate three years after the
22 date of the enactment of this Act.

23 (j) DEFINITIONS.—For purposes of this section:

24 (1) APPROPRIATE COMMITTEES OF THE CON-
25 GRESS.—The term “appropriate committees of the

1 Congress” means the Committee on Financial Serv-
2 ices of the House of Representatives, the Committee
3 on Banking, Housing, and Urban Affairs of the Sen-
4 ate, the Committee on the Judiciary of the House of
5 Representatives, the Committee on the Judiciary of
6 the Senate, the Committee on Foreign Affairs of the
7 House of Representatives, and the Committee on
8 Foreign Relations of the Senate.

9 (2) FINANCIAL ASSET.—The term ‘financial
10 asset’ means any funds, investments, or ownership
11 interests, as defined by the Secretary, that on or
12 after the date of the enactment of this section come
13 within the United States or that come within the
14 possession or control of any United States person.

15 (3) FOREIGN GOVERNMENT CORRUPTION.—The
16 term “foreign government corruption” means cor-
17 ruption, as defined by the United Nations Conven-
18 tion Against Corruption.

19 (4) FOREIGN PUBLIC OFFICIAL.—The term
20 “foreign public official” includes any person who oc-
21 cupies a public office by virtue of having been elect-
22 ed, appointed, or employed, including any military,
23 civilian, special, honorary, temporary, or uncompen-
24 sated official.

1 (5) IMMEDIATE FAMILY MEMBER.—The term
2 “immediate family member”, with respect to an indi-
3 vidual, has the meaning given the term “member of
4 the immediate family” under section 36(k) of the
5 State Department Basic Authorities Act of 1956 (22
6 U.S.C. 2708(k)).

7 (6) REWARDS PROGRAM.—The term “rewards
8 program” means the program established in sub-
9 section (a)(1) of this section.

10 (7) SECRETARY.—The term “Secretary” means
11 the Secretary of the Treasury.

12 (8) STOLEN ASSETS.—The term “stolen assets”
13 means financial assets within the jurisdiction of the
14 United States, constituting, derived from, or trace-
15 able to, any proceeds obtained directly or indirectly
16 from foreign government corruption.

17 **Subtitle B—Combating Russian**
18 **Money Laundering**

19 **SEC. 9711. SHORT TITLE.**

20 This subtitle may be cited as the “Combating Rus-
21 sian Money Laundering Act”.

22 **SEC. 9712. STATEMENT OF POLICY.**

23 It is the policy of the United States to—

24 (1) protect the United States financial sector
25 from abuse by malign actors; and

1 (2) use all available financial tools to counter
2 adversaries.

3 **SEC. 9713. SENSE OF CONGRESS.**

4 It is the sense of Congress that—

5 (1) the efforts of the Government of the Rus-
6 sian Federation, Russian state-owned enterprises,
7 and Russian oligarchs to move and disguise the
8 source, ownership, location, or control of illicit funds
9 or value constitute money laundering;

10 (2) such money laundering efforts could assist
11 in the Russian Government's ongoing political and
12 economic influence and destabilization operations,
13 which in turn could affect United States and Euro-
14 pean democracy, national security, and rule of law;

15 (3) the Secretary of the Treasury should deter-
16 mine whether Russia and the financial institutions
17 through which the Russian Government, political
18 leaders, state-owned enterprises, and oligarchs laun-
19 der money are of primary money laundering concern;
20 and

21 (4) the Secretary of the Treasury should con-
22 sider the need for financial institutions and other
23 obligated entities to apply enhanced due diligence
24 measures to transactions with the Russian Govern-

1 ment, political leaders, state-owned enterprises, and
2 financial institutions.

3 **SEC. 9714. DETERMINATION WITH RESPECT TO PRIMARY**
4 **MONEY LAUNDERING CONCERN OF RUSSIAN**
5 **ILLICIT FINANCE.**

6 (a) DETERMINATION.—If the Secretary of the Treas-
7 ury determines that reasonable grounds exist for con-
8 cluding that one or more financial institutions operating
9 outside of the United States, or 1 or more classes of trans-
10 actions within, or involving, a jurisdiction outside of the
11 United States, or 1 or more types of accounts within, or
12 involving, a jurisdiction outside of the United States is of
13 primary money laundering concern in connection with
14 Russian illicit finance, the Secretary of the Treasury may,
15 by order, regulation, or otherwise as permitted by law—

16 (1) require domestic financial institutions and
17 domestic financial agencies to take 1 or more of the
18 special measures described in section 5318A(b) of
19 title 31, United States Code; or

20 (2) prohibit, or impose conditions upon, certain
21 transmittals of funds (to be defined by the Sec-
22 retary) by any domestic financial institution or do-
23 mestic financial agency, if such transmittal of funds
24 involves any such institution, class of transaction, or
25 type of account.

1 (b) REPORT REQUIRED.—

2 (1) IN GENERAL.—Not later than 1 year after
3 the date of enactment of this Act, the Secretary of
4 the Treasury shall submit to the Committees on Fi-
5 nancial Services and Foreign Affairs of the House of
6 Representatives and the Committees on Banking,
7 Housing, and Urban Affairs and Foreign Relations
8 of the Senate a report that shall identify any addi-
9 tional regulations, statutory changes, enhanced due
10 diligence, and reporting requirements that are nec-
11 essary to better identify, prevent, and combat money
12 laundering linked to Russia, including related to—

13 (A) identifying the beneficial ownership of
14 anonymous companies;

15 (B) strengthening current, or enacting
16 new, reporting requirements and customer due
17 diligence requirements for the real estate sector,
18 law firms, and other trust and corporate service
19 providers;

20 (C) enhanced know-your-customer proce-
21 dures and screening for transactions involving
22 Russian political leaders, Russian state-owned
23 enterprises, and known Russian transnational
24 organized crime figures; and

1 (D) establishing a permanent solution to
2 collecting information nationwide to track own-
3 ership of real estate.

4 (2) FORMAT.—The report required under this
5 subsection shall be made available to the public, in-
6 cluding on the website of the Department of the
7 Treasury, but may contain a classified annex and be
8 accompanied by a classified briefing.

9 (c) SENSE OF CONGRESS ON INTERNATIONAL CO-
10 OPERATION.—It is the sense of the Congress that the Sec-
11 retary of the Treasury and other relevant cabinet members
12 (such as the Secretary of State, Secretary of Homeland
13 Security, and Attorney General) should work jointly with
14 European, E.U., and U.K. financial intelligence units,
15 trade transparency units, and appropriate law enforce-
16 ment authorities to present, both in the report required
17 under subsection (b) and in future analysis of suspicious
18 transaction reports, cash transaction reports, currency
19 and monetary instrument reports, and other relevant data
20 to identify trends and assess risks in the movement of il-
21 licit funds from Russia through the United States, British,
22 and European financial systems.

1 **Subtitle C—Other Matters**

2 **SEC. 9721. CERTIFIED NOTICE AT COMPLETION OF AN AS-**
3 **SESSMENT.**

4 (a) IN GENERAL.—Section 721(b)(3) of the Defense
5 Production Act of 1950 (50 U.S.C. 4565(b)(3)) is amend-
6 ed—

7 (1) in subparagraph (A)—

8 (A) in the heading, by adding “OR ASSESS-
9 MENT” at the end; and

10 (B) by striking “subsection (b) that con-
11 cludes action under this section” and inserting
12 “this subsection that concludes action under
13 this section, or upon the Committee making a
14 notification under paragraph
15 (1)(C)(v)(III)(aa)(DD)”;

16 (2) in subparagraph (C)(i)—

17 (A) in subclause (I), by striking “and” at
18 the end;

19 (B) in subclause (II), by striking the pe-
20 riod at the end and inserting “; and”; and

21 (C) by adding at the end the following:

22 “(III) whether the transaction is
23 described under clause (i), (ii), (iii),
24 (iv), or (v) of subsection (a)(4)(B).”.

25 (b) TECHNICAL CORRECTIONS.—

1 (1) IN GENERAL.—Section 1727(a) of the For-
2 eign Investment Risk Review Modernization Act of
3 2018 (Public Law 115–232) is amended—

4 (A) in paragraph (3), by striking
5 “(4)(C)(v)” and inserting “(4)(F)”; and

6 (B) in paragraph (4), by striking “sub-
7 paragraph (B)” and inserting “subparagraph
8 (C)”.

9 (2) EFFECTIVE DATE.—The amendments under
10 paragraph (1) shall take effect on the date of enact-
11 ment of the Foreign Investment Risk Review Mod-
12 ernization Act of 2018.

13 **SEC. 9722. ENSURING CHINESE DEBT TRANSPARENCY.**

14 (a) UNITED STATES POLICY AT THE INTERNATIONAL
15 FINANCIAL INSTITUTIONS.—The Secretary of the Treas-
16 ury shall instruct the United States Executive Director at
17 each international financial institution (as defined in sec-
18 tion 1701(c)(2) of the International Financial Institutions
19 Act) that it is the policy of the United States to use the
20 voice and vote of the United States at the respective insti-
21 tution to seek to secure greater transparency with respect
22 to the terms and conditions of financing provided by the
23 government of the People’s Republic of China to any mem-
24 ber state of the respective institution that is a recipient

1 of financing from the institution, consistent with the rules
2 and principles of the Paris Club.

3 (b) REPORT REQUIRED.—The Chairman of the Na-
4 tional Advisory Council on International Monetary and Fi-
5 nancial Policies shall include in the annual report required
6 by section 1701 of the International Financial Institutions
7 Act—

8 (1) a description of progress made toward ad-
9 vancing the policy described in subsection (a) of this
10 section; and

11 (2) a discussion of financing provided by enti-
12 ties owned or controlled by the government of the
13 People’s Republic of China to the member states of
14 international financial institutions that receive fi-
15 nancing from the international financial institutions,
16 including any efforts or recommendations by the
17 Chairman to seek greater transparency with respect
18 to the former financing.

19 (c) SUNSET.—Subsections (a) and (b) of this section
20 shall have no force or effect after the earlier of—

21 (1) the date that is 7 years after the date of the
22 enactment of this Act; or

23 (2) 30 days after the date that the Secretary
24 reports to the Committee on Financial Services of
25 the House of Representatives and the Committee on

1 Foreign Relations of the Senate that the People's
2 Republic of China is in substantial compliance with
3 the rules and principles of the Paris Club.

4 **SEC. 9723. ACCOUNTABILITY FOR WORLD BANK LOANS TO**
5 **CHINA.**

6 (a) UNITED STATES SUPPORT FOR GRADUATION OF
7 CHINA FROM WORLD BANK ASSISTANCE.—

8 (1) IN GENERAL.—The United States Governor
9 of the International Bank for Reconstruction and
10 Development (in this section referred to as the
11 “IBRD”) shall instruct the United States Executive
12 Director at the IBRD that it is the policy of the
13 United States to—

14 (A) pursue the expeditious graduation of
15 the People's Republic of China from assistance
16 by the IBRD, consistent with the lending cri-
17 teria of the IBRD; and

18 (B) until the graduation of China from
19 IBRD assistance, prioritize projects in China
20 that contribute to global public goods, to the ex-
21 tent practicable.

22 (2) SUNSET.—Paragraph (1) shall have no
23 force or effect on or after the earlier of—

24 (A) the date that is 7 years after the date
25 of the enactment of this Act; or

1 (B) the date that the Secretary of the
2 Treasury reports to the Committee on Financial
3 Services of the House of Representatives and
4 the Committee on Foreign Relations of the Sen-
5 ate that termination of paragraph (1) is impor-
6 tant to the national interest of the United
7 States, with a detailed explanation of the rea-
8 sons therefor.

9 (b) ACCOUNTABILITY FOR WORLD BANK LOANS TO
10 THE PEOPLE'S REPUBLIC OF CHINA.—

11 (1) IN GENERAL.—Not later than 180 days
12 after the date of the enactment of this Act, the
13 United States Governor of the IBRD shall submit
14 the report described in paragraph (2) to the Com-
15 mittee on Financial Services of the House of Rep-
16 resentatives and the Committee on Foreign Rela-
17 tions of the Senate.

18 (2) REPORT DESCRIBED.—The report described
19 in this paragraph shall include the following:

20 (A) A detailed description of the efforts of
21 the United States Governor of the IBRD to en-
22 force the timely graduation of countries from
23 the IBRD, with a particular focus on the ef-
24 forts with regard to the People's Republic of
25 China.

1 (B) If the People's Republic of China is a
2 member country of the IBRD, an explanation
3 of any economic or political factors that have
4 prevented the graduation of the People's Re-
5 public of China from the IBRD.

6 (C) A discussion of any effects resulting
7 from fungibility and IBRD lending to China,
8 including the potential for IBRD lending to
9 allow for funding by the government of the Peo-
10 ple's Republic of China of activities that may be
11 inconsistent with the national interest of the
12 United States.

13 (D) An action plan to help ensure that the
14 People's Republic of China graduates from the
15 IBRD within 2 years after submission of the
16 report, consistent with the lending eligibility cri-
17 teria of the IBRD.

18 (3) WAIVER OF REQUIREMENT THAT REPORT
19 INCLUDE ACTION PLAN.—The Secretary of the
20 Treasury may waive the requirement of paragraph
21 (2)(D) on reporting to the Committee on Financial
22 Services of the House of Representatives and the
23 Committee on Foreign Relations of the Senate that
24 the waiver is important to the national interest of

1 the United States, with a detailed explanation of the
2 reasons therefor.

3 (c) ENSURING DEBT TRANSPARENCY WITH RE-
4 SPECT TO THE BELT AND ROAD INITIATIVE.—Within 180
5 days after the date of the enactment of this Act, the Sec-
6 retary of the Treasury shall, in consultation with the Sec-
7 retary of State, submit to the Committee on Financial
8 Services and the Committee on Foreign Affairs of the
9 House of Representatives and the Committee on Foreign
10 Relations of the Senate a report (which should be sub-
11 mitted in unclassified form but may include a classified
12 annex) that includes the following:

13 (1) An assessment of the level of indebtedness
14 of countries receiving assistance through the Belt
15 and Road Initiative that are also beneficiary coun-
16 tries of the international financial institutions, in-
17 cluding the level and nature of indebtedness to the
18 People's Republic of China or an entity owned or
19 controlled by the government of the People's Repub-
20 lic of China.

21 (2) An analysis of debt management assistance
22 provided by the World Bank, the International Mon-
23 etary Fund, and the Office of Technical Assistance
24 of the Department of the Treasury to borrowing
25 countries of the Belt and Road Initiative of the Peo-

1 ple's Republic of China (or any comparable initiative
2 or successor initiative of China).

3 (3) An assessment of the effectiveness of
4 United States efforts, including bilateral efforts and
5 multilateral efforts, at the World Bank, the Inter-
6 national Monetary Fund, other international finan-
7 cial institutions and international organizations to
8 promote debt transparency.

9 **SEC. 9724. FAIRNESS FOR TAIWAN NATIONALS REGARDING**
10 **EMPLOYMENT AT INTERNATIONAL FINAN-**
11 **CIAL INSTITUTIONS.**

12 (a) SENSE OF CONGRESS.—It is the sense of Con-
13 gress that—

14 (1) Taiwan is responsible for remarkable
15 achievements in economic and democratic develop-
16 ment, with its per capita gross domestic product ris-
17 ing in purchasing power parity terms from \$3,470 in
18 1980 to more than \$55,000 in 2018;

19 (2) the experience of Taiwan in creating a vi-
20 brant and advanced economy under democratic gov-
21 ernance and the rule of law can inform the work of
22 the international financial institutions, including
23 through the contributions and insights of Taiwan
24 nationals; and

1 (3) Taiwan nationals who seek employment at
2 the international financial institutions should not be
3 held at a disadvantage in hiring because the eco-
4 nomic success of Taiwan has rendered it ineligible
5 for financial assistance from such institutions.

6 (b) IN GENERAL.—The Secretary of the Treasury
7 shall instruct the United States Executive Director at each
8 international financial institution to use the voice and vote
9 of the United States to seek to ensure that Taiwan nation-
10 als are not discriminated against in any employment deci-
11 sion by the institution, including employment through con-
12 sulting or part-time opportunities, on the basis of—

13 (1) whether they are citizens or nationals of, or
14 holders of a passport issued by, a member country
15 of, or a state or other jurisdiction that receives as-
16 sistance from, the international financial institution;
17 or

18 (2) any other consideration that, in the deter-
19 mination of the Secretary, unfairly disadvantages
20 Taiwan nationals with respect to employment at the
21 institution.

22 (c) WAIVER AUTHORITY.—The Secretary of the
23 Treasury may waive subsection (b) for not more than 1
24 year at a time after reporting to the Committee on Finan-
25 cial Services of the House of Representatives and the

1 Committee on Foreign Relations of the Senate that pro-
2 viding the waiver—

3 (1) will substantially promote the objective of
4 equitable treatment for Taiwan nationals at the
5 international financial institutions; or

6 (2) is in the national interest of the United
7 States, with a detailed explanation of the reasons
8 therefor.

9 (d) PROGRESS REPORT.—The Chairman of the Na-
10 tional Advisory Council on International Monetary and Fi-
11 nancial Policies shall submit to the committees specified
12 in subsection (c) an annual report, in writing, that de-
13 scribes the progress made toward advancing the policy de-
14 scribed in subsection (b), and a summary of employment
15 trends with respect to Taiwan nationals at the inter-
16 national financial institutions.

17 (e) INTERNATIONAL FINANCIAL INSTITUTION DE-
18 FINED.—In this section, the term “international financial
19 institutions” has the meaning given the term in section
20 1701(c)(2) of the International Financial Institutions Act
21 (22 U.S.C. 262r(c)(2)).

22 (f) SUNSET.—The preceding provisions of this sec-
23 tion shall have no force or effect beginning on the earlier
24 of—

1 (1) the date that is 7 years after the date of the
2 enactment of this Act; or

3 (2) the date that the Secretary of the Treasury
4 reports to the committees specified in subsection (c)
5 that each international financial institution has
6 adopted the policy described in subsection (b).

7 **TITLE XCIX—CREATING HELP-**
8 **FUL INCENTIVES TO**
9 **PRODUCE SEMICONDUCTORS**
10 **FOR AMERICA**

Sec. 9901. Definitions.

Sec. 9902. Semiconductor incentives.

Sec. 9903. Department of Defense.

Sec. 9904. Department of Commerce study on status of microelectronics tech-
nologies in the United States industrial base.

Sec. 9905. Funding for development and adoption of measurably secure semi-
conductors and measurably secure semiconductors supply
chains.

Sec. 9906. Advanced microelectronics research and development.

Sec. 9907. Prohibition relating to foreign entities of concern.

Sec. 9908. Defense Production Act of 1950 efforts.

11 **SEC. 9901. DEFINITIONS.**

12 In this title:

13 (1) The term “appropriate committees of Con-
14 gress” means—

15 (A) the Select Committee on Intelligence,
16 the Committee on Energy and Natural Re-
17 sources, the Committee on Commerce, Science,
18 and Transportation, the Committee on Foreign
19 Relations, the Committee on Armed Services,
20 the Committee on Appropriations, the Com-

1 committee on Banking, Housing, and Urban Af-
2 fairs, the Committee on Homeland Security and
3 Governmental Affairs, and the Committee on
4 Finance of the Senate; and

5 (B) the Permanent Select committee on
6 Intelligence, the Committee on Energy and
7 Commerce, the Committee on Foreign Affairs,
8 the Committee on Armed Services, the Com-
9 mittee on Science, Space, and Technology, the
10 Committee on Appropriations, the Committee
11 on Financial Services, the Committee on Home-
12 land Security, and the Committee on Ways and
13 Means of the House of Representatives..

14 (2) The term “covered entity” means a private
15 entity, a consortium of private entities, or a consor-
16 tium of public and private entities with a dem-
17 onstrated ability to substantially finance, construct,
18 expand, or modernize a facility relating to fabrica-
19 tion, assembly, testing, advanced packaging, or re-
20 search and development of semiconductors.

21 (3) The term “covered incentive”:

22 (A) means an incentive offered by a gov-
23 ernmental entity to a covered entity for the pur-
24 poses of constructing within the jurisdiction of
25 the governmental entity, or expanding or mod-

1 ernizing an existing facility within that jurisdic-
2 tion, a facility described in paragraph (2); and

3 (B) a workforce-related incentive (includ-
4 ing a grant agreement relating to workforce
5 training or vocational education), any conces-
6 sion with respect to real property, funding for
7 research and development with respect to semi-
8 conductors, and any other incentive determined
9 appropriate by the Secretary, in consultation
10 with the Secretary of State.

11 (4) The term “person” includes an individual,
12 partnership, association, corporation, organization,
13 or any other combination of individuals.

14 (5) The term “foreign entity”—

15 (A) means—

16 (i) a government of a foreign country
17 and a foreign political party;

18 (ii) a natural person who is not a law-
19 ful permanent resident of the United
20 States, citizen of the United States, or any
21 other protected individual (as such term is
22 defined in section 274B(a)(3) of the Immi-
23 gration and Nationality Act (8 U.S.C.
24 1324b(a)(3)); or

1 (iii) a partnership, association, cor-
2 poration, organization, or other combina-
3 tion of persons organized under the laws of
4 or having its principal place of business in
5 a foreign country; and

6 (B) includes—

7 (i) any person owned by, controlled
8 by, or subject to the jurisdiction or direc-
9 tion of a an entity listed in subparagraph
10 (A);

11 (ii) any person, wherever located, who
12 acts as an agent, representative, or em-
13 ployee of an entity listed in subparagraph
14 (A);

15 (iii) any person who acts in any other
16 capacity at the order, request, or under the
17 direction or control, of an entity listed in
18 subparagraph (A), or of a person whose
19 activities are directly or indirectly super-
20 vised, directed, controlled, financed, or
21 subsidized in whole or in majority part by
22 an entity listed in subparagraph (A);

23 (iv) any person who directly or indi-
24 rectly through any contract, arrangement,
25 understanding, relationship, or otherwise,

1 owns 25 percent or more of the equity in-
2 terests of an entity listed in subparagraph
3 (A);

4 (v) any person with significant re-
5 sponsibility to control, manage, or direct
6 an entity listed in subparagraph (A);

7 (vi) any person, wherever located, who
8 is a citizen or resident of a country con-
9 trolled by an entity listed in subparagraph
10 (A); or

11 (vii) any corporation, partnership, as-
12 sociation, or other organization organized
13 under the laws of a country controlled by
14 an entity listed in subparagraph (A).

15 (6) The term “foreign entity of concern” means
16 any foreign entity that is—

17 (A) designated as a foreign terrorist orga-
18 nization by the Secretary of State under section
19 219 of the Immigration and Nationality Act (8
20 U.S.C. 1189);

21 (B) included on the list of specially des-
22 ignated nationals and blocked persons main-
23 tained by the Office of Foreign Assets Control
24 of the Department of the Treasury;

1 (C) owned by, controlled by, or subject to
2 the jurisdiction or direction of a government of
3 a foreign country that is listed in section 2533c
4 of title 10, United States Code; or

5 (D) alleged by the Attorney General to
6 have been involved in activities for which a con-
7 viction was obtained under—

8 (i) chapter 37 of title 18, United
9 States Code (commonly known as the “Es-
10 pionage Act”) (18 U.S.C. 792 et seq.);

11 (ii) section 951 or 1030 of title 18,
12 United States Code;

13 (iii) chapter 90 of title 18, United
14 States Code (commonly known as the
15 “Economic Espionage Act of 1996”);

16 (iv) the Arms Export Control Act (22
17 U.S.C. 2751 et seq.);

18 (v) sections 224, 225, 226, 227, or
19 236 of the Atomic Energy Act of 1954 (42
20 U.S.C. 2274–2278; 2284);

21 (vi) the Export Control Reform Act of
22 2018 (50 U.S.C. 4801 et seq.); or

23 (vii) the International Economic
24 Emergency Powers Act (50 U.S.C. 1701 et
25 seq.); or

1 (E) determined by the Secretary, in con-
2 sultation with the Secretary of Defense and the
3 Director of National Intelligence, to be engaged
4 in unauthorized conduct that is detrimental to
5 the national security or foreign policy of the
6 United States under this Act.

7 (7) The term “governmental entity” means a
8 State or local government.

9 (8) The term “Secretary” means the Secretary
10 of Commerce.

11 (9) The term “semiconductor” has the meaning
12 given that term by the Secretary.

13 **SEC. 9902. SEMICONDUCTOR INCENTIVES.**

14 (a) FINANCIAL ASSISTANCE PROGRAM.—

15 (1) IN GENERAL.—The Secretary shall establish
16 in the Department of Commerce a program that, in
17 accordance with the requirements of this section and
18 subject to the availability of appropriations for such
19 purposes, provides Federal financial assistance to
20 covered entities to incentivize investment in facilities
21 and equipment in the United States for semicon-
22 ductor fabrication, assembly, testing, advanced pack-
23 aging, or research and development.

24 (2) PROCEDURE.—

1 (A) IN GENERAL.—A covered entity shall
2 submit to the Secretary an application that de-
3 scribes the project for which the covered entity
4 is seeking financial assistance under this sec-
5 tion.

6 (B) ELIGIBILITY.—In order for a covered
7 entity to qualify for financial assistance under
8 this section, the covered entity shall dem-
9 onstrate to the Secretary, in the application
10 submitted by the covered entity under subpara-
11 graph (A), that—

12 (i) the covered entity has a docu-
13 mented interest in constructing, expanding,
14 or modernizing a facility described in para-
15 graph (1); and

16 (ii) with respect to the project de-
17 scribed in clause (i), the covered entity
18 has—

19 (I) been offered a covered incen-
20 tive;

21 (II) made commitments to work-
22 er and community investment, includ-
23 ing through—

1 (aa) training and education
2 benefits paid by the covered enti-
3 ty; and

4 (bb) programs to expand
5 employment opportunity for eco-
6 nomically disadvantaged individ-
7 uals; and

8 (III) secured commitments from
9 regional educational and training enti-
10 ties and institutions of higher edu-
11 cation to provide workforce training,
12 including programming for training
13 and job placement of economically dis-
14 advantaged individuals; and

15 (IV) an executable plan to sus-
16 tain the facility described in clause (i)
17 without additional Federal financial
18 assistance under this subsection for
19 facility support.

20 (C) CONSIDERATIONS FOR REVIEW.—With
21 respect to the review by the Secretary of an ap-
22 plication submitted by a covered entity under
23 subparagraph (A)—

24 (i) the Secretary may not approve the
25 application unless the Secretary—

1 (I) confirms that the covered en-
2 tity has satisfied the eligibility criteria
3 under subparagraph (B);

4 (II) determines that the project
5 to which the application relates is in
6 the interest of the United States; and

7 (III) has notified the appropriate
8 committees of Congress not later than
9 15 days before making any commit-
10 ment to provide a grant to any cov-
11 ered entity that exceeds \$10,000,000;
12 and

13 (ii) the Secretary may consider wheth-
14 er—

15 (I) the covered entity has pre-
16 viously received financial assistance
17 made under this subsection;

18 (II) the governmental entity of-
19 fering the applicable covered incentive
20 has benefitted from financial assist-
21 ance previously provided under this
22 subsection;

23 (III) the covered entity has dem-
24 onstrated that they are responsive to
25 the national security needs or require-

1 ments established by the Intelligence
2 Community (or an agency thereof),
3 the National Nuclear Security Admin-
4 istration, or the Department of De-
5 fense; and

6 (IV) when practicable, a consor-
7 tium that is considered a covered enti-
8 ty includes a small business concern,
9 as defined under section 3 of the
10 Small Business Act (15 U.S.C. 632),
11 notwithstanding section 121.103 of
12 title 13, Code of Federal Regulations;
13 and

14 (iii) the Secretary may not approve an
15 application if the Secretary determines
16 that the covered entity is a foreign entity
17 of concern.

18 (D) RECORDS.—The Secretary may re-
19 quest records and information from the appli-
20 cant to review the status of a covered entity.
21 The applicant shall provide the records and in-
22 formation requested by the Secretary.

23 (3) AMOUNT.—

24 (A) IN GENERAL.—The Secretary shall de-
25 termine the appropriate amount and funding

1 type for each financial assistance award made
2 to a covered entity under this subsection.

3 (B) LARGER INVESTMENT.—Federal in-
4 vestment in any individual project shall not ex-
5 ceed \$3,000,000,000 unless the Secretary, in
6 consultation with the Secretary of Defense and
7 the Director of National Intelligence, rec-
8 ommends to the President, and the President
9 certifies and reports to the appropriate commit-
10 tees of Congress, that a larger investment is
11 necessary to—

12 (i) significantly increase the propor-
13 tion of reliable domestic supply of semi-
14 conductors relevant for national security
15 and economic competitiveness that can be
16 met through domestic production; and

17 (ii) meet the needs of national secu-
18 rity.

19 (4) USE OF FUNDS.—A covered entity that re-
20 ceives a financial assistance award under this sub-
21 section may only use the financial assistance award
22 amounts to—

23 (A) finance the construction, expansion, or
24 modernization of a facility or equipment to be
25 used for semiconductors described in paragraph

1 (1), as documented in the application submitted
2 by the covered entity under paragraph (2)(B),
3 as determined necessary by the Secretary for
4 purposes relating to the national security and
5 economic competitiveness of the United States;

6 (B) support workforce development for a
7 facility described in subparagraph (A);

8 (C) support site development and mod-
9 ernization for a facility described in subpara-
10 graph (A); and

11 (D) pay reasonable costs related to the op-
12 erating expenses for a facility described in sub-
13 paragraph (A), including specialized workforce,
14 essential materials, and complex equipment
15 maintenance, as determined by the Secretary.

16 (5) CLAWBACK.—

17 (A) TARGET DATES.—For all major
18 awards to covered entities, the Secretary
19 shall—

20 (i) determine target dates by which a
21 project shall commence and complete; and

22 (ii) set these dates by the time of
23 award.

24 (B) PROGRESSIVE RECOVERY FOR
25 DELAYS.—If the project does not commence

1 and complete by the set target dates in (A), the
2 Secretary shall progressively recover up to the
3 full amount of an award provided to a covered
4 entity under this subsection.

5 (C) TECHNOLOGY CLAWBACK.—The Sec-
6 retary shall recover the full amount of an award
7 provided to a covered entity under this sub-
8 section if, during the applicable term with re-
9 spect to the award, the covered entity know-
10 ingly engages in any joint research or tech-
11 nology licensing effort—

12 (i) with a foreign entity of concern;

13 and

14 (ii) that relates to a technology or
15 product that raises national security con-
16 cerns, as determined by the Secretary and
17 communicated to the covered entity before
18 engaging in such joint research or tech-
19 nology licensing.

20 (D) WAIVER.—In the case of delayed
21 projects, the Secretary may waive elements of
22 the clawback provisions incorporated in each
23 major award after—

24 (i) making a formal determination
25 that circumstances beyond the ability of

1 the covered entity to foresee or control are
2 responsible for delays; and

3 (ii) submitting congressional notifica-
4 tion.

5 (E) CONGRESSIONAL NOTIFICATION.—The
6 Secretary shall notify appropriate committees of
7 Congress—

8 (i) of the clawback provisions attend-
9 ing each such major award; and

10 (ii) of any waivers provided, not later
11 than 15 days after the date on which such
12 a waiver was provided.

13 (b) COORDINATION REQUIRED.—In carrying out the
14 program established under subsection (a), the Secretary
15 shall coordinate with the Secretary of State, the Secretary
16 of Defense, the Secretary of Homeland Security, the Sec-
17 retary of Energy, and the Director of National Intel-
18 ligence.

19 (c) GAO REVIEWS.—The Comptroller General of the
20 United States shall—

21 (1) not later than 2 years after the date of dis-
22 bursement of the first financial award under sub-
23 section (a), and biennially thereafter for 10 years,
24 conduct a review of the program established under
25 subsection (a), which shall include, at a minimum—

1 (A) a determination of the number of in-
2 stances in which financial assistance awards
3 were provided under that subsection during the
4 period covered by the review;

5 (B) an evaluation of how—

6 (i) the program is being carried out,
7 including how recipients of financial assist-
8 ance awards are being selected under the
9 program; and

10 (ii) other Federal programs are lever-
11 aged for manufacturing, research, and
12 training to complement the financial assist-
13 ance awards awarded under the program;
14 and

15 (C) a description of the outcomes of
16 projects supported by awards made under the
17 program, including a description of—

18 (i) facilities described in subsection
19 (a)(1) that were constructed, expanded, or
20 modernized as a result of awards made
21 under the program;

22 (ii) research and development carried
23 out with awards made under the program;

24 (iii) workforce training programs car-
25 ried out with awards made under the pro-

1 gram, including efforts to hire individuals
2 from disadvantaged populations; and
3 (iv) the impact of projects on the
4 United States share of global microelec-
5 tronics production; and
6 (2) submit to the appropriate committees of
7 Congress the results of each review conducted under
8 paragraph (1).

9 **SEC. 9903. DEPARTMENT OF DEFENSE.**

10 (a) DEPARTMENT OF DEFENSE EFFORTS.—

11 (1) IN GENERAL.—Subject to the availability of
12 appropriations for such purposes, the Secretary of
13 Defense, in consultation with the Secretary of Com-
14 merce, the Secretary of Energy, the Secretary of
15 Homeland Security, and the Director of National In-
16 telligence, shall establish a public-private partnership
17 through which the Secretary shall work to
18 incentivize the formation of one or more consortia of
19 companies (or other such partnerships of private-sec-
20 tor entities, as appropriate) to ensure the develop-
21 ment and production of measurably secure micro-
22 electronics, including integrated circuits, logic de-
23 vices, memory, and the packaging and testing prac-
24 tices that support these microelectronic components
25 by the Department of Defense, the intelligence com-

1 munity, critical infrastructure sectors, and other na-
2 tional security applications. Such incentives may in-
3 clude the use of grants under section 9902, and pro-
4 viding incentives for the creation, expansion, or mod-
5 ernization of one or more commercially competitive
6 and sustainable microelectronics manufacturing or
7 advanced research and development facilities in the
8 United States.

9 (2) RISK MITIGATION REQUIREMENTS.—A par-
10 ticipant in a consortium formed with incentives
11 under paragraph (1)—

12 (A) shall have the potential to enable de-
13 sign, perform fabrication, assembly, package, or
14 test functions for microelectronics deemed crit-
15 ical to national security as defined by the Na-
16 tional Security Advisor and the Secretary of
17 Defense;

18 (B) may be a fabless company migrating
19 its designs to the facility envisioned in para-
20 graph (1) or migrating to an existing facility
21 onshore;

22 (C) may be companies, including fabless
23 companies and companies that procure large
24 quantities of microelectronics, willing to co-in-

1 vest to achieve the objectives set forth in para-
2 graph (1);

3 (D) shall include management processes to
4 identify and mitigate supply chain security
5 risks; and

6 (E) shall be capable of providing microelec-
7 tronic components that are consistent with ap-
8 plicable measurably secure supply chain and
9 operational security standards established under
10 section 224(b) of the National Defense Author-
11 ization Act for Fiscal Year 2020 (Public Law
12 116–92).

13 (3) NATIONAL SECURITY CONSIDERATIONS.—
14 The Secretary of Defense and the Director of Na-
15 tional Intelligence shall select participants for each
16 consortium and or partnership formed with incen-
17 tives under paragraph (1). In selecting such partici-
18 pants, the Secretary and the Director may jointly
19 consider whether the companies—

20 (A) have participated in previous programs
21 and projects of the Department of Defense, De-
22 partment of Energy, or the intelligence commu-
23 nity, including—

1 (i) the Trusted Integrated Circuit pro-
2 gram of the Intelligence Advanced Re-
3 search Projects Activity;

4 (ii) trusted and assured microelec-
5 tronics projects, as administered by the
6 Department of Defense;

7 (iii) the Electronics Resurgence Initia-
8 tive program of the Defense Advanced Re-
9 search Projects Agency; or

10 (iv) relevant semiconductor research
11 programs of the Advanced Research
12 Projects Agency–Energy;

13 (B) have demonstrated an ongoing com-
14 mitment to performing contracts for the De-
15 partment of Defense and the intelligence com-
16 munity;

17 (C) are approved by the Defense Counter-
18 intelligence and Security Agency or the Office
19 of the Director of National Intelligence as pre-
20 senting an acceptable security risk, taking into
21 account supply chain assurance vulnerabilities,
22 counterintelligence risks, and any risks pre-
23 sented by companies whose beneficial owners
24 are located outside the United States; and

1 (D) are evaluated periodically for foreign
2 ownership, control, or influence by a foreign en-
3 tity of concern.

4 (4) NONTRADITIONAL DEFENSE CONTRACTORS
5 AND COMMERCIAL ENTITIES.—Arrangements en-
6 tered into to carry out paragraph (1) shall be in
7 such form as the Secretary of Defense determines
8 appropriate to encourage industry participation of
9 nontraditional defense contractors or commercial en-
10 tities and may include a contract, a grant, a cooper-
11 ative agreement, a commercial agreement, the use of
12 other transaction authority under section 2371 of
13 title 10, United States Code, or another such ar-
14 rangement.

15 (5) IMPLEMENTATION.—Subject to the avail-
16 ability of appropriations for such purposes, the Sec-
17 retary of Defense—

18 (A) shall carry out paragraph (1) jointly
19 through the Office of the Under Secretary of
20 Defense for Research and Engineering and the
21 Office of the Under Secretary of Defense for
22 Acquisition and Sustainment; and

23 (B) may carry out paragraph (1) in col-
24 laboration with any such other component of

1 the Department of Defense as the Secretary of
2 Defense considers appropriate.

3 (6) OTHER INITIATIVES.—

4 (A) REQUIRED INITIATIVES.—Subject to
5 the availability of appropriations for such pur-
6 poses, the Secretary of Defense, in consultation
7 with the Secretary of Energy and the Adminis-
8 trator of the National Nuclear Security Admin-
9 istration, as appropriate, may dedicate initia-
10 tives within the Department of Defense to carry
11 out activities to advance radio frequency, mixed
12 signal, radiation tolerant, and radiation hard-
13 ened microelectronics that support national se-
14 curity and dual-use applications.

15 (B) SUPPORT PLAN REQUIRED.—The Sec-
16 retary of Defense, in consultation with the
17 heads of appropriate departments and agencies
18 of the Federal Government, shall develop a
19 plan, including assessment of resource require-
20 ments and designation of responsible officials,
21 for the maintenance of capabilities to produce
22 trusted and assured microelectronics to support
23 current and legacy defense systems, other gov-
24 ernment systems essential for national security,
25 and critical infrastructure of the United States,

1 especially for items with otherwise limited com-
2 mercial demand.

3 (C) ASSESSMENT OF PUBLIC PRIVATE
4 PARTNERSHIPS AND ACTIVITIES.—In conjunc-
5 tion with the activities carried out under this
6 section, the Secretary of Defense shall enter
7 into an agreement with the National Academies
8 of Science, Engineering, and Medicine to under-
9 take a study to make recommendations and
10 provide policy options for optimal public-private
11 partnerships and partnership activities, includ-
12 ing an analysis of establishing a semiconductor
13 manufacturing corporation to leverage private
14 sector technical, managerial, and investment ex-
15 pertise, and private capital, as well as an as-
16 sessment of and response to the industrial poli-
17 cies of other nations to support industries in
18 similar critical technology sectors, and deliver
19 such study to the congressional defense commit-
20 tees not later than October 1, 2022.

21 (7) REPORTS.—

22 (A) REPORT BY SECRETARY OF DE-
23 FENSE.—Not later than 90 days after the date
24 of the enactment of this Act, the Secretary of
25 Defense shall submit to Congress a report on

1 the plans of the Secretary to carry out para-
2 graphs (1) and (6).

3 (B) BIENNIAL REPORTS BY COMPTROLLER
4 GENERAL OF THE UNITED STATES.—Not later
5 than one year after the date on which the Sec-
6 retary submits the report required by subpara-
7 graph (A) and not less frequently than once
8 every two years thereafter for a period of 10
9 years, the Comptroller General of the United
10 States shall submit to Congress a report on the
11 activities carried out under this subsection.

12 (b) NATIONAL NETWORK FOR MICROELECTRONICS
13 RESEARCH AND DEVELOPMENT.—

14 (1) IN GENERAL.—Subject to the availability of
15 appropriations for such purposes, the Secretary of
16 Defense may establish a national network for micro-
17 electronics research and development—

18 (A) to enable the laboratory to fabrication
19 transition of microelectronics innovations in the
20 United States; and

21 (B) to expand the global leadership in
22 microelectronics of the United States.

23 (2) ACTIVITIES.—The national network for
24 microelectronics research and development shall—

1 (A) enable cost effective exploration of new
2 materials, devices, and architectures, and proto-
3 typing in domestic facilities to safeguard do-
4 mestic intellectual property;

5 (B) accelerate the transition of new tech-
6 nologies to domestic microelectronics manufac-
7 turers; and

8 (C) conduct other relevant activities
9 deemed necessary by the Secretary of Defense
10 for accomplishing the purposes of the national
11 network for microelectronics research and devel-
12 opment.

13 **SEC. 9904. DEPARTMENT OF COMMERCE STUDY ON STATUS**
14 **OF MICROELECTRONICS TECHNOLOGIES IN**
15 **THE UNITED STATES INDUSTRIAL BASE.**

16 (a) IN GENERAL.—Beginning not later than 180
17 days after the date of the enactment of this Act, the Sec-
18 retary, in consultation with the heads of other Federal de-
19 partments and agencies, as appropriate, including the Sec-
20 retary of Defense, Secretary of Homeland Security, and
21 the Secretary of Energy, shall undertake a review, which
22 shall include a survey, using authorities in section 705 of
23 the Defense Production Act of 1950 (50 U.S.C. 4555),
24 to assess the capabilities of the United States industrial
25 base to support the national defense in light of the global

1 nature of the supply chain and significant interdepend-
2 encies between the United States industrial base and the
3 industrial bases of foreign countries with respect to the
4 manufacture, design, and end use of microelectronics.

5 (b) RESPONSE TO SURVEY.—To the extent author-
6 ized by section 705 of the Defense Production Act of 1950
7 (50 U.S.C. 4555) and section 702 of title 15, Code of Fed-
8 eral Regulations, the Secretary shall ensure all relevant
9 potential respondents reply to the survey, including the
10 following:

11 (1) Corporations, partnerships, associations, or
12 any other organized groups domiciled and with sub-
13 stantial operations in the United States.

14 (2) Corporations, partnerships, associations, or
15 any other organized groups with a physical presence
16 of any kind in the United States.

17 (3) Foreign domiciled corporations, partner-
18 ships, associations, or any other organized groups
19 with a physical presence of any kind in the United
20 States.

21 (c) INFORMATION REQUESTED.—To the extent au-
22 thorized by section 705 of the Defense Production Act of
23 1950 (50 U.S.C. 4555) and section 702 of title 15, Code
24 of Federal Regulations, the information sought from a re-
25 sponding entity specified in subsection (b) shall include,

1 at minimum, information on the following with respect to
2 the manufacture, design, or end use of microelectronics
3 by such entity:

4 (1) An identification of the geographic scope of
5 operations.

6 (2) Information on relevant cost structures.

7 (3) An identification of types of microelec-
8 tronics development, manufacture, assembly, test,
9 and packaging equipment in operation at such an
10 entity.

11 (4) An identification of all relevant intellectual
12 property, raw materials, and semi-finished goods and
13 components sourced domestically and abroad by
14 such an entity.

15 (5) Specifications of the microelectronics manu-
16 factured or designed by such an entity, descriptions
17 of the end-uses of such microelectronics, and a de-
18 scription of any technical support provided to end-
19 users of such microelectronics by such an entity.

20 (6) Information on domestic and export market
21 sales by such an entity.

22 (7) Information on the financial performance,
23 including income and expenditures, of such an enti-
24 ty.

1 (8) A list of all foreign and domestic subsidies,
2 and any other financial incentives, received by such
3 an entity in each market in which such entity oper-
4 ates.

5 (9) A list of regulatory or other informational
6 requests about the respondents' operations, sales, or
7 other proprietary information by the People's Re-
8 public of China entities under its direction or offi-
9 cials of the Chinese Communist Party, a description
10 of the nature of each request, and the type of infor-
11 mation provided.

12 (10) Information on any joint ventures, tech-
13 nology licensing agreements, and cooperative re-
14 search or production arrangements of such an enti-
15 ty.

16 (11) A description of efforts by such an entity
17 to evaluate and control supply chain risks.

18 (12) A list and description of any sales, licens-
19 ing agreements, or partnerships between such an en-
20 tity and the People's Liberation Army or People's
21 Armed Police, including any business relationships
22 with entities through which such sales, licensing
23 agreements, or partnerships may occur.

24 (d) REPORT.—

1 (1) IN GENERAL.—The Secretary shall, in con-
2 sultation with the heads of other appropriate Fed-
3 eral departments and agencies, as appropriate, in-
4 cluding the Secretary of Defense, Secretary of
5 Homeland Security, and Secretary of Energy, sub-
6 mit to Congress a report on the results of the review
7 required by subsection (a). The report shall include
8 the following:

9 (A) An assessment of the results of the re-
10 view.

11 (B) A list of critical technology areas im-
12 pacted by potential disruptions in production of
13 microelectronics, and a detailed description and
14 assessment of the impact of such potential dis-
15 ruptions on such areas.

16 (C) A description and assessment of gaps
17 and vulnerabilities in the microelectronics sup-
18 ply chain and the national industrial supply
19 base.

20 (2) FORM.—The report required by paragraph
21 (1) may be submitted in classified form.

1 **SEC. 9905. FUNDING FOR DEVELOPMENT AND ADOPTION**
2 **OF MEASURABLY SECURE SEMICONDUCTORS**
3 **AND MEASURABLY SECURE SEMICONDUCTOR**
4 **TORS SUPPLY CHAINS.**

5 (a) MULTILATERAL SEMICONDUCTORS SECURITY
6 FUND.—

7 (1) ESTABLISHMENT OF FUND.—The Secretary
8 of the Treasury is authorized to establish a trust
9 fund, to be known as the “Multilateral Semiconduc-
10 tors Security Fund” (in this section referred to as
11 the “Fund”), consisting of any appropriated funds
12 credited to the Fund for such purpose.

13 (2) REPORTING REQUIREMENT.—If the Fund
14 authorized under subsection (a)(1) is not estab-
15 lished, 180 days after the date of the enactment of
16 this Act and annually thereafter until such Fund is
17 established, the Secretary of the Treasury, in coordi-
18 nation with the Secretary of State, shall provide, in
19 writing, to the appropriate committees of Congress
20 a rationale for not establishing the Fund.

21 (3) INVESTMENT OF AMOUNTS.—

22 (A) INVESTMENT OF AMOUNTS.—If the
23 Fund authorized under subsection (a)(1) is es-
24 tablished, the Secretary of the Treasury shall
25 invest such portion of the Fund as is not re-
26 quired to meet current withdrawals in interest-

1 bearing obligations of the United States or in
2 obligations guaranteed as to both principal and
3 interest by the United States.

4 (B) INTEREST AND PROCEEDS.—The in-
5 terest on, and the proceeds from the sale or re-
6 demption of, any obligations held in the Fund
7 shall be credited to and form a part of the
8 Fund.

9 (4) USE OF FUND.—

10 (A) IN GENERAL.—Subject to subpara-
11 graph (B), amounts in the Fund shall be avail-
12 able, as provided in advance in an appropria-
13 tions Act, to the Secretary of State—

14 (i) to provide funding through the
15 common funding mechanism described in
16 subsection (b)(1) to support the develop-
17 ment and adoption of measurably secure
18 semiconductors and measurably secure
19 semiconductors supply chains; and

20 (ii) to otherwise carry out this section.

21 (B) AVAILABILITY CONTINGENT ON INTER-
22 NATIONAL ARRANGEMENT OR AGREEMENT.—

23 (i) IN GENERAL.—Amounts in the
24 Fund shall be available to the Secretary of
25 State, subject to appropriation, on and

1 after the date on which the Secretary of
2 State enters into an arrangement or agree-
3 ment with the governments of countries
4 that are partners of the United States to
5 participate in the common funding mecha-
6 nism under paragraph (1) of subsection
7 (b).

8 (ii) CONSULTATION.—Before entering
9 into an arrangement or agreement as de-
10 scribed clause (i), the Secretary of State,
11 in consultation with the Secretary of Com-
12 merce, shall ensure any partner govern-
13 ment maintains export control licensing
14 policies on semiconductor technology sub-
15 stantively equivalent to the United States
16 with respect to restrictions on such exports
17 to the People’s Republic of China.

18 (b) COMMON FUNDING MECHANISM FOR DEVELOP-
19 MENT AND ADOPTION OF MEASURABLY SECURE SEMI-
20 CONDUCTORS AND MEASURABLY SECURE SEMICONDUCTOR
21 SUPPLY CHAINS.—

22 (1) IN GENERAL.—The Secretary of State, in
23 consultation with the Secretary of Commerce, the
24 Secretary of Defense, the Secretary of Homeland Se-
25 curity, the Secretary of the Treasury, the Secretary

1 of Energy, and the Director of National Intelligence,
2 is authorized to establish a common funding mecha-
3 nism, in coordination with foreign partners, that
4 uses amounts from the Fund to support the develop-
5 ment and adoption of secure semiconductors and se-
6 cure semiconductors supply chains, including for use
7 in research and development collaborations among
8 partner countries participating in the common fund-
9 ing mechanism. In establishing and sustaining a
10 common funding mechanism, the Secretary of State
11 should leverage United States funding in order to
12 secure contributions and commitments from trusted
13 foreign partners, including cost sharing and other
14 cooperative measures leading to the development and
15 adoption of secure semiconductors and secure micro-
16 electronic supply chains.

17 (2) COMMITMENTS.—In creating and sustaining
18 a common funding mechanism described in para-
19 graph (1), the Secretary of State should promote ef-
20 forts among foreign partners to—

21 (A) establish transparency requirements
22 for any subsidies or other financial benefits (in-
23 cluding revenue foregone) provided to semi-
24 conductors firms located in or outside such
25 countries;

1 (B) establish consistent policies with re-
2 spect to countries that—

3 (i) are not participating in the com-
4 mon funding mechanism; and

5 (ii) do not meet transparency require-
6 ments established under subparagraph (A);

7 (C) promote harmonized treatment of
8 semiconductors and verification processes for
9 items being exported to a country considered a
10 national security risk by a country participating
11 in the common funding mechanism;

12 (D) establish consistent policies and com-
13 mon external policies to address nonmarket
14 economies as the behavior of such countries
15 pertains to semiconductors;

16 (E) align policies on supply chain integrity
17 and semiconductors security, including with re-
18 spect to protection and enforcement of intellec-
19 tual property rights; and

20 (F) promote harmonized foreign direct in-
21 vestment screening measures and export control
22 policies with respect to semiconductors to align
23 with national, multilateral, and plurilateral se-
24 curity priorities.

1 (c) ANNUAL REPORT TO CONGRESS.—Not later than
2 one year after the date of the enactment of this Act, and
3 annually thereafter for each fiscal year during which
4 amounts in the Fund are available under subsection
5 (a)(4), the Secretary of State shall submit to the appro-
6 priate committees of Congress a report on the status of
7 the implementation of this section that includes a descrip-
8 tion of—

9 (1) any commitments made by the governments
10 of countries that have entered into an arrangement
11 or agreement with the United States to provide
12 funding for the common funding mechanism de-
13 scribed in subsection (b)(1) and the specific amount
14 so committed and other cooperative measures being
15 taken by such countries as part of the common
16 funding mechanism;

17 (2) the criteria established for expenditure of
18 funds through the common funding mechanism;

19 (3) how, and to whom, amounts have been ex-
20 pended from the Fund and a description of progress
21 made utilizing the Fund to support the objectives
22 described in subsection (b)(1);

23 (4) amounts remaining in the Fund;

24 (5) the progress of the Secretary of State to-
25 ward entering into an arrangement or agreement

1 with the governments of countries that are partners
2 of the United States to participate in the common
3 funding mechanism and the commitments described
4 in subsection (b)(2); and

5 (6) any additional authorities needed to en-
6 hance the effectiveness of the Fund in achieving the
7 security goals of the United States.

8 (d) NOTIFICATIONS TO BE PROVIDED BY THE
9 FUND.—

10 (1) IN GENERAL.—Not later than 15 days prior
11 to the Fund making a financial commitment associ-
12 ated with the provision of expenditures under sub-
13 section (a)(4)(A) in an amount in excess of
14 \$1,000,000, the Secretary of State shall submit to
15 the appropriate committees of Congress report in
16 writing that contains the information required by
17 paragraph (2).

18 (2) INFORMATION REQUIRED.—The information
19 required by this subsection includes—

20 (A) the amount of each such expenditure;

21 (B) an identification of the recipient or
22 beneficiary; and

23 (C) a description of the project or activity
24 and the purpose to be achieved by an expendi-
25 ture of the Fund.

1 (3) ARRANGEMENTS OR AGREEMENTS.—The
2 Secretary of State shall notify the appropriate com-
3 mittees of Congress not later than 30 days after en-
4 tering into a new bilateral or multilateral arrange-
5 ment or agreement described in subsection
6 (a)(4)(B).

7 **SEC. 9906. ADVANCED MICROELECTRONICS RESEARCH**
8 **AND DEVELOPMENT.**

9 (a) SUBCOMMITTEE ON MICROELECTRONICS LEAD-
10 ERSHIP.—

11 (1) ESTABLISHMENT REQUIRED.—The Presi-
12 dent shall establish in the National Science and
13 Technology Council a subcommittee on matters re-
14 lating to leadership and competitiveness of the
15 United States in microelectronics technology and in-
16 novation (in this section referred to as the “Sub-
17 committee”).

18 (2) MEMBERSHIP.—The Subcommittee shall be
19 composed of the following members:

20 (A) The Secretary of Defense.

21 (B) The Secretary of Energy.

22 (C) The Director of the National Science
23 Foundation.

24 (D) The Secretary of Commerce.

25 (E) The Secretary of State.

1 (F) The Secretary of Homeland Security.

2 (G) The United States Trade Representa-
3 tive.

4 (H) The Director of National Intelligence.

5 (I) The heads of such other departments
6 and agencies of the Federal Government as the
7 President determines appropriate.

8 (3) DUTIES.—The duties of the Subcommittee
9 are as follows:

10 (A) NATIONAL STRATEGY ON MICROELEC-
11 TRONICS RESEARCH.—

12 (i) IN GENERAL.—In consultation
13 with the advisory committee established in
14 (b), and other appropriate stakeholders in
15 the microelectronics industry and aca-
16 demia, the Subcommittee shall develop a
17 national strategy on microelectronics re-
18 search, development, manufacturing, and
19 supply chain security to—

20 (I) accelerate the domestic devel-
21 opment and production of microelec-
22 tronics and strengthen the domestic
23 microelectronics workforce; and

24 (II) ensure that the United
25 States is a global leader in the field of

1 microelectronics research and develop-
2 ment.

3 (ii) ELEMENTS.—The strategy devel-
4 oped under this subparagraph shall ad-
5 dress—

6 (I) activities that may be carried
7 out to strengthen engagement and
8 outreach between the Department of
9 Defense and industry, academia,
10 international partners of the United
11 States, and other departments and
12 agencies of the Federal Government
13 on issues relating to microelectronics;

14 (II) priorities for research and
15 development to accelerate the ad-
16 vancement and adoption of innovative
17 microelectronics and new uses of
18 microelectronics and components;

19 (III) the role of diplomacy and
20 trade in maintaining the position of
21 the United States as a global leader in
22 the field of microelectronics;

23 (IV) the potential role of a Fed-
24 eral laboratory, center, or incubator
25 exclusively focused on the research

1 and development of microelectronics,
2 as described in section 231(b)(15) of
3 the National Defense Authorization
4 Act for Fiscal Year 2017 (as added by
5 section 276 of this Act) in carrying
6 out the strategy and plan required
7 under this subparagraph; and

8 (V) such other activities as the
9 Subcommittee determines may be ap-
10 propriate to overcome future chal-
11 lenges to the innovation, competitive-
12 ness, and supply chain integrity of the
13 United States in the field of micro-
14 electronics.

15 (B) FOSTERING COORDINATION OF RE-
16 SEARCH AND DEVELOPMENT.—The Sub-
17 committee shall coordinate microelectronics re-
18 lated research, development, manufacturing,
19 and supply chain security activities and budgets
20 of Federal agencies and ensure such activities
21 are consistent with the strategy required under
22 subparagraph (A).

23 (C) REPORTING AND UPDATES.—

24 (i) PROGRESS BRIEFING.—Not later
25 than one year after the date of the enact-

1 ment of this Act, the President shall pro-
2 vide to the appropriate committees of Con-
3 gress a briefing on the progress of the
4 Subcommittee in developing the strategy
5 required under subparagraph (A).

6 (ii) STRATEGY UPDATE.—Not less fre-
7 quently than once every 5 years, the Sub-
8 committee shall update the strategy devel-
9 oped under subparagraph (A) and submit
10 the revised strategy to the appropriate
11 committees of Congress.

12 (4) SUNSET.—The Subcommittee shall termi-
13 nate on the date that is 10 years after the date of
14 the enactment of this Act.

15 (b) INDUSTRIAL ADVISORY COMMITTEE.—

16 (1) ESTABLISHMENT.—The Secretary of Com-
17 merce, in consultation with the Secretary of Defense,
18 the Secretary of Energy, and the Secretary of
19 Homeland Security, shall establish an advisory com-
20 mittee to be composed of not fewer than 12 mem-
21 bers, including representatives of industry, federal
22 laboratories, and academic institutions, who are
23 qualified to provide advice to the United States Gov-
24 ernment on matters relating to microelectronics re-
25 search, development, manufacturing, and policy.

1 (2) DUTIES.—The advisory committee shall as-
2 sess and provide guidance to the United States Gov-
3 ernment on—

4 (A) science and technology needs of the
5 nation’s domestic microelectronics industry;

6 (B) the extent to which the strategy devel-
7 oped under subsection (a)(3) is helping main-
8 tain United States leadership in microelec-
9 tronics manufacturing;

10 (C) assessment of the research and devel-
11 opment programs and activities authorized
12 under this section; and

13 (D) opportunities for new public-private
14 partnerships to advance microelectronics re-
15 search, development, and domestic manufac-
16 turing.

17 (3) FACA EXEMPTION.—Section 14 of the Fed-
18 eral Advisory Committee Act (5 U.S.C. App.) shall
19 not apply to the advisory committee established
20 under this subsection.

21 (c) NATIONAL SEMICONDUCTOR TECHNOLOGY CEN-
22 TER.—

23 (1) ESTABLISHMENT.—Subject to the avail-
24 ability of appropriations for such purpose, the Sec-
25 retary of Commerce, in collaboration with the Sec-

1 retary of Defense, shall establish a national semicon-
2 ductor technology center to conduct research and
3 prototyping of advanced semiconductor technology to
4 strengthen the economic competitiveness and secu-
5 rity of the domestic supply chain. Such center shall
6 be operated as a public private-sector consortium
7 with participation from the private sector, the De-
8 partment of Energy, and the National Science Foun-
9 dation.

10 (2) FUNCTIONS.—The functions of the center
11 established under paragraph (1) shall be as follows:

12 (A) To conduct advanced semiconductor
13 manufacturing, design and packaging research,
14 and prototyping that strengthens the entire do-
15 mestic ecosystem and is aligned with the strat-
16 egy required under subsection (a)(3)(A) with
17 emphasis on the following:

18 (i) Semiconductor advanced test, as-
19 sembly, and packaging capability in the do-
20 mestic ecosystem.

21 (ii) Materials characterization, instru-
22 mentation and testing for next generation
23 microelectronics.

24 (iii) Virtualization and automation of
25 maintenance of semiconductor machinery.

1 (iv) Metrology for security and supply
2 chain verification.

3 (B) To establish an investment fund, in
4 partnership with the private sector, to support
5 startups and collaborations between startups,
6 academia, established companies, and new ven-
7 tures, with the goal of commercializing innova-
8 tions that contribute to the domestic semicon-
9 ductor ecosystem, including—

10 (i) advanced metrology and character-
11 ization for manufacturing of microchips
12 using 3 nanometer transistor processes or
13 more advanced processes; and

14 (ii) metrology for security and supply
15 chain verification.

16 (C) To work with the Secretary of Labor,
17 the Director of the National Science Founda-
18 tion, the Secretary of Energy, the private sec-
19 tor, institutions of higher education, and work-
20 force training entities to incentivize and expand
21 participation in graduate and undergraduate
22 programs, and develop workforce training pro-
23 grams and apprenticeships, in advanced micro-
24 electronic design, research, fabrication, and
25 packaging capabilities.

1 (d) NATIONAL ADVANCED PACKAGING MANUFAC-
2 TURING PROGRAM.—Subject to the availability of appro-
3 priations for such purpose, the Secretary of Commerce
4 shall establish a National Advanced Packaging Manufac-
5 turing Program led by the Director of the National Insti-
6 tute of Standards and Technology, in coordination with
7 the national semiconductor technology center established
8 under subsection (c), to strengthen semiconductor ad-
9 vanced test, assembly, and packaging capability in the do-
10 mestic ecosystem, and which shall coordinate with the
11 Manufacturing USA institute established under subsection
12 (f), if applicable.

13 (e) MICROELECTRONICS RESEARCH AT THE NA-
14 TIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY.—
15 Subject to the availability of appropriations for such pur-
16 pose, the Director of the National Institute of Standards
17 and Technology shall carry out a microelectronics research
18 program to enable advances and breakthroughs in meas-
19 urement science, standards, material characterization, in-
20 strumentation, testing, and manufacturing capabilities
21 that will accelerate the underlying research and develop-
22 ment for metrology of next generation microelectronics
23 and ensure the competitiveness and leadership of the
24 United States within this sector.

1 (f) CREATION OF A MANUFACTURING USA INSTI-
2 TUTE.—Subject to the availability of appropriations for
3 such purpose, the Director of the National Institute of
4 Standards and Technology may establish a Manufacturing
5 USA institute described in section 34(d) of the National
6 Institute of Standards and Technology Act (15 U.S.C.
7 278s(d)) that is focused on semiconductor manufacturing.
8 Such institute may emphasize the following:

9 (1) Research to support the virtualization and
10 automation of maintenance of semiconductor ma-
11 chinery.

12 (2) Development of new advanced test, assem-
13 bly and packaging capabilities.

14 (3) Developing and deploying educational and
15 skills training curricula needed to support the indus-
16 try sector and ensure the United States can build
17 and maintain a trusted and predictable talent pipe-
18 line.

19 (g) DOMESTIC PRODUCTION REQUIREMENTS.—The
20 head of any executive agency receiving funding under this
21 section shall develop policies to require domestic produc-
22 tion, to the extent possible, for any intellectual property
23 resulting from microelectronics research and development
24 conducted as a result of such funding and domestic control

1 requirements to protect any such intellectual property
2 from foreign adversaries.

3 **SEC. 9907. PROHIBITION RELATING TO FOREIGN ENTITIES**
4 **OF CONCERN.**

5 None of the funds authorized to be appropriated to
6 carry out this subtitle may be provided to a foreign entity
7 of concern.

8 **SEC. 9908. DEFENSE PRODUCTION ACT OF 1950 EFFORTS.**

9 (a) IN GENERAL.—Not later than 180 days after the
10 date of the enactment of this Act, the President shall sub-
11 mit to Congress a report on a plan of action for any use
12 of authorities available in title III of the Defense Produc-
13 tion Act of 1950 (50 U.S.C. 4531 et seq.) to establish
14 or enhance a domestic production capability for microelec-
15 tronics technologies and related technologies, subject to—

16 (1) the availability of appropriations for that
17 purpose; and

18 (2) a determination made under the plan pursu-
19 ant to such title III that such technologies are essen-
20 tial to the national defense and that domestic indus-
21 trial capabilities are insufficient to meet these needs.

22 (b) COORDINATION.—The President shall develop the
23 plan of action required by subsection (a) in consultation
24 with any relevant head of a Federal agency, an advisory
25 committee established under section 708(d) of the Defense

1 Production Act of 1950 (50 U.S.C. 4558(d)), and appro-
2 priate stakeholders in the private sector.

3 **TITLE C—OTHER MATTERS**

Sec. 10001. AMBER Alert nationwide.

Sec. 10002. Improving authority for operation of unmanned aircraft for edu-
cational purposes.

Sec. 10003. Prohibition on provision of airport improvement grant funds to cer-
tain entities that have violated intellectual property rights of
United States entities.

Sec. 10004. Study and report on the affordability of insulin.

Sec. 10005. Waiver authority with respect to institutions located in an area af-
fected by Hurricane Maria.

Sec. 10006. Farm and ranch mental health.

4 **SEC. 10001. AMBER ALERT NATIONWIDE.**

5 (a) COOPERATION WITH DEPARTMENT OF HOME-
6 LAND SECURITY.—Subtitle A of title III of the PRO-
7 TECT Act (34 U.S.C. 20501 et seq.) is amended—

8 (1) in section 301—

9 (A) in subsection (b)—

10 (i) in paragraph (1), by inserting
11 “(including airports, maritime ports, bor-
12 der crossing areas and checkpoints, and
13 ports of exit from the United States)”
14 after “gaps in areas of interstate travel”;
15 and

16 (ii) in paragraphs (2) and (3), by in-
17 serting “, territories of the United States,
18 and tribal governments” after “States”;
19 and

1 (B) in subsection (d), by inserting “, the
2 Secretary of Homeland Security,” after “Sec-
3 retary of Transportation”; and

4 (2) in section 302—

5 (A) in subsection (b), in paragraphs (2),
6 (3), and (4) by inserting “, territorial, tribal,”
7 after “State”; and

8 (B) in subsection (c)—

9 (i) in paragraph (1), by inserting “,
10 the Secretary of Homeland Security,” after
11 “Secretary of Transportation”; and

12 (ii) in paragraph (2), by inserting “,
13 territorial, tribal,” after “State”.

14 (b) AMBER ALERTS ALONG MAJOR TRANSPOR-
15 TATION ROUTES.—

16 (1) IN GENERAL.—Section 303 of the PRO-
17 TECT Act (34 U.S.C. 20503) is amended—

18 (A) in the section heading, by inserting
19 “**AND MAJOR TRANSPORTATION ROUTES**”
20 after “**ALONG HIGHWAYS**”;

21 (B) in subsection (a)—

22 (i) by inserting “(referred to in this
23 section as the ‘Secretary’)” after “Sec-
24 retary of Transportation”; and

1 (ii) by inserting “and at airports,
2 maritime ports, border crossing areas and
3 checkpoints, and ports of exit from the
4 United States” after “along highways”;

5 (C) in subsection (b)—

6 (i) in paragraph (1)—

7 (I) by striking “other motorist
8 information systems to notify motor-
9 ists” and inserting “other information
10 systems to notify motorists, aircraft
11 passengers, ship passengers, and trav-
12 elers”; and

13 (II) by inserting “, aircraft pas-
14 sengers, ship passengers, and trav-
15 elers” after “necessary to notify mo-
16 torists”; and

17 (ii) in paragraph (2)—

18 (I) in subparagraph (A), by strik-
19 ing “other motorist information sys-
20 tems to notify motorists” and insert-
21 ing “other information systems to no-
22 tify motorists, aircraft passengers,
23 ship passengers, and travelers”;

24 (II) in subparagraph (D), by in-
25 serting “, aircraft passengers, ship

1 passengers, and travelers” after “sup-
2 port the notification of motorists”;

3 (III) in subparagraph (E), by in-
4 serting “, aircraft passengers, ship
5 passengers, and travelers” after “mo-
6 torists”, each place it appears;

7 (IV) in subparagraph (F), by in-
8 serting “, aircraft passengers, ship
9 passengers, and travelers” after “mo-
10 torists”; and

11 (V) in subparagraph (G), by in-
12 serting “, aircraft passengers, ship
13 passengers, and travelers” after “mo-
14 torists”;

15 (D) in subsection (c), by striking “other
16 motorist information systems to notify motor-
17 ists”, each place it appears, and inserting
18 “other information systems to notify motorists,
19 aircraft passengers, ship passengers, and trav-
20 elers”;

21 (E) by amending subsection (d) to read as
22 follows:

23 “(d) FEDERAL SHARE.—

24 “(1) IN GENERAL.—Except as provided in para-
25 graph (2), the Federal share of the cost of any ac-

1 tivities funded by a grant under this section may not
2 exceed 80 percent.

3 “(2) WAIVER.—If the Secretary determines
4 that American Samoa, Guam, the Northern Mariana
5 Islands, Puerto Rico, or the Virgin Islands of the
6 United States is unable to comply with the require-
7 ment under paragraph (1), the Secretary shall waive
8 such requirement.”;

9 (F) in subsection (g)—

10 (i) by striking “In this section” and
11 inserting “In this subtitle”; and

12 (ii) by striking “or Puerto Rico” and
13 inserting “American Samoa, Guam, Puerto
14 Rico, the Northern Mariana Islands, the
15 Virgin Islands of the United States, and
16 any other territory of the United States”;
17 and

18 (G) in subsection (h), by striking “fiscal
19 year 2004” and inserting “each of fiscal years
20 2019 through 2023”.

21 (2) TECHNICAL AND CONFORMING AMEND-
22 MENT.—The table of contents in section 1(b) of the
23 PROTECT Act (Public Law 108–21) is amended by
24 striking the item relating to section 303 and insert-
25 ing the following:

“Sec. 303. Grant program for notification and communications systems along highways and major transportation routes for recovery of abducted children.”.

1 (c) AMBER ALERT COMMUNICATION PLANS IN THE
2 TERRITORIES.—Section 304 of the PROTECT Act (34
3 U.S.C. 20504) is amended—

4 (1) in subsection (b)(4), by inserting “a terri-
5 torial government or” after “with”;

6 (2) by amending subsection (c) to read as fol-
7 lows:

8 “(c) FEDERAL SHARE.—

9 “(1) IN GENERAL.—Except as provided in para-
10 graph (2), the Federal share of the cost of any ac-
11 tivities funded by a grant under this section may not
12 exceed 50 percent.

13 “(2) WAIVER.—If the Attorney General deter-
14 mines that American Samoa, Guam, the Northern
15 Mariana Islands, Puerto Rico, the Virgin Islands of
16 the United States, or an Indian tribe is unable to
17 comply with the requirement under paragraph (1),
18 the Attorney General shall waive such require-
19 ment.”; and

20 (3) in subsection (d), by inserting “, including
21 territories of the United States” before the period at
22 the end.

23 (d) GOVERNMENT ACCOUNTABILITY OFFICE RE-
24 PORT.—

1 (1) IN GENERAL.—Not later than 5 years after
2 the date of the enactment of this Act, the Comp-
3 troller General shall conduct a study assessing—

4 (A) the implementation of the amendments
5 made by this Act;

6 (B) any challenges related to integrating
7 the territories of the United States into the
8 AMBER Alert system;

9 (C) the readiness, educational, techno-
10 logical, and training needs of territorial law en-
11 forcement agencies in responding to cases in-
12 volving missing, abducted, or exploited children;
13 and

14 (D) any other related matters the Attorney
15 General or the Secretary of Transportation de-
16 termines appropriate.

17 (2) REPORT REQUIRED.—The Comptroller Gen-
18 eral shall submit a report on the findings of the
19 study required under paragraph (1) to—

20 (A) the Committee on the Judiciary and
21 the Committee on Environment and Public
22 Works of the Senate;

23 (B) the Committee on the Judiciary and
24 the Committee on Transportation and Infra-
25 structure of the House of Representatives; and

1 (C) each of the delegates or resident com-
2 missioner to the House of Representatives from
3 American Samoa, Guam, the Northern Mariana
4 Islands, Puerto Rico, and the Virgin Islands of
5 the United States.

6 (3) PUBLIC AVAILABILITY.—The Comptroller
7 General shall make the report required under para-
8 graph (2) available on a public Government website.

9 (4) OBTAINING OFFICIAL DATA.—

10 (A) IN GENERAL.—The Comptroller Gen-
11 eral may secure information necessary to con-
12 duct the study under paragraph (1) directly
13 from any Federal agency and from any terri-
14 torial government receiving grant funding under
15 the PROTECT Act. Upon request of the Comp-
16 troller General, the head of a Federal agency or
17 territorial government shall furnish the re-
18 quested information to the Comptroller General.

19 (B) AGENCY RECORDS.—Notwithstanding
20 subparagraph (A), nothing in this subsection
21 shall require a Federal agency or any territorial
22 government to produce records subject to a
23 common law evidentiary privilege. Records and
24 information shared with the Comptroller Gen-
25 eral shall continue to be subject to withholding

1 under sections 552 and 552a of title 5, United
2 States Code. The Comptroller General is obli-
3 gated to give the information the same level of
4 confidentiality and protection required of the
5 Federal agency or territorial government. The
6 Comptroller General may be requested to sign
7 a nondisclosure or other agreement as a condi-
8 tion of gaining access to sensitive or proprietary
9 data to which the Comptroller General is enti-
10 tled.

11 (C) PRIVACY OF PERSONAL INFORMA-
12 TION.—The Comptroller General, and any Fed-
13 eral agency and any territorial government that
14 provides information to the Comptroller Gen-
15 eral, shall take such actions as are necessary to
16 ensure the protection of the personal informa-
17 tion of a minor.

18 **SEC. 10002. IMPROVING AUTHORITY FOR OPERATION OF**
19 **UNMANNED AIRCRAFT FOR EDUCATIONAL**
20 **PURPOSES.**

21 Section 350 of the FAA Reauthorization Act of 2018
22 (Public Law 115–254; 49 U.S.C. 44809 note) is amend-
23 ed—

1 (1) in the section heading, by striking “**AT IN-**
2 **STITUTIONS OF HIGHER EDUCATION**” and in-
3 serting “**FOR EDUCATIONAL PURPOSES**”; and

4 (2) in subsection (a)—

5 (A) by striking “aircraft system operated
6 by” and all that follows and inserting “aircraft
7 system—”; and

8 (B) by adding at the end the following new
9 paragraphs:

10 “(1) operated by an institution of higher edu-
11 cation for educational or research purposes;

12 “(2) flown as part of an established Junior Re-
13 serve Officers’ Training Corps (JROTC) program
14 for education or research purposes; or

15 “(3) flown as part of an educational program
16 that is chartered by a recognized community-based
17 organization (as defined in subsection (h) of such
18 section).”.

19 **SEC. 10003. PROHIBITION ON PROVISION OF AIRPORT IM-**
20 **PROVEMENT GRANT FUNDS TO CERTAIN EN-**
21 **TITIES THAT HAVE VIOLATED INTELLECTUAL**
22 **PROPERTY RIGHTS OF UNITED STATES ENTI-**
23 **TIES.**

24 (a) IN GENERAL.—During the period beginning on
25 the date that is 30 days after the date of the enactment

1 of this Act and ending on September 30, 2023, amounts
2 provided as project grants under subchapter I of chapter
3 471 of title 49, United States Code, may not be used to
4 enter into a contract described in subsection (b) with any
5 entity on the list required by subsection (c).

6 (b) CONTRACT DESCRIBED.—A contract described in
7 this subsection is a contract or other agreement for the
8 procurement of infrastructure or equipment for a pas-
9 senger boarding bridge at an airport.

10 (c) LIST REQUIRED.—

11 (1) IN GENERAL.—Not later than 30 days after
12 the date of enactment of this Act, and thereafter as
13 required by paragraph (2), the Administrator of the
14 Federal Aviation Administration shall, based on in-
15 formation provided by the United States Trade Rep-
16 resentative and the Attorney General, make available
17 to the public a list of entities making infrastructure
18 or equipment for a passenger boarding bridge at an
19 airport that—

20 (A) are owned, directed, or subsidized by
21 the People’s Republic of China; and

22 (B) have been determined by a Federal
23 court to have misappropriated intellectual prop-
24 erty or trade secrets from an entity organized

1 under the laws of the United States or any ju-
2 risdiction within the United States; or

3 (C) own or control are owned or controlled
4 by, are under common ownership or control
5 with, or are successors to, an entity described
6 in subparagraph (A).

7 (2) UPDATES TO LIST.—The Administrator
8 shall update the list required by paragraph (1),
9 based on information provided by the Trade Rep-
10 resentative and the Attorney General—

11 (A) not less frequently than every 90 days
12 during the 180-day period following the initial
13 publication of the list under paragraph (1); and

14 (B) not less frequently than annually
15 thereafter until September 30, 2023.

16 (d) DEFINITIONS.—In this section, the definitions in
17 section 47102 of title 49, United States Code, shall apply.

18 **SEC. 10004. STUDY AND REPORT ON THE AFFORDABILITY**
19 **OF INSULIN.**

20 The Secretary of Health and Human Services, acting
21 through the Assistant Secretary for Planning and Evalua-
22 tion, shall—

23 (1) conduct a study that examines, for each
24 type or classification of diabetes (including type 1
25 diabetes, type 2 diabetes, gestational diabetes, and

1 other conditions causing reliance on insulin), the ef-
2 fect of the affordability of insulin on—

3 (A) adherence to insulin prescriptions;

4 (B) rates of diabetic ketoacidosis;

5 (C) downstream impacts of insulin adher-
6 ence, including rates of dialysis treatment and
7 end-stage renal disease;

8 (D) spending by Federal health programs
9 on acute episodes that could have been averted
10 by adhering to an insulin prescription; and

11 (E) other factors, as appropriate, to under-
12 stand the impacts of insulin affordability on
13 health outcomes, Federal Government spending
14 (including under the Medicare program under
15 title XVIII of the Social Security Act (42
16 U.S.C. 1395 et seq.) and the Medicaid program
17 under title XIX of the Social Security Act (42
18 U.S.C. 1396 et seq.)), and insured and unin-
19 sured individuals with diabetes; and

20 (2) not later than 2 years after the date of en-
21 actment of this Act, submit to Congress a report on
22 the study conducted under paragraph (1).

1 **SEC. 10005. WAIVER AUTHORITY WITH RESPECT TO INSTI-**
2 **TUTIONS LOCATED IN AN AREA AFFECTED BY**
3 **HURRICANE MARIA.**

4 (a) WAIVER AUTHORITY.—Notwithstanding any
5 other provision of law, unless enacted with specific ref-
6 erence to this section or section 392 of the Higher Edu-
7 cation Act of 1965 (20 U.S.C. 1068a), for any affected
8 institution that was receiving assistance under title III of
9 such Act (20 U.S.C. 1051 et seq.) at the time of a covered
10 hurricane disaster, the Secretary of Education may, for
11 each of the fiscal years 2021 through 2025—

12 (1) waive—

13 (A) the eligibility data requirements set
14 forth in section 391(d) of the Higher Education
15 Act of 1965 (20 U.S.C. 1068(d));

16 (B) the wait-out period set forth in section
17 313(d) of the Higher Education Act of 1965
18 (20 U.S.C. 1059(d));

19 (C) the allotment requirements under sec-
20 tion 324 of the Higher Education Act of 1965
21 (20 U.S.C. 1063); and

22 (D) the use of the funding formula devel-
23 oped pursuant to section 326(f)(3) of the High-
24 er Education Act of 1965 (20 U.S.C.
25 1063b(f)(3)); and

1 (2) waive or modify any statutory or regulatory
2 provision to ensure that affected institutions that
3 were receiving assistance under title III of the High-
4 er Education Act of 1965 (20 U.S.C. 1051 et seq.)
5 at the time of a covered hurricane disaster are not
6 adversely affected by any formula calculation for fis-
7 cal year 2021 or for any of the four succeeding fiscal
8 years, as necessary.

9 (b) DEFINITIONS.—In this section:

10 (1) The term “affected institution” means an
11 institution of higher education (as defined in section
12 101 of the Higher Education Act of 1965 (20
13 U.S.C. 1001)) that—

14 (A) is—

15 (i) a part A institution (which term
16 shall have the meaning given the term “eli-
17 gible institution” under section 312(b) of
18 the Higher Education Act of 1965 (20
19 U.S.C. 1058(b))); or

20 (ii) a part B institution, as such term
21 is defined in section 322(2) of the Higher
22 Education Act of 1965 (20 U.S.C.
23 1061(2)), or as identified in section 326(e)
24 of such Act (20 U.S.C. 1063b(e));

1 (B) is located in a covered area affected by
2 a hurricane disaster; and

3 (C) is able to demonstrate that, as a result
4 of the impact of a covered hurricane disaster,
5 the institution—

6 (i) incurred physical damage;

7 (ii) has pursued collateral source com-
8 pensation from insurance, the Federal
9 Emergency Management Agency, and the
10 Small Business Administration, as appro-
11 priate; and

12 (iii) was not able to fully reopen in ex-
13 isting facilities or to fully reopen to the
14 pre-hurricane enrollment levels during the
15 30-day period beginning on September 7,
16 2017.

17 (2) The term “covered area affected by a hurri-
18 cane disaster” means an area for which the Presi-
19 dent declared a major disaster under section 401 of
20 the Robert T. Stafford Disaster Relief and Emer-
21 gency Assistance Act (42 U.S.C. 5170) as a result
22 of Hurricane Maria.

23 (3) The term “covered hurricane disaster”
24 means a major disaster that the President declared
25 to exist, in accordance with section 401 of the Rob-

1 ert T. Stafford Disaster Relief and Emergency As-
2 sistance Act (42 U.S.C. 5170), and that was caused
3 by Hurricane Maria or Hurricane Irma.

4 **SEC. 10006. FARM AND RANCH MENTAL HEALTH.**

5 (a) PUBLIC SERVICE ANNOUNCEMENT CAMPAIGN TO
6 ADDRESS FARM AND RANCH MENTAL HEALTH.—

7 (1) IN GENERAL.—The Secretary of Agri-
8 culture, in consultation with the Secretary of Health
9 and Human Services, shall carry out a public service
10 announcement campaign to address the mental
11 health of farmers and ranchers.

12 (2) REQUIREMENTS.—The public service an-
13 nouncement campaign under paragraph (1) shall in-
14 clude television, radio, print, outdoor, and digital
15 public service announcements.

16 (3) CONTRACTOR.—

17 (A) IN GENERAL.—The Secretary of Agri-
18 culture may enter into a contract or other
19 agreement with a third party to carry out the
20 public service announcement campaign under
21 paragraph (1).

22 (B) REQUIREMENT.—In awarding a con-
23 tract under subparagraph (A), the Secretary of
24 Agriculture shall use a competitive bidding
25 process.

1 (4) AUTHORIZATION OF APPROPRIATIONS.—

2 There is authorized to be appropriated to the Sec-
3 retary of Agriculture to carry out this subsection
4 \$3,000,000, to remain available until expended.

5 (b) EMPLOYEE TRAINING PROGRAM TO MANAGE
6 FARMER AND RANCHER STRESS.—

7 (1) IN GENERAL.—Not later than 180 days
8 after the date of enactment of this subsection, the
9 Secretary of Agriculture shall expand the pilot pro-
10 gram carried out by the Secretary of Agriculture in
11 fiscal year 2019 that trained employees of the Farm
12 Service Agency in the management of stress experi-
13 enced by farmers and ranchers, to train employees
14 of the Farm Service Agency, the Risk Management
15 Agency, and the Natural Resources Conservation
16 Service in the management of stress experienced by
17 farmers and ranchers, including the detection of
18 stress and suicide prevention.

19 (2) REPORT.—Not less frequently than once
20 every 2 years, the Secretary of Agriculture shall sub-
21 mit to the Committee on Agriculture of the House
22 of Representatives and the Committee on Agri-
23 culture, Nutrition, and Forestry of the Senate a re-
24 port describing the implementation of this sub-
25 section.

1 (c) TASK FORCE FOR ASSESSMENT OF CAUSES OF
2 MENTAL STRESS AND BEST PRACTICES FOR RE-
3 SPONSE.—

4 (1) IN GENERAL.—The Secretary of Agriculture
5 shall convene a task force of agricultural and rural
6 stakeholders at the national, State, and local lev-
7 els—

8 (A) to assess the causes of mental stress in
9 farmers and ranchers; and

10 (B) to identify best practices for respond-
11 ing to that mental stress.

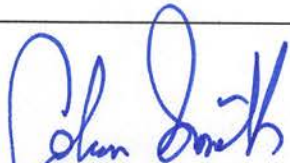

12 (2) SUBMISSION OF REPORT.—Not later than 1
13 year after the date of enactment of this subsection,
14 the task force convened under paragraph (1) shall
15 submit to the Secretary of Agriculture a report con-
16 taining the assessment and best practices under sub-
17 paragraphs (A) and (B), respectively, of paragraph
18 (1).

19 (3) COLLABORATION.—In carrying out this sub-
20 section, the task force convened under paragraph (1)
21 shall collaborate with nongovernmental organizations
22 and State and local agencies.

23 (d) CESSATION OF AUTHORITIES.—Any authorities
24 provided under this section shall cease to be in effect on
25 October 1, 2023.

And the Senate agree to the same.

	 Mr. Peters

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 6395), to authorize appropriations for fiscal year 2021 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

The Senate amendment struck all of the House bill after the enacting clause and inserted a substitute text.

The House recedes from its disagreement to the amendment of the Senate with an amendment that is a substitute for the House bill and the Senate amendment. The differences between the House bill, the Senate amendment, and the substitute agreed to in conference are noted below, except for clerical corrections, conforming changes made necessary by agreements reached by the conferees, and minor drafting and clarifying changes.

Compliance with rules of the House of Representatives and Senate regarding earmarks and congressionally directed spending items

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and Rule XLIV(3) of the Standing Rules of the Senate, neither this conference report nor the accompanying joint statement of managers contains any congressional earmarks, congressionally directed spending items, limited tax benefits, or limited tariff benefits, as defined in such rules.

Summary of discretionary authorizations and budget authority implication

The budget request for national defense discretionary programs within the jurisdiction of the Committees on Armed Services of the Senate and the House of Representatives for fiscal year 2021 was \$731.6 billion. Of this amount, \$636.3 billion was requested for base Department of Defense programs, \$69.0 billion was requested for overseas contingency operations, \$26.0 billion was requested for national security programs in the Department of Energy and the Defense Nuclear Facilities Safety Board, and \$314.0 million for defense-related activities.

The conference agreement would authorize \$731.6 billion in fiscal year 2021, including \$635.5 billion for base Department of Defense programs, \$69.0 billion for overseas contingency operations, \$26.6 billion for national security programs in the Department of Energy and the Defense Nuclear Facilities Safety Board, and \$494.0 million for defense-related activities.

The two tables preceding the detailed program adjustments in Division D of the accompanying joint statement of managers summarize the discretionary authorizations in the agreement and the equivalent budget authority levels for fiscal year 2021 defense programs.

Budgetary effects of this Act (sec. 4)

The House bill contained a provision (sec. 1002) that would state the budgetary effects of this Act for the purpose of complying with the Statutory Pay-As-You-Go Act of 2010 (Public Law 111-139).

The Senate amendment contained a similar provision (sec. 4).

The House recedes.

DIVISION A—DEPARTMENT OF DEFENSE AUTHORIZATIONS

TITLE I—PROCUREMENT

BUDGET ITEMS

Columbia-class submarine advance procurement

The budget request included \$1.1 billion in line item 2 of Shipbuilding and Conversion, Navy, for *Columbia*-class submarine advance procurement.

The House bill would authorize the amount of the request.

The Senate amendment would authorize an increase of \$175.0 million above the request.

The agreement authorizes an increase of \$130.0 million above the request.

The conferees' intent in authorizing additional funds for submarine industrial base expansion is to ensure second- and third-tier contractors are able to meet increased production requirements.

The conferees direct the Secretary of the Navy to notify the congressional defense committees within 30 days of obligating such funds of the: obligation date, contractor name or names, location, description of the shortfall to be addressed, actions to be undertaken, desired end state, usable end items to be procured, period of performance, dollar amount, projected associated savings including business case analysis if applicable, contract name, and contract number.

The conferees believe that expanding the capabilities of the second- and third-tier contractors in the submarine industrial base should lead to greater cost savings and improved efficiency as production increases to meet the *Columbia*-class schedule and higher requirement for *Virginia*-class attack submarines in the Navy's latest Force Structure Assessment.

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Authorization of appropriations (sec. 101)

The House bill contained a provision (sec. 101) that would authorize appropriations for procurement at the levels identified in section 4101 of division D of this Act.

The Senate amendment contained a similar provision (sec. 101).

The Senate recedes with a technical amendment.

SUBTITLE B—ARMY PROGRAMS

Modifications to requirement for an interim cruise missile defense capability (sec. 111)

The Senate amendment contained a provision (sec. 113) that would require the Secretary of the Army to submit to the congressional defense committees the plan to operationally deploy or forward station interim cruise missile defense capabilities pursuant to section 112 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) and would modify the deployment deadline waiver.

The House bill contained no similar provision.

The House recedes with technical amendments.

Report and limitations on acquisition of Integrated Visual Augmentation System (sec. 112)

The Senate amendment contained a provision (sec. 112) that would place a limitation on obligation of funds for procurement of the Integrated Visual Augmentation System pending submission of a report by the Secretary of the Army subsequent to the completion of operational testing.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the limitation and report of the Secretary of the Army and add an assessment by the Director of Operational Test and Evaluation.

Assessment of investment and sustainment for procurement of cannon tubes (sec. 113)

The House bill contained a provision (sec. 135) that would require the Secretary of the Army to develop a comprehensive, long-term strategy and sustainment plan for the development, production, procurement, and modernization of cannon and large caliber weapons tubes.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the requirement to assess the development, production, and modernization of the defense industrial base for cannon and large caliber weapons tubes.

The conferees recognize the importance of modernizing and sustaining long-range artillery and other weapon systems that require cannon and large caliber weapons tubes. Further, the conferees note that our defense industrial base is a critical partner in meeting current and emerging Army and Joint Force requirements. Therefore, the assessment should include: (1) A review of the cannon tube industrial base to meet near and long-term development and production requirements; (2) An evaluation of any capability gaps given current, planned, and anticipated program demands; and (3) An analysis of the resources required and planned for the cannon tube industrial base across the future years defense program.

SUBTITLE C—NAVY PROGRAMS

Limitation on alteration of the Navy fleet mix (sec. 121)

The Senate amendment contained a provision (sec. 5121) that would express the sense of Congress on the importance of the Navy shipbuilding industrial base, limit deviations to the Navy's 2016 requirement for large surface combatants, and require a report on large surface combatants.

The House bill contained no similar provision.

The House recedes with an amendment that would remove the sense of Congress and modify the limitation on deviations to the Navy's 2016 requirement for large surface combatants.

The conferees believe that prototyping critical subsystems is essential to maturing new technologies and reducing technical risks for lead ships in new classes of naval vessels. The conferees understand Navy officials are considering design changes to the *Zumwalt*-class of destroyers to increase the combat capability, potentially including the integration of a different missile launcher, radar, and combat system.

The conferees view these potential changes to the *Zumwalt*-class as opportunities to mature technology and reduce technical and integration risks for the next Large Surface Combatant class of vessels, as required by section 131(a)(2) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), while also providing more capable *Zumwalt*-class destroyers to fleet commanders.

Accordingly, the conferees direct the Secretary of the Navy to submit to the congressional defense committees not later than March 1, 2021, a report on potential *Zumwalt*-class capability upgrades. This report shall include:

(1) Navy plans or options under review to upgrade *Zumwalt*-class destroyers, including, but not limited to, missile launchers, radars, and combat systems;

(2) The extent to which the plans or options under review identified in paragraph (1) could provide opportunities to mature technology and reduce technical and integration risks for the next Large Surface Combatant class of vessels;

(3) The extent to which the plans or options under review identified in paragraph (1) are included in the Navy's plans to comply with section 131 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92); and

(4) Any related matters the Secretary deems appropriate.

Limitations on Navy medium and large unmanned surface vessels (sec. 122)

The Senate amendment contained a provision (sec. 122) that would require that certain technical conditions be met prior to Milestone B approval for medium and large unmanned surface vessels.

The House bill contained no similar provision.

The House recedes with an amendment that would reduce the minimum number of certain systems to be qualified and the period of continuous operation of such systems to satisfy qualification requirements, as well as allow the Secretary of the Navy to release certain requests for proposals and contract for certain government furnished equipment prior to Milestone B approval for medium and large unmanned surface vessels.

Fighter force structure acquisition strategy (sec. 123)

The Senate amendment contained a provision (sec. 125) that would require the Secretary of the Navy to align the Department's tactical aviation fighter force structure acquisition strategy with the results of the various independent studies required by section 1064 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), and not later than March 1, 2021, to transmit the strategy in a report to the congressional defense committees. The provision would also require the Secretary to establish a minimum number of F-35 and Next Generation Air Dominance aircraft that the Navy and Marine Corps would be required to procure each year to mitigate strike-fighter shortfalls. Finally, the provision would prohibit the Department of the Navy's tactical aviation acquisition programs from deviating from the acquisition strategy until the Secretary receives a waiver from the Secretary of Defense and 30 days have expired after submission of the justification information and proposed deviation are submitted to the congressional defense committees.

The House bill contained no similar provision.

The House recesses with an amendment that would instead require the Secretary of the Navy to submit an acquisition strategy for the Navy's tactical fighter aircraft force structure that enables the Department of the Navy to achieve the capability and capacity requirements necessary to meet the objectives of the National Defense Strategy.

The conferees understand the Navy's need to transition to F-35C procurement but remain concerned regarding the Navy's decision to cease procurement of F/A-18E/F Super Hornet aircraft from its fiscal year 2022 to 2025 future years defense plan. Given the significant immaturity of the Navy's Next-Generation Air Dominance program and that F-35C aircraft are still currently in low rate production, the conferees believe that decision could induce greater operational risk in the future for combatant commanders as well as increase the Navy's forecasted strike-fighter deficit in fiscal year 2021 from -49 to -58 aircraft. Finally, the conferees note that the Navy currently designs its aircraft carrier air-wings (CVWs) without including traditional margin for attrition reserve strike-fighter aircraft that would supplement forces in cases of training or contingency operational losses of aircraft. Therefore, the conferees believe the Navy should plan and budget for 54 strike-fighter aircraft per CVW instead of the current 44 strike-fighter aircraft per CVW.

Procurement authorities for certain amphibious shipbuilding programs (sec. 124)

The Senate amendment contained a provision (sec. 124) that would allow the Secretary of the Navy to enter into one or more contracts for the procurement of three San Antonio-class amphibious ships and one America-class amphibious ship.

The House bill contained no similar provision.

The House recesses.

The conferees believe that better planning and execution of long lead time material (LLTM) purchases for Navy shipbuilding programs could generate significant benefits for such programs, including material delivery schedules that better support the critical path at a more affordable cost, a firmer signal to the supplier base that better stabilizes the marketplace, and incentives for the industrial base to capitalize and invest in workforce development. The conferees understand that suboptimal LLTM funding requests in the past have contributed, directly or indirectly, to construction delays, cost increases, supplier base instability, and depressed industrial base investment.

Accordingly, the conferees direct the Secretary of the Navy to submit a report to the congressional defense committees concurrent with the President's budget request for fiscal year 2022 on the optimal funding profile for each new construction or refueling and complex overhaul program for which a funding request is included in the Shipbuilding and Conversion, Navy account in the fiscal year 2022 future years defense program (FYDP).

This report shall include, at a minimum, for each such covered program: (1) A description of LLTM needs to support associated construction milestones, including an itemized list of LLTM with the material, production duration, purchase lead time, required in-yard need date, vendor, vendor location, and approximate cost; (2) The fiscal year 2022 FYDP funding profile, including procurement full funding and advance procurement funding for such LLTM with an itemized description; (3) The optimal fiscal year 2022 FYDP funding profile to support associated construction milestones, including procurement full funding and advance procurement funding for such LLTM with an itemized description; (4) The benefits and program risk reduction that could be realized from pursuing the funding profiles described under paragraph (3) in terms of construction schedule, cost, supplier base stability, industrial base investment, and any other factors the Secretary deems appropriate; and (5) Any related matters the Secretary deems appropriate.

Land-based test program for the FFG(X) frigate program (sec. 125)

The House bill contained a provision (sec. 111) that would require the Secretary of Defense to ensure that an independent cost estimate had been completed prior to milestone B for the FFG(X) frigate program.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would remove the requirement for an independent cost estimate prior to milestone B and add a requirement for a land-based test program for the FFG(X) frigate program, which has recently been designated the *Constellation*-class (FFG-62).

The conferees note that a contract for up to 10 *Constellation*-class frigates was awarded in April 2020 with a potential cumulative value of \$5.6 billion. Given that the *Constellation*-class will play a significant role in the Navy battle force for many decades and the current program of record calls for building 20 frigates, the conferees believe a strong technical foundation for this program is critically important.

The conferees note that the winning *Constellation*-class ship design is based on a foreign design. While recognizing an existing parent design can reduce design, technical, and integration risks, the conferees are concerned that significant risks remain in the FFG-62 program, including: cost realism; shifting to predominantly U.S. component suppliers instead of the mainly foreign suppliers used in the parent vessel design; and a complex Combined Diesel Electric and Gas Hull, Mechanical and Electrical (HM&E) drive train that has not previously been used on U.S. Navy ships.

The conferees believe land based engineering and test sites (LBETS) are critical resources for the Department of Defense, particularly for Navy ship HM&E systems. For example, the conferees note the *Arleigh Burke*-class (DDG-51) LBETS at Naval Surface Warfare Center, Philadelphia Division (NSWCPD) has supported the fleet through systems development, testing and evaluation, and training for 31 years. Since 1989, this LBETS has trained more than 2,000 Navy sailors, supported all 68 DDG 51-class destroyers commissioned to date, and continues to support DDG 51-class destroyer acquisition as the Navy acquires new versions of the destroyer, including modifying the LBETS to support new DDG-51 Flight III systems.

Since 1972, NSWCPD LBETS testing has reduced the acquisition risk of five of the seven Navy surface combatant classes (*Spruance*-class, *Oliver Hazard Perry*-class, *Ticonderoga*-class, *Arleigh Burke*-class, and *Zumwalt*-class). The *Arleigh Burke*-class LBETS has included crew training, as well as cost and risk avoidance for major machinery upgrades during the service life of the class. The littoral combat ship (LCS) classes, the *Freedom*- and *Independence*-classes, are the two recent classes that have not had the benefit of a LBETS. Since lead ship deliveries in 2008 and 2010, both LCS classes have encountered significant, costly, and debilitating engineering failures. The conferees believe many of these LCS engineering failures would have been discovered, analyzed, and corrected faster with less negative operational impact had the Navy established a LCS LBETS.

Accordingly, the provision would require the Secretary of the Navy to establish a FFG-62 class LBETS as soon as possible. The primary objectives of the FFG-62 LBETS shall be to demonstrate across the full range of engineering plant operations: (1) Test of the full propulsion drive train; (2) Test and facilitation of machinery control systems integration; and (3) Simulation of the full range of electrical demands to enable the investigation of load dynamics between the HM&E equipment, combat system, and auxiliary equipment.

The provision would direct the Secretary to commence full-scale LBETS testing prior to delivery of FFG-62 and complete the test program not later than the date FFG-62 is scheduled to be available for tasking by operational military commanders.

In addition, the conferees direct the Secretary to submit to the congressional defense committees a plan to implement this section with the budget materials that accompany the President's Budget request for fiscal year 2022. This plan shall include the costs, activities, and test plan necessary to meet the requirements under this section.

Treatment in future budgets of the President of systems added by Congress (sec. 126)

The Senate amendment contained a provision (sec. 126) that would preclude the inclusion in future annual budget requests of a procurement quantity of a system previously authorized and appropriated by the Congress that was greater than the quantity of such system requested in the President's Budget request.

The House bill contained no similar provision.

The House recedes with an amendment that would limit the effect of this provision to the Shipbuilding and Conversion, Navy account.

Extension of prohibition on availability of funds for Navy waterborne security barriers (sec. 127)

The Senate amendment contained a provision (sec. 123) that would extend the prohibition on availability of funds for Navy waterborne security barriers.

The House bill contained no similar provision.

The House recedes.

Report on strategy to use ALQ-249 Next Generation Jammer to ensure full spectrum electromagnetic superiority (sec. 128)

The Senate amendment contained a provision (sec. 128) that would require the Secretary of the Navy, in consultation with the Vice Chairman of the Joint Chiefs of Staff, to provide a report to the congressional defense committees, no later than July 30, 2021, defining a strategy to ensure full spectrum electromagnetic superiority using the ALQ-249 Next Generation Jammer.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

SUBTITLE D—AIR FORCE PROGRAMS

Minimum operational squadron level (sec. 131)

The Senate amendment contained a provision (sec. 143) that would require the Secretary of the Air Force to seek to achieve, as soon as practicable after the date of the enactment of this Act and subject to the availability of appropriations, no fewer than 386 available operational squadrons, or equivalent organizational units, within the Air Force, comprised of specific Primary Mission Aircraft Inventory levels in the following mission areas:

- (1) 1,680 Fighter aircraft;
- (2) 199 Persist attack remotely piloted aircraft;
- (3) 225 Bomber aircraft;
- (4) 500 Air refueling aircraft;
- (5) 286 Tactical airlift aircraft;
- (6) 284 Strategic airlift aircraft;
- (7) 55 Command and control aircraft;
- (8) 105 Combat search and rescue aircraft;
- (9) 30 Intelligence, surveillance, and reconnaissance aircraft;
- (10) 179 Special operations aircraft; and,
- (11) 40 Electronic warfare aircraft.

The House bill contained no similar provision.

The House recedes with a clarifying amendment that would require the Secretary to seek a moderate risk aviation force structure of not fewer than 3,580 combat coded aircraft, which is the total quantity of mission-type aircraft still applicable from the Senate amendment. The amendment would also authorize the Secretary, based on the fielding of new capabilities and formal force structure capability assessments in consultation with the Chief of Staff of the Air Force and the Chairman of the Joint Chiefs of Staff, to modify the combat-coded aircraft total across mission areas, if warranted. Finally, the amendment would require the Secretary to submit to the congressional defense committees at the earliest opportunity any updates to the aviation force structure planning construct.

The conferees agree that the current quantity of Air Force combat coded aircraft incurs levels of risk beyond moderate and is not aligned with the National Defense Strategy (NDS). The conferees acknowledge that multiple independent and Department-wide studies have been conducted that recommend similar levels of a minimum quantity of combat coded aircraft by mission type that would be required to achieve the NDS at a moderate operational risk, as defined by the Chairman of the Joint Chiefs of Staff Manual 3105.018 titled "Joint Risk Analysis."

*Modification of force structure objectives for bomber aircraft
(sec. 132)*

The House bill contained a provision (sec. 121) that would amend section 9062(h)(2) of title 10, United States Code, by changing the B-1 combat coded aircraft requirement from 36 to 24. This provision would also set requirements for storage and maintainer billets.

The Senate amendment contained no similar provision.

The Senate recedes with a modifying amendment that would provide for the required combat capability while preserving maintenance capacity until the B-21 is fielded. The conferees agree that long range strike with standoff weapons will principally be conducted by the B-1 Lancer and B-52 Stratofortress bombers over the next decade. Therefore, the conferees believe that it is imperative to provide a legacy bomber modernization program that is commensurate with the intended service life.

Minimum bomber aircraft force level (sec. 133)

The House bill contained a provision (sec. 129) that would require a report not later than February 1, 2021, by the Secretary of the Air Force on the bomber aircraft force structure that enables the Air Force to meet the requirements of its long-range strike mission under the National Defense Strategy.

The Senate amendment contained a similar provision (sec. 144).

The Senate recedes as the report has been incorporated elsewhere in the bill.

Required minimum inventory of tactical airlift aircraft (sec. 134)

The House bill contained a provision (sec. 1043) that required the Secretary of the Air Force to maintain a total inventory of tactical airlift aircraft of not less than 292 aircraft.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would establish a primary mission aircraft floor of 230 C-130s and a total C-130 aircraft floor for Fiscal Year 2021 of 287 aircraft.

The conferees believe that the Secretary of the Air Force should be provided latitude to reduce aircraft below the Mobility Capability Requirement Study of 2018 if such a reduction: is supported by Mobility Capability Requirement

Study required by section 1712 of the National Defense Authorization Act for fiscal year 2020; and, to transition aircraft to an alternative flying mission or upgrade to a later tactical airlift aircraft.

Inventory requirements for air refueling tanker aircraft (sec. 135)

The House bill contained a provision (sec. 125) that would prohibit the use of funds authorized to be appropriated in fiscal year 2021 to fiscal year 2023 for the retirement of any KC-135 aircraft, or reduce the number of primary mission KC-135 aircraft. This provision would also require the Air Force to maintain a minimum of 50 primary mission KC-10A aircraft in fiscal year 2021, 38 primary mission KC-10A aircraft in fiscal year 2022, and 26 primary mission KC-10A aircraft in fiscal year 2023.

The Senate amendment contained no similar provision.

The Senate recedes with a modifying amendment.

The conferees are encouraged by the Air Force's actions to find solutions for the KC-46 remote visual system deficiencies but are concerned that the implementation will require additional tanker capacity that should temporarily limit the retirement of legacy tankers. The required funds for continued use of these legacy tankers is addressed elsewhere in the bill.

Authority to use F-35A fighter aircraft AT-1 through AT-6 (sec. 136)

The Senate amendment contained a provision (sec. 172) that would authorize the Secretary of the Air Force to utilize, modify, and operate the six Turkish F-35A aircraft that were accepted by the Government of Turkey but never delivered because Turkey was suspended from the F-35 program.

The House bill contained no similar provision.

The House recedes with an amendment that would authorize the Secretary of the Air Force, through written approval by the Secretary of Defense, to utilize, modify, and operate the six Turkish F-35A aircraft, addressed in the report encompassing this Act, and require the Secretary of Defense to provide the written approval documentation to the congressional defense committees.

F-35 aircraft gun system ammunition (sec. 137)

The Senate amendment contained a provision (sec. 145) that would require the Secretary of the Air Force to begin the

acquisition process for an alternate 25mm ammunition solution that provides a true full-spectrum target engagement capability for the F-35A.

The House bill contained no similar provision.

The House recesses with a clarifying amendment that would require the Director of the F-35 Joint Program Office, in consultation with the Secretary of the Air Force, to take appropriate actions to ensure that any 25mm ammunition fielded for use by F-35A aircraft provides effective full-spectrum target engagement capability.

Extension of limitation on availability of funds for retirement of RC-135 aircraft (sec. 138)

The House bill contained a provision (sec. 122) that would prohibit the Air Force from retiring, or preparing to retire, any RC-135 aircraft through fiscal year 2025 until 60 days after the date on which the Secretary of Defense certifies to the congressional defense committees that equivalent RC-135 capacity and capability exists to meet combatant commander requirements for indications and warning, intelligence preparation of the operational environment, and direct support to kinetic and non-kinetic operations.

The Senate amendment contained no similar provision.

The Senate recesses with a modifying amendment that would extend the prohibition to fiscal year 2021.

Modification to limitation on retirement of U-2 and RQ-4 aircraft (sec. 139)

The House bill contained a provision (sec. 124) that would limit obligation or expenditure of 50 percent of the funding available for the Advanced Battle Management System until one of three conditions is met: (1) The Secretary of the Air Force certifies that the Air Force will not retire any RQ-4 Global Hawk aircraft during fiscal year 2021; (2) The Under Secretary of Defense for Acquisition and Sustainment certifies that the validated operating and sustainment costs of any capability developed to replace the RQ-4 aircraft are less than the validated operating and sustainment costs for the RQ-4 aircraft on a comparable flight-hour cost basis, and the Chairman of the Joint Requirements Oversight Council certifies that any replacement capability for the RQ-4 aircraft would result in equal or greater capability available to the commanders of the combatant commands and would not result in less capacity available to the commanders of the combatant commands; or (3) The Secretary of Defense certifies that a replacement capability

for the RQ-4 aircraft is worth increased operating and sustainment costs.

The Senate amendment contained a similar provision (sec. 148) that would limit the retirement of any U-2 or RQ-4 aircraft until the Chairman of the Joint Requirements Oversight Council certifies to the congressional defense and intelligence committees that the operational capabilities available to the combatant commanders would not be affected by such a decision.

The House recedes with a clarifying amendment that would amend the waiver requirements to the certification required by section 136 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91).

The conferees note that section 136 of the National Defense Authorization Act for Fiscal Year 2018 clearly defines the necessary requirements and approval authorities the Air Force would need to take to begin the retirement or divestment of either the RQ-4 or U-2 aircraft. In February 2020, the Air Force transmitted a budget proposal to the Congress that sought to divest all RQ-4 Block 30 and Block 20 aircraft. Contrary to section 136 of the National Defense Authorization Act for Fiscal Year 2018, the Air Force did not provide either the required certifications or a waiver from the Secretary of Defense. The conferees further note that, 10 months after the fiscal year 2021 budget submission, neither of these existing requirements for RQ-4 aircraft retirement have been met. The conferees understand and acknowledge that modernizing airborne intelligence, surveillance, and reconnaissance (ISR) capabilities will necessitate divestment of legacy systems. However, the conferees remain concerned about the Air Force's continued inability to execute an ISR acquisition and replacement plan that appropriately manages operational risk to the global combatant commanders, as well as the service's failure to comply with current public law. However, until the Air Force provides a comprehensive ISR modernization plan, addressed elsewhere in this bill, the conferees will continue to be concerned about the sequence of retiring operational aircraft without a suitable replacement capability in place and available.

Modification of limitation on availability of funds for retirement of E-8 JSTARS aircraft (sec. 140)

The House bill contained a provision (sec. 123) that would amend section 147(a) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to prohibit any use of funds authorized to be appropriated in fiscal year 2021 or any subsequent year for the Air Force to

retire, or prepare to retire, any E-8 Joint Surveillance Target Attack Radar System (JSTARS) aircraft until the date on which the Secretary of Defense certifies to the congressional defense committees that there is a replacement capability identified that meets or exceeds the current capability and capacity of the 16-aircraft E-8 fleet to meet global combatant command requirements.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

The conferees note that JSTARS ground moving target indicator and airborne battle management and command and control capabilities continue to be in high demand from global combatant commanders. While the conferees are aware that planned replacement capabilities are under development and making progress, the conferees are concerned about insufficient modernization and sustainment funding for the current platforms. The conferees expect to see adequate resources budgeted in fiscal years 2022 and beyond while JSTARS is flying these missions in support of overseas operations. Preserving the resident JSTARS command and control expertise with decades' worth of combat experience should be a high priority for the Air Force.

Limitation on divestment of F-15C aircraft within the European theater (sec. 141)

The Senate amendment contained a provision (sec. 149) that would restrict the divestment of F-15Cs in the European theater until the F-15EX is integrated into the Air Force and has begun bed down actions in the theater. The provision would also provide a waiver from the limitation if the Secretary of Defense notifies the congressional defense committees with appropriate justification.

The House bill contained no similar provision.

The House recedes with a clarifying amendment that would prohibit the divestment of F-15Cs in the European theater until the Commander, U.S. European Command, in consultation with the Commander, U.S. Air Forces Europe, provides a report that describes the strategy, force structure construct and capacity, and strategy implementation plan to maintain inherent and equal or better air superiority capability and capacity in the commander's European area of responsibility that will replace the capability and capacity that the F-15C currently provides for the commander.

Modernization plan for airborne intelligence, surveillance, and reconnaissance (sec. 142)

The House bill contained a provision (sec. 128) that would require the Secretary of the Air Force to provide a comprehensive strategy for Air Force airborne intelligence, surveillance, and reconnaissance (ISR) to ensure alignment between requirements, future Air Force budget submissions, and authorization of appropriations. The required plan would cover current steady-state, contingency, and future multi-domain operations for Air Force ISR. This section would also require the Air Force to submit a classified annex to the report as necessary.

The Senate amendment contained no similar provision.
The Senate recedes.

RC-26B manned intelligence, surveillance, and reconnaissance aircraft (sec. 143)

The House bill contained a provision (sec. 130) that would prohibit funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2021 for the Air Force to be obligated or expended to retire, divest, realign, or place in storage or on backup aircraft inventory status, or prepare to retire, divest, realign, or place in storage or on backup aircraft inventory status any RC-26B aircraft.

The Senate amendment contained no similar provision.
The Senate recedes.

Prohibition on funding for Close Air Support Integration Group (sec. 144)

The Senate amendment contained a provision (sec. 146) that would prohibit the obligation or expenditure of funds for the Close Air Support Integration Group or its subordinate units at Nellis Air Force Base, Nevada.

The House bill contained no similar provision.
The House recedes.

Required solution for KC-46 aircraft remote visual system limitations (sec. 145)

The Senate amendment contained a provision (sec. 151) that would require the Secretary of the Air Force to develop and implement a solution to the KC-46 remote visual system operational limitations.

The House bill contained no similar provision.
The House recedes with a technical amendment.

Analysis of moving target indicator requirements and Advanced Battle Management System capabilities (sec. 146)

The Senate amendment contained a provision (sec. 152) that would require the Secretary of the Air Force to develop an analysis of current ground moving target indicator requirements across the combatant commands and the capability that the Advanced Battle Management System will require when fielded.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Study on measures to assess cost-per-effect for key mission areas (sec. 147)

The Senate amendment contained a provision (sec. 153) that would require the Secretary of the Air Force to conduct, or provide for the conduct of, two studies no later than January 1, 2021, to provide a better understanding of the life-cycle cost-per-effect of Air Force weapons to meet desired operational goals and objectives.

The House bill contained no similar provision.

The House recedes with a clarifying amendment that would require the Secretary of the Air Force to instead conduct one study and would require the Secretary to consider including cost-per-effect calculation metrics as a key performance parameter for any Air Force acquisition program that enters the Joint Capabilities Integration and Development System requirements process of the Department of Defense.

**SUBTITLE E—DEFENSE-WIDE, JOINT, AND
MULTISERVICE MATTERS**

Budgeting for life-cycle costs of aircraft for the Army, Navy, and Air Force (sec. 151)

The Senate amendment contained a provision (sec. 171) that would require the Secretary of Defense to submit an annual plan for the procurement of the aircraft in the Department of the Navy, the Department of the Army, and the Department of the Air Force in order to meet the requirements of the National Defense Strategy.

The House bill contained no similar provision.

The House recedes with clarifying amendments.

Transfer of responsibilities and functions relating to electromagnetic spectrum operations (sec. 152)

The Senate amendment contained a provision (sec. 173) that would: (1) Require the Secretary of Defense to transition to the Chairman of the Joint Chiefs of Staff (CJCS) as a Chairman's Controlled Activity all of the responsibilities and functions of the Commander of United States Strategic Command that are germane to electromagnetic spectrum operations (EMSO); (2) Define additional responsibilities related to EMSO for the Vice CJCS; and (3) Require the combatant commanders and service chiefs to assess their plans and programs for consistency with the Electromagnetic Spectrum Superiority Strategy, the Joint Staff-developed concept of operations, and operational requirements.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to consolidate electromagnetic spectrum operations within 2 years to an appropriate entity within the Department of Defense. Additionally, the chiefs of the services are required to evaluate the Armed Forces' capability to perform electromagnetic spectrum operations.

Cryptographic modernization schedules (sec. 153)

The Senate amendment contained a provision (sec. 174) that would require each of the Secretaries of the military departments and the heads of relevant Defense agencies and field activities to establish and maintain a cryptographic modernization schedule that specifies, for each pertinent weapon system, command and control system, or datalink: (1) The expiration date for applicable cryptographic algorithms; (2) Anticipated key extension requests; and (3) The funding and deployment schedule for modernized cryptographic algorithms, keys, and equipment over the future years defense program. The provision would also require the Department of Defense Chief Information Officer (CIO) to oversee the implementation of these scheduled investments and amend these plans, should they pose unacceptable risk to military operations. Finally, the provision would require the CIO to annually notify the congressional defense committees of any failures to meet these planned schedules.

The House bill contained no similar provision.

The House recedes clarifying amendment.

Department of Defense participation in the Special Federal Aviation Regulation Working Group (sec. 154)

The Senate amendment contained a provision (sec. 178) that would require the Secretary of Defense, or a designee of the

Secretary of Defense, to designate aircraft fulfilling urgent operational needs for the Department of Defense as State Aircraft if there exist Special Federal Aviation Regulations that would impact their ability to perform these missions.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Department of Defense to designate representatives to the Special Federal Aviation Regulation Working Group. Additionally, not later than June 30, 2021, the working group would be required to report their findings and recommendations to the Congress. Finally, the provision would require that any use of foreign contract aviation support to be certified by the Secretary of Defense as being required for national security and that the Department has exhausted all available authorities to use domestic companies.

Integrated air and missile defense assessment (sec. 155)

The Senate amendment contained a provision (sec. 111) that would require the Secretary of the Army to conduct a classified assessment of the capability and capacity of current and planned integrated air and missile defense (IAMD) capabilities to meet combatant commander requirements for major operations against near-peer competitors and other global operations in support of the National Defense Strategy.

The House bill contained no similar provision.

The House recedes with an amendment that directs the Chairman of the Joint Chiefs of Staff to conduct the IAMD assessment, requires a certification of Department of Defense Directive 5100.01 regarding integrated air and missile defense, and adds subsequent briefings by the military departments.

The conferees believe it is critical that the Department holistically assess current and future IAMD capability gaps in light of emerging advanced missile threats from near-peer competitors and rogue nations, and develop a comprehensive plan to address these gaps. The Department should prioritize in this assessment the need for a joint command and control architecture to effectively integrate capabilities across the joint force to achieve an integrated, layered, and robust defense.

Joint strategy for air base defense against missile threats (sec. 156)

The Senate amendment contained a provision (sec. 150) that would require the Chief of Staff of the Air Force (CSAF), in consultation with the Chief of Staff of the Army, to produce a development and acquisition strategy to procure a capability to

protect air bases and prepositioned sites in the contested environments highlighted in the National Defense Strategy. The provision would require the CSAF to submit the strategy to the congressional defense committees not later than March 1, 2021. Additionally, the provision would limit the obligation or expenditure of fiscal year 2021 funds for operation and maintenance for the Office of the Secretary of the Air Force and the Office of the Secretary of the Army to 50 percent of those funds until 15 days after submission of the strategy required by the provision.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Chief of Staff of the Air Force and the Chief of Staff of the Army to develop a strategy and coordinate efforts for the defense of air bases and prepositioned sites outside the continental United States from current and emerging missile threats and would remove the funding limitations.

