INTRODUCTION AND SUMMARY OF ARGUMENT

The Court should stay execution of Supreme Court’s Decision and Order After Non-Jury Trial of February 16, 2024, *see* Affirmation of Urgency of Clifford S. Robert (“Robert Urgency Aff.”) Ex. A (the “Judgment”). The Attorney General’s leading argument—that this Court lacks authority to waive or reduce appellate bond requirements under *any* circumstances—contradicts the plain language of CPLR § 5519(c), this Court’s inherent authority, and a host of New York cases. “CPLR § 5519(c) clearly gives the Court discretion with respect to such automatic stays and also *allows it to stay all proceedings to enforce a judgment or order appealed from* in a case not provided for under subdivision (b).” *Schaffer v. VSB Bancorp, Inc.*, 68 Misc. 3d 827, 834 (Sup. Ct. 2020) (emphasis added).

In deciding whether to enter a stay, the Court may consider “any relevant factor, including the presumptive merits of the appeal and any exigency or hardship confronting any party.” *Id.* at 834. Here, Defendants’ ongoing diligent efforts have proven that a bond in the judgment’s full amount is “a practical impossibility.” Affirmation of Gary Giulietti (“Giulietti Aff.”) ¶ 18. These diligent efforts have included approaching about 30 surety companies through 4 separate brokers. Affirmation of Alan Garten (“Garten Aff.”), ¶ 5. A bond requirement of this enormous magnitude—effectively requiring cash reserves approaching \$1 billion, Giulietti Aff. ¶ 17—is unprecedented for a private company. Even when it comes to publicly traded companies, courts routinely waive or reduce the bond amount. Enforcing an impossible bond requirement as a condition of appeal would inflict manifest irreparable injury on Defendants, and “defeat or impair [this Court’s] appellate jurisdiction.” *Schwartz v. New York City Hous. Auth.*, 219 A.D.2d 47, 48 (2d Dep’t 1996). By contrast, waiving the bond requirement will impose no cognizable harm on

the Attorney General. The case involves no actual victims and no award of restitution, and she is fully protected by Defendants' real-estate holdings. This factor alone warrants a stay.

The manifold errors in Supreme Court's judgment further warrant a stay. Among other errors, Supreme Court disrespectfully disregarded this Court's previous ruling in this case that the statute of limitations applies and that "[t]he continuing wrong doctrine does not delay or extend these periods." *People by James v. Trump*, 217 A.D.3d 609, 611–12 (1st Dep't 2023). Moreover, Supreme Court ridiculously valued Mar-a-Lago, in Palm Beach, Florida, as being worth "between \$18 million and \$27.6 million," understating its actual value by about 50 to 100 times. Supreme Court imposed a massive disgorgement award in the absence of any evidence that the alleged misrepresentations *caused* the supposedly ill-gotten proceeds, in violation of the black-letter requirement that the disgorged amount must be causally connected to the violation. Supreme Court double- and triple-counted damages, and committed elementary errors in the process, such as conflating the *proceeds* of a sale with the *profits* from that sale. Such basic mistakes would have been prevented if this case had been allowed to be adjudicated in the Commercial Division, where it belonged.

These errors establish that the disgorgement award is unconstitutional. It is "grossly disproportional" in violation of the Excessive Fines Clause of the United States Constitution and a parallel clause of the New York Constitution, as well as basic principles of due process and selective prosecution. Because the judgment is unconstitutionally excessive, the bond requirement violates the Eighth Amendment as well, because it imposes an irrational, punitive sanction.

This case has no victims, no damages, and no actual financial losses. None of Defendants' sophisticated business partners testified that they would have changed any transaction in light of the alleged "misrepresentations," and all of these sophisticated parties, along with their law firms

and other service providers, were well aware of the ironclad disclaimers present in all of the financial statements at issue. The \$464 million penalty in this case has been aptly described as “using a Hellfire missile to annihilate an [alleged] shoplifter.” The Editors, *Trump’s \$355 Million Civil Fraud Verdict*, WALL ST. J. (Feb. 17, 2024). “There was no real financial victim.” *Id.* “This is choosing a target and then hunting for something to charge him with, which is an abuse of the law.” *Id.* The judgment seeks to destroy a successful business that employs many hardworking New Yorkers, has contributed approximately \$300 million in taxes to public coffers just during the dates in question in this case, and has made historic contributions to the State and City of New York. The Court should stay the judgment pending appeal, and put the brakes on the Attorney General’s overzealous litigation crusade. If oral argument would assist the Court in coming to that conclusion, we respectfully request an opportunity for such a hearing.

ARGUMENT

I. This Court Has Discretion to Stay the Disgorgement Award.

The Attorney General argues that, under CPLR § 5519(a)(2), this Court has no authority to stay execution on any condition other than an undertaking in the full amount of the judgment. *See* Memorandum of Law in Opposition to Motion for a Stay (“Opp. Brief”) at 15-20. This argument is meritless, and is a continuation of the Attorney General’s consistent lack of respect for the authority, jurisdiction, and impact of this Court. This Court has both express statutory authority and inherent authority to issue unsecured or partially secured stays of execution pending appeal under § 5519(a)(2).

As relevant here, § 5519(a)(2), entitled “Stay without court order,” provides that service upon an adverse party of the notice of appeal stays all proceedings to enforce the judgment pending appeal where an undertaking in the full amount of the judgment is given by the appealing party.

N.Y. CPLR § 5519(a)(2). Section 5519(c), entitled “Stay and limitation of stay by court order,” provides that “[t]he court ... to which an appeal is taken ... *may grant a limited stay or may vacate, limit or modify any stay imposed by subdivision (a) ... or this subdivision.*” N.Y. CPLR § 5519(c) (emphasis added). As the emphasized language provides, § 5519(c) confers on this Court discretion both to *grant* unsecured stays in cases covered by (a)(2)—*i.e.*, cases involving money judgments—and to “vacate, limit or modify” preexisting stays “imposed by subdivision (a).” *Id.* Thus, the appealing party may obtain an automatic stay under (a)(2) by posting an undertaking, but he or she may also petition the appellate court for a discretionary stay under § 5519(c).

This is the uniform understanding of § 5519(c) in New York courts. “While CPLR § 5519(a) sets forth the conditions for entitlement to an automatic stay, CPLR § 5519(c) clearly gives the Court discretion with respect to such automatic stays and also *allows it to stay all proceedings to enforce a judgment or order appealed from* in a case not provided for under subdivision (b).” *Schaffer*, 68 Misc. 3d at 834 (emphasis added). “CPLR 5519(c) permits this Court ... *to grant a discretionary stay of proceedings to enforce the order or judgment appealed from, or to vacate, limit or modify any automatic stay obtained pursuant to CPLR 5519 (a) or (b).*” *Schwartz*, 219 A.D.2d at 48 (emphasis added). “The scope of the stay authorized by subdivision (c) is thus *coextensive with the stay authorized by subdivision (a)*, namely, a stay of enforcement proceedings only....” *Id.* (emphasis added). Regarding the “discretionary stay ... under CPLR 5519(c),” “the scope of this discretionary stay is ‘coextensive’ with the automatic stay” under § 5519(a), and “applies ... to provide non-governmental parties with *the opportunity to stay proceedings to enforce the judgment or order appealed from pending the appeal.*” *Tax Equity Now NY LLC v. City of New York*, 173 A.D.3d 464, 465 (1st Dep’t 2019) (emphasis added); *see also CT Chemicals (U.S.A.) Inc. v. Vinmar Impex, Inc.*, 189 A.D.2d 727, 729 (1st Dep’t 1993) (holding that

a defendant seeking a stay of execution of a money judgment may opt “either [to] seek a discretionary stay pursuant to CPLR 5519(c) or to post a[n] ... undertaking” under 5519(a)); *Pickwick Int’l, Inc. v. Tomato Music Co.*, 119 Misc. 2d 227, 232 (Sup. Ct. 1983) (“[T]hese grounds fully warrant this Court to exercise its discretion and dispense with the posting of any bond pending the outcome of the appeal...”).

In addition, this Court has inherent authority to issue equitable stays of judgments pending appeal. *Schwartz* held that, in addition to § 5519, “[t]here is ... another broad source of authority for this Court, in the exercise of its appellate rather than original jurisdiction, to grant such a general stay of proceedings in an appropriate case.” 219 A.D.2d at 48. *Schwartz* reaffirmed “this Court’s inherent power to grant a stay of acts or proceedings, which, although not commanded or forbidden by the order appealed from, will disturb the status quo and tend to defeat or impair our appellate jurisdiction.” *Id.* Likewise, in *Tax Equity Now*, this Court held that a stay of lower-court proceedings was not available under § 5519(a) or (c), yet the Court “exercise[d] [its] inherent authority to grant a discretionary stay of the proceeding pending appeal....” 173 A.D.3d at 465.

Moreover, CPLR § 5240 reinforces this broad equitable authority. It provides that “[t]he court may at any time, on its own initiative or the motion of any interested person ... make an order denying, limiting, conditioning, regulating, extending or modifying the use of any enforcement procedure.” N.Y. C.P.L.R. § 5240. The Court of Appeals describes § 5240 as a “general provision[] that permit[s] ‘any interested person’—*including a judgment debtor*—to secure remedies for wrongs arising under the statutory scheme.” *Plymouth Venture Partners, II, L.P. v. GTR Source, LLC*, 37 N.Y.3d 591, 600 (2021) (emphasis added). “Section 5240 ... lays out the court’s power to, ‘at any time, on its own initiative or the motion of any interested person, and upon such notice as it may require, make an order denying, limiting, conditioning, regulating,

extending or modifying the use of any enforcement procedure.” *Id.* “CPLR 5240 grants the courts broad discretionary power to control and regulate the enforcement of a money judgment under article 52 to prevent ‘unreasonable annoyance, expense, embarrassment, disadvantage, or other prejudice to any person or the courts’.” *Id.* (quoting *Guardian Loan Co. v. Early*, 47 N.Y.2d 515, 519 (1979)). “[T]his provision ‘centers in one place the pervasive judicial power to right, on a case by case basis, any wrong in connection with any of the numerous Article 52 procedures’.” *Id.* at 601 (cleaned up) (quoting Siegel & Connors, NY Prac § 522 at 993 (6th ed 2018)).

This authority matches the universal practice in other jurisdictions. Federal Rule of Civil Procedure 62 authorizes the federal courts to “stay enforcement of the district court’s judgment, without the posting of a bond or other condition.” *In re Nassau Cnty. Strip Search Cases*, 783 F.3d 414, 417 (2d Cir. 2015); *see also Fed. Prescription Serv., Inc. v. Am. Pharm. Ass’n*, 636 F.2d 755, 761 (D.C. Cir. 1980) (affirming the decision to require no bond on appeal); *N. Indiana Pub. Serv. Co. v. Carbon Cnty. Coal Co.*, 799 F.2d 265, 281 (7th Cir. 1986) (“[I]t is a misreading of Rule 62(d) of the Federal Rules of Civil Procedure to suggest that an appellant who wants to stay execution pending appeal must post a bond.”). Other states, likewise, universally recognize an appellate court’s authority to waive or modify bond requirements.¹

In fact, courts routinely exercise this authority to waive or reduce enormous, disproportional, and unjust bond requirements. *See, e.g., Texaco Inc. v. Pennzoil Co.*, 784 F.2d

¹ *See, e.g., Wallace v. Smith in and for County of Maricopa*, 532 P.3d 752, 757 (Ariz. 2023) (noting power of trial court “to reduce the amount of a supersedeas bond” in “an appropriate case”); *O’Donnell v. McGann*, 529 A.2d 372, 377 (Md. App. 1987) (noting the “authority” to modify a bond “does exist”); *Waves of Hialeah, Inc. v. Machado*, 300 So.3d 688, 691 (Fla. App. 2018) (noting trial court’s authority, under appropriate circumstances and conditions, to “reduce a supersedeas bond”); *Morse v. Fed. Nat’l Mortg. Ass’n*, 2018 WL 4784585, at *1 (Tex. App. Oct. 4, 2018) (noting ability of trial court to “lower the amount of a supersedeas bond” when appropriate).

1133, 1157 (2d Cir. 1986), *rev'd on other grounds*, 481 U.S. 1 (1987) (reducing a \$12 billion bond obligation to \$1 billion); *In re Adelpia Commc'ns Corp.*, 361 B.R. 337, 351 (S.D.N.Y. 2007) (imposing a \$1.3 billion bond obligation to secure a judgment that required the distribution of “111 million shares of freely tradeable” stock, “more than 9.4 billion” tradable interests, “and \$7.136 billion in cash”); *Int'l Distribution Centers, Inc. v. Walsh Trucking Co.*, 62 B.R. 723, 732 (S.D.N.Y. 1986) (finding that defendants were not “likely to be capable of posting a bond in the full amount of the approximately \$38 million judgment,” and reducing the bond requirement for each to \$10,000). The Attorney General’s “full-undertaking-only” theory is inconsistent with these and many other cases. It would impair and defeat this Court’s appellate jurisdiction in cases involving outrageous judgments—*i.e.*, the very cases where appeal is most necessary.

For this reason, the Attorney General’s position raises grave constitutional concerns. As the Second Circuit recognized in *Texaco*, where posting the full amount is impracticable, an “inflexible requirement [denying] a stay of execution unless a supersedeas bond in the full amount of the judgment is posted” is “irrational, unnecessary, and self-defeating, amounting to a confiscation of the judgment debtor’s property without due process.” *Texaco*, 784 F.2d at 1154, *rev'd on other grounds*, 481 U.S. 1 (1987). This is reason enough to reject the Attorney General’s interpretation of § 5519. *See, e.g., In re Jamie J.*, 30 N.Y.3d 275, 282 (2017) (“[W]e should construe the statute, if possible, to avoid the [constitutional] infirmity...”).

II. This Court Should Exercise Its Authority To Stay Execution of the Judgment.

This Court should stay execution of all portions of the Supreme Court’s Decision and Order, including both disgorgement, and other forms of equitable relief. *See* Memorandum of Law in Support of Stay Pending Appeal Pursuant to CPLR 5519(c) (“Opening Brief”) at 11-14.

A. The Attorney General Misstates the Governing Standard.

The Attorney General argues that “any exercise of inherent power to grant a stay ... would require a showing of extraordinary circumstances.” Opp. Brief at 17. That is misleading and incorrect. “Under CPLR § 5519(c), ‘there is no single factor in determining whether to grant a stay, the court’s discretion is the guide’ and ‘it will be influenced by *any relevant factor*, including *the presumptive merits of the appeal and any exigency or hardship confronting any party.*’” *Schaffer*, 68 Misc. 3d at 834 (cleaned up) (emphases added) (citing and quoting *Deutsche Bank Natl. Trust Co. v. Royal Blue Realty Holdings, Inc.*, 2016 N.Y. Slip Op. 31510(U), 2016 WL 4194201 (Sup. Ct. 2016), and Richard C. Reilly, *Practice Commentaries, McKinney’s Cons Laws of NY*, CPLR C:5519:4)); *see also Navy Yard Hous. Dev. Fund, Inc. v. Carr*, No. 33936/96, 2002 WL 1174711, at *2 (N.Y. Civ. Ct. May 23, 2002) (same) (quoting Siegel, *Practice Commentaries, McKinney’s Cons Laws of NY*, Book 7B, CPLR C5519:4); Opening Brief at 10-11.

B. The Exigency and Hardship to Defendants Warrant a Stay.

First, the Court may consider “any exigency or hardship confronting any party.” *Schaffer*, 68 Misc.3d at 834. Here, this factor alone justifies a stay of the judgment.

1. Posting a Full Undertaking Is a Practical Impossibility.

In the Opening Brief, when their efforts to obtain such a bond were still ongoing, Defendants stated their expectation that it would be “impossible to secure and post a complete bond.” Opening Brief at 15, 25. Diligent efforts since that time, including “countless hours negotiating with one of the largest insurance companies in the world,” have proven that “obtaining an appeal bond in the full amount” of the Judgment “is not possible under the circumstances presented.” *Giulletti Aff.* ¶¶ 3, 9-10. The amount of the judgment, with interest, exceeds \$464 million, and very few bonding companies will consider a bond of anything approaching that

magnitude. *Id.* ¶ 12. The remaining handful will not “accept hard assets such as real estate as collateral,” but “will only accept cash or cash equivalents (such as marketable securities).” *Id.* ¶ 13. Moreover, sureties would typically “require collateral of approximately 120% of the amount of the judgment,” which “would require Defendants to hand over collateral in the form of cash or cash equivalents of approximately” \$557 million. *Id.* ¶ 19. In addition, sureties would likely charge bond premiums of approximately 2 percent per year with two years in advance—an up-front cost over \$18 million. *Id.* ¶ 20.

In short, “a bond of this size is rarely, if ever, seen. In the unusual circumstance that a bond of this size is issued, it is provided to the largest public companies in the world, not to individuals or privately held businesses.” *Id.* ¶ 16. The actual amount of cash or cash equivalents required “to collateralize the bond and have sufficient capital to run the business and satisfy its other obligations” “approach[es] \$1 billion.” *Id.* ¶ 17. As a result, “obtaining a bond for \$464 million is a practical impossibility.” *Id.* ¶ 18.

The Attorney General claims that Defendants “fail to provide information about what steps (if any) they have taken to secure an undertaking.” *Opp. Brief* at 18. In fact, those efforts were ongoing when Defendants’ stay motion was filed, and they have since confirmed Defendants’ expectation that a full undertaking is a “practical impossibility.” *Giuletti Aff.* ¶ 18. The Attorney General speculates, without evidence and revealing her misunderstanding of basic business practices, that sureties might accept “an irrevocable letter of credit” as collateral. *Opp. Brief* at 18. But any such ILOC “would still typically have to be fully backed by cash or cash equivalents.” *Giuletti Aff.* ¶ 15. Obtaining such cash through a “fire sale” of real estate holdings would inevitably result in massive, irrecoverable losses—textbook irreparable injury.

The practical impossibility of obtaining a bond interferes with Defendants’ right to appeal and threatens this Court’s appellate jurisdiction. *Schaffer*, 68 Misc.3d at 834. For this reason, courts routinely waive or reduce bond requirements when securing the bond is not “practicable.” *Fed. Prescription Serv.*, 636 F.2d at 760. *See, e.g., Cayuga Indian Nation of New York v. Pataki*, 188 F. Supp. 2d 223, 256 (N.D.N.Y. 2002) (waiving the bond requirement for a \$247 million judgment where “it would be almost impossible to find a bonding agency willing and able to secure a judgment of this size,” and “the posting of a supersedeas bond here would be far from practicable”) (cleaned up); *TWA, Inc. v. Hughes*, 515 F.2d 173, 175 (2d Cir. 1975) (granting a substantial reduction of the bond amount where, “[b]ecause of the unprecedented size of the judgment, the obtaining of a supersedeas bond was impracticable”); *Int’l Distribution Centers*, 62 B.R. at 732 (finding that defendants were not “likely to be capable of posting a bond in the full amount of the approximately \$38 million judgment,” and reducing the bond requirement for each to \$10,000); *C. Albert Sauter Co. v. Richard S. Sauter Co.*, 368 F. Supp. 501, 520-21 (E.D. Pa. 1973) (allowing \$100,000 bond on \$1.5 million judgment).

Other features of the Judgment, moreover, threaten to dramatically compound these punitive financial hardships. *See* Opening Brief, Point II. The provisions preventing the individual Defendants from serving as officer and directors of businesses that they have successfully helmed for decades, and preventing them from seeking loans from any bank registered in New York—which encompasses most nationwide lending institutions—radically interfere with Defendants’ ability to continue to conduct profit-making activities during the pendency of appeal. *See id.*

2. A Stay Will Impose No Cognizable Hardship on Plaintiff.

By contrast, there is no significant exigency or hardship to Plaintiff. First, there are no victims, as there were no damages and no financial losses. Second, Defendants’ real estate

holdings—including iconic properties like 40 Wall Street, Doral Miami, and Mar-a-Lago, *see* Garten Aff. ¶ 10—greatly exceed the amount of the judgment. Such assets are impossible to secrete or dispose of surreptitiously, leaving the plaintiff effectively secured during the pendency of an appeal. *Cf. Klingenberg v. Vulcan Ladder USA, LLC*, No. 15-CV-4012-KEM, 2017 WL 4836313, at *2 (N.D. Iowa Oct. 25, 2017). The Attorney General speculates that Defendants might try to “evade enforcement of the judgment,” Opp. Brief at 20, but she does not explain how Defendants might surreptitiously conceal or sell off some of the world’s most famous real estate holdings before the appeal is final. *See* Opening Brief at 11-14.

C. The Court Should Maintain the Interim Stay as to Non-Monetary Relief.

The interim stay extends to the injunction against the individual Defendants “from serving in the financial control function of any New York corporation or similar business entity registered and/or licensed in New York State, and/or serving as an officer or director of any New York corporation or other legal entity in New York,” and “which enjoined certain individual and corporate defendants from applying for loans from any financial institution chartered by or registered with the New York State Department of Financial Services for three (3) years.” Interim Stay Order (NYSCEF No. 6) (“Stay Order”) at 2. The Court should maintain these aspects of the stay pending appeal.

The Attorney General barely addresses these aspects of the interim stay. *See* Opp. Brief at 23. Her cursory argument has no merit. The Attorney General contends that “Defendants’ financial interests” are supposedly outweighed by the need to protect the public interest.” *Id.* But the only authority she cites is a case involving *attorney disbarment*, which is far afield from Executive Law § 63(12) *See id.* (citing *Matter of Seiffert*, 65 N.Y.2d 278, 280-81 (1985)). It is vital to be clear that Executive Law § 63(12) is inapplicable to the facts of this case in the first

place, under both the U.S. and the New York State Constitutions, and was wrongfully relied upon by both the Attorney General and Supreme Court, an issue that will be expanded on at length in the merits briefing of the Defendants’ appeal. As explained in Defendants’ opening brief, Opening Brief at 38, the stayed provisions of the injunction exceed Supreme Court’s statutory authority under Executive Law § 63(12). That statute authorizes the court to enjoin only *unlawful* conduct—not lawful, productive business practices. Section 63(12) provides: “Whenever any person shall engage in repeated fraudulent or illegal acts or otherwise demonstrate *persistent fraud or illegality in the carrying on, conducting or transaction of business*, the attorney general may apply, in the name of the people of the state of New York, to the supreme court of the state of New York, on notice of five days, for an order *enjoining the continuance of such business activity or of any fraudulent or illegal acts....*” N.Y. Exec. Law § 63(12). Under the statute’s plain language, the “such business activity” that courts may enjoin is business activity pervaded by “persistent fraud or illegality,” *id.*—not ordinary, lawful business activity such as running profitable companies and taking out loans. “In every case where a court has granted a permanent injunction pursuant to Executive Law § 63(12), courts have limited the relief to only enjoining the specific activity from which the fraud arose.” Opening Brief at 39 (citing cases). The Attorney General has no answer to this point, and in fact, she does not cite any cases involving § 63(12). *See* Opp. Brief at 23.

D. The Disgorgement Award Will Not Survive Appellate Review.

In deciding whether to stay execution, the Court may also consider “the presumptive merits of the appeal.” *Schaffer*, 68 Misc. 3d at 834. Here, like the other provisions of the Judgment for which Defendants seek a stay, the disgorgement award will not survive appellate review.

1. The Judgment Contradicts This Court’s Statute-of-Limitations Ruling.

First, Supreme Court’s judgment clearly failed to comply with this Court’s June 2023 ruling on the statute of limitations. As this Court held, “[a]pplying the proper statute of limitations and the appropriate tolling, claims are time barred if they accrued—that is, the transactions were completed—before February 6, 2016.” *Trump*, 217 A.D.3d at 611–12 (citing *Boesky v. Levine*, 193 A.D.3d 403, 405 (1st Dep’t 2021), and *Rogal v. Wechsler*, 135 A.D.2d 384, 385 (1st Dep’t 1987)). “For defendants bound by the tolling agreement, claims are untimely if they accrued before July 13, 2014.” *Id.* Critically, this Court held that “[t]he continuing wrong doctrine does not delay or extend these periods.” *Id.* (emphasis added) (citing *CWCapital Cobalt VR Ltd. V. CWCapital Invs. LLC*, 195 A.D.3d 12, 19-20 (1st Dep’t 2021), and *Henry v. Bank of Am.*, 147 A.D.3d 599, 601-602 (1st Dep’t 2017)).

The Attorney General wrongfully argues that new “transactions were completed,” Opp. Brief at 31, every time Defendants submitted an annual statement relating to *long-completed* loan transactions. This argument directly and disrespectfully contradicts this Court’s June 2023 ruling. First, as *Boesky* makes clear, such ongoing communications that relate to a prior completed transaction do not toll the statute of limitations for alleged fraud. In *Boesky*, this Court held that a fraud claim against an attorney relating to the erection of a tax shelter was time-barred, notwithstanding the fact that the defendant maintained an ongoing representation and series of communications with the plaintiff relating to the same tax shelter that extended into the limitations period. *Boesky*, 193 A.D.3d at 405. The Attorney General dismisses *Boesky* as a supposedly “inapposite common-law fraud case” that “did not address § 63(12) or its statute of limitations.” Opp. Brief at 33. This argument is astonishing, given that *this Court* cited *Boesky* as its lead authority in holding that “claims are time barred if they accrued—that is, the transactions were

completed—before February 6, 2016.” *Trump*, 217 A.D.3d at 611–12 (citing *Boesky*, 193 A.D.3d at 405). The principal case cited by this Court in its statute-of-limitations ruling is not “inapposite,” *Opp. Brief* at 33—it is binding.

The Attorney General’s argument also contradicts this Court’s holding that “[t]he continuing wrong doctrine does not delay or extend these periods.” *Trump*, 217 A.D.3d at 612 (citing *CWCapital*, 195 A.D.3d at 19-20). *CWCapital* describes the “continuing wrong doctrine” as applying to a course of conduct where “defendants’ activities amounted to a series of wrongs, each of which gave rise to its own limitations period.” *Id.* at 16. Under the doctrine, “a new claim, with a new limitations period, ... accrue[s]” each time the defendant engages in a new action within the challenged course of conduct. *Id.* at 18. Under the “continuing wrong doctrine,” each act in the series constitutes “a distinct violation” subject to its own limitations period. *Id.* at 18-19.

Like Supreme Court’s judgment, the Attorney General’s argument merely reasserts the continuing wrong doctrine expounded in *CWCapital* and rejected by this Court in its ruling in this case. *See Opp. Brief* at 31. The Attorney General contends that new “transactions were completed” every time Defendants “submitted new [allegedly] fraudulent and illegal statements after July 2014 if the Statements were submitted in connection with a loan initiated prior to July 2014.” *Id.* The Attorney General contends that “defendants’ activities amounted to a series of wrongs, each of which gave rise to its own limitations period.” *CWCapital*, 195 A.D.3d at 16. She incorrectly argues that “a new claim, with a new limitations period, ... accrued” for each new statement. *Id.* at 18. She contends that each act in the series constituted “a distinct violation” that re-starts the limitations period. *Id.* at 18-19; *compare Opp. Brief* at 31-32. This is a straightforward assertion of the continuing wrong doctrine, which this Court ruled does not apply in this case.

The other case that this Court cited in its ruling, *Henry v. Bank of America*, makes this conclusion equally clear. *Henry* describes the “continuing wrong doctrine” as applicable “where there is a series of continuing wrongs and serves to toll the running of a period of limitations to the date of the commission of the last wrongful act.” 147 A.D.3d at 601. Again, that is exactly what the Attorney General wrongfully contends—that the subsequent statements relating to the pre-July 2014 loans and insurance policies constitute “a series of continuing wrongs.” *Id.* *Henry* emphasizes that the continuing wrong doctrine “may only be predicated on continuing unlawful acts and not on the continuing effects of earlier unlawful conduct. The distinction is between a single wrong that has continuing effects and a series of independent, distinct wrongs.” *Id.* Again, that is what the Attorney General contends—that the subsequent statements constituted “continuing unlawful acts” and “a series of independent, distinct wrongs.” *Id.*; compare Opp. Brief at 31-33.

By holding that the continuing wrong doctrine does *not* apply here, this Court has already considered and rejected the Attorney General’s position. The Court held, correctly, that “plaintiff asserts a single breach” to which the subsequent statements were merely ancillary, and thus “the continuing wrong doctrine does not apply.” *Henry*, 147 A.D.3d at 601-02.

The Attorney General’s argument, therefore, is directly foreclosed by this Court’s previous ruling, which held that “[t]he continuing wrong doctrine **does not delay or extend these periods.**” *Trump*, 217 A.D.3d at 612 (emphasis added). This Court’s holding on the statute of limitations is the law of the case, which “bind[s] a trial court (and subsequent appellate courts of coordinate jurisdiction) to follow the mandate of an appellate court....” *Matter of Part 60 RMBS Put-Back Litig.*, 195 A.D.3d 40, 48 (1st Dep’t 2021); see also, e.g., *Applehole v. Wyeth Ayerst Labs.*, 213

A.D.3d 611, 611 (1st Dep’t 2023). “[T]here is no discretion involved; the lower court must apply the rule laid down by the appellate court.” *People v. Evans*, 94 N.Y.2d 499, 503 (2000).²

The proper application of this Court’s previous ruling forecloses over 75 percent of the judgment. Under that ruling, the only timely claims are those with respect to the Old Post Office Loan and 40 Wall Loan, and only for Defendants bound by the tolling agreement. All claims based on the following transactions are time barred:

- The Trump Doral loan closed on June 11, 2012, with a loan to Trump Endeavor 12 LLC. *See* Affirmation of Clifford S. Robert in Further Support of Stay Pending Appeal (“Robert Reply Aff.”) Ex. CC, ¶ 115.
- The Ferry Point contract was awarded on February 21, 2012. *See* Robert Reply Aff. Ex. DD.
- The loan for 401 North Wabash Venture LLC closed on November 9, 2012. *See* Robert Reply Aff. Ex. CC, ¶ 131.
- Trump Old Post Office LLC was ultimately selected by the GSA in 2012 to redevelop the OPO property and signed a lease for that purpose on August 5, 2013. *Id.* ¶ 146.

As set forth in Appellants’ demonstrative exhibit, Robert Urgency Aff. Ex. X, this error alone accounts for about \$351 million of the overall award, since correctly applying the statute of limitations eliminates any damages associated with the Old Post Office Award, Ferry Point, the Doral Loan, and the Chicago Loan, eliminating \$285 million in damages before pre-judgment interest, and \$351 million including pre-judgment interest. *See id.*

² For the same reasons, the Attorney General’s lengthy argument that the continuing wrong doctrine *should* apply here—*see* Opp. Brief at 31-33—is beside the point. *See, e.g.*, Opp. Brief at 32 (arguing that “[t]his Court has . . . reinstated § 63(12) claims as timely where OAG brought the claims based on misrepresentations that occurred during a limitations period that started prior to the limitations period”). The Attorney General *admits* that the subsequent statements on which she relies all relate directly to loan and insurance transactions completed before the limitations period, and thus they fall in the heartland of the continuing wrong doctrine, which has been rejected by this Court in this case. Opp. Brief at 33.

2. Disgorgement Requires a Showing of Causation.

There is no evidence, and no finding by Supreme Court, that the relevant lenders and insurers would not have given Defendants loans and policies on the same terms in the absence of the supposed “misrepresentations.” Opening Brief at 30. The Attorney General argues that this glaring omission in the trial record makes no difference, because “[a]ctual reliance on the misrepresentations is not required under § 63(12) to establish fraud,” Opp. Brief at 26, and she “does not need to demonstrate direct losses to victims,” Opp. Brief at 27. This argument overlooks a basic principle of the law of disgorgement—the element of causation.

Disgorgement requires a showing of *causation* between the alleged misconduct and supposedly ill-gotten gains, neither of which exists here. Opening Brief at 30. “[T]he disgorged amount must be ‘causally connected to the violation.’” *J.P. Morgan Sec. Inc. v. Vigilant Ins. Co.*, 91 A.D.3d 226, 232–33 (1st Dep’t 2011), *rev’d on other grounds*, 21 N.Y.3d 324 (2013) (emphasis added) (quoting *SEC v. First Jersey Sec., Inc.*, 101 F.3d 1450, 1475 (2d Cir. 1996)). “The amount of disgorgement ordered” must “be a reasonable approximation of profits causally connected to the violation.” *First Jersey Securities*, 101 F.3d at 1475; *see also SEC v. First City Fin. Corp.*, 890 F.2d 1215, 1231 (D.C. Cir. 1989); *SEC v. Patel*, 61 F.3d 137, 139 (2d Cir. 1995). Thus, “disgorgement extends only to the amount with interest by which the defendant profited from his wrongdoing. Any further sum [constitutes] a penalty assessment.” *SEC v. Blatt*, 583 F.2d 1325, 1336 (5th Cir. 1978); *see also, e.g., SEC v. ETS Payphones, Inc.*, 408 F.3d 727, 735 (11th Cir. 2007) (same); *SEC v. MacDonald*, 699 F.2d 47, 54 (1st Cir. 1983) (same); *Hateley v. SEC*, 8 F.3d 653, 656 (9th Cir. 1993) (reversing so-called “disgorgement” exceeding actual gain from fraud); *Litton Industries, Inc. v. Lehman Bros. Kuhn Loeb, Inc.*, 734 F. Supp. 1071, 1076 (S.D.N.Y. 1990). Disgorgement must be based on a showing of “gain causation”—*i.e.*, proof that the amount to be

disgorged was *caused* by the (alleged) wrongdoing. *See, e.g., SEC v. Razmilovic*, 822 F. Supp. 2d 234, 260 n.22 (E.D.N.Y. 2011) (government is “required to prove a causal connection between the fraud and [defendant’s] ill-gotten gains for the purposes of disgorgement ... or, in essence, gain causation”); *SEC v. Huff*, 758 F. Supp. 2d 1288, 1355 (S.D. Fla. 2010) (disgorgement requires showing of “gain causation”); *see also SEC v. Global Express Capital Real Estate Inv. Fund*, 289 F. App’x 183, 190 (9th Cir. 2008) (disgorgement order must be limited to “the profits causally connected to the violation”).

The Attorney General incorrectly argues that “reliance ... is not required” to demonstrate a violation of Executive Law § 63(12). Opp. Brief at 26. Even if reliance is not required to show a *violation*, which it is, causation is required to justify the particular *remedy* of disgorgement—*i.e.*, evidence that the alleged misrepresentations *actually induced the banks and insurers to agree to less favorable terms*. Here, there is no evidence of that critical point. Indeed, not one witness testified that any bank or insurer would have altered the terms or pricing of any loan or policy due to any alleged misrepresentation in the SFCs. On the contrary, every witness agreed that their business decisions were based on their own analysis, thus defeating any showing of causation.

With respect to Deutsche Bank, Nicholas Haigh, head of risk management for the Americas Private Wealth Management business, testified that all decisions were made based on the bank’s own internal analysis. *See Robert Urgency Aff. Ex. Q, ¶¶ 31-74*, citing PX-290; PX-291; PX-293; PX-294; PX-298; PX-300; PX302; PX-2960; PX-3137 (Robert Reply Aff. Exs. MM-UU). For example, for the Doral loan, Mr. Haigh testified that President Trump’s financial strength was assessed on the basis of Deutsche Bank’s own adjusted values, not the guarantor’s self-reported estimates, especially as to liquidity and net worth. *See Robert Urgency Aff. Ex. Q, ¶ 39*. David Williams, a current Deutsche Bank employee, similarly testified that an individual’s reported net

worth is largely subjective or subject to the use of estimates and in underwriting a loan, the bank would make adjustments to client-reported numbers to account for this subjectivity. *Id.* ¶ 77, 80.

Likewise, Jack Weisselberg of Ladder Capital also testified that net worth was not a key factor in refinancing the 40 Wall Street loan. *Id.* ¶ 124. He testified that, while the stated net worth on the SFC was something that Ladder Capital “would look at in the underwriting process,” it was not a “key factor” in the ultimate underwriting decision. Robert Reply Aff. Ex. BB, 1877:11-24. Rather, liquidity played a primary role over the importance of certain contingent liabilities. *See id.* 1877:11-18.

Similarly, David Cerron of the New York City Parks Department stated that the License Agreement did not require that President Trump submit his SFCs to the Parks Department, and he personally never reviewed the SFC in connection with the Ferry Point agreements. *See* Robert Urgency Aff. Ex. Q, ¶¶ 141-142. The Parks Department did not rely on President Trump’s Statements of Financial Condition. First, in the award criteria for the concession, the financial capability of the offeror was weighted the lowest—it was only 10% of the selection criteria. *See* Robert Reply Aff. Exs. BB, 2819:2-23 and VV, PX-3290 (Request for Offers). Second, during the term of the license, the Parks Department never received any of President Trump’s Statements of Financial Condition, which itself takes the Ferry Point agreements out of this case completely. *See* Robert Reply Aff. Ex. BB, 2844:15-21. Under the Guaranty Agreement, President Trump was required to submit No Material Adverse Change Letters (“No MAC Letters”) which were to “reaffirm the initial financial statements that were shared with the city during the award process were in material respects the same.” *Id.* 2804:20-2805:7. Mr. Cerron admitted that when he reviewed the No MAC Letters, he “was *not* reviewing them to determine whether President Trump had the financial capability to perform the contract.” *Id.* 2844:22-25 (emphasis added). The

determination of whether someone has the financial capability to perform under the contract is made during the award process (which concluded in February of 2012). *Id.* 2845:1-13; Robert Reply Aff. Exs. EE, PX-3291; DD, DX-981. The *sole* remedy for failure to submit No MAC Letters under the Guaranty was to increase the security deposit to a maximum of \$470,000. *See* Robert Reply Aff. Ex. BB, 2832:18-21.

In sum, no witness ever stated that any business decision would have changed, given additional information about the SFCs. Accordingly, the alleged misstatements are not “causally connected to” the supposedly ill-gotten gains, *J.P. Morgan Securities*, 91 A.D.3d at 232-33; *First Jersey Securities*, 101 F.3d at 1475, and disgorgement is unavailable as a remedy. The Attorney General has no answer to this fundamental point. Nowhere does she cite any evidence that the SFCs *caused* the banks or insurers to enter into any transactions that they would not otherwise have entered into—especially not when confronted with ironclad disclaimers.

