THE COURT: Good. That makes things a lot simpler MR. MOSKOWITZ: Right, and hearing only facts that matter for purposes of the jurisdiction. Ms. Trump does not live in New York. She's not domiciled here and despite the fact that the AG concludes otherwise and doesn't presen evidence supporting that conclusion, she does not transact business here. Let me say it again, she does not transact business here. That has a very specific meaning under New York law. Weinstein, Korn & Miller, no offense to Professor Siegal. He's great, too. I picked it up and Section 30809 of Weinstein, Korn & Miller, so that section of Weinstein Korn & Miller provides, Your Honor, that actual place of business under New York law means where that person is regularly, physically present and regularly transacts business. Ivanka Trump does not regularly transact business
NICOLE C. ROBINSON, CSR JANELLE LONDON, RMR, CRR Senior Court Reporters	 and does not regularly at any of the addresses where the served these subpoenas to these entities at most since 201' and if they want an affidavit for that business, that's fine. By the way, side note, they didn't put in an

PROCEEDINGS Page 2644 PROCEEDINGS Page 2646 affidavit because I urge the Court, and you read the papers, months leading up to this. So if that's the best case they 1 1 2 if you revisit it, maybe you don't need to, the 2 can do, I'm happy with it. It doesn't help them. It helps 3 3 correspondence attached to my affirmation, the AG's position me. There are other cases. The Court doesn't have to on this motion has been like a moving target. 4 4 First they said, "Oh, it is a subpoena to these 5 take my word for it. A lot of cases have cited that Gibson 5 entities." No, it is a subpoena to her. Now I'm hearing in 6 Dunn case and what they rely upon such as this Napoli vs. 6 7 their papers for the first time that she transacts business 7 Bern which is 2021 Westlaw 5458747 at page three, 2021 case 8 at Trump Tower. She does not. Since 2017, she's been there 8 with the line of cases that I found talking about the Gibson 9 once or twice a year, never for business, to say hello, 9 Dunn case. They'll hook on to that inducement. This guy 10 people including family members for 15 minutes, 30 minutes, 10 had the legal fees sent there, represented that's where he 11 things like that. So there is no basis to say a service on 11 worked, and then he turned around and said ha-ha, fee over 12 an entity at Trump Tower is service on her individually. 12 legal dispute, can't get me there. 13 That's just wrong. Now, there is another new argument and, you know, 13 14 Let's look at the case law here and I'll address 14 Your Honor, I always tell younger associates there comes a 15 mostly the case law that was cited by my friends across on 15 time in trial where parties go a bridge too far and try not 16 the other side. First, they don't deal with the fact that 16 to do it. Here is the AG's bridge way too far. How they Justice Fried's decision just as an example, Amelius is assert for the first time and they are getting a little 17 17 18 decisive. A non-party, non-domiciliary is not subject to 18 desperate here, respectfully, that Ms. Trump consented to 19 the subpoena power of the court. That's 64 New York State 19 this jurisdiction in this case because she's a party in the 20 20 3d 855 at 866. Again, that was Justice Fried. special proceedings. 21 When we had the ongoing discussions leading up to 21 They must take us all for fools. I'm looking 22 22 around. This is not the special proceedings. They didn't this motion and still today, perhaps the AG relied on cases 23 like 2323 Communications Corp. Those cases stand for a 23 issue the subpoenas in the special proceedings. There was 24 no trial in the special proceedings, so that's just false on 24 principle that's very different which is that where an 25 entity is a party, it can be compelled to appear through a 25 its face. And in any event, we could cite case law that PROCEEDINGS Page 2645 PROCEEDINGS Page 2647 1 specific person. The entities they subpoenaed are not stands for the proposition, including First Department case 1 2 parties, so those cases are not applicable. 2 law and this is pretty basic, that even consent in one action does not mean that there's jurisdiction over a person 3 They also talk about this Gibson Dunn case. Let's 3 take a close look at that case, Your Honor. It is a First who consents even in a related action. Here is not what we 4 4 5 Department case, doesn't help them. Maybe they didn't find 5 are dealing with. They're saying we had this years-long 6 anything better. In that case, you could tell that -- it's 6 social proceeding. She was subject to jurisdiction in that 7 7 proceeding. Therefore, in this trial, under separate index a Gibson Dunn case, is a dispute over legal fees and the person trying to evade service, Your Honor, had the legal 8 number, which we issued subpoenas, she must come today. Not 8 9 how it works and there's a reason we didn't hear that 9 fees sent to a specific Madison Avenue address. In the few 10 months leading up to --10 argument previously. It doesn't fly. THE COURT: Wait. Wait, you don't mean that the So let's talk about the entities. Again, I urge 11 11 12 legal fee was sent. How the bills were sent. 12 Your Honor to revisit the fact that the AG kind of spoke MR. MOSKOWITZ: The bill, excuse me, for the legal 13 from both sides of the mouth about what these subpoenas 13 14 fees. Invoice me here kind of thing. Then there is a suit 14 were. It is pretty simple. We all know what happened here. 15 over legal fees. The person trying to say service didn't 15 They had easy jurisdiction over Ivanka Trump. They could apply, jurisdiction didn't apply had been to that address have served her at her house. Much different. We probably 16 16 17 for work multiple times leading up to the legal proceedings 17 wouldn't be here today. What appears to happen is they task and leading up to the service. And what the court found 18 one someone in their office for saying let's go to the 18 19 there was this guy induced Gibson Dunn to rely on this place 19 transcript let's look at documents let's find some entities 20 where he does go to work sometimes. He can't now turn to 20 that have something to do with her and let's fire off 21 the court and say that "I'm actually not really there that 21 subpoenas. That's what they did. 22 much." That's not this case. 22 THE COURT: Wait. Wait. Entities that had 23 Ivanka Trump didn't induce anyone to go to Trump 23 something to do with her? Didn't she own some of them and didn't some of them own parts of others? 24 Tower. She hasn't been there working since 2017 and she did 24 25 not go to work there since then, certainly not in the three 25 MR. MOSKOWITZ: I'll get to that. It is not clear.