Joint All Domain Command and Control requirements (sec. 157)

The Senate amendment contained a provision (sec. 182) that would require the Joint Requirements Oversight Council (JROC) to produce Joint All Domain Command and Control (JADC2) requirements no later than April 1, 2021. The provision would also require, immediately after the certification of requirements, the Chief of Staff of the Air Force to provide a certification to the congressional defense committees that the current JADC2 efforts, including programmatic and architecture efforts, being led by the Air Force will meet the requirements laid out by the JROC. Additionally, each service chief would be required to certify to the congressional defense committees that his or her respective service efforts in multi domain command and control are compatible with the Air Force-led architecture no later than July 1, 2021. Finally, the Secretary of Defense would be required to incorporate the expected costs for full development and implementation across the Department of Defense in the fiscal year 2022 budget request.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Expansion of economic order quantity contracting authority for F-35 aircraft program (sec. 158)

The Senate amendment contained a provision (sec. 141) that would authorize the Secretary of Defense to award F-35 contracts to procure material and equipment in economic order quantities for fiscal year 2021 (Lot 15) through fiscal year 2023 (Lot 17).

The House bill contained no similar provision.

The House recedes with an amendment that would raise the dollar ceiling of the authority to enable all previously planned economic order quantity purchases for contracts to be awarded during fiscal years 2021, 2022, and 2023 that was granted by section 162 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

Documentation relating to the F-35 aircraft program (sec. 159)

The House bill contained a provision (sec. 131) that would require the Secretary of Defense to provide the congressional defense committees with certain information and certifications by the Secretary regarding F-35 program cost, schedule, risk, program execution, and significant deficiency resolution plans in the areas of production, Block 4 hardware and software development, modernization, upgrades and training systems before entering full-rate production or a Milestone C acquisition decision could be authorized by the Secretary.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment that would not require the certifications and information be submitted to the congressional defense committees prior to the Defense Acquisition Board convening for the F-35 program to evaluate its readiness for full-rate production or the Milestone C acquisition award.

The conferees note that although the provision does not require submission of the certifications and information as a prerequisite to the Secretary's authorization of either the full-rate production decision or approval of Milestone C, the conferees expect the Secretary to consider and evaluate similar-type information during the Defense Acquisition Board deliberations.

F-35 aircraft munitions (sec. 160)

The Senate amendment contained a provision (sec. 179) that would require the Secretary of the Air Force and Secretary of the Navy to qualify and certify, for the use by the U.S. military, additional munitions for the F-35 aircraft that are already qualified for North Atlantic Treaty Organization member F-35 partner aircraft.

The House bill contained no similar provision.

The House recedes with a clarifying amendment that would require any weapons certification to be accomplished in coordination with the Director of the F-35 Joint Program Office.

Redesign strategy for the Autonomic Logistics Information System for the F-35 fighter aircraft (sec. 161)

The Senate amendment contained a provision (sec. 177) that would address the lack of strategy to clearly identify and assess the goals, key risks or uncertainties, and costs of redesigning the Autonomic Logistics Information System (ALIS) by requiring the Under Secretary of Defense for Acquisition and Sustainment, in consultation with the F-35 Program Executive Officer, no later than October 1, 2020, to: (1) Develop a program-wide process for measuring, collecting, and tracking information on how the ALIS is affecting the performance of the F-35 fleet, to include, but not be limited to, its effects on mission capability rates; and, (2) Implement a strategy for the redesign of the ALIS.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Under Secretary of Defense for Acquisition and Sustainment and the F-35 Program Executive Officer to also develop system performance metrics for the new Operational Data Integrated Network (ODIN) and to include in the quarterly updates, required by section 155 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), information regarding how ALIS is affecting F-35 fleet performance and the Department's progress of developing, procuring, and fielding the F-35 ODIN system.

Briefings on software regression testing for F-35 aircraft (sec. 162)

The House bill contained a provision (sec. 132) that would require the Under Secretary of Defense for Acquisition and Sustainment, in consultation with the Director, Operational Test and Evaluation, to provide the congressional defense committees with a notification not later than 30 days after F-35 air vehicle or mission systems production software is released to units under the F-35 program's continuous capability development and delivery process.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment that would require the Under Secretary of Defense for Acquisition and Sustainment, in consultation with the Director, Operational Test and Evaluation, to instead include in the quarterly briefings to the congressional defense committees, required by section 155 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), information updates on software

regression testing for the mission systems production software for the F-35 aircraft.

Additionally, the conferees are overall generally concerned with the software development, testing, fielding practices, processes, and shortened release periodicity that stakeholders within the F-35 enterprise are currently employing. The conferees also note that a large amount of unanticipated software repair and replacement due to nonstandard software development methodologies and practices implemented during the original construction of the software has accumulated over the years. Most recently, this issue caused a significant event to occur in which the program was forced to skip the fielding of the fifth major release of software due to these lingering, unknown software technical issues that were noted to be resident and undiscovered during the development and testing of the second major release of software that was developed and fielded many years ago. The conferees believe that unless program officials both inside and outside the U.S. Government involved in the F-35 program singularly address and positively resolve the significant issues within the software enterprise, the enhanced and necessary capabilities that are planned to be fielded by Block IV and Technical Refresh III activities may not be actually realized.

*Prohibition on use of funds for the Armed Overwatch Program
(sec. 163)*

The House bill contained a provision (sec. 134) that would prohibit the obligation or expenditure of any funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2021 for procurement for the Armed Overwatch Program of United States Special Operations Command (SOCOM) until the Secretary of Defense and Commander of SOCOM review, validate, and certify the Armed Overwatch Program. This provision would also require the Secretary of Defense to review the roles and responsibilities of the Air Force and SOCOM with respect to close air support and armed intelligence, surveillance, and reconnaissance capabilities, and upon favorable determination, certify armed overwatch as a special operations forces-peculiar requirement. The provision would also require the Commander of SOCOM to provide a comprehensive requirements plan and roadmap analyzing application of the armed overwatch capability against the totality of intelligence, surveillance, and reconnaissance (ISR) requirements of the various special operations forces (SOF) units and missions, and the geographic combatant commands.

The Senate amendment contained a provision (sec. 176) that would prohibit the use of funds authorized to be appropriated by

this Act for the Department of Defense for armed overwatch aircraft in fiscal year 2021 and would require a comprehensive analysis by the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict and the Commander of SOCOM.

The Senate recedes with an amendment that would prohibit the use of funds authorized to be appropriated by this Act or otherwise made available for the Department of Defense to acquire armed overwatch aircraft for SOCOM and prohibits the Department of Defense from procuring armed overwatch aircraft for SOCOM in fiscal year 2021 and prohibits the United States Air Force from procuring armed overwatch aircraft in fiscal years 2021 through 2023.

The conferees recognize the importance of providing deployed SOF elements with the resources, enhanced situational awareness, and close air support capabilities required to be successful in austere environments. The conferees note that the Committees on Armed Services of the Senate and the House of Representatives previously directed SOCOM in response to a fiscal year 2020 above threshold reprogramming request to undertake a comprehensive analysis of SOCOM's armed overwatch requirements and potential materiel solutions for both manned and unmanned capabilities, inclusive of any potential modifications to extant capabilities. Further, the response also stressed the necessity of a thorough analysis of the future threat environment and impacts to concept survivability, potential changes to future doctrine, force employment, and the associated impacts to aircrew training and retention.

Acceleration of development and fielding of counter unmanned aircraft systems across the joint force (sec. 164)

The Senate amendment contained a provision (sec. 181) that would require the executive agent of the Joint Counter Small Unmanned Aerial Systems office to prioritize counter-unmanned aerial systems that can be fielded in fiscal year 2021 and develop a near-term plan to effect that fielding.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Airborne intelligence, surveillance, and reconnaissance acquisition roadmap for United States Special Operations Command (sec. 165)

The Senate amendment contained a provision (sec. 180) that would require, not later than December 1, 2021, the Assistant Secretary of Defense for Special Operations and Low-Intensity

Conflict and the Commander, United States Special Operations Command, to jointly submit to the congressional defense committees an acquisition roadmap to meet the manned and unmanned airborne intelligence, surveillance, and reconnaissance requirements of United States Special Operations Forces.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the required elements of the acquisition roadmap.

Prohibition on divestiture of manned intelligence, surveillance, and reconnaissance aircraft operated by United States Special Operations Command (sec. 166)

The Senate amendment contained a provision (sec. 371) that would prohibit the use of any funds authorized to be appropriated by this Act to divest any manned intelligence, surveillance, and reconnaissance (ISR) aircraft operated by the United States Special Operations Command (SOCOM) and would prohibit the Department of Defense from divesting any manned ISR aircraft operated by SOCOM in fiscal year 2021.

The House bill contained no similar provision.

The House recedes with an amendment that would exempt from the prohibition the divestment of aircraft that is ongoing as of the date of the enactment of this Act.

Notification on efforts to replace inoperable ejection seat aircraft locator beacons (sec. 167)

The House bill contained a provision (sec. 133) that would require the Under Secretary of Defense for Acquisition and Sustainment to provide the congressional defense committees a semiannual written notification about the efforts being undertaken by the senior acquisition executives of the Department of the Air Force and the Department of the Navy to replace emergency locator seat beacons in ejection-seat equipped aircraft that have been found to be inoperable in water, and the funding budgeted for such efforts. The Under Secretary would be required to report on the issue until locator beacons are replaced in all affected ejection-seat equipped aircraft or a period of 5 years has elapsed since the date the initial report is received by the congressional defense committees.

The Senate amendment contained no similar provision.

The Senate recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Liquified natural gas pilot program

The House bill contained a provision (sec. 112) that would require the Secretary of the Navy to carry out a pilot program under which the Secretary would experiment and innovate within the fleet using liquified natural gas (LNG) technology to retrofit, modify, or build vessels capable of dual fueling (diesel and liquified natural gas) or powered by liquified natural gas alone.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of the Navy to brief the Committees on Armed Services of the Senate and the House of Representatives not later than March 31, 2021, on the feasibility and advisability of expanding the use of LNG to support fleet or installation operations.

Limitation on production of KC-46A aircraft

The House bill contained a provision (sec. 126) that would prohibit purchasing more than the 12 KC-46A aircraft in fiscal year 2021 until certain category-one deficiencies are fixed. This provision would also require the Secretary of the Air Force to provide a report by February 1, 2021, on the schedule for the correction of each category-one deficiency described, a plan to engage an independent test organization to verify the effectiveness of any proposed solutions to such category-one deficiencies; and an acquisition strategy for the aircraft that identifies principal acquisition milestones; and will ensure that there is sufficient competition for the procurement of a nondevelopmental tanker aircraft at the conclusion of the KC-46A production contract.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Secretary of the Air Force has ordered 67 KC-46A aircraft to date. Unfortunately, the KC-46A aircraft has several category one deficiencies including a deficient Remote Vision System (RVS) that is not scheduled to be corrected until September 2023. Additionally, the conferees note that Director, Operation Test and Evaluation and the Assistant Secretary of the Air Force for Acquisition, Technology and Logistics have agreed to extend the ongoing Initial Operational Test and Evaluation until after the RVS deficiency is resolved and tested. Finally, the conferees understand that the Assistant Secretary of the Air Force for Acquisition, Technology and Logistics has deferred a Full-Rate Production decision until after Initial Operational Test and Evaluation is complete. The conferees support sufficient testing to ensure an operationally capable aircraft and the decision to defer the full rate

production. The conferees believe it is imperative to expeditiously correct the entirety of these category one deficiencies to ensure the KC-46A can perform their full mission both in peace and in war.

Assessment and certification relating to OC-135 aircraft

The House bill contained a provision (sec. 127) that would prohibit the Air Force from retiring, or preparing to retire, any OC-135 aircraft in fiscal year 2021 until 90 days after the date on which the Secretary of the Air Force provides a report and a certification to the congressional defense committee on the feasibility and cost effectiveness of using the OC-135 aircraft to fulfill other aerial imagery requirements for alternative missions.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of the Air Force, no later than March 1, 2021, to provide the congressional defense committees a report on the advisability, feasibility, and cost effectiveness of using the OC-135 aircraft as well as the newly fielded digital visual imaging system to fulfill other aerial imagery requirements for alternative missions.

Report on carrier wing composition

The Senate amendment contained a provision (sec. 127) that would direct the Secretary of the Navy, in consultation with the Chief of Naval Operations and Commandant of the Marine Corps, to submit a report to the congressional defense committees, not later than May 1, 2021, on the optimal compositions of the carrier air wing in 2030 and 2040, as well as alternative force design concepts.

The House bill contained no similar provision.

The Senate recedes.

Briefing on payload hosting on modular supersonic aircraft

The House bill contained a provision (sec. 130A) that would require the Secretary of the Air Force to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on the potential use of a modular civil supersonic aircraft to host multiple mission payloads not later than 120 days after the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of the Air Force to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on the potential use of a modular civil supersonic aircraft to host multiple mission payloads not later than March 1, 2021.

Minimum aircraft levels for major mission areas

The Senate amendment contained a provision (sec. 142) that would establish a minimum number of primary aircraft inventory levels for each major mission area of the Air Force to mitigate near-term operational risk. The provision would prohibit divestment of aircraft below these minima unless the Secretary of the Air Force certifies to the congressional defense committees that a reduction below minima was justified by the results of new capability and requirements studies.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that the Air Force has been challenged over many years by programmatic concurrency to develop and field more modern and capable replacement aircraft, in support of the National Defense Strategy and against advanced threats, within planned budgets and schedules. The conferees are frustrated that the Air Force consistently implements a strategy to accept increased operational risk by divesting legacy aircraft capacity to address replacement program unplanned cost growth. Conferees have historically expressed concern over those same years that the divestment of legacy aircraft traditionally does not yield sufficient resources to fund modernization. The conferees expect the Air Force to find alternative means in the future to effectively and affordably budget for deficiencies in its modernization and recapitalization programs that would avoid increasing operational risk beyond currently assessed levels.

Limitation on divestment of KC-10 and KC-135 aircraft

The Senate amendment contained a provision (sec. 147) that would prohibit the divestment of KC-10 and KC-135 aircraft in excess of the following: in fiscal year 2021, 6 KC-10s; in fiscal year 2022, 12 KC-10s; and, in fiscal year 2023, 12 KC-10s and 14 KC-135s.

The House bill contained a similar provision.

The Senate recedes as the provision is addressed elsewhere in this Act.

Prohibition on purchase of armed overwatch aircraft

The Senate amendment contained a provision (sec. 175) that states the Secretary of the Air Force may not purchase any aircraft for the purpose of "armed overwatch" until such time as the Chief of Staff of the Air Force certifies to the congressional defense committees that general purpose forces of the Air Force do not have the skill or capacity to provide close air support and armed overwatch to the United States forces deployed operationally.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that elsewhere in this Act is a provision that would prohibit the Department of Defense from procuring armed overwatch aircraft for the Air Force in fiscal years 2021 through 2023.

Sense of Congress on the Additive Manufacturing and Machine Learning Initiative of the Army

The House bill contained a provision (sec. 278) that expressed the sense of Congress about the potential of and support for the additive manufacturing and machine learning initiative of the Army.

The Senate amendment contained no similar provision.

The House recedes.

The conferees recognize that the Army's additive manufacturing and machine learning initiative has the potential to accelerate the ability to deploy additive manufacturing capabilities in expeditionary settings and strengthen the U.S. defense industrial supply chain. The conferees encourage the Department of Defense to continue to support this additive manufacturing and machine learning initiative.

Assessment of Medium-Heavy Lift Helicopter Plans of the Army

The Senate amendment contained a provision (sec. 5111) that would require the Secretary of Defense, in consultation with the Secretary of the Army, to analyze and submit a report on the CH-47F Block-II upgrade.

The House bill contained no similar provision.

The Senate recedes.

The conferees recognize the critical importance of ensuring robust, modern, medium-heavy lift helicopter capability within the Army. The conferees note the Department's decision to delay pursuing the CH-47F Chinook Block-II upgrade and are concerned about the impact this decision will have on warfighting capability, operational readiness, and the medium-heavy lift helicopter industrial base.

Therefore, the conferees direct the Director of Cost Assessment and Program Evaluation, in consultation with the Secretary of the Army, to conduct an assessment of the Army's plans for medium-heavy lift helicopters and provide a report to the congressional defense committees no later than 90 days after the enactment of this Act. The assessment should include: (1) Analysis of the projected long-term readiness and operational availability of the CH-47F aircraft in view of the decision to delay the Block-II upgrade; (2) An evaluation of the Army's plans, to include the timeline, for Future Vertical Lift Capability Set 5 to sustain medium-heavy lift capacity within the Army; and (3) A review of the medium-heavy lift helicopter industrial base to meet current and projected needs.

Report on fiscal year 2022 budget request requirements in connection with Air Force operations in the Arctic

The Senate amendment contained a provision (sec. 6002) that would require the Secretary of the Air Force to submit to the congressional defense committees, not later than 30 days after submission of the budget justification documents to the Congress in support of the budget of the President for fiscal year 2022 (as submitted pursuant to section 1105 of title 31, United States Code), a report that would include the following:

(1) A description of the manner in which amounts requested for the Air Force in the budget for fiscal year 2022 support Air Force operations in the Arctic;

(2) A list of the procurement initiatives and research, development, test, and evaluation initiatives funded by that budget that are primarily intended to enhance the ability of the Air Force to deploy to or operate in the Arctic region, or to defend the northern approach to the United States homeland; and

(3) An assessment of the adequacy of the infrastructure of Air Force installations in Alaska and in the States along the northern border of the continental United States to support deployments to and operations in the Arctic region, including an assessment of runways, fuel lines, and aircraft maintenance capacity for purposes of such support.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of the Air Force to submit to the congressional defense committees, not later than 30 days after submission of the budget justification documents to the Congress in support of the budget of the President for fiscal year 2022 (as submitted pursuant to section 1105 of title

31, United States Code), a report that would include the following:

(1) A description of the manner in which amounts requested for the Air Force in the budget for fiscal year 2022 support Air Force operations in the Arctic;

(2) A list of the procurement initiatives and research, development, test, and evaluation initiatives funded by that budget that are primarily intended to enhance the ability of the Air Force to deploy to or operate in the Arctic region, or to defend the northern approach to the United States homeland; and

(3) An assessment of the adequacy of the infrastructure of Air Force installations in Alaska and in the States along the northern border of the continental United States to support deployments to and operations in the Arctic region, including an assessment of runways, fuel lines, and aircraft maintenance capacity for purposes of such support.

TITLE II—RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Authorization of appropriations (sec. 201)

The House bill contained a provision (sec. 201) that would authorize appropriations for research, development, test, and evaluation at the levels identified in section 4201 of division D of this Act.

The Senate amendment contained an identical provision (sec. 201).

The conference agreement includes this provision.

SUBTITLE B—PROGRAM REQUIREMENTS, RESTRICTIONS, AND LIMITATIONS

Modification of requirements relating to certain cooperative research and development agreements (sec. 211)

The House bill contained a provision (sec. 213) that would amend section 2350a of title 10, United States Code, by allowing the Secretary of Defense to delegate his or her authority to make a determination to enter into a cooperative research and

development project to only one party. It would also allow for cooperative research and development projects when cost sharing is unequal in cases that provide strategic value to the United States or partner country. This section would also allow the Secretary, or designee, to procure qualified services from the foreign entity with the requirement that written notice must be sent to the congressional defense committees, the Committee on Foreign Affairs of the House of Representatives, and the Committee on Foreign Relations of the Senate no later than 30 days before issuing a waiver.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would remove the procurement of qualified services and associated written notice.

Disclosure requirements for recipients of Department of Defense research and development funds (sec. 212)

The Senate amendment contained a provision (sec. 220) that would amend chapter 139 of title 10, United States Code, by adding a new section on disclosure requirements for recipients of Department of Defense research and development grants with an effective date of October 1, 2021.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the disclosure requirements.

Modification of national security innovation activities and pilot program on strengthening the defense industrial and innovation base (sec. 213)

The House bill contained a provision (sec. 218) that would amend section 2358 of title 10, United States Code, by realigning the National Security Innovation Capital (NSIC) program under the Defense Innovation Unit and establishing an advisory board to provide recommendations on defense innovation priority investments once NSIC funding is available. This section would also amend section 2505 of title 10, United States Code, by extending the Defense Manufacturing pilot program.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would retain the existing alignment of NSIC, and, instead of establishing an advisory board, look to the advice and assistance of existing Federal Advisory Committees.

The conferees direct the Under Secretary of Defense for Research and Engineering to consider advice and assistance from

the Defense Innovation Board, the Defense Science Board, and the Defense Business Board.

Updates to Defense Quantum Information Science and Technology Research and Development program (sec. 214)

The Senate amendment contained a provision (sec. 215) that would amend the Defense Quantum Information Science and Technology Research and Development Program, established in section 234 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), by directing each of the Secretaries of the military departments to develop more robust programs for quantum computing capabilities.

The House bill contained no similar provision.

The House recedes.

Establishment of Directed Energy Working Group (sec. 215)

The House bill contained a provision (sec. 225) that would establish a Directed Energy Working Group inside the Department of Defense to coordinate directed energy efforts across the military services, leverage shared research and development, eliminate redundant efforts, and expedite the operationalization of directed energy programs.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Extension of pilot program for the enhancement of the research, development, test, and evaluation centers of the Department of Defense (sec. 216)

The House bill contained a provision (sec. 219) that would extend the termination date by 5 years for the pilot program for the enhancement of the research, development, test, and evaluation centers of the Department of Defense established in section 233 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328). This section would require the Secretary of Defense to submit a report to the congressional defense committees not later than 1 year after the date of the enactment of this Act on the status of the pilot program.

The Senate amendment contained a similar provision (sec. 214).

The Senate recedes with a technical amendment.

Designation of senior officials for critical technology areas supportive of the National Defense Strategy (sec. 217)

The Senate amendment contained a provision (sec. 211) that would require the Under Secretary of Defense for Research and Engineering (USD(R&E)) to designate a group of senior Department of Defense officials who would be responsible for coordinating research and engineering in technology areas deemed critical to the National Defense Strategy (NDS). Each of the designated senior officials would be responsible for a particular technology area and would continuously and iteratively build the pathways necessary to develop new technologies vital to the modernization priorities of the NDS. The officials' responsibilities would encompass technical, logistical, and financial dimensions and would include coordination with international, interagency, and private sector organizations. The provision would also require the designated senior officials to coordinate with the appropriate intelligence agencies to develop direct comparisons between the capabilities of the United States and the adversaries of the United States.

The provision would also require that the USD(R&E) provide an annual report to the congressional defense committees regarding successful advances in research and engineering and technology transition and adoption following the implementation of the provision.

The House bill contained no similar provision.

The House recedes with a conforming amendment to Section 218 of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109-364).

Executive agent for autonomy (sec. 218)

The House bill contained a provision (sec. 226) that would create a Program Executive Officer (PEO) for autonomy within the Navy.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require an existing PEO within the Department of the Navy to be designated the acquisition executive agent for autonomy.

National security innovation partnerships (sec. 219)

The House bill contained a provision (sec. 215) that would amend chapter 139 of title 10, United States Code, by inserting a new section, 2358c National Security Innovation Network. This new section would establish a program office to be known as the National Security Innovation Network as a permanent office within the Under Secretary of Defense for Research and Engineering or another organization at the discretion of the Secretary of Defense. This section would require the Comptroller

General of the United States to submit a review of the report to the congressional defense committees not later than 180 days after the Secretary's implementation report. Finally, this section would require the Comptroller General to review and submit an evaluation of the program to the appropriate congressional committees not later than 3 years after the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that establishes an activity on national security innovation partnerships. The amendment includes modifications to the elements of the activity and modifications to the implementation.

The conferees direct the Comptroller General of the United States to complete an evaluation of the activity established by this section and submit to the congressional defense committees a report on the results of the evaluation not later than 3 years after the date of the enactment of this Act.

Social science, management science, and information science research activities (sec. 220)

The House bill contained a provision (sec. 221) that would direct the Secretary of Defense to carry out a social, management, and information science research and development program to ensure the Department of Defense has access to innovation and expertise in social, management, and information science necessary for improving the effectiveness and efficiency of executing Department of Defense operational and management activities. This section would require the Secretary to submit a report by December 31, 2022, to the congressional defense committees on the program, in both a classified and unclassified format.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment to modify the program purposes, activities, and research and transition activities.

Accountability measures relating to the Advanced Battle Management System (sec. 221)

The House bill contained a provision (sec. 227) that would require the Director of Cost Assessment and Program Evaluation to conduct an independent assessment of life-cycle costs for the Advanced Battle Management System (ABMS) and review any cost estimate of the system prepared by the Department of the Air Force. The provision would also require the Secretary of the Air Force to report to the congressional defense committees on the

planned capabilities, acquisition authorities, and security measures related to ABMS.

The Senate amendment contained a similar provision (sec. 238) that would require the Secretary of the Air Force to submit specific documentation germane to the Advanced Battle Management System immediately upon enactment of this Act.

The Senate recedes with a clarifying amendment that would require the Secretary of the Air Force to consult with the Director of Cost Assessment and Program Evaluation and conduct an initial cost estimate for each ABMS product category.

The conferees appreciate the rationale for ABMS and support the objective of comprehensive, interoperable battle management and command and control. The conferees maintain that better definition of anticipated ABMS capabilities and costs will focus both congressional oversight and service development and execution of the ABMS family of systems.

Activities to improve fielding of Air Force hypersonic capabilities (sec. 222)

The Senate amendment contained a provision (sec. 219) that would express a sense of Congress regarding the importance of hypersonic capabilities, require the Secretary of Defense to increase the flight test rate as necessary to expedite maturation and fielding of hypersonic technologies, and require a report from the Under Secretary of Defense for Research and Engineering regarding a strategy to deliver air-launched and air-breathing hypersonic weapons within 3 years.

The House bill contained no similar provision.

The House recedes with an amendment that would strike the sense of Congress, and modify the reporting requirement to be delivered by the Secretary of the Air Force, including acquisition program baseline equivalent information and an assessment of testing and infrastructure needed to support the development strategy.

Disclosure of funding sources in applications for Federal research and development awards (sec. 223)

The House bill contained a provision (sec. 229) that would require Federal research agencies to require any principal investigator or co-principal investigator under a grant or cooperative agreement to disclose all current and pending support and the sources of such support at the time of the application.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the disclosure requirement, enforcement, and definitions. The conferees expect the Secretary of Defense to apply the requirements of this section to all appropriate research, development, test and evaluation activities.

Governance of fifth-generation wireless networking in the Department of Defense (sec. 224)

The Senate amendment contained a provision (sec. 212) that would establish a cross-functional team (CFT) for fifth-generation (5G) wireless networking and designate the Chief Information Officer of the Department of Defense, in carrying out the responsibilities established in section 142 of title 10, United States Code, to lead the CFT and serve as the senior designated official for fifth-generation wireless networking policy, oversight, guidance, and coordination in the Department.

The House bill contained no similar provision.

The House recedes with amendments to direct the transition of 5G wireless networking to operational use, to modify the effective date of the responsibilities, and to require a 5G telecommunications security program.

Demonstration project on use of certain technologies for fifth-generation wireless networking services (sec. 225)

The Senate amendment contained a provision (sec. 233) that would require the Department of Defense to demonstrate virtualized radio access network and network core technologies and massive multiple input multiple output radio array technology for commercial use that is globally competitive in terms of cost and performance. The provision would require that this technology demonstration be conducted at one or more of the sites where the Department is deploying fifth generation network instances.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Research, development, and deployment of technologies to support water sustainment (sec. 226)

The Senate amendment contained a provision (sec. 218) that would require the Secretary of Defense to research, develop, and deploy advanced technologies that support water sustainment with technologies that capture ambient humidity and harvest, recycle, and reuse water.

The House bill contained no similar provision.

The House recedes.

Limitation on contract awards for certain unmanned vessels (sec. 227)

The House bill contained a provision (sec. 230) that would prohibit the procurement of any large unmanned surface vessels in fiscal year 2021 until a certification regarding technology maturity has been submitted to the Congress, as well as prohibit the inclusion of offensive weapons systems in such vessels until the Secretary of Defense certifies how these systems will comply with the Law of Armed Conflict.

The Senate amendment contained a similar provision (sec. 237) that would require the submission of a certification by the Under Secretary of Defense for Research and Engineering prior to contracting for certain vessels.

The House recedes with an amendment that would change the submitter of the certification to the Secretary of the Navy, remove unmanned underwater vehicles as covered vessels, and add a limitation on the integration of offensive weapons into covered vessels until an analysis of alternatives is conducted and a Secretary of Defense certification is made.

SUBTITLE C—ARTIFICIAL INTELLIGENCE AND EMERGING TECHNOLOGY

Modification of biannual report on the Joint Artificial Intelligence Center (sec. 231)

The House bill contained provisions (sec. 250 and sec. 917) that would modify the biannual report on the Joint Artificial Intelligence Center (JAIC) required in the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to include reporting on efforts to develop or contribute to the development of artificial intelligence standards at the industry, Department of Defense, interagency, and international levels. The Act would be further amended to include reporting on the billets assigned to uniformed servicemembers immediately after departing assignments at or supporting the JAIC.

The Senate amendment contained similar provisions (sec. 952 and sec. 5241) that would require the Secretary of Defense to provide a briefing on the feasibility and current status of assigning uniformed military personnel to the JAIC as well as the costs and benefits of such an arrangement. The Secretary would also be required to provide a report on the role of the Department in developing artificial intelligence standards.

The Senate recedes with an amendment that would modify the biannual report on the JAIC required in the National Defense Authorization Act for Fiscal Year 2020 to include an assessment of Department of Defense efforts on standard-setting in the field of artificial intelligence, information on post-JAIC assignments for servicemembers previously supporting the JAIC, and an annual update on the status of Active-Duty servicemembers assigned to the JAIC.

Modification of joint artificial intelligence research, development, and transition activities (sec. 232)

The House bill contained a provision (sec. 217) that would amend section 238 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) by assigning responsibility for the Joint Artificial Intelligence Center (JAIC) to the Deputy Secretary of Defense and ensure data access and visibility for the JAIC.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make modifications to the amendments to section 238 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019.

Board of advisors for the Joint Artificial Intelligence Center (sec. 233)

The House bill contained a provision (sec. 224) that would direct the Secretary of Defense to create and resource a Board of Directors for the Joint Artificial Intelligence Center (JAIC), comprised of senior Department of Defense officials, as well as civilian directors not employed by the Department of Defense. The objective would be to have a standing body over the JAIC that can bring governmental and non-governmental experts together for the purpose of assisting the Department of Defense in correctly integrating and operationalizing artificial intelligence technologies.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would change the Board of Directors to a Board of Advisors and modify the duties, membership, and logistics of the Board of Advisors.

Application of artificial intelligence to the defense reform pillar of the National Defense Strategy (sec. 234)

The Senate amendment contained a provision (sec. 213) that would require the Secretary of Defense to identify no fewer than five use cases for existing artificial intelligence technologies

that are consistent with reform efforts that support the National Defense Strategy. The provision would further require the Secretary, acting through such offices as deemed appropriate within the Department, to demonstrate the use of commercially available technologies for the use cases identified and provide a briefing to the congressional defense committees on all activities carried out in compliance with this provision.

The House bill contained no similar provision.

The House recesses.

Acquisition of ethically and responsibly developed artificial intelligence technology (sec. 235)

The House bill contained provisions (sec. 248 and sec. 1053) that would require the Secretary of Defense, acting through the board of the Joint Artificial Intelligence Center (JAIC) to conduct an assessment on whether the Department of Defense has the ability to ensure any artificial intelligence technology the Department acquires is ethically and responsibly developed. The provision would require the Secretary to submit to the congressional defense committees a report upon completion of the assessment, including results and measures to mitigate any deficiencies identified in the assessment.

The JAIC would also be prohibited from obligating or expending any funds otherwise made available for fiscal year 2021 to acquire or develop new artificial intelligence systems unless the Department of Defense or the vendor assess or commit to assessing the potential of the system to discriminate on the basis of several protected characteristics. The Department of Defense or the vendor would also be required to address any discriminatory bias identified and ensure the system conforms to Department of Defense artificial intelligence ethics principles before funds could be obligated or expended on said system.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would strike the prohibition on funding for the JAIC with its concomitant restrictions, replace the report on the Secretary of Defense's assessment with a briefing, and expand the scope of the Secretary's assessment to include underused expertise already within the Department.

Steering committee on emerging technology (sec. 236)

The House bill contained a provision (sec. 241) that would establish a steering committee on emerging technology and national security threats.

The Senate amendment contained no similar provision.

The Senate recedes with amendments to make establishment of the committee permissive and to modify the purpose and logistics of the committee.

SUBTITLE D—EDUCATION AND WORKFORCE DEVELOPMENT

Measuring and incentivizing programming proficiency (sec. 241)

The House bill contained a provision (sec. 222) that would direct the Secretary of Defense to leverage existing civilian software development and software architecture certification programs to implement coding language proficiency and artificial intelligence competency tests within the Department of Defense.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary of Defense to provide special pay to civilian employees of the Department of Defense who have been certified as proficient in a computer or digital programming language and are assigned duties requiring proficiency in that programming language.

Modification of Science, Mathematics, and Research for Transformation (SMART) Defense Education Program (sec. 242)

The House bill contained a provision (sec. 211) that would amend section 2192a of title 10, United States Code, by establishing a scholarship for service pilot subprogram under the Department of Defense's Science, Mathematics, and Research for Transformation (SMART) Defense Education Program for students at minority institutions to diversify and strengthen the national security workforce. This section would require the Secretary of Defense to submit an initial report to the congressional defense committees by December 31, 2022 on the establishment of the pilot subprogram and a final report by September 30, 2024 on the success of the pilot program in recruiting individuals for scholarships under this section and hiring and retaining those individuals in the public sector workforce.

This section would also require the Secretary to pay participants at a rate that is comparable to the private sector and include a paid internship requirement with defense industry, and it would require that not less than 20 percent of SMART program scholarship awards go to individuals pursuing degrees in computer science or a related field of study.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment with modifications to the SMART program, a modified provision on national security workforce and educational diversity activities, and a provision to increase coordination of scholarship and employment programs of the Department of Defense.

Not later than December 31, 2022, the Secretary of Defense shall submit to the congressional defense committees a report on the establishment of activities responding to this section. At a minimum, the report shall identify the number of minority students participating in relevant programs as of the date of the report, the fields of study pursued by such students, and the institutions at which such students are enrolled.

This language is also covered in sections 250 and 251 of this Act.

Improvements to Technology and National Security Fellowship of Department of Defense (sec. 243)

The Senate amendment contained a provision (sec. 217) that would amend section 235 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to increase the pay range for participants in the Department of Defense Technology and National Security Fellowship, executed by the Under Secretary of Defense for Research and Engineering.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Modification of mechanisms for expedited access to technical talent and expertise at academic institutions (sec. 244)

The House bill contained a provision (sec. 232) that would amend section 217 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) by modifying mechanisms for expedited access to technical talent and expertise at academic institutions.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the identified activities, including deleting a duplicate reference to infrastructure resilience.

The conferees encourage the Department of Defense to include Historically Black Colleges and Universities and Minority Institutions in the establishment of these consortia and direct that the report required include how many of these institutions are consortia members.

Encouragement of contractor science, technology, engineering, and mathematics (STEM) programs (sec. 245)

The House bill contained a provision (sec. 212) that would amend chapter 111 of title 10, United States Code, to establish a new section, 2192c, "Program to enhance contractor participation in science, technology, engineering, and mathematics activities." This section would also direct the Secretary of Defense to carry out a program under which the Secretary shall seek to enter into partnerships with Department of Defense contractors to carry out community service activities to promote interest in careers in science, technology, engineering, and math disciplines, and allow those activities to be considered as allowable costs on a Government contract.

The Senate amendment contained no similar provision.

The Senate recedes with amendments that would remove the consideration of allowable cost and would instead modify an existing provision of law, section 862 of the National Defense Authorization Act for Fiscal Year 2012 (Public Law 112-81), that directs similar activities, to direct the Department to establish a non-monetary award program to recognize contractors who demonstrate excellence in such activities.

Training program for human resources personnel in best practices for technical workforce (sec. 246)

The House bill contained a provision (sec. 242) that would direct the Secretary of Defense to develop and implement a program to provide human resources personnel with training in the fields of software development, data science, and artificial intelligence, as such fields relate to the duties of such personnel, not later than 1 year after the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to develop and implement a 5-year pilot program to provide certain human resources personnel with training in public and private sector best practices for attracting and retaining technical talent.

Pilot program on the use of electronic portfolios to evaluate applicants for certain technical positions (sec. 247)

The House bill contained a provision (sec. 244) that would direct the Secretary of Defense to carry out a pilot program to evaluate applicants for technical positions within the Department of Defense, in part, on electronic portfolios of the applicant's work.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to carry out the pilot program for certain technical positions at the Joint Artificial Intelligence Center, the Defense Digital Service, and at least one activity in each military department.

Pilot program on self-directed training in advanced technologies (sec. 248)

The House bill contained a provision (sec. 245) that would direct the Secretary of Defense to provide a list of approved online courses relating to artificial intelligence that may be taken by employees and military members on a voluntary basis outside work hours not later than 180 days after the date of the enactment of this Act. The section would also require the Secretary to develop a system to reward those who complete the courses.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would expand the required online course catalog to include courses on certain advanced technologies. The provision would also require the Secretary of Defense to develop metrics to assess the success of the pilot program, and to provide an incentive for military and civilian personnel to complete the available courses.

The conferees direct the Secretary of Defense to provide briefings on activities to execute the requirements of this section annually on March 1 of 2021, 2022, 2023, and 2024. The conferees note that education on advanced technologies will be particularly useful for senior civilian and military leaders who are increasingly affected by technological change, but may not have specific technical training or education.

Part-time and term employment of university faculty and students in the Defense science and technology enterprise (sec. 249)

The House bill contained a provision (sec. 246) that would direct the Secretary of Defense to establish a program under which qualified professors and students may be employed on a part-time or term basis in an organization of the Defense science and technology enterprise for the purpose of conducting a research project.

The Senate amendment contained a similar provision (sec. 216) that would implement a recommendation of the National Security Commission on Artificial Intelligence and authorize a pilot program to permit university students and faculty to take on part-time and term employment at Department of Defense

laboratories to work on critical technologies and research activities.

The House recedes with a technical amendment.

*National security workforce and educational diversity activities
(sec. 250)*

The House bill contained a provision (sec. 211) that would amend section 2192a of title 10, United States Code, by establishing a scholarship for service pilot subprogram under the Department of Defense's Science, Mathematics, and Research for Transformation (SMART) Defense Education Program for students at minority institutions to diversify and strengthen the national security workforce. This section would require the Secretary of Defense to submit an initial report to the congressional defense committees by December 31, 2022 on the establishment of the pilot subprogram and a final report by September 30, 2024 on the success of the pilot program in recruiting individuals for scholarships under this section and hiring and retaining those individuals in the public sector workforce.

This section would also require the Secretary to pay participants at a rate that is comparable to the private sector and include a paid internship requirement with defense industry, and it would require that not less than 20 percent of SMART program scholarship awards go to individuals pursuing degrees in computer science or a related field of study.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment with modifications to the SMART program, a modified provision on national security workforce and educational diversity activities, and a provision to increase coordination of scholarship and employment programs of the Department of Defense.

Not later than December 31, 2022, the Secretary of Defense shall submit to the congressional defense committees a report on the establishment of activities responding to this section. At a minimum, the report shall identify the number of minority students participating in relevant programs as of the date of the report, the fields of study pursued by such students, and the institutions at which such students are enrolled.

This language is also covered in sections 242 and 251 of this Act.

*Coordination of scholarship and employment programs of the
Department of Defense (sec. 251)*

The House bill contained a provision (sec. 211) that would amend section 2192a of title 10, United States Code, by establishing a scholarship for service pilot subprogram under the Department of Defense's Science, Mathematics, and Research for Transformation (SMART) Defense Education Program for students at minority institutions to diversify and strengthen the national security workforce. This section would require the Secretary of Defense to submit an initial report to the congressional defense committees by December 31, 2022 on the establishment of the pilot subprogram and a final report by September 30, 2024 on the success of the pilot program in recruiting individuals for scholarships under this section and hiring and retaining those individuals in the public sector workforce.

This section would also require the Secretary to pay participants at a rate that is comparable to the private sector and include a paid internship requirement with defense industry, and it would require that not less than 20 percent of SMART program scholarship awards go to individuals pursuing degrees in computer science or a related field of study.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment with modifications to the SMART program, a modified provision on national security workforce and educational diversity activities, and a provision to increase coordination of scholarship and employment programs of the Department of Defense.

Not later than December 31, 2022, the Secretary of Defense shall submit to the congressional defense committees a report on the establishment of activities responding to this section. At a minimum, the report shall identify the number of minority students participating in relevant programs as of the date of the report, the fields of study pursued by such students, and the institutions at which such students are enrolled.

This language is also covered in sections 242 and 250 of this Act.

Study on mechanisms for attracting and retaining high quality talent in the Department of Defense (sec. 252)

The House bill contained a provision (sec. 265) that would direct the Secretary of Defense to conduct a study to determine the feasibility of establishing a program to attract and retain covered individuals for employment in the national security innovation base. This section would require the Secretary to submit a report to the congressional defense committees not later than February 1, 2021, on the results of the study.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify elements of the study.

The conferees direct the Secretary to prioritize analyses of opportunities to attract and retain United States-educated students, including foreign nationals, especially those participating in Department of Defense-funded research programs, into employment in the national security innovation base.

SUBTITLE E—SUSTAINABLE CHEMISTRY

Sustainable Chemistry (secs. 261-267)

The House bill contained provisions (secs. 251-259) that would direct the Director of the Office of Science and Technology Policy to convene an interagency entity under the National Science and Technology Council.

The Senate amendment contained similar provisions (secs. 5221-5227).

The House recedes with a technical amendment.

SUBTITLE F—PLANS, REPORTS, AND OTHER MATTERS

Modification to annual report of the Director of Operational Test and Evaluation (sec. 271)

The House bill contained a provision (sec. 261) that would amend section 139(h)(2) of title 10, United States Code, by removing the sunset date of 2025 for the annual report submitted by the Director of Operational Test and Evaluation, making it a permanent report.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would extend the reporting requirement by 1 year, to 2026.

Modification to Test Resource Management Center strategic plan reporting cycle and contents (sec. 272)

The Senate amendment contained a provision (sec. 236) that would modify the Test Resource Management Center strategic plan reporting cycle and period to be covered. It is currently a 30-year strategic plan, re-baselined every 2 years. This provision would make the strategic plan cover a 15-year period, to be re-baselined at least every 4 fiscal years, with an annual update as needed. The new strategic plan would be due not later than 1

year after the release of the Secretary of Defense's National Defense Strategy.

The House bill contained no similar provision.

The House recedes with an amendment that would retain the original 30-year period instead of changing it to a 15-year period.

The conferees note that the current strategic plan required by section 196 of title 10, United States Code, is not as useful to the Congress or the Department of Defense as it could be, due to the nature and frequency of the updates. The conferees believe that a more helpful strategic plan would be on a 4-year cycle, with yearly updates to relay any changes, analysis, or high visibility items determined worthy of reporting by the Director of the Test Resource Management Center. The conferees further encourage the Department to continue its strategic planning and resourcing of the Test Resource Management Center priorities through a 30-year strategic plan, understanding that greater detail will only be possible 10 to 15 fiscal years out.

Modification of requirements relating to energetics plan to include assessment of feasibility and advisability of establishing a program office for energetics (sec. 273)

The Senate amendment contained a provision (sec. 5242) that would require the Under Secretary of Defense for Research and Engineering to conduct a study to assess the feasibility and advisability of establishing a program office to coordinate energetics research and to ensure a robust and sustained energetics material enterprise.

The House bill contained no similar provision.

The House recedes with an amendment to modify section 253 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to add an assessment of the feasibility of establishing a program office to the mandated briefing requirement.

Element in annual reports on cyber science and technology activities on work with academic consortia on high priority cybersecurity research activities in Department of Defense capabilities (sec. 274)

The Senate amendment contained a provision (sec. 242) that would amend section 257(b)(2) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) by adding at end the following new subparagraph: "(J) Efforts to

work with academic consortia on high priority cybersecurity research activities.".

The House bill contained no similar provision.

The House recesses.

Repeal of quarterly updates on the Optionally Manned Fighting Vehicle program (sec. 275)

The House bill contained a provision (sec. 262) that would repeal Section 261 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The Senate amendment contained no similar provision.

The Senate recesses.

Microelectronics and national security (sec. 276)

The House bill contained a provision (sec. 247) that would amend section 231 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) directing a strategy for assured access to trusted microelectronics by extending the report deadline to December 30, 2020, and adding new requirements to the strategy and implementation plan.

This section would also establish an Advisory Panel on Microelectronics Leadership and Competitiveness to develop a national strategy to accelerate the development and deployment of state-of-the-art microelectronics and ensure that the United States is a global leader in the field. This section would direct the Secretary of Defense and the Assistant to the President for National Security Affairs to provide briefings to the congressional defense committees within 90 days after the date of the enactment of this Act on the progress of the Secretary in developing the strategy and implementation plan required, and the progress of the Advisory Panel in developing its strategy, respectively.

The Senate amendment contained a similar provision (sec. 807).

The Senate recesses with an amendment to add elements to the strategy.

The conferees are aware that the Department of Defense is in the process of developing a strategy to enable the domestic production of measurably secure state-of-the-art, state of the practice, and legacy integrated circuits in low volumes to meet Department of Defense needs. However, the conferees believe that the U.S. Government needs to develop a comprehensive microelectronics strategy to foster a sustainable domestic electronics manufacturing capability that is globally and commercially competitive in both cost and performance. The

conferees direct the Department of Defense to work across the interagency to propose a detailed microelectronics strategy to serve the national security needs of the Nation.

The conferees direct the Secretary of Defense to consider different models for public-private partnerships, including establishing a semiconductor manufacturing corporation, to restore American security and competitiveness in the manufacture and assembly and packaging of state-of-the-art microelectronics.

For the purpose of developing and evaluating this specific option, the conferees believe that the Department should adopt a baseline set of assumptions and prerequisites. The conferees note that the charter of the corporation should reflect that one of its major goals would be to achieve the rapid and sustained growth in the aggregate percentage of domestic demand for state-of-the-art microelectronics that could be satisfied by domestic production.

To achieve this goal, the conferees note that it would be beneficial for the corporation to have the authority to approve investment tax credits or grants to private companies and their state investment partners, or to multi-source domestic investment funds, established with Federal, State, and private sector funding, for the construction of microelectronics manufacturing and assembly and packaging capacity in the United States.

The conferees expect the Secretary to consider, for the purpose of replenishing and sustaining the corporation's investment capital, that the corporation would have the authority to structure an investment such that the corporation receives back from the investment at least the amount that the Federal government provided in grants or tax incentives from profits earned on the investment, plus inflation, once private sector investors have received returns equal to some attractive but reasonable benchmark.

The conferees also direct the Secretary to: (1) Consider methods for ensuring equitable cost and risk sharing by limiting the share of government funding in investments; (2) Provide concepts for allowing the corporation to retain board seats on any public-private investment fund or project with strong oversight and major investment approval authorities; and (3) Ensure methods for the protection of the public interest through, for example, government appointment of board directors and the managing director of the corporation, and board approval of significant investments.

Independent evaluation of personal protective and diagnostic testing equipment (sec. 277)

The House bill contained a provision (sec. 263) that would direct the Director of Operational Test and Evaluation to independently evaluate the processes used to test the effectiveness of covered personal protective and diagnostic testing equipment and the results of such tests.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would direct the Director of Operational Test and Evaluation to independently evaluate the operational effectiveness and suitability of covered personal protective and diagnostic testing equipment and to report the results of such tests to the congressional defense committees within 90 days of completion of each evaluation.

Assessment on United States national security emerging biotechnology efforts and capabilities and comparison with adversaries (sec. 278)

The Senate amendment contained a provision (sec. 231) that would require the Secretary of Defense, through the Under Secretary of Defense for Research and Engineering and the Under Secretary of Defense for Intelligence and Security, to conduct an assessment of U.S. efforts to develop biotechnologies and biotechnology capabilities as compared to our adversaries' efforts and capabilities. The provision would also require the Secretary of Defense, through the Under Secretary of Defense for Intelligence and Security, to assess the ability of the intelligence community to meet the intelligence analysis needs of the Department of Defense with respect to emerging biotechnologies. The Secretary of Defense would be required to submit to the congressional defense committees a report on the assessments not later than February 1, 2021.

The House bill contained no similar provision.

The House recedes.

Annual reports regarding the SBIR program of the Department of Defense (sec. 279)

The Senate amendment contained a provision (sec. 5876) that would require an annual report to the Congress on the Department of Defense's awards under the Small Business Innovation Research Program and associated transition activities among the phases.

The House bill contained no similar provision.

The House recedes with an amendment that would limit the number of reports required to three and would direct that the reporting include how the projects awarded under each phase meet

the overall goals of the Small Business Innovation Research program.

The conferees recognize the unique value that the Small Business Innovation Research Program (SBIR) provides to the military services as an effective way of engaging and growing innovation within the Department. However, the conferees also are aware of the challenges of transitioning successful projects out of the SBIR program into alternative funding mechanisms and programs of record. Therefore, the conferees request that the Secretaries of each military service submit a report to the congressional defense committees that identifies a minimum of five of their most transformative SBIR Projects that have completed SBIR Phase II, including projects that would be a continuation of existing Phase III Agreements that meet any of the following criteria: (1) Potential to substantially advance the national security capabilities of the United States; and/or (2) Provide technologies or processes, or applications of existing technologies, that will enable alternatives to, or be used by, existing programs; and (3) Substantially reduce the time to delivery of new warfare capabilities; and/or (4) Provide significant future cost savings.

Reports on F-35 physiological episodes and mitigation efforts
(sec. 280)

The House bill contained a provision (sec. 264) that would require the Under Secretary of Defense for Acquisition and Sustainment to determine the underlying causes of physiological episodes affecting crew members of F-35 aircraft.

The Senate amendment contained no similar provision.

The Senate recedes.

The conferees remain concerned that the continued increase in physiological episodes with aircraft equipped with On-Board Oxygen Generating Systems from across the different services pose a serious threat to safety and combat effectiveness. The conferees expect the Department to quickly take the necessary steps to ascertain the root cause(s) and resolve the problem(s).

Review and report on Next Generation Air Dominance capabilities
(sec. 281)

The House bill contained a provision (sec. 231) that would limit 15 percent of funds from being obligated until the date on which the Director of Cost Assessment and Program Evaluation submits a report on Air Force and Navy next generation air dominance capabilities.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment that would remove the funding restriction and require the Director of Cost Assessment and Program Evaluation to also perform a non-advocate review on the Digital Century Series acquisition business case analysis developed by the Assistant Secretary of the Air Force for Acquisition, Technology, and Logistics.

Plan for operational test and utility evaluation of systems for Low-Cost Attributable Aircraft Technology program (sec. 282)

The Senate amendment contained a provision (sec. 154) that would require the Assistant Secretary of the Air Force for Acquisition, Technology, and Logistics to provide to the congressional defense committees an executable plan for the operational test and utility evaluation of the Low-Cost Attributable Aircraft Technology (LCAAT) systems no later than October 1, 2020, and provide a briefing to the congressional defense committees on the plan by the same date.

The House bill contained no similar provision.

The House recedes with a clarifying amendment that would require the plan and subsequent briefing to congressional defense committees by March 1, 2021.

The conferees support the Secretary's intent to accelerate the LCAAT research and development program, including continuation of the Skyborg initiative to prototype and field an unmanned system for collaborative pairing with manned platforms, potentially including the F-35 and other compatible tactical aircraft. The conferees note that the combined application of commercial technology, autonomy, and artificial intelligence could be an innovative solution to meet the operational demands of the combatant commanders in support of the National Defense Strategy.

Independent comparative analysis of efforts by China and the United States to recruit and retain researchers in national security-related and defense-related fields (sec. 283)

The Senate amendment contained a provision (sec. 232) that would require the National Academies of Sciences, Engineering, and Medicine to conduct a study comparing methods for recruiting and retaining technology researchers, including financial incentives and academic opportunities, currently used by the U.S. and Chinese governments. The study would focus on incentives employed by China to bring researchers in American academic and government laboratories into Chinese talent programs and how these incentives diverge from those offered by the United States.

The House bill contained no similar provision.

The House recedes with an amendment that would clarify elements of the study and provide technical changes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Pilot program on talent optimization

The House bill contained a provision (sec. 214) that would amend section 2358b of title 10, United States Code, to require the Under Secretary of Defense for Research and Engineering to conduct a pilot program to develop a talent optimization marketplace for military personnel in the Reserve and Guard Components.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that each of the military departments is currently implementing various talent management reforms designed to allow military units to identify and access servicemembers with pertinent and necessary skillsets that might otherwise go unnoticed using traditional military assignment processes. These innovations are particularly important for reserve servicemembers, who possess not only military experience, but also civilian and private sector skillsets that are difficult for military units to develop within the regular force.

Modification of pilot program on enhanced civics education

The House bill contained a provision (sec. 216) that would amend section 234 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to include in the pilot program the improvement of critical thinking and media literacy among students. This section would require the Secretary of Defense to implement the pilot program not later than 90 days after the date of the enactment of this Act. This section would also require the Secretary to submit a report to the congressional defense committees not later than 30 days after the date of the enactment of this Act on the Secretary's efforts to implement the pilot program.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the importance of section 234 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2020 (Public Law 116-92; 10 U.S.C. 2164 note) in improving critical thinking and media literacy among students, including research and information fluency; problem solving skills;

technology operations and concepts; information and technological literacy; understanding of the importance of sourcing and evaluating information from multiple quality media sources; and understanding how information on digital platforms can be altered through algorithms, editing, and augmented reality.

Therefore, the conferees direct the Secretary of Defense to begin implementation of the pilot program under section 234 of the FY20 NDAA not later than 120 days after the date of the enactment of this Act. Further, the conferees direct the Secretary of Defense to submit a briefing to the congressional defense committees on the efforts of the Department's implementation of the pilot program under section 234 not later than 60 days after the date of the enactment of this Act.

Report on micro nuclear reactor programs

The Senate amendment contained a provision (sec. 235) that would require the Secretary of Defense to prepare a report on micro nuclear reactor programs of the Department of Defense and submit such report to the appropriate congressional committees. The provision would detail the contents of the report, as well as certain required consultations the Secretary should undertake in the preparation of such report.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit to the appropriate congressional committees a report on the micro nuclear reactor programs of the Department of Defense. The report should include: (1) Potential operational uses on United States and non-United States territory, including both mobile and fixed systems; (2) Cost and schedule estimates for each new or ongoing program to reach initial operational capability, including the timeline for transition of any program currently funded using Defense-wide funds to one or more military services and the identified transition partner in such military services; (3) An assessment of the technical readiness level of micro nuclear reactor components and proposed operational use cases, given nuclear fuel limitations; (4) In consultation with the Assistant Secretary of Defense for Nuclear, Chemical, and Biological Defense programs, an assessment of physical security requirements for use of such reactors on domestic military installations and non-United States non-domestic installations or locations, including fully permissive, semi-permissive, and remote environments, including a preliminary design basis threat analysis; (5) In coordination with the Secretary of State: (a) an assessment of any agreements or changes to agreements that

would be required for use of such reactors on non-United States territory; (b) an assessment of applicability of foreign regulations or International Atomic Energy Agency safeguards for use on non-United States territory; and (c) other policy implications of deployment of such systems on non-United States territory; (6) In coordination with the Chairman of the Nuclear Regulatory Commission, a summary of licensing requirements for operation of such systems on United States territory; (7) A summary of requirements pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) for development and operation on United States territory; (8) In consultation with the General Counsel of the Department of Defense, an assessment of any issues relating to indemnification for operation on United States or non-United States territory and any other relevant legal matters; (9) In coordination with the Secretary of State and the Secretary of Energy, a determination of whether development, production, and deployment of such systems would require unobligated enriched uranium fuel; (10) If the determination in paragraph (9) is that unobligated fuel would be required, in coordination with the Administrator for Nuclear Security, an assessment of the availability of such unobligated enriched uranium fuel, by year, for the estimated life of the program, considered with other United States Government demands for such fuel, including tritium production, naval nuclear propulsion, and medical isotope production; and (11) Any other considerations the Secretary determines relevant.

In addition to consultation and coordination required above, the Secretary should, in producing the report, consult with the Secretary of the Army, the Chairman of the Joint Chiefs of Staff, the Under Secretary of Defense for Policy, the Director of Naval Nuclear Propulsion, and such other officials as the Secretary considers necessary.

The report should be submitted in unclassified form, but may include a classified annex.

In the preparation of this report, the Secretary of Defense should understand "appropriate congressional committees" to mean the Committee on Armed Services, the Committee on Appropriations, the Committee on Energy and Natural Resources, the Committee on Environment and Public Works, and the Committee on Foreign Relations of the Senate and the Committee on Armed Services, the Committee on Appropriations, the Committee on Energy and Commerce, the Committee on Natural Resources, and the Committee on Foreign Affairs of the House of Representatives.

The Secretary should also understand "micro nuclear reactor" to mean a nuclear reactor with a production capacity of less than 20 megawatts.

Report on use of testing facilities to research and develop hypersonic technology

The Senate amendment contained a provision (sec. 240) that would require the Secretary of Defense to submit to the congressional defense committees a report on the costs and benefits of the use and potential refurbishment of existing operating and mothballed Federal research and testing facilities to support hypersonics activities of the Department of Defense.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees, not later than 180 days after the date of the enactment of this Act, on the costs and benefits of the use and potential refurbishment of existing active and inactive Federal and university research and testing facilities to support hypersonics activities of the Department of Defense.

Study and plan on the use of additive manufacturing and three-dimensional bioprinting in support of the warfighter

The Senate amendment contained a provision (sec. 241) that would require the Secretary of Defense to conduct a study on the use of additive manufacturing and three-dimensional bioprinting across the military health system and to provide a report to the Committees on Armed Services of the Senate and the House of Representatives within 180 days of the date of the enactment of this Act.

The House bill contained no similar provision.

The Senate recedes.

Funding for force protection applied research

The House bill contained a provision (sec. 266) that would increase the funding table authorization for research, development, test, and evaluation, Navy, applied research, force protection applied research, line 005 (PE 0602123N), by \$9.0 million; decrease the funding table authorization for operation and maintenance, Air Force, admin and servicewide activities, servicewide communications, line 410, by \$4.0 million; and decrease the funding table authorization for operation and maintenance, Army, admin and servicewide activities, servicewide communications, line 440, by \$5.0 million.

The Senate amendment contained no similar provision.

The House recedes.

Funding for hypersonics prototyping

The House bill contained a provision (sec. 267) that would increase by \$5.0 million funds authorized to be appropriated for hypersonics prototyping efforts, to be used in support of the Air-launched Rapid Response Weapon Program. The provision would also reduce by \$5.0 million operations and maintenance funds for Space Force contractor support.

The Senate amendment contained no similar provision.

The House recedes.

The funding outcome is reflected in the budget tables. The conferees agree on the importance of fielding an air-launched hypersonic weapon as well as expanding the testing and development of hypersonic prototypes. The conferees encourage the Secretary of Defense to prioritize funding for hypersonic capability.

Funding for unidirectional body armor

The House bill contained a provision (sec. 268) that would increase the funding table authorization for research, development, test, and evaluation, Army, advanced component development & prototypes, line 093 (PE 0603827A), by \$7.0 million and decrease the funding table authorization for research, development, test, and evaluation, Army, advanced component development & prototypes, line 102 (PE 0604115A), by \$7.0 million.

The Senate amendment contained no similar provision.

The House recedes.

Assessments of intelligence, defense, and military implications of deepfake videos and related technologies

The House bill contained a provision (sec. 269) that would require the Director of National Intelligence to submit to the Secretary of Defense and the appropriate congressional committees a supplemental report on the intelligence, defense, and military implications of deepfake videos and related technologies.

The Senate amendment contained a similar provision (sec. 5243).

The conference agreement does not include either provision.

The conferees note that elsewhere in this Act is a provision that requires a report on digital content forgery technology.

Funding for Air Force university research initiatives

The House bill contained a provision (sec. 270) that would increase the funding table authorization for research, development, test, and evaluation, Air Force, basic research, university research initiatives, line 002 (PE 0601103F), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Army, admin & servicewide activities, servicewide communications, line 440, by \$5.0 million.

The Senate amendment contained no similar provision.

The House recedes.

Modification of authority to carry out certain fiscal year 2020 projects

The House bill contained a provision (sec. 271) that would direct the Secretary of Defense to consider using Barksdale Air Force Base as a fifth-generation (5G) test bed installation.

The Senate amendment contained no similar provision.

The House recedes.

The conferees commend the Department of Defense for its efforts over the last 2 years to develop a plan for experimentation of 5G wireless networking for military applications. The conferees are pleased with Department's rapid action in executing this plan to develop fundamental 5G technologies through a robust engagement with industry for these testing and experimentation projects that are currently being executed at military installations across the United States.

Sense of Congress on the role of the National Science Foundation

The House bill contained a provision (sec. 272) that would express the sense of Congress on the role of the National Science Foundation.

The Senate amendment contained no similar provision.

The House recedes.

The conferees believe that the National Science Foundation is critical to the expansion of the frontiers of scientific knowledge and advancing American technological leadership in key technologies. Additionally, the conferees believe that in order to continue to achieve its mission in the face of rising challenges from strategic competitors, the National Science Foundation should receive a significant increase in funding, expand its use of its existing authorities to carry out new and innovative types of activities, consider new authorities that it may need, consider the creation of new directorates or other structural changes, and increase existing activities such as the

convergence accelerators aimed at accelerating the translation of fundamental research for the economic and national security benefit of the United States.

Funding for Navy university research initiatives

The House bill contained a provision (sec. 273) that would increase the funding table authorization for research, development, test, and evaluation, Navy, basic research, university research initiatives, line 001 (PE 0601103N), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Army, admin & servicewide activities, servicewide communications, line 440, by \$5.0 million.

The Senate amendment contained no similar provision.

The House recedes.

Funding for Army university research initiatives

The House bill contained a provision (sec. 274) that would increase the funding table authorization for research, development, test, and evaluation, Army, basic research, university research initiatives, line 003 (PE 0601103A), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Army, admin & servicewide activities, servicewide communications, line 440, by \$5.0 million.

The Senate amendment contained no similar provision.

The House recedes.

Report on certain awards under the Small Business Innovation Research and Small Business Technology Transfer programs

The House bill contained a provision (sec. 275) that would direct the Assistant Secretary of the Air Force for Acquisition, Technology, and Logistics to submit a report to the Congress on all selections during the preceding 5-year period under the Small Business Innovation Research Program or the Small Business Technology Transfer Program that were not followed with funding awards.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Comptroller General of the United States, in its 2021 annual report to the Congress under section 638(ii)(2) of title 15, United States Code, on the Small Business Innovation Research and Small Business Technology Transfer (SBIR/STTR) Programs, to include an analysis of all selections made during the preceding 5-year period under the SBIR/STTR Programs that were not followed with funding awards.

The analysis should include: (1) Phase I and Phase II awards; (2) The reason the funding award did not follow the selection; (3) The solicitation number or topic number associated with the selection; (4) Date when company was notified of selection; and (5) Any corrective actions that are planned or have been implemented.

Funding for Backpackable Communications Intelligence System

The House bill contained a provision (sec. 276) that would increase the funding table authorization for research, development, test, and evaluation, Army, Network C3I Technology, backpackable communications intelligence system, Line 17, by \$5.0 million and decrease the funding table authorization for operation and maintenance, Defense-wide, admin & servicewide activities, Defense Personnel Accounting Agency, Line 360, by \$5.0 million.

The Senate amendment contained no similar provision.
The House recedes.

Funding for Army university and industry research centers

The House bill contained a provision (sec. 277) that would increase the funding table authorization for research, development, test, and evaluation, Army, basic research, university and industry research centers, line 004 (PE 0601104A), by \$5.0 million and decrease the funding table authorization for operation and maintenance, Army, admin & servicewide activities, servicewide communications, line 440, by \$5.0 million.

The Senate amendment contained no similar provision.
The House recedes.

Traineeships for American leaders to excel in national technology and science

The House bill contained a provision (sec. 279) that would require the Secretary of Defense, acting through the Under Secretary of Defense for Research and Engineering, to establish a traineeship program to expand Department of Defense access to domestic scientific and technological talent in areas of strategic importance to national security.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the Under Secretary of Defense for Research and Engineering, in consultation with the Director of the National Science Foundation, to provide a comparison and

cost benefit analysis not later than 1 year after the date of enactment of this Act of the value, impact, and success of different training and educational models aimed at expanding Department of Defense access to domestic scientific and technological talent in areas of strategic importance to national security, including the core modernization priorities derived from the most recent national defense strategy provided under section 113(g) of title 10, United States Code.

The analysis should: (1) Consider the findings and recommendations in the National Academies of Science, Engineering and Medicine's 2018 report on Graduate STEM Education for the 21st Century, and other relevant studies; (2) Assess various forms of scientific or technical educational assistance available to students; (3) Evaluate the value of educational cohorts in supporting educational missions; (4) Assess models that can best support and attract minority and lower income students, students at minority institutions, students underrepresented in STEM fields, and students from diverse regions of the country; and (5) Develop recommendations supportive of defense workforce and educational goals, including training and education of a high quality workforce in disciplines of strategic importance to national security.

Briefing and report on use of distributed ledger technology for defense purposes

The House bill contained a provision (sec. 280) that would require the Under Secretary of Defense for Research and Engineering to provide, not later than 180 days after the enactment of this Act, to the congressional defense committees a briefing on the potential use of distributed ledger technology for defense purposes.

The Senate amendment contained no similar provision.
The House recedes.

The conferees appreciate the effort the Under Secretary of Defense for Research and Engineering has put into preparing a briefing on the use of blockchain technology for defense purposes as directed in the conference report (H. Rept. 116-333) accompanying the National Defense Authorization Act for Fiscal Year 2020. The conferees direct the Under Secretary of Defense for Research and Engineering to provide, not later than 30 days after the date of the enactment of this Act, to the congressional defense committees the briefing required on the potential use of distributed ledger technology for defense purposes as directed in the conference report.

The conferees also direct the Under Secretary of Defense for Research and Engineering, in coordination with the Under

Secretary of Defense for Intelligence and Security, to provide, not later than 180 days after the date of the enactment of this Act, to the congressional defense committees a follow-up briefing on: (1) An analysis of activities that other countries, including the People's Republic of China and the Russian Federation, are carrying out with respect to the research and development of distributed ledger technologies for military applications; (2) Recommendations identifying additional research and development activities relating to distributed ledger technologies that should be carried out by the Department of Defense and cost estimates for such activities; and (3) Any other information that the Under Secretary of Defense for Research and Engineering determines to be appropriate.

Admission of essential scientists and technical experts to promote and protect the National Security Innovation Base

The House bill contained a provision (sec. 281) that would provide special immigrant status to essential scientists and technical experts working on technologies critical for national defense.

The Senate amendment contained no similar provision.
The House recedes.

Importance of historically Black colleges and universities and minority-serving institutions

The Senate amendment contained a provision (sec. 5211) that increase the funding table authorization for research, development, test, and evaluation, Defense-wide, basic research, historically Black colleges and universities/ minority institutions, line 006 (PE 0601228D8Z), by \$14.1 million and decrease the funding table authorization for other procurement, Army, for automated data processing equipment, line 112, by \$14.1 million.

The House bill contained no similar provision.
The Senate recedes.

Cybersecurity in Department of Transportation programs

The Senate amendment contained a provision (sec. 5237) that would modify Department of Transportation grant programs to include certain cybersecurity considerations.

The House bill contained no similar provision.
The Senate recedes.

TITLE III—OPERATION AND MAINTENANCE

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Authorization of appropriations (sec. 301)

The House bill contained a provision (sec. 301) that would authorize appropriations for operation and maintenance activities at the levels identified in section 4301 of division D of this Act.

The Senate amendment contained an identical provision (sec. 301).

The conference agreement includes this provision.

SUBTITLE B—ENERGY AND ENVIRONMENT

Military Aviation and Installation Assurance Clearinghouse for review of mission obstructions (sec. 311)

The House bill contained a provision (sec. 311) that would amend the procedures for Department of Defense review of proposed wind energy projects by requiring the Department to issue a notification to an applicant and the applicable Governor of a finding of no adverse impact when appropriate. This section would also strike references to Massachusetts Institute of Technology's role in determining project offset distances.

The Senate amendment contained a similar provision (sec. 378).

The Senate recedes with a technical amendment.

Readiness and Environmental Protection Integration Program (sec. 312)

The House bill contained provisions (secs. 313 and 376) that would amend section 2684a of title 10, United States Code, to provide a technical amendment to the Readiness and Environmental Protection Integration Program that clarifies eligible entity participation, among other things.

The Senate amendment contained a similar provision (sec. 312) that would amend section 2684a of title 10, United States Code, to provide a technical correction to the definition of an eligible entity. This provision would also allow funds obligated to agreements under section 2684a of title 10, United States

Code, to be made available for use at the time of obligation and for any subsequent amendment to the agreement.

The House recedes with a technical amendment.

Extension of real-time sound monitoring at Navy installations where tactical fighter aircraft operate (sec. 313)

The Senate amendment contained a provision (sec. 240) that would amend section 325(a)(1) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) by striking "a 12-month period" and inserting "two 12-month periods, including one such period that begins in Fiscal Year 2021".

The House bill contained no similar provision.

The House recedes.

Modification of authority for environmental restoration projects of National Guard (sec. 314)

The House bill contained a provision (sec. 314) that would amend section 2707(e) of title 10, United States Code, to modify defense environmental restoration authorities to allow them to be used by the National Guard.

The Senate amendment contained a similar provision (sec. 311) that would also provide other technical corrections and conforming amendments to the statute governing the Defense Environmental Restoration Fund.

The House recedes with a technical amendment.

Modification of authority to carry out military installation resilience projects (sec. 315)

The Senate amendment contained a provision (sec. 314) that would make clarifying amendments to sections 2815 and 2684a of title 10, United States Code, to ensure that military installation resilience projects can be executed to maintain, improve, or rapidly reestablish mission assurance and prevent commercial and residential encroachment around military installations.

The House bill contained no similar provision.

The House recedes.

Energy resilience and energy security measures on military installations (sec. 316)

The Senate amendment contained a provision (sec. 316) that would amend subchapter I of chapter 173 of title 10, United

States Code, by adding a section on energy resilience and energy security measures on military installations.

The House bill contained no similar provision.

The House recedes.

Modification to availability of energy cost savings for Department of Defense (sec. 317)

The Senate amendment contained a provision (sec. 317) that would amend section 2912(a) of title 10, United States Code, to include operational energy savings.

The House bill contained no similar provision.

The House recedes.

Increased transparency through reporting on usage and spills of aqueous film-forming foam at military installations (sec. 318)

The House bill contained a provision (sec. 315) that would amend chapter 160 of title 10, United States Code, to require the Department of Defense to provide congressional notification of all releases of fire-fighting foam containing perfluorooctane sulfonate and perfluorooctanoic acid.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Native American lands environmental mitigation program (sec. 319)

The Senate amendment contained a provision (sec. 315) that would amend section 160 of title 10, United States Code, to authorize the Secretary of Defense to participate in a program to mitigate the environmental effects of Department of Defense activities on Indian lands and culturally connected locations.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Study on alternatives to address impacts of transboundary flows, spills, or discharges of pollution or debris from the Tijuana River on personnel, activities, and installations of Department of Defense (sec. 320)

The Senate amendment contained a provision (sec. 321) that would require the Secretary of Defense, in coordination with the Administrator of the Environmental Protection Agency, the Secretary of State, and the United States Commissioner of the International Boundary and Water Commission, to commission an independent scientific study of the impacts of transboundary

flows, spills, or discharges of pollution or debris from the Tijuana River on the personnel, activities, and installations of the Department of Defense. This provision would also require the Secretary of Defense to submit to the appropriate committees a report on the results of the study not later than 180 days after the date of the enactment of this Act.

The House bill contained no similar provision.

The House recedes with an amendment directing the Secretary of Defense in coordination with the Administrator of the Environmental Protection Agency, the Secretary of State, and the United States Commissioner of the International Boundary and Water Commission, to develop criteria for the selection of project alternatives to address impacts of transboundary flows, spills, or discharges of pollution or debris from the Tijuana River on the personnel, activities, and installations of the Department of Defense.

Pilot program on alternative fuel vehicle purchasing (sec. 321)

The House bill contained a provision (sec. 316) that would amend section 2922g of title 10, United States Code, to require the Department of Defense to maximize to the extent practicable its use of hybrid, plug-in hybrid, and fully electric vehicles for non-combat uses through replacement of vehicles at the end of their lease or service period.

The Senate amendment contained a similar provision (sec. 319) that would require the Secretary of Defense to carry out a pilot program on alternative fuel vehicle purchasing.

The House recedes with a technical amendment.

Budgeting of Department of Defense relating to operational energy improvement (sec. 322)

The House bill contained a provision (sec. 317) that would create a budget line for operational energy requirements.

The Senate amendment contained no similar provision.

The Senate recedes.

Assessment of Department of Defense operational energy usage (sec. 323)

The House bill contained a provision (sec. 318) that would require the Secretary of Defense to enter into an agreement with a federally funded research and development center to conduct an assessment of Department of Defense operational energy usage.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Improvement of the Operational Energy Capability Improvement Fund of the Department of Defense (sec. 324)

The House bill contained a provision (sec. 319) that would realign the Operational Energy Capability Improvement Fund under the Assistant Secretary of Defense for Energy, Installations, and Environment.

The Senate amendment contained a similar provision (sec. 376).

The House recedes.

Five-year reviews of containment technologies relating to Red Hill Bulk Fuel Storage Facility (sec. 325)

The House bill contained a provision (sec. 320) that would require the Department of the Navy to conduct 5-year reviews of the best available technologies for containment at Red Hill Bulk Fuel Storage Facility.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Limitation on use of funds for acquisition of furnished energy for Rhine Ordnance Barracks Army Medical Center (sec. 326)

The House bill contained a provision (sec. 321) that would require the Secretary of Defense to submit a certification that none of the energy used by Rhine Ordnance Barracks Army Medical Center was sourced from the Russian Federation.

The Senate amendment contained no similar provision.

The Senate recedes.

Requirement to update Department of Defense adaptation roadmap (sec. 327)

The House bill contained a provision (sec. 322) that would require the Department of Defense to update the 2014 Adaptation Roadmap by February 1, 2022.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Department of Defense report on greenhouse gas emissions levels (sec. 328)

The House bill contained a provision (sec. 324) that would require the Secretary of Defense to submit a report on its total emissions levels for the last 10 fiscal years.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Objectives, performance standards, and criteria for use of wildlife conservation banking programs (sec. 329)

The House bill contained a provision (sec. 325) that would require the Secretary of the Interior to work through the United States Fish and Wildlife Service to issue regulations related to wildlife conservation banking.

The Senate amendment contained no similar provision.

The Senate recedes.

The conferees note that wildlife conservation banking programs are a potential tool to assist the Department of Defense with managing encroachment on military bases, ranges, and test facilities. The conferees further note that regulations developed pursuant to this section will facilitate Department of Defense participation in wildlife conservation banking programs in accordance with section 2694c of title 10, United States Code. The conferees urge the Secretary of the Interior to promulgate regulations pursuant to this section in consultation with the States. The conferees further urge the Secretary of the Interior, in promulgating regulations pursuant to this section, to recognize, take into account, and, if appropriate, defer to state wildlife conservation banking programs.

Prizes for development of non-PFAS-containing fire-fighting agent (sec. 330)

The House bill contained a provision (sec. 328) that would create a prize program to incentivize innovation in development of a fire-fighting agent not containing per- and polyfluoroalkyl substances.

The Senate amendment contained no similar provision.

The Senate recedes.

Survey of technologies for Department of Defense application in phasing out the use of fluorinated aqueous film-forming foam (sec. 331)

The House bill contained a provision (sec. 329) that would require the Department of Defense to survey non-firefighting agent technologies that could facilitate execution of the required 2024 phase-out of fluorinated aqueous film-forming foam.

The Senate amendment contained a similar provision (sec. 313).

The Senate recedes with a technical amendment.

Interagency body on research related to per- and polyfluoroalkyl substances (sec. 332)

The House bill contained a provision (sec. 330) that would establish an interagency working group to coordinate Federal research and development activities related to per- and polyfluoroalkyl substances.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Restriction on Department of Defense procurement of certain items containing perfluorooctane sulfonate or perfluorooctanoic acid (sec. 333)

The House bill contained a provision (sec. 331) that would prohibit the Director of the Defense Logistics Agency from procuring certain items containing per- and polyfluoroalkyl substances effective 1 year after the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Research and development of alternative to aqueous film-forming foam (sec. 334)

The House bill contained a provision (sec. 333) that would require the Secretary of Defense, acting through the National Institute of Standards and Technology and in consultation with other stakeholders and Federal agencies, to award grants and carry out other activities related to fluorine-free alternatives to aqueous film-forming foam.

The Senate amendment contained no similar provision.

The Senate recedes.

Notification to agricultural operations located in areas exposed to Department of Defense PFAS use (sec. 335)

The House bill contained a provision (sec. 334) that would require the Secretary of Defense, in consultation with the Secretary of Agriculture, to provide notifications to any agricultural operation located within 10 square miles of a location where per- and polyfluoroalkyl substances (PFAS) have been detected in groundwater, hydrologically linked to a local water source, and are suspected to be, or due to a positive test, known to be, the result of the use of PFAS at any installation of the Department of Defense located in the United States or any State-owned facility of the National Guard.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

Reporting on energy savings performance contracts (sec. 336)

The House bill contained a provision (sec. 337) that would require the Secretary of Defense to submit a report on the use of energy savings performance contracts by the Department of Defense to the appropriate congressional committees not later than 1 year after the date of enactment of this Act.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

Increase in funding for Centers for Disease Control Study on health implications of per- and polyfluoroalkyl substances contamination in drinking water (sec. 337)

The House bill contained a provision (sec. 339) that would amend section 316(a)(2)(B)(ii) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) by striking "\$10,000,000" and inserting "\$15,000,000".

The Senate amendment contained a similar provision (sec. 322).

The Senate recedes.

Guaranteeing Equipment Safety for Firefighters Act of 2020 (sec. 338)

The House bill contained a provision (sec. 341) that would require the Director of the National Institute of Standards and Technology to complete a study of the contents and composition of new and unused personal protective equipment worn by firefighters not later than 3 years after the date of the enactment of this Act, subject to availability of appropriations and in consultation with the Director of the National Institute for Occupational Safety and Health, among other things.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

Assessment of Department of Defense excess property programs with respect to need and wildfire risk (sec. 339)

The House bill contained a provision (sec. 342) that would require the Secretary of Defense, acting through the Director of the Defense Logistics Agency, jointly with the Secretary of Agriculture, acting through the Chief of the Forest Service, to assess the Firefighter Property Program and the Federal Excess

Personal Property Program implementation and best practices. The provision would further require that a report on the assessment be submitted to the Committees on Armed Services of the Senate and the House of Representatives, the Committee on Agriculture, Forestry, and Nutrition of the Senate, and the Committee on Agriculture of the House of Representatives not later than 180 days after the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The Senate recedes.

SUBTITLE C—LOGISTICS AND SUSTAINMENT

National Defense Sustainment and Logistics Review (sec. 341)

The House bill contained a provision (sec. 351) that would require the Secretary of Defense to conduct a comprehensive examination and submit a report on the sustainment and logistics requirements necessary to support the national military strategy.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment that would require the assessment to be delivered 1 year after the National Defense Strategy is delivered to the Congress as well as broaden those who contribute to the assessment to include all geographic and functional combatant commanders.

Repeal of sunset for minimum annual purchase amount for carriers participating in the Civil Reserve Air Fleet (sec. 342)

The House bill contained a provision (sec. 352) that would amend section 9515(k) of title 10, United States Code, to extend the minimum business guarantee for air carriers participating in the Civil Reserve Air Fleet program from December 31, 2020, to December 31, 2025.

The Senate amendment contained a similar provision (sec. 375) that would amend section 9515 of title 10, United States Code, by striking subsection (k), which would make the minimum annual purchase amount for carriers participating in the Civil Reserve Air Fleet a permanent authority.

The House recedes.

Additional elements for inclusion in Navy ship depot maintenance budget report (sec. 343)

The House bill contained a provision (sec. 353) that would modify the Navy ship depot maintenance report required by

section 363(b) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The Senate amendment contained no similar provision.
The Senate recesses.

Clarification of limitation on length of overseas forward deployment of currently deployed naval vessels (sec. 344)

The House bill contained a provision (sec. 354) that would make a clarifying change to section 323(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The Senate amendment contained a similar provision (sec. 332).

The House recesses.

Independent advisory panel on weapon system sustainment (sec. 345)

The House bill contained a provision (sec. 355) that would require the Secretary of Defense to establish an independent advisory panel to conduct a review and make recommendations related to the weapon system sustainment ecosystem.

The Senate amendment contained no similar provision.
The Senate recesses.

The conferees expect the panel's work to include a comprehensive literature review of prior studies and recommendations related to weapon system sustainment.

Biannual briefings on status of Shipyard Infrastructure Optimization Plan (sec. 346)

The House bill contained a provision (sec. 356) that would direct the Secretary of the Navy to provide a briefing to the congressional defense committees every 6 months on the status of implementation of the Shipyard Infrastructure Optimization Plan.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would add as a briefing requirement the status of certain pieces of equipment.

The conferees note that a similar reporting requirement on "Navy shipyard infrastructure optimization" was included in the Senate report accompanying S. 4049 (S. Rept. 116-236) of the National Defense Authorization Act for Fiscal Year 2021; this reporting requirement shall have no effect.

The conferees direct the Secretary of the Navy to provide to the congressional defense committees with the annual budget request for each of fiscal years 2022 through 2027 additional

details on the anticipated investment in the public shipyards contained in the future years defense program, including military construction and facilities sustainment, restoration, and modernization projects. Each such investment shall be detailed by project, public shipyard, investment amount, and fiscal year.

Materiel readiness metrics and objectives for major weapon systems (sec. 347)

The House bill contained a provision (sec. 357) that would amend section 118 of title 10, United States Code, to require the Department of Defense to develop materiel readiness metrics and objectives for major weapon systems, regularly review and update the metrics and objectives, and report on them with the annual budget request.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Repeal of statutory requirement for notification to Director of Defense Logistics Agency three years prior to implementing changes to any uniform or uniform component (sec. 348)

The Senate amendment contained a provision (sec. 331) that would amend section 356 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232; 10 U.S.C. 771) by repealing the requirement that a Secretary of a military department notify the Director of the Defense Logistics Agency at least 3 years prior to implementing changes to any uniform or uniform component and making a technical correction.

The House bill contained no similar provision.

The House recedes.

SUBTITLE D—MUNITIONS SAFETY AND OVERSIGHT

Chair of Department of Defense explosive safety board (sec. 351)

The House bill contained a provision (sec. 361) that would amend section 172 of title 10, United States Code, to codify the responsibilities of the Department of Defense Explosive Safety Board chairman, executive director, and staff. The provision would also require the Under Secretary of Defense to certify that the board positions, including the chairman, have been filled by military officers before more than 75 percent of authorized funding may be obligated or expended by the Office of the Under Secretary of Defense for Acquisition and Sustainment.

The Senate amendment contained no similar provision.
The Senate recedes.

Explosive Ordnance Disposal Defense Program (sec. 352)

The House bill contained a provision (sec. 362) that would amend section 2284 of title 10, United States Code, to clarify that the Assistant Secretary of Defense for Special Operations and Low Intensity Conflict shall be responsible for the direction, coordination, and integration of the Explosive Ordnance Disposal Defense Program and to specify which organizations within the Department of Defense the Assistant Secretary shall coordinate with on specific activities. In addition, this section would require the Secretary of Defense to submit a report on the establishment and organization of the Explosive Ordnance Disposal Defense Program.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

Assessment of resilience of Department of Defense munitions enterprise (sec. 353)

The House bill contained a provision (sec. 363) that would require the Secretary of Defense to enter into an agreement with a federally funded research and development center to assess the resilience of the Department of Defense munitions enterprise.

The Senate amendment contained no similar provision.
The Senate recedes.

Report on safety waivers and mishaps in Department of Defense munitions enterprise (sec. 354)

The House bill contained a provision (sec. 364) that would require the Secretary of Defense to include with the President's Budget a report on safety waivers and mishaps in the Department of Defense munitions enterprise.

The Senate amendment contained no similar provision.
The Senate recedes.

SUBTITLE E-OTHER MATTERS

Pilot program for temporary issuance of maternity-related uniform items (sec. 361)

The House bill contained a provision (sec. 371) that would require the Director of the Defense Logistics Agency (DLA), in

coordination with the Secretaries concerned, to establish an office to carry out a pilot program for the issuance of maternity-related uniforms to pregnant servicemembers temporarily and at no cost. No later than September 30, 2025, the Director of the DLA, in coordination with the Secretaries concerned, would submit a report on the pilot program to the congressional defense committees. The pilot program would terminate on September 30, 2026.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Director of the Defense Logistics Agency, in coordination with the Secretaries concerned, to carry out a pilot program for the issuance of maternity-related uniforms to pregnant servicemembers at no cost. No later than September 30, 2025, the Director of the DLA, in coordination with the Secretaries concerned, would submit a report on the pilot program to the congressional defense committees. The pilot program would terminate on September 30, 2026.

Servicewomen's Commemorative Partnerships (sec. 362)

The House bill contained a provision (sec. 372) that would authorize the Secretary of the Army to enter into a contract, partnership, or grant with a non-profit organization for the purpose of providing financial support for the maintenance and sustainment of infrastructure and facilities at military service memorials and museums that highlight the role of women in the military.

The Senate amendment contained no similar provision.

The Senate recedes.

Biodefense analysis and budget submission (sec. 363)

The House bill contained a provision (sec. 373) that would require the Director of the Office of Management and Budget to conduct a comprehensive analysis of Federal biodefense programs and to develop and submit to Congress annually with the President's budget request an integrated biodefense budget submission and its supporting analysis.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make modifications to the required biodefense analysis and budget submission.

Update of National Biodefense Implementation Plan (sec. 364)

The House bill contained a provision (sec. 374) that would direct the Secretary of Health and Human Services, in cooperation with the Biodefense Steering Committee, to clarify the national biodefense strategy and associated implementation plan developed under section 1086 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to clearly document agreed-upon processes, roles, and responsibilities for making and enforcing enterprise-wide decisions.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make various modifications to the provision.

The conferees expect that the Secretary of Defense will utilize the Chemical and Biological Defense Program to support the Department of Defense's efforts in executing the biodefense activities pursuant to this section.

Plans and reports on emergency response training for military installations (sec. 365)

The Senate amendment contained a provision (sec. 352) that would require the Secretary of Defense to provide a report due 180 days after the date of the enactment of this Act to the Committees on Armed Services of the Senate and the House of Representatives that includes a review of each Department of Defense installation's training protocols for coordination with local law enforcement for active shooter training.

The House bill contained no similar provision.

The House recedes.

Inapplicability of congressional notification and dollar limitation requirements for advance billings for certain background investigations (sec. 366)

The Senate amendment contained a provision (sec. 374) that would exempt the Defense Counterintelligence and Security Agency from the \$1 billion Department of Defense-wide limitation on advance billings in working capital funds.

The House bill contained no similar provision.

The House recedes.

Adjustment in availability of appropriations for unusual cost overruns and for changes in scope of work (sec. 367)

The Senate amendment contained a provision (sec. 379) that would modify the treatment of amounts appropriated to the

Secretary of the Navy for changes within the scope of work for a contract for ship overhaul.

The House bill contained no similar provision.

The House recedes with an amendment that would remove adjustments to section 1553(c)(2) of title 31, United States Code.

Requirement that Secretary of Defense implement security and emergency response recommendations relating to active shooter or terrorist attacks on installations of Department of Defense (sec. 368)

The Senate amendment contained a provision (sec. 380) that would require the Secretary of Defense to implement not that later than 90 days after the date of the enactment of this Act the recommendations germane to active shooter or terrorist attacks on installations of the Department of Defense made in a series of previously published reports.

The House bill contained no similar provision.

The House recedes.

Clarification of food ingredient requirements for food or beverages provided by the Department of Defense (sec. 369)

The House bill contained a provision (sec. 1753) that would require the Secretary of Defense to publish in the Federal Register any proposed rule, statement, or determination relating to ingredients in a food or beverage provided to members of the Armed Services. The House provision also contained waiver authority for operational necessity.

The Senate amendment contained a similar provision (sec. 381), but did not include waiver authority.

The Senate recedes with an amendment that modifies the waiver authority, and replaces the reporting requirement with a requirement for congressional notification.

The conferees believe the health and readiness of our warfighters is paramount and strongly encourage the Secretary of Defense to use the waiver process as appropriate.

Commission on the naming of items of the Department of Defense that commemorate the Confederate States of America or any person who served voluntarily with the Confederate States of America (sec. 370)

The House bill contained a provision (sec. 2829) that would require the Secretary of Defense and the Secretaries of

the military departments to identify and rename certain military installations and other Defense property within 1 year.

The Senate amendment contained a similar provision (sec. 377) that would establish a commission regarding the removal and renaming of certain assets of the Department of Defense that commemorate the Confederate States of America or any person who served voluntarily with the Confederate States of America.

The House recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Funding for Army Community Services

The House bill contained a provision (sec. 302) that would increase the funding table authorization for operation and maintenance for Army base operations support, line 100, by \$30.0 million and decrease the funding table authorizations for operation and maintenance for Army Force Readiness Operations Support, line 070, by \$15.0 million and Army Land Forces Operations Support, line 050, by \$15.0 million.

The Senate amendment contained no similar provision.

The House recedes.

Increase in funding for Air Force reserve contractor systems support

The House bill contained a provision (sec. 303) that would increase the funding table authorization for operation and maintenance, Defense-wide Operating Forces, Special Operations Command maintenance, line 70, by \$22.0 million and decrease the funding table authorization operation and maintenance, Air Force Operating Forces, Administration and Service-Wide Activities, line 400, by \$22.0 million.

The Senate amendment contained no similar provision.

The House recedes.

Military Aviation and Installation Assurance Clearinghouse for review of mission obstructions

The House bill contained a provision (sec. 312) that would amend the procedures for Department of Defense review of proposed wind energy projects by requiring the Department of Defense to issue a notification to an applicant and the applicable Governor of a finding of no adverse impact when appropriate.

The Senate amendment contained no similar provision.

The House recedes.

Comptroller General report on Department of Defense installation energy

The House bill contained a provision (sec. 323) that would require the Comptroller General of the United States to submit a report to the Committee on Armed Services of the House of Representatives on Department of Defense progress toward meeting net zero installation energy goals.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Comptroller General of the United States to submit a report on the progress of the Department of Defense toward reaching net zero goals, including an agency-wide view and breakdowns of progress by service branch, to the Committees on Armed Services of the Senate and the House of Representatives not later than 1 year after the date of the enactment of this Act. The report shall be submitted in unclassified form but may contain a classified annex and shall include the following:

(1) An analysis of the extent to which the Department has implemented net zero initiatives to date and developed a forward-looking integrated net zero strategy for energy, emissions, water, and waste management and the extent to which each of the military departments has implemented such strategy;

(2) A description of the current challenges to implementing net zero initiatives or meeting net zero goals and the degree to which the Department and the military departments have addressed applied lessons learned;

(3) A cost-benefit analysis of net zero initiatives, including a description of how such costs and benefits are identified, tracked, and validated;

(4) A description of the feasibility of achieving net zero benchmarks of 25 percent, 50 percent, 75 percent, and 100 percent of the energy, emissions, water, and waste management levels for 2020, including anticipated funding requirements, statutory requirements, infrastructure needs, and timeframes; and

(5) An analysis of the integration between energy offices with program offices, budget, and operational planners within the Department and military departments across the enterprise, and recommendations for improving coordination.

Offshore wind energy development, Morro Bay, California

The House bill contained a provision (sec. 326) that would require the Office of the Under Secretary of Defense for

Acquisition and Sustainment to interact on behalf of the Navy with all stakeholders related to an offshore wind energy development in Morro Bay, California.

The Senate amendment contained no similar provision.

The House recesses.

The conferees are encouraged by the Navy's recommitment to active and meaningful participation in the Morro Bay Offshore Energy Working Group. The conferees note that a transparent, fair, and stakeholder-inclusive review process is critical to balancing energy development and military readiness. Given the importance of these issues and to encourage continued collaboration, the conferees direct the Secretary of the Navy to provide a quarterly briefing to the Committees on Armed Services of the Senate and the House of Representatives for the next 24 months or until the working group has completed its mandate, whichever comes first. The briefings shall include at a minimum the following:

(1) A detailed map to illustrate any proposed areas identified for potential development and other changes since the previous briefing;

(2) Any challenges to development in those areas and applicable proposed mitigations that would enable compatible development in the areas identified;

(3) Any future actions that the Navy has agreed to as part of the Working Group negotiations;

(4) Any unresolved issues; and

(5) Any other relevant terms of a proposed agreement reached with the California Energy Commission, other Federal agencies, State and local governments, and potential energy developers.

Long-duration demonstration initiative and joint program

The House bill contained a provision (sec. 327) that would authorize the Director of the Environmental Security Technology Certification Program of the Department of Defense to establish a demonstration initiative composed of demonstration projects focused on the development of long-duration energy storage technologies.

The Senate amendment contained a similar provision (sec. 318).

The conference agreement does not contain either provision.

Standards for removal or remedial actions with respect to PFOS or PFOA contamination

The House bill contained a provision (sec. 332) that would require the Secretary of Defense to meet or exceed the most stringent standards between an enforceable State standard under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) (42 U.S.C. 9601 et seq.), an enforceable Federal standard under CERCLA, or a health advisory under the Safe Drinking Water Act (42 U.S.C. 300g-1(b)(1)(F)) when performing removal or remediation actions of perfluorooctane sulfonate or perfluorooctanoic acid contamination from Department of Defense or National Guard activities found in drinking water or in groundwater that is not currently used for drinking water.

The Senate amendment contained no similar provision.

The House recedes.

Public disclosure of results of Department of Defense testing for perfluoroalkyl or polyfluoroalkyl substances

The House bill contained a provision (sec. 335) that would require the Secretary of Defense to publicly disclose the results of any testing for perfluoroalkyl or polyfluoroalkyl substances conducted on military installations or formerly used defense sites.

The Senate amendment contained no similar provision.

The House recedes.

The conferees urge the Secretary to maximize transparency and public disclosure of the Department's environmental testing results for per- and polyfluoroalkyl (PFAS) substances, particularly perfluorooctane sulfonate (PFOS) and perfluorooctanoic acid (PFOA), on military installations and formerly used defense sites. Additionally, the conferees urge the Department to ensure impacted military families are fully informed regarding testing for lead or copper at Department of Defense Education Activity (DoDEA) facilities.

The conferees are disappointed to note that the Department has not yet fully executed the requirements of section 331 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), which required the Secretary to maintain a publicly available website that provides a clearinghouse for information about the exposure of members of the Armed Forces, their families, and their communities to PFAS substances resulting from contamination at military installations. The conferees urge the Department to leverage this existing requirement so that impacted communities and individuals have a single authoritative data source regarding the Department's testing for PFOS and PFOA contamination.

Further, the conferees urge the Department, in scenarios where it is a drinking water purveyor, to publicize the results of drinking water testing at its facilities to include DoDEA schools and child development centers.

Biological threats report

The House bill contained a provision (sec. 336) that would require not later than 180 days after the date of enactment of this Act, the Secretary of Defense, in coordination with the Secretary of State, to submit a report on efforts to prevent, detect, and respond to biological threats, including through bilateral and multilateral cooperation with foreign partners.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, in coordination with the Secretary of State, not later than 120 days after the date of enactment of this Act to provide a report to the Committees on Armed Services of the Senate and the House of Representatives, the Committee on Foreign Affairs of the House of Representatives, and the Committee on Foreign Relations of the Senate on efforts to prevent, detect, and respond to biological threats, including through bilateral and multilateral cooperation with foreign partners. The report shall include:

(1) A description of actions taken by the Department of Defense (DOD) to improve proliferation prevention regarding detection of and response to biological threats of natural, accidental, or deliberate origin, including the following: (a) a description of Department of Defense policy guidance to address the threat of naturally and accidentally occurring diseases in addition to potential deliberate biological events; (b) a description of the organizational structure for those responsible for coordinating these activities, in accordance with the report required by section 745 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92); and (c) a description of efforts to integrate DOD infectious disease research, cooperative threat reduction programs, and other activities designed to protect DOD personnel against infectious disease threats;

(2) A description of programs and policies to address the threat of accidental or deliberate misuse of emerging biological technologies, including synthetic biology, including Cooperative Threat Reduction, efforts to cooperate with other partners to establish international norms and standards, consideration of new technologies in the Biological Threat Reduction Program, and efforts to develop countermeasures; and

(3) Any other matters the Secretary deems relevant.

Sense of Congress regarding an integrated master plan towards achieving net zero

The House bill contained a provision (sec. 338) that expressed the sense of Congress that the Department of Defense should develop an integrated master plan for the purpose of pursuing net zero initiatives Department-wide.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that individual military departments have had success in managing existing energy, water, and solid waste programs with the goal of providing greater energy and water security and increasing operating flexibility in a fiscally responsible way. The conferees further note that the breadth of existing authorities, most notably energy service performance contracts and other public-private partnerships, have provided opportunities to improve the efficiency and resiliency of energy and other utilities. In some cases, installations have been able to completely offset the total amount of energy and water consumed through projects funded by these mechanisms. The conferees encourage the military departments to continue seeking opportunities to maximize energy and water security using these mechanisms.

Moratorium on incineration by Department of Defense of perfluoroalkyl substances, polyfluoroalkyl substances, and aqueous film forming foam

The House bill contained a provision (sec. 340) that would require the Secretary of Defense to prohibit the incineration of materials containing per- and polyfluoroalkyl substances (PFAS) or aqueous film forming foam (AFFF) until the Secretary promulgated regulations that implement the requirements of section 330 of the National Defense Authorization Act for Fiscal Year 2020 (NDAA FY20) (Public Law 116-92) and take into consideration the interim guidance published by the Administrator of the Environmental Protection Agency (EPA) under section 7361 of the NDAA FY20.

The provision would further require the Secretary of Defense to submit a report annually to the Administrator of the EPA on all incineration by the Department of Defense of materials containing PFAS or AFFF.

The Senate amendment contained no similar provision.

The House recedes.

*Report on impact of permafrost thaw on infrastructure,
facilities, and operations of the Department of Defense*

The Senate amendment contained a provision (sec. 351) that would require the Secretary of Defense to submit a report to the congressional defense committees on the impact of changes in permafrost on the infrastructure, facilities, assets, and operations of the Department of Defense within 180 days of the enactment of this Act.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit to the congressional defense committees, not later than 180 days after the date of the enactment of this Act, a comprehensive report on the impact of permafrost thaw on the infrastructure, facilities, assets, and operations of the Department of Defense. The report shall include the following:

(1) An identification of the infrastructure, facilities, and assets of the Department of Defense that could be impacted by permafrost thaw;

(2) For each element of infrastructure and each facility and asset identified, an assessment of the threat posed by permafrost thaw and an estimate of potential damage in the event of likely permafrost thaw; and

(3) A description of the threats and impacts posed by permafrost thaw to military and other national security operations.

In preparing the report, the Secretary may consult with other Federal agencies, agencies of State and local governments, and academic institutions with expertise or experience in the effects of permafrost thaw on infrastructure, facilities, and operations.

For the purpose of the report, the term "asset" means any aircraft, weapon system, vehicle, equipment, or gear of the Department or the Armed Forces or any other item of the Department or the Armed Forces that the Secretary considers appropriate.

*Report on implementation by Department of Defense of
requirements relating to renewable fuel pumps*

The Senate amendment contained a provision (sec. 353) that would require the Secretary of Defense to submit a report on renewable fuel pumps to the Congress not later than 90 days after the date of the enactment of this Act.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, not later than 90 days after the date of the enactment of this Act, on the Department of Defense's implementation of the requirements under section 246(a) of the Energy Independence and Security Act of 2007 (42 U.S.C. 17053(a)). The report shall include the following:

(1) An estimate of the cost to the Department of fully implementing the requirements under section 246(a) of the Energy Independence and Security Act of 2007; and

(2) An assessment of any problems or issues the Department is having in complying with the requirements under such section.

The report required shall not apply to a fueling center of the Department with a fuel turnover rate of less than 100,000 gallons of fuel per year.

Report on effects of extreme weather on the Department of Defense

The Senate amendment contained a provision (sec. 354) that would require the Secretary of Defense to submit to the congressional defense committees a report, not later than 180 days after the date of the enactment of this Act, on vulnerabilities to military installations and combatant commander requirements resulting from extreme weather.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit to the congressional defense committees, not later than 180 days after the date of enactment of this Act, a report on vulnerabilities to military installations and combatant commander requirements resulting from extreme weather that builds upon the report submitted under section 335(c) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91). The report shall include the following:

(1) An explanation of the underlying methodology that the Department uses to assess the effects of extreme weather in the report, including through the use of a climate vulnerability and risk assessment tool as directed under section 326 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92);

(2) An assessment of how extreme weather affects low-lying military installations, military installations of the Navy and the Marine Corps, and military installations outside the United States;

(3) An assessment of how extreme weather affects access of members of the Armed Forces to training ranges;

(4) With respect to a military installation in a country outside the United States, an assessment of the collaboration between the Department of Defense and the military or civilian agencies of the government of that country or nongovernmental organizations operating in that country to adapt to risks from extreme weather;

(5) An assessment of how extreme weather affects housing safety and food security on military installations;

(6) An assessment of the strategic benefits derived from isolating infrastructure of the Department of Defense in the United States from the national electric grid and the use of energy-efficient, distributed, and smart power grids by the Armed Forces in the United States and overseas to ensure affordable access to electricity;

(7) A list of 10 military installation resilience projects conducted within each military department; and

(8) An overview of mitigations, in addition to current efforts undertaken by the Department, that may be necessary to ensure the continued operational viability and to increase the resilience of military installations, and the estimated costs of those mitigations.

In developing the report, the Secretary shall consult with the Administrator of the Environmental Protection Agency, the Secretary of Energy, the Administrator of the National Oceanic and Atmospheric Administration, the Administrator of the Federal Emergency Management Agency, the Commander of the Army Corps of Engineers, the Administrator of the National Aeronautics and Space Administration, a federally funded research and development center, and the heads of such other relevant Federal agencies the Secretary determines appropriate.

The report shall be submitted in unclassified form but may contain a classified annex if necessary. Upon submittal of the report to the congressional defense committees, the Secretary shall publish the unclassified portion of the report on an Internet website of the Department that is available to the public.

For the purposes of this report, the term "extreme weather" means recurrent flooding, drought, desertification, wildfires, and thawing permafrost, and the term "United States" means the several States, the District of Columbia, and any territory or possession of the United States.

Provision of protection to the National Museum of the Marine Corps, the National Museum of the United States Army, the

National Museum of the United States Navy, and the National Museum of the United States Air Force

The Senate amendment contained a provision (sec. 373) that would amend section 2465(b) of title 10, United States Code, by adding a contract for the performance of on-site security guard functions at the: Marine Corps Heritage Center at the Marine Corps Base Quantico, Virginia, including the National Museum of the Marine Corps; Heritage Center for the National Museum of the United States Army at Fort Belvoir, Virginia; Heritage Center for the National Museum of the United States Navy at Washington, District of Columbia; and the Heritage Center for the National Museum of the United States Air Force at Wright-Patterson Air Force Base, Ohio.

The House bill contained no similar provision.

The Senate recedes.

Report on biodefense

The House bill contained a provision (sec. 375) that would require the Secretary of Defense to submit a report to the congressional defense committees on Department of Defense biodefense and pandemic preparedness and response efforts as well as recommendations for addressing gaps in authorities or organization structures for related response efforts.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to submit a report on biodefense to the Committees on Armed Services of the Senate and the House of Representatives not later than 180 days after the date of the enactment of this Act. The report shall include the following:

(1) A description of the roles and responsibilities of Department of Defense entities, including the Department's Chemical and Biological Defense Program, with responsibility for biodefense or pandemic preparedness and response, including logistical support;

(2) An updated Department of Defense implementation plan for biodefense and pandemic response operations that includes a separation of activities conducted under title 10, United States Code, and activities conducted under title 32, United States Code;

(3) Recommendations for solving gaps in authorities or organizational structures that have inhibited COVID-19 response efforts;

(4) Recommendations on strengthening the roles, responsibilities, and authorities of the Chemical and Biological

Defense Program to execute biodefense activities based on the 2018 National Biodefense Strategy;

(5) Any barriers, financial, programmatic, or otherwise, preventing the Chemical and Biological Defense Program's execution of those activities; and

(6) Any other matters the Secretary deems relevant.

Report on non-permissive, global positioning system denied airfield capabilities

The Senate amendment contained a provision (sec. 5351) that would require the Secretary of Defense to submit to the congressional defense committees a report assessing the ability of each combatant command to conduct all-weather, day-night airfield operations in a non-permissive, global positioning system-denied environment.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct, not later than February 1, 2021, the Secretary of Defense to submit to the congressional defense committees a report assessing the ability of each combatant command to conduct all-weather, day-night airfield operations in a non-permissive, global positioning system-denied environment. The report shall include, at a minimum, the following:

(1) An assessment of current air traffic control and landing systems at existing airfields and contingency airfields;

(2) An assessment of the ability of each combatant command to conduct all-weather, day-night airfield flight operations in a non-permissive, global positioning system-denied environment at existing and contingency airfields, including aircraft tracking and precision landing;

(3) An assessment of the ability of each combatant command to rapidly set up and conduct operations at alternate airfields, including the ability to receive and deploy forces in a non-permissive, global positioning system-denied environment; and

(4) A list of backup systems in place or pre-positioned to be able to reconstitute operations after an attack.

Increase of amounts available to Marine Corps for base operations and support

The Senate amendment contained a provision (sec. 5371) that would increase the amount authorized to be appropriated for fiscal year 2021 for operation and maintenance for the Marine

Corps by \$47.6 million, with the amount of the increase to be available for SAG BSS1, base operations and support.

The House bill contained no similar provision.

The Senate recedes.

Diesel emissions reduction

The Senate amendment contained a provision (sec. 6083) that would amend section 16137(a) of title 42, United States Code, to extend the authorization of the diesel emissions reduction program from 2016 to 2024.

The House bill contained no similar provision.

The Senate recedes.

Utilizing significant emissions with innovative technologies

The Senate amendment contained a provision (sec. 6084) that would require the Administrator of the Environmental Protection Agency to conduct direct air capture research.

The House bill contained no similar provision.

The Senate recedes.

TITLE IV—MILITARY PERSONNEL AUTHORIZATIONS

SUBTITLE A—ACTIVE FORCES

End strengths for active forces (sec. 401)

The House bill contained a provision (sec. 401) that would authorize active-duty end strength as of September 30, 2021, as follows: Army, 485,900; Navy, 347,800; Marine Corps, 184,100; Air Force, 327,266; and Space Force, 6,434.

The Senate amendment contained a similar provision (sec. 401) that would authorize active-duty end strength as of September 30, 2021, as follows: Army, 485,000; Navy, 346,730; Marine Corps, 180,000; and Air Force, 333,475.

The Senate recedes with an amendment that would authorize active-duty end strength as of September 30, 2021, as follows: Army, 485,900; Navy, 347,800; Marine Corps, 181,200; Air Force, 333,475.

The conferees note the United States Space Force (USSF) plans to reach an end strength of at least 6,000 personnel by the end of fiscal year 2021. As the USSF continues to grow and mature, it is the expectation that the Department of the Air Force will submit a formal end strength request as required by section 113a of title 10, United States Code. The conferees

expect the Department of the Air Force to submit a formal request and justification for USSF end strength to the congressional defense committees as part of the President's Department of Defense budget request for fiscal year 2022.

Revisions to permanent active duty end strength minimum levels (sec. 402)

The House bill contained a provision (sec. 402) that would amend section 691 of title 10, United States Code, to establish new minimum Active-Duty end strengths for the Army, Navy, Marine Corps, Air Force, and Space Force as of September 30, 2021.

The Senate amendment contained a provision (sec. 402) that would repeal section 691 of title 10, United States Code. The provision would also amend section 115 of title 10, United States Code, to authorize the Secretary concerned to vary Active-Duty end strength levels as previously authorized by section 691.

The Senate recedes with an amendment that would amend section 691 of title 10, United States Code, to remove references to a national defense strategy focused on successfully conducting two major regional contingencies. The provision would also provide authority for the Secretary of Defense or the Secretary of a military department to vary Active-Duty end strength by up to 2 percent.

Modification of the authorized number and accounting method for senior enlisted personnel (sec. 403)

The House bill contained a provision (sec. 403) that would amend section 517 of title 10, United States Code, to change the method of calculating the authorized number of senior enlisted members in the grades of E-8 and E-9 from the daily average to an authorized end strength, and would increase the authorized number of members in the grade of E-8 from 2.5 percent to 3 percent of the total number of enlisted members.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would strike the authority for an armed force to utilize vacancies in the grade of E-9 to increase the number of members authorized to serve at the grade of E-8.

SUBTITLE B—RESERVE FORCES

End strengths for Selected Reserve (sec. 411)

The House bill contained a provision (sec. 411) that would authorize the following end strengths for Selected Reserve personnel of the Armed Forces as of September 30, 2021: the Army National Guard of the United States, 336,500; the Army Reserve, 189,800; the Navy Reserve, 58,800; the Marine Corps Reserve, 38,500; the Air National Guard of the United States, 108,100; the Air Force Reserve, 70,300; and the Coast Guard Reserve, 7,000.

The Senate amendment contained an identical provision (sec. 411).

The conference agreement contains this provision.

End strengths for Reserves on active duty in support of the Reserves (sec. 412)

The House bill contained a provision (sec. 412) that would authorize the following end strengths for Reserves on Active Duty in support of the reserve components as of September 30, 2021: the Army National Guard of the United States, 30,595; the Army Reserve, 16,511; the Navy Reserve, 10,215; the Marine Corps Reserve, 2,386; the Air National Guard of the United States, 25,333; the Air Force Reserve, 5,256.

The Senate amendment contained an identical provision (sec. 412).

The conference agreement includes this provision.

End strengths for military technicians (dual status) (sec. 413)

The House bill contained a provision (sec. 413) that would authorize the following minimum end strengths for military technicians (dual status) as of September 30, 2021: the Army National Guard of the United States, 22,294; the Army Reserve, 6,492; the Air National Guard of the United States, 10,994; and the Air Force Reserve, 7,947.

The Senate amendment contained a similar provision (sec. 413).

The Senate recedes with an amendment that would prohibit under any circumstances the coercion of a military technician (dual status) by a State into accepting an offer of realignment or conversion to any other military status, including as a member of the Active, Guard, and Reserve program of a reserve component. The provision would further specify that if a technician declines to participate in such a realignment or conversion, no further action may be taken against the individual or the individual's position.

Maximum number of reserve personnel authorized to be on active duty for operational support (sec. 414)

The House bill contained a provision (sec. 414) that would authorize the maximum number of reserve component personnel who may be on Active Duty or full-time National Guard duty under section 115(b) of title 10, United States Code, during fiscal year 2021 to provide operational support.

The Senate amendment contained an identical provision (sec. 414).

The conference agreement includes this provision.

Separate authorization by Congress of minimum end strengths for non-temporary military technicians (dual status) and end strengths for temporary military technicians (dual status) (sec. 415)

The Senate amendment contained a provision (sec. 415) that would amend section 115 of title 10, United States Code, to require the separate authorization of minimum end strengths for non-temporary dual status military technicians and maximum end strengths for temporary dual status military technicians for each fiscal year by the Congress. The provision would also require the Department of Defense to include, as part of the President's annual budget request, a request for end strength authorizations for non-temporary and temporary dual status military technicians.

The House bill contained no similar provision.

The House recedes with an amendment that would require a minimum end strength authorization for non-temporary technicians and a separate end strength authorization for temporary dual status military technicians.

SUBTITLE C—AUTHORIZATION OF APPROPRIATIONS

Military personnel (sec. 421)

The House bill contained a provision (sec. 421) that would authorize appropriations for military personnel at the levels identified in the funding table in section 4401 of division D of this Act.

The Senate amendment contained an identical provision (sec. 421).

The conference agreement includes this provision.

TITLE V—MILITARY PERSONNEL POLICY

SUBTITLE A—OFFICER PERSONNEL POLICY

Authorized strengths of general and flag officers on active duty (sec. 501)

The House bill contained a provision (sec. 501) that would amend section 526a(b) of title 10, United States Code, to reinstate the exclusions of certain Reserve officers from the limitations of section 526a(b).

The Senate amendment contained a similar provision (sec. 511).

The Senate recedes with an amendment that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the allocation of general and flag officer billets and positions between the military departments and joint assignments. The required report will also include the Secretary's final plan to meet authorized strengths of general and flag officers on Active Duty after December 31, 2022, as required by section 526a of title 10, United States Code.

The provision would also amend section 525 of title 10, United States Code, to authorize the Army to appoint up to 8 Active Duty officers to the grade of general. To maintain a consistent overall number of four-star officer authorizations, the provision would amend section 526 of title 10, United States Code, to reduce the authorized number of officers serving in joint assignments in the grade of general or admiral to a maximum of 19.

Temporary expansion of availability of enhanced constructive service credit in a particular career field upon original appointment as a commissioned officer (sec. 502)

The House bill contained a provision (sec. 504) that would amend sections 533 and 12207 of title 10, United States Code, to provide temporary authority for the Secretaries of the military departments to award constructive service credit upon original appointment in particular officer career fields for advanced education.

The Senate amendment contained an identical provision (sec. 502).

The conference agreement includes this provision.

Diversity in selection boards (sec. 503)

The House bill contained a provision (sec. 502) that would amend sections 612(a)(1), 573(b), and 14102(b) of title 10, United States Code, to require that the members of a selection board represent the diversity of the Armed Forces to the extent practicable.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Requirement for promotion selection board recommendation of higher placement on promotion list of officers of particular merit (sec. 504)

The Senate amendment contained a provision (sec. 503) that would amend section 616 of title 10, United States Code, to clarify that the secretary of the military department concerned shall prescribe guidelines and procedures for placing officers higher on a promotion selection list based on an officer's merit.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Special selection review boards for review of promotion of officers subject to adverse information identified after recommendation for promotion and related matters (sec. 505)

The Senate amendment contained a provision (sec. 504) that would delay until January 1, 2021, the applicability of the amendments made by section 502 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), germane to the manner in which adverse information about a regular officer would be furnished to a promotion selection board convened under section 611(a) of title 10, United States Code, to consider such an officer for promotion to a grade below brigadier general in the Army, Air Force, and Marine Corps, rear admiral (lower half) in the Navy, or the equivalent grade in the Space Force.

The provision would also modify section 14107 of title 10, United States Code, to extend prescriptions for furnishing adverse information to promotion selection boards convened pursuant to section 14101(a) of title 10, United States Code, to consider a reserve officer for promotion to a grade above lieutenant colonel in the Army, Air Force, and Marine Corps, commander in the Navy, or the equivalent grade in the Space Force.

Finally, the provision would codify in two new sections of law the authority of the Secretary of the military department

concerned to convene a special selection review board—pursuant to section 628a of title 10, United States Code, for regular officers and pursuant to section 14502a of title 10, United States Code, for reserve officers—upon determining that an officer recommended for promotion to a grade at or below major general in the Army, Air Force, and Marine Corps, rear admiral in the Navy, or the equivalent grade in the Space Force is the subject of adverse information that was not furnished to a promotion selection board that recommended the officer for promotion, as required by sections 615 or 14107 of title 10, United States Code.

Any special selection review board convened—whether for a regular or reserve officer—would, to the greatest extent practicable, apply the same standards used by the promotion selection board that originally recommended the officer for promotion and would consider the record of the officer as presented to the original promotion board, together with the adverse information regarding the officer. The special selection review board would be conducted so as not to indicate or disclose the officer or officers for whom the board was convened and the members of the board would apply a competitive process to determine whether or not to sustain the recommendation of the officer or officers at issue for promotion. An officer whose promotion is recommended for sustainment by a special selection review board and approved by the President would be appointed to the next higher grade as soon as practicable and, upon appointment, would have the same date of rank as the officer would have had pursuant to the recommendation of the original promotion board. If a special selection review board did not sustain a recommendation for promotion of an officer, that officer would be considered to have failed selection for promotion.

The amendments to section 14107 and the codification of sections 628a and 14502a of title 10, United States Code, would take effect on the date of the enactment of this Act.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretaries of each of the military departments provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives, not later than 180 days after the date of the enactment of this Act, detailing the specific rules and processes applicable to implementation of this provision in that department, together with the department's implementation timeline.

Number of opportunities for consideration for promotion under alternative promotion authority (sec. 506)

The Senate amendment contained a provision (sec. 505) that would amend section 649c of title 10, United States Code, to make a technical correction related to the definition of the term "promotion zone" in the alternative promotion authority provided by section 507 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The House bill contained no similar provision.

The House recedes.

Mandatory retirement for age (sec. 507)

The Senate amendment contained a provision (sec. 506) that would amend section 1251 of title 10, United States Code, to include the Space Force and expand the authority of the Secretaries of the military departments to permit an officer to defer retirement until the officer reaches age 68. The provision would also clarify benefit eligibility for officers who reach mandatory retirement age.

The House bill contained no similar provision.

The House recedes with an amendment that would require all regular commissioned officers who have been added to the retired list prior to enactment of this Act to receive retired pay.

Clarifying and improving restatement of rules on the retired grade of commissioned officers (sec. 508)

The Senate amendment contained a provision (sec. 507) that would clarify the rules governing the retired grades of commissioned officers. The codification of rules pertaining to regular officers would be restated in section 1370 of title 10, United States Code, and the rules applicable to non-regular officers—including guidance to address certain unique circumstances particular to a non-regular career path—would be set forth in new section 1370a of title 10, United States Code.

Both sections 1370 and 1370a would address the principles underpinning determinations of satisfactory service, the effect of misconduct in a lower grade on such determinations, service-in-grade requirements and waivers and reductions thereto, and requirements for notice to the Congress.

As a general rule, the restatement would reserve to the Secretary of the military department concerned the authority to make grade determinations with regard to officers—regular and non-regular—to be retired at or below major general, rear admiral, or the equivalent grade, but without the power of delegation. The restatement would reserve to the Secretary of Defense most actions related to officers proposed for retirement in a grade above major general, rear admiral, or the equivalent.

The restatement would promulgate enhanced guidelines for the assignment of a conditional retired grade to officers under investigation for misconduct or pending adverse personnel action and the determination of an officer's final retired grade and adjustment of retired pay on the resolution of such matters.