3. Supreme Court’s Valuation of Mar-a-Lago Is Indefensible.

In its summary judgment order, Supreme Court relied on a *tax assessment* to value Mar-a-Lago at “between \$18 million and \$27.6 million,” and thus accused Defendants of “an overvaluation of *at least 2,300%*, compared with the [tax] assessor’s appraisal.” Robert Urgency Aff. Ex. L at 26 (italics in original). This reliance on a tax assessment “is based on a misunderstanding of basic real estate practice,” and the Palm Beach County Appraiser’s Office confirmed that its assessment does “not [reflect] the market value.”³ The chief property appraiser for Palm Beach County stated that its assessments were “for tax purposes only and not for

³ *See, e.g.,* A.R. Hoffman, *Error in New York’s Civil Fraud Case Against Trump Is Flagged by Industry Insiders, Who Say Valuation of Mar-a-Lago Cited by Judge Is Based on a Misunderstanding of Basic Real Estate Practice*, N.Y. SUN (Oct. 2, 2023) (quoting an expert saying that “any real estate professional would say that market value and county appraisal are not the same thing,” and real estate professionals “don’t even look at county appraisal data”).

financing or ... for a lending institution.”⁴ Yet in its post-trial decision and order, Supreme Court doubled down on this erroneous determination, holding that Defendants overvalued Mar-a-Lago by “possibly a billion dollars or more.” Robert Urgency Aff. Ex. R at 77. This holding is indefensible.

Supreme Court disregarded un rebutted evidence that Mar-a-Lago’s market value was higher than the price listed on the supporting data to the SFC every year from 2011-2021. *See* Robert Reply Aff. Ex. BB, 6121:11-6126:9. Trial evidence established that Mar-A-Lago could have sold for \$705 million in 2011 to \$1.215 billion in 2021 (including membership sales), which greatly exceeds the values listed in the supporting data to the SFCs—which ranged from \$347,761,431 to \$739,452,519. *See id.*, 6121:11-6126:9; Robert Reply Aff. Exs. WW-GGG, PX-708, PX-719, PX-731, PX-742, PX-758, PX-774, PX-788, PX-793, PX-843, PX-857, PX-1501. Supreme Court also did not consider that Mar-A-Lago is a property in a league of its own because of its history, architecture, finishes, characteristics, as well as the prime and unique location in Palm Beach spanning from the lake, the intracoastal waterway, to the Atlantic Ocean, *see* Robert Reply Aff. Ex. BB, 6111:10-14. *See id.*, 6106:18-6108:9, 6116:4-12, 6133:5-13, 6134:7-6135:1, 6135:21-6136:10, 6140:10-17.⁵

Supreme Court and the Attorney General contend that Mar-a-Lago should not have been valued as a private residence, but only as a club. *See* Robert Urgency Aff. Ex. R at 66-67, 78; Opp.

⁴ Aleks Phillips, *How Much Is Mar-a-Lago Worth? Valuation of Trump Property Raises Questions*, NEWSWEEK (Sept. 23, 2023).

⁵ Supreme Court’s failure to grasp Mar-a-Lago’s unique value reflects a broader trend in the court’s analysis of failing to understand the economic realities of real estate business. For example, Supreme Court persistently assumed that such businesspeople have an incentive to overstate their net worth to obtain more favorable credit. This overlooks that overstatements can result in adverse estate tax consequences that could easily outweigh any such advantages. The Commercial Division would likely not have made these clear errors.

Brief at 5, 25. That is their *sole* basis for arguing that Mar-a-Lago was overvalued. *See id.* This holding is hard to square with the fact that President Trump is *currently using Mar-a-Lago as his permanent private residence*, and has been doing so for years. In any event, the Attorney General disregards unrebutted evidence that no prohibition exists on Mar-A-Lago being used and valued as a single-family residence, or the fact that its use as a club adds to its value. *See* Robert Reply Aff. Exs. FF-LL, DX-478, DX-359, DX-360, PX-1013, DX-427, DX-429, DX-484. As explained by a preeminent Florida land use lawyer, when read together as they must be, the Deed of Conservation and Presentation Easement to the National Trust for Historic Preservation, dated March 26, 1995, the Deed of Development Rights, recorded on October 17, 2002, the Rules of The Mar-A-Lago Club, the Town of Palm Beach’s zoning code, and the Town of Palm Beach’s decision to allow President Trump to actually use Mar-A-Lago as a residence, all support the unrebutted conclusion that no prohibition exists on Mar-A-Lago being used and valued as a private residence.⁶ *See id.* Ex. BB, 6060:24-6061:3, 6061:16-21; 6062:14-24; 6066:12-17; 6068:7-13; 6068:14-10; 6075:10-6076:20; 6077:2-11; 6078:4-6082:8; 6083:6-19 and Exs. FF-LL).

4. Supreme Court Triple-Counted Damages on the Old Post Office Sale.

In 2012, the U.S. General Services Administration (“GSA”) awarded the Trump Old Post Office, LLC (“OPO”), a contract to redevelop the Old Post Office property. *See* Robert Urgency Aff. Ex. Q, ¶ 6. On August 12, 2014, OPO closed on a loan with Deutsche Bank in connection with the Old Post Office. (“OPO Loan”). *See id.*, ¶ 8. On May 11, 2022, nearly ten years after the

⁶ Supreme Court excluded this expert’s opinion as an inadmissible legal opinion, but then failed to explain how his legal analysis was incorrect.

original loan, President Trump sold the redeveloped Old Post Office for \$375 million and used \$170 million of those proceeds to repay the Deutsche Bank loan. *See* Robert Reply Aff. Ex. III, ¶¶ 570-571. Supreme Court awarded disgorgement of the “profits” from the Old Post Office in the total amount of nearly \$220 million. *See* Robert Urgency Aff. Ex. R at 83. This award reflects three elementary errors.

a. Supreme Court conflates proceeds with profits from sale.

First, with respect to the Old Post Office sale, Supreme Court conflated the *proceeds* of the sale with actual *profits* from the transaction. Supreme Court held that certain Defendants “are jointly and severally liable, in the amount of \$126,828,600, for the ill-gotten *profits* Donald Trump netted from the sale of the Old Post Office.” *Id.* at 83. However, the testimony and exhibit the Attorney General cited make clear that that figure was the amount of *proceeds* from the transaction. *See* Robert Urgency Aff. Ex. P, ¶ 221, *citing* 3626:1-24 and PX-1373 (Robert Reply Aff. Exs. BB, HHH). That figure is the sale *proceeds* distributed to President Trump and his children after repaying the mortgage and other associated costs, not the profit. To calculate *profits* from a sale, one must deduct *equity* from the proceeds of the sale, *i.e.*, the value of the seller’s cumulative investment in the property prior to the sale. Neither Supreme Court nor the Attorney General bothered to do so—nor presented any evidence of that figure. Thus, Supreme Court’s conclusion that the nearly \$135 million proceeds of the Old Post Office sale constituted “net profits received on its sale” overstates the amount of disgorgement by at least tens of millions of dollars.

b. Supreme Court double-counts disgorgement from OPO sale.

Second, Supreme Court punished Defendants for entering into the Old Post Office loan by awarding disgorgement in the sum of *both* (1) their purported interest-rate savings in obtaining that loan and (2) their alleged “profits” from the sale of Old Post Office. *See* Robert Urgency Aff.

Ex. A. This is manifest double-counting. If Appellants improperly “gained” interest-rate savings, which they did not, then the amount of the interest-rate differential alone would serve to make any purportedly aggrieved party whole. To also order disgorgement of “profits” for the sale of the same property, *in addition to* alleged interest-differential “gains,” is duplicative, and thus purely, wrongfully punitive. The Attorney General is “not entitled to punitive damages or treble damages, or both, from respondent,” as “Executive Law Section 63(12) does not provide for either of these extraordinary remedies and petitioner is limited to obtaining restitution or compensatory damages” alongside an injunction. *See State by Abrams v. Solil Mgt. Corp.*, 128 Misc. 2d 767, 773 (Sup. Ct. N.Y. Cty. 1985), *aff’d*, 114 A.D.2d 1057 (1st Dep’t 1985); *see also State by Lefkowitz v. Hotel Waldorf-Astoria Corp.*, 67 Misc. 2d 90, 92 (Sup. Ct. N.Y. Cty. 1971). Any award of disgorgement in excess of actual damages caused by Appellants’ alleged misconduct is impermissibly punitive. *See People ex rel. Spitzer v. Direct Revenue, LLC*, 19 Misc. 3d 1124(A) at *7-8 (Sup. Ct. N.Y. Cty. 2008) (finding disgorgement only available “in an amount related to the actual damages caused by the misconduct,” since “[d]isgorgement of respondents’ profits to the state would effectively constitute punitive damages not authorized by statute.”).

c. Courts do not disgorge income derived from ill-gotten proceeds.

Third, even in cases where disgorgement of the proceeds of fraud is applied, as it is not here, “a court cannot order disgorgement of *income derived from the ill-gotten proceeds*.” *SEC v. Govil*, 86 F.4th 89, 107 (2d Cir. 2023) (emphasis added); *SEC v. Hallam*, 42 F.4th 316, 329 (5th Cir. 2022) (“disgorgement could not include ‘income earned on ill-gotten profits’”); *SEC v. Manor Nursing Centers, Inc.*, 458 F.2d 1082, 1104 (2d Cir. 1972) (holding that the lower “court erred in ordering appellants to [disgorge] profits and income *earned on such proceeds*”). Here, included in the \$464 million judgment, was approximately \$186 million, plus interest, representing profits

Supreme Court found Defendants to have made from the sale of the Old Post Office and Ferry Point. *See* Robert Urgency Aff. Ex. R at 83-84. Thus, Supreme Court ordered Defendants not merely to disgorge allegedly ill-gotten gains from more favorable loan terms, but also to disgorge profits and income earned on the loan proceeds. This was improper. “[O]rdering the disgorging of profits and income earned on the proceeds is in fact a penalty assessment,” not disgorgement. *Manor Nursing Centers*, 458 F.2d at 1104.

5. The Award Is Grossly Disproportionate and Unconstitutional.

Both the United States and New York Constitutions prohibit “excessive fines.” U.S. CONST. Amend. VIII; N.Y. CONST. Art. I, § 5; *see* Opening Brief at 29-33. A fine is constitutionally excessive if it is “grossly disproportional to the gravity of [the defendant’s] offense.” *United States v. Bajakajian*, 524 U.S. 321, 324 (1998); *County of Nassau v. Canavan*, 1 N.Y.3d 134, 140 (2003).

Supreme Court’s disgorgement award clearly qualifies as a “fine.” The Excessive Fines Clause applies to all “payments, whether in cash or in kind,” ordered to be paid to the state, including in “civil proceeding,” if the payment is a “penalty” or assessed “in part” for a “punitive” purpose such as “deterrence.” *Austin v. United States*, 509 U.S. 602, 609-610 (1993); *see Canavan*, 1 N.Y.3d at 139-40 (quoting *Austin*); *United States v. Viloski*, 814 F.3d 104, 108-09 (2d Cir. 2016). Here, Supreme Court explicitly stated that disgorgement under Exec. Law § 63(12) was intended “to deter wrongdoing.” Robert Urgency Aff. Ex. R at 81 (quoting *People v. Ernst & Young, LLP*, 114 A.D.3d 569 (1st Dep’t 2014)). Indeed, Supreme Court went so far as to erroneously state that *Ernst & Young* authorized disgorgement as a “penalty.” *Id.* at 82. Moreover, in *Kokesh v. SEC*, 581 U.S. 455 (2017), the U.S. Supreme Court held that “disgorgement is imposed for punitive purposes” and that whenever “an individual is made to pay a noncompensatory sanction to the Government as a consequence of a legal violation, the payment operates as a penalty.” *Id.* at 463–

64; *see also SEC v. Metter*, 706 F. App'x 699, 703 (2d Cir. 2017) (assuming that “in light of the Supreme Court’s recent decision in *Kokesh* . . . disgorgement [is] essentially punitive in nature and thus [is] a fine within the meaning of the Excessive Fines Clause of the Eighth Amendment”).

The \$464 million penalty is also “grossly disproportional.” To determine whether an ordered payment is “grossly disproportionate to the gravity of the offense,” both this Court and federal courts consider (1) the “essence” and “seriousness” of the (alleged) offense; (2) the “maximum . . . fine that could have been imposed” under penal statutes prohibiting the conduct at issue; and (3) the “severity of the harm” caused by the defendant’s conduct. *Canavan*, 1 N.Y.2d at 140; *Viloski*, 814 F.3d at 110. All these factors dictate that the award is grossly disproportional.

The first factor—seriousness of the alleged offenses—overwhelmingly favors the Defendants. In its rulings on the Attorney General’s Second through Seventh Causes of Action, Supreme Court identified the Penal Law provisions that Defendants allegedly violated. *See* Robert Urgency Aff. Ex. R at 77-81. Under these provisions, the offenses that Defendants supposedly committed are mere misdemeanors. *See id.* A \$464 million penalty for misdemeanor offenses is, on its face, grotesquely disproportionate. Indeed, this Court has struck down a fine of only \$2,000 as excessive punishment for a misdemeanor offense. *See Prince v. City of New York*, 108 A.D.3d 114 (1st Dept. 2013).

Second, the Penal Law provisions that the Attorney General incorrectly alleges that the Defendants violated authorize fines in the thousands of dollars, ranging from \$1,000 for the Class A misdemeanors, to \$5,000 for the Class B misdemeanors, to \$10,000 for corporate offenses—though fines up to “double the amount of the defendant’s gain from the commission of the offense” N.Y. Penal Law §80.05(5), or “the corporation’s gain,” *id.* §80.10(1)(e), are allowed. On its face, a \$464 million sanction is wildly disproportional to these figures. *See Bajakajian*, 524 U.S. at

324 (forfeiture of \$357,144 violated the Eighth Amendment where maximum fine for offense at issue, misreporting how much currency defendant was taking out of country, was \$5,000).

The final factor—the “severity of the harm” caused by Defendants’ conduct—also proves the unconstitutionality of the \$464 million order, because no actual harm was ever alleged or shown here. As Supreme Court acknowledged, Defendants made full and timely payments to the multi-billion-dollar financial institutions and insurance companies that eagerly extended credit and underwrote insurance policies for Defendants. *See* Robert Urgency Aff. Ex. R at 4 (“undisputed that defendants have made all required payments on time”). Indeed, Supreme Court expressly held that no “showing or allegation of direct losses” to any party, whether “consumers or the public” or the financial institutions involved, was required here. *Id.* at 81. Without any actual harm, an astronomical \$464 million forfeiture plainly violates the Excessive Fines Clause, of both the New York and federal Constitutions. *Bajakajian*, 524 U.S. at 324 (forfeiture of \$357,144 violated the Eighth Amendment where harm shown was “minimal”).

In addition, a “grossly excessive” damages award also “violates the Due Process Clause of the Fourteenth Amendment.” *BMW of N.A., Inc. v. Gore*, 517 U.S. 559, 568 (1996); *see Parker v. Time Warner Entm't Co.*, 331 F.3d 13, 22 (2d Cir. 2003) (“devastatingly large” damage award “out of all reasonable proportion to the actual harm suffered” violates due process); *see also St. Louis, Iron Mountain & S. Ry. Co. v. Williams*, 251 U.S. 63, 66-67 (1919) (states cannot impose penalties “so severe and oppressive as to be wholly disproportioned to the offense and obviously unreasonable”). Although the U.S. Supreme Court has “decline[d] . . . to impose a bright-line ratio,” it has indicated that a monetary sanction exceeding a “single digit” multiplier of actual, compensatory damages will in most cases violate Due Process. *State Farm Mut. Auto. Ins. Co. v. Campbell*, 538 U.S. 408, 425 (2003). Here, no actual, compensatory damage of any kind was

shown; the “actual, compensatory damages” are \$0.00. The \$464 million order, far from applying a “single digit” multiplier, applies an *infinite* multiplier and is hence on its face “grossly excessive.”

For closely related reasons, the Attorney General’s conduct is unconstitutional because it constitutes selective prosecution of the worst sort, as her conduct during her campaign, and after her election, unequivocally proves. Opening Brief at 22-24. In her campaign for Attorney General, Ms. James called then-President Trump “an illegitimate president” and pledged to deploy the full might of her Office against him if elected.⁷ In one campaign video, she described him as “illegitimate,” “incompetent,” “ill-equipped to serve in the highest office of the land,” and someone who should “be indicted for criminal offenses” by “attorneys general across the land.”⁸ In another campaign video, Ms. James promised “to take on President Donald Trump.”⁹ In her election acceptance speech, she called President Trump someone who “stands as an affront to all that I believe in and all that this country and this state represents, and someone who we must keep in check by the long arm of the law.”¹⁰ As the Washington Post put it, “On the night of her victory, she stood in front of supporters in Brooklyn and all but declared a war against Trump.”¹¹ The Attorney General has no convincing response to this point.

CONCLUSION

For the reasons stated, this Court should stay the execution of the monetary portion of the judgment without requiring the posting of an undertaking, and maintain all other aspects of the interim stay granted on February 28, 2024. If the Court considers denying a stay on any issue, Defendants respectfully request that this Court schedule this stay motion for oral argument at a time of the Court's convenience. In the event that this Court declines to grant a stay, Defendants respectfully request that the Court grant Defendants permission to appeal to the Court of Appeals and enter a temporary stay to allow them to seek relief from the Court of Appeals.¹²

¹² This Court should reject the Attorney General's alternative request for expedited briefing and hearing. Opp. Brief, Point III. She cites no authority to support this request, and it makes little sense in a case of this complexity, which involves a detailed factual record and a 40-day trial transcript. The merits of Defendants' appeals should be considered in the ordinary course and on an ordinary schedule. "'Haste makes waste' is an old adage. It has survived because it is right so often." *Kusay v. United States*, 62 F.3d 192, 195 (7th Cir. 1995).

Sup. Ct. New York County

(Engoron, J.S.C.)

AFFIRMATION OF
GARY GIULIETTI

-----X
I, GARY GIULIETTI, affirm this 15th day of March, 2024, under the penalties of perjury
under the laws of New York, which may include a fine or imprisonment, that the foregoing is
true, and I understand that this document may be filed in an action or proceeding in a court of
law:

1. I am the President of the Northeast for the Lockton Companies (“**Lockton**”), the
largest privately held insurance brokerage firm in the world.

2. I have been engaged by defendants Donald J. Trump, Donald Trump, Jr., Eric
Trump, The Donald J. Trump Revocable Trust, The Trump Organization, Inc., The Trump

Organization, LLC, DJT Holdings LLC, DJT Holdings Managing Member, Trump Endeavor 12 LLC, 401 North Wabash Venture LLC, Trump Old Post Office LLC, and 40 Wall Street LLC (collectively, “**Defendants**”) to assist them in obtaining a bond in connection with the above-captioned appeals.

3. Based upon my more than 50 years in the insurance industry as well as my actual experience over the past several weeks during which I have been in contact with some of the largest insurance carriers in the world in an effort to try and obtain a bond for Defendants, it is my opinion that obtaining an appeal bond for \$464 million (the “**Judgment Amount**”) is not possible under the circumstances presented.

Background

4. Lockton is the largest privately held insurance brokerage firm in the world with nearly 10,000 associates representing the interests of some 65,000 clients across more than 135 offices and annual revenues in excess of \$3 billion.

5. Prior to joining Lockton in August of 2000, I was the Vice-Chairman of Willis, one of the largest insurance brokers in the world. At Willis, I was responsible for managing the company’s real estate and construction portfolio.

6. During the course of my career, I have worked closely with virtually every major insurance company on almost every type of insurance product.

7. I also have extensive surety risk experience, having placed surety for numerous Fortune 1000 companies as well as some of the largest private-equity funds and real-estate developers in the United States. This includes multi-billion-dollar construction and development projects, such as the “Big-Dig” in Boston and the Port Authority in New York. Indeed, Lockton

has an entire department devoted to surety and underwrites thousands of bonds a year, including numerous appeal bonds.

8. As a result, I have substantial personal knowledge of and experience with the underwriting process and criteria associated with the issuance of surety bonds in a wide variety of commercial contexts.

Obtaining A Bond for \$464 Million Is Impossible Under the Circumstances

9. Over the last several weeks, my team and I, along with others engaged by Defendants, have been diligently working to obtain an appeal bond for Defendants for the Judgment Amount.

10. Among other things, these efforts, which began before the judgment was issued and have continued through the date of my Affirmation, have included reaching out to virtually every major surety in the market and spending countless hours negotiating with one of the largest insurance companies in the world.

11. Despite scouring the market, we have been unsuccessful in our effort to obtain a bond for the Judgment Amount for Defendants for the simple reason that obtaining an appeal bond for \$464 million is a practical impossibility under the circumstances presented.

12. As an initial matter, only a handful of sureties are approved by the U.S. Department of Treasury to underwrite bonds for a sum as high as the Judgment Amount. *See* <https://fiscal.treasury.gov/surety-bonds/list-certified-companies.html>. Of those sureties, many have internal policies which significantly limit the amount of a bond they will write for a single obligation; indeed, it is my understanding that they will generally only issue a single bond up to \$100 million.

13. Furthermore, none of these sureties will accept hard assets such as real estate as collateral. Instead, they will only accept cash or cash equivalents (such as marketable securities). Among the companies that will not accept real estate as collateral are AXA XL, Hartford, Nationwide, Sompo, Travelers, Berkshire Hathaway, CNA Casualty, Liberty Mutual and many others.

14. This is because sureties are generally (i) not in the business and therefore not equipped to manage, control, or dispose of real property; (ii) not willing to take the risk of having to sell off real estate quickly should a claim be made under a bond; and (iii) unable to offset the risk associated with underwriting a bond collateralized by real property because reinsurers are unwilling to insure such a bond.

15. While it is possible that Defendants could provide a surety with an irrevocable letter of credit (“**ILOC**”) as collateral, that ILOC would still typically have to be fully backed by cash or cash equivalents.

16. Simply put, a bond of this size is rarely, if ever, seen. In the unusual circumstance that a bond of this size is issued, it is provided to the largest public companies in the world, not to individuals or privately held businesses.

17. In the surety world, a bond of \$100 million is considered large; an appeal bond of \$464 million is commercially unattainable for a privately owned company. Such would be the case even for a company with billions of dollars in real estate unless they have cash or cash equivalents approaching \$1 billion so as to collateralize the bond and have sufficient capital to run the business and satisfy its other obligations. While it is my understanding that the Trump Organization is in a strong liquidity position, it does not have \$1 billion in cash or cash equivalents.

18. As a result, for a company such as The Trump Organization, which has most of its assets invested in real estate, obtaining a bond for \$464 million is a practical impossibility.

Even if it Were Possible, the Cost of Obtaining a Bond for the Entire Judgment Amount Would Be Punitive

19. Based on my experience, most sureties also require collateral of approximately 120% of the amount of the judgment. In this case, the Judgment Amount is \$464,576,430.62. As a result, even assuming there was a surety capable of writing a bond for the full Judgment Amount, that surety would require Defendants to hand over collateral in the form of cash or cash equivalents of approximately \$557,491,716.

20. Further, most sureties typically charge a premium in the range of 2% per year and require that the premium for the first two years be paid up front. This means that on a \$464,576,430.62 bond, the upfront premium would be approximately \$18,583,057, payable immediately upon issuance of the bond. In the event that the appeal process was to take longer than two years, an additional upfront premium would be due in the same amount of \$18,583,057.

21. As a result, even if it were possible to obtain a bond for the Judgment Amount (and based on my experience, it is not), the cost associated with obtaining such a bond would be so astronomical as to render it both crippling and punitive.

Conclusion

22. Over the course of my career, during which I have been directly or indirectly involved in the issuance of thousands of bonds, I have never heard of nor seen an appeal bond of this size for a private company or individual. This is why, I understand, most states cap the amount that an appellant is required to post in order to obtain an appeal bond.

23. For all of the foregoing reasons and after substantial good-faith effort over the last several weeks, obtaining an appeal bond for the Judgment Amount of over \$464 million is just not possible under these circumstances.

**AFFIRMATION OF
ALAN GARTEN**

Defendants-Appellants,

IVANKA TRUMP,

Defendant.

-----X

ALAN GARTEN, an attorney duly admitted to practice law before the Courts of the State
of New York, hereby affirms the following statements to be true under the penalty of perjury:

1. I am General Counsel to defendants-appellants The Trump Organization, Inc.,
Trump Organization LLC, DJT Holdings LLC, DJT Holdings Managing Member, Trump
Endeavor 12 LLC, 401 North Wabash Venture LLC, Trump Old Post Office LLC and 40 Wall
Street LLC (“**Defendants**”).

2. I respectfully submit this Affirmation in further support of Defendants’ motion
requesting a discretionary stay pending appeal relieving Defendants of their obligation to secure

an appeal bond in the full amount of the judgment entered in this case by the Supreme Court on February 23, 2024 (the “**Judgment**”).

3. The Judgment awards purported “disgorgement” damages, directing the Defendants to pay the unprecedented sum of \$464,576,430.62. While Defendants are financially stable companies and individuals with substantial assets, given the magnitude of the award and accrued interest, Defendants’ only recourse is the utilization of their vast real estate holdings to collateralize a bond for the full amount of the Judgment.

4. Defendants have devoted a substantial amount of time, money, and effort toward obtaining a bond for the Judgment. Despite the foregoing, Defendants have faced what have proven to be insurmountable difficulties in obtaining an appeal bond for the full \$464 million. Critical among these challenges is not just the inability and reluctance of the vast majority of sureties to underwrite a bond for this unprecedented sum, but, even more significantly, the unwillingness of every surety bond provider approached by Defendants to accept real estate as collateral.

5. Defendants, through four separate brokers, including Lockton, the largest privately held insurance broker in the world, have approached more than 30 surety companies, proposing to pledge as collateral a combination of cash or cash equivalents and unencumbered real estate holdings.¹

6. Unfortunately, we have been advised that there are only a handful of sureties in the market that have both the financial capability and willingness to underwrite a bond of this

¹ Some of the sureties contacted by Defendants’ brokers include Applied Underwriters (SiriusPoint), Allianz, Amynta, Arch, Argo, Ascot, AXA XL, Berkley, Berkshire Hathaway, CAP Specialty, Chubb, Cincinnati, CNA Surety, DUAL/Axis, Everest Re, Frankenmuth, Hartford, Hudson, IAT (Harco), Intact, Liberty, Munich Re, Philadelphia Indemnity, MainStreet (NGM), Markel, Nationwide, RLI, Skyward (Great Midwest), Sompo, Swiss Re, Tokyo Marine HCC, Travelers and Zurich.

magnitude. According to Defendants' brokers, the vast majority simply do not have the financial strength to handle a bond of this size. Of those that do, the vast majority are unwilling to accept the risk associated with such a large bond.

7. Of even greater import, we are advised that *none* of the sureties approached by Defendants' brokers are willing to accept hard assets such as real estate as collateral for appeal bonds.

8. While Defendants had been actively negotiating a bond collateralized by both liquid assets and real property with Chubb, one of the largest insurance companies in the world, within the past week, Chubb notified Defendants that it could not accept real property as collateral. Though disappointing, this decision was not surprising given that Chubb was the only surety willing to even consider accepting real estate as collateral.

9. For Defendants, this presents a major obstacle.

10. Defendants' primary business is the ownership, development, and management of commercial and residential real estate. Three of the Defendants, Trump Endeavor 12 LLC, 401 North Wabash Venture LLC and 40 Wall Street LLC, are special purpose entities whose sole assets are real estate.² Defendants DJT Holdings LLC and DJT Holdings Managing Member are primarily holding companies whose main assets are real estate.³

11. As a result, there is simply no way for Defendants to tap into the substantial equity in these properties needed to collateralize a bond for \$464 million without causing irreparable harm.

² Defendant Trump Endeavor 12 LLC is the owner of Trump National Doral Miami, defendant 401 North Wabash Venture LLC is the owner of Trump International Hotel & Tower Chicago and defendant 40 Wall Street LLC is the owner of The Trump Building at 40 Wall Street.

³ Defendants DJT Holdings LLC and DJT Holdings Managing Member are the owners of the Mar-a-Lago Club as well as other hotels, golf courses and other real estate.

12. Even assuming sureties were willing to accept real estate (they are not), the requirement to post a bond for the full amount of the Judgment would be extremely costly and unfairly punitive, potentially impacting Defendants' ability to sustain their business, retain employees and satisfy their other financial obligations. As shown in the accompanying Affirmation of Gary Giulietti, President of the Northeast for Lockton, most sureties typically require 120% collateral and charge a premium in the range of 2% per year with the first two years paid up front.

13. This means that on a \$464 million bond, Defendants would have to post collateral in excess of \$557 million. It also means that the upfront premium for the bond would be more than \$18 million, payable immediately. In the event the appeal process went more than two years, I am advised that Defendants would then be obligated to pay an additional \$18 million upfront premium.

14. Given these exceptional circumstances, Defendants respectfully request that the Court exercise its discretion and relieve Defendants of their obligation to secure an appeal bond in the full amount of the Judgment.

15. For more than one year prior to the Judgment, Defendants have been prohibited from disposing, transferring or otherwise conveying material assets without the approval of the Independent Monitor. The Judgment directs that the Monitor will remain in her oversight role during the pendency of the appeal.

16. Though Defendants strongly disagree with the Judgment, they have not requested a stay of that aspect of the relief. As a result, there is simply no risk that any of Defendants' material assets will be disposed, transferred, or otherwise conveyed without the approval of the Independent Monitor during the pendency of the appeal.

17. Together with a reduced bond, the Attorney General thus has more than enough certainty that the *status quo* will be maintained during the pendency of the appeal and that any judgment affirmed would be satisfied.

**AFFIRMATION OF CLIFFORD S. ROBERT
IN FURTHER SUPPORT OF A STAY PENDING APPEAL**

CLIFFORD S. ROBERT, an attorney duly admitted to practice law before the Courts of the State of New York, hereby affirms the following statements to be true under the penalties of perjury:

1. I am the principal of the law firm of Robert & Robert PLLC, attorneys for Defendants-Appellants Donald J. Trump, Donald Trump, Jr., Eric Trump, The Donald J. Trump Revocable Trust, The Trump Organization, Inc., Trump Organization LLC, DJT Holdings LLC,

DJT Holdings Managing Member, Trump Endeavor 12 LLC, 401 North Wabash Venture LLC, Trump Old Post Office LLC, 40 Wall Street LLC, and Seven Springs LLC. I am fully familiar with the facts and circumstances set forth herein based on the files and materials maintained by my firm.

2. This Affirmation is submitted in further support of the joint application of Defendants-Appellants Donald J. Trump, Donald Trump, Jr., Eric Trump, Allen Weisselberg, Jeffrey McConney, The Donald J. Trump Revocable Trust, The Trump Organization, Inc., Trump Organization LLC, DJT Holdings LLC, DJT Holdings Managing Member, Trump Endeavor 12 LLC, 401 North Wabash Venture LLC, Trump Old Post Office LLC, 40 Wall Street LLC, and Seven Springs LLC (collectively, “Appellants”) brought by Order to Show Cause pursuant to CPLR § 5519(c) for a stay pending appeal of the Decision and Order of the Honorable Arthur F. Engoron, J.S.C., dated February 16, 2024, duly entered by the Clerk of the Supreme Court of the State of New York, County of New York, on February 16, 2024, and reduced to Judgment on February 23, 2024 (the “Judgment”).

3. On February 28, 2024, a Justice of this Court granted Appellants’ motion for an interim stay of the Judgment, over Respondent’s opposition, insofar as the Judgment enjoined (1) the individual Appellants from serving in the financial control function of any New York corporation or similar business entity registered and/or licensed in New York State, (2) the individual Appellants from serving as an officer or director of any New York corporation or other legal entity in New York, and (3) certain individual and corporate Appellants from applying for loans from any financial institution chartered by or registered with the New York State Department of Financial Services for three years. The branch of Appellants’ application seeking an interim stay

of enforcement of the monetary judgment against them was denied. Appeal No. 2024-01134, NYSCEF Doc. No. 6.

4. As previously noted in the Affirmation of Urgency of the undersigned dated February 28, 2024, the parties commenced a highly publicized, three-month non-jury trial on October 2, 2023. Appeal No. 2024-01134, NYSCEF Doc. No. 3, Affirmation of Clifford S. Robert ¶ 26. Testimony concluded on December 13, 2023. Id. ¶ 29. Annexed hereto as **Exhibit BB** are the consolidated trial transcripts for each day of trial between October 2, 2023, and December 13, 2023.

5. Annexed hereto as **Exhibit CC** is a copy of Plaintiff's Response to Defendants' Statement of Undisputed Material Facts, dated September 1, 2023.

6. Annexed hereto as **Exhibit DD** is a copy of the license agreement between Trump Ferry Point LLC and the City of New York Department of Parks and Recreation, dated February 21, 2012, marked in evidence as Defendants' Exhibit 981.

7. Annexed hereto as **Exhibit EE** is a copy of the Recommendation for Award of Concession Agreement issued by the New York City Department of Parks & Recreation to Trump Ferry Point LLC, dated February 7, 2012, marked in evidence as Plaintiff's Exhibit 3291.

8. Annexed hereto as **Exhibit FF** is a copy of a document entitled "The Mar-a-Lago Club: A Special Exception Use and Preservation Plan," submitted to the Town of Palm Beach Building & Zoning Department on or about March 12, 1993, marked in evidence as Defendants' Exhibit 478.

9. Annexed hereto as **Exhibit GG** is a copy of the Declaration of Use Agreement by The Town of Palm Beach, The Mar-a-Lago Club, Inc., and Donald J. Trump, dated August 10, 1993, marked in evidence as Defendants' Exhibit 359.

10. Annexed hereto as **Exhibit HH** is a copy of the Deed of Conservation and Preservation Easement from Donald J. Trump to the National Trust For Historic Preservation in the United States, dated March 26, 1995, marked in evidence as Defendants' Exhibit 360.

11. Annexed hereto as **Exhibit II** is a copy of the Deed of Development Rights applicable to Mar-a-Lago, recorded on October 17, 2002, in the County of Palm Beach, Florida, marked in evidence as Plaintiff's Exhibit 1013.

12. Annexed hereto as **Exhibit JJ** is a copy of the Rules of the Mar-a-Lago Club, marked in evidence as Defendants' Exhibit 427.

13. Annexed hereto as **Exhibit KK** is a copy of the Memorandum Re: Mar-a-Lago Trump Residency from the Town Attorney to the Mayor and City Council of the Town of Palm Beach, marked in evidence as Defendants' Exhibit 429.

14. Annexed hereto as **Exhibit LL** is a copy of the Minutes of the Town Council Meeting held on February 9, 2021, for the Town of Palm Beach, wherein the President of the Town Council stated that nothing would prohibit President Trump from residing at Mar-a-Lago, marked in evidence as Defendants' Exhibit 484.

15. Annexed hereto as **Exhibit MM** is a copy of the Credit Report – CRE (Annual Review) prepared by Deutsche Bank in connection with the loan extended to Appellant Trump Endeavor 12, LLC, dated July 24, 2013, marked in evidence as Plaintiff's Exhibit 290.