The fact that they're multiple avenues to secure her testimony in th court does not mean that we're doing something untoward hidden or changing our tune. She is still apart of the Trump Organization. She still has commercial interests he in New York. She operates businesses here. Whether or she visits them once a year just to say hello to the good people who are handling her paperwork or she comes mo regularly is really irrelevant under 308 subsection six. She owns multiple businesses within eedings Page 2665 the state. She owns multiple businesses that have their principal place of business within the state. And I'll note that Mr. Bennet Mr. Moskowitz keeps talking about I believe he's a Weinstein & Miller fan. THE COURT: Weinstein Koren & Miller is with a "K" and not a "C." MR. WALLACE: I'm aware of that at least. But he also ignores the plain language of the CPLR 3086 which states: "For purposes of this section, actual place of business shall include any location that the defendant through regular solicitation or advertisement has held out as its place of business." Ivanka Trump has certainly held out the location of Trump Tower and the Trump Organization as a place of business for the OPO Ivanka entity, for TTT and for the 502 entity. I will add that if Mr. Moskowitz needs additional information on relationship to the 502 entity that can be found in the paragraphs 24 through 26 of the supporting affidavit that we submitted and the documents attached thereto. It is a property that she owns and is renting out as a commercial enterprise for TTT. I would note that this is part of the case already.	24 25 Proce 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	of the OPO property which explains very much directly issue in this case. She was acting in her own interest whe endings Page 26 she was negotiating a loan with Deutsche Bank on OP So, in any event, she very much remains intertwind with the Trump Organization. She very much still has presence in New York and we are now obligated to go seek he de bene esse deposition because she is still available to this Court and through that commercial presence. She is hundred percent someone who can come in and testify and susceptible to subpoena in this jurisdiction. So I don't think she is currently unavailable. She is a hundred percent available and the subpoenas were properly served on business addresses she maintains. Eith businesses can require her to come forward and testify she is holding out herself as doing business in those locations in the services appropriate. The fact that they're multiple avenues to secure her testimony in thi court does not mean that we're doing something untoward

12	A That's apart of it, but again, the whole point is to	12