Finally, the restatement would clarify the conditions pursuant to which an administratively final retirement grade could be reopened, and the manner by which a proposed change to a reopened grade would be effectuated and the officer's retired pay recalculated. Although the committee has undertaken to clarify section 509 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), it remains strongly committed to the principle that a determination to increase an officer's retired grade to O-9 or O-10 after reopening an administratively final determination may be effectuated only by the President, by and with the advice and consent of the Senate. Although the committee ultimately declined to take this step, it considered returning to the long-held practice of requiring that all O-9 and O-10 retirements, of both Active and Reserve officers, be made by the President, by and with the advice and consent of the Senate. The current practice, enacted by section 502 of the National Defense Authorization Act for 1996 (Public Law 104-106)—pursuant to which the Secretary of Defense certifies to the Congress the highest grade in which such officers have served satisfactorily and should be retired—is a creature of statute, derived from the Congress' authority under Article I, Section 8, of the U.S. Constitution to raise, support, and regulate the Armed Forces. Prior to 1996, an officer could be retired in the grade of O-9 or O-10 only by the President, by and with the advice and consent of the Senate. The committee expects that any reopening of an administratively final determination of retired grade that results in the proposal to increase an officer's retired grade to O-9 or O-10 be submitted by the President to the Senate under provisions of section 509 of the National Defense Authorization Act for Fiscal Year 2020, as amended by the instant provision.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Repeal of authority for original appointment of regular Navy officers designated for engineering duty, aeronautical, engineering duty, and special duty (sec. 509)

The Senate amendment contained a provision (sec. 508) that would repeal section 8137 of title 10, United States Code, which authorizes the Secretary of the Navy to appoint regular officers

who are designated for engineering, aeronautical engineering, and special duty.

The House bill contained no similar provision.

The House recedes.

*Permanent programs on direct commissions to cyber positions
(sec. 509A)*

The House bill contained a provision (sec. 505) that would amend section 509 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to make permanent a direct commission program for cyber positions.

The Senate amendment contained no similar provision.

The Senate recedes.

Review of Seaman to Admiral-21 Program (sec. 509B)

The House bill contained a provision (sec. 523) that would require the Secretary of the Navy to review personnel records of participants in the Seaman to Admiral-21 program during fiscal years 2010 through 2014 to determine whether participants acknowledged that service during the baccalaureate degree program would not be included in calculations related to military retirement eligibility. The provision would also require the Secretary of the Navy to award retirement credit to any participant in the Seaman to Admiral-21 program when no evidence can be found of the participant acknowledging that time spent in the baccalaureate degree program would not be included in calculations related to military retirement eligibility. The provision would also require the Secretary of the Navy to provide a report on the required review to the Committees on Armed Services of the Senate and the House of Representatives.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment requiring the Secretary of the Navy to review the policies and procedures for the Seaman to Admiral-21 program in effect during fiscal years 2010 through 2014. The results of the required review shall be reported to the Committees on Armed Services of the Senate and the House of Representatives by not later than 180 days after the date of enactment of this Act.

SUBTITLE B—RESERVE COMPONENT MANAGEMENT

Temporary authority to order retired members to active duty in high-demand, low-density assignments during war or national emergency (sec. 511)

The House bill contained a provision (sec. 520D) that would amend section 14703 title 10, United States Code, to authorize the Secretary of a military department to reinstate a previously retired medical officer in the Active or Reserve Component with the consent of the officer.

The House bill also contained a provision (sec. 521) that would amend section 688a of title 10, United States Code, to authorize the Secretary of a military department to recall more than 1,000 retirees to Active Duty during a war or national emergency.

The Senate amendment contained a similar provision (sec. 517).

The House recedes.

The conferees note that the authority provided by this provision would also authorize the Secretary concerned to recall or reinstate retired medical officers.

Expansion of Junior Reserve Officers' Training Corps program (sec. 512)

The Senate amendment contained a provision (sec. 547) that would amend section 2031(a)(2) of title 10, United States Code, to insert language expanding the purpose of the Junior Reserve Officers' Training Corps (JROTC) to include an introduction to service opportunities in military, national, and public service. The provision would also require the Secretary of Defense to develop and implement a plan to establish and support not fewer than 6,000 JROTC units by September 30, 2031.

The House bill contained no similar provision.

The House recedes with an amendment that would strike the requirement that Secretary of Defense develop and implement a plan to establish and support at least 6,000 JROTC units by September 30, 2031.

Grants to support STEM education in the Junior Reserve Officers' Training Corps (sec. 513)

The House bill contained a provision (sec. 511) would authorize the Secretary of Defense to establish a grant program for science, technology, engineering, and mathematics education in Junior Reserve Officers' Training Corps units at the Secretary's discretion.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment striking language that would authorize the Secretary of Defense to consult private sector organizations in developing the grant program.

Permanent suicide prevention and resilience program for the reserve components (sec. 514)

The House bill contained a provision (sec. 520F) that would amend section 10219 of title 10, United States Code, by striking subsection (h).

The Senate amendment contained no similar provision.

The Senate recedes.

Modification of education loan repayment program for members of Selected Reserve (sec. 515)

The House bill contained a provision (sec. 512) that would amend section 16301(b) of title 10, United States Code, to authorize the Secretary of Defense to repay a portion of a student loan for a member of the Selected Reserve up to an amount equal to 20 percent of the outstanding balance or \$1,000 for each year of service.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary of Defense to pay up to \$1,000 per year as part of the education loan repayment program for members of the Selected Reserve.

Inclusion of drill or training foregone due to emergency travel or duty restrictions in computations of entitlement to and amounts of retired pay for non-regular service (sec. 516)

The House bill contained a provision (sec. 514) that would authorize the Secretary of Defense to prescribe regulations to approve retirement points to a member of the reserve component who cannot complete minimum annual training requirements due to the cancellation of training as a result of a national emergency.

The Senate amendment contained a similar provision (sec. 621).

The House recedes with an amendment that would amend sections 12732 and 12733 of title 10, United States Code, to authorize the Secretary of Defense, or the Secretary of Homeland Security with respect to the Coast Guard, to provide points for Reserve retirement purposes if a Reserve servicemember is prevented from participating in required drills or training

during the emergency period beginning on March 1, 2020, which coincides with the COVID-19 pandemic. The provision would also require the Secretary of Defense to provide a report to the Committees on Armed Services of the Senate and the House of Representatives on the use of this authority.

Quarantine lodging for members of the reserve components who perform certain service in response to the COVID-19 emergency (sec. 517)

The House bill contained a provision (sec. 520B) that would require the Secretary of Defense to provide at least 14 days of housing for members of the National Guard ordered to active service in response to the COVID-19 national emergency.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary of Defense to provide at least 14 days of housing for members of the Reserve Components ordered to active service in response to the COVID-19 national emergency.

Direct employment pilot program for certain members of the reserve components (sec. 518)

The House bill contained a provision (sec. 516) that would authorize the Secretary of Defense to create a pilot program to collaborate with States in establishing or expanding job placement programs, and related employment services, for unemployed Guardsmen or Reservists.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require States to provide at least 50 percent of the funds required to establish or expand the pilot program.

Pilot programs authorized in connection with SROTC units and CSPI programs at Historically Black Colleges and Universities and minority institutions (sec. 519)

The House bill contained a provision (sec. 518) that would require the Secretary of Defense to create pilot programs that support Senior Reserve Officers' Training Corps units at historically Black Colleges and Universities and minority institutions, to include creating partnerships between military bases and institutions and providing financial assistance for pilot training.

The Senate amendment contained a similar provision (sec. 546).

The Senate recedes with an amendment requiring the Secretary of Homeland Security to have responsibility and oversight of the Pilot Program on Financial Assistance for Flight Training for members of the Coast Guard College Student Pre-Commissioning Initiative Program.

Report regarding full-time National Guard duty in response to the COVID-19 pandemic (sec. 519A)

The House bill contained a provision (sec. 519) that would require the Secretary of Defense to submit a report to the congressional defense committees on the decision to authorize full-time National Guard duty at the request of the States in response to the COVID-19 pandemic.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Study and report on National Guard support to States responding to major disasters (sec. 519B)

The House bill contained a provision (sec. 520C) that would amend section 502(f) of title 32, United States Code, to require the Department of Defense to budget and pay for the costs of National Guard personnel ordered to respond to large scale, complex, and catastrophic disasters.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to conduct a study and provide a report to the Committees on Armed Services of the Senate and the House of Representatives on the process by which the National Guard provides support to other Federal agencies and to States during major disasters.

Report on guidance for use of unmanned aircraft systems by the National Guard (sec. 519C)

The House bill included a provision (sec. 515) that would require the Secretary of Defense to issue new guidance for expedited review of requests for the use of unmanned aircraft systems by the National Guard for covered activities within the United States.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to conduct a comprehensive review of all current Department of Defense guidance and directives

governing the use of unmanned aircraft systems by the National Guard for covered activities within the United States and submit to the Congress a report detailing recommendations to improve current processes in order to expedite the review of such requests.

The conferees expect the Secretary to conduct the required review and submit recommendations to the Congress in accordance with the stated deadline.

Study and report on ROTC recruitment (sec. 519D)

The House bill contained a provision (sec. 520) that would require the Secretary of Defense to study and provide a report to the congressional defense committees on the military career outcomes of participants in the Junior and Senior Reserve Officers' Training Corps (ROTC).

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the study to assess whether participants in the Junior ROTC program are more likely to join the Armed Forces than non-Junior ROTC participants.

SUBTITLE C—GENERAL SERVICE AUTHORITIES AND CORRECTION OF MILITARY RECORDS

Increased access to potential recruits (sec. 521)

The Senate amendment contained a provision (sec. 516) that would amend sections 503 and 983 of title 10, United States Code, to add e-mail addresses and mobile telephone numbers to the list of information required to be provided to recruiters by institutions of higher education and secondary schools. The provision would also require secondary schools to provide student information within 60 days of a request from a military recruiter. Additionally, this provision would require colleges and universities to provide student directory information within 60 days of the start of a school year or 60 days of the date of a recruiter's request as well as to provide lists of those students who do not return to the institution from the previous semester.

The House bill contained no similar provision.

The House recedes with an amendment that would amend sections 503 and 983 of title 10, United States Code, to add e-mail addresses to the list of information required to be provided to recruiters by institutions of higher education and secondary schools.

Sunset and transfer of functions of the Physical Disability Board of Review (sec. 522)

The Senate amendment contained a provision (sec. 588) that would amend section 1554a of title 10, United States Code, to authorize the Secretary of Defense to sunset the Physical Disability Board of Review on or after October 1, 2020. The provision would require the Secretary to transfer any remaining requests pending the Board's review at that time and to assign them to a board for the correction of military records operated by the Secretary of the military department concerned.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Honorary promotion matters (sec. 523)

The Senate amendment contained a provision (sec. 552) that would amend chapter 80 of title 10, United States Code, authorizing the Secretary of Defense to make honorary promotions, whether or not posthumous, of a former member or retired member of the Armed Forces to any grade not exceeding the grade of major general, rear admiral (upper half), or an equivalent grade in the Space Force. At least 60 days prior to making an honorary promotion, the Secretary would provide notification to the Committees on Armed Services of the Senate and the House of Representatives and the requesting Member of Congress, if applicable, including a detailed discussion of the rationale supporting the determination.

In addition, the provision would amend section 1563 of title 10, United States Code, to require that all promotions made using this authority would be honorary, whether or not posthumous, with no effect on pay, retired pay, or other benefits.

The House bill contained no similar provision.

The House recedes.

Exclusion of official photographs of members from records furnished to promotion selection boards (sec. 524)

The House bill contained a provision (sec. 503) that would require the redaction of personally identifiable information from records furnished to a promotion board.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to include in regulations governing the active and reserve component officer and enlisted promotion selection board processes a prohibition on the inclusion of an

official photograph in the information furnished to the board. Further, the amendment would require that, not later than 1 year after the date of the enactment of this Act, the Secretary of Defense provide the Committees on Armed Services of the Senate and the House of Representatives a report setting forth recommendations for the redaction or removal of such other information currently furnished to promotion selection boards as the Secretary considers appropriate to eliminate inappropriate bias in the promotion selection process, together with a plan for implementing the redaction or removal of such information.

Report regarding reviews of discharges and dismissals based on sexual orientation (sec. 525)

The House bill contained a provision (sec. 524) that would require that, not later than September 30, 2021, the Secretary of Defense and Secretary of Veterans Affairs jointly submit to Congress a report regarding former members of the Armed Forces who: (1) Were discharged or dismissed from the Armed Forces; (2) Have applied to either Secretary for an upgrade in the characterization of discharge or dismissal; and (3) Allege in such applications that such discharges or dismissal arose from a policy of the Department of Defense regarding the sexual orientation or gender identity of a member.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require that not later than September 30, 2021, the Secretary of Defense submit to the Committees on Armed Services of the Senate and the House of Representatives a report regarding the number of former members of the Armed Forces who: (1) Were discharged or dismissed from the Armed Forces; (2) On or after September 21, 2011, applied to the Secretary of the military department concerned for an upgrade in the characterization of such discharge or dismissal; and (3) Assert in such application that such discharge or dismissal arose from a policy of the Department of Defense regarding the sexual orientation of a member before September 21, 2011.

The provision would expressly require that the Secretary include in the report the number of such applications: (1) That were denied; and (2) In which the discharge or dismissal was based solely on misconduct of the discharged or dismissed member, but only if the Secretary can determine that number without a case-by-case review of upgrade applications.

SUBTITLE D—PREVENTION AND RESPONSE TO SEXUAL ASSAULT, HARASSMENT, AND RELATED MISCONDUCT

Modification of time required for expedited decisions in connection with applications for change of station or unit transfer of members who are victims of sexual assault or related offenses (sec. 531)

The Senate amendment contained a provision (sec. 521) that would amend section 673 of title 10, United States Code, to extend the approval or disapproval time of an expedited transfer request from 72 hours to 5 calendar days.

The House bill contained no similar provision.

The House recedes.

Confidential reporting of sexual harassment (sec. 532)

The House bill contained a provision (sec. 550C) that would require the Secretary of Defense to prescribe regulations establishing a process by which a member of the Armed Forces may confidentially allege a complaint of sexual harassment to an individual outside the immediate chain of command of that member.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require reports on complaints of sexual harassment to the Committees on Armed Services of the Senate and the House of Representatives every 2 years, beginning April 30, 2023, and a plan for access to confidential reports to identify serial harassers.

Additional bases for provision of advice by the Defense Advisory Committee for the Prevention of Sexual Misconduct (sec. 533)

The House bill contained a provision (sec. 543) that would amend section 550B of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to include additional items for the Defense Advisory Committee for the Prevention of Sexual Misconduct to review.

The Senate amendment contained an identical provision (sec. 527).

The conference agreement includes this provision.

Additional matters for 2021 report of the Defense Advisory Committee for the Prevention of Sexual Misconduct (sec. 534)

The Senate amendment contains a provision (sec. 528) that would amend section 550B of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to include additional matters for reports provided by the Defense Advisory Committee for the Prevention of Sexual Misconduct.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Inclusion of advisory duties on the Coast Guard Academy among duties of Defense Advisory Committee for the Prevention of Sexual Misconduct (sec. 535)

The Senate amendment (sec. 522) contained a provision that would include the United States Coast Guard (USCG) Academy in the Defense Committee for the Prevention of Sexual Assault (DAC-PSA) established by section 550B of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92). Additionally, the provision would require the DAC-PSA to advise the Secretary of the Department under which the USCG is operating on policies, programs, and practices of the USCG Academy.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Modification of reporting and data collection on victims of sexual offenses (sec. 536)

The House bill contained a provision (sec. 544) that would amend section 547 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to modify data collection and reporting on victims of sexual assault.

The Senate amendment contained no similar provision.

The Senate recedes.

Modification of annual report regarding sexual assaults involving members of the Armed Forces (sec. 537)

The House bill contained a provision (sec. 545) that would amend section 1631(d) of the Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (Public Law 111-383) to include the Committees on Veterans Affairs of the Senate and the House of Representatives.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Coordination of support for survivors of sexual trauma (sec. 538)

The House bill contained a provision (sec. 546) that would require the Secretary of Defense and Secretary of Veterans Affairs to jointly develop, implement, and maintain a standard of coordinated care for members of the Armed Services who are survivors of sexual trauma. Such standard shall include information provided to members of the Armed Forces and coordination between the staff of the Department of Defense and Department of Veterans Affairs. This section would also require the Secretary of Defense and Secretary of Veterans Affairs to provide a report to appropriate committees of Congress not later than 180 days after the date of the enactment of this Act regarding the availability of residential treatment programs for survivors of sexual trauma, including barriers to access for such programs and resources required to reduce such barriers.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Policy for military service academies on separation of alleged victims and alleged perpetrators in incidents of sexual assault (sec. 539)

The House bill contained a provision (sec. 547) that would require the Secretary of Defense, in consultation with the Secretaries of the military departments, and the Superintendent of each military service academy, to prescribe in regulations a policy that affords a cadet or midshipman who is an alleged sexual assault victim and a cadet or midshipman who is an alleged perpetrator of sexual assault, to the extent practicable, the opportunity to complete their course of study without taking classes together or otherwise being in close proximity to each other during mandatory activities.

The provision would also require the Secretary to ensure that the policy protects the alleged victim, allows both the alleged victim and alleged perpetrator to complete their course of study with minimal disruption, protects the privacy of the alleged victim and the alleged perpetrator, and minimizes the burden on the alleged victim when separating the alleged victim and alleged perpetrator.

The Senate amendment contained a similar provision (sec. 529).

The Senate recedes with an amendment that would require that the policy permit an alleged victim to elect not to be

covered by the policy, minimize the prejudicial impact of the policy, to the extent practicable, on both the alleged victim and the alleged perpetrator, and apply to cadets at the United States Coast Guard Academy.

Safe-to-report policy applicable across the Armed Forces (sec. 539A)

The House bill contained a provision (sec. 548) that would require the Secretary of Defense, in consultation with the Secretaries of the military departments, to prescribe regulations for the processing of cases of minor collateral misconduct committed by alleged victims of sexual assault. The provision would also require the Secretary to define aggravating circumstances that would increase the gravity of minor collateral misconduct and to track incidents of minor collateral misconduct.

The Senate amendment contained a similar provision (sec. 526).

The House recedes.

Accountability of leadership of the Department of Defense for discharging the sexual harassment policies and programs of the Department (sec. 539B)

The Senate amendment contained a provision (sec. 525) that would require the Secretary of Defense to develop and implement a strategy on holding leadership accountable for discharging the sexual harassment policies and programs of the Department of Defense.

The House bill contained no similar provision.

The House recedes.

Reports on status of investigations of alleged sex-related offenses (sec. 539C)

The House bill contained a provision (sec. 550A) that would require a report, not later 1 year after the date of the enactment of this Act and annually through December 31, 2025, on the status of investigations into alleged sex-related offenses.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Report on ability of Sexual Assault Response Coordinators and Sexual Assault Prevention and Response Victim Advocates to perform duties (sec. 539D)

The Senate amendment contained a provision (sec. 523) that would require the Secretary of Defense to conduct a survey of sexual assault response coordinators and sexual assault prevention and response victim advocates on their experiences in assisting victims of sexual assault by June 30, 2021. The provision would require the Secretary to submit a report on the results of the survey, including any actions to be taken based on the results, to the Committees on Armed Services of the Senate and the House of Representatives.

The House bill contained no similar provision.

The House recedes.

Briefing on Special Victims' Counsel program (sec. 539E)

The Senate amendment contained a provision (sec. 524) that would require the Judge Advocates General of the Army, the Navy, the Air Force, and the Coast Guard and the Staff Judge Advocate to the Commandant of the Marine Corps to brief the congressional defense committees on the status of the Special Victims' Counsel program of the Armed Force concerned.

The House bill contained no similar provision.

The House recedes.

Briefing on placement of members of the Armed Forces in academic status who are victims of sexual assault onto Non-Rated Periods (sec. 539F)

The House bill contained a provision (sec. 594) that would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the feasibility and advisability of granting requests from members of the Armed Forces who are in academic status and who are victims of sexual assault to be placed on a non-rated period for their performance report.

The Senate amendment contained a similar provision (sec. 530).

The House recedes with an amendment that would require the Secretary of Defense to brief the Committees on Armed Services of the Senate and the House of Representatives not later than 270 days after the date of the enactment of this Act.

SUBTITLE E—MILITARY JUSTICE AND OTHER LEGAL MATTERS

Right to notice of victims of offenses under the Uniform Code of Military Justice regarding certain post-trial motions, filings, and hearings (sec. 541)

The House bill contained a provision (sec. 540K) that would amend Article 6b(a)(2) of the Uniform Code of Military Justice (10 U.S.C. 802b(a)(2)), to provide that victims of offenses under the Uniform Code of Military Justice have the right to reasonable, accurate, and timely notice of a post-trial motion, filing, or hearing that may address the finding or sentence of a court-martial with respect to the accused, unseal privileged or private information of the victim, or result in the release of the accused.

The Senate amendment contained an identical provision (sec. 531).

The conference agreement contains this provision.

Qualifications of judges and standard of review for Courts of Criminal Appeals (sec. 542)

The House bill contained a provision (sec. 540J) that would require a minimum of 12 years of experience in the practice of law to qualify as a military judge on the Court of Criminal Appeals. The provision would also amend Article 66 of the Uniform Code of Military Justice (10 U.S.C. 866) to require the Court of Criminal Appeals, when considering appeals of court-martial convictions, to consider whether the finding is correct in fact only upon a specific showing by the accused of deficiencies of proof. Under the provision, the Court could set aside and dismiss a finding if clearly convinced that the finding was against the weight of the evidence. Further, the provision would require the entire Court of Criminal Appeals review a determination by a panel of the Court that a finding of guilty was clearly against the weight of the evidence.

The Senate amendment contained a similar provision (sec. 532).

The Senate recedes with an amendment that would remove the requirement for the entire Court of Criminal Appeals to review a determination by a panel of the Court that a finding of guilty was clearly against the weight of the evidence and would amend Article 67 of the Uniform Code of Military Justice (10 U.S.C. 867) to authorize the United States Court of Appeals for the Armed Forces to review such a determination.

Preservation of court-martial records (sec. 543)

The House bill contained a provision (sec. 532) that would require the Department of Defense to retain records of the military justice system for a minimum of 15 years.

The Senate amendment contained a similar provision (sec. 533).

The Senate recesses.

Availability of records for National Instant Criminal Background Check System (sec. 544)

The House bill contained a provision (sec. 540F) that would amend section 101(b) of the NICS Improvement Amendments Act of 2007 (34 U.S.C. 40911(b)) to require the Secretary of Defense make available to the Attorney General records relevant to a determination of whether a servicemember is disqualified from possessing or receiving a firearm for use in background checks performed by the National Instant Criminal Background Check System.

The Senate amendment contained no similar provision.

The Senate recesses with a clarifying amendment.

Removal of personally identifying and other information of certain persons from investigative reports, the Department of Defense Central Index of Investigations, and other records and databases (sec. 545)

The Senate amendment contained a provision (sec. 586) that would require that, not later than October 1, 2021, the Secretary of Defense establish and implement a policy and process through which a person's name, personally identifying information, and other pertinent information could be expunged or otherwise removed from: (1) The subject or title block of a Department of Defense (DOD) law enforcement or criminal investigative report; (2) The Department of Defense Central Index of Investigations (DCII); and (3) Any other record maintained by the DOD in connection with such a report or DCII entry, under circumstances in which probable cause did not or does not exist to determine that the offense for which the person was titled occurred or that the titled person actually committed the offense.

Further, the provision would require the Department to establish a mechanism to assist a person whose information is expunged or removed from DOD records in correcting or expunging the person's information from records and databases maintained by organizations or entities external to the DOD, based on information previously provided by the Department.

Finally, the provision would require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, not later than October 1, 2021, detailing actions taken to implement these requirements.

The House bill contained no similar provision.

The House recedes.

Briefing on mental health support for vicarious trauma for certain personnel in the military justice system (sec. 546)

The Senate amendment contained a provision (sec. 535) that would require the Judge Advocates General of the Army, the Navy, and the Air Force and the Staff Judge Advocate to the Commandant of the Marine Corps to brief the Committees on Armed Services of the Senate and the House of Representatives on the mental health support for vicarious trauma provided to certain personnel in the military justice system no later than 180 days after the date of the enactment of this Act.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Comptroller General of the United States report on implementation by the Armed Forces of recent GAO recommendations and statutory requirements on assessment of racial, ethnic, and gender disparities in the military justice system (sec. 547)

The Senate amendment contained a provision (sec. 347) that would require the Comptroller General of the United States to study and submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the implementation of the recommendations in the May 2019 report of the Government Accountability Office titled ``Military Justice: DOD and the Coast Guard Need to Improve Their Capabilities to Assess Racial and Gender Disparities''' (GAO-19-344) and the requirements in section 540I(b) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The House bill contained no similar provision.

The House recedes.

Legal assistance for veterans and surviving spouses and dependents (sec. 548)

The Senate amendment contained a provision (sec. 6085) that would require the Secretary of Veterans Affairs to facilitate the provision of pro bono legal assistance services

to veterans and the surviving spouses and children of deceased veterans, at no fewer than one Department of Veterans Affairs medical center in each state, at least three times annually. Authorized legal assistance services providers would include Veterans Service Organizations, legal assistance clinics associated with accredited law schools, non-profit legal services organizations, and bar associations, among others. Legal assistance services to be provided would focus on applications for military discharge upgrades, perfecting benefits claims, and other legal services to be determined by the Secretary of Veterans Affairs.

The provision also would establish a 5-year pilot program to assess the feasibility and advisability of the Department awarding grants to create new and enhance existing legal assistance clinics to provide year-round pro bono legal assistance to all veterans at locations other than medical centers. The provision would further task the Secretary to award at least one grant in each state using a competitive process, to coordinate with the Attorney General and Office of Government Ethics to review the rules for Federal government attorneys providing pro bono legal assistance, and to recommend legislative and administrative changes to allow for greater participation.

The House bill contained no similar provision.

The House recesses.

Clarification of termination of leases of premises and motor vehicles of servicemembers who incur catastrophic injury or illness or die while in military service (sec. 549)

The House bill contained a provision (sec. 540E) that would amend section 3955 of title 50, United States Code, to authorize the spouse or dependent of a servicemember to terminate certain leases on behalf of a servicemember if the servicemember is incapable of such actions due to a catastrophic injury, illness, or death.

The Senate amendment contained no similar provision.

The Senate recesses.

Multidisciplinary board to evaluate suicide events (sec. 549A)

The House bill contained a provision (sec. 540) that would require the Secretary of Defense to issue guidance that each suicide event involving a servicemember must be reviewed by a multidisciplinary board established at the command or installation level. The provision would require the military

service chiefs to implement such guidance within 90 days of the date of issuance of the Secretary's guidance. Additionally, the provision would require the Secretary to submit a progress report to the congressional defense committees, within 180 days of the date of the enactment of this Act, on implementation of the guidance.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require a suicide event review by a multidisciplinary board established at the command or installation level, or by the military service chiefs, of each suicide event involving a servicemember. The provision would also modify the requirements for each suicide event review of such boards.

Improvements to Department of Defense tracking of and response to incidents of child abuse, adult crimes against children, and serious harmful behavior between children and youth involving military dependents on military installations (sec. 549B)

The House bill contained a provision (sec. 539) that would require the Secretary of Defense, consistent with the recommendations of the Comptroller General of the United States in the Government Accountability Office report titled "Child Welfare: Increased Guidance and Collaboration Needed to Improve DOD's Tracking and Response to Child Abuse" (GAO-20-110), to improve the efforts of the Department of Defense to track and respond to incidents of child abuse involving dependents of members of the Armed Forces that occur on military installations.

The Senate amendment contained a similar provision (sec. 575).

The House recedes with an amendment that would require the Secretary of Defense, consistent with the recommendations of the Comptroller General of the United States in the Government Accountability Office report titled "Child Welfare: Increased Guidance and Collaboration Needed to Improve DOD's Tracking and Response to Child Abuse" (GAO-20-110), to improve the efforts of the Department of Defense to track and respond to incidents of serious harm to children involving dependents of members of the Armed Forces that occur on military installations.

Independent analysis and recommendations on domestic violence in the Armed Forces (sec. 549C)

The House bill contained a provision (sec. 538) that would require the Secretary of Defense to establish a military-civilian task force on domestic violence with experts from

within the Department of Defense, Department of Justice, Department of Health and Human Services, and Centers for Disease Control and Prevention, as well as civilian experts. The provision also would require an initial report from the task force to the Secretary 1 year after the Secretary establishes the task force, as well as an annual report to the Congress until the task force is terminated.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to enter into a contract or other agreement with an appropriate entity in the private sector (including a federally funded research and development center) for the conduct of an analysis and the development of recommendations on means to improve the effectiveness of the Armed Forces in responding to and preventing domestic violence.

SUBTITLE F—DIVERSITY AND INCLUSION

Diversity and inclusion reporting requirements and related matters (sec. 551)

The House bill contained a provision (sec. 571) that would amend section 113 of title 10, United States Code, to require the Secretary of Defense to establish and maintain a standard set of strategic metrics and benchmarks toward the objective of increasing diversity in the Armed Forces. The provision also would require the Secretary to include as a part of the National Defense Strategy data on the demographics of each of the Armed Forces.

The House bill also contained a provision (sec. 572) that would amend chapter 7 of title 10, United States Code, to require the Secretary of Defense to establish a ``Diversity and Inclusion Advisory Council of the Department of Defense.''

The Senate amendment contained a similar provision (sec. 520) that would require the Secretary to submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the findings and recommendations of the Defense Board on Diversity and Inclusion in the Military and the actions the Secretary will take in response to such recommendations. Further, the provision would require the Secretary to submit to the committees a report on the Defense Advisory Committee on Diversity and Inclusion in the Armed Forces established by the Secretary, and a report on current diversity and inclusion in the Armed Forces.

The Senate recedes with an amendment that would require the Secretary of Defense to submit a report accompanying each

National Defense Strategy setting forth current diversity and inclusion demographics across the Armed Forces. Further, the provision would provide that any diversity and inclusion metric established may not be used in a manner that undermines the merit-based processes of the Department of Defense and the Department in which the Coast Guard is operating. The provision also would require each Secretary of a military department and the Commandant of the Coast Guard to consider all best qualified candidates when making a recommendation to the President of the United States for the nomination of an officer for initial appointment to a position of importance and responsibility. Finally, the provision would repeal reporting requirements set forth in section 115a of title 10, United States Code, which are superseded by the provision, and would require the Secretary of Defense to provide 60 days advance notice to the Committees on Armed Services of the Senate and the House of Representatives prior to dissolving the Defense Advisory Committee on Diversity and Inclusion in the Armed Forces.

National emergency exception for timing requirements with respect to certain surveys of members of the Armed Forces (sec. 552)

The Senate amendment contained a provision (sec. 587) that would amend sections 481, 481a, 7461, 8480, and 9461 of title 10, United States Code, to authorize the Secretary of Defense to postpone the conduct of the following surveys when conducting these surveys is not practicable due to a war or national emergency declared by the President or the Congress: (1) Armed Forces Workplace and Gender Relations Surveys; (2) Armed Forces Workplace and Equal Opportunity Surveys; (3) Assessments of sexual harassment and sexual violence at the military service academies; and (4) The workplace and gender relations survey of Department of Defense civilian employees.

The conferees expect that the Secretary would exercise this authority to postpone these surveys and assessments only when conditions are such that the survey cannot be conducted or, if conducted, the results of the survey would not be meaningful. The committee also expects that any survey postponed under this authority would be conducted as soon as practicable and appropriate.

The House bill contained no similar provision.
The House recedes.

Questions regarding racism, anti-Semitism, and supremacism in workplace surveys administered by the Secretary of Defense (sec. 553)

The House bill contained a provision (sec. 574) that would amend section 593 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), to include questions about "racist, xenophobic, anti-Semitic, or supremacist" conduct in workplace surveys administered by the Department of Defense.

The Senate amendment contained a similar provision (sec. 5586).

The House recedes with an amendment that would include questions about "racist, anti-Semitic, or supremacist" conduct in Department of Defense surveys, and require a briefing to the Committees on Armed Services of the Senate and the House of Representatives, not later than March 1, 2021, on the text of the questions and the surveys in which such questions would be included.

Inspector General oversight of diversity and inclusion in Department of Defense; supremacist, extremist, or criminal gang activity in the Armed Forces (sec. 554)

The House bill contained a provision (sec. 573) that would establish a Special Inspector General for Racial and Ethnic Disparities in the Armed Forces to provide for independent and objective conduct and supervision of audits and investigations relating to racial and ethnic disparities in military personnel and military justice and to make recommendations to the Secretary of Defense and to the Congress on actions necessary to eliminate such racial and ethnic disparities. The provision also would require the Special Inspector General to submit an annual report to the Secretary of Defense and the congressional defense committees, as well as quarterly reports to the Secretary of Defense and congressional defense committees, due 30 days after the end of each fiscal year quarter.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would establish in the Office of the Inspector General of the Department of Defense an additional Deputy Inspector General who would be responsible for the conduct and supervision of audits, investigations, and evaluations of: (1) Military personnel policies, programs, systems, and processes as regards the effect of same on diversity and inclusion in the Department of Defense; and (2) The Department's policies, programs, systems, and processes to prevent and respond to supremacist, extremist, and criminal gang activity by military personnel, including the tracking of allegations and the dispositions thereof with respect to conduct of members of the Armed Forces that is prohibited under Department of Defense Instruction 1325.06,

titled "Handling Dissident and Protest Activities Among Members of the Armed Forces."

Policy to improve responses to pregnancy and childbirth by certain members of the Armed Forces (sec. 555)

The House bill contained a provision (sec. 579) that would require the Secretary of Defense, in coordination with the Secretaries of the military departments, to develop a plan to improve responses to pregnancy and childbirth of servicemembers and employees of the Department of Defense and to provide a report detailing the plan to the congressional defense committees within 90 days of the date of the enactment of this Act. The provision would also require the Secretary to implement the plan within 2 years of the date of the enactment of this Act and to provide a report to the same committees.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense, in coordination with the Secretaries of the military departments, to develop a policy to ensure that the career of a servicemember is not unduly affected by pregnancy, childbirth, or a medical condition arising from pregnancy or childbirth. The amendment would require the Secretary of Defense to submit a briefing summarizing the policy with a copy of the policy to the Committees on Armed Services of the Senate and the House of Representatives within 180 days of the date of the enactment of this Act.

Training on certain Department of Defense instructions for members of the Armed Forces (sec. 556)

The Senate amendment contained a provision (sec. 541) that would require the Secretary of Defense to develop and implement training regarding religious liberty and accommodation for members of the Armed Forces in consultation with the Chief of Chaplains of each service. Recipients of this training shall include commanders, chaplains, judge advocates, and others as recognized by the Secretary.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Evaluation of barriers to minority participation in certain units of the Armed Forces (sec. 557)

The House bill contained a provision (sec. 577) that would require the Under Secretary of Defense for Personnel and Readiness, not later than 30 days after the date of the

enactment of this Act, to seek to enter into an agreement with a federally funded research and development center with relevant expertise to conduct an evaluation of the barriers to minority participation in special operations units. The provision also would require a report on the results of the study to be submitted to the congressional defense committees not later than January 1, 2022.

The Senate amendment contained a similar provision (sec. 519).

The House recedes with an amendment that would require the study to update both the 1999 RAND Corporation report entitled "Barriers to Minority Participation in Special Operations Forces" and the 2018 RAND report entitled "Understanding Demographic Differences in Undergraduate Pilot Training Attrition," and provide follow-up recommendations. Further, the Under Secretary of Defense for Personnel and Readiness would be required to provide interim briefings on the progress of the study to the Committees on Armed Services of the Senate and the House of Representatives before submitting the final report on July 1, 2022.

Comptroller General of the United States report on equal opportunity at the military service academies (sec. 558)

The House bill contained a provision (sec. 1710G) that would require the superintendent of each military service academy to submit to the Secretary of Defense and the congressional defense committees, not later than 180 days after the date of the enactment of this Act, a report that would include: (1) Anonymized equal opportunity claims and determinations involving the academy over the past 20 years; (2) Results of a climate survey of cadets or midshipmen conducted by an external entity; and (3) A review of educational and extracurricular instruction at the academy, including a review of course to ensure the inclusion of minority communities in authorship and course content and a review of faculty and staff demographics to determine diversity recruitment practices at the academy.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require that, not later than 1 year after the date of the enactment of this Act, the Comptroller General of the United States submit a report to the Committees on Armed Services of the Senate and the House of Representatives setting forth the aggregate number of equal opportunity claims filed with respect to each military service academy during 2019 and 2020 and the number of such claims that were substantiated. Further, the provision would

require the Comptroller General to report on the results of any completed climate survey of cadets or midshipmen conducted by a military service academy or any authorized organization external to the academy during the 2-year period ending on December 31, 2020, to analyze both the equal opportunity and survey data to assess whether it indicates trends in equal opportunity at each military service academy, and to assess whether the Military Equal Opportunity program and other programs at each academy are properly responsive to any trends identified.

SUBTITLE G—DECORATIONS AND AWARDS

Extension of time to review World War I Valor Medals (sec. 561)

The House bill contained a provision (sec. 1778) that would amend section 584(f) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to extend the time to review World War I valor medals by 2 years.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would extend the time to review World War I valor medals by 1 year.

Authorizations for certain awards (sec. 562)

The House bill contained a provision (sec. 582) that would waive the time limitations in section 7274 of title 10, United States Code, to authorize the President of the United States to award the Distinguished Service Cross to Ramiro F. Olivo for acts of valor during the Vietnam War.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would waive the time limitations in section 7274 of title 10, United States Code, to authorize the President of the United States to award: (1) The Distinguished Service Cross to Ramiro F. Olivo for acts of valor during the Vietnam War; (2) The Medal of Honor to Ralph Puckett, Jr. for acts of valor during the Korean War; (3) The Medal of Honor to Dwight M. Birdwell for acts of valor during the Vietnam War; (4) The Medal of Honor to Alwyn C. Cashe for acts of valor during Operation Iraqi Freedom; and (5) The Medal of Honor to Earl D. Plumlee for acts of valor during Operation Enduring Freedom.

Feasibility study on establishment of service medal for radiation-exposed veterans (sec. 563)

The House bill contained a provision (sec. 581) that would require the Secretary of Defense to establish an "Atomic Veterans Service Medal" to honor retired and former members of the Armed Forces who are radiation-exposed veterans.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to conduct a feasibility study on establishing a service medal for award to radiation-exposed veterans.

Expressing support for the designation of Silver Star Service Banner Day (sec. 564)

The Senate amendment contained a provision (sec. 6086) that would amend chapter 1 of title 36, United States Code, to designate May 1 as "Silver Star Service Banner Day."

The House bill contained no similar provision.

The House recedes with an amendment that would express support for the designation of a "Silver Star Service Banner Day."

The conferees are committed to honoring the sacrifices of wounded and ill members of the Armed Forces. The sacrifices made by members of the Armed Forces and veterans should never be forgotten.

SUBTITLE H—MEMBER EDUCATION, TRAINING, TRANSITION, AND RESILIENCE

Mentorship and career counseling program for officers to improve diversity in military leadership (sec. 571)

The House bill contained a provision (sec. 554) that would amend chapter 107 of title 10, United States Code, by adding a new section that would require the Secretary of Defense to establish a mentoring and career counseling program with evaluation metrics. The provision also would require an interim report to be submitted, not later than 120 days after the date of the enactment of this Act, describing the program, and a report to be submitted on October 1, 2021, and annually thereafter for 3 years, on the evaluation of the program.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend section 656 of title 10, United States Code, to require that, as part of the plan required by that section, the Secretary of Defense and the Secretary of the department in which the Coast Guard is operating would provide officers of the Armed Forces an

opportunity to participate in mentoring and career counseling opportunities throughout their military careers, with the goal of having the diversity of the population of officers serving in each branch, specialty, community, and grade of each Armed Force reflect the diversity of the population in such Armed Force as a whole.

*Expansion of Skillbridge program to include the Coast Guard
(sec. 572)*

The House bill contained a provision (sec. 560G) that would amend section 1143(e) of title 10, United States Code, to authorize expansion of the Skillbridge program to the United States Coast Guard.

The Senate amendment contained no similar provision.

The Senate recedes.

Increase in number of permanent professors at the United States Air Force Academy (sec. 573)

The House bill contained a provision (sec. 557) that would authorize an increase in the number of permanent professors at the U.S. Air Force Academy from 23 to 25.

The Senate amendment contained no similar provision.

The Senate recedes.

Additional elements with 2021 and 2022 certifications on the Ready, Relevant Learning initiative of the Navy (sec. 574)

The Senate amendment contained a provision (sec. 542) that would require the Secretary of the Navy to submit a life cycle sustainment plan (LCSP) and report on the use of readiness assessment teams with the 2021 Ready Relevant Learning certifications required by section 545 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91).

The House bill contained no similar provision.

The House recedes with an amendment that would require a LCSP framework and approved LCSP to be submitted with the 2021 and 2022 Ready Relevant Learning certifications, respectively.

Information on nominations and applications for military service academies (sec. 575)

The House bill contained a provision (sec. 558) that would require the Secretary of Defense to standardize, collect, and analyze information on the demographics of applicants to military service academies.

The Senate amendment contained a similar provision (sec. 545) that would require the Secretary of the Defense, in consultation with the Superintendents of the military service academies, to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the feasibility and advisability of creating a uniform online portal for all congressional nominations to the military service academies.

The Senate recedes with an amendment that would require the Secretary of Defense to create a uniform online portal for all nominations to the military service academies not later than 2 years after the date of the enactment of this Act. The online portal would allow military service academy nominating sources to provide nominee demographic information. The amendment would also require the Secretary of Defense to provide an annual report to the Committees on Armed Services of the Senate and the House of Representatives on the demographics of military service academy applicants.

Report on potential improvements to certain military educational institutions of the Department of Defense (sec. 576)

The House bill contained three provisions (sec. 559, 560A, and 560I) that would make various policy adjustments and require several reports on professional military education provided by the Department of Defense.

The Senate amendment contained a similar provision (sec. 1061).

The House recedes with an amendment that would require the Secretary of Defense to provide a report to the Committees on Armed Services of the Senate and the House of Representatives on the potential effects of various legal and policy adjustments on Department of Defense professional military education institutions.

College of International Security Affairs of the National Defense University (sec. 577)

The House bill contained a provision (sec. 560) that would prohibit the Secretary of Defense from eliminating, divesting, downsizing, or reorganizing the College of International Security Affairs (CISA) until 30 days after the Under Secretary of Defense for Policy delivers a report to the congressional defense committees on various items related to educating leaders in the subjects and courses currently provided by CISA.

The Senate amendment contained no similar provision.
The Senate recedes.

Improvements to the Credentialing Opportunities On-Line programs of the Armed Forces (sec. 578)

The House bill contained a provision (sec. 560H) that would require the Secretary of Defense to establish performance measures for each Armed Force's online credentialing program.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to standardize information tracking for each online credentialing program and to conduct a study of additional performance measures and report back to the Committees on Armed Services of the Senate and the House of Representatives on the results of the study.

GAO study regarding transferability of military certifications to civilian occupational licenses and certifications (sec. 579)

The House bill contained a provision (sec. 560D) that would require the Comptroller General of the United States to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the transferability of military certifications to civilian occupational licenses and certifications.

The Senate amendment contained no similar provision.

The Senate recedes with an additional reporting element requiring an assessment of the effectiveness of the credentialing programs of each Armed Force.

Report regarding county, Tribal, and local veterans service officers (sec. 579A)

The House bill contained a provision (sec. 560K) that would require the Secretary of Defense, in consultation with the Secretary of Veterans Affairs, to submit a report, within 180 days of the date of the enactment of this Act, to the Committees on Armed Services and on Veterans' Affairs of the Senate and the House of Representatives, regarding the effects of presence of veterans services officers at demobilization centers of the Department of Defense.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would strike paragraph (b) from the provision.

**SUBTITLE I—MILITARY FAMILY READINESS AND
DEPENDENTS' EDUCATION**

Family readiness: definitions; communication strategy; review; report (sec. 581)

The House bill contained a provision (sec. 561) that would require the Secretary of Defense, in coordination with the Secretaries of the military departments, to define "military family readiness" and "military family resiliency" as well as implement a communications strategy to communicate with military families. The provision would also require a report on implementing recommendations from: (1) Chapter 3 of the report of the Inspector General of the Department of Defense for fiscal year 2020, "Ensuring Wellness and Wellbeing of Service-Members and their Families;" and (2) The report, dated July 2019, of the National Academies of Sciences, Engineering and Medicine, titled "Strengthening the Military Family Readiness System for a Changing American Society."

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense, in coordination with the Secretaries of the military departments, to: (1) Act on recommendation one of the report, by the National Academies of Sciences, Engineering and Medicine, dated July 2019, titled "Strengthening the Military Family Readiness System for a Changing American Society," by establishing definitions of "family well-being," "family readiness," and "family resilience;" and (2) Develop a communications strategy to ensure the broadest means of communicating with military families. The provision would also require the Secretary of Defense to conduct a review of current programs, policies, services, resources, and practices of the Department of Defense for military families, as outlined in recommendation four of the previously cited report conducted by the National Academies of Science, Engineering and Medicine, and submit a report on the findings of that review to the Committees on Armed Services of the Senate and the House of Representatives.

Improvements to Exceptional Family Member Program (sec. 582)

The House bill contained a provision (sec. 570A) that would require the Secretary of Defense, in coordination with the Secretaries of the military departments, to standardize the Exceptional Family Member Program (EFMP).

The Senate amendment contained a similar provision (sec. 572) that would amend section 1781c of title 10, United States Code, to standardize and improve the EFMP.

The Senate recedes with an amendment that would amend section 1781c of title 10, United States Code, to standardize

and improve the EFMP, and to require that the policy of the Department of Defense Office of Special Needs must include requirements for the development and continuous updating of an individualized services plan for each military family with special needs and procedures for the development of an individualized services plan for military family members with special needs who have requested family support services and have completed family needs assessments. The provision would also require the Secretary of Defense, not later than 6 months after the date of the enactment of this Act, to standardize the EFMP across the Department.

Support services for members of special operations forces and immediate family members (sec. 583)

The House bill contained a provision (sec. 562) that would modify the care and recipients of the family support services provided by U.S. Special Operations Command's Preservation of the Force and Family program under section 1788a of title 10, United States Code. Eligibility is expanded beyond immediate family members of the special operations force members receiving support services, as well as extended to members of the reserve components of the Armed Forces. Covered family support services will include psychological support and spiritual support services.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that modifies the elements related to eligibility and contracting.

The conferees recognize the near- and long-term physical, mental, and emotional effects of nearly two decades of continuous operations in high-stress environments experienced by our special operations forces (SOF). One of the top priorities of U.S. Special Operations Command (SOCOM) is to take care of its people, and, in responding to the demand signal from SOF components, SOCOM created the Preservation of the Force and Families (POTFF) program. The conferees also recognize the stress caused by high operational tempo and unexpected deployment and training schedules on the families of SOF personnel and strongly supports the POTFF programs that provide families with the tools to deal with these unique challenges.

Furthermore, the conferees encourage SOCOM and the military services to ensure that SOF personnel and their families that receive POTFF support are aware of and provided assistance when separating or transitioning to a different assignment outside of the special operations community. The conferees believe SOCOM and the military services have a responsibility to ensure continuity of care and awareness of

Department of Defense and Department of Veterans Affairs resources for eligible participants of these programs.

Responsibility for allocation of certain funds for military child development programs (sec. 584)

The Senate amendment contained a provision (sec. 571) that would amend section 1791 of title 10, United States Code, to require the Secretary of Defense to be responsible for the allocation of Office of the Secretary of Defense-level funds for military child development programs for children from birth through 12 years of age. The provision would disallow delegation of the Secretary's responsibility to the military departments.

The House bill contained no similar provision.

The House recedes.

Military child care and child development center matters (sec. 585)

The Senate amendment contained a provision (sec. 576) that would amend section 1793 of title 10, United States Code, to require: (1) The liberal issuance of hardship waivers by installation commanders; (2) A family discount for families with two or more children attending a Child Development Center; (3) Each Secretary of a military department to carry out a childcare fee assistance program modeled after the U.S. Army fee assistance program; (4) Additional actions to obtain qualified employees for Child Development Centers; and (5) Reports on extreme imbalances between demand and availability for childcare at certain installations.

The House bill contained no similar provision.

The House recedes with an amendment that would amend section 1793 of title 10, United States Code, to authorize a family discount for families with two or more children attending a Child Development Center and require reports on installations with extreme imbalances between demand for and availability of childcare.

The conferees note that existing authorities allow for the liberal issuance of hardship waivers regarding childcare fees and encourage the Department of Defense to continue offering flexible childcare options for servicemembers and their families. Additionally, the conferees strongly encourage the Department to utilize enhanced marketing and recruitment techniques to hire qualified childcare employees, and provide competitive benefits in order to retain them.

Expansion of financial assistance under My Career Advancement Account program (sec. 586)

The House bill contained a provision (sec. 564) that would amend section 580F of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to allow the reimbursement to a servicemember of the cost that his or her spouse incurs for the maintenance of professional licenses and credentials and continuing education courses associated with a permanent change of station. Additionally, the provision would expand the My Career Advancement Account Program to include expenses relating to continuing education courses and national testing.

The Senate amendment contained a similar provision (sec. 577).

The House recedes.

Improvements to partner criteria of the Military Spouse Employment Partnership Program (sec. 587)

The House bill contained a provision (sec. 570D) that would require the Secretary of Defense to conduct an evaluation of the partner criteria of the Military Spouse Employment Partnership Program (MSEP) and to implement any improvements determined to be necessary.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to conduct an evaluation of the partner criteria of the Military Spouse Employment Partnership Program and to implement any improvements determined to be necessary. Not later than 1 year after implementation of the improvements from the evaluation, the Secretary will publish a report on the review, to include: (1) The results of the evaluation of the MSEP program; (2) Data on the new partnerships undertaken as a result of the evaluation; and (3) Data on the utility of the MSEP program.

24-hour child care (sec. 588)

The House bill contained a provision (sec. 565) that would require the Secretary of Defense to provide childcare to a member of the Armed Forces or civilian employee of the Department of Defense while working a rotating shift at a military installation, if determined feasible.

The Senate amendment contained a similar provision (sec. 1067).

The Senate recedes with an amendment that would require the Secretary of Defense to provide childcare to a member of the

Armed Forces or civilian employee of the Department of Defense while working a rotating shift at a military installation, if determined feasible after completing a feasibility study and a subsequent report to the Committees on Armed Services of the Senate and the House of Representatives.

Pilot program to provide financial assistance to members of the Armed Forces for in-home child care (sec. 589)

The House bill contained a provision (sec. 563) that would amend section 1798 of title 10, United States Code, expanding the childcare financial assistance program to include in-home childcare providers.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to establish a pilot program to provide financial assistance to members of the Armed Forces who pay for in-home childcare providers.

Certain assistance to local educational agencies that benefit dependents of military and civilian personnel (sec. 589A)

The House bill contained a provision (sec. 570) that would authorize \$40.0 million to provide assistance to local educational agencies with military dependent students and \$10.0 million for local educational agencies eligible to receive a payment for children with severe disabilities.

The Senate amendment contained a provision (sec. 561) that would authorize \$50.0 million in Operation and Maintenance, Defense-wide, for continuation of the Department of Defense (DOD) assistance program to local educational agencies impacted by enrollment of dependent children of military members and DOD civilian employees.

The Senate amendment contained another provision (sec. 562) that would authorize a total of \$20.0 million in Operation and Maintenance, Defense-wide, for impact aid payments for children with severe disabilities (as enacted by Public Law 106-398; 114 Stat. 1654A-77; 20 U.S.C. 7703a) using the formula set forth in section 363 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Public Law 106-398), for continuation of DOD assistance to local educational agencies that benefit eligible dependents with severe disabilities. Subsection (b) of the provision would allow the Secretary of Defense, at his discretion, to use \$10.0 million of the total amount authorized for payments to local educational agencies with higher concentrations of military children with severe disabilities. The provision would also require the Secretary of

Defense to brief the Committees on Armed Services of the Senate and the House of Representatives, not later than March 1, 2021, on DOD's evaluation of each local educational agency with higher concentrations of military children with severe disabilities and the subsequent determination of the amounts of impact aid each such agency shall receive.

The House recedes with an amendment that would combine the two Senate provisions into a single provision.

Staffing of Department of Defense Education Activity schools to maintain maximum student-to-teacher ratios (sec. 589B)

The Senate amendment contained a provision (sec. 563) that would establish maximum student-to-teacher ratios for Department of Defense Education Activity schools through the 2023-2024 school year.

The House bill contained no similar provision.

The House recedes.

Pilot program to expand eligibility for enrollment at domestic dependent elementary and secondary schools (sec. 589C)

The House bill contained a provision (sec. 569) that would require the Secretary of Defense, beginning not later than 180 days after the date of the enactment of this Act, to carry out a pilot program to authorize a dependent of a full-time Active-Duty servicemember, without regard to whether the member resides on a military installation, to enroll in a domestic Department of Defense Education Activity school on a space-available basis.

The Senate amendment contained a similar provision (sec. 566).

The Senate recedes.

Pilot program on expanded eligibility for Department of Defense Education Activity Virtual High School program (sec. 589D)

The Senate amendment contained a provision (sec. 565) that would require the Secretary of Defense to carry out a 4-year pilot program that would permit certain dependents of Active-Duty servicemembers to enroll in the Department of Defense Education Activity Virtual High School (DVHS) program. The provision would prescribe the selection of DVHS participants and limitations on the program. Additionally, the provision would require the Secretary to submit an interim report on the pilot program no more than 2 years after the date of the enactment of this Act to the Committees on Armed Services of the Senate and the House of Representatives and a final report to the same

committees no more than 180 days after completion of the program.

The House bill contained no similar provision.

The House recedes.

Training program regarding foreign malign influence campaigns (sec. 589E)

The House bill contained a provision (sec. 570B) that would require the Secretary of Defense to establish a training program regarding foreign disinformation campaigns not later than September 30, 2021. The provision would also require the Secretary to submit a report on the program to the congressional defense committees not later than October 30, 2021.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to designate an official with responsibility for coordinating and integrating across all elements of Department of Defense training on foreign disinformation and malign influence campaigns. The designated official will review best practices of existing training programs and seek to incorporate those practices into the program established under this section.

Study on cyberexploitation and online deception of members of the Armed Forces and their families (sec. 589F)

The House bill contained a provision (sec. 17010K) that would require the Comptroller General of the United States to submit to the Congress a report on social media risks for servicemembers, military families, and veterans.

The Senate amendment contained a similar provision (sec. 1643) that would require the Secretary of Defense to provide a report to the Committees on Armed Services of the Senate and the House of Representatives on the cyberexploitation of the personal information and accounts of servicemembers and their families.

The Senate recedes with an amendment that would require the Secretary of Defense to complete a study and provide a report to the Committees on Armed Services of the Senate and the House of Representatives on cyberexploitation and risks of deceptive online targeting on servicemembers and their families.

Matters relating to education for military dependent students with special needs (sec. 589G)

The Senate amendment contained a provision (sec. 564) that would require each of the Secretaries of the military departments to collect and maintain information on special education disputes filed by servicemembers and the outcomes of such disputes. Additionally, the provision would require the Comptroller General of the United States to conduct a study and brief the Committees on Armed Services of the Senate and the House of Representatives, no later than March 31, 2021, on matters related to free appropriate public education for military dependents and Exceptional Family Member Program (EFMP) matters.

The House bill contained no similar provision.

The House recedes with an amendment that would require each of the Secretaries of the military departments to collect and maintain information on special education disputes filed by servicemembers and the outcomes of such disputes. Additionally, the provision would require the Comptroller General of the United States to conduct a study and brief the Committees on Armed Services of the Senate and the House of Representatives, not later than March 31, 2021, on: (1) The manner in which local educational agencies with military families utilize impact aid funds; (2) The efficacy of attorney and other legal support for military families in special education disputes; (3) The standardization of policies and guidance for school liaison officers between the Office of Special Needs of the Department of Defense (DOD) and the military departments and the efficacy of such policies and guidance; and (4) The improvements of family support programs of the Office of Special Needs, and of each military department, in light of the recommendations of the Comptroller General in the report titled "DOD Should Improve Its Oversight of the Exceptional Family Member Program" (GAO-18-348).

The conferees encourage the DOD to create and maintain relationships with the local Boards of Education near military installations in order to facilitate processes to ensure military family education dispute data can be adequately reported.

Studies and reports on the performance of the Department of Defense Education Activity (sec. 589H)

The House bill contained a provision (sec. 567) that would require the Secretary of Defense to conduct a study on the performance of the Department of Defense Education Activity (DODEA) and to provide a report on the findings of the study to the Committees on Armed Services of the Senate and the House of

Representatives within 180 days of the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to conduct a study and submit a report to the Committees on Armed Services of the Senate and the House of Representatives, within 1 year of the date of the enactment of this Act, on the performance of DODEA that would include a review of the curriculum relating to health, resiliency, and nutrition taught in its schools. The provision would also require the Comptroller General of the United States to conduct two separate studies on the performance of DODEA: (1) Analyzing the educational outcomes of its students compared to such outcomes of students in public elementary and secondary schools; and (2) Assessing DODEA's School Liaison Officer program in achieving program goals with emphasis on special education and family outreach. The Comptroller General would then submit reports on such studies to the same committees within 1 year of the date of the enactment of this Act.

SUBTITLE J—OTHER MATTERS AND REPORTS

Expansion of Department of Defense STARBASE Program (sec. 591)

The House bill contained a provision (sec. 591) that would amend section 2193b of title 10, United States Code, to expand the Department of Defense STARBASE program to include art and design as technical fields in the program.

The Senate amendment contained no similar provision.

The Senate recedes.

Inclusion of certain outlying areas in the Department of Defense STARBASE Program (sec. 592)

The House bill contained a provision (sec. 592) that would amend section 2193b(h) of title 10, United States Code, to include the Commonwealth of the Northern Mariana Islands and American Samoa in the Department of Defense STARBASE program.

The Senate amendment contained a similar provision (sec. 548).

The Senate recedes.

Postponement of conditional designation of Explosive Ordnance Disposal Corps as a basic branch of the Army (sec. 593)

The House bill contained a provision (sec. 599A) that would amend section 582(b) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) by postponing the conditional designation of Explosive Ordnance Disposal Corps as a basic branch of the Army.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Armed Services Vocational Aptitude Battery Test special purpose adjunct to address computational thinking (sec. 594)

The Senate amendment contained a provision (sec. 239) that would require the Secretary of Defense, within 1 year of enactment of this Act, to establish a special purpose test adjunct to the Armed Services Vocational Aptitude Battery test to address computational thinking skills relevant to military applications.

The House bill contained no similar provision.

The House recedes with an amendment that would require the establishment of a computational thinking special purpose test by October 1, 2024.

Extension of reporting deadline for the annual report on the assessment of the effectiveness of activities of the Federal Voting Assistance Program (sec. 595)

The Senate amendment contained a provision (sec. 589) that would amend section 105A(b) of the Uniformed and Overseas Citizens Absentee Voting Act (52 U.S.C. 20308(b)) to change the deadline to submit the annual report on the effectiveness of activities of the Federal Voting Assistance Program from March 31 of every year to September 30 of odd-numbered years. The provision also would clarify that the information submitted in the report should cover the previous calendar year to align with regularly scheduled elections for Federal office.

The House bill contained no similar provision.

The House recedes.

Plan on performance of funeral honors details by members of other Armed Forces when members of the Armed Force of the deceased are unavailable (sec. 596)

The Senate amendment contained a provision (sec. 591) that would require the Secretary of Defense, within 180 days of the date of the enactment of this Act, to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on a plan for the performance of funeral honors

functions at the funeral of a deceased member of the Armed Forces by one or more members of the Armed Force of the deceased or by such other servicemembers or organizations as described in the provision. The provision would amend section 1491(b)(2) of title 10, United States Code, to repeal the requirement that one member of the Armed Force of the deceased be a member of the funeral detail.

The House bill contained no similar provision.

The House recedes with an amendment that would require the military service chief of the Armed Force of the deceased to verify the eligibility of the deceased for such funeral honors.

Study on financial impacts of the Coronavirus Disease 2019 on members of the Armed Forces and best practices to prevent future financial hardships (sec. 597)

The House bill contained a provision (sec. 593) that would require the Secretary of Defense to conduct a study and provide a report to the Committees on Armed Services of the Senate and the House of Representatives on the financial hardships experienced by members of the Armed Forces because of the Coronavirus Disease 2019 pandemic.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Limitation on implementation of Army Combat Fitness Test (sec. 598)

The Senate amendment contained a provision (sec. 592) that would prohibit the Secretary of the Army from implementing the Army Combat Fitness Test (ACFT) until the Secretary receives the results of a study from an independent entity on the extent that the test: (1) Would adversely impact Army members stationed or deployed to climates or areas with conditions that would prevent outdoor physical training on a frequent or sustained basis; and (2) Would affect recruitment and retention in critical support military occupational specialties of the Army, such as medical personnel.

The House bill contained no similar provision.

The House recedes with a technical amendment.

The conferees are concerned about the Department of the Army's implementation plans for the ACFT prior to completion of an objective assessment of its efficacy and the potential adverse impact this test will have on different demographics in the Army. Limited data from the Army's administration of this test so far suggest a consistent test failure rate of 60 percent

for women, and in fiscal year 2019, 83 percent of women failed the leg tuck portion of the test.

The conferees question the validity of certain portions of the ACFT, such as the leg tuck, to predict a soldier's success to perform the actual, regular, and recurring duties of their military occupations. Moreover, in a RAND study that evaluated gender-neutral physical standards for ground combat operations, the authors explained equitability in the context of physical standards stating that "test validity should not differ among relevant subgroups (such as gender and race), and test scores should be unbiased (i.e., two people who receive the same test score should have the same likelihood of success on the job, regardless of subgroup)." Therefore, the conferees believe the ACFT fails to meet most of the requirements for a valid, unbiased gender-neutral fitness test, and it likely disincentivizes female soldiers and soldiers in certain military occupations, such as physicians and chaplains, from serving full military careers.

For these reasons, the Army shall not implement the ACFT until completion of an evaluation by an independent entity of the test's validity and its impact on differing demographics in the Army. The conferees agree, however, that the Army may continue to train for and administer the ACFT to gather data to be shared with an independent entity conducting the study required by this provision. The results of such tests shall not be recorded in any personnel record or system of records that identify the soldiers who took the tests.

Semiannual reports on implementation of recommendations of the Comprehensive Review of Special Operations Forces Culture and Ethics (sec. 599)

The Senate amendment contained a provision (sec. 544) that would require the Assistant Secretary of Defense for Special Operations and Low Intensity Conflict to provide quarterly reports on the implementation of the Comprehensive Review of Special Operations Forces Culture and Ethics.

The House bill contained no similar provision.

The House recedes with an amendment that would make minor modifications to the required reports.

Report on impact of children of certain Filipino World War II veterans on national security, foreign policy, and economic and humanitarian interests of the United States (sec. 599A)

The Senate amendment contained a provision (sec. 593) that would require the Secretary of Homeland Security, in

consultation with the Secretary of Defense and the Secretary of State, to submit to the congressional defense committees not later than December 31, 2020, a report on the impact of certain Filipino World War II veterans on the national security, foreign policy, and economic and humanitarian interests of the United States.

The House bill contained no similar provision.

The House recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Repeal of codified specification of authorized strengths of certain commissioned officers on active duty

The Senate amendment contained a provision (sec. 501) that amend section 523 of title 10, United States Code, to require that the number of officers serving on Active Duty in the grades of major, lieutenant colonel, and colonel in the Army, Air Force, and Marine Corps or lieutenant commander, commander, and captain in the Navy in a given fiscal year be specifically authorized by the Congress.

The House bill contained no similar provision.

The Senate recedes.

Requirement of consent of the chief executive officer for certain full-time National Guard duty performed in a State, Territory, or the District of Columbia

The House bill contained a provision (sec. 513) that would amend section 502 of title 32, United States Code, to require the consent of the chief executive officer of a State to order a member of the National Guard to perform training or other duty inside the United States.

The Senate amendment contained no similar provision.

The House recedes.

Certificate of release or discharge from Active Duty (DD Form 214) matters

The Senate amendment contained a provision (sec. 518) that would require the Department of Defense Form DD 214 to be redesignated as the Certificate of Military Service. The provision would also amend section 569 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to require the Certificate of Military Service to be a standard total force record of military service for all members of the Armed Forces that summarizes the record of service for each

member and to require that the Certificate of Military Service be provided to members of the reserve components of the Armed Forces at appropriate times throughout a servicemember's career. Lastly, the provision would repeal section 570 of the National Defense Authorization Act for Fiscal Year 2020.

The House bill contained no similar provision.

The Senate recesses.

The conferees note that the Department of Defense is currently working to establish and implement a standard record of service for members of the reserve components, as required by section 570 of last year's defense bill, which will summarize the record of service of each member in standardized form, sufficient to ensure that reserve component members may prove their eligibility for veteran benefits to which they are entitled. The Department plans to finalize this form next year. The conferees urge the Department to comply with section 570 as expeditiously as possible. The conferees will continue to track the Department's progress on this important initiative, and remain open to future legislation if needed to ensure members of the reserve components have accurate and up-to-date records of their military service.

Report regarding National Guard Youth Challenge Program

The House bill contained a provision (sec. 520E) that would require the Secretary of Defense to submit a report on the resources and authorities the Secretary determines necessary to identify the effects on graduates of the National Guard Youth Challenge Program over the last 5 years.

The Senate amendment contained no similar provision.

The House recesses.

The conferees note that section 509 of title 32, United States Code, requires the Department of Defense to submit annually a report on the National Guard Youth Challenge Program to the Committees on Armed Services of the Senate and the House of Representatives. The required report measures long-term outcomes of program participants.

Reenlistment waivers for persons separated from the Armed Forces who commit one misdemeanor cannabis offense

The House bill contained a provision (sec. 522) that would require the Secretary of Defense to prescribe regulations permitting the Secretary of a military department to grant a reenlistment waiver to an individual who has separated from the

military and has admitted to, or been convicted by a court of, a single violation of laws related to marijuana use or possession if the Secretary concerned determines that the reenlistment of the individual is vital to the national interest.

The Senate amendment contained no similar provision.

The House recesses.

The conferees note the secretaries of the military departments have the authority to allow for enlistment and reenlistment with waivers for cannabis use based on the needs of the military department. The conferees encourage the secretaries of the military departments to use their authority as appropriate to ensure the military departments are not excluding talent from the pool of eligible individuals who volunteer to serve.

Development of guidelines for use of unofficial sources of information to determine eligibility of members and former members of the Armed Forces for decorations and benefits when the service records are incomplete because of damage to the official record

The House bill contained a provision (sec. 525) that would amend section 528 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to require the Secretary of Defense, in consultation with the Secretary of Veterans Affairs, to develop guidelines for the use of unofficial sources of information to determine the eligibility of a servicemember for benefits and decorations when the service records are incomplete because of damage to the records.

The Senate amendment contained no similar provision.

The House recesses.

Report on bad paper

The House bill contained a provision (sec. 526) that would require the Inspector General of the Department of Defense to submit to the Committees on Armed Services of the Senate and the House of Representatives a report regarding "bad paper" issued by the Department of Defense during the 20 years preceding the date of the report.

The Senate amendment contained no similar provision.

The House recesses.

Punitive article on violent extremism

The House bill contained a provision (sec. 531) that would amend chapter 47 of title 10, United States Code, by

establishing an article on violent extremism in the Uniform Code of Military Justice.

The Senate amendment contained no similar provision.

The House recesses.

The conferees are increasingly concerned with the number of recent violent extremist activities which involve members and former members of the military. The conferees believe that a punitive article under the Uniform Code of Military Justice to prohibit violent extremist criminal acts may be appropriate to deter and prosecute this behavior within the Armed Services.

Electronic notarization for members of the Armed Forces

The House bill contained a provision (sec. 533) that would amend section 1044a of title 10, United States Code, to authorize electronic notarization and require that such notarial acts be considered authentic without regard to whether the act was performed through electronic means.

The Senate amendment contained no similar provision

The House recesses.

The conferees direct the Secretary of Defense, in coordination with the Secretaries of the military departments, to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives, detailing as to each military service: (1) How notaries are currently designated; (2) Whether and how the notary pool could be expanded to address hardships; (3) A cost assessment associated with a potential transition to electronic notarization in terms of any required cyber secure validation platforms, manning, and other related costs or savings; and (4) The effects of authorizing electronic notarization by military notaries when many states do not recognize such a practice.

Clarifications regarding scope of employment and reemployment rights of members of the uniformed services

The House bill contained a provision (sec. 534) that would amend the Uniformed Services Employment and Reemployment Rights Act of 1994 (38 U.S.C. 43) to clarify the scope of employment and unemployment rights for servicemembers under that Act.

The Senate amendment contained no similar provision.

The House recesses.

Termination of telephone, multichannel video programming, and internet access service contracts by servicemembers who enter into contracts after receiving military orders for permanent

change of station but then receive stop movement orders due to an emergency situation

The House bill contained a provision (sec. 535) that would amend section 3956 of title 50, United States Code, to authorize a servicemember to terminate certain service contracts if the servicemember's permanent change of station orders are disrupted by an emergency stop movement order issued by the Secretary of Defense.

The Senate amendment contained no similar provision.

The House recedes.

The conferees understand the Committees on Veterans' Affairs of the Senate and the House of Representatives are currently considering this provision under separate legislation. The conferees recognize the value of this authority in light of the disruption servicemembers are currently experiencing due to the coronavirus pandemic, and support the adoption of this provision by the relevant committees of jurisdiction as soon as possible.

Absentee ballot tracking program

The House bill contained a provision (sec. 536) that would amend section 20302 of title 52, United States Code, to require the chief State election official, in coordination with local election jurisdictions, to establish and operate an absentee ballot tracking program.

The Senate amendment contained no similar provision.

The House recedes.

Guardian ad litem program for minor dependents of members of the Armed Forces

The Senate amendment contained a provision (sec. 536) that would amend section 540L of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) by adding an element to the report on the establishment of a guardian ad litem program for certain military dependents who are victims or witnesses of offenses under the Uniform Code of Military Justice involving abuse or exploitation.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that the Department of Defense is completing its report on the guardian ad litem program and asks that the Secretary of Defense assess and brief the Committees on Armed Services of the Senate and the House of Representatives regarding the feasibility and advisability of establishing a

guardian ad litem program for military dependents living outside the United States.

Tracking mechanism and reporting requirements for supremacist, extremist, and criminal gang activity in the Armed Forces

The House bill contained a provision (sec. 537) that would require the Secretary of Defense to develop and implement a process to track investigations, criminal and administrative actions, and final determinations with respect to conduct of members of the Armed Forces that is prohibited under Department of Defense Instruction 1325.06, entitled "Handling Dissident and Protest Activities Among Members of the Armed Forces." The provision would also require the Secretary of Defense to submit to the Committees on Armed Services of the Senate and the House of Representatives, not later than December 1 of each year, beginning after the date of the enactment of this Act, a report on the process implemented by the Secretary.

The Senate amendment contained no similar provision.

The House recedes.

To resolve controversies under Servicemembers Civil Relief Act

The House bill included a provision (sec. 540A) that would amend the Servicemembers Civil Relief Act (50 U.S.C. 50) to modify certain aspects of how controversies under that Act are resolved.

The Senate amendment contained no similar provision.

The House recedes.

Limitation on waiver of rights and protections under Servicemembers Civil Relief Act

The House bill contained a provision (sec. 540B) that would modify existing law to prohibit a servicemember's waiver of rights under the Servicemembers Civil Relief Act (Public Law 108-189) (SCRA), unless the servicemember executes the waiver only after a specific dispute arises and the waiver specifically references the dispute at issue. Current law permits a servicemember to waive SCRA protections only if the waiver is in writing (in at least 12 point font), and only if the written waiver is separate from the contract or lease to which it applies.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Comptroller General of the United States to conduct a review and holistic assessment of the effects of the timing, content, and form of a servicemember's waiver of rights and protections under the SCRA, as required by Section 107(a) of the Act (50 U.S.C. 3918(a)), and, not later than May 31, 2021, submit a report to the Committees on Armed Services of the Senate and the House of Representatives on the effect of these requirements in ensuring that any waiver executed by a servicemember in a covered case is knowing and voluntary. The results and data expected from the report will inform the need for change, if any, in the requirements attending a servicemember's waiver of rights in covered cases under the SCRA.

Clarification of private right of action under Servicemembers Civil Relief Act

The House bill contained a provision (sec. 540C) that would allow a servicemember to exercise a private right of action under the Servicemembers Civil Relief Act (Public Law 108-189) (SCRA) by initiating an individual or class action suit in a court of law, even if the servicemember had previously signed an agreement not to do so.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Comptroller General of the United States to conduct a review and holistic assessment of servicemembers' use of the right to bring a private right of action under the SCRA, as provided in section 802(a) of the Act (50 U.S.C. 4042(a)), and, not later than May 31, 2021, submit a report to the Committees on Armed Services of the Senate and the House of Representatives with an assessment of the efficacy and propriety of permitting a servicemember to initiate a private right of action, notwithstanding the servicemember's prior waiver of the right to do so. The results and data expected from the report will inform the need for change, if any, in the right of a servicemember to bring a private right of action under the SCRA.

Requirement of certain certification before deportation of a spouse of a member of the Armed Forces

The House bill contained a provision (sec. 540D) that would prohibit the removal of the spouse of a member of the Armed Forces from the United States until the Secretary concerned provides certain certifications to the congressional defense committees.

The Senate amendment contained no similar provision.
The House recedes.

Prohibition on certain communications regarding courts-martial

The House bill contained a provision (sec. 540G) that would prohibit certain communications regarding courts-martial.
The Senate amendment contained no similar provision.
The House recedes.

Termination of contracts for telephone, multichannel video programming, or internet access service by certain individuals under Servicemembers Civil Relief Act

The House bill contained a provision (sec. 540H) that would amend section 3956 of title 50, United States Code, to authorize the spouse or dependent of a servicemember to terminate certain service contracts on behalf of a servicemember if the servicemember is incapable of such actions due to a catastrophic injury, illness, or death.

The Senate amendment contained no similar provision.
The House recedes.

The conferees understand the Committees on Veterans' Affairs of the Senate and the House of Representatives are considering this provision as part of separate legislation under their jurisdiction. The conferees support this provision and encourage its quick adoption by the relevant committees of jurisdiction.

Report on drug demand reduction program modernization

The House bill contained a provision (sec. 540I) that would require, not later than 180 days after the date of the enactment of this Act, the Secretary of Defense to deliver a report to the Committees on Armed Services of the Senate and the House of Representatives regarding the efficacy of using point of collection testing (POCT) devices to modernize the drug demand reduction program (DDRP) random urinalysis testing.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the Secretary of Defense, not later than 180 days after the date of enactment of this Act, to provide to the Committees on Armed Services of the Senate and the House of Representatives a briefing on the efficacy of using POCT devices to modernize the DDRP random urinalysis testing. The report shall include the following:

(1) The extent to which the use of POCT devices may streamline current urinalysis testing processes and communications, while maintaining specimen chain of custody for use in associated administrative and military justice activities, if needed;

(2) An assessment of the effectiveness of the POCT devices for DDRP random urinalysis testing while ensuring specimen chain of custody;

(3) A 10-year projection and assessment of the anticipated cost savings with the use of POCT devices in the DDRP random urinalysis testing, including a description of the methodology used for calculating the 10-year cost projection;

(4) An assessment of any other suggested changes to modernize the DDRP program;

(5) A summary of any programmatic or logistical barriers to effectively carrying out the use of POCT devices in the DDRP testing;

(6) A definition of POCT; and

(7) Any other matters deemed relevant by the Secretary.

Protection of attorney-client privilege between victims and Special Victims' Counsel

The House bill contained a provision (sec. 541) that would amend subsection (c) of section 1044e of title 10, United States Code, to define the relationship between the Special Victims' Counsel (SVC) and a victim in the provision of legal advice as the relationship between an attorney and a client. It would also provide that, during any criminal legal proceeding in which a SVC is asked to testify or give evidence, the SVC shall be given the same consideration as counsel for the Government and counsel for the accused. The provision would also require, not later than 180 days after the date of the enactment of this Act, that Rule 502 of the Military Rules of Evidence be modified to provide that the privilege between a SVC and a client shall be the same as lawyer-client privilege.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the relationship between a Special Victims' Counsel and an alleged victim in the provision of legal advice and assistance is that of an attorney and a client and is afforded the same privilege as every other attorney-client relationship.

Authority of military judges and military magistrates to issue military court protective orders

The House bill contained a provision (sec. 542) that would amend chapter 80 of title 10, United States Code, to authorize military magistrates and military judges to issue military court protective orders for the purpose of protecting a victim of an alleged sex or domestic violence offense, or a family member or associate of the victim, from a person subject to the Uniform Code of Military Justice.

The Senate amendment contained no similar provision.

The House recedes.

Briefing on standardization and potential merger of law enforcement training for military and civilian personnel across the Department of Defense

The Senate amendment contained a provision (sec. 543) that would require the Secretary of Defense to submit a report on the standardization and potential merger of law enforcement training for military and civilian personnel across the Department of Defense not later than June 8, 2021.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to brief the Committees on Armed Services of the Senate and the House of Representatives, not later than June 8, 2021, on the standardization and potential merger of law enforcement training for military and civilian personnel across the Department of Defense, including training of military or civilian personnel of the Department designated in accordance with section 2762 of title 10, United States Code, to protect buildings, grounds, and property under the jurisdiction, custody, or control of the Department and the persons on such property. In developing the briefing, the Secretary shall do and include in the brief the results of the following:

(1) Identify and assess current law enforcement training courses, schools, and programs of the Armed Forces that have the flexibility and capacity to support the training referred to in subsection (a) of the Senate provision through common training standards;

(2) Identify and assess the current Department law enforcement training courses, schools, and programs that are affiliated with or accredited by third parties (including both governmental and private entities), including an assessment of the value derived from such affiliation or accreditation to the training referred to in subsection (a);

(3) Identify emerging law enforcement training requirements that are common among the Armed Forces and other

Department law enforcement components and are currently unmet by the Armed Forces or such components;

(4) Assess the feasibility, advisability, and suitability of incorporating standardized and merged field and operational training in military law enforcement mission areas, including area security operations, law and order operations, internment and resettlement operations, and police intelligence operations, in the training provided to all Armed Forces and other Department law enforcement components;

(5) Identify and assess Department courses, programs, or institutions with the capability to support law enforcement training or information sharing between Department military and civilian law enforcement components and State, county, and local law enforcement agencies, with the capability to support law enforcement components of the National Guard and other reserve components of the Armed Forces, or with both such capabilities;

(6) Assess the feasibility, advisability, and suitability of standardizing and merging the training for military and civilian personnel across the Department of Defense, including training of military or civilian personnel of the Department designated in accordance with section 2762 of title 10, United States Code, to protect buildings, grounds, and property under the jurisdiction, custody, or control of the Department and the persons on such property across the Department, including an assessment of the costs of such standardization and merger; and

(7) Any other matters the Secretary considers appropriate.

Question in workplace and gender relations surveys regarding prosecutions of sexual assault

The House bill contained a provision (sec. 549) that would require the Secretary of Defense to include, not later than 90 days after the date of the enactment of this Act, in the covered surveys a question regarding whether a member of the Armed Forces would be more willing to report a sexual assault if prosecution decisions were made by lawyers and not commanders.

The Senate amendment contained no similar provision.

The House recedes.

Report on sexual abuse and harassment of recruits during medical examinations prior to entry into the Armed Forces

The House bill contained a provision (sec. 550B) that would require the Secretary of Defense to submit a report on the

prevalence of sexual abuse and harassment of persons during the medical examinations that precede entry into the Armed Forces.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives, not later than 90 days after the date of the enactment of this Act, on the prevalence of sexual abuse and harassment of persons during medical examination that precedes entry into the Armed Forces. The briefing shall include information on the following:

(1) The number of incidents of sexual abuse or harassment that have been reported since 2000, if available;

(2) A description of the process by which the Department of Defense tracks the incidents of sexual abuse or harassment, if applicable;

(3) A plan to establish a process by which the Department tracks the incidents of sexual abuse or harassment, including of the medical professionals involved, if such a process does not exist;

(4) A plan to provide awareness training regarding sexual abuse and harassment provided to medical professionals who perform such examinations, if such training does not exist;

(5) A plan to provide recruits with information on their rights and responsibilities in the event they face sexual abuse and harassment that is incident to service but prior to starting service in the Armed Forces, if such information does not exist; and

(6) A description of the legal redress available to persons who experience such sexual abuse and harassment, including through the Uniform Code of Military Justice, for those who enter the Armed Forces.

*Pilot program on prosecution of special victim offenses
committed by attendees of military service academies*

The House bill contained a provision (sec. 550) that would require the Secretary of Defense to carry out a pilot program for the attendees of the military service academies that would establish an independent authority to review certain special victim offenses and determine whether such offenses shall be referred to trial by an appropriate court-martial convening authority, and would require trial by a randomized jury.

The Senate amendment contained no similar provision.

The House recedes.

Counseling in the Transition Assistance Program regarding sexual assault, sexual or gender harassment, and intimate partner violence

The House bill contained a provision (sec. 551) that would amend section 1142(b) of title 10, United States Code, to require counseling in the Transition Assistance Program (TAP) on health care furnished by the Secretary of Veterans Affairs for either survivors or victims of sexual assault, sexual or gender harassment, or intimate partner violence.

The Senate amendment contained no similar provision.
The House recedes.

The conferees note that current statutes require the TAP to provide information to participants on all Department of Veterans Affairs health benefits and resources, including mental health resources. Moreover, TAP briefings provide specific information on the health and mental health resources available to victims of harassment, intimate partner violence, and military sexual trauma.

Award or presentation of decorations favorably recommended following determination on merits of proposals for decorations not previously submitted in a timely fashion

The Senate amendment contained a provision (sec. 551) that would modify the process to award decorations following a favorable determination and authorize the Secretary of Defense to grant the award without requiring a legislative time waiver from Congress for each award.

The House bill contained no similar provision.
The Senate recedes.

The conferees note the importance of Congressional oversight of the process of authorizing time limitation waivers for certain valorous awards. The conferees emphasize to the Secretary of Defense that any waiver of time limitation for potential Medals of Honor be addressed by Congress in the National Defense Authorization Act. The conferees encourage the Secretary of Defense to develop a systematic process of transmitting information regarding the upgrade of valorous awards to Congress proactively to ensure these important award recommendations are granted the required waivers to time limitations in a timely manner and are funded in an appropriate manner.

The conferees direct the Secretary of Defense to brief the Committees on Armed Services of the Senate and the House of Representatives, not later than March 31, 2021, on mechanisms by which the process could be more effective. It should include but

not be limited to: (1) The feasibility of including valorous award recommendations with the President's Budget each fiscal year; (2) The feasibility of including funding in the President's Budget for the potential award upgrade recommendations that may be unplanned throughout the fiscal year; and (3) Data on the amount of congressionally-directed reviews and other reviews undertaken in the last 5 years including information on how many awards upgrades require legislation.

Report on regulations and procedures to implement programs on award of medals or commendations to handlers of military working dogs

The Senate amendment contained a provision (sec. 5551) that would require the Secretary of Defense to submit a report not later than 90 days after the date of the enactment of this Act to the Committees on Armed Services of the Senate and the House of Representatives on the regulations and procedures prescribed by the Secretaries of the military departments in order to implement the programs on the award of medals or other commendations to handlers of military working dogs required by section 582 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to provide a briefing, not later than 90 days after the date of the enactment of this Act, to the Committees on Armed Services of the Senate and the House of Representatives on the regulations and procedures prescribed in order to carry out the programs to award medals or other commendations to handlers of military working dogs required by section 582 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019.

Medical or administrative discharge as a pathway for counseling in the Transition Assistance Program

The House bill contained a provision (sec. 552) that would amend section 1142(c)(1) of title 10, United States Code, to include potential or confirmed medical discharge, or potential or confirmed involuntary separation of the servicemember, as a pathway for counseling in the Transition Assistance Program.

The Senate amendment contained no similar provision.

The House recedes.

Family dynamics as pathways for counseling in the Transition Assistance Program

The House bill contained a provision (sec. 553) that would amend section 1142(c)(1) of title 10, United States Code, to include certain family dynamics in the design of counseling pathways in the Transition Assistance Program.

The Senate amendment contained no similar provision.

The House recedes.

Defense Language Institute Foreign Language Center

The House bill contained a provision (sec. 555) that would amend section 2168 of title 10, United States Code, to authorize the Defense Language Institute Foreign Language Center to confer a Bachelor of Arts degree in foreign language upon any graduate who fulfills the degree requirements.

The Senate amendment contained no similar provision.

The House recedes.

The conferees are concerned about the growth in the number of Department of Defense entities requesting "degree granting authority." While post-secondary academic degrees are an important credential, the proliferation of these degrees degrades their value to students specifically and to the Department in general.

Therefore, the conferees request the Under Secretary of Defense for Personnel and Readiness provide a briefing by April 1, 2021, explaining the justification for the Defense Language Institute Foreign Language Center to award a Bachelor of Arts degree. Such briefing should include data on the current associate degree program and any other information the Under Secretary considers relevant.

Defense Language Institute Foreign Language Center

The House bill contained a provision (sec. 556) that would amend section 2168 of title 10, United States Code, to authorize the Defense Language Institute Foreign Language Center to confer a Bachelor of Arts degree in foreign language upon any graduate who fulfills the degree requirements.

The Senate amendment contained no similar provision.

The House recedes.

Participation of members of the reserve components of the Armed Forces in the Skillbridge program

The House bill contained a provision (sec. 560B) that would amend section 1143 of title 10, United States Code, to authorize members of the reserve component to be eligible for the Skillbridge program.

The Senate amendment contained no similar provision.

The House recedes.

Study regarding VA participation in TAP

The House bill contained a provision (sec. 560C) that would require the Secretary of Defense and the Secretary of Veterans Affairs to submit a report to the congressional defense committees and the Committees on Veterans Affairs of the Senate and the House of Representatives, not later than December 31, 2022, on the results of a study of the feasibility of having Veterans Affairs' representatives present during Transition Assistance Program (TAP) counseling sessions to establish eBenefits accounts for TAP participants.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that representatives from the Department of Veterans Affairs already participate in counseling sessions required under section 1142 of title 10, United States Code.

Transition outreach

The House bill contained a provision (sec. 560E) that would require the Secretary of Defense, in coordination with the Secretary of Veterans Affairs and the Secretary of Labor, to encourage contact between servicemembers participating in the Transition Assistance Program and local communities to promote employment opportunities for such members.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that section 570F of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) required the Secretary of Defense and the Secretary of Veterans Affairs to enter into memoranda of understanding or other agreements to transmit information from a servicemember's Department of Defense Form DD-2648 to one or more state veterans agencies to connect veterans with services in local communities such as resume assistance, employment interview training, and employment recruitment training.

Continued participation of separated members of the Armed Forces in Skillbridge programs

The House bill contained a provision (sec. 560F) that would amend section 1143(e) of title 10, United States Code, to authorize an eligible servicemember enrolled in Skillbridge programs, and who may be discharged or released from Active Duty, to continue participation in such programs until completion.

The Senate amendment contained no similar provision.

The House recedes.

The conferees believe that no obstacles exist for a discharged or separated servicemember to complete Skillbridge program training begun while on Active Duty. The conferees encourage continued employer participation in the Skillbridge program to help servicemembers gain full employment after they transition from Active Duty to veteran status.

Report on officer training in irregular warfare

The House bill contained a provision (sec. 560J) that would require the Secretary of Defense to submit to the appropriate congressional committees a report on the training in irregular warfare, if any, provided to officers of the Armed Forces as part of the regular course of instruction for such officers.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, not later than 180 days after the date of the enactment of this Act, to provide to the Committees on Armed Services of the Senate and the House of Representatives a briefing on the training in irregular warfare, if any, provided to officers of the Armed Forces as part of the regular course of instruction for such officers.

The briefing shall include the following: (1) The level of instruction in irregular warfare typically provided to officers; (2) The number of hours of instruction at each level; and (3) A description of the subject areas covered by the instruction. The report shall not include information on specialized or branch-specific training in irregular warfare provided to certain officers as part of a specialized course of instruction.

The conferees note that the term "irregular warfare" has the meaning given that term in the Joint Operating Concept of the Department of Defense titled "Irregular Warfare: Countering Irregular Threats", version 2.0, dated May 17, 2010.

Limited exception for attendance of enlisted personnel at senior level and intermediate level officer professional military education courses

The House bill contained a provision (sec. 560L) that would amend section 559 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to authorize, in certain circumstances, the attendance of enlisted personnel at senior and intermediate level officer professional military education.

The Senate amendment contained no similar provision.

The House recedes.

Limitation on eligibility of for-profit institutions to participate in educational assistance programs of the Department of Defense

The House bill contained a provision (sec. 560M) that would amend section 2006a of title 10, United States Code, to prohibit the Secretary of Defense from providing educational assistance funding to a proprietary institution of higher education that derives less than 10 percent of its revenue from non-Federal education assistance sources.

The Senate amendment contained no similar provision.

The House recedes.

Continuation of paid parental leave upon death of child

The House bill contained a provision (sec. 566) that would require the Secretary of Defense to amend regulations related to military parental leave to mandate primary and secondary caregiver parental leave that has already been approved shall not terminate upon the death of the child for whom such leave is taken.

The Senate amendment contained no similar provision.

The House recedes.

The conferees understand the grief and pain caused by the tragic death of a child. In cases of stillbirth or miscarriage, expectant military parents suffer a great emotional trauma and should be encouraged to take the time needed to recover before returning to full-time duty. The conferees believe the Department of Defense already has the authority to ensure servicemembers who are dealing with the death of child are able to take time off to care for themselves and their families.

Commanders are entrusted with the responsibility of taking care of their troops, which would include ensuring they have the ability to take leave to deal with the pain caused by the death

of a child. If it becomes clear that commanders are not performing as expected, the conferees remain open to considering future legislation in this area.

Comptroller General of the United States report on the structural condition of Department of Defense Education Activity schools

The House bill contained a provision (sec. 568) that would require the Comptroller General of the United States to conduct a study on the structural condition of Department of Defense Education Activity facilities and virtual infrastructure.

The Senate amendment contained an identical provision (sec. 567).

The conference agreement does not include either provision.

The conferees direct the Secretary of Defense to provide a report not later than November 1, 2021, to the congressional defense committees setting forth an assessment of the structural condition of schools of the Department of Defense Education Activity, both within the continental United States and outside the continental United States.

Separately, the conferees also direct the Comptroller General of the United States to conduct an assessment and provide a report not later than November 1, 2021, to the Committees on Armed Services of the Senate and the House of Representatives on the virtual learning infrastructure and environment at Department of Defense Education Activity schools when the physical structure cannot be used, including military families' perspectives about virtual learning.

The conferees note the Comptroller General has begun such an assessment in response to the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116-136) and request the Comptroller General submit said report to the Committees on Armed Services of the Senate and the House of Representatives.

Reopening of child care facilities of the Engineer Research and Development Center

The House bill contained a provision (sec. 570C) that would require the Secretary of the Army to reopen the childcare facilities of the Engineer Research and Development Center that were closed during fiscal year 2020.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the importance of communicating with the local community regarding closures of childcare facilities

and encourage the Secretaries of the military departments to ensure the childcare needs of servicemembers and Department of Defense civilians can be met by local childcare providers prior to closing a childcare facility.

Independent study and report on military spouse underemployment

The Senate amendment contained a provision (sec. 5571) that would require an independent study and report to be completed by a federally funded research and development center on military spouse underemployment.

The House bill contained no similar provision.

The Senate recedes.

Procedures of the Office of Special Needs for the development of individualized services plans for military families with special needs

The Senate amendment contained a provision (sec. 573) that would amend section 1781c(d)(4) of title 10, United States Code, to require that the policy of the Department of Defense Office of Special Needs must include requirements for the development and continuous updating by an appropriate office of an individualized services plan—whether medical, educational, or both—for each military family with special needs and procedures for the development of an individualized services plan for military family members with special needs who have requested family support services and have completed family needs assessments.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that this provision is included in section 582 of title 5 of this Act.

Report on demographics of officers appointed to certain grades

The House bill contained a provision (sec. 575) that would require each Secretary of a military department to submit to Congress an annual report summarizing the gender and race of each individual who received an original appointment under section 531 of title 10, United States Code, or was appointed to the grade of O-9 or O-10 pursuant to section 601 of title 10, United States Code, during the preceding fiscal year.

The Senate amendment contained no similar provision.

The House recedes.

Plans to increase female and minority representation in the Armed Forces

The House bill contained a provision (sec. 576) that would require the Secretary of Defense and each Secretary of a military department to develop plans to increase the recruiting, retention, and representation in senior enlisted and officer grades, of female and minority members of the Armed Forces and cadets or midshipmen. In addition, the provision would require each Secretary to provide periodic reports on progress toward achieving the goals established by each such plan.

The Senate amendment contained a similar provision (sec. 5516) that would require the Secretary of Defense to submit to the Congress a report setting forth a plan to implement and accomplish the recommendations set forth in the Government Accountability Office (GAO) report published on May 19, 2020, titled, ``Female Active-Duty Personnel: Guidance and Plans Needed for Recruitment and Retention Efforts'' (GAO-20-61).

The conference agreement does not include either provision.

Report to Congress on efforts to increase diversity and representation in film, television, and publishing

The House bill contained a provision (sec. 578) that would require the Secretary of Defense and each Secretary of a military department to promulgate a policy to promote the depiction of marginalized communities in projects with the film, television, and publishing industries carried out through their respective offices of public affairs. Further, the provision would require the Secretaries to submit to the Congress a report outlining the policies enacted and the activities undertaken pursuant to such policies.

The Senate amendment contained no similar provision.

The House recedes.

Eligibility of veterans of Operation End Sweep for Vietnam Service Medal

The House bill contained a provision (sec. 583) that would authorize the Secretary of the military department concerned to award the Vietnam Service Medal to a veteran who participated in Operation End Sweep, upon the application of that individual.

The Senate amendment contained no similar provision.

The House recedes.

The conferees recognize the distinguished service of veterans who participated in Operation End Sweep, from February

6, 1973, to July 18, 1973, undertaking the harrowing work of clearing sea mines laid in Vietnamese waters. The conferees value the meritorious performance of Operation End Sweep veterans following the cessation of military combat operations in Vietnam.

Briefing on the implementation of requirements on connections of retiring and separating members of the Armed Forces with community-based organizations and related entities

The Senate amendment contained a provision (sec. 5587) that would require the Secretary of Defense to provide a briefing on the current status of the implementation of section 570F of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The House bill contained no similar provision.

The Senate recedes.

Prohibition on charging for or counting certain acronyms on headstones of individuals interred at Arlington National Cemetery

The House bill contained a provision (sec. 593) that would require the Secretary of the Army to establish policies to prohibit the charging of a fee for or the counting towards the character or line count of certain acronyms on headstones for individuals interred at Arlington National Cemetery.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the U.S. Department of Veterans Affairs does not charge a fee for headstone inscriptions and currently allows for certain acronyms when there is space available on the headstone to accommodate these letters.

Sense of Congress regarding advertising recruiting efforts

The House bill contained a provision (sec. 595) that would express the sense of Congress that military recruiting commands should give all due consideration to the use of local broadcasting and traditional news publishers when advertising.

The Senate amendment contained no similar provision.

The House recedes.

Sense of Congress honoring the Dover Air Force Base, Delaware, home to the 436th airlift wing, the 512th airlift wing, and the Charles C. Carson Center for mortuary affairs

The House bill contained a provision (sec. 597) that would express the Sense of Congress honoring the servicemembers of Dover Air Force Base for their distinguished service and recognizing the incredibly unique and important work of the Air Force Mortuary Affairs Operations and the role they play in honoring our fallen heroes.

The Senate amendment contained no similar provision.

The House recedes.

The conferees recognize the distinguished service of the thousands of Active Duty military, reserve component, and civilian employees of Dover Air Force Base that comprise and support the 436th Airlift Wing, the 512th Airlift Wing, and the Air Force Mortuary Affairs Operations, and express sincerest gratitude for their unique and important work.

GAO study of women involuntarily separated or discharged due to pregnancy or parenthood

The House bill contained a provision (sec. 598) that would require the Comptroller General of the United States to conduct a study of women involuntarily separated or discharged from the Armed Forces due to pregnancy or parenthood from 1951 through 1976.

The Senate amendment contained no similar provision.

The House recedes.

Annual report regarding cost of living for members and employees of the Department of Defense

The House bill contained a provision (sec. 599B) that would amend section 136 of title 10, United States Code, to require the Under Secretary of Defense for Personnel and Readiness to submit to the Committees on Armed Services of the Senate and the House of Representatives an annual report on the cost of living for Department of Defense military and civilian personnel.

The Senate amendment contained no similar provision.

The House recedes.

Report on Preservation of the Force and Family Program of United States Special Operations Command

The House bill contained a provision (sec. 599C) that would require, not later than March 1, 2021, the Commander of United States Special Operations Command (SOCOM) to submit to the Committees on Armed Services of the Senate and the House of

Representatives a report on SOCOM's Preservation of the Force and Family Program (POTFF).

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict and the Commander of SOCOM, not later than March 1, 2021, to provide to the Committees on Armed Services of the Senate and the House of Representatives a report on POTFF. The report shall include the following:

(1) A description of the current structure of professional staff employed by the program;

(2) A comparison of the current mission requirements and the capabilities of existing personnel of the program;

(3) An analysis of any emergent needs or skill sets of the program; and

(4) A cost-benefit analysis of hiring, as specialists, the following:

(a) contractors;

(b) civilian full-time equivalent personnel; and

(c) members of the Armed Forces.

Report regarding transportation of remains of certain decedents by the Secretary of a military department

The House bill contained a provision (sec. 599) that would require the Secretary of Defense to submit a report to Congress, within 120 days of the date of the enactment of this Act, regarding transportation of remains of decedents under the jurisdiction of the Secretary of a military department pursuant to section 1481 of title 10, United States Code.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives, within 90 days of the date of the enactment of this Act, regarding the transportation of remains of decedents under the jurisdiction of the Secretary of a military department pursuant to section 1481 of title 10, United States Code.

GAO study of members absent without leave or on unauthorized absence

The House bill contained a provision (sec. 599D) that would require the Comptroller General of the United States to submit a report to the Committees on Armed Services of the

Senate and the House of Representatives on the results of a study regarding how the Armed Forces handle cases of members absent without leave or on unauthorized absence.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Comptroller General of the United States to provide a report to the Committees on Armed Services of the Senate and the House of Representatives on the results of a study detailing how the Armed Forces handle cases of members absent without leave or on unauthorized absence. The report shall include:

(1) The procedures, guidelines or practices employed by each Armed Force for the identification and investigation of:

(a) voluntary absences;

(b) involuntary absences that may involve foul play, accident, or other intervening factor; and

(c) involuntary absences wherein the member may be in danger or some other form of distress;

(2) The procedures, guidelines or practices for cooperation and coordination between military authorities, local law enforcement agencies, and Federal law enforcement agencies;

(3) The procedures, guidelines or practices for use of media, including social media, in conjunction with such cases;

(4) Military resources available for such cases and any apparent shortfalls in such resources;

(5) Variances in procedures, guidelines or practices for such cases between the Armed Forces;

(6) Variances between the procedures, guidelines or practices described in paragraph (5) and those generally employed by civilian law enforcement;

(7) Best practices and recommendations for responding to and investigating such cases; and

(8) Any other matter the Comptroller General determines appropriate.

The conferees direct the Comptroller General to provide preliminary observations no later than March 31, 2021 with a final report to follow at an agreed upon date.

TITLE VI—MILITARY COMPENSATION

SUBTITLE A—PAY AND ALLOWANCES

Increase in basic pay (sec. 601)

The House bill contained a provision (sec. 601) that would authorize a 3.0 percent increase in basic pay rates for members of the uniformed services.

The Senate amendment contained no similar provision.

The Senate recesses.

Compensation and credit for retired pay purposes for maternity leave taken by members of the reserve components (sec. 602)

The House bill contained a provision (sec. 606) that would amend section 206 of title 37, United States Code, to authorize 1/30th of the basic pay authorized for a member of a uniformed service for each 6 day period during which a member of the reserve component is on maternity leave. The provision would also require that each period of maternity leave taken by a member of the reserve component in connection with the birth of a child shall count toward the member's entitlement to retired pay.

The Senate amendment contained an identical provision (sec. 603).

The conference agreement includes this provision.

Provision of information regarding SCRA to members who receive basic allowance for housing (sec. 603)

The House bill contained a provision (sec. 642) that would amend section 403 of title 37, United States Code, to require the Secretary of Defense to provide information on the rights and protections available to military personnel under the Servicemembers Civil Relief Act to servicemembers who receive Basic Allowance for Housing.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would require the Secretary concerned to provide information on the Servicemembers Civil Relief Act when a servicemember first receives a Basic Allowance for Housing and each time a servicemember receives a permanent change of station.

Reorganization of certain allowances other than travel and transportation allowances (sec. 604)

The House bill contained a provision (sec. 603) that would amend chapter 7 of title 37, United States Code, to authorize the Department of Defense to continue making payments beyond fiscal year 2022 for per diem while on duty outside the continental United States and for funeral honors duties.

The Senate amendment contained a similar provision (sec. 601).

The Senate recedes.

Expansion of travel and transportation allowances to include fares and tolls (sec. 605)

The House bill contained a provision (sec. 605) that would amend section 206 of title 37, United States Code, to authorize the Department of Defense to reimburse authorized travelers for fares and tolls incurred in connection with official travel.

The Senate amendment contained no similar provision.

The Senate recedes.

One-time uniform allowance for officers who transfer to the Space Force (sec. 606)

The House bill contained a provision (sec. 926) that would allow the Secretary of the Air Force to provide to servicemembers transferring into the Space Force a reimbursement for the purchase of required uniforms and equipment.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

The conferees acknowledge that the clothing allowance for enlisted members is authorized in section 418 of title 37, United States Code.

SUBTITLE B—BONUSES AND SPECIAL INCENTIVE PAYS

One-year extension of certain expiring bonus and special pay authorities (sec. 611)

The House bill contained a provision (sec. 611) that would extend, through December 31, 2021, various expiring bonus and special pay authorities for military personnel. The provision would extend special pay and bonus authority for reserve personnel, military healthcare professionals, and nuclear officers and consolidated pay authorities for officer and enlisted personnel. The provision would also extend the authority to provide temporary increases in the rate of Basic Allowance for Housing in certain circumstances.

The Senate amendment contained an identical provision (sec. 611).

The conference agreement includes this provision.

Increase in special and incentive pays for officers in health professions (sec. 612)

The Senate amendment contained a provision (sec. 612) that would amend subparagraphs (A) through (E) of section 335(e)(1) of title 37, United States Code, to increase the maximum amounts of special and incentive pays for military health professions officers.

The House bill contained no similar provision.

The House recedes with an amendment that would make such special and incentive pays payable pursuant to agreements entered into on or after the date of the enactment of this Act.

Increase in certain hazardous duty incentive pay from members of the uniformed services (sec. 613)

The House bill contained a provision (sec. 612) that would amend section 351 of title 37, United States Code, to increase the maximum allowable payment to \$275 per month for hazardous duty designated by the Secretary concerned or for duty in an imminent danger area as determined by the Secretary concerned.

The Senate amendment contained no similar provision.

The Senate recedes.

Payment of hazardous duty incentive pay for members of the uniformed services (sec. 614)

The House bill contained a provision (sec. 613) that would amend section 351 of title 37, United States Code, to require that all hazardous duty pay be paid on a monthly basis.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend section 351 of title 37, United States Code, to provide authority for the Secretary of a military department to pay hazardous duty pay on a prorated or monthly basis.

Clarification of 30 days of continuous duty on board a ship required for family separation allowance for members of the uniformed services (sec. 615)

The House bill contained a provision (sec. 614) that would amend section 427 of title 37, United States Code, to authorize the payment of family separation allowance for servicemembers who are under orders to remain on board a ship while at home port.

The Senate amendment contained no similar provision.

The Senate recedes.

SUBTITLE C—DISABILITY PAY, RETIRED PAY, AND FAMILY AND SURVIVOR BENEFITS

Modernization and clarification of payment of certain Reserves while on duty (sec. 621)

The Senate amendment contained a provision (sec. 622) that would amend section 12316 of title 10, United States Code, to modify the existing priority of payments so that a Reservist, who is entitled to retired or retainer pay and who performs paid reserve duty, would receive compensation for the reserve duty unless the Reservist elects to waive that compensation to receive the retired or retainer pay.

The House bill contained no similar provision.

The House recedes.

Restatement and clarification of authority to reimburse members for spouse relicensing costs pursuant to a permanent change of station (sec. 622)

The House bill contained a provision (sec. 615) that would expand reimbursable state licensure and certification costs for a military spouse arising from relocation.

The Senate amendment contained a similar provision (sec. 574) that would amend section 453 of title 37, United States Code, to authorize the Secretaries of the military departments to reimburse a servicemember of the Armed Forces for the qualified relicensing or credentialing costs of his or her spouse. The provision would repeal the expiring authority in section 476(p) of title 37, United States Code.

The House recedes with a technical amendment.

Expansion of death gratuity for ROTC graduates (sec. 623)

The House bill contained a provision (sec. 622) that would amend section 623 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to make the provision effective as of May 1, 2017.

The Senate amendment contained a similar provision (sec. 623).

The Senate recedes.

Expansion of assistance for Gold Star spouses and other dependents (sec. 624)

The House bill contained a provision (sec. 628) that would amend section 633(a) of the National Defense Authorization Act for Fiscal Year 2014 (Public Law 113-66) to improve assistance for Gold Star spouses and other dependents.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Gold Star Families Parks Pass (sec. 625)

The House bill contained a provision (sec. 626) that would amend section 6804(b) of title 16, United States Code, to make the National Parks and Federal Recreational Lands Pass available at no cost to members of Gold Star Families.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Recalculation of financial assistance for providers of child care services and youth program services for dependents (sec. 626)

The House bill contained a provision (sec. 623) that would require the Secretary of Defense to develop a method to calculate financial assistance for childcare and youth program service providers in accordance with section 1798 of title 10, United States Code, based on local variations in cost for childcare services.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to develop and implement a method to calculate financial assistance for childcare and youth program service providers in accordance with section 1798 of title 10, United States Code, based on local variations in cost for childcare services.

Priority for certain military family housing to a member of the Armed Forces whose spouse agrees to provide family home day care services (sec. 627)

The House bill contained a provision (sec. 624) that would authorize the Secretary of a military department to prioritize a servicemember for military family housing if their spouse is eligible and agrees to provide family home day care services when there is a shortage of childcare employees at a Child Development Center at a given military installation.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the eligible military spouse to agree to provide family home day care services for not less than 1 year.

Study on feasibility and advisability of TSP contributions by military spouses (sec. 628)

The House bill contained a provision (sec. 625) that would direct the Secretary of Defense to study the feasibility of authorizing a military spouse to contribute to the Thrift Savings Plan (TSP) account of the servicemember to whom that military spouse is married.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would direct the Secretary of Defense to conduct a study on the feasibility and advisability of authorizing a spouse to contribute to the TSP account of the servicemember to whom that military spouse is married.

Report on implications of expansion of authority to provide financial assistance to civilian providers of child care services or youth program services for survivors of members of the Armed Forces who die in the line of duty (sec. 629)

The House bill contained a provision (sec. 621) that would amend section 1798(a) of title 10, United States Code, to authorize financial assistance to civilian providers of childcare services or youth program services to survivors of members of the Armed Forces who die in the line of duty or Active Duty for training.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Comptroller General of the United States, not later than 1 year after the date of the enactment of this Act, to submit a report on the implications of expanding the authority under section 1798(a) of title 10, United States Code, to authorize financial assistance to civilian providers of childcare services or youth program services to survivors of members of the Armed Forces who die in the line of duty or Active Duty for training.

Report on extension of commissary and exchange benefits for surviving remarried spouses with dependent children of members of the Armed Forces who die while on active duty or certain reserve duty (sec. 629A)

The House bill contained a provision (sec. 629) that would require the Secretary of Defense, acting jointly with the Secretary of Homeland Security, to establish procedures whereby an eligible remarried spouse may obtain unescorted access to military installations to use commissaries and Morale, Welfare, and Recreation (MWR) retail facilities to the same extent as a non-remarried spouse.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense, in consultation with the Secretary of Homeland Security, to submit a report by March 1, 2021, to the Committees on Armed Services of the Senate and the House of Representatives on the Department of Defense's procedures by which an eligible remarried spouse may obtain access, as appropriate, to a military installation to use a commissary store or MWR retail facility.

SUBTITLE D—DEFENSE RESALE MATTERS

Base responders essential needs and dining access (sec. 631)

The House bill contained a provision (sec. 631) that would amend chapter 54 of title 10, United States Code, to require the Department of Defense to permit a protective services employee at a military installation to purchase food and hygiene items at a commissary or Morale, Welfare, and Recreation (MWR) retail facility on the installation.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would authorize the Department to permit such employees to purchase food and hygiene items at a commissary or MWR retail facility on the military installation.

First responder access to mobile exchanges (sec. 632)

The House bill contained a provision (sec. 632) that would amend section 1146 of title 10, United States Code, to require the Secretary of Defense to prescribe regulations to allow an emergency responder to use a mobile commissary or exchange store deployed to an area declared as a major disaster or emergency under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170).

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary of Defense to prescribe regulations to allow an emergency responder to use a mobile commissary or exchange store deployed to an area declared as a major disaster or emergency

under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5170).

Updated business case analysis for consolidation of the defense resale system (sec. 633)

The House bill contained a provision (sec. 633) that would require the Chief Management Officer of the Department of Defense, in coordination with the Undersecretary of Defense for Personnel and Readiness, to update the Department's business case analysis on consolidation of the defense resale system not later than March 1, 2021. The provision would require the Secretary of Defense to submit the updated analysis to the Committees on Armed Services of the Senate and the House of Representatives by June 1, 2021. Additionally, the provision would prohibit any action on consolidation until the same committees notify the Secretary of Defense in writing of receipt and acceptance of the updated analysis.

The Senate amendment contained no similar provision.

The Senate recedes.

SUBTITLE E—OTHER PERSONNEL RIGHTS AND BENEFITS

Approval of certain activities by retired and reserve members of the uniformed services (sec. 641)

The Senate amendment contained a provision (sec. 632) that would amend section 908 of title 37, United States Code, to authorize retired members of the uniformed services, members of a reserve component of the Armed Forces not on Active Duty for more than 30 days, and members of the Commissioned Reserve Corps of the Public Health Service to accept payment for speeches, travel, meals, lodging, or registration fees, if approved by the Secretary concerned. The provision would also require that annual reports on approvals for employment or compensation of retired general and flag officers include the following elements: (1) The foreign government involved; (2) The duties to be performed; and (3) The compensation or payment to be provided.

The House bill contained no similar provision.

The House recedes.

Permanent authority for and enhancement of the Government lodging program (sec. 642)

The Senate amendment contained a provision (sec. 631) that would amend section 914 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) to permanently authorize a government lodging program for employees of the Department of Defense and members of the uniformed services under the jurisdiction of the Secretary of Defense. The provision would also require the Secretary concerned to exclude from the lodging program Department of Defense civilian employees who are traveling for the performance of mission functions of a public shipyard of the Department of Defense, if the purpose or mission of such travel would be adversely affected by the requirements of the Government lodging program.

The House bill contained no similar provision.

The House recedes with an amendment that would exclude from the lodging program until September 30, 2023, Department of Defense civilian employees who are traveling for the performance of mission functions of a public shipyard of the Department of Defense.

Operation of Stars and Stripes (sec. 643)

The House bill contained a provision (sec. 641) that would maintain the enacted fiscal year 2020 funding levels for Stars and Stripes and require the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives detailing a business case analysis of continued operation of Stars and Stripes.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Basic needs allowance for low-income regular members

The House bill contained a provision (sec. 602) that would amend chapter 7 of title 37, United States Code, by adding a new section that would require the Secretary of Defense to pay a basic needs allowance to a qualifying servicemember.

The Senate amendment contained no similar provision.

The House recedes.

The conferees remain very concerned about the lack of an accurate and reliable assessment of the current extent of food insecurity among members of the Armed Forces and their dependents. While there continues to be anecdotal evidence of military personnel utilizing food banks close to military installations, there is little quantitative evidence suggesting

hunger is a matter of concern in the military. Section 656 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) directed the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives on food insecurity among members of the Armed Forces and their dependents. The conferees received an interim response stating the required report will incorporate findings from the 13th Quadrennial Review of Military Compensation and be provided to Congress by March 31, 2021. The conferees reiterate the importance of this report. If the results of the forthcoming report indicate food insecurity exists at any rank, the conferees expect the Secretary of Defense to take steps to address the problem and propose to the Congress any legislation required to solve this unacceptable situation. Ensuring military personnel are able to feed their families is a matter of the utmost importance to the Congress and the American people.

Hazardous duty pay for members of the Armed Forces performing duty in response to the Coronavirus Disease 2019

The Senate amendment contained a provision (sec. 602) that would require the Secretary of the military department concerned to pay hazardous duty pay in the amount of \$150 per month to members of the Armed Forces who perform duty in response to the coronavirus disease 2019 (COVID-19). Hazardous duty pay for COVID-19 would not be prorated.

The House bill contained no similar provision.

The Senate recedes.

The conferees encourage the Department of Defense to make use of its existing authority to provide hazardous duty pay to members of the Armed Forces who perform duty in response to the coronavirus disease 2019.

Single military housing area for each municipality with a population greater than 500,000

The House bill contained a provision (sec. 604) that would amend section 403 of title 37, United States Code, to prohibit any municipality with a population greater than 500,000 from being covered by more than one military housing area.

The Senate amendment contained no similar provision.

The House recedes.

TITLE VII—HEALTH CARE PROVISIONS

SUBTITLE A—TRICARE AND OTHER HEALTH CARE BENEFITS

Improvement to breast cancer screening (sec. 701)

The House bill contained a provision (sec. 704) that would amend section 1074d(b)(2) of title 10, United States Code, to include TRICARE coverage for digital breast tomosynthesis.

The Senate amendment contained no similar provision.

The Senate recedes.

Waiver of fees charged to certain civilians for emergency medical treatment provided at military medical treatment facilities (sec. 702)

The House bill contained a provision (sec. 705) that would amend section 1079b of title 10, United States Code, to require the Secretary of Defense to implement procedures that would authorize military treatment facilities (MTFs) to waive fees for medical care provided to civilians at MTFs if, after any insurance payments, the civilian is unable to pay for the care provided and that care enhanced the medical readiness of the health care providers who furnished the care.

The Senate amendment contained an identical provision (sec. 703).

The Senate recedes with a technical amendment.

Authority for Secretary of Defense to manage provider type referral and supervision requirements under TRICARE program (sec. 703)

The Senate amendment contained a provision (sec. 701) that would amend section 1079(a)(12) of title 10, United States Code, to provide the Department of Defense with greater flexibility in determining which provider types under the TRICARE program may diagnose or assess a mental or physical illness, injury, or bodily malfunction and, by extension, the extent to which referrals and supervision may be required for these provider types.

The House bill contained no similar provision.

The House recedes.

Expansion of benefits available under TRICARE Extended Care Health Option program (sec. 704)

The House bill contained a provision (sec. 706) that would amend subsection (e) of section 1079 of title 10, United States Code, to expand benefits available under the TRICARE Extended Health Care Option (ECHO) program.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would expand certain benefits under the TRICARE ECHO program, including the expansion of a respite care benefit from 16 to 32 hours per month for primary caregivers. The provision would require the Comptroller General of the United States to submit a report to the Committees on Armed Services of the Senate and the House of Representatives not later than April 1, 2022, on caregiving services available to eligible dependents under State Medicaid plans or the Program of Comprehensive Assistance for Family Caregivers of the Department of Veterans Affairs.

Sale of hearing aids for dependents of certain members of the reserve components (sec. 705)

The House bill contained a provision (sec. 707) that would amend section 1077(g) of title 10, United States Code, to authorize the provision of hearing aids for dependents of certain reserve component members.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend section 1077(g) of title 10, United States Code, to authorize the sale of hearing aids to certain eligible members of the reserve components.

Pilot program on receipt of non-generic prescription maintenance medications under TRICARE pharmacy benefits program (sec. 706)

The Senate amendment contained a provision (sec. 707) that would require the Secretary of Defense to conduct a 3-year pilot program whereby covered TRICARE beneficiaries may elect to receive certain non-generic prescription maintenance medications either through military treatment facility pharmacies, the TRICARE mail order pharmacy program, or retail network pharmacies. The provision would prescribe certain conditions of the pilot program and would require the Secretary to provide a briefing to the congressional defense committees, within 90 days of the date of the enactment of this Act, on implementation of the pilot program. Subsequently, the Secretary would provide an interim report to the same committees within 18 months after the commencement of the pilot program. Finally, the Comptroller General of the United States would submit a report on the program to the same committees by March 1, 2024.

The Senate amendment contained another provision (sec. 5707) that would make a technical amendment to section 707 of the Senate amendment.

The House bill contained no similar provisions.

The House recedes with an amendment that would authorize the Secretary of Defense to carry out the pilot program if the total costs to the Department of Defense (DOD) for eligible beneficiaries to receive such medications under the pilot program would not exceed the total costs to DOD for medications dispensed to such beneficiaries through the national mail order program. The amendment would include the technical amendment under section 5707 of the Senate amendment.

SUBTITLE B—HEALTH CARE ADMINISTRATION

Repeal of administration of TRICARE dental plans through Federal Employees Dental and Vision Insurance Program (sec. 711)

The Senate amendment contained a provision (sec. 722) that would amend section 713(c) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to delay the transition of the administration of TRICARE dental plans for Active-Duty family members, non-activated National Guard/Reserve members, family members of National Guard/Reserve members, and certain survivors to the Federal Employees Dental and Vision Insurance Program (FEDVIP) until January 1, 2023.

The House bill contained no similar provision.

The House recedes with an amendment that would repeal section 8951(8) of title 5, United States Code, and section 1076a(b) of title 10, United States Code, to repeal the administration of the TRICARE Dental Program (TDP) through the FEDVIP.