1 positions. The New York Attorney General does not
 2 oppose. Defense counsel does not take any position and
 3 leaves it to your Honor. Your Honor, I believe if ever
 4 there was a case that justified the public understanding
 5 what their legal arguments are -- it's not about
 6 witnesses. What the legal arguments are in this case is
 7 of such great significance, this is that case.
 8 We have a pool TV cameraman outside. His name
 9 is Tracey Reede. He's from NBC. He has a Whitehouse
 10 press pass, a State Department press pas and a Defense
 11 Department press pass. I would note, your Honor, that
 12 televising of opening and closing arguments was allowed
 13 by a Judge in Westchester County in People v. Olivo in
 14 2008, three years after the Courtroom Television Network
 15 case.
 16 We believe it is permitted, and, it is up to
 17 your Honor. It's within your discretion. There are
 18 various factors. One, is the positions of the parties.
 19 Two, is would it disturb the proceedings. Your Honor, I
 20 can bring the cameraman and his camera in, if you'd like.
 21 Three, is the type of case. I can hardly
 22 overstate the significance of this case. Four, safety.
 23 Five is. Maintaining decorum. I believe all of those
 24 factors are met here.
 25 So, your Honor, that is our first request. I

<p>Proceedings Page 5</p> <p>1 know you have other things to do and I don't want to take 2 your time.</p> <p>3 THE COURT: Give me a second. 4 (Brief pause.)</p> <p>5 THE COURT: That's more difficult, a more 6 fraught request than you might expect or other people 7 would expect. I'm afraid I'm constrained to deny it.</p> <p>8 MR. BALIN: Thank you, your Honor, for your time 9 on it.</p> <p>10 The second request-- I thank the Court. You've 11 permitted laptop use, which, I believe, is surely 12 necessary in the courtroom for this type of proceeding. 13 The concern expressed to me by a number of members of the 14 press is that with so many members of the press using the 15 Wi-Fi in this courthouse, that it may either crash or it 16 may slow down.</p> <p>17 The request that I have for the Court is to 18 allow what are called remote hotspots. A number of the 19 members of the press have them and to use cell phones 20 solely for the ability to get to the Internet and get to 21 their news rooms. That was the second request I have for 22 your Honor.</p> <p>23 THE COURT: Granted.</p> <p>24 MR. BALIN: All right. Your Honor, thank you 25 very much.</p>	<p>Proceedings Page 7</p> <p>1 to those, the less often the better.</p> <p>2 The basic schedule to which we'll adhere is 3 Monday through Thursday, 10 a.m. to 1 p.m. then a 4 one-hour-and-15-minute lunch break, then 2:15 through 5 4:30 p.m.. on Fridays, we'll only have the morning 6 session, 10:00 to 1:00.</p> <p>7 Months ago, I declared that the trial would 8 commence today, October 2, 2023, come hell or high water. 9 Meteorologically speaking, we've had the high water but 10 we're ready to go. I commend all counsel for adhering to 11 my tight schedule and for their Herculean efforts to get 12 us where we are today.</p> <p>13 This case has esteemed counsel. On one side, we 14 have an Attorney General. On the other side, we have a 15 former Solicitor General. In the middle, we have me, a 16 generalist, meaning that I know a little about a lot.</p> <p>17 One thing I know a lot about is the legal 18 definition of fraud. Common law, meaning law before we 19 all came of age. Fraud, also known as misrepresentation, 20 has five elements.</p> <p>21 First, a material statement. Second, falsity of 22 that statement. Third, scienter, lawyer talk meaning 23 that the defendant knew that this statement was false. 24 Four, the plaintiff's justifiable reliance, and five, 25 damages.</p>
<p>Proceedings Page 6</p> <p>1 THE COURT: You're welcome. I'm allowing five 2 or so pool photographers. Are they waiting to come in 3 now?</p> <p>4 (Photographs taken.)</p> <p>5 THE COURT: The name of the case that brings us 6 here today is People of the State of New York by Letitia 7 James, Attorney General of the State of New York, versus 8 Donald J. Trump, et al., meaning, and others.</p> <p>9 The index number, which is how we keep track of 10 cases around here, and might help you to follow it on the 11 New York State Court's electronic filing system, 12 affectionately known by its acronym as NYSCEF is 13 452564/2022.</p> <p>14 Early this morning, I received an application 15 from plaintiff seeking to discuss some housekeeping 16 matters. I will address those matters after opening 17 statements. The trial is scheduled to last from today 18 until December 22, 2023, the Friday before Christmas.</p> <p>19 I intend to speak now for approximately five 20 minutes. Call it my opening statement. Soon after 21 which, counsel for each side will make their, no doubt, 22 longer opening statements.</p> <p>23 For the next three months after that, I hope 24 that the only words I will utter are sustained, 25 overruled, and let's take a ten-minute break and even as</p>	<p>Proceedings Page 8</p> <p>1 Common-law fraud is not an easy case to prove. 2 Material, according to whom? How do we know what the 3 defendant knew? What reliance is justifiable? Then 4 along came Jacob Javitz. Nowadays, he's best known for 5 the convention center and for the federal office building 6 directly across the street from us, which you can 7 actually see out our windows, both named for him.</p> <p>8 Before that, he was best known as the long-term 9 United States Senator from New York. Before that, he was 10 the Attorney General of the State of New York, the 11 position that Ms. James now occupies.</p> <p>12 In 1956, he convinced New York State to adopt 13 what is now codified as Executive Law Section 63(12) 14 which gives the Attorney General the authority to 15 investigate and bring actions against any entities that 16 allegedly engage in "repeated fraudulent or illegal acts 17 or otherwise demonstrate persistent fraud or illegality 18 the carrying on, conducting a transaction of business."</p> <p>19 Subsequent case law has construed that to mean, 20 or at least to include, false statements used in 21 business. Incidentally, Javitz was a savvy politician. 22 He was born on the lower eastside, so very near here. 23 When he campaigned on his home turf, he called himself 24 Jacob Javitz. When he campaigned on the posh upper 25 eastside, he called himself John Javitz, and, when he</p>

<p>Proceedings Page 9</p> <p>1 campaigned upstate, he called himself Jake Javitz. I 2 want to make sure Mr. Kise returns to Florida with some 3 New York history and political street smarts. 4 The complaint in this case consists of seven 5 causes of action. There are no counterclaims, at least 6 not in court. The first is known as the standard on 7 Section 63(12) claim. The other six are claims that 8 defendants violated Section 63(12) by violating various 9 sections of New York's Penal Law. 10 As all, or most, of you know, six days ago, on 11 Tuesday September 26th, I granted plaintiff summary 12 judgment only on liability and only on the first cause of 13 action. What's left to be tried and decided are, first, 14 either liability or exoneration on the other six causes 15 of action and, second, monetary damages or other relief. 16 Plaintiff is seeking disgorgement of alleged 17 ill-gotten gains and to limit defendant's ability to 18 conduct business in New York. 19 You have probably noticed or already read that 20 this case has no jury. Neither side asked for one and, 21 in any event, the remedies sought are all equitable in 22 nature, mandating that the trial be a bench trial, one 23 that a Judge alone decides. I promise to do my best, 24 despite my lame attempts at humor. 25 As I said in an earlier phase of this</p>	<p>Opening Statement - Plaintiff/Wallace Page 11</p> <p>1 Statements of Financial Condition for Donald J. Trump 2 were false and misleading in each year from 2011 to 2021. 3 We have already proven that those statements 4 were then repeatedly and persistently used in the conduct 5 of business after July 13, 2014. We have also proven 6 that each of the defendant's entities and individuals 7 alike participated in that fraud. So, what remains for 8 us to prove at trial? 9 First, the People will establish that each of 10 these defendants further violated Executive Law 63(12) by 11 engaging in repeated and persistent illegal acts in the 12 conduct of business. 13 The second thing we will show is that those 14 illegal acts, together with the fraud we've already 15 established, entitles the People to all of the equitable 16 relief that we're seeking, including a bar on new 17 commercial real estate transactions, a bar on borrowing 18 on New York banks, an industry bar for each of the 19 individual defendants, removal of trustees, and an 20 accurate GAAP compliance Statement of Financial Condition 21 for Donald J. Trump. 22 Finally, the People will demonstrate that the 23 Court should disgorge the financial benefits each of 24 these defendants obtained from their illegal conduct. 25 Now, what illegal acts do we intend to prove?</p>
<p>Opening Statement - Plaintiff/Wallace Page 10</p> <p>1 litigation, I take my job very seriously, and, I know 2 that counsel and the parties do, likewise. The acoustics 3 in this room are not too bad, as you can hear, I hope, 4 but I'm sure everybody will be hanging on to every word 5 you say. So, I beseech counsel to speak slowly, loudly, 6 clearly, and, as I'm doing, directly into the microphones 7 so that everyone in the bleacher seats may hear you. 8 Now, let's listen to plaintiff's opening 9 statement. 10 MR. WALLACE: Thank you, your Honor. Kevin 11 Wallace for the Office of the Attorney General. 12 Some of what I heard, I'm just going to double 13 up on what you just talked about. The first of which is 14 that, obviously, the case today -- 15 THE COURT: I hear feedback. 16 MR. WALLACE: Okay. 17 (Brief pause) 18 THE COURT: Please continue and we'll see how it 19 sounds. 20 MR. WALLACE: Thank you, again, your Honor. As 21 I mentioned, I may cover some of the ground that you 22 already did. 23 First of all, the case today is, obviously, 24 significantly different than it was just a week ago. At 25 this point, the People have already proven that the</p>	<p>Opening Statement - Plaintiff/Wallace Page 12</p> <p>1 First, we will prove defendants illegally 2 falsified business records in violation of New York 3 Criminal Law. We will show the defendants committed this 4 illegal act by making false entries in the records of 5 Trump Organization and, by extension, the records of 6 their accountants, the banks, and other counterparties 7 that received the fraudulent Statements of Financial 8 Condition. 9 We will show the defendants made these false 10 entries with the intent to defraud. We'll also show that 11 the defendants conspired to make these false entries in a 12 separate criminal violation. 13 The next crime we will establish is issuing 14 false financial statements. We will show that with 15 intent to fraud, each defendant participated in, or have 16 knowledge of the creation of a written instrument, here 17 the Statement of Financial Condition that described 18 Donald J. Trump's financial condition in a manner that 19 was inaccurate in a material way. 20 We will further prove that the defendants also 21 violated this law by representing, in writing, that the 22 statements were true while knowing that they were 23 materially inaccurate and, once again, we'll show the 24 defendants conspired to create and use these false 25 statements, a separate criminal violation.</p>

Opening Statement - Plaintiff/Wallace Page 13

1 Next, we'll prove that the defendants committed
2 insurance fraud in violation of New York Criminal Law.
3 We will establish this illegal act by showing that the
4 defendants, acting with intent to defraud presented the
5 materially false financial statements to insurers in
6 connection with the application to renew their insurance.
7 Again, we will show the defendants conspired to commit
8 this insurance fraud.

9 Now, for each of these claims, the fact the
10 Statements of Financial Condition were false and
11 misleading has already been established. That's been
12 decided. Insurance fraud and false financial statement
13 counts both require the misstatements be true and while
14 the evidence we present of the coming weeks and months
15 will certainly show the materiality of defendant's lies,
16 this issue has also already been decided.

17 The Court has already found that the People
18 submitted conclusive evidence that between 2014 and 2021,
19 the defendants overvalued the assets in the statements
20 between \$812 million and \$2.2 billion per year. There's
21 no world in which that, an overstatement of that size is
22 not material.

23 So, the two parts to this trial that are new
24 from the summary judgment proceeding are intent and
25 conspiracy. Let me start by talking about intent. The

Opening Statement - Plaintiff/Wallace Page 14

1 intent to fraud here on the part of the individual
2 defendants and entities they owned and operated is
3 self-evident.

4 The defendants knew that the statements were
5 false. They then used them to obtain and maintain
6 benefits they were not entitled to. That is the
7 definition of intent. Now, most of the individual
8 defendants have argued that they lack the requisite
9 intent because they didn't know the statements were
10 false.

11 With the exception of Mr. McConney, they claim
12 they weren't involved in the valuation process and had
13 nothing do with the preparation of statements. The Court
14 will be able to judge for itself the credibility of those
15 denials when defendants appear on the stand and offer
16 them, but, if those denials are true, the defendants were
17 lying year after year after year to Mazars, to the banks,
18 to any reader of the statements, and, that's because the
19 defendants made the exact opposite representation for
20 years.

21 From 2011 to 2015, the Statement of Financial
22 Condition represented that every estimate of current
23 value was determined by Mr. Trump. That included
24 individual properties like Trump Tower and 40 Wall
25 Street.

Opening Statement - Plaintiff/Wallace Page 15

1 From 2016 to 2021 the Statement of Financial
2 Condition stated that it was Donald Trump, Jr. and Allen
3 Weisselberg, the trustees from Mr. Trump's trust, who
4 determined the estimates of current values; and, again,
5 that included individual properties like Trump Tower and
6 40 Wall Street.

7 What about Eric Trump? For years, he served as
8 a source of valuations for properties like Seven Springs
9 shown here in 2012 and, again, 2014 and 2015. In 2021,
10 Eric Trump personally oversaw the intention of Whitley
11 Penn and their work on the statement.

12 What's more? Each of the defendants certified
13 the banks, time and again, that statements were true and
14 correct. Donald Trump, from 2011 through 2015, he
15 certified the Deutsche Bank and statements presented of
16 financial condition fairly in all material respects.

17 From 2016 to 2020 Donald Trump, Jr. certified
18 the Deutsche Bank with the statements presented of his
19 father's financial condition fairly in all material
20 respects.

21 In 2021, Eric Trump certified the Deutsche Bank
22 that the statements presented his father's financial
23 condition fairly in all material respects. In multiple
24 years, Allen Weisselberg certified to Ladder Capital that
25 Donald Trump's net worth was true, correct, and complete,

Opening Statement - Plaintiff/Wallace Page 16

1 and fairly presented his financial condition.

2 Even Jeff McConney got into the act of passing
3 these statements off to lenders, including the lender on
4 Seven Springs. When it came time to testify under oath,
5 the defendants wanted nothing to do with these
6 statements. They refuted each of these representations.

7 Eric Trump denied he had any knowledge of the
8 statements whatsoever.
9 (Video played.)

10 Let's move on to the critical question of who's
11 responsible for making sure that the statements complied
12 with GAAP. None of the defendants would take
13 responsibility. Let's start with Donald Trump, Jr., as
14 trustee. He, together with Weisselberg, was responsible
15 for GAAP presentation of the statements from 2016 until
16 2021. What did he say at his deposition?
17 (Video played.)

18 MR. ROBERT: Your Honor, objection.
19 THE COURT: Hold on. Okay, go ahead.

20 MR. ROBERT: The examinations under oath are not
21 part of this case. That's not from Mr. Trump's
22 deposition. It's from his examination under oath. The
23 Attorney General did not take his deposition in the
24 instant case. This goes to the motions in limine we
25 discussed last week.

Page 17

1 I object to the use of this EUO as part of the
2 Attorney General's opening statement and ask that it be
3 stricken.
4 THE COURT: Denied. I don't believe that's a
5 correct statement.
6 MR. WALLACE: Thank you, your Honor. Moving on.
7 What about the other trustee, Allen Weisselberg, the
8 Chief Financial Officer of the company? What did he know
9 about the GAAP?

1 MR. WALLACE: What about Donald Trump? Who did
2 he rely upon to make sure that statements were prepared
3 according to G.A.A.P?
4 (Video played.)
5 MR. WALLACE: Now, all of these denials put the
6 defendants in an impossible bind. The Court has already
7 found that statement to be false, based on the inflated
8 violations, and while the defendants may hope that these
9 denials will help them to avoid liability for the
10 inflation, the denials, we believe, that defendants lied
11 about their involvement, certified the statements to banks
12 as insurers; lied about the oversight they provided; lied
13 about conforming with G.A.A.P.; and the defendants are left
14 to answer the classic question: Were you lying then, or
15 are you lying now?
16 But, even beyond these corrections and
17 implausible denials, there's ample evidence of intent,
18 based on the defendant's knowing and intentional lies.
19 Alan Weisselberg told an insurance underwriter that the
20 fair value for the properties is appraised annually by a
21 professional firm. This year, it was done by Newmark
22 Group, and it's previously been done by Cushman &
23 Wakefield. The reason for the change is the individual at
24 Cushman & Wakefield with whom the organization had a
25 long-standing relationship with, moved to work at Newmark.

Page 19

1 None of that was true. Defendants never ordered
2 appraisals from Newmark, or Cushman, or anyone else when
3 they were preparing the Statement of Financial Condition,
4 and your Honor has heard defendants tell you that they were
5 not obligated to use appraisals, even if they had them.
6 So, not only was it a lie that they were ordering
7 appraisals for the statements, they were ignoring the ones
8 they had, and any claim of innocence or mistake may be most
9 clearly refuted by the inflation of the triplex apartment,
10 Donald Trump's personal residence, from 11,000 square feet
11 to 30,000 square feet, nearly tripling the value.
12 Your Honor is well acquainted with this story.
13 In March of 2017, while the 2016 Statement of Financial
14 Conditions was being prepared, the defendants received an
15 email inquiry from a reporter at Forbes. Alan Garten,
16 general counsel of the Trump Organization, then forwarded
17 that email to Eric Trump, Alan Weisselberg, and Donald
18 Trump, Jr. Among the questions, President Trump has told
19 Forbes in the past that his penthouse occupies 33,000
20 square feet. If the 1994 declaration is accurate and
21 up-to-date, it shows President Trump's apartment is
22 10,996.39 square feet.
23 Now, the answer to that question is yes, it was
24 accurate and up-to-date. It shows the size of the
25 apartment at 10,996.39 square feet, signed by Donald J.

Page 20

1 Trump.
2 What happens next? After working over the
3 weekend on Monday, March 6th, Alan Garten writes to Amanda
4 Miller, in the press office of the Trump Organization, "I
5 handled everything except Trump World Tower and Trump
6 Tower." She responds, "Thank you, Alan. I spoke to Alan
7 W.," Alan Weisselberg, "re: TWT and TT," Trump Tower. "We
8 are going to leave those alone." They weren't going to
9 touch the value of the penthouse.
10 And what happens next? On March 10th, 2017, Alan
11 Weisselberg and Donald Trump, Jr. certify the accuracy of
12 the Statement of Financial Condition to Mazars, just four
13 days later. That Statement of Financial Condition included
14 a valuation of Mr. Trump's apartment that was 30,000 square
15 feet. This is direct evidence that the inflated penthouse
16 valuation was not an innocent mistake, but an intentional
17 lie.
18 It's further aided by the fact that a few months
19 later, on May 3rd, 2017, Forbes publishes its article.
20 Donald Trump has been lying about the size of his
21 penthouse. This marks the end of the inflation of the
22 penthouse on the Statement of Financial Condition. The
23 inflation had been publicly disclosed, and they stopped
24 using it in their valuations.
25 Let's talk a little bit about conspiracy, now.

Opening Statement by Mr. Wallace Page 21

1 Courts recognize that, because conspiracies are secretive
2 endeavors, they often have to be inferred from
3 circumstantial evidence, and confirmed by overt acts.
4 Well, that kind of evidence certainly exists in this case,
5 but we also have direct evidence of the scheme to inflate
6 Mr. Trump's net worth.
7 Michael Cohen testified to this, when he was
8 deposed by defendants. Let's take a look at one portion of
9 that testimony.
10 (Video played.)
11 MR. WALLACE: Now, the defendants may argue that
12 you can't believe Mr. Cohen, but his testimony is
13 corroborated by the other evidence in this case, and his
14 testimony is consistent with that of a current Trump
15 organization employee, Patrick Birney. Mr. Birney played a
16 central role in preparing the Statements of Financial
17 Condition starting in 2017. And what did he say?
18 "Alan Weisselberg told me, Donald like to see it
19 go up."
20 He likes it to go up, and, "It," I don't think
21 referred to assets. I think it refers to net worth.
22 So, we have direct testimony from the people
23 involved in the scheme to inflate Donald Trump's net worth,
24 but I would like to talk a little bit about the overt acts
25 that prove this conspiracy, the evidence that demonstrates

Opening Statement by Mr. Wallace Page 22

1 that these are not just innocent differences of opinion, or
2 mistakes. To do that, let's take a look at how this
3 valuation plays out, in practice. As the witnesses have
4 explained, these are not just independent valuations, they
5 are part of a scheme to keep Donald Trump's net worth as
6 high as possible.
7 So, let's take a look at what happened in 2015.
8 Three properties made big swings in that year. Seven
9 Springs, 40 Wall, and the triplex penthouse. Those swings
10 were connected, designed to prop up Donald Trump's net
11 worth, and hit the target that Mr. Trump wanted to hit.
12 The defendants engaged in a shell game.
13 The value of Seven Springs dropped by
14 \$235 million, because of an appraisal done in connection
15 with the conservation easement. To prop up Mr. Trump's
16 overall net worth, Jeff McConney and Alan Weisselberg
17 removed the individual disclosure of value from Seven
18 Springs in the statement, and lumped it into a category
19 with the triplex apartment. They then inflated the
20 apartment by \$127 million. Separately, McConney and
21 Mr. Weisselberg added \$75 million to the value of 40 Wall,
22 reducing the gap to just 33 million, but each of these
23 valuations was independently deceptive, and I'll walk you
24 through some of the examples.
25 Now, the process for preparing the Statement of

Opening Statement by Mr. Wallace Page 23

1 Financial Condition, again, with Seven Springs valued at
2 291 million, the triplex valued at 200 million, and Wall
3 Street, 40 Wall Street, valued at 660 million. The process
4 kicks off with Jeff McConney and Donald Bender, at Mazars.
5 This is the first of a number of emails with spreadsheets
6 for back-up for DJT's SOFC.
7 "This one has been marked up, the 6/30/2014 SOFC,
8 before Alan's comments. I should be talking to him
9 tomorrow morning."
10 Attached to this email we see Mr. McConney's
11 hand-marked-up valuations; his indications of what the
12 values will be, in 2015. He also marks up the text in the
13 draft SOFC. So, let's see what he writes for Seven
14 Springs.
15 The mansion at Seven Springs, you can see the
16 value is set at \$291 million. You can see Mr. McConney's
17 handwritten notation, "Okay." The value is going to stay
18 at \$291 million, but by the time the statement is finalized
19 in March of 2016, that valuation is no longer what they are
20 going to use. Why? Because of that easement donation. In
21 order to get the tax deduction from that donation,
22 Mr. Trump had to obtain an appraisal from Cushman &
23 Wakefield. Cushman & Wakefield valued the entire economic
24 value of Seven Springs at \$56 million, even before placing
25 the easement. That includes all the development rights the

Opening Statement by Mr. Wallace Page 24

1 defendants held on that property.
2 So, what happens? Seven Springs is no longer
3 \$291 million. Instead, it gets crossed off as an
4 independent valuation. It then gets buried in the Other
5 Assets category. You can see it right here, \$557 million.
6 How do we know that Seven Springs got included in that
7 category? We have the final supporting data spreadsheet.
8 As you can see, Seven Springs, per easement, \$56 million.
9 So where does the statement end? In 2014, Seven
10 Springs is broken out as a separate property with its own
11 valuation of \$291 million. In 2015, after the value was
12 dropped, they removed the independent valuation. They move
13 it into a new category, and lump it together with other
14 assets. No one reading the statement would know that it
15 dropped, year over year.
16 So, how do they cover it up? Well, the first
17 step involves Mr. Trump's triplex apartment. The triplex
18 begins the year valued at \$200 million. This is where it's
19 been, for many years. You can already see it has the
20 inflated 300,000 [sic] square feet, and it's priced at
21 \$6,700 per square foot. To get the number for the
22 penthouse up, the defendants find a new comp., and value it
23 at \$10,900 per square foot, for a total value of \$327,000,
24 a rise of \$127 million.
25 Now, we already know that that 30,000 square foot

<p>Opening Statement by Mr. Wallace Page 25</p> <p>1 number is inflated. The 10,900 number is also inflated. 2 Part of it is because there was a record-breaking sale at 3 157 that was in no way comparable to Mr. Trump's 4 40-year-old apartment. But, even the 10,900 number is 5 wrong. That's not what an apartment sold for, at 157. 6 That's the square footage of the apartment that got sold. 7 The actual price was below \$10,000, so about a thousand 8 dollars less, meaning another 30,000 of this is just from 9 not using the actual sales price of the square footage 10 number. Again, inflating the overall value, and putting it 11 in a category to hide the drop in Seven Springs. 12 So, on the statement, they eventually need to 13 make up more of the difference with 40 Wall Street. 14 40 Wall Street starts the 2015 process valued at \$660 15 million. We can see, right here. It's handwritten in by 16 Mr. McConney. Now, how did they get to that \$660 million? 17 You can see. They actually disclose that there's a Cushman 18 & Wakefield appraisal done June 2015 for loan refinancing 19 with Ladder Capital at \$540 million. This is the initial 20 spreadsheet that goes to Mazars. 21 Mr. McConney, however, adds value. There's been 22 additional rental activity in vacant spaces, including a 23 retail space that gets leased to Dean & Deluca that 24 generates another \$1.4 million in a given year, and is part 25 of the \$120 million evaluation they want to add to 40 Wall.</p>	<p>Opening Statement by Mr. Wallace Page 27</p> <p>1 Wall, to the 40 Wall appraisal in the first draft. Through 2 this process, Mr. McConney and Mr. Weisselberg take a \$235 3 million drop in the value of the Seven Springs, and turn it 4 into a \$77 million increase in Mr. Trump's net worth. 5 This was their process. This was their 6 conspiracy. 7 So, why did defendants do this? Beyond just a 8 place on the Forbes billionaires list, what does a net 9 worth of over \$6 billion gain Donald Trump? The simple 10 answer is, the defendant knew that a high-net-worth was 11 necessary to obtain and maintain certain financial 12 benefits. When he was first looking for financing on 13 Doral, Donald and Ivanka Trump had a meeting with the CEO 14 of Deutsche Bank. After the meeting, Donald sent a letter 15 with his financial statement attached. 16 "I'm pleased to enclose the recently completed 17 financial statement of Donald J. Trump. Hopefully, you 18 will be impressed. I'm also including a letter that 19 establishes my grant value, which is not included in my net 20 worth statement." 21 Donald Trump knew exactly how the statement was 22 prepared, and he was using it in search of a loan with a 23 lower rate. Later that year, after negotiating with the 24 commercial real estate group at Deutsche Bank, the Trump 25 Organization began speaking to the private wealth</p>
<p>Opening Statement by Mr. Wallace Page 26</p> <p>1 Well, what's the problem with adding 2 Dean & Deluca? It's already included in the appraisal that 3 had been done by Cushman & Wakefield, but the defendants 4 and Mr. McConney only send Mazars an excerpt of that 5 appraisal, the first 15 pages, so he does not see that 6 includes a Dean & Deluca lease, and it does not include the 7 fact that they had a different cap rate, as compared to 8 what Mr. McConney is using. 9 So, by the end, they use a different technique to 10 inflate the value of 40 Wall Street, and add another 11 \$75 million. They say that they have done their own 12 analysis, and it's based on information provided by Douglas 13 Larson of Cushman & Wakefield in November of 2015, and 14 February of 2016. Now, you can see, these are just general 15 questions that they have asked him about various market 16 activity. Now, who is Doug Larson? Doug Larson is the 17 same appraiser who did the valuation of 40 Wall Street, and 18 valued it at \$540 million. He never gave them grounds to 19 increase the value like that. 20 So, where does this leave us, in the end? Seven 21 Springs goes down. It gets combined with the triplex, 22 which goes up, and 40 Wall goes up, as well. So, from 23 December 2015 to March 2016, the defendants increase the 24 value of the triplex and 40 Wall by 202 million, and that's 25 on top of the 120 million they had already added to 40</p>	<p>Opening Statement by Mr. Wallace Page 28</p> <p>1 management group at Deutsche Bank, and the group offered 2 significantly lower interest rates, but required the loan 3 to be on recourse with a personal guarantee, and proof of 4 guarantors' net worth, but those rates were worth it. 5 When the Trump Organization first got the offer 6 from the private wealth group, Ivanka Trump told Alan 7 Weisselberg and others, "It doesn't get any better than 8 this." She didn't even want to negotiate on it. But their 9 in-house lawyer, Jason Greenblatt, immediately saw a 10 problem: The net worth requirement. 11 Now, the net worth requirement, the proposal from 12 Deutsche Bank was \$3 billion. It may be surprising that a 13 \$3 billion net worth covenant would be a problem for 14 Mr. Trump, who claimed a fortune well north of that every 15 year from 2011 to 2021, but nevertheless, Ivanka Trump 16 tried to negotiate the number down to 2 billion, before 17 agreeing to 2.5 billion. 18 So, year after year, on loan after loan, the 19 defendants misrepresented Mr. Trump's net worth to obtain 20 and maintain those favorable interest rates. In fact, the 21 value of those low interest rates was so profound, they 22 formed the primary basis for our disgorgement claims. As 23 our banking expert, Michael McCarty, will demonstrate, the 24 use of the false Statements of Financial Condition saved 25 defendants tens of millions of dollars, and those savings</p>

<p>Opening Statement by Mr. Wallace Page 29</p> <p>1 came in every year after the July 2014 statute of 2 limitations date, set by the First Department. 3 That benefit is measured by the difference 4 between the interest rates the Trump Organization could 5 have obtained, if their loans were treated as regular 6 commercial real estate loans, and the interest rates they 7 actually obtained, using the false financial statements 8 with the private wealth management groups, the spread was 9 vast, and it lasted for years. 10 On Doral, after July 2014, the difference in the 11 interest rates was often more than 8 percent, including 12 8.2 percent in 2022. On Chicago, the delta after July 2014 13 ranged from 3 to 5 percent, with the broadest spread in 14 2022, when it reached 5.45 percent. On OPO, the spread was 15 off around 5 or 6 percent, and was at its widest in 2021. 16 When combined with the other loans and 17 transactions entered into by defendants, the direct 18 financial benefit was well north of \$100 million. With 19 prejudgment interest, the total disgorgement amount is well 20 north of \$250 million. We'll ask the Court to recoup that 21 entire amount. 22 So, these are the nuts and the bolts of our case; 23 the how, what, why, and where of the defendants' fraud. 24 The defendants' challenge this proceeding is to question 25 why the case even exists at all; to complain about the</p>	<p>Opening Statement by Mr. Wallace Page 31</p> <p>1 be one thing to exaggerate for Forbes magazine or a 2 television audience, they cannot do it while conducting 3 business in the State of New York. 4 For that reason, your Honor should bar them from 5 further business in the State of New York, and reclaim 6 their ill-gotten gains. 7 Thank you. 8 THE COURT: When Mr. Robert objected before, I 9 said that I don't believe that's a correct statement. 10 Something like that. I just want to make clear, I'm not 11 doubting your facts. I assume these are completely 12 correct. I just doubt the legal conclusion you reached. 13 Would defendants like to make an opening 14 statement? 15 MR. KISE: Yes, your Honor. 16 THE COURT: Please. 17 (Whereupon, there was a pause in the 18 proceedings.) 19 MR. KISE: Can you here me now? 20 THE COURT: Yes. I hope every else can. As long 21 as there's no feedback. I'm already getting enough 22 feedback about this case. 23 MR. KISE: Certainly, your Honor. You can hear 24 me your Honor, now? 25 THE COURT: Very well.</p>
<p>Opening Statement by Mr. Wallace Page 30</p> <p>1 Attorney General reaching in private transactions; that the 2 transactions were profitable; and that the banks and 3 insurers, that those financial institutions were 4 sophisticated parties. 5 But, this isn't business as usual, and this isn't 6 how sophisticated parties deal with each other, and even if 7 it was, there's a reason the legislature gave the Attorney 8 General the authority, under Executive Law 6312, to step in 9 and police fraud and illegality in the conduct of business 10 in New York, because these are not victimless crimes. By 11 hiding their true resources, defendants hid their 12 weaknesses. They convinced they banks to take on hidden 13 risk, risk to the tune of hundreds of millions of dollars. 14 Our financial system, both in this state and in 15 this country, depend on honesty to ensure their safety and 16 soundness. We have already seen the impacts to the banking 17 system when financial institutions take on hidden risk in 18 2008, and again, just this past year. The defendant's 19 claim they never missed a payment and never defaulted on a 20 loan, but they looked to escape those deals. They sold the 21 Old Post Office Hotel, a property they said they would hold 22 for decades. They refinanced their Doral loan with a small 23 lender in California, at a higher interest rate. Those are 24 not the actions of a market participant who plays by the 25 rules. The defendants got caught lying, and while it may</p>	<p>Opening Statement by Mr. Kise Page 32</p> <p>1 MR. KISE: Okay. Thank you. Sorry about that. 2 As you know I'm not, technologically, the wizard. 3 So, I'm going to make an opening statement on 4 behalf of most of the defendants. As we have done in the 5 past, Mr. Robert is going to add a few comments on behalf 6 of his clients. 7 So, you heard an interesting story from the 8 government. Needless to say, we have a very different 9 picture of the evidence. We think that the evidence is 10 going to establish many things, and often we are looking at 11 the same evidence, and often we are looking at different 12 evidence, but in sum, we think it's going to establish many 13 things very different than what the government has laid 14 out. 15 At the outset, I also -- at the outset of the 16 trial, your Honor, I do want to renew our objection on the 17 limitations issues, and the disgorgement. That is, the 18 introduction of evidence prior to the July 13, 2014 cutoff 19 date. I think the 2011 loan discussions that Mr. Wallace 20 just referenced would fall within ambit of that. I realize 21 that opening statements are not evidentiary, but I want to 22 just make sure it's clear, on the record. I don't mean to 23 burden the Court with the objection, but I will, on that. 24 Same with disgorgement. We just renew our objection with 25 regard to the disgorgement evidence.</p>

Opening Statement by Mr. Kise Page 33

1 What we think the evidence is going to establish,
 2 and we think it will be very clear, a few things. First,
 3 that President Trump has made billions of dollars building
 4 one of the most successful real estate empires in the
 5 world. It is one of the most highly-successful brands in
 6 the world, and he has made a fortune, literally, being
 7 right about real estate investments. That consists of
 8 trophy properties that have very little debt, and an
 9 exceptional operating track record.

10 The claims here, just to place them in context,
 11 they involve a handful of loan transactions. They were all
 12 successful and profitable loan transactions. That's what
 13 the evidence is going to show this Court. There were no
 14 late payments. There were no missed payments. The loans
 15 were all paid back, timely, and the banks made well over
 16 \$100 million in interest.

17 The statements that you have heard so much about,
 18 the statements and certifications, were submitted in
 19 connection with those loan transactions. They represent a
 20 fraction of the overall business operations and business
 21 empire, but they were submitted specifically in connection
 22 with those loan transactions. Only the specific parties to
 23 those transactions made any submissions. The evidence is
 24 going to demonstrate that this is a very compartmentalized
 25 process. The certifications, when they were made, were

Opening Statement by Mr. Kise Page 34

1 true and accurate. The loan covenants were not violated.
 2 The statements were true and accurate in all material
 3 respects, a point that your Honor made, that materiality is
 4 a key component of what we are going to prove.
 5 There were no false entries in records.
 6 Materiality has not been decided, so I would disagree with
 7 the government, that anything has been decided with respect
 8 to materiality. Materiality is going to be proven at
 9 trial, and they are going to be held to that proof. There
 10 were no false entries, because if they are not materially
 11 false, they are not false.

12 The statements complied with G.A.A.P, and the
 13 valuations were derived under what you heard so much about,
 14 and we are going to talk about, briefly, ASC 274. The
 15 statements had valid and obvious disclaimers negating
 16 intent. This goes to intent, materiality and reliance. I
 17 understand the judge's -- your ruling on summary judgment,
 18 but now we are talking about intent, we are talking about
 19 materiality, and we are talking about reliance, and those
 20 valid and obvious disclaimers, the evidence is going to
 21 establish, negate these elements.

22 The banks themselves conducted their own
 23 independent valuation analysis. The evidence is going to
 24 show that, as well. There's no credible evidence of
 25 agreement, a necessary element of conspiracy. The only

Opening Statement by Mr. Kise Page 35

1 evidence that the government really points to is the
 2 evidence from a serial liar. A serial liar, an individual
 3 who has lied to everyone he has ever come in contact with,
 4 and he has lied to the courts; he has lied to congress; he
 5 has lied to anyone and everyone he has come in contact
 6 with, but the government hinges its proof on conspiracy, of
 7 agreement to conduct a conspiracy, on a serial liar. We
 8 think the evidence will ultimately demonstrate, that's a
 9 fallacy.

10 In sum, the evidence is going to demonstrate that
 11 there was no intent to defraud; there was no illegality;
 12 there was no default; there was no breach; there was no
 13 reliance by the banks; there were no unjust profits; and
 14 there were no victims.

15 So first, just to place this in context, I'm not
 16 going to go through every loan agreement, but as I
 17 mentioned, we are talking about specific transactions. We
 18 are talking about specific loan agreements that fall within
 19 the appropriate statute of limitations period, and as you
 20 can see just from this cover example, this is a specific
 21 agreement between specific parties. Here, it's Trump Old
 22 Post Office, LLC and Deutsche Bank Trust Company America.
 23 It's one of the most sophisticated international banks in
 24 the world.
 25 Their agreement, the evidence is going to show,

Opening Statement by Mr. Kise Page 36

1 was negotiated by top tier counsel. It provided protection
 2 and remedies for the banks. It provided the banks certain
 3 rights. It also made certain representations on behalf of
 4 the borrower. But this document, and a similar document,
 5 the loan agreement between Ladder Capital Finance and
 6 40 Wall Street, LLC -- again, a complex private agreement
 7 between very specific parties, another sophisticated
 8 lending institution, negotiated by top tier counsel --
 9 these agreements are what have and should, as the evidence
 10 will show, govern the relationship between the parties.

11 There are specific representations that were made
 12 by specific parties, and they relate to, as you can see
 13 from the example -- this is an example from the May 2016
 14 Statement of Financial Condition, the certification to
 15 Deutsche Bank.
 16 (Continued on the next page.)

Opening Statement - Defendant/Kise Page 37

1 MR. KISE: Importantly, it points out, as Mr.
2 Wallace noted, it represents fairly, in all material
3 respects, the financial condition of the guarantor at the
4 time period presented.
5 This is important because if the statements were
6 not materially false then this certification does not
7 constitute any evidence of any violations, of either
8 63(12) or the underlying criminal statutes, that are
9 being presented, and, I don't think, again, that that has
10 been decided.
11 Materiality is an important question that needs
12 to be decided by this Court in this proceeding. The
13 statements were materially accurate. First, the evidence
14 is going to show that all the statement values comply
15 with GAAP and ASC 274. That is a very important point
16 with respect to intent and materiality, that all the
17 valuations were derived in compliance with ASC 274.
18 Importantly, that all of the statements and the
19 associated Independent Accountant's Compilation Board
20 incorporated unequivocal disclaimers placing the user on
21 notice as to reliance. This evidence will go directly to
22 intent. This evidence will go directly to materiality
23 and directly to reliance.
24 So, the governing standard is, as I've been
25 saying, Accounting Standards Codification 274, ASC 274.