The conferees have become aware of certain significant challenges associated with a change in the administration of the TDP and the potential negative impact such change may have on dental benefits for eligible TRICARE beneficiaries. As a result, the conferees determine to repeal the underlying statutes that have directed this administrative change.

Protection of the Armed Forces from infectious diseases (sec. 712)

The House bill contained a provision (sec. 711) that would amend chapter 55 of title 10, United States Code, to require the Secretary of Defense to ensure that the Armed Forces have the diagnostic equipment, testing capabilities, and personal

protective equipment necessary to protect servicemembers from the threat of infectious diseases and to treat those members who contract infectious diseases.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Department of Defense to maintain a 30-day supply of personal protective equipment in a quantity sufficient for each member of the active and reserve components and to have the capability to re-supply such equipment rapidly. The amendment would also require the Secretary of Defense to ensure that the Department's medical laboratories have the technology needed to facilitate rapid research and development of vaccines, diagnostics, and therapeutics in case of pandemics.

Inclusion of drugs, biological products, and critical medical supplies in national security strategy for national technology and industrial base (sec. 713)

The House bill contained a provision (sec. 712) that would amend section 2501(a) of title 10, United States Code, to require inclusion of drugs, biological products, and critical medical supplies in the national security strategy for the national technology and industrial base. The provision would require the Secretary of Defense, in consultation with the Secretary of Health and Human Services, the Commissioner of Food and Drugs, and other agencies of the Federal government as appropriate, to submit a report to the appropriate congressional committees, within 1 year of the date of the enactment of this Act, on vulnerabilities to the drugs, biological products, vaccines, and critical medical supplies of the Department of Defense.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to include with the report required in 2022, under section 2504 of title 10, United States Code, an appendix containing an assessment of the gaps or vulnerabilities in the national technology and industrial base with respect to drugs, biological products, vaccines, and critical medical supplies described in section 2501(a)(11) of such title as amended by this section. The amendment would modify certain matters required in the appendix of the report, including an identification of any shortages of finished drugs, biological products, vaccines, and critical medical supplies with respect to the joint deployment formulary. The amendment would also require the Secretary to submit the appendix separately to the appropriate congressional committees as defined in the amendment.

Contract authority of the Uniformed Services University of the Health Sciences (sec. 714)

The House bill contained a provision (sec. 713) that would amend section 2113(g)(1) of title 10, United States Code, to authorize the Uniformed Services University of the Health Sciences to enter into contracts, cooperative agreements, or grants on a sole-source basis pursuant to section 2304(c)(5) of such title.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make certain technical amendments and clarify that nothing in this section shall be construed to limit the Secretary of Defense's ability, in carrying out such section, to use competitive procedures to award contracts, cooperative agreements, or grants.

Membership of Board of Regents of Uniformed Services University of the Health Sciences (sec. 715)

The Senate amendment contained a provision (sec. 742) that would amend section 2113a(b) of title 10, United States Code, to designate the Director of the Defense Health Agency as an ex officio member of the Board of Regents of the Uniformed Services University of the Health Sciences.

The House bill contained no similar provision.

The House recedes.

Temporary exemption for Uniformed Services University of the Health Sciences from certain Paperwork Reduction Act requirements (sec. 716)

The House bill contained a provision (sec. 1774) that would have rendered certain parts of the Paperwork Reduction Act (44 U.S.C. 3501-3521) inapplicable to the voluntary collection of information during the conduct of research by the Uniformed Services University of the Health Sciences (USUHS).

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would establish a 2-year pilot program, during which the voluntary collection of information during research and program evaluations conducted or sponsored by USUHS and funded through the Defense Health Program would be exempt from application of sections 3506(c), 3507, and 3508 of title 44, United States Code. Not later than 1 year after the date of the enactment of this Act, the Secretary of Defense would be required to submit to the appropriate congressional committees of the Senate and the House of

Representatives a report setting forth the preliminary outcomes of the pilot program. Not later than 2 years after the date of the enactment of this Act, the Secretary would be required to submit an updated report and any recommendations with respect to policy or legislative actions regarding the exemption.

Modification to limitation on the realignment or reduction of military medical Manning end strength (sec. 717)

The House bill contained a provision (sec. 715) that would amend section 719 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) that would prohibit the realignment or reduction of military medical end strength authorizations during the 1-year period following the date of the enactment of this Act. The provision would require the Department of Defense to consider the impact of such end strength authorizations on the Department's homeland defense and pandemic influenza support missions.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would prohibit the realignment or reduction of military medical end strength authorizations during the 180 days following the date of the enactment of this Act.

Modifications to implementation plan for restructure or realignment of military medical treatment facilities (sec. 718)

The House bill contained a provision (sec. 716) that would amend section 703(d) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to require certain modifications to the requirements for the Department of Defense's implementation plan for restructure or realignment of military medical treatment facilities (MTFs).

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to certify to the congressional defense committees that a covered beneficiary affected by restructure or realignment of a MTF would have access to health care services through the purchased care component of the TRICARE program. Additionally, the amendment would modify the time period that would restrict the Secretary from making such changes to MTFs.

Policy to address prescription opioid safety (sec. 719)

The House bill contained a provision (sec. 717) that would require the Secretary of Defense to develop a policy and tracking mechanism for the prescription of opioid medications to

ensure compliance with guidelines published by the Centers for Disease Control and Prevention and the Food and Drug Administration.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to develop a policy and tracking mechanism to ensure that certain healthcare providers across the military health system conform with the clinical practice guidelines of the Department of Defense and Department of Veterans Affairs and the opioid prescribing guidelines of the Centers for Disease Control and Prevention and the Food and Drug Administration. The amendment would expand upon and modify the elements required in the Secretary's opioid prescription abuse prevention policy.

Addition of burn pit registration and other information to electronic health records of members of the Armed Forces (sec. 720)

The House bill contained a provision (sec. 718) that would require the Secretary of Defense and the Secretary of Veterans Affairs, within 1 year of the date of the enactment of this Act, to ensure that their departments' electronic health records contain updated information related to each servicemember or veteran in the burn pit registry established under section 201 of the Dignified Burial and Other Veterans' Benefits Improvement Act of 2012 (Public Law 112-260).

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense, within 1 year of the date of the enactment of this Act, to ensure that the Department of Defense's electronic health records contain: (1) Updated information related to each servicemember in the Airborne Hazards and Open Burn Pit Registry; and (2) A link to any servicemember's occupational or environmental exposure recorded in the Defense Occupational and Environmental Health Readiness System (or successor system).

Inclusion of information on exposure to open burn pits in postdeployment health reassessments (sec. 721)

The House bill contained a provision (sec. 759) that would require the Secretary of Defense to ensure inclusion of a question on post-deployment health assessment or reassessment forms regarding exposure of servicemembers to open burn pits.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

SUBTITLE C—MATTERS RELATING TO COVID-19

COVID-19 military health system review panel (sec. 731)

The House bill contained a provision (sec. 721) that would require the Secretary of Defense to establish a coronavirus disease 2019 (COVID-19) panel to review the military health system's response to COVID-19, evaluate the effects of COVID-19 on the system, and analyze the system's strengths and weaknesses identified as a result of COVID-19. The provision would: (1) Establish the panel's composition and duties; (2) Define the elements of the review; and (3) Require the Secretary of Defense to provide a report to the congressional defense committees not later than June 1, 2021.

The Senate amendment contained no similar provision.

The Senate recedes.

Department of Defense pandemic preparedness (sec. 732)

The House bill contained a provision (sec. 722) that would require the Secretary of Defense to develop a strategy for pandemic preparedness and response and to conduct a study on the response of the military health system to the coronavirus disease 2019 (COVID-19). The provision would require the Secretary to submit a report to the congressional defense committees on the strategy and the study by June 1, 2021. Finally, the provision would require the Inspector General of the Department of Defense (DOD) to submit a report to the Secretary of Defense and the same committees on the total dollar amount of waste, fraud, and abuse uncovered in any DOD spending under the Defense Production Act of 1950 with respect to the COVID-19 pandemic and to provide recommendations to combat any such activities in future spending related to pandemic preparedness and response.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would remove the requirement for the Inspector General of the Department of Defense to submit a report.

Transitional health benefits for certain members of the National Guard serving under orders in response to the coronavirus (COVID-19) (sec. 733)

The House bill contained a provision (sec. 520A) that would require the Secretary of Defense to provide to a National Guard (NG) member separating from active service after serving

on full-time duty pursuant to section 502(f) of title 32, United States Code, the health benefits authorized under section 1145 of title 10, United States Code, for a member of a reserve component separating from Active Duty, if the active service from which the NG member is separating was in support of the whole of government response to the COVID-19 pandemic.

The Senate amendment contained an identical provision (sec. 705).

The conference agreement includes this provision.

Registry of certain TRICARE beneficiaries diagnosed with COVID-19 (sec. 734)

The House bill contained a provision (sec. 723) that would require the Secretary of Defense to establish and maintain a registry by June 1, 2021, of TRICARE beneficiaries diagnosed with COVID-19. The Secretary would provide a report on establishing the registry, within 180 days of the date of the enactment of this Act, to the Committees on Armed Services of the Senate and the House of Representatives.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment to clarify that the Secretary of Defense would be required to establish and maintain a registry by June 1, 2021, of TRICARE beneficiaries diagnosed with or treated for COVID-19 at a military medical treatment facility.

Health assessments of veterans diagnosed with pandemic diseases to determine exposure to open burn pits and toxic airborne chemicals (sec. 735)

The House bill contained a provision (sec. 724) that would require the Secretary of Defense and the Secretary of Veterans Affairs to ensure that the first health assessment conducted for a servicemember or veteran, after the individual tested positive for a pandemic virus, includes an evaluation to determine whether the individual had been based or stationed where open burn pits were used or whether the individual had been exposed to toxic airborne chemicals or contaminants. The provision would require enrollment of such exposed individuals into the Airborne Hazards and Open Burn Pit Registry. Finally, the provision would require the Secretary of Veterans Affairs to conduct a study on the health impacts of a pandemic virus on individuals exposed to open burn pits or other toxic exposures.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Veterans Affairs to ensure that the first

health assessment conducted for a veteran, after the individual tested positive for a pathogen by which a public health national emergency has been declared, includes an evaluation to determine whether the veteran had been based or stationed where open burn pits were used or whether the individual had been exposed to toxic airborne chemicals or contaminants.

Comptroller General study on delivery of mental health services to members of the Armed Forces during the COVID-19 pandemic (sec. 736)

The Senate amendment contained a provision (sec. 746) that would require the Comptroller General of the United States to conduct a study on the delivery of Federal, State, and private mental health services to members of the reserve components. The provision would require the Comptroller General to submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the study not later than 1 year after the date of the enactment of this Act.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Comptroller General to conduct a study on the delivery of Federal, State, and private mental health services to members of the Armed Forces during the COVID-19 pandemic and to submit to the same committees a report on the study not later than 1 year after the date of the enactment of this Act.

SUBTITLE D—REPORTS AND OTHER MATTERS

Modifications to pilot program on civilian and military partnerships to enhance interoperability and medical surge capability and capacity of National Disaster Medical System (sec. 741)

The House bill contained a provision (sec. 731) that would amend section 740 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to modify the requirements for the pilot program on civilian and military partnerships to enhance interoperability and medical surge capability and capacity of the National Disaster Medical System.

The Senate amendment contained a similar provision (sec. 744).

The House recedes with an amendment that would make certain technical amendments to the Senate provision. Additionally, the amendment would require the Secretary of Defense to submit an initial report on the pilot program to the appropriate congressional committees, as defined, within 180

days after commencement of the program. Within 180 days after completion of the pilot program, the Secretary would submit a final report to the same committees.

Reports on suicide among members of the Armed Forces and suicide prevention programs and activities of the Department of Defense (sec. 742)

The House bill contained a provision (sec. 732) that would amend section 741(a)(2) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to require additional elements in the Department of Defense's annual suicide report.

The Senate amendment contained no similar provision.
The Senate recedes.

Extension of authority for Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund (sec. 743)

The House bill contained a provision (sec. 734) that would amend section 1704(e) of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84) to extend the authority for the Joint Department of Defense-Department of Veterans Affairs Demonstration Fund from September 30, 2021, to September 30, 2023.

The Senate amendment contained a similar provision (sec. 741).

The House recedes.

Military Health System Clinical Quality Management Program (sec. 744)

The Senate amendment contained a provision (sec. 743) that would require the Secretary of Defense to implement a comprehensive clinical quality management program within the military health system. The provision would prescribe the elements of the program and include clinical quality management of healthcare delivery outside military medical treatment facilities, on ships, planes, in deployed settings, and in the purchased care component of the military health system.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Wounded Warrior Service Dog Program (sec. 745)

The House bill contained a provision (sec. 750H) that would require the Secretary of Defense to establish a program to award competitive grants to nonprofit organizations to assist such organizations in the planning, designing, establishing, or operating programs to provide assistance dogs to covered servicemembers and veterans.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to establish a Wounded Warrior Service Dog Program to provide assistance dogs to covered servicemembers and veterans.

Extramedical maternal health providers demonstration project
(sec. 746)

The House bill contained a provision (sec. 720) that would require the Secretary of Defense, within 1 year of the date of the enactment of this Act, to conduct a 5-year demonstration project designed to evaluate the cost, quality of care, and impact on maternal and fetal outcomes of using certain extra-medical maternal health providers (douglas and lactation consultants) under the TRICARE program to determine whether to make coverage of the services of such providers permanent under TRICARE.

The Senate amendment contained an identical provision (sec. 706).

The conference agreement includes this provision with an amendment to include lactation counselors as participants in the demonstration project.

Briefing on diet and nutrition of members of the Armed Forces
(sec. 747)

The House bill contained a provision (sec. 740) that would require the Secretary of Defense to submit a report, within 180 days of the date of the enactment of this Act, to the congressional defense committees on the diet and nutrition of members of the Armed Forces.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to provide a briefing, within 180 days of the date of the enactment of this Act, to the Committees on Armed Services of the Senate and the House of Representatives on the diet and nutrition of members of the Armed Forces.

Audit of medical conditions of residents in privatized military housing (sec. 748)

The House bill contained a provision (sec. 743) that would require the Inspector General of the Department of Defense (DODIG) to conduct an audit of the medical conditions of servicemembers and their families who have resided in unsafe or unhealthy privatized military housing. Not later than 1 year after commencement of the audit, the DODIG would be required to submit to the Secretary of Defense and the Committees on Armed Services of the Senate and the House of Representatives a report on the results of the audit and to publish the audit on a publicly available internet website of the Department of Defense.

The Senate amendment contained a similar provision (sec. 748).

The House recedes with an amendment that would require the DODIG, within 90 days of the date of the enactment of this Act, to commence an audit of: (1) The medical conditions of servicemembers and their families who have resided in unsafe or unhealthy military housing; and (2) The process under section 3053 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to determine whether such process adequately addresses the resolution of environmental health hazards identified during inspections conducted pursuant to sections 3051(b) and 3052(b) of such Act. Not later than 1 year after commencement of the audit, the DODIG would be required to submit to the Secretary of Defense and the Committees on Armed Services of the Senate and the House of Representatives a report on the results of the audit and to publish the audit on a publicly available internet website of the Department of Defense.

Assessment of receipt by civilians of emergency medical treatment at military medical treatment facilities (sec. 749)

The Senate amendment contained a provision (sec. 751) that would require the Comptroller General of the United States, within 1 year of the date of the enactment of this Act, to complete an assessment of the provision of emergency medical treatment by the Department of Defense to non-covered civilian patients at military medical treatment facilities during the period from October 1, 2015, to September 30, 2020. The provision would require the Comptroller General to provide a report containing the results of the assessment to the Committees on Armed Services of the Senate and the House of Representatives within 180 days after completion of such assessment.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the reporting requirements of the Comptroller General.

Study on the incidence of cancer diagnosis and mortality among military aviators and aviation support personnel (sec. 750)

The House bill contained a provision (sec. 739) that would require the Secretary of Defense to enter into an agreement with the National Academies of Sciences, Engineering, and Medicine to conduct a study on the incidence of cancer diagnosis and mortality among military aviators and aviation support personnel and to provide a report to the appropriate congressional committees within 2 years of the date of such agreement.

The Senate amendment contained a similar provision (sec. 754) that would require the Secretary of Defense to conduct a two-phased study, in conjunction with the National Institutes of Health and the National Cancer Institute, on cancer among aviators and aviation support personnel who served in the Armed Forces on or after February 28, 1961, and who receive benefits under chapter 55, United States Code. The Secretary would submit a report to the appropriate congressional committees on the findings of phase 1 of the study within 1 year of the date of the enactment of this Act. Finally, the Secretary would submit a report on phase 2 of the study, if conducted, to the same committees within 1 year of the date of submission of the first report.

The House recedes with a technical amendment.

Study on exposure to toxic substances at Karshi-Khanabad Air Base, Uzbekistan (sec. 751)

The House bill contained a provision (sec. 742) that would require the Secretary of Defense to conduct a study on toxic exposure by servicemembers deployed to Karshi-Khanabad Air Base, Uzbekistan, at any time from October 1, 2001, to December 31, 2005.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Review and report on prevention of suicide among members of the Armed Forces stationed at remote installations outside the contiguous United States (sec. 752)

The House bill contained a provision (sec. 745) that would require the Comptroller General of the United States to conduct

a review of efforts by the Department of Defense to prevent suicide among servicemembers stationed at remote installations outside the contiguous United States. The provision would prescribe the elements of such review and require the Comptroller General to brief the Committees on Armed Services of the Senate and the House of Representatives, not later than October 1, 2021, on preliminary observations relating to the review. The Comptroller General would then submit a report containing the results of the review to the same committees not later than March 1, 2022.

The Senate amendment contained an identical provision (sec. 747).

The conference agreement includes this provision.

Study on medevac helicopters and ambulances at certain military installations (sec. 753)

The House bill contained a provision (sec. 748) that would require the Secretary of Defense to submit a report to the congressional defense committees, within 180 days of the date of the enactment of this Act, containing a study on the potential benefits and feasibility of requiring each military installation outside the United States to have, at a minimum, one functioning medical evacuation helicopter and one functioning ambulance that are each stocked with appropriate medical emergency equipment.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to submit a report on the study to the Committees on Armed Services of the Senate and the House of Representatives within 1 year of the date of the enactment of this Act. The amendment would also modify the elements of such study.

Comptroller General study on prenatal and postpartum mental health conditions among members of the Armed Forces and their dependents (sec. 754)

The House bill contained a provision (sec. 750) that would require the Secretary of Defense to submit a report to Congress on mental health treatment relating to pregnancy.

The Senate amendment contained a similar provision (sec. 749) that would require the Comptroller General of the United States to conduct a study on prenatal and postpartum mental health conditions among members of the Armed Forces and their dependents. The provision would also require the Comptroller General to submit a report on the study's findings to the

Committees on Armed Services of the Senate and the House of Representatives within 1 year of the date of the enactment of this Act.

The House recedes with an amendment that would modify the elements of the study conducted by the Comptroller General to include the report elements in section 750 of the House bill.

Report on lapses in TRICARE coverage for members of the National Guard and reserve components (sec. 755)

The House bill contained a provision (sec. 750J) that would require the Comptroller General of the United States to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, within 1 year of the date of the enactment of this Act, analyzing the factors that may contribute to lapses in TRICARE coverage for members of the National Guard and the reserve component.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require each Secretary of a military department, in consultation with the Director of the Defense Health Agency, to conduct the analysis and to submit the report to the same committees. In addition, the amendment would include additional elements for analysis in the report.

Study and report on increasing telehealth services across Armed Forces (sec. 756)

The House bill contained a provision (sec. 750K) that would require the Secretary of Defense to conduct a study that reviews, identifies, and evaluates the technology approaches, policies, and concepts of operations of telehealth and telemedicine programs of the military departments and to provide a report to the congressional defense committees within 1 year of the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Study on force mix options and service models to enhance readiness of medical force of the Armed Forces (sec. 757)

The Senate amendment contained a provision (sec. 745) that would require the Secretary of Defense, within 30 days of the date of the enactment of this Act, to seek to enter into an agreement with a federally funded research and development center or other independent entity to conduct a study on force mix options and service models to optimize readiness of the

medical force to deliver combat casualty care. The Secretary would submit a report on the findings of the study to the Committees on Armed Services of the Senate and the House of Representatives within 15 months of the date of the enactment of this Act.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Report on billing practices for health care from Department of Defense (sec. 758)

The Senate amendment contained a provision (sec. 752) that would require the Comptroller General of the United States, within 1 year of the date of the enactment of this Act, to submit a report to the Committees on Armed Services of the Senate and the House of Representatives assessing the billing practices of the Department of Defense for care received under the TRICARE Program or at military treatment facilities.

The House bill contained no similar provision.

The House recedes with an amendment that would remove the findings and the sense of Congress from the provision.

SUBTITLE E—MENTAL HEALTH SERVICES FROM DEPARTMENT OF VETERANS AFFAIRS FOR MEMBERS OF RESERVE COMPONENTS

Short title (sec. 761)

The House bill contained a provision (sec. 751) that would cite this subtitle as the "Care and Readiness Enhancement for Reservists Act of 2020" or the "CARE for Reservists Act of 2020."

The Senate amendment contained an identical provision (sec. 761).

The conference agreement includes this provision.

Expansion of eligibility for readjustment counseling and related outpatient services from Department of Veterans Affairs to include members of reserve components of the Armed Forces (sec. 762)

The House bill contained a provision (sec. 752) that would amend subsection (a)(1) of section 1712A of title 38, United States Code, to expand eligibility for readjustment counseling and related outpatient services from the Department of Veterans

Affairs to certain members of the reserve components of the Armed Forces.

The Senate amendment contained an identical provision (sec. 762).

The conference agreement includes this provision.

Provision of mental health services from Department of Veterans Affairs to members of reserve components of the Armed Forces (sec. 763)

The House bill contained a provision (sec. 753) that would amend subchapter VIII of chapter 17 of title 38, United States Code, to authorize the Secretary of Veterans Affairs, in consultation with the Secretary of Defense, to provide mental health services to members of the reserve components of the Armed Forces.

The Senate amendment contained an identical provision (sec. 763).

The conference agreement includes this provision.

Inclusion of members of reserve components in mental health programs of Department of Veterans Affairs (sec. 764)

The House bill contained a provision (sec. 754) that would amend section 1720F of title 38, United States Code, to include reserve component members in the mental health programs of the Department of Veterans Affairs.

The Senate amendment contained an identical provision (sec. 764).

The conference agreement includes this provision.

Report on mental health and related services provided by Department of Veterans Affairs to members of the Armed Forces (sec. 765)

The House bill contained a provision (sec. 755) that would require the Secretary of Veterans Affairs to submit to the Committees on Veterans' Affairs and Appropriations of the Senate and the House of Representatives, within 1 year of the date of the enactment of this Act, a report on mental health services provided by the Department of Veterans Affairs.

The Senate amendment contained a similar provision (sec. 765).

The Senate recedes with a technical amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Expansion of mental health assessments for members of the Armed Forces

The House bill contained a provision (sec. 701) that would amend section 1074m of title 10, United States Code, to expand mental health assessments to certain members of the Armed Forces who were not deployed in support of a contingency operation.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Department of Defense provides a mental health assessment during the annual periodic health assessment for each servicemember, and more requirements to provide additional mental health assessments to certain servicemembers may further burden the Department's limited mental health resources. Section 718 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) required the Department to develop and implement a comprehensive policy for the provision of servicemembers' mental health care and to provide a report to the Committees on Armed Services of the Senate and the House of Representatives. The conferees determine to evaluate this report before enacting further legislation to expand requirements for mental health assessments.

Mandatory referral for mental health evaluation

The House bill contained a provision (sec. 702) that would amend section 1090a of title 10, United States Code, to require the Department of Defense to establish a phrase that would enable a servicemember to trigger a referral by a commanding officer or supervisor for a mental health evaluation.

The Senate amendment contained no similar provision.

The House recedes.

Removal of Christian Science providers as authorized providers under the TRICARE program

The Senate amendment contained a provision (sec. 702) that would amend subsection (a) of section 1079 of title 10, United States Code, by striking paragraph (4) to remove Christian Science providers as authorized providers under the TRICARE program.

The House bill contained no similar provision.

The Senate recedes.

Assessments and testing relating to exposure to perfluoroalkyl and polyfluoroalkyl substances

The House bill contained a provision (sec. 703) that would require the Secretary of Defense to ensure that any "covered evaluation" includes an evaluation of whether the servicemember has been based or stationed at a military installation identified by the Department of Defense as a location with a known or suspected release of per- or polyfluoroalkyl substances (PFAS) or exposure. If the determination is positive, a blood test must be provided to determine and document potential exposure to PFAS and results included in the servicemember's health record.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the requirements for the Department of Defense in the past three National Defense Authorization Acts to address exposure to PFAS. The conferees continue to monitor the actions of the PFAS Task Force, which released its most recent report on March 13, 2020. The report highlighted the Department's continuous surveillance of drinking water at military installations, its research to develop a PFAS-free firefighting foam, its education of healthcare providers and patients, and its study of the health effects of PFAS exposure while providing more than \$30.0 million to the Agency for Toxic Substances and Disease Registry to conduct exposure assessments in communities around military installations. Additionally, the Department is developing a framework for annually testing firefighters' blood to document and determine potential PFAS exposure. The conferees believe that it is inappropriate at this time to mandate blood testing until the health services agencies of the United States determine what PFAS blood level poses a health risk and create a meaningful comparison to blood samples collected from patients.

Mental health resources for members of the Armed Forces and their dependents during the COVID-19 pandemic

The Senate amendment contained a provision (sec. 704) that would require the Secretary of Defense to develop a plan, within 180 days of the date of the enactment of this Act, to protect and promote the mental health and well-being of servicemembers and their dependents during the COVID-19 pandemic. The provision would require the Secretary to conduct outreach to the military community to identify resources and healthcare services, including mental healthcare services, available under the TRICARE program to support servicemembers and their dependents.

The House bill contained no similar provision.

The Senate recedes.

Extension of organization requirements for Defense Health Agency

The House bill contained a provision (sec. 714) that would amend section 1073c(e) of title 10, United States Code, to extend the implementation date of such section to September 30, 2025.

The Senate amendment contained a similar provision (sec. 721) that would amend section 1073c(e) of title 10, United States Code, and section 737 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to delay the transfer of the Army Medical Research and Development Command (and such other medical research organizations of the Armed Forces, as appropriate) and the public health commands or programs of the military services to the Defense Health Agency from September 30, 2022, to September 30, 2024, and to correct the name of the Army Medical Research and Development Command.

The conference agreement does not include either provision.

To prevent disruption and to preserve maximum effectiveness of the vital medical research and development and public health missions of the Armed Forces, the conferees considered deferring the scheduled September 30, 2022, transfer to the Defense Health Agency (DHA) of management responsibility for these activities. It is the conferees' judgment, however, that no deferral is necessary or appropriate, with the understanding that there shall be no reduction or disruption in the infrastructure, personnel, and resources of the Department of Defense (DOD) currently devoted to these essential activities. It is the conferees' intent and direction that the transfer of such responsibilities be implemented in this manner and that the DHA will achieve unity of effort and more effectively advance the joint missions of military medical research and development and public health.

Furthermore, the primary purpose of Congress' legislative reforms to the military health system (MHS), first passed in the National Defense Authorization Act (NDAA) for Fiscal Year 2017 (Public Law 114-328) and followed by amendments in subsequent NDAA's, is to improve combat casualty care and medical care for wounded, ill, and injured servicemembers – to ensure that military medical professionals deliver the world's best healthcare on the battlefield, at field hospitals, at sea, in the air, in clinics, and at hospitals and medical centers overseas and in the United States. With this legislation, Congress also seeks to improve access to high quality health care, to improve health outcomes, to create greater health value, and to improve the experience of care for all patients in the MHS.

After many months without substantive action on reform, the services and the Office of the Secretary of Defense (OSD) agreed upon a plan whereby the services' military treatment facilities (MTFs) would transfer in phases to the DHA as it stood up integrated health care markets throughout the country. DOD submitted its final plan to Congress and began implementation on October 1, 2018, by establishing a transitional intermediate organization in the DHA that assumed control of a small number of the services' MTFs to test the plan's concept of operations. The services required this intermediate process step, and the DHA complied. By most accounts, the concept worked, and feedback from MTFs and service senior installation commanders was positive. OSD and the services then agreed to proceed with full plan implementation using a phased approach so that the DHA could build its full range of capabilities as it accepted more MTFs from the services.

Recently, however, the Secretaries of the military departments and their service chiefs sent a memorandum to the Secretary of Defense requesting that the Secretary halt the transition of MTFs to the DHA. The memo stated that the current plan to transfer MTFs to the DHA was not "viable" because it "introduces barriers, creates unnecessary complexity and increases inefficiencies and cost." The conferees completely disagree – the decades-old health system with the services managing their own MTFs, and the DHA managing DOD's purchased healthcare was replete with barriers to high quality care, unnecessary complexity, lack of standardization, inefficiencies, duplicative services, and higher costs. The Deputy Secretary of Defense responded to this memorandum by reminding the Secretaries and service chiefs that Congress directed the reforms in law, and that Congress had been responsive to requests by DOD for adjustments to the law. Subsequently, the Secretary of Defense signed a memorandum on November 9, 2020, reiterating that the DHA "is responsible for exercising authority, direction, and control over each MTF and all other duties and responsibilities identified in law." Therefore, the conferees restate that DOD must continue on the path required by law to eliminate the inefficient, stove-piped MHS structure that inevitably leads to turf wars among the services and the DHA, while simultaneously paralyzing decision-making and stifling healthcare innovation. The conferees expect that the DHA shall oversee, manage, and direct the MHS's delivery of direct and purchased healthcare, and the services shall focus on their man, train, and equip title 10, United States Code, responsibilities.

Moreover, the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) and subsequent reforms have focused on increasing the effectiveness of the provision of healthcare services across the MHS and the TRICARE program. The intent was to provide high quality, safe healthcare to servicemembers and other beneficiaries by increasing innovation, eliminating variations in healthcare delivery, and cutting inefficiencies. As part of the Department's effort to eliminate inefficiencies, DOD implemented a number of cost savings initiatives after some analysis and assessment of risk to the MHS. These efforts have yielded \$8 billion in cost avoidance in fiscal year 2020 alone and tens of billions of dollars in savings over the last 5 years. Yet, DOD's Office of Cost Assessment and Program Evaluation continues to demand efficiency wedges and cost savings from the Defense Health Program based on its internal goals and seemingly poor understanding of the negative effect that imposed cuts may have on the readiness of servicemembers, the health of all beneficiaries, and the MHS as a whole.

Therefore, the conferees stress that efforts to achieve cost savings in the MHS should be guided by strategic intent, objective data, and thoughtful analysis that contemplates the entire military healthcare ecosystem and prioritizes the needs of provider readiness in support of the National Defense Strategy and the healthcare needs of servicemembers and other beneficiaries. These considerations should include thorough analysis of the value created by investment in research, public health, training, education, infrastructure, and civilian partnerships, and the commensurate positive effect on providing world-class healthcare in a myriad of settings to include the battlefield, disaster relief or humanitarian assistance operations, a pandemic, occupational health screenings, physical examinations, and routine well-baby checkups.

Maintenance of certain medical services at military medical treatment facilities at service academies

The House bill contained a provision (sec. 719) that would amend section 1073d of title 10, United States Code, to require the Secretary of Defense to ensure the provision of certain medical services at military medical treatment facilities of the service academies unless such services are available at a civilian health care facility within 5 miles of the academies.

The Senate amendment contained no similar provision.

The House recedes.

Authority of Secretary of Defense to waive requirements during national emergencies for purposes of the provision of health care

The Senate amendment contained a provision (sec. 723) that would amend chapter 55 of title 10, United States Code, to authorize the Secretary of Defense to waive or modify the requirements of such chapter, or any regulation prescribed under such chapter, for a period of 60 days for services furnished by a health care provider (or class of providers) in an emergency area (or portion of such area) during an emergency period (or portion of such period). The provision would authorize the Secretary to renew any such waiver or modification for subsequent 60-day periods during an applicable emergency declaration. Additionally, the provision would require the Secretary to submit to the Committees on Armed Services of the Senate and the House of Representatives, at least 2 days before exercising a waiver or modification, a certification and advance written notice that describes the impact and duration of the waiver or modification. Finally, the provision would require the Secretary to submit a report to the same committees on the use of this authority within 1 year of the end of an emergency period during which the Secretary exercised this authority.

The Senate amendment also contained a provision (sec. 5723) that would cause section 723 and the amendments made by that section to have no force or effect.

The House bill contained no similar provisions.

The Senate recedes.

Provision of information regarding COVID-19 in multiple languages

The House bill contained a provision (sec. 725) that would require the Secretary of Defense to translate COVID-19 pandemic information in multiple languages and to make such information available to the public.

The Senate amendment contained no similar provision.

The House recedes.

Study of substance use disorders among members of the Armed Forces and veterans during the COVID-19 public health emergency

The House bill contained a provision (sec. 726) that would require the Secretary of Defense and the Secretary of Veterans Affairs to conduct a study on substance use disorders among servicemembers and veterans before and during the COVID-19 public health emergency.

The Senate amendment contained no similar provision.
The House recedes.

The conferees acknowledge that substance abuse, the harmful use of alcohol or illicit drugs, is incompatible with military readiness and the expected high standards of military performance and discipline. The Department of Defense (DOD) has longstanding policies and practices to prevent and address problematic substance abuse among military personnel. DOD identifies at-risk substance abuse early through regular and systematic medical screening, and when discovered, it provides evidence-based substance use disorder therapies, while adhering to clinical practice guidelines published by a DOD-Veterans Affairs task force and accredited professional organizations specializing in those disorders. The conferees expect DOD to collaborate fully with the Department of Veterans Affairs to ensure that servicemembers and veterans with substance use disorders continue to receive appropriate treatment so that they can maintain successful, healthy lives in the future.

Clarification of research under Joint Trauma Education and Training Directorate and inclusion of military working dogs

The House bill contained a provision (sec. 733) that would amend subsection (b) of section 708 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to clarify research under the Joint Trauma Education and Training Directorate by inclusion of military working dogs to inform and advise research on the leading causes of morbidity and mortality of servicemembers and working dogs in combat.

The Senate amendment contained no similar provision.
The House recedes.

The conferees are aware that the Joint Trauma System of the Defense Health Agency has established a framework to support research and development of a trauma registry for military working dogs. The conferees direct the Director of the Defense Health Agency to brief the Committees on Armed Services of the Senate and the House of Representatives, within 90 days of the date of the enactment of this Act, on the Department of Defense's plans to develop, implement, and resource such registry.

Information sharing by Secretary of Defense regarding prevention of infant and maternal mortality

The House bill contained a provision (sec. 735) that would authorize the Secretary of Defense to enter into memoranda of understanding with state and local health authorities to share

practices and lessons learned by the military health system for the prevention of infant and maternal mortality.

The Senate amendment contained no similar provision.

The House recesses.

The conferees encourage the Department of Defense to share the best practices of the military health system with state and local health authorities for the prevention of infant and maternal mortality.

Grant program for increased cooperation on post-traumatic stress disorder research between the United States and Israel

The House bill contained a provision (sec. 736) that would require the Secretary of Defense, in coordination with the Secretary of Veterans Affairs and the Secretary of State, to award grants to eligible entities to conduct collaborative post-traumatic stress disorder research between the United States and Israel.

The Senate amendment contained no similar provision.

The House recesses.

The conferees recognize the strategic importance of the United States-Israel bilateral relationship to the national security of both countries. The conferees believe this relationship can be further strengthened through scientific collaboration among the Department of Defense, American academic institutions, U.S. non-profit research organizations, and Israeli institutions with experience in the research, diagnosis, and treatment for post-traumatic stress disorder (PTSD).

The National Center for PTSD of the Department of Veterans Affairs has published data to show that 11 to 20 percent of veterans who served in Operations Iraqi Freedom and Enduring Freedom suffer from PTSD in a given year. This relatively high percentage of PTSD occurrence in veterans demonstrates the need to continue vital research to promote the development of enhanced diagnostics and therapeutics for this disorder. Additionally, the conferees recognize important Israeli contributions in the advancement of certain modalities for the diagnosis and treatment of military trauma, infectious diseases, and traumatic brain injury (TBI). Therefore, the conferees direct the Secretary of Defense to brief the Committees on Armed Services of the Senate and the House of Representatives, within 180 days of the date of the enactment of this Act, on military health research collaboration between the United States and Israel on military trauma care, infectious disease surveillance and treatment, PTSD diagnostics and treatment, and TBI diagnostics and treatment.

Pilot program on cryopreservation and storage

The House bill contained a provision (sec. 737) that would require the Secretary of Defense to establish a pilot program to provide not greater than 1,000 Active-Duty servicemembers with the opportunity to cryopreserve and store their gametes (sperm or unfertilized eggs) at no cost to the member prior to deployment to a combat zone. The duration of covered storage would extend until 1 year after the retirement, separation, or release of the member from the Armed Forces.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the Secretary of Defense to provide a briefing, not later than 180 days after the date of the enactment of this Act, to the Committees on Armed Services of the Senate and the House of Representatives on the feasibility of implementing a gamete cryopreservation pilot program. The briefing shall include: (1) An assessment of the nature and extent of genitourinary system injuries among servicemembers as a result of deployments to combat zones and the impact on such servicemembers' ability to conceive naturally; (2) The potential cost of implementing the program; (3) A description of how the military departments would implement and fund the program; (4) A thorough explanation of any legal issues the conferees should consider regarding implementation of the program; and (5) The potential accretion of benefits to servicemembers.

Pilot program on parents serving as certified nursing assistants for children under TRICARE Program

The House bill contained a provision (sec. 738) that would require the Director of the Defense Health Agency to conduct an 18-month pilot program whereby an eligible parent would serve as a certified nursing assistant under the TRICARE Program to provide personal care services to a covered child.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the Secretary of Defense to evaluate the feasibility and cost of establishing such pilot program and to brief the Committees on Armed Services of the Senate and the House of Representatives on the results of that evaluation within 180 days of the date of the enactment of this Act.

Report on costs and benefits of allowing retired members of the Armed Forces to contribute to health savings accounts

The House bill contained a provision (sec. 741) that would require the Assistant Secretary of Defense for Health Affairs to submit a report to the congressional defense committees not later than 180 days after the date of the enactment of this Act on the costs and benefits of allowing retired members of the Armed Forces to make contributions to a health savings account.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note military retirees and their families receive generous healthcare benefits that result in relatively low out-of-pocket costs. Health Savings Accounts (HSA) may be attractive to a small number of military retirees who have a high deductible health plan provided through a civilian employer. But an HSA option would also incur significant costs, which would include lost tax revenue and administration fees.

Therefore, the conferees direct the Under Secretary of Personnel and Readiness to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives by March 1, 2021 on the potential costs and benefits of providing servicemembers with the option to contribute to an HSA.

Report on Integrated Disability Evaluation System

The House bill contained a provision (sec. 744) that would require the Secretary of Defense, within 1 year of the date of the enactment of this Act, to submit a report to Congress on the findings of a study of the implementation and application of the Integrated Disability Evaluation System (IDES).

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to brief the Committees on Armed Services of the Senate and the House of Representatives, within 180 days of the date of the enactment of this Act, on the implementation and application of the IDES. The briefing shall include the following:

(1) All changes to policies and procedures applicable to the implementation of IDES from the previous disability evaluation system;

(2) The extent to which IDES is the primary means for servicemembers to process through the disability evaluation system;

(3) The extent to which the Defense Health Agency and the military departments coordinate on servicemembers' treatment, medical evaluation board (MEB) referrals, convening authority appointment and MEB staffing, sharing medical documentation with a MEB, evaluation of servicemembers' initial

or subsequent limited duty status, and MEB referral to a physical evaluation board;

(4) The process for servicemembers to request an impartial medical review or to rebut MEB findings and the criteria a MEB convening authority applies when considering such requests; and

(5) The average time to process IDES cases by phase and stage for active and reserve component servicemembers.

Antimicrobial stewardship staffing at medical treatment facilities of the Department of Defense

The House bill contained a provision (sec. 746) that would require the Secretary of Defense, within 90 days of the date of the enactment of this Act, to establish antimicrobial staffing and diagnostics recommendations to improve antimicrobial stewardship programs. The provision would require the Secretary to consult with the Centers for Disease Control and Prevention (CDC) and relevant medical societies on development of the recommendations and to submit an implementation plan for carrying out the recommendations to the Committees on Armed Services of the Senate and the House of Representatives within 180 days of the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that section 727 of the National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) required the Department of Defense (DOD) to establish an antimicrobial stewardship program (ASP) at all military medical treatment facilities (MTFs). Since then, DOD has published policy documents that provide structure for implementation and standardization of ASPs. MTFs participate in the CDC's National Healthcare Safety Network (NHSN) Antimicrobial Use and Resistance module and regularly submit data to it. In 2016, DOD directed the multi-drug resistant organism (MDRO) Repository and Surveillance Network (MRSN) to expand its collection of microorganism isolates to include all MTFs. DOD now has over 82,000 isolates in the MRSN, and it provides a 48-hour processing time for sequencing isolates from a suspected outbreak investigation. In June 2020, MRSN began real-time MDRO surveillance in 12 high-volume MTFs to provide highly accurate and timely detection of outbreaks caused by MDROs across DOD's hospital networks and to assist in identifying trends in antimicrobial resistance at the MTF level. Moreover, DOD policy requires employees on MTF staffs dedicated to antibiotic stewardship monitoring. From these efforts, it is clear to the

conferees that DOD has effectively implemented a rigorous ASP throughout its direct care health system.

Report on chiropractic care for dependents and retirees under the TRICARE program

The House bill contained a provision (sec. 747) that would require the Director of the Defense Health Agency to submit a report to the congressional defense committees, within 1 year of the date of the enactment of this Act, on the feasibility, efficacy, and cost to expand chiropractic care services to certain TRICARE beneficiaries.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Department of Defense has discussed plans to expand coverage of such services to TRICARE beneficiaries. The conferees direct the Director of the Defense Health Agency to brief the Committees on Armed Services of the Senate and the House of Representatives, not later than 180 days after the date of the enactment of this Act, on the expected date of coverage of such services, if determined feasible by the Department.

Funding for pancreatic cancer research

The House bill contained a provision (sec. 749) that would increase funding for pancreatic cancer research conducted by the Department of Defense.

The Senate amendment contained no similar provision.

The House recedes.

Plan for evaluation of flexible spending account options for members of the uniformed services and their families

The Senate amendment contained a provision (sec. 750) that would require the Secretary of Defense to submit, by March 1, 2021, to the congressional defense committees a plan to evaluate flexible spending account options that allow pre-tax payment of health and dental insurance premiums, out-of-pocket health care expenses, and dependent care expenses for members of the uniformed services.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that while flexible spending accounts may be attractive to some military families, there are also significant costs associated with providing such a benefit. Therefore, the conferees direct the Under Secretary of Personnel

and Readiness to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives by March 1, 2021 on the potential costs and benefits of providing servicemembers with the option to contribute to a pre-tax flexible spending account.

Report on cost of extending TRICARE coverage to individuals participating in Health Professions Scholarship and Financial Assistance Program

The House bill contained a provision (sec. 750A) that would require the Secretary of Defense, within 120 days of the date of the enactment of this Act, to submit a report to the congressional defense committees containing an analysis of the cost of providing health care benefits under the TRICARE program to individuals participating in the Health Professions Scholarship Program (HPSP) and the Financial Assistance Program (FAP).

The Senate amendment contained no similar provision.

The House recedes.

Since HPSP and FAP recipients are not military servicemembers, the conferees do not expect the Department of Defense to provide health care coverage for such recipients. The conferees encourage HPSP and FAP recipients to enroll at their own expense in health plans sponsored by their academic institutions.

Report on health care records of dependents who later seek to serve as a member of the Armed Forces

The House bill contained a provision (sec. 750B) that would require the Secretary of Defense, within 180 days of the date of the enactment of this Act, to submit a report to the congressional defense committees on use by the military departments of health care records of individuals who are dependents or former dependents of servicemembers with respect to such individuals later serving or seeking to serve as members of the Armed Forces.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that House Committee Report accompanying H.R. 6395 (H. Rept. 116-442) of the National Defense Act for Fiscal Year 2021, page 154, directs the Secretary of Defense to provide a comprehensive report to the Committees on Armed Services of the Senate and the House of Representatives by January 31, 2021, that provides data related to military accession standards and mental health care for

individuals seeking accession into the Armed Forces. This report would also specify the overall number of potential enlistees designated as military dependents who were disqualified for accession because of a mental health condition.

Briefing on extension of TRICARE Prime to eligible beneficiaries in Puerto Rico and other United States territories

The House bill contained a provision (sec. 750C) that would require the Secretary of Defense, within 90 days of the date of the enactment of this Act, to provide a briefing to the congressional defense committees on the feasibility, benefits, and costs to extend enrollment in TRICARE Prime to eligible beneficiaries in Puerto Rico and other United States territories.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Department of Defense provided a similar report in response to a requirement in the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

Funding for post-traumatic stress disorder

The House bill contained a provision (sec. 750D) that would increase funding for post-traumatic stress disorder.

The Senate amendment contained no similar provision.

The House recedes.

Increased collaboration with NIH to combat triple negative breast cancer

The House bill contained a provision (sec. 750E) that would require the Department of Defense to work in collaboration with the National Institutes of Health to identify specific biomarkers and to provide information useful in drug discovery and clinical trials design to combat triple negative breast cancer.

The Senate amendment contained no similar provision.

The House recedes.

Study on readiness contracts and the prevention of drug shortages

The House bill contained a provision (sec. 750F) that would require the Secretary of Defense to conduct a study on the effectiveness of readiness contracts managed by the Defense

Logistics Agency (DLA) to meet the drug supply requirements of the military and to analyze whether the contractual approach used by DLA could serve as a model for the civilian health market in the United States.

The Senate amendment contained no similar provision.

The House recedes.

Findings and sense of Congress on musculoskeletal injuries

The House bill contained a provision (sec. 750G) that would describe findings and express a sense of Congress on musculoskeletal injuries among members of the Armed Forces.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that Senate Report accompanying S. 4049 (S. Rept. 116-236) of the National Defense Authorization Act for Fiscal Year 2021, page 234, encourages the Secretary of Defense to carry out a program on musculoskeletal injury prevention research to identify risk factors for such injuries among servicemembers. The conferees recognize the important work being done by the Naval Advanced Medical Research Unit in Wound Care Research and the Army Holistic Health and Fitness Program to conduct such research, and the conferees support additional research efforts to prevent musculoskeletal injuries among servicemembers.

Sense of Congress regarding maternal mortality review

The House bill contained a provision (sec. 750I) that would express a sense of Congress on maternal mortality and encourage the Department of Defense to establish a maternal mortality review committee to review each death of a servicemember or dependent during pregnancy or childbirth.

The Senate amendment contained no similar provision.

The House recedes.

Study on joint deployment formulary

The House bill contained a provision (sec. 750L) that would require the Secretary of Defense, within 270 days of the date of the enactment of this Act, to submit a report to the appropriate congressional defense committees on the joint deployment formulary.

The Senate amendment contained no similar provision.

The House recedes.

The conferees agree to include certain elements of this provision in another section of this Act.

Pilot program on sleep apnea among new recruits

The House bill contained a provision (sec. 756) that would require the Secretary of Defense, acting through the Defense Health Agency, to conduct a pilot program to determine the prevalence of sleep apnea among servicemembers assigned to initial entry training.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives, within 180 days of the date of the enactment of this Act, on any medical accession waivers provided by the military departments to potential enlistees for sleep apnea.

Report on research and studies on health effects of burn pits and mandatory training on health effects of burn pits

The House bill contained a provision (sec. 757) that would require the Secretary of Defense to submit a report to the congressional defense committees and the Committees on Veterans Affairs of the Senate and the House of Representatives on the status, methodology, and culmination timeline of research and studies on the health effects of burn pits.

The House bill also contained a provision (sec. 758) that would require the Secretary of Defense to provide training on the potential health effects of burn pits to each medical provider in the Department of Defense.

The Senate amendment contained no similar provisions.

The House recedes.

The conferees direct the Secretary of Defense to provide a briefing, within 180 days of the date of the enactment of this Act, to the Committees on Armed Services of the Senate and the House of Representatives on the Department of Defense's research and studies conducted on the health effects of burn pits and to provide a description of the training provided to military medical treatment facility providers on the potential adverse health effects of burn pits.

Expansion of scope of Department of Veterans Affairs open burn pit registry to include open burn pits in Egypt and Syria

The House bill contained a provision (sec. 760) that would amend section 201(c)(2) of the Dignified Burial and Other Veterans' Benefits Improvement Act of 2012 (Public 112-260) to

expand the scope of the Department of Veterans Affairs' open burn pit registry to include open burn pits in Egypt and Syria.

The Senate amendment contained no similar provision.

The House recedes.

Pilot program on treatment of certain members of the Armed Forces impacted by traumatic brain injury and other associated health factors that influence long-term brain health and performance

The House bill contained a provision (sec. 761) that would authorize the Secretary of Defense, within 180 days of the date of the enactment of this Act, to conduct a pilot program to award grants to carry out a comprehensive brain health and treatment program for servicemembers impacted by traumatic brain injury (TBI) and other factors that influence long-term brain health and performance.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that since 2001 the Department of Defense has spent over \$2.2 billion on important TBI research that has led to breakthroughs in understanding the long-term effects of mild TBI on brain health. The conferees encourage the Department to continue research on TBI in partnership with civilian institutions, which may include longitudinal studies on long-term brain health and performance.

Study and report on surge capacity of Department of Defense to establish negative air room containment systems in military medical treatment facilities

The Senate amendment contained a provision (sec. 5741) that would require the Director of the Defense Health Agency to conduct a study on the use, scalability, and military requirements for commercial off-the-shelf negative air pressure room containment systems to improve pandemic preparedness at military medical treatment facilities.

The House bill contained no similar provision.

The Senate recedes.

TITLE VIII—ACQUISITION POLICY, ACQUISITION MANAGEMENT, AND RELATED MATTERS

SUBTITLE A—ACQUISITION POLICY AND MANAGEMENT

Report on acquisition risk assessment and mitigation as part of Adaptive Acquisition Framework implementation (sec. 801)

The Senate amendment contained a provision (sec. 831) that would require the Service Acquisition Executives to identify how they are assessing certain risks in acquisition programs under the new Adaptive Acquisition Framework.

The House bill contained no similar provision.

The House recedes with a technical/clarifying amendment.

The conferees continue to appreciate the careful consideration paid by the Department of Defense to its Adaptive Acquisition Framework, which implements the acquisition reforms legislated over the last 5 years. The conferees believe that the Service Acquisition Executives play important roles as portfolio managers and in executing programs delegated by the Under Secretary of Defense for Acquisition and Sustainment. The conferees believe that the Department of Defense can no longer afford to use cost, schedule, and performance thresholds as simple proxies for risk when determining the path that an acquisition program travels through the Defense Acquisition System and in organizing how programs are managed and overseen. Exclusive attention to cost, schedule, and performance of major defense acquisition programs and other development programs obscures myriad other risks in programs, large and small, any one of which could be single points of failure for successful acquisitions. Given the role that the Service Acquisition Executives play in portfolio and program management, the conferees believe their insights to be valuable in shaping overall acquisition policy.

Improving planning, execution, and oversight of life cycle sustainment activities (sec. 802)

The House bill contained a provision (sec. 803) that would specify the required elements of life cycle sustainment plans; require the Secretary of Defense to review each major weapon system's life cycle sustainment plan prior to Milestone C approval and periodically thereafter; and direct the Secretary of Defense to notify the congressional defense committees of a significant or critical breach of a major weapon system's baseline sustainment cost estimate, among other things.

The Senate amendment contained a similar provision (sec. 862) that would amend section 2441 of title 10, United States

Code, by directing the Secretary of each military department to conduct sustainment reviews on an annual basis and to report certain information resulting from such reviews to the Congress and the public, including information about sustainment cost growth on the Department's most expensive weapon systems. The provision would also require the Comptroller General of the United States to assess the steps the military departments are taking to quantify and address sustainment cost growth.

The Senate recedes with an amendment that would modify sections 2337, 2366b, and 2441 of title 10, United States Code, to improve the Department of Defense's planning, execution, and oversight of life cycle sustainment activities for covered systems. The amendment would define the required elements of a life cycle sustainment plan; assign product support managers responsibility for developing, updating, and executing life cycle sustainment plans; require milestone decision authorities to approve life cycle sustainment plans before Milestone B; modify reporting requirements for sustainment planning in Milestone B certifications; and direct the Secretary of each military department to conduct sustainment reviews every 5 years and submit such reviews to the congressional defense committees, along with a remediation plan to reduce sustainment cost growth, as appropriate. The amendment would also direct the Secretary of Defense to report to the congressional defense committees on the Department's sustainment planning processes for non-major defense acquisition programs.

The conferees remain concerned about the Department of Defense's lack of sustainment planning during the acquisition process and its ongoing challenges managing sustainment cost growth on fielded systems. The conferees note that while the amended provision is focused on improving sustainment for major defense acquisition programs and certain middle tier acquisitions, other types of acquisition programs, such as large information technology services contracts and software acquisitions, also face sustainment challenges. The conferees intend to monitor the Department's progress in improving sustainment outcomes, including the extent to which sustainment planning is carried out under each of the pathways in the Department's new Adaptive Acquisition Framework.

Disclosures for offerors for certain shipbuilding major defense acquisition program contracts (sec. 803)

The Senate amendment contained a provision (sec. 864) that would require disclosures for certain shipbuilding major defense acquisition program offers.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Implementation of modular open systems approaches (sec. 804)

The Senate amendment contained a provision (sec. 861) that would require that not later than 1 year after the date of the enactment of this Act, the Under Secretary of Defense for Acquisition and Sustainment, in coordination with the Joint All Domain Command and Control Cross Functional Team under the supervision of the Department of Defense (DOD) Chief Information Officer and the Joint Staff Director for Command, Control, Communications, and Computer/Cyber, shall prescribe regulations and issue guidance to the military services, Defense agencies and field activities, and combatant commands, as appropriate. The required regulations and guidance would

(1) Facilitate the Department of Defense's access to and utilization of modular system interfaces;

(2) Fully realize the intent of chapter 144B of title 10, United States Code, by facilitating the implementation of modular open system approaches across major defense and other relevant acquisition programs, including in the acquisition and sustainment of weapon systems, platforms, and components for which no common interface standard has been established to enable communication; and

(3) Advance the Department's efforts to generate diverse and recomposable kill chains.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

The conferees' intent is to expand the use of modularity in the design of weapons systems, as well as business systems and cybersecurity systems, to more easily enable competition for upgrades as well as sustainment throughout a product's lifecycle, while protecting the proprietary intellectual property embodied within the modules of modular systems. Modularity is especially important to enhance interoperability and to support combining and recombining systems in novel and surprising ways to achieve the vision of joint all-domain warfare and the emerging joint warfighting concept. To achieve these objectives, Government use rights for interfaces are indispensable. Modular systems with interfaces designed to common standards improve interoperability. The conferees are also highly encouraged by serious, sustained initiatives by the military departments to develop standards, through public-private consortia, such as the Air Force Open Mission Systems and the Navy's Future Airborne Capability Environment. The enthusiastic embrace of the Joint All Domain Command and Control initiative by all of the military departments and senior DOD

civilian leadership demonstrates a welcome and unprecedented commitment to joint warfare.

The conferees note, however, that prior efforts to adopt universal standards both within and across the military services have failed to achieve comprehensive interoperability. Adoption rates of standards invariably lag, and technology advances require changes in standards that result in backwards incompatibilities. Even if the new initiatives proposed within the DOD research and engineering community overcome these problems, incompatible interfaces will remain numerous for many years to come, hampering joint, multi-domain operations. The Defense Advanced Research Projects Agency (DARPA) developed, rigorously tested, and repeatedly demonstrated technology to auto-generate code to enable full interoperability across interfaces not built to any standard once they have been appropriately defined and characterized in machine-readable formats. DARPA has executed more than a dozen real-world demonstrations (called "gauntlets") of this technology that appear to show that the cost is minimal and that the time required to achieve interoperability between previously incompatible systems is measured in hours and days, not months and years. These demonstrations further indicate that interoperability between systems can be engineered in the field by Government personnel. DARPA's tests and field demonstrations to date indicate that this technology does not introduce latencies or otherwise constrain performance, in contrast to so called "translation" approaches to interface interoperability. The conferees are interested in further examination of the DARPA interoperability technology and the provision requires the Department to conduct additional demonstrations.

Finally, the conferees emphasize that the provision does not mandate the operational deployment and use of DARPA technology, nor does it in any way limit or constrain the development, use, or adoption of interface standards.

Congressional notification of termination of a middle tier acquisition program (sec. 805)

The House bill contained a provision (sec. 801) that would modify section 804 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92; 10 U.S.C. 2302 note) to direct the Secretary of Defense to provide notification to the congressional defense committees 30 days after a program is terminated that used the 'middle tier' of acquisition authority.

The Senate amendment contained no similar provision.

The Senate recedes.

*Definition of material weakness for contractor business systems
(sec. 806)*

The House bill contained a provision (sec. 804) that would replace the term 'significant deficiency' and its definition in section 893 of the Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (Public Law 111-383) with the term 'material weakness' and its definition, as established by generally accepted auditing standards.

The Senate amendment contained a similar provision (sec. 845).

The House recedes with an amendment that would further align the definition of 'material weakness' used to evaluate contractor business systems with generally accepted auditing standards.

The conferees note that the Section 809 Panel's 'Report of the Advisory Panel on Streamlining and Codifying Acquisition Regulations' recommended this terminology change after finding the Department of Defense's definition of 'significant deficiency' was inconsistent with the two-tiered characterization of internal control deficiencies used in generally accepted auditing standards. The conferees are aware this definitional inconsistency has caused confusion about the seriousness of deficiencies identified in contractor business systems. The conferees believe that implementing the two-tiered categorization of deficiencies established by generally accepted auditing standards will allow the Department to maintain appropriate oversight over contractor business systems, while taking a more nuanced approach to classifying contractor business system deficiencies according to their severity.

In implementing this provision in the Defense Federal Acquisition Regulation Supplement, the conferees direct the Secretary of Defense to ensure definitions for associated terms are also updated or incorporated as appropriate and in line with generally accepted auditing standards, including: 'significant deficiency,' 'material misstatement,' and 'acceptable contractor business system.'

*Space system acquisition and the adaptive acquisition framework
(sec. 807)*

The House bill contained a provision (sec. 807) that would allow the Secretary of the Air Force to assign an appropriate program executive officer as the milestone decision authority for major defense acquisition programs of the United States Space Force.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment regarding milestone decision authority delegation and requires the Secretary of Defense to submit to the congressional defense committees a report on the application of the Adaptive Acquisition Framework to space systems.

Acquisition authority of the Director of the Joint Artificial Intelligence Center (sec. 808)

The House bill contained a provision (sec. 805) that would authorize the Director of the Joint Artificial Intelligence Center with responsibility for the development, acquisition, and sustainment of artificial intelligence technologies, services, and capabilities through fiscal year 2025.

The Senate amendment contained no similar provision.

The Senate recedes with edits to the details of the authority.

Assessments of the process for developing capability requirements for Department of Defense acquisition programs (sec. 809)

The House bill contained a provision (sec. 846) that would require the Secretary of each military department to conduct an assessment of the process for developing capability requirements for acquisition programs and to each submit a report by March 31, 2021, with recommendations to improve the agility and timeliness of that process.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make technical and conforming changes.

The conferees believe the Department's requirements generation processes, as established under Chairman of the Joint Chiefs of Staff Instruction 5123.01H, pertaining to the Joint Capabilities Integration and Development System, and the associated manual, face many challenges. The conferees note that recent reforms to shift authority for certain acquisition and requirements development decisions to the military departments have placed increasing importance on the efficiency and effectiveness of the military departments' development of capability requirements. However, the conferees are concerned that the military departments' processes for developing capability requirements, including the extent to which they are aligned with the Department's acquisition and budgeting processes, continue to hinder the completion of timely, realistic, and achievable requirements for acquisition programs. Moreover, the conferees believe that recent efforts to implement

the Department's adaptive acquisition framework call for a new look at how requirements are generated within each of the acquisition pathways in this framework (including major capability acquisition, middle tier of acquisition, software acquisition, and the acquisition of services, among others) to the benefit of the defense acquisition system. Some of the Department's challenges are well-described in the MITRE Corporation's March 2020 report, titled "Modernizing DOD Requirements Enabling Speed, Agility, and Innovation," in particular the additional time it takes to produce validated requirements for an acquisition program. The conferees note the report's recommendations accord with the idea underpinning the Department's Adaptive Acquisition Framework. Notwithstanding the conferees' direction elsewhere in this Act regarding the Department's incorporation of certain elements in finalizing its interim Software Acquisition Pathway, and in carrying out the activities under this section, the conferees direct the Secretary of Defense to consider the recommendations of the MITRE Corporation's report and to include views on the report in its report to the congressional defense committees, along with rationales for why such recommendations could not be implemented if they are determined to be unsuitable.

SUBTITLE B—AMENDMENTS TO GENERAL CONTRACTING AUTHORITIES, PROCEDURES, AND LIMITATIONS

Sustainment reform for the Department of Defense (sec. 811)

The House bill contained a provision (sec. 811) that would amend section 113 of title 10, United States Code, pertaining to the National Defense Strategy, to add a requirement to develop a strategic framework for prioritizing and integrating activities relating to sustainment of major defense acquisition programs. The provision would also amend section 133 of title 10, United States Code, to expand responsibilities of the Under Secretary of Defense for Acquisition and Sustainment to include those pertaining to major defense acquisition programs, logistics, and the national technology and industrial base.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would add a second strategic framework to the National Defense Strategy under section 113, relating to contested logistics, and would further expand the Under Secretary's responsibilities under section 133 to be applicable to all acquisition programs.

The conferees note with concern that the Department of Defense systemically fails to address sustainment planning for defense acquisition programs in a sufficient manner, which too often results in significant cost growth during the sustainment phase of the life cycle, of these systems where 70 percent of the costs occur.

The conferees urge the Department to increase its emphasis on delivering joint contested logistics capabilities to support the combatant commands, particularly where there are interdependencies between the armed services. The conferees continue to be concerned that the Department continues to emphasize lethality at the expense of the key force projection and sustainment capabilities required to support great power competition.

Inclusion of software in Government performance of acquisition functions (sec. 812)

The Senate amendment contained a provision (sec. 881) that would include software in government performance of acquisition functions.

The House bill contained no similar provision.

The House recedes with an amendment that would limit the scope of the provision to any acquisition program exceeding the cost level equivalent to a major defense acquisition program, or other programs identified by the Secretary of Defense.

The conferees direct the Under Secretary of Defense for Acquisition and Sustainment to provide a briefing by March 1, 2021, to the Committees on Armed Services of the Senate and the House of Representatives detailing how the Department of Defense complies with section 1706 of title 10, United States Code, including a presentation of data on the extent to which the goal in subsection (a) is met and the implications for resource requirements, as well as a description of the strategic management and resourcing decisions involved in planning for recruiting, training, and career development of military and civilian employees listed in subsection (a).

Modifications to Comptroller General assessment of acquisition programs and related initiatives (sec. 813)

The House bill contained a provision (sec. 812) that would amend section 2229b(b)(2) of title 10, United States Code, to allow the Comptroller General of the United States to include key analysis of organizational, policy, and legislative changes at the Department of Defense that predate its most recent annual assessment.

The Senate amendment contained no similar provision.

The Senate recedes.

The conferees note that the Senate amendment contained a provision (sec. 832) which, among other things, included a subsection (sec. 832(d)) that provided similar permission to the Comptroller General.

Cost or pricing data reporting requirements for Department of Defense contracts (sec. 814)

The Senate amendment contained a provision (sec. 842) that that would modify section 2306a of title 10, United States Code, by establishing a standard \$2.0 million threshold for application of the requirements of the Truthful Cost or Pricing Data statute (commonly known as the Truth in Negotiations Act) with respect to subcontracts and price adjustments.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to analyze the impact of this provision and document any resulting benefits to the Government.

The conferees note that section 811 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) raised the applicability thresholds for section 2306a of title 10, United States Code, limiting the requirement for certified cost and pricing data to those contracts, modifications, and subcontracts that exceeded those thresholds. More recently, section 803 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) included mechanisms to protect the Government's interests with respect to contracts and subcontracts not subject to requirements for certified cost or pricing data.

The Department and the military services have represented to the conferees that the authority in this provision will promote efficiency, improve acquisition timelines, and reduce administrative costs associated with executing certain contracts with lengthy periods of performance. The conferees note that the purpose of this provision is to streamline the administration of cost accounting, and to reduce inefficiencies associated with the need to maintain dual accounting systems, not to reduce governmental oversight over contracts beneath the applicable threshold. As the Department uses the flexibility associated with this authority, the conferees emphasize the importance of rigorous oversight by acquisition executives to mitigate risks of paying higher prices that are neither fair nor reasonable.

Prompt payment of contractors (sec. 815)

The Senate amendment contained a provision (sec. 871) that would amend contract financing law established under section 2307(a)(2) of title 10, United States Code, to strengthen the requirement that the Department of Defense establish a goal to pay small business contractors within 15 days of receipt of an invoice.

The House bill contained no similar provision.

The House recesses.

The conferees note that the Defense Logistics Agency decision in November 2019 to move from 15-day payment terms to 30-day terms may have a detrimental effect on small businesses' ability to continue to do business for the U.S. Government, especially during economic downturns. The conferees further note that modern invoicing and payment systems should be able to support expedited review and payment of invoices, and therefore support the Department's efforts to leverage existing commercial systems to facilitate the prompt payments. The conferees are aware that during the COVID-19 pandemic, the Department of Defense has supported its contractors by taking steps to improve the timeliness of payments. The conferees are encouraged by these recent trends and encourage the Department to continue such efforts.

Documentation pertaining to commercial item determinations (sec. 816)

The House bill contained provisions (secs. 820 and 820c) that would amend section 2380 of title 10, United States Code, to add a requirement that contracting officers make binding determinations on whether a particular product or service meets the definition of a commercial product or commercial service and that would amend section 2306a of title 10, United States Code, to require contracting officers to presume a previous commercial product or commercial service determination.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would instead allow the contracting officer to request support in making a commercial product or a commercial service determination, as well as require the contracting officer to document that determination.

The conferees note that section 2380 of title 10, United States Code, requires the Department to maintain a centralized capability, necessary expertise, and resources to provide assistance in making commercial product and commercial service determinations, and to provide access to previous commercial product and commercial service determinations. The conferees are encouraged by the Secretary of Defense's support for the

Commercial Items Group within the Defense Contract Management Agency, which had been responsive to direction by section 831(b)(2) of the National Defense Authorization Act for Fiscal Year 2013 (Public Law 112-239) to establish such an activity. However, the conferees note the Department has failed to fully comply with statutory requirements and internally manage commercial product and commercial service determinations to ensure consistency across the Department. Therefore, the conferees direct the Secretary of Defense to provide a briefing to the congressional defense committees by March 1, 2021 describing the Department's process for making the written memoranda determination summaries available for use by contracting officers, and the Department's plan for compliance with commercial product and commercial service statutes.

Modification to small purchase threshold exception to sourcing requirements for certain articles (sec. 817)

The Senate amendment contained a provision (sec. 814) that would modify the small purchases exception included in section 2533a of title 10, United States Code, by establishing a threshold of \$150,000, instead of basing such exception on the simplified acquisition threshold, which is currently set at \$250,000.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Repeal of program for qualified apprentices for military construction contracts (sec. 818)

The House bill contained a provision (sec. 817) that would amend section 2870 of title 10, United States Code, to strike a paragraph that defines the term "qualified apprentice" to mean a high-quality apprenticeship program as determined by industry and the Secretary of Labor.

The Senate amendment contained a similar provision (sec. 893) that would repeal section 2870 of title 10, United States Code, in its entirety.

The House recedes.

Modifications to mitigating risks related to foreign ownership, control, or influence of Department of Defense contractors and subcontractors (sec. 819)

The Senate amendment contained a provision (sec. 5894) that would modify section 847(b) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) by

incorporating additional requirements for mitigating risks related to foreign ownership, control, or influence.

The House bill contained no similar provision.

The House recedes with an amendment that would direct the Department of Defense to establish contract administration procedures for appropriately responding to changes in contractor or subcontractor beneficial ownership status. The amendment would also clarify implementation timelines and correct a reference to existing law.

Contract closeout authority for services contracts (sec. 820)

The House bill contained a provision (sec. 818) that would amend section 836 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) by reducing the contract closeout period for service contracts from 17 years to 7 years, but no less than the Federal Acquisition Regulation's record retention requirements. The House provision would also direct the Secretary of Defense to establish and maintain a centralized contract closeout oversight capability within the Defense Contract Management Agency (DCMA).

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would expand the scope of contracts covered by the provision and further modify contract closeout timeframes. The Senate amendment would also clarify direction regarding DCMA's role in conducting oversight of contract closeout activities.

Specifically, the conferees note that contract closeout responsibilities are dispersed among many organizations within the Department of Defense, but that the DCMA has particular expertise in carrying out such activities. The conferees therefore encourage other offices within the Department of Defense to leverage DCMA's expertise, as appropriate.

Revision of proof required when using an evaluation factor for employing or subcontracting with members of the Selected Reserve (sec. 821)

The Senate amendment contained a provision (sec. 843) that would modify section 819 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109-163) to remove a documentation requirement that is unnecessary given the solicitation requirements established under subpart 15.203 of the Federal Acquisition Regulation.

The House bill contained no similar provision.

The House recedes.

SUBTITLE C—PROVISIONS RELATING TO SOFTWARE AND TECHNOLOGY

Contract authority for development and demonstration of initial or additional prototype units (sec. 831)

The Senate amendment contained a provision (sec. 844) that would enhance an authority previously provided to the Department of Defense to streamline the process for moving technologies from science and technology into production by permitting activities to be performed under the same contract as the technology is matured.

The House bill contained no similar provision.

The House recedes with an amendment that would direct the Secretary of Defense to establish procedures for assessing the use of the authority.

The conferees note that this proposal would help to implement the National Defense Strategy as a reform effort to enable greater performance and affordability, capability delivery at the speed of relevance, and rapid, iterative approaches from development to fielding. The conferees direct the Secretary of Defense to report by March 31, 2021, on the use of the authority under 10 U.S.C. 2302e.

Extension of pilot program for streamlined awards for innovative technology programs (sec. 832)

The Senate amendment contained a provision (sec. 872) that would extend by 3 years the authorization of a pilot program to streamline contracting and auditing processes for certain innovative technology projects carried out by small businesses.

The House bill contained no similar provision.

The House recedes with an amendment that would extend the pilot program until 2022.

The conferees note that this authority has the potential to accelerate the awards of Small Business Innovation Research contracts and other contracts to innovative non-traditional defense contractors. The conferees direct the Secretary of Defense to provide a briefing no later than March 1, 2021 on the use and benefits of this authority and a recommendation on the extension or permanent authorization of the pilot program. The conferees expect the briefing to include a description of the mechanisms by which the Department is collecting data and analyzing the benefits of the authority and the best practices for its use. The conferees note that unless the Department collects data and demonstrates the value of authorities that

enable streamlined acquisition practices, the conferees are unlikely to extend such authorities in the future.

Listing of other transaction authority consortia (sec. 833)

The Senate amendment contained a provision (sec. 5891) that would require the Department of Defense to publish on Beta.SAM.gov (or any successor system) a list of the consortia it uses to make awards under other transaction authority.

The House bill contained no similar provision.

The House recedes with a technical amendment.

The conferees note the limited information available on the Department of Defense's use of consortia for other transaction awards. Therefore, the conferees direct the Comptroller General of the United States to submit a report to congressional defense committees not later than December 1, 2021, on the nature and extent of the Department's use of consortia for other transactions. The report shall assess the number and dollar value of other transaction awards through consortia, the benefits and challenges of using consortia, how the Department's use of consortia compares to other Federal agencies with other transaction authority, and any other matters the Comptroller General determines to be appropriate.

Pilot program on the use of consumption-based solutions to address software-intensive warfighting capability (sec. 834)

The Senate amendment contained a provision (sec. 884) that would direct the Secretary of Defense to establish a pilot program to explore the use of consumption-based solutions to address software-intensive warfighting capability, including criteria for selecting initiatives for the pilot, direction on certain contracting elements, requirements for monitoring pilot activities, and a series of congressional reporting requirements.

The House bill contained no similar provision.

The House recedes with an amendment that would expand the pilot criteria to include military applications beyond software and that would delay the reporting dates.

The conferees believe that the Department of Defense should take advantage of "as-a-service" or "aaS" approaches in commercial capability development, particularly where the capability is software-defined and cloud-enabled. The conferees note that, in its final report, the Section 809 Panel on Streamlining and Codifying Acquisition recommended the adoption of consumption-based approaches at the Department of Defense, stating, "More things will be sold as a service in the future.

XaaS could really mean everything in the context of the Internet of things (IoT). Consumption-based solutions are appearing in many industry sectors, from last mile transportation (e.g., bike shares and electric scooters) to agriculture (e.g., tractor-as-a-service for farmers in developing countries). Most smart phone users are familiar with software updates that provide bug fixes or new features. A more extreme example of technology innovation enabled by the IoT is the ability to deliver physical performance improvements to vehicles through over-the-air software updates...In the not-so-distant future, cloud computing and the IoT will enable consumption-based solution offerings and delivery models that are hard to imagine today." Therefore, the conferees support the Department of Defense's commitment to new approaches to development and acquisition of software, and believe that the Department should explore a variety of approaches, to include the use of consumption-based solutions for software-intensive warfighting capability.

The conferees expect that, in conducting activities under the pilot program established in this section, the Department will consider the use of the Adaptive Acquisition Framework's Software pathway.

Balancing security and innovation in software development and acquisition (sec. 835)

The Senate amendment contained a provision (sec. 882) that would require the Under Secretary of Defense for Acquisition and Sustainment to incorporate certain considerations while finalizing the interim policy for a software acquisition pathway as part of the Department of Defense's new Adaptive Acquisition Framework.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the considerations, as well as which of the Department's policies would need to incorporate such considerations.

The conferees recognize the growing importance of assuring the security of software and determining the provenance of code and the risks posed by reliance—whether known or inadvertent—on code produced by or within adversary nations.

The conferees are also concerned about the Department's non-compliance with section 875 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91). Section 875 required the Department to implement an Office of Management and Budget pilot relating to open source software due to significant potential benefits to the Department, to include improved performance. The conferees note that the Department has cited security concerns in connection with openly publishing

certain code. The conferees further note that there is no comprehensive Department-wide process for conducting security reviews of code or parts of code and that the National Security Agency, which should have similar security concerns to the Department as a whole, has such a process for the purpose of maximizing appropriate public release.

The conferees encourage the Department to pursue the appropriate balance of innovation and security in developing, acquiring, and maintaining software.

The conferees further direct the Under Secretary of Defense for Acquisition and Sustainment and the Department of Defense Chief Information Officer to develop a roadmap with milestones that will enable the Department to require and effectively manage the submission by contractors of a software bill of materials.

Finally, the conferees direct the Under Secretary of Defense for Acquisition and Sustainment to update the Department's policy defining a Software Pathway to more clearly demonstrate compliance with the portions of section 800 of the National Defense Authorization for Fiscal Year 2020 (Public Law 116-92) to: (1) Ensure applicability to defense business systems as defined by section 2222 of title 10, United States Code; and (2) Provide for delivery of capability to end-users not later than 1 year after funds are obligated noting that other Government-wide policy and best practices call for updates no less frequently than once every 6 months.

Digital modernization of analytical and decision-support processes for managing and overseeing Department of Defense acquisition programs (sec. 836)

The House bill contained a provision (sec. 220) that would direct the Secretary of Defense to develop and implement an advanced digital data and analytics capability that would digitally integrate all data generated in the Department of Defense's acquisition process, such that the data necessary to carry out research and development, test and evaluation, program management, and other acquisition activities would be available in a comprehensive, authoritative, and widely-accessible format. The provision would also direct the Secretary of Defense to carry out certain demonstration activities, require the Defense Innovation Board and Defense Digital Service to conduct independent assessments in support of this effort, and establish congressional reporting requirements.

The House bill contained another provision (sec. 819) that would require the Under Secretary of Defense for Acquisition and Sustainment, in coordination with the Chairman of the Joint

Chiefs of Staff, and the Director of Cost Assessment and Program Evaluation, to develop a plan to identify, develop, and acquire databases, analytical and financial tools, and workforce skills to improve the Department of Defense-wide assessment, management, and optimization of investments in weapon systems of the Department, including through consolidation of duplicative or similar weapon system programs.

The Senate amendment contained no similar provisions.

The Senate recedes with an amendment that would combine the two provisions to direct digital modernization of analytical and decision-support processes for managing and overseeing Department of Defense acquisition programs.

The conferees note that several U.S. Government Accountability Office reports have cited the need for improved data management processes surrounding the Department's overall management framework. The conferees note that while most relevant data is Government-owned and authorized for Department-wide use, there is no enterprise mechanism facilitating the discovery, access, correlation or integration, and use of acquisition-related data across organizational boundaries; instead, each functional organization has established and locally optimized its own data and analytic processes for its own needs, and in many cases even these local practices are highly manual and inefficient. The conferees further note open Comptroller General recommendations pertaining to the roles, responsibilities, and activities to execute portfolio management of acquisition programs that the Department has partially disagreed with and thus not implemented. Further, the conferees note that in recent years the Congress has directed and the Department has implemented significant acquisition reforms, and along with those reforms, in the National Defense Authorization Act for fiscal year 2020 (Public Law 116-92) in sections 830 and 836 the Congress directed the Department to update its decision-support processes to facilitate holistic, comprehensive management and oversight of acquisition programs under the new adaptive acquisition framework. Although the conferees are encouraged by the Department's expansion of its Advanced Analytics (ADVANA) system to provide analytics and decision support for certain of the Department's processes, the conferees are concerned that, notwithstanding ADVANA, the Department is squandering opportunities to reshape management and oversight, and expect the Department to take seriously the direction under this section.

Safeguarding defense-sensitive United States intellectual property, technology, and other data and information (sec. 837)

The Senate amendment contained a provision (sec. 891) that would require the Secretary of Defense to establish, enforce, and track actions being taken to protect defense-sensitive United States intellectual property, technology, and other data and information, including hardware and software, from acquisition by China. Additionally, the provision would require the Secretary to generate a list of critical national security technology and provide for mechanisms to restrict employees or former employees of the defense industrial base from working directly for companies wholly owned by, or under the direction of, the Government of the People's Republic of China.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Comptroller General report on implementation of software acquisition reforms (sec. 838)

The Senate amendment contained a provision (sec. 832) that would require the Comptroller General of the United States to assess the extent to which the Department of Defense has implemented various reforms related to the acquisition of software for weapon systems, business systems, and other activities that are part of the defense acquisition system, and that would direct certain changes to a separate Comptroller General annual assessment.

The House bill contained no similar provision.

The House recedes with an amendment that would strike the modification of requirements for a separate Comptroller General assessment of selected acquisition programs and initiatives, as that item is addressed elsewhere in this Act.

The conferees note that the Defense Science Board and Defense Innovation Board have produced substantial studies with significant recommendations for reform and that the committee has itself produced numerous provisions in prior National Defense Authorization Acts related to the reform of software acquisition. The conferees further note the Department's commitment to implementing these reforms.

Comptroller General report on intellectual property acquisition and licensing (sec. 839)

The House bill contained a provision (sec. 820A) that would require the Department of Defense to consult with stakeholders to develop guidelines for the acquisition of intellectual property (e.g., technological processes), to include model forms and definitions of key terms.

The Senate amendment contained a similar provision (sec. 883) that would direct the Comptroller General of the United States to report on the implementation of the Department of Defense's instruction for intellectual property acquisition and licensing.

The House recedes with an amendment that would add certain topics to the Comptroller General review.

The conferees note that the Department established this instruction in response to section 2322 of title 10, United States Code, which required the Department to develop a policy for intellectual property acquisition and licensing and to create a cadre of intellectual property experts.

SUBTITLE D—INDUSTRIAL BASE MATTERS

*Additional requirements pertaining to printed circuit boards
(sec. 841)*

The House bill contained a provision (sec. 826) that would direct the Secretary of Defense to establish, for contractors and subcontractors that provide printed circuit boards (PCBs) to the Department of Defense, certifications pertaining to the boards' manufacture and assembly within approved countries at certain percentages and on a certain schedule. The provision would allow the Secretary to waive the requirement upon determining there are no significant national security concerns, and that the contractor is otherwise in compliance with relevant cybersecurity provisions, including section 224 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The Senate amendment contained a similar provision (sec. 808) that would allow purchase from additional countries and prohibit purchase from certain others and would direct implementation of the associated manufacturing certifications on a different schedule.

The Senate recedes with an amendment to prohibit procurement of covered printed circuit boards from certain enumerated countries; an amendment to modify the definition of covered PCBs to focus on products and services other than commercial products and services, unless specifically identified by the Secretary; and an amendment to direct an independent assessment of the implications of expanding the coverage to more commercial products and services.

The conferees expect the Department of Defense to take steps to reduce and mitigate national and economic security risks related to sources of supply and manufacture of printed circuit boards. The conferees note that this section is intended

to augment, not reduce or supersede, other efforts to reduce and mitigate such risks.

The conferees note the complexity of technical, security, business, trade, and acquisition program issues that impact any efforts to develop policies relating to this industry. Therefore, the conferees direct an independent assessment to inform further congressional deliberation on this matter.

Report on nonavailability determinations and quarterly national technology and industrial base briefings (sec. 842)

The House bill contained a provision (sec. 821) that would amend section 2504 of title 10, United States Code, to require quarterly briefings to monitor progress toward eliminating gaps or vulnerabilities in the national technology and industrial base (NTIB) as identified in the Annual Industrial Capabilities Report to the Congress, as required by section 2504 of title 10, United States Code. The House bill also contained a provision (sec. 827) that would require a report describing the use of any waiver or exception by the Department of Defense to the requirements of chapter 83 of title 41, United States Code, or section 2533a of title 10, United States Code, relating to nonavailability determinations.

The Senate amendment contained a similar provision (sec. 5801) that would also require a report on nonavailability determinations under section 2533a of title 10, United States Code.

The Senate recedes with an amendment that would combine the provisions to require quarterly briefings to the Congress on the industrial base supporting the Department of Defense describing challenges and vulnerabilities in the defense industrial base and commercial sector relevant to execution of defense missions, and describing initiatives to address such challenges, and would incorporate reporting on covered non-availability determinations. Regarding the NTIB briefings, the conferees note that the NTIB briefings are intended to cover a spectrum of industrial base issues and are not limited to topics related to DOD interactions with non-U.S. members of the national technology and industrial base. Regarding reporting on nonavailability determinations, the conferees note that a briefing on nonavailability determinations was required in the House committee report accompanying H.R. 2500 (H. Rept. 116-120) of the National Defense Authorization Act for Fiscal Year 2020, and, as it has yet to be produced by the Department, the conferees intend for this provision's reporting requirements to incorporate that direction. The conferees' intent is to increase

insight into waivers, exceptions, and associated determinations in order to shape future industrial base policy direction.

Modification of framework for modernizing acquisition processes to ensure integrity of industrial base and inclusion of optical transmission components (sec. 843)

The House bill contained a provision (sec. 816) that would make a technical change related to optical transmission components.

The Senate amendment contained a similar provision (sec. 804) that would amend section 2509 of title 10, United States Code, to add references to matters of existing law, regulation, policy, and associated activities, and that would make a technical change related to optical transmission components.

The House recedes with a technical amendment regarding authorities originally established in section 806 of the Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (Public Law 111-383) that were subsequently made permanent in section 881 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

Expansion on the prohibition on acquiring certain metal products (sec. 844)

The House bill contained a provision (sec. 822) that would expand the prohibition on acquiring certain metal products.

The House bill contained a similar provision (sec. 1782) that would prioritize the domestic procurement of tungsten and tungsten powder.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would extend the effective date from 3 to 5 years. The conferees direct the Secretary of Defense in preparing the annual report required by section 2504 of title 10, United States Code, to include the Department's efforts to comply with 10 U.S.C. 2533c.

Miscellaneous limitations on the procurement of goods other than United States goods (sec. 845)

The House bill contained a provision (sec. 823) that would require that certain shipboard components be manufactured in the National Technology and Industrial Base.

The Senate amendment contained similar provisions (sec. 812 and sec. 5812) that would amend section 2534 of title 10, United States Code, related to miscellaneous limitations on the procurement of goods.

The House recedes with an amendment that would require that certain T-AO 205 class components be manufactured in the National Technology and Industrial Base and require the expedited review of certain applications submitted pursuant to section 2534 of title 10, United States Code.

Improving implementation of policy pertaining to the national technology and industrial base (sec. 846)

The Senate amendment contained a provision (sec. 803, as amended by sec. 5803) that would: (1) Require the Secretary of Defense to assess the research and development, manufacturing, and production capabilities of national technology and industrial base (NTIB) members and other friendly nations; (2) Modify section 2350a of title 10, United States Code, to allow for cooperative research and development agreements among the NTIB member countries; (3) Modify section 2502 of title 10, United States Code, to establish a NTIB regulatory council; and (4) Direct the Secretary of Defense to establish a process for considering the inclusion of additional members in the NTIB.

The House bill contained no similar provision.

The House recedes with an amendment that would eliminate the sections pertaining to the cooperative research and development agreements and the regulatory council, and would modify the process for considering new NTIB members pertaining to roles and responsibilities, legislative proposals, and reporting.

The conferees are concerned that the National Technology and Industrial Base Council is not convening regularly, particularly at the level of principals, and strongly encourage persistent periodic meetings in light of the significant challenges identified in the Report by the Interagency Task Force in fulfillment of Executive Order 13806 and the significant additional obstacles as a result of the COVID-19 pandemic. The conferees therefore direct the Secretary of Defense to report on the frequency and level at which the Council convenes, as part of the quarterly briefings required elsewhere in this Act. The conferees reiterate the direction to the Secretary of Defense in section 881 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328), pertaining to reducing the barriers to the seamless integration among the NTIB, and especially those barriers related to identification of changes in export control rules, procedures, and laws that would enhance the civil-military integration policy objectives set forth in section 2501(b) of title 10, United States Code.

Report and limitation on the availability of funds relating to eliminating the gaps and vulnerabilities in the national technology and industrial base (sec. 847)

The House bill contained a provision (sec. 845) that would require the Secretary of Defense, the Under Secretary of Defense for Personnel and Readiness, the Under Secretary of Defense for Research and Engineering, and the Under Secretary of Defense for Acquisition and Sustainment to submit certain reports related to defense reform initiatives required by the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92). The provision would also place limitations on the obligation or expenditure of some of the fiscal year 2021 funding authorized to be appropriated for the offices of the specified officials if the required reports were not provided on time.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would limit the availability of funds for the offices of the Secretary of Defense and the Undersecretary of Defense for Acquisition and Sustainment if the Secretary of Defense does not submit the national security strategy for the national technology and industrial base, required by section 2501(a) of title 10, United States Code, by January 1, 2021.

The conferees note the Department of Defense has made progress in implementing and reporting on some of the defense reform initiatives referred to in the House provision, particularly with respect to the creation of the Defense Civilian Training Corps program and the establishment of extramural acquisition innovation and research activities. The conferees also note the expansion plan and schedule for the Defense Civilian Training Corps program, required under section 860(b)(2) of the National Defense Authorization Act for Fiscal Year 2020, has a required submission date of December 31, 2020.

Supply of strategic and critical materials for the Department of Defense (sec. 848)

The House bill contained a provision (sec. 824) that would require the Secretary of Defense, to the maximum extent practicable, to acquire materials that are determined to be strategic and critical materials required to meet the defense industrial, and essential civilian needs of the United States first from sources located within the United States and then from sources located in the national technology and industrial base, as defined in section 2500 of title 10, United States Code, or from other sources as appropriate.

The Senate amendment contained a similar provision (sec. 809).

The Senate recedes with an amendment to establish preferences and policy regarding the supply of strategic and critical materials for Department of Defense purposes.

The conferees note that section 846 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) added a requirement that the Department account for executive orders in preparing the annual report required by section 2504 of title 10, United States Code. The conferees further note the issuance of Executive Order 13953, "Addressing the Threat to the Domestic Supply Chain from Reliance on Critical Minerals from Foreign Adversaries and Supporting the Domestic Mining and Processing Industries," which implicates some of the same materials addressed by this section. The conferees expect the Department to consider the impacts of Executive Order 13953, as appropriate, in preparing the annual report.

The conferees urge the Department, in carrying out this section, to complete appropriate Tribal consultation as soon as practicable in accordance with section 106 of the National Historic Preservation Act (16 U.S.C. 470f) and further complete local, environmental and clean water assessments in accordance with the National Environmental Policy Act (42 U.S.C. 4321 et seq.).

Analyses of certain activities for action to address sourcing and industrial capacity (sec. 849)

The Senate amendment contained a provision (sec. 806) that would require the Secretary of Defense to conduct a series of assessments of certain materials and technology sectors, such as microelectronics and pharmaceutical ingredients, to determine what action to take with respect to sourcing or investment to increase domestic industrial capacity and explore ways to entice critical technology industries to move production to the United States for the purposes of national security.

The House bill contained no similar provision.

The House recedes with an amendment that would amend the list of high priority goods and services in subsection (c); add to and further specify activities required under subsection (b); and provide additional implementation direction.

The conferees remain concerned about overreliance on non-domestic sources of supply for certain technologies and products that are critical to the national defense and have included many of those cases in the text of this provision, and also provided specific directions in other provisions of this Act. The

conferees are requiring the Secretary of Defense to conduct a series of assessments of certain materials and technology sectors to determine what action to take with respect to sourcing or investment to increase domestic industrial capacity and explore ways to entice critical technology industries to move production to the United States for the purposes of national security. The conferees note that, in 2018, the Department of Defense published a study titled "Assessing and Strengthening the Manufacturing and Defense Industrial Base and Supply Chain Resiliency of the United States." The study identified several risks to the industrial base, including foreign dependency, and in some cases dependency on sole foreign suppliers for critical technologies used by the United States military. Additionally, the U.S.-China Economic and Security Review Commission's 2019 annual report identified a "growing reliance" on products critical to the manufacturing of active pharmaceutical ingredients.

The conferees believe that significant supply chain vulnerability has further been demonstrated by the recent COVID-19 pandemic. This represents a critical vulnerability, especially when supply chains come under the direct control or influence of the Government of the People's Republic of China or are potentially unreliable during an armed conflict. The Department of Defense must increase resiliency by expanding our domestic industrial base as well as fostering industrial cooperation with trusted allies and partners that offer additional capability and capacity in important areas. In exercising various legal authorities to balance these objectives, the Department must rationalize and execute a comprehensive strategy to develop, support, and maintain trusted and assured sources of critical goods from domestic or friendly nation sources, and leverage that strategy beneficially to address industrial capacity for other important materials and goods. In establishing an assessment process for considering all available mechanisms, the Department must enhance defense industrial base resiliency, minimize espionage vulnerabilities, support domestic economic growth, and limit the potential for foreign sabotage or disruption of United States access to critical sources of supply.

The conferees note that a variety of mechanisms are available to the Department and codified in title 10, United States Code. The conferees note that the assessments themselves required by this provision are intended neither to effect the removal or addition of covered items to statutory lists subject to sourcing prohibitions, nor to remove or increase the Department's ability to make a determination of nonavailability of domestic sources under domestic preference laws to meet

critical needs. The conferees note that the provision is intended to initiate analyses of items where such a determination has been made, to determine whether and how to develop additional domestic capacity, and to thereby increase supply chain security.

Implementation of recommendations for assessing and strengthening the manufacturing and defense industrial base and supply chain resiliency (sec. 850)

The Senate amendment contained a provision (sec. 801) that would require the Under Secretary of Defense for Acquisition and Sustainment to submit a series of recommendations regarding United States industrial policies to the Secretary of Defense, who would subsequently be required to submit these recommendations to the President, the Office of Management and Budget, the National Security Council, the National Economic Council, and the congressional defense committees.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the scope of the assessment and objectives upon which the Undersecretary of Defense for Acquisition and Sustainment is to base the recommendations.

The conferees commend the Department of Defense for its leadership in implementing the July 21, 2017, Presidential Executive Order 13806, "Assessing and Strengthening the Manufacturing and Defense Industrial Base and Supply Chain Resiliency of the United States." The challenges and shortfalls highlighted in the report authored in response to the executive order are of such scale that the conferees believe that only a national approach can effectively address these deficits. Therefore, the conferees expect the Department to exercise its leadership position, analytical capabilities, and policy expertise in developing recommendations for the industrial policies the United States ought to pursue.

Report on strategic and critical materials (sec. 851)

The House bill contained a provision (sec. 830D) that would require the Secretary of Defense to submit to the Congress a report on partnerships for rare earth material supply chain security not later than 180 days after the date of the enactment of this Act.

The Senate amendment contained a similar provision (sec. 810) that would require the Secretary of Defense to submit a report on strategic and critical minerals and metals and vulnerabilities in the supply chains of such minerals and metals

to the Committees on Armed Services of the Senate and the House of Representatives not later than June 30, 2021.

The House recedes with an amendment that incorporates the requirement pertaining to the ability to facilitate partnerships with institutes of higher education; situates the reporting requirement in the annual industrial capabilities report required by section 2504 of title 10, United States Code; and makes other technical corrections.

The conferees urge the Department, in carrying out this section, to complete appropriate Tribal consultation as soon as practicable in accordance with section 106 of the National Historic Preservation Act (16 U.S.C. 470f) and further complete local, environmental and clean water assessments in accordance with the National Environmental Policy Act (42 U.S.C. 4321 et seq.)

Report on aluminum refining, processing, and manufacturing (sec. 852)

The House bill contained a provision (sec. 830) that would require the Secretary of Defense to submit a report on how authorities under the Defense Production Act could be used to increase activities related to refining aluminum and the development of processing and manufacturing capabilities for aluminum.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would direct the Secretary of Defense to include such reporting as an appendix to the Department of Defense's annual national technology and industrial base report, required by section 2504 of title 10, United States Code.

The conferees note that the refining of aluminum and the development of processing and manufacturing capabilities for aluminum, including a geographically diverse set of such capabilities, may have important implications for the defense industrial base and national defense.

SUBTITLE E—SMALL BUSINESS MATTERS

Initiatives to support small businesses in the national technology and industrial base (sec. 861)

The House bill contained a provision (sec. 844) that would establish a Small Business Industrial Base Resiliency Program, under which an Assistant Secretary of Defense for Industrial Base Policy (established elsewhere in the Bill) would enter into

transactions with small business concerns to respond to the COVID-19 pandemic.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would direct the Secretary of Defense, the Assistant Secretary of Defense for Industrial Base Policy, and other officials to establish several initiatives to help the Department of Defense better leverage small business concerns in its efforts to eliminate gaps and vulnerabilities in the national technology and industrial base.

The conferees note that small businesses play a critical role in ensuring the integrity of the national technology and industrial base. During the COVID-19 pandemic, the Department of Defense has awarded a large number of contracts to small businesses to support the interagency pandemic response. Despite these critical contributions, however, the conferees note there is not a recurring requirement for the Department of Defense to update, implement, and assess the success of its small business strategy. Moreover, the conferees observe that although the U.S. Small Business Administration's annual scorecard shows the Department and each of the services have reached their small business contracting goals, the number of small businesses contracting with the Department has declined steadily in recent years. The conferees also note that the COVID-19 pandemic has revealed the difficulties of identifying and providing assistance to small businesses in the national technology and industrial base, particularly those small businesses that are in sub-tiers of the defense supply chain. Therefore, the conferees encourage the Assistant Secretary of Defense for Industrial Base Policy, established elsewhere in this Act, to maintain a strong focus on leveraging and expanding the number of small businesses in the national technology and industrial base.

Transfer of verification of small business concerns owned and controlled by veterans or service-disabled veterans to the Small Business Administration (sec. 862)

The House bill contained a provision (sec. 831) that would amend section 8127 of title 38, United States Code, and sections 16 and 36 of the Small Business Act (as codified at sections 645 and 657f of title 15, United States Code) to transfer the function of certifying Service Disabled Veteran Owned Small Businesses (SDVOSBs) and Veteran Owned Small Businesses (VOSBs) from the Department of Veterans Affairs (VA) to the Small Business Administration (SBA), phase out self-certification of SDVOSBs for the purposes of the Federal-wide SDVOSB contracting goal in favor of affirmative certification by SBA, and better harmonize the mechanics of the SDVOSB contracting program with

other small business contracting programs already administered by SBA.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would eliminate in subsection (a) the possibility for indefinite postponements of the transfer date; eliminate in subsection (d) the requirement that SBA conduct risk-based examinations of certified firms separate from periodic recertification examinations; clarify in subsections (d) and (e) enforcement and penalties language to better conform to relevant sections of the Small Business Act; and clarify in subsection (g) that VA personnel are not directed to be transferred and shall be guaranteed continuous employment, and that legal documents, proceedings, suits, and administrative actions shall continue notwithstanding the transfer of the certification function.

Employment size standard requirements for small business concerns (sec. 863)

The House bill contained a provision (sec. 840A) that would extend from 12 months to 24 months the time period to which an agency must refer when categorizing a manufacturer as a small business based on its average employment.

The Senate amendment contained no similar provision.

The Senate recedes.

Maximum award price for sole source manufacturing contracts (sec. 864)

The Senate amendment contained a provision (sec. 5875) that would amend the Small Business Act (15 U.S.C. 631 et seq.) by modifying the maximum award price for sole source manufacturing contracts.

The House bill contained no similar provision.

The House recedes.

Reporting requirement on expenditure amounts for the Small Business Innovation Research Program and the Small Business Technology Transfer Program (sec. 865)

The Senate amendment contained a provision (sec. 873) that would direct the Small Business Administration to include in its annual report to the Congress whether agencies have met required expenditure amounts for the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs, and would require the Small Business Administration to direct

those agencies which have not met the required expenditure amounts to report to the Congress on why they have not done so.

The House bill contained no similar provision.

The House recedes with an amendment that would clarify agencies' responsibilities for reporting to the Congress on compliance with legal requirements for minimum SBIR/STTR expenditure amounts.

Small businesses in territories of the United States (sec. 866)

The House bill contained a provision (sec. 838) that would provide assistance in securing opportunities in the Federal marketplace to small businesses located in territories of the United States, as recommended by the Congressional Task Force on Economic Growth in Puerto Rico.

The Senate amendment contained no similar provision.

The Senate recedes.

Eligibility of the Commonwealth of the Northern Mariana Islands for certain Small Business Administration programs (sec. 867)

The House bill contained a provision (sec. 839) that would ensure the Commonwealth of the Northern Mariana Islands is eligible for the Small Business Administration's Small Business Development Center (SBDC) and Federal and State Technology (FAST) programs.

The Senate amendment contained an identical provision (sec. 5872).

The conference agreement includes this provision.

Past performance ratings of certain small business concerns (sec. 868)

The House bill contained a provision (sec. 836) that would amend the Small Business Act by requiring contracting officers to consider a small business concern's past performance in a joint venture or as a first-tier subcontractor when evaluating the small business concern's offer for a prime contract.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would allow the small business concern to elect for such past performance to be considered by a contracting officer, rather than requiring it.

Extension of participation in 8(a) program (sec. 869)

The House bill contained a provision (sec. 835) that would allow small business concerns participating in the program established under section 8(a) of the Small Business Act (15 U.S.C. 637) on or before March 13, 2020, to extend such participation by a period of 1 year, and that would require the Administrator of the Small Business Administration to issue regulations implementing this provision within 15 days.

The Senate amendment contained a similar provision (sec. 5874) that would allow small business concerns participating in the 8(a) program on the date of enactment of this provision to continue their participation for 1 year.

The Senate recedes with an amendment that would revise the eligibility date in the provision to on or before September 9, 2020.

Compliance of Offices of Small Business and Disadvantaged Business Utilization (sec. 870)

The Senate amendment contained a provision (sec. 5871) that would amend section 15(k) of the Small Business Act (15 U.S.C. 644(k)) by requiring Federal agencies that are not in compliance with statutory requirements pertaining to the Office of Small Business and Disadvantaged Business Utilization to report to the Congress on the reasons for such noncompliance and the steps they are taking to become compliant.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Category management training (sec. 871)

The House bill contained a provision (sec. 837) that would direct the Administrator of the Small Business Administration to develop a training curriculum on category management for staff of Federal agencies with procurement or acquisition responsibilities; to ensure such staff receive the category management training; and to submit a copy of the training curriculum to the Committee on Small Business of the House of Representatives and the Committee on Small Business and Entrepreneurship of the Senate.

The Senate amendment contained no similar provision.

The Senate recedes.

SUBTITLE F—OTHER MATTERS

Review of and report on overdue acquisition and cross-servicing agreement transactions (sec. 881)

The Senate amendment contained a provision (sec. 1271) that would require the Secretary of Defense to produce a report on all unreimbursed and overdue Acquisition and Cross-Servicing (ACSA) transactions valued at \$1.0 million or more. The provision would also require a plan for securing reimbursement from the relevant foreign partner and a summary of actions taken by the Department to improve record-keeping related to ACSA transactions.

The House bill contained no similar provision.
The House recedes.

Domestic comparative testing activities (sec. 882)

The Senate amendment contained a provision (sec. 892) that would modify section 2350a of title 10, United States Code, to allow for domestic comparative test.

The House bill contained no similar provision.
The House recedes.

The conferees believe that the Department of Defense's new Adaptive Acquisition Framework is a very important step toward ensuring additional avenues for new entrants to the defense industrial base. The conferees emphasize the Federal Acquisition Regulation preference for commercial solutions and believe that this is especially important in technical areas where commercial development outpaces the Department. The ability of companies with innovative commercial solutions to conduct comparative tests with one or more programs of record against program requirements is foundational to enabling the Department's ability to benefit from commercial innovation.

Accordingly, the conferees direct the Under Secretary of Defense for Acquisition and Sustainment and the Under Secretary of Defense for Research and Engineering to jointly prepare an implementation plan that: (1) Defines the points along each of the acquisition pathways where market research should be refreshed, and (2) Establishes entry points for initiating such testing and associated procedures. The Under Secretaries shall brief the congressional defense committees no later than July 15, 2021, on the plan and associated implementation activities.

Prohibition on awarding of contracts to contractors that require nondisclosure agreements relating to waste, fraud, or abuse (sec. 883)

The House bill contained a provision (sec. 813) that would amend sections 2409(a) of title 10 and 4712(a) of title 31, United States Code, to clarify that an employee of a Federal government contractor, subcontractor, grantee, subgrantee, or personal services contractor may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to law enforcement or investigative personnel, fraud, waste, or abuse with regard to a government contract or grant, even if that employee had previously signed or was subject to a non-disclosure agreement.

The Senate amendment contained no similar provision.

The House recedes with an amendment that would prohibit the Secretary of Defense from awarding a contract to a contractor that requires its employees to sign internal confidentiality agreements or statements that would prohibit or otherwise restrict such employees from lawfully reporting waste, fraud, or abuse related to the performance of a Department of Defense contract to a designated investigative or law enforcement representative of the Department authorized to receive such information. Further, the amendment would require each contractor to inform its employees of the limitations on confidentiality agreements and other statements imposed by the provision.

The conferees direct the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives, not later than 180 days after the date of the enactment of this Act, detailing the Department's plan and mechanism for ensuring contractor compliance with the statutory prohibition against reprisal against an employee of a contractor, subcontractor, grantee, subgrantee, or personal services contractor for disclosing information that the employee reasonably believes is evidence of gross mismanagement of a DOD contract or grant; an abuse of authority; a violation of law, rule, or mismanagement related to a Department contract or grant; or a substantial and specific danger to public health or safety.

Program management improvement officers and program management policy council (sec. 884)

The House bill contained a provision (sec. 1745) that would amend title 31, United States Code, to direct adherence to certain standards for program and project management; further specify qualifications for the Program Management Improvement Officer; and adjust the frequency of the Program Management Policy Council's meetings.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would strike the changes to the standards.

Disclosure of beneficial owners in database for Federal agency contract and grant officers (sec. 885)

The House bill contained a provision (sec. 815) that would amend section 2313 of title 41, United States Code, by requiring the database used by Federal agency contract and grant officers for contractor responsibility determinations to reflect information about contractors' beneficial owners.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Repeal of pilot program on payment of costs for denied Government Accountability Office bid protests (sec. 886)

The Senate amendment contained a provision (sec. 846) that would repeal section 827 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), which required the Secretary of Defense to carry out a pilot program to determine the effectiveness of requiring contractors to reimburse the Department of Defense (DOD) for costs incurred in processing covered protests.

The House bill contained no similar provision.

The House recedes.

The conferees note that the pilot program is unlikely to result in improvements to the bid protest process given the small number of bid protests captured by the pilot criteria and lack of cost data.

The conferees continue to support efforts to improve the handling of bid protests. In support of such efforts, the conferees direct the Secretary of Defense to undertake a study through the Center for Acquisition Innovation Research, to examine elements of Section 885 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 114-328) for which the RAND National Defense Research Institute was unable to obtain full and complete data during its analysis. This study shall address: (1) The rate at which protestors are awarded the contract that was the subject of the bid protest; (2) A description of the time it takes the Department to implement corrective actions after a ruling or decision, the percentage of those corrective actions that are subsequently protested, and the outcomes of those protests; (3) Analysis of the time spent at each phase of the procurement process attempting to prevent a protest, addressing a protest, or taking corrective action in response to a protest, including the efficacy of any actions

attempted to prevent the occurrence of a protest; and (4) Analysis of the number and disposition of protests filed within the Department.

The conferees emphasize the potential benefits of a robust agency-level bid protest process. Accordingly, the study should evaluate the following factors for agency-level bid protests: prevalence, timeliness, outcomes, availability, and reliability of data on protest activities; consistency of protest processes among the military Services; and any other challenges that affect the expediency of such protest processes. In doing so, the study should review existing law, the Federal Acquisition Regulation, and agency policies and procedures and solicit input from across the DOD and industry stakeholders. The conferees note that an academic study recently examined the agency-level bid protest process at various federal agencies, including the Department of Defense, and reported on that study to the Administrative Conference of the United States. The conferees direct the Department to consider these recommendations among those it might make to improve the expediency, timeliness, transparency, and consistency of agency-level bid protests.

Not later than September 1, 2021, the Secretary of Defense shall provide the congressional defense committees with a report detailing the results and recommendations of the study, together with such comments as the Secretary determines appropriate.

Amendments to submissions to Congress relating to certain foreign military sales (sec. 887)

The House bill contained a provision (sec. 842) that would amend section 887(b) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) and make various modifications to the report required under such section.

The Senate amendment contained a similar provision (sec. 5893).

The Senate recedes with an amendment that would extend for 1 year the reporting requirement and would specify that the report would apply only to foreign military sales processes within the Department of Defense.

Revision to requirement to use firm fixed-price contracts for foreign military sales (sec. 888)

The House bill contained a provision (sec. 843) that would amend section 830 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to exclude modifications to a defense service or article requiring significant development work from the requirement to use firm fixed price

contracts for foreign military sales. The provision would also prohibit the Secretary of Defense from delegating the authority to waive such requirement below the level of the Service Acquisition Executive.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would repeal section 830 of the National Defense Authorization Act for Fiscal Year 2017.

Assessment and enhancement of national security innovation base (sec. 889)

The Senate amendment contained a provision (sec. 802) that would require the Deputy Secretary of Defense to conduct an assessment of how economic forces and structures are shaping the capacity of the national security innovation base. The provision would require the Deputy Secretary to submit an assessment along with any policy recommendations proceeding from it to the Secretary of Defense no later than 540 days after the date of the enactment of this Act and the Secretary of Defense to submit such assessment and recommendations, no later than 30 days after receipt, to the President, the Office of Management and Budget, the National Security Council, the National Economic Council, and the congressional defense committees.

The House bill contained no similar provision.

The House recedes with an amendment that would revise the elements under assessment and would require the Secretary to submit the Department's combined assessment to the outside parties by March 1, 2022.

The conferees recognize the Department of Defense's substantial efforts to ensure that the industrial base is innovative, robust, and expansive, and remain concerned that the wider U.S. economy has a significant impact on the industrial base. The conferees believe that ensuring domestic production and supply of critical national security technologies and source materials may extend beyond the activities, industrial policies, and scope of the Department of Defense and require serious interagency and private sector cooperation. The conferees also believe that developing a strategy to address this issue should be an inclusive, whole-of-government deliberative process that involves the Department of Defense, other relevant government agencies, and relevant stakeholders. The conferees recognize that Department of Defense appropriations are downstream of economic health and Federal budgets. The conferees intend for this provision to help the Department identify critical economic features affecting the industrial base, propose policies to guarantee that its development, industrial, and budgetary needs

are recognized, and ensure that broader economic policy decisions are fully informed.

Identification of certain contracts relating to construction or maintenance of a border wall (sec. 890)

The House bill contained a provision (sec. 850) that would require the Secretary of Defense to include on a public website of the Department of Defense a list of certain contracts relating to construction or maintenance of a border wall.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Waivers of certain conditions for progress payments under certain contracts during the COVID-19 national emergency (sec. 891)

The Senate amendment contained a provision (sec. 5841) that would allow the Secretary of Defense to temporarily increase the progress payment rate for undefinitized contract actions during the COVID-19 national emergency.

The House bill contained no similar provision.

The House recedes with an amendment that would add conditions to the waiver pertaining to companies' receipt of progress payments under other contracts, the companies' efforts to flow cash to subcontractors and suppliers, and other matters, as well as reporting on the use of the waivers and the flow of payments to subcontractors and suppliers.

The conferees support the Department of Defense's (DOD) actions to increase cash flow to the defense industry during the ongoing pandemic, which included increasing the rate of progress payments from 80 percent up to 95 percent for certain companies, and guidance on the use of advance payments in certain cases, among others. The conferees note that, according to DOD officials, these actions enabled DOD to provide billions of dollars to the defense industry in a period of severe economic downturn and instability.

The conferees remain concerned about whether and how the companies that received these funds to stabilize their operations in turn increased the rate of payments to their subcontractors and suppliers, who are in many cases small and medium sized firms that were potentially more at risk during this period.

Therefore, the conferees direct the Comptroller General of the United States to assess the Department's actions to provide and monitor the use of advance payments and the increased rate

of progress payments. As part of this review, the conferees direct the Comptroller General to brief the defense committees by September 30, 2021 on: (1) The number and types of contracts and contractors that received advanced payments or increased rates of progress payments; (2) The amount of funding that was provided via these mechanisms; (3) The extent to which DOD established effective oversight procedures to ensure that the recipients of these funds provided, as appropriate, increased payments to their subcontractors and suppliers; (4) The risks, if any, that the use of these mechanisms posed to DOD and how DOD mitigated such risks; and (5) Any other matters the Comptroller General determines to be appropriate. The conferees further direct the Comptroller General to provide a final report to the congressional defense committees at a time to be mutually agreed to following the briefing.

LEGISLATIVE PROVISIONS NOT ADOPTED

Modification to the definition of nontraditional defense contractor

The House bill contained a provision (sec. 802) that would amend section 2302(9) of title 10, United States Code, by adding to the term "nontraditional defense contractor" an entity that is owned entirely by an employee stock ownership plan (ESOP).

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the Department of Defense may benefit from the workforce talent attracted by entities that are owned entirely by employee stock ownership plans (ESOPs), yet a recent Government Accountability Office study showed there are no readily available data to determine what percent of an entity is owned by an ESOP. Therefore, the conferees direct the Secretary of Defense to provide a briefing to the congressional defense committees by December 31, 2020, on the advantages of working with ESOPs and the barriers ESOPs face in contracting with the Department. For the purposes of this briefing, an ESOP shall mean an entity that is owned entirely by an employee stock ownership plan (as defined in section 4975(e)(7) of the Internal Revenue Code of 1986 (title 26 of United States Code)).

Competition requirements for purchases from Federal Prison Industries

The House bill contained a provision (sec. 814) that would amend section 2410n of title 10, United States Code. This provision would eliminate the federal market share determination

requirement for the purchase of products from Federal Prison Industries.

The Senate amendment contained no similar provision.

The House recedes.

Requirements concerning former Department of Defense officials and lobbying activities

The House bill contained a provision (sec. 820B) that would require certain defense contractors to submit to the Secretary of Defense and make available to the public an annual report naming the former Department of Defense (DOD) personnel to whom the contractor provided compensation in the past year—including certain political appointees, members of the Senior Executive Service, military officers in the grade of O-6 and above, and certain acquisition personnel—as well as the specific issues and lobbying activities in which each named DOD official engaged on behalf of the contractor over the same period.

The Senate amendment contained no similar provision.

The House recedes.

Not later than June 30, 2021, the Secretary of Defense, informed by the ongoing review of the Comptroller General of the United States on the post-government employment of former DOD officials, will provide to the Committees on Armed Services of the Senate and the House of Representatives a briefing on the implementation of Department of Defense Instruction 1000.32, Prohibition of Lobbying Activity by DOD Senior Officials, dated March 26, 2020. The briefing will provide an overview of the policies and procedures the Department has established to operationalize the limitations imposed by section 1045 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), on the ability of retired and former general and flag officers and senior civilian equivalents to engage in lobbying contacts and activities with respect to the DOD. In addition, the briefing will provide: (1) An explanation of the interplay between section 1045 and the longstanding regime of ethics laws applicable to the entirety of the executive branch; (2) An assessment of the effectiveness of the section 1045 limitations, both in promoting ethical conduct by former senior DOD officials in the context of post-government activities and in minimizing adverse effects on the Department of what is sometimes referred to as the "revolving door;" (3) An assessment of the clarity and enforceability of the "behind the scenes" restrictions imposed by section 1045; (4) A description of the legal and practical challenges, if any, in the Department's implementation of section 1045; (5) An evaluation of the effects, if any, of the limitations imposed by section 1045 on

the Department's ability both to attract experienced and qualified persons to public service in the DOD and to derive benefit from communications with former senior employees and officers; and (6) A discussion of any related matter the Secretary deems appropriate.

Enhanced domestic content requirement for major defense acquisition programs

The House bill contained a provision (sec. 825) that would provide further direction for the Department of Defense in implementing the Buy American Act, as defined by chapter 83 of title 41, United States Code, for major defense acquisition programs. The provision would contain additional specific direction pertaining to what comprises "substantially all" for the purposes of assessing manufactured articles, materials, or supplies, to be domestic and would also require the Secretary of Defense to establish an information repository for collection and analysis of information related to domestic source content of major defense acquisition programs.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the importance of the Department working with trusted foreign partners and developing methodologies to understand beneficial ownership within the defense industrial base. The conferees direct the Secretary to provide a briefing to the congressional defense committees not later than March 1, 2021, on mechanisms used to track foreign involvement in individual acquisition programs, as directed by section 2509 of title 10, United States Code, and elsewhere in this Act. The conferees further direct the Secretary to consider the benefits of working with allies and partners that are currently designated as "qualifying countries" under the Defense Federal Acquisition Regulation Supplement, to assist the countries' understanding of the composition of their supply chains, and any associated risks.

The conferees note that the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) established section 2509 of title 10, United States Code, which in subsection (d) directed the Department to develop a unified set of activities to modernize the systems of record, data sources and collection methods, and data exposure mechanisms to analyze and mitigate supply chain risks. The conferees note this followed direction on supply chain risk management in section 2339a of title 10, United States Code, which directed the Department to conduct certain activities to identify risk to national security systems and authorized certain contracting actions to mitigate supply

chain risk with respect to companies, including subcontractors and suppliers. The conferees acknowledge the Department has taken significant steps to implement these provisions of law, including making use of the Department's existing Advanced Analytics (ADVANA) repository to populate information about suppliers. However, the conferees remain concerned about lack of coordination within the Department and delays in collecting all pertinent data. Therefore, the conferees direct the Secretary of Defense to ensure the collection and analysis of information related to sourcing of individual acquisition programs.

Sense of Congress on the prohibition on certain telecommunications and video surveillance services or equipment

The House bill contained a provision (sec. 828) that expressed a sense of Congress regarding rulemaking to facilitate successful implementation of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232; 132 Stat 1917; 41 U.S.C. note prec. 3901) which prohibits using or procuring certain telecommunications and video surveillance equipment.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Federal Acquisition Regulatory Council released an interim rule on the implementation of section 889(a)(1)(B) that went into effect on August 13, 2020. On August 12, 2020, the Director of National Intelligence provided the Department of Defense with a temporary waiver under the authority of section 889(d)(2) for certain contracting activities assessed as low-risk and to avoid disruption of end of year financial activities and has since extended that waiver a full year to September 30, 2022. Department of Defense officials have publicly stated the Department may seek additional waivers on a case-by-case basis, but does not seek to delay wholesale implementation of the rule. The conferees emphasize the importance of regular dialogue with the Department on section 889 implementation, generally, and encourage continued communication with the Committees on Armed Services of the Senate and the House of Representatives, especially on additional waivers the Department may seek. The committee looks forward to updates on the Department's positive progress towards compliance with statute and congressional intent.

Domestic sourcing requirements for aluminum

The House bill contained a provision (sec. 829) that would amend section 2533b of title 10; sections 5323, 22905, 24305,

and 50101 of title 49; and section 313 of title 23, United States Code, to add domestic content preferences for aluminum pertaining to activities of the Department of Defense, Federal Highway Administration, Federal Transit Administration, Federal Railroad Administration, Federal Aviation Administration, and Amtrak.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that elsewhere in this Act, the Secretary of Defense is directed to conduct analyses of certain materials and technology sectors and make recommendations for action to address sourcing and industrial capacity, including specifically for aluminum.

Briefing on the supply chain for small unmanned aircraft system components

The House bill contained a provision (sec. 830A) would require a briefing on the supply chain for small unmanned aircraft system components, including a discussion of current and projected future demand for small unmanned aircraft system components.

The Senate amendment contained no similar provision.

The House recedes.

The conferees expect the Department of Defense to continue its efforts to develop and sustain a secure and reliable sourcing strategy for small unmanned aircraft systems and their associated components. The conferees direct the Secretary of Defense in preparing the annual report due on March 1, 2021, as required by section 2504 of title 10, United States Code, to include an assessment of current and projected future demand for small unmanned aircraft system components. This assessment shall include: (1) The sustainability and availability of secure sources of critical components domestically and from sources in allied and partner nations; (2) The cost, availability, and quality of secure sources of critical components and other relevant information domestically and from sources in allied and partner nations; (3) Any plans of the Department of Defense to address gaps or deficiencies, including through the use of funds available under the Defense Production Act (50 U.S.C. 55) or through partnerships with public and private stakeholders; and (4) Other information as the Under Secretary of Defense for Acquisition and Sustainment determines to be appropriate.

Prohibition on procurement or operation of foreign-made unmanned aircraft systems

The House bill contained a provision (sec. 830B) that would prohibit the head of an executive agency from procuring any commercial off-the-shelf drone or covered unmanned aircraft, or any component thereof for use in such a drone or unmanned aircraft, that is manufactured or assembled by a covered foreign entity, including any flight controllers, radios, core processors, printed circuit boards, cameras, or gimbals.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Department of Defense has taken steps to reduce unwanted dependence on foreign unmanned aircraft systems. The conferees direct the Secretary of Defense to continue these efforts by developing mechanisms to share appropriate threat information related to the operational use of such foreign systems to appropriate Federal agencies, upon request. The conferees note the importance of accounting for unmanned aircraft systems that are manufactured or assembled in foreign countries that are adversaries of the United States, tracking the use of those systems, and guarding against risks to national security associated with such systems. The conferees also underscore the importance of developing ways to enhance the capacity and capability of a domestic unmanned aircraft industry. The conferees direct the Secretary of Defense to provide a briefing to the congressional defense committees on activities to share such threat information with Federal agencies not later than October 1, 2021.

Sense of Congress on gaps or vulnerabilities in the national technology and industrial base

The House bill contained a provision (sec. 830C) that would express a Sense of Congress on gaps or vulnerabilities in the national technology and industrial base.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense in preparing the annual report due on March 1, 2021 as required by section 2504 of title 10, United States Code, to include an assessment of gaps or vulnerabilities in the national technology and industrial base (as defined in section 2500 of title 10, United States Code) with respect to intellectual property theft as related to the development and long-term sustainability of defense technologies; the extent to which, if any, foreign adversaries engage in operations to exploit such gaps or vulnerabilities; recommendations to mitigate or address any such gaps or vulnerabilities identified by the Secretary; and any other matters the Secretary determines should be included.

Equitable adjustments to certain construction contracts

The House bill contained a provision (sec. 832) that would amend the Small Business Act (15 U.S.C. 631) to allow a small business performing a construction contract to submit a request for equitable adjustment to an agency if the contracting officer directs a change within the general scope of the contract without the agreement of the small business, and that would require the agency to provide an interim partial payment to the small business upon receipt of such request.

The Senate amendment contained no similar provision.
The House recedes.

Exemption of certain contracts awarded to small business concerns from category management requirements

The House bill contained a provision (sec. 833) that would exempt certain contracts awarded to small business concerns from category management requirements and that would require the Director of the Office of Management and Budget to develop and implement a plan to increase small business participation in agency-wide or Government-wide contracts.

The Senate amendment contained no similar provision.
The House recedes.

Report on accelerated payments to certain small business concerns

The House bill contained a provision (sec. 834) that would require the head of each Federal agency (as defined by section 551(a) of title 5, United States Code) to submit to the Congress a report on the timeliness of accelerated payments made to certain small business concerns.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the head of each Federal agency to submit to the Congress not later than March 1, 2021 a report on the timeliness of payments made to a prime contractor (as defined in section 8701 of title 41, United States Code) that is a small business concern (as defined in section 3 of the Small Business Act (section 632 of title 15, United States Code)) or to a prime contractor that subcontracts with a small business concern. The report shall include: (1) The date on which the Federal agency began providing accelerated payments in accordance with section 2307(a)(2) of title 10, United States Code, or paragraphs (10) and (11) of section 3903(a) of title

31, United States Code, as applicable, to a covered prime contractor; (2) Of contracts to which such sections apply, the amount and percentage of contracts with accelerated payment terms in accordance with such sections; and (3) Whether and on what date the agency discontinued implementation of the Office of Management and Budget Circular M-11-32 titled "Accelerating Payments to Small Businesses for Goods and Services" (issued September 14, 2011).

Boots to Business Program

The House bill contained a provision (sec. 840) that would amend section 32 of the Small Business Act (15 U.S.C. 657b) by codifying the Small Business Administration's Boots to Business program, which provides entrepreneurial training for certain members of the Armed Forces who are transitioning to civilian life.

The Senate amendment contained no similar provision.

The House recedes.

Modifications to supervision and award of certain contracts

The House bill contained a provision (sec. 841) that would create a locality preference for the award of military construction projects to firms and individuals within 60 miles of the location of the work, as well as other transparency and reporting requirements.

The Senate amendment contained no similar provision.

The House recedes.

The conferees recognize that military construction projects have the potential to provide significant economic stimulus to firms and individuals in local communities. The conferees encourage the military departments to seek opportunities to increase contracting opportunities to local entities and increase transparency and reporting of work performed by local entities, where practicable.

Authority to acquire innovative commercial products and services using general solicitation competitive procedures

The Senate amendment contained a provision (sec. 841) that would permanently authorize the Department of Defense to use what are commonly known as Commercial Solutions Openings to solicit and acquire innovative commercial items, technologies, or services.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that this authority was originally established in section 879 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) and that it has been successfully used by the Department to establish agreements with small businesses in technology areas relevant to supporting the current National Defense Strategy.

The conferees expect the Department to provide detailed justification to reauthorize this instrument and associated flexibilities. Accordingly, the conferees direct the Secretary of Defense to collect data on the specific cases, synthesize best practices, develop appropriate educational and training activities for the use of this authority, and to ensure such content is made available to the Department's acquisition workforce. As the conferees believe that such information will be invaluable to the Congress prior to considering reauthorization of this potentially powerful acquisition authority, the conferees direct the Under Secretary of Defense for Acquisition and Sustainment to provide a briefing to the congressional defense committees on the case data, best practices, and other activities by March 1, 2021.

Reports recommending disposition of notes and pertaining to reorganization of certain sections of defense acquisition statutes

The House bill contained a provision (sec. 847) that would require the Secretary of Defense to submit a report to the congressional defense committees with a proposal for the transfer and consolidation of certain defense acquisition statutes within the framework of part V of subtitle A of title 10, United States Code (as enacted by section 801 of the National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232)), by February 21, 2021.

The Senate amendment contained a similar provision (sec. 5892) that would require the Secretary of Defense to submit a report to the congressional defense committees regarding the disposition of provisions of law in the notes sections of sections of title 10, United States Code.

The conference agreement does not include these provisions.

Prohibition on contracting with persons with willful or repeated violations of the Fair Labor Standards Act of 1938

The House bill contained a provision (sec. 848) that would require the head of a Federal department or agency to initiate debarment proceedings against persons for whom four or more willful or repeated violations of the Fair Labor Standards Act of 1938 (29 U.S.C. 201 et seq.) are listed in the Government-wide performance and integrity database.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Department of Defense continues to award contracts to companies cited for willful or repeated fair labor standards violations under the Fair Labor Standards Act of 1938 (FLSA). The conferees note the National Defense Authorization Act for 2020 (Public Law 116-92) established section 2509 of title 10, United States Code, pertaining to the integrity of the defense industrial base, which included directing attention to contractor behavior that constitutes violations of the law, fraud, and associated remedies, including suspension and debarment.

The conferees further note that a July 2020 Government Accountability Office (GAO) report, titled "Defense Contractors: Information on Violations of Safety, Health, and Fair Labor Standards" (GAO-20-587R), mandated by the National Defense Authorization Act for Fiscal Year 2020, reviewing data from 2015-2019, determined that 417 companies had been cited for willful or repeated violations of FLSA pertaining to minimum wage, overtime, or child labor. Specifically, GAO found almost 5,200 such violations, most frequently, failures to pay minimum wage, overtime, and to keep accurate records. The conferees note that these companies, representing less than half of one percent of the companies the Department does business with, could potentially be replaced by more responsible contractors in order to improve the integrity of the industrial base, and potentially reward companies with better records of performance in these matters.

The conferees direct the Department to enter into an agreement with the Acquisition Innovation Research Center (AIRC) established by Section 835 of the National Defense Authorization Act for Fiscal Year 2020, to: (1) Assess and distinguish the extent to which statutory and discretionary debarment procedures address the Department of Defense's interests in being protected from those entities whose conduct poses business integrity risk to the Government; (2) Identify any gaps in the current requirements for statutory debarment as a result of labor law violations; (3) Provide recommendations as to whether the mission of the Interagency Suspension and Debarment Committee, an interagency body of which DOD is a member and which reports to the Congress annually on the status and improvements made to

the Federal suspension and debarment system (pursuant to Section 873 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110-417)), should be expanded to include not just discretionary but also statutory suspension and debarment; and (4) Provide any other recommendations the AIRC finds relevant.

Reestablishment of Commission on Wartime Contracting

The House bill contained a provision (sec. 849) that would reestablish and modify the duties of the Commission on Wartime Contracting.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that section 887 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) required the Comptroller General of the United States to report on the use of contractors to perform work supporting contingency operations, including the logistical support for such operations since January 1, 2009. That report will include an evaluation of the extent to which recommendations made by the Wartime Contracting Commission have been implemented in policy, guidance, education, and training. The conferees reemphasize the importance of rigorous oversight of contracting for military, security, and reconstruction operations abroad, and acknowledge the Commission's valuable work.

Congressional oversight of private security contractor contracts

The House bill contained a provision (sec. 851) that would direct the Inspector General of the Department of Defense to submit reports assessing various aspects of private security contracts performed in areas of contingency operations.

The Senate amendment contained no similar provision.

The House recedes.

Revisions to the Unified Facilities Criteria regarding the use of variable refrigerant flow systems

The House bill contained a provision (sec. 852) that would require the Under Secretary of Defense for Acquisition and Sustainment to publish any proposed revisions to the Unified Facilities Criteria regarding the use of variable refrigerant flow systems in the Federal Register and specify a comment period of at least 60 days.

The Senate amendment contained no similar provision.

The House recedes.

Recommendations for future direct selections

The Senate amendment contained a provision (sec. 863) that would require each military department to nominate to the congressional defense committees at least one acquisition program for which it would be appropriate and advantageous to use large numbers of users to provide direct assessment of the outcome of a competitive contract award.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of each military department to identify at least one newly started acquisition program for which it may be appropriate, under the Department's new Adaptive Acquisition Framework, to have a proportional representation of end users participate in materiel solution analysis supporting a Milestone A decision; in technology maturation and risk reduction activities supporting a Milestone B decision; and in developmental and operational testing activities supporting a fielding decision. The Secretaries shall brief the Committees on Armed Services of the Senate and the House of Representatives on the programs identified and activities conducted, in conjunction with the future years defense program submitted under section 221 of title 10, United States Code, for fiscal year 2022.

Report on the effect of the Defense Manufacturing Communities Support Program on the defense supply chain

The Senate amendment contained a provision (sec. 5802) that would require the Secretary of Defense to submit a report to Congress on the Defense Manufacturing Communities Support Program.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees not later than September 30, 2021, evaluating the effect of the Defense Manufacturing Communities Support Program, as authorized under section 846 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), on the defense supply chain. The evaluation should consider the program's effect on: (1) The diversification of the supply chain; (2) Procurement costs; and (3) Efficient procurement processes.

Disaster declaration in rural areas

The Senate amendment contained a provision (sec. 5873) that would amend section 7(b) of the Small Business Act (15 U.S.C. 636(b)) to establish requirements pertaining to rural area disaster declarations.

The House bill contained no similar provision.

The Senate recedes.

Small business loans for nonprofit child care providers

The Senate amendment contained a provision (sec. 5877) that would amend section 623(a) of title 15, United States Code, to authorize non-profit childcare providers access to small business loan programs under title 15 of United States Code.

The House bill contained no similar provision.

The Senate recedes.

TITLE IX—DEPARTMENT OF DEFENSE ORGANIZATION AND MANAGEMENT

SUBTITLE A—OFFICE OF THE SECRETARY OF DEFENSE AND RELATED MATTERS

Repeal of position of Chief Management Officer of the Department of Defense (sec. 901)

The House bill contained a provision (sec. 901) that would repeal the position of the Department of Defense Chief Management Officer (CMO) not later than 30 days after the enactment of the National Defense Authorization Act for Fiscal Year 2021, and would require the Secretary of Defense to submit to the congressional defense committees within 180 days of the date of the enactment of this Act, a comprehensive legislative proposal for conforming amendments to law required by the repeal of the position.

The Senate amendment contained a provision (sec. 911) that would disestablish the position of the CMO on a date to be determined by the Secretary of Defense, but in no case later than September 30, 2022.

The Senate amendment also contained a provision (sec. 912) that would require that, not later than 45 days before the date on which the Secretary of Defense determined that the position of the CMO should be disestablished, the Secretary submit to the Committees on Armed Services of the Senate and the House of Representatives a report setting forth: (1) The position and title of each officer or employee of the Department of Defense

(DOD) in whom the Secretary would vest responsibility for performing the various duties of the CMO on the disestablishment of that position; (2) Any duties of the CMO that the Secretary would recommend be discontinued or modified; (3) A description of the process and timeline for transferring the responsibilities and resources of the CMO to appropriate DOD persons and organizations; (4) The Secretary's recommendations for additional authorities and resources that would be required to ensure effective exercise by the appropriate DOD officers or employees of the responsibilities to be transferred to them from the CMO; and (5) Such other matters as the Secretary deemed appropriate.

The Senate amendment also contained a provision (sec. 913) that would codify in section 142a of title 10, United States Code, the position of Department of Defense Performance Improvement Officer (PIO), to be appointed consistent with and perform the duties and functions enumerated in section 1124 of title 31, United States Code, together with such other duties and responsibilities prescribed by the Secretary or Deputy Secretary of Defense.

The Senate amendment also contained a provision (sec. 914) that would affirm the designation of the Deputy Secretary of Defense as the Chief Operating Officer of the DOD in accordance with section 1123 of title 31, United States Code, and the Deputy's responsibility for supervision of the PIO. Further, consistent with the disestablishment of the position of the CMO, the provision would reassign certain responsibilities and duties to particular officers and employees of the DOD.

The Senate amendment also contained a provision (sec. 915) that, consistent with the disestablishment of the position of the CMO, would reassign certain duties and responsibilities established in law to those DOD officers or employees so designated by the Secretary or Deputy Secretary of Defense.

The Senate amendment also contained a provision (sec. 916) that would codify in section 101 of title 10, United States Code, the definition of the term "enterprise business operations."

The Senate amendment also contained a provision (sec. 917) that would require the Secretary of Defense to submit to the Congress an annual report on the enterprise business operations of the DOD.

The Senate amendment also contained a provision (sec. 918) that would provide conforming amendments to title 10, United States Code, to reflect the disestablishment of the position of CMO and codification of the position of PIO.

The Senate recedes with an amendment that would require the repeal of the position of CMO, with enumerated amendments to

law to take effect on the date of the enactment of this Act, and would require the Secretary of Defense to transfer each duty and responsibility and all resources of the CMO to an officer, employee, organization, or element of the DOD, within 1 year of enactment. Further, the amendment would require the Secretary of Defense to submit to the congressional defense committees, within 1 year of the enactment of this Act, a report that should include any legislative proposals necessary to effectuate the changes to law made by this section.

Assistant Secretary of Defense for Special Operations and Low Intensity Conflict and related matters (sec. 902)

The Senate amendment contained a provision (sec. 901) that would clarify the responsibilities of the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict (ASD SOLIC) for providing civilian oversight and advocacy for special operations forces (SOF). Specifically, the provision would modify section 138(b)(2) of title 10, United States Code, to clarify the administrative chain of command for the ASD SOLIC in exercising authority, direction, and control with respect to the special operations-peculiar administration and support of U.S. Special Operations Command (SOCOM). The provision would also codify the Secretariat for Special Operations, which currently exists within the Office of the ASD SOLIC, in section 139 of title 10, United States Code. Lastly, the provision would require the Secretary of Defense, not later than 180 days after the date of the enactment of this Act, to publish a Department of Defense directive establishing policy and procedures related to the exercise of authority, direction, and control of all matters relating to the organization, training, and equipping of SOF by the ASD SOLIC as specified by section 138(b)(2)(A) of title 10, United States Code.

The House bill contained no similar provision.

The House recedes with an amendment that would make clarifying changes to the provision.

The conferees are concerned with the lack of progress on implementation of section 922 of the National Defense Authorization Act (NDAA) for Fiscal Year 2017 (Public Law 114-328), which enhanced the role of ASD SOLIC as the individual responsible for providing civilian oversight and advocacy of SOF. The conferees note that a May 2019 report published by the Government Accountability Office (GAO) found that the majority of the remaining tasks identified by the Department as necessary for implementing section 922 do not have clear timeframes for completion. Furthermore, the GAO found that "outdated" departmental guidance is hindering the ASD SOLIC's ability to

serve as the "service secretary-like" civilian responsible for the oversight and advocacy of SOF, as required by section 138(b) of title 10, United States Code. Further, the conferees are concerned by the lack of progress in staffing the Secretariat for Special Operations that was created to facilitate the ASD SOLIC's responsibilities despite efforts by the committee in recent NDAAs to provide additional flexibility to the Department to bring on additional personnel to support the activities of the Secretariat.

The conferees believe that an empowered and appropriately resourced ASD SOLIC is critical to the effective civilian oversight and advocacy of SOF and to ensuring that this force is appropriately aligned with the objectives of the National Defense Strategy.

Assistant Secretary of Defense for Industrial Base Policy (sec. 903)

The House bill contained a provision (sec. 902) that would amend section 138 of title 10, United States Code, to require one of the Assistant Secretaries to be the Assistant Secretary of Defense for Industrial Base Policy, whose principal duty would be the overall supervision of policy of the Department of Defense for developing and maintaining the defense industrial base of the United States and ensuring a secure supply of materials critical to national security. The provision would further specify the duties and responsibilities of the office and direct certain transfer activities and timeframes, and would make technical and conforming changes to other provisions of law.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would remove the specification of duties and responsibilities from the provision, and would remove the direction of certain transfer activities and timeframes for execution.

The conferees note increasing concerns in the Congress, industry, and the Department over: the health of the defense industrial base; risks to sources of supply; and the reliability of the supply chain to meet defense needs. The conferees note that, accordingly, following the Executive Order 13806 on Assessing and Strengthening the Manufacturing and Defense Industrial Base and Supply Chain Resiliency of the United States, and the associated Department of Defense report and recommendations, the profile and workload of the Deputy Assistant Secretary of Defense for Industrial Policy, who was designated to lead efforts in this policy area by the Under Secretary of Defense for Acquisition and Sustainment, has

increased significantly. The conferees also note that senior leaders in both the Congress and the Department have focused increasing attention on defense industrial base issues, including increasing the profile and funding of certain activities authorized under the Defense Production Act, which are currently led by the Deputy Assistant Secretary. The conferees further note that the COVID-19 pandemic and associated efforts to shore up the United States' defense industrial base and expand its industrial capacity have further expanded the workload for the Deputy Assistant Secretary, and especially the interagency coordination required to execute planned activities. The provision therefore elevates the civilian leadership position responsible for these activities in order to reflect the visibility and importance of the Department's activities with respect to the security of the United States.

The conferees expect the Secretary of Defense to ensure that the new office of the Assistant Secretary be adequately resourced in both personnel and budget, as well as delegated appropriate authority, and provided with the high-level support necessary to perform such duties and responsibilities as the Secretary directs. The conferees further note that initiatives that are currently under the purview of the Deputy Assistant Secretary should be monitored by senior leadership to ensure appropriate continuity of activities that have proven to be effective in strengthening the Department's ability to develop and execute defense industrial base policies that are supportive of the National Defense Strategy.

Assistant Secretary of Defense for Energy, Installations, and Environment (sec. 904)

The House bill contained a provision (sec. 1789) that would require the Secretary of Defense to carry out a study on the creation of a position of Assistant Deputy Secretary for Environment and Resilience, submit a report to the Congress containing all findings and determinations made in carrying out the study, and establish the position of Assistant Deputy Secretary for Environment and Resilience after issuing such report. The provision would also require the Assistant Deputy Secretary for Environment and Resilience to issue an annual report to the Secretary of Defense and the Congress containing a description of the actions taken by the Assistant Deputy Secretary during the previous year.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would increase the authorized number of Assistant Secretaries of Defense. Further, the provision would require one of the Assistant

Secretaries be the Assistant Secretary of Defense for Energy, Installations, and Environment with the principal duty of overall supervision of matters relating to energy, installations, and the environment for the Department of Defense.

Office of Local Defense Community Cooperation (sec. 905)

The House bill contained a provision (sec. 914) that would codify the existing Department of Defense Office of Economic Adjustment and emphasize its current primary mission of community cooperation through management of programs such as the Defense Critical Infrastructure Program, Defense Access Roads Program, and Joint Land Use Studies to address encroachment around military installations and compatible land use, and support of military families through schools and manufacturing programs.

The Senate amendment contained a similar provision (sec. 902).

The Senate recedes with a technical amendment that would prohibit the involuntary separation of any personnel within the newly codified Office of Local Defense Community Cooperation for 1 year after the date of the enactment of this Act.

Input from the Vice Chief of National Guard Bureau to the Joint Requirements Oversight Council (sec. 906)

The House bill contained a provision (sec. 915) that would amend section 181 of title 10, United States Code, to require the Joint Requirements Oversight Council to seek the views of the Chief of the National Guard Bureau regarding non-federalized National Guard capabilities in support of homeland defense and civil support missions.

The Senate amendment contained a similar provision (sec. 904) that would include the Vice Chief of the National Guard Bureau as an advisor to the Joint Requirements Oversight Council under certain circumstances.

The Senate recedes with a technical amendment that would require the Joint Requirements Oversight Council to seek the views of the Vice Chief of the National Guard Bureau on non-federalized National Guard capabilities in support of homeland defense and civil support missions.

Assignment of responsibility for the Arctic region within the Office of the Secretary of Defense (sec. 907)

The House bill contained a provision (sec. 903) that would require the Assistant Secretary of Defense for International Security Affairs to assign responsibility for the Arctic region to the Deputy Assistant Secretary of Defense for the Western Hemisphere or any other Deputy Assistant Secretary of Defense the Secretary of Defense considers appropriate.

The Senate amendment contained an identical provision (sec. 905).

The conference agreement includes this provision.

Modernization of process used by the Department of Defense to identify, task, and manage Congressional reporting requirements (sec. 908)

The Senate amendment contained a provision (sec. 903) that would require the Assistant Secretary of Defense for Legislative Affairs to conduct business process reengineering analysis and assess commercially available analytics tools, technologies, and services in order to modernize the process by which the Department of Defense identifies reporting requirements from the text of the National Defense Authorization Act, tasks the reports within the Department, and manages their completion and delivery to the Congress.

The House bill contained no similar provision.

The House recedes with a technical amendment.

The conferees note that the current process for tasking, assigning, generating, and distributing congressionally required reports does not serve anyone involved, as most of the process involves manual data entry ill-suited to the scope and complexity of congressional oversight of defense issues. This generates unnecessary workload for both sides and significantly impedes congressional oversight. The conferees have worked to modernize transmission of reporting requirements to the Department of Defense and strongly urge the Secretary of Defense to continue prioritizing the Department's encouraging efforts to modernize its systems and processes related to reports.

Therefore, the conferees direct the Assistant Secretary of Defense for Legislative Affairs and the Chief Information Officer of the Department of Defense to brief the congressional defense committees not later than January 31, 2021, on the results of the analysis to date and actions taken and planned to modernize the Department's system and processes for managing congressionally required reports.

SUBTITLE B—OTHER DEPARTMENT OF DEFENSE ORGANIZATION AND MANAGEMENT MATTERS

Reform of the Department of Defense (sec. 911)

The House bill contained a provision (sec. 806) that would require the Secretary of Defense, the Secretaries of the military departments, and the combatant commanders to undertake reform of the Department of Defense to provide more efficient and economical administration of the Department, and to issue policy and guidance to that effect. The provision would add reform to existing requirements in the National Defense Strategy, Defense Planning Guidance, and the Defense authorization request. The provision would also require the Secretary to deliver a report to the Congress on reform efforts.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would retain the requirement for the Secretary of Defense to undertake reform at the department, including by improving its ability to assess the costs and benefits of certain reform activities. The amendment requires the Secretary of Defense to submit an annual framework for reform to the Congress to begin the task of improving congressional-executive understanding of progress toward reform at the Department of Defense, and requires the Government Accountability Office to review that framework.

The conferees strongly encourage the Department of Defense to draw a clear distinction between the covered activities of reform—including up-front investments—and actions taken to prioritize, such as reductions in requirements, deferrals or delays in programs or activities, or simple acceptance of risk.

Limitation on reduction of civilian workforce (sec. 912)

The House bill contained a provision (sec. 911) that would amend section 129a of title 10, United States Code, to prohibit the Secretary of Defense from reducing the civilian workforce unless the Department of Defense assesses the impact of such a reduction on workload, military force structure, lethality, readiness, operational effectiveness, stress on the military force, and costs.

The Senate amendment contained no similar provision.

The Senate recedes.

Chief Diversity Officer and Senior Advisors for Diversity and Inclusion (sec. 913)

The House bill contained a provision (sec. 912) that would amend chapter 4 of title 10, United States Code, to create a Chief Diversity Officer of the Department of Defense; chapter 703 of title 10, United States Code, to create a Chief Diversity

Officer of the Department of the Army; chapter 803 of title 10, United States Code, to create a Chief Diversity Officer of the Department of the Navy; chapter 903 of title 10, United States Code, to create a Chief Diversity Officer of the Air Force; and chapter 3 of title 14, United States Code, to create a Chief Diversity Officer of the Coast Guard, each of whom would be appointed by the President, with the advice and consent of the Senate.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to appoint a Chief Diversity Officer of the Department of Defense from among persons who have an extensive management or business background and experience with diversity and inclusion. The Chief Diversity Officer would report directly to the Secretary of Defense and be responsible for providing advice on policy, oversight, guidance, and coordination for all matters of the Department of Defense related to diversity and inclusion. Further, the amendment would require the Secretary of each military department and the Commandant of the Coast Guard to appoint a Senior Advisor for Diversity and Inclusion.

Limitation on consolidation or transition to alternative content delivery methods within the Defense Media Activity (sec. 914)

The House bill contained a provision (sec. 919) that would limit consolidation or transition to alternative content delivery methods from occurring within the Defense Media Activity until a period of 180 days has elapsed following the date on which the Secretary of Defense submits to the congressional defense committees a report with a detailed certification that a transition to alternative content delivery methods poses no security vulnerabilities or increase monetary costs to servicemembers.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the report to change the detailed certification requirement to instead identify the business case for any alternative content delivery methods as well as identify risks and associated risk mitigation actions.

SUBTITLE C—SPACE FORCE MATTERS

Office of the Chief of Space Operations (sec. 921)

The House bill contained a provision (sec. 922) that would provide technical and conforming amendments to clarify in

existing law the function and composition of the Office of the Chief of Space Operations and the general duties of the Chief of Space Operations.

The Senate amendment contained no similar provision.

The Senate recesses.

Clarification of Space Force and Chief of Space Operations authorities (sec. 922)

The Senate amendment contained a provision (sec. 931) that would provide technical and conforming amendments to clarify in existing law the authorities of the United States Space Force and the Chief of Space Operations.

The House bill contained no similar provision.

The House recesses with a technical amendment.

Amendments to Department of the Air Force provisions in title 10, United States Code (sec. 923)

The Senate amendment contained a provision (sec. 932) that would provide technical and conforming amendments to incorporate the United States Space Force in Department of the Air Force provisions in title 10, United States Code.

The House bill contained no similar provision.

The House recesses with an amendment that would modify the technical amendment to section 9017 of title 10, United States Code, to adjust the placement of the Chief of Space Operations on the list of officials slated to perform the duties of the Secretary of the Air Force, should the Secretary die, resign, be removed from office, or be absent or disabled.

Amendments to other provisions of title 10, United States Code (sec. 924)

The Senate amendment contained a provision (sec. 933) that would provide technical and conforming amendments to incorporate the United States Space Force in certain provisions of title 10, United States Code.

The House bill contained no similar provision.

The House recesses with an amendment that would clarify Space Force contributions to the Joint Staff.

Amendments to provisions of law relating to pay and allowances (sec. 925)

The Senate amendment contained a provision (sec. 934) that would provide technical and conforming amendments to incorporate

the United States Space Force in certain provisions of law pertaining to military pay and allowances.

The House bill contained no similar provision.

The House recesses.

*Amendments to provisions of law relating to veterans' benefits
(sec. 926)*

The Senate amendment contained a provision (sec. 935) that would provide technical and conforming amendments to incorporate the United States Space Force in certain provisions of law relating to veterans' benefits.

The House bill contained no similar provision.

The House recesses.

*Amendments to other provisions of the United States Code and
other laws (sec. 927)*

The Senate amendment contained a provision (sec. 936) that would provide technical and conforming amendments to incorporate the United States Space Force in certain other sections of the United States Code.

The House bill contained no similar provision.

The House recesses with an amendment that would amend to section 1(a) of the Act of August 12, 1946 (Public Law 79-772) to include the Chief of Space Operations or the Chief's designee as a member of the board established to advise the Smithsonian Institution on the administration of the National Air and Space Museum.

Applicability to other provisions of law (sec. 928)

The Senate amendment contained a provision (sec. 937) that would define the authority of the Secretary of Defense and the Secretary of the Air Force with regard to members of the United States Space Force and the benefits for which members of the United States Space Force would be eligible with regard to any provision of law not addressed by the technical and conforming amendments enacted in this Act.

The House bill contained no similar provision.

The House recesses with an amendment to section 958 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) that would ensure, unless otherwise specified in law, that members and civilian employees of the Space Force are treated commensurate with members and civilian employees of the Air Force and that the Secretary of Defense and Secretary of the

Air Force may exercise the same authorities vis-à-vis the Space Force as they do with regard to the Air Force.

Temporary exemption from authorized daily average of members in pay grades E-8 and E-9 (sec. 929)

The House bill contained a provision (sec. 925) that would exempt the United States Space Force from the limitation on the number of military personnel in the grade of E-8 and E-9 contained in section 517 of title 10, United States Code, until October 1, 2023.

The Senate amendment contained an identical provision (sec. 945).

The conference agreement includes this provision.

Limitation on transfer of military installations to the jurisdiction of the Space Force (sec. 930)

The Senate amendment contained a provision (sec. 943) that would prohibit the transfer of any military installation to the jurisdiction or command of the Space Force unless the Secretary of the Air Force conducts a business case analysis on the transfer and provides a briefing on such analysis to the congressional defense committees.

The House bill contained no similar provision.

The House recedes.

Organization of the Space Force (sec. 931)

The House bill contained a provision (sec. 517) that would not allow the Secretary of the Air Force to transfer or relocate any personnel or asset, or dissolve any unit, of the Air National Guard or Air Force Reserve until the latter of the following occurs: (1) The day that is 180 days after the date on which the Secretary of the Air Force submits the report under subsection (b); or (2) The Chief of Space Operations certifies in writing to the Secretary of the Air Force that plans of the Secretary to establish the reserve components of the Space Force shall not diminish space capability of the Department of the Air Force. Subsection (b) of the provision would require the Secretary of the Air Force to submit, not later than January 31, 2021, to the Committees on Armed Services of the Senate and House of Representatives a report regarding the plan of the Secretary to establish the reserve components of the Space Force. The report shall identify the following: (1) The assumptions and factors used to develop the plan; (2) The members of the team that issued recommendations regarding the

organization of such reserve components; (3) The recommendations of the Secretary regarding the mission, organization, and unit retention of such reserve components; (4) The final organizational and integration recommendations regarding such reserve components; (5) The proposed staffing and operational organization for such reserve components; (6) The estimated date of implementation of the plan; and (7) Any savings or costs arising from the preservation of existing space-related force structures in the Air National Guard.

The Senate amendment contained a similar provision (sec. 941) that would not allow the Space National Guard to be established as a reserve component of the Space Force until the Secretary of Defense certifies in writing to the congressional defense committees that a Space National Guard is the organization best suited to discharge in an effective and efficient manner the missions intended to be assigned to the Space National Guard.

The Senate recesses with a modifying amendment.

The conferees direct the Secretary of Defense to provide the congressional defense committees legislative recommendations that would consider the preferred organizational structure and integration of the reserve components and a consideration of the full time and part-time permeability that may best leverage the human capital of the Space Force, including a single integrated force.

LEGISLATIVE PROVISIONS NOT ADOPTED

Establishment of Deputy Assistant Secretaries for Sustainment

The House bill contained a provision (sec. 913) that would require the military departments to each establish a position of a Deputy Assistant Secretary for Sustainment and would outline the responsibilities of each position.

The Senate amendment contained no similar provision.

The House recesses.

The conferees continue to be disappointed by the lack of emphasis the military departments place on sustainment in the acquisition process. This lack of foresight continues to unnecessarily burden budgets that are already stressed to meet the Department's modernization and recapitalization requirements. The conferees note that the Department of the Navy has already established a Deputy Assistant Secretary for Sustainment. As fifth generation and other advanced platforms are fielded alongside legacy systems, the conferees believe that additional emphasis must be placed on sustainment.

The conferees direct the Secretary of each military department to submit an assessment not later than March 1, 2021 to the Committees on Armed Services of the Senate and the House of Representatives determining if each respective military department believes it should establish a Deputy Assistant Secretary for Sustainment. If the Secretary concerned determines a Deputy Assistant Secretary for Sustainment is warranted, the report should include an implementation plan, to include a timeline for establishment.

Redesignation of the Joint Forces Staff College

The House bill contained a provision (sec. 916) that would amend title 10, United States Code, to rename the Joint Forces Staff College to the Joint Forces War College.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that elsewhere in this bill the Secretary of Defense is required to conduct a thorough review of professional military education and to provide a report to the Committees on Armed Services of the Senate and the House of Representatives that contains recommendations for possible reforms. It would be premature to begin renaming Department of Defense academic institutions before the results of the Secretary's review are delivered to the Congress.

Comptroller General report on vulnerabilities of the Department of Defense resulting from offshore technical support call centers

The House bill contained a provision (sec. 918) that would direct a Comptroller General of the United States review of the vulnerabilities created by foreign call centers supporting the Department of Defense.

The Senate amendment contained a similar provision (sec. 5951).

The conference agreement does not include either provision.

The conferees are concerned about the nature and extent of reliance on offshore technical support call centers and the vulnerabilities they pose for the Department and its personnel. The conferees direct the Chief Information Officer of the Department of Defense to brief the congressional defense committees no later than October 1, 2021 on vulnerabilities in connection with the provision of services by offshore technical support call centers to the Department of Defense, to include a description of the nature, extent, and location of such call

centers, and a description of activities to reduce vulnerabilities. The conferees note that "offshore technical support call centers" are physically located outside the United States; employ individuals who are foreign nationals; and may be contacted by personnel of the Department to provide technical support relating to technology used by the Department.

Assistant Secretary of Defense for Space and Strategic Deterrence Policy

The House bill contained a provision (sec. 921) that would change the existing requirement for an Assistant Secretary of Defense for Space Policy into a requirement for an Assistant Secretary of Defense for Space and Strategic Deterrence Policy. The provision would detail the responsibilities of the position and make certain conforming amendments to existing U.S. Code.

The Senate amendment contained no similar provision.

The House recedes.

The conferees agree that both space and strategic deterrence play an important role in national defense policy. Both space and deterrence policy should be coordinated and the conferees encourage the Department to work to ensure deterrence policy is adequately addressed as space is elevated in the Office of the Secretary of Defense.

Space Force Medal

The House bill contained a provision (sec. 923) that would authorize the President to award a decoration called the "Space Force Medal" to any person who, while serving with the Space Force, distinguishes himself or herself by heroism not involving actual conflict with an enemy.

The Senate amendment contained a provision (sec. 947) that would supersede the current "Airman's Medal," with an "Air and Space Force Medal."

The conference agreement does not include either provision.

The conferees understand that an assessment of the naming conventions and precedence of Space Force-unique awards and decorations is ongoing. Once the Secretary of the Air Force has decided these issues, the Secretary shall submit a report to the Committees on Armed Service of the Senate and the House of Representatives detailing the names and precedence of Space Force-unique awards and decorations. The conferees encourage the Secretary of the Air Force to consider the independent culture being developed within the Space Force, as well as the

principles underlying the Department of Defense military decorations and awards program, in choosing a name and design for the medal intended to recognize the service, sacrifice, and actions of Space Force personnel who have distinguished themselves through heroism not involving actual conflict with the enemy.

Rank and grade structure of the United States Space Force

The House bill contained a provision (sec. 927) that would require the Space Force to use a system of ranks and grades that is identical to the system of ranks and grades used by the Navy.

The Senate amendment contained no similar provision.

The House recedes.

The conferees understand that the Space Force is currently undertaking an assessment of the future rank structure of the members of the Space Force. The conferees assume the Space Force will be comprised of members transferring from all services across the Department and strongly encourage the consideration of all the military services historic rank structures. Once a decision by the Secretary of the Air Force has been made the Secretary will submit the findings and decision to the Committees on Armed Service of the Senate and the House of Representatives detailing the final rank structure of the officer and enlisted force of the Space Force at least 15 days prior to implementation.

Report on the role of the Naval Postgraduate School in space education

The House bill contained a provision (sec. 928) that would require the Secretary of the Navy to submit to the congressional defense committees a report on the future role of the Naval Postgraduate School in space education.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of the Navy to provide a report, not later than 180 days after the date of enactment of this Act, to the Committees on Armed Services of the Senate and the House of Representatives on the future role of the Naval Postgraduate School in space education. The report shall include the following elements:

(1) An overview of the Naval Postgraduate School's existing space-focused education and research capabilities, programs, products, and outputs;

(2) An identification and evaluation of additional space-focused educational requirements that may be fulfilled by

the Naval Postgraduate School, including any requirements resulting from the establishment of the Space Force or otherwise necessitated by the evolving space-related needs of the Department of Defense; and

(3) A plan for meeting the requirements identified under paragraph (2), including a description of the types and amounts of additional resources that may be needed for the Naval Postgraduate School to meet such requirements over the period of 5 fiscal years following the date of the report.

Office of the Chief of Space Operations

The Senate amendment contained a provision (sec. 931A) that would provide technical and conforming amendments to clarify in existing law the function and composition of the Office of the Chief of Space Operations and the general duties of the Chief of Space Operations.

The House bill contained no similar provision.

The Senate recedes.

Transfers of military and civilian personnel to the Space Force

The Senate amendment contained a provision (sec. 942) that would prohibit the transfer of any servicemember or civilian employee of the Department of Defense without the consent of the transferred individual and place certain restrictions on such transfers.

The House bill contained no similar provision.

The Senate recedes.

Application of acquisition demonstration project to Department of the Air Force employees assigned to acquisition positions within the Space Force

The Senate amendment contained a provision (sec. 946) that would make applicable a demonstration project, relating to certain acquisition personnel policies, to civilian employees of the Department of the Air Force assigned to the Space Force.

The House bill contained no similar provision.

The Senate recedes.

The conferees acknowledge that the Space Force requires innovative personnel authorities, but agree the authorities in question are already vested in the Secretary of Defense. The conferees encourage the Secretary of Defense to utilize these authorities to the maximum extent practical.

Annual report on establishment of field operating agencies

The Senate amendment contained a provision (sec. 951) that would require the Secretary of Defense to submit a report to the congressional defense committees, not later than January 31 of each year, identifying any field operating agency established by the Department of Defense or a component thereof during the preceding calendar year. The report would list: (1) The name of such field operating agency; (2) The agency's location; (3) The title and grade of the head of the agency; (4) The chain of command, supervision, or authority by which the agency head reports to the Office of the Secretary of Defense or the military department concerned; (5) The agency's mission; (6) The number of personnel authorized and assigned to the agency; (7) The purpose underlying the agency's establishment; and (8) Any cost savings or other efficiencies expected to accrue to the Department in connection with the establishment and operation of the agency.

The Senate intended this provision to substitute for a long-recurring provision of defense appropriations acts, last enacted in section 8041 of the Department of Defense Appropriations Act for Fiscal Year 2020 (Public Law 116-93).

The House bill contained no similar provision.
The Senate recedes.

TITLE X—GENERAL PROVISIONS

SUBTITLE A—FINANCIAL MATTERS

General transfer authority (sec. 1001)

The House bill contained a provision (sec. 1001) that would allow the Secretary of Defense, with certain limitations, to make transfers between amounts authorized for fiscal year 2021 in division A of this Act. This section would limit the total amount transferred under this authority to \$4.0 billion.

The Senate amendment contained a similar provision (sec. 1001).

The House recedes.

Budget materials for special operations forces (sec. 1002)

The House bill contained a provision (sec. 1004) that would modify section 226 of title 10, United States Code, by requiring additional budgetary information related to special operations forces.

The Senate amendment contained no similar provision.
The Senate recesses.

*Application of Financial Improvement and Audit Remediation Plan
to fiscal years following fiscal year 2020 (sec. 1003)*

The Senate amendment contained a provision (sec. 1002) that would require the Department of Defense Financial Improvement and Audit Remediation Plan to ensure that an annual audit of the Department's financial statements for each fiscal year after fiscal year 2020 occurs by not later than March 31 following such fiscal year.

The House bill contained no similar provision.
The House recesses.

*Incentives for the achievement by the components of the
Department of Defense of unqualified audit opinions on the
financial statements (sec. 1004)*

The Senate amendment contained a provision (sec. 1003) that would require that the Under Secretary of Defense (Comptroller) develop and issue guidance for personnel and components of the Department of Defense to incentivize the achievement of an unqualified audit opinion.

The House bill contained no similar provision.

The House recesses with an amendment clarifying that incentives established under this section would apply to both personnel and components of the Department of Defense, and adds a reporting requirement on such incentives.

Audit readiness and remediation (sec. 1005)

The House bill contained a provision (sec. 1005) that would amend the requirements for the Department of Defense audit remediation plan.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would require the Secretary of Defense to submit an annual report on unfunded priorities related to audit readiness and remediation not later than 10 days after submission of the annual budget request.

The conferees are encouraged that the Department of Defense has successfully completed an independent annual financial audit three times in accordance with the Chief Financial Officers Act of 1990. The conferees are also encouraged that a number of organizations within the Department have received an unmodified opinion. However, there are still several organizations that have not received an unmodified

opinion. While not required by law, an unmodified opinion on an independent annual financial audit is critical to identifying areas for reform and improving readiness.

The conferees direct the Secretary of Defense to continue to take appropriate steps and apply sufficient resources to build upon the recent excellent progress towards achieving an unmodified opinion on the Department's independent annual financial audit. The conferees believe that this is an important step to earn the Congress' and public's confidence in the Department's ability to be a responsible steward of taxpayer funds.

Addition of Chief of the National Guard Bureau to the list of officers providing reports of unfunded priorities (sec. 1006)

The House bill contained a provision (sec. 1742) that would add the Chief of the National Guard Bureau to the list of officers required to provide unfunded requirements to the congressional defense committees under section 222a of title 10, United States Code.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would clarify that the Chief of the National Guard Bureau's addition to the list of covered officers is only in that position's capacity and responsibilities as defined in section 10502(c)(1) of title 10, United States Code. The amendment would add restrictions on the new unfunded requirements list, including exclusion of items that have appeared on existing unfunded requirements lists over the past 5 years or those items not exclusively related to the role of non-federalized National Guard forces in support of the homeland defense or civil support missions.

The conferees strongly urge the Chief of the National Guard Bureau to use this unfunded requirements list judiciously in support of non-warfighting domestic support missions, such as disaster response. While the National Guard's performance in support of such missions represents a significant contribution to broader national security needs, the conferees also note that the U.S. Air National Guard and the U.S. Army National Guard are components of the U.S. Air Force and the U.S. Army and, as such, their nominations of items for unfunded priorities lists are already considered in the unfunded priorities lists submitted by the chiefs of those services.

SUBTITLE B—COUNTERDRUG ACTIVITIES

Quarterly reports on Department of Defense support provided to other United States agencies for counterdrug activities and activities to counter transnational organized crime (sec. 1011)

The House bill contained a provision (sec. 1012) that would amend section 284 of title 10, United States Code, to require the Secretary of Defense to notify specified congressional committees not later than 15 days before providing support for counterdrug activities and activities to counter transnational organized crime under subsection (b) of such section.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend section 284 of title 10, United States Code to require the Secretary to provide quarterly reports to specified congressional committees on support provided under subsection (b) of such section.

SUBTITLE C—NAVAL VESSELS

Limitation on availability of certain funds without naval vessels plan and certification (sec. 1021)

The House bill contained a provision (sec. 1021) that would amend section 231(e) of title 10, United States Code, by restricting 75 percent of certain operation and maintenance funds for the Secretary of Defense until the Annual Naval Vessel Construction Plan has been delivered to the Congress.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would change the submitter of the Annual Naval Vessel Construction Plan to the Secretary of the Navy and change the funding restriction to 75 percent of specified funds not yet obligated or expended as of the date the plan was required to be submitted.

The conferees are troubled that the Department of Defense has not submitted the Annual Naval Vessel Construction Plan for fiscal year 2021 as required by section 231 of title 10, United States Code, despite repeated requests from the congressional defense committees. Timely submission of this plan is critical for the committees to perform their statutory oversight roles and provide the necessary authorities and resources for the Department of the Navy to meet requirements under the National Defense Strategy. As peer competitors make increased investments in naval capacity and capability, it is critical that the

committees receive an accurate and complete report on the Navy's requirements to execute the National Defense Strategy.

In past years, the Annual Naval Vessel Construction Plan has been submitted by the Department of the Navy, and in general the submission has coincided with the submission of other budget materials as required by law.

This year, Department of Defense officials stated that they were undertaking their own review of the Navy's long-range shipbuilding requirements, a review that still has not been shared with the Congress, forcing the committees to draft the National Defense Authorization Act for Fiscal Year 2021 without complete awareness of the Navy's long-range shipbuilding requirements. Not only are the conferees concerned with the Department's refusal to comply with a long-standing statutory requirement, the conferees are equally concerned that responsibilities that belong with Navy leadership have been subsumed by the Office of the Secretary of Defense.

Therefore, this provision would amend section 231 of title 10, United States Code, to provide the Secretary of the Navy with the authority and responsibility to develop the Annual Naval Vessel Construction Plan and submit this plan with each fiscal year's budget materials to the Congress.

Limitations on use of funds in the National Defense Sealift Fund for purchase of foreign constructed vessels (sec. 1022)

The House bill contained a provision (sec. 1022) that would amend section 2218 of title 10, United States Code, by authorizing the purchase of a total of nine used foreign built ships and four used foreign-built ships prior to the Navy initiating an acquisition strategy for a sealift recapitalization plan.

The Senate amendment contained a similar provision (sec. 1021).

The Senate recedes with an amendment that would require the anticipated delivery of the lead ship in a new class of U.S.-built vessels to be not later than 2028 and make a technical amendment.

The conferees direct the Secretary of the Navy to conduct a business case analysis of acquisition strategies for the new U.S.-built sealift ship program described in section 2218(f)(3)(E) of title 10, United States Code, and submit such analysis and the Secretary's intended course of action to the congressional defense committees not later than July 1, 2021.

In conducting this business case analysis, the Secretary shall consider, at a minimum, the following options and associated acquisition strategies: (1) Current Navy acquisition

processes for acquiring Combat Logistics Force ships; (2) The use of a commercial executive agent or vessel acquisition manager, similar to the acquisition of the National Security Multi-Mission Vessel; and (3) A commercial-government hybrid acquisition biased toward maximum commerciality in both specifications and process.

Use of National Sea-Based Deterrence Fund for incrementally funded contracts to provide full funding for Columbia class submarines (sec. 1023)

The House bill contained a provision (sec. 1023) that would amend section 2218a(h)(1) of title 10, United States Code, by authorizing the use of incremental funding for the full funding of the first two *Columbia*-class submarines.

The Senate amendment contained a similar provision (sec. 121).

The Senate recedes with an amendment that would prohibit funds authorized for the full funding procurement of the *Columbia*-class program to be obligated or expended for the construction of SSBN-827 in fiscal years 2021, 2022, or 2023 and make technical edits.

Preference for United States vessels in transporting supplies by sea (sec. 1024)

The House bill contained a provision (sec. 1024) that would amend section 2631 of title 10, United States Code, to increase compliance with military cargo preference requirements.

The Senate amendment contained no similar provision.

The Senate recedes.

Restrictions on overhaul, repair, etc. of naval vessels in foreign shipyards (sec. 1025)

The House bill contained a provision (sec. 1025) that would provide limited exceptions for the repair of Navy vessels in shipyards outside the United States when damage occurred by hostile actions. This section would also provide limited authority for maintenance work to be performed by foreign workers if U.S. personnel cannot perform the work for health or safety reasons.

The Senate amendment contained a similar provision (sec. 1022).

The Senate recedes.

Biennial report on shipbuilder training and the defense industrial base (sec. 1026)

The House bill contained a provision (sec. 1026) that would amend chapter 863 of title 10, United States Code, to require the Secretary of Defense, in coordination with the Secretary of Labor, to submit reports to Congress on the state of defense industrial base training, hiring, and the ability to meet the requirements of the 30-year shipbuilding plan.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the reports to be submitted by the Secretary of the Navy and based on the Navy's most recent Force Structure Assessments.

Modification of waiver authority on prohibition on use of funds for retirement of certain legacy maritime mine countermeasure platforms (sec. 1027)

The Senate amendment contained a provision (sec. 1023) that would modify the waiver authority germane to the prohibition on the use of funds for retirement of certain legacy maritime mine countermeasure platforms contained in section 1046 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) to include concurrence by the Director of Operational Test and Evaluation.

The House bill contained no similar provision.

The House recedes.

Extension of authority for reimbursement of expenses for certain Navy mess operations afloat (sec. 1028)

The Senate amendment contained a provision (sec. 1024) that would further amend section 1014(b) of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110-417), as most recently amended by section 1023(a) of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), by striking September 30, 2020, and inserting September 30, 2025, thereby extending the Secretary of Defense's authority to fund the cost of meals for non-military personnel on U.S. naval and naval auxiliary vessels.

The House bill contained no similar provision.

The House recedes.

Working group on stabilization of Navy shipbuilding industrial base workforce (sec. 1029)

The Senate amendment contained a provision (sec. 1026) that would establish a shipbuilding industrial base working group.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Limitation on naval force structure changes (sec. 1030)

The House bill contained a provision (sec. 1029) that would prohibit the retirement of any Navy ship in fiscal year 2021 until 30 days after the date on which the Secretary of Defense has delivered the Integrated Naval Force Structure Assessment to the congressional defense committees.

The Senate amendment contained no similar provision.

The Senate recedes.

SUBTITLE D—COUNTERTERRORISM

Extension of prohibition on use of funds for transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to the United States (sec. 1041)

The Senate amendment contained a provision (sec. 1031) that would extend until December 31, 2021, the prohibition on the use of funds provided to the Department of Defense to transfer or release individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to the United States.

The House bill contained no similar provision.

The House recedes.

Extension of prohibition on use of funds to construct or modify facilities in the United States to house detainees transferred from United States Naval Station, Guantanamo Bay, Cuba (sec. 1042)

The Senate amendment contained a provision (sec. 1032) that would extend until December 31, 2021, the prohibition on the use of funds provided to the Department of Defense to construct or modify facilities in the United States to house detainees transferred from United States Naval Station, Guantanamo Bay, Cuba.

The House bill contained no similar provision.

The House recedes.

Extension of prohibition on use of funds for transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to certain countries (sec. 1043)

The House bill contained a provision (sec. 1031) that would prohibit the use of funds authorized to be appropriated or otherwise made available to the Department of Defense, during the period beginning on the date of the enactment of this Act and ending on December 31, 2021, to transfer or release individuals detained at United States Naval Station, Guantanamo Bay, Cuba, to Libya, Somalia, Syria, and Yemen.

The Senate amendment contained a similar provision (sec. 1033).

The Senate recedes.

Extension of prohibition on use of funds to close or relinquish control of United States Naval Station, Guantanamo Bay, Cuba (sec. 1044)

The Senate amendment contained a provision (sec. 1034) that would extend through fiscal year 2021 the prohibition on the use of funds provided to close or abandon United States Naval Station, Guantanamo Bay, Cuba; to relinquish control of Guantanamo Bay to the Republic of Cuba; or to implement a material modification to the Treaty between the United States of America and Cuba signed at Washington, D.C., on May 29, 1934, which modification would constructively close United States Naval Station, Guantanamo Bay.

The House bill contained no similar provision.

The House recedes.

SUBTITLE E—MISCELLANEOUS AUTHORITIES AND LIMITATIONS

Support of special operations to combat terrorism (sec. 1051)

The House bill contained a provision (sec. 1041) that would modify section 127e of title 10, United States Code, by establishing procedural requirements for the planning, development, and cessation of activities under such authority, and clarifying notification requirements for both the modification and termination of extant activities under such authority.

The Senate amendment contained no similar provision.

The Senates recedes with an amendment that would make various modifications to the notification requirements as well as include a construction of authority.

The conferees expect the Department to keep the congressional defense committees fully and currently informed regarding the use of the authority found in section 127e of title 10, United States Code. While the authority includes a number of requirements for formal notifications at specified thresholds, the conferees require more detailed and frequent updates on the use of the authority that do not trigger formal notification requirements or fall between specified reporting periods. The conferees believe the delivery of such critical information updates can be provided informally to ensure timely congressional awareness. Further, conferees also emphasize that such information requirements include, but are not limited to, significant operations, modifications to the fiscal amount or operational or advisory type of support provided, as well as any plans to terminate or transition a partner force supporting U.S. special operations forces in executing counterterrorism missions.

Therefore, not later than 30 days after the date of the enactment of this Act, the conferees direct the Secretary of Defense to develop and brief the congressional defense committees on the processes to be used by the Department to ensure the committees remain fully and currently informed of such developments outside of formal notifications and specified reporting requirements regarding the use of the authority found in section 127e of title 10, United States Code.

Expenditure of funds for Department of Defense clandestine activities that support operational preparation of the environment (sec. 1052)

The Senate amendment contained a provision (sec. 1042) that would authorize the Secretary of Defense to expend up to \$15.0 million in any fiscal year for clandestine activities for any purpose the Secretary determines to be proper for preparation of the environment for operations of a confidential nature.

The House bill contained no similar provision.

The House recedes with an amendment that would increase the amount of expenditures for which the Secretary of Defense may not delegate the authority from \$100,000 to \$250,000.

Sale or donation of excess Department of Defense personal property for law enforcement activities (sec. 1053)

The Senate amendment contained provisions (secs. 1041 and 1054) that would amend section 2576a of title 10, United States Code, to permit the transfer of excess property, to include high-water vehicles, for use in disaster-related emergency preparedness activities. The provisions would also amend section 2576a of title 10, United States Code, to require additional training of recipient agency personnel.

The House bill contained no similar provisions.

The House recedes.

Prohibition on retirement of nuclear powered aircraft carriers before first refueling (sec. 1054)

The House bill contained a provision (sec. 1042) that would amend section 8062 of title 10, United States Code, by prohibiting the retirement of any aircraft carrier prior to its first reactor refueling.

The Senate amendment contained no similar provision.

The Senate recedes.

Reauthorization of National Oceanographic Partnership Program (sec. 1055)

The House bill contained a provision (sec. 1744) that would amend chapter 893 of title 10, United States Code, on the National Oceanographic Partnership Program. This section would also establish an Ocean Policy Committee and require the Committee to provide an annual report and briefing to the Committees on Armed Services of the Senate and the House of Representatives; the Committee on Commerce, Science, and Transportation of the Senate; the Committee on Natural Resources of the House of Representatives; and the Committee on Science, Space, and Technology of the House of Representatives by March 1 of each year on the National Oceanographic Partnership Program.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Modification and technical correction to Department of Defense authority to provide assistance along the southern land border of the United States (sec. 1056)

The House bill contained a provision (sec. 1044) that would modify the authority under section 1059 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92) to require the Secretary of Defense to ensure that the provision of assistance for securing the southern land border of the United States will not negatively affect military training,

operations, readiness, or other military requirements and that the tasks associated with the support provided align with the mission or occupational specialty of any members of the Armed Forces that are deployed. This provision would also add a new notification requirement to the Congress and modify the reporting requirements related to the support the Department provides along the southern land border.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment on the requirement for the provision of assistance, congressional notification, and reporting elements.

Limitation on use of funds for retirement of A-10 aircraft (sec. 1057)

The House bill contained a provision (sec. 1047) that would prohibit the Secretary of the Air Force from retiring, preparing to retire, or placing in storage or on back-up aircraft inventory status any A-10 aircraft during fiscal year 2021.

The Senate amendment contained a similar provision (sec. 155) that would require the Secretary of Defense to not divest or retire any A-10 aircraft during fiscal year 2021.

The Senate recedes with a clarifying amendment.

The conferees expect the Secretary of the Air Force to fully comply with the limitations and requirements contained in sections 134 and 135 of the National Defense Authorization Act for Fiscal Year for Fiscal Year 2017 (Public Law 114-328) to ensure capability and capacity is preserved to counter violent extremism and provide close air support and combat search and rescue in accordance with the National Defense Strategy.

Considerations relating to permanently basing United States equipment or additional forces in host countries with at-risk vendors in 5G or 6G networks (sec. 1058)

The House bill contained a provision (sec. 1051) that would require the Secretary of Defense, prior to basing a major weapons system or additional permanently assigned forces to a host country with at-risk 5th generation (5G) or sixth generation (6G) wireless network equipment, software, and services, to take into consideration and notify the congressional defense committees about the risks and steps being taken by the host country to mitigate potential risks, including defense mutual agreements between the host country and the United States intended to allay the costs of risk mitigation. It would also require the Secretary of Defense to provide the

congressional defense committees an assessment of the risks posed by the current or intended 5G or 6G telecommunications architecture in host countries and measures required to mitigate such risks.

The Senate amendment contained a similar provision (sec. 6046).

The Senate recedes with a technical amendment.

Public availability of Department of Defense legislative proposals (sec. 1059)

The House bill contained a provision (sec. 1006) that would require the Secretary of Defense to make Department of Defense (DOD) legislative proposals publicly available on a DOD website not later than 7 days after transmission of such proposals to the Committees on Armed Services of the Senate and the House of Representatives.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to make official DOD legislative proposals publicly available on a DOD website not later than 21 days after such proposals are transmitted to the Committees on Armed Services of the Senate and the House of Representatives.

Arctic planning, research, and development (sec. 1060)

The Senate amendment contained a provision (sec. 1045) that would require the Secretary of Defense and the Chairman of the Joint Chiefs of Staff to begin planning and implementing changes that may be necessary for requirements, training, equipment, doctrine, and capability development of the Armed Forces should an expanded role of the Armed Forces in the Arctic be determined to be in the national security interests of the United States.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Authority to establish a movement coordination center Pacific in the Indo-Pacific region (sec. 1061)

The House bill contained a provision (sec. 1757) that would authorize the Secretary of Defense, with the concurrence of the Secretary of State, to establish a Movement Coordination Center Pacific and participate in an Air Transport and Air-to-Air refueling and other Exchanges of Services program of the Center.

The Senate amendment contained a similar provision (sec. 1256).

The Senate recedes with a clarifying amendment.

The conferees direct the Secretary of Defense to submit a report to the congressional defense committees, not later than March 1, 2021, that contains:

(1) A summary of the coordination structure of the center and program, and details related to its formation and implementation;

(2) A list of the military services, by country, participating or seeking to participate in the program;

(3) For each country on the list under paragraph (2), a description of completed agreements and those still to be completed with host nations, as applicable; and

(4) Any other relevant matters that the Secretary determines should be included.

Limitation on provision of funds to institutions of higher education hosting Confucius Institutes (sec. 1062)

The House bill contained a provision (sec. 1797) that would prohibit an institution of higher education or other postsecondary educational institution from being eligible to receive federal funds from the Department of Defense, other than educational assistance funds that are provided directly to students, unless the institution submits any contract or agreement between the institution and a Confucius Institute to the National Academies of Sciences, Engineering, and Medicine, and the National Academies of Sciences, Engineering, and Medicine issues a written determination that the contract or agreement includes clear provisions that protect academic freedom at the institution, prohibit the application of any foreign law on any campus of the institution, and grant full managerial authority of the Confucius Institute to the institution, including full control over what is being taught, the activities carried out, the research grants that are made, and who is employed at the Confucius Institute.

The Senate amendment contained a similar provision (sec. 1090).

The Senate recedes with a clarifying amendment.

The conferees believe that the academic liaison established in this section should manage the waiver process. The waivers should include that the institution of higher education has taken steps to:

(1) Protect academic freedom at the institution;

(2) Prohibit the application of any foreign law on any campus of the institution;

(3) Grant full managerial authority of the Confucius Institute to the institution, including full control over what is being taught, the activities carried out, the research grants that are made, and who is employed at the Confucius Institute; and

(4) Engage with the Academic Liaison Officer in the Under Secretary of Defense for Research and Engineering, and take appropriate measures to safeguard defense-funded fundamental research activities.

The Department of Defense academic liaison should work with academic stakeholders to the extent possible in implementing this provision and in the creation of a certification process.

The conferees direct the Secretary of Defense to brief the congressional defense committees on the establishment of the waiver process, including the institutions for which the waiver has been invoked, within 180 days after the enactment of this Act.

Support for national maritime heritage grants program (sec. 1063)

The House bill contained a provision (sec. 1777) that would allow the Secretary of Defense to contribute up to \$5.0 million to support the National Maritime Heritage Grants Program.

The Senate amendment contained no similar provision.
The Senate recedes.

Requirements for use of Federal law enforcement personnel, active duty members of the Armed Forces, and National Guard personnel in support of Federal authorities to respond to civil disturbances (sec. 1064)

The House bill contained a provision (sec. 1055) that would amend section 253 of title 10, United States Code to require Federal civilian law enforcement officers to display his/her name and agency of employment on his/her uniform or clothing while engaged in such activities.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend chapter 41 of title 10, United States Code, to require each member of a Federal law enforcement agency, the Armed Forces, or National Guard who provides support to Federal authorities to respond to a civil disturbance to display visibly: (1) The individual's name or other identifier unique to that individual; and (2) The name of the Federal law enforcement agency, Armed

Force, or other organization by which such individual is employed or of which such individual is a member. The provision would exempt from these requirements individuals or members who do not wear a uniform or other distinguishing clothing or equipment in the regular performance of official duties or who are engaged in undercover operations in the regular performance of their official duties.

SUBTITLE F—STUDIES AND REPORTS

FFRDC study of explosive ordnance disposal agencies (sec. 1071)

The House bill contained a provision (sec. 1702) that would direct the Secretary of Defense to enter into an arrangement with a federally funded research and development center to conduct a study that identifies and evaluates the roles and responsibilities of the military services involved in the Explosive Ordnance Disposal program. Additionally, the provision would require the Secretary to submit a report on the findings of the study to the congressional defense committees not later than August 31, 2021.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Study on force structure for Marine Corps aviation (sec. 1072)

The Senate amendment contained a provision (sec. 1063) that would require the Secretary of Defense to provide for the performance of three separate studies on the force structure for Marine Corps aviation through 2030.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to perform one study on the force structure for Marine Corps aviation through 2030 and submit the results of the study to the congressional defense committees not later than September 1, 2021.

Report on joint training range exercises for the Pacific region (sec. 1073)

The House bill contained a provision (sec. 1704) that would require a report containing a plan to integrate combined, joint, and multi-domain training and experimentation in the Pacific region to test operational capabilities and weapon systems, validate joint operational concepts, and integrate allied and partner countries into national-level exercises.

The Senate amendment contained no similar provision.
The Senate recedes with a clarifying amendment.

Reports on threats to United States forces from small unmanned aircraft systems worldwide (sec. 1074)

The Senate amendment contained a provision (sec. 953) that would express the sense of Congress that: (1) United States military forces face an ever increasing and constantly evolving threat from small unmanned aerial systems in operations worldwide, whether in the United States or abroad; and (2) The Department of Defense is already doing important work to address the threats from small unmanned aerial systems worldwide but the need for engagement in that area continues.

The House bill contained no similar provision.
The House recedes with a clarifying amendment.

Under Secretary of Defense (Comptroller) reports on improving the budget justification and related materials of the Department of Defense (sec. 1075)

The Senate amendment contained a provision (sec. 6001) that would require the Under Secretary of Defense (Comptroller) to submit annually through 2025 a report to the congressional defense committees on proposed ideas for modernizing congressional budget justification materials.

The House bill contained no similar provision.
The House recedes.

Quarterly briefings on Joint All Domain Command and Control effort (sec. 1076)

The House bill contained a provision (sec. 1746) that would require the Director of the Joint All Domain Command and Control Cross Functional Team, in consultation with the Vice Chairman of the Joint Chiefs of Staff and Chief Information Officer of the Department of Defense, to provide to the Committee on Armed Services of the House of Representatives quarterly briefings on the progress of the Department's Joint All Domain Command and Control concept.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment that would require the Vice Chairman of the Joint Chiefs of Staff, the Chief Information Officer of the Department of Defense, and a senior military representative for each service to provide to the Committees on Armed Services of the Senate and the House of

Representatives quarterly briefings on the progress of the Department's Joint All Domain Command and Control concept.

Report on civilian casualty resourcing and authorities (sec. 1077)

The House bill contained a provision (sec. 1747) that would require a report on the resources required to implement the Department of Defense policy on civilian casualties in connection with United States military operations.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the elements of the required report.

The conferees commend the Department for progress made towards allocating resources to address civilian casualty matters. However, the conferees note that the initial estimates provided in the report required by section 923 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) regarding resources required to implement the civilian casualty policy of the Department of Defense lack the specific detail required to appropriately and accurately resource each geographic combatant command with the necessary personnel and technology.

Therefore, in order to facilitate the fulfillment of the requirements in section 936, the conferees direct the Department to provide a report on current and projected resources, inclusive of personnel and technology, required to implement the civilian casualty policy of the Department of Defense.

Comptroller General Review of Department of Defense efforts to prevent resale of goods manufactured by forced labor in commissaries and exchanges (sec. 1078)

The House bill contained a provision (sec. 1810) that would direct the Secretary of Defense to issue rules to require each company that produces or imports manufactured goods sold in the military commissary and exchange systems to file an annual report with the Secretary.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Comptroller General of the United States to conduct a review of the policies and processes of the Department of Defense governing the purchase of goods for resale in the commissaries and exchanges of the Department that are produced in, or imported from, areas where forced labor may be used, including the Xinjiang Uyghur Autonomous Region of China.

Comptroller General report on Department of Defense processes for responding to congressional reporting requirements (sec. 1079)

The House bill contained a provision (sec. 1710J) that would require the Comptroller General of the United States to deliver a report to the Congress containing an analysis of the Department of Defense processes for responding to congressional reporting requirements.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would add a reference to another provision in the conference report that requires the Department of Defense to assess its processes and systems for responding to congressional reporting requirements and recommend to the congressional defense committees a path forward to modernize those processes and systems.

SUBTITLE G—OTHER MATTERS

Technical, conforming, and clerical amendments (sec. 1081)

The House bill contained a provision (sec. 1741) that would make a number of technical, conforming, and clerical amendments of a non-substantive nature to existing law.

The Senate amendment contained no similar provision.

The Senate recedes with technical amendments.

Reporting on adverse events relating to consumer products on military installations (sec. 1082)

The Senate amendment contained a provision (sec. 1048) that would require the Secretary of Defense to ensure that any adverse event that occurs on a military installation relating to consumer products is reported on saferproducts.gov.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to promulgate guidance that encourages the reporting of any adverse event that occurs on a military installation relating to consumer products is reported on saferproducts.gov.

The Secretary of Defense shall brief the Committees on Armed Services of the Senate and House of Representatives 180 days after the date of the enactment of this Act on the guidance given to the Secretaries of the military departments regarding the reporting of adverse events relating to consumer products.

Modification to First Division monument (sec. 1083)

The House bill contained a provision (sec. 627) that would authorize modifications to the First Division Monument located on Federal land in President's Park in the District of Columbia in order to honor the members of the First Infantry Division who paid the ultimate sacrifice during United States operations, including Operation Desert Storm, Operation Iraqi Freedom and New Dawn, and Operation Enduring Freedom.

The Senate amendment contained a similar provision (sec. 6081).

The House recedes with a technical amendment.

Sense of Congress regarding reporting of civilian casualties resulting from United States military operations (sec. 1084)

The House bill contained a provision (sec. 1748) that would express the sense of Congress regarding measures taken to prevent, mitigate, track, investigate, learn from, respond to, and report civilian casualties resulting from U.S. military operations.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that makes modifications to the sense of Congress.

Deployment of real-time status of special use airspace (sec. 1085)

The House bill contained a provision (sec. 1750) that would require the Administrator of the Federal Aviation Administration, in consultation, as appropriate, with the Secretary of Defense and the heads of the military services, including the National Guard and Air National Guard, and other appropriate Federal agencies, to initiate, not later than 180 days after the date of the enactment of this Act, a program to enable public dissemination of information.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

The conferees direct the Secretary of Defense to submit a report regarding air space utilization to the Committee on Transportation and Infrastructure and the Committee on Armed Services of the House of Representatives and the Committee on Commerce, Science, and Transportation and the Committee on Armed Services of the Senate, not later than 180 days after the date of the enactment of this Act. The report shall:

(1) Describe whether the Department of Defense has submitted the utilization reports required under section 73.19

of title 14, Code of Federal Regulations for the prior fiscal year, and, if so, to what extent such reports have been submitted; and

(2) Provide, if the Secretary discovers that all such reports have not been submitted in a timely and complete manner--(a) an explanation for the failure to submit any such reports in the manner prescribed by regulation; and (b) a plan to ensure the timely and complete submission of all such reports.

Duties of Secretary under uniformed and overseas citizens absentee voting act (sec. 1086)

The House bill contained a provision (sec. 1751) that would require the Secretary of Defense to take actions as necessary to ensure absent uniformed services voters who are absent from the United States by reason of Active Duty or service at a diplomatic and consular post are able to receive and transmit balloting materials in the same manner as a uniformed services voter absent by reason of Active Duty or service at a military installation.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to take actions that are necessary, feasible, and practical to ensure a servicemember stationed at an overseas diplomatic or consular post is able to receive and transmit balloting materials in the same manner as a servicemember stationed at an overseas military installation.

Mitigation of military helicopter noise (sec. 1087)

The House bill contained a provision (sec. 1765) that would require the Secretary of Defense mitigate helicopter noise, and receive, track, and analyze complaints on an ongoing basis from individuals in the National Capital Region.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment.

The conferees believe that, in addition to use of the public website, the Secretary of Defense should take steps to convene community noise roundtables in the National Capital Region to facilitate meetings, at least twice per year, along with the Metropolitan Washington Airports Authority, for the purpose of discussing and identifying trends in community noise complaints associated with helicopter operations in the National Capital Region.

Furthermore, the conferees direct that not later than 6 months after the date of enactment of this Act, the Secretary of

Defense, in coordination with the Secretaries of the military departments, shall provide a briefing to the Committees on Armed Services of the Senate and House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Transportation and Infrastructure Committee of the House of Representatives. The briefing shall address the coordination occurring between the Metropolitan Washington Airports Authority and Federal agencies and the proposed way-ahead for the use of the existing noise inquiry websites, and other such actions taken by the Secretary of Defense related to helicopter noise concerns in the National Capital Region.

Congressional expression of support for the designation of National Borinqueneers Day (sec. 1088)

The House bill contained a provision (sec. 1775) that would express the sense of Congress for support of the designation of "National Borinqueneers Day," recognizing the bravery, service, and sacrifice of the Puerto Rican soldiers of the 65th Infantry Regiment.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would that would express support for the designation of "National Borinqueneers Day."

The conferees applaud the extraordinary service of the 65th Infantry Regiment in World War I, when the unit was still designated the "Puerto Rico Regiment of Infantry," in World War II in North Africa and Europe, and in South Korea when the nickname the "Borinqueneers" was created. The conferees recognize the bravery, service, and sacrifice of the Puerto Rican soldiers of the 65th Infantry Regiment.

Ted Stevens Center for Arctic Security Studies (sec. 1089)

The House bill contained a provision (sec. 1811) that would require, not later than 90 days after the date of the enactment of this Act, the Secretary of Defense, in coordination with the Secretary of State, to submit to the congressional defense committees a plan to establish a Department of Defense Regional Center for Security Studies for the Arctic. The provision would also provide the Secretary with the discretionary authority to establish and administer such a Center following the submission of the required plan.

The Senate amendment contained a similar provision (sec. 1208) that would require, not later than 90 days after the date of the enactment of this Act, the Secretary of Defense, in coordination with the Secretary of State, to submit a plan to

establish a Department of Defense Regional Center for Security Studies for the Arctic. The provision would also provide the Secretary with the discretionary authority to establish and administer such a Center following the submission of the required plan.

The House recedes with an amendment that would make modifications to the elements of the required plan and the authority for the Secretary of Defense to establish the Center.

Consistent with the assessment required by subsection (a)(2)(D), the Secretary may consider Alaska as a potential location for the establishment of the Center.

Establishment of vetting procedures and monitoring requirements for certain military training (sec. 1090)

The House bill contained a provision (sec. 1758) that would require the Secretary of Defense to establish procedures to vet covered individuals for eligibility for physical access to Department of Defense installations and facilities within the United States not later than 90 days after the date of enactment of this Act. It would also require a report on the implementation and effects of this section.

The Senate amendment contained a similar provision (sec. 1047).

The Senate recedes with an amendment that would make modifications to the requirement for establishment of vetting procedures, additional security measures, and the associated reporting requirements.

Personal protective equipment matters (sec. 1091)

The House bill contained a provision (sec. 1046) that would require the Secretaries of the military departments to each submit a report on the fielding of the newest generations of personal protective equipment (PPE) to the Armed Forces and a description and assessment of the barriers, if any, to the development and fielding of such generations of equipment. This section would also require the Director of the Defense Health Agency to develop and maintain a system for tracking data on injuries among servicemembers and for the Periodic Health Assessment of members of the Armed Forces to include one or more questions on whether members incurred an injury in connection with ill-fitting or malfunctioning PPE.

The Senate amendment contained a similar provision (sec. 1082).

The House recedes with a technical amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Pandemic Preparedness and Resilience National Security Fund

The House bill contained a provision (sec. 1003) that would establish a Pandemic Preparedness and Resilience National Security Fund, authorize the appropriation of \$1.0 billion for that fund, and authorize the transfer of amounts in that fund for execution elsewhere at the Department of Defense, subject to certain restrictions.

The Senate amendment contained no similar provision.
The House recedes.

Support for counterdrug activities and activities to counter transnational organized crime affecting flow of drugs into the United States

The House bill contained a provision (sec. 1011) that would modify section 284 of title 10, United States Code, regarding the authority to provide support to other agencies for counterdrug activities and activities to counter transnational organized crime.

The Senate amendment contained no similar provision.
The House recedes.

Codification of authority for joint task forces of the Department of Defense to support law enforcement agencies conducting counterterrorism or counter-transnational organized crime activities

The Senate amendment contained a provision (sec. 1011) that would establish a new section 285 in title 10, United States Code, to codify section 1022 of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108-136), as most recently amended by section 1022 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), which authorizes the expenditure of funds from the drug interdiction and counter-drug activities account to enable joint task forces that support law enforcement agencies conducting counter-drug activities to also provide support to law enforcement agencies conducting counterterrorism or counter-transnational organized crime activities. The provision would also eliminate the geographic limitations on the use of the authority to better reflect the global nature of the threat.

The House bill contained no similar provision.
The Senate recedes.

Sense of Congress on actions necessary to achieve a 355-ship Navy

The Senate amendment contained a provision (sec. 1025) that would express the sense of Congress on actions necessary to implement the national policy of the United States to have available, as soon as practicable, not fewer than 355 battle force ships.

The House bill contained no similar provision.

The Senate recedes.

Prohibition on use of funds for retirement of certain littoral combat ships

The House bill contained a provision (sec. 1027) that would prohibit the Secretary of the Navy from retiring LCS-3 and LCS-4 until the Secretary has submitted a certification that all operational tests have been completed on all mission modules.

The Senate amendment contained no similar provision.

The House recedes.

Report on implementation of Commandant's Planning Guidance

The House bill contained a provision (sec. 1028) that would require the Secretary of Defense to submit a report regarding the implementation of the Commandant of the Marine Corps' Planning Guidance.

The Senate amendment contained no similar provision.

The House recedes.

The conferees support the Commandant's Planning Guidance and recognize the potential of the transformational initiatives embodied in this approach. The conferees believe that better Marine Corps integration with the Navy is essential to operating in a denied environment as a stand-in force. The conferees further believe it is essential for the Marine Corps to reduce the overall weight of force elements and return to a more expeditionary, temporal posture that is more agile and decisively lethal.

To better examine Marine Corps future force structure and Navy integration requirements to support this effort, the conferees direct the Secretary of the Navy to submit a report to the congressional defense committees not later than March 1, 2021, that provides a detailed description of each of the following:

(1) The specific number and type of manned littoral ships required to execute such Guidance;

(2) The role of unmanned surface vessels (USVs), particularly long-range USVs, in the execution of such Guidance;

(3) How platforms referred to in paragraphs (1) and (2) interact with ground-based Marine Corps units, including cruise missile units, deployed throughout the Indo-Pacific region;

(4) The integrated naval command and control architecture required to support the platforms referred to in paragraphs (1), (2) and (3); and

(5) The projected cost and any additional resources required to deliver the platforms and capabilities described in paragraphs (1) through (4) by not later than 5 years after the date of the enactment of this Act.

This report shall be submitted in unclassified form but may contain a classified annex. The unclassified report shall be made publicly available.

Annual report on use of social media by foreign terrorist organizations

The House bill contained a provision (sec. 1032) that would require the Secretary of Defense, in consultation with the Secretary of State, to submit to specified congressional committees an annual report on the use of online social media platforms by entities designated as foreign terrorist organizations and an assessment of the threat posed to the national security of the United States by the online radicalization of terrorists and violent extremists.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, in coordination with the Secretary of State, to submit a report to the Committees on Armed Services of the Senate and the House of Representatives and the Committee on Foreign Affairs the House of Representatives and the Committee on Foreign Relations the Senate a report on the use of social media by foreign terrorist organizations as designated by the Department of State. The report shall include:

(1) An assessment of the use of online social media platforms by such foreign terrorist organizations for recruitment, fundraising, and the dissemination of information; and

(2) An assessment of the threat posed to the national security of the United States by the online radicalization.

The conferees note that the mission of the Global Engagement Center (GEC) of the Department of State is to direct,

lead, synchronize, integrate, and coordinate efforts of the Federal Government to recognize, understand, expose, and counter foreign state and non-state propaganda and disinformation efforts aimed at undermining or influencing the policies, security, or stability of the United States, its allies, and partner nations. The conferees believe the GEC provides unique insight and capabilities to track and understand the use of social media by terrorist organizations and encourages the Secretary to coordinate closely with the GEC in the preparation of the required report.

Clarification of authority of military commissions under chapter 47A of title 10, United States Code, to punish contempt

The Senate amendment contained a provision (sec. 1043) that would amend subchapter IV of chapter 47A of title 10, United States Code, to permit a judge of the United States Court of Military Commission Review or a military judge detailed to a military commission to punish contempt. The provision also would provide that the punishment for contempt may not exceed confinement for 30 days, a fine of \$1,000, or both, and would establish the conditions under which punishment for contempt is reviewable.

The House bill contained no similar provision.

The Senate recedes.

Prohibition on actions to infringe upon First Amendment rights of peaceable assembly and petition for redress of grievances

The Senate amendment contained a provision (sec. 1044) that would prohibit the use of amounts authorized to be appropriated by this Act for any program, project, or activity, or for any use of personnel to conduct actions against United States citizens that infringe upon their rights under the First Amendment of the Constitution peaceably to assemble and/or to petition the Government for a redress of grievances.

The House bill contained no similar provision.

The Senate recedes.

Battlefield airborne communications node certification requirement

The House bill contained a provision (sec. 1045) would require the Secretary of the Air Force take no action that would prevent the Air Force from maintaining or operating the fleets of EQ-4 aircraft in the configurations and capabilities in effect on the date of the enactment of this Act, or in improved

configurations and capabilities, prior to the submission of particular certifications and analysis to the congressional defense committees.

The Senate amendment contained no similar provision.

The House recedes.

The conferees remain concerned regarding the potential decrease in airborne network communications capacity and capability resulting from the Air Force decision to divest EQ-4B platforms, and the impacts this could have on the geographical combatant commands, specifically U.S. Central Command. Therefore, the conferees expect the Secretary of the Air Force, in coordination with the associated U.S. air component commanders for each relevant geographical combatant command areas of responsibility, to provide equal or greater capability and capacity for battlefield airborne communications and networking, noting the Secretary's planned inventory quantity increases of manned E-11 aircraft systems that was similarly provided by both the unmanned EQ-4B and the E-11A aircraft systems combined.

Consideration of security risks in certain telecommunications architecture for future overseas basing decisions of the Department of Defense

The Senate amendment contained two provisions (sec. 1046 and sec. 6046) that would require the Secretary of Defense to take security risks posed by at-risk vendors such as Huawei and ZTE into account when making overseas stationing decisions.

The House bill contained no similar provision.

The Senate recedes.

The conferees note the importance of consideration of telecommunications architecture while making overseas stationing decisions is addressed elsewhere in this report.

Limitation on use of funds pending public availability of top-line numbers of deployed members of the Armed Forces

The House bill contained a provision (sec. 1049) that would limit the availability of specified funds authorized to be appropriated for fiscal year 2020 for the Office of the Secretary of Defense until the date on which the Secretary makes publicly available the top-line numbers of deployed members of the Armed Forces pursuant to section 595 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232).

The Senate amendment contained no similar provision.

The House recedes.

Inclusion of United States Naval Sea Cadet Corps among youth and charitable organizations authorized to receive assistance from the National Guard

The Senate amendment contained a provision (sec. 1049) that would amend section 508 of title 32, United States Code, to add the United States Navy Sea Cadet Corps to the list of organizations authorized to receive assistance from the National Guard.

The House bill contained no similar provision.

The Senate recedes.

Limitation on physical move, integration, reassignment, or shift in responsibility of Marine Forces Northern Command

The House bill contained a provision (sec. 1050) that would prohibit the Secretary of Defense from taking any action to execute the physical move, integration, reassignment, or shift in responsibility of the Marine Forces Northern Command until 60 days after submitting a detailed report on the proposed action.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the report required in sec. 1050 in the House bill was submitted to the Congress.

Sense of Congress on the basing of KC-46A aircraft outside the contiguous United States

The Senate amendment contained a provision (sec. 1051) that would articulate the sense of Congress on what the Secretary of the Air Force should consider during the strategic basing process for the KC-46A aircraft outside the continental United States.

The House bill contained no similar provision.

The Senate recedes.

The conferees remain concerned of the continuous delays on the projected plan for strategic basing of the KC-46A aircraft outside the continental United States.

Curtailing Insurrection Act violations of individuals' liberties

The House bill contained a provision (sec. 1052) that would amend sections 251, 252, and 253 of title 10, United States Code, to require that prior to invoking the Insurrection Act, the President and the Secretary of Defense must certify to the Congress that a State is unable or unwilling to suppress an

insurrection or domestic violence, or that the State concerned is unable or unwilling to suppress an unlawful rebellion against the authority of the United States; provide "demonstrable evidence" of same; and detail the mission, scope, and duration of the proposed use of members of the Armed Forces. Further, the provision would require the President, in every possible instance, to consult with the Congress before invoking the Insurrection Act. Finally, the provision would prohibit direct participation by military personnel in a search, seizure, arrest, or similar activity, unless expressly authorized by law.

The Senate amendment contained no similar provision.

The House recedes.

Inclusion of explosive ordnance disposal in special operations activities

The House bill contained a provision (sec. 1054) that would amend section 167(k) of title 10, United States Code, by adding explosive ordnance disposal to the list of special operations activities.

The Senate amendment contained no similar provision.

The House recedes.

Limitation on deactivation, unmanning, or selling of Army watercraft assets pending comprehensive analysis of mobility requirements and capabilities

The House bill contained a provision (sec. 1056) that would extend and modify the limitation on use of funds for the inactivation of Army watercraft units in section 1058 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that section 1058 of the National Defense Authorization Act for Fiscal Year 2020 required the Secretary of Defense to enter into a contract with a federally funded research and development center for the review of the Army's ability to meet the watercraft requirements of the combatant commanders and the effects on preparedness to provide support to States and Territories in connection with natural disasters, threats, and emergencies. The conferees further note that the Secretary anticipates that this study will be complete in the summer of 2022.

Therefore, the conferees direct the Secretary of Defense to provide the congressional defense committees an interim briefing on the federally funded research and development

center's findings by March 1, 2021. In addition to this interim briefing, the conferees direct the Secretary to provide not later than 60 days after the enactment of this Act the following: (1) The Army Watercraft future force laydown by unit and location; (2) Required support to implement the future force laydown; (3) Personnel gaps at the time of the briefing; and (4) Efforts the Secretary intends to use to close these personnel gaps.

Study on unemployment rate of female veterans who served on active duty in the Armed Forces after September 11, 2001

The Senate amendment contained a provision (sec. 1064) that would require the Secretary of Veterans Affairs to conduct a study of post-9/11 female veteran unemployment.

The House bill contained no similar provision.

The Senate recedes.

Report on the Chemical and Biological Defense Program of the Department of Defense

The Senate amendment contained a provision (sec. 1066) that would require, not later than 60 days after the date of the enactment of this Act, the Secretary of Defense to submit to the congressional defense committees a report on the Chemical and Biological Defense Program of the Department of Defense.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct that not later than 120 days after the date of enactment of this Act, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a classified report with an unclassified summary on the Chemical and Biological Defense Program of the Department of Defense. The report shall include:

(1) A description of the role of the Chemical and Biological Defense Program within the 2018 National Defense Strategy;

(2) A description and assessment of the threats the Chemical and Biological Defense Program is designed to address;

(3) An assessment of the capacity of current Chemical and Biological Defense Program infrastructure to accomplish their missions if funding levels for the Program are reduced;

(4) An estimate of the length of time required to return the Chemical and Biological Defense Program to its current capacity if funding levels reduced for the Program as described in paragraph (3) are restored;

(5) An assessment of the threat posed to members of the Armed Forces as a result of a reduction in testing of gear for field readiness by the Chemical and Biological Defense Program by reason of reduced funding levels for the Program;

(6) A description and assessment of the necessity of Non-Traditional Agent Defense Testing under the Chemical and Biological Defense Program for Individual Protection Systems, Collective Protection Systems, field decontamination systems, and chemical agent detectors; and

(7) Any other matters deemed relevant by the Secretary.

Department of Defense strategic Arctic ports

The Senate amendment contained a provision (sec. 1081) that would require the Secretary of Defense to submit a report to the congressional defense committees on the updated assessment of the estimated cost of constructing, maintaining, and operating a strategic port in the Arctic at each potential site evaluated pursuant to section 1752(b) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to submit to the congressional defense committees not later than March 1, 2021, a report setting forth an updated assessment of the estimated cost of constructing, maintaining, and operating a strategic port in the Arctic at each potential site evaluated in the report pursuant to section 1752(b) of the National Defense Authorization Act for Fiscal Year 2020. The report shall include, for each potential site, an estimate of the number of days per year that such port would be usable by vessels of the Navy and the Coast Guard. The Secretary of Defense may, in consultation with others, designate one or more ports identified in the report as Department of Defense Strategic Arctic Ports.

The conferees note that the similar report, pursuant to section 1752(b) of the National Defense Authorization Act for Fiscal Year 2020, which was due in June 2020 still has not been submitted to the congressional defense committees.

Sense of Senate on Gold Star Families Remembrance Week

The Senate amendment contained a provision (sec. 1085) that would express the sense of the Senate that the week of September 20 through September 26, 2020 is designated as "Gold Star Families Remembrance Week" to honor and recognize the

sacrifices made by the families of servicemembers who gave their lives to defend freedom and encourage the observation of "Gold Star Families Remembrance Week" by performing acts of service and good will in each community and by celebrating the lives of those who have made the ultimate sacrifice so that others could continue to enjoy life, liberty, and the pursuit of happiness.

The House bill contained no similar provision.

The Senate recesses.

Review of support of special operations to combat terrorism

The House bill contained a provision (sec. 1701) that would direct the Comptroller General of the United States to conduct a comprehensive review of the history, currency, processes and procedures for transitioning or terminating the programs provided by such authority, and the potential future use of the authority under section 127e of title 10, United States Code, in continued support of special operations to combat terrorism.

The Senate amendment contained no similar provision.

The House recesses.

The conferees direct the Comptroller General of the United States to conduct a review of support provided pursuant to section 127e of title 10, United States Code, and provide, not later than 180 days after the date of enactment of this Act, a report on the findings of such review to the Committees on Armed Services of the Senate and the House of Representatives. The review shall include an assessment of:

(1) The strategic alignment between support provided or planned to be provided pursuant to such authority and relevant Executive Orders, global campaign plans, theater campaign plans, execute orders, and other guiding documents;

(2) United States Special Operations Command's (SOCOM) processes and procedures to manage, integrate, and synchronize such activities;

(3) SOCOM's processes and procedures to assess such activities against measures of effectiveness;

(4) SOCOM's processes and procedures to manage the sunset, termination, or transition of such activities;

(5) SOCOM's processes and procedures to report to the Congress biannually on such matters and notify the Congress with respect to the intent to sunset, terminate, or transition activities carried out pursuant to such authority; and

(6) Any other issues the Comptroller General determines appropriate.

Report on the Human Rights Office at United States Southern Command

The House bill contained a provision (sec. 1703) that would express the sense of Congress regarding the role of the Human Rights Office at the United States Southern Command (SOUTHCOM) and require that the Secretary of Defense provide, not later than 90 days after the date of enactment of this Act, a report to the congressional defense committees on the activities and associated resourcing requirements of the Office.

The Senate amendment contained no similar provision.
The House recedes.

The conferees believe that the promotion of human rights and the protection of civilians is in the strategic interests of the Department of Defense and believes that the Human Rights Office at SOUTHCOM plays an important role in supporting these efforts in the SOUTHCOM area of responsibility. The conferees, however, are concerned that resourcing challenges are impacting the ability of the Human Rights Office to fulfill its mission and to meet the demands of our partners in the region. Therefore, the conferees direct the Commander of SOUTHCOM to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives as part of the fiscal year 2022 budget request that identifies the resourcing requirements of the Human Rights Office and a plan to mitigate any resourcing shortfalls for the Human Rights Office.

Sense of Congress and strategy on catastrophic critical infrastructure failure response

The House bill contained a provision (sec. 1706) that would express the sense of Congress that catastrophic critical infrastructure events, regardless of whether they are caused by natural or man-made events, constitute a significant threat to national security and public welfare.

The Senate amendment contained no similar provision.
The House recedes.

The conferees note that the Department of Defense has yet to promulgate a holistic strategy for identifying and addressing foreseeable risks from catastrophic critical infrastructure failure events. Accordingly, the conferees direct the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives not later than December 15, 2021. The report shall include at a minimum the following: (1) A description of current policies, plans, and resources that have been directed towards addressing catastrophic infrastructure failure events; (2) Analysis of the

gaps in these existing plans and efforts that present risk to national security and public welfare, to include gaps in authorities that prevent full coverage of the risks posed by catastrophic critical infrastructure failure; (3) The extent to which current plans and policies address the risk posed by magnetic disturbance or electromagnetic pulse events; and (4) Strategies to increase preparedness for catastrophic critical infrastructure failure events.

Report on recognition of African American servicemembers in Department of Defense naming practices

The House bill contained a provision (sec. 1710B) that would require the Secretary of Defense to submit to the congressional defense committees, not later than 180 days after the date of the enactment of this Act, a report describing current Department of Defense naming conventions for military installations, infrastructure, vessels, and weapon systems; a list of such currently named after African Americans who served in the Armed Forces; and an explanation of the steps being taken to increase the number of military installations, infrastructure, vessels, and weapon systems named after deserving African American servicemembers.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to provide a report to the Committee on Armed Services of the Senate and the House of Representatives, not later than 180 days after the date of the enactment of this Act, regarding the recognition of African American and Native American servicemembers in Department of Defense naming practices. At minimum, the report should include the following elements: (1) A description of current Department of Defense naming conventions for military installations, infrastructure, vessels, and weapon systems; (2) A list of all military installations (including reserve component facilities), infrastructure (including reserve component infrastructure), vessels, and weapon systems that are currently named after African Americans or Native Americans who served in the Armed Forces; and (3) An explanation of the steps being taken to recognize the service of African Americans and Native Americans who have served in the Armed Forces with honor, heroism, and distinction by increasing the number of military installations, infrastructure, vessels, and weapon systems named after such deserving members of the Armed Forces.

Report on transforming business processes for revolutionary change

The House bill contained a provision (sec. 1710L) that would require the Department of Defense to report on efforts to implement recommendations from a 2015 Defense Business Board study and provide alternative solutions for certain items from those recommendations.

The Senate amendment contained no similar provision.

The House recesses.

The conferees note that other provisions of this Act direct the Secretary of Defense to improve the efficient, effective, and economical administration and operation of the Department; to eliminate unnecessary redundancies; and to incorporate these improvements into various planning materials. The conferees emphasize the importance of a strategic approach to these efforts and caution the Department against arbitrary cuts to force structure or the civilian workforce, as such actions could introduce serious long-term risks.

Report on agile program and project management

The House bill contained a provision (sec. 1710N) that would require a report on agile program and project management.

The Senate amendment contained no similar provision.

The House recesses.

The conferees direct the Under Secretary of Defense for Acquisition and Sustainment to direct the Acquisition Innovation Research Center established by section 2361a of title 10, United States Code, to study and develop policy options and recommendations on how the Department of Defense and the services can use agile program and project management concepts in non-software acquisition programs.

The conferees expect the study to review all statutory provisions enabling the use of agile program and project management within the Department of Defense; evaluate the implementation of statutory provisions enabling the use of agile program and project management within the Department of Defense and the services; evaluate the agile program and project methodologies used within the Department of Defense and the services; evaluate how agile program and project methodologies have enabled efforts to prepare the Department of Defense and the services for the future of work; evaluate the enterprise scalability of the agile program and project methodologies used within the Department of Defense and the services, including how well agile methods are integrated into the enterprise when used at scale; analyze the impediments to the further adoption and enterprise scalability of agile program and project management including statutory impediments, as well as existing policy, guidance, and instruction of the Department of Defense and the

services; analyze the impact of further adoption and enterprise scalability of agile program and project management on the future of work within the Department of Defense and the services; and any other topics the Under Secretary deems appropriate.

The conferees direct that the study, accompanied by an assessment and plan for the Under Secretary to implement the recommended policy options, if appropriate, should be delivered to the congressional defense committees not later than March 1, 2022.

Publicly available database of casualties of members of the Armed Forces

The House bill contained a provision (sec. 1752) that would require the Secretary of Defense to publish on a publicly available website a database of all casualties of members of the Armed Forces that occurred during military operations that took place during 1990 or any subsequent year.

The Senate amendment contained no similar provision.

The House recedes.

Department of Defense support for certain sporting events

The House bill contained a provision (sec. 1766) that would amend section 2564 of title 10, United States Code, to limit support to certain sporting events to providing technical, contracting, and specialized equipment.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the Department of Defense has broad authority to provide support to the Olympics and other sporting events provided certain requirements and certifications are satisfied. The Department is encouraged to submit a legislative proposal to the Congress if the existing laws governing the Department's support of sporting events require an update to ensure a safe and secure environment for event participants and attendees.

Hemp products

The House bill contained a provision (sec. 1773) that would prevent the Secretary of Defense from prohibiting the possession, use, or consumption of a product containing hemp or any ingredient derived from hemp, if the use or consumption of such product or ingredient complies with applicable Federal, state, and local laws.

The Senate amendment contained no similar provision.
The House recedes.

Integration of members of the Armed Forces who are minorities

The House bill contained a provision (sec. 1785) that would require each Secretary of a military department to share lessons learned and best practices regarding the integration of members of the Armed Forces who identify as belonging to a minority group, and strategically communicate progress in this matter with the public.

The Senate amendment contained no similar provision.
The House recedes.

Protections for pregnant members of the Armed Forces

The House bill contained a provision (sec. 1787) that would require the Secretary of a military department to develop policies to ensure that the career of a servicemember is not negatively affected by pregnancy.

The Senate amendment contained no similar provision.
The House recedes.

Release of Department of Defense documents on the 1981 El Mozote massacre in El Salvador

The House bill contained a provision (sec. 1788) that would require the Secretary of Defense, not more than 30 days after the date of the enactment of this Act, to direct all Defense agency bureaus, departments, agencies, and entities to identify and release to Salvadoran judicial authorities, including to the Salvadoran presiding judge investigating and prosecuting the El Mozote massacre case, all materials that might be relevant to the El Mozote massacre that occurred in December of 1981.

The Senate amendment contained no similar provision.
The House recedes.

Inclusion on the Vietnam Veterans Memorial Wall of the names of the lost crew members of the U.S.S. Frank E. Evans killed on June 3, 1969

The House bill contained a provision (sec. 1795) that would require the Secretary of Defense, in consultation with the Secretary of the Interior, the American Battlefield Monuments Commission, and other applicable authorities, to authorize the

inclusion, on the Vietnam Veterans Memorial Wall in the District of Columbia, of the names of the 74 crew members of the U.S.S. Frank E. Evans killed on June 3, 1969.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that there is an established process for adding the names of servicemembers to the Vietnam Veterans Memorial Wall. The conferees believe this process should be followed to preserve the integrity of the Wall.

Increased realism and training effectiveness for airborne anti-submarine warfare training at offshore training ranges

The House bill contained a provision (sec. 1799) that would require the Secretary of Defense to provide for greater training effectiveness for aircrews by procuring contract services that would realistically simulate real-world, manned submersible, diesel-powered vessels that are very similar to third-world and near-peer adversaries.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of the Navy to submit a report to the congressional defense committees not later than November 1, 2021, on the requirements for and potential benefits of realistically simulating real-world, manned submersible, diesel-powered vessels that are very similar to third-world and near-peer adversaries' submarines. The report shall include the associated: (1) Requirements; (2) Potential benefits; (3) Market survey of potential offerors that could meet requirements; (4) On-demand availability of services by such offerors; (5) Ability to meet the demand for scalable, highly relevant, and robust training assets for use by fixed and rotary-wing Navy anti-submarine communities in the Navy's Second and Third Fleets; and (6) Dependence on foreign naval vessels to meet requirements.

Review of use of innovative wood product technology

The House bill contained a provision (sec. 1800) that would require the Secretary of Defense to review the potential to incorporate innovative wood technologies, such as mass timber and cellulose nanomaterials, in military construction projects or the sustainment and renovation of existing Department of Defense facilities.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that these materials have potential for use by the Department of Defense. Accordingly, the conferees

direct the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives not later than June 1, 2021. The report shall include, at a minimum, a description of potential uses for innovative wood technologies, such as mass timber and cellulose nanomaterials, in new military construction; the sustainment and renovation of existing facilities; and an analysis of any barriers to incorporating these innovative wood product technologies into these areas.

Modernization of congressional reports process

The Senate amendment contained a provision (sec. 5372) that would increase by \$2.0 million funds authorized to be appropriated for the Department of Defense to modernize its processes for responding to congressional reporting requirements. The provision would also reduce by \$2.0 million funds authorized to be appropriated for Army service-wide transportation.

The House bill contained no similar provision.

The Senate recedes.

The funding outcome is reflected in the budget tables. The conferees agree on the importance of modernizing Department of Defense processes for responding to congressional reporting requirements.

Report on pandemic preparedness and planning of the Navy

The Senate amendment contained a provision (sec. 6062) that would require the Secretary of the Navy to submit to the congressional defense committees, within 120 days of the date of the enactment of this Act, a report that describes the Department of the Navy's plans to prepare for and respond to future pandemics, including future outbreaks of coronavirus disease 2019 (COVID-19).

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of the Navy to brief the Committees on Armed Services of the Senate and the House of Representatives, within 120 days of the date of the enactment of this Act, on the pandemic preparedness and planning of the Navy. The briefing should include a description of the Navy's comprehensive plan to prepare for and respond to future pandemics and detail its plan to protect the health and safety of military personnel on naval vessels and civilian personnel at public and private shipyards.

Modification of Estimate of damages from Federal Communications Commission Order 20-48

The Senate amendment contained a provision (sec. 6082) that would modify section 1083 of the Senate amendment. The provision would require the Secretary of Defense to distribute the estimate required by section 1083 to entities operating in the frequency band authorized to be used by Federal Communications Commission Order 20-48, grant the Secretary the authority to work directly with such entities to seek recovery of costs incurred by the Department as a result of the Order, and require the Secretary to establish a process for the recovery and use of such funds.

The House bill contained no similar provision.
The Senate recedes.

TITLE XI—CIVILIAN PERSONNEL MATTERS

SUBTITLE A—GENERAL PROVISIONS

Department of Defense policy on unclassified workspaces and job functions of personnel with pending security clearances (sec. 1101)

The House bill contained a provision (sec. 243) that would direct the Secretary of Defense to issue guidance not later than 180 days after the date of the enactment of this Act to ensure, to the extent practicable, that all Department of Defense facilities have unclassified workspaces for employees who have applied for, but have not yet received, a security clearance.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to develop and implement a policy to allow certain military and civilian personnel to occupy positions that require a security clearance and to perform unclassified work while they await a final security clearance determination.

Enhancement of public-private talent exchange programs in the Department of Defense (sec. 1102)

The House bill contained a provision (sec. 249) that would amend section 1599g of title 10, United States Code, to increase conflict of interest and financial disclosure requirements for participants in the Department of Defense (DOD) public-private talent exchange program. The provision would also require

military promotion boards to treat participation in a public-private talent exchange program as equivalent to attending resident professional military education. Additionally, the provision would require the establishment of a public-private exchange program billet office. The provision would direct the Secretary of Defense to ensure that public-private talent exchange authority is used to exchange personnel with private sector experience working on artificial intelligence applications.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend section 1599g of title 10, United States Code, to clarify that DOD participants in public-private talent exchange programs may not use knowledge related to DOD acquisition or procurement for the benefit of a participating private-sector organization. The provision would also prohibit private-sector participants from performing work that is considered inherently governmental.

The provision would also require the Secretary of Defense to expand the existing talent exchange program to private sector entities that are working on the various DOD modernization priorities. The Secretary of Defense would also be required to implement a system to identify, mitigate, and manage any conflicts of interest that may arise as a result of an individual participating in a public-private talent exchange. For military personnel participating in a talent exchange program, the Secretary of Defense, in consultation with the Secretaries of the military departments, would be required to develop practices that consider participation in a talent exchange program when deciding subsequent military assignments.

The conferees urge the Secretary of Defense and the Secretaries of the military departments to take steps to ensure that military participation in public-private talent exchange programs is viewed favorably by promotion boards and other competitive selection boards. Additionally, the conferees urge the DOD public-private talent exchange program to leverage the Air Force Education with Industry Program Office to assist in expanding the DOD talent exchange program.

Lastly, the conferees note that the public-private talent exchange program may be a valuable experience for many different DOD organizations. In particular, the use of these exchange authorities would be valuable to DOD efforts toward building artificial intelligence expertise and capabilities.

Paid parental leave technical corrections (sec. 1103)

The House bill contained a provision (sec. 1101) that would make technical corrections relating to parental leave for Federal employees.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Authority to provide travel and transportation allowances in connection with transfer ceremonies of certain civilian employees who die overseas (sec. 1104)

The House bill contained a provision (sec. 1103) that would amend subchapter II of chapter 75 of title 10, United States Code, to authorize the Secretary of the military department concerned, the agency head of a Defense Agency or Department of Defense Field Activity, or the Secretary of Homeland Security, to provide round-trip travel and transportation allowances and accompaniment services in connection with ceremonies for the transfer of a Department of Defense or Coast Guard civilian employee who dies while located or serving overseas.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would allow family members of deceased civilian employees of the Coast Guard to be provided with round-trip travel and associated expenses when the Coast Guard is operating as a service of the Navy.

One-year extension of authority to waive annual limitation on premium pay and aggregate limitation on pay for Federal civilian employees working overseas (sec. 1105)

The House bill contained a provision (sec. 1104) that would amend would amend section 1101 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110-417), as most recently amended by section 1105 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), to extend through 2021 the authority of heads of executive agencies to waive the limitation on the aggregate of basic and premium pay of employees who perform work in an overseas location that is in the area of responsibility of the Commander, U.S. Central Command (CENTCOM), or in a location that was formerly in CENTCOM but has been moved to the area of responsibility of the Commander, U.S. Africa Command, in support of a military operation or an operation in response to a declared emergency.

The Senate amendment contained an identical provision (sec. 1112).

The conference agreement includes this provision.

One-year extension of temporary authority to grant allowances, benefits, and gratuities to civilian personnel on official duty in a combat zone (sec. 1106)

The House bill contained a provision (sec. 1104) that would extend by 1 year the discretionary authority of the head of a Federal agency to provide allowances, benefits, and gratuities comparable to those provided to members of the Foreign Service to the agency's civilian employees on official duty in a combat zone.

The Senate amendment contained an identical provision (sec. 1111).

The conference agreement includes this provision.

Civilian faculty at the Defense Security Cooperation University and Institute of Security Governance (sec. 1107)

The House bill contained a provision (sec. 1107) that would amend section 1595(c) of title 10, United States Code, to add the Defense Security Cooperation University and the Defense Institute for Security Governance to the list of covered institutions for which the Secretary of Defense may employ and compensate civilian faculty as the Secretary considers necessary.

The Senate amendment contained no similar provision.

The Senate recedes.

The conferees note that the Congress knows relatively little about Department of Defense (DOD) policies and practices for administratively determined civilian personnel positions. Therefore, the conferees direct the Undersecretary of Defense for Personnel and Readiness to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives by March 1, 2021. The briefing shall include the following elements:

- (1) A description and summary of administratively determined positions in the DOD;
- (2) A list and explanation of the various policies pertaining to administratively determined positions;
- (3) An explanation of the significant differences in law and policy between administratively determined positions and other civil service positions within the Department of Defense; and
- (4) Any other matters the Undersecretary of Defense for Personnel and Readiness considers relevant.

Temporary authority to appoint retired members of the Armed Forces to positions in the Department of Defense (sec. 1108)

The House bill contained a provision (sec. 1108) that would amend section 3326 of title 5, United States Code, to authorize the Secretary of a military department to appoint recently retired servicemembers as civilian employees in the Department of Defense at industrial base facilities, provided the Secretary concerned certifies a lack of qualified applicants.

The Senate amendment contained a similar provision (sec. 1108).

The House recedes with an amendment that would provide temporary authority to the Secretary of Defense to appoint retired members of the Armed Forces to positions in the Department of Defense for GS-13 and below positions at a defense industrial base facility, provided the Secretary of the military department concerned certifies a lack of qualified applicants.

Fire fighters alternative work schedule demonstration project for the Navy Region Mid-Atlantic Fire and Emergency Services (sec. 1109)

The House bill contained a provision (sec. 1109) that would require the Commander of Navy Region Mid-Atlantic to establish and carry out a 5-year fire fighter alternative work schedule demonstration project. The demonstration project would require tours of duty to be scheduled at least 2 weeks in advance and that tours of duty use a regularly recurring pattern of 48-hour shifts followed by 48 or 72 consecutive non-work hours. The provision would also require the Commander of Navy Region Mid-Atlantic to submit to the Committees on Armed Services of the Senate and the House of Representatives a report on effects of the demonstration project not later than 180 days after the demonstration project is terminated.

The Senate amendment contained an identical provision (sec. 1110A).

The conference agreement includes this provision.

Special rules for certain monthly workers' compensation payments and other payments for Federal Government personnel under chief of mission authority (sec. 1110)

The House bill contained a provision (sec. 1110) that would amend section 901 of title 9 of division J of the Further Consolidated Appropriations Act, 2020 (Public Law 116-94) by

authorizing the head of any Federal agency to provide an additional monthly payment to any Federal employee who is injured while detailed to a duty station in the Republic of Cuba, the People's Republic of China, or another foreign country designated by the Secretary of State. The provision would also prevent the duplication of benefits for individuals receiving compensation under section 19A of the Central Intelligence Agency Act of 1949 (Public Law 81-110).

The Senate amendment contained a similar provision (sec. 6091).

The Senate recedes with a technical amendment.

Temporary increase in limitation on accumulation of annual leave for Executive branch employees (sec. 1111)

The House bill contained a provision (sec. 1111) that would amend section 6304 of title 5, United States Code, to require the service of a Federal employee during a pandemic be deemed an exigency of the public business and to require the restoral of annual leave that is lost as a result of a service during a pandemic.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would authorize the Director of the Office of Personnel Management to allow non-Senior Executive Service and equivalent level employees to increase their accrued leave balance by up to 25 percent over current annual limits for calendar year 2021. The provision would prohibit any accrued leave in excess of an employee's ordinary annual limit from being included in a lump-sum payment upon retirement or separation.

Telework travel expenses program of the United States Patent and Trademark Office (sec. 1112)

The House bill contained a provision (sec. 1113) that would amend section 5711 of title 5, United States Code, to authorize permanently a telework travel expenses program within the United States Patent and Trademark Office.

The Senate amendment contained no similar provision.

The Senate recedes.

Extension of rate of overtime pay authority for Department of the Navy employees performing work aboard or dockside in support of the nuclear-powered aircraft carrier forward deployed in Japan (sec. 1113)

The House bill contained a provision (sec. 1114) that would amend section 5542 of title 5, United States Code, to extend until September 30, 2026, the authority of the Secretary of the Navy to pay overtime rates to civilian employees performing temporary duty in Japan in support of the forward deployed nuclear aircraft carrier.

The Senate amendment contained a similar provision (sec. 1104).

The Senate recesses.

Enhanced pay authority for certain acquisition and technology positions in the Department of Defense (sec. 1114)

The Senate amendment contained a provision (sec. 1101) that would amend subchapter I of chapter 87 of title 10, United States Code, to permanently authorize an enhanced pay authority for acquisition and technology positions in the Department of Defense. The provision would authorize up to 20 total positions within the Office of the Secretary of Defense and the military departments that may have a maximum pay rate set at 150 percent of level 1 of the Executive Schedule.

The House bill contained no similar provision.

The House recesses.

Enhanced pay authority for certain research and technology positions in the science and technology reinvention laboratories of the Department of Defense (sec. 1115)

The Senate amendment contained a provision (sec. 1102) that would amend chapter 139 of title 10, United States Code, to permanently authorize an enhanced pay authority for research and technology positions in the Department of Defense. The provision would authorize up to 15 total positions within the military departments that may have a maximum pay rate set at 150 percent of level 1 of the Executive Schedule.

The House bill contained no similar provision.

The House recesses.

Extension of enhanced appointment and compensation authority for civilian personnel for care and treatment of wounded and injured members of the armed forces (sec. 1116)

The Senate amendment contained a provision (sec. 1103) that would amend section 1599c(b) of title 10, United States Code, to extend the enhanced appointment and compensation authority for civilian personnel for the care and treatment of

wounded and injured members of the Armed Forces through December 31, 2025.

The House bill contained no similar provision.

The House recedes.

Expansion of direct hire authority for certain Department of Defense personnel to include installation military housing office positions supervising privatized military housing (sec. 1117)

The Senate amendment contained a provision (sec. 1105) that would amend section 9905 of title 5, United States Code, to authorize direct hire authority for installation military housing office positions responsible for supervising privatized military housing projects.

The House bill contained no similar provision.

The House recedes.

Extension of sunset of inapplicability of certification of executive qualifications by qualification certification review board of office of personnel management for initial appointments to senior executive service positions in department of defense (sec. 1118)

The Senate amendment contained a provision (sec. 1106) that would amend section 1109 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), to extend by 3 years the sunset date of the Department of Defense's temporary exemption from Office of Personnel Management qualification certification review boards for individuals appointed to senior executive service positions within the Department.

The House bill contained no similar provision.

The House recedes.

Pilot program on enhanced pay authority for certain high-level management positions in the Department of Defense (sec. 1119)

The Senate amendment contained a provision (sec. 1107) that would authorize the Department of Defense to establish a pilot program to offer higher compensation than normally allowed by the executive schedule for a limited numbers of positions requiring extremely high levels of experience managing complex organizations.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Recruitment incentives for placement at remote locations (sec. 1120)

The Senate amendment contained a provision (sec. 1109) that would amend chapter 81 of title 10, United States Code, to provide a temporary direct hire authority to positions in the competitive service in geographically remote locations and locations with extreme climate conditions. The provision would also provide a relocation incentive to positions covered by the direct hire authority.

The House bill contained no similar provision.

The House recedes with an amendment that would authorize the Department of Defense to provide a recruitment incentive to individuals appointed to positions at geographically remote locations and locations with extreme climate conditions.

Technical amendments regarding reimbursement of Federal, State, and local income taxes incurred during travel, transportation, and relocation (sec. 1121)

The Senate amendment contained a provision (sec. 1113) that would amend section 5724b of title 5, United States Code, to make a technical correction to authority provided by section 1114 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) relative to the reimbursement of Federal, State, and local income tax expenses incurred by Federal civilian employees incident to Government-directed travel, transportation, and relocations.

The House bill contained no similar provision.

The House recedes with a technical amendment.

SUBTITLE B—ELIJAH E. CUMMINGS FEDERAL EMPLOYEE ANTIDISCRIMINATION ACT OF 2020

Elijah E. Cummings Federal Employee Antidiscrimination Act of 2020 (secs. 1131-1138)

The House bill contained several provisions (sec. 1121-1128) that would amend various sections of title 5, United States Code, and the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 (Public Law 107-174) to modify reporting, notification, and appeals procedures associated with Federal agency equal opportunity violations.

The Senate amendment contained a similar provision (sec. 6047).

The Senate recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Limitation on authority to exclude employees from chapter 71 of title 5

The House bill contained a provision (sec. 1102) that would prohibit the use of funds to exclude the Department of Defense or any agency thereof from collective bargaining rights in fiscal year 2021.

The Senate amendment contained no similar provision.

The House recedes.

Limiting the number of local wage areas defined within a pay locality

The House bill contained a provision (sec. 1106) that would amend section 5343 of title 5, United States Code, to prohibit the Office of Personnel Management (OPM) from defining more than one Federal Wage System (FWS) local wage area within a General Schedule (GS) pay locality.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that OPM is responsible for overseeing the implementation and administration of the FWS in consultation with other agencies, appropriate labor organizations, and the advice of the Federal Prevailing Rate Advisory Committee (FPRAC). Since 2010, the FPRAC has voted three times to recommend that OPM align FWS wage areas with GS locality pay areas across the country. OPM has not implemented these recommendations. The conferees encourage OPM to address this longstanding issue as soon as possible.

Modification of direct hire authority for certain personnel involved with Department of Defense maintenance activities

The Senate amendment contained a provision (sec. 1110) that would amend section 9905 of title 5, United States Code, to provide direct hire authority for positions that perform support functions for depot-level maintenance and repair.

The House bill contained no similar provision.

The Senate recedes.

The conferees note the Department of Defense already possesses extensive direct hire authority for a variety of civilian personnel positions. Section 9905 of title 5, United States Code, provides general direct hire authority for any position involved with Department maintenance activities and Major Range and Test Facilities Bases. The conferees encourage

the Secretary of Defense to utilize fully all available direct hire authority provided by section 9905.

The conferees emphasize that future requests for additional direct hire authority must be justified by objective data that demonstrates consistent difficulty filling certain vacant positions within a reasonable amount of time.

Report by Comptroller General of the United States on diversity and inclusion within the civilian workforce of the Department of Defense

The Senate amendment contained a provision (sec. 1110B) that would require the Comptroller General of the United States to provide a report to the Congress on issues related to diversity and inclusion within the Department of Defense (DOD).

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Comptroller General of the United States to provide a report to the Committees on Armed Services of the Senate and the House of Representatives on the diversity and inclusion of the civilian workforce of the DOD. The report shall include: (1) A description of the demographic composition of the civilian workforce of the DOD; (2) An assessment of any differences in promotion outcomes among demographic groups of the civilian workforce of the Department; (3) An assessment as to whether the Department has identified barriers to increasing diversity in its civilian workforce; and (4) Any other matters the Comptroller General considers appropriate. The conferees further direct that, not later than 1 year after the date of the enactment of this Act, the Comptroller General provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives describing the Comptroller General's preliminary findings, and submit a final report on a date agreed to at the time of the briefing.

Vacancy of Inspector General positions

The House bill contained a provision (sec. 1115) that would amend the Federal Vacancies Reform Act (5 U.S.C. 3345) to require that when there is a vacancy in an Inspector General position that requires appointment by the President, by and with the advice and consent of the Senate, the first assistant to the Inspector General shall perform the functions and duties of the Inspector General temporarily in an acting capacity. If the first assistant is not available to serve, the President would be required to appoint an acting Inspector General from among

persons serving in an office of any Inspector General who met particular time in service and pay grade requirements.

The Senate amendment contained no similar provision.

The House recedes.

TITLE XII—MATTERS RELATING TO FOREIGN NATIONS

SUBTITLE A—ASSISTANCE AND TRAINING

Authority to build capacity for additional operations (sec. 1201)

The Senate amendment contained a provision (sec. 1201) that would modify section 333 of title 10, United States Code, relating to the authority of the Secretary of Defense to conduct or support programs to provide training and equipment to the national security forces of one or more foreign countries by adding cyberspace operations to the list of authorized functional areas in which such support may be provided.

The House bill contained no similar provision.

The House recedes with an amendment that would modify section 333 of title 10, United States Code, to add air domain awareness operations and cyberspace security and defensive cyberspace operations to the list of authorized support. The conferees intend the authority for air domain awareness operations to authorize Department of Defense programs to conduct or support training and equipping of foreign national security forces in order to build their capacity to detect, track, and identify threats to territorial airspace and includes associated airfield operations.

Further, the conferees intend for the authority for cyberspace security operations to authorize Department of Defense programs to conduct or support training and equipping for foreign national security forces in order to build their capacity to conduct cyberspace security operations as defined in Joint Publication 3-12 as operations taken within protected cyberspace to prevent unauthorized access to, exploitation of, or damage to, computers, electronic communications systems, and other information technology, including platform information technology, as well as the information contained therein, to ensure its availability, integrity, authentication, confidentiality, and nonrepudiation.