Opening Statement - Defendant/Kise Page 38

1 The evidence is going to show that personal financial
2 statements shall present assets and their estimated
3 current values and that ECV, estimated current value, is
4 not the same as fair value or market value, that there is
5 great latitude in valuation methodology. There is no one
6 generally accepted procedure in determining the estimated
7 current value. It does not require a specific method to
8 be used and there are many ways to value assets and all
9 are accurate and acceptable, even if they yield different
10 results.
11 So, the statements fit within ASC 274. Now,
12 we're talking about intent materiality, reliance. Those
13 statements fit within ASC 274. There may be wide
14 variations between different valuations, but, if comport
15 with ASC 274 that alone we believe the evidence
16 demonstrates intent. It certainly negates materiality.
17 In accordance with this wide latitude,
18 specifically, the provision that I have up there ASC
19 274-10-556 provides one of the myriad available bases for
20 determining the value of property and, as you can see,
21 the evidence is going to show us that one of those ways
22 is the net realizable value of the property placed on
23 planned courses of action.
24 This evidence is going to speak directly to the
25 Seven Springs example that Mr. Wallace spoke so much

Opening Statement - Defendant/Kise Page 39

1 about. You went between 2015 and 2016 from a period
2 active development -- that's the plain course of action
3 for the property -- to a different approach, which is a
4 conservation easement. Those are fundamentally different
5 ways to look at property.
6 One is active valuation for active development.
7 The other is for purpose of conservation. There's all
8 sorts of rules that govern how you calculate the value of
9 the property for conservation easement versus how you
10 value for active development.
11 So, while the government intends to introduce
12 evidence, clearly from their opening, that that change
13 was somehow sinister, that there was some nefarious
14 intent, there was no nefarious intent. It simply
15 reflects the change in a complex, sophisticated real
16 estate development organization where you move from
17 active development to a conservation easement approach.
18 All acceptable under ASC 274, the evidence will show.
19 The ASC 274 approved methods do not hinge
20 substantially on current market conditions but focus on a
21 long-term perspective. That is current value. It is not
22 intended to be a market value model. Importantly,
23 appraisals are simply not the only appropriation
24 valuation method.
25 The 40 Wall Street example you heard Mr. Wallace

Opening Statement - Defendant/Kise Page 40

1 speak about, again, back to an appraisal. The government
2 continues to try and convince the Court that that's the
3 only appropriate methodology. ASC 274 simply does not
4 provide that, that we don't have to rely necessarily on
5 appraisals, and, it's not dispositive. There are many
6 ways and, as long as, again, the valuations fit within
7 the confines of GAAP and ASC 274, there can be no intent.
8 There can be no material departure.
9 We believe that the evidence will show both of
10 those things. The compliance with ASC 274 will
11 demonstrate no intent to defraud, and compliance with ASC
12 274 will demonstrate no material inaccuracies.
13 The Court will hear, finally, from Professor Eli
14 Bartov, at the NYU Stern School of Business. Professor
15 Bartov, among other things, will present evidence
16 relating to these points on ASC 274, that there is no
17 such thing as objective valuation in GAAP.
18 That valuation is an opinion about price and is
19 subjective, and, which valuation methodology to choose
20 and which assumptions to apply, depends on many, many
21 factors. So, estimated current value under ASC 274,
22 you'll hear him testify, places very little weight on
23 current market conditions.
24 That evidence is important, irrespective of the
25 Court's decision on summary judgment, because it goes to

<p>Opening Statement - Defendant/Kise Page 41</p> <p>1 intent. It goes to materiality and, ultimately, we say 2 all of it goes to reliance. Again, compliance with ASC 3 274 and GAAP negates essential elements and, the evidence 4 will show, negates essential elements of the People's 5 case. 6 The Court will also hear from Professor Laposa, 7 who will testify about the fact that disagreements, 8 essentially, as to SOFC valuations does not establish any 9 fraud. There are disparate but legitimate valuations of 10 specific property that co-exist. The mere existence of 11 these disparate valuations for a given property does not, 12 in itself, establish any specific valuations as 13 inaccurate, inflated or, as we would say, intentionally 14 fraudulent. 15 This is the essence of the commercial real 16 estate market place. Buyers have a view. Sellers have a 17 view. Banks have a view. None of them are wrong. 18 They're just different. When a seller or owner of a 19 property takes the position and presents his or her 20 opinion of the value of that property and discloses the 21 nature of that valuation and presents that, in accordance 22 with Generally Accepted Accounting Principles and ASC 23 274, there can be no intentional fraud. There can be no 24 material departure, and, there certainly is no reliance. 25 The statements, as you will hear Professor</p>	<p>Opening Statement - Defendant/Kise Page 43</p> <p>1 read out of the certificate. 2 The guarantor made that representation. The 3 guarantor did not say this is absolutely, positively 4 inaccurate. This is in accordance with a specific 5 appraiser's view of the property. This is in accordance 6 with a specific objective for the property. 7 What the guarantor said in that certification is 8 that the foregoing presents fairly, in all material 9 respects, the financial position of the guarantor of the 10 period presented, and that is a holistic concept. That 11 is not an asset-by-asset concept. GAAP also incorporates 12 materiality and does apply material items. 13 You'll hear from Professor Bartov. None of the 14 items on the statement identified by the Attorney General 15 as statements or omissions were departures from GAAP. 16 Any such items were, therefore, immaterial from the 17 viewpoint of the sophisticated bank and underwriters who 18 received the statements. 19 The Independent Accountant's Compilation Report 20 and the statement notes are a unified presentation. This 21 is the disclaimers that you've heard so much about. 22 Here, again, they are fundamental to our concept of 23 intent, materiality, and reliance. 24 Mr. Flemmons, a former SEC chief accountant will 25 testify that AICPA standards dictate that the Independent</p>
<p>Opening Statement - Defendant/Kise Page 42</p> <p>1 Bartov testify, are the beginning, not the end, of a 2 complex and highly subjective valuation process that 3 users, like banks, sophisticated banks, and insurance 4 companies, engage in as they perform their own due 5 diligence. 6 Banks and insurers know that the statements are 7 estimates. They're not designed to be absolutes, and, 8 again, when the statements comply with GAAP, when they 9 comply with ASC 274, that negates fully any claim of 10 intentional fraud. 11 Materiality is an essential element, as the 12 Court has recognized and the statutes make clear. Two 13 examples of the statutes that are at issue here. The 14 issuance of a false financial statement occurs when 15 something is inaccurate in a material respect. 16 Insurance fraud occurs when there's some -- any 17 statement containing the materially false information. We 18 believe the evidence will show, based on what I've said, 19 and beyond, that there is no material inaccuracy. There 20 is no materially false statement. 21 The Compliance Certificate, as I observed 22 earlier, using that example, also demonstrates the 23 importance and significant centrality of materiality. 24 The foregoing presents fairly, in all material respects. 25 That material inaccuracy is the standard. That cannot be</p>	<p>Opening Statement - Defendant/Kise Page 44</p> <p>1 Accountant's Report and Statement of Financial Condition 2 are issued together and mutually dependent. Those 3 statements are not relied upon in a vacuum. They must be 4 reviewed in concert with the Accountant's Report, that 5 the two are issued together, cross-reference each other 6 and, therefore, could not reasonably have been viewed by 7 users as separate documents that were not dependent on 8 each other. 9 So, taking just the statement notes, setting 10 aside the Independent Accountant's Compilation Report, 11 just taking the statement notes. The evidence will show, 12 among other disclaimers, there were clear, bright lines 13 presented to the users, in this case, the sophisticated 14 banks and insurance companies. 15 Considerable judgment is necessary to interpret 16 market data and develop the related estimates of current 17 value. Accordingly, the estimates presented herein are 18 not necessarily indicative of the amount that could be 19 realized upon the disposition of the assets or payment of 20 the related liabilities. I'm going to come back to that 21 in a minute. 22 The use of different market assumptions and/or 23 estimation methodologies may have a material effect on 24 the estimated current values that you heard so much 25 about. So, right here, in the statements, the statements</p>

<p>Opening Statement - Defendant/Kise Page 45</p> <p>1 themselves, not even the Mazars compilation report-- I'll 2 get to that but right here in the statement, the evidence 3 is going to show the statements prepared by certain of 4 the defendants place the user, any user, on notice that 5 the amounts are not necessarily indicative of the amounts 6 that could be realized upon the disposition of the 7 assets, that the use of different market assumptions and 8 estimation methodologies may have a material effect on 9 estimated current value.</p> <p>10 The bank will tell you, like in all 11 transactions, this very standard in sophisticated 12 commercial real estate transactions. The recipient of 13 individual financial statements understand there's not an 14 intentional defrauding. It's simply the opinion of the 15 owner of the property and they are on notice to do their 16 own due diligence.</p> <p>17 The Independent Accountant's Compilation Report 18 disclaimer-- this was the Mazars' letters that 19 accompanies the statements which, as I said, the evidence 20 will show, are read together. Users of this financial 21 statement recognize that they might reach different 22 conclusions about the financial condition of Donald J. 23 Trump.</p> <p>24 It's not possible to state it any more clearly; 25 and, we think the evidence will show that the banks</p>	<p>Opening Statement - Defendant/Kise Page 47</p> <p>1 the 2014 credit memo. This credit memo relates to the 2 OPO loan that-- the Old Post Office loan from the 3 original slide that I pointed out, the transaction that 4 closed in August of 2014.</p> <p>5 The evidence is going to show, clearly, and 6 there are a number of these credit memos, but I'm using 7 this as an example. The evidence will show, clearly, the 8 level of detail that the bank conducted in its own 9 underwriting analysis, that they took the numbers 10 provided by the borrower and, as you can see clearly, 11 they dissected those numbers and came up with their own 12 estimates.</p> <p>13 So, in the 2012 year, the client reported number 14 was 4.5 billion as net worth. The bank adjusted number 15 was 2.4 billion. In 2013, similar result. The client 16 reported, the borrower reported was 4.9 billion net worth 17 and the bank adjusted number was 2.6 billion, yet the 18 bank proceeded with these loans. They conducted this 19 sophisticated underwriting analysis. They determined 20 there was a \$2 billion delta, \$2 billion difference 21 between what the borrower was reporting and what their 22 own valuation experts determined. Yet, they proceeded 23 anyway. They conducted their own risk analysis.</p> <p>24 As I said, this is the heart and sole of 25 commercial real estate lending. This is what happens</p>
<p>Opening Statement - Defendant/Kise Page 46</p> <p>1 understood it fully. The evidence will show that the 2 disclaimers alone establish that there was no requisite 3 intent, that there were no material departures, and there 4 was no reliance. The disclaimer is important. We told 5 the banks what was being provided and also, importantly, 6 what wasn't being provided, meaning, we're not providing 7 you with absolutes. We're not providing you with audited 8 financial statements.</p> <p>9 We're telling you these are our estimates of 10 current value in accordance with ASC 274 but that you 11 might reach different conclusions, that the assumptions 12 we made may not be assumptions you make. So, they notify 13 users of the statements like Deutsche Bank, like Zurich, 14 that they need to conduct their own analysis.</p> <p>15 As Professor Bartov will testify, the 16 disclaimers put sophisticated users of the statements, 17 like Deutsche Bank, on complete notice to perform their 18 own due diligence which, as you will observe and the 19 banks themselves will, a sophisticated user like Deutsche 20 Bank would have performed anyhow in the absence of those 21 disclaimers.</p> <p>22 The evidence will show that the banks are 23 required to conduct their own independent underwriting 24 analysis, and, the evidence will show they, in fact, did 25 perform that analysis. One example, if you look just as</p>	<p>Opening Statement - Defendant/Kise Page 48</p> <p>1 every day in the city, and, these numbers that are 2 provided by the owner in accordance with GAAP and in 3 accordance with ASC 274 are presented as their evidence.</p> <p>4 The bank did an even deeper dive on certain 5 properties. As this page reflects, the bank conducted a 6 much more in-depth analysis of what it described as four 7 trophy properties. Again, others, other than the 8 defendants, believe their properties are trophy 9 properties. They are Trump Tower, Niketown, 40 Wall 10 Street, and Trump Park Avenue.</p> <p>11 As you can see, the bank conducted -- this is a 12 summary of the analysis the bank conducted but the bank 13 did its own detailed number analysis and right there on 14 line four: The valuations for each of these properties 15 were discussed with Deutsche Bank's Valuation Services 16 Group.</p> <p>17 The evidence will show that's the valuation 18 group within Deutsche Bank that's responsible for 19 conducting independent analyses of collateral, 20 independent analyses of properties.</p> <p>21 They advised on adjustments for each property. 22 As the evidence will reflect, they conducted their own 23 analysis. For example, on 40 Wall Street, the borrower 24 had a valuation of \$530 million. Deutsche Bank's own 25 independent underwriting analysis estimated the value at</p>

<p>Opening Statement - Defendant/Kise Page 49</p> <p>1 \$500 million. Both of those numbers, the evidence will 2 show, will differ from other appraisals and other 3 valuations. That doesn't make the bank's number 4 fraudulent any more than it makes the defendant's number 5 fraudulent. 6 Everyone has a different opinion as to value. 7 That is the sum and substance of the evidence; and, as 8 long as those opinions are formulated in a way that 9 comply with ASC 274 and GAAP and they're presented 10 appropriately, there can be no intent. There can be no 11 materiality; and, here, particularly with the disclaimers 12 and with the evidence that will be-- the record will be 13 replete with, of independent analyses done by the user, 14 by Deutsche Bank, there can be no reliance; but, the 15 Court not need take the defendant's word for this. 16 The evidence will include testimony from actual 17 individuals involved in the loan decisions, the very 18 decisions that the Attorney General is disputing, the 19 very transactions that the Attorney General is focusing 20 on. 21 These individuals are Thomas Sullivan, David 22 Williams, Emily Pereless and Rosemary Vrablic, all of 23 them were involved in the loan decisions. All of them 24 were involved, in some shape or fashion, in the process 25 by which Deutsche Bank engaged in conducting its own</p>	<p>Opening Statement - Defendant/Kise Page 51</p> <p>1 to loan terms that they couldn't otherwise obtain; but, 2 the testimony of the bank officers, themselves, involved 3 in the transaction, will demonstrate that President Trump 4 was overqualified for these loans, by far. 5 Their testimony also will reflect that President 6 Trump didn't violate the loan agreements by making the 7 certifications that President Trump did not default, that 8 President Trump did not make any false statements, and, 9 that the alleged valuation disparities in the statements 10 did not impact the loan approval or pricing; and, the 11 testimony of the Attorney General's expert is beyond 12 speculative in that regard. 13 There's no actual connectivity between what the 14 bank's independent sophisticated risk analysis was and 15 the basis for the disgorgement. They're fundamentally 16 disconnected, and, we believe the evidence will 17 demonstrate there is a fundamental lack of proof on any 18 of the disgorgement claims, particularly the evidence of 19 their purported expert. 20 So, the summation of what the evidence will 21 establish is, as you've heard me say repeatedly, the 22 statements were materially accurate. They complied with 23 GAAP, ASC 274. There's, therefore, no evidence of intent 24 to defraud. The compliance with the acceptable governing 25 standards and the adherence to those standards</p>
<p>Opening Statement - Defendant/Kise Page 50</p> <p>1 analysis and in reaching conclusions. 2 They will testify that Deutsche Bank conducted, 3 as they're required to, their own independent risk 4 analysis, that they did not rely on the statements. They 5 will testify that the valuation disparities are not 6 falsity or fraud, not evidence of any intent to defraud. 7 Indeed, their own independent analysis, as I 8 noted, demonstrated a \$2 billion difference between the 9 client reported and their own numbers, \$2 billion 10 difference. Yet, they proceeded with the transaction. 11 They were eager to proceed with the transaction, wisely 12 so, because they made well over \$100 million in interest. 13 They made a good risk/benefit calculation. 14 The evidence will show that is exactly why they 15 did, what they did, and that is how they proceeded. They 16 fully anticipated that the statements provided by the 17 borrower were going to be different than their values, 18 and, their testimony will demonstrate and reflect their 19 view that the statements were not misleading. 20 The bank officers will also testify that 21 President Trump was overqualified for the sub-loans, that 22 his net worth far exceeded the minimum required to be a 23 private wealth customer. The Attorney General presents, 24 as evidence that they intend to present, as evidence of 25 motive, that somehow the defendants were seeking access</p>	<p>Opening Statement - Defendant/Kise Page 52</p> <p>1 demonstrates that-- will demonstrate that the defendants 2 had no intent to defraud. 3 There's also no evidence of any agreement, an 4 essential element of conspiracy claim, other than, as I 5 mentioned, from the serial liar, Mr. Cohen. The evidence 6 will establish there was no breach, no late payments, no 7 defaults. The banks profited minorly from their 8 sophisticated risk-benefit analysis, that those 9 sophisticated banks and insurers were never mislead about 10 anything. Importantly, that the disclaimers notified the 11 users to conduct their own independent underwriting 12 analysis in clear terms, fully negating intent. 13 Anyone intending to defraud does not say to the 14 other side, please conduct your own analysis. No, we put 15 them on notice, fully on notice through those 16 disclaimers. The language is unequivocal. The evidence 17 will suggest there is no unjust benefits or profits of 18 the defendants. They were fully overqualified for the 19 loan. 20 The bank's independent underwriting analysis is 21 what created the pricing and loan terms, not the 22 Statements of Financial Condition and certainly not the 23 certifications, which came long after, in most cases, the 24 loans that the Attorney General seeks to render at issue 25 here, despite the clear bar of the Statute of</p>

<p>Proceedings Page 53</p> <p>1 Limitations. 2 In sum, there was no illegality. There was no 3 fraud. There are no victims; and, we believe the 4 evidence will demonstrate the Attorney General has no 5 case. 6 Thank you. 7 THE COURT: I just want to ask you two things. 8 You said, I think twice, that the banks were required to 9 do due diligence. Required by who or what? 10 MR. KISE: You'll hear from their experts. Mr. 11 Unell will come in to testify about the applicable OCC 12 regulations. That's testimony we think, frankly, should 13 have been incorporated in the summary judgment process. 14 Respectfully, I understand it wasn't but, certainly, that 15 testimony is going to be very poignant and very 16 significant here. 17 THE COURT: I think you suggested that under 18 Executive Law Section 63(12) disgorgement is not 19 available as a remedy. 20 Is that your position? 21 MR. KISE: I preserve that as an objection. I 22 understand your Honor's ruling fully. I just didn't 23 preserve that as an objection but yes. Given your 24 Honor's ruling, we'll certainly speak to that evidence 25 that the Attorney General intends to present. We'll</p>	<p>Opening Statement by Ms. Habba Page 55</p> <p>1 THE COURT: Tommy's announcements are probably 2 pretty loud for you. If you are standing right next to 3 him, it's deafening. 4 Can I see just the attorneys for 60 seconds? 5 Come on up to the bench. 6 (Whereupon, an off-the-record discussion took 7 place at the bench.) 8 THE COURT: Do defendants have other opening 9 statements from other clients? 10 (Whereupon, there was a pause in the 11 proceedings.) 12 MS. HABBA: No feedback? 13 THE COURT: No feedback. 14 MS. HABBA: I have a feeling my voice will boom 15 anyway. 16 How are you, your Honor? 17 THE COURT: I'm good. How are you? 18 MS. HABBA: Well, we have been doing this for 19 three years. I first want to say that I incorporate 20 everything my colleague said, and Cliff Robert will speak 21 after me, on behalf of the children. As you know, I 22 represent other individuals in this case, Alan Weisselberg 23 Jeff McConney, the President, and certain entities of the 24 Trump Organization. 25 I will start by saying that I wasn't planning to</p>
<p>Page 54</p> <p>1 rebut that evidence directly. 2 THE COURT: I'm not talking about evidence. I'm 3 talking about point of law and it's not a question as to 4 what I ruled on. It's a question of what the First 5 Department, maybe the Court of Appeals, has been saying. 6 There's case law that says disgorgement is an 7 available remedy in a 63(12) case. Isn't that what the 8 law says? 9 MR. KISE: We respectfully disagree with your 10 Honor. We'll take that up with the Appellate Court. I'm 11 not belaboring the point, and, I'm just making note that 12 we had that legal objection, and, when the time comes, 13 we'll make minor objections that we need to to preserve 14 our Appellate record and we will move on. 15 THE COURT: Thank you. 16 MR. KISE: Thank you. 17 THE COURT: We've been going for an hour and 18 40 minutes. I believe a lot of you have been sitting 19 here for a lot longer than that. I said one of the few 20 things I'd say is, let's take a ten-minute break. 21 (Recess taken.) 22 23 (Continued on the following page..) 24 25</p>	<p>Opening Statement by Ms. Habba Page 56</p> <p>1 speak today until I saw what the attorney general said 2 outside, and when I saw the presentation that was just put 3 on by Mr. Wallace. 4 First, I want to say that this case was brought 5 prior to the Attorney General sitting in office, as we 6 know. That is part of this case, unfortunately, because it 7 is a public case, as your Honor has astutely said. That's 8 why we have press here. That's why we are all sitting 9 here, right now, three years later. This case could have 10 been brought before. 11 I would like to start with some -- I'm going to 12 go through Mr. Wallace's testimony first, but before I do 13 that, I just want to remind everyone that Ms. James said 14 that she was going to come into the Attorney General's 15 office, and she was going to get Trump. She was going to 16 go to work, get Trump, and then go home. This is a case 17 brought by the Attorney General, so it is part of this 18 case. 19 Michael Cohen's testimony was played by 20 Mr. Wallace. 21 Thank you for playing that, actually. 22 I look forward to having Mr. Cohen take the 23 stand, because when he takes the stand, I'll play the rest 24 of the testimony where Michael Cohen, who is a convicted 25 felon, who is a liar, by the Southern District of New York,</p>

<p>Opening Statement by Ms. Habba Page 57</p> <p>1 said that the Statement of Financial Condition took three 2 days, from start to finish. He said that the Statement of 3 Financial Condition, he did with Alan Weisselberg alone, 4 and that will be played, as well. 5 So, thank you for your part, but I will be 6 putting on mine. 7 The Attorney General's office would like you to 8 believe that Donald Trump and his family had a conspiracy. 9 When they put in their Statement of Financial Condition, 10 there were -- let's talk about their worth. If Donald 11 Trump and his family wanted to put in a conspiracy, wanted 12 to defraud banks, as the Attorney General's Office would 13 have you believe, then there would have been brand. There 14 would have been the rights to The Apprentice. There would 15 have been the same brand that got that man elected for 16 president. 17 Now, there's lot of people in this room that 18 probably don't like that, and I believe that's why we are 19 here. But, it's a fact. We are attacking a sitting 20 president, and two of his children, and his employees, for 21 a Statement of Financial Condition which is, frankly, worth 22 less than what they are worth. 23 These are sophisticated lenders, your Honor. To 24 prove their case, they have to show that there was intent 25 to defraud lenders. These lenders are Deutsche Bank. They</p>	<p>Opening Statement by Ms. Habba Page 59</p> <p>1 to hear about this: When you have a home, and you ask for 2 your tax assessment, no one is giving that top dollar. 3 That's not accurate. The value is the value, and the value 4 of anything -- and they teach this, actually, at HBS, and 5 at many other schools. They say, the value is what someone 6 is willing to pay. 7 The Trump properties are Mona Lisa properties, 8 your Honor. So, I'll submit that while you want to look at 9 a tax document, we have experts, renowned experts, who have 10 said that properties like Mar-A-Lago are worth over a 11 billion dollars, \$1.5 billion, and I assure you that there 12 is a person out there that would buy that property, that 13 spectacular property, for way over a billion dollars. That 14 is not fraud. That is real estate. 15 Further, I would like to talk about the one thing 16 that the AG conveniently didn't bring up: WeiserMazars. 17 Let's discuss Weiser. WeiserMazars is a very well-known 18 accounting firm in the State of New York. WeiserMazars, in 19 their own, in their own agreement with the Trump 20 Organization stated, and I'm going to read it in, "Our 21 record will include the following," I quote, "Because the 22 significance and pervasiveness of the matters discussed 23 above make it difficult to assess their impact on the 24 Statement of Financial Condition, users of this personal 25 financial statement should recognize that they may reach</p>
<p>Opening Statement by Ms. Habba Page 58</p> <p>1 are major. We have other lenders we will go through, and 2 I'll let my colleague go through it in excruciating detail, 3 but let me be clear: These lenders made money. They made 4 money. They were not defrauded, and there is no American 5 in this country that has ever given a value of their 6 property to a bank for a loan, and had it be taken at face 7 value. And frankly, if that ever is the case, then those 8 banks should be investigated, not the individuals that 9 valued their great companies, frankly, at less than what 10 they are worth. 11 Let me give you a few examples, your Honor. You 12 pointed out, in your summary judgment order, that 13 Mar-A-Lago was worth \$18 million. How? How is that 14 possible? 15 Now, I know Ms. Greenfield is probably writing 16 you a note right now to say that that is a tax assessed 17 value, so let me just get right to that. A tax assessment 18 is different than the market value of the property, and I 19 want the press to understand that, your Honor, and I 20 want -- I hope that by the end of this hearing, I truly 21 hope that you can have an open mind and hear that that is 22 the case. 23 They are conflating issues. They are saying that 24 when you go for a tax assessment -- and I ask your Honor, 25 and I ask all the American people that are, frankly, going</p>	<p>Opening Statement by Ms. Habba Page 60</p> <p>1 different conclusions about the financial condition of 2 Donald J. Trump if they had access to a revised Statement 3 of Financial Condition prepared in conformity with 4 accounting principles generally accepted in the United 5 States of America." 6 I know what everyone is thinking. That's the 7 retainer with Trump; okay? Let's talk about what was given 8 to the banks. What was -- like, this Statement of 9 Financial Condition. What was given? Here is the cover 10 page. Page one after the cover page is one page with a 11 disclaimer stating, "Because the significance and 12 pervasiveness of the matters discussed above make it 13 difficult to assess their impact on the Statement of 14 Financial Conditions, users of this personal financial 15 statement should recognize that they might reach different 16 conclusions about the financial condition of Donald J. 17 Trump if they had access to a revised Statement of 18 Financial Condition prepared in conformity with accounting 19 principles generally accepted in the United States of 20 America." 21 So, what happened? There was an investigation of 22 Mazars, or the AG reaches out to Mazars and puts them under 23 pressure, and we get a statement saying that they no longer 24 can represent the Trump Organization. But that same 25 statement that we received -- and I was there the day we</p>

<p>Opening Statement by Ms. Habba Page 61</p> <p>1 received it -- stated that they could not articulate any 2 flaws that the Trump organization had done. And why is 3 that? Because Donald Bender, who will take the stand as 4 their first, first representative, their strongest guy, 5 Donald Bender will have you believe that, as the accountant 6 who acted effectively as the in-house accountant for this 7 organization, his hands are clean.</p> <p>8 He had unfettered access, your Honor. We'll ask 9 him what he did, and we'll prove that he had unfettered 10 access to the Trump organization. He could come in, he 11 could go out. He could get on the computers. We didn't 12 even monitor when he was on, looking through the records. 13 And your Honor, you and I went through, as you recall, back 14 in the special proceeding, when I gave over thousands of 15 documents, thousands, when we opened up the Trump 16 organization, when we opened up his homes and we were 17 willing to cooperate, and did, and there was nothing that 18 turned up that was in direct conflict of what I'm saying 19 now.</p> <p>20 So, the Attorney General is going after kids, and 21 I'll let Cliff, who represents the kids, go to that, but I 22 will also say that their representation that a phone call 23 with an accounting department asking for status of zoning, 24 is not a conspiracy. It's doing business. Anybody with 25 real estate understanding -- and I personally come from a</p>	<p>Opening Statement by Ms. Habba Page 63</p> <p>1 believe -- well, first, before I do that, I do want to 2 thank you, your Honor, for one thing you said when you 3 opened up, which was explaining to the press, the jury 4 issue, because I personally have been dealing with that 5 myself, and 6312, and the fact that we don't have a jury, 6 and I know my client did want a jury. I want to say that. 7 But we have addressed that, and I appreciate that you 8 clarified, for the Court. So thank you, for that, from me.</p> <p>9 THE COURT: You're welcome.</p> <p>10 MS. HABBA: Well, these are sophisticated banks. 11 These are sophisticated lenders. They made over \$100 12 million, and there was no intent to defraud. Period, the 13 end. The disgorgement only came, which is what the 14 Attorney General is asking for, after the Trumps sold the 15 property that they undervalued for 250 more than was 16 valued. That's when this case was brought, not two years 17 ago. After the sale, and that's the number they picked.</p> <p>18 Why? Because if you look at the president and 19 his family's worth, if you look at the Trump Organization 20 and all the 850-plus people that work for that beautiful 21 company, you will see that they have never overvalued. The 22 Statement of Financial Condition was disclaimed. It was 23 undervalued, in my opinion, and we'll prove that, through 24 our experts, and the AG is setting a very dangerous 25 precedent for all business owners in the State of New York.</p>
<p>Opening Statement by Ms. Habba Page 62</p> <p>1 family of real estate, so I get this, but to the American 2 people, to the people, maybe at the Attorney General's 3 office, that aren't aware of how real estate companies 4 operate, this is normal practice. The banks are aware, and 5 the banks do their own values, and do their own 6 investigations, and frankly, if they don't, then they are 7 in violation themselves.</p> <p>8 More examples of properties that were 9 undervalued. Doral. It was stated on the Statement of 10 Financial Condition for \$350 million, your Honor. Anyone 11 who follows golf knows that Doral has one of the best golf 12 courses in the country. I've had the pleasure of visiting 13 these properties, sir. They are not normal properties. 14 Doral would sell for at least a billion dollars. 15 Mar-A-Lago, at least a billion dollars. Look at OPO. OPO 16 did sell for 100 million more than what was stated on the 17 Statement of Financial Condition. Very point. Very point, 18 sir. Ten times the value that was stated on the Statement 19 of Financial Condition. Doral has 1500 units that have 20 never been developed.</p> <p>21 The list could go on and on, because real estate 22 is malleable, your Honor. Real estate changes. The values 23 change, but there was absolutely no fraud, no intent to 24 defraud, no conspiracy.</p> <p>25 I would just like to close by saying that I</p>	<p>Opening Statement by Ms. Habba Page 64</p> <p>1 The State of New York, they would have you 2 believe, if you believe your property is worth a million 3 dollars and you list it on Trulia for \$1 million, but it 4 sells for 800,000, then you, sir, should be here, and you 5 should be disgorged of your profits, and that is a very 6 dangerous time for our country, and this state.</p> <p>7 Thank you, your Honor.</p> <p>8 THE COURT: Ms. Habba, as you referenced, we have 9 been dealing with, to use a slang term, each other for 10 years, and if it's okay with you, and because we don't have 11 a jury, or at least a formal jury, I would like to just go 12 over a few of the things that you said. Is that okay?</p> <p>13 MS. HABBA: Of course, your Honor.</p> <p>14 THE COURT: One, this is not a question, you 15 referred to Mr. Wallace's presentation as testimony. 16 Opening statements are not testimony.</p> <p>17 MS. HABBA: Opening statement. Yes.</p> <p>18 THE COURT: It's just what you intend to prove.</p> <p>19 MS. HABBA: Yes. Well, I think part of it, your 20 Honor, to be clear, was testimony. He played testimony 21 from some of the witnesses.</p> <p>22 THE COURT: You are right.</p> <p>23 Next, you brought up the Attorney General's 24 history, motivations, statements.</p> <p>25 MS. HABBA: Yes.</p>

<p>Opening Statement by Ms. Habba Page 65</p> <p>1 THE COURT: You had moved to have the entire case 2 dismissed because it's a, quote, witch hunt, which is what 3 the press tends to call it, and I denied that, and I was 4 affirmed by the First Department. So Ms. James' 5 motivations are not an issue in this case any more; are 6 they? 7 MS. HABBA: Well, your Honor, actually I brought 8 a case that was separate from this case against Ms. James 9 for what I believe is constitutionally improper, improper 10 by her office, and I do believe her statements out of court 11 prior to having office, and claiming that she knows what 12 goes on in the Trump Organization, are very important to 13 this case. Unfortunately, it's become the fabric of this 14 country, right now, that these out-of-court statements are 15 part of the case. 16 Ms. James sat on the court steps before coming in 17 here. I didn't know she was going to do that, but that's 18 part of the schtick, evidently, so I have to address it, 19 and I do believe that that was improper on many levels. I 20 withdrew that case. It was not dismissed. 21 THE COURT: All right. We can go back and forth. 22 MS. HABBA: Sure. Of course, your Honor. 23 THE COURT: We have a few more points to discuss. 24 The valuation of Mar-A-Lago, there were very significant 25 easements on the ability to turn it into -- subdivide it</p>	<p>Opening Statement by Ms. Habba Page 67</p> <p>1 THE COURT: I held one of the defendants in 2 contempt. I fined him \$10,000 a day. It was vacated after 3 11 days, and I was upheld on that, both the contempt 4 finding, and the amount of the fine. So, I don't know why 5 we are -- 6 MS. HABBA: Well, I just wanted to bring up the 7 point, your Honor, that after these ten days, despite the 8 fine, which, we obviously went through our procedure, you 9 did recall that after those days, and after my diligent 10 searches and my certifications, we never did find anything 11 that was not previously revealed. 12 THE COURT: Yes, that's right. 13 MS. HABBA: So my point is, that goes to the good 14 faith and the intent, your Honor. 15 THE COURT: You never did find anything, but the 16 contempt was because you didn't submit an affidavit that 17 said who looked for what, when, where. 18 MS. HABBA: And then I did, many times. 19 THE COURT: And then you did. Well, but the 20 defendant didn't. You did, I think. But, I don't think 21 the defendant did. 22 MS. HABBA: He did, actually, your Honor. 23 THE COURT: I don't think he submitted an 24 affidavit saying what he did, when, where, et cetera. 25 MS. HABBA: Right.</p>
<p>Opening Statement by Ms. Habba Page 66</p> <p>1 into residences, et cetera, and more importantly, I 2 specifically said, in the summary judgment decision, I'm 3 not valuing or evaluating properties. I believe that there 4 was -- 5 Well, I wouldn't telegraph that, but please, 6 Press, stop saying that I valued it at \$18 million. That 7 was a tax assessment. Or, something in that range. 8 There would have been issues of fact as to what 9 the value was. 10 MS. HABBA: Well, I think, your Honor -- if I may 11 respond? 12 THE COURT: Yes. 13 MS. HABBA: I think that is an issue of fact, and 14 the fact -- and I'll preserve, as my colleague said, 15 everything on the Appellate Division, but the fact that you 16 drafted a summary judgment motion saying that that was not 17 an issue of fact is exactly what we are appealing, and 18 we'll handle that on the Appellate Division. 19 THE COURT: Okay. I didn't draft a motion. I 20 drafted a decision. 21 MS. HABBA: Yes, your Honor. 22 THE COURT: You referred, perhaps obliquely, or 23 maybe more directly, to the million pages of documents that 24 were turned over. 25 MS. HABBA: Yes.</p>	<p>Opening Statement by Ms. Habba Page 68</p> <p>1 THE COURT: You said that at one point, just 2 recently, values change. That's one of the big points in 3 this case. You can't look at property ten years later and 4 say, Well, now look what it's worth. These Statements of 5 Financial Condition were current, current market value, so 6 yes, values change, but the point of the Statements of 7 Financial Condition is what were they worth then? What 8 would a willing seller and willing buyer agree to? 9 MS. HABBA: And if I may respond? 10 THE COURT: Sure. 11 MS. HABBA: Saying that the value of Mar-A-Lago, 12 then or now, would be worth that -- and I obviously, again, 13 on appeal, so I'm not going to litigate our case between 14 you and me, and give my adversaries the benefit of hearing 15 all of my arguments, but I think that we'll prove that, 16 through our experts. We'll prove that at that time, they 17 were undervalued, in many instances. As I noted, some of 18 these properties are heavy undervalued, and we are 19 forgetting the disclaimer, and also the fact that the Trump 20 brand is worth something. 21 And, I know that you addressed it in your summary 22 judgment motion, and I'm not going to get into it now, but 23 we cannot -- look, my point is this, your Honor, and I 24 think that our case will show this: If this was a 25 conspiracy, if we were trying to inflate his value, which</p>

<p>Opening Statement by Ms. Habba Page 69</p> <p>1 is worth billions and billions and billions of dollars more 2 than anything he ever took the loan out, and frankly, he 3 was underleveraged, but if you were -- if they are trying 4 to prove that, your Honor, that case falls flat on its 5 face, just by looking at certain things that were not 6 included. 7 If that was the intent for Forbes magazine, then 8 why wouldn't President Trump say, Put in the brand, put in 9 The Apprentice rights, put in the Miss America, or whatever 10 it was, Universe. Put all that in. Let's inflate it. 11 That didn't happen, your Honor. 12 THE COURT: The brand value, at least some of the 13 Statements of Financial Condition specifically, expressly 14 said, We are not including brand value. Is that the case? 15 Right? 16 MS. HABBA: And my point is it was not included, 17 and if he had wanted to inflate, why wouldn't we? 18 Never mind any of that, your Honor. Everything 19 falls on its face when you look at the WeiserMazars 20 disclaimer, and the sophisticated banks we are dealing with 21 that did their own due diligence. 22 And I just submit, your Honor, I don't want to 23 litigate my case with you, only because of the prejudice 24 that that could cause to my client. 25 THE COURT: My final point is, the disclaimers,</p>	<p>Opening Statement by Ms. Habba Page 71</p> <p>1 compilations. And again, I go back to my Trulia example. 2 No bank, no lender, takes somebody's value at a 3 compilation, the lowest level. It's not audited. It 4 doesn't proclaim to be. It doesn't proclaim to have been. 5 It never did. 6 But, on top of the fact that it's a compilation, 7 they put the waiver on the front. On top of that, these 8 banks came in and did their own due diligence. It was not 9 us that did it. 10 And, for what its worth, your Honor, we could go 11 all day, I'm sure, and it would be great, but that is the 12 crux of where I disagree with you. 13 THE COURT: All right. Is it not the case that, 14 in a layperson's terms -- and we have a lot of lay people 15 out there -- the Mazars disclaimer was basically, We are 16 relying on the Trump Organization? 17 MS. HABBA: No, your Honor. 18 THE COURT: That's how I read it. 19 MS. HABBA: Well, frankly, the Trump Organization 20 relied on Mazars to come in and do what they did, and they 21 came in. Regardless, they are the accountants. They are 22 the accountants, sir. 23 THE COURT: Thank you. 24 MS. HABBA: Thank you, your Honor. 25 THE COURT: And we have at least one more opening</p>
<p>Opening Statement by Ms. Habba Page 70</p> <p>1 which understandably, the defendants make a big deal about, 2 first of all, I believe that was part of both the motion to 3 dismiss, and the motion for preliminary injunction. I 4 ruled against that, as a defense. I was upheld both times, 5 but I would just like to explain, basically, what the 6 disclaimers, which were separate from the worth statements, 7 but just talking about the disclaimers, the Mazars 8 disclaimers basically said, We are not sure about all this, 9 look to the Trump Organization, that's where we are getting 10 these figures. So, they were anything but, you know, 11 disclaimers, and you can't even make a disclaimer on behalf 12 of someone else, so I just don't see it. 13 MS. HABBA: Your Honor, I'm actually glad you 14 brought that up. Did if I may? 15 THE COURT: Sure. 16 MS. HABBA: Again, my experts, my colleagues, who 17 are incredibly bright, they will go into excruciating 18 detail with every witness, and we will bore everyone in 19 this room at length for three months, but if I can just 20 give you the high level of where I disagree with you on 21 that, sir? 22 THE COURT: Sure. 23 MS. HABBA: It's that, these are compilations. 24 We did not present the Statement of Financial Condition as 25 an audited financial. Period, the end. They are</p>	<p>Opening Statement by Mr. Robert Page 72</p> <p>1 statement by the defendants. 2 (Whereupon, there was a pause in the 3 proceedings.) 4 MR. ROBERT: Can you hear me, Judge? 5 THE COURT: Yes. That's pretty good, but keep 6 your voice up. 7 MR. ROBERT: Okay. Good afternoon, sir. I'll be 8 very brief. 9 First of all, I want to just say that I echo the 10 statements of Mr. Kise, on behalf of my clients, Eric Trump 11 and Donald Trump, Jr. We reserve all the rights and the 12 objections that Mr. Kise has referenced, but what I want to 13 spend my few moments here talking to you about, your Honor, 14 is what I will respectfully submit that the evidence will 15 show that my clients did in this case, but I actually 16 think, more importantly, what the evidence will show that 17 my clients did not do, in this case. 18 I don't think it's going to come as a surprise to 19 anyone in this courtroom that I vigorously, on behalf of my 20 clients, disagree with just about everything Mr. Wallace 21 said this morning, but there are two things that I actually 22 do agree with him on, and I actually flagged them, and I 23 put them in red on my pad, because I was shocked that I 24 actually agreed with him about something, and what I agreed 25 with him on were two concepts.</p>