The conferees also intend for the authority for defensive cyberspace operations to authorize Department of Defense programs to conduct or support training and equipping for

foreign national security forces in order to build their capacity to conduct defensive cyberspace operations as defined in Joint Publication 3-12 as operations to preserve the ability to utilize cyberspace capabilities and protect data, networks, cyberspace-enabled devices, and other designated systems by defeating on-going or imminent malicious cyberspace activity. The conferees intend for any cyberspace security or defensive cyberspace operation program to build capacity to defend national cyberspace against foreign threats.

Participation in European program on multilateral exchange of surface transportation services (sec. 1202)

The House bill contained a provision (sec. 1202) that would authorize the Secretary of Defense to participate in the Surface Exchange of Services Program of the Movement Coordination Centre Europe.

The Senate amendment contained a similar provision (sec. 1240).

The House recedes.

Participation in programs relating to coordination or exchange of air refueling and air transportation services (sec. 1203)

The Senate amendment contained a provision (sec. 1241) that would codify permanently the authority of the Secretary of Defense to participate in programs relating to coordination or exchange of air refueling and air transportation services.

The House bill contained no similar provision.

The House recedes.

Reciprocal patient movement agreements (sec. 1204)

The Senate amendment contained a provision (sec. 1281) that would authorize the Secretary of Defense, with the concurrence of the Secretary of State, to enter into a bilateral or multilateral memorandum of understanding or other formal agreement with one or more governments of certain partner countries concerning reciprocity with respect to patient movement including matters concerning personnel, services, and equipment. The provision would require the Secretary of Defense, before entering into a memorandum of understanding or other formal agreement, to certify in writing that the professional credentials, certifications, licenses, and approvals for patient movement personnel and patient movement equipment of the partner country meet or exceed the equivalent standards of the United States for similar personnel and equipment and provide for a

level of care comparable to, or better than, the level of care provided by the Department of Defense.

The House bill contained no similar provision.

The House recedes.

Modification to the Inter-European Air Forces Academy (sec. 1205)

The Senate amendment contained a provision (sec. 1203) that would modify section 350(b) of title 10, United States Code, to expand eligibility for military education and training at the Inter-European Air Forces Academy to military personnel of countries that are within the United States Africa Command area of responsibility and eligible for assistance under chapter 5 of part II of the Foreign Assistance Act of 1961 (22 U.S.C. 2347 et seq.).

The House bill contained no similar provision.

The House recedes.

Modification of authority for participation in multinational centers of excellence (sec. 1206)

The Senate amendment contained a provision (sec. 1206) that would amend section 344 of title 10, United States Code, by modifying the authority for participation in multinational centers of excellence.

The House bill contained no similar provision.

The House recedes.

Modification and extension of support of special operations for irregular warfare (sec. 1207)

The House bill contained a provision (sec. 1201) that would modify section 1202 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91), as most recently amended by section 1207 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), by extending the authority through 2025 and increasing the annual limitation of funding to \$15.0 million from \$10.0 million. This provision would also expand notification elements related to human rights violations and violations of the Geneva Conventions of 1949.

The Senate amendment contained a similar provision (sec. 1204).

The Senate recedes with an amendment that increases the annual limitation on funding to \$15.0 million and makes modifications to the notification requirements and the construction of authority.

Extension of authority to transfer excess high mobility multipurpose wheeled vehicles to foreign countries (sec. 1208)

The House bill contained a provision (sec. 1203) that would modify and extend by 2 years section 1276 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) that requires excess high mobility multipurpose wheeled vehicles (HMMWVs) that are to be transferred or granted to a foreign country to have modernized powertrains and modernized armored or armored-capable crew compartments.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would extend section 1276 by 1 year and allow delegation of the waiver authority under the section to the Secretary of Defense.

The conferees expect the Secretary of Defense to periodically provide updates to the congressional defense committees on the Department's efforts to engage and collaborate with the industrial base. The conferees expect the Department and the industrial base to coordinate and share information in order to develop a long-term approach that considers both the needs of the industrial base as well as the excess defense article transfer needs of our foreign partners, consistent with United States national security interests. The conferees expect the Department to fully comply with the transfer authority in section 2321j of title 22, United States Code.

Modification and extension of update of Department of Defense Freedom of Navigation Report (sec. 1209)

The House bill contained a provision (sec. 1204) that would amend section 1275 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to extend and modify the Department of Defense Freedom of Navigation Report.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Extension and modification of authority to support border security operations of certain foreign countries (sec. 1210)

The Senate amendment contained a provision (sec. 1205) that would modify section 1226 of the National Defense Authorization for Fiscal Year 2016 (Public Law 114-92), as most recently amended by section 1213 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232), to extend the authority to support border security operations of certain foreign countries through December 31,

2023. The provision would also clarify the source of funds available for support pursuant to this authority in order to improve oversight of such expenditures.

The House bill contained no similar provision.

The House recesses.

Extension of Department of Defense support for stabilization activities in national security interest of the United States (sec. 1210A)

The House bill contained a provision (sec. 1207) that would extend until December 31, 2021, section 1210A of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) for Department of Defense support to stabilization activities in the national security interest in the United States.

The Senate amendment contained a similar provision (sec. 1283).

The Senate recesses.

Extension of report on workforce development (sec. 1210B)

The House bill contained a provision (sec. 1205) that would extend for 5 years the requirement in section 1250 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) to provide a report on Department of Defense security cooperation workforce development efforts.

The Senate amendment contained no similar provision.

The Senate recesses.

Plan to increase participation in international military education and training programs (sec. 1210C)

The House bill contained a provision (sec. 1801) that would require, not later than 1 year after the date of the enactment of this Act, the Secretary of State, in coordination with the Secretary of Defense, to submit to the appropriate congressional committees a plan to increase the number of foreign female participants receiving training under the International Military Education and Training program authorized under chapter 5 of part II of the Foreign Assistance Act of 1961 (22 U.S.C. 2347 et seq.) and any other military exchange program offered to foreign participants, with the goal of doubling such participation over the 10-year period beginning on the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The Senate recesses with a technical amendment.

*Mitigation and prevention of atrocities in high-risk countries
(sec. 1210D)*

The House bill contained a provision (sec. 1299E) that would require the Secretary of State to submit to the appropriate congressional committees a report on its efforts to prevent atrocities in covered foreign countries.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

*Implementation of the Women, Peace, and Security Act of 2017
(sec. 1210E)*

The House bill contained a provision (sec. 1759) that would express the sense of Congress regarding Department of Defense annual funding for implementation of the Women, Peace, and Security Act of 2017 (Public Law 115-68). The section would further specify the activities the Department of Defense would be required to undertake to implement the Women, Peace, and Security Act and would require a one-time briefing on security cooperation capacity building and an annual report on such activities through January 1, 2025.

The Senate amendment contained a similar provision (sec. 1207).

The House recedes with an amendment that would amplify the requirements associated with implementation of the Women, Peace, and Security Act program by the Department of Defense and the Department of State.

SUBTITLE B—MATTERS RELATING TO AFGHANISTAN AND PAKISTAN

*Extension and modification of authority for reimbursement of
certain coalition nations for support provided to United States
military operations (sec. 1211)*

The House bill contained a provision (sec. 1211) that would extend through December 31, 2021, the authority to make Coalition Support Fund payments under section 1233 of the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110-181) as most recently amended by section 1217 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The Senate amendment contained a similar provision (sec. 1211).

The House recedes.

Extension of the Afghan Special Immigrant Visa Program (sec. 1212)

The House bill contained a provision (sec. 1212) that would extend the Afghan Allies Protection Act of 2009 (Public Law 111-8) as well as extend an expiring report.

The Senate amendment contained a similar provision (sec. 1214).

The Senate recedes with an amendment to increase the number of special immigrant visas.

The conferees note that the special immigrant visa program for Afghan allies is critical to the mission in Afghanistan and the long-term interests of the United States. Maintaining a robust special immigrant visa program for Afghan allies is necessary to support United States Government personnel in Afghanistan. Afghan allies routinely risk their lives to assist United States military and diplomatic personnel. Honoring the commitments made to Afghan allies with respect to the special immigrant visa program is essential to ensuring the continued service and safety of such allies, and the willingness of other like-minded individuals to provide similar services in any future contingency.

The conferees further note that the Afghan Allies Protection Act of 2009 (8 U.S.C. 1101 note) states that all Government-controlled processing of applications for special immigrant visas under that Act should be completed not later than 9 months after the date on which an eligible alien submits all required materials to complete an application for such visa. Any backlog in processing special immigrant visa applications should be addressed as quickly as possible so as to honor the United States commitment to Afghan allies as soon as possible. The failure to process such applications in an expeditious manner puts lives at risk and jeopardizes a critical element of support to United States operations in Afghanistan. To prevent harm to the operations of the United States Government in Afghanistan, the conferees urge the Administration to make additional visas available to principal aliens who are eligible for special immigrant status under that Act.

Extension and modification of support for reconciliation activities led by the Government of Afghanistan (sec. 1213)

The Senate amendment contained a provision (sec. 1213) that would extend the authorization for the Department of Defense to provide support for Government of Afghanistan-led reconciliation activities. The provision would modify the existing authority in section 1218 of the National Defense

Authorization Act for Fiscal Year 2020 (Public Law 116-92) to require that covered support can only be provided for reconciliation activities that occur in Afghanistan, include the participation of the Government of Afghanistan, and do not restrict the participation of women. The provision would also prohibit Taliban members' receipt of reimbursement for travel or lodging expenses and stipends or per diem payments. Finally, the provision would prohibit the Department from providing covered support until it provides the implementation framework required by section 1218 of the National Defense Authorization Act of Fiscal Year 2020, due to the Congress on March 19, 2020.

The House bill contained no similar provision.

The House recedes.

Extension and modification of Commanders' Emergency Response Program (sec. 1214)

The Senate amendment contained a provision (sec. 1212) that would extend the authorization for the Commanders' Emergency Response Program in Afghanistan through December 31, 2021, would authorize \$2.0 million, and would provide a quarterly report on the allocation and use of funds for the program.

The House bill contained no similar provision.

The House recedes.

Limitation on use of funds to reduce deployment to Afghanistan (sec. 1215)

The House bill contained a provision (sec. 1213) that would require the Administration to submit a comprehensive, interagency report and certification prior to obligating or expending funds to draw down U.S. military personnel in Afghanistan below troop levels of 8,000 and 4,000. The provision would provide that the Secretary of Defense may waive the funding limitation required by this provision if it is determined to be vital to the national security interests of the United States or necessary due to an imminent and extraordinary threat to members of the United States Armed Forces.

The Senate amendment contained a similar provision (sec. 1215).

The Senate recedes with an amendment that would adjust the troop level thresholds, modify certain reporting requirements, and adjust the waiver available to the Secretary of Defense.

The conferees reaffirm that it is in the national security interests of the United States to deny terrorists safe haven in Afghanistan, protect the United States homeland, uphold the

United States partnership with the Government of Afghanistan, and protect the hard-fought gains for the rights of women, girls, and other vulnerable populations in Afghanistan. The conferees note the South Asia strategy emphasizes the importance of a conditions-based United States presence in Afghanistan in support of ongoing diplomatic efforts to secure a peaceful, negotiated solution to the conflict. The conferees further note that any decision to reduce the Armed Forces of the United States in Afghanistan should be done in an orderly manner and in coordination with United States allies and partners and the Government of Afghanistan. Additionally, prior to withdrawal, the United States should seek to secure the release of any United States citizens being held against their will in Afghanistan. The Administration has a constitutional obligation to provide the Congress and the American people with regular, timely, and comprehensive information on the status of security operations and diplomatic efforts in Afghanistan and across the globe.

Modifications to immunity from seizure under judicial process of cultural objects (sec. 1216)

The House bill contained a provision (sec. 1215) that would protect from seizure works of art or objects of cultural significance that have been imported from Afghanistan under certain conditions.

The Senate amendment contained no similar provision.
The Senate recedes with an amendment.

Congressional oversight of United States talks with Taliban officials and Afghanistan's comprehensive peace process (sec. 1217)

The House bill contained a provision (sec. 1217) that would require the Secretary of State, in consultation with the Secretary of Defense, to submit to the appropriate congressional committees materials relevant to the February 29, 2020 Agreement for Bringing Peace to Afghanistan Between the Islamic Emirate of Afghanistan which is not recognized by the United States as a state and is known as the Taliban and the United States of America. The provision would also require the Secretary of State to submit to the appropriate congressional committees, within 5 days of conclusion and on an ongoing basis thereafter, any future agreement or arrangement involving the Taliban in any manner, as well as materials relevant to any future agreement or arrangement involving the Taliban in any manner. The provision

would also include a detailed reporting and briefing requirement.

The Senate amendment contained a similar provision (sec. 6211).

The House recedes with an amendment to strike the briefing requirement and modify elements of the report.

Strategy for post-conflict engagement on human rights in Afghanistan (sec. 1218)

The House bill contained a provision (sec. 1216) that would require, not later than 120 days after a final Afghan reconciliation agreement is reached between the Government of Afghanistan and the Taliban, the Secretary of State to submit a strategy for post-conflict engagement by the United States in Afghanistan to support the protection and promotion of basic human rights and the inclusion and empowerment of women and girls in Afghanistan.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment.

Modification to report on enhancing security and stability in Afghanistan (sec. 1219)

The House bill contained a provision (sec. 1218) that would require the Secretary of Defense and Secretary of State to submit an annual report on civilian casualties caused by the Afghan National Defense and Security Forces and the Taliban. The House bill additionally contained provisions (secs. 1299S-1, 1299S-2, and 1299S-3) that would require, not later than 90 days after the enactment of this Act, the Secretary of Defense to make publicly available all data pertaining to measures of performance of the Afghan National Defense and Security Forces. The provisions also would require the Secretary of Defense to resume the production of district-level stability assessments of Afghan government and insurgent control and influence that were discontinued in 2018, to include district, population, and territorial control data.

The Senate amendment contained no similar provisions.

The Senate recedes with an amendment to modify the semi-annual report on enhancing security and stability in Afghanistan required by section 1225 of the Carl Levin and Howard P.

``Buck'' McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291; 128 Stat. 3550) to include reporting on current training and advisory efforts to improve the Government of Afghanistan's capability to minimize civilian casualties and a description of any plans to transition existing

U.S. or coalition investigatory mechanisms and reporting channels to the Government of Afghanistan. The amendment also requires the Secretary of Defense to resume the production of district-level stability assessments of Afghan government and insurgent control and influence.

The conferees note that issues pertaining to prevention and mitigation of civilian casualties by U.S. forces are addressed in multiple provisions elsewhere in this Act.

Report on Operation Freedom's Sentinel (sec. 1220)

The House bill contained a provision (sec. 1214) that would direct the Secretary of Defense to provide a report and to submit annual budget justifications on Operation Freedom's Sentinel that include specific direct war requests, costs that occur inside and outside the geographical boundaries of Afghanistan, activities that fund the services, as well as transportation and logistical support.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

The conferees note that prior to fiscal year 2021, data regarding costs related to Operation Freedom's Sentinel was routinely provided as part of the President's annual budget request.

SUBTITLE C—MATTERS RELATING TO SYRIA, IRAQ, AND IRAN

Extension and modification of authority to provide assistance to counter the Islamic State of Iraq and Syria (sec. 1221)

The House bill contained a provision (sec. 1221) that would modify section 1236 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291) to provide assistance to the security forces of the Government of Iraq to counter the Islamic State of Iraq and Syria (ISIS) and extend the authority through December 31, 2021. This section would also require the Secretary of Defense to submit an annual report detailing the weapons and equipment purchased using the Counter-ISIS Train and Equip Fund, as well as the incremental costs for operations and maintenance for Operation Inherent Resolve (OIR) in the previous fiscal year. This section would also require the Department to submit annual budget justifications for OIR for fiscal years 2022 and 2023.

The Senate amendment contained a similar provision (sec. 1221) that would extend and modify section 1236 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015.

The Senate recesses with an amendment that would extend and modify the authority and require a report and budget details regarding OIR.

Extension and modification of authority to provide assistance to vetted Syrian groups and individuals (sec. 1222)

The House bill contained a provision (sec. 1222) that would extend and modify section 1209 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291), under which support is provided to vetted Syrian groups.

The Senate amendment contained a similar provision (sec. 1222).

The Senate recesses with a clarifying amendment.

Extension and modification of authority to support operations and activities of the Office of Security Cooperation in Iraq (sec. 1223)

The House bill contained a provision (sec. 1223) that would extend and modify the authority under section 1215 of the National Defense Authorization Act for Fiscal Year 2012 (Public Law 112-81) to support the operations and activities of the Office of Security Cooperation-Iraq.

The Senate amendment contained a similar provision (sec. 1223).

The Senate recesses with an amendment that would extend and modify the authority and associated reporting requirements.

Prohibition on provision of weapons and other forms of support to certain organizations (sec. 1224)

The House bill contained a provision (sec. 1224) that would prohibit the use of funds authorized to be appropriated by this Act to the Department of Defense for fiscal year 2021 to provide weapons or any form of support to al-Qaeda, the Islamic State of Iraq and Syria, Jabhat Fateh al Sham, Hamas, Hizballah, Palestinian Islamic Jihad, al-Shabaab, Islamic Revolutionary Guard Corps, or any individual or group associated with these organizations.

The Senate amendment contained no similar provision.
The Senate recesses.

Report and budget details regarding Operation Spartan Shield (sec. 1225)

The House bill contained a provision (sec. 1225) that would require the Secretary of Defense to provide a report and to submit annual budget justifications for Operation Spartan Shield for fiscal years 2022 and 2023.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

SUBTITLE D—MATTERS RELATING TO RUSSIA

Extension of limitation on military cooperation between the United States and the Russian Federation (sec. 1231)

The House bill contained a provision (sec. 1232) that would extend through fiscal year 2021 section 1232(a) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328), as most recently amended by section 1231 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92). This section would limit the use of fiscal year 2021 funds for bilateral military-to-military cooperation between the United States and the Russian Federation unless certain waiver conditions are met.

The Senate amendment contained a similar provision (sec. 1231).

The Senate recedes.

Matters relating to United States participation in the Open Skies Treaty (sec. 1232)

The House bill contained provisions (sec. 1234 and sec. 1237) that would require the Secretary of Defense and the Secretary of State to provide to the congressional defense committees certain notifications relating to prior warning of observation flights conducted under the Open Skies Treaty over states that host United States military forces and assets. If agreements with host nations relating to prior notification of observation flights have been reached, the provisions would require the submission of such agreements to the appropriate congressional committees. The provisions would also require the Secretaries, in coordination with the Director of National Intelligence and the Under Secretary of Defense for Intelligence and Security, to provide to the appropriate congressional committees a report on the effects of a potential withdrawal of

the United States from the Treaty and detail certain required elements for the report.

The provisions would also express the sense of Congress that withdrawal from the Treaty did not comply with certain requirements for notification enacted in the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), that the withdrawal was made without asserting material breach of the Treaty, and was made over the objections of partners and allies. The provisions would further express the sense of Congress that confidence- and security-building measures remain vital to the interests of our allies and partners and that international engagement and diplomatic action should be prioritized in response to Russian treaty violations.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would combine the provisions, retain the sense of Congress with some modifications, retain the required notifications from the Secretaries of Defense and State, and retain the report requirement with modifications to certain required elements.

Prohibition on availability of funds relating to sovereignty of the Russian Federation over Crimea (sec. 1233)

The House bill contained a provision (sec. 1231) that would prohibit the use of fiscal year 2021 funds to implement any activity that recognizes the sovereignty of Russia over Crimea. This section would also allow the Secretary of Defense, with the concurrence of the Secretary of State, to waive the prohibition if the Secretary of Defense determines that doing so would be in the national security interest of the United States and submits a notification to the Committees on Armed Services of the Senate and the House of Representatives, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives.

The Senate amendment contained a similar provision (sec. 1232).

The House recedes with a technical amendment.

Annual report on military and security developments involving the Russian Federation (sec. 1234)

The House bill contained a provision (sec. 1239) that would require the Secretary of Defense, in consultation with the Director of National Intelligence and the Secretary of State, to submit to the appropriate congressional committees, not later than 120 days after the date of the enactment of this Act, a report on all threats to the United States Armed Forces and

personnel of the United States from the Russian Federation and associated agents, entities, and proxies.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would expand and extend the annual report on military and security developments involving the Russian Federation, as previously enacted in section 1245 of the Carl Levin and Howard P. "Buck" McKeon National Defense Authorization Act for Fiscal Year 2015 (Public Law 113-291), as amended by section 1235 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) (the "Russian Military Power" report).

The conferees direct the Secretary of Defense, at the time the report under this section is submitted, to provide a briefing on the Fiscal Year 2021 Russia Military Power Report to the congressional defense committees highlighting any major changes to the disposition of Russian military forces or major improvements to military capabilities as well as any force protection measures required to address efforts by the Russian Federation and associated agents, entities, or proxies to support or encourage attacks against Armed Forces and personnel of the United States engaged in named contingency operations or combat. The conferees encourage the Administration to emphasize to the Government of the Russian Federation that the United States will not tolerate threats to the Armed Forces and military operations of the United States, the allies of the United States, or the diplomats of the United States.

Modification and extension of Ukraine Security Assistance Initiative (sec. 1235)

The House bill contained a provision (sec. 1233) that would extend by 1 year section 1250 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), most recently amended by section 1244 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), to authorize the Secretary of Defense to provide security assistance and intelligence support to the Government of Ukraine, with the concurrence of the Secretary of State. This section would also authorize \$250.0 million to carry out this authority in fiscal year 2021.

The Senate amendment contained a similar provision (sec. 1233).

The Senate recedes with an amendment that would modify the categories of appropriate assistance, broaden the types of reforms intended to decrease corruption, increase accountability, and maintain sustainability of combat capability enabled by such assistance, and make \$75.0 million available

only for lethal assistance as described in the authority as amended.

The conferees believe that lethal assistance, including as modified in this provision, contributes to building Ukraine's capability to defend and preserve its sovereignty and enhances Ukraine's role as a regional Black Sea security partner. Furthermore, the Government of Ukraine has demonstrated reliable stewardship and effective employment of more advanced capabilities enabled with U.S. assistance.

The conferees direct the Under Secretary of Defense for Policy, in coordination with the Director of the Defense Security Cooperation Agency and the U.S. European Command, to brief the congressional defense committees not later than March 15, 2021, on the Department of Defense's planning and capacity to provide lethal assistance to the Government of Ukraine given the current structure of this authority. The briefing shall include: (1) A description of defense articles and services to be provided; (2) Timelines associated with acquisition and delivery of such articles and services; (3) A description of any challenges in meeting execution timelines such as acquisition authority limitations, funding availability and mechanisms, production and delivery schedules, statutory requirements, or other factors, and the steps taken to mitigate such challenges; (4) Items considered for acquisition but not in the plan due to execution timeline concerns; and (5) Any other matter determined relevant by the Under Secretary of Defense.

Report on capability and capacity requirements of military forces of Ukraine and resource plan for security assistance (sec. 1236)

The House bill contained a provision (sec. 1299Q-4) that would require the Secretary of Defense and the Secretary of State to jointly submit to the appropriate committees of the Congress, not later than 180 days after the date of the enactment of this Act, a report on the capability and capacity requirements of the military forces of the Government of Ukraine.

The Senate amendment contained a similar provision (sec. 1234).

The Senate recedes with a technical amendment.

Report on Russian Federation support of racially and ethnically motivated violent extremists (sec. 1237)

The Senate amendment contained a provision (sec. 1239) that would require the Secretary of Defense, in consultation

with the head of any other relevant Federal department or agency, to submit a report to the appropriate congressional committees on Russian support to racially- and ethnically-motivated violent extremist groups and networks.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Director of National Intelligence and the Secretary of Defense, with the concurrence of the Secretary of State and in consultation with the head of any other relevant Federal department or agency, to submit jointly a report to the appropriate congressional committees on Russian support to foreign racially- and ethnically-motivated violent extremist groups and networks, consistent with the authorities of the Secretary of Defense and the Director of National Intelligence in this matter. The amendment would also require an assessment of the threat that Russian support to these groups and networks poses to U.S. counterterrorism and national security interests.

The conferees note that foreign state involvement with racially- and ethnically-motivated violent extremist groups and networks threatens global security. The conferees strongly condemn foreign and domestic racially- and ethnically-motivated violent extremism and support interagency efforts to counter these groups and networks.

Authorization of rewards for providing information on foreign election interference (sec. 1238)

The House bill contained a provision (sec. 1299Q-2) that would amend section 36 of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2708) to authorize the Secretary of State to pay a reward to any individual who furnishes information leading to the identification or location of a foreign person that knowingly engaged or is engaging in foreign election interference. The provision would further define the terms "foreign person" and "foreign election interference" for purposes of the reward program.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the definition of the term "foreign election interference."

SUBTITLE E—MATTERS RELATING TO EUROPE AND NATO

Determination and imposition of sanctions with respect to Turkey's acquisition of the S-400 air defense system (sec. 1241)

The House bill contained a provision (sec. 1292) that would determine that the acquisition by the Government of Turkey of the S-400 air and missile defense system from the Russian Federation shall constitute a significant transaction as described in Section 231 of the Countering America's Adversaries Through Sanctions Act (22 U.S.C. 9525), and require imposition of sanctions within 30 days of the enactment of this Act with certain exceptions. The provision would allow termination of sanctions if the President certifies certain conditions are met.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Clarification and expansion of sanctions relating to construction of Nord Stream 2 or TurkStream pipeline projects (sec. 1242)

The House bill contained a provision (sec. 1248) that would amend subsection (a)(1) of section 7503 of the Protecting Europe's Energy Security Act of 2019 (title LXXV of Public Law 116-92) to clarify and expand sanctions relating to the construction of Nord Stream 2 or Turkstream pipeline projects.

The Senate amendment contained a similar provision (sec. 6231).

The Senate recedes with an amendment that would allow the President to waive the application of sanctions to a person if the President determines that the waiver would be in the national interests of the United States. The amendment also adds an exception clause and a requirement to consult with certain countries and makes other technical amendments.

Extension of authority for training for Eastern European national security forces in the course of multilateral exercises (sec. 1243)

The Senate amendment contained a provision (sec. 1236) that would extend through December 31, 2023, the authority provided in section 1251 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92), as amended by section 1247 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The House bill contained no similar provision.

The House recedes.

Sense of Congress on support for the North Atlantic Treaty Organization (sec. 1244)

The House bill included a provision (section 1242) that would express the sense of Congress reaffirming the commitment of the United States to the North Atlantic Treaty Organization (NATO).

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that in addition to reaffirming the commitment of the United States to NATO, would additionally express the sense of Congress on the importance of NATO and need for further cooperation on issues impacting national security.

Limitation on United States force structure reductions in Germany (sec. 1245)

The House bill contained a provision (sec. 1241) that would restrict reductions in the levels of military personnel serving on Active Duty stationed in Germany or Europe until certain conditions are met.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that expresses the sense of Congress on the importance of the relationship with Federal Republic of Germany and of the presence of U.S. force structure in Germany. The amendment prohibits the reduction in the number of members of the Armed Forces serving on Active Duty stationed in Germany until 120 days after an assessment is submitted to the appropriate committees of the Congress with certain analyses and descriptions.

Report on United States military force posture in Southeastern Europe (sec. 1246)

The House bill included a provision (section 1280) that would, among other things, require a feasibility study of increased rotational deployments to Greece.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to submit a report that would include an assessment of the value, cost, and feasibility of increased U.S. military presence in the Eastern Mediterranean Sea and Black Sea regions, to include assessments of force posture in Greece, Romania, Bulgaria, and other relevant locations.

The conferees note the importance of increased coherence in North Atlantic Treaty Organization (NATO) alliance posture and capabilities, especially in the Eastern Mediterranean and Black Sea regions. The conferees encourage the Department of Defense, in concert with efforts of NATO allies and partners, to consider options for increasing U.S. presence in the region as

part of a more effective posture to promote regional stability, deter Russian aggression, and address Russian and Chinese malign activity.

Sense of Congress on support for coordinated action to ensure the security of Baltic allies (sec. 1247)

The House bill contained provisions (secs. 1243 and 1244) that would express the sense of Congress regarding support for Estonia, Latvia, and Lithuania.

The Senate amendment contained a similar provision (sec. 1242).

The Senate recedes with an amendment that would express the sense of Congress on the importance of the security of Baltic allies to U.S. national interests and the need for continued calibrated efforts to maintain the security of Baltic allies.

Sense of Congress on the role of the Kosovo Force of the North Atlantic Treaty Organization (sec. 1248)

The Senate amendment contained a provision (sec. 1237) that would express the sense of the Senate on matters relating to Kosovo and the role of the Kosovo Force of the North Atlantic Treaty Organization.

The House bill contained no similar provision.

The House recedes with a technical amendment.

SUBTITLE F—MATTERS RELATING TO THE INDO-PACIFIC REGION

Pacific Deterrence Initiative (sec. 1251)

The House bill contained a provision (sec. 1251) that would express the sense of Congress that the Secretary of Defense should pursue an integrated program of activities to reassure partners and prioritize activities in the Indo-Pacific region. The provision would express the sense of Congress that such program should be funded at a base funding level of \$3.6 billion in fiscal year 2021. The provision would also require the Secretary of Defense to implement a program, named the Indo-Pacific Reassurance Initiative, that would include a set of objectives and activities in the region. Additionally, the provision would require the Secretary to submit to the congressional defense committees a future years plan on activities and resources of the Initiative.

The Senate amendment contained a similar provision (sec. 1251) that would require the Secretary of Defense to carry out the Pacific Deterrence Initiative (PDI) to ensure the effective implementation of the National Defense Strategy with respect to the Indo-Pacific region. The provision would describe the activities to be carried out under the PDI: (1) Activities to increase the lethality of the Joint Force in the Indo-Pacific region; (2) Activities to enhance the design and posture of the Joint Force in the Indo-Pacific region; (3) Activities to strengthen alliances and partnerships; and (4) Activities to carry out a program of exercises, experimentation, and innovation for the Joint Force in the Indo-Pacific region. The provision would authorize \$1.4 billion to be appropriated for the Secretary to carry out PDI in fiscal year 2021, as specified in the funding table in section 4502, and \$5.5 billion for fiscal year 2022.

The House recedes with an amendment that would require the Secretary of Defense to carry out the Pacific Deterrence Initiative to prioritize activities in support of enhancing U.S. deterrence and defense posture, reassuring allies and partners, and increasing readiness and capability in the Indo-Pacific region, primarily west of the International Date Line. The provision delineates five purposes or lines of effort and authorizes \$2.2 billion in fiscal year 2021. The provision would require the Secretary of Defense, in consultation with the Commander of Indo-Pacific Command, to deliver annually a report to the Congress that comprehensively describes ongoing and proposed PDI activities in the Indo-Pacific region, including a detailed budget display and subsequent briefings. The conferees believe that the availability of budgetary data organized according to regional missions and the priorities of the combatant commands is critical for the ability of the Department and the Congress to assess the implementation of the National Defense Strategy. Furthermore, a budgetary display is included elsewhere in this Act that captures spending related to the PDI. The conferees encourage the Department of Defense to continue working with the Congress to improve budgetary transparency in support of its oversight responsibilities.

The conferees appreciate the report submitted by the Commander, Indo-Pacific Command, required by section 1253 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), which included the commander's independent assessment of requirements in the area of operations. Therefore, the conferees direct the Commander, Indo-Pacific Command, to deliver to the Committees on Armed Services of the Senate and the House of Representatives an updated section 1253 briefing covering fiscal year 2022 and the five succeeding fiscal years

not later than March 1, 2021. Additionally, the conferees direct the chiefs of the military services to deliver a coordinated briefing on the respective services' ongoing contributions to the purposes outlined under PDI and independent assessments of their requirements in the Indo-Pacific region, primarily west of the International Date Line. The briefing by the chiefs of the military services shall be provided to the congressional defense committees not later than April 1, 2021. The conferees strongly urge the Department of Defense to prioritize the Initiative and submit a budget request for fiscal year 2022 that includes additional activities identified as meeting the objectives of the initiative, and believe \$5.5 billion is appropriate for the PDI in fiscal year 2022.

The conferees recognize that the spending levels between base and Overseas Contingency Operations funding in the President's budget for fiscal year 2021 were determined by the Congress in the Bipartisan Budget Act of 2019 (Public Law 116-37). However, the conferees remain concerned that several activities identified by the Committees on Armed Services of the Senate and the House of Representatives as meeting the definition of the Pacific Deterrence Initiative were funded in the Overseas Contingency Operations budget for fiscal year 2021, such as Pacific Defender 2021. The conferees expect the Department of Defense's budget submission for Pacific Deterrence Initiative activities to be fully supported from base budget accounts beginning in fiscal year 2022. The activities necessary to fulfill the purpose of the Initiative are anticipated and ongoing and should be the result of the optimized planning processes that inform the base budget. As with the European Deterrence Initiative, the combatant commanders—along with U.S. allies and partners—require the stability of planning and funding reinforced in those processes.

The conferees also note that the House Report accompanying H.R. 6395 (H. Rept. 116-442) of the National Defense Authorization Act for Fiscal Year 2021 directed the Secretary of Defense to provide a report on the activities and resources necessary to achieve the objectives of the Indo-Pacific Reassurance Initiative, including a plan to resource U.S. force posture and capabilities and to identify and assess the required infrastructure, military construction investments, and logistics needs for the region, not later than February 1, 2021. The conferees strongly urge the Department to provide such an infrastructure master plan on time to ensure the congressional defense committees are able to meet their oversight responsibilities and ensure the Department's resource requirements are forward-looking and driven by strategy.

Extension and modification of prohibition on commercial export of certain covered munitions items to the Hong Kong Police Force (sec. 1252)

The House bill contained a provision (sec. 1260E) that would direct the President to prohibit the issuance of licenses to export covered defense articles and services and covered munitions items to the Hong Kong police.

The Senate amendment contained a similar provision (sec. 1263).

The House recedes with a clarifying amendment.

Authority to transfer funds for Bien Hoa dioxin cleanup (sec. 1253)

The Senate amendment contained a provision (sec. 1253) that would allow the Secretary of Defense to transfer not more than \$15.0 million in fiscal year 2021 to the Secretary of State to be used by the United States Agency for International Development for the Bien Hoa dioxin cleanup in Vietnam.

The House bill contained no similar provision.

The House recedes.

Cooperative program with Vietnam to account for Vietnamese personnel missing in action (sec. 1254)

The Senate amendment contained a provision (sec. 1254) that would authorize the Secretary of Defense to carry out a cooperative program with the Ministry of Defense of Vietnam to assist in accounting for Vietnamese personnel missing in action.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Sense of Congress on the United States-Vietnam defense relationship (sec. 1255)

The Senate amendment contained a provision (sec. 1252) that would commemorate the 25th anniversary of the normalization of diplomatic relations between the United States and Vietnam and express support for deepening defense cooperation between the United States and Vietnam, including with respect to maritime security, cybersecurity, counterterrorism, information sharing, humanitarian assistance and disaster relief, military medicine, peacekeeping operations, defense trade, and other areas.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Pilot program to improve cyber cooperation with Vietnam, Thailand, and Indonesia (sec. 1256)

The Senate amendment contained a provision (sec. 6251) that would allow the Secretary of Defense, in consultation with the Secretary of State, to establish a pilot program in Vietnam, Thailand, and Indonesia to enhance their cyber security, resilience, and readiness.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Report on the costs most directly associated with the stationing of the Armed Forces in Japan (sec. 1257)

The House bill contained a provision (sec. 1287) that would express the sense of Congress regarding Japan and Special Measures Agreement report draft.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

The conferees note the United States-Japan alliance has been the cornerstone of peace, stability, and security in the Indo-Pacific for more than seven decades and reaffirm the United States commitment to Article V of the Treaty of Mutual Cooperation and Security between the United States of America and Japan. The conferees commend Japan for its significant contributions to regional and global security and the substantial financial commitments of Japan to the maintenance of United States forces in Japan. The conferees believe it is in the national security interest of the United States that the United States and Japan conclude a new Special Measures Agreement, negotiated based on the principles of mutual respect, equity, and our shared national security interests, prior to the expiration of the current agreement.

Limitation on use of funds to reduce the total number of members of the Armed Forces serving on active duty who are deployed to South Korea (sec. 1258)

The House bill contained a provision (sec. 1252) that would prohibit the use of funds authorized to be appropriated by this Act to reduce the number of members of the Armed Forces serving on Active Duty in the Republic of Korea below 28,500 until 180 days after the date that the Secretary of Defense certifies to the congressional defense committees that such a reduction is in the national security interest of the United States, will not significantly undermine the security of the United States' allies in the region, is commensurate with a

reduction in the threat posed by North Korea, that South Korea is capable of deterring a conflict, and the Secretary has appropriately consulted with allies of the United States regarding such a reduction.

The Senate amendment contained a similar provision (sec. 1260).

The House recedes with a technical amendment.

Implementation of GAO recommendations on preparedness of United States forces to counter North Korean chemical and biological weapons (sec. 1259)

The House bill contained a provision (sec. 1253) that would direct the Secretary of Defense to submit a plan not later than 1 year after the date of the enactment of this Act to the congressional defense committees to address the recommendations in the U.S. Government Accountability Office's (GAO) report on "Preparedness of U.S. Forces to Counter North Korean Chemical and Biological Weapons" (GAO-20-79C). The provision would also require the Secretary to begin implementation of the plan not later than 18 months after the date of the enactment of this Act. The Secretary may decide not to implement one of report's recommendations but must justify such a decision to the congressional defense committees along with planned alternative actions to address the conditions underlying the recommendation.

The Senate amendment contained no similar provision.

The Senate recedes.

Statement of policy and sense of Congress on the Taiwan Relations Act (sec. 1260)

The House bill contained a provision (sec. 1258) that would express the sense of Congress that Taiwan is a vital partner of the United States and, consistent with the Taiwan Relations Act (22 U.S.C. 3301), the United States should continue to strengthen defense and security cooperation in support of Taiwan maintaining a sufficient self-defense capability.

The Senate amendment contained similar provisions (secs. 1258 and 1259).

The House recedes with a clarifying amendment.

Annual briefing on Taiwan arms sales (sec. 1260A)

The Senate amendment contained a provision (sec. 1264) that would require, not later than 30 days after the date of the enactment of this Act, the Secretary of State and the Secretary

of Defense, or their designees, to brief the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives on the efforts to implement section 209(b) of the Asia Reassurance Initiative Act of 2018 (22 U.S.C. 3301 note).

The House bill contained no similar provision.

The House recedes with a technical amendment.

*Report on United States-Taiwan medical security partnership
(sec. 1260B)*

The House bill contained a provision (sec. 1260) that would require the Secretary of Defense, in consultation with the Secretary of Health and Human Services, to submit a report to the congressional defense committees, within 180 days of the date of the enactment of this Act, on a U.S.-Taiwan medical security partnership. The report would include the Department of Defense's assessment of the goals, objectives, and feasibility of establishing such partnership and an evaluation of the two countries' cooperation and collaboration on research and production of vaccines and medicines, joint scientific conferences, exchanges of medical supplies and equipment, and use of U.S. naval hospital ships.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense, in consultation with the Secretary of Health and Human Services, to submit a report to the Committees on Armed Services of the Senate and the House of Representatives, within 180 days of the date of the enactment of this Act, on the feasibility of establishing a medical security partnership with the Ministry of Defense of Taiwan.

*Establishment of capabilities to assess the defense
technological and industrial bases of China and other foreign
adversaries (sec. 1260C)*

The House bill contained a provision (sec. 1255) that would require the Secretary of Defense to enter into a contract with a federally funded research and development center to conduct a study on the defense industrial base of the People's Republic of China.

The Senate amendment contained a similar provision (sec. 805) that would require the Secretary of Defense to establish a process for assessing foreign industrial bases, to integrate that process with other industrial base analysis activities, and to report to the congressional defense committees on that approach by March 15, 2021.

The Senate recedes with an amendment that would combine the requirements of both provisions to establish a continuous assessment activity for industrial bases of foreign adversaries; direct an update on the status of establishing that capability by March 15, 2021; and direct that the first assessment, on China, cover certain additional topics and be submitted by August 1, 2021.

The Department of Defense's September 2018 report on "Assessing and Strengthening the Manufacturing and Defense Industrial Base and Supply Chain Resiliency" identifies industrial policies of competitor nations as one of the five macro forces driving risk into the United States industrial base, noting "the erosion of parts of our industrial base[] is, in part, attributable to the industrial policies of major trading partners that have created an unfair and non-reciprocal trade environment." The report also cites China's behavior in particular, to include Chinese economic aggression, as a contributing factor. The conferees remain concerned not only about the United States' overreliance on China for key components of national security capabilities but also about how China's own industrial policy has facilitated this dynamic.

The conferees note the respective roles for the Defense Counterintelligence and Security Agency (DCSA) and the Industrial Policy office outlined in section 2509 of title 10, United States Code, as part of a framework for modernizing acquisition processes to ensure the integrity of the industrial base. The conferees acknowledge the increased demands levied on the DCSA and believe that cooperation between these two organizations on this activity will help to anchor a strategic vision for expeditiously identifying and countering evolving threats to the defense industrial base.

Extension of annual report on military and security developments involving the People's Republic of China (sec. 1260D)

The House bill contained a provision (sec. 1299D) that would require the Secretary of Defense, in consultation with relevant Federal departments and agencies, to prepare an assessment on the People's Liberation Army of the People's Republic of China's 2035 modernization targets.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would extend the termination date for the reporting requirement in Section 1202(a) of the National Defense Authorization Act for Fiscal Year 2000 (Public Law 106-65) from January 31, 2021 to January 31, 2022.

Sense of Congress on the aggression of the Government of China along the border with India and its growing territorial claims (sec. 1260E)

The House bill contained provisions (secs. 1260B and 1282) that would express the sense of Congress on cross-border violence between the People's Republic of China and India and the growing territorial claims of China.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Assessment of National Cyber Strategy to deter China from engaging in industrial espionage and cyber theft (sec. 1260F)

The House bill contained a provision (sec. 1256) that would require, not later than 180 days after the date of the enactment of this Act, the President to submit to the appropriate congressional committees a whole-of-government strategy, in classified and unclassified forms, to impose costs on the People's Republic of China (PRC) or appropriate PRC persons or entities in order to deter industrial espionage and the large-scale theft of personal information conducted by the PRC, PRC persons or entities, or persons or entities acting on behalf of the PRC against the United States or United States persons.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Report on United Front Work Department (sec. 1260G)

The House bill contained a provision (sec. 1260A) that would require the Secretary of Defense to submit to the congressional defense committees a report on the extent to which the United Front Work Department of the People's Republic of China poses a threat to the national defense and national security of the United States and an evaluation of which actions, if any, the United States should take in response to the threat and activities of the United Front Work Department.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Public reporting of Chinese military companies operating in the United States (sec. 1260H)

The House bill contained a provision (sec. 1254) that would require a list of each entity determined to be directly or indirectly owned, controlled, or beneficially owned by the

People's Liberation Army, or identified as a military-civil fusion contributor to the Chinese defense industrial base, engaged in providing commercial services, manufacturing, producing, or exporting, and operating directly or indirectly in the United States. It would also require the Secretary to publish such list in the Federal Register.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Report on directed use of fishing fleets (sec. 1260I)

The House bill contained a provision (sec. 1265) that would direct the Office of Naval Intelligence to conduct an assessment of fishing fleets as the so-called "third arm" of foreign navies, the geopolitical challenge posed by China's hybrid warfare activities, and the national security threat to U.S. interests and those of our partners in the region posed by illegal, unreported and unregulated fishing and other illegal activity at sea.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would add the Senate Committee on Commerce, Science, and Transportation as a report recipient.

SUBTITLE G—SUDAN DEMOCRATIC TRANSITION, ACCOUNTABILITY, AND FISCAL TRANSPARENCY ACT OF 2020

*Sudan Democratic Transition, Accountability, and Fiscal
Transparency Act of 2020 (secs. 1261-1270E)*

The House bill contained within title XII a subtitle M that included the Sudan Democratic Transition, Accountability, and Fiscal Transparency Act of 2020.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make various modifications to the provision.

SUBTITLE H—UNITED STATES ISRAEL SECURITY ASSISTANCE AUTHORIZATION ACT OF 2020

Short title (sec. 1271)

The Senate amendment contained a provision (sec. 6290) that delineates that the subtitle may be cited as the "United States-Israel Security Assistance Authorization Act of 2020."

The House bill contained no similar provision.

The House recedes.

Sense of Congress on United States-Israel relationship (sec. 1272)

The Senate amendment contained a provision (sec. 6292) that expressed the policy of the United States to provide assistance to the Government of Israel.

The House bill contained no similar provision.

The House recedes with an amendment that would express the sense of Congress on the United States-Israel relationship, including on assistance to the Government of Israel.

Security assistance for Israel (sec. 1273)

The Senate amendment contained a provision (sec. 6293) that would amend section 513(c) of the Security Assistance Act of 2000 (Public Law 106-280; 114 Stat. 856).

The House bill contained no similar provision.

The House recedes with a technical amendment.

Extension of war reserves stockpile authority (sec. 1274)

The Senate amendment contained a provision (sec. 6294) that would amend section 12001(d) of the Department of Defense Appropriations Act, 2005 (Public Law 108-287; 118 Stat. 1011) and Section 514(b)(2)(A) of the Foreign Assistance Act of 1961 (22 U.S.C. 2321h(b)(2)(A)).

The House bill contained no similar provision.

The House recedes.

Rules governing the transfer of precision-guided munitions to Israel above the annual restriction (sec. 1275)

The Senate amendment contained a provision (sec. 6296) that would exempt transfers of precision-guided munitions (PGMs) to Israel from certain requirements under section 514 of the Foreign Assistance Act of 1961 (22 U.S.C. 2321h).

The House bill contained no similar provision.

The House recedes with an amendment that would make technical modifications and direct certain determinations and certifications by the Secretary of Defense that, among other requirements, any transfer under this authority would not harm

U.S. combat capabilities. The amendment would also require an assessment and a report on Israeli PGM stockpiles and operational requirements as well as of U.S. stockpiles and operational requirements.

The conferees recognize the importance of Israel maintaining adequate Israeli PGM stockpiles to support its security needs and urge the Government of Israel to make substantive, recurring investments in acquiring and maintaining an adequate PGM stockpile for their self-defense. The conferees understand that adequate U.S. PGM stockpiles are needed to fulfill a range of U.S. national security objectives, including the execution of critical U.S. military operation plans, and believe that before any transfers of PGMs from U.S. stockpiles are made, the administration must consider the risks and impact to U.S. combat capability and capacity.

The conferees strongly encourage that any precision-guided munition transfers to Israel, as stated in this section, occur only if they are necessary for Israel to respond to an imminent attack and if Israel's current supply or stockpile of precision-guided munitions does not allow it to appropriately respond to the threat. The conferees expect the administration to take concrete and expeditious steps to mitigate any increased risk to U.S. warfighter requirements of such transfers. The conferees also expect that the administration will consult to the maximum extent practicable at the earliest opportunity with the appropriate congressional foreign policy and defense committees before making transfers of PGMs to any partner or ally.

Eligibility of Israel for the strategic trade authorization exception to certain export control licensing requirements (sec. 1276)

The Senate amendment contained a provision (sec. 6298) that would require the President to brief appropriate congressional committees, not later than 120 days after the date of the enactment of this Act, on steps taken to include Israel on a list of countries eligible for the strategic trade authorization exception under section 740.20(c)(1) of title 15, Code of Federal Regulations.

The House bill contained no similar provision.

The House recedes with a technical amendment.

United States Agency for International Development memoranda of understanding to enhance cooperation with Israel (sec. 1277)

The Senate amendment contained a provision (sec. 6299) that would authorize the Secretary of State, acting through the Administrator of the United States Agency for International Development, to enter into memoranda of understanding with Israel to advance common goals in certain areas.

The House bill contained no similar provision.

The House recedes with a technical amendment.

The conferees encourage the Department of State and the United States Agency for International Development to continue to cooperate with Israel to advance common development goals in third countries across a wide variety of sectors including energy, agriculture, food security, democracy, human rights, governance, economic growth, trade, education, environment, global health, water, and sanitation.

Cooperative projects among the United States, Israel, and developing countries (sec. 1278)

The Senate amendment contained a provision (sec. 6299A) that would amend section 106 of the Foreign Assistance Act of 1961 (22 U.S.C. 2151d).

The House bill contained no similar provision.

The House recedes with a technical amendment.

Joint cooperative program related to innovation and high-tech for the Middle East region (sec. 1279)

The Senate amendment contained a provision (sec. 6299B) that would authorize the Administrator of the United States Agency for International Development to establish a program between the United States and appropriate regional partners in the Middle East to support projects related to innovation and advanced technologies.

The House bill contained no similar provision.

The House recedes.

Cooperation on directed energy capabilities (sec. 1280)

The Senate amendment contained a provision (sec. 6299D) that would require establishment of a program on research, development, test, and evaluation activities, on a joint basis with Israel, on directed energy capabilities.

The House bill contained no similar provision.

The House recedes with an amendment that would require a report on the evaluation of potential areas for directed energy cooperation and allow the Department of Defense to establish a cooperative program if the United States-Israel Defense

Acquisition Advisory Group determines there are viable areas of mutual benefit to the combat capabilities of the Department of Defense and the Ministry of Defense of Israel.

Other matters of cooperation (sec. 1280A)

The Senate amendment contained a provision (sec. 6299F) that would authorize activities of cooperation between the United States and Israel, with the concurrence of the Secretary of State, and aligned with the National Security Strategy of the United States and other Federal agency strategies.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Appropriate congressional committees defined (sec. 1280B)

The Senate amendment contained a provision (sec. 6290A) that would define the term "appropriate congressional committees" for the United States-Israel Security Assistance Act subtitle.

The House bill contained no similar provision.

The House recedes.

SUBTITLE I—GLOBAL CHILD THRIVE ACT OF 2020

Global Child Thrive Act of 2020 (secs. 1281-1285)

The House bill contained within Title XII a subtitle H that included the Global Child Thrive Act of 2020.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make various modifications to the provision.

SUBTITLE J—MATTERS RELATING TO AFRICA AND THE MIDDLE EAST

Briefing and report relating to reduction in the total number of United States Armed Forces deployed to United States Africa Command area of responsibility (sec. 1291)

The House bill contained a provision (sec. 1267) that would require a report to the Congress 60 days after the enactment of this Act on the average total number of United States Armed Forces under the direct authority of the Commander of United States Africa Command and deployed to the United

States Africa Command area of responsibility and a follow up report not later than 90 days after the enactment of this Act should the Department reduce the total number of United States Armed Forces under the direct authority of the Commander of United States Africa Command and deployed to the United States Africa Command area of responsibility.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives within 30 days of the Department of Defense reducing the number of specified United States Armed Forces in fiscal year 2021 below 80 percent of the number of such forces deployed in the United States Africa Command area of responsibility on the date of the enactment of this Act. The provision would also require, not later than 120 days after the date of such a reduction, the Secretary of Defense to submit a report to the Committees on Armed Services of the Senate and the House of Representatives.

Notification with respect to withdrawal of members of the Armed Forces participating in the Multinational Force and Observers in Egypt (sec. 1292)

The House bill contained a provision (sec. 1270) that would express the sense of Congress regarding United States military support for and participation in the Multinational Force and Observers.

The Senate amendment contained a provision (sec. 1284) requiring a report 30 days before the reduction of the total number of the Armed Forces deployed to the Multinational Force and Observers in Egypt to fewer than 430 such members of the Armed Forces.

The House recedes with an amendment.

The conferees note that the mission of the Multinational Force and Observers (MFO) is to supervise implementation of the security provisions of the Egypt-Israel Peace Treaty, signed at Washington on March 26, 1979, and employ best efforts to prevent any violation of its terms. The MFO was established by the Protocol to the Egypt-Israel Peace Treaty, signed on August 3, 1981, and remains a critical institution for regional peace and stability. As a signatory to the Egypt-Israel Peace Treaty and subsequent Protocol, the conferees strongly support and encourage continued United States military support for and participation in the MFO.

Report on enhancing security partnerships between the United States and African countries (sec. 1293)

The House bill contained a provision (sec. 1268) that would require a report on the activities and resources required to enhance security and economic partnerships between the United States and African countries.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the elements of the required report.

Plan to address gross violations of human rights and civilian harm in Burkina Faso, Chad, Mali, and Niger (sec. 1294)

The House bill contained a provision (sec. 1277) that would require, not later than 180 days after the enactment of this Act, and annually thereafter for 3 years, the Secretary of Defense and the Secretary of State to jointly submit to the appropriate congressional committees a report on gross violations of human rights and civilian harm in Burkina Faso, Mali, and Niger, as well as civilian harm that may occur during United States-supported advise, assist, and accompany operations in the Sahel region.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would direct, not later than 180 days after the date of enactment of this Act, the Secretary of State, in consultation with the Secretary of Defense, to submit to specified congressional committees a plan to engage with the Governments of Burkina Faso, Chad, Mali, and Niger to prevent civilian harm and address allegations of gross violations of human rights by the security forces of these countries and non-state armed groups, and ensure accountability for such violations.

Statement of policy and report relating to the conflict in Yemen (sec. 1295)

The House bill contained a provision (sec. 1275) that would make a statement of policy regarding Yemen. This section would also require the Secretary of State, in consultation with the Secretary of Defense and the Director of National Intelligence, to submit to the appropriate congressional committees a report on United States policy in Yemen. This provision would also require, not later than 180 days after the date of the enactment of this Act, the Comptroller General of the United States to submit to the appropriate congressional committees a report on United States military support to countries that are members of the Saudi-led coalition in Yemen since March 2015.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment. The conferees note that elements of the House provision requiring a report by the Comptroller General of the United States are addressed elsewhere in this Act.

Report on United States military support of the Saudi-led coalition in Yemen (sec. 1296)

The House bill contained a provision (sec. 1271) that would require the Comptroller General of the United States to submit a report that includes a description of the military support, training, and defense articles provided by the Department of Defense to Saudi Arabia, the Government of the United Arab Emirates, and other countries participating in the Saudi-led coalition since March 2015.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the elements required by the report.

Sense of Congress on payment of amounts owed by Kuwait to United States medical institutions (sec. 1297)

The House bill contained a provision (sec. 1295) that would express the sense of Congress regarding payment amounts owed by Kuwait to United States medical institutions.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

SUBTITLE K—OTHER MATTERS

Provision of goods and services at Kwajalein Atoll, Republic of the Marshall Islands (sec. 1299A)

The House bill contained a provision (sec. 1261) that would authorize the Secretary of the Army, subject to the concurrence of the Secretary of State, to provide goods and services to the Government of the Republic of the Marshall Islands and to other eligible patrons at Kwajalein Atoll. It would also authorize the Secretary of the Army to collect reimbursement from the Government of the Republic of the Marshall Island or eligible patrons for such goods and services in an amount that does not exceed the costs to the United States for providing such goods or services and does not exceed \$7.0 million annually.

The Senate amendment contained a similar provision (sec. 1255).

The House recesses.

Report on contributions received from designated countries (sec. 1299B)

The Senate amendment contained a provision (sec. 1272) that would modify section 2350j of title 10, United States Code, by requiring an annual report on burden sharing contributions received from designated countries under this authority and the purposes for which such contributions were used.

The House bill contained no similar provision.

The House recesses with an amendment that would make modifications to the elements of the required report.

Modification to initiative to support protection of national security academic researchers from undue influence and other security threats (sec. 1299C)

The House bill contained provisions (secs. 228, 233, and 1264) that would direct the Secretary of Defense to maintain a list of foreign talent recruitment programs that present a threat to the United States and publish the list in the Federal Registrar; require the Secretary of Defense, acting through the Under Secretary of Defense for Research and Engineering, to designate an official to work with the academic and research communities to protect academic research funded by the Department of Defense from undue foreign influences and threats; and modify requirements of the initiative to support protection of national security academic researchers from undue influence and other security threats.

The Senate amendment contained provisions (secs. 1285 and 6282) that would amend section 1286 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) to include requirements for briefings to appropriate senior officials of institutes of higher education on the espionage risks posed by near-peer strategic competitors, among other things.

The House recesses with an amendment that would amend section 1286 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 to incorporate these provisions into the initiative to protect national security academic researchers from undue influence and other security threats, with technical edits.

The modified provision mandates the designation of a government official to act as an academic liaison with principal responsibility for working with academia to develop and execute initiatives to protect Department-sponsored academic research

from undue foreign influence and threats; clarifies that the initiatives are intended to be developed and executed with all appropriate academic research institutions; mandates establishment of requirements for briefings on espionage risks to appropriate senior academic officials; clarifies requirements on the development of a list of foreign talent programs that pose a threat to U.S. national security interests; establishes additional procedures, consistent with government best practices and overseen by the designated academic liaison, for enhanced information sharing between the government and academic institutions with respect to fundamental research programs; and mandates additional reporting on lists of academic institutions and foreign threat programs of concern to the Congress and the public.

Extension of authorization of non-conventional assisted recovery capabilities (sec. 1299D)

The Senate amendment contained a provision (sec. 1282) that would modify section 943(g) of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110-417), as most recently amended by section 1282(a) of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328), by extending for 3 years the authority of the Department of Defense to engage in non-conventional assisted recovery (NAR) activities.

The House bill contained no similar provision.

The House recedes with an amendment that would extend the authority of the Department of Defense to engage in non-conventional assisted recovery activities for 2 years.

The conferees note the importance of NAR activities to support the strategic planning and execution of military operations by the Department. Therefore, the conferees direct the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict, not later than February 1, 2021, to provide to the Committees on Armed Services of the Senate and the House of Representatives a detailed briefing on the Department's use of the authority to engage in NAR activities. The briefing should address, at a minimum, the following:

- (1) Current and anticipated NAR requirements and associated funding;
- (2) Mechanisms used to ensure appropriate coordination of NAR activities with other related activities of the Department and other relevant entities of the U.S. Government; and
- (3) Any other matters deemed relevant by the Assistant Secretary.

Annual briefings on certain foreign military bases of adversaries (sec. 1299E)

The House bill contained a provision (sec. 1262) that would direct the Secretary of Defense and the Chairman of the Joint Chiefs of Staff to provide an annual assessment of covered foreign military bases, including such bases of China, Russia, and Iran, identifying the activities and capabilities at such base and the impact on U.S. national security interests.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would sunset the requirement after 5 years.

Countering white identity terrorism globally (sec. 1299F)

The House bill contained a provision (sec. 1274) that would require, not later than 6 months after the date of the enactment of this Act, the Secretary of State to develop and submit to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate, a strategy for countering white identity terrorism globally, and designate the State Department Coordinator for Counterterrorism to coordinate implementation of the strategy. The provision would require the Secretary of State to develop the strategy in coordination with the Director of the National Counterterrorism Center and in consultation with the Director of the Central Intelligence Agency, the Attorney General, the Director of National Intelligence, the Secretary of Homeland Security, the Director of the Federal Bureau of Investigation, the Secretary of the Treasury, and the heads of any other relevant Federal departments or agencies. Further, development of the strategy would include consultation with representatives of United States and international civil society and academic entities with experience researching or implementing programs to counter white identity terrorism. Further, the provision would require the Secretary of State to begin implementing the strategy within 3 months of its submission to the Congress. Finally, the provision would require that not later than 60 days after the date of the enactment of this Act, the Secretary of State enter into a contract with a federally funded research and development center to map the global white identity terrorism movement.

The Senate amendment contained no similar provision.

The Senate recedes.

Report on progress of the Department of Defense with respect to denying the strategic goals of a competitor against a covered defense partner (sec. 1299G)

The House bill contained a provision (sec. 1263) that would require a report, not later than April 30, 2021, and annually thereafter until 2026, on improving the ability of the United States Armed Forces to conduct combined joint operations to deny the ability of a strategic competitor to execute a fait accompli against a covered defense partner.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Comparative studies on defense budget transparency of the People's Republic of China, the Russian Federation, and the United States (sec. 1299H)

The Senate amendment contained a provision (sec. 6281) that would require the Secretary of Defense to carry out a study and enter into contracts for two additional studies to provide comparative analysis of the defense budgets of the People's Republic of China, the Russian Federation, and the United States of America.

The House bill contained no similar provision.

The House recedes with an amendment that would eliminate one of the three studies and clarify the research tasks for the remaining studies conducted by the Department of Defense and a federally funded research and development center.

The conferees note the importance to national security policymakers of a standardized, comprehensive methodology for measuring the defense-related expenditures and financial levels of effort of the People's Republic of China and the Russian Federation, particularly given the extremely opaque budgeting practices of those countries. The conferees understand the difficulty of this research question and appreciate the attempts made to date by think tanks and federally funded research and development centers to provide further fidelity on the Chinese and Russian defense-related budgets. However, the conferees believe that further work remains necessary to better understand the Chinese and Russian defense-related budgets. Therefore, the conferees strongly urge the Department of Defense to expeditiously initiate its study and to award a contract for the independent study at the earliest opportunity.

Assessment of weapons of mass destruction terrorism (sec. 1299I)

The House bill contained a provision (sec. 1299J) that would make it the policy of the United States to prevent the acquisition and use of weapons of mass destruction by malicious non-state actors. The provision would also express the sense of Congress that various means of international outreach are essential to the completion of this important mission. The provision would require the President, acting through the Secretary of Defense, the Secretary of State, the Secretary of Energy, and the Director of National Intelligence, to prepare a report on the risks associated with weapons of mass destruction terrorism and provide a 5-year strategy for reducing said risks. The provision would further express the sense of Congress that the United States should expand international nuclear security programs as far as practicable. The provision would also require a separate report from the National Academy of Sciences on the prevention of weapons of mass destruction terrorism and authorize to be appropriated an additional \$1.0 million for the conduct of such a report. Finally, the provision would require the President to provide a report on all ongoing United States Government cooperative threat reduction programs.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would strike the statement of policy, both senses of Congress, the reporting requirement on weapons of mass destruction terrorism, and the reporting requirement on ongoing cooperative threat reduction programs. The National Academy of Sciences reporting requirement would be retained without the additional funding and with modifications to the timing of said reporting requirement.

The conferees direct the Secretary of Defense, in consultation with the Secretaries of Energy and State and in further consultation with the Director of National Intelligence, to provide a briefing to the appropriate congressional committees, no later than June 30, 2021, on efforts to implement the policies described in subsection (a) of the House provision as well as the approximate budget required to implement each such line of effort effectively over the next 5 years.

The briefing should consider an assessment of nuclear, radiological, biological, and chemical terrorism and foreign state risks and other emerging risks facing the United States and its allies by foreign state, state-affiliated, and non-state actors efforts. In particular, the briefing should consider the risk of biological threats, including the proliferation of biological weapons and the risk of accidental release of dangerous pathogens due to unsafe practices and facilities, as well as the risk of uncontrolled, naturally occurring disease outbreaks that may pose a threat to the United States or its Armed Forces or allies. The briefing shall address the status

of national efforts to meet obligations to provide effective security and accounting for nuclear weapons and for all weapons-useable nuclear materials in foreign states that possess such weapons and materials.

The briefing shall propose a strategy to reduce the risk of nuclear, radiological, biological, and chemical terrorism over the next 5 years including a plan to prevent the proliferation of biological weapons, and expertise, which shall include activities that facilitate detection and reporting of highly pathogenic diseases or other diseases that are associated with or that could be used as an early warning mechanism for disease outbreaks.

The conferees note that the United States, to the extent practicable, should continue to work with international partners to reduce:

(1) Terrorist organization and other violent non-state actor access to the agents, precursors, and materials needed to produce weapons of mass destruction;

(2) The number of foreign states that possess weapons of mass destruction; and

(3) The global quantity of weapons of mass destruction.

Review of Department of Defense compliance with "Principles Related to the Protection of Medical Care Provided by Impartial Humanitarian Organizations During Armed Conflicts" (sec. 1299J)

The House bill contained a provision (sec. 1297) that would provide a statement of Congress and a statement of policy regarding the protection of medical care provided by impartial humanitarian organizations during armed conflicts. The provision would require the Secretary of Defense, within 60 days of the date of the enactment of this Act, to submit to the appropriate congressional committees the results of the review requested on October 3, 2016, by the Secretary of Defense, of compliance of all relevant Department of Defense orders, rules of engagement, directives, policies, practices, and procedures with the "Principles Related to the Protection of Medical Care Provided by Impartial Humanitarian Organizations During Armed Conflicts."

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Defense, within 180 days of the date of the enactment of this Act, to submit to the Committees on Armed Services of the Senate and the House of Representatives any available results of such review requested by the Secretary. The provision would require the Secretary to ensure that all orders, rules of engagement, directives, regulations, policies,

practices, and procedures, including any guidance, training, or standard operating procedures, relating to the protection of healthcare during armed conflicts are consistent with the principles referenced above.

Certification relating to assistance for Guatemala (sec. 1299K)

The House bill contained a provision (sec.1299K) that would require, prior to the transfer of any vehicles by the Department of Defense to a joint task force of the Ministry of Defense or the Ministry of the Interior of Guatemala during fiscal year 2021, the Secretary of Defense to certify to specified congressional committees that such ministries have made a credible commitment to use such equipment only for the uses for which they were intended. The provision would also require, not later than 60 days after the date of enactment of this Act, the Secretary of State, in coordination with the Administrator of the Agency for International Development and the Secretary of Defense, as appropriate, to issue regulations related to the recovery of Department of Defense assistance in specified circumstances.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require, prior to the transfer of any vehicles by the Department of Defense to a joint task force of the Ministry of Defense or the Ministry of the Interior of Guatemala during fiscal year 2021, the Secretary of Defense to certify to specified congressional committees that such ministries have made a credible commitment to use such equipment only for the uses for which they were intended.

The conferees urge the Guatemala security forces to continue to emphasize the importance of human rights and adherence to international law. The conferees note that existing law and related policy requires that recipients of Department of Defense assistance use it for the purposes for which the assistance was provided and consistent with human rights and international law. The conferees expect that the Secretary will seek to ensure that any such assistance provided to the Government of Guatemala is compliant with such requirements and the conferees expect that the Secretary will promptly notify the Committees on Armed Services of the Senate and the House of Representatives of any confirmed misuse of Department of Defense-provided assistance.

The conferees direct that, not later than 30 days after the date of enactment of this Act, the Secretary of Defense shall provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on the Department of

Defense security cooperation relationship with the Government of Guatemala. The briefing shall address Department of Defense objectives with regards to its security relationship with Guatemala, ongoing efforts by the Department of Defense to strengthen adherence to human rights and international law by Guatemalan national security forces that receive Department of Defense security sector assistance, and a description of any efforts by the Department of Defense to seek to ensure that equipment transferred from the Department of Defense to Guatemalan national security forces use such equipment for the purposes for which they were intended.

*Functional Center for Security Studies in Irregular Warfare
(sec. 1299L)*

The Senate amendment contained a provision (sec. 1209) that would require the Secretary of Defense, in coordination with the Secretary of State, to submit a report, not later than 90 days after the date of the enactment of this Act, that assesses the merits and feasibility of establishing and administering a Department of Defense Functional Center for Security Studies in Irregular Warfare. Further, not earlier than 30 days after the submission of the required plan and subject to the availability of appropriations, the provision would provide discretionary authority to the Secretary to establish and administer such a center.

The House bill contained no similar provision.

The House recedes with an amendment that would make modifications to the elements of the required plan and the authority for the Secretary to establish the Center.

Consistent with the assessment required by subsection (a)(2)(F), the Secretary may consider the McCain Institute at the Arizona State University in Tempe, Arizona as a potential location for the establishment of the Center.

*United States-Israel operations-technology cooperation within
the United States-Israel Defense Acquisition Advisory Group
(sec. 1299M)*

The Senate amendment contained provisions (secs. 1286 and 6286) that would direct the Secretary of Defense to establish a United States-Israel Operations-Technology Working Group to evaluate potential options to develop combined United States-Israel plans for cooperative research and development to meet common capability requirements of the Department of Defense and the Ministry of Defense of Israel.

The House bill contained no similar provision.

The House recedes with an amendment that would direct the Secretary of Defense, under the United States-Israel Defense Acquisition Advisory Group, to evaluate potential areas of cooperation of mutual benefit between the Department of Defense and the Ministry of Defense of Israel. The amendment would also require an annual report to appropriate committees of the Congress on such evaluations and the resulting recommendations. Finally, it would allow the Secretary of Defense, in consultation with appropriate heads of other Federal agencies, to establish under the vice chairman of the United States-Israel Defense Acquisition Advisory Group a working group on operations technology issues to facilitate such evaluations and recommendations.

Payment of passport fees for certain individuals (sec. 1299N)

The House bill contained a provision (sec. 1299) that would amend section 214 of title 22, United States Code, to waive passport fees for the purpose of allowing family members of seriously wounded or ill military personnel stationed overseas to travel and provide aid in the health and welfare of the sick or injured servicemember.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend section 452 of title 37, United States Code, to authorize the Department of Defense to provide reimbursement of or advanced payment for passport and visa fees, as required.

Resumption of Peace Corps operations (sec. 12990)

The House bill contained a provision (sec. 1299F) that would require, not later than 90 days after the enactment of this Act, the Director of the Peace Corps to submit to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives a report that describes the efforts of the Peace Corps to:

(1) Offer a return to service to each Peace Corps volunteer and trainee whose service ended on March 15, 2020 (or earlier, in the cases of volunteers who were serving China and Mongolia), due to the COVID-19 public health emergency;

(2) Obtain approval from countries, as is safe and appropriate, to return volunteers and trainees to countries of service, predicated on the ability for volunteers and trainees to return safely and legally;

(3) Provide adequate measures necessary for the safety and health of volunteers and trainees and develop

contingency plans in the event overseas operations are disrupted by future COVID-19 outbreaks;

(4) Develop and maintain a robust volunteer cohort;
and

(5) Identify the need for anticipated additional appropriations or new statutory authorities and changes in global conditions that would be necessary to achieve the goal of safely enrolling 7,300 Peace Corps volunteers during the 1-year period beginning on the date on which Peace Corps operations resume.

The Senate amendment contained no similar provision.

The Senate recesses with a clarifying amendment.

Establishment of the Open Technology Fund (sec. 1299P)

The House bill contained a provision (sec. 1294) that would amend the United States International Broadcasting Act of 1994 (22 U.S.C. 6201 et seq.) by authorizing the establishment of an Open Technology Fund for the purposes specified in such section.

The Senate amendment contained a similar provision (sec. 1210).

The Senate recesses.

United States Agency for Global Media (sec. 1299Q)

The House bill contained a provision (sec. 1291) that included the U.S. Agency for Global Media Reform Act.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would make various modifications to the provision.

Leveraging information on foreign traffickers (sec. 1299R)

The House bill contained within Title XII a subtitle O that included the Leveraging Information on Foreign Traffickers Act.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would make various modifications to the provision.

Rule of construction relating to use of military force (sec. 1299S)

The House bill contained a provision (sec. 1273) that would clarify that nothing in this Act or any amendment made by

this Act may be construed to authorize the use of military force.

The Senate amendment contained no similar provision.
The Senate recesses.

LEGISLATIVE PROVISIONS NOT ADOPTED

Authority to build capacity for air sovereignty operations

The Senate amendment contained a provision (sec. 1202) that would modify section 333 of title 10, United States Code, relating to the authority of the Secretary of Defense to conduct or support programs to provide training and equipment to the national security forces of one or more foreign countries by adding air sovereignty operations to the list of authorized functional areas in which such support may be provided.

The House bill contained no similar provision.

The Senate recesses.

The conferees note that elsewhere in this Act is a provision that would modify section 333 of title 10, United States Code to add air domain awareness operations to the list of authorized support.

Report on human rights and building partner capacity programs

The House bill contained a provision (sec. 1206) that would require, not later than 120 days after the enactment of this Act, the Secretary of Defense, in coordination with the Secretary of State, to submit to the appropriate congressional committees a report identifying units of national security forces of foreign countries that have participated in programs pursuant to section 333 of title 10, United States Code, during any of fiscal years 2017 through 2020 and are subject to United States sanctions relating to gross violations of internationally recognized human rights.

The Senate amendment contained no similar provision.

The House recesses.

Sense of Congress on Peshmerga forces as a partner in Operation Inherent Resolve

The House bill contained a provision (sec. 1226) that would express the sense of Congress regarding Peshmerga forces as a partner in Operation Inherent Resolve.

The Senate amendment contained no similar provision.

The House recesses.

The conferees note that the Peshmerga of the Kurdistan Region of Iraq, as a partner in Operation Inherent Resolve, have made, and continue to make, significant contributions to the security of Northern Iraq by defending nearly 650 miles of critical terrain and conducting operations to degrade, dismantle, and ultimately defeat the Islamic State of Iraq and Syria (ISIS) in Iraq. Although ISIS has been severely degraded, the terrorist group's ideology and combatants still linger and pose a threat of resurgence if regional security is not sustained. A strong Peshmerga and Kurdistan Regional Government is critical to maintaining a stable and tolerant Iraq in which all faiths, sects, and ethnicities are afforded equal protection under the law and full integration into the Government and society of Iraq. Continued security assistance, as appropriate, to the Ministry of Peshmerga Affairs of the Kurdistan Region of Iraq in support of counter-ISIS operations, in coordination with the Government of Iraq, is critical to United States national security interests. Continued United States support to the Peshmerga, coupled with security sector reform in the region, will enable them to partner more effectively with other elements of the Iraqi Security Forces, the United States, and other coalition members to consolidate gains, hold territory, and protect infrastructure from ISIS and its affiliates in an effort to deal a lasting defeat to ISIS and prevent its reemergence in Iraq.

Report on the threat posed by Iranian-backed militias in Iraq

The House bill contained a provision (sec. 1227) that would require, not later than 180 days after the enactment of this Act, the Secretary of Defense, in consultation with the Secretary of State to submit to the appropriate congressional committees a report on the short- and long-term threats posed by Iranian-backed militias in Iraq to Iraq and to United States persons and interests.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, in consultation with the Secretary of State, to submit to the appropriate congressional committees a report on the short- and long-term threats posed by Iranian-backed militias in Iraq to Iraq and to United States persons and interests not later than 180 days after the enactment of this Act. The report should include a detailed description of acts of violence and intimidation that Iranian-backed militias in Iraq have committed against Iraqi civilians during the previous 2 years; a detailed description of the threat that Iranian-backed militias in Iraq

pose to United States persons in Iraq and in the Middle East, including United States Armed Forces and diplomats; a detailed description of the threat Iranian-backed militias in Iraq pose to United States partners in the region; a detailed description of the role that Iranian-backed militias in Iraq play in Iraq's armed forces and security services, including Iraq's Popular Mobilization Forces; and an assessment of whether and to what extent any Iranian-backed militia in Iraq, or member of such militia, had illicit access to United States-origin defense equipment provided to Iraq since 2014 and the response from the Government of Iraq to each incident.

Sense of Congress on support for Ukraine

The House bill contained a provision (sec. 1235) that would express the sense of Congress reaffirming support for an enduring strategic partnership between the United States and Ukraine, including support for Ukraine's sovereignty and territorial integrity and both lethal and non-lethal security assistance to build resiliency, bolster deterrence against Russia, and promote stability.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that continued strong support for Ukraine is reaffirmed elsewhere in this report, including extension and modification of the Ukraine Security Assistance Initiative.

Sense of Senate on North Atlantic Treaty Organization enhanced opportunities partner status for Ukraine

The Senate amendment contained provisions (secs. 1235 and 6235) that would express the sense of the Senate that the United States should support the designation of Ukraine as an enhanced opportunities partner as part of the Partnership Interoperability Initiative of the North Atlantic Treaty Organization (NATO).

The House bill contained no similar provision.

The Senate recedes.

The conferees note that as of June 2020, Ukraine has achieved enhanced opportunities partner status with NATO, enabling the country to benefit from enhanced access to interoperability programs and exercises, as well as increased sharing of information.

Report on the threat posed by Iranian-backed militias in Iraq

The House bill contained a provision (sec. 1227) that would require, not later than 180 days after the enactment of this Act, the Secretary of Defense, in consultation with the Secretary of State, to submit to the appropriate congressional committees a report on the short- and long-term threats posed by Iranian-backed militias in Iraq to Iraq and to United States persons and interests.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, in consultation with the Secretary of State, to submit to the appropriate congressional committees a report on the short- and long-term threats posed by Iranian-backed militias in Iraq to Iraq and to United States persons and interests not later than 180 days after the enactment of this Act. The report shall include a detailed description of acts of violence and intimidation that Iranian-backed militias in Iraq have committed against Iraqi civilians during the previous 2 years; a detailed description of the threat that Iranian-backed militias in Iraq pose to United States persons in Iraq and in the Middle East, including United States Armed Forces and diplomats; a detailed description of the threat Iranian-backed militias in Iraq pose to United States partners in the region; a detailed description of the role that Iranian-backed militias in Iraq play in Iraq's armed forces and security services, including Iraq's Popular Mobilization Forces; and an assessment of whether, and to what extent, any Iranian-backed militia in Iraq, or member of such militia, had illicit access to United States-origin defense equipment provided to Iraq since 2014 and the response from the Government of Iraq to each incident.

Report on presence of Russian military forces in other foreign countries

The House bill contained a provision (sec. 1236) that would require a report on the presence of Russian forces in foreign countries.

The Senate amendment contained no similar provision.

The House recedes.

Countering Russian and other overseas kleptocracy

The House bill contained a provision (sec. 1238) that would establish a program intended to address corruption and kleptocracy in Russia and other foreign governments.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that measures to address corruption and kleptocracy in foreign governments are addressed elsewhere in the bill.

Sense of Senate on strategic competition with the Russian Federation and related activities of the Department of Defense

The Senate amendment contained a provision (sec. 1238) that would express the sense of the Senate that long-term strategic competition with the Russian Federation is a principal priority for the Department of Defense that requires sustained investment due to the magnitude of the threat posed to United States security, prosperity, as well as to U.S. alliances and partnerships. The provision would further express the sense of the Senate concerning steps that the Department of Defense should take to enhance deterrence against Russian aggression and counter Russian activities short of armed conflict.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that long-term strategic competition with Russia is addressed elsewhere in this report.

Sense of Congress on support for Georgia

The House bill included a provision (section 1245) that expressed the sense of Congress reaffirming support for an enduring strategic partnership between the United States and Georgia.

The Senate amendment contained no similar provision.

The House recedes.

Not later than March 1, 2021, the conferees direct the Secretary of Defense to provide to the Committees on Armed Services of the Senate and House of Representatives a briefing on measures the Department of Defense is taking to strengthen defense cooperation with allies and partners in the Black Sea region, including the Government of the Republic of Georgia. The briefing should include measures to build resiliency and bolster deterrence against Russian aggression; promote regional stability; improve interoperability with North Atlantic Treaty Organization forces; and enhance security cooperation and engagement with and between Black Sea regional partners.

Sense of Congress on burden sharing by partners and allies

The House bill contained a provision (sec. 1246) that would express the sense of Congress regarding burden sharing by United States partners and allies.

The Senate amendment contained no similar provision.
The House recedes.

The conferees highlight that the 2018 National Defense Strategy emphasizes that allies and partners are critical to promoting U.S. national security interests and underscore the vital role the military contributions and investments of U.S. partners and allies around the world play in deterring aggression and defeating malign actors, especially in an era of resurgent strategic competition. The conferees believe that the United States should focus defense investments in forward presence, joint bilateral and multilateral exercises, enhanced interoperability, and commitments that contribute to the security of the United States as well as collective security. Additionally, the conferees urge allies and partners to continue to increase their investments in military capacity and capability to enhance their ability to contribute to global peace and security and urge the U.S. Government to adopt a comprehensive approach in evaluating U.S. security relationships with allies and partners. The conferees believe the U.S. must continue to strengthen its alliances and security partnerships.

The conferees note that the importance for U.S. national security and significant impact of the military capabilities and capacities of specific U.S. alliances and security partnerships are addressed elsewhere in this report.

Sense of Congress on NATO's response to the COVID-19 pandemic

The House bill included a provision (sec. 1247) that would express the sense of Congress regarding response to the COVID-19 pandemic.

The Senate amendment contained no similar provision.
The House recedes.

The conferees note that the North Atlantic Treaty Organization's response to the COVID-19 pandemic is addressed elsewhere in this report.

Coordination of stockpiles with the North Atlantic Treaty Organization and other allies

The House bill contained a provision (sec. 1249) that would amend title I of the Defense Production Act of 1950 (50 U.S.C. 5411 et seq.) to direct that if President of the United States invokes the Defense Production Act in the context of a global pandemic, that the United States shall coordinate with the North Atlantic Treaty Organization and other allied countries to address supply chain gaps and promote access to vaccines and other remedies.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that coordination with the North Atlantic Treaty Organization on pandemic response is addressed elsewhere in this Act.

Report on China's One Belt, One Road Initiative in Africa

The House bill contained a provision (sec. 1257) that would direct the Secretary of Defense to provide a report not later than 1 year after the date of the enactment of this Act on China's One Belt, One Road Initiative in Africa. Such report shall include a strategy to address impacts on United States military and defense interests in Africa.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives not later than 180 days after the date of the enactment of this Act on the military implications of China's One Belt, One Road Initiative in Africa and a description of its strategy to address impacts on United States defense interests in Africa. The briefing shall include:

(1) An assessment of Chinese dual-use investments in Africa, including those associated with People's Liberation Army cooperation with African countries, and an identification of which investments are of greatest concern to the Department of Defense;

(2) An assessment of the potential military, intelligence, and logistical threats facing United States' key regional military infrastructure, supply chains, and freedom of maneuver due to such investments;

(3) A description of the Department of Defense's strategy and associated efforts to mitigate the risk posed by such investments and any anticipated expansion of such investments; and

(4) Any other matters deemed relevant by the Secretary.

The conferees note that the Department of Defense has compiled various reports and intelligence products in recent years on China's One Belt, One Road Initiative in Africa and expect that these products will be incorporated as supplemental material to the required briefing.

Training of ally and partner air forces in Guam

The Senate amendment contained a provision (sec. 1257) that would require the Secretary of Defense submit to the congressional defense committees a report assessing the merit and feasibility of entering into agreements similar to the aforementioned memorandum of understanding with other United States allies and partners in the Indo-Pacific region, to include Japan, Australia, and India.

The House bill contained no similar provision.

The Senate recedes.

The conferees commend the December 6, 2019, memorandum of understanding agreed to by the United States and the Republic of Singapore to establish a fighter jet training detachment in Guam. The agreement is a manifestation of the strong, enduring, and forward-looking partnership of the United States and the Republic of Singapore, and the permanent establishment of a fighter detachment in Guam will enhance the interoperability of the air forces of the United States and the Republic of Singapore and provide training opportunities needed to maximize their readiness.

The conferees direct the Secretary of Defense, not later than 1 year after the date of the enactment of this Act, to submit to the congressional defense committees a report assessing the merit and feasibility of entering into similar agreements with other United States allies and partners in the Indo-Pacific region, including Japan, Australia, and India.

Report on supply chain security cooperation with Taiwan

The House bill contained a provision (sec. 1259) that would require a report on the feasibility of establishing a United States-Taiwan working group for supply chain security, the Department's current and future plans to engage with Taiwan on activities ensuring supply chain security, and obstacles for conducting such activities.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, in coordination with the head of each appropriate Federal department and agency, to submit to the congressional defense committees not later than 180 days after the date of the enactment of this Act a report on supply chain security cooperation with Taiwan. The report shall include: (1) The feasibility of establishing a high-level, interagency United States-Taiwan working group for coordinating cooperation related to supply chain security; (2) A discussion of the Department of Defense's current and future plans to engage with Taiwan with respect to activities ensuring supply chain security; (3) A

discussion of obstacles encountered in forming, executing, or implementing agreements with Taiwan for conducting activities to ensure supply chain security; and (4) Any other matters the Secretary of Defense determines should be included.

Sense of Congress on United States commitments to Pacific allies

The House bill contained a provision (sec. 1260C) that would express the sense of Congress on United States commitments to Pacific allies.

The Senate amendment contained no similar provision.

The House recedes.

Restrictions on export, reexport, and in-country transfers of certain items that provide a critical capability to the Government of the People's Republic of China to suppress individual privacy, freedom, and other basic human rights

The House bill contained a provision (sec. 1260D) that would require, not later than 120 days after the date of the enactment of this Act, and as appropriate thereafter, the President to identify those items that provide a critical capability to the Government of the People's Republic of China, or any person acting on behalf of such Government, to suppress individual privacy, freedom of movement, and other basic human rights.

The Senate amendment contained no similar provision.

The House recedes.

Southeast Asia Strategy

The House bill contained a provision (sec. 1260F) that would require, not later than 180 days after the date of the enactment of this Act, the Secretary of State, in consultation with the heads of other Federal departments and agencies as appropriate, to develop and submit to the appropriate congressional committees a comprehensive strategy for engagement with Southeast Asia and the Association of Southeast Asian Nations.

The Senate amendment contained no similar provision.

The House recedes.

Sense of Congress on strategic security relationship between the United States and Mongolia

The House bill contained a provision (sec. 1260G) that would express the sense of Congress on the strategic security relationship between the United States and Mongolia.

The Senate amendment contained no similar provision.
The House recedes.

Sense of Congress on co-development with Japan of a long-range ground-based anti-ship cruise missile system

The Senate amendment contained a provision (sec. 1261) that would express the sense of Congress that the Department of Defense should prioritize consultations with the Ministry of Defense of Japan to determine whether a ground-based, long-range anti-ship cruise missile system would meet shared defense requirements of the United States and Japan and, if so, that the United States and Japan should consider co-development of such a system.

The House bill contained no similar provision.
The Senate recedes.

Statement of policy on cooperation in the Indo-Pacific region

The Senate amendment contained a provision (sec. 1262) that would state that the policy of the United States is to strengthen alliances and partnerships with like-minded countries to effectively compete with the People's Republic of China.

The House bill contained no similar provision.
The Senate recedes.

Expanding the state partnership program in Africa

The House bill contained a provision (sec. 1266) that would require the Secretary of Defense, in coordination with the Chief of the National Guard Bureau, to seek to build partner capacity and interoperability in the United States Africa Command area of responsibility through increased partnerships with countries on the African continent, military-to-military engagements, and traditional activities of the combatant commands.

The Senate amendment contained no similar provision.
The House recedes.

Sense of Congress with respect to Qatar

The House bill contained a provision (sec. 1269) that would express the sense of Congress regarding Qatar.

The Senate amendment contained no similar provision.

The House recesses.

Prohibition on support for military participation against the Houthis

The House bill contained a provision (sec. 1272) that would prohibit funds to provide logistical support for Saudi-led coalition strikes against the Houthis in Yemen. It would prohibit funds from being made available for any civilian or military personnel of the Department of Defense or contractors of the Department to command, coordinate, participate in the movement of, or accompany the regular or irregular military forces of the Saudi and United Arab Emirates-led coalition forces engaged in hostilities against the Houthis in Yemen or in situations in which there exists an imminent threat that such coalition forces become engaged in such hostilities, unless and until the President obtained specific statutory authorization, in accordance with section 8(a) of the War Powers Resolution (50 U.S.C. 1547(a)). This prohibition would not apply to United States Armed Forces engaged in operations against al-Qaeda and associated forces.

The Senate amendment contained no similar provision.

The House recesses.

Report on risk to personnel, equipment, and operations due to Huawei 5G architecture in host countries

The Senate amendment contained two provisions (secs. 1273 and 6273) that would require the Secretary of Defense to submit to the congressional defense committees a report that contains an assessment of the risk to personnel, equipment, and operations of the Department of Defense in host countries as well as measures required to mitigate such risk posed by the current or intended use of a 5G telecommunications architecture provided by Huawei Technologies Co., Ltd.

The House bill contained no similar provision.

The Senate recesses.

The conferees note the importance of the assessment of the risk to personnel, equipment, and operations of the Department of Defense in host countries, as well as measures required to mitigate such risk posed by telecommunications architecture provided by at-risk vendors such as Huawei and ZTE, is addressed elsewhere in this report.

Allied burden sharing report

The Senate amendment contained a provision (sec. 1274) that would require, not later than March 1 of each year, the Secretary of Defense, in coordination with the heads of other Federal agencies as deemed necessary, to submit to specified congressional committees a report containing a description on the annual defense spending and the activities of each country described to contribute to military or stability operations in which the Armed Forces of the United States are a participant or may be called upon in accordance with a cooperative defense agreement to which the United States is a party. The countries described are each member state of the North Atlantic Treaty Organization, the Gulf Cooperation Council, and the Inter-American Treaty of Reciprocal Assistance.

The House bill contained no similar provision.

The Senate recedes.

Establishment of the Office of Subnational Diplomacy

The House bill contained a provision (sec. 1276) that would amend section 1 of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2651a) to establish the Office of Subnational Diplomacy.

The Senate amendment contained no similar provision.

The House recedes.

Assessment of effectiveness of United States policies relating to exports of United States-origin Unmanned Aerial Systems that are assessed to be "Category I" items under the Missile Technology Control Regime

The House bill contained a provision (sec. 1278) that would require not later than 180 days after the enactment of this Act, and annually thereafter through December 31, 2025, the Secretary of State, in consultation with the Secretary of Defense, to conduct and submit to the appropriate congressional committees an assessment of the effectiveness of United States policies to export United States-origin Unmanned Aerial Systems that are assessed to be "Category I" items under the Missile Technology Control Regime.

The Senate amendment contained no similar provision.

The House recedes.

Sense of Congress on the United States-Israel relationship

The House bill contained a provision (sec. 1279) that would express the sense of Congress regarding the United States-Israel relationship.

The Senate amendment contained no similar provision.
The House recedes.

The conferees note that the United States-Israel relationship is addressed elsewhere in this Act.

Report on internally displaced peoples in Ukraine, Georgia, Moldova, and Azerbaijan

The House bill included a provision (sec. 1281) that would require a report on the status of internally displaced persons in Ukraine, Georgia, the Republic of Moldova, and the Republic of Azerbaijan.

The Senate amendment contained no similar provision.
The House recedes.

Enhancing Engagement with the Caribbean

The House bill contained a provision (sec. 1283) that would express the sense of Congress that the prosperity and security of the Caribbean region is a matter of significant importance for the United States and that promotion of such should be a component of United States policy.

The Senate amendment contained no similar provision.
The House recedes.

The conferees believe that enhancing partnerships between the United States and Caribbean nations is in our strategic interest. These partnerships in the region are based on shared interests and values, including a strong commitment to the rule of law and human rights, as well as addressing security concerns like transnational organized crime and disaster preparedness. In furtherance of these and other shared interests, the United States should pursue opportunities to strengthen its engagement in the Caribbean region consistent with the objectives of the 2018 National Defense Strategy and the Department of State's Caribbean 2020 Strategy. The conferees believe that these efforts should include a commitment to strengthening security relationships and interoperability, advancing trade and investment, academic exchanges, and other cooperative efforts between the United States and the Caribbean region.

Amendments to Annual Country Reports on Human Rights Practices

The House bill contained a provision (sec. 1284) that would amend section 116 of the Foreign Assistance Act of 1961 (22 U.S.C. 2151n), by adding a reporting requirement related to the status of excessive surveillance and the use of advanced technology.

The Senate amendment contained no similar provision.
The House recedes.

Establishment of National Commission on U.S. Counterterrorism Policy

The House bill contained a provision (sec. 1285) that would establish an independent commission within the legislative branch to be known as the "National Commission on U.S. Counterterrorism Policy" to assess United States counterterrorism efforts and make recommendations based on its findings.

The Senate amendment contained no similar provision.
The House recedes.

Program to prevent, mitigate, and respond to civilian harm as a result of military operations in Somalia

The House bill contained a provision (sec. 1286) that would require the Department to develop a program that would improve the ability of the Somali National Army, the African Union Mission in Somalia, the U.S. military, and U.S. contractors to prevent, mitigate, and respond to instances of civilian harm as a result of military operations to counter al-Shabaab and ISIS-Somalia.

The Senate amendment contained no similar provision.
The House recedes.

The conferees understand that there may be challenges to the ability of the Somali people to report allegations of civilian harm resulting from military operations. The conferees note that section 936 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) requires the development of publicly available means for the submittal to the United States Government of allegations of civilian casualties resulting from United States military operations. The conferees expect the Department of Defense to continuously evaluate and improve current measures and practices to help remove challenges to reporting such allegations in Somalia and other countries where challenges may exist.

Improved coordination of United States sanctions policy

The Senate amendment contained a provision (sec. 1287) that would create an office in the Department of State to coordinate U.S. sanctions policy.

The House bill contained no similar provision.
The Senate recedes.

The conferees note that this provision is incorporated elsewhere in this Act.

Sense of Congress relating to Grand Ethiopian Renaissance Dam

The House bill contained a provision (sec. 1288) that would express the sense of Congress relating to the Grand Ethiopian Renaissance Dam.

The Senate amendment contained no similar provision.

The House recedes.

Report on all comprehensive sanctions imposed on foreign governments

The House bill contained a provision (sec. 1289) that would require a report on all comprehensive sanctions imposed on governments of foreign countries under any provision of law.

The Senate amendment contained no similar provision.

The House recedes.

Limitation on assistance to Brazil

The House bill contained a provision (sec. 1290) that would establish a limitation that no Federal funds may be obligated or expended to provide any United States security assistance or security cooperation to the defense, security, or police forces of the Government of Brazil to involuntarily relocate, including through coercion or the use of force, the indigenous or Quilombola communities in Brazil.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the important strategic security relationship between the United States and Brazil and note that the Government of Brazil was designated as a major non-North Atlantic Treaty Organization ally in July 2019. The conferees encourage the Secretary of Defense to seek opportunities to further strengthen the security relationship with Brazil. The conferees understand that there are concerns regarding the potential relocation of certain indigenous groups within Brazil. The conferees note that existing law and Department of Defense policy require that the provision of Department of Defense security sector assistance be consistent with adherence to human rights and international law. The conferees expect that the Secretary will seek to ensure that any security assistance provided to Brazil will be in compliance with such laws and policies.

Report on incidents of arbitrary detention, violence, and state-sanctioned harassment by the Government of Egypt against United States citizens and their family members who are not United States citizens

The House bill contained a provision (sec. 1293) that would require, not later than 60 days after the enactment of this Act, the Secretary of State, in consultation with the Secretary of Defense, to submit a report on incidents of arbitrary detention, violence, and state-sanctioned harassment by the Government of Egypt against United States citizens and their family members who are not United States citizens, in both Egypt and in the United States.

The Senate amendment contained no similar provision.

The House recedes.

The conferees are aware of instances of arbitrary detention, violence, and harassment against United States citizens and their family members who are not United States citizens. These actions are deeply disturbing, and undermine the U.S.-Egyptian relationship.

Protection and promotion of internationally recognized human rights during the novel coronavirus pandemic

The House bill contained a provision (sec. 1296) that would promulgate a statement of policy and a sense of Congress regarding the novel coronavirus pandemic. The provision would require the Secretary of State to submit to the Congress a report on countering disinformation abroad related to the pandemic and a report on countries that enacted emergency measures or took other legal actions inconsistent with internationally recognized human rights in response to the pandemic. The provision would also amend section 502B(a)(4) of the Foreign Assistance Act of 1961 (22 U.S.C. 2304(a)(4)) to require consideration of a nation's violations of internationally recognized human rights during the pandemic in determinations by the United States to engage in security assistance cooperation with that nation. Further, the provision would require the Secretary of Defense to issue guidance that security cooperation programs and intelligence collection include indicators that partner security forces have taken advantage of the pandemic to violate internationally recognized human rights. Finally, the provision would amend the Foreign Assistance Act of 1961 to insert reporting requirements regarding human rights violations due to misuse of emergency powers and surveillance technology.

The Senate amendment contained no similar provision.

The House recesses.

Promoting human rights in Colombia

The House bill contained a provision (sec. 1298) that would require, not later than 120 days after the date of the enactment of this Act, the Secretary of State, in coordination with the Secretary of Defense and the Director of National Intelligence, to submit to the appropriate congressional committees a report that assesses allegations that United States security sector assistance provided to the Government of Colombia was used by or on behalf of the Government of Colombia for purposes of unlawful surveillance or intelligence gathering directed at the civilian population, including human rights defenders, judicial personnel, journalists, and the political opposition.

The Senate amendment contained no similar provision.

The House recesses.

The conferees recognize the strategic regional importance of Colombia and the longstanding partnership between the United States and Colombia, and look forward to continuing to strengthen this partnership in order to implement the Colombian peace accords and address shared regional security challenges.

The conferees note with concern allegations of unlawful surveillance or intelligence gathering by the Colombian Armed Forces. The conferees encourage the Government of Colombia to continue to investigate credible allegations of misuse and take corrective actions, as appropriate, to ensure any misuse does not occur in the future. The conferees note that existing law requires that the provision of Department of Defense security sector assistance include programs focused on strengthening institutional capacity, to include adherence to human rights and international law. Additionally, the conferees note that existing law and related policy requires that recipients of Department of Defense assistance use it for the purposes for which the assistance was provided and consistent with human rights and international law.

The conferees direct the Secretary of Defense, not later than 120 days after the date of enactment of this Act, to submit to the Committees on Armed Services of the Senate and the House of Representatives a report that describes any credible allegations since 2016 of Department of Defense-provided assistance intended to build the surveillance capabilities of the Colombian Armed Forces that was subsequently used by the Colombian Armed Forces to conduct unlawful surveillance or intelligence gathering. The report shall include a description of any steps taken by the Department in response to such

credible allegations, to include any steps taken to seek to ensure that any misuse does not occur in the future. The report shall also include information on steps taken by the Government of Colombia in response to any credible evidence of misuse of such equipment, including a description of steps taken to hold those responsible accountable, ensure that any misuse does not occur in the future, and any modifications to relevant tactics, techniques, and procedures. The report shall be submitted in unclassified form, but may include a classified annex.

Report on Venezuela

The House bill contained a provision (sec. 1299A) that would require, not later than 120 days after the date of the enactment of this Act, the Secretary of State and the Secretary of Defense to submit to the appropriate congressional committees a report regarding the political, economic, health, and humanitarian crisis in Venezuela, and its implications for United States national security and regional security and stability.

The Senate amendment contained no similar provision.

The House recedes.

The conferees recognize that the ongoing crisis in Venezuela undermines regional security and stability. The conferees continue to endorse a whole-of-government approach to support the rule of law, fair elections and self-determination for the Venezuelan people.

Not later than 90 days after the Secretary of State submits the report required by section 123(c) of the Venezuela Emergency Relief, Democracy Assistance, and Development Act of 2019 (title I of division J of the Further Consolidated Appropriations Act, 2020 (Public Law 116-94)), the Secretary of State and the Secretary of Defense shall brief the Committees on Armed Services of the Senate and the House of Representatives, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives on the contents of the report and provide an update to the political, economic, health, and humanitarian crisis in Venezuela and the implications for United States national security and regional security and stability. The brief shall also include an assessment of how the multifaceted crisis in Venezuela and the resulting migration of millions of citizens from Venezuela to neighboring countries, including Brazil, Colombia, Ecuador, and Peru, affects regional security and stability.

Prohibition on use of funds for aerial fumigation

The House bill contained a provision (sec. 1299B) that would prohibit funds authorized to be appropriated or otherwise made available by this Act to be made available to directly conduct aerial fumigation in Colombia unless there are demonstrated actions by the Government of Colombia to adhere to national and local laws and regulations.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that any Department support for counterdrug activities in Colombia should be compliant with Colombia's national and local laws and regulations.

Report on support for democratic reforms by the Government of the Republic of Georgia

The House bill contained a provision (sec. 1299C) that would require a report on analysis of democratic reforms by the government of the Republic of Georgia.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that issues related to Georgia are covered elsewhere in the conference report.

Transfer of excess naval vessels to the Government of Egypt

The House bill contained a provision (sec. 1299G) that would authorize the transfer of excess naval vessels to the Government of Egypt.

The Senate amendment contained no similar provision.

The House recedes.

Limitation on production of nuclear proliferation assessment statements

The House bill contained a provision (sec. 1299H) that would prohibit the provision by the Secretary of State to the President or by the President to the Congress of a Nuclear Proliferation Assessment Statement on a proposed cooperation agreement with a country that has neither signed and implemented an Additional Protocol with the International Atomic Energy Agency nor has already implemented a civilian nuclear cooperation agreement under section 123 of the Atomic Energy Act of 1954 (42 U.S.C. 2153). The provision would allow the waiving of this prohibition in the event that the President submits a report to the relevant congressional committees and the Congress enacts a joint resolution approving the waiver request.

The Senate amendment contained no similar provision.

The House recesses.

Report on Mexican Security Forces

The House bill contained a provision (sec. 1299I) that would require, not later than 90 days after the date of the enactment of this Act, the Secretary of Defense and the Secretary of State, in coordination with other appropriate officials, to jointly submit to the appropriate congressional committees a report containing a comprehensive assessment of ongoing support and a strategy for future cooperation between the United States Government and the Mexican security forces, including the Mexican National Guard, Federal, State, and municipal law enforcement.

The Senate amendment contained no similar provision.

The House recesses.

The conferees direct the Secretary of Defense and the Secretary of State, not later than 90 days after the date of the enactment of this Act, to jointly submit to the congressional defense committees, the Committee on Foreign Relations of the Senate, and the Committee on Foreign Affairs of the House of Representatives a comprehensive assessment of ongoing support and a strategy for future cooperation between the United States Government and the Mexican security forces, including the Mexican National Guard, Federal, State, and municipal law enforcement. The report should include, at a minimum, the following:

(1) A strategy and timeline for assistance to Mexican security forces, including the amounts of assistance, any defense articles, and training to be provided to each of the Mexican security forces;

(2) A description of the transfer of U.S.-supported equipment, if any, from the Federal Police and Armed Forces to the National Guard;

(3) Department of Defense and Department of State plans for all U.S. training for Mexican security forces, including training in human rights, proper use of force, de-escalation, investigation and evidence-gathering, community relations, and anti-corruption; and

(4) An assessment of the National Guard's adherence to human rights standards to date, including its progress toward the adoption of measures to ensure accountability for human rights violations and the development of a human rights training curriculum.

The report may be submitted in classified form with an unclassified summary.

Global Health Security Act of 2020

The House bill contained provisions (Subtitle I, secs. 1299N-1 to 1299N-5), titled the "Global Health Security Act of 2020," which would require the President to establish a Global Health Security Agenda Interagency Review Council and to appoint an individual to the position of United States Coordinator for Global Health Security, who would be responsible for the coordination of the interagency process for responding to global health security emergencies. In addition, the provision would direct the United States Coordinator for Global Health Security to coordinate the development and implementation of a strategy to advance the aims of the Global Health Security Agenda, among other objectives.

The Senate amendment contained no similar provision.

The House recedes.

Definitions

The House bill contained a provision (sec. 1299N-6) that would define certain terms used in the Global Health Security Act of 2020.

The Senate amendment contained no similar provision.

The House recedes.

Sunset

The House bill contained a provision (sec. 1299N-7) that would sunset all sections of the Global Health Security Act of 2020 (except for section 1299N-3) on December 31, 2024.

The Senate amendment contained no similar provision.

The House recedes.

Robert Levinson Hostage Recovery and Hostage-Taking Accountability Act

The House bill contained within title XII a subtitle J that included the Robert Levinson Hostage Recovery and Hostage-Taking Accountability Act.

The Senate amendment contained in subtitle H of title XII a similar provision.

The conference agreement does not include either provision.

Matters relating to the Northern Triangle

The House bill contained within title XII a subtitle K on matters relating to the Northern Triangle.

The Senate amendment contained no similar provisions.

The House recedes.

Foreign military loan authority

The House bill contained a provision (sec. 1299Q-1) that would authorize the President, acting through the Secretary of State, to make direct loans under section 23 of the Arms Export Control Act (22 U.S.C. 2763) to North Atlantic Treaty Organization member countries that joined the alliance after March 1, 1999 and would authorize the President, acting through the Secretary of State, to charge fees for such loans consistent with specified law.

The Senate amendment contained no similar provision.

The House recedes.

Report on NATO member contributions

The House bill contained a provision (sec. 1299Q-3) that would require a report to assess contributions by North Atlantic Treaty Organization (NATO) member countries to the security of the alliance, including defense funding and contributions to NATO-led missions, exercises, and combat and non-combat operations.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that a similar report was required by the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) and that the NATO Secretary General, with support from the International Staff, publishes a comprehensive annual report assessing NATO member contributions. The conferees also highlight that burden sharing and the importance of contributions by NATO allies and partners to the security of the United States is addressed elsewhere in this report.

Efforts to counter malign authoritarian influence

The House bill contained a provision (sec. 1299Q-5) that would require a report on trends of malign influence from the governments of Russia and China in Serbia that discourage progress towards greater integration with Western institutions.

The Senate amendment contained no similar provision.

The House recedes.

The conferees are concerned by the growth of efforts by the Governments of Russia and China to influence governments and

public opinion across the Balkans. The spread of malign influence is promoted through the use of social media, propaganda, disinformation, cyber operations, foreign assistance, and the expansion of coercive economic ties. The conferees note that this malign influence is intended to impede progress towards greater integration with Western institutions such as the North Atlantic Treaty Organization and the European Union. Finally, the conferees urge the Secretary of Defense and the Secretary of State to continue efforts to counter the malign influence of the Governments of China and Russia in the Balkans.

Sense of Senate on United States-Israel cooperation on precision-guided munitions

The Senate amendment contained a provision (sec. 6283) that would express the sense of Senate on the United States-Israel cooperation on precision-guided munitions.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that United States-Israel cooperation on precision-guided munitions is addressed elsewhere in this Act.

Blocking deadly fentanyl imports

The Senate amendment contained a provision (sec. 6284) that would identify countries that are major producers or traffickers of illicit fentanyl, and penalize those countries that fail to take steps to combat illicit fentanyl trafficking or production by withholding bilateral and multilateral assistance.

The House bill contained no similar provision.

The Senate recedes.

Findings

The Senate amendment contained a provision (sec. 6291) that would delineate a series of findings concerning the United States-Israel relationship.

The House bill contained no similar provision.

The Senate recedes.

Extension of loan guarantees to Israel

The Senate amendment contained a provision (sec. 6295) that would extend loan guarantees by amending chapter 5 of title

I of the Emergency Wartime Supplemental Appropriations Act, 2003 (Public Law 108-11).

The House bill contained no similar provision.

The Senate recedes.

The conferees note that loan guarantees to Israel have already been extended through 2023.

Sense of Congress on rapid acquisition and deployment procedures

The Senate amendment contained a provision (sec. 6297) that would express the sense of Congress on rapid acquisition and deployment procedures.

The House bill contained no similar provision.

The Senate recedes.

Sense of Congress on United States-Israel economic cooperation

The Senate amendment contained a provision (sec. 6299C) that would express the sense of Congress on the United States-Israel economic partnership.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that the sense of Congress regarding United States-Israel economic partnership is addressed elsewhere in this Act.

Plans to provide Israel with necessary defense articles and services in a contingency

The Senate amendment contained a provision (sec. 6299E) that would require the President to establish plans to provide Israel with defense articles and services in a contingency.

The House bill contained no similar provision.

The Senate recedes.

Banking Transparency for Sanctioned Persons Act of 2019

The House bill contained provisions (secs. 19001-19005) that would require a report on any licenses issued by the Secretary of the Treasury benefitting state sponsors of terrorism, and any financial institutions facilitating transactions or financial services benefitting state sponsors of terrorism or certain sanctioned persons.

The Senate amendment contained no similar provision.

The House recedes.

TITLE XIII—COOPERATIVE THREAT REDUCTION

Funding allocations; specification of cooperative threat reduction funds (sec. 1301)

The House bill contained a provision (sec. 1301) that would specify obligation levels for cooperative threat reduction funds authorized to be appropriated for fiscal year 2021 for specified purposes.

The Senate amendment contained a similar provision (sec. 1301).

The House recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Sense of Congress regarding biological threat reduction and cooperative biological engagement of the cooperative threat reduction program

The House bill contained a provision (sec. 1302) that would express the sense of Congress that biological threats are a critical emerging threat; continuing to use cooperative threat reduction programs to counter these threats is in the national security interest of the United States; and the Secretary of Defense and the Secretary of State should make every effort to prioritize and advance these processes in the future.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that:

(1) Keeping Americans safe means ensuring that global health security is prioritized as a national security issue;

(2) As highlighted by the 2017 National Security Strategy of the United States, biological threats, whether ``deliberate attack, accident, or a natural outbreak,'' are growing threats and ``require actions to address them at their source'' through programs carried out by cooperative engagement, such as working ``with partners to ensure that laboratories that handle dangerous pathogens have in place safety and security measures;''

(3) The 2017 National Security Strategy of the United States appropriately affirms the importance of supporting advancements in biomedical innovation while mitigating harm caused by advanced bioweapons and capabilities;

(4) The intrinsically linked nature of biological threats, whether naturally occurring, accidental, or deliberate,

underscores the relationship between the Global Health Security Strategy of the United States and the National Biodefense Strategy, and the national security tools used to prevent and mitigate these threats must be similarly connected;

(5) Biological threats are a critical emerging threat against the United States and addressing these threats through cooperative programs is an opportunity to achieve long-standing nonproliferation goals;

(6) Cooperative programs to address biological threats through improved global capacity in the areas of biosafety, biosecurity, bio-surveillance, research oversight, and related legislative and regulatory frameworks have become even more important as the world faces increasing availability of and advancements in biotechnology, which has broad dual use and proliferation implications;

(7) Under the Cooperative Threat Reduction Program of the Department of Defense established under the Department of Defense Cooperative Threat Reduction Act (50 U.S.C. 3701 et seq.), the Congress authorized the Secretary of Defense to address such threats through activities to prevent, detect, and report on highly pathogenic diseases or other diseases, ``regardless of whether such diseases are caused by biological weapons;''

(8) In 2014, President Obama declared the Ebola virus disease epidemic a national security priority and exercised the authority under such Program to build capacity that mitigated the imminent threat posed by the Ebola virus disease and established capabilities required to prevent future outbreaks;

(9) Many of the prevention, detection, and response capacities built in response to the Ebola virus disease epidemic are also those used to prevent, detect, and respond to the use of biological weapons abroad;

(10) Continuing to use cooperative engagement programs is in the national security interests of the United States because of the important relationships established between the United States and partner countries, which are based on ideals such as transparency, information sharing, and a shared responsibility in advancing global security;

(11) The recent coronavirus disease 2019 (COVID-19) global pandemic has illustrated the dire consequences resulting from a single disease that knows no boundaries, impacting the United States economy and the health of United States citizens and members of the Armed Forces, both domestically and abroad;

(12) In light of the impacts caused by COVID-19, and following two congressionally-mandated reports that call for better implementation of the biological cooperative engagement

programs of the United States and the National Biodefense Strategy (the report published by the Government Accountability Office on March 11, 2020, titled ``National Biodefense Strategy: Opportunities and Challenges with Early Implementation'' and the report published by the National Academies of Sciences, Engineering, and Medicine on April 14, 2020, titled ``A Strategic Vision for Biological Threat Reduction: The U.S. Department of Defense and Beyond''), it is of utmost importance that such programs are given due and increased prioritization for national security purposes; and

(13) The Secretary of Defense and the Secretary of State should make every effort to prioritize and advance the determination, concurrence, and notification processes under the Department of Defense Cooperative Threat Reduction Act to provide for necessary new country determinations in a timely manner and be responsive to emerging biological threats.

TITLE XIV—OTHER AUTHORIZATIONS

SUBTITLE A—MILITARY PROGRAMS

Working capital funds (sec. 1401)

The House bill contained a provision (sec. 1401) that would authorize appropriations for Defense Working Capital Funds at the levels identified in section 4501 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1401).

The conference agreement includes this provision.

Chemical agents and munitions destruction, defense (sec. 1402)

The House bill contained a provision (sec. 1402) that would authorize appropriations for Chemical Agents and Munitions Destruction, Defense at the levels identified in section 4501 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1402).

The conference agreement includes this provision.

Drug interdiction and counter-drug activities, defense-wide (sec. 1403)

The House bill contained a provision (sec. 1403) that would authorize appropriations for Drug Interdiction and Counter-Drug Activities, Defense-wide at the levels identified in section 4501 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1403).

The conference agreement includes this provision.

Defense Inspector General (sec. 1404)

The House bill contained a provision (sec. 1404) that would authorize appropriations for the Office of the Inspector General at the levels identified in section 4501 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1404).

The conference agreement includes this provision.

Defense health program (sec. 1405)

The House bill contained a provision (sec. 1405) that would authorize appropriations for the Defense Health Program at the levels identified in section 4501 of division D of this Act.

The Senate amendment contained a similar provision (sec. 1405).

The Senate recesses.

SUBTITLE B—ARMED FORCES RETIREMENT HOME

Authorization of appropriations for Armed Forces Retirement Home (sec. 1411)

The House bill contained a provision (sec. 1412) that would authorize an appropriation of \$70.3 million from the Armed Forces Retirement Home Trust Fund for fiscal year 2021 for the operation of the Armed Forces Retirement Home.

The Senate amendment contained a similar provision (sec. 1411).

The Senate recesses.

Expansion of eligibility for residence at the Armed Forces Retirement Home (sec. 1412)

The Senate amendment contained a provision (sec. 1413) that would amend section 1512(a) of the Armed Forces Retirement

Home Act of 1991 (24 U.S.C. 412 (a)) to expand eligibility for residence at the Armed Forces Retirement Home.

The House bill contained no similar provision.

The House recedes.

Periodic inspections of Armed Forces Retirement Home facilities by nationally recognized accrediting organization (sec. 1413)

The Senate amendment contained a provision (sec. 1412) that would amend section 1518 of the Armed Forces Retirement Home Act of 1991 (24 U.S.C. 418) to require the Chief Operating Officer (COO) to request the inspection of each facility by a nationally recognized civilian accrediting organization, in accordance with section 1511(g) of such Act, on a frequency consistent with the standards of the organization. The provision would require the COO and the administrator of a facility under inspection to make, in a timely manner, all staff, other personnel, and facility records available to the civilian accrediting organization for purposes of the inspection. Not later than 60 days after an inspection, the COO would submit a report to the Secretary of Defense, the Senior Medical Advisor, and the Advisory Council containing the results of the inspection and a plan to address recommendations or other matters specified in the report. The provision would remove the requirement for a periodic inspection of the retirement home's facilities by the Department of Defense Inspector General.

The House bill contained no similar provision.

The House recedes.

SUBTITLE C—OTHER MATTERS

Authority for transfer of funds to joint Department of Defense-Department of Veterans Affairs medical facility demonstration fund for Captain James A. Lovell Health Care Center, Illinois (sec. 1421)

The House bill contained a provision (sec. 1411) that would authorize the Secretary of Defense to transfer \$137.0 million from the Defense Health Program to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund, established by section 1704 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111-84), for the operation of the Captain James A. Lovell Federal Health Care Center.

The Senate amendment contained a similar provision (sec. 1421).

The Senate recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

National Defense Sealift Fund

The House bill contained a provision (sec. 1406) that would authorize appropriations for the National Defense Sealift Fund.

The Senate amendment contained no similar provision.
The House recedes.

TITLE XV—AUTHORIZATION OF ADDITIONAL APPROPRIATIONS FOR OVERSEAS CONTINGENCY OPERATIONS

SUBTITLE A—AUTHORIZATION OF APPROPRIATIONS

Purpose (sec. 1501)

The House bill contained a provision (sec. 1501) that would establish the purpose of this title and make authorization of appropriations available upon enactment of this Act for the Department of Defense, in addition to amounts otherwise authorized in this Act, to provide for additional authorization of funds due to overseas contingency operations and other additional funding requirements.

The Senate amendment contained an identical provision (sec. 1501).

The conference agreement includes this provision.

Overseas contingency operations (sec. 1502)

The Senate amendment contained a provision (sec. 1502) that would designate authorization of appropriations in this section as Overseas Contingency Operations.

The House bill contained no similar provision.
The House recedes.

Procurement (sec. 1503)

The House bill contained a provision (sec. 1502) that would authorize additional appropriations for procurement at the levels identified in section 4102 of division D of this Act.

The Senate amendment contained a similar provision (sec. 1503).

The House recedes with a technical amendment.

Research, development, test, and evaluation (sec. 1504)

The House bill contained a provision (sec. 1503) that would authorize additional appropriations for research, development, test, and evaluation at the levels identified in section 4202 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1504).

The conference agreement includes this provision.

Operation and maintenance (sec. 1505)

The House bill contained a provision (sec. 1504) that would authorize additional appropriations for operation and maintenance programs at the levels identified in section 4302 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1505).

The conference agreement includes this provision.

Military personnel (sec. 1506)

The House bill contained a provision (sec. 1505) that would authorize additional appropriations for military personnel at the levels identified in section 4402 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1506).

The conference agreement includes this provision.

Working capital funds (sec. 1507)

The House bill contained a provision (sec. 1506) that would authorize additional appropriations for Defense Working Capital Funds at the levels identified in section 4502 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1507).

The conference agreement includes this provision.

Drug interdiction and counter-drug activities, defense-wide (sec. 1508)

The House bill contained a provision (sec. 1507) that would authorize additional appropriations for Drug Interdiction

and Counter-Drug Activities, Defense-wide, at the levels identified in section 4502 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1508).

The conference agreement includes this provision.

Defense Inspector General (sec. 1509)

The House bill contained a provision (sec. 1508) that would authorize additional appropriations for the Office of the Inspector General at the levels identified in section 4502 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1509).

The conference agreement includes this provision.

Defense Health Program (sec. 1510)

The House bill contained a provision (sec. 1509) that would authorize additional appropriations for the Defense Health Program at the levels identified in section 4502 of division D of this Act.

The Senate amendment contained an identical provision (sec. 1510).

The conference agreement includes this provision.

SUBTITLE B—FINANCIAL MATTERS

Treatment as additional authorizations (sec. 1511)

The House bill contained a provision (sec. 1511) that would state that amounts authorized to be appropriated by this title are in addition to amounts otherwise authorized to be appropriated by this Act.

The Senate amendment contained an identical provision (sec. 1521).

The conference agreement includes this provision.

Special transfer authority (sec. 1512)

The House bill contained a provision (sec. 1512) that would authorize the transfer of up to \$2.5 billion of additional war-related authorizations in this subtitle among the accounts in this subtitle, except for transfers from the National Guard and Reserve Equipment Account.

The Senate amendment contained a provision (sec. 1522) that would authorize the transfer of up to \$2.0 billion of additional war-related authorizations in this subtitle among the accounts in this subtitle.

The House recedes.

SUBTITLE C—OTHER MATTERS

Afghanistan Security Forces Fund (sec. 1521)

The House bill contained a provision (sec. 1521) that would continue and modify authorities and reporting requirements for the Afghanistan Security Forces Fund (ASFF) through fiscal year 2021. The provision would also set a goal of using \$29.1 million to support the efforts of the Government of Afghanistan to promote the recruitment, training, integration, and retention of Afghan women into the Afghan National Defense and Security Forces. The provision would also require the Secretary of Defense, in consultation with the Secretary of State, to submit an assessment of the Government of Afghanistan's ability to meet shared security objectives and manage, employ, and sustain equipment divested under ASFF. If it is assessed that insufficient progress has been made, the Secretary of Defense would be required to withhold assistance under ASFF.

The Senate amendment contained a similar provision (sec. 1531).

The Senate recedes with a clarifying amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Report on transitioning funding

The House bill contained a provision (sec. 1522) that would require the Secretary of Defense to include in the congressional budget justification for fiscal year 2022 a description of all activities and programs authorized and appropriated as Overseas Contingency Operations funding in

fiscal year 2021, along with a plan to transition all such activities and program to the base defense budget.

The Senate amendment contained no similar provision.
The House recedes.

The conferees remain concerned that the Department of Defense has not transmitted to Congress a detailed plan to budget for overseas contingency operations, including proposed rules to govern the inclusion of activities and programs in overseas contingency-related funding and planning considerations related to transitioning overseas contingency-related funding back into the base budget. With the statutory restrictions of the Budget Control Act set to expire after fiscal year 2021, the conferees expect the Department of Defense to transmit to Congress a new set of proposed governing principles for overseas contingency-related funding. Therefore, the conferees direct the Under Secretary of Defense (Comptroller) to deliver a briefing to the congressional defense committees no later than February 1, 2021 to discuss the future governing principles of overseas contingency-related funding in the fiscal year 2022 budget.

Transition and enhancement of inspector general authorities for Afghanistan reconstruction

The Senate amendment contained a provision (sec. 1532) that would provide for the transition of all duties, responsibilities, and authorities of the Special Inspector General for Afghanistan Reconstruction to the lead Inspector General for Operation Freedom's Sentinel.

The House bill contained no similar provision.
The Senate recedes.

TITLE XVI—SPACE ACTIVITIES, STRATEGIC PROGRAMS, AND INTELLIGENCE MATTERS

SUBTITLE A—SPACE ACTIVITIES

Space Development Agency development requirements and transfer to Space Force (sec. 1601)

The Senate amendment contained a provision (sec. 1606) that would require the Director of the Space Development Agency to lead the development of a proliferated low-Earth orbit sensing, tracking, and data transport architecture and the integration of next-generation space capabilities (including a hypersonic and ballistic missile-tracking space sensor payload)

into such an architecture. The provision would also require the transfer of the Space Development Agency from the Office of the Secretary of Defense to the United States Space Force not later than October 1, 2022.

The House bill contained no similar provision.

The House recedes with an amendment that would codify the requirement to transfer the Space Development Agency to the Space Force by October 1, 2022, as well as certain authorities, roles, and responsibilities of the Agency.

The conferees understand the value of the establishment of a Space Development Agency (SDA) within the Department of Defense to address emerging threats, leverage new commercial architectures, and provide innovative solutions. The conferees expect the Space Development Agency to develop and preserve an independent culture of innovation and rapid acquisition that is separate and distinct from the more traditional space acquisition within the U.S. Space Force and the Department of the Air Force. The conferees also expect the SDA Director to retain his current hiring authorities, including with respect to hiring highly qualified experts, remain the original classification authority for SDA, and to retain the equivalent position of tier 3 Senior Executive Service or of an officer of the Armed Forces in grade O-9.

In addition, the conferees also direct the Secretary of Defense to provide a briefing to the congressional defense committees not later than March 15, 2021 on how the Department is coordinating the warfighter requirements and capabilities across the Space Development Agency, the Air Force, the U.S. Space Command, and the U.S. Strategic Command for the missile warning layer. Such a review shall also include how the implementation of the missile warning and tracking layer (including the hypersonic and ballistic tracking space sensor and the Wide-Field-Of-View sensors) is being coordinated with the Overhead Persistent Infrared program, and how duplication between planned systems and the need for resilience are being considered when evaluating the requirements for Air Force space programs.

Personnel management authority for Space Development Agency for experts in science and engineering (sec. 1602)

The House bill contained a provision (sec. 1610A) that would amend section 1599h of title 10, United States Code, to authorize special personnel management authorities related to appointment and compensation for certain civilian positions of the Space Development Agency.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would terminate the Space Development Agency civilian personnel management authority on December 31, 2025.

Requirement to buy certain satellite components from national technology and industrial base (sec. 1603)

The House bill contained a provision (sec. 1602) that would require the procurement of star trackers for certain national security satellites from the national technology and industrial base.

The Senate amendment contained a similar provision (sec. 813) that would require the use of domestically sourced star trackers in national security satellites. The provision would also include certain conditions under which the requirement could be waived.

The Senate recedes with a clarifying amendment.

The conferees direct the Secretary of Defense, in coordination with the Secretary of the Air Force and the Director of National Reconnaissance Office, to submit to the congressional defense and intelligence committees, not later than July 1, 2021, a report on implementation of this provision, including whether and how the waiver authority will be used. In addition, the report shall include an analysis of potential impacts on domestic suppliers of star trackers (including prices, capabilities and production capacity), national security satellite manufacturers, mission capability for these satellites, satellite costs, bus production lines and testing, the likelihood of competition, and potential impacts on relations with U.S. allies and partners.

The conferees also note that another provision in this Act also modifies section 2534(a) of title 10, United States Code.

Conforming amendments relating to reestablishment of Space Command (sec. 1604)

The Senate amendment contained a provision (sec. 1605) that would make certain conforming amendments to sections of United States Code to reflect the reestablishment of United States Space Command.

The House bill contained no similar provision.

The House recedes.

Clarification of authority for procurement of commercial satellite communications services (sec. 1605)

The House bill contained a provision (sec. 924) that would make the Chief of Space Operations responsible for the procurement of commercial satellite communications services for the Department of Defense.

The Senate amendment contained a similar provision (sec. 944) that would make the Secretary of the Air Force responsible for the procurement of commercial satellite communications services for the Department of Defense.

The Senate recedes with a clarifying amendment.

The conferees note that section 1601(b) of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) transferred authority for the procurement of commercial satellite communication (COMSATCOM) services for the Department of Defense from the Director of the Defense Information Systems Agency to the Commander of Air Force Space Command in order to improve the acquisition of COMSATCOM and better integrate the delivery of SATCOM services to the warfighter. The conferees expect the Chief of Space Operations and subsequently the Service Acquisition Executive for Space Systems and Programs to continue to procure these services in an efficient and effective manner.

National Security Space Launch program (sec. 1606)

The House bill contained a provision (sec. 1601) that would prohibit changes to the phase 2 acquisition strategy of the National Security Space Launch program, including with regard to mission performance requirements, acquisition schedule, and the selection of two launch providers. It would also mandate that the period for ordering phase 2 launch missions end by September 2024, cap the Launch Services Agreement funding amount for providers selected for phase 2, and require a termination date for Launch Services Agreements with providers not selected for phase 2.

The provision would also require a certification on reusability of previously-flown launch hardware. In addition, this section would require the Secretary to begin investments toward phase 3 to maintain competition and support innovation by providing up to \$150.0 million for the Secretary to conduct a full and open competition and enter into three agreements to fund certification and infrastructure requirements and transformational technologies. The provision would also include a rule of construction about not delaying phase 2 awards.

The Senate amendment contained similar provisions (secs. 1602 and 1603) that would require the Secretary of the Air Force to begin a program to develop technologies and systems to enhance phase 3 of the National Security Space Launch

requirements and enable further advances in launch capabilities for national security payloads. The provision would limit projects initiated under the program to a duration of no more than 3 years and an expense of not more than \$250.0 million.

The provisions would also require the Secretary of Defense, no later than 540 days after the selection of launch providers for phase 2 of the National Security Space Launch acquisition, to complete nonrecurring design validation of previously flown launch hardware for providers offering such hardware for use in the phase 2 acquisition or other national security space missions.

The Senate recedes with an amendment that would prohibit the Secretary of the Air Force from obligating or expending more on launch service agreements than what is appropriated unless the Secretary uses established procedures to reprogram or transfer additional funds. Additionally, the provision would require the Secretary of Defense, not later than 18 months after the selection of launch providers for phase 2 of the National Security Space Launch acquisition, to complete nonrecurring design validation of previously flown launch hardware for providers offering such hardware for use in the phase 2 acquisition and complete a report on the progress of the study not later than 210 days after selecting the phase 2 providers.

The conferees expect phase 2 awards to end in fiscal year 2024, to support launches through 2027, and to begin phase 3 awards in fiscal year 2025 per the Air Force plan. The conferees also expect the Secretary of the Air Force to provide the briefings required in this provision to the Senate Select Committee on Intelligence and the House Permanent Select Committee on Intelligence. Finally, the provision would establish funding for technology development for certification, infrastructure, and innovation. The conferees highly encourage the Secretary of the Air Force to enter into at least three agreements with potential National Security Space Launch providers.

Commercial space domain awareness capabilities (sec. 1607)

The House bill contained a provision (sec. 1603) that would require the Secretary of the Air Force to award at least two contracts for commercial space domain awareness services not later than 90 days after the date of enactment of this Act. The provision would also limit the obligation or expenditure of funds for enterprise space battle management command and control to no more than 75 percent of funds authorized to be appropriated for fiscal year 2021 until the Secretary certifies to the congressional defense committees that they have awarded

the required contracts. The provision would also require the Chief of Space Operations to submit to the congressional defense committees an unclassified report on all commercial space domain awareness services purchased in the previous 2 years.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Policy to ensure launch of small-class payloads (sec. 1608)

The House bill contained a provision (sec. 1605) that would require the Secretary of Defense to establish a small launch and satellite policy to ensure responsive and reliable access to space through the processing and launch of Department of Defense small-class payloads. The provision would detail certain requirements for the policy and require the development and implementation of an acquisition strategy. The provision would also require the Secretary of Defense to submit a report to the congressional defense committees describing a plan for the required policy.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

The conferees direct the Secretary of the Air Force to submit to the congressional defense committees, not later than June 1, 2021, a plan for a 5-year phased acquisition strategy for the small launch and satellite policy. This plan should include steps to provide stability in budgeting and acquisition of capabilities, and flexibility for fair competition. It shall also take into account, as appropriate per competition: (1) The effect of contracts or agreements for launch services or launch capability entered into by the Department with small-class payload launch providers; (2) The Department's requirements; (3) An assessment of mission risk; (4) The cost of integrating a satellite into a launch vehicle; (5) The cost of the launches (whether dedicated or rideshare); (6) The launch performance history; (7) The ability of a launch provider to provide the option of dedicated and rideshare launch capabilities; and (8) Any other matter the Secretary considers appropriate.

Tactically responsive space launch operations (sec. 1609)

The House bill contained a provision (sec. 1606) that would require the Secretary of the Air Force to implement a program for tactically responsive space launch. The provision would require such a program to provide support for such launch operations over the future years defense program, accelerate concepts and procedures for responsive launch, develop related processes, and identify required basing infrastructure.

The Senate amendment contained an identical provision (sec. 1604).

The conference agreement contains this provision.

Limitation on availability of funds for prototype program for multi-global navigation satellite system receiver development (sec. 1610)

The House bill contained a provision (sec. 1607) that would prohibit the obligation or expenditure of more than 80 percent of those funds authorized to be appropriated for fiscal year 2021 for certain Global Positioning System (GPS) equipment. Such restriction would remain in place until the Secretary of Defense certifies to the congressional defense committees that the Secretary of the Air Force is carrying out a prototype program, required by the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92), to increase the resilience of military position, navigation, and timing; and provide to the Committees on Armed Services of the Senate and the House of Representatives a briefing on the implementation of such program.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment that would shift the limitation on availability of funds from the acquisition of GPS user terminals to the operations funds of the Secretary of the Air Force.

Resilient and survivable positioning, navigation, and timing capabilities (sec. 1611)

The Senate amendment contained a provision (sec. 1601) that would require the Secretary of Defense to prioritize elements, platforms, and systems most critical for the operational plans of the combatant commands and to field sufficient equipment to ensure resilient positioning, navigation, and timing for such elements, platforms, and systems. The provision would also require the Secretary to provide to the congressional defense committees a plan to carry out the requirements of this provision along with any reprogramming or budget proposals.

The House bill contained no similar provision.

The House recedes.

The conferees note that this provision is not intended to negate or contradict the requirements contained in section 1609 of the John S. McCain National Defense Authorization Act for Fiscal year 2019 (Public Law 155-232) and in section 1607 of the National Defense Authorization Act for Fiscal year 2020 (Public

Law 116-92) related to Global Positioning System user equipment terminals and an M-code based, multi-global navigation satellite system receiver that is capable of receiving covered signals to enhance the resilience and capability of positioning, navigation and timing capacity in order to address threats to the Global Positioning System and to deter the likelihood of attack on the Global Positioning System.

Leveraging commercial satellite remote sensing (sec. 1612)

The Senate amendment contained a provision (sec. 1609) that would require the Secretary of Defense, in coordination with the Director of the National Reconnaissance Office (NRO) and the Director of the National Geospatial-Intelligence Agency, to leverage commercial satellite imagery and analysis as much as is practicable. The provision would also require the Director of the NRO to include in future analyses of alternatives for geospatial-intelligence systems an assessment of whether commercial alternatives are available that meet any or all of the requirements for the system. The provision would further require the Director to provide the results of such an assessment to the appropriate congressional committees.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Strategy to strengthen civil and national security capabilities and operations in space (sec. 1613)

The House bill contained a provision (sec. 1754) that would express the sense of Congress that the United States Government should support activities in space. It would also require the President to develop and maintain a strategy to ensure that the United States, as appropriate, strengthens civil and national security capabilities and operations in space. The provision would also require the Chairperson of the National Space Council to submit a report on the strategy and a plan to implement the strategy, including specific elements, not later than 1 year after the date of the enactment of this Act.

The provision would further require the Secretary of Defense to submit a report that includes an assessment of the capabilities and role of relevant departments and agencies of the Federal Government to ensure access to launch, communications, and freedom of navigation and other relevant infrastructure and services for civil and national security space programs and activities; identify vulnerabilities that could affect access to space infrastructure; and address financial security and cybersecurity concerns threatening

commercial and Federal Government launch sites of the United States. The report would also include recommendations and costs to improve related capabilities.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

The conferees direct the Secretary of Defense, in consultation with the Director of National Intelligence and the Administrator of the National Aeronautics and Space Administration, not later than October 1, 2021, to submit to the appropriate congressional committees a report that includes an assessment of the capabilities and role of relevant departments and agencies of the Federal Government to ensure access to launch, communications, and freedom of navigation, while maintaining robust infrastructure and cybersecurity. The report shall give recommendations to improve the capabilities referenced and in particular give recommendations to counter the electronic warfare capabilities and counterspace threats of potential adversaries in space.

Report and strategy on space competition with China (sec. 1614)

The House bill contained a provision (sec. 1723) that would require the National Space Council to submit a report to the Congress, not later than 1 year after the date of enactment of this Act, and annually thereafter in fiscal years 2022 and 2023, on an interagency assessment of the ability of the United States to compete with foreign space programs and in the emerging commercial space economy. This section would also require the President to develop and submit a strategy to the Congress, not later than 1 year after the submission of the aforementioned report, on ensuring that the United States can: compete with other national space programs; maintain leadership in the emerging commercial space economy; identify market, regulatory, and other means to address unfair competition from the People's Republic of China based on the findings of in the report; leverage commercial space capabilities to ensure United States national security and the security of United States interests in space; protect United States supply chains and manufacturing critical to competitiveness in space; and coordinate with international allies and partners in space.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment to the report and strategy.

SUBTITLE B—DEFENSE INTELLIGENCE AND INTELLIGENCE-RELATED ACTIVITIES

*Safety of navigation mission of the National Geospatial-
Intelligence Agency (sec. 1621)*

The House bill contained provisions (secs. 1611 and 1612) that would require the National Geospatial Intelligence Agency to assist the Joint Chiefs of Staff, combatant commands, and the military departments in establishing, coordinating, consolidating, and validating mapping, charting, geodetic data, and safety of navigation capability requirements through a formal process governed by the Joint Staff.

The Senate amendment contained no similar provision.
The Senate recedes with a clarifying amendment.

National Academies Climate Security Roundtable (sec. 1622)

The House bill contained a provision (sec. 1613) that would require the Under Secretary of Defense for Intelligence and Security, in coordination with the Director of National Intelligence, to enter into a joint agreement with the National Academies of Sciences to create a new "National Academies Climate Security Roundtable" for the purpose of establishing best practices for identifying and disseminating climate indicators and warnings to ensure that environmental security is included in operational planning and intelligence analysis. This roundtable would support the work of the Climate Security Advisory Council.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

*Efficient use of sensitive compartmented information facilities
(sec. 1623)*

The Senate amendment contained a provision (sec. 1052) that would direct the Director of National Intelligence, in consultation with the Secretary of Defense, to issue revised guidance authorizing and directing Government agencies and their appropriately cleared contractors to process, store, use, and discuss sensitive compartmented information at facilities previously approved to handle such information, without need for further approval by agency or by site.

The House bill contained no similar provision.
The House recedes.

SUBTITLE C—NUCLEAR FORCES

Semiannual updates on meetings held by Nuclear Weapons Council; limitation on availability of funds relating to such updates (sec. 1631)

The House bill contained a provision (sec. 1645) that would alter the section of United States Code governing the Nuclear Weapons Council to include automatic limitations on the obligation and expenditure of funds by the Office of the Under Secretary of Defense for Acquisition and Sustainment in the event that the Council fails to provide to the Congress semiannual updates on the meetings of the Council by the dates established in law.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would limit the effect of the provision to those funds authorized to be appropriated for fiscal year 2021 and limit the restriction on obligation or expenditure of funds to the Office of the Assistant Secretary of Defense for Nuclear, Chemical, and Biological Defense Programs.

Role of Nuclear Weapons Council with respect to performance requirements and budget for nuclear weapons programs (sec. 1632)

The House bill contained a provision (sec. 1641) that would require the Secretary of Defense and Secretary of Energy to use appropriate interagency processes during the development of budget materials of the Department of Defense and the National Nuclear Security Administration (NNSA), and to do so not later than the third quarter of the fiscal year preceding the budget request. This section would further require a report describing any transfers made to the NNSA and certifying that such transfers were developed in the manner described in this provision.

The Senate amendment contained similar provisions (secs. 1651, 1652, and 3111) that would modify Nuclear Weapons Council (NWC) roles and responsibilities as they relate to the National Nuclear Security Administration, nuclear weapons programs requirements, and the development of the annual nuclear weapons budget.

The provisions would provide to the NWC the authority to review proposed capabilities and validate requirements for nuclear weapons programs.

The provisions would also clarify the role of the NWC in the planning, programming, budgeting, and execution process of the NNSA, including by specifying NWC participation at each stage of the budget process.

The provisions would also make further changes to the budget preparation process of the NNSA. First, the Secretary of Energy would be required to transmit the proposed budget request of the NNSA to the NWC before the request is submitted to the Office of Management and Budget (OMB). The NWC would then review the NNSA budget proposal and determine whether it is adequate to implement Department of Defense (DOD) nuclear weapons objectives. The NWC would submit back to the Secretary of Energy either confirmation of adequacy of the budget proposal or a written description of funding levels and specific initiatives required to make the budget request adequate to implement those objectives.

If the NWC determines that the budget request is inadequate and submits such written description, the Secretary of Energy would be required to include this description of the funding levels and specific initiatives in the proposed budget submitted to the OMB. The Secretary would include in the submission an annex containing a description of changes made to the proposed NNSA budget through this process. The Secretary would also be required to submit that annex to the Congress along with the President's Budget request.

Finally, the Secretary would be required to transmit the complete proposed budget submission to the NWC at the same time as it is submitted to the OMB. After reviewing the submission, the NWC would be required to determine whether it contains the funding levels and initiatives described above and to submit to the Congress either a certification that the budget request is adequate to meet DOD objectives or a statement that it is not.

The House recedes with an amendment that would combine the provisions in sections 1651 and 3111 of the Senate amendment, and strike section 1652 of the Senate amendment.

Modification of Government Accountability Office review of annual reports on nuclear weapons enterprise (sec. 1633)

The Senate amendment contained a provision (sec. 1653) that would revise the required timing for annual Government Accountability Office reviews of reports submitted pursuant to section 492(a)(c) of title 10, United States Code.

The House bill contained no similar provision.

The House recedes.

Independent study on nuclear weapons programs of certain foreign countries (sec. 1634)

The House bill contained a provision (sec. 1643) that would require the Secretary of Defense to enter into a contract

with a federally funded research and development center to produce an open source analysis of foreign nuclear programs, to be made publicly available. The provision would also extend a requirement for the Secretary of Defense, in consultation with the Director of National Intelligence, to produce a report on foreign and U.S. nuclear weapons capabilities.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the timeline of the report to be prepared by the federally funded research and development center and include Iran, to the extent applicable, in the list of foreign countries covered in the report to be prepared by the Secretary and the Director.

Prohibition on reduction of the intercontinental ballistic missiles of the United States (sec. 1635)

The Senate amendment contained a provision (sec. 1654) that would prohibit the obligation or expenditure of fiscal year 2021 funds to reduce deployed United States intercontinental ballistic missiles' responsiveness, alert level, or quantity to fewer than 400. The provision would provide an exception to this prohibition for activities related to maintenance and sustainment and activities to ensure safety, security, or reliability.

The House bill contained no similar provision.

The House recedes.

SUBTITLE D—MISSILE DEFENSE PROGRAMS

Alignment of the Missile Defense Agency within the Department of Defense (sec. 1641)

The House bill contained a provision (sec. 1655) that would make certain findings related to the activities of the Missile Defense Agency (MDA) and express the sense of Congress that once the independent review required in the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) is complete, the Secretary of Defense should reassess the alignment of the Agency within the Department of Defense (DOD). The provision would also require the Secretary to provide to the congressional defense committees a report on the risks and benefits of, as well as the actions required by, such a realignment.

The Senate amendment contained a similar provision (sec. 1666) that would repeal the requirement for any particular reporting structure for the Missile Defense Agency.

The Senate recedes with an amendment that would strike the findings, repeal the requirement for a specific reporting structure for the Missile Defense Agency, and require the Secretary of Defense to satisfy certain conditions, including a 60-day wait period, before modifying DOD Directive 5134.09. The amendment would also include a review by the Comptroller General of the United States of the compliance of the Secretary of Defense with certain requirements of the National Defense Authorization Act for Fiscal Year 2020 regarding MDA and non-standard acquisition processes, and improvements and benefits of changes proposed to missile defense unique acquisition authorities.

The conferees understand the need to update the current DOD directive 5134.09 to address fact-of-life changes to organizational structures within the Department of Defense. Further, the conferees support codifying best practices for missile defense acquisition, and increasing oversight of critical efforts to address missile defense combatant commander requirements. For the Congress to conduct its oversight duties on Department of Defense efforts with regard to missile defense, the conferees encourage the Department of Defense to maintain open communication with the congressional defense committees as changes are made to overall missile defense acquisition and requirements authorities, responsibilities, and oversight.

Extension of prohibition relating to missile defense information and systems (sec. 1642)

The Senate amendment contained a provision (sec. 1663) that would extend by 5 years a prohibition on the transfer of certain missile defense technologies and telemetry data to the Russian Federation, as well as the integration of missile defense systems with those of the Russian Federation or the People's Republic of China.

The House bill contained no similar provision.

The House recedes.

Extension of transition of ballistic missile defense programs to military departments (sec. 1643)

The House bill contained a provision (sec. 1652) that would delay for 2 years the deadline established in the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91) for the Missile Defense Agency to transfer responsibility for mature missile defense programs to the military departments.

The Senate amendment contained no similar provision.

The Senate recedes.

Extension of requirement for Comptroller General review and assessment of missile defense acquisition programs (sec. 1644)

The House bill contained a provision (sec. 1651) that would extend by 5 years the annual Comptroller General of the United States review of Missile Defense Agency acquisition programs. The provision would also increase the scope of the review by including emergent issues relating to the subject matter in either the reports prepared under the section or in separate briefings to the congressional defense committees.

The Senate amendment contained a similar provision (sec. 1665).

The House recedes with a technical amendment.

Development of hypersonic and ballistic missile tracking space sensor payload (sec. 1645)

The House bill contained provisions (sec. 1653 and sec. 1654) that would find that the Missile Defense Agency (MDA) is required to develop the Hypersonic and Ballistic Tracking Space Sensor (HBTSS) payload by law and that the President's Budget request for fiscal year 2021 did not include funding for the Missile Defense Agency to continue such activities. The provisions would express the sense of Congress that regardless of the overall architecture, the Director of MDA is responsible for the material development of the HBTSS payload. The provisions would also limit the expenditure or obligation of more than 50 percent of funds authorized to be appropriated by this Act for fiscal year 2021 for the operations and maintenance of the Space Development Agency (SDA) until the Secretary of Defense certifies to the Congress that they have assigned the Director of the Missile Defense Agency principal responsibility for the development and deployment of the HBTSS payload.

The provisions would further find and express the sense of Congress that HBTSS is underfunded and should be prioritized within the architecture of SDA. The provisions would also require an annual certification from the Secretary of Defense, without delegation, that the most recent future years defense program adequately resources the development and deployment of the HBTSS payload and that the Commander of United States Space Command has validated both the ballistic- and hypersonic-tracking elements of the program requirements.

The Senate amendment contained a similar provision (sec. 1662) that would require the Secretary of Defense to assign primary responsibility for the development and deployment of a HBTSS payload to the Director of MDA through the end of fiscal year 2022. It would also require the Secretary to determine

whether responsibility for the development and deployment of a HBTSS payload should transition to the United States Space Force after fiscal year 2022 and, if such a determination is made, submit a transition plan along with the determination.

The provision would require the Under Secretary of Defense (Comptroller) and the Director, Cost Assessment and Program Evaluation, to submit a certification with the fiscal year 2022 budget request as to whether the HBTSS program is sufficiently funded in the future years defense program and would prohibit the obligation or expenditure of more than 50 percent of funds authorized to be appropriated for travel of the Office of the Under Secretary of Defense for Research and Engineering until that certification is submitted.

The provision would further require the Director of MDA to begin on-orbit testing of a HBTSS payload not later than December 31, 2022. Finally, the provision would require the Chair of the Joint Requirements Oversight Council (JROC) to submit to the congressional defense committees an assessment of whether the various Department of Defense efforts for space-based sensing and tracking are aligned with JROC-validated requirements.

The House recedes with an amendment that would change the determination regarding the transition of HBTSS to the Space Force into a plan for integrating the MDA-developed payload into existing architectures of SDA and the Space Force, delay the date for required on-orbit testing of the payload until 2023, include the limitation on the use of funds, strike the report by the JROC, and include the annual certification of sufficient resourcing and valid requirements.

Ground-based midcourse defense interim capability (sec. 1646)

The Senate amendment contained a provision (sec. 1667) that would express the sense of Congress that the threat to the United States of ballistic missile attack by rogue nations is increasing and that an interim ballistic missile defense capability should be pursued by the Department of Defense. The provision would require the Secretary of Defense, acting through several relevant officials within the Department of Defense, to develop and deploy such an interim missile defense capability no later than 2026. The provision would specify certain capabilities to be included in such a system and would allow the Secretary of Defense to waive the requirement for development and deployment in certain circumstances. The provision would also require the Director of the Missile Defense Agency to include in the budget justification materials for the fiscal

year 2022 budget a report on the funding profile necessary for such an interim capability.

The House bill contained no similar provision.

The House recedes with an amendment that would strike the sense of Congress, make development subject to appropriations, include the Under Secretary of Defense for Research and Engineering on the list of relevant officials, include an additional grounds for waiving the requirement, and prohibit the delegation of waiver and certification authority to below an Under Secretary of Defense.

Next generation interceptors (sec. 1647)

The House bill contained provisions (secs. 1657 and 1658) that would require the Director of the Missile Defense Agency (MDA) to notify the congressional defense committees should any changes be made to requirements of the next generation interceptor program and would require a briefing not later than 14 days following any contract award on the next generation interceptor. The provisions would also require the Secretary of Defense, in coordination with the Director of MDA, the Commander of U.S. Northern Command, and the Under Secretary of Defense for Policy, to submit a report on the ground-based midcourse defense program.

The provisions would also express the sense of Congress that the Secretary of Defense should ensure robust oversight and accountability for the next generation interceptor program to avoid similar errors that led to the cancellation of the redesigned kill vehicle program. The provisions would further require the Director of Cost Assessment and Program Evaluation (CAPE) to conduct an independent cost assessment of the next generation interceptor program and require that the preliminary cost assessment inform the contract award for the next generation interceptor and be provided to the congressional defense committees not later than the date of the contract award. Finally, the provisions would prohibit MDA from making an initial production decision for the next generation interceptor until two successful flight tests have been conducted.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would combine the two provisions, strike the report on the ground-based midcourse defense system, as it is addressed elsewhere in this Act, and strike the findings and sense of Congress relating to the redesigned kill vehicle program. The amendment would also modify the requirement for an independent CAPE assessment to give the Director of MDA, the Under Secretary of Defense for Acquisition and Sustainment, and the Under Secretary of Defense

for Research and Engineering access to preliminary findings of the assessment to inform the development of the next generation interceptor and provide technical edits.

Report on and limitation on availability of funds for layered homeland missile defense system (sec. 1648)

The House bill contained a provision (sec. 1656) that would require the Director of Cost Assessment and Program Evaluation to conduct an analysis of alternatives for the layered homeland defense architecture using the regional terminal high altitude area defense system and the Aegis ballistic missile defense system. The provision would detail certain requirements for the analysis of alternatives and would require the Secretary of Defense to provide to the congressional defense committees this analysis and a certification that the supporting analysis is sufficient. The provision would also require the Director of the Defense Intelligence Agency (DIA), as well as such other elements of the Intelligence Community as appropriate, to provide to the congressional defense committees an assessment of likely near-peer and rogue state perceptions of such a defense system, along with their likely responses.

The Senate amendment contained a similar provision (sec. 1664) that would require the Director of the Missile Defense Agency (MDA) to provide to the congressional defense committees a report on layered homeland defense and detail certain requirements for said report. The provision would also prohibit the obligation or expenditure by MDA of more than 50 percent of the funds authorized to be appropriated by this Act for fiscal year 2021 for the purposes of a layered homeland missile defense system until the Director provides the required report to the congressional defense committees.

The House recedes with an amendment that would add several requirements to the report and modify several existing ones. The amendment would also include the requirement for a DIA assessment of near-peer and rogue state perceptions of and reactions to the deployment of such a defense system.

Iron Dome short-range rocket defense system and Israeli cooperative missile defense program co-development and co-production (sec. 1649)

The Senate amendment contained a provision (sec. 1661) that would authorize funds for the Missile Defense Agency to provide to the Government of Israel to procure components for the Iron Dome short-range rocket defense system, the David's Sling Weapon System, and the Arrow 3 Upper Tier Interceptor

Program, including through co-production of such components in the United States. The provision would also provide a series of certification requirements relating to implementation of the relevant bilateral agreements before disbursement of these funds, consistent with previous legislative requirements.

The House bill contained no similar provision.

The House recesses.

Report on defense of Guam from integrated air and missile threats (sec. 1650)

The House bill contained a provision (sec. 1660) that would require the Secretary of Defense to submit a report not later than 120 days after the date of the enactment of this Act containing a study on the defense of Guam from integrated air and missile threats, including ballistic, hypersonic, and cruise missiles.

The Senate amendment contained no similar provision.

The Senate recesses with an amendment that would include the Commander of United States Strategic Command and the Director of the Joint Integrated Air and Missile Defense Organization on a list of officials to be consulted pursuant to this provision.

The conferees direct the Secretary of Defense to provide a briefing to the congressional defense committees on any final decisions regarding the development of an integrated air and missile defense architecture for Guam, as well as any decisions on defensive system procurements planned to be made in support of such an architecture, not less than 90 days before such decisions take effect.

Reports on cruise missile defense and North Warning System (sec. 1651)

The House bill contained a provision (sec. 1661) that would require the Commander of United States Northern Command, in coordination with the Director of the Missile Defense Agency, to submit to the congressional defense committees a report on the vulnerability of the contiguous United States to cruise missile threats and a plan to mitigate such vulnerability.

The Senate amendment contained a similar provision (sec. 1062) that would require the Secretary of Defense to provide to the congressional defense committees a report on the status of the North Warning System and detail certain required elements of such report. The provision would also require the Secretary to provide to the congressional defense committees a report on the

modernization of the North Warning System and detail required elements for that report as well.

The Senate recedes with an amendment that would combine the two provisions and require the coordination of the Secretary of the Air Force and the Director for Force Structure, Resources, and Assessment of the Joint Staff in the preparation of the two required reports.

SUBTITLE E—MATTERS RELATING TO CERTAIN COMMERCIAL TERRESTRIAL OPERATIONS

Prohibition on availability of funds for certain purposes relating to the Global Positioning System (sec. 1661)

The House bill contained a provision (sec. 1609) that would prohibit the Department of Defense from taking actions to modify equipment to mitigate interference from terrestrial communications networks operating in certain frequency bands.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would strike the findings of the House provision.

Limitation on awarding contracts to entities operating commercial terrestrial communication networks that cause harmful interference with the Global Positioning System (sec. 1662)

The House bill contained a provision (sec. 1608) that would prohibit the Secretary of Defense from entering into or continuing a contract with any entity engaged in commercial terrestrial operations within specified frequency bands. This prohibition may be waived if the Secretary certifies to the congressional defense committees that such operations cause no harmful interference to Department of Defense use of the Global Positioning System.

The Senate amendment contained no similar provision.

The Senate recedes.

The conferees note that operation of a terrestrial radio network in frequency bands historically reserved for satellite to ground communications may impact existing commercial satellite communications providers who currently provide services to the Department of Defense. The Secretary of Defense should ensure that any efforts to mitigate the possible impacts of a terrestrial radio network on Department of Defense operations account for impacts to commercial satellite communications.

*Independent technical review of Federal Communications
Commission Order 20-48 (sec. 1663)*

The Senate amendment contained a provision (sec. 234) that would require the Secretary of Defense to enter into an agreement with the National Academies to undertake an independent technical review of Federal Communications Commission Order 20-48 insofar as the order may impact Department of Defense equipment and operations.

The House bill contains no similar provision.

The House recedes.

*Estimate of damages from Federal Communications Commission Order
20-48 (sec. 1664)*

The Senate amendment contained a provision (sec. 1083) that would prohibit the Secretary of Defense from using any funds authorized to be appropriated by this Act for fiscal year 2021 to comply with Federal Communications Commission Order 20-48 until the Secretary submits to the congressional defense committees accurate estimates of the costs associated with compliance.

The House bill contained no similar provision.

The House recedes with a technical amendment.

SUBTITLE F—OTHER MATTERS

Conventional prompt strike (sec. 1671)

The House bill contained a provision (sec. 1671) that would require the Secretary of the Navy to initiate transfer of technologies to DDG-1000 class destroyers by not later than January 1, 2021 and require the Chairman of the Joint Chiefs of Staff to submit a report on the requirements, authorities, and updates to existing Department of Defense planning that would be needed with the introduction of strategic hypersonic weapons. The report would also need to address basing strategies for land-based launch platforms and the potential of miscalculation and escalation introduced by these weapons. The provision would further require the Secretary of the Army and Secretary of the Navy to submit annual acquisition documentation to include cost, schedule, and testing, and require the Director of Cost Assessment and Program Evaluation (CAPE) to certify the services' estimates. This requirement would expire once the respective service programs were transitioned out of section 804

authority to standard Department of Defense acquisition management.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of the Navy to initiate efforts to integrate technologies to DDG-1000 class destroyers in fiscal year 2021. The amendment also would modify requirements of the strategic hypersonic weapon report from the Joint Chiefs of Staff and replace the CAPE certification of annual service acquisition reports with CAPE submission of an independent cost estimate for the Army long range hypersonic weapon and Navy conventional prompt strike programs.

Limitation on availability of funds relating to reports on missile systems and arms control treaties (sec. 1672)

The House bill contained a provision (sec. 1674) that would prohibit the obligation or expenditure of more than 25 percent of all funds authorized to be appropriated for the immediate office of the Secretary of Defense until two reports required by the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) are submitted, as required by law.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would shift the limitation on obligation or expenditure of funds to the immediate office of the Under Secretary of Defense for Policy and modify the prohibition to no more than 50 percent of funds authorized to be appropriated.

Submission of reports under Missile Defense Review and Nuclear Posture Review (sec. 1673)

The House bill contained a provision (sec. 1672) that would require the Secretary of Defense to provide to the congressional defense committees, within 30 days of the enactment of the Act, all reports associated with the 2019 Missile Defense Review and 2018 Nuclear Posture Review.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

LEGISLATIVE PROVISIONS NOT ADOPTED

Responsive satellite infrastructure

The House bill contained a provision (sec. 1604) that would require the Secretary of Defense to establish a domestic responsive satellite manufacturing capability for Department of

Defense space operations and develop a plan to rapidly reconstitute critical capability gaps in the event of destruction or failure of a space asset. It would further require an acquisition strategy for responsive satellite infrastructure to swiftly identify need, develop capability, and launch a responsive satellite to fill a critical capability gap in the event of destruction or failure of a space asset or otherwise determined need. The provision would further require the Secretary of Defense to submit a related report not later than 180 days after the date of the enactment of this Act.

The Senate amendment contained no similar provision. The House recedes.

The conferees direct the Secretary of Defense, in consultation with the Secretary of the Air Force, the Chief of Space Operations, and the Commander of United States Space Command, to develop an operational plan and strategy for responsive satellite infrastructure to swiftly identify the need, develop capability, and launch a responsive satellite to fill a critical capability gap in the event of destruction or failure of a space asset or otherwise determined need. The plan shall include: (1) A process for determining whether the reconstitution of a space asset is necessary; (2) The timeframe in which a developed satellite is determined to be "responsive;" (3) A plan to leverage domestic commercial entities in the "new space" supply chain that have already demonstrated rapid satellite product development and delivery capability to meet new "mission responsiveness" requirements being passed down by Department of Defense prime satellite contractors in: (a) power systems and solar arrays; (b) payloads and integration features; and (c) buses and structures; (4) An assessment of acquisition requirements and standards necessary for commercial entities to meet Department of Defense validation of supply chains, processes, and technologies while operating under rapid development cycles needed to maintain a responsive time frame as determined by paragraph (2); and (5) Such other matters as the Secretary considers appropriate.

The conferees also direct the Secretary of Defense, not later than 180 days after the date of enactment of this Act, to submit to the Congress a report detailing the plan.

Space launch rate assessment

The Senate amendment contained a provision (sec. 1607) that would require the Secretary of the Air Force to provide to the congressional defense committees every 2 years an assessment of the total number of U.S. Government space launches during the preceding 2 years and the number of expected space launches over

the following 3 years, along with certain details on the expected launches.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of the Air Force to, not later than 90 days after the date of enactment of this Act, and biennially thereafter for the following 5-year period, submit to the congressional defense committees an assessment that includes: (1) The total number of space launches for all national security and Federal civil agency entities conducted in the United States during the preceding 2-year period; and (2) The number of space launches by the same sponsors projected to occur during the following 3-year period, including: (a) the number of launches, disaggregated by class of launch vehicle; and (b) the number of payloads, disaggregated by orbital destination.

Report on impact of acquisition strategy for the National Security Space Launch Program on emerging foreign space launch providers

The Senate amendment contained a provision (sec. 1608) that would require the Secretary of the Air Force to provide to the Congress a report on the impact of the National Security Space Launch Program, as currently planned, on the potential for foreign commercial space launch providers to enter the global launch market.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of the Air Force to, not later than 90 days after the date of the enactment of this Act, submit to the Congress a report on the impact of the acquisition strategy for the National Security Space Launch program on the potential for foreign countries, including the People's Republic of China, to enter the global commercial space launch market.

Report on effect of COVID-19 on space industrial base and space programs of Department of Defense

The House bill contained a provision (sec. 1610B) that would require the Secretary of Defense to submit to the congressional defense committees a report on the current and projected effects of COVID-19 on the space industrial base and programs and detail certain requirements for the report.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, not later than 120 days after the date of enactment of this Act, to submit a report to the congressional defense committees on the current and projected effects of COVID-19 on the space industrial base and the space programs of the Department of Defense. The report shall include an assessment of each of the following:

(1) COVID-19 related and associated impacts to cost, timeline, and performance to the space industrial base and the space programs of Department, including with respect to:

(a) procurement and acquisition;

(b) research, development, test, and evaluation;

(c) partnerships with non-Federal governmental entities, such as universities and not-for-profit organizations; and

(d) labor force disruptions;

(2) Regional and sector-specific disruptions and concerns;

(3) Current mitigation strategies by both the Federal Government and industry;

(4) Any supplemental disaster appropriations requirements to mitigate impacts to such programs; and

(5) Recommendations to address risks and threats to the Federal Government and industry relating to such impacts.

Satellite ground network frequency licensing

The House bill contained a provision (sec. 1610C) that would require the Secretary of Defense, in consultation with certain other offices, to provide to the Committees on Armed Services of the Senate and the House of Representatives a report on Department of Defense (DOD) processes for identifying and securing frequency licenses for national security space ground assets. The provision would also require the Secretary of the Air Force, in consultation with the Chief of Space Operations, to review and redesignate certain controlled unclassified information relating to antenna specifications in accordance with "Distribution Statement A" of DOD instruction 5230.24.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, in consultation with the Secretary of the Air Force and the Chief of Space Operations, to submit to the Committees on Armed Services of the Senate and the House of Representatives, and any other appropriate congressional committee upon request, a report on the Department's processes and procedures for identifying and securing frequency licenses for national security space ground

assets. Such a report shall be submitted not later than 180 days after the date of the enactment of this Act and shall address the following: (1) An assessment of current processes, procedures, requirements, timelines, and entities necessary to coordinate and secure frequency licensing for Department of Defense space ground antenna and assets; (2) A plan to address and streamline procedures regarding the ingestion and licensing of commercial industry antenna in support of the augmentation of existing network capacity; (3) A review of FOUO classification requirements for information and specifications related to the items addressed within this report; and (4) Such other matters as the Secretary considers appropriate.

Report on resilient protected communications satellites

The House bill contained a provision (sec. 1610) that would make certain findings related to critical national security space systems and their reliance on protected communications satellites. The provision would also require the Chief of Space Operations to submit to the congressional defense committees a report on Space Force plans for such systems not later than 60 days after the enactment of this Act.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Chief of Space Operations, not later than 60 days after the date of enactment of this Act, to submit to the congressional defense committees a report on how the Space Force will address the need for resilient protected communications satellites during the years 2025 through 2032.

Exercises of nuclear command, control, and communications system

The House bill contained a provision (sec. 1642) that would amend chapter 24 of title 10, United States Code, to direct the President, beginning in 2021, to participate in a large scale exercise of the nuclear command, control, and communications system at the beginning of each term of the President. The provision allowed the President to waive this requirement if the President determined that participating in such an exercise was infeasible by reason of a war declared by the Congress, a national emergency declared by the President or the Congress, a public health emergency declared by the Secretary of Health and Human Services under section 319 of the Public Health Service Act (42 U.S.C. 247d), or other similar exigent circumstance, and submits to the congressional defense committees a notice of the waiver and a description of such determination.

The Senate amendment contained no similar provision.
The House recedes.

The conferees believe that all Presidents should familiarize themselves with the nuclear command, control and communications systems and nuclear war plans, and should regularly review their nuclear command and control responsibilities as Commander in Chief.

Role of Secretary of Defense and Secretary of Energy on Nuclear Weapons Council

The House bill contained a provision (sec. 1644) that would amend section 179 of title 10, United States Code, to include the Secretary of Defense and the Secretary of Energy as members of the Nuclear Weapons Council and to designate the Secretaries as co-chairs of the Council. The provision would also remove the option for the Under Secretary for Nuclear Security to chair a meeting of the Nuclear Weapons Council whenever the matter under consideration is within the primary responsibility or concern of the Department of Energy, as determined by majority vote of the Council.

The Senate amendment contained no similar provision.
The House recedes.

Briefing on nuclear weapons storage and maintenance facilities of the Air Force

The House bill contained a provision (sec. 1646) that would require the Secretary of the Air Force to provide a briefing on nuclear weapons storage and maintenance facilities of the Air Force to the congressional defense committees not later than 90 days after the date of enactment of this Act.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the Secretary of the Air Force to provide a briefing not later than March 1, 2021 on the efforts by the Secretary to harden and modernize the nuclear weapons storage and maintenance facilities of the Air Force to the congressional defense committees. The briefing should include the plans of the Secretary with respect to the following:

(1) Verifying that the Air Force is deploying tested and field-proven physical security designs of such facilities, including with respect to forced entry, blast and ballistic resistant barrier systems, that incorporate multiple reactive countermeasures for protection against the dedicated adversary threat classification level;

(2) Streamlining the procurement of the infrastructure to protect ground-based strategic deterrent weapons by ensuring that the physical security designs of such facilities are appropriately tailored to the threat;

(3) Ensuring that competitive procedures are used in awarding a contract for the physical security design of such facilities that include a fair consideration of such designs that are successfully used at other similar facilities; and

(4) Ensuring that the physical security design for which such contract is awarded:

(a) Meets the security requirements of all planned modernization projects for the nuclear weapons storage and maintenance facilities of the Air Force; and

(b) Does not result in higher and additional costs to shore up existing infrastructure at such facilities.

Sense of the Senate on nuclear cooperation between the United States and the United Kingdom

The Senate amendment contained a provision (sec. 1655) that would express the sense of the Senate on nuclear cooperation between the United States and the United Kingdom.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that:

(1) The North Atlantic Treaty Organization (NATO) continues to play an essential role in the national security of the United States and the independent nuclear deterrents of other NATO members, such as the United Kingdom, have helped underwrite peace and security;

(2) The nuclear programs of the United States and the United Kingdom have enjoyed significant collaborative benefits as a result of the cooperative relationship formalized in the Agreement for Cooperation on the Uses of Atomic Energy for Mutual Defense Purposes, signed at Washington July 3, 1958, and entered into force August 4, 1958 (9 UST 1028), between the United States and the United Kingdom (commonly referred to as the 'Mutual Defense Agreement');

(3) The unique partnership between the United States and the United Kingdom has enhanced sovereign military and scientific capabilities, strengthened bilateral ties, and shared costs, particularly on such programs as the Trident II D5 weapon system and the common missile compartment for the future Dreadnought and Columbia classes of submarines;

(4) Additionally, the extension of the nuclear deterrence commitments of the United Kingdom to members of the NATO alliance strengthens collective security while reducing the

burden placed on United States nuclear forces to deter potential adversaries and assure allies of the United States and the United Kingdom;

(5) As the international security environment deteriorates and potential adversaries expand and enhance their nuclear forces, the extended deterrence commitments of the United Kingdom play an increasingly important role in supporting the security interests of the United States and allies of the United States and the United Kingdom;

(6) It is in the national security interest of the United States to support the United Kingdom with respect to the decision of the Government of the United Kingdom to maintain its nuclear deterrent until global security conditions warrant its elimination;

(7) As the United States must modernize its aging nuclear forces to ensure its ability to continue to field a nuclear deterrent that is safe, secure, and effective, the United Kingdom faces a similar challenge;

(8) Bilateral cooperation on the parallel development of the W93/Mk7 warhead of the United States and the replacement warhead of the United Kingdom, as well as associated components, will allow the United States and the United Kingdom to responsibly address challenges within their legacy nuclear forces in a cost-effective manner that:

(a) preserves independent, sovereign control;

(b) is consistent with each country's obligations under the Treaty on the Non-Proliferation of Nuclear Weapons, done at Washington, London, and Moscow July 1, 1968, (21 UST 483) (commonly referred to as the 'Nuclear Non-Proliferation Treaty'); and

(c) supports nonproliferation objectives; and

(9) Continued cooperation between the nuclear programs of United States and the United Kingdom, including through the W93/Mk7 program, is essential to ensuring that the NATO alliance continues to be supported by credible nuclear forces capable of preserving peace, preventing coercion, and deterring aggression.

Missile defense cooperation between the United States and Israel

The House bill contained a provision (sec. 1659) that would express the sense of Congress supporting U.S. and Israel missile defense cooperation under the current memorandum of understanding, support continued government-to-government information sharing with regard to the potential of using Israeli missile defense systems for U.S. purposes, and also

provide support for the Secretary of Defense to expand missile defense cooperation to include directed energy capabilities.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that issues relating to future cooperative development and integration of directed energy technologies with Israel are addressed in other provisions of this Act.

Report on consideration of risks of inadvertent escalation to nuclear war

The House bill contained a provision (sec. 1673) that would require the Under Secretary of Defense for Policy to submit a report to the Committees on Armed Services of the Senate and the House of Representatives detailing the Department of Defense's efforts to develop and implement guidance to ensure that the risks of inadvertent escalation to nuclear war are considered within the decision-making processes of the Department.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Department of Defense provided a report to respond to the subject area of this provision, however it did not fully address all of the required elements. The conferees strongly urge the Department to provide complete, on-time responses to congressional reporting requirements in the future.

Report on electromagnetic pulse hardening of ground-based strategic deterrent weapons system

The Senate amendment contained a provision (sec. 6651) that would require the Secretary of the Air Force to provide to the congressional defense committees a report on the requirements for hardening the ground-based strategic deterrent weapons system against electromagnetic pulses and detail certain elements of the report.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of the Air Force to brief the congressional defense committees on the requirements to harden the ground-based strategic deterrent against electromagnetic pulses. The briefing would include: (1) The testing protocols the ground-based strategic deterrent program will use for electromagnetic pulse testing; (2) How requirements for electromagnetic pulse hardness will be integrated into the

ground-based strategic deterrent program; (3) Plans for electromagnetic pulse verification tests of the ground-based strategic deterrent weapons system; (4) Plans for electromagnetic pulse testing of nonmissile components of the ground-based strategic deterrent weapons system; and (5) Plans to sustain electromagnetic pulse qualification of the ground-based strategic deterrent weapons system.

TITLE XVII—CYBERSPACE-RELATED MATTERS

Modification of mission of Cyber Command and assignment of cyber operations forces (sec. 1701)

The House bill contained a provision (sec. 1621) that would alter the requirements for submission of certain cyber-specific budget justification materials and expand the scope of such materials to include the entirety of the cyberspace operations forces.

The Senate amendment contained a similar provision (sec. 1621) that would modify the establishing statute for United States Cyber Command to broaden the function of the command and bring force allocation procedures for the command into alignment with those of other unified combatant commands.

The Senate recedes with an amendment that would combine the provisions and further specify the submission requirements for cyber-specific budget justification materials.

Modification of scope of notification requirements for sensitive military cyber operations (sec. 1702)

The Senate amendment contained a provision (sec. 1613) that would modify the requirements for notification of sensitive military cyber operations by clarifying the statutory definition of the term "sensitive military operation."

The House bill contained no similar provision.

The House recedes.

Modification of requirements for quarterly Department of Defense cyber operations briefings for Congress (sec. 1703)

The Senate amendment contained a provision (sec. 1614) that would modify several aspects of the quarterly cyber operations briefings required by section 484 of title 10, United States Code. The provision would shift the responsibility to provide the briefings to the Under Secretary of Defense for Policy, the Commander of United States Cyber Command, and the

Chairman of the Joint Chiefs of Staff. The provision would also require the inclusion of reporting on clandestine cyber activities, updates on new authorities and presidential directives, and information on critical challenges posed by adversaries or encountered in the course of operations.

The House bill contained no similar provision.

The House recedes.

Clarification relating to protection from liability of operationally critical contractors (sec. 1704)

The Senate amendment contained a provision (sec. 1635) that would amend section 391 of title 10, United States Code, to extend the ability of the Department of Defense (DOD) to react immediately to reports of intrusions that may affect critical DOD data. The committee understands the importance of commercial service providers to the DOD and believes that the security and integrity of these providers are absolutely critical to the effective management of the worldwide logistics enterprise, especially during a contingency or wartime.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the requirements for protection from liability under the provision.

Strengthening Federal networks; CISA cybersecurity support to agencies (sec. 1705)

The House bill contained provisions (sec. 1639 and sec. 1640C) that would authorize the director of the Cybersecurity and Infrastructure Security Agency (CISA) and the Secretary of the Department of Homeland Security to conduct threat hunting on Federal information systems and would require the Secretary to implement such a program not later than 1 year after the enactment of this Act. The provisions would also allow, at the discretion of the Secretary, CISA to provide services, information technology, and sensors to other Federal agencies upon request.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would combine the two provisions, provide general authorization for information sharing, and strike the requirement to implement the threat hunting program within 1 year of enactment of the Act.

Improvements relating to the quadrennial cyber posture review (sec. 1706)

The Senate amendment contained a provision (sec. 1626) that would update the requirements of the Quadrennial Cyber Posture Review. The provision would require the review to include new sections on delegation of authorities, consultations with academia and industry in the review of cyber competition and deterrence strategies, and a comprehensive force structure assessment of the Cyber Operations Forces.

The House bill contained no similar provision.

The House recedes with an amendment that would include capacity-building programs with international partners under the review.

Modification of authority to use operation and maintenance funds for cyber operations-peculiar capability development projects (sec. 1707)

The Senate amendment contained a provision (sec. 1638) that would modify the authority to use operation and maintenance (O&M) funds for cyber operations-peculiar capability development projects to allow the Secretaries of the military departments to each obligate and expend funds under this authority up to a total of \$20.0 million per year. The provision would also allow the Commander, U.S. Cyber Command, to use O&M funds for cyber operations-peculiar capability development projects under this authority up to a total of \$6.0 million per year.

The House bill contained no similar provision.

The House recedes with an amendment that would reduce the amount that each service secretary may obligate and expend under this authority to a total of \$10.0 million per year.

Personnel management authority for Commander of United States Cyber Command and development program for offensive cyber operations (sec. 1708)

The Senate amendment contained a provision (sec. 1639) that would provide to the Commander of United States Cyber Command special personnel management authorities to pay up to 10 computer scientists, data scientists, engineers, mathematicians, and computer network exploitation specialists at rates of basic pay authorized for senior-level positions under section 5376 of title 5, United States Code. The provision would require the Commander of U.S. Cyber Command to establish a new program, or augment an existing one, using such talent to: (1) Develop accesses, tools, vulnerabilities, and tactics, techniques, and procedures fit for military operations; (2) Decrease the reliance of the Command on accesses, tools, and expertise provided by the intelligence community; and (3) Coordinate

development activities with, and facilitate transition of, capabilities from the Defense Advanced Research Projects Agency, the Strategic Capabilities Office, and the intelligence community.

The House bill contained no similar provision.

The House recedes.

Applicability of reorientation of Big Data Platform program to Department of Navy (sec. 1709)

The Senate amendment contained a provision (sec. 1634) that would modify the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to make explicit the applicability of section 1651 of that Act to the Department of the Navy, including the Sharkcage and associated programs. The provision would require certain responsible parties within the Department of the Navy to provide to the congressional defense committees a briefing on the compliance of the Department with this provision no later than January 1, 2021.

The House bill contained no similar provision.

The House recedes with an amendment that would alter the date of the briefing.

Report on Cyber Institutes program (sec. 1710)

The Senate amendment contained a provision (sec. 1641) that would amend section 1640 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) by requiring the Secretary of Defense to submit a report, by September 30, 2021, to the Committees on Armed Services of the Senate and the House of Representatives on the effectiveness of Cyber Institutes and on opportunities to expand Cyber Institutes to additional institutions of higher learning that have a Reserve Officers' Training Corps program.

The House bill contained no similar provision.

The House recedes.

Modification of acquisition authority of Commander of United States Cyber Command (sec. 1711)

The Senate amendment contained a provision (sec. 1616) that would make permanent certain special acquisition authorities granted to the commander of United States Cyber Command in the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92).

The House bill contained no similar provision.

The House recedes.

Modification of requirements relating to the Strategic Cybersecurity Program and the evaluation of cyber vulnerabilities of major weapon systems of the Department of Defense (sec. 1712)

The Senate amendment contained a provision (sec. 1630) that would require the Secretary of Defense to establish policies and requirements for each major weapon system, and the priority critical infrastructure essential to the proper functioning of major weapon systems in broader mission areas, to be re-assessed for cyber vulnerabilities. The provision would also make a number of amendments to section 1640 of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115-91; 10 U.S.C. 2224 note), which required the development of a plan for the establishment of the Strategic Cybersecurity Program.

The House bill contained no similar provision.

The House recedes with an amendment that would require the program to be conducted by a program office of the National Security Agency and give primary responsibility for the program as a whole to the Under Secretary of Defense for Acquisition and Sustainment. The amendment would also specify in greater detail the responsibilities of certain relevant parties as they relate to the program.

Modification of position of Principal Cyber Advisor (sec. 1713)

The Senate amendment contained a provision (sec. 1611) that would amend the position of the Principal Cyber Advisor to the Secretary of Defense by removing some restrictions on the designation of the Advisor as well as modifying the scope of the responsibilities of the position.

The House bill contained no similar provision.

The House recedes.

Cyberspace Solarium Commission (sec. 1714)

The House bill contained a provision (sec. 1622) that would update the membership of the Cyberspace Solarium Commission and extend the Commission to provide updates to the legislative and executive branches regarding the implementation of the Commission's findings.

The Senate amendment contained a similar provision (sec. 1624).

The Senate recedes with an amendment that would modify details of the Commission extension.

Establishment in Department of Homeland Security of joint cyber planning office (sec. 1715)

The House bill contained a provision (sec. 1640D) that would establish within the Cybersecurity and Infrastructure Security Agency a joint cyber planning office to develop plans for the cyber defense of private and public sector entities. The provision would detail requirements for the development of plans by the office and certain composition and consultation requirements for the office.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the requirements for the leadership of the office.

Subpoena authority (sec. 1716)

The House bill contained a provision (sec. 1640A) that would grant the Cybersecurity and Infrastructure Security Agency of the Department of Homeland Security the authority to issue administrative subpoenas.

The Senate amendment contained a similar provision (sec. 6088).

The Senate recedes.

Cybersecurity State Coordinator (sec. 1717)

The Senate amendment contained a provision (sec. 6613) that would require the director of the Cybersecurity and Infrastructure Security Agency to appoint a cybersecurity coordinator for each State.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the duties of the appointed cybersecurity State coordinators.

Cybersecurity advisory committee (sec. 1718)

The Senate amendment contained a provision (sec. 6614) that would require the establishment within the Cybersecurity and Infrastructure Security Agency of an advisory committee and detail several requirements for the composition and responsibilities of such body.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the list of recipients for a required congressional notification.

Cybersecurity education and training assistance program (sec. 1719)

The Senate amendment contained a provision (sec. 6615) that would amend the Homeland Security Act of 2002 (Public Law 107-296) to authorize the establishment of Cybersecurity Education and Training Assistance Programs within the Department of Homeland Security.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Framework for cyber hunt forward operations (sec. 1720)

The Senate amendment contained a provision (sec. 1612) that would require the Secretary of Defense to develop a framework to enhance the consistency and effectiveness of cyber hunt forward missions. The provision would require the framework to include criteria for initiating a hunt forward operation, the roles and responsibilities of several relevant organizations in the planning and execution of such operations, planning guidelines, metrics to measure effectiveness, and responsibilities for the analysis of mission data. The provision would also require the Secretary of Defense to provide to the Committees on Armed Services of the Senate and the House of Representatives a briefing not later than March 1, 2021 on the framework developed in accordance with this provision.

The House bill contained no similar provision.

The House recedes with an amendment that would require the framework to include discussion of relevant counterintelligence planning, force presentation, and certain personnel policy matters relevant to such operations.

Rationalization and integration of parallel cybersecurity architectures and operations (sec. 1721)

The Senate amendment contained a provision (sec. 1615) that would require the Commander of United States Cyber Command to conduct a detailed review, in consultation with various relevant parties within the Department of Defense, of the Cybersecurity Service Provider and Cyber Mission Force enterprises in order to identify gaps and redundancies. The provision would also require certain relevant parties to develop recommendations for the Secretary of Defense to support the development of the fiscal year 2023 budget request and provide to the congressional defense committees a briefing no later than March 31, 2021 on the progress made in carrying out this provision.

The House bill contained no similar provision.

The House recedes with an amendment that would require the inclusion of the Principal Cyber Advisors and the Chief

Information Officers of the military services in the list of parties supporting the preparation of the required review.

Assessing risk to national security of quantum computing (sec. 1722)

The House bill contained a provision (sec. 1614) that would require the Secretary of Defense to prepare and submit to the congressional defense committees an assessment of the current and future risks posed to national security by quantum computing. The provision would also require the Secretary to provide updates on the assessment each quarter until the completion of the assessment.

The Senate amendment contained a similar provision (sec. 1633) that would require the Secretary of Defense to prepare an assessment on the threats posed to critical national security systems by quantum computing. The provision would also require the Secretary to brief the congressional defense committees upon the completion of the assessment on the findings and recommendations.

The House recedes with an amendment that would alter the dates of the reporting requirement and briefing, and modified the elements of the assessment.

Tailored cyberspace operations organizations (sec. 1723)

The House bill contained a provision (sec. 1623) that would require the Secretary of the Navy to submit to the congressional defense committees a study on the Navy Cyber Warfare Development Group no later than 120 days after the date of enactment. The provision would also require the Secretary of the Navy to designate the group as a screened command and release the study to the other service secretaries and the Commander of United States Special Operations Command (SOCOM). The provision would authorize the creation by the other services and SOCOM of counterpart organizations to Navy Cyber Warfare Development Group with similar size and authorities. Finally, the provision would require each service secretary and the Commander of U.S. SOCOM to brief the congressional defense committees not later than 30 days after receipt of the Secretary of the Navy's study on their intent or lack thereof to establish such a counterpart organization.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would alter the requirements of the study, including the addition of a requirement to provide recommendations on the creation of counterpart organizations, modify the timing of the required

briefing from the other service secretaries, and move the responsibility for SOCOM involvement under the provision to the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict.

Responsibility for cybersecurity and critical infrastructure protection of the defense industrial base (sec. 1724)

The House bill contained a provision (sec. 1624) that would designate the Principal Cyber Advisor to the Secretary of Defense as the Department of Defense's lead official for the Department's roles and functions as assigned under Presidential Policy Directive 21, specifically on support of the critical infrastructure security and resilience of the defense industrial base.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would designate the Principal Cyber Advisor as responsible for coordination of all policies and programs germane to defense industrial base cybersecurity, and would direct the Secretary of Defense to conduct a comprehensive assessment of the complete set of roles and responsibilities of the Department in implementing Presidential Policy Directive 21 and report within 180 days of enactment of this Act.

The conferees note that the COVID-19 pandemic revealed that the Under Secretary of Defense for Policy had not fulfilled its sector specific agency planning responsibilities for National Infrastructure Preparedness under Presidential Policy Directive 21. This led to confusion and delays in determining how to mitigate risks to the defense industrial base. Although not technically responsible to do so under the Department's aforementioned formal roles and responsibilities, the astute attention of the Under Secretary of Defense for Acquisition and Sustainment was successful in mitigating the delays and in getting the defense industrial base back to work. The conferees emphasize the importance of a coherent approach, and strongly recommend the Secretary consider assigning the Under Secretary of Defense for Acquisition and Sustainment as lead for all the non-cyber responsibilities under Presidential Policy Directive 21.

Pilot program on remote provision by National Guard to National Guards of other States of cybersecurity technical assistance in training, preparation, and response to cyber incidents (sec. 1725)

The Senate amendment contained provisions (sec. 590 and sec. 5590) that would authorize the Secretary of the Army and the Secretary of the Air Force to each conduct a pilot program to develop and use a capability within the National Guard through which a National Guard of a State would remotely provide State governments and National Guard units of other States with cybersecurity technical assistance. The provisions would establish the development and exercise activities to be assessed and executed as part of the program, should it be carried out.

The House bill contained no similar provision.

The House recedes with an amendment that would shift responsibility for the pilot program, modify scope, include a termination date for the authority to begin the pilot program, modify certain assessment requirements, strike a requirement relating to demonstration exercises, and modify the term of the pilot program.

Department of Defense cyber workforce efforts (sec. 1726)

The House bill contained a provision (sec. 1625) that would direct the Department of Defense Chief Information Officer (CIO) to study and expand the model used at the National Security Agency (NSA) that authorizes NSA employees to use up to 140 hours of paid time toward NSA cyber education efforts in local communities. The provision would also require the CIO to study and provide a report to the congressional defense committees on the Training With Industry program and the synchronization between NSA GenCyber program and the Centers for Academic Excellence.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Reporting requirements for cross domain incidents and exemptions to policies for information technology (sec. 1727)

The House bill contained a provision (sec. 1626) that would direct the Secretary of Defense to report monthly to the congressional defense committees on all cross domain compromises within the Department of Defense Information Network and would direct the Secretary of Defense to report biannually to the congressional defense committees on all current exemptions to information technology policies.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would revise and further specify the nature of the items being reported.

The conferees' intent is to establish a baseline for legislative oversight on areas where the Department of Defense has accepted risk to its networks and systems.

Assessing private-public collaboration in cybersecurity (sec. 1728)

The House bill contained a provision (sec. 1627) that would require the Secretary of Defense to conduct a review of any public-private collaboration initiatives related to cybersecurity and the defense of critical infrastructure, and submit the results of said review in a report to the congressional defense committees.

The Senate amendment contained no similar provision.
The Senate recedes.

Cyber capabilities and interoperability of the National Guard (sec. 1729)

The House bill contained a provision (sec. 1628) that would direct the Secretary of Defense, in conjunction with the Chief of the National Guard Bureau, to conduct a review of existing statutes, rules, and regulations that govern the use of the National Guard in response to significant cyber incidents.

The Senate amendment contained a similar provision (sec. 1625) that would require the Secretary of Defense, in coordination with the Secretary of Homeland Security, to carry out a similar evaluation of existing authorities in place for the use of the National Guard in response to cyber incidents.

The Senate recedes with an amendment that would require the Secretary of Defense to consult with the Secretary of Homeland Security rather than the Chief of the National Guard Bureau, modify the list of congressional recipients of the evaluation, and modify the required contents of the report.

Evaluation of non-traditional cyber support to the Department of Defense (sec. 1730)

The House bill contained a provision (sec. 1629) that would require the Principal Cyber Advisor to the Secretary of Defense, in consultation with certain other officials, to conduct an assessment of military reserve models to support Department of Defense cyberspace operations. The provision would detail the required elements of such an assessment and require the Secretary of Defense to provide to the congressional defense committees a report on the assessment and its findings.

The Senate amendment contained a similar provision (sec. 1628) that would require the Secretary of Defense to conduct an evaluation of options for establishing a cyber reserve force. The provision would detail the requirements for such an evaluation and require the Secretary of Defense to provide a report to the congressional defense committees on the evaluation and its findings.

The House recedes with an amendment that would modify the dates of certain reporting requirements, change the party responsible for the evaluation to the Principal Cyber Advisor of the Secretary of Defense, and modify certain elements required in the report.

Integrated cybersecurity center plan (sec. 1731)

The House bill contained a provision (sec. 1630) that would require the Secretary of Homeland Security to provide to the congressional defense committees a report on Federal cybersecurity centers and the potential for improved coordination through the establishment of an integrated cyber center at the Department of Homeland Security. The provision would also detail the contents and elements of this report. The provision would further require the Secretary to develop a plan to establish such an integrated cyber center and begin doing so no later than 1 year after the Secretary submits the report to the Congress. The provision would require annual updates on the progress made towards the establishment and operation of such a center and would require certain privacy officers to review and provide comment, as appropriate, on all reports and proposals made under this provision.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make several modifications, including striking the requirement for the establishment of the center upon submission of the report.

Assessment of cyber operational planning and deconfliction policies and processes (sec. 1732)

The Senate amendment contained a provision (sec. 1617) that would require the Principal Cyber Advisor of the Department of Defense and the Commander of United States Cyber Command to jointly conduct an assessment of the planning and deconfliction processes of the Department. The provision would require a detailed review of planning policies and processes to determine whether or not existing structures allow for effective and timely cyber operations, intelligence is being effectively gathered and distributed to support cyber operations, and

relevant authorities are properly delegated. The provision would also require the Principal Cyber Advisor and the Commander of Cyber Command to provide to the Committees on Armed Services of the Senate and the House of Representatives a briefing not later than February 1, 2022, on the findings of the assessment.

The House bill contained no similar provision.

The House recedes with an amendment that would alter the date of the required briefing.

Pilot program on cybersecurity capability metrics (sec. 1733)

The Senate amendment contained a provision (sec. 1618) that would require the Secretary of Defense, acting through the Chief Information Officer of the Department of Defense and the Commander of United States Cyber Command, to conduct a pilot program on the use of speed-based metrics to evaluate the effectiveness of cybersecurity providers, products, and technologies. The provision would require the program to be implemented at select security operations centers and cybersecurity service providers for a period of not less than 4 months and would require the Secretary to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on the findings of the pilot program no later than March 1, 2022.

The House bill contained no similar provision.

The House recedes.

Assessment of effect of inconsistent timing and use of Network Address Translation in Department of Defense networks (sec. 1734)

The Senate amendment contained a provision (sec. 1619) that would require the Chief Information Officer of the Department of Defense to conduct an assessment on timing variability within Department of Defense networks and the impact of such variability on current, planned, and potential cybersecurity capabilities. The assessment would also cover the current use and impact of Network Address Translation on network security. The provision would require the Chief Information Officer and the Principal Cyber Advisor of the Department to present recommendations to the Secretary of Defense to address the results of the assessment, and the Chief Information Officer to brief the congressional defense committees on the findings of the assessment and recommendations presented to the Secretary.

The House bill contained no similar provision.

The House recedes.

Integration of Department of Defense user activity monitoring and cybersecurity (sec. 1735)

The Senate amendment contained a provision (sec. 1622) that would require the Secretary of Defense to integrate aspects of user activity monitoring, endpoint cybersecurity, and the collection of metadata to enable mutual support and information sharing. The provision would require the Secretary to provide a briefing to the congressional defense committees no later than October 1, 2021, on the actions taken in accordance with this provision.

The House bill contained no similar provision.

The House recedes.

Defense industrial base cybersecurity sensor architecture plan (sec. 1736)

The Senate amendment contained a provision (sec. 1623) that would require the Principal Cyber Advisor of the Department of Defense, in coordination with certain other offices, to develop a plan for the deployment of commercial-off-the-shelf sensors to monitor the networks of the defense industrial base. The provision details the contents to be included in such a plan and would require extensive consultation with representative companies of the defense industrial base to ensure prospective participants understand and agree on any proposed solutions. The provision would also require the Principal Cyber Advisor to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on the plan developed pursuant to this provision.

The House bill contained no similar provision.

The House recedes with an amendment that would turn the plan into an assessment of the feasibility of an industrial base sensor architecture program. The amendment would modify the timeline of the required assessment and modify the consultation requirements for the preparation of the assessment.

Assessment on defense industrial base participation in a threat information sharing program (sec. 1737)

The House bill contained a provision (sec. 1632) that would prohibit the Secretary of Defense from entering or renewing a contract with an entity in the defense industrial base that is not a participant in a threat intelligence sharing program, either operated by the Department of Defense or a comparably widely utilized threat intelligence sharing program.

The Senate amendment contained a similar provision (sec. 1631) that would require the Secretary of Defense to establish a threat intelligence sharing program to share threat intelligence with and obtain threat intelligence from the defense industrial base. Such a program: (1) Could be mandatory or encouraged, at the discretion of the Secretary; (2) Would feature tiered requirements for companies based on their position within the defense industrial base; and (3) Could be a new program or an augmentation of an existing program.

The Senate recedes with an amendment that would modify the provision into an assessment of the feasibility and suitability of such a threat information sharing program with implementation contingent on a positive determination by the Secretary of Defense.

Assistance for small manufacturers in the defense industrial supply chain on matters relating to cybersecurity (sec. 1738)

The House bill contained a provision (sec. 1633) that would allow the Secretary of Defense, in consultation with the director of the National Institute for Standards and Technology, to provide funds to Manufacturing Extension Partnership Centers for the provision of cybersecurity services to small manufacturers. The provision would require the public listing of selection criteria for grants made under the provision, limit use of funds to assisting in Department of Defense cybersecurity requirement compliance, and require a biennial report to relevant congressional committees on the use of funds awarded under the provision. The authorities provided under the provision would terminate 5 years after the date of enactment.

The Senate amendment contained a similar provision (sec. 1642).

The Senate recedes with technical amendments.

Assessment on defense industrial base cybersecurity threat hunting program (sec. 1739)

The House bill contained a provision (sec. 1634) that would direct the Secretary of Defense to conduct a feasibility study, to be submitted to the congressional defense committees within 120 days after the date of the enactment of this Act, on a Department of Defense Threat Hunting Program. Should the feasibility study result in a positive determination of the program, the Secretary of Defense would be authorized to establish the program to actively identify cybersecurity threats and vulnerabilities within the information systems, including covered defense networks containing controlled unclassified

information, of entities in the defense industrial base. Additionally, the Secretary of Defense would not be permitted to enter into, renew, or extend contracts with entities in the defense industrial base that are not in compliance with the Threat Hunting Program established in this section.

The Senate amendment contained a similar provision (sec. 1632) that would require the Secretary of Defense to conduct an assessment of the adequacy of threat hunting elements of the Cyber Maturity Model Certification program and the need for continuous threat monitoring operations. The provision would also require the Secretary to brief the Committees on Armed Services of the Senate and the House of Representatives on the assessment's findings no later than February 1, 2022.

The Senate recedes with an amendment that would make a range of modifications to the House provision to require an assessment of the feasibility and suitability of such a threat hunting program with implementation contingent on a positive determination by the Secretary of Defense.

Defense Digital Service (sec. 1740)

The House bill contained a provision (sec. 1635) that would require the Secretary of Defense and the Administrator of the United States Digital Service to establish a direct relationship to address and clarify authorities, hiring processes, roles, and responsibilities. The provision would also require the Secretary and the Administrator to jointly certify to the congressional defense committees that Department of Defense personnel supporting the Defense Digital Service have skills and qualifications consistent with those of U.S. Digital Service personnel.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would include the Committee on Homeland Security and Governmental Affairs of the Senate (HSGAC) and the Committee on Oversight and Reform of the House of Representatives (COR) on the list of recipients for the joint certification. The amendment would also require a briefing by the Secretary and the Administrator to the Committees on Armed Services of the Senate and the House of Representatives, HSGAC, and COR on the relationship established between the Department of Defense and the United States Digital Service pursuant to this provision.

Matters concerning the College of Information and Cyberspace and limitation of funding for National Defense University (sec. 1741)

The House bill contained a provision (sec. 1636) that would limit the obligation and expenditure of funds for the National Defense University (NDU) until the congressional defense committees receive budget and planning documents relating to the expansion of cybersecurity and information domain education at the University.

The Senate amendment contained a similar provision (sec. 1620) that would prohibit the reorganization, reduction, or elimination of the College of Information and Cyberspace (CIC), an organization established in statute, pending receipt by the congressional defense committees of an assessment of Department of Defense requirements for cybersecurity professional military education and civilian leader education and options to satisfy said requirements.

The House recedes with an amendment that would: (1) Limit the obligation and expenditure of funds by the University until receipt of the assessment outlined in the Senate provision; and (2) Modify the reporting requirement by changing the responsible parties and scope of the assessment.

The conferees note the importance of cyber warfare in future conflicts, as emphasized in the National Defense Strategy, and emphasizes the importance of the Department thoroughly reviewing and determining the requirements for cyber education both as a component of the Joint Professional Military Education curriculum and for overall cyber education requirements for the cyber workforce.

The conferees also note that section 2165 of title 10, United States Code, establishes the CIC in law as a constituent institution of the NDU and that any action to eliminate, subsume into another college, or institutionally diminish the CIC requires a change in law.

Department of Defense cyber hygiene and Cybersecurity Maturity Model Certification framework (sec. 1742)

The House bill contained two provisions (sec. 1640 and sec. 1640E) that would require the Secretary of Defense to provide to the congressional defense committees a detailed report on the implementation of a range of cybersecurity issues. The Secretary of Defense would also be required to prepare a report on the cyber hygiene practices of the Department relative to the Cyber Maturity Model Certification (CMMC) framework and submit said report to the congressional defense committees and the Government Accountability Office for review by the Comptroller General of the United States.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would combine the two provisions, modify the initial Secretary of Defense report by specifying the responsible parties, and require an assessment of each Department of Defense component against CMMC requirements. The amendment would also change the report on the implementation of certain cybersecurity recommendations into a briefing, alter certain requirements of said briefing, and impose a limitation on the use of funds authorized to be appropriated by this Act until the Under Secretary for Acquisition and Sustainment provides to the congressional defense committees a plan to implement the CMMC via requirements in procurement contracts.

Extension of sunset for pilot program on regional cybersecurity training center for the Army National Guard (sec. 1743)

The House bill contained a provision (sec. 1640B) that would extend through August 31, 2022, a pilot program for the regional provision of cybersecurity training to members of the Army National Guard.

The Senate amendment contained no similar provision.
The Senate recedes.

National cyber exercises (sec. 1744)

The House bill contained a provision (sec. 1640F) that would require the Secretary of Homeland Security to conduct an exercise to test the resilience, response, and recovery of the United States in the case of a significant cyber attack impacting critical infrastructure. The provision would detail certain required elements including exercise content, participants, planning, and associated briefings.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would include the Attorney General and the Director of National Intelligence on the list of offices required to coordinate in the conduct of the exercise. The amendment would also include a requirement for specific plans for each scheduled exercise to be submitted to the Congress prior to execution.

The conferees note that while, as the Cyberspace Solarium Commission originally recommended, the exercise is intended to be a tabletop exercise, the conferees defer to the executive branch to convene an exercise that would be most effective for its purposes. The conferees expect that if the scope or scale of the exercise exceeds that of a tabletop exercise, relevant departments and agencies will engage the appropriate

congressional committees early and often to gain and ensure appropriate support.

Cybersecurity and Infrastructure Security Agency review (sec. 1745)

The House bill contained a provision (sec. 1675) that would require the Director of the Cybersecurity and Infrastructure Security Agency (CISA) of the Department of Homeland Security to conduct a review of the ability of CISA to carry out its mission requirements and implement certain recommendations of the U.S. Cyberspace Solarium Commission Report. The provision details certain requirements for the review and requires the Secretary of Homeland Security to provide a report on the results of the review to the Committee on Homeland Security of the House of Representatives and the Committee on Homeland Security and Governmental Affairs of the Senate. The provision would further require the Director of CISA to provide the report to the Administrator of the General Services Administration for independent review.

The Senate amendment contained similar provisions (sec. 5245 and sec. 5246) that would require similar reviews and assessments with the General Services Administration review occurring independently of the CISA review.

The House recedes with an amendment that would modify the list of recipients for the report on the General Services Administration review.

Report on enabling United States Cyber Command resource allocation (sec. 1746)

The Senate amendment contained a provision (sec. 1627) that would require the Secretary of Defense to provide to the congressional defense committees a report on how the Secretary intends to implement certain sections of United States Code relating to the role of the commander of United States Cyber Command in the preparation of budget materials and the direct authority of the commander over the use of funds by cyber forces for the acquisition of cyber peculiar equipment, capabilities, and services. The provision would require the report to address in detail several aspects of the planned implementation of said sections of code.

The House bill contained no similar provision.

The House recedes with an amendment that would alter the date on which the Secretary shall submit the report to the congressional defense committees.

Ensuring cyber resiliency of nuclear command and control system (sec. 1747)

The Senate amendment contained a provision (sec. 1629) that would require the Secretary of Defense to submit to the congressional defense committees a plan, including a schedule and resourcing plan, to implement the findings and recommendations of the first annual assessment of cyber resiliency of the nuclear command and control (NC3) system. The provision would require the Secretary to develop a concept of operations to defend the NC3 system from cyber attacks and develop an oversight mechanism to ensure implementation of said concept of operations and the plan to be prepared by the Secretary.

The House bill contained no similar provision.

The House recedes.

Requirements for review of and limitations on the Joint Regional Security Stacks activity (sec. 1748)

The Senate amendment contained a provision (sec. 1636) that would require the Secretary of Defense to undertake a baseline review of the Joint Regional Security Stacks (JRSS) activity to determine whether the activity should proceed as a program of record or be phased out across the Department of Defense. The Secretary would be required to provide the congressional defense committees with the findings of the baseline review and, depending on the determination of the Secretary, either a plan to transition JRSS to a program of record or a plan to replace JRSS. The provision would also prohibit the operational deployment and fielding of JRSS on the Secret Internet Protocol Network and the use of funds authorized to be appropriated by this Act for such actions.

The House bill contained no similar provision.

The House recedes with an amendment that would require an independent review of JRSS prior to and informing the baseline review to be conducted by the Secretary of Defense.

Implementation of information operations matters (sec. 1749)

The Senate amendment contained a provision (sec. 1640) that would limit the availability of specified funds until the Secretary of Defense submits to the Committees on Armed Services of the Senate and the House of Representatives the report required by subsection (h)(1) of section 1631 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-

92) and the strategy and posture review required by subsection (g) of such section.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretary to designate a Department of Defense entity that is organizationally independent of Department components performing or otherwise engaged in operational support to Department information operations to develop, apply, and continually refine an assessment capability for defining and measuring the impact of Department information operations.

Report on use of encryption by Department of Defense national security systems (sec. 1750)

The Senate amendment contained a provision (sec. 6611) that would require the Secretary of Defense to submit to the Congress a report detailing the mission need and efficacy of full disk encryption across Non-classified Internet Protocol Router Network (NIPRNet) and Secretary Internet Protocol Router Network (SIPRNet) endpoint computer systems not later than 180 days after the date of enactment of this Act.

The House bill contained no similar provision.

The House recedes.

Guidance and direction on use of direct hiring processes for artificial intelligence professionals and other data science and software development personnel (sec. 1751)

The Senate amendment contained a provision (sec. 6612) that would require the Secretary of Defense to issue guidance designed to improve the use of available direct hire authorities for artificial intelligence, data science, and software development positions.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretary of Defense to review existing guidance and, where beneficial, issue new guidance on the use of direct hire authorities.

National Cyber Director (sec. 1752)

The House bill contained provisions (secs. 1131 and 1132) that would establish within the Executive Office of the President the Office of the National Cyber Director. The Office of the Director would have a range of responsibilities, including serving as the principal advisor to the President on cybersecurity matters, leading the development and

implementation of cyber strategy, and coordinating major cyber incident response efforts across the Federal Government.

The Senate amendment contained a similar provision (sec. 1637) that would require the Secretary of Defense, in coordination with the Secretary of Homeland Security, to enter into an agreement with an independent organization to conduct an assessment of the feasibility and advisability of establishing such an office.

The Senate recedes with an amendment that would modify certain duties, authorities, and elements of the established Office.

LEGISLATIVE PROVISIONS NOT ADOPTED

Cyber threat information collaboration environment

The House bill contained a provision (sec. 1631) that would direct the Secretary of Homeland Security, in coordination with the Secretary of Defense and the Director of National Intelligence (acting through the Director of the National Security Agency) to develop an information collaboration environment that enables entities to identify, mitigate, and prevent malicious cyber activity. The collaboration environment would provide limited access to appropriate operationally relevant data about cybersecurity risks and cybersecurity threats, including malware forensics and data from network sensor programs, on a platform that enables query and analysis.

The Senate amendment contained no similar provision.

The House recedes.

Critical infrastructure cyber incident reporting procedures

The House bill contained a provision (sec. 1637) that would require the Secretary of Homeland Security to enact requirements and procedures for certain covered critical infrastructure entities to report cybersecurity incidents to the National Cybersecurity and Communications Integration Center of the Department of Homeland Security. The provision would detail a range of aspects for such requirements and procedures.

The Senate amendment contained no similar provision.

The House recedes.

Funding for National Center for Hardware and Embedded Systems Security and Trust

The House bill contained a provision (sec. 1638) that would increase funding for the National Center for Hardware and

Embedded Systems Security and Trust by \$3.0 million and decrease funding for chemical agents and munitions destruction by \$3.0 million.

The Senate amendment contained no similar provision.

The House recedes.

TITLE XVIII—TRANSFER AND REORGANIZATION OF DEFENSE ACQUISITION STATUTES

*Transfer and reorganization of defense acquisition statutes
(secs. 1801-1885)*

The conference agreement includes a title that would transfer and reorganize certain defense acquisition statutes and direct the Secretary of Defense to conduct a comprehensive assessment and implementation plan of the transfer and reorganization contained in this title.

The conferees note that the Advisory Panel on Streamlining and Codifying Acquisition Regulations, established by the Congress under section 809 of the National Defense Authorization Act for 2016 (Public Law 114-92), recommended as part of its work in June 2018 that the Congress transfer and consolidate certain defense acquisition statutes in title 10, United States Code, concluding that, "Organizing the defense acquisition statutes into a restructured, rationalized form would reduce the overcrowding, reflect more clearly the underlying structure of these statutes, and provide substantial benefits in terms of a structure that is more intuitive and easier to navigate. This effort would be especially beneficial for the thousands of attorneys across the Department of Defense who advise commanders, program managers, and contracting officers on acquisition authorities. Confusing notes and cumbersome statutory structure can create a barrier to entry for innovative firms unfamiliar with the federal acquisition process, firms DoD seeks to leverage to ensure technological dominance and enhanced lethality across the joint force inside the curve of near-peer competitors and nonstate actors."

The conferees appreciate the work of the Panel and observe that a transfer and reorganization is an ambitious and complex undertaking that sets the conditions for future reform. The conferees have engaged in the undertaking with a commitment to the principle that a restructuring not result in policy changes. The conferees note the intention of the 1-year enactment delay is to provide time for the Department and for other stakeholders to identify adjustments and specific and actionable recommendations to address them. Further, the conferees note the

implementation delay is intended to provide the Department a reasonable amount of time to make necessary administrative updates to implement the transfer and reorganization. The conferees therefore direct the Secretary of Defense to ensure the assessment and implementation plan directed by this section are sufficiently comprehensive to facilitate the conferees' consideration of appropriate and timely adjustments in the future.

DIVISION B—MILITARY CONSTRUCTION AUTHORIZATIONS

Summary and explanation of funding tables

Division B of this Act authorizes funding for military construction projects of the Department of Defense. It includes funding authorizations for the construction and operation of military family housing, as well as military construction for the reserve components, the Defense agencies, and the North Atlantic Treaty Organization Security Investment Program. It also provides authorization for the base closure accounts that fund military construction, environmental cleanup, and other activities required to implement the decisions in base closure rounds. The tables contained in this Act provide the project-level authorizations for the military construction funding authorized in Division B of this Act and summarize that funding by account.

The conferees continue to believe in the value and appropriateness of providing a full authorization but incremental authorization of appropriations for certain military construction projects. The conferees believe incremental funding of large and complex military construction projects enable the Department to execute additional infrastructure projects in a fiscal year, enables continuous congressional oversight, serves to reduce the \$24.6 billion unobligated MILCON balance, and provides opportunities to adjust the authorization of appropriations level for projects should issues arise or requirements change over the course of construction. In instances where the conference agreement provides full authorization but incremental authorization of appropriations for certain military construction projects, the committee expects the Department to award these projects in the year of authorization and not defer award until the full appropriation amount is received.

Short title (sec. 2001)

The House bill contained a provision (sec. 2001) that would cite division B of this Act as the "Military Construction Authorization Act for Fiscal Year 2021."

The Senate amendment contained an identical provision (sec. 2001).

The conference agreement includes this provision.

Expiration of authorizations and amounts required to be specified by law (sec. 2002)

The House bill contained a provision (sec. 2002) that would ensure that the authorizations provided in titles XXI through XXVII and title XXIX of this Act shall expire on October 1, 2023, or the date of the enactment of an Act authorizing funds for military construction for fiscal year 2024, whichever is later.

The Senate amendment contained a similar provision (sec. 2002).

The Senate recedes.

Effective date (sec. 2003)

The House bill contained a provision (sec. 2003) that would provide that titles XXI through XXVII and XXIX of this Act would take effect on October 1, 2020, or the date of the enactment of this Act, whichever is later.

The Senate amendment contained an identical provision (sec. 2003).

The conference agreement includes this provision.

TITLE XXI—ARMY MILITARY CONSTRUCTION

Summary

The budget request included \$650,336,000 for Army military construction and \$486,542,000 for Army family housing for fiscal year 2021. The conference agreement includes authorization of appropriations of \$880,076,000 for Army military construction and \$512,542,000 for Army family housing in fiscal year 2021.

The agreement includes authorization and authorization of appropriations for eight military construction projects that were not included in the budget request but were submitted to the congressional defense committees as part of the Army's unfunded requirements list. These projects include: \$65.0

million for a Child Development Center at the Aliamanu Military Reservation, Hawaii; \$59.0 million for Unaccompanied Enlisted Personnel Housing at Fort Wainwright, Alaska; \$55.0 million for a Child Development Center at Fort Wainwright, Alaska; \$46.0 million for an Ammunition Holding Facility at Marine Ocean Terminal Concord, California; \$39.0 million for a Child Development Center at Schofield Barracks, Hawaii; \$10.2 million for an Access Control Point at Caserma Renato Dal Din, Italy; \$8.0 million for Planning & Design in support of JIATF-South Operations Center, Florida; and \$7.0 million associated with the cost to complete the Trainee Barracks Complex 3, Phase 2 at Fort Jackson, South Carolina.

The agreement provides for incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the General Instruction Building, Increment 2 at Carlisle Barracks, Pennsylvania.

The agreement provides an increase in the authorization of appropriations for certain programs included in the Army's budget request for military construction and family housing in fiscal year 2021. These programmatic increases include:

(1) \$26.0 million for Housing Privatization Support in the Army's Family Housing Operation and Maintenance account. These additional funds are intended to continue the improvement of Military Housing Privatization Initiative oversight through the hiring of additional civilian personnel;

(2) \$25.0 million for Army Family Housing Maintenance to address environmental hazards at Government-owned military family housing; and

(3) \$18.0 million for unspecified minor military construction.

Finally, the agreement includes a reduction in the authorization of appropriations for certain programs contained in the budget request submitted by the Army for military construction and family housing in fiscal year 2021. These reductions are:

(1) \$65.0 million for planning and design at unspecified worldwide locations. The conferees believe that the Department of the Army cannot fully expend the requested funding in fiscal year 2021, and therefore the agreement includes an authorization of \$64.4 million, a reduction of \$65.0 million, for this program; and

(2) \$25.0 million for Army Family Housing Maintenance for general officer quarters. The conferees support the authorization of appropriations in an amount equivalent to the ability of the Department to execute in the year of the authorization for appropriations. For this project, the

conferees note that the Army is engaged in ongoing negotiations with the American Council for Historic Preservation on materials and renovation techniques for these historic properties that may impact the timeline and cost of renovating these homes. Therefore, the agreement includes an authorization of \$97.8 million, which includes a reduction of \$25.0 million for maintenance of general officer quarters.

Authorized Army construction and land acquisition projects (sec. 2101)

The House bill contained a provision (sec. 2101) that would authorize military construction projects for the active component of the Army for fiscal year 2021. The authorized amount is listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2101).

The House recedes.

Family housing (sec. 2102)

The House bill contained a provision (sec. 2102) that would authorize new construction, improvements, and planning and design of family housing units for the Army for fiscal year 2021.

The Senate amendment contained an identical provision (sec. 2102).

The conference agreement includes this provision.

Authorization of appropriations, Army (sec. 2103)

The House bill contained a provision (sec. 2103) that would authorize appropriations for Army military construction levels identified in section 4601 of division D of this Act.

The Senate amendment contained an identical provision (sec. 2103).

The conference agreement includes this provision.

Limitation on military construction project at Kwajalein Atoll (sec. 2104)

The House bill contained a provision (sec. 2104) that would require the Secretary of the Army to submit a resilience plan prior to obligating funds for a certain project at Kwajalein Atoll.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Modification of authority to carry out fiscal year 2017 project at Camp Walker, Korea (sec. 2105)

The House bill contained a provision (sec. 2105) that would modify the authority provided by section 2101 of the Military Construction Authorization Act for Fiscal Year 2017 (division B of Public Law 114-328) and authorize the Secretary of the Army to make certain modifications to the authorized cost of a previously authorized construction project.

The Senate amendment contained a similar provision (sec. 2104).

The House recedes.

TITLE XXII—NAVY MILITARY CONSTRUCTION

Summary

The budget request included \$1,975,606,000 for Navy and Marine Corps military construction and \$389,390,000 for Navy and Marine Corps family housing for fiscal year 2021. The conference agreement includes authorization of appropriations of \$2,007,085,000 for Navy and Marine Corps military construction and \$414,390,000 for Navy and Marine Corps family housing in fiscal year 2021.

The agreement includes authorization and authorization of appropriations for 10 military construction projects that were not included in the budget request but were submitted to the congressional defense committees as part of the Navy and Marine Corps' unfunded requirements lists. These projects include: \$51.9 million for a Fitness Center Replacement and Training Pool at Cherry Point, North Carolina; \$46.8 million for Magazines at Seal Beach, California; \$43.5 million for Combat Vehicle Maintenance Facilities at Point Hueneme, California; \$28.0 million Long Range Maritime Patrol Aircraft Hanger and Ramp at Comalapa, El Salvador; \$26.7 million for a Directed Energy Test Facility at Point Mugu, California; \$26.1 million for Perimeter Security at NCTAMS LANT Detachment Cutler, Maine; \$25.2 million for a Combat Water Survival Training Facility at Camp Pendleton, California; \$21.8 million for Warehouse Consolidation and Modernization at Camp Pendleton, California; \$9.4 million for Sub Logistics Support at Norfolk, Virginia; and \$7.5 million in support of Planning & Design associated with Indo-Pacific Command Posture Initiatives.

The agreement provides for incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the following projects: F-35C Hangar 6 Phase 2 (Mod 3/4) at

Lemoore, California; Pier 6 Replacement at San Diego, California; Bachelor Enlisted Quarters at Joint Region Marianas, Guam; and Joint Communication Upgrade at Joint Region Marianas, Guam.

Finally, the agreement provides an increase in the authorization of appropriations for certain programs included in the Navy's budget request for military construction and family housing in fiscal year 2021. These programmatic increases include:

(1) \$45.0 million for Planning & Design associated with the Navy's Shipyard Infrastructure Optimization Plan; and
(2) \$25.0 million for Housing Privatization Support in the Navy and Marine Corps' Family Housing Operation and Maintenance account. These additional funds are intended to continue the improvement of Military Housing Privatization Initiative oversight through the hiring of additional civilian personnel.

Authorized Navy construction and land acquisition projects (sec. 2201)

The House bill contained a provision (sec. 2201) that would authorize Navy and Marine Corps military construction projects for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2201).

The House recedes.

Family housing and improvements to military family housing units (sec. 2202)

The House bill contained a provision (sec. 2202) that would authorize new construction, improvements, and planning and design of family housing units for the Department of the Navy for fiscal year 2021.

The Senate amendment contained similar provisions (secs. 2202 and 2203).

The Senate recedes.

Authorization of appropriations, Navy (sec. 2203)

The House bill contained a provision (sec. 2203) that would authorize appropriations for Department of Navy military construction levels identified in section 4601 of division D of this Act.

The Senate amendment contained an identical provision (sec. 2204).

The conference agreement includes this provision.

TITLE XXIII—AIR FORCE MILITARY CONSTRUCTION

Summary

The budget request included \$767,132,000 for Air Force military construction and \$414,235,000 for Air Force family housing for fiscal year 2021. The conference agreement includes authorization of appropriations of \$717,432,000 for Air Force military construction and \$423,235,000 for Air Force family housing in fiscal year 2021.

The agreement includes authorization and authorization of appropriations for seven military construction projects that were not included in the budget request but were submitted to the congressional defense committees as part of the Air Force's unfunded requirements list. These projects include: \$40.0 million for the Flight Test Engineering Laboratory Complex at Edwards Air Force Base, California; \$35.0 million associated with the cost to complete the Advanced Munitions Technology Complex at Eglin Air Force Base, Florida; \$18.8 million associated with the Organic Software Sustainment Center at Hill Air Force Base, Utah; \$13.0 million associated with the cost to complete the Consolidated Communications Center at Joint Base Andrews, Maryland; \$12.0 million associated with the cost to complete the Weapons Storage Facility at F.E. Warren Air Force Base, Wyoming; \$10.0 million for the first increment of the B-21 2-Bay LO Restoration Facility at Ellsworth Air Force Base, South Dakota; and \$7.5 million in support of Planning & Design associated with Indo-Pacific Command Posture Initiatives.

The agreement provides for incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the following projects: Weapons Storage & Maintenance Facility, Increment 2 at Malmstrom Air Force Base, Montana; and Fuel Tanks with Pipeline & Hydrant System, Increment 2 at Tinian, Commonwealth of the Northern Mariana Islands.

The agreement includes an increased authorization and authorization of appropriations for two projects for which the Air Force submitted revised cost estimates after submission of the budget request for fiscal year 2021. These projects include: Parking Apron, Increment 2 at Tinian, Commonwealth of the Northern Mariana Islands; and Airfield Development Phase 1, Increment 2 at Tinian, Commonwealth of the Northern Mariana Islands.

The agreement provides an increased authorization of appropriations of \$9.0 million for Housing Privatization in the Air Force's Family Housing Operation and Maintenance account. These additional funds are intended to continue the improvement of Military Housing Privatization Initiative oversight through the hiring of additional civilian personnel.

Finally, the agreement provides for a reduction in the authorization of appropriations for planning and design at unspecified worldwide locations. The conferees believe that the Air Force cannot fully expend the requested funding in fiscal year 2021 nor is the request supported by the military construction projects forecasted in the future years defense program. Therefore, the conference agreement provides an authorization of \$116.5 million, a reduction of \$180.0 million, for this program. The conferees note that this amount also reflects authority contained elsewhere in the conference agreement for the Air Force to spend up to \$15.0 million for the purpose of obtaining or carrying out necessary planning and construction design associated with military construction projects and other infrastructure projects necessary to support the development and fielding of the Ground Based Strategic Deterrent weapon system.

*Authorized Air Force construction and land acquisition projects
(sec. 2301)*

The House bill contained a provision (sec. 2301) would authorize Air Force military construction projects for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2301).

The House recedes with a technical amendment.

*Family housing and improvements to military family housing units
(sec. 2302)*

The House bill contained a provision (sec. 2302) that would authorize new construction, planning, and design of family housing units for the Air Force for fiscal year 2021. The provision would also authorize funds for facilities that support family housing, including housing management offices, housing maintenance, and storage facilities.

The Senate amendment contained similar provisions (secs. 2302 and 2303).

The Senate recedes.

Authorization of appropriations, Air Force (sec. 2303)

The House bill contained a provision (sec. 2303) that would authorize appropriations for Air Force military construction levels identified in section 4601 of division D of this Act.

The Senate amendment contained an identical provision (sec. 2304).

The conference agreement includes this provision.

Modification of authority to carry out certain fiscal year 2018 project (sec. 2304)

The House bill contained a provision (sec. 2304) that would modify the authority provided by sections 2301 and 2903 of the Military Construction Authorization Act for Fiscal Year 2018 (division B of Public Law 115-91) and authorize the Secretary of the Air Force to make certain modifications to the scope and authorized cost of previously authorized construction project.

The Senate amendment contained a similar provision (sec. 2305).

The Senate recesses.

Modification of authority to carry out certain fiscal year 2019 projects (sec. 2305)

The House bill contained a provision (sec. 2305) that would modify the authority provided by section 2301 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115-232) and authorize the Secretary of the Air Force to make certain modifications to the scope and authorized cost of previously authorized construction projects.

The Senate amendment contained a similar provision (sec. 2306).

The Senate recesses.

Modification of authority to carry out certain fiscal year 2020 projects (sec. 2306)

The House bill contained a provision (sec. 2306) that would modify the authority provided by section 2301 of the Military Construction Authorization Act for Fiscal Year 2020 (division B of Public Law 116-92) and authorize the Secretary of the Air Force to make certain modifications to the scope and authorized cost of previously authorized construction projects.

The Senate amendment contained a similar provision (sec. 2308).

The House recedes with a technical amendment.

Technical corrections related to authority to carry out certain fiscal year 2020 family housing projects (sec. 2307)

The House bill contained a provision (sec. 2307) that would make technical corrections to section 2304(a) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) relating to the authority to carry out a certain family housing project.

The Senate amendment contained a similar provision (sec. 2307).

The Senate recedes.

TITLE XXIV—DEFENSE AGENCIES MILITARY CONSTRUCTION

Summary

The budget request included \$2,027,520,000 for Defense agency military construction and \$61,225,000 for Defense agency family housing for fiscal year 2021. The conference agreement includes authorization of appropriations of \$1,886,366,000 for Defense agency military construction and \$61,225,000 for Defense agency family housing in fiscal year 2021.

The agreement includes authorization and authorization of appropriations for 10 military construction projects that were not included in the budget request but were submitted to the congressional defense committees as part of the unfunded requirements list for the Department's Energy Resilience and Conservation Investment Program. These projects include: \$35.0 million to construct an Intelligence Facility Central Utility Plant at Wright-Patterson Air Force Base, Ohio; \$30.0 million to construct a 10MW Generation & Microgrid System at Camp Shelby, Mississippi; \$25.2 million for PV Carports at Joint Base Anacostia Bolling, District of Columbia; \$24.0 million to construct a 10MW Generation & Microgrid at Fort Rucker, Alabama; \$17.0 million to construct a 4.8MW Generation & Microgrid at Fort Benning, Georgia; \$8.7 million for Industrial Controls System Modernization at Joint Base Anacostia Bolling, District of Columbia; \$6.1 million for a SOTF Chilled Water Upgrade at Fort Bragg, North Carolina; \$4.7 million for PV Arrays and Battery Storage at Memphis, Tennessee; \$2.6 million for PV Arrays and Battery Storage at Fort Smith, Arkansas; and \$1.9

million for DIA HQ Cooling Towers and Condensation Pumps at Joint Base Anacostia Bolling, District of Columbia.

The agreement provides increased authorization and authorization of appropriations for certain programs included in the Department of Defense's budget request for military construction and family housing. These programmatic increases include:

(1) \$25.0 million for Planning & Design of Defense agency military construction projects to support additional military installation resiliency requirements; and

(2) \$15.0 million for Planning & Design at unspecified worldwide locations associated with additional Energy Resilience and Conservation Investment Program projects.

Finally, the agreement provides for incremental authorization of appropriations in an amount equal to the Department's ability to execute in the year of the authorization of appropriations for the following projects: Medical Center Replacement Increment 9 at Rhine Ordnance Barracks, Germany; Kinnick High School at Yokosuka, Japan; MEDCEN Addition/Alternation Increment 4 at Bethesda Naval Hospital, Maryland; and Next NGA West (N2W) Complex Phase 2 at St. Louis, Missouri.

Authorized Defense Agencies construction and land acquisition projects (sec. 2401)

The House bill contained a provision (sec. 2401) would authorize military construction projects for the defense agencies for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2401).

The House recedes.

Authorized Energy Resilience and Conservation Investment Program projects (sec. 2402)

The House bill contained a provision (sec. 2402) that would authorize the Secretary of Defense to carry out energy conservation projects. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2402).

The Senate recedes.

Authorization of appropriations, Defense Agencies (sec. 2403)

The House bill contained a provision (sec. 2403) that would authorize appropriations for defense agencies' military construction at the levels identified in section 4601 of division D of this Act.

The Senate amendment contained an identical provision (sec. 2403).

The conference agreement includes this provision.

Independent study on Western Emergency Refined Fuel Reserves (sec. 2404)

The House bill contained a provision (sec. 1761) that would require the Secretary of Defense, acting through the Director of the Defense Logistics Agency, to establish a reserve, to be known as the "Western Emergency Refined Petroleum Products Reserve," to store refined petroleum products that may be made available to military and governmental entities during an emergency situation, as determined by the Secretary of Defense.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would direct the Secretary of Defense, in consultation with the Secretary of Energy, to enter into an agreement with a federally funded research and development center to conduct a study on the feasibility of establishing one or more emergency fuel reserves for refined fuel in the Western United States.

TITLE XXV—INTERNATIONAL PROGRAMS

SUBTITLE A—NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

Summary

The budget request contained \$173,030,000 for the North Atlantic Treaty Organization Security Investment Program (NSIP) for fiscal year 2021. The conference agreement includes authorization of appropriations of \$173,030,000 for NSIP for fiscal year 2021.

Authorized NATO construction and land acquisition projects (sec. 2501)

The House bill contained a provision (sec. 2501) that would authorize the Secretary of Defense to make contributions

to the North Atlantic Treaty Organization Security Investment Program in an amount not to exceed the sum of the amount specifically authorized in section 2502 of this Act and the amount collected from the North Atlantic Treaty Organization as a result of construction previously financed by the United States.

The Senate amendment contained an identical provision (sec. 2501).

The conference agreement includes this provision.

Authorization of appropriations, NATO (sec. 2502)

The House bill contained a provision (sec. 2502) that would authorize appropriations for the North Atlantic Treaty Organization Security Investment Program at the levels identified in section 4601 of division D of this Act.

The Senate amendment contained a similar provision (sec. 2502).

The House recedes.

Execution of projects under the North Atlantic Treaty Organization Security Investment Program (sec. 2503)

The Senate amendment contained a provision (sec. 2503) that would authorize the Secretary of Defense to accept and spend contributions from the North Atlantic Treaty Organization (NATO) or NATO members for various purposes relating to the NATO Security Investment Program.

The House bill contained no similar provision.

The House recedes with a technical amendment.

SUBTITLE B—HOST COUNTRY IN-KIND CONTRIBUTIONS

Republic of Korea funded construction projects (sec. 2511)

The House bill contained a provision (sec. 2511) that would authorize the Secretary of Defense to accept 10 military construction projects totaling \$416.0 million pursuant to agreement with the Republic of Korea for required in-kind contributions.

The Senate amendment contained a similar provision (sec. 2511).

The House recedes.

Qatar funded construction projects (sec. 2512)

The House bill contained a provision (sec. 2512) that would authorize the Secretary of Defense to accept 15 military construction projects totaling \$1.324 billion pursuant to an agreement with the State of Qatar for required in-kind contributions.

The Senate amendment contained a similar provision (sec. 2512).

The House recedes.

TITLE XXVI—GUARD AND RESERVE FORCES FACILITIES

Summary

The budget request contained \$568,100,000 for military construction of National Guard and Reserve facilities for fiscal year 2021. The conference agreement includes authorization of appropriations of \$687,735,000 for military construction of National Guard and Reserve facilities for fiscal year 2021.

The agreement includes authorization and authorization of appropriations for nine military construction projects that were not included in the budget request but were submitted to the congressional defense committees as part of the military departments' unfunded requirements lists. The projects include: \$15.7 million for Enlisted Barracks, Transient Training at Hermiston, Oregon (Army National Guard); \$15.0 million for a National Guard Readiness Center at Fort Chaffee, Arkansas (Army National Guard); \$9.8 million for a National Guard Vehicle Maintenance Shop at Ardmore, Oklahoma (Army National Guard); \$9.3 million for a National Guard Vehicle Maintenance Shop at Bakersfield, California (Army National Guard); \$2.5 million for a Transient Trainee Barracks at Fort McCoy, Wisconsin (Army Reserve); \$12.8 million for a Joint Reserve Intel Center at Minneapolis, Minnesota (Navy Reserve); \$17.5 million for a Consolidated RPA Operations Facility at Hector International Airport, South Dakota (Air National Guard); \$12.0 million for a Base Supply Complex at Montgomery Regional Airport, Alabama (Air National Guard); and \$25.0 million for an F-35 Squadron Ops/Aircraft Maintenance Unit facility at Fort Worth, Texas (Air Force Reserves).

Authorized Army National Guard construction and land acquisition projects (sec. 2601)

The House bill contained a provision (sec. 2601) that would authorize military construction projects for the Army

National Guard for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2601).

The House recedes.

Authorized Army Reserve construction and land acquisition projects (sec. 2602)

The House bill contained a provision (sec. 2602) that would authorize military construction projects for the Army Reserve for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2602).

The House recedes.

Authorized Navy Reserve and Marine Corps Reserve construction and land acquisition projects (sec. 2603)

The House bill contained a provision (sec. 2603) that would authorize military construction projects for the Navy Reserve and Marine Corps Reserve for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2603).

The House recedes.

Authorized Air National Guard construction and land acquisition projects (sec. 2604)

The House bill contained a provision (sec. 2604) that would authorize military construction projects for the Air National Guard for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2604).

The House recedes.

Authorized Air Force Reserve construction and land acquisition projects (sec. 2605)

The House bill contained a provision (sec. 2605) that would authorize military construction projects for the Air Force Reserve for fiscal year 2021. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained a similar provision (sec. 2605).

The House recedes.

Authorization of appropriations, National Guard and Reserve (sec. 2606)

The House bill contained a provision (sec. 2606) that would authorize appropriations for the reserve component military construction projects authorized for construction for fiscal year 2021 in this Act. The state list contained in this report is the binding list of the specific projects authorized at each location.

The Senate amendment contained a similar provision (sec. 2606).

The House recedes.

Modification of authority to carry out fiscal year 2020 project in Alabama (sec. 2607)

The House bill contained a provision (sec. 2607) that would modify the authority provided by section 2601 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) and authorize the Secretary of the Army to make certain modifications to the scope and authorized cost of a previously authorized construction project.

The Senate amendment contained a similar provision (sec. 2607).

The House recedes.

TITLE XXVII—BASE REALIGNMENT AND CLOSURE ACTIVITIES

Summary

The budget request contained \$300,447,000 for activities related to Base Realignment and Closure (BRAC) activities in fiscal year 2021. The conference agreement includes authorization of appropriations of \$300,447,000 for BRAC activities in fiscal year 2021.

Authorization of appropriations for base realignment and closure activities funded through Department of Defense Base Closure Account (sec. 2701)

The House bill contained a provision (sec. 2701) that would authorize appropriations for fiscal year 2021 for ongoing activities that are required to implement the decisions of the 1988, 1991, 1993, 1995, and 2005 base realignment and closure rounds.

The Senate amendment contained an identical provision (sec. 2701).

The conference agreement includes this provision.

Prohibition on conducting additional base realignment and closure (BRAC) round (sec. 2702)

The Senate amendment contained a provision (sec. 2702) that would prohibit the Department of Defense from conducting another base realignment and closure (BRAC) round.

The House bill contained no similar provision.

The House recedes.

Plan to finish remediation activities conducted by the Secretary of the Army in Umatilla, Oregon (sec. 2703)

The Senate amendment contained a provision (sec. 2703) that would require the Secretary of the Army to submit to Congress, not later than 90 days after the date of enactment of this Act, a plan to finish remediation activities conducted by the Secretary in Umatilla, Oregon, by not later than 3 years after such date of enactment.

The House bill contained no similar provision.

The House recedes.

TITLE XXVIII—MILITARY CONSTRUCTION GENERAL PROVISIONS

SUBTITLE A—MILITARY CONSTRUCTION PROGRAM CHANGES

Modification and clarification of construction authority in the event of a declaration of war or national emergency (sec. 2801)

The House bill contained a provision (sec. 2801) that would modify and clarify the use of military construction authorities available in the event of a declaration of war or national emergency.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment that would prohibit the use of military family housing funds for emergency construction.

Extension of sunset for annual locality adjustment of dollar thresholds applicable to unspecified minor military construction authorities (sec. 2802)

The House bill contained a provision (sec. 2802) that would extend the sunset date for annual locality adjustments applicable to unspecified minor military construction projects until fiscal year 2027.

The Senate amendment contained no similar provision.

The Senate recedes.

Modification of reporting requirements regarding certain military construction projects and military family housing projects, contracts, and agreements (sec. 2803)

The House bill contained a provision (sec. 2803) that would remove the requirement to provide reports on cost increases associated with certain military construction projects and military family housing projects to the Comptroller General of the United States.

The Senate amendment contained no similar provision.

The Senate recedes.

Consideration of energy security and energy resilience in life-cycle cost for military construction (sec. 2804)

The Senate amendment contained a provision (sec. 2842) that would require, during the consideration and evaluation of the life-cycle designed cost of a military construction project, consideration, as a facility requirement, of energy security and energy resilience to ensure that the resulting facility is capable of performing its missions in the event of a human-caused disaster or other unplanned event.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Congressional project authorization required for military construction projects for energy resilience, energy security, and energy conservation (sec. 2805)

The House bill contained a provision (sec. 2805) that would require energy resilience, energy security, and Energy

Resilience and Conservation Investment Program projects to be line-item authorized.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

One-year extension of temporary, limited authority to use operation and maintenance funds for construction projects in certain areas outside the United States (sec. 2806)

The House bill contained a provision (sec. 2806) that would extend the Contingency Construction Authority for 1 year.

The Senate amendment contained no similar provision.

The Senate recedes.

Responsibility of Navy for military construction requirements for certain Fleet Readiness Centers (sec. 2807)

The House bill contained a provision (sec. 2864) that would designate the Navy as the responsible military service for programming, requesting, and executing any military construction requirements related to any Fleet Readiness Center that is a tenant command at a Marine Corps installation.

The Senate amendment contained a similar provision (sec. 2801).

The Senate recedes.

SUBTITLE B—MILITARY FAMILY HOUSING REFORMS

Modifications and technical corrections related to military housing privatization reform (sec. 2811)

The Senate amendment contained a provision (sec. 2822) that would provide technical corrections to specific sections of title 30 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92).

The House bill contained no similar provision.

The House recedes with a technical amendment.

Repeal of authority to lease substandard family housing units to members of the uniformed services (sec. 2812)

The Senate amendment contained a provision (sec. 2821) that would strike the existing language contained in section 2830 of title 10, United States Code, which allows the Secretaries of the military departments to maintain substandard military family housing, and replace it with a prohibition of

the Secretaries' leasing any substandard family housing unit.

The House bill contained no similar provision.

The House recedes with a technical amendment that would strike the underlying provision and instead repeal section 2830 of title 10, United States Code.

Expenditure priorities in using Department of Defense Family Housing Improvement Fund (sec. 2813)

The House bill contained a provision (sec. 2811) that would amend section 2883 of title 10, United States Code, by increasing the priority of funding to Military Housing Privatization Initiative recapitalization accounts and ensuring that private partners are not paid first when they mismanage projects at the expense of the reinvestment accounts.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Availability of information regarding assessment of performance metrics for contracts for provision or management of privatized military housing (sec. 2814)

The House bill contained a provision (sec. 2819) that would amend section 2891c(b)(1) of title 10, United States Code, by requiring the inclusion of assessment of performance metrics in the annual publication on use of incentive fees for privatized military housing projects.

The Senate amendment contained a similar provision (sec. 7821).

The House recedes with a technical amendment.

Requirement that Secretary of Defense implement recommendations relating to military family housing contained in report by Inspector General of Department of Defense (sec. 2815)

The Senate amendment contained a provision (sec. 2823) that would require the Department of Defense (DOD) to implement, not later than 90 days after the date of enactment of this Act, the recommendations of the Inspector General of the Department of Defense contained in the report of the Inspector General, dated April 30, 2020, and titled "Evaluation of the DOD's Management of Health and Safety Hazards in Government-Owned and Government-Controlled Military Family Housing."

The House bill contained no similar provision.

The House recedes.

Promulgation of guidance to facilitate return of military families displaced from privatized military housing (sec. 2816)

The House bill contained a provision (sec. 2812) that would require the Secretary of Defense to promulgate guidance for facilitating and managing the return of tenants of privatized military family housing who have been displaced from their homes.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Promulgation of guidance on relocation of residents of military housing impacted by presence of mold (sec. 2817)

The House bill contained a provision (sec. 2813) that would require the Secretary of Defense to establish a working group composed of the Surgeons General of the Armed Forces to develop guidance on best practices for mold mitigation in privatized military family housing.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would amend section 3053 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to require the promulgation of guidance specifically on mold mitigation in emergency situations.

Expansion of uniform code of basic standards for privatized military housing and hazard and habitability inspection and assessment requirements to Government-owned and Government-controlled military family housing (sec. 2818)

The House bill contained a provision (sec. 2814) that would require the Secretary of Defense to apply the uniform code of basic housing standards for safety, comfort, and habitability for privatized military housing to Government-owned and Government-controlled military family housing.

The Senate amendment contained no similar provision.

The Senate recedes.

SUBTITLE C—REAL PROPERTY AND FACILITIES ADMINISTRATION

Acceptance of property by military service academies, professional military education schools, and military museums subject to naming-rights condition (sec. 2821)

The House bill contained a provision (sec. 1743) that would authorize the Secretaries concerned to display, at a military museum, recognition for an individual or organization that contributes money to a nonprofit entity for the benefit of a military museum, whether or not the contribution is subject to the condition that recognition be provided. In addition, this section would authorize museum foundations to lease a museum facility to provide for use in generating revenue for activities of the museum facility.

The Senate amendment contained a similar provision (sec. 2884).

The Senate recedes with a technical amendment.

Codification of reporting requirements regarding United States overseas military enduring locations and contingency locations (sec. 2822)

The House bill contained a provision (sec. 2821) that would amend section 2687a of title 10, United States Code, to update an annual reporting requirement regarding the overseas basing and posture of the United States Armed Forces.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment.

Promotion of energy resilience and energy security in privatized utility systems (sec. 2823)

The House bill contained a provision (sec. 2822) that would amend section 2688 of title 10, United States Code, to limit renewal of utility privatization contracts to the last 5 years of the existing contract term. It also contained a provision (sec. 2825) that would amend section 2914 of title 10, United States Code, to clarify that Energy Resilience and Conservation Investment Program (ERCIP) funding may be used at military installations with privatized utilities.

The Senate amendment contained a provision (sec. 2841) that would allow ERCIP projects to be executed on installations with utilities privatization (UP).

The House recedes with a technical amendment.

The conferees note that the Department of Defense and many military installations have already leveraged or plan to leverage UP to achieve cost savings and benefit from commercial best practices. However, because ERCIP is military construction, currently it can only occur in conjunction with utility systems owned solely by the Department of Defense. In order to remove this obstacle and ensure that the Department can improve energy

security on all of its installations, this provision would authorize the Department to pair ERCIP and UP.