<p>Opening Statement by Mr. Robert Page 73</p> <p>1 One, that in order for the Attorney General to 2 win her case, she has to show repeated, persistent, illegal 3 acts, and I respectfully submit to this Court, she will not 4 be able to sustain that burden, especially as to Eric Trump 5 and Donald Trump, Jr., and more importantly, what 6 Mr. Wallace said is that you need to judge credibility. 7 Mr. Wallace put it in the context of credibility of denial. 8 Well, your Honor, it's credibility, in and of 9 itself. You will be the finder of fact. You will hear 10 testimony from Eric Trump. You will hear testimony from 11 Donald Trump, Jr. You will hear them be cross examined by 12 able counsel for the Attorney General, and you will then 13 make a decision as to their veracity. 14 In addition, you will hear testimony, as Mr. Kise 15 set forth, from the witnesses of Deutsche Bank, and 16 Deutsche Bank's testimony is going to be consistent in that 17 there was never a material misrepresentation made by Eric 18 Trump or Donald Trump, Jr. So, it's not going to just be 19 the credibility of my clients. It's not just going to be 20 the credibility of the president, when he testifies. It's 21 going to be the credibility of people who were actually 22 involved in the transactions, and I don't think that can be 23 overstated. 24 It's interesting. You know, when we do an 25 opening statement, I think the first rule we learn is, you</p>	<p>Opening Statement by Mr. Robert Page 75</p> <p>1 the 45th President of the United States in 2017, Eric and 2 Don then continued to grow the business, Eric in an 3 operational standpoint; Don expanding what the company was 4 doing. 5 But, as you are going to hear, and as the 6 testimony from Eric Trump's deposition -- and I'll read 7 from it, page 32, lines 17 and 18: 8 "I was focused on pouring concrete, not 9 accounting." 10 Now, let's be clear. Eric Trump and Donald 11 Trump, Jr. are not walking away from the Statements of 12 Financial Condition. Let's be clear. There were no 13 material inaccuracies. All of the statements and 14 certifications signed by Donald Trump, Jr. and Eric Trump 15 are clear that it talked about no material 16 misrepresentations. This is not a situation where someone 17 signs an affidavit, and they're attesting that every single 18 fact in there is true. 19 I would ask your Honor to think about it in terms 20 of, it's no different from an affidavit where the affiant 21 says, I believe the following to be true, in all material 22 respects. 23 That's what they did here, and it is clear, and 24 our evidence will show, our experts will show, Mr. Kise 25 went through, in painstaking detail, that they were not</p>
<p>Opening Statement by Mr. Robert Page 74</p> <p>1 want to show the best part of your case because, you know, 2 especially if there was a jury here -- which again, I agree 3 with Ms. Habba, we were entitled to under 6312 -- but very 4 often I'll tell a jury, it's kind of like a road map. I 5 want to tell you where I'm going, and what I think the 6 evidence is going to prove. 7 Well, I think it's fascinating that in the 8 Attorney General's opening, their major linchpin is Michael 9 Cohen. Now, as the Court will hear, he is actually on 10 their first -- I think the first six witnesses, maybe the 11 first seven. So, when you talk about credibility, you are 12 going to have a guy who lies to everyone; who is a 13 convicted felon; who allocuted, very specifically in Judge 14 Pauley's courtroom, which we can probably see if we look 15 out the window, and he is a fixture of what their case is 16 about. 17 Now, they played you a snippet of Eric Trump, 18 which quite frankly I thought was in incredibly poor taste, 19 and really misleading. That snippet has to do with 20 Mr. Trump honestly asking if he recalls a 2021 21 conversation. What they didn't show is the rest of his 22 testimony, where he goes through what exactly it is he does 23 at the Trump Organization, and the fact that he and Donald 24 Trump, Jr. spent their life working for their dad, learning 25 from their dad. When their dad assumed the office of being</p>	<p>Opening Statement by Mr. Robert Page 76</p> <p>1 materially -- there was nothing materially wrong with them. 2 And again, you are not taking my word. You will 3 take the word of an NYU Stern School of Business professor. 4 You will take the word of a senior person who used to work 5 at the SEC. 6 (Continued on the next page.) 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25</p>

Opening Statement - Defendant/Robert	Page 77	Proceedings	Page 79
<p>1 MR. ROBERT: But even though we're not running 2 away from these statements of financial condition, as I 3 started my opening, I want to submit to you what the 4 evidence will show my clients didn't do and there's no 5 refuting it. There's not any amount of snippets Mr. 6 Wallace can play, even taken out of context, that will 7 disprove, one, they were not involved in the creation and 8 preparation of the SOFC. 9 Two, they did not assemble the backup for the 10 SOFC. Three, they did not review the SOFC supporting 11 data. Four, they did not perform the calculations used 12 in the SOFC; and, five, they did not review those 13 calculations after they were done. Others created and 14 prepared the SOFC; and, for those years, when they signed 15 documents dealing with financial matters, they relied on 16 the work product of others, which is not anything that 17 should come as a surprise to anyone, especially the 18 People, when you're of a level of a company that 19 Mr. Trump were, they weren't the ones with the green 20 accounting hat ongoing through the mountain of documents 21 in the backup. 22 So, to suggest there is liability that can be 23 attached to them, first of all, from the first 24 foundational issue that there's nothing materially wrong 25 with the statements and, second, the fact that they acted</p>	<p>1 MR. KISE: I think this is-- your hypothetical 2 represents the fundamental problem we have, respectfully, 3 with the summary judgment order. You haven't heard the 4 evidence. You haven't heard from Professor Bartov in 5 person. You haven't heard from Mr. Unell. You haven't 6 heard from Mr. Flemmons and I think you owe it to the 7 defendants to listen to this evidence and understand 8 exactly what I was saying. ASC 274 -- 9 THE COURT: The evidence, that would be 10 argument. Mr. Bartov has evidence? 11 MR. KISE: He does have evidence. His opinion 12 on what the governing accounting standards are. I'm not 13 an expert on governing accounting standards. I don't 14 think the Court is. Respectfully, I don't think you're 15 an expert on governing accounting standards. 16 So, if you have an expert that comes in and 17 tells you this is what the estimated current value is and 18 that is how it's calculated. This is what is material or 19 not, you can agree or disagree but at least give us an 20 opportunity to have a trial where you hear this evidence 21 and make those determinations, because, right now, we 22 haven't gotten there and I would caution your Honor 23 vigorously to -- I understand your hypothetical but I 24 think under these circumstances there's a lot more to the 25 story. There is a lot more layers to this.</p>		
<p>Opening Statement - Defendant/Robert</p> <p>1 as appropriately as they should, both in their capacity 2 as executive and in Donald Trump, Jr. as trustee. 3 Therefore, I respectfully submit that the claims 4 brought by the New York State Attorney General against my 5 client should be dismissed. 6 I thank you for your time. 7 THE COURT: Is it the position of all three 8 defendant lawyers that there were no material-- 9 withdrawn. That there were no misstatements in any 10 Statements of Financial Condition? 11 Is that your position? 12 MR. ROBERT: You made a ruling in your summary 13 judgment motion. My position was there were no material 14 misstatements because that is what the People must prove 15 and, at least as it relates to my clients, those were the 16 certifications they signed. The words in every single 17 document they signed say the words "material 18 representation." 19 I'll defer to Mr. Kise as to the others. 20 THE COURT: Let's talk about, very briefly, that 21 word "material." Let's say there's a statement that \$100 22 million. At what point would you consider something 23 material? Would \$20,000 be material? 24 MR. KISE: Your Honor -- 25 THE COURT: Yes.</p>	<p>Opening Statement - Defendant/Robert</p> <p>1 The Attorney General wants to make it simple. 2 There is an error here and it's material because we say 3 so. I think we have to at least give these witnesses an 4 opportunity to take the stand and understand what this 5 case is about. If you want to disagree later, that's 6 fine, but, I would say that we've got testimony from 7 folks that understand fully valuations. They understand 8 fully accounting standards, and, it is relevant to 9 intent. It is relevant to materiality. 10 If I prepare a statement and that statement is 11 in accordance with the Governing Accounting Standards, I 12 cannot see how, possibly, someone can say, even if they 13 disagree with my valuations, that I had intended to 14 defraud. So, maybe you disagree with my valuation but 15 that is an entirely different question. 16 So, I'd ask the Court to allow us to present the 17 evidence. For example, the differentiation in values, I 18 mean, we have experts that you haven't heard from, and, I 19 don't know we're going to hear from them now based on the 20 way the case is structured. 21 I mean, the Attorney General has certainly 22 opened the door, in my mind, to valuation issues, but, we 23 don't have to decide that today. I think we need to make 24 sure that the evidence comes into the courtroom in a 25 fulsome way and you hear from witnesses who tell you no,</p>		

<p>Proceedings Page 81</p> <p>1 that is not material. This value is not 18-- back to the 2 hypothetical. This value is not \$18 million, it's a 3 billion dollars, whatever the case may be, but, the Court 4 really needs-- and, frankly, I think from the 5 constitutional perspective, owes it to the defendants to 6 at least hear this evidence and allow them to defend 7 themselves. 8 You're talking about a trial, by the Attorney 9 General's own press conference, is designed to strip them 10 of their New York assets and drive them out of business 11 in New York State. That is a pretty serious thing. That 12 is a pretty serious charge to level against a business 13 that's been one of the most successful employers and one 14 of the most successful real estate developers in New York 15 City. 16 The message that sends is staggering to the real 17 estate community. That is my opinion, but, I know we're 18 not here to get into my opinions. The record will 19 demonstrate, what we say will demonstrate, and, I ask the 20 Court listen to all that evidence before making that 21 determination. 22 THE COURT: I intend to be very patient and 23 liberal listening to things. I think the specific 24 disagreement we seem to have is if Professor Bartov reads 25 a document and has a professional opinion about it, to</p>	<p>Proceedings Page 83</p> <p>1 THE COURT: That's why I didn't do it. 2 MR. KISE: You need to certainly hear when we're 3 talking about criminal standards. We're talking about 4 standards under criminal predicates. Those things must 5 and should be adjudicated with the benefit of expert 6 testimony. There's no way to do it otherwise. It's just 7 not possible. We're all lay people when it comes to some 8 of these things. 9 I am a lay person. I have an accounting degree 10 but I wouldn't call myself an expert on AICPA standards. 11 THE COURT: Thank you. We have to break in 12 about 15 minutes but let's hear the housekeeping issues 13 that were raised this morning. 14 MR. AMER: Good afternoon. Andrew Amer on behalf 15 of the People. We did send a letter this morning raising 16 a couple of issues. I'll set it pretty quickly. 17 The first issue concerns trial subpoenas that 18 were served literally on the eve of trial on Mazars and 19 Ladder Capital. We think the Court should just quash 20 these subpoenas. 21 First, they were never served on us, as they're 22 required to be under 2303(a) CPLR 2303(a) but, 23 importantly, as the cases we cite to in our letter 24 demonstrate, you can't use the trial subpoena to reopen 25 discovery.</p>
<p>Proceedings Page 82</p> <p>1 me, that's not evidence. That's testimony or expert 2 opinion but it's not bringing in new facts. Right? 3 MR. KISE: Respectfully, your Honor, expert 4 opinion in testimony is evidence. That's what evidence 5 is. It's not a document, but, their opinion is relevant. 6 Again, unless the Court is going to be satisfied that it 7 is an expert on accounting regulations, it is an expert 8 on accounting principles and an expert on OCC 9 regulations -- 10 THE COURT: I think what-- is it stacking a dead 11 horse? I intend to listen to all of this. Whether 12 expert opinion is evidence, again, I just consider it 13 opinion and testimony, but, I wouldn't call it evidence, 14 but, there may be different demonstrations. 15 MR. KISE: Again, I don't know how to say it any 16 more clearly. We, respectfully, disagree. We think an 17 expert, for example, a valuation expert comes in and says 18 Mar-A-Lago is worth a billion dollars and you have taken 19 a position that the tax assessor, without a trial, taken 20 a position that the tax assessor's valuation is more 21 credible but -- 22 THE COURT: I did not judge credibility. You 23 can't do that. 24 MR. KISE: That is the whole point, your Honor. 25 That is why --</p>	<p>Proceedings Page 84</p> <p>1 We've had a note of issue. Discovery is over 2 and these trial subpoenas, in large measure, seek 3 documents that they already tried to obtain through 4 subpoenas during fact discovery and, in any event, you 5 just can't use a trial subpoena on an eve of trial to 6 reopen discovery. 7 We shouldn't be dealing with these type of issue 8 as we're trying to prepare each day to present evidence 9 to the Court. So, we would ask that we not have to deal 10 with these subpoenas because we'd ask that the Court 11 quash them. 12 THE COURT: I believe the basic rule is in 13 discovery you find out what there is and subpoenas are 14 for, hey, bring it to court. 15 MR. AMER: Exactly. The second issue concerns 16 Nicholas Haigh. 17 MR. KISE: Are we going to take these one at a 18 time or is he going to do it -- 19 THE COURT: I gather you'd like to speak now to 20 number one? 21 MR. KISE: It may just get jumbled if we don't. 22 THE COURT: I understand. I don't know that I'm 23 making a ruling now. 24 MR. KISE: I understand. I want to make some 25 points and Mr. Robert may also have some points on the</p>

Proceedings	Page 85	Proceedings	Page 87
<p>1 first issue. Just for convenience, because we have the 2 remote microphone over there, which is challenging, I'll 3 just stand here, if that's all right with your Honor. 4 Thank you.</p> <p>5 The trial subpoena asks-- Mr. Robert will speak 6 to this. I don't think they were served improperly but 7 to the extent that is a valid argument, we can just 8 reserve them today. That's easy enough.</p> <p>9 With respect to the substance, though, this is 10 not information we sought in discovery. As you pointed 11 out, there's things we identified during discovery and, 12 for the trial, we asked for specific records. These are 13 very narrow. They're specific records. They may not 14 think they're narrow because they cover a broad time 15 period but they're very specific records that speak, 16 specifically, to particular witnesses that we now know 17 are going to appear at trial and they go, potentially, to 18 cross-examination of those witnesses.</p> <p>19 We're certainly-- it's not discovery. We're 20 entitled to, I want to see those records. It's up to us 21 to go through them but it is not discovery. It's 22 information we need for the trial. We didn't seek it in 23 discovery. We identified it, perhaps, in discovery but, 24 at this point, I don't see that they even have a basis to 25 object to what it is that we want to go through in terms</p>		<p>1 Mr. Haigh, who was at Deutsche Bank. We understood, and 2 have understood for quite sometime, that Mr. Haigh would 3 be leaving the country starting on October 13th and would 4 be unavailable.</p> <p>5 It was our intent to call Mr. Haigh live on our 6 case in chief before he left the country but then on 7 September 26th, your Honor issued a ruling that changed 8 the nature of our case. We actually read the ruling and 9 we understood the ruling to mean that what the banks 10 thought and did just didn't matter.</p> <p>11 I don't know how more clearly your Honor could 12 have stated it and how many times you could have stated 13 it, and, I think this is a direct quote. "You can't lie 14 on financial statement period." And so, as a result of 15 your Honor's ruling, which we are taking heed of, we are 16 not calling bank representatives because they're not part 17 of our case anymore. We don't need to put on testimony 18 from banks.</p> <p>19 So, the issue we have, and, I think it's 20 absolutely clear from the openings here, is that the 21 defendants haven't changed the case that they intend to 22 put on to incorporate many of the Court's rulings and 23 they still intend to provide you with testimony from 24 their experts, which we'll talk about at a later point in 25 time, and, they still intend to provide testimony from</p>	
<p>1 of using other -- locating impeachment material we think 2 is relevant. If it exists, give it to us. That's it. 3 It's pretty simple.</p> <p>4 THE COURT: The point was raised just a few 5 hours ago. I'll have to look at the subpoenas.</p> <p>6 MR. ROBERT: Your Honor, if I may, the section 7 of the CPLR Mr. Armen references were to properly notify 8 them before the return date.</p> <p>9 It's my understanding, you referenced, when we 10 started today, about the rains of Thursday and Friday. 11 My understanding is the subpoenas were served throughout 12 the course of Thursday and Friday in due course. If they 13 don't have it already, we probably already e-mailed it to 14 them this morning. That's a nonissue.</p> <p>15 I also note the people who were served are not 16 moving to quash. Usually, you have a meet and confer 17 with the person that received the subpoena. You discuss 18 whether or not it was too broad, what the relevance of it 19 is, why we needed it, and, it could be worked out. The 20 Attorney General is sending the letter, as a nonparty, to 21 the subpoena objecting to it. I think it's also 22 procedurally improper.</p> <p>23 THE COURT: Let's go on to the second issue.</p> <p>24 MR. AMER: The second concerns our need to take 25 a deposition of Mr. Haigh. Let me give you background of</p>		<p>1 bank employees, even though your Honor has said what the 2 bank thought didn't matter.</p> <p>3 THE COURT: Well, remember, I said that about 4 the first cause of action. I'm not sure about the other 5 six.</p> <p>6 MR. AMER: That's why we may have a dispute of 7 whether the bank employees can testify and what the scope 8 of their testimony will be. We need to account for the 9 fact that we may need to call Mr. Haigh in our rebuttal 10 case; and, it's perfectly clear from his schedule that he 11 will not be available to be called at trial on our 12 rebuttal case.</p> <p>13 So, we've asked to take his deposition to 14 preserve his testimony for rebuttal and we have 15 scheduled, with his counsel, to do that next week, and, 16 the defendants are refusing to allow us to take his 17 testimony to preserve it for rebuttal, and, we think we 18 should certainly be allowed that right.</p> <p>19 We didn't understand until September 26th that 20 we were not going to call him in our case in chief; and, 21 I think our decision not to call him in our case in chief 22 is an appropriate decision, given your Honor's ruling, 23 and, we would like the opportunity to take his deposition 24 next week, and, I would note that your Honor has 25 accommodated the defendants' request the other day to</p>	

Proceedings	Page 89	Proceedings	Page 91
<p>1 take depositions of witnesses who we're going to put on 2 and we've made no objection to that. We're working with 3 them to schedule it. 4 So, we think Mr. Haigh's deposition should go 5 forward on the date Mr. Haigh's counsel agreed to make 6 him available next week. 7 THE COURT: Defendant, any quick reply? 8 MR. KISE: Your Honor, yes. First of all, 9 there's no need to take a deposition. If they want to 10 call a witness, they can call a witness and bring that 11 witness in the courtroom. Your Honor pointed out exactly 12 the key elements here. You determined in your ruling 13 that what the bank said or did or thought was irrelevant 14 to liability, to the decision you made but not to the 15 remainder of the case. That's the whole point. 16 So, we think it's highly relevant to 17 disgorgement, again, the extent I won't belabor but we 18 think it's highly relevant for disgorgement and, so, if 19 this witness is going to testify, if they're going to 20 establish their case then, he's here. We can take him 21 out of order and put him on the stand. There's no 22 problem with that. I just don't see any bases -- 23 Mr. Robert will speak again. 24 As you know, he's the CPLR expert, not me, but 25 what the banks thought and did does matter and, frankly,</p>		<p>1 compressed nature of it but, regardless of that, your 2 order of June 9th said "trial depositions for all 3 nonparty witnesses who are unavailable for trial, as set 4 forth in CPLR 3117 shall be held by July 28, 2023. 5 We opposed it beforehand. If the Attorney 6 General had any issues prior to that point, they needed 7 to make an application. On July 31st they then filed a 8 note of issue certifying "discovery known to be necessary 9 was completed." Again, because this is a bench trial, 10 because you have tremendous discretion as a result of it, 11 if they're intent-- he may be a rebuttal witness, going 12 back to what I said I agree with Mr. Wallace about, 13 credibility is everything. 14 Let him come here. Let him take the stand. Let 15 him be subject to the Attorney General's direct, our 16 cross-examination, and this Court can hold that in 17 abeyance, if they then want to use that for purposes of 18 rebuttal, but, in the middle of the trial, you will allow 19 him to take a deposition, not in open court, and not 20 before you, I think is incredibly problematic. 21 MR. KISE: One other thing I'll add, Your Honor, 22 not to be too pejorative here but it appears there may be 23 a little slight of hand. I note on the Attorney 24 General's initial witnesses on September 8th, just a few 25 weeks ago, the trial was still going to start on</p>	
<p>1 if they want Mr. Haigh to testify, then he needs to come, 2 and, we're prepared to confront him in an open forum, not 3 at some deposition. 4 The deposition Mr. Amer is referencing are new 5 witnesses, people that no one knew about before. They 6 disclosed it the first time on a witness list less than a 7 week before the trial started. They never disclosed him 8 in interrogatories or on a witness list until now. 9 We had a right to depose them because we don't 10 know anything about their presence but Mr. Haigh, they 11 interviewed Mr. Haigh for three days or more during the 12 investigative process. They know full well what the 13 impact truly is, what he is, why he is. 14 We deposed Mr. Haigh during the course of 15 discovery. They didn't ask any questions. So, now, they 16 want to come along and insert a deposition of what will, 17 no doubt, be some key witness for them; and, in the 18 middle of a trial, it's wholly improper. There's no 19 procedure for it. 20 If Mr. Haigh is available, he is available until 21 October 13th, he can certainly come and present his 22 testimony. 23 THE COURT: Mr. Robert. 24 MR. ROBERT: You issued an order and there was a 25 lot of back and forth over the last year about the</p>		<p>1 October 2nd. Mr. Haigh was listed as the 37th witness. 2 So, I doubt that they intended for Mr. Haigh to be called 3 before the 13th on their initial list. 4 So, I don't know what's even changed between 5 then and now. I don't think Mr. Haigh decided to leave 6 the country for three or four weeks on a whim. So, I 7 think they had their opportunity to raise to depose Mr. 8 Haigh. They could have asked questions during our 9 deposition, as Mr. Robert pointed out. Your order gave a 10 specific time period and there's no basis for that. 11 We're entitled to confront these witnesses in an 12 open courtroom where everyone can see and hear what they 13 have to say. 14 THE COURT: Quickly. 15 MR. AMER: Certainly, there is no slight of 16 hand. We didn't appreciate the full schedule of Mr. 17 Haigh's travel and we were perfectly prepared to call him 18 out of turn. 19 THE COURT: For reasons of time. 20 MR. AMER: Sure. 21 THE COURT: I'm going to allow the deposition. 22 What's sauce for the goose is sauce for the gander. No 23 prejudice. You have a right to confront him in court. 24 If he testifies, you'll have a right to confront him in 25 court. I don't think this is close.</p>

<p>1 What's the third issue? You can work out the 2 schedule. 3 MR. AMER: Thank you. The third issue concerns 4 a proposal we made. We just haven't gotten a response 5 but I think it's one that will greatly aid the efficiency 6 of the proceedings. We requested that all documents that 7 were produced by any party during the investigative phase 8 in response to our subpoenas be considered authentic to 9 avoid the need to bring in -- 10 MR. KISE: I think we agreed on this already on 11 authenticity. I think we had an agreement on the phone 12 last week on Friday. So, we haven't gotten back. We can 13 work that out. Authenticity. 14 THE COURT: Authenticity, not necessarily 15 admissibility. 16 MR. KISE: That's right. That is what we worked 17 out. 18 THE COURT: I knew this would become a love fest 19 eventually. 20 MR. AMER: One more procedural issue. 21 THE COURT: Quick. 22 MR. AMER: We now have a designated and 23 counter-designated deposition transcript for a witness we 24 are going to call by video, play her video deposition, 25 and there are some objections that were lodged to certain</p>		<p>1 I'll have a ruling on the first issue by then. <p>1 designations and we can't cut the video to play in court 2 without knowing how your Honor wants to work out ruling 3 on the objections and what process you want us to follow 4 to submit the designations and the objections, get your 5 ruling, and then we can cut the video and make sure, if 6 you sustain any objections, we leave those portions out. 7 THE COURT: Submit it with a statement of 8 objections in camera and I'll go over the whole thing. 9 Mr. Kise. 10 MR. KISE: Let us look at the specifics. 11 Mr. Amer is correct. How we intend to proceed is key to 12 how we go about resolving the issue. If I'm 13 understanding, you want us to separately -- first we have 14 to try and work out any objections. To the extent we 15 can't, separately submit those, and we'll do that off 16 trial time. 17 THE COURT: I mean, we'll do that separate. Of 18 course. 19 MR. KISE: Prior to the time that the witness's 20 testimony is going to be played? 21 THE COURT: Of course. 22 MR. AMER: You want a paper copy of the 23 transcript highlighted or you want a video? 24 THE COURT: Paper copy will do. I'm old school. 25 Have a great lunch. We'll resume at 2:15 and</p>		<p>1 THE COURT: First things first. I would like to 2 have a quick sidebar, or you might call it a front bar, 3 with counsel. This will only take minute or two. 4 (Whereupon, an off-the-record discussion took 5 place at bench.) 6 THE COURT: I said I would address the first 7 issue that the Attorney General raised, very recently. I'm 8 quashing those subpoenas. It seems clear to me that they 9 are being used as a discovery device. Let's see what we 10 can find out; not, We want you to bring the report of 11 April 1965, or whatever. So, that's that. 12 MR. AMER: Along these lines, your Honor, we did 13 learn that Deutsche Bank was served with a trial subpoena 14 this morning, so I think it makes sense to extend your 15 order to that subpoena, as well. 16 THE COURT: Well, I would have to see the 17 subpoena and the argument, so, without prejudice, 18 withdrawn. 19 Okay. Are we ready for our first witness? 20 MR. WALLACE: Your Honor, the People had one 21 issue relating to the first witness, we just wanted to 22 raise. The People's first witness is going to be Donald 23 Bender, from the accounting firm Mazars. One of the 24 primary reasons to have Mr. Bender come in is to bring in 25 the various documents that relate to the Statement of</p>

Proceedings	Page 97	Proceedings	Page 99
<p>1 Financial Condition. There's four primary documents. 2 There's the Statement of Financial Condition; there is the 3 supporting data spreadsheet; there's the engagement letter; 4 and there's the representation letter. So, there's those 5 four documents, for every single year. 6 Many of them are not objected to, by both 7 parties, and so we would propose that documents that are 8 not subject to objection be entered into evidence, without 9 necessarily having the witness go through each and every 10 single document. For the ones that there are objections 11 to, we'll go through them with the witness. 12 MR. KISE: I think, your Honor, the best 13 approach -- I mean, again, as we said, we agree as to 14 authenticity, but as to admissibility, I think we need to 15 go document-by-document, because as you know, we have a 16 different view of the timeline here, and it's important for 17 our record to make sure that we preserve those objections. 18 MR. WALLACE: Let me be clear. We are talking 19 about documents which are listed as, No objection, on the 20 exhibit list. 21 MR. KISE: If we take it document-by-document, 22 your Honor, it's not going to take very long. I mean, it's 23 pretty simple. So, if we just -- I'm not even sure which 24 four documents he is talking about right now. I'm not 25 saying he is right or wrong. I just think it's much</p>		<p>1 every single document. 2 We are also presenting an electronic copy of the 3 supporting data spreadsheet, because it's an Excel 4 spreadsheet. 5 (Whereupon, documents were handed to the Court.) 6 MR. WALLACE: If we have a moment, Chris, I think 7 we might raise one more issue. 8 Mr. Kise and I both made presentations, as part 9 of our openings. Does your Honor want us to provide you 10 with copies of those, or should we file it on the docket? 11 MR. KISE: We can provide copies, but as I'm sure 12 the Court is aware, opening statements are not evidentiary. 13 They have no -- 14 THE COURT: I said that, earlier. 15 MR. KISE: Right. 16 MR. WALLACE: Understood. 17 THE COURT: But I'll take them. Sure. It would 18 be the same thing as just getting a transcript, so. 19 (Whereupon, a document was handed to the Court.) 20 DONALD BENDER, after having first been duly sworn, 21 was examined and testified as follows: 22 THE COURT OFFICER: Please have a seat. 23 Please state your name and either home or 24 business address, on the record. 25 THE WITNESS: My name is Donald Bender, and I</p>	
Proceedings	Page 98	Proceedings	Page 100
<p>1 easier, and a much better flow, for us to just take it 2 document-by-document, and if we waive objection, we waive 3 objection. 4 MR. WALLACE: The objections have been waived 5 already, so my request is that documents with no objection 6 be moved into evidence. 7 THE COURT: I don't think we can do that, en 8 masse, without seeing. I think Mr. Kise is correct. 9 One-by-one, hopefully, if they have waived their 10 objections. If they object, you will say, But you waived 11 it, and they will say, Well, we did, or we didn't. 12 MR. WALLACE: Well, that's fine, but we'll go 13 through each document for every one year, and we'll do that 14 with Mr. Bender. 15 So, the people call Donald Bender. 16 Your Honor, I would also -- per our discussion at 17 the pretrial conference, we prepared binders. Three copies 18 for court, and staff, if Ms. Faherty can bring them up. 19 THE COURT: Sure. You can approach. Bring it 20 up. 21 MR. WALLACE: Your Honor, I'll say we have 22 prepared, actually, two sets of binders for today. One 23 would be for the Court to have a set of these Statements of 24 Financial Condition, so we prepared a set of binders for 25 that. We'll go through them. We are going to go through</p>		<p>1 live in Woodbury, New York. 2 THE COURT: I just ask you to keep your voice way 3 up. Talk right into the microphone. 4 THE WITNESS: I'll try, your Honor. 5 MR. KISE: Your Honor, not to delay the 6 proceedings, but while we are on the subject of objections, 7 so, with Mr. Bender's testimony, we are going to do the 8 same thing with each witness, if it's okay with your Honor. 9 As you know, we won an appellate victory in June 10 of this year. We believe that it wiped out 80 percent of 11 the case, based on the statute of limitations. At all 12 events, we object to any testimony that will come in as to 13 Statements of Financial Condition that were prepared, 14 certifications that were made, any questions of this 15 witness. We are going to do this in a blanket way, so we 16 don't interrupt question-by-question, but we just want to 17 state on the record, now, that the witness has been sworn; 18 that we object to testimony coming in that is outside of 19 the claims that should be addressed. 20 As you know, we have argued that, and we believe 21 that, the Appellate Division ruling supports the fact that 22 eight of the ten transactions, the loan transactions, are 23 not at issue. Only two are, the two that were mentioned at 24 the beginning, but we make a blanket objection to testimony 25 in that regard. We won't interrupt the proceeding.</p>	

<p>Proceedings Page 101</p> <p>1 As to documents, and this is why I was a bit 2 pedantic about document-by-document. We will object, on 3 that basis, document-by-document. To the extent documents 4 come in, because from the Appellate cases that we have 5 reviewed, we have to do that, to preserve the record. 6 We'll make the objection. We'll try and move the case 7 along, but we have to make that objection. 8 And then, lastly, if we have agreement, as we 9 have done throughout this case in the depositions, if we 10 have agreement, an objection for one is an objection for 11 all, so that you don't have people popping up, popping up 12 and down, if that's all right with the People. If one of 13 us objects to a document coming in, then we don't all have 14 to stand up and object, to make that record. 15 THE COURT: Birds of a feather flock together. 16 MR. KISE: Indeed. 17 THE COURT: Well, let's not get into a whole 18 discussion about statute of limitations, et cetera. It's 19 my position, and I hope it was clear from the summary 20 judgment decision and order, that it's one thing if your 21 client makes a statement, gets a loan, and the money is 22 transferred, and that's it. It's another thing if the deal 23 is, We'll loan you the money; we want to read your 24 Statement of Financial Condition, and every year you are 25 going to have to send us another Statement of Financial</p>	<p>D. Bender - Direct by Mr. Wallace Page 103</p> <p>1 course of conduct between the parties during a 2 long-standing relationship can have relevance. The statute 3 of limitations is a bar on claims, not on a bar on 4 evidence. If it's too far gone, understood, it could be 5 not relevant anymore, but I think we do this as we go 6 through the case, and we may likely see this on the first 7 document that I show to Mr. Bender. 8 So, why don't we get started. 9 THE COURT: Yes. 10 MR. WALLACE: If that's okay with your Honor. 11 THE COURT: Please proceed. 12 DIRECT EXAMINATION 13 BY MR. WALLACE: 14 Q Good afternoon, sir. 15 A Good afternoon. 16 THE COURT: A little louder. 17 THE WITNESS: I'll try. 18 A Good afternoon. 19 THE COURT: Better. 20 Q Since there's been some colloquy, could you please 21 state your name again, for the record? 22 A Donald Bender. 23 Q Mr. Bender, are you taking any medication that we 24 should just be aware of, during the course of your testimony 25 today?</p>
<p>Proceedings Page 102</p> <p>1 Condition. If those later statements flow within the 2 statutory period, I certainly consider them relevant. 3 MR. KISE: I understand your Honor's position, 4 and I think you understand ours with respect to the 5 limitations. 6 With respect to that latter piece, if we are 7 talking about just certifications that occurred after 2014, 8 then that still would exclude any evidence about the 9 underlying loan transaction that predated the statute of 10 limitations. That's part of -- 11 THE COURT: I think that's right, but the 12 pre-statute of limitations dealings may be relevant for 13 injunctive relief, for their knowledge of things, but we'll 14 have to deal it with it one-by-one. 15 MR. KISE: We would object to that as well, your 16 Honor. 17 THE COURT: Okay. Objection overruled, but I 18 will ask the Attorney General to be cognizant of his 19 points, and if there's something, a discrete transaction, 20 obviously that occurred before the limitations period 21 began, then let's not have that in, because I'll exclude 22 it. I won't consider it, anyway. 23 MR. WALLACE: Fair enough, your Honor. I think 24 that -- I'm not going to speak for this witness, and every 25 witness that's going to come in. We certainly believe that</p>	<p>D. Bender - Direct by Mr. Wallace Page 104</p> <p>1 A I'm just on normal medications for blood pressure, 2 prostate, aspirins, reflux. Nothing beyond that, today. 3 Q If you need any breaks, you can -- 4 A Okay. Thank you. 5 Q -- let Judge Engoron know. 6 Can you please describe, for me, your educational 7 background? 8 A I graduated with a BA from Queens College in 1979. 9 Q Okay. And do you hold any professional licenses? 10 A I'm a New York State CPA. 11 Q And are you currently employed? 12 A No. I'm retired. I do a few hours of consulting, but 13 I'm retired. 14 Q What was your last job, before you retired? 15 A I was a partner at Mazars USA. 16 Q And what is Mazars USA? 17 A It's an accounting and -- an accounting and consulting 18 firm. 19 Q At the time of your retirement, how long had you been 20 working for Mazars? 21 A With predecessor firms, approximately 41 years. 22 Q Okay. And at what point did you become a partner in 23 the firm? 24 A About 22 years ago. 25 Q And what work did you perform as a partner at Mazars?</p>

D. Bender - Direct by Mr. Wallace Page 105

1 A I considered myself a generalist. I did a little bit
2 of everything. Some test work, some tax work, sales tax. I
3 came from a background of a multi-functional.
4 Q And when you say test work, what is that referring to?
5 A Test work means generally, today, audit review or
6 compilation work.
7 Q Okay. And we'll get to those, in a minute. Was the
8 defendant, Donald J. Trump, a client of yours at Mazars?
9 A Yes. He was a client of Mazars.
10 Q And what work did you do for him, as an individual?
11 A As an individual, I worked on his tax return. I
12 worked on some certain tax exams, and I worked on the
13 compilation of his Statement of Financial Condition for a number
14 of years.
15 Q What is a tax exam?
16 A Some government authority, federal, state or city, or
17 an agency thereof, is auditing him to see if the numbers are
18 correct.
19 Q Okay. And are you familiar with an entity doing
20 business as the Trump Organization?
21 A Well, the Trump Organization, in my time, were two
22 different entities. There were two entities. The first entity
23 was Trump Organization, Inc. The second entity was Trump
24 Organization, LLC. In my point of view, those were basically
25 inactive entities. The name of the Trump Organization, to me,

D. Bender - Direct by Mr. Wallace Page 106

1 is like a d/b/a. It's an umbrella entity that reflected all of
2 the entities owned or controlled by Donald J. Trump, or his
3 children. That's how I would think of it, today.
4 Q And did you do any accounting work for corporate
5 entities owned or controlled by Donald Trump and his children?
6 A I did accounting work for those entities, corporate,
7 partnerships, LLCs. Not just corporate.
8 Q And what work did you perform for them?
9 A Like I said, whole spectrum of work, from some audits,
10 reviews, compilations, test work. Some tax returns. You know,
11 a little bit of everything. Whatever needed to be. I was a
12 generalist. I could help out, from time to time.
13 Q Do you have a sense of approximately how much of your
14 time, let's say during the years 2011 through --
15 MR. WALLACE: Strike that question.
16 Q Do you have a sense of how much of your time, from the
17 period of 2011 until your retirement, you were spending on
18 engagements for Donald Trump and the Trump Organization?
19 A I don't have a good sense. If I had to guesstimate
20 today -- it changed over the years -- I would say approximately,
21 anywhere between 45 or 55 percent. But that's just a
22 guesstimate. I don't have the information in front of me,
23 today.
24 Q Do you have a sense of how much of your time?
25 A Let me take that -- that's probably my billable time.

D. Bender - Direct by Mr. Wallace Page 107

1 That doesn't include -- I don't have an analysis of non-billable
2 time, so I don't know if that -- I don't think we should rely on
3 those numbers today.
4 Q Okay. So, I understand you may have been doing work
5 that isn't counted in the billable time?
6 A Yes.
7 Q You are describing -- that's what your concern was?
8 A Yes.
9 Q Understood.
10 Do you have a sense of what percentage of your time
11 doing work for the Trump Organization was spent on the
12 compilation of Mr. Trump's Statement of Financial Condition?
13 A Say that again, please?
14 Q Do you have a sense of how much of your time, how much
15 of the work you are performing for the Trump Organization and
16 Mr. Trump, what percentage was the work on the Statement of
17 Financial Condition?
18 A I would say somewhere in the range 2 to 4 percent.
19 Q And do you have a rough sense of how many hours that
20 would be, in a given year?
21 A It changed, over time, depending on who was helping
22 me, not helping me or -- you know, but I would say 50 to 60
23 hours of my time wouldn't be unusual, in a year.
24 Q You were describing -- you mentioned that you did work
25 for entities owned or controlled by Donald Trump and his

D. Bender - Direct by Mr. Wallace Page 108

1 children. You said you do an array of work. Could you describe
2 for me what individuals you would work with, in the course of
3 your engagement for the Trump Organization and Mr. Trump?
4 MR. KISE: Objection, your Honor. I've let this
5 go a bit, but can we maybe confine this to year-by-year, or
6 series of years? And are we asking for the entire ten-year
7 period? I'm just -- there's no context, here, for this. I
8 mean, in general terms, he can testify, but the questions
9 need to be more precise. It couldn't be the same people,
10 each year.
11 THE COURT: Well, what if we did this: If you
12 are asking to average, generalize, just make it clear that
13 that's what you are doing, but I'm not going to insist that
14 he go year-by-year.
15 Q So Mr. Bender, generally, during the period of 2011 to
16 the time of your retirement, who were some of the individuals
17 you would deal with at the Trump Organization?
18 A I dealt with a large array of the executives, legal
19 department, accounting department, and a lot of other people in
20 between.
21 Q And who would you interact with the most?
22 A If I had to say who I interacted the most, it would be
23 Jeff McConney.
24 Q And what was Mr. McConney's role?
25 A He was some type of -- I don't remember what type of

D. Bender - Direct by Mr. Wallace Page 109

1 vice president he was, but he had a title, and he was Controller
2 for a number of those years. Before that, he was Assistant
3 Controller.
4 Q You mentioned that you were familiar with the entities
5 of the Trump Organization, Inc. and the Trump Organization, LLC.
6 I would like to ask if you are familiar with a few other
7 entities. Are you familiar with an entity called DJT Holdings,
8 LLC?
9 A Yes, I am.
10 Q And what do you understand that entity does?
11 A That was a holding entity for a number of Mr. Trump's
12 investments, in the later years.
13 Q And did you do any accounting work for that entity?
14 A Mazars did accounting work, yes.
15 Q And what accounting work did Mazars do?
16 A We prepared the tax return, and we did certain
17 accounting work papers.
18 Q Are you familiar with an entity called DJT Holdings
19 Managing Member?
20 A I believe the name is DJT Holdings Managing Member,
21 LLC, but you will have to confirm that for me. It's been a
22 while. But yes, I am.
23 Q And what does that entity do?
24 A It also held a number of Mr. Trump's investments.
25 Q And did that entity -- did Mazars do accounting work

D. Bender - Direct by Mr. Wallace Page 110

1 for that entity?
2 A Yes, we did.
3 Q What accounting work did you do for that entity?
4 A We did the same kind of work. We filed tax returns
5 and did certain accounting work papers.
6 Q Are you familiar with an entity called Trump Endeavor
7 12, LLC?
8 A Yes, I am.
9 Q What does that entity do?
10 A That is the property that owns the Doral, in Florida.
11 The Doral Golf Club.
12 Q Did Mazars do accounting work for that entity?
13 A Yes. Yes, we did.
14 Q And what accounting work did Mazars do for that
15 entity?
16 A To the best of my recollection today, I believe we did
17 compilations and we did tax returns, but I would have to check
18 that.
19 Q Are you familiar with an entity called 401 North
20 Wabash Venture, LLC?
21 A Yes, I am.
22 Q And what does that entity do?
23 A That is the sponsor for Trump International Hotel and
24 Tower in Chicago.
25 Q And did Mazars do accounting work for that entity?

D. Bender - Direct by Mr. Wallace Page 111

1 A Yes, we did.
2 Q And what accounting work did Mazars do for that
3 entity?
4 A We did various levels of test work, depending on what
5 year it was, and for certain years we did tax returns and we did
6 accounting, and we did -- let me take that back. 401 North
7 Wabash. 401 North Wabash doesn't file a tax return. To the
8 best of my recollection, we did accounting work papers to assist
9 for the preparation of other entities' tax returns.
10 Q Are you familiar with an entity called Trump Old Post
11 Office, LLC?
12 A Yes, I did.
13 Q What did that entity do?
14 A That is the entity that operates the Old Post Office
15 Hotel in Washington, D.C.
16 Q Did Mazars do accounting work for that entity?
17 A We did test work and we did tax returns, to the best
18 of my recollection.
19 Q Are you familiar with the entity called 40 Wall
20 Street, LLC?
21 A 40 Wall Street. Yes.
22 Q And what did that entity do?
23 A That is the property that -- that's the company that
24 operated the Trump building at 40 Wall Street, in Manhattan.
25 Q And did Mazars do accounting work for that entity?

D. Bender - Direct by Mr. Wallace Page 112

1 A We did various levels of test work, depending on what
2 year it was, and we did a tax return, amongst other things.
3 Q And are you familiar with an entity called Seven
4 Springs, LLC?
5 A Yes, I am.
6 Q And what does that entity do?
7 A That entity, to the best of my recollection, changed
8 over the years. I think originally, if I recall, it was
9 supposed to be a golf course, potentially. Later, it was --
10 became a development project, and in later years it was a
11 personal asset for Mr. Trump.
12 Q And did Mazars do accounting work for Seven Springs,
13 LLC?
14 A Yes, we did.
15 Q What accounting work did Mazars do for Seven Springs,
16 LLC?
17 A To the best of my recollection today, we did tax
18 return -- tax returns and accounting work papers.
19 Q Okay. I would like to go back and focus on the
20 Statement of Financial Condition you mentioned. Can you
21 describe for me what that document is?
22 A Simplistically, I would say that is what people today
23 would basically call a balance sheet. It's a balance sheet of
24 Mr. Trump's assets and liabilities as of June 30th of the
25 individual year we are talking about, prepared, you know, under

D. Bender - Direct by Mr. Wallace Page 113

1 accounting principles.
2 Q When you say you prepared it under accounting
3 principles --
4 A If I said prepared, we compiled it. We did not
5 prepare the statement.
6 Q So you compile the statement. What does it mean to
7 compile the statement?
8 A Compilation is when you take the information, the
9 accountant compiles information given to us by a client to
10 present it in a financial statement format. The compilation
11 has -- the accountant gives no assurance, and gives -- does no
12 testing on analytics, on that information.
13 Q And taking the period from 2011 until your retirement,
14 what was your role in compiling the Statement of Financial
15 Condition for Mr. Trump?
16 A Well, I was the partner in charge of it. I think the
17 last one we did was June '20, 2020. It didn't go till my
18 retirement. You would have to check that. I think it was
19 June 30, 2020, was the last one, but I was the partner in
20 charge, and sometimes I was more involved in the preparation,
21 and certain years I supervised some staff on it.
22 Q Okay. Do you recall how many staff you would
23 supervise?
24 A One to three. It wasn't, you know --
25 Q Is it possible for you to describe for me, at a high

D. Bender - Direct by Mr. Wallace Page 114

1 level, during that time 2011 to 2020, what the process was for
2 getting the statement compiled.
3 A Well, it changed as technology changed, so I don't
4 know what year exactly technology changed, but in the early
5 years I would go to Trump Tower, some years, and I would sit
6 with Jeff McConney, and he will give me paper backup for the
7 information. He would give it to me in paper. Sometimes he
8 might give it to -- I think they used DHL or FedEx. It would
9 sometimes come by messenger. I would literally sit with him,
10 and he would give me the numbers. He would give me the backup,
11 or what was available as of that day. I would literally punch
12 holes in the paper, and put it into a looseleaf binder.
13 As technology changed, they started emailing me more
14 and more stuff, and at some point, for the last few years, I
15 believe they went into a portal.
16 Q Okay. So let's focus on the years when you were
17 getting the information by email. What would you do after you
18 received the information from Mr. McConney?
19 A Me or a member of my team would insert it into what we
20 call an engagement binder, whether it be an electronic binder,
21 and we would put the information in that binder, and we would
22 leave it in that binder until we were ready to start the
23 engagement. So, if certain information came in and was
24 superseded, we just used -- we would take the one that -- the
25 latest one that came in, at the time we started, physically

1 started the work.
2 Q So you would not always immediately begin the work on
3 the compilation when you received the information from
4 Mr. McConney?
5 A Not necessarily. That's true.
6 Q Okay. And so, if information came in that superseded
7 what you had already received, you would only look at the most
8 recent information?
9 A In most cases, I would say that's fair.

D. Bender - Direct/Wallace Page 116

1 Q So, once you start working on it, what does that look
2 like? What are you doing?
3 A We would cross-- we would look at. Jeff or a member
4 of his team. If it wasn't Jeffrey, it was somebody else.
5 They'd send us a schedule with a control schedule. They
6 would send us an early draft of the financial statement which
7 they marked up.
8 They usually took the previous years's
9 statement, crossed out and made the changes and, again, that
10 would be an early draft of the statement, and, they would
11 send us backup schedules, and, we'd try to cross-reference
12 the schedules to their supporting control sheet, to make sure
13 the numbers agreed.
14 Q So, when you say cross-reference to make sure the
15 numbers agreed, can you describe what that looks like?
16 A I tell a story that I used to say it's a full
17 circle. Their control document was something I believe
18 called Jeff Supporting Data. So, I would make sure the
19 numbers, even if they sent me updates, the numbers on the
20 Jeff Supporting Data available would tie out to the cash
21 schedule, the accounts payable schedule, whatever schedule we
22 were looking at.
23 Q So, you were making sure the numbers on the support
24 they sent you match the numbers going into the spreadsheet?
25 A Yes and vice versa.

D. Bender - Direct/Wallace Page 117

1 Q Were you doing any other analysis of the supporting
2 information?
3 A I would look at it at high level. If I saw
4 something that bothered me or something that didn't make
5 sense to me, I'd ask him about it, generally.
6 Q Okay. So, you checked the schedules. You said they
7 would send you a marked-up version of the statement-- of what
8 is necessary to complete the statement?
9 A You know, if -- first of all, we'd have to get an
10 engagement letter. We'd have to get an engagement letter
11 from the client, outline the terms of the engagement. We
12 would, you know, after we would type the statement, sometimes
13 we'd type it in before. We would just type the first draft.
14 After Trump Organization had finalized their
15 numbers and sent to us, you know, we'd send them a final
16 draft. Typically, we'd send them multiple final drafts with
17 red lines sometimes with changes. Red lines, black lines,
18 whatever they call it. I'm not a lawyer. At the point when
19 everybody was-- the Trump Organization was happy with the
20 statement, the compilation, they would send a representation
21 letter.
22 After they signed the representation letter and
23 when the representation letter was signed, Mazars had done
24 all the procedures, all that was required on our end, we
25 would issue the compilation report.

D. Bender - Direct/Wallace Page 118

1 Q Did that process generally remain the same throughout
2 the period of 2011 through your retirement?
3 A To the point we stopped -- not to my retirement.
4 When we stopped compiling the financial statement.
5 Q That was in 2021;
6 A '20 or '21. I don't remember. You have to tell me.
7 Q You said it was the statement as of June 30, 2021?
8 A That's what I thought it was.
9 Q Mr. Bender, you have been handed a document premarked
10 PX-200785. We'll also call it up on the screen here. Do you
11 recognize this document?
12 MR. KISE: Your Honor, this would be one of
13 those documents that we're going to object to on the
14 Statute of Limitations. We don't think it should come
15 in. It's 2011.
16 THE COURT: I agree with you we're trying to do
17 this altogether. Hold on. Mr. Kise, I'm going to
18 overrule you on what I think is going to be a continuing
19 objection, and, I'll recognize the continuing objection.
20 As the Attorney General said earlier, and was in
21 their papers, Statute of Limitations claims are not
22 evidence. These can be relevant to just setting the
23 stage for what happened later. It can be relevant for
24 the equitable relief requested. I'm letting in it in but
25 you can make a statement now.

D. Bender - Direct/Wallace Page 119

1 MR. KISE: We just lodge our objection to the
2 document, and, we're going to do that document by
3 document.
4 THE COURT: Okay. You can make it quick for the
5 other one?
6 MR. KISE: Yes.
7 THE COURT: It's admissible.
8 MR. WALLACE: We offer Plaintiff's Exhibit 75 in
9 evidence, your Honor.
10 THE COURT: It's in evidence.
11 (Whereupon, said exhibit was received in
12 evidence as Plaintiff's Exhibit 75.)
13 Q Mr. Bender, do you recognize this document?
14 A Yes, I do.
15 Q What is it?
16 A It's the engagement letter that compiled the
17 Statement of Financial Condition to Donald J. Trump as of
18 June 30, 2011.
19 Q Okay. If I could direct your attention to the top of
20 the page here. It's addressed to Alan Weisselberg Executive
21 Vice President, Chief Financial Officer of the Trump
22 Organization.
23 Why is this letter being addressed to Mr.
24 Weisselberg?
25 A Mr. Weisselberg signed all the engagement letters.

D. Bender - Direct/Wallace Page 120

1 He was the one who ran the accounting department as Chief
2 Financial Officer for the Trump Organization.
3 Q So, the Trump Organization and their accounting
4 department were responsible for the engagements of you for
5 Donald Trump's personal Statement of Financial Condition?
6 A Yes. Yes, that is fair to say.
7 Q If I can direct your attention to the second and
8 third paragraphs of this letter. I'll just highlight this for
9 you.
10 Let's take a look at paragraphs two and three.
11 "We will perform the following services. We will compile,
12 from information you provide, the Statement of Financial
13 Condition of Donald J. Trump as of June 30, 2011."
14 I think you touched on it when we were talking
15 about high level. What does it mean that you would compile
16 the Statements of Financial Condition?
17 A Compilation is to present, simplistically, to
18 present, in the form of financial statement, the presented
19 compiled information in the form of financial statement given
20 to us by the client. Mazars would do compilation. Mazars
21 would give no assurance on the work and we'd do no testing or
22 analytical review as part of the compilation procedure.
23 Q Your responsibility was for the form of the document?
24 A If I saw something that stuck out at me at high
25 level, I noticed something on that, I would go back to them

D. Bender - Direct/Wallace Page 121

1 and ask them a question but I did not order or review
2 procedure.
3 Q Could you just describe for me when you say "audit or
4 review procedure?"
5 A Review procedure would include analytical procedure,
6 analytical procedure and the accountant would give limited
7 assurance. On order, we'd do analytical procedure and audit
8 testing and give the assurance that the financial statement,
9 simplistically -- I don't have the exact in front of me. The
10 financial statement would be reasonably stated. Sorry.
11 Q In the context of the audit you're describing, what
12 kind of analytical procedures were involved?
13 A Analytical procedure or review would be, you know,
14 comparison from one year to another to determine what kind of
15 procedure, what kind of items you would test.
16 Q Going back to compilation engagement, are you
17 undertaking any steps to make sure the information you're
18 looking at is true?
19 A No, I would just look at something. If something
20 stuck at high level or came to my attention, I would bring it
21 to the attention of the client.
22 Q Okay. Going back to the third sentence here, you
23 write: "We will compile from information you provide." Speak
24 clear. Who's the you that will provide information?
25 A The Trump Organization.

D. Bender - Direct/Wallace Page 122

1 Q Who selected the as-of date of June 30, 2011?
2 A When I came around, it was already June 30th. I
3 think, historically, for a number of years, it was June 30th.
4 Q If we could direct your attention to the top of the
5 next paragraph. It states: "We will compile the financial
6 statements and issue an accountant's report thereon in
7 accordance with statements on Standard For Accounting and
8 Review Services issued by the American Institute of Certified
9 Public Accountants."
10 Can you tell me what is an accountant's report?
11 A In this case, they're talking about the compilation
12 report.
13 Q So, that is something Mazars would be drafting?
14 A It's a standard. It's, I think it's AICPA
15 promulgated and we would make certain changes, you know, if
16 we had to, but it's historical.
17 Q What's the purpose of the accountant's report?
18 A To inform the reader that there is a compilation or
19 any exceptions to whatever standard of accounting the user,
20 the financial statement being prepared under.
21 Q Can you tell me, what are the statements on standards
22 for accounting review services issued by the American
23 Institute of Certified Public Accountants?
24 A SSARS is the standard used promulgated to define
25 what rules would have been for a compilation or review.

D. Bender - Direct/Wallace Page 123

1 Q Do you have an understanding of what the rules were
2 provided for related to this letter in 2011?
3 A Yes, I do.
4 Q What would those rules have provided for?
5 A As I said, no analytical procedures, no testing and
6 the numbers in the financial statement on the representation
7 of management, simplistically.
8 Q Second sentence in this paragraph states: "The
9 objective of a compilation is to present, in the form of
10 financial statements, information that is the representation
11 of management without undertaking to express any assurance on
12 the financial statements." I think we've covered some of
13 this, so I don't want to go through all of it, but, what does
14 it mean it's the representation of management?
15 A As I just stated, your last question, the numbers
16 are the representation of management of the client.
17 Q If we go down to the next paragraph, it states:
18 "Compilation differs significantly from a review or an audit
19 of financial statements."
20 I want to understand, this is, essentially,
21 consistent with what you were telling me before about the
22 difference between review, audit, and compilation?
23 A Yes, sir.
24 Q The next sentence states: "A compilation does not
25 contemplate performing inquiry, analytical procedure, or other

D. Bender - Direct/Wallace Page 124

1 procedure performed in a review."
2 Is that, in fact, the nature of the engagement
3 that Mazars had with the Trump Organization in 2011
4 regarding --
5 A I want to make sure to clarify that it is a
6 compilation that did not contemplate inquiry, analytical
7 reviews, or other procedure.
8 Q Next sentence states: "Additionally, a compilation
9 does not contemplate obtaining an understanding of the
10 entity's internal control, assessing fraud risk, tests of
11 accounting records by obtaining sufficient appropriate audit
12 evidence through inspection, observation, confirmation, the
13 examination of source documents, for example, cancelled checks
14 or bank images or other procedures ordinarily performed in an
15 audit."
16 So, it's a long sentence. Let's take it bit by
17 bit. Looking at the first part of the sentence, what does it
18 mean "a compilation does not contemplate obtaining an
19 understanding of the entity's internal controls?"
20 A That Mazars would not -- Mazars would not, during
21 compilation, would not obtain an understanding of the
22 entity's internal control.
23 Q What internal control is at issue here?
24 A Example of internal control is who, the person who
25 signs the checks person, who signs the checks wouldn't do the

D. Bender - Direct/Wallace Page 125

1 bank reconciliations. You know, it would be some separation
2 of duties.

3 Q With respect to this engagement, internal controls
4 that are being described here relate to how the Statement of
5 Financial Condition was prepared?

6 A No.

7 Q What would they relate to?

8 A If you do an audit.

9 Q So, this is saying this is something you're just not
10 doing?

11 A Yes.

12 Q My question is do you have a sense of what internal
13 controls would be relevant for the preparation of Statement of
14 Financial Condition within the Trump Organization?

15 A Yes, I would wouldn't need to consider internal
16 controls for an audit.

17 Q Do you recall if, at any point, you actually did
18 obtain an understanding of Trump Organization's internal
19 controls regarding the Statements of Financial Condition?

20 A No, I did not.

21 Q In some of your other work, did you look at internal
22 controls the company had in other areas?

23 A We did some, what we call, walk-throughs, maybe.
24 Yes. We took one transaction and followed it through to
25 understand what was being done.

D. Bender - Direct/Wallace Page 126

1 Q Can you just give me an example of what one of those
2 walk-throughs might have been?

3 A When an invoice comes in, the person -- somebody
4 would approve the invoice that they would look and then
5 another person would write the check and then somebody would
6 sign off and review that the check was all ready to be done
7 from start to finish to make sure there was some kind of
8 control involved.

9 Q It mentions that in that compilation does not
10 contemplate assessing fraud risk. Did you ever, in fact,
11 assess fraud risk at the Trump Organization in connection with
12 the Statements of Financial Condition?

13 A No, we did not.

14 Q Did you assess fraud risk for the Trump Organization
15 in other contexts in audit engagements?

16 A Yes, we did.

17 Q What would it entail to assess fraud risk in those
18 instances?

19 A We'd have -- just an example, we'd have, what do you
20 call -- we would have meetings at the beginning of the audit.
21 Brain storming sessions. Sorry. It's been a while.
22 We'd have brainstorming sessions, for example,
23 and we'd discuss potential fraud risks as part of the audit
24 engagement.

25 Q What were fraud risks for some of the entities you

D. Bender - Direct/Wallace Page 127

1 were doing this work for?

2 A I don't have that. That potentially the CFO or
3 somebody could override the controls and that would be an
4 example of fraud risk.

5 Q Sentence also mentions "a compilation does not
6 contemplate a test of accounting records," and goes on. What
7 is a test of accounting records?

8 A An example of an accounting record would be a
9 voucher bill to see that the bill on-- the amount on the bill
10 agreed to the amount in the general ledger and whatever.
11 We'd look at the bill.

12 Q Did you ever, in fact, test accounting records in
13 connection with the preparation of Statements of Financial
14 Condition?

15 A No. No, I do not believe so.

16 Q The top sentence here states: "Our accountant's
17 compilation report is expected to include references to the
18 following departures from Generally Accepted Accounting
19 Principals. First, what are Generally Accepted Accounting
20 Principles?"

21 A We call that GAAP. We use GAAP as we go forward.
22 Those are the rules promulgated on how to prepare standards
23 that are required to prepare financial statements under those
24 rules.

25 Q Are there particular rules -- are there particular

D. Bender - Direct/Wallace Page 128

1 rules that apply to the preparation of Statements of Financial
2 Condition for Donald J. Trump?

3 A They would be under the normal capital rules.

4 Q Are you familiar with those rules?

5 A Some of them. I don't know anymore.

6 Q Do you know which rules govern preservation of
7 financial statements?

8 A Again, Generally Accepted Accounting Principles.

9 Q I'm asking if there is a particular rule, by number
10 or section, if you're aware, that covers the preparation of
11 personal financial statement?

12 A Not right now, I don't know.

13 Q If there was a time in 2011 you had a question about
14 what rules governed the preparation of financial statement,
15 how would you find that out?

16 A I was kind of lucky. My managing partner in my
17 office, he wrote-- he was a big contributor for SSARS, one,
18 and, two, he was strong on GAAP. His office was directly
19 next to me or one office away, depending on where our
20 location was. I also had a quality control person with me
21 who would be an independent quality control person who would
22 review the work to make sure it met certain standards.

23 You know, we would, you know, speak to other
24 partners if I had a question or I could speak to the director
25 of quality control, whatever her department was called. The

D. Bender - Direct/Wallace Page 129

1 name changed over the years.
2 Q Were you or Mazars responsible for making sure the
3 statements complied with GAAP?
4 A No, that was the Trump Organization's
5 responsibility.
6 Q It says here the report is expected to include
7 references to following departures from GAAP. What is a
8 departure from GAAP?
9 A Sometimes people want to not follow GAAP and we'd
10 have to disclose it in the financial segment -- in the
11 compilation report.
12 Q When you say "we"?
13 A I'm sorry. We means Mazars, predecessor.
14 Q If there's a departure from the GAAP rules, it needs
15 to be disclosed. Do I understand that correctly?
16 A That's correct.
17 Q Do you know who decided that Mr. Trump would include
18 these departures from GAAP in his Statements of Financial
19 Condition?
20 A Those are determined by the Trump Organization.
21 Q During the period -- we can cover this broadly but
22 during the period of 2011 to 2020, do you recall any
23 instances -- I'll restart the question.
24 During the period of 2011 to 2020, do you recall
25 any instances where you recommended to the Trump Organization

D. Bender - Direct/Wallace Page 130

1 that you needed to add a GAAP departure to Donald J. Trump's
2 Statements of Financial Condition?
3 A I'm not sure of the year. I believe it was this
4 period there was a GAAP exception pertaining to combining
5 cash and not cash and Marketable Securities. That was the
6 GAAP exception that was put in. There was a GAAP exception.
7 They were excluding certain assets, either in Vegas or
8 Chicago, and those were, what do you call it -- I think may
9 have --have been during this period and that was the GAAP
10 exception when Trump Organization decided to exclude those
11 assets.
12 Q Okay. So, let's take those each in order. The first
13 one you mentioned was GAAP exception for cash and Marketable
14 Securities. I understand your recollection is you had to
15 inform the Trump Organization that that practice needed to be
16 identified as a GAAP exception?
17 A Yes.
18 Q But you don't remember what year?
19 A No.
20 Q The other exception you mentioned was Vegas and
21 Chicago properties -- well --
22 A Vegas and/or. I think it changed over the years.
23 Q So, one of those properties was not being included in
24 the Statements of Financial Condition and that was the GAAP
25 exception that needed to be disclosed?

D. Bender - Direct/Wallace Page 131

1 A Yes.
2 Q You informed the Trump Organization that they needed
3 to add that GAAP exception?
4 A We had a discussion. I informed them. There was
5 discussion there were additional GAAP exceptions that had to
6 be added to the Accountant's Compilation Report.
7 Q Do you remember who you had that discussion with?
8 A Not particularly. Either Jeff and/or Allen
9 Weisselberg.
10 Q Jeff McConney and Allen Weisselberg?
11 A Yes. Sorry.
12 Q For the Vegas and Chicago properties, you don't
13 remember what year this would have occurred?
14 A No, I don't.
15 Q During the period of 2011 to 2020, do you recall any
16 instances where you recommended to the Trump Organization that
17 they needed to remove the GAAP departure from the Donald J.
18 Trump Statement of Financial Condition?
19 A Not today. No, I don't remember anything.
20 Q Why don't we walk through each of these departures.
21 .1 states: "Generally Accepted Accounting Principles require
22 that in order to reflect amount to be received in the future
23 at estimated current values, the rights must be
24 nonforfeitable, fixed, and determinable and not require any
25 future services. Several of the values that will be expressed

D. Bender - Direct/Wallace Page 132

1 will be based on future interests that, in some instances, are
2 not for fixed or determinable amounts and, in some instances,
3 are based on performance of future services."
4 Who made the determination to include this GAAP
5 exception in the Statements of Financial Condition?
6 A It was the Trump Organization.
7 Q .2-- actually let me back up. On the first GAAP
8 exception, did anyone from the Trump Organization tell you why
9 they decided not to follow GAAP on this issue?
10 A Not that I recall.
11 Q Did you perform any accounting procedure to determine
12 if this GAAP exception was accurate?
13 A No.
14 Q Let's move on top .2 which states: "Generally
15 Accepted Accounting Principles require that with respect to
16 each closely held business entity summarized information about
17 assets, liabilities, and results of operations for the most
18 current year must be disclosed in the financial statements.
19 In addition, the current estimated value of each closely held
20 business should be recorded as a net investment assets of
21 liabilities. Lastly, the ownership percentages of each
22 closely held business should be disclosed. The Statements of
23 Financial Condition will not include the required summarized
24 disclosures and will report some closely held business
25 entities in a manner that separately states gross assets and

D. Bender - Direct/Wallace Page 133

1 liabilities and states certain cash positions separately from
2 their related operating entity and will not disclose
3 Mr. Trump's ownership percentage in certain closely held
4 businesses."
5 Who made the determination to include this GAAP
6 departure?
7 A The Trump Organization.
8 Q Did anyone from the Trump Organization tell you why
9 they decided to not follow GAAP on this issue?
10 A Not that I recall, no.
11 Q Did you perform any accounting procedures to
12 determine if this GAAP was accurate?
13 A Not that I recall, no.
14 MR. KISE: Your Honor, just, I'm assuming that
15 these questions are all confined to 2011, not generally.
16 He just hasn't asked that.
17 MR. WALLACE: Yes, we're looking at 2011
18 statement.
19 Q Let's move on to point numb three. "Generally
20 Accepted Accounting Principles require the receipt of
21 noninterest-bearing deposits in exchange for rights and
22 privileges of the recorded present value of liability. The
23 present value of the liability for noninterest-bearing
24 deposits received as a condition of membership in club
25 facilities will not be included in the accompanying Statement

Page 134

1 of Financial Condition."
2 Who made the determination not to follow GAAP on
3 this departure?
4 A The Trump Organization.
5 Q Did anyone from the Trump Organization tell you why
6 they decided not to follow GAAP on this issue?
7 A Not that I recall today.

1 Q Did you perform any accounting procedures to determine
2 if this G.A.A.P. exception was accurate?
3 A No, I did not.
4 Q Let's take a look at item number four.
5 "Generally Accepting Accounting Principles require
6 that personal financial statements include a provision of
7 current income taxes, as well as estimated income taxes on the
8 differences between estimated current values of assets and
9 estimated current amounts of liabilities and their tax basis.
10 The Statement of Financial Condition will not include such
11 provisions."
12 Who made the determination to include this G.A.A.P.
13 departure?
14 A The Trump Organization.
15 Q And did anybody from the Trump Organization tell you
16 why they decided not to follow G.A.A.P. on this issue?
17 A No, sir.
18 Q Did you perform any accounting procedures to determine
19 if this G.A.A.P. exception was accurate?
20 A No, I did not.
21 Q Last one.
22 "Generally Accepted Accounting Principles require that
23 personal financial statements include all assets and liabilities
24 of the individual whose financial statements are presented. The
25 accompanying Statement of Financial Condition does not include

D. Bender - Direct by Mr. Wallach Page 136

1 the following for Trump International Hotel and Tower Chicago,
2 and Trump International Hotel and Tower Las Vegas:
3 "One. Real property-related assets.
4 "Two. Mortgages and loans payable.
5 Three. Guarantees which Donald J. Trump may have
6 provided."
7 Is this the exception that we were talking about
8 earlier, that you recall having?
9 A Yes.
10 Q So, who was responsible for including this G.A.A.P.
11 exception?
12 A The Trump Organization.
13 Q Did you ever discuss, with the Trump Organization, why
14 they didn't want to include Chicago and Las Vegas on the
15 Statement of Financial Condition?
16 A That would be subject to a Kovel letter.
17 Q Just, so I understand, you were retained by tax
18 counsel for Mr. Trump, and that's how you learned about issues
19 relating to Chicago and Las Vegas?
20 A Yes.
21 Q So, you were providing consulting services to an
22 attorney. The attorney was representing Mr. Trump; is that
23 correct?
24 A Yes.
25 Q We are fine not going any further on that, then.

D. Bender - Direct by Mr. Wallach Page 137

1 If we look at the bottom part of the page, the last
2 sentence states:
3 "The effects of the above departures from Generally
4 Accepted Accounting Principles, as described above, will not be
5 determined or disclosed in our accountant's compilation report."
6 What is meant by, The effects of the above departures?
7 A Simplistically, how these departures might affect the
8 financial statement that -- you know, the numbers on the
9 financial statement, or the footnotes.
10 Q So, if I'm understanding correctly, if G.A.A.P. had
11 been followed in these instances, you are not going to calculate
12 what the differences would be?
13 A Simplistically, yes.
14 Q I'm very simplistic, so I'm happy to see it that way.
15 A So am I.
16 Q Why were the effects not determined or disclosed?
17 A It was never discussed, but it would have been a
18 tremendous job to figure it out.
19 Q And whose determination was it, not to determine or
20 disclose the amount of those departures.
21 A Trump Organization.
22 Q Okay.
23 MR. WALLACE: If we could turn to the next page.
24 Q The top of the page it states:
25 "Further, our report will include the following:

D. Bender - Direct by Mr. Wallach Page 138

1 "Because the significance and pervasiveness of the
2 matters discussed above make it difficult to assess their impact
3 on the Statement of Financial Condition, users of this financial
4 statement should recognize that they might reach different
5 conclusions about the financial condition of Donald J. Trump if
6 they had access to a revised Statement of Financial Condition,
7 without the above-referenced exceptions to generally accepted
8 principles."
9 First, what is meant by, significance and
10 pervasiveness?
11 A To me, simplistically, it would have a big number, or
12 have an effect on what the reader would perceive, by reading the
13 financial statement.
14 Q So the difference between following G.A.A.P. and not
15 following G.A.A.P. on the above essentials could be significant
16 and pervasive?
17 A Yes, sir.
18 Q And when he says, The matters discussed above, that's
19 referring to the G.A.A.P. exceptions we were just walking
20 through; is that correct?
21 A That is correct.
22 Q I just want to make sure I understand. This is only
23 referring to the size and pervasiveness of the G.A.A.P.
24 exceptions that were actually disclosed in the paragraphs above;
25 is that correct?

D. Bender - Direct by Mr. Wallach Page 139

1 A Discussed above. Yes.
2 Q Why don't we turn to paragraph four on this page.
3 The top of this paragraph states:
4 "Our engagement cannot be relied upon to disclose
5 errors, fraud, or illegal acts that may exist. However, we will
6 inform the appropriate level of management of any material
7 errors, and of any evidence or information that comes to our
8 attention during the performance of our compilation procedures,
9 that fraud may have occurred. In addition, we'll report to you
10 any evidence or information that comes to our attention during
11 the performance of our compilation procedures regarding illegal
12 acts that may have occurred, unless they were clearly
13 inconsequential. We have no responsibility to identify any
14 communication deficiencies in your internal control, as part of
15 this engagement."
16 What does it mean that your engagement cannot be
17 relied upon to disclose errors, fraud, or illegal acts that may
18 exist?
19 A As we discussed earlier, since it's a compilation,
20 Mazars did not do, for example, any internal control work. The
21 financial statement is a representation of management, and
22 Mazars is giving no assurance on the financial statements.
23 Q When you said you relied on the representation of
24 management, who was management?
25 A That would be Donald J. Trump or his trustees, Alan

D. Bender - Direct by Mr. Wallach Page 140

1 Weisselberg, or whoever was -- whoever was determined to be the
2 agent of either Trump -- Mr. Trump, or his trust.
3 Q Okay. Let me address Mr. Kise's point, from before.
4 In the year 2011, who would be the management relied upon?
5 A Mr. Trump, and his representatives.
6 Q The next sentence states that, "We'll inform the
7 appropriate level of management of any material errors."
8 Do you see that section?
9 A Yes.
10 Q Do you have an understanding of who the appropriate
11 level of management was, in 2011?
12 A It would have been Mr. Trump and Mr. Weisselberg. We
13 would have communicated with, presumably, Mr. Weisselberg or
14 Mr. McConney, if we found an error.
15 Q Do you ever remember bringing an error to Mr. Trump's
16 attention?
17 A No, I do not.
18 Q Do you remember bringing any errors to
19 Mr. Weisselberg's attention?
20 A Mr. Weisselberg or Mr. McConney. I can't tell you who
21 was on the individual items. Mr. Weisselberg or Mr. McConney
22 did, from time to time, find errors, and we would go over
23 things.
24 Q So, not necessarily 2011, but you remember, from time
25 to time, you would bring errors to Mr. Weisselberg's and

D. Bender - Direct by Mr. Wallach Page 141

1 Mr. McConney's attention?
2 A Yes.
3 Q Do you have any specific recollection of the errors
4 you brought to their attention?
5 A There could have been an error -- one year, this was
6 many years ago, it was on the cash schedule. They included
7 Mr. Trump's foundation, and we took that off. A couple of years
8 there were errors pertaining to -- there were errors pertaining
9 to -- I'm losing it. Ivanka Trump had an option to buy certain
10 apartments, or one apartment I knew about, on Trump Park Avenue,
11 and the value they were using for that apartment on their
12 schedule, valuing Trump Park Avenue, differed from what Ivanka
13 was valuing the apartment, Ivanka's option for the apartment,
14 was.
15 There were a couple of times pertaining to straight
16 line receivables. I think they may have gone the wrong way on
17 the financial statements. We would have to correct, adjust an
18 asset for a straight line receivable.
19 There was some times, from time to time, when they
20 were cross referencing cash on an account's payable schedule, to
21 the lead sheet for cash or accounts payable. The number would
22 be a little bit different than we had talked about it.
23 Sometimes it would be -- we would adjust it. Sometimes it would
24 be a small amount, and the Trump Organization -- the Trump
25 Organization would adjust it, or sometimes it would not -- it

D. Bender - Direct by Mr. Wallach Page 142

1 was not worth the material -- not material. It was necessarily
2 to adjust.
3 Q Any other examples you remember?
4 A That's it, right now.
5 Q Okay. I'll just walk through this, a little bit.
6 On the last one you said there was an issue with cross
7 referencing cash, or accounts payable. Would the number that
8 you would see in the supporting spreadsheet, wouldn't match the
9 number that was actually in the supporting data?
10 A Sometimes there would be an example in a cash account
11 on the lead sheet for cash, and then there might be, for
12 instance, a balance sheet for a golf course in Jeff
13 Supporting -- in his back up, Jeff Supporting Data, and there
14 would be a cash number, and it could go either way, but we would
15 bring it to the Trump Organization's attention, if we came
16 across it.
17 Q Go either way, meaning it could be higher?
18 A Yes. Yes, or lower.
19 Q And if I'm understanding your testimony correctly,
20 they would correct it if it was, but sometimes it -- they would
21 often correct it, but sometimes it wasn't big enough to merit a
22 correction?
23 A Or they didn't want to -- it may have been -- that's
24 fair to say, yes.
25 Q Do you remember specifically, when you mentioned an

D. Bender - Direct by Mr. Wallach Page 143

1 issue with the cash schedule, including money from Mr. Trump's
2 foundation, do you remember when that occurred?
3 A Long time ago.
4 Q Okay. You mentioned the Ivanka Trump option to buy an
5 apartment at Trump Park Avenue. Do you remember when that
6 occurred?
7 A I don't remember the year, but I believe it was two
8 years, I changed it. At least.
9 Q So the error was repeated again the following year?
10 A It may have not been the following year, but it was
11 more than one year.
12 Q How did you come to know that Ivanka Trump had an
13 option on an apartment on Trump Park Avenue?
14 A I don't recall.
15 Q Could you describe for me what you meant when you were
16 talking about straight line receivables, for someone who may not
17 deal with receivables on a regular basis?
18 A Oh, my God. You're in trouble, now.
19 Under G.A.A.P. -- it's more old G.A.A.P. and new
20 G.A.A.P., but when you are doing Generally Accepted Accounting
21 Principles, the income stream for a lease, simplistically,
22 should be picked up pro rata, over the life of the lease. So
23 for instance, if the first year has free rent, and -- let's say
24 it's a ten-year lease, and the first year is free, and the next
25 nine years equal up to a million dollars in total, so for the

D. Bender - Direct by Mr. Wallach Page 144

1 total ten years, it's a million dollars. You would pick up a
2 rent of \$100,000 every year, on that lease.
3 Q Okay. And you are saying that sometimes it went the
4 wrong way?
5 A Certain schedules they would ask us for, and it was --
6 sometimes, it went the wrong way.
7 Q And this was in connection with the preparation of the
8 Statement of Financial Condition?
9 A The adjustment they were making on the Statement of
10 Financial Condition did not always go the right way.
11 Q But you don't remember what year that occurred in?
12 A No, but again, multiple times. A couple times, I
13 believe.
14 Q Why don't we take a look at the next paragraph, which,
15 the single sentence, it states, "As part of our engagement, we
16 will also perform other accounting services, as needed."
17 Do you know if other accounting services were needed,
18 as part of this engagement in 2011?
19 A I don't recall.
20 Q Do you remember ever performing other accounting
21 services in connection with preparation of a Statement of
22 Financial Condition?
23 A Other accounting services might include, for instance,
24 drafting a few words in a footnote, or helping with a footnote.
25 Something like that could have occurred, over the years.

D. Bender - Direct by Mr. Wallach Page 145

1 Q I'm sorry. Drafting -- I didn't hear.
2 A A note, changing something on a footnote. For
3 instance the G.A.A.P. exceptions we talked about before, for
4 cash, the wording for the -- in the compilation report, I keep
5 calling them footnotes. The notes would have almost the exact
6 same wording to the wording that went into the compilation
7 report. That wording, I believe, would go into those financial
8 statements.
9 Q So, if they were using your accounting work product,
10 that's an additional accounting service, and it might be
11 included in a report where you are just doing compilation?
12 A Yes, but that's a sentence I generally put in most of
13 my engagement letters.
14 Q Okay. If we look at the next paragraph underneath
15 that, it says, "You are responsible for making management
16 decisions and performing management functions, and for
17 designating an individual with suitable skill, knowledge or
18 experience to oversee any other services we provide."
19 What falls into the category of management decisions
20 and management functions?
21 A Determine the methodology for how the properties would
22 be valued.
23 Q Okay. And so you didn't have any role in the methods
24 of valuation in the Statement of Financial Condition?
25 A No, I didn't. No, I did not.