The conferees further note that Energy Savings Performance Contracts (ESPCs) are an essential tool to enable the Department to meet its energy savings objectives. While this section will enable the use of ERCIP funding in conjunction with ESPCs, the conferees remind the Department that section 8287 of title 42, United States Code, authorizes Federal agencies to enter into ESPCs solely for the purpose of achieving energy savings and benefits ancillary to that purpose. Nothing in this section is intended to change the statutory purpose of ESPCs.

Vesting exercise of discretion with Secretaries of the military departments regarding entering into longer-term contracts for utility services (sec. 2824)

The House bill contained a provision (sec. 2823) that would modify section 2688 of title 10, United States Code, to allow military departments to enter into utilities privatization contracts under certain circumstances.

The Senate amendment contained no similar provision.
The Senate recedes.

Use of on-site energy production to promote military installation energy resilience and energy security (sec. 2825)

The House bill contained a provision (sec. 2824) that would require the Secretary of Defense to carry out at least four energy projects for the purpose of promoting certain energy resilience and energy security goals.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

Improved electrical metering of Department of Defense infrastructure supporting critical missions (sec. 2826)

The House bill contained a provision (sec. 2828) that would require the Department of Defense to improve its electrical metering of infrastructure supporting critical missions.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

Improving water management and security on military installations (sec. 2827)

The House bill contained a provision (sec. 2826) that would require installations in the most water constrained environments to conduct water security assessments and to consider water scarcity in their grounds-keeping.

The Senate amendment contained no similar provision.
The Senate recesses.

Prohibition relating to closure or return to host nation of existing military installations, infrastructure, or real property in Europe (sec. 2828)

The Senate amendment contained a provision (sec. 2883) that would prohibit any funds authorized to be appropriated by this Act for fiscal year 2021 for the Department of Defense to be obligated or expended to implement any activity that closes or returns to the host nation any existing base under the European Infrastructure Consolidation Initiative.

The House bill contained no similar provision.
The House recesses with a clarifying amendment.

SUBTITLE D—LAND CONVEYANCES

Land conveyance, Camp Navajo, Arizona (sec. 2831)

The House bill contained a provision (sec. 2831) that would authorize the Secretary of the Army to convey not more than 3,000 acres at Camp Navajo, Arizona, to the State of Arizona Department of Emergency and Military Affairs.

The Senate amendment contained a similar provision (sec. 2864).

The Senate recesses.

Modification of land exchange involving Naval Industrial Reserve Ordnance Plant, Sunnyvale, California (sec. 2832)

The House bill contained a provision (sec. 2832) that would modify section 2841(a) of the Military Construction Authorization Act for Fiscal Year 2018 (Public Law 115-91).

The Senate amendment contained no similar provision.
The Senate recesses.

Land conveyance, Sharpe Army Depot, Lathrop, California (sec. 2833)

The House bill contained a provision (sec. 2833) that would authorize the Secretary of the Army to convey 525 acres at Sharpe Army Depot to the Port of Stockton, California.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Land exchange, San Bernardino County, California (sec. 2834)

The House bill contained a provision (sec. 2834) that would authorize a land exchange between the County of San Bernardino, California and the Department of Agriculture.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Land conveyance, Over-the-Horizon Backscatter Radar System receiving station, Modoc County, California (sec. 2835)

The House bill contained a provision (sec. 2835) that would authorize the Secretary of Agriculture to convey 927 acres in Modoc National Forest containing an obsolete Over-the-Horizon Backscatter Radar System receiving station to Modoc County, California.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Transfer of administrative jurisdiction, Naval Support Activity Panama City, Florida, parcel (sec. 2836)

The House bill contained a provision (sec. 2836) that would transfer a parcel of inholdings within the boundary of Naval Support Activity Panama City, Florida, from the Department of Interior to the Department of the Navy.

The Senate amendment contained a similar provision (sec. 2863).

The Senate recedes.

Lease extension, Bryan Multi-Sports Complex, Wayne County, North Carolina (sec. 2837)

The Senate amendment contained a provision (sec. 7862) that would allow the Secretary of the Air Force to extend to the City of Goldsboro the existing lease of the approximately 62-acre Bryan Multi-Sports Complex located in Wayne County, North Carolina, for the purpose of operating a sports and recreation facility for the benefit of both the Air Force and the community.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Land conveyances, Milan Army Ammunition Plant, Tennessee (sec. 2838)

The House bill contained a provision (sec. 2837) that would authorize the Secretary of the Army to convey to the City of Milan, Tennessee, all right, title, and interest of the United States in and to parcels of real property, including any improvements thereon, at Milan Army Ammunition Plant, Tennessee, consisting of approximately 292 acres.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would additionally authorize the Secretary to convey, without consideration, to the University of Tennessee, all right, title, and interest of the United States in and to parcels of real property, including any improvements thereon, consisting of approximately 900 acres.

SUBTITLE E—MILITARY LAND WITHDRAWALS

Renewal of land withdrawal and reservation to benefit Naval Air Facility, El Centro, California (sec. 2841)

The House bill contained a provision (sec. 2841) that would renew the land withdrawal and reservation for the benefit of Naval Air Facility El Centro, California, for a period of 25 years.

The Senate amendment contained no similar provision.

The Senate recedes.

Renewal of Fallon Range Training Complex land withdrawal and reservation (sec. 2842)

The House bill contained a provision (sec. 2842) that would renew the existing land withdrawal and reservation for the Fallon Range Training Complex (FRTC) for a period of 25 years.

The Senate amendment contained a similar provision (sec. 2861).

The Senate recedes.

The conferees note this renewal maintains the status quo of the FRTC. However, the conferees also note that with the increasing deployment of 5th generation fighters, finding a way to expand the Fallon Range Training Complex, in a manner that is responsive to the needs of all stakeholders is essential for the Nation's tactical aviation readiness and improved ground forces

training. The conferees direct the Department of the Navy to continue to work with the committees of jurisdiction, the Nevada congressional delegation, State, and Tribal stakeholders to secure a mutually-agreed upon expansion at FRTC.

Renewal of Nevada Test and Training Range land withdrawal and reservation (sec. 2843)

The House bill contained a provision (sec. 2843) that would renew the existing Nevada Testing and Training Range (NTTR) land withdrawal and reservation for a period of 25 years.

The Senate amendment contained a similar provision (sec. 2862).

The Senate recedes.

The conferees note this renewal maintains the status quo of the NTTR. However, the conferees also note that with the increasing deployment of 5th generation fighters, finding a way to expand the NTTR, in a manner that is responsive to the needs of all stakeholders, is essential for the Nation's tactical aviation readiness and improved ground forces training. The conferees direct the Department of the Air Force to continue to work with the committees of jurisdiction, the Nevada congressional delegation, State, and Tribal stakeholders to secure a mutually-agreed upon expansion at NTTR.

Establishment of interagency committees on joint use of certain land withdrawn from appropriation under public land laws (sec. 2844)

The Senate amendment contained a provision (sec. 7861) that would establish an interagency committee and intergovernmental executive committee on the joint use of certain land withdrawn from appropriation under public land laws.

The House bill contained no similar provision.

The House recedes.

SUBTITLE F—ASIA-PACIFIC AND INDO-PACIFIC ISSUES

Change to biennial reporting requirement for Interagency Coordination Group of Inspectors General for Guam Realignment (sec. 2851)

The House bill contained a provision (sec. 2851) that would modify section 2835 of the Military Construction Authorization Act for Fiscal Year 2010 (division B of Public Law 111-84) and reduce the reporting requirement for the Interagency Coordination Group of Inspectors General for Guam Realignment from an annual to a biennial report.

The Senate amendment contained no similar provision.
The Senate recedes.

Additional exception to restriction on development of public infrastructure in connection with realignment of Marine Corps forces in Asia-Pacific region (sec. 2852)

The House bill contained a provision (sec. 2852) that would authorize a public infrastructure project on Guam intended to provide a public health laboratory, as identified in the "Economic Adjustment Committee Implementation Plan Supporting the Preferred Alternative for the Relocation of Marine Corps Forces to Guam."

The Senate amendment contained no similar provision.
The Senate recedes.

Development of master plan for infrastructure to support rotational Armed Forces in Australia (sec. 2853)

The House bill contained a provision (sec. 2853) that would require the Secretary of Defense, in consultation with the Commander, U.S. Indo-Pacific Command and the military services, to submit a report to the congressional defense committees on the infrastructure investments required to support the United States Force Posture Initiatives and other activities to promote regional security and stability with Australia.

The Senate amendment contained no similar provision.
The Senate recedes with an amendment.

Bulk fuel management in United States Indo-Pacific Command Area of Responsibility (sec. 2854)

The House bill contained a provision (sec. 2854) that would provide the sense of Congress that a single organizational element should be responsible for bulk fuel management and delivery throughout the United States Indo-Pacific Command (USINDOPACOM) area of responsibility (AOR). Additionally, this section would require a report, not later than 1 year after the date of the enactment of this Act, to the congressional defense committees as to an assessment of current assets and a

projection of future fuel management strategies necessary to optimally support bulk fuel management.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

The conferees believe that the ordering and delivery of bulk fuels is organizationally bifurcated to the detriment of the Department of Defense and that legacy bulk fuel management will not meet the accelerated pace of operations required to support the National Defense Strategy (NDS) and the emphasis on disaggregated operations. Furthermore, the number of United States flagged tanking vessels continues to decline, which has resulted in an excessive reliance on foreign flagged tanking vessels to be available to support the NDS. The conferees believe that a foreign flagged tanking vessel support strategy induces excessive risk to support United States disaggregated operations in a highly contested environment and that inadequacies of the legacy bulk fuel management strategy are particularly acute in the USINDOPACOM AOR. Finally, the conferees note that an effective fuel management strategy will have to address the demand side as well as addressing supply concerns.

SUBTITLE G—AUTHORIZED PILOT PROGRAMS

Pilot program to authorize use of cost savings realized from intergovernmental services agreements for installation-support services (sec. 2861)

The Senate amendment contained a provision (sec. 5331) that would amend section 2679 of title 10, United States Code, by inserting a new subsection regarding the use of cost savings realized from intergovernmental services agreements for installation-support services.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Department of Defense pilot program to evaluate expansion of land exchange authority (sec. 2862)

The House bill contained a provision (sec. 2804) that would allow consideration of installation support services in the calculation of fair market value in certain Department of Defense land exchanges.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Pilot program to support combatant command military construction priorities (sec. 2863)

The House bill contained a provision (sec. 2807) that would require the Secretary of Defense to conduct a pilot program that would evaluate the usefulness of allocating 10 percent of military department military construction funds to satisfy combatant command military construction requirements.

The Senate amendment contained no similar provision.

The Senate recedes.

Pilot program to test use of emergency diesel generators in a microgrid configuration at certain military installations (sec. 2864)

The House bill contained a provision (sec. 2827) that would allow the Secretary of Defense to create an emergency diesel generator microgrid pilot program to test assumptions about increased efficiency, resiliency, and lowered cost and emissions.

The Senate amendment contained no similar provision.

The Senate recedes.

Pilot program to authorize additional military construction projects for child development centers at military installations (sec. 2865)

The Senate amendment contained a provision (sec. 7801) that would amend section 2809(b) of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to modify the authority for military construction projects for child development centers at military installations.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Department of the Army pilot program for development and use of online real estate inventory tool (sec. 2866)

The House bill contained a provision (sec. 1767) that would require the Secretary of the Army, in consultation with the Administrator of the General Services Administration and Assistant Secretary of Defense for Sustainment, to establish a pilot program for developing an online real estate tool of existing inventory of space available at Army installations.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

SUBTITLE H—MISCELLANEOUS STUDIES AND REPORTS

Reports regarding decision-making process used to locate or relocate major headquarters and certain military units and weapon systems (sec. 2871)

The House bill contained a provision (sec. 1048) that would require the Secretary of the Air Force to modify Air Force Instruction 10-503 to include comparative analyses of community support, joint training, and all-domain training capabilities as part of the strategic basing process for an aircraft.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment that would require each military department to submit a one-time report outlining its respective strategic basing process and an annual report for upcoming basing decisions.

Report on effect of noise restrictions on military installations and operations and development and implementation of noise mitigation measures (sec. 2872)

The Senate amendment contained a provision (sec. 2886) that would require the Secretary of the Air Force or the Secretary of the Navy to report to the Congress if: (1) Noise restrictions placed on the relevant operational aviation unit affect readiness and combat capability by prohibiting the unit from achieving combat readiness status or maintaining aircrew currency; or (2) If required noise mitigation measures become cost prohibitive to the Department of Defense, namely, by exceeding 10 percent of an installation's annual budget.

The House bill contained no similar provision.

The House recedes with a clarifying amendment.

Study and report regarding continued need for protected aircraft shelters in Europe and status of United States air base resiliency in Europe (sec. 2873)

The Senate amendment contained a provision (sec. 2882) that would require no funds authorized to be appropriated by this Act or any other Act for the Department of Defense to be obligated or expended to implement any activity that would reduce air base resiliency or demolish protected aircraft shelters in the European theater, and would prohibit the Department from implementing any such activity, without creating a similar protection from attack in the European theater until

such time as the Secretary of Defense certifies to the congressional defense committees that protected aircraft shelters are not required in the European theater.

The House bill contained no similar provision.

The House recedes with an amendment that would require a study on the need for protection from attack on air bases in Europe and the capability required to achieve adequate protection. Additionally, the amendment would prohibit the demolition of protected aircraft shelters or any reductions in air base resiliency until the completion of the study.

SUBTITLE I—OTHER MATTERS

Military construction infrastructure and weapon system synchronization for Ground Based Strategic Deterrent (sec. 2881)

The House bill contained a provision (sec. 2404) that would provide for effective oversight of the military construction associated with the Ground Based Strategic Deterrent Program.

The Senate amendment contained similar provisions (secs. 2802 and 7802) that would authorize the Secretary of the Air Force to carry out military construction projects to convert Minuteman III launch facilities and launch centers to ground-based strategic deterrent (GBSD) configurations under certain conditions.

The Senate recedes with a technical amendment.

The conferees note the importance of managing the proposed transformation from Minuteman III to GBSD under existing military construction (MILCON) laws in order to maintain the right balance of flexibility and congressional oversight. The conferees note that this provision would allow the MILCON projects to be requested with each missile base as a single integrated project. Additionally, the conferees encourage the Air Force, when including these MILCON projects in the budget request, to group GBSD-related MILCON projects at no higher than a squadron level to facilitate appropriate oversight of the program.

Defense Community Infrastructure Program (sec. 2882)

The House bill contained a provision (sec. 2861) that would amend section 2391 of title 10, United States Code, to clarify requirements of the Defense Community Infrastructure Program.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Consideration of certain military family readiness issues in making basing decisions associated with certain military units and major headquarters (sec. 2883)

The Senate amendment contained a provision (sec. 2881) that would require the Secretaries of the military departments to factor military family readiness considerations, among other relevant factors, in future basing decisions. Additionally, the provision would require each of the Secretaries of the military departments to establish, for each of the military installations under his or her jurisdiction, a basing decision scorecard that incorporates the military family readiness considerations listed in this provision, among other factors the Secretary deems relevant.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Secretaries of the military departments to take certain military family readiness considerations into account, among other relevant factors, when determining whether to proceed with any basing decision associated with a covered military unit or major headquarters within the United States. Each of the Secretaries of the military departments would be required to establish, for each of the military installations under their jurisdiction, a basing decision scorecard that incorporates the military family readiness considerations.

The conferees support the efforts of the Secretaries of the military departments to address retention and family readiness issues through the consideration of family readiness criteria as part of a broader strategic basing process. However, the conferees note that considerations related to quality of public education are fraught with complexity and the potential for unintended consequences. Accordingly, the conferees direct the Secretaries of the military departments to provide a briefing to the Committees on Armed Services for the Senate and the House of Representatives and the Committee on Education and Labor for the House of Representatives and Committee on Health, Education, Labor, and Pensions of the Senate not later than March 1, 2021. The briefing shall include at a minimum the following: (1) Data on per pupil expenditures as reported under the Elementary and Secondary Education Act of 1965 (Public Law 89-10) and available information on the impact of the loss of tax base caused by the presence of the military installation on such expenditures; (2) The methods for assessing academic performance, including academic performance of subgroups of students as defined under section 1111(h)(1)(C)(ii) of the Elementary and Secondary Education Act of 1965; (3) The operative definition and method of assessment of "social

climate;" (4) The method for assessing the availability of specialized instructional support personnel, mental health services, and other student support programs; (5) The extent to which the military department is using data reported under section 1111(h) of the Elementary and Secondary Education Act of 1965 as part of their evaluation; (6) The availability of Head Start, Pre-Kindergarten, and high-quality and affordable childcare for children age birth to 5, including Department of Defense childcare and activities; (7) How the military departments are considering and weighing decisions made at the State level that impact local communities in their assessment of public schools; and (8) Measures to ensure transparency and uniformity in the application of the criteria to the strategic basing process.

Department of Defense policy for regulation in military communities of dangerous dogs kept as pets (sec. 2884)

The House bill contained a provision (sec. 2863) that would require the Secretary of Defense, through the Veterinary Service Activity of the Department of Defense, to develop a standardized policy regarding the regulation of dangerous dogs for all military communities.

The Senate amendment contained a similar provision (sec. 1050).

The House recedes with an amendment that would require the Secretary of Defense to establish a uniform policy for the regulation of dangerous dogs kept as pets in military communities.

LEGISLATIVE PROVISIONS NOT ADOPTED

Biannual report regarding military installations supported by disaster relief appropriations

The House bill contained a provision (sec. 2808) that would require biannual reports by the Secretary of the Air Force and the Secretary of the Navy about disaster relief progress at certain locations.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the Secretary of the Air Force and the Secretary of the Navy to submit a report regarding the obligation and expenditure at military installations under the jurisdiction of the Secretary concerned of appropriations made available to the Secretary concerned in title V of the Military Construction, Veterans Affairs, and Related Agencies

Appropriations Act, 2020 (Division F of Public Law 116-94) to the congressional defense committees biannually. Each report shall include for the period covered by the report the following elements: (1) The timeline for award of contracts for each military construction project to be funded with appropriations previously referenced; (2) The status, including obligations and expenditures, of each contract already awarded for such military construction projects; (3) An assessment of the contracting capacity of the communities in the vicinity of such military installations to support such contracts; and (4) The expectations that such local communities will be required to address.

The information in each report specific to a particular military installation shall be made available online using a public forum commonly used in the locality in which the installation is located. The Secretary of the Air Force and the Secretary of the Navy may terminate the reporting requirement applicable to the Secretary concerned effective on the date on which the Secretary concerned certifies to the congressional defense committees that at least 90 percent of the appropriations previously referred to and made available to the Secretary concerned have been expended.

Establishment of Exceptional Family Member Program housing liaison

The House bill contained a provision (sec. 2815) that would require each military department to appoint at least one Exceptional Family Member Program housing liaison.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the Exceptional Family Member housing liaison is reflected in a provision located in title V of this Act.

Department of Defense report on criteria and metrics used to evaluate performance of landlords of privatized military housing that receive incentive fees

The House bill contained a provision (sec. 2816) that would require the Department of Defense to submit a report on the criteria and metrics it is using to assess landlord performance in privatized military family housing.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense to submit to the Committees on Armed Services of the Senate and the House of

Representatives a report on the criteria and metrics used to evaluate performance of landlords of privatized military housing that receive incentive fees not later than March 1, 2021. Broken out by service, the report shall:

(1) Describe the criteria and metrics currently used by the Department of Defense to analyze the performance of landlords that receive incentive fees;

(2) Evaluate the effectiveness of such criteria and metrics in accurately judging the performance of such landlords; and

(3) Contain such recommendations as the Secretary considers appropriate to revise such criteria and metrics to better evaluate the performance of such landlords.

The Secretary shall solicit the views of the Secretaries of the military departments to prepare the report. The terms "incentive fees" and "landlord" have the meanings given those terms in paragraphs (9) and (10) of section 2871 of title 10, United States Code.

Report on Department of Defense efforts regarding oversight and role in management of privatized military housing

The House bill contained a provision (sec. 2817) that would require the Secretary of Defense to submit a report within 180 days of the date of the enactment of this Act on its progress in implementing the recommendations contained in the Comptroller General's report GAO-20-281 dated March 2020.

The Senate amendment contained no similar provision.

The House recedes.

Improved Department of Defense and landlord response to identification and remediation of severe environmental health hazards in military housing

The House bill contained a provision (sec. 2818) that would require the Secretary of Defense to issue guidance regarding hazard assessments to improve Department of Defense and landlord identification and resolution of severe environmental health hazards in housing under the jurisdiction of the Department of Defense (including privatized military housing), among other things.

The Senate amendment contained no similar provision.

The House recedes.

The conferees encourage the ongoing work for improving emergency testing, lead encapsulation, and testing when deemed appropriate by a medical professional. The conferees are discouraged that Congress continues to hear from concerned

military families who feel their concerns are not being heard. Finally, the conferees note that if the military services and private contractors continue to fail these families, additional legislation and hearings will be warranted.

Additional requirements regarding Nevada Test and Training Range

The House bill contained a provision (sec. 2844) that would require the Secretary of the Interior and the Secretary of the Air Force to co-manage the Nevada Test and Training Range lands and enter into a memorandum of understanding setting out proper management of natural and cultural resources, consultation, and access requirements for affected Indian Tribes and refuge management personnel, and a dispute resolution process.

The Senate amendment contained no similar provision.

The House recedes.

Specified duration of White Sands Missile Range land withdrawal and reservation and establishment of special reservation area for northern and western extension areas

The House bill contained a provision (sec. 2845) that would renew the land and airspace withdrawals for White Sands Missile Range and its call-up areas for a period of 25 years as well as make technical changes to the airspace withdrawal.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note that the existing permanent withdrawal concerning White Sands Missile Range remains in place.

Grand Canyon Centennial Protection Act

The House bill contained a provision (sec. 2846) that would make permanent the 2012 mining moratorium area around the Grand Canyon.

The Senate amendment contained no similar provision.

The House recedes.

Department of Defense report on easements and leased lands in Hawai'i

The House bill contained a provision (sec. 2855) that would require a report describing the progress being made by the Department of Defense (DOD) to renew DOD land leases and easements in the State of Hawai'i not later than 180 days after the date of the enactment of this Act.

The Senate amendment contained no similar provision.
The House recedes.

The conferees direct the Under Secretary of Defense for Acquisition and Sustainment to submit a report describing the progress being made by the Department of Defense to renew Department of Defense land leases and easements in the State of Hawai'i that encompass 1 acre or more and will expire before January 1, 2030, to the congressional defense committees not later than May 2, 2021.

The report shall include the following: (1) The location, size, and expiration date of each lease and easement; (2) Major milestones and expected timelines for maintaining access to the land covered by each lease and easement; (3) Actions completed over the preceding 2 years for each lease and easement; (4) Department-wide and service-specific authorities governing each lease and easement extension; (5) A summary of coordination efforts between the Secretary of Defense and the Secretaries of the military departments; (6) The status of efforts to develop an inventory of military land in Hawai'i, to include current possible future uses, that would assist in land negotiations with the State of Hawai'i; and (7) The risks and potential solutions to ensure the renewability of required and critical leases and easements.

The conferees believe that the lands throughout the State of Hawai'i currently owned and leased by the Department of Defense or in which the Department otherwise has a real property interest are critical to maintaining the readiness of the Armed Forces now stationed or to be stationed in Hawai'i, throughout the Indo-Pacific region, and elsewhere. The conferees note that securing long-term continued utilization of those lands by the Armed Forces is critical to the national defense.

Pilot program on reduction of effects of military aviation noise on certain covered property

The House bill contained a provision (sec. 2862) that would require the Secretary of Defense to carry out a 5-year pilot program under which the commander of a military installation may provide funds for the purpose of installing noise insulation on covered property impacted by military aviation noise from aircraft utilizing the installation.

The Senate amendment contained a similar provision.
The House recedes.

The conferees note with the greater deployment of fifth generation tactical aircraft, the issue of military aviation noise in our communities will continue. The conferees encourage the Department of Defense and the military departments to look

for ways to work with communities to proactively address their concerns about noise.

Equal treatment of insured depository institutions and credit unions operating on military installations

The Senate amendment contained a provision (sec. 2885) that would amend section 2667 of title 10, United States Code, to require the Department of Defense to ensure that policies governing depository institutions and credit unions operating on military installations are equally applied to all relevant institutions. Additionally, the provision would prohibit any requirement for Secretaries of the military departments to provide no-cost office space or no-cost land lease to any insured depository institution or insured credit union.

The House bill contained no similar provision.

The Senate recedes.

Thad Cochran Headquarters building

The Senate amendment contained a provision (sec. 6089) that would designate the headquarters building of the Engineer Research and Development Center of the Corps of Engineers as the "Thad Cochran Headquarters Building."

The House bill contained no similar provision.

The Senate recedes.

Sense of Congress on relocation of Joint Spectrum Center

The Senate amendment contained a provision (sec. 7881) that would establish a sense of Congress to recommend that the Director of the Defense Information Systems Agency begin the process for relocating the Joint Spectrum Center of the Department of Defense to the allocated building at Fort Meade, Maryland.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Defense to provide a briefing on the relocation options of the Joint Spectrum Center no later than March 1, 2021. The brief should include any previously recorded Department decisions made on the relocation and the costs associated with maintaining the existing location as well as any additional location options the Department deems appropriate. If the Department believes that one course of action should be recommended, the brief should include an implementation plan for that recommendation along with the associated costs.

TITLE XXIX—OVERSEAS CONTINGENCY OPERATIONS MILITARY CONSTRUCTION

Summary

The budget request contained \$349,762,000 for Overseas Contingency Operations military construction for fiscal year 2021. The conference agreement includes authorization of appropriations of \$349,762,000 for Overseas Contingency Operations military construction for fiscal year 2021.

Authorized Navy construction and land acquisition projects (sec. 2901)

The House bill contained a provision (sec. 2901) that would authorize Navy military construction projects for fiscal year 2021 for overseas contingency operations. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained an identical provision (sec. 2901).

The conference agreement includes this provision.

Authorized Air Force construction and land acquisition projects (sec. 2902)

The House bill contained a provision (sec. 2902) that would authorize Air Force military construction projects for fiscal year 2021 for overseas contingency operations. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained an identical provision (sec. 2902).

The conference agreement includes this provision.

Authorization of appropriations (sec. 2903)

The House bill contained a provision (sec. 2903) that would authorize defense agencies' military construction projects for fiscal year 2021 for overseas contingency operations. The authorized amounts are listed on an installation-by-installation basis.

The Senate amendment contained an identical provision (sec. 2903).

The conference agreement includes this provision.

LEGISLATIVE PROVISIONS NOT ADOPTED

Replenishment of certain military constructions funds

The Senate amendment contained a provision (sec. 2904) that would replenish certain military construction projects that are currently in a deferred status.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that with the exception of one project, all authorizations for deferred projects remain valid through fiscal year 2021. The conferees further note that the authorization for the one Defense Logistics Agency project in Klamath Falls, Oregon that was to expire in fiscal year 2021 is extended in title 24 of this Act.

DIVISION C—DEPARTMENT OF ENERGY NATIONAL SECURITY AUTHORIZATIONS AND OTHER AUTHORIZATIONS

TITLE XXXI—DEPARTMENT OF ENERGY NATIONAL SECURITY PROGRAMS

SUBTITLE A—NATIONAL SECURITY PROGRAMS AND AUTHORIZATIONS

National Nuclear Security Administration (sec. 3101)

The House bill contained a provision (sec. 3101) that would authorize appropriations for the National Nuclear Security Administration for fiscal year 2021.

The Senate amendment contained a similar provision (sec. 3101).

The House recedes.

Defense environmental cleanup (sec. 3102)

The House bill contained a provision (sec. 3102) that would authorize appropriations for defense environmental cleanup activities, including the authorization of new plant project 21-D-401 in Carlsbad, New Mexico.

The Senate amendment contained an identical provision (sec. 3102).

The conference agreement includes this provision.

The conferees direct the Government Accountability Office to continue its monitoring of the operations at the Waste Isolation Plant with respect to its operational status and the construction of the replacement shaft, project 21-D-401, and to brief the congressional defense committees at a time that is mutually agreeable, no later than March 31, 2021, with a final report due no later than September 31, 2021.

Other defense activities (sec. 3103)

The House bill contained a provision (sec. 3103) that would authorize appropriations for the Department of Energy for other defense activities.

The Senate amendment contained an identical provision (sec. 3103).

The conference agreement includes this provision.

Nuclear energy (sec. 3104)

The House bill contained a provision (sec. 3104) that would authorize appropriations for nuclear energy.

The Senate amendment contained an identical provision (sec. 3104).

The conference agreement includes this provision.

SUBTITLE B—NUCLEAR WEAPONS STOCKPILE MATTERS

W93 nuclear warhead acquisition processes (sec. 3111)

The House bill contained a provision (sec. 3111) that would express the sense of Congress in support of the existing Stockpile Stewardship Program and maintaining the global moratorium on nuclear explosive testing. The provision would also include peer review and production facility review in various stages of the warhead design and production process and sets out detailed reporting, cost estimate, and certification requirements for said process. The provision would provide for the waiving of said requirements during a period of war as declared by the Congress. The provision would also include Phases 1 through 5 of the warhead lifecycle in existing requirements regarding acquisition reports and independent cost estimates.

The Senate amendment contained a similar provision (sec. 3157) that would also include Phases 1 through 5 of the warhead

lifecycle in existing requirements regarding selected acquisition reports and independent cost estimates.

The Senate recedes with an amendment that would strike the sense of Congress and, among other alterations, specify the review, reporting, cost estimate, and certification requirements for the W93 program, and update the requirement to provide selected acquisition reports and independent cost estimates for new nuclear weapon system programs as well as nuclear weapon life extension programs at multiple phases of said programs.

To the extent possible given cost and time constraints, the conferees urge the Administrator for Nuclear Security to leverage the use of peer review best practices, including consideration of a design competition between the nuclear weapons design laboratories, in development of the W93 warhead. The conferees further urge the Administrator to ensure the nuclear weapons production facilities are involved early and often during the design and engineering process of the W93 warhead program, including in Phase 1, in order to ensure production considerations appropriately inform W93 development.

The conferees direct the Deputy Administrator for Defense Programs and the Director for Cost Estimating and Program Evaluation of the National Nuclear Security Administration, in consultation with the Nuclear Weapons Council, to provide the congressional defense committees a briefing, within 60 days of the enactment of this Act, on recommendations to strengthen governance, program execution, and program management controls with respect to the joint nuclear weapons life cycle process (as defined in section 4220 of the Atomic Energy Defense Act (50 U.S.C. 2538b)).

The conferees also direct the Deputy Administrator for Defense Programs for the National Nuclear Security Administration to provide the congressional defense committees a briefing on the National Nuclear Security Administration's implementation of the Non-nuclear Component Independent Review Team, including such activities undertaken by applicable laboratories and production facilities within the Administration's purview. This briefing should be provided no later than March 31, 2021.

Earned value management and technology readiness levels for life extension programs (sec. 3112)

The Senate amendment contained a provision (sec. 3164) that would require the Administrator of the National Nuclear Security Administration to establish an earned value management program for life extension programs.

The House bill contained no similar provision.

The House recedes with an amendment that would move responsibility for review and surveillance of earned value management systems to an independent entity, strike the requirement for cost estimate reconciliation with the Director of Cost Estimating and Program Evaluation, and exempt certain existing weapons acquisition and life extension programs from coverage under this provision.

Monitoring of industrial base for nuclear weapons components, subsystems, and materials (sec. 3113)

The Senate amendment contained a provision (sec. 3153) that would require the designation of a senior official within the National Nuclear Security Administration (NNSA) to monitor the nuclear weapons industrial base and the adequate resourcing of the designated official with respect to the monitoring mission. The provision would also require, to the extent practicable and beneficial, the designated official to consult with various Department of Defense and Department of Energy counterparts in the course of such monitoring. Finally, the provision would require the Administrator of the NNSA to provide a briefing to the Committees on Armed Services of the Senate and the House of Representatives on the designation of a responsible official and, once designated, the monitoring activities of said official on an annual basis.

The House bill contained no similar provision.

The House recedes.

Plutonium pit production (sec. 3114)

The House bill contained a provision (sec. 3115) that would require the Secretary of Energy to conduct an independent cost estimate of the Savannah River Plutonium Processing Facility and to provide the cost estimate, along with the confidence level of the estimators that the project can be completed within estimated schedule and cost objectives, to the congressional defense committees. If the confidence level is lower than 90 percent, the Secretary of Energy would be required to submit to the congressional defense committees either a certification, without delegation, that the Secretary independently has sufficient confidence in the project, or a plan to achieve such confidence. In the event of the independent cost estimate achieving a confidence level of less than 90 percent, the commander of United States Strategic Command (STRATCOM) would also be required to certify to the congressional defense committees whether or not requirements relating to plutonium pit production may be extended by 5 years

without posing a grave threat to the national security of the United States.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would extend the applicability of the provision to plutonium production efforts at Los Alamos National Laboratory, establish timelines for the completion and transmission of certain reports and certifications required by the provision, and alter the criteria under which the Secretary and the commander of STRATCOM would be required to provide certain certifications.

SUBTITLE C—DEFENSE ENVIRONMENTAL CLEANUP MATTERS

Public statement of environmental liabilities for facilities undergoing defense environmental cleanup (sec. 3121)

The Senate amendment contained a provision (sec. 3141) that would require the Secretary of Energy to annually make public a statement of environmental liabilities for each defense nuclear facility currently undergoing environmental cleanup activities.

The House bill contained no similar provision.

The House recedes.

Inclusion of missed milestones in future-years defense environmental cleanup plan (sec. 3122)

The Senate amendment contained a provision (sec. 3142) that would require the future-years defense environmental cleanup plan to include, for each site, details about any missed milestones in cleanup and remediation agreements.

The House bill contained no similar provision.

The House recedes.

Classification of defense environmental cleanup as capital asset projects or operations activities (sec. 3123)

The Senate amendment contained a provision (sec. 3143) that would require the Assistant Secretary of Energy for Environmental Management (EM) to establish a requirement for the classification of defense EM projects as capital asset projects or operations activities. The provision would also require the Assistant Secretary to submit a report to the congressional defense committees no later than March 1, 2021, on the

established requirement along with an assessment of whether any ongoing projects should be reclassified.

The House bill contained no similar provision.

The House recedes.

Extension of limitation relating to reclassification of high-level waste (sec. 3124)

The House bill contained a provision (sec. 3113) that would extend by 1 year the prohibition on the reclassification of high-level waste in the state of Washington by the Department of Energy.

The Senate amendment contained no similar provision.

The Senate recedes.

Continued analysis of approaches for supplemental treatment of low-activity waste at Hanford Nuclear Reservation (sec. 3125)

The Senate amendment contained a provision (sec. 3144) that would require the Secretary of Energy to enter into a contract with a federally funded research and development center to conduct a follow-on study of the analysis required by section 3134 of the National Defense Authorization Act for Fiscal Year 2017 (Public Law 114-328) on approaches to treating low-activity waste at the Hanford Nuclear Reservation in eastern Washington. The provision would require the Secretary to submit this study, along with a review conducted by the National Academy of Sciences, to the congressional defense committees not later than 2 years after the date of the enactment of this Act.

The House bill contained no similar provision.

The House recedes with an amendment that would modify the timeline for the provision and include an additional element for the required analysis.

SUBTITLE D—SAFEGUARDS AND SECURITY MATTERS

Reporting on penetrations of networks of contractors and subcontractors (sec. 3131)

The Senate amendment contained a provision (sec. 3131) that would update section 2651 of title 50, United States Code, to establish a reporting requirement when covered National Nuclear Security Administration contractor and subcontractor networks are successfully penetrated by unauthorized entities.

The House bill contained no similar provision.

The House recedes.

SUBTITLE E—PERSONNEL MATTERS

Extension of authority for appointment of certain scientific, engineering, and technical personnel (sec. 3141)

The Senate amendment contained a provision (sec. 3125) that would extend for 1 year special personnel authorities granted to the Secretary of Energy under section 4601(c) of the Atomic Energy Defense Act (50 U.S.C. 2701(c)).

The House bill contained no similar provision.

The House recedes.

Inclusion of certain employees and contractors of Department of Energy in definition of public safety officer for purposes of certain death benefits (sec. 3142)

The Senate amendment contained a provision (sec. 3122) that would make eligible for certain death and dismemberment benefits the National Nuclear Security Administration's nuclear material couriers, as well as those individuals designated as members of an emergency response team conducting operations.

The House bill contained no similar provision.

The House recedes.

Reimbursement for liability insurance for nuclear materials couriers (sec. 3143)

The Senate amendment contained a provision (sec. 3123) that would align the status of officers of the National Nuclear Security Administration's Office of Secure Transportation with that of other Federal law enforcement officers for purposes of professional liability insurance.

The House bill contained no similar provision.

The House recedes with a technical amendment.

Transportation and moving expenses for immediate family of deceased nuclear materials couriers (sec. 3144)

The Senate amendment contained a provision (sec. 3124) that would make eligible immediate family of officers of the National Nuclear Security Administration's Office of Secure Transportation for compensation for a last move home in the case of an officer's death in the line of duty.

The House bill contained no similar provision.

The House recedes.

Permanent extension of Office of Ombudsman for Energy Employees Occupational Illness Compensation Program (sec. 3145)

The House bill contained a provision (sec. 3122) that would express the sense of Congress on various matters relating to the Energy Employees Occupational Illness Compensation Program Act (42 U.S.C. 7384 et seq.) and the importance of the Office of the Ombudsman in the Department of Labor for the implementation of the Act.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would strike the sense of Congress and amend the section governing the Office of the Ombudsman (42 U.S.C. 7385s-15) by striking the sunset provision.

Reports on diversity of certain contractor employees of National Nuclear Security Administration (sec. 3146)

The House bill contained a provision (sec. 3118) that would require the Administrator of the National Nuclear Security Administration (NNSA) to provide to the congressional defense committees an annual report on workforce diversity, equality, and inclusion in the NNSA's contractor workforce. The provision would also require the Comptroller General of the United States to review the annual report and NNSA contractor workforce diversity. Finally, the provision would express the sense of Congress that, in light of increasing demands on the NNSA, the competence and diversity of its workforce is a national security priority.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that makes technical adjustments to the language of the provision and strikes the sense of Congress from the provision.

The conferees note that the modernization of all legs of the nuclear triad will be the largest undertaking asked of the NNSA since the end of the Cold War. The NNSA has demonstrated strong progress towards the hiring and retention of the next generation of nuclear security workers across the enterprise. The conferees believe that continued progress in rebuilding and maintaining a diverse and highly qualified workforce is essential to the national security of the United States.

Sense of Congress regarding compensation of individuals relating to uranium mining and nuclear testing (sec. 3147)

The House bill contained a provision (sec. 3120) that would express the sense of Congress that the United States

should compensate and recognize all miners, workers, downwinders, and others suffering from the effects of uranium mining and nuclear testing carried out during the Cold War.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would add findings to the provision relating to the expiration of the Radiation Exposure Compensation Act and modify the sense of Congress to more specifically address the recognition and compensation of affected individuals beyond the expiration of the Act.

SUBTITLE F—BUDGET AND FINANCIAL MANAGEMENT MATTERS

Reports on financial balances for atomic energy defense activities (sec. 3151)

The House bill contained a provision (sec. 3112) that would require the National Nuclear Security Administration to report in the President's annual budget request, for the next 5 fiscal years, uncosted and unobligated balances by program element and the year in which the funds were appropriated.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would modify the required report and include several additional elements.

SUBTITLE G—ADMINISTRATIVE MATTERS

Modifications to enhanced procurement authority to manage supply chain risk (sec. 3161)

The Senate amendment contained a provision (sec. 3151) that would modify the enhanced procurement authority available to the Secretary of Energy to exclude a supplier that may present a significant supply chain risk from procurements of covered systems. The provision would allow the Secretary to delegate his or her authority to the Administrator for Nuclear Security, for procurements within the National Nuclear Security Administration (NNSA), or to the senior procurement executive of the Department of Energy for procurements outside the NNSA. The provision would also allow a determination to be made for multiple contracts at one time.

The House bill contained no similar provision.

The House recedes.

Extension of pilot program on unavailability for overhead costs of amounts specified for laboratory-directed research and development (sec. 3162)

The House bill contained a provision (sec. 3114) that would extend by 1 year a pilot program that prohibits the use of funds made available for laboratory-directed research and development for general and administrative overhead costs of the laboratory.

The Senate amendment contained a similar provision (sec. 3152) that would make permanent the prohibition and extend it to nuclear weapons production facilities.

The Senate recedes with an amendment that would extend the pilot program by 5 years.

SUBTITLE H—OTHER MATTERS

Independent study on potential environmental effects of nuclear war (sec. 3171)

The House bill contained a provision (sec. 3117) that would require the Administrator of the National Nuclear Security Administration to enter into an agreement with the National Academies of Sciences, Engineering, and Medicine to conduct a study on the non-fallout atmospheric effects of nuclear explosions. The study would assess the strengths and weaknesses of existing models in the areas of fire effects, soot generation and transport, radioactivity, and the atmospheric transfer of gasses. The provision would require the National Academies to submit a report on the study to the Administrator and the congressional defense committees no later than 18 months after the enactment of this Act. The provision would also require the Secretary of Defense to provide to the National Academies such information as necessary for the conduct of the study.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the study to be conducted in consultation with the Secretary of Defense and the Director of National Intelligence and would require the Director to provide to the National Academies such information as necessary for the conduct of the study.

Review of future of computing beyond exascale at the National Nuclear Security Administration (sec. 3172)

The Senate amendment contained a provision (sec. 3156) that would require the Administrator of the National Nuclear

Security Administration (NNSA) to enter into an agreement with the National Academy of Sciences to conduct a review of the future of advanced computing at the NNSA. The review would cover alternative computing architectures, including quantum computing, and would require the Administrator to ensure that the personnel of the National Academy of Sciences receive access to necessary information and security clearances in a timely manner. The provision would require the National Academy to provide to the congressional defense committees a report on the findings of the review not later than 2 years after the date of the enactment of this Act.

The House bill contained no similar provision.

The House recedes.

Sense of Congress on the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation (sec. 3173)

The House bill contained a provision (sec. 1756) that would express the sense of Congress on several matters relating to limitations on nuclear fuel importation from the Russian Federation. The provision would express the sense of Congress that a reliable nuclear fuel supply is essential to the security of the United States and that the Government of the Russian Federation uses energy resources to exert influence and create dependency abroad. The provision would further express the sense of Congress on the importance of existing limitations on the importation of nuclear fuel from the Russian Federation and the value of extending such limitations or taking other measures to prevent the manipulation of nuclear fuel markets by the Russian Federation.

The Senate amendment contained a similar provision (sec. 3167) that expressed a similar sense of Congress.

The Senate recedes with an amendment that would express the sense of Congress that the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation, dated September 16, 1992, as amended by an agreement signed by the U.S. Department of Commerce and the Russian State Atomic Energy Corporation Rosatom on October 6, 2020, will provide certainty to the U.S. nuclear fuel supply chain while avoiding unfair trade practices in the importation of uranium products from Russia consistent with national security and nonproliferation goals of the United States.

LEGISLATIVE PROVISIONS NOT ADOPTED

Program for research and development of advanced naval nuclear fuel system based on low-enriched uranium

The House bill contained a provision (sec. 3116) that would require the Administrator of the National Nuclear Security Administration (NNSA) to establish a program to assess the viability of using low-enriched uranium for naval reactors. The provision would detail certain requirements for the program and require the Administrator to submit to the congressional defense committees a report on planned actions under the program.

The Senate amendment contained a similar provision (sec. 3154) that would prohibit the obligation or expenditure of any fiscal year 2021 funds by the NNSA to conduct research and development of an advanced naval nuclear fuel system based on low-enriched uranium unless the Secretary of Defense, the Secretary of Energy, and the Secretary of the Navy submit certain certifications to the congressional defense committees. The provision would also require the Administrator of the NNSA to provide to the congressional defense committees a report outlining activities in the area using fiscal year 2020 funds.

The conference agreement does not include either provision.

Findings, purpose, and apology relating to fallout emitted during the Government's atmospheric nuclear tests

The House bill contained a provision (sec. 3119) that would amend the Radiation Exposure Compensation Act (Public Law 101-426) to include individuals residing in New Mexico, Idaho, Colorado, Arizona, Utah, Texas, Wyoming, Oregon, Washington, South Dakota, North Dakota, Nevada, Guam, and the Northern Mariana Islands.

The Senate amendment contained no similar provision.

The House recedes.

Prohibition on use of funds for nuclear weapons test explosions

The House bill contained a provision (sec. 3121) that would prohibit the use of fiscal year 2021 funds appropriated or otherwise made available by this or any other Act as of the date of enactment to conduct or prepare for any explosive nuclear weapons test that produces any yield.

The Senate amendment contained a provision (sec. 3166) that would require not less than \$10.0 million of the funds authorized to be appropriated for the Stockpile Responsiveness Program be used to carry out projects related to reducing the time required to execute a nuclear test if necessary.

The conference agreement does not include either provision.

Clarification of responsibility for cybersecurity of National Nuclear Security Administration facilities

The Senate amendment contained a provision (sec. 3132) that would update section 2421 of title 50, United States Code, to establish a Chief Information Officer (CIO) for the National Nuclear Security Administration.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that the National Nuclear Security Administration recently updated the roles and responsibilities of existing officials to better consolidate CIO functions, and has offered to provide the committee staffs with an update on these actions in fiscal year 2021.

Authorization of appropriations for W93 nuclear warhead program

The Senate amendment contained a provision (sec. 3155) that would authorize appropriations for the W93 nuclear warhead program.

The House bill contained no similar provision.

The Senate recedes.

Integration of stockpile stewardship and nonproliferation missions

The Senate amendment contained a provision (sec. 3159) that would express the sense of the Senate that the expertise and infrastructure of the national security laboratories should continue to be applied to efforts to counter current and emerging nuclear threats to the United States. The provision would also direct the Secretary of Energy to ensure the capabilities of the stockpile stewardship program are available to assist in the assessment of proliferation challenges, nuclear capabilities of adversaries, and related safeguards.

The House bill contained no similar provision.

The Senate recedes.

Technology development and integration program

The Senate amendment contained a provision (sec. 3160) that would require the Administrator for Nuclear Security to establish a technology development and integration program to improve the nuclear weapons stockpile's safety and security and prevent proliferation.

The House bill contained no similar provision.

The Senate recedes.

Advanced manufacturing development program

The Senate amendment contained a provision (sec. 3161) that would require the Administrator for Nuclear Security to establish an advanced manufacturing development program to ensure the safety and security of the nuclear weapons stockpile.

The House bill contained no similar provision.

The Senate recedes.

National Nuclear Security Administration Personnel System

The Senate amendment contained a provision (sec. 3121) that would allow the Administrator for Nuclear Security to adapt the pay banding and performance-based pay adjustment demonstration project carried out by the Administration under the authority provided by section 4703 of title 5, United States Code, into a permanent alternative personnel system for the National Nuclear Security Administration. The amendment would also allow the Director of the Naval Nuclear Propulsion Program, with the concurrence of the Secretary of the Navy, to apply said alternative personnel system to all employees of the Naval Nuclear Propulsion Program in the competitive service and all excepted service employees of the Department of the Navy who are assigned to the Naval Nuclear Propulsion Program. Finally, the amendment would require the Administrator for Nuclear Security to brief appropriate congressional committees on the implementation of section 3248 of the National Nuclear Security Administration Act (50 U.S.C. 2441 et seq.).

The House bill contained no similar provision.

The Senate recedes.

Materials science program

The Senate amendment contained a provision (sec. 3162) that would require the Administrator for Nuclear Security to establish a materials science program to develop new materials to replace materials that are no longer available for weapons sustainment.

The House bill contained no similar provision.

The Senate recedes.

Modifications to Inertial Confinement Fusion Ignition and High Yield Program

The Senate amendment contained a provision (sec. 3163) that would require the Inertial Confinement Fusion Ignition and High Yield Program of the National Nuclear Security

Administration to provide certain capabilities required to validate the safety and effectiveness of the nuclear weapons stockpile. The provision would also require the Administrator for Nuclear Security to establish a working group to identify and implement recommendations issued by the National Academies of Sciences, Engineering, and Medicine as required by section 3137 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92). The provision would further require the Administrator to submit a report to the congressional defense committees, no later than March 31, 2021, on the timelines for completing implementation of these recommendations.

The House bill contained no similar provision.

The Senate recedes.

The conferees believe that the Administrator for Nuclear Security should establish a working group to identify and implement any recommendations issued by the National Academies of Sciences, Engineering, and Medicine as required by section 3137 of the National Defense Authorization Act for Fiscal Year 2020.

The conferees direct the Administrator to provide to the congressional defense committees a briefing on the status of implementation of the recommendations issued by the National Academies no later than March 31, 2021.

Use of high performance computing capabilities for COVID-19 research

The Senate amendment contained a provision (sec. 3165) that would require the Secretary of Energy to make the unclassified high performance computing capabilities of the Department of Energy available for research relating to the coronavirus disease 2019 so long as and to the extent that doing so does not negatively affect the stockpile stewardship mission of the National Nuclear Security Administration.

The House bill contained no similar provision.

The Senate recedes.

The conferees believe that the Secretary of Energy should continue to make available the unclassified computing capabilities of the Department of Energy for coronavirus research so long as it can be done without negatively affecting stockpile stewardship.

TITLE XXXII—DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Authorization (sec. 3201)

The House bill contained a provision (sec. 3201) that would authorize to be appropriated for fiscal year 2021, \$28.8 million for the operation of the Defense Nuclear Facilities Safety Board.

The Senate amendment contained an identical provision (sec. 3201).

The conference agreement includes this provision.

Nonpublic collaborative discussions by Defense Nuclear Facilities Safety Board (sec. 3202)

The Senate amendment contained a provision (sec. 3202) that would modify the section of the Atomic Energy Act of 1954 (42 U.S.C. 2286b) governing the Defense Nuclear Facilities Safety Board to allow members of the Board to hold nonpublic meetings to discuss official business. The members would not be able to take any votes, formal or informal, or other official actions at such meetings and would be subject to certain restrictions. The Board would be required to disclose to the public a list of participants and a summary of matters discussed no later than 2 business days after the meeting.

The House bill contained no similar provision.

The House recedes.

LEGISLATIVE PROVISIONS NOT ADOPTED

Improvements to operations of Defense Nuclear Facilities Safety Board

The Senate amendment contained a provision (sec. 3203) that would amend the establishing and governing sections of United States Code pertaining to the Defense Nuclear Facilities Safety Board (DNFSB) to alter slightly the mission of the Board and clarify certain sections of law pertaining to the access by the Board of defense nuclear facilities, personnel, and information.

The House bill contained no similar provision.

The Senate recedes.

The conferees direct the Secretary of Energy and the Chairman of the Defense Nuclear Facilities Safety Board to complete a memorandum of understanding regarding the access of DNFSB personnel to such facilities, documents, and such other information as necessary for the completion of their duties. In particular, such a memorandum would lay out a mutual understanding of the implementation of Department of Energy

Order 140.1 or any superseding guidance. The conferees also direct the Secretary of Energy and the Chairman of the Board to provide to the congressional defense committees a briefing no later than April 1, 2021, on the resulting memorandum. The conferees note that the Senate report accompanying S. 4049 (S. Rept. 116-236) of the National Defense Authorization Act for Fiscal Year 2021 has already directed a briefing on this matter and the conferees look forward to prompt progress and resolution of any outstanding disagreements between the parties.

TITLE XXXIV—NAVAL PETROLEUM RESERVES

Authorization of appropriations (sec. 3401)

The House bill contained a provision (sec. 3401) that would authorize funds for the purpose of carrying out activities under chapter 869 of title 10, United States Code, relating to the naval petroleum reserves.

The Senate amendment contained no similar provision.
The Senate recedes.

TITLE XXXV—MARITIME MATTERS

SUBTITLE A—MARITIME ADMINISTRATION

Authorization of the Maritime Administration (sec. 3501)

The House bill contained a provision (sec. 3501) that would authorize appropriations for the national security aspects of the Maritime Administration for fiscal year 2021.

The Senate amendment contained a similar provision (sec. 3501).

The Senate recedes with an amendment that would conform certain authorization levels to the most recent allocation of funds for the Maritime Administration.

Improvements to process for waiving navigation and vessel-inspection laws and approving foreign vessel charters for passenger vessels (sec. 3502)

The House bill contained a provision (sec. 3504) that would improve and tighten both the waiver and vessel inspection process in section 501 of title 46, United States Code.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Maritime Administrator to make certain information publicly available online.

*Superintendent of the United States Merchant Marine Academy
(sec. 3503)*

The House bill contained a provision (sec. 3510A) that would modify the United States Merchant Marine Academy superintendent appointment criteria to provide the sense of Congress that being a graduate of the Academy in good standing with an unlimited merchant marine officer's license is highly desirable and also indicate that the Chief Engineer is the highest professional level for a maritime engineer.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

*Assistance for inland and small coastal ports and terminals
(sec. 3504)*

The House bill contained a provision (sec. 3508) that would amend the port and intermodal improvement program to provide a 25 percent set-aside for small ports and other items.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would strike the inclusion of private entities as a lead sponsor, strike redundant grant application requirements for small port applicants, decrease the set-aside to 18 percent, and make technical changes.

Maritime transportation system emergency relief program (sec. 3505)

The House bill contained a provision (sec. 3505) that would authorize the U.S. Maritime Administration to provide financial assistance, subject to appropriations, to states and the maritime sector during a national emergency such as COVID-19 or a natural disaster.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would include tribal entities and maritime education and training as eligible recipients. Additionally, the amendment would increase allowable administrative expenses to carry out the program and require additional reporting.

Sea year cadets on cable security fleet and tanker security fleet vessels (sec. 3506)

The House bill contained a provision (sec. 3510) that would improve the stability of the of the Sea Year program through greater access to cable security fleet and tanker security fleet vessels.

The Senate amendment contained no similar provision.

The Senate recedes.

Centers of excellence for domestic maritime workforce training and education: technical amendments (sec. 3507)

The House bill contained a provision (sec. 3506) that would amend section 54102 of title 46, United States Code, to redesignate, transfer, and make other technical amendments related to Merchant Marine centers of excellence for domestic maritime workforce training and education.

The Senate amendment contained no similar provision.

The Senate recedes.

Merchant mariner training and education (sec. 3508)

The House bill contained a provision (sec. 3507) that would establish a loan program to provide loans to eligible students for the purposes of training United States merchant mariners.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require a study on the Federal financial assistance currently available for the training of United States merchant mariners and a strategic plan to recruit, train, and retain merchant mariners and maritime workers.

Publication of information about students and recent graduates of Maritime Academies (sec. 3509)

The House bill contained a provision (sec. 3510B) that would require the Maritime Administration to make certain United States Merchant Marine Academy and State Maritime Academy graduation data available on a public website.

The Senate amendment contained no similar provision.

The Senate recedes with a clarifying amendment.

Mariner licensing and credentialing for M/V LISERON (sec. 3510)

The House bill contained a provision (sec. 3510C) which aligns and makes licensing requirements consistent with all the other safety and inspection regulations that apply to the M/V LISERON (U.S. official number 971339) as a small passenger vessel. Subsection (a) deems the M/V LISERON to be less than 100 gross tons for the purposes of licensing and credentialing. Subsection (b) would nullify the designation in subsection (a) if the vessel undergoes a structural change of its length. Subsection (c) adds two restrictions with respect to the application of subsection (a). First, the vessel may not operate outside of inland waters of the United States when carrying passengers for hire. Second, the Secretary may issue a restricted credential to a 100 gross ton license as appropriate and if needed for licensed individuals employed to serve on this small passenger vessel reflecting any unique qualification requirements that may be needed to operate this small passenger vessel.

The Senate amendment had no similar provision.
The Senate recedes.

SUBTITLE B—TANKER SECURITY FLEET

Tanker Security Fleet (sec. 3511)

The House bill contained a provision (sec. 3511) that would amend part C of subtitle V of title 46, United States Code, to authorize the establishment of a Tanker Security Program in order to provide a fleet of 10 United States flagged tanker vessels.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would initiate the program in fiscal year 2022, authorize the program for fiscal years 2022 through 2031, limit program authorization unless and until the Secretary of Defense makes a certification, and make technical edits.

SUBTITLE C—OTHER MATTERS

Maritime security and domain awareness (sec. 3521)

The House bill contained a provision (sec. 1710I) that would require a report on combatting illegal, unreported, and unregulated fishing.

The Senate amendment contained a similar provision (sec. 6061).

The House recedes with an amendment that would add the House Committee on Foreign Affairs and Senate Committee on Foreign Relations as report recipients.

Sense of Congress regarding role of domestic maritime industry in national security (sec. 3522)

The House bill contained a provision (sec. 3502) that would express the sense of the Congress regarding the role of the domestic maritime industry in national security.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would remove the findings on the role of the domestic maritime fleet.

LEGISLATIVE PROVISIONS NOT ADOPTED

Nonapplicability of requirement relating to minimum number of operating days for vessels operating under MSP Operating Agreements

The House bill contained a provision (sec. 3503) that would waive the minimum number of operating days required for vessels operating under maritime security program agreements.

The Senate amendment contained no similar provision.

The House recedes.

National Shipper Advisory Committee

The House bill contained a provision (sec. 3509) that would establish an advisory committee comprised of 24 members appointed by the Federal Maritime Commission with expertise relating to the competitiveness, reliability, integrity, and fairness of the international ocean freight delivery system.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note a version of this provision was included elsewhere in this Act.

National Shipper Advisory Committee

The House bill contained a provision (sec. 3510D) that would establish an advisory committee comprised of 24 members appointed by the Federal Maritime Commission with expertise relating to the competitiveness, reliability, integrity, and fairness of the international ocean freight delivery system.

The Senate amendment contained no similar provision.

The House recedes.

DIVISION D—FUNDING TABLES

Authorization of amounts in funding tables (sec. 4001)

The House bill contained a provision (sec. 4001) that would provide for the allocation of funds among programs, projects, and activities in accordance with the tables in division D of this Act, subject to reprogramming guidance in accordance with established procedures. Consistent with the previously expressed views of the committee, this section would also require that a decision by an agency head to commit, obligate, or expend funds to a specific entity on the basis of such funding tables be based on merit-based selection procedures in accordance with the requirements of section 2304(k) and section 2374 of title 10, United States Code, and other applicable provisions of law.

The Senate amendment contained a similar provision (sec. 4001).

The Senate recedes with a technical amendment.

SUMMARY OF NATIONAL DEFENSE AUTHORIZATIONS FOR FISCAL YEAR 2021

(In Thousands of Dollars)

	FY 2021 Request	Conference Change	Conference Authorized
National Defense Funding, Base Budget Request			
Function 051, Department of Defense-Military			
Division A: Department of Defense Authorizations			
Title I—Procurement			
Aircraft Procurement, Army	3,074,594	145,060	3,219,654
Missile Procurement, Army	3,491,507	–39,859	3,451,648
Weapons & Tracked Combat Vehicles, Army	3,696,740	144,145	3,840,885
Procurement of Ammunition, Army	2,777,716	91,319	2,869,035
Other Procurement, Army	8,625,206	–343,429	8,281,777
Aircraft Procurement, Navy	17,127,378	1,417,875	18,545,253
Weapons Procurement, Navy	4,884,995	–155,761	4,729,234
Procurement of Ammunition, Navy & Marine Corps	883,602	–53,071	830,531

DIVISION E—NATIONAL ARTIFICIAL INTELLIGENCE INITIATIVE ACT OF 2020

National Artificial Intelligence Initiative Act of 2020 (secs. 5001-5501)

The House bill contained Division E that included the National Artificial Intelligence Initiative Act of 2020.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would make various modifications to such provisions.

The conferees believe that artificial intelligence systems have the potential to transform every sector of the United States economy, boosting productivity, enhancing scientific research, and increasing U.S. competitiveness and that the United States government should use this Initiative to enable the benefits of trustworthy artificial intelligence while preventing the creation and use of artificial intelligence systems that behave in ways that cause harm. The conferees further believe that such harmful artificial intelligence systems may include high-risk systems that lack sufficient robustness to prevent adversarial attacks; high-risk systems that harm the privacy or security of users or the general public; artificial general intelligence systems that become self-aware or uncontrollable; and artificial intelligence systems that unlawfully discriminate against protected classes of persons, including on the basis of sex, race, age, disability, color, creed, national origin, or religion. Finally, the conferees believe that the United States must take a whole of government approach to leadership in trustworthy artificial intelligence, including through coordination between the Department of Defense, the Intelligence Community, and the civilian agencies.

DIVISION F—ANTI-MONEY LAUNDERING

Anti-Money Laundering Act of 2020 (secs. 6001-6511)

The House bill contained multiple provisions (sections 6001 through 7306 contained in Divisions F and G of the House bill) that would strengthen, modernize, and improve the communication, oversight, and processes of the U.S. Department

of the Treasury's financial intelligence, anti-money laundering, and countering the financing of terrorism programs, and would establish beneficial ownership information reporting requirements. Division F is substantially similar to H.R. 2513, the Corporate Transparency Act of 2019, introduced by Representative Maloney of New York, and Division G is substantially similar to H.R. 2514, the Coordinating Oversight, Upgrading and Innovating Technology, and Examiner Reform Act of 2019 (COUNTER Act), introduced by Representative Cleaver of Missouri.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment in the form of a single division that makes a number of additional changes to the provisions in the House bill to strengthen the provisions relating to anti-money laundering and countering the financing of terrorism programs and to establish an improved reporting system relating to beneficial ownership information, including building in further protections to ensure that sensitive information is properly used and protected. The Senate amendment builds on Divisions F & G in the House bill and draws from related bills pending in the Senate, including S.2563, the Improving Laundering Laws and Increasing Comprehensive Information Tracking of Criminal Activity in Shell Holdings Act (ILLICIT CASH Act), introduced by Senator Warner of Virginia and Senator Cotton of Arkansas; S.1889, the True Incorporation Transparency for Law Enforcement Act (TITLE Act), introduced by Senator Whitehouse of Rhode Island; S.1978, the Corporate Transparency Act, introduced by Senator Wyden of Oregon; and S.1883, Combating Money Laundering, Terrorist Financing, and Counterfeiting Act of 2019, introduced by Senator Graham of South Carolina.

The conference agreement also includes Division L, the STIFLE Act of 2020, included in H.R. 6395 the National Defense Authorization Act for Fiscal Year 2020, as passed by the House of Representatives. This division is substantially similar to H.R. 7592, the Stopping Trafficking, Illicit Flows, Laundering, and Exploitation Act of 2020 (STIFLE Act), introduced by Representative McAdams of Utah and Representative Gonzalez of Ohio, and integrates it into the conference agreement.

The conferees note that the current Anti-Money Laundering/Countering the Financing of Terrorism (AML/CFT) regulatory framework is an amalgamation of statutes and regulations that are grounded in the Bank Secrecy Act (BSA) (21 U.S.C. 5311 et seq.), which the Congress enacted in 1970. This decades-old regime, which has not seen comprehensive reform and modernization since its inception, is generally built on individual reporting mechanisms (i.e., currency transaction

reports (CTRs) and suspicious activity reports (SARs)) and contemplates aging, decades-old technology, rather than the current, sophisticated AML compliance systems now managed by most financial institutions. The provisions of the House bill, as modified by the Senate amendment, comprehensively update the BSA for the first time in decades and provide for the establishment of a coherent set of risk-based priorities.

One overarching improvement now included in the conference agreement is to broaden the mission of the BSA to specifically safeguard national security as well as the more traditional investigatory pursuits of law enforcement. This change is reflected throughout the conference agreement, including in the priorities that will be established by the Secretary of the Treasury, in consultation with key Federal national security, law enforcement, and regulatory officials.

In particular, the conference agreement requires more routine and systemic coordination, communication, and feedback among financial institutions, regulators, and law enforcement to identify suspicious financial activities, better focusing bank resources to the AML task, which will increase the likelihood for better law enforcement outcomes.

Currently, there is no clear statutory mandate for BSA stakeholders—law enforcement, financial regulators, and financial institutions—to provide routine, standardized feedback to one another for the purpose of improving the effectiveness of BSA anti-money laundering programs. The conference agreement establishes a critical feedback loop and improved routine reporting requirements, to ensure that resources are directed effectively and that law enforcement, regulators, and financial institutions better communicate and coordinate on BSA-AML priorities, collection methods, and outcomes. Because this coordination is essential to identifying those who abuse our financial system, the conferees also examined other domestic and international models for these regulation-guided feedback loops to identify additional lessons-learned that could be adapted for this essential sector.

The conference agreement also opens avenues for more data sharing among financial institutions and within financial institutions and their affiliates, while retaining key security safeguards, so that patterns of suspicious activities will be more easily identified, tracked, and shared appropriately.

The conference agreement also provides a clear mandate for innovation, while providing for regulatory processes for financial institutions to effectively innovate, test, and adopt leading technologies, such as artificial intelligence, to track, identify, and report suspicious financial activity. It also

provides for dedicated staff and multiple fora to support public-private collaboration and advancement of this issue.

This includes two new Bank Secrecy Act Advisory Group (BSAAG) subcommittees. The first focuses on confidentiality and informational security and the second on innovation and technology. A new "tech symposium" is also established whereby the U.S. Department of the Treasury is urged to convene international and domestic regulators, financial institutions, law enforcement, and technology companies to periodically demonstrate and test related innovations, all of which will introduce AML participants to the latest technology and mandate its effective incorporation into comprehensive BSA AML-CFT compliance programs.

The conference agreement further requires that the Secretary of the Treasury must consider, when imposing SAR reporting requirements, the benefits and burdens of specific requirements and whether the reporting is likely to be "highly useful" to law enforcement and national security efforts. It also calls for the potential streamlining of reporting requirements, including automated processes. The Secretary must further report to the Congress on whether to permit financial institutions to provide certain "bulk reporting" to law enforcement of low-level risks, such as Suspicious Activity Reports related to structured transactions, which could allow financial institutions to focus more time and effort on identifying and reporting higher-priority, sophisticated suspicious activity.

The conference agreement provides new whistleblower protections for those reporting BSA violations and establishes an "Anti-Money Laundering and Counter-Terrorism Financing Fund" to pay such rewards. It also establishes tough new penalties on those convicted of serious BSA violations, including additional penalties for repeat BSA violators and a prohibition against financial institution board service for individuals convicted of egregious BSA-related crimes.

The conference agreement closes significant AML-CFT gaps, including by adding the trade in antiquities to coverage under the BSA. In addition, Treasury and its law enforcement partners will further study the risks posed by the facilitation of money laundering through the trade in art.

In addition, the laundering of money through real estate transactions continues to be an issue of concern, and the conferees encourage Treasury to examine whether reporting on certain commercial, as well as certain residential, real estate transactions would be a source of highly useful information to law enforcement and the national security community. The conference agreement also requires U.S. Government-wide

strategies to combat trade-based money laundering, trafficking, and Chinese money laundering activities.

The conference agreement mandates a study and strategy on de-risking to ensure that legitimate customers - whether individuals, entities, or geographic areas - are not unintentionally and unfairly excluded from access to the financial system.

The conference agreement authorizes additional support to the U.S. Department of the Treasury to accomplish these goals, and the conferees expect the Department to insist on strong accountability for results and responsiveness to congressional oversight during implementation of this measure. Recognizing the important role of the Financial Crimes Enforcement Network (FinCEN) and the need to strengthen the Bureau's management and operations, the agreement adds \$10.0 million to the Bureau's authorization. The agreement also allows for special hiring authority for the Office of Terrorism and Financial Intelligence and its component parts. It further establishes a FinCEN Office of Domestic Liaison, FinCEN Foreign Financial Intelligence Unit Liaisons, and expands the number of U.S. Treasury Attachés to allow the Department a broader reach for its AML-CFT activities.

The conference agreement also addresses the critical issue of beneficial ownership. Targeting bad actors who own or control businesses that act as "fronts" or shell companies on behalf of those conducting illicit activities is essential to combating crime and safeguarding our national security.

The conference agreement requires corporations, limited liability companies, and other similar entities formed in the U.S.-or foreign entities registered to do business in the U.S.-to report their beneficial owners to the U.S. Department of the Treasury, as a means to combat the abuse of anonymous companies, which can be used to facilitate money laundering, the financing of terrorism, proliferation finance, tax evasion, human and drug trafficking, sanctions evasion, and other financial crimes.

The conference agreement requires companies to disclose their beneficial owners to the U.S. Department of the Treasury at the time the company is formed and when ownership changes. This beneficial ownership information will be kept confidential and treated as sensitive information, protected under the highest information security standards. It will be made directly available only to: (1) Authorized Government authorities upon request as set out in the measure, subject to effective safeguards, to facilitate relevant national security, intelligence, and law enforcement activities; and (2) Financial institutions, for purposes of complying with their customer due diligence requirements under applicable law and regulation.

For requests made by Federal agencies, the conference agreement requires that only the head of an agency or a designee may certify access to the beneficial ownership database for an investigation, or other authorized national security, intelligence, or law enforcement activity. The conferees expect that the process of delegating authority for designees to make a written certification under section 5403(c)(3)(E) will be consistent with the existing processes to delegate authority to designees to carry out 26 U.S.C. 6103 requests, while taking into account the unique organizational structures of each requesting agency.

Similarly, requests made by State, local, or Tribal law enforcement must be approved by a court of competent jurisdiction. "Court of competent jurisdiction," for purposes of this measure, includes an officer of such a court such as a judge, magistrate, or a Clerk of Courts. This does not include attorneys who are party to a proceeding.

The conferees note that nothing in this conference agreement is designed to undermine the requirement that financial institutions identify and verify the beneficial owners of their legal entity customers pursuant to 31 C.F.R. § 1010.230(a). The conference agreement provides that not later than 1 year after the regulations promulgated to implement the Corporate Transparency Act become effective, the Secretary of the Treasury shall revise the final rule entitled "Customer Due Diligence Requirements for Financial Institutions" (81 Fed. Reg. 29397 (May 11, 2016)) (the "CDD Rule") to, inter alia, bring the CDD rule into conformance with the statute and reduce any burdens on financial institutions and legal entity customers that are unnecessary or duplicative.

The conference agreement further provides that paragraphs (b)-(j) of 31 C.F.R. § 1010.230 will be rescinded upon the effective date of the revised rule promulgated under this subsection. The conferees intend for the revised CDD rule, including those provisions added pursuant to section 5403(a) of this amendment, to replace appropriate provisions of the current 31 C.F.R. § 1010.230.

DIVISION G—ELIJAH E. CUMMINGS COAST GUARD AUTHORIZATION ACT OF 2020

Elijah E. Cummings Coast Guard Authorization Act of 2020 (sec. 8001-8605)

The House bill contained Division H that would authorize certain aspects of the Coast Guard.

The Senate amendment contained no similar provisions.

The Senate recedes with various amendments.

DIVISION H—OTHER MATTERS

TITLE XC—HOMELAND SECURITY MATTERS

Department of Homeland Security CISA Director (sec. 9001)

The House bill contained a provision (sec. 1793) that would modify the position level of the Director of the Cybersecurity and Infrastructure Security Agency (CISA), write into law certain experience requirements for the position, and limit an individual to no more than two 5-year terms as Director.

The Senate amendment contained a similar provision (sec. 5244) that would make the changes to the Executive Schedule status of the Director.

The Senate recedes with an amendment that would strike the term limitation and include several other modifications to other offices within CISA.

Sector risk management agencies (sec. 9002)

The House bill contained a provision (sec. 1784) that would require the Secretary of Homeland Security to review the current framework for securing critical infrastructure and submit a report to the President containing recommendations for revisions. The provision would require the Secretary, in coordination with the Director of the Cybersecurity and Infrastructure Security Agency, to evaluate the current list of critical infrastructure sectors and the current designations for sector risk management agencies and provide recommendations for revisions to the President. The provision would also require the President to review such recommendations, revise them, and submit to appropriate congressional committees and offices an explanation for any rejected recommendations. The provision would further require the public designation of critical infrastructure sectors in the Federal Register and would formalize the sector risk management agencies. Finally, the provision would require the Comptroller General of the United States to submit to the appropriate committees a report on the effectiveness of the sector risk management agencies.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would include the heads of the sector risk management agencies for initial and subsequent reviews by the Secretary, require the submission of the Secretary's initial report to the Congress as well as the President, and modify the requirements for the initial review and presidential report to the Congress. The amendment would also extend the Comptroller General of the United States review and make several modifications to the formalization of the risk management agencies.

Review and analysis of inland waters seaport security (sec. 9003)

The Senate amendment contained a provision (sec. 1065) that would require the Secretary of Homeland Security to submit a report regarding the screening practices for foreign cargo arriving at seaports on the Great Lakes and inland waterways.

The House bill contained no similar provision.

The House recedes with an amendment that would require additional analysis, reviews, and a threat assessment, as well as make technical edits.

Department of Homeland Security reports on digital content forgery technology (sec. 9004)

The House bill contained a provision (sec. 1710D) that would require, not later than 1 year after the date of the enactment of this Act and annually thereafter for 5 years, the Secretary of Homeland Security, acting through the Under Secretary for Science and Technology of the Department of Homeland Security and in consultation with the Director of National Intelligence, to research the state of digital content forgery technology and produce a report on such technology.

The Senate amendment contained a similar provision (sec. 5243).

The Senate recedes with an amendment that would make various modifications to the required reports.

GAO study of cybersecurity insurance (sec. 9005)

The House bill contained a provision (sec. 1710A) that would require the Comptroller General of the United States to conduct a study on the state and availability of insurance for cybersecurity risks, detail certain requirements for such a study, and require the Comptroller General to provide to the Congress a report on the findings and conclusions.

The Senate amendment contained no similar provision.
The Senate recesses.

Strategy to secure email (sec. 9006)

The House bill contained a provision (sec. 1780) that would require the Secretary of Homeland Security to develop a strategy to implement a Domain-based Message Authentication, Reporting, and Conformance (DMARC) standard across U.S.-based email providers.

The Senate amendment contained no similar provision.
The Senate recesses.

The conferees note this implements a recommendation made by the Cyberspace Solarium Commission.

Department of Homeland Security large-scale non-intrusive inspection scanning plan (sec. 9007)

The House bill contained a provision (sec. 1805) that would require, not later than 180 days after the enactment of this Act, the Secretary of Homeland Security to submit a plan to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Homeland Security of the House of Representatives for increasing to 100 percent the rate of high-throughput scanning of commercial and passenger vehicles and freight rail traffic entering the United States at land ports of entry and rail-border crossings along the border using large-scale non-intrusive inspection systems or similar technology to enhance border security.

The Senate amendment contained no similar provision.
The Senate recesses.

TITLE XCI—VETERANS AFFAIRS MATTERS

Modification of licensure requirements for Department of Veterans Affairs health care professionals providing treatment via telemedicine (sec. 9101)

The Senate amendment contained a provision (sec. 1089) that would amend section 1730C(b) of title 38, United States Code, to modify the licensure requirements for health care professionals providing telemedicine treatment by the Department of Veterans Affairs.

The House bill contained no similar provision.
The House recesses.

Additional care for newborn children of veterans (sec. 9102)

The Senate amendment contained a provision (sec. 1090A) that would amend section 1786 of title 38, United States Code, to authorize the Secretary of Veterans Affairs to provide a newborn child more than 7 days of health care services and the transportation necessary to receive such services if the child requires additional medical care.

The House bill contained no similar provision.

The House recedes.

Expansion of eligibility for HUD-VASH (sec. 9103)

The House bill contained a provision (sec. 1790) that would amend section 8(o)(19) of the United States Housing Act of 1937 (42 U.S.C. 1437f(o)(19)) and subsection (b) of section 2003 of title 38, United States Code, to expand eligibility for HUD-VASH services.

The Senate amendment contained no similar provision.

The Senate recedes.

Study on unemployment rate of women veterans who served on active duty in the Armed Forces after September 11, 2001 (sec. 9104)

The House bill contained a provision (sec. 1710E) that would require the Secretary of Veterans Affairs to conduct a study on the unemployment rate of post-9/11 women veterans.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Access of veterans to Individual Longitudinal Exposure Record (sec. 9105)

The Senate amendment contained a provision (sec. 753) that would require the Secretary of Veterans Affairs, in consultation with the Secretary of Defense, to provide a veteran with read-only access to the veteran's documents contained in the Individual Longitudinal Exposure Record through a portal accessible on websites of the Department of Veterans Affairs and Department of Defense.

The House bill contained no similar provision.

The House recedes with an amendment that would remove the requirements for: (1) the Secretary of Veterans Affairs to consult with the Secretary of Defense; and (2) the Department of Defense to include such documents on a website of the Department.

Department of Veterans Affairs report on undisbursed funds (sec. 9106)

The House bill contained a provision (sec. 1708) that would require the Secretary of Veterans Affairs to submit a report to Congress, within 180 days of the date of the enactment of this Act, on the unclaimed property in the possession of the Department of Veterans Affairs. The provision would require the Comptroller General of the United States to conduct a review of the Secretary's report.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would require the Secretary of Veterans Affairs to submit a report to the Committees on Veterans' Affairs of the Senate and the House of Representatives, within 120 days of the date of the enactment of this Act, on the undisbursed funds of the Department of Veterans Affairs.

Transfer of Mare Island Naval Cemetery to Secretary of Veterans Affairs for maintenance by National Cemetery Administration (sec. 9107)

The House bill contained a provision (sec. 1764) that would require the Secretary of Veterans Affairs to seek to enter into an agreement with the city of Vallejo, California, under which the city of Vallejo shall transfer to the Secretary all right, title, and interest in the Mare Island Naval Cemetery in Vallejo, California, at no cost to the Secretary. This provision would also require the Secretary to submit a report on the feasibility and advisability of exercising such authority.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

Comptroller General report on Department of Veterans Affairs handling of disability compensation claims by certain veterans (sec. 9108)

The Senate amendment contained a provision (sec. 6090) that would require the Comptroller General of the United States to submit a report to Congress that evaluates how the Department of Veterans Affairs has handled claims for disability benefits of veterans with type 1 diabetes who have been exposed to a herbicide agent.

The House bill contained no similar provision.

The House recedes with an amendment that would require the Comptroller General to submit the report within 1 year of the date of the enactment of this Act.

Additional diseases associated with exposure to certain herbicide agents for which there is a presumption of service connection for veterans who served in the Republic of Vietnam (sec. 9109)

The Senate amendment contained a provision (sec. 1090B) that would amend section 1116(a)(2) of title 38, United States Code, by adding Parkinsonism, bladder cancer, and hypothyroidism to the list of diseases associated with exposure to certain herbicide agents.

The House bill contained no similar provision.

The House recedes.

TITLE XCII—COMMUNICATIONS MATTERS

Reliable emergency alert distribution improvement (sec. 9201)

The Senate amendment contained provisions (secs. 6096, 6096A, 6096B, 6096C, 6096D, 6096E, 6096F, and 6096G) that included the Reliable Emergency Alert Distribution Improvement Act of 2020.

The House bill contained no similar provisions.

The House recedes with a technical amendment.

Wireless supply chain innovation and multilateral security (sec. 9202)

The Senate amendment contained a series of provisions (secs. 1091-1093) that would establish a Public Wireless Supply Chain Innovation Fund and Multilateral Telecommunications Security Fund and direct the Secretary of State, the Secretary of Commerce, and the Chairman of the Federal Communications Commission, or their designees, to consider how to enhance representation of the United States at international forums that set standards for fifth generation (5G) networks and for future generations of wireless communications networks. These provisions would also require a series of reports.

The House bill contained no similar provision.

The House recedes with an amendment that would make edits to the communication technology security funds and the associated requirements.

It is the intent of the conferees that the Secretary of Commerce, when establishing the criteria for grants awarded under the Public Wireless Supply Chain Innovation Fund, shall interpret the word "promoting" in Section 1092 (a)(3)(A),(C),

(F), and (G) as intended to mean furthering the development of new 5G-related technologies.

Spectrum information technology modernization efforts (sec. 9203)

The House bill contained a provision (sec. 223) that would direct an interagency information technology spectrum modernization effort, led by the Assistant Secretary of Commerce for Communications and Infrastructure and the National Telecommunications and Information Administration, to synchronize development and coordination of standards and Federal spectrum management. This section would also require the Secretary of Defense to establish a program to identify and mitigate vulnerabilities in the telecommunications infrastructure of the Department of Defense.

The Senate amendment contained a similar provision (sec. 1084).

The House recedes with an amendment to the dates for the Comptroller General reviews and to remove the telecommunications infrastructure program.

Internet of Things (sec. 9204)

The Senate amendment contained a provision (sec. 5239) that would require the Secretary of Commerce to establish a Federal working group to provide recommendations to Congress on various aspects of the Internet of Things. The provision would detail the membership of the working group, issues to address, and certain reporting requirements.

The House bill contained no similar provision.

The House recedes.

The conferees encourage the Secretary of Commerce to include the Department of Defense and any other appropriate Federal agencies in the Federal working group required in the provision to ensure comprehensive interagency participation.

TITLE XCIII—INTELLIGENCE MATTERS

Requirement for facilitation of establishment of social media data and threat analysis center (sec. 9301)

The House bill contained a provision (sec. 1299L) that would require, not later than September 1, 2021, and biennially thereafter, the Director of National Intelligence, in consultation with the Secretary of Defense, the Secretary of

State, and any other relevant Federal agency, to submit to the appropriate congressional committees a report on foreign influence campaigns targeting United States Federal elections.

The Senate amendment contained a similar provision (sec. 5323) that would amend section 5323 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) to require the establishment of the Social Media Data and Threat Analysis Center.

The Senate recedes with an amendment that would amend section 5323 of the National Defense Authorization Act for Fiscal Year 2020 to require the establishment of the Social Media Data and Threat Analysis Center. The amendment would also require, not later than March 1, 2021, as a review of the 2020 Federal elections and 90 days before the date of each regularly scheduled general election for Federal Office, the Director of the Social Media Data and Threat Analysis Center to submit to specified congressional committees a report on foreign malign influence campaigns on and across social media platforms targeting such election, and a briefing from the Director of National Intelligence regarding the same topic.

Independent study on identifying and addressing threats that individually or collectively affect national security, financial security, or both (sec. 9302)

The House bill contained a provision (sec. 1710H) that would require the Director of National Intelligence to engage a federally funded research and development center to conduct a study on identifying and addressing threats that individually or collectively affect national security, financial security, or both.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would remove certain elements from the scope of the study, and would make other technical and conforming changes.

TITLE XCIV—SCIENCE, SPACE, AND TECHNOLOGY MATTERS

SUBTITLE A—CYBERSECURITY MATTERS

Improving national initiative for cybersecurity education (sec. 9401)

The Senate amendment contained a provision (sec. 5231) that would put into place a range of measures to improve national cybersecurity education.

The House bill contained no similar provision.

The House recedes with an amendment that would make certain modifications to include additional Federal agencies as appropriate and would alter certain considerations relating to the provision of financial aid.

Development of standards and guidelines for improving cybersecurity workforce of Federal agencies (sec. 9402)

The Senate amendment contained a provision (sec. 5232) that would modify the mission of the National Institute of Standards and Technology to include the identification and development of standards and guidelines for improving the cybersecurity workforce of an agency.

The House bill contained no similar provision.

The House recedes.

Modifications to Federal cyber scholarship-for-service program (sec. 9403)

The Senate amendment contained a provision (sec. 5233) that would modify the Federal cyber scholarship-for-service program by altering the employment placement priorities of the program and seeking to provide awards for various early cybersecurity-related experiences.

The House bill contained no similar provision.

The House recedes.

Additional modifications to Federal cyber scholarship-for-service program (sec. 9404)

The Senate amendment contained a provision (sec. 5234) that would modify the Federal cyber scholarship-for-service program by clarifying certain aspects of the scholarship's employment obligation.

The House bill contained no similar provision.

The House recedes.

Cybersecurity in programs of the National Science Foundation (sec. 9405)

The Senate amendment contained a provision (sec. 5235) that would include cybersecurity in certain existing computer science programs of the National Science Foundation.

The House bill contained no similar provision.

The House recedes with an amendment that would strike a section requiring the Director of the National Science Foundation to ensure that students pursuing graduate degrees in cybersecurity-related fields are considered as applicants for certain fellowship programs of the Foundation.

Cybersecurity in STEM programs of the National Aeronautics and Space Administration (sec. 9406)

The Senate amendment contained a provision (sec. 5236) that would require the Administrator of the National Aeronautics and Space Administration to include, to the maximum extent practicable, cybersecurity education in any science, technology, engineering, and mathematics education program of the Administration.

The House bill contained no similar provision.

The House recedes.

National cybersecurity challenges (sec. 9407)

The Senate amendment contained a provision (sec. 5238) that would require the Secretary of Commerce to establish a range of cybersecurity-related challenges to be pursued by the Department of Commerce, in coordination with certain other offices.

The House bill contained no similar provision.

The House recedes with an amendment that would expand the list of emerging technologies to be pursued in such challenge and include privacy as a consideration in another.

SUBTITLE B—OTHER MATTERS

Established Program to Stimulate Competitive Research (sec. 9411)

The Senate amendment contained a provision (sec. 6087) that would broaden the scope of the Established Program to Stimulate Competitive Research (EPSCoR) at the Department of Energy to include applied energy research and other research topics that align with the mission of the Department.

The House bill contained no similar provision.

The House recedes with an amendment that would state that the Secretary may continue to use the eligibility criteria in use on the date of the agreement's enactment or any successor criteria.

The conferees understand that the Secretary of Energy currently has the discretion to establish their own eligibility criteria or continue to utilize the eligibility criteria developed by the National Science Foundation (NSF) and nothing in this provision modifies that authority or directs the Secretary to change current practice. Furthermore, the conferees are aware that NSF is in the process of implementing new eligibility criteria for fiscal year 2021 and the conferees expect the Secretary to use NSF's new criteria for fiscal year 2021 in order to ensure timely implementation on the new program authorities and to minimize disruption for States that participate in the EPSCoR program.

Industries of the future (sec. 9412)

The Senate amendment contained provisions (secs. 6094A, 6094B, and 6094C) that would increase the capacity of research and development programs of the Federal Government that focus on industries of the future, among other things.

The House bill contained no similar provision.

The House recedes with a technical amendment.

National Institute of Standards and Technology Manufacturing Extension Partnership program supply chain database (sec. 9413)

The House bill contained a provision (sec. 1806) that would direct the Director of the National Institute of Standards and Technology (NIST) to establish a national supply chain database within the Manufacturing Extension Partnership Program.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would instead direct the Director of NIST to carry out a study to evaluate the feasibility, advisability, and costs of establishing such a national supply chain database and report to the Congress with its findings within 6 months.

Study on Chinese policies and influence in the development of international standards for emerging technologies (sec. 9414)

The House bill contained a provision (sec. 1705) that would direct the Director of the National Institute of Standards and Technology, to conduct a study and provide recommendations, not later than 180 days after the date of the enactment of this Act, on the impact of the policies of the People's Republic of China and coordination among industrial entities within the People's Republic of China on international bodies engaged in

developing and setting international standards for emerging technologies. The entity that conducts the study must submit to the Committee on Science, Space, and Technology of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, not later than 2 years after the date of enactment of this Act, a report containing the findings and recommendations of the study.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

The conferees believe that while U.S. experts have historically been leaders in international standards development activities, the principles of openness, transparency, due process, and consensus supported by the United States in the development of international standards are being eroded in certain bodies. Further, voluntary consensus standards, developed through an industry-led process, serve as the cornerstone of the U.S. standardization system and have become the basis of a sound national economy and the key to global market access. The conferees believe, therefore, that strengthening the unique United States public-private partnerships approach to standards development is critical to United States economic competitiveness. The United States Government should ensure cooperation and coordination across Federal agencies and partner with private sector stakeholders to continue to shape international dialogues in regard to standards development for emerging technologies.

Coordination with Hollings Manufacturing Extension Partnership Centers (sec. 9415)

The House bill contained a provision (sec. 1807) that would require each Manufacturing USA Institute to contract, as appropriate, with a Hollings Manufacturing Extension Partnership Center to provide outreach and assistance to small and medium-sized manufacturers.

The Senate amendment contained no similar provision.

The Senate recedes.

TITLE XCV—NATURAL RESOURCES MATTERS

Transfer of funds for Oklahoma City national memorial endowment fund (sec. 9501)

The House bill contained a provision (sec. 1710F) that would require the Secretary of the Interior to submit to the Congress, not later than 180 days after the date of the enactment of this Act, a report on the current status of the

Oklahoma City National Memorial and a summary of non-Federal funding that has been raised in accordance with section 7(2) of the Oklahoma City National Memorial Act of 1997 (16 U.S.C. 450ss-5(2)).

The Senate amendment contained a similar provision (sec. 532) that would amend section 7(1) of the Oklahoma City National Memorial Act of 1997 (16 U.S.C. 450ss-5(1)) to authorize the Secretary of the Interior to provide funds from the National Park Service's national recreation and preservation account to the Oklahoma City National Memorial endowment fund.

The House recedes.

Workforce issues for military realignments in the Pacific (sec. 9502)

The House bill contained a provision (sec. 1794) that would amend section 1806 of title 48, United States Code, to extend temporary flexibility for approving H-2B workers in the construction industry on Guam for projects both inside and outside the military installation and related to the military buildup on Guam.

The Senate amendment contained no similar provision.

The Senate recedes.

Affirmation of authority for non-oil and gas operations on the outer Continental Shelf (sec. 9503)

The conference agreement includes a provision that would amend the Outer Continental Shelf Lands Act (43 U.S.C. 1333(a)(1)) to clarify that the Constitution, laws, and jurisdiction of the United States are extended to the Outer Continental Shelf, including with respect to installations and other devices permanently or temporarily attached to the seabed for the purposes of exploring for, developing, or producing non-mineral energy resources.

TITLE XCVI—OVERSIGHT AND REFORM MATTERS

Inventory of program activities of Federal agencies (sec. 9601)

The House bill contained a provision (sec. 1770) that would require Federal agencies to report on their Federal program activities and provide that information to the Director, Office of Management and Budget.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment to conform the provision to the style and clerical requirements of this Act.

Preservation of electronic messages and other records (sec. 9602)

The House bill included a provision (sec. 1711) that would establish the short title for the subsection as the "Electronic Message Preservation Act."

The House bill also included a provision (sec. 1712) that would amend chapter 29 of title 44, United States Code, to require the Archivist of the United States to promulgate regulations governing Federal agency preservation of electronic messages determined to be Federal records, and other electronic records, as practicable. The provision would further require that, not later than 1 year after the date of the enactment of this Act, the head of each Federal agency submit to the Archivist a report on the agency's compliance with the new regulations. Finally, the provision would require that not later than 90 days after receipt of all Federal agency compliance reports, the Archivist submit to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Oversight and Reform of the House of Representatives a report on Federal agency compliance with the new regulations.

The Senate amendment contained no similar provisions.

The Senate recedes with an amendment that would require that, not later than 1 year after the date of the enactment of this Act, the Archivist propose the regulations required, and that not later than 2 years after the date of the enactment of this Act, the head of each Federal agency submit to the Archivist a report on the agency's compliance with the new regulations.

Continuity of the economy plan (sec. 9603)

The Senate amendment contained a provision (sec. 1086) that would require the President to develop and maintain a plan to ensure the continuity of the economy in the event of a significant disruption. The provision lays out in detail the contents of the plan, as well as the offices that shall be involved in the preparation of such a plan, and requires the President to submit the plan to the Congress no later than 2 years after the enactment of this Act and no less frequently than every 3 years thereafter.

The House bill contained no similar provision.
The House recedes with technical amendments.

TITLE XCVII—FINANCIAL SERVICES MATTERS

SUBTITLE A—KLEPTOCRACY ASSET RECOVERY REWARDS ACT

Kleptocracy Asset Recovery Rewards Act (sec. 9701-9703)

The House bill contained Division K that would amend chapter 97 of title 31, United States Code, to establish the Kleptocracy Asset Recovery Rewards Program in the Department of the Treasury, and to authorize appropriations for the purpose of paying rewards under the program.

The Senate amendment contained no similar division.

The Senate recedes with an amendment that would establish the Kleptocracy Asset Recovery Rewards program as a pilot program terminating 3 years after the date of enactment of this Act and increase the role of the Secretary of State and the Attorney General in the execution of the rewards program.

SUBTITLE B—COMBATING RUSSIAN MONEY LAUNDERING

Combating Russian Money Laundering (secs. 9711-9714)

The House bill contained provisions (secs. 15001-15004) that would require a report if the Secretary of the Treasury determines that certain institutions, transactions, or money laundering activities require domestic financial institutions or domestic financial agencies to take special measures described in section 5318A(b) of title 31, United States Code, and permit implementation of such special measures.

The Senate amendment contained no similar provision.

The Senate recedes with a technical amendment.

SUBTITLE C—OTHER MATTERS

Certified notice at completion of an assessment (sec. 9721)

The House bill contained a provision (sec. 1803) that would amend section 721(b)(3) of the Defense Production Act of 1950 (50 U.S.C. 4565(b)(3)).

The Senate amendment contained no similar provision.
The Senate recedes.

Ensuring Chinese debt transparency (sec. 9722)

The House bill contained a provision (sec. 1779) that would direct the Secretary of the Treasury to instruct the United States Executive Director at each international financial institution (as defined in section 1701(c)(2) of the International Financial Institutions Act (22 U.S.C. 262r)) that it is the policy of the United States to use the voice and vote of the United States at the respective institution to seek to secure greater transparency with respect to the terms and conditions of financing provided by the Government of the People's Republic of China to any member state of the respective institution that is a recipient of financing from the institution, consistent with the rules and principles of the Paris Club.

The Senate amendment contained no similar provision.
The Senate recedes.

Accountability for World Bank Loans to China (sec. 9723)

The House bill contained provisions (secs. 1841 to 1845) that would direct the United States Governor of the International Bank for Reconstruction and Development (IBRD) to instruct the United States Executive Director at the IBRD that it is the policy of the United States to: (1) Pursue the expeditious graduation of the People's Republic of China from assistance by the IBRD, consistent with the lending criteria of the IBRD; and (2) Until the graduation of China from IBRD assistance, prioritize projects in China that contribute to global public goods, to the extent practicable. The provision also contained multiple reporting requirements.

The Senate amendment contained no similar provision.
The Senate recedes with a technical amendment.

Fairness for Taiwan nationals regarding employment at international financial institutions (sec. 9724)

The House bill contained provisions (secs. 1851, 1852, and 1853) that would require the Secretary of the Treasury to instruct the United States Executive Director at each international financial institution to use the voice and vote of the United States to seek to ensure that Taiwan nationals are not discriminated against in any employment decision by the

institution, including employment through consulting or part-time opportunities.

The Senate amendment contained no similar provision.
The Senate recedes.

TITLE XCIX—CREATING HELPFUL INCENTIVES TO PRODUCE SEMICONDUCTORS FOR AMERICA

*Creating helpful incentives to produce semiconductors for
America (secs. 9901-9908)*

The House bill contained provisions (secs. 1821-1825) that would require the Secretary of Commerce to establish a program that provides grants to covered entities to incentivize investment of semiconductor fabrication facilities, or assembly, testing, advanced packaging, or advanced research and development of semiconductors in the United States.

The Senate amendment contained similar provisions (secs 1094-1099).

The House recedes with an amendment that would make various modifications to the provisions.

TITLE C—OTHER MATTERS

AMBER Alert nationwide (sec. 10001)

The House bill contained provisions (secs. 1731 to 1734) that would require the national coordinator of the AMBER Alert communications network to identify and eliminate gaps in the AMBER Alert network to include airports, maritime ports, border crossings, checkpoints, and other ports of exit from the United States. The provisions would also expand the grants for the expansion of the AMBER Alert system from highways to include airports, maritime ports, border crossing areas and check points, and ports of exit as well as the expansion of the system to notify aircraft passengers, ship passengers, and other travelers. The provisions would also make the Virgin Islands, Guam, American Samoa, and the Northern Mariana Islands eligible for AMBER Alert grants. The provisions would also allow the Attorney General to issue a grant waiver to American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, the U.S. Virgin Islands, or an Indian Tribe to provide additional funding for educational programs, law enforcement training and equipment, and new technologies related to AMBER Alert systems and communications.

The Senate amendment contained no similar provision.
The Senate recesses.

Improving authority for operation of unmanned aircraft for educational purposes (sec. 10002)

The Senate amendment contained a provision (sec. 1087) that would amend section 350 of the FAA Reauthorization Act of 2018 (Public Law 115-254; 49 U.S.C. 44809 note) in the section heading, by striking "at institutions of higher education" and inserting "for educational purposes".

The House bill contained no similar provision.
The House recesses.

Prohibition on provision of airport improvement grant funds to certain entities that have violated intellectual property rights of United States entities (sec. 10003)

The House bill contained a provision (sec. 1809) that would amend the prohibition on the provision of grant funds to entities that have violated intellectual property rights of United States entities.

The Senate amendment contained no similar provision.
The Senate recesses with a clarifying amendment.

Study and report on the affordability of insulin (sec. 10004)

The Senate amendment contained a provision (sec. 6063) that would require the Secretary of Health and Human Services, acting through the Assistant Secretary for Planning and Evaluation, to: (1) Conduct a study on the impact of the affordability of insulin on the health outcomes of insured and uninsured diabetics and on Federal government spending; and (2) Provide a report to Congress within 2 years of the date of the enactment of this Act.

The House bill contained no similar provision.
The House recesses.

Waiver authority with respect to institutions located in an area affected by Hurricane Maria (sec. 10005)

The House bill contained a provision (sec. 1791) that would require the Secretary of Education to waive applicable laws, for each of the fiscal years 2020 through 2022 (and potentially for fiscal years 2023 and 2024), with respect to institutions of higher education receiving assistance under

title III of the Higher Education Act of 1965 (20 U.S.C. 1051 et seq.) at the time of a covered hurricane disaster.

The Senate amendment contained no similar provision.

The Senate recedes with an amendment that would authorize the Secretary of Education to waive applicable laws, for each of the fiscal years 2021 through 2025, with respect to institutions of higher education receiving assistance under title III of the Higher Education Act of 1965 at the time of a covered hurricane disaster.

Farm and ranch mental health (sec. 10006)

The House bill contained a provision (sec. 3601) that would require the Secretary of Agriculture, in consultation with the Secretary of Health and Human Services, to carry out a public service campaign to address the mental health of farmers.

The House bill contained a provision (sec. 3602) that would require the Secretary of Agriculture, within 180 days of the date of the enactment of this Act, to expand the fiscal year 2019 pilot program to train Farm Service Agency, Risk Management Agency, and Natural Resources Conservation Service employees in the management of stress to farmers and ranchers.

The House bill contained a provision (sec. 3603) that would require the Secretary of Agriculture to convene a task force of agricultural and rural stakeholders at the national, State, and local levels to assess the causes of mental stress and to develop best practices for response to such stress.

The Senate amendment contained a provision (sec. 1053) similar to the House provisions.

The Senate recedes with an amendment that would require the Secretary of Agriculture, in consultation with the Secretary of Health and Human Services, to carry out a public service announcement campaign to address the mental health of farmers and ranchers. The provision would authorize the Secretary to conduct the campaign through a third party contractor.

Additionally, the provision would require the Secretary, within 180 days of the date of the enactment of this Act, to expand a pilot program from 2019 that trained certain employees in the management of stress experienced by farmers and ranchers. The Secretary would provide a report on the employee training program, at least once every 2 years, to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate. Finally, the provision would require the Secretary to convene a task force of agricultural and rural stakeholders to assess the causes of stress in farmers and ranchers and to identify best practices for responding to such stress. The task force would submit a

report to the Secretary within 1 year of the date of the enactment of this Act. The authorities of this provision would cease on October 1, 2023.

LEGISLATIVE PROVISIONS NOT ADOPTED

Requirement to post a 100 word summary to regulations.gov

The Senate amendment contained a provision (sec. 1088) that would amend section 553(b) of title 5, United States Code, to require that a notice of proposed rulemaking published in the Federal Register include the publicly accessible Internet address at which a 100-word plain language summary of the proposed rule is posted.

The House bill contained no similar provision.

The Senate recedes.

Prohibition on downloading or using TikTok by Federal employees

The House bill contained a provision (sec. 1112) that would prohibit Federal employees from downloading or using TikTok on any technology device issued by the United States Government.

The Senate amendment contained no similar provision.

The House recedes.

Hong Kong Autonomy Act

The Senate amendment contained provisions (secs. 1701, 1702, 1703, 1704, 1705, 1706, 1707, 1708, 1709, 1710, and 1711) that would require the Secretary of State, in consultation with the Secretary of the Treasury, to report to the Congress on any determination that a foreign person is materially contributing, has materially contributed, or attempts to materially contribute to the failure of the Government of China to meet its obligations under the Joint Declaration or the Basic Law. The provision would also impose sanctions on these foreign persons, and on foreign financial institutions that conduct significant transactions with them. The provision contained various waivers and exceptions.

The House bill contained no similar provision.

The Senate recedes.

The conferees note that the Hong Kong Autonomy Act (Public Law 116-149) passed into law on July 14, 2020.

GAO study on the school-to-prison pipeline

The House bill contained a provision (sec. 1707) that would require the Comptroller General of the United States to conduct a study on the school to prison pipeline.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the Comptroller General recently issued a study on school discipline called "Discipline Disparities for Black Students, Boys, and Students with Disabilities" (GAO-18-258). This report addresses many of the items included in the original House provision.

Report regarding veterans who receive benefits under laws administered by the Secretary of Veterans Affairs

The House bill contained a provision (sec. 1709) that would require the Secretary of Veterans Affairs to publish a report, within 180 days of the date of the enactment of this Act, regarding veterans who receive benefits under laws administered by the Secretary, including the Transition Assistance Program.

The Senate amendment contained no similar provision.

The House recedes.

Report on Government police training and equipping programs

The House bill contained a provision (sec. 1710C) that would require the President to provide to the Congress, not later than 1 year after the date of the enactment of this Act, a report on all Federal government police training and equipping programs outside the United States.

The Senate amendment contained no similar provision.

The House recedes.

Government Accountability Office report on Zhongxing Telecommunications Equipment Corporation compliance with settlement

The House bill contained a provision (sec. 1710) that would require the Comptroller General of the United States to submit to the Congress a report on the compliance of Zhongxing Telecommunications Equipment Corporation with the settlement agreement it reached with the United States Department of Commerce on June 8, 2018.

The Senate amendment contained no similar provision.

The House recedes.

Review and Report of experimentation with ticks and insects

The House bill contained a provision (sec. 1710M) that would require the Comptroller General of the United States to conduct a review of whether the Department of Defense experimented with ticks, other insects, airborne releases of tick-borne bacteria, viruses, pathogens, or any other tick-borne agents regarding use as a biological weapon between the years of 1950 and 1977.

The Senate amendment contained no similar provision.

The House recedes.

The conferees note the importance of addressing biological threats, both man-made and naturally occurring, and the impact these threats pose to military forces, their dependents, and overall military readiness. The conferees support the Department's research efforts to prevent the occurrence, diagnoses, and treatment of tick-borne illnesses, including through the Tick-Borne Disease Research Program established in fiscal year 2016. The conferees note the importance of continued compliance with the Biological Weapons Convention which bans the development, production, and stockpiling of biological weapons of mass destruction.

Presidential Records

The House bill contained a provision (sec. 1713) that would amend chapter 22 of title 44, United States Code, to prescribe new definitions and additional regulations and certifications applicable to presidential records.

The Senate amendment contained no similar provision.

The House recedes.

Short title

The House bill contained a provision (sec. 1721) that would designate subtitle C of title XVII the Space Technology Advancement Report (STAR) Act of 2020.

The Senate amendment contained no similar provision.

House recedes.

Findings

The House bill contained a provision (sec. 1722) that would make several findings relating to competition between the United States and the People's Republic of China (PRC) in commercial and government space activities. The provision would find that PRC activities threaten current U.S. leadership in space and frequently do so through unfair and anti-competitive practices.

The Senate amendment contained no similar provision.
The House recedes.

*Prohibition of public display of Confederate battle flag on
Department of Defense property*

The House bill contained a provision (sec. 1749) that would require the Secretary of Defense to prohibit the public display of the Confederate battle flag at all Department of Defense property with certain exceptions.

The Senate amendment contained no similar provision.
The House recedes.

The conferees note that symbols honoring the Confederate States of America will be further examined by the Commission authorized elsewhere in the conference report.

Nonimmigrant status for certain nationals of Portugal

The House bill contained a provision (sec. 1755) that would identify Portugal as a described foreign state for the purposes of clauses (i) and (ii) of section 101(a)(15)(E) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(E)) if the Government of Portugal provides similar nonimmigrant status to nationals of the United States.

The Senate amendment contained no similar provision.
The House recedes.

*Developing crisis capabilities to meet needs for homeland
security-critical supplies*

The House bill contained a provision (sec. 1760) that would require the Secretary of Homeland Security to coordinate with the Secretary of Health and Human Services, the Administrator of the Environmental Protection Agency, and the heads of other relevant Federal departments and agencies to create a repository of federally approved plans and specifications for critical medical items that could help manufacturers rapidly produce those items in a potential national emergency or disaster.

The Senate amendment contained no similar provision.
The House recedes.

The conferees note that a Government Accountability Office (GAO) report issued in June 2020 cited concerns related to the acquisition, distribution, and adequacy of supplies during the COVID-19 response, including from the Strategic National Stockpile (SNS), for the purpose of increasing the availability of medical supplies. The conferees note that GAO also observed

in a September 2020 report that, since the beginning of the pandemic, the Federal Emergency Management Agency and the Department of Health and Human Services have begun to focus on intermediate goals, such as increasing domestic manufacturing capacity and rebuilding the SNS to better position the United States to respond to continuing COVID-19 outbreaks and future emergencies. States also have been building their own stockpiles of critical supplies.

However, despite the ongoing work to obtain needed medical supplies and expand domestic production of these items, the conferees remain concerned that certain supply shortages remain. The conferees emphasize the need to identify homeland security-critical supplies to address future national emergencies or disasters, develop plans related to the production of such supplies, including by nontraditional manufacturers, and to enter into contingent arrangements to expedite the production of such supplies in the event of a national emergency or disaster. Therefore, the conferees will continue to encourage reviews of stockpiles of critical supplies and conduct rigorous oversight of efforts to ensure viable supply chains are in place to ensure the United States is well prepared to respond to continuing COVID-19 outbreaks and future emergencies.

Foreign state computer intrusions

The House bill contained a provision (sec. 1762) that would end foreign state immunity from the jurisdiction of the courts of the United States or of the States in certain cases in which damages are sought by a national of the United States against a foreign state relating to computer intrusions.

The Senate amendment contained no similar provision.
The House recedes.

Online and distance education classes and nonimmigrant visas

The House bill contained a provision (sec. 1763) that would authorize nonimmigrants described in subparagraph (F), (J), or (M) of section 101(a)(15) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)) to engage in online or distance education classes or programs that are determined necessary by an institute or program for the protection of health and safety and that such classes or programs would count toward the requirement to pursue a full course of study to maintain nonimmigrant status.

The Senate amendment contained no similar provision.
The House recedes.

Establishment of Southern New England Regional Commission

The House bill contained a provision (sec. 1768) that would amend Section 15301(a) of title 40, United States Code, to establish a Southern New England Regional Commission.

The Senate amendment contained no similar provision.

The House recedes.

FedRAMP Authorization Act

The House bill contained a provision (sec. 1769) that would amend chapter 36 of title 44, United States Code, to codify the Federal Risk and Authorization Management Program.

The Senate amendment contained no similar provision.

The House recedes.

Building United States capacity for verification and manufacturing of advanced microelectronics

The House bill contained a provision (sec. 1771) that would require the Secretary of Commerce, acting through the Director of the National Institute of Standards and Technology, to carry out research and development to enable advances and breakthroughs in measurement science, standards, material characterization, instrumentation, testing, and manufacturing capabilities to accelerate the underlying research and development for design, development, and manufacturability of next generation microelectronics and ensure the competitiveness and leadership of the United States within the microelectronics sector.

The Senate amendment contained no similar provision.

The House recedes.

Threshold for reporting additions to toxics release inventory

The House bill contained a provision (sec. 1772) that would amend section 7321 of the PFAS Act of 2019 (Public Law 116-92) by prohibiting the Administrator of the Environmental Protection Agency from applying 40 C.F.R. 372.38 to the chemicals identified in sec. 7321 unless the Administrator revises the reporting threshold for the chemicals identified in sec. 7321(b) and (c) to 10,000 pounds per year and sets the reporting threshold for chemicals identified pursuant to sec. 7321(d) at 10,000 pounds per year.

The Senate amendment contained no similar provision.

The House recedes.

Temporary relief for private student loan borrowers

The House bill contained a provision (sec. 1776) that would prohibit any servicer of private education loans from collecting payments or accruing interest on such loans through September 30, 2021.

The Senate amendment contained no similar provision.

The House recedes.

The conferees are concerned about the growing burden of student debt on borrowers, taxpayers, and the U.S. economy. The conferees urge the Administration to use authorities provided to it by the Congress to ensure that all borrowers, particularly those who are in financial distress, are treated fairly and receive any assistance they are eligible for.

Report on threat posed by domestic terrorists

The House bill contained a provision (sec. 1781) that would require the Director of the Federal Bureau of Investigation, the Under Secretary of Homeland Security for Intelligence and Analysis, and the Director of National Intelligence (acting through the National Counterterrorism Center) to jointly submit to the appropriate congressional committees a report that includes an evaluation of the nature and extent of the domestic terror threat and domestic terrorist groups.

The Senate amendment contained no similar provision.

The House recedes.

As articulated by the National Security Strategy, the conferees note that America should reject bigotry and oppression and will deny violent ideologies the space to take root in American communities.

The Director of the Federal Bureau of Investigation (FBI) testified on September 17, 2020, that the greatest domestic terrorist threat is white supremacists. In the October 2020 Homeland Threat Assessment, the acting Secretary of Homeland Security stated that he was "particularly concerned about white supremacist violent extremists who have been exceptionally lethal in their abhorrent, targeted attacks in recent years" and that "[they] seek to force ideological change in the United States through violence, death, and destruction."

The conferees further note that Section 5602 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116-92) sought to better characterize the domestic terrorist threat by requiring the FBI and the Department of Homeland Security (DHS), in consultation with the National Counterterrorism Center (NCTC), to produce a set of

comprehensive reports over 5 years. The recurring annual report on domestic terrorism is to include: a strategic intelligence assessment on the nature and severity of the domestic terror threat internal to the United States; metrics on the number and type of incidents, coupled with resulting investigations, arrests, prosecutions, and analytic products; copies of the FBI's guidelines and policies permitting the initiation and execution of domestic terrorism investigations; detailed explanations of how the FBI, DHS, and NCTC prioritize the allocation and sustainment of personnel and resources against domestic terrorism threats and incidents; and descriptions regarding the type and regularity of training provided by the FBI, DHS, or NCTC to other Federal, State, and local law enforcement. The report is required to be made available to the public in an effort to increase transparency on matters of critical national importance.

The conferees note, however, that this required report has not yet been delivered to the appropriate congressional committees. The conferees, therefore, urge the Director of the FBI to submit this report without further delay.

Department of Defense mechanism for provision of dissenting views

The House bill contained a provision (sec. 1783) that would establish and require a briefing on a mechanism for providing dissenting views regarding Department of Defense and United States national security policy.

The Senate amendment contained no similar provision.
The House recedes.

Policy on conscious and unconscious gender bias

The House bill contained a provision (sec. 1786) that would require the Secretary of Defense to develop a policy that defines conscious and unconscious gender bias and provides guidance to eliminate all such bias.

The Senate amendment contained no similar provision.
The House recedes.

Credit monitoring

The House bill contained a provision (sec. 1792) that would amend the Fair Credit Reporting Act (Public Law 91-508).

The Senate amendment contained no similar provision.
The House recedes.

Study on viability of seawater mining for critical minerals

The House bill contained a provision (sec. 1796) that would require the Secretary of Defense to initiate a study on the viability of seawater mining for critical minerals not later than 60 days of the date of the enactment of this Act. The provision would also require a report on the results of the study not later than 1 year after the date of the enactment of this Act.

The Senate amendment contained no similar provision.

The House recedes.

The conferees direct the Secretary of Defense, in consultation with the head of any other relevant Federal agency and relevant stakeholders, to initiate a study of the viability of extracting minerals, such as uranium, that are critical to the defense industrial base of the United States from seawater not later than 60 days after the date of the enactment of this Act. Additionally, the conferees direct the Secretary of Defense to submit a report on the results of the study not later than 1 year after the date of the enactment of this Act. The report shall be submitted to the Committees on Armed Services of the Senate and the House of Representatives, the Committee on Environment and Public Works of the Senate, and the Committee on Science, Space, and Technology of the House of Representatives.

Disclosure requirement

The House bill contained a provision (sec. 1798) that would amend section 104 of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7214) to require entities that issue securities to disclose to the Securities and Exchange Commission (SEC) should the issuer retain a public accounting firm that: (1) Is located in a foreign jurisdiction; (2) Performs more than one-third of the audit services for the issuer; and (3) Cannot be inspected because of a prohibition imposed by an authority in the foreign jurisdiction. Should no audit of the issuer or its servicing auditing firm be permitted for 3 consecutive years, the provision would require the SEC to bar trading of the issuer's stock. In addition, with each audit report to the SEC, the issuer would be required to disclose: (1) The percent of its shares owned by governmental entities in the foreign jurisdiction; (2) The name of each official of the Chinese Communist Party who is a member of the board of directors; and (3) Whether the issuer's articles of incorporation contain any part of the charter of the Chinese Communist Party.

The Senate amendment contained no similar provision.

The House recedes.

Establishment of Office of Cyber Engagement of the Department of Veterans Affairs

The House bill contained a provision (sec. 1802) that would establish within the Department of Veterans Affairs an office of cyber engagement to address cyber risks to veterans, share information about such risks, and coordinate with other Federal agencies.

The Senate amendment contained no similar provision.

The House recedes.

Department of Homeland Security acquisition documentation

The House bill contained a provision (sec. 1804) that would amend the Homeland Security Act of 2002 (6 U.S.C. 341 et seq.) by establishing additional documentation requirements for Department of Homeland Security major acquisition programs.

The Senate amendment contained no similar provision.

The House recedes.

COVID-19 emergency medical supplies enhancement

The House bill contained a provision (sec. 1808) that would: (1) Specify certain supplies used to fight and reduce the impact of COVID-19 as scarce and critical materials; (2) Direct the Defense Production Act be used to meet the country's most critical needs to combat COVID-19; (3) Require enhanced oversight of pricing levels for critical materials; (4) Require determination of a target level of testing for each state; (5) Require a point person for improved coordination between the private sector and the Federal Government; and (6) Require a strategic plan for production of personal protective equipment and other supplies needed to reduce the impact of COVID-19 currently and moving forward, among other things.

The Senate amendment contained no similar provision.

The House recedes.

Payments for private education loan borrowers, as a result of COVID-19

The House bill contained a provision (sec. 1812) that would require the Secretary of the Treasury to make student loan payments on behalf of a covered borrower in an amount up to \$10,000.

The Senate amendment contained no similar provision.

The House recedes.

Biliteracy Education Seal and Teaching Act

The House bill contained several provisions (sec. 1831-1834) that would require the Secretary of Education to establish a grant program to enable States to establish Seal of Biliteracy programs.

The Senate amendment contained no similar provision.

The House recedes.

Providing information to States regarding undelivered savings bonds

The Senate amendment contained a provision (sec. 6003) that would require the Secretary of the Treasury to provide each State additional information allowing for the identification of the registered owner of certain savings bonds.

The House bill contained no similar provision.

The Senate recedes.

Advanced nuclear reactor research and development goals

The Senate amendment contained within Title LXVII a series of six provisions (secs. 6701, 6702, 6703, 6704, 6705, 6706), collectively titled the Nuclear Energy Leadership Act.

The House bill contained no similar provisions.

The Senate recedes.

Nuclear energy strategic plan

The Senate amendment contained within Title LXVII a series of six provisions (secs. 6701, 6702, 6703, 6704, 6705, and 6706), collectively titled the Nuclear Energy Leadership Act.

The House bill contained no similar provisions.

The Senate recedes.

Versatile, reactor-based fast neutron source

The Senate amendment contained within Title LXVII a series of six provisions (secs. 6701, 6702, 6703, 6704, 6705, and 6706), collectively titled the Nuclear Energy Leadership Act.

The House bill contained no similar provisions.

The Senate recedes.

Advanced nuclear fuel security program

The Senate amendment contained within Title LXVII a series of six provisions (secs. 6701, 6702, 6703, 6704, 6705, and 6706), collectively titled the Nuclear Energy Leadership Act.

The House bill contained no similar provisions.

The Senate recesses.

University Nuclear Leadership Program

The Senate amendment contained within Title LXVII a series of six provisions (secs. 6701, 6702, 6703, 6704, 6705, and 6706), collectively titled the Nuclear Energy Leadership Act.

The House bill contained no similar provisions.

The Senate recesses.

Adjusting strategic petroleum reserve mandated drawdowns

The Senate amendment contained within Title LXVII a series of six provisions (secs. 6701, 6702, 6703, 6704, 6705, and 6706), collectively titled the Nuclear Energy Leadership Act.

The House bill contained no similar provisions.

The Senate recesses.

Intelligence Authorization Act for Fiscal Year 2021

The Senate amendment contained Division F that included the Intelligence Authorization Act for Fiscal Year 2021.

The House bill contained no similar provision.

The Senate recesses.

Department of State Authorities and Activities

The House bill contained provisions (secs. 14001- 14806) that included the Eliot L. Engel Department of State Authorization Act of 2020.

The Senate amendment contained no similar provisions.

The House recesses.

Improving Corporate Governance Through Diversity

The House bill contained Division M, comprising the ``Improving Corporate Governance Through Diversity Act of 2020,`` that would amend section 13 of the Securities Exchange Act of 1934 (15 U.S.C. 78m) and require the Securities and Exchange Commission to establish a Diversity Advisory Group.

The Senate amendment contained no similar division.

The House recesses.

Colorado Outdoor Recreation and Economy Act

The House bill contained Division O that included the Colorado Outdoor Recreation and Economy Act.

The Senate amendment contained no similar provision.

The House recesses.

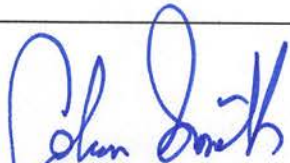

Public Lands

The House bill contained Division O that included the Protecting America's Wilderness Act.

The Senate amendment contained no similar provision.

The House recesses.