D. Bender - Direct by Mr. Wallach Page 146

1 Q For this engagement, do you know, in 2011, do you know
2 who the individual was who was designated to supervise the
3 services you provided?
4 A Alan Weisselberg, with the assistance of Jeff
5 McConney.
6 Q And are you familiar with their relevant skill,
7 knowledge and experience?
8 A Yes.
9 Q And could you describe for me, generally, the level of
10 their skill, knowledge and experience?
11 A Alan --
12 MR. KISE: Objection. Is the witness going to
13 provide his understanding? Is he opining as an expert on
14 the level of knowledge and experience?
15 THE COURT: Well, he is not qualified as an
16 expert. He is a fact witness; right?
17 MR. WALLACE: Correct. I'm asking what his
18 understanding was of the -- of the skill, knowledge and
19 expertise that Mr. Weisselberg and Mr. McConney had, when
20 they were receiving his service.
21 MR. KISE: I don't think there's any proper
22 foundation laid for that. I don't see how he can ask this
23 witness that question, other than his general guessing as
24 to what their qualifications were. There hasn't been any
25 testimony that he is familiar with those individuals, to

D. Bender - Direct by Mr. Wallach Page 147

1 the extent he knows their educational background, knowledge
2 or training.
3 MR. WALLACE: I will ask him some foundational
4 questions.
5 Q So, let me back up. The suitable skill, knowledge and
6 experience refers to the process of valuing properties. Is that
7 correct?
8 A Amongst other things.
9 Q And are you familiar with the skill, knowledge or
10 experience of, let's start with Mr. McConney, in valuing real
11 estate?
12 A No, I'm not.
13 Q What about Mr. Weisselberg?
14 A No, I'm not.
15 Q So you don't have any familiarity with their skill,
16 knowledge or experience.
17 Did you ever make a determination as to whether or not
18 they had suitable skill, knowledge or experience?
19 MR. KISE: Objection.
20 MR. WALLACE: I'm asking if he made a
21 determination.
22 MR. KISE: How can he make a determination if he
23 has no understanding?
24 MR. WALLACE: Then the answer can be no.
25 THE COURT: Overruled. Whether it was right or

D. Bender - Direct by Mr. Wallach Page 148

1 wrong, proper-improper determination, if he made a
2 determination, he made a determination.
3 Q And the question is, did you make a determination?
4 A I made a determination they had the suitable skill,
5 experience to oversee the services that we were providing.
6 Q Understood.
7 MR. WALLACE: If we turn to the next page of this
8 engagement letter.
9 Sorry. If we can go to the bottom. Next page.
10 Q Do you recognize -- well, first let me ask you,
11 underneath WeiserMazars, did you sign this agreement?
12 A WeiserMazars.
13 Q WeiserMazars?
14 A But some people use the French interpretation.
15 You are asking who signed?
16 Q Who signed that?
17 A That's either my signature, or an electronic signature
18 of mine, which I would have given permission to use. But it's
19 probably a real signature.
20 Q On behalf of the firm?
21 A Yes.
22 Q And do you recognize the signature underneath that
23 one?
24 A That's Alan Weisselberg.
25 Q Okay. And did you have an understanding of whether or

D. Bender - Direct by Mr. Wallach Page 149

1 not Mr. Weisselberg had the authority to retain Mazars for this
2 engagement, based on his position as CFO of the Trump
3 Organization?
4 A Yes, I did.
5 Q And what was the basis for that understanding?
6 A He was -- he signed all the engagement letters for the
7 Trump Organization, for the entities that -- let me take that
8 back. He signed all the engagement letters for the entities
9 that were run out of 725 Fifth Avenue. I'm not sure he ran all
10 the entities. And he was the go-to guy for all accounting
11 matters for the Trump Organization.
12 Q Mr. Bender, do you recognize -- I've handed you a
13 document that's been marked Plaintiff's Exhibit 1893 --
14 MR. WALLACE: Strike that.
15 Q Mr. Bender, I've handed you a document that has been
16 marked Plaintiff's Exhibit 1873 for identification. Do you
17 recognize this document?
18 A Yes, I do.
19 Q And what is it?
20 A This is a -- this is an email from Jeff McConney to
21 me -- Doc is me. That's a nickname. That's the most asked
22 question in deposition history -- where Jeff is sending us some
23 information. It appears to be in Excel, for the June 30th, 2011
24 statement of the compilation of the June 30th, 2011 Statement of
25 Financial Conditions for Donald J. Trump.

D. Bender - Direct by Mr. Wallach Page 150

1 MR. WALLACE: I believe the defendants have an
2 objection.
3 MR. KISE: Thank you, Mr. Wallace.
4 Yes. Same objection, your Honor. Predates the
5 July 13, 2014.
6 THE COURT: Okay. Duly noted, and overruled, for
7 the same reasons.
8 Q Do you want to explain why you're called Doc, on this?
9 A Jeff came from the predecessor firm, Spahr Lacher &
10 Berk, I won't go through all the -- and this was a nickname I
11 had 35, 40 years ago, and it's only legend. I don't remember
12 exactly what it is, and it still sticks around with one or two
13 people, today.
14 Q So, do you have an understanding of, what are these
15 attachments that he's sending to you, in this email?
16 A These are certain -- this is the schedule. It appears
17 to be the schedule we previously discussed, which was their
18 control schedule, or at least the first version of it, for
19 the Jeff Supporting Data, and certain backup schedules, as shown
20 under the attachment section.
21 Q Okay. And so, this would be at the beginning of the
22 process of preparing the Statement of Financial Condition?
23 A Assuming that this is the first one. There could have
24 been a predecessor one. I couldn't answer that, today.
25 Q You can see, there's a number of exhibits listed under

D. Bender - Direct by Mr. Wallach Page 151

1 attachments, and the first one is Jeff Supporting Data. Can you
2 just describe for me what you understand that exhibit to be?
3 A That's Jeff's control sheet on how he is coming up to
4 the Statement of Financial Condition for Mr. Trump, as of
5 June 30th, 2011, and if that's the control sheet, we would be
6 using those numbers. At the end of the day, the numbers on the
7 Jeff Supporting Data, when all is said and done, have to agree.
8 Should agree. Nothing has to, in life. Should agree, to the
9 assets and liabilities on the Statement of Financial Condition.
10 Q Okay.
11 MR. WALLACE: Can we pull up, I believe it's the
12 native one of that attachment to this email. This is still
13 Exhibit 1873. This is the native version, the Excel
14 version of the attachment that we were just looking at. If
15 we can just go up to the top.
16 Q Do you recognize this document, or this attachment?
17 A This is one, a version of the Jeff Supporting Data for
18 the Statement of Financial Conditions for Mr. Trump, as of
19 June 30, 2011.
20 MR. KISE: Same objection, your Honor.
21 THE COURT: Well, it's part of the same exhibit,
22 so --
23 MR. KISE: Well, that's not exactly clear. I
24 think it is.
25 THE COURT: You are right. So I'll recognize the

D. Bender - Direct by Mr. Wallach Page 152

1 objection, and overrule it.
2 MR. KISE: Thank you.
3 Q So, can you describe for me how this document works?
4 A Jeffrey, line-by-line, prepares -- he is saying that
5 the cash, 207 million -- yes. \$207,488,027, Jeff would have a
6 back-up schedule in this case, for that amount. Sometimes he
7 would do the computation, but this is his control, and his
8 backup. In many ways, it would be like a trial balance. This
9 is where Jeff is determining Jeff, or the Trump Organization,
10 whoever is determining it, would -- this would be their control
11 sheet.
12 Q And what would you do with this document, when you
13 received it?
14 A Whatever version was the last version we would have
15 received when we started our compilation work at Mazars, that
16 would be our control. So, if Jeffrey -- and we would change.
17 If Jeffrey would send updates afterwards, Jeff, or a member of
18 his team, we would cut and paste that information into a new
19 worksheet, because we do a lot of referencing back and forth,
20 and we didn't want to put what we call tick marks, and I'm sure
21 we'll see that the next few days. We wouldn't want to have to
22 put all these references in 500 times, so we needed to take a
23 version that was our control, and that would be the version when
24 we started, really started to do the work.
25 Q Okay. So he might send you this, and you might not

D. Bender - Direct by Mr. Wallach Page 153

1 work on it, but it might be the version you would use to control
2 and put together your final work?
3 A The version that we received when we started our
4 compilation procedures, started the real work, not the
5 engagement, but honestly started the work, that was the one we
6 would use, and any updates came in, we would just cut and paste
7 the certain lines, as needed, to make it agree to the Trump
8 Organization's version that they were sending us later.
9 Q If we go back to the original email, Exhibit 1873 --
10 MR. KISE: Just for record purposes. Sorry. How
11 are we keeping track? I know that the exhibit has a number
12 on it, but the spreadsheet, do we have some number
13 associated with it? I mean, how are we --
14 MR. WALLACE: That's incorporated with the
15 exhibit list, I believe is how we prepared it, and there is
16 a native file attachment. So, I think that's what we sent
17 to you guys when we produced our exhibit list. I'm not
18 sure. I'll confess, I don't remember how you guys
19 structured your --
20 MR. KISE: I just want to make sure we have got
21 some way of keeping track. We will sort that out later.
22 MR. WALLACE: Sure. I will, when I'm reading in
23 the record, I did read -- this is native 01, so we'll try
24 to make that as clear as possible.
25 So, I would like to open one of the other

D. Bender - Direct by Mr. Wallach Page 154

1 exhibits. It's escrow balances 0611XLS. I'll say this is
2 going to be Plaintiff's Exhibit 1873, native file 04. This
3 was on the exhibit list, with a file name of September 23,
4 2011, Restricted Cash Flow and Escrow Balances.
5 Q Do you recognize this document?
6 A I think you said Restricted Cash Flow. I think it's
7 Restricted Cash.
8 Q Restricted Cash. You are correct. Thank you for
9 correcting me.
10 Do you recognize this document?
11 A It appears to be -- it appears to be a schedule Jeff
12 McConney or the Trump Organization would have sent us, with the
13 restricted cash and escrow balances for Donald J. Trump for
14 June 20, 2011.
15 Q Do you have an understanding of who would have
16 prepared it?
17 A Somebody in the Trump Organization.
18 (Continued on the next page.)

D. Bender - Direct/Wallace Page 155

1 Q What would you do with this document once you
2 received it?
3 A I would have to check my work papers but,
4 presumably, we would have footed it, added it up. I don't
5 know if any other backup came with it, and, we'd make sure
6 that the total at the end of the day, if you can't see down
7 here, ties into the Jeff Supporting Data at the end.
8 Q You're saying you want to make sure?
9 A 9,000,180.
10 Q That comports with the Jeff Supporting Data
11 spreadsheet?
12 A Yes.
13 Q This e-mail plaintiff's Exhibit 1873, file name is
14 Native 05. Do you recognize this document?
15 A It appears to be the Trump Organization's schedule
16 of cash and short-term investments from Mr. Trump and his
17 entities as of June 30, 2011.
18 Q Do you have an understanding of who prepared it?
19 A It would have been prepared by Trump Organization.
20 Q What would you do with this document when you
21 received it?
22 A I can't --
23 MR. KISE: Same objection. Same objection.
24 THE COURT: Noted and same ruling.
25 MR. KISE: I think that applied to the last file

D. Bender - Direct/Wallace Page 156

1 too. It's moving so quickly. I don't recall it but just
2 for the record.
3 MR. WALLACE: We're happy to note --
4 THE COURT: We'll accept the objection
5 retroactively.
6 MR. WALLACE: We're happy to recognize that the
7 defendant's have a standing objection to documents from
8 before the Statute of Limitations.
9 Q So, I'm sorry. I don't know if it was asked and
10 answered. What would you do when you received this?
11 A What would we do when we received it?
12 Q Yes.
13 A First, we would insert it in our binder. I would
14 need to see our work papers, specifically, to see what we
15 did. I presume that we would have footed it or cross-footed
16 it. We'd have to check that and we would have made sure that
17 the total on the bottom agrees to Jeff Supporting Data.
18 Q So, you mentioned footing and cross-footing. Is that
19 how you're recording your work on Statements of Financial
20 Condition?
21 A I record-- we didn't always do it but sometimes we
22 just check the math. You go down Excel, boom, and make sure
23 it adds.
24 Q Why don't we see if it's helpful. This is a Native
25 file document, so we just have a slip sheet for the document.

D. Bender - Direct/Wallace Page 157

1 (Handing.)
2 Q So, the exhibit is Excel spreadsheet bearing
3 production number Mazars NYAG 00003154. Do you recognize this
4 document?
5 A It appears to be Mazars' version, final version of
6 the Jeff Supporting Data Statements of Financial Condition to
7 Donald J. Trump as of June 30, 2011.
8 MR. KISE: Same objection.
9 THE COURT: Can we simplify this by calling it a
10 standing objection?
11 MR. KISE: It's the objection on the Statute of
12 Limitations. Perhaps, I should frame it that way.
13 Statute of Limitations objection.
14 THE COURT: Standing objection to any document
15 before 2014?
16 MR. KISE: July 13, 2014. Yes, your Honor.
17 THE COURT: Okay. If I change my ruling on the
18 objections, I'll let you know.
19 Q So, Mr. Bender, you mentioned this is the final
20 version. How did you determine that?
21 A It appears to be the final version because it has
22 tick marks the blue. Red marks which would be the control
23 version I previously discussed. We would have had the blue
24 numbers cross-references to Mazars' work papers. So, it
25 appears to be our version.

D. Bender - Direct/Wallace Page 158

1 Q Okay. So, let's walk through that. First, I'll walk
2 up to the screen. The first one you mentioned, what are these
3 red indications? I'll describe them for the record as two red
4 arrows in the form of a circle.
5 What does that indicate?
6 A I'd have to go back and confirm to our software
7 definition of tick marks but I believe it means the math was
8 calculated.
9 Q To the extent folks can see, up in the C area here.
10 "=round (+ E-11, *E-12, 0.)" What does the combination of red
11 circles of the formula of that cell indicate?
12 A They are saying 535,714 multiplied by .0615 equals
13 32,946.
14 Q So, if I'm understanding correctly, the red circles
15 indicate someone from Mazars is confirming the math is being
16 performed correctly on that?
17 A Yes.
18 Q You also mentioned the blue numbers. I'll describe
19 it for the record. We're here at -- why don't we take a look
20 at this one. I'll note for the record it's in row six, column
21 H. There's a blue number 4100.01. What does that indicate?
22 A I previously mentioned Mazars had a software package
23 which we call-- I think it's called edge game. We call it,
24 E-pace. In E-pace these work papers are inserted. That's our
25 file. It was paper in the olden days. This is done

D. Bender - Direct/Wallace Page 159

1 electronically. The back of the schedule, I can't see what--
2 the yellow sign is for the number but the 207 million and
3 change is on schedule 4100.01 and if the software works
4 correctly, and I clicked that 4100.01, it will open up that
5 schedule and see the numbers are the same.
6 Q Okay. So, I'm going to ask if we can pull up the
7 document marked as Plaintiff's Exhibit 2613. This is another
8 Native file document. So, we have handed up a slip sheet.
9 We're going to put the Excel version up on the
10 screen here and I could ask you, do you recognize this
11 document?
12 Actually, let me state for the record that on
13 our exhibit list, this document is identified as a document
14 listed as SLA&E and it's saved as 4100. Cash balances as of
15 6/30/11, XLS XLS.
16 Do you recognize this document?
17 A It appears to be the schedule short-term cash and
18 short-term investments under 50,000 for Mr. Trump and his
19 entities as of June 30, 2011.
20 Q There's an earlier tab 6/30/11. What is that tab
21 document?
22 A This is the schedule prepared by the Trump
23 Organization of cash and short-term investments for Mr. Trump
24 and his entities as of June 30, 2011.
25 Q What does the notation up on the top in red PBC

D. Bender - Direct/Wallace Page 160

1 indicate?
2 A That's -- it stands for prepared by client.
3 Software you can just click it and it goes on.
4 Q This is indicating this is information you received
5 from the Trump Organization. It's not something generated by
6 Mazars; is that correct?
7 A Yes.
8 Q Is this a schedule that would pop up in your system?
9 A Yes.
10 Q When you click on number 41?
11 A It should.
12 MR. KISE: Your Honor, Statute of Limitations
13 objection.
14 THE COURT: I don't think we have to do it for
15 every document.
16 MR. KISE: I'm going to look again, but, my
17 understanding of the case law is we actually do,
18 unfortunately. That the Appellate Division won't accept
19 a straight line objection. We can come up with a way to
20 streamline this, I assure you.
21 THE COURT: Okay. Well, we only have a few more
22 months.
23 Q So, if we could scroll down to the bottom here, row
24 42. The line reads: "Balances in US dollars at the exchange
25 rate on 6/30/11."

D. Bender - Direct/Wallace Page 161

1 I'm actually interested in the notation next to
2 it that's in small red letters, TB.
3 What does that indicate?
4 A That stands for trial balance. That was one of the
5 ways we could reference it back to Jeff Supporting Data.
6 Q So, can you explain to me how that works? Is this
7 another link?
8 A It's just placed on top PBC. Trial balance in most
9 accounting closings is the control sheet. In many ways, I
10 think I stated earlier today the Jeff Supporting Data is
11 equivalent of trial balance for this purpose.
12 So, you might see a TB, you might see a
13 reference to control sheet or whatever the reference is to
14 Jeff Supporting Data.
15 Q This is an indication the number here matches the
16 number in the Jeff Supporting Data?
17 A Yes.
18 Q If we look at the bottom, the number here, again,
19 it's got the-- we'll describe as two red arrows and a circle.
20 What is indicated by two red arrows and circle?
21 A I have to check the definition but I think it means
22 math calculated.
23 Q Okay. That number there 207,488,026.58. Did Mazars
24 undertake any audit procedures to confirm that number was
25 correct?

D. Bender - Direct/Wallace Page 162

1 A No, he did not.
2 Q Did Mazars undertake any assurance procedures
3 whatsoever with respect to that number?
4 A No, it did not.
5 Q So, I think we just follow the link 4100.01 to see
6 the \$207 million number. Is that how it works?
7 A The little yield sign is -- -
8 Q That should be what it is?
9 A Yes.
10 Q Okay. So, that looks right?
11 A I think it was, yeah.
12 Q So, when Mazars would check that numbers, the
13 207,488,027 against the spreadsheet we were just looking at,
14 are you performing any accounting procedure in doing that?
15 A No, I did a quick overview and I told you, one year
16 I looked at the high level. The second, a member of the
17 Mazars looked at it and one year I included the foundation
18 and we took it up and we suggested-- we made the
19 recommendation it should be taken out and the Trump
20 Organization agreed with us and they took it out.
21 Q So, as you spot an issue, you bring it up. You
22 weren't going out and looking for issues?
23 A If something bothered me and I noticed it, I would
24 bring it to their attention, and we'd talk about it.
25 Q So, can I ask, if all of the blue numbers in this

D. Bender - Direct/Wallace Page 163

1 document look the same way, they'd take you back to another
2 file that would have information that sports the number in the
3 spreadsheet?
4 A I believe that would be true, but, I'd have to look
5 at the whole document to confirm that.
6 MR. WALLACE: Could we pull up Plaintiff's
7 Exhibit 787?
8 Q I put a copy image up on the screen, Mr. Bender. Do
9 you recognize this document?
10 THE COURT: Objection duly noted.
11 MR. KISE: Thank you.
12 A Yes, I do.
13 Q What is this document?
14 A This is the Statement of Financial Condition for
15 Mr. Trump as of June 30, 2011.
16 Q Is this the final version?
17 A Yes, it is.
18 Q How can you tell?
19 A It has my electronic signature on the second page of
20 the Accountant's Compilation Report.
21 Q If we can turn to that page, the second page, Bates
22 number 3133. This is the electronic signature you're talking
23 about?
24 A Could be by manual or electronic. I don't know.
25 Q So, what should the relationship be between this

D. Bender - Direct/Wallace Page 164

1 document and the Jeff Supporting Data spreadsheet we were
2 looking at?
3 A The numbers should be the same.
4 Q So, why don't we go to the top -- actually, let's go
5 down a couple of pages here. So, cash and Marketable
6 Securities, the number here is 258,900,000. That should match
7 the number in Jeff Supporting Data?
8 A Yes, it should.
9 Q You see the number 258,900,000 those are the numbers
10 that should be matching?
11 A Yes.
12 Q That was the service Mazars is providing, translating
13 those numbers into the form of the financial statement we were
14 just looking at?
15 A No, Trump Organization put the statement together.
16 So, we didn't have to do it. We would have checked the
17 number as part of our compilation procedure. We would have
18 made sure the numbers on this spreadsheet would have agreed
19 to the Statements of Financial Condition by the Trump
20 Organization.
21 Q So, you're just typesetting the financial statement
22 or is there some other --
23 A No, we'd-- all of those things, it's more of
24 typesetting. We would discuss the kind of things we talked
25 about before the cash, Ivanka's apartment, footing of the

D. Bender - Direct/Wallace Page 165

1 schedule. We make sure they cross-reference but we would
2 have typed final statements.
3 Q Okay. So, if we could go back to the statement which
4 I believe is Exhibit 787, I want to walk through the various
5 segments of the report. I believe this is the first page.
6 So, this page stating "Donald J. Trump Statement of Financial
7 Condition June 30, 2011."
8 What is this section of the Statements of
9 Financial Condition?
10 A This page?
11 Q Yes.
12 A This page is the asset page.
13 Q Okay. What is reflected -- so, who is responsible
14 for the numbers on this page?
15 A The Trump Organization.
16 Q I should have gone back a couple of pages. Can we go
17 back. So, if we go to the top, actually. Independent
18 Accountant's Compilation Report. What is this section of the
19 Statements of Financial Condition?
20 A As we talked about earlier this afternoon, this is
21 the Accountant's Compilation Report. This is basically a
22 AICPA promulgated form. We make some changes. In this case,
23 the GAAP exceptions, for example, and this explains that, you
24 know, our procedures are only compilation procedures.
25 They're not order review procedures, and we did not do review

D. Bender - Direct/Wallace Page 166

1 or audit testing or analytics, as we went through this
2 afternoon.
3 Q So, why is this addressed to Donald J. Trump?
4 A Because the engagement-- it's assets of Donald J.
5 Trump and, in this case, the engagement letter was and the --
6 the engagement letter is addressed to Donald J. Trump.
7 Q The first paragraph states --
8 A I take that back. It's not true. The engagement
9 letter does not address Donald J. Trump but the engagement
10 letter says we were engaged to prepare the financial letter
11 statement for Donald J. Trump.
12 Q The engagement letter was to the Trump Organization
13 signed by Allen Weisselberg to prepare, compile the Statements
14 of Financial Condition for Donald J. Trump?
15 A Yes. I apologize for the error.
16 Q First paragraph states: "We have compiled the
17 accompanying Statements of Financial Condition of Donald J.
18 Trump as of June 30, 2011. We have not audited or reviewed
19 the accompanying financial statement and, accordingly, do not
20 express an opinion or provide any assurance about whether the
21 financial statement is in accordance with accounting
22 principles generally accepted in the United States of
23 America."
24 Is this statement accurate?
25 A Yes, it is.

D. Bender - Direct/Wallace Page 167

1 Q Okay. Did this language have to be included with the
2 Statements of Financial Condition?
3 A This letter had to be included in the Independent
4 Accountant's Compilation Report.
5 Q Which attaches to the Statements of Financial
6 Condition?
7 A Yes.
8 Q So, to make sure we're describing the full document
9 here as the Statements of Financial Condition but,
10 technically, that list of values, that's what is his statement
11 and this is an attachment?
12 A That and the accompanying footnotes, notes.
13 Q Why don't we take -- why don't we take a quick look
14 at those. I think they appear on page six -- no. Four. So,
15 this says: "Notes to Statement of Financial Condition," and
16 in parenthesis, "Independent Accountant's Compilation of
17 Work."
18 What does it mean? These are the notes to
19 Statement of Financial Condition?
20 A This is, simplistically, these are requirements
21 under GAAP or other disclosures that are made related to the
22 Statements of Financial Condition.
23 Q What is the purpose of notes?
24 A To allow the reader to have a full picture of the
25 financial statement, simplistically.

D. Bender - Direct/Wallace Page 168

1 Q So, is this information coming from Mazars or the
2 Trump Organization?
3 A This is coming from the Trump Organization. Mazars
4 may have made some adjustments over the years or potentially
5 put wording in, but, the original numbers come from the Trump
6 Organization, and, any changes that would have been made at
7 the end, would have been approved by the Trump Organization.
8 MR. WALLACE: Judge Engoron, I don't know what
9 time we all need to be filtering out. I'm trying to
10 structure my next sections.
11 THE COURT: I said this morning we'll go to
12 4:30. In two minutes, I would have given you the
13 ten-minute warning.
14 What do you want to do?
15 MR. WALLACE: We're okay to stay until 4:30.
16 THE COURT: We'll break at 4:30. How's that?
17 MR. WALLACE: Got it. Understood.
18 Q We can move on from this in a moment. I want to ask
19 you to turn to page 17. I want to direct your attention down
20 at the bottom segment where it says: "Miss Universe Pageant,"
21 and it says "in 1996 Donald J. Trump and CBS acquired all of
22 the assets together on the Miss Universe Pageants."
23 Do you remember this was an asset to be included
24 in the DJT Statements of Financial Condition?
25 A I remember Mr. Trump for many years owned Miss

D. Bender - Direct/Wallace Page 169

1 Universe, yes, or a portion of it.
2 Q This was included as one of the assets in the
3 Statements of Financial Condition?
4 A In 2011, yes, it was.
5 Q Whose decision was it to include the Miss Universe
6 Pageants as an asset on Statements of Financial Condition?
7 A It was the Trump Organization's but it was required
8 by GAAP anyway.
9 Q Mr. Bender, we've handed you a document marked as
10 Plaintiff's Exhibit 786.
11 Do you recognize this document?
12 A Yes, I do.
13 Q What is this document?
14 A It's the representation letter for the June 30,
15 2011, compilation of Donald J. Trump's Statements of
16 Financial Condition.
17 MR. KISE: We assert a Statute of Limitations
18 objection on this document.
19 THE COURT: Noted.
20 Q How did this representation letter fit into the
21 process of compiling a Statement of Financial Condition?
22 A It's something that would have been required for us
23 to issue the Statements of Financial Condition.
24 Q Why was it required?
25 A Because I felt I wanted it.

D. Bender - Direct/Wallace Page 170

1 Q Why did you want it?
2 A To make sure that the client took responsibility for
3 his-- for the Statements of Financial Condition.
4 Q Looks like this is dated the same day as the
5 Statements of Financial Condition; is that correct?
6 A Yes.
7 Q Why is it dated the same day as Statements of
8 Financial Condition?
9 A On a compilation, I believe, and I haven't done it
10 in I long time but I believe the letter on the statement is
11 the date of representation letter. That's when we completed
12 our compilation procedures and were ready to issue as soon as
13 we'd get the compilation -- as soon as we get the
14 representation letter.
15 Q So, there's no gap between the Statements of
16 Financial Condition and the representation?
17 A Not if I prepared the statement, no.
18 Q We'll look at the first paragraph. It states:
19 "We're providing this letter in connection with your
20 compilation of Statements of Financial Condition of Donald J.
21 Trump as of June 30, 2011 (the statement.) We confirm that we
22 are responsible for the fair presentation in the Statement of
23 Financial Condition in conformity with accounting principals
24 generally accepted in the United States of America."
25 Before I ask you about this, could we go to the

D. Bender - Direct/Wallace Page 171

1 bottom of the document? Do you recognize the signature at the
2 bottom?
3 A Yes, I do.
4 Q Whose signature is that?
5 A Allen Weisselberg's.
6 Q He's signing on behalf of the Trump Organization?
7 A Yes, he is.
8 Q Can we go back to the paragraph I just read into the
9 record? This is the first paragraph of the letter.
10 Would Mazars have issued a Statements of
11 Financial Condition if Allen Weisselberg did not make this
12 representation on behalf of Mr. Trump?
13 A No, we would not.
14 Q Would Mazars issue Statements of Financial Condition
15 if they learned this representation was not true?
16 A No, we would not have.
17 Q We'll look at the next paragraphs. We'll read them
18 to go. It states: "We confirm, to the best of our knowledge
19 and belief, the following: As of October 6, 2011, you have
20 provided us with a copy of the statement that you have
21 compiled. We've read that information. The data presented in
22 the statement was provided to you by members of Mr. Trump's
23 accounting department and you have compiled that information
24 in an appropriate manner when preparing the statement."
25 What's the significance of this language?

D. Bender - Direct/Wallace Page 172

1 A It's, you know, it's confirming that the Trump
2 Organization has read the statement; and, the information
3 included and the data presented in the statement was provided
4 by the Trump Organization's accounting department.
5 Q So --
6 A And you've compiled the information in an
7 appropriate manner. That we prepared it.
8 Q So, they've read the final statement, and they're
9 signing off on it?
10 A And that the information was provided by them.
11 Q Okay. The next paragraph states: "The statement
12 referred to above is fairly presented in conformity with
13 accounting principles generally accepted in the United States
14 of America. All assets are presented at their estimated
15 current value and all liabilities are presented at their
16 estimated current amount which have been determined in
17 accordance with the guidelines promulgated by the American
18 Institute of Certified Public Accountants except to the extent
19 noted in the Accountant's Compilation Report which was annexed
20 to this statement."
21 Would Mazars have issued a Statements of
22 Financial Condition if Alan Weisselberg did not make that
23 representation on behalf of Mr. Trump?
24 A It says "to the statement," not to this statement.
25 No, we would have not.

Page 173

1 Q Would Mazars have issued a Statements of Financial
2 Condition if they learned this representation was not true?
3 A No, we would not have.
4 Q I'll go on to the next paragraph. It states: "There
5 are no material transactions that have not been properly
6 recorded in the accounting work papers underlying the
7 statement, other than those exceptions from accounting
8 principles generally accepted in the United States of America
9 that are noted in the Accountant's Compilation Report."
10 So, first the Accountant's Compilation Report is
11 that section of the Statements of Financial Condition we were
12 looking at before?
13 A That's the first two pages of the Accountant's
14 Compilation Report that bears my signature on the second
15 page.
16 Q Focusing on the word "material". There are no
17 material transactions that have not been properly recorded.
18 Is that an accounting term of art or what is meant by the term
19 "material"?
20 A In this case, the materiality is not a concept on
21 compilation. Material means important, big. There's no
22 state of art to it.
23
24 (Continued on following page..)
25

Page 174

1 Q There are other contexts in an accounting engagement
2 where materiality has a specific meaning?
3 A In a review or an audit, it would.
4 Q Would Mazars have issued the Statement of Financial
5 Conditions if Alan Weisselberg did not make this representation
6 on behalf of Mr. Trump?
7 A No, it would not have.
8 Q Would Mazars have issued the Statement of Financial
9 Condition if it learned this representation was not true?
10 A No we would not have.
11 Q If I could direct you to the next paragraph, it
12 states, "We have no plans or intentions that may materially
13 affect the carrying amounts or classification of assets and
14 liabilities, other than those noted in the accounting work
15 papers underlying the statement."
16 Would Mazars have issued the Statement of Financial
17 Condition if Alan Weisselberg did not make this representation
18 on behalf of Mr. Trump?
19 A No, we would not have.
20 Q Would Mazars have issued the Statement of Financial
21 Conditions if it learned this representation was not true?
22 A No, we would not have.
23 MR. WALLACE: If we could turn the last
24 paragraph, here.
25 Q It states, "There are no material losses, such as from

Page 175

D. Bender - Direct by Mr. Wallace

1 purchase or sale commitments that have not been properly accrued
2 or disclosed in the statement."
3 Would Mazars have issued the Statement of Financial
4 Condition if Alan Weisselberg did not make this representation
5 on behalf of Mr. Trump?
6 A No, we would not have.
7 Q Would Mazars have issued the Statement of Financial
8 Condition if it learned this representation was not true?
9 A No, we would not have.
10 MR. WALLACE: If we could scroll onto the next
11 page. I'll just -- we can highlight this section?
12 Q That starts, "There are no," and it talks about
13 violations or possible violations of regulations, other claims,
14 other material liabilities.
15 Would Mazars have issued the Statement of Financial
16 Condition if Alan Weisselberg did not make this representation
17 in these three paragraphs on behalf of Mr. Trump?
18 A No, we would not have.
19 Q Would Mazars have issued the Statement of Financial
20 Condition if it learned these representations were not true?
21 A No, we would not have.
22 Q I'll skip ahead, and direct you to -- this is at the
23 top of the page, now. There's a paragraph that states,
24 "Mr. Trump has satisfactory title to all owned assets, and there
25 are no liens or encumbrances on such assets, or has any asset

Page 176

Proceedings

1 been pledged as collateral, other than those noted in the
2 statement."
3 Would Mazars have issued the Statement of Financial
4 Condition if Alan Weisselberg did not make this representation
5 on behalf of Mr. Trump?
6 A No, we would not have.
7 Q Would Mazars have issued the Statement of Financial
8 Condition if it learned this representation was not true?
9 A No, we would not have.
10 THE COURT: Let me stop you there, because we
11 only have one more minute.
12 I think the "or" in that paragraph should be
13 "nor", but I'll let everybody else interpret it.
14 I just want to talk to both sides for a second.
15 Stay where you are.
16 Mr. Robert, you are very well versed in the CPLR;
17 correct?
18 MR. ROBERT: You will know, after I answer your
19 question.
20 THE COURT: I will. It might be a softball,
21 though. Am I correct that somewhere above the first
22 section of Article Two, it says that judges do not have any
23 discretion to ignore statutes of limitation? That's
24 correct; right?
25 MR. ROBERT: That is correct, sir.

1 THE COURT: All right. So, I just want to say,
2 after all we have gone through this afternoon, that I trust
3 that -- well, that unless the Attorney General can relate
4 all the discussions about 2011 documents to something that
5 happened later, this has all been a waste of time.
6 MR. KISE: We certainly agree with that, Judge.
7 MS. HABBA: Thank you.
8 THE COURT: I figured you would.
9 MR. WALLACE: As you said, it's turned into a
10 love fest, I guess.
11 Your Honor, I think we saw, in Mr. Kise's
12 opening, that there are credit reports from Deutsche Bank
13 that include these earlier years that happen --
14 MR. KISE: No, your Honor. These credit reports
15 related to the OPO loan that was closed in August of 2014,
16 which postdates the statute of limitations. Those credit
17 reports relate to that specific loan that, unfortunately
18 for us, is within the limitations period. So, that's a
19 very different scenario, then.
20 MR. WALLACE: I will explain my point, then.
21 There are credit reports that consider things that happen
22 in 2011, during the period that is under the statute of
23 limitations.
24 MR. KISE: Not for any loans that are within the
25 limitations period, your Honor, but we'll tie that up

1 later. You told him he needs to tie it up.
2 THE COURT: I'm sure we'll address this many
3 times, going forward.
4 And Mr. Robert, I hereby deem you an expert in
5 the CPLR, and no doubt other aspects of New York law.
6 MR. ROBERT: Thank you, Judge.
7 THE COURT: All right. Give me one second.
8 (Whereupon, there was a pause in the
9 proceedings.)
10 THE COURT: Okay. We are going to break for the
11 day. I appreciate everybody's patience and stamina. We
12 resume tomorrow on schedule, 10:00 in the morning. Have a
13 good evening.
14 MR. WALLACE: Thank you, your Honor.
15 (Whereupon, the proceedings were adjourned to
16 Tuesday, October 3, 2023 at 10:00 a.m.)

1 THE COURT: The man you just heard I have
 2 affectionately called Tommy. His next gig is, no doubt,
 3 going to be with the Metropolitan Opera Company.
 4 Good morning, everyone. If you were here for
 5 yesterday's excitement, welcome back; and if you weren't,
 6 you might have heard a little about it.
 7 First, let me apologize, mea culpa, for
 8 erroneously stating yesterday that expert opinion testimony
 9 is not evidence. It certainly is. I was reacting to what
 10 seemed like an attempt to have an expert introduce new
 11 facts, of which the expert would not have personal
 12 knowledge, which is impermissible. I hope that no harm, no
 13 fall applies.
 14 Second, I want to clear up any possible
 15 misconceptions that might have arisen over colloquy in the
 16 last five minutes of yesterday, and over the repercussions
 17 of the June 27th Appellate Division First Department
 18 decision and order. This case arrived at the App. Div., as
 19 we call it, with seven causes of action. It left with
 20 seven causes of action. It arrived with 16 defendants. It
 21 left with 15 defendants. It arrived at the Appellate
 22 Division with a six-year statute of limitations. It left
 23 with a six-year statute of limitations, extended by both
 24 Covid tolling, and a tolling agreement.
 25 The App. Div. ruled that the continuing wrong

1 doctrine, which would have pushed the statute of
 2 limitations back at least to 2011, did not apply, so that
 3 only claims that accrued after June 13, 2014, or
 4 February 6, 2016, depending upon application of the tolling
 5 agreement, remained viable.
 6 The general rule is that a claim accrues when
 7 someone can sue on it. Here, the Attorney General is suing
 8 over the use of false financial statements in business, not
 9 over the underlying deals themselves. Obviously, she could
 10 not have sued on those statements until defendants issued
 11 them. Every use of a false financial statement in business
 12 starts the statute of limitations running, again, no matter
 13 when the transaction out of which is arose, closed.
 14 I understand that the defendants strongly
 15 disagree with this, and will appeal, in part, on this
 16 ground. Yesterday afternoon's testimony was based on
 17 certain agreements between defendants and non-party Mazars
 18 that were consummated in 2011, long before they could be
 19 sued on, in isolation. Thus, I made clear that unless
 20 those agreements were somehow tied to something that
 21 occurred years later, at least three years later, or five
 22 years later, the afternoon was a waste of time.
 23 Mr. Wallace promised to connect the dots however,
 24 as I stated yesterday, statutes of limitation bar claims,
 25 not evidence. In any event, on the first day of a

<p>Proceedings Page 183</p> <p>1 multi-month trial, I am inclined to grant considerable 2 leeway to both sides as to what may be relevant. 3 Finally I want to emphasize that this trial is 4 not an opportunity to relitigate what I have already 5 decided, including my conclusions in the summary judgment 6 decision. That's why we have appeals. 7 So, let's continue with the testimony of Donald 8 Bender, a former principle of Mazars, and I will, over 9 defendant's continuing objection, allow testimony about 10 documents, dates and events that occurred in 2011 and 11 beyond, subject to connection to later documents. 12 Speaking of continuing objections, although I 13 appreciate Mr. Kise's diligence in attempting to preserve 14 the record by continuing to object to the use of documents 15 dated prior to 2014, the Court of Appeals, the highest 16 Court in New York State, has made clear that a continuing 17 objection makes it unnecessary to challenge other evidence, 18 for the same reason. And that is Kulak, K-U-L-A-K, versus 19 Nationwide Mutual Insurance Company, 40 N.Y.2d 140 at page 20 145, 1976. 21 Obviously, I would not be commenting like this if 22 a jury was present. It is not, so I've taken the liberty 23 of attempting to clarify where the trial stands at this 24 juncture. 25 And, now shall we continue with Mr. Bender?</p>	<p>Proceedings Page 185</p> <p>1 whom I'm sure the Court would recognize, have told us 2 differently. But, give us the opportunity to look at the 3 case. I take it that your Honor is not precluding me from 4 making the objection. I just don't now how to balance 5 this, because I'm being told that I need to preserve these 6 objections a certain way. 7 THE COURT: My mother always told me, Do what 8 you're told. So, yes. Feel free, until you have had a 9 chance to digest that case -- 10 MR. KISE: Thank you, Judge. 11 THE COURT: -- to object to each document. 12 Okay. Are we recalling Mr. Bender? 13 MR. WALLACE: The People are going to continue to 14 the testimony of Mr. Bender. 15 (Whereupon, there was a pause in the 16 proceedings.) 17 THE COURT: This is a big room, and apparently 18 the isolation room is far away. 19 MR. WALLACE: I believe the words rabbit warren 20 came to mind, as we were making our way through, yesterday. 21 DONALD BENDER, having been previously sworn, was 22 examined and testified as follows: 23 THE COURT: I will remind the witness, as I 24 remind every witness, that he is still under oath. 25 THE WITNESS: Good morning.</p>
<p>Proceedings Page 184</p> <p>1 And as yesterday -- and most of you know this -- 2 I'm allowing a group of pool photographers and one 3 videographer to come in and show how good looking we all 4 are. 5 (Photographs taken.) 6 THE COURT: Oh, the wages of fame. 7 MR. WALLACE: Your Honor, if I could just raise 8 one procedural issue with the defendants concerning timing? 9 I understand Mr. Bender was served with a trial subpoena 10 when he left the courthouse yesterday, from the defendants, 11 and so I just would want to know for us, in ordering our 12 witnesses, are they planning to cross Mr. Bender, or are 13 they doing taking him as a -- separately, during their case 14 in chief? 15 MR. KISE: As of now, we are planning to cross 16 Mr. Bender. 17 MR. WALLACE: Okay. 18 MR. KISE: One other point of clarification, your 19 Honor. So, I have not yet -- I did receive a letter from 20 the Attorney General early this morning. I have not yet 21 looked at the cases, including the cases that you cite -- 22 Usually no one has a problem hearing me. 23 -- including the cases that -- the case that you 24 just cited, the Kulak case. I've not looked at them. I 25 will state, again, that our appellate consultants, some of</p>	<p>D. Bender - Direct by Mr. Wallace Page 186</p> <p>1 THE COURT: Good morning. 2 Counselor, please proceed. 3 CONTINUED DIRECT EXAMINATION 4 BY MR. WALLACE: 5 Q Good morning, Mr. Bender. Are you settled in? 6 A I need two seconds. 7 Q Okay. 8 (Whereupon, there was a pause in the 9 proceedings.) 10 A Okay. 11 Q Mr. Bender, when we closed yesterday, we talked in 12 fairly extensive detail about the process and documents related 13 to the preparation of the 2011 Statement of Financial Condition. 14 Do you recall that testimony? 15 A Yes, I do. 16 Q And we talked about, I believe there was an engagement 17 letter, Jeff Supporting Data, a representation letter, and the 18 reported -- the statement itself; is that correct? 19 A Yes. That's correct. 20 Q Did Mazars also compile a Statement of Financial 21 Condition for Donald J. Trump as of June 30 for each year from 22 2012 to 2020? 23 A That's correct. 24 Q Okay. Were there any significant changes in the 25 preparation process for those statements between the 2011 and</p>

D. Bender - Direct by Mr. Wallace Page 187

1 the 2020 statement?
2 MR. KISE: Objection, your Honor. I don't think
3 that we can summarize. This case involves documents, as
4 they have said, and so we can't just summarize. It's
5 inappropriate to summarize a ten-year span and say the
6 process is the same, everything is the same. Each year
7 stands on its own. It's a very complicated process, and if
8 the government intends to establish intent, materiality and
9 reliance, then it needs, respectfully, to go year-by-year.
10 MR. WALLACE: What's the evidentiary objection?
11 MR. KISE: The nature of my objection is, it's
12 calling for a narrative. The question calls for a
13 narrative. It's an open-ended question, and it's
14 introducing facts that are not in evidence. There's no
15 foundation.
16 MR. WALLACE: Yesterday you said I needed to tie
17 things together. The 2011 process continues. I'm allowed
18 to ask this general question. If I want to go through the
19 additional documents, I will. It's my exam.
20 MR. KISE: Okay. That's fine. If he's intending
21 to through the additional documents year-by-year, that's
22 fine. I just want to make that clear. If it's an initial
23 summary question, then I'll withdraw my objection.
24 THE COURT: Was the question whether the -- I
25 think the question was whether the process that he used

D. Bender - Direct by Mr. Wallace Page 188

1 changed, over time.
2 MR. WALLACE: That's correct, your Honor.
3 THE COURT: And has that question been answered?
4 MR. WALLACE: That question has not been
5 answered.
6 THE COURT: Objection overruled. Let's hear the
7 answer to that, and then we can discuss whether it's proper
8 to group everything, or to what extent every year has to be
9 examined individually.
10 A I think the process was pretty much the same. The
11 only thing I could think of off the top of my head was that I
12 think the December 2015 return -- return. Financial
13 statement -- the trustees were in place by the time the
14 statement got released in -- no. One year, the trustees took
15 over. That would have been the 2016 statement, probably.
16 Q So that I'm understanding correctly, the process
17 generally remained the same, but at some point the trustees of
18 the Donald J. Trump Revocable Trust became responsible for the
19 statement?
20 A They were the one that signed the engagement letter
21 and the representation letter.
22 Q Can I ask, did the obligations of Mazars in compiling
23 this financial statement change in any significant way, from
24 2011 to 2020?
25 A No, sir.

D. Bender - Direct by Mr. Wallace Page 189

1 Q Okay. Did the responsibility of the Trump
2 Organization regarding the preparation of the financial
3 statement change in any significant way, between 2011 and 2020?
4 A No, sir.
5 Q Do you know if, for each statement from 2011 to 2020,
6 Mazars required a signed engagement letter from the Trump
7 Organization?
8 A It was signed. I'm not sure if it was signed by Trump
9 Organization, or the trustees, after Mr. Trump became president.
10 Q But in each year from 2011 to 2020, you required an
11 engagement letter?
12 A Yes. Mr. Weisselberg would have signed, either way.
13 Q And do you know if, in fact, in each year from 2011 to
14 2020, you did, in fact, receive an engagement letter?
15 A Yes, we did.
16 Q Okay. For each Statement of Financial Condition
17 engagement, from 2011 to 2020, did Mazars receive a supporting
18 data spreadsheet from the Trump Organization?
19 A Yes. Jeff Supporting Data.
20 Q For your Statement of Financial Condition engagement
21 from 2011 to 2020, did Mazars maintain a control version of the
22 supporting data spreadsheet?
23 A Say that again, please?
24 Q Did you maintain, in each year from 2011 to 2020, a
25 control version?

D. Bender - Direct by Mr. Wallace Page 190

1 A Yes, we did.
2 Q Okay. For each Statement of Financial Condition
3 engagement from 2011 to 2020, would the final version of the
4 supporting data spreadsheet tie out to the final Statement of
5 Financial Condition?
6 A Yes, it did.
7 Q And for each year for -- as of June 30 year, from 2011
8 to 2020, did Mazars require a signed representation letter from
9 the Trump Organization in order to issue the Statement of
10 Financial Condition?
11 A It would have been signed by Trump Organization. Like
12 I said, it may have been signed by the trustees, in the later
13 years.
14 Q Okay. But in each year, you would have required a
15 representation letter in order to release the statement?
16 A Yes, we did.
17 Q And for each statement from 2011 to 2020, did Mazars
18 receive a signed representation letter from the Trump
19 Organization?
20 A Yes, we did. Or the trustees.
21 Q Or the trustees. We can go through the document in
22 detail, now.
23 MR. WALLACE: So, could we please put up, on
24 the -- well no.
25 Would it be helpful if we actually put the

D. Bender - Direct by Mr. Wallace Page 191

1 document up on the screen? I know typically we do it
2 before it's admitted, for you to see it. Is it helpful if
3 we put it up on the screen?
4 MR. KISE: This is this one?
5 MR. WALLACE: Yes. I handed you a copy.
6 (Whereupon, a document was displayed, and handed
7 to the witness.)
8 Q Mr. Bender, do you recognize the document you were
9 just handed?
10 A Yes, I do.
11 Q And what is this document?
12 A This is the engagement letter, the Trump -- to prepare
13 the Statement of Financial Conditions for Donald J. Trump as of
14 June 30, 2012.
15 MR. KISE: Your Honor, we just assert our statute
16 of limitations objection.
17 THE COURT: I understand the objection. Same
18 ruling, et cetera.
19 Q And does this appear to be the final engagement
20 letter?
21 A Yes, it does.
22 Q Okay. You can put that one down.
23 MR. WALLACE: Can we put up PX793. Native.
24 (Whereupon, a document was displayed, and handed
25 to the witness.)

D. Bender - Direct by Mr. Wallace Page 192

1 Q Mr. Bender, you are being handed what's a pull sheet
2 for a document that's produced in an Excel format. We have put
3 up on the screen a copy of the Excel file that was attached at
4 that location. It's Plaintiff's Exhibit 793.
5 Based on what you see on the screen, do you recognize
6 this document?
7 A Yes. This is what we have been calling the Jeff
8 Supporting Data for the Statement of Financial Conditions for
9 Mr. Trump's financial statement, as of June 30, 2012.
10 MR. KISE: Objection. Statute of limitations.
11 THE COURT: Overruled, but understood.
12 Q And again, what is indicated by the red letters, PBC?
13 A Prepared by client.
14 Q Okay.
15 MR. WALLACE: We can take that down.
16 (Whereupon, a document was displayed, and handed
17 to the witness.)
18 Q Mr. Bender, you have been handed a document that is
19 marked as Plaintiff's Exhibit 815. Do you recognize this
20 document?
21 A Give me a second, please.
22 Q Sure.
23 A Okay. Yes, I do.
24 Q And what is this document?
25 A It's the Statement of Financial Condition for Donald

D. Bender - Direct by Mr. Wallace Page 193

1 J. Trump for the year June 30th, 2012. In this case it looks
2 like it was sent to the client by PDF, by email.
3 MR. KISE: Objection. Statute of limitations.
4 THE COURT: Overruled.
5 Q And is that a copy of the -- is that the final copy of
6 the Statement of Financial Condition?
7 A Yes, it is.
8 MR. WALLACE: Your Honor, I'm not saying the
9 words, We would ask to have this moved into evidence, but I
10 assume that once the objection is overruled, it comes in.
11 Or, would you like me to make that clear on the record?
12 THE COURT: Well, why don't you make it clear,
13 and we'll see if there's an objection, other than what's
14 already been objected to.
15 MR. KISE: Right. There won't be an additional
16 objection, but it's up to Mr. Wallace to move them into
17 evidence, or for your Honor to.
18 THE COURT: Unless I hear an objection in the
19 next three seconds, it is now admitted into evidence.
20 MR. WALLACE: Going forward, do the People want
21 me to -- should we be saying the magic words, We would like
22 to move this into evidence? We have had a number of
23 documents where I haven't always said it.
24 MR. KISE: That's usually how trials work, your
25 Honor, but --

D. Bender - Direct by Mr. Wallace Page 194

1 MR. WALLACE: Trials work in many ways.
2 MR. KISE: That's been my experience, in the last
3 33 years.
4 THE COURT: Yes. We might as well use the magic
5 words.
6 MR. WALLACE: Is there any objection?
7 MR. KISE: That's why I keep standing up and
8 making that objection, because there's a process.
9 MR. WALLACE: There are plenty of bench trials
10 where you don't say the magic words, but I will say the
11 magic words, and I will ask if we could let the record
12 reflect that the exhibits that were shown to Mr. Bender
13 yesterday, where the objections, or the ones that were
14 objected to and were overruled, are admitted into evidence,
15 record-wise.
16 MR. KISE: Other than the objections that have
17 been raised and overruled, no further objections.
18 THE COURT: All of yesterday's and today's
19 documents are hereby officially admitted into evidence,
20 over objection.
21 Q Mr. Bender, I've just handed you a document marked
22 Plaintiff's Exhibit 792. Do you recognize this document?
23 A Yes, I do.
24 Q And what is this document?
25 A This is the letter of representation for the Statement

D. Bender - Direct by Mr. Wallace Page 195

1 of Financial Conditions for Donald J. Trump as of June 30th,
2 2012.

3 MR. KISE: Objection. Statute of limitations.
4 THE COURT: Overruled, and it's in evidence.
5 MR. WALLACE: And it's in evidence. Thank you,
6 your Honor.
7 (Whereupon, Plaintiff's Exhibit 792 was received
8 in evidence.)
9 Q Mr. Bender I'm going to direct your attention to the
10 first paragraph. It states, "We are providing this letter in
11 connection with your compilation of the Statement of Financial
12 Condition of Donald J. Trump as of June 30, 2012, the statement.
13 We confirm that we are responsible for the fair presentation in
14 the Statement of Financial Condition and conformity with
15 accounting principles generally accepted in the United States of
16 America."
17 Would Mazars have issued the Statement of Financial
18 Condition if you did not receive this representation letter?
19 A No, we would not have.
20 Q Would Mazars have issued the Statement of Financial
21 Condition if it learned that any of the financial statements in
22 this letter were not true?
23 A No, we would not have.
24 (Whereupon, a document was displayed, and handed
25 to the witness.)

D. Bender - Direct by Mr. Wallace Page 196

1 Q Mr. Bender, you have just been handed a document that
2 has been marked Plaintiff's Exhibit 705. Take a moment.
3 Do you recognize the document?
4 A Yes, I do.
5 Q And what is the document?
6 A This is the engagement letter to compile the Statement
7 of Financial Conditions for Donald J. Trump as of June 30, 2013.
8 I may have said prepare in the past times. I should
9 have said compile.
10 MR. KISE: Objection. Statute of limitations.
11 THE COURT: Overruled.
12 Magic words?
13 MR. WALLACE: Your Honor, we move Exhibit 705
14 into evidence.
15 THE COURT: Granted. It's now in evidence.
16 (Whereupon, Plaintiff's Exhibit 705 was received
17 in evidence.)
18 MR. WALLACE: You can put the evidence down, now.
19 (Whereupon, a document was displayed, and handed
20 to the witness.)
21 Q Mr. Bender, you have been handed an exhibit that is
22 marked Plaintiff's Exhibit 708. It's a pull sheet for a
23 document that was produced as an Excel file. We have put a copy
24 of that file up on the screen, here. Based on what you see on
25 the screen, do you recognize this document?

D. Bender - Direct by Mr. Wallace Page 197

1 A Yes. This is the Jeff Supporting Data for the
2 Statement of Financial Condition for Donald J. Trump, as of
3 June 30, 2013.
4 MR. KISE: Objection. Statute of limitations.
5 THE COURT: Overruled.
6 Q I'll just refer you, again, to the red letters PBC.
7 What do those stand for?
8 A Prepared by client.
9 MR. WALLACE: Your Honor, we ask this document be
10 admitted into evidence.
11 THE COURT: Granted. It's now in evidence.
12 (Whereupon, Plaintiff's Exhibit 705 was received
13 in evidence.)
14 (Whereupon, a document was displayed, and handed
15 to the witness.)
16 Q Mr. Bender, you have been handed a document that has
17 been marked Plaintiff's Exhibit 707. I'll give you a moment to
18 look through it.
19 Mr. Bender, do you recognize this document?
20 A Yes, I do.
21 Q And what is it?
22 A It's a compilation of Donald J. Trump's Statement of
23 Financial Condition as of June 30, 2013.
24 Q And does this appear to be the final version?
25 A Yes, it does.

D. Bender - Direct by Mr. Wallace Page 198

1 MR. KISE: Objection. Statute of limitations.
2 THE COURT: Overruled.
3 MR. WALLACE: Your Honor, I would ask this
4 document be entered into evidence.
5 THE COURT: Granted. It's now in evidence.
6 (Whereupon, Plaintiff's Exhibit 707 was received
7 in evidence.)
8 Q Mr. Bender --
9 A Just, I may not have used the word compiled for the
10 previously financial statements you showed me. I just want to
11 make sure that I said compiled, for the records. All the
12 financial statements you showed me were compilations, this
13 morning.
14 Q They were compilations. Let's turn to the document
15 that's up on the screen here, and the document that you have
16 been handed, it's Plaintiff's Exhibit 706. I'll give you a
17 minute to just look through it.
18 Do you recognize the document, Mr. Bender?
19 A Yes, I do.
20 Q And what is this document?
21 A This is the representation letter for the compilation
22 of the Statement of Financial Conditions for Donald J. Trump as
23 of June 30, 2013.
24 MR. KISE: Objection. Statute of limitations.
25 THE COURT: Overruled.

D. Bender - Direct by Mr. Wallace Page 199

1 MR. WALLACE: Your Honor, we would ask that the
2 document be entered into evidence.
3 THE COURT: Granted. It's now in evidence.
4 (Whereupon, Plaintiff's Exhibit 706 was received
5 in evidence.)
6 Q If we go to the bottom on page three, do you recognize
7 that signature at the bottom of this page?
8 A Yes. It's Allen Weisselberg.
9 Q If we go back to the top, the first paragraph states,
10 "We are providing this letter in connection with your
11 compilation of the Statement of Financial Condition of Donald J.
12 Trump as of June 30th, 2013. The statement. We confirm that we
13 are responsible for the fair presentation in the Statement of
14 Financial Condition, in conformity with accounting principles
15 generally accepted in the United States of America."
16 Would Mazars have issued the Statement of Financial
17 Condition if Mr. Weisselberg did not make the representations in
18 this letter, on behalf of Mr. Trump?
19 A No, we would not have.
20 Q Would Mazars have issued the Statement of Financial
21 Condition if it learned that any of the representations in the
22 letter were not true?
23 A No, we would not have.
24 (Whereupon, a document was displayed, and handed
25 to the witness.)

D. Bender - Direct by Mr. Wallace Page 200

1 Q Mr. Bender, you have been handed a document that has
2 been marked as Plaintiff's Exhibit 717. You can take a moment
3 to look through it.
4 Do you recognize the document?
5 A Yes, I do.
6 Q And what is it?
7 A It's the engagement letter to compile the financial
8 statements, Statement of Financial Condition of Donald J. Trump,
9 as of June 30th, 2014.
10 MR. KISE: Objection. Statute of limitations.
11 THE COURT: Overruled.
12 MR. WALLACE: Your Honor, we would ask this
13 document be entered into evidence.
14 THE COURT: Granted. It's now in evidence.
15 (Whereupon, Plaintiff's Exhibit 717 was received
16 in evidence.)
17 (Whereupon, a document was displayed, and handed
18 to the witness.)
19 Q Mr. Bender, you have been handed a document that has
20 been marked as Plaintiff's Exhibit 719. It's a pull sheet for a
21 document that was produced as an Excel file. The copy of that
22 file is up on the screen, in front of you.
23 Do you recognize this document?
24 A Yes, I do.
25 Q What is this document?

D. Bender - Direct by Mr. Wallace Page 201

1 A This is the Jeff Supporting Data for the Statement of
2 Financial Conditions for Donald J. Trump, as of June 30, 2014.
3 MR. KISE: Objection. Statute of limitations.
4 THE COURT: Overruled.
5 MR. WALLACE: Your Honor, I would ask that this
6 document be entered into evidence.
7 THE COURT: Granted. It's in evidence.
8 (Whereupon, Plaintiff's Exhibit 719 was received
9 in evidence.)

1 Q Mr. Bender, you've been handed an exhibit marked as
2 Plaintiff's Exhibit 730. I'll give you a minute to look
3 through.
4 Mr. Bender, do you recognize this document?
5 A Yes, I do.
6 Q This is a compilation of Donald J. Trump Statement of
7 Financial Condition as of June 30, 2014?
8 MR. ROBERT: Objection. Statute of Limitations.
9 THE COURT: Overruled.
10 MR. WALLACE: Your Honor, we have additional
11 information that may be relevant to the objection. Can
12 you go to the third page of document, please?
13 Q Mr. Bender, what is the date at the bottom near the
14 signature?
15 A November 7, 2014.
16 Q What does that date indicate?
17 A That is the date we finalized the financial
18 statement and the date of representation.
19 MR. ROBERT: That doesn't change the objection.
20 The objection is-- one is for all. Nonetheless, my
21 clients don't believe they are --
22 Even though it's an objection for one, it's an
23 objection for all. My clients, in particular, do not
24 believe they're bound by the tolling agreement. So, to
25 preserve their Appellate rights, we object to anything up

D. Bender - Direct/Wallace Page 203

1 to February 6, 2016, and respectfully object based on
2 Statute of Limitations.
3 THE COURT: I knew you were an expert in the
4 CPLR.
5 MS. HABBA: Not to be redundant, but, I'm going
6 to preserve the same objection for my clients as well,
7 and, I agree, it's one for all.
8 THE COURT: Understood. Overruled, but, I
9 understand the objection.
10 MR. ROBERT: Thank you, sir.
11 MR. WALLACE: I guess I'm curious, since Cliff's
12 a CPLR expert, if it's admissible, at least for some of
13 the defendants, do we have to have the objections
14 preserved for the Statute of Limitations argument?
15 MR. ROBERT: Absolutely.
16 THE COURT: I think they do.
17 MR. KISE: Absolutely.
18 MR. WALLACE: Your Honor, we would move this
19 document be entered into evidence.
20 THE COURT: Granted. It's in evidence over
21 objection, as to certain defendants.
22 MR. KISE: Actually, it's all for one and one
23 for all, under our agreement. I just got tired of
24 standing up, so I let Mr. Robert do it.
25 THE COURT: Overruled objection for all the

D. Bender - Direct/Wallace Page 204

1 defendants.
2 MR. KISE: Thank you.
3 MS. HABBA: Thank you.
4 MR. ROBERT: Thank you.
5 Q Mr. Bender, you've been handed a document that's been
6 marked as Plaintiff's Exhibit 718.
7 Do you recognize this document?
8 A Yes, this is the letter of representation for the
9 compilation of Statement of Financial Condition of Donald J.
10 Trump as of June 30, 2014.
11 Q If we take a look, the header on the document is the
12 Trump Organization. That's the same as the previous years; is
13 that correct?
14 A Yes, sir.
15 Q The top states:
16 "We're providing this letter in connection with
17 your compilation of Statement of Financial Condition of Donald
18 J. Trump as of June 30, 2014 (the statement.) We confirm that
19 we are responsible for the fair presentation in the Statement
20 of Financial Condition in conformity with accounting
21 principles generally accepted in the United States of
22 America."
23 Do you see that language?
24 A I do.
25 Q Would Mazars have issued a Statement of Financial

D. Bender - Direct/Wallace Page 205

1 Condition if Allen Weisselberg had not made the representation
2 on behalf Mr. Trump?
3 A No.
4 Q Would Mazars have issued a Statement of Financial
5 Condition if they knew any of the representations were not
6 true?
7 A No.
8 Q Mr. Bender, I handed you a copy of Plaintiff's
9 Exhibit 786. This is the document you saw yesterday
10 previously admitted into evidence over defendants' objection.
11 You can take a look. You should have -- you still have 718,
12 as well? You have 718 and 786.
13 Can you take a moment and look at those, compare
14 those two documents? It's two pages, so I'll give you a
15 minute.
16 Mr. Bender, did you have a chance to compare the
17 two letters?
18 A I gave them both an overview, yes.
19 Q Apart from the dates listed, is the language in the
20 two letters identical?
21 A It appears to be, pretty much.
22 Q Does that mean all the representations Mazars
23 required in connection with 2011 Statement of Financial
24 Condition were also required for the 2014 Statement of
25 Financial Condition?

D. Bender - Direct/Wallace Page 206

1 A Yes. Substantially, that's correct.
2 Q Mr. Bender, you've been handed a document that's been
3 marked as Plaintiff's Exhibit 727. I'll give you a minute to
4 look for the document.
5 Mr. Bender, do you recognize this document?
6 A Yes, I do.
7 Q What is it?
8 A It's the engagement letter, compilation of
9 Statements of Financial Condition of Donald J. Trump as of
10 June 30, 2015.
11 MR. ROBERT: Objection. Statute of Limitations.
12 THE COURT: Overruled.
13 MR. WALLACE: Your Honor, we ask this document
14 be entered into evidence.
15 THE COURT: Granted. It's now in evidence.
16 Q Mr. Bender, you have been handed a document marked as
17 plaintiff's Exhibit 731. It's pull sheet for a document
18 produced in Excel format. There's a copy of that Excel file
19 up on the screen.
20 Do you recognize this document?
21 A Yes, I do.
22 Q What is it?
23 A The Jeff Supporting Data for the Statements of
24 Financial Condition of Donald J. Trump as of June 30, 2015.
25 Q What is indicated by the red letters, PBC, at the

D. Bender - Direct/Wallace Page 207

1 top?
2 A Prepared by client.
3 Q Was this the final supporting data spreadsheet for
4 the 2015 Statements of Financial Condition?
5 A It appears so, yes.
6 MR. ROBERT: You want to move it in first?
7 MR. WALLACE: I move, over your objection.
8 MR. ROBERT: Objection. Statute of Limitations.
9 He used the magic words this time.
10 THE COURT: Overruled. Those are my magic words
11 or magic word.
12 MR. WALLACE: I ask this document be moved into
13 evidence.
14 THE COURT: Granted. It's now in evidence.
15 Q Mr. Bender, you've been handed a document marked
16 Plaintiff's Exhibit 729. I'll give you a minute to peruse it.
17 Mr. Bender, do you recognize this document?
18 A Yes, I do.
19 Q What is it?
20 A The compilation of Donald J. Trump's Statements of
21 Financial Condition as of June 30, 2015.
22 Q Does this appear to be the final copy?
23 A Yes, it does.
24 MR. WALLACE: Your Honor, I ask this be moved
25 into evidence.

D. Bender - Direct/Wallace Page 208

1 MR. ROBERT: Objection. Statute of Limitations.
2 THE COURT: Overruled. It's now in evidence.
3 Q Mr. Bender, you've been handed a document that's been
4 marked as Plaintiff's Exhibit 728. Take a minute to look
5 through.
6 Do you recognize this document?
7 A Yes, I do.
8 Q What is this document?
9 A This is the representation letter for compilation of
10 Statements of Financial Condition for Donald J. Trump as of
11 June 30, 2015.
12 MR. WALLACE: Your Honor, I ask this document be
13 entered into evidence.
14 MR. ROBERT: I think we're past the February 6,
15 2016. So, no Statute of Limitations as to this document.
16 Thank you.
17 THE COURT: Granted. It's now in evidence.
18 MR. WALLACE: If you can just scroll down to the
19 bottom of this document.
20 Q Do you recognize the signature at the bottom?
21 A Yes. It's Allen Weisselberg's.
22 MR. WALLACE: Can you go back to the top?
23 Q First paragraph states:
24 "We're providing this letter in connection with
25 your compilation of Statements of Financial Condition of

D. Bender - Direct/Wallace Page 209

1 Donald J. Trump as of June 30, 2015. We confirm that we're
2 responsible for the preparation and fair presentation of the
3 Statements of Financial Condition in accordance with
4 accounting principles generally accepted in the United States
5 of America and the selection and application of accounting
6 principles."
7 Do you see that language?
8 A I do.
9 Q Would Mazars-- Mr. Bender, would Mazars have issued
10 the 2015 Statement of Financial Condition if Allen Weisselberg
11 did not make these representations in this letter on behalf of
12 Mr. Trump?
13 A No, it would not.
14 Q Would Mazars --
15 THE COURT: One minute.
16 MR. ROBERT: I actually am going to make a
17 Statute of Limitations objection to this as well because
18 it's cited to conduct in 2015. So, we renew the
19 objections.
20 THE COURT: Understood. Overruled.
21 Q Would Mazars have issued the 2015 Statements of
22 Financial Condition if it learned any of these representations
23 were not true?
24 A No, it would not have.
25 Q Mr. Bender, you've been handed a document that has

D. Bender - Direct/Wallace Page 210

1 been marked plaintiff's Exhibit 740. I'll give you a minute
2 to look through it.
3 Mr. Bender, do you recognize this document?
4 A Yes, I do.
5 Q What is it?
6 A It's the engagement letter, compiled the Statements
7 of Financial Condition of Donald J. Trump as of June 30,
8 2016.
9 MR. WALLACE: Can we go to last page, a
10 production number that ends 62?
11 Q Do you recognize the signature here at the bottom of
12 the page?
13 A Yes, I do.
14 Q Whose signature is that?
15 A Allen Weisselberg's.
16 MR. WALLACE: We ask this document be entered
17 into evidence.
18 MR. ROBERT: Objection. Statute of Limitations.
19 THE COURT: Isn't it past the Statute of
20 Limitations?
21 MR. ROBERT: No, your Honor, because, it's
22 certifying the material accuracy of the financial
23 statement of June 30, 2016. Since our position is the
24 statute runs to February 6th of '16, we preserve the
25 objection.

D. Bender - Direct/Wallace Page 211

1 Thank you, sir.
2 THE COURT: Understood. Overruled.
3 Q If you look at the top, it says:
4 "This letter correctly sets for the
5 understanding of the trustees on behalf of Donald J. Trump."
6 Do you know what trustees that's referring to?
7 A The trustees would have been Donald, Jr. and Mr.
8 Weisselberg.
9 Q What trusts were they the trustees of?
10 A Exact name, I think it's the Donald J. Trump
11 Revocable Trust as of 2014, but, I'm not sure. It says it
12 right there, okay.
13 Q So, I'll, just for the record, underneath Mr.
14 Weisselberg's signature, it states: "Trustee, Donald J.
15 Trump, Revocable Trust dated April 7, 2014, as amended."
16 That's the trust you understood?
17 A Yes.
18 Q Do you have an understanding of why Mr. Weisselberg
19 is now signing this on behalf of a trust?
20 A He's signing on behalf of both, Executive Vice
21 President of Trump Organization and as trustee.
22 Q So, why is it now the trust that's involved?
23 A Because Mr. Trump was now President and a
24 significant portion of his assets were put into holding
25 companies that we discussed yesterday and were all

D. Bender - Direct/Wallace Page 212

1 transferred all into the trust.
2 Q So, the trust became responsible for the preparation
3 of Statements of Financial Condition?
4 A I would say that's correct, yes.
5 Q If we can go back to the top of this document?
6 A I would say the trust and the Trump Organization.
7 Q If we look at the second paragraph, it states: "We
8 will prepare the statement of financial position of Donald J.
9 Trump and the related notes to the financial statement and
10 perform compilation engagement with respect to this financial
11 statement."
12 Do you have an understanding of why the language
13 has changed in this engagement letter from prior years?
14 A I don't recall.
15 Q Does the nature of the work that you were performing
16 on behalf -- strike that question.
17 Is the nature of the work you were preparing--
18 strike that question.
19 Is the nature of the work you were performing in
20 compiling Statements of Financial Condition changed in any
21 way?
22 A No, except now some of the assets are in a trust but
23 the statement included the assets of Donald J. Trump through
24 his Revocable Trust.
25 THE COURT: I have a question. The word

D. Bender - Direct/Wallace Page 213

1 "position" in the highlight, should that have been
2 condition or is there a reason that it's a different word
3 being used?
4 THE WITNESS: I think it's a mistake but I'd
5 have to check. Good catch.
6 THE COURT: You don't have to check. I think
7 it's a mistake.
8 THE WITNESS: It's still a good catch.
9 Q We'll go through a little more of this. It might be
10 easier to read up here. The next paragraph states: "We'll
11 also provide other accounting services, as necessary, to
12 obtain sufficient accounting records from which to prepare a
13 statement. The performance of these additional accounting
14 services does not alter the fact that you are responsible for
15 the content of the financial statement, including the
16 estimated current value of assets and"-- "the estimated
17 current value of liabilities."
18 Do you have a recollection of what is being
19 referred to in the "other accounting services, as necessary?"
20 A Anything-- the example I gave yesterday is we may
21 assist with a few footnotes or something.
22 Q Any assistance you provided did not change the nature
23 of the work that Mazars was responsible for; is that correct?
24 A Yes, that's correct.
25 Q If we scroll down to the number paragraphs below.

D. Bender - Direct/Wallace Page 214

1 Paragraph number one states -- well, I'll read the
2 introduction.
3 "The objective of our engagement is, one,
4 prepare a financial statement in accordance with accounting
5 principles generally accepted in the United States of America
6 based on information provided by you."
7 Who, again, is the "you" in that sentence?
8 A The Trump Organization and the trustees.
9 Q Who is responsible for preparing the statement in
10 accordance with accounting principles generally accepted in
11 the United States of America?
12 A The Trump Organization and the trustees.
13 Q If you look at the next one, number two, it says:
14 "Apply accounting and financial reporting expertise to assist
15 you in the presentation of the financial statement without
16 undertaking to obtain or provide any assurance that there are
17 no material modifications that should be made to the financial
18 statement in order for it to be in accordance with accounting
19 principles generally accepted in the United States of
20 America."
21 Is that consistent with the practice Mazars
22 would have followed in prior years?
23 A I'd have to compare the two but, I believe, yes. It
24 would be consistent with our practice.
25 Q So, separate and apart from the language, the

D. Bender - Direct/Wallace Page 215

1 practice would remain the same?
2 A Yes.
3 Q Okay. Please, scroll down to the bottom paragraph.
4 It states: "We're not required to, and will not, verify the
5 accuracy or completeness of the information you will provide
6 to us for the engagement or otherwise gather evidence for the
7 purpose of expressing an opinion or a conclusion.
8 Accordingly, we will not express an opinion or a conclusion
9 nor provide any assurance on the financial statement."
10 Why would Mazars not verify the accuracy or
11 completeness of any information provided?
12 A You don't do those types of procedure in a
13 compilation. That is what we're being asked to perform.
14 Q If you look at the paragraph that it's in italics,
15 underneath the statement "our accountant's compilation report
16 is expected to include" -- I won't read it into the record.
17 I'll give you a minute to just look at it.
18 A Just the first paragraph?
19 Q First two. Actually, the one that starts: "The
20 accompanying Statement of Financial Condition." So, what's
21 being reflected in these paragraphs?
22 A These are basically the GAAP exceptions we discussed
23 yesterday and that GAAP is-- the accompanying statement does
24 not reflect above-noted items.
25 Q Who was responsible for determining what exceptions

D. Bender - Direct/Wallace Page 216

1 to GAAP will be in the Statements of Financial Condition?
2 A Trump Organization.
3 Q If you look at the next paragraph, I will read that
4 one into the record. It says: "Further, our report will
5 include the following: Because the significance and
6 pervasiveness of the matters discussed above make it difficult
7 to assess their impact on the Statements of Financial
8 Condition, users of this personal financial statement should
9 recognize that they might reach different conclusions about
10 the financial condition of Donald J. Trump if they had access
11 to a revised Statement of Financial Condition prepared in
12 conformity with accounting principles generally accepted in
13 the United States of America."
14 I'd like to direct your attention to the phrase
15 "users of this personal financial statement should recognize
16 that they might reach different conclusions." The reason for
17 those different conclusions -- what's the basis for the
18 different conclusions a user might reach?
19 A Because if you didn't have these GAAP exceptions,
20 these financial statements would be presented in a different
21 format.
22 Q So, is the GAAP exceptions disclosed above the reason
23 someone might have a different view of this financial
24 condition of Mr. Trump? Is that what's being said?
25 A Yes.

D. Bender - Direct/Wallace Page 217

1 Q If you look at the paragraph underneath that, it
2 states: "Our engagement cannot be relied upon to identify or
3 disclose any financial statement and misstatements including
4 those caused by fraud or error or to identify or disclose any
5 wrongdoing or noncompliance with laws and regulations.
6 However, we will inform you of any material errors and any
7 evidence or information that comes to our attention during the
8 performance of our procedures that fraud may have occurred."
9 With respect to this period from 2016, do you
10 remember any instances where you identified any fraud that may
11 have occurred at the Trump Organization?
12 A It's not the Trump Organization. This is a
13 Statement of Financial Condition of Donald J. Trump.
14 Q I'll rephrase the question. Do you know, from the
15 period of this letter in 2016, if you, in the course of
16 compiling the Statements of Financial Condition, identified
17 any fraud at the Trump Organization?
18 A Trump Organization?
19 Q Did you identify any fraud at the Trump Organization?
20 A We didn't do any work as of June 30th.
21 Q If we go down to the last paragraph under the heading
22 "your responsibilities," it states: "The engagement to be
23 performed is conducted on the basis that you acknowledge and
24 understand that our role is to prepare financial statements in
25 accordance with accounting principles generally accepted in

D. Bender - Direct/Wallace Page 218

1 the United States of America and assist you in the
2 presentation of the financial statement in accordance with
3 accounting principles generally accepted in the United States
4 of America."
5 Who is the "you" that's being referred to in
6 this paragraph?
7 A The Trump Organization and trustees.
8 Q Let's look at what the responsibilities are. They're
9 on the next page. Under item one, it states: "The selection
10 of accounting principles generally accepted in the United
11 States of America as the financial reporting framework to be
12 applied in the preparation of the financial statement."
13 Which party is responsible for selecting the
14 accounting principles to be used?
15 A The Trump Organization and trustees.
16 Q Item two states: "The preparation and fair
17 presentation of financial statement in accordance with
18 accounting principles generally accepted in the United States
19 of America and the inclusion of all informative disclosures
20 that are appropriate for accounting principles generally
21 accepted in the United States of America, other than
22 previously noted."
23 Let's start with the end there. Do you know
24 what's being referred to in the "other than previously noted?"
25 A The GAAP exceptions that were delineated in italics

D. Bender - Direct/Wallace Page 219

1 in the beginning.
2 Q So, who is responsible for this paragraph?
3 A The Trump Organization and trustees.
4 Q Do you understand what is meant by inclusion of all
5 informative disclosures?
6 A Generally, they include notes to financial
7 statements.
8 Q So, the actual text of what's contained in that
9 financial statement?
10 A Yes.
11 Q Look at item number 25. It states: "Compliance with
12 the laws and regulations applicable to its activities."
13 Do you know who the "its" is in this?
14 A The Trump Organization and the trustees.
15 Q So, who's responsible for their compliance with the
16 laws and regulations?
17 A The Trump Organization and trustees.
18 Q Look at the next item number six. It states: "The
19 accuracy and completeness of the records, documents,
20 explanations, and other information, including significant
21 judgments you provide us for the engagement."
22 Why is this item included?
23 A Because the parties we discussed are responsible for
24 the accuracy of the compilation of records, documents,
25 explanations, and other significant items and judgments.

D. Bender - Direct/Wallace Page 220

1 Q Item seven states: "To provide us with access to all
2 information of which you are aware is relevant to the
3 preparation and fair presentation of the financial statements
4 such as records, documentation, and other matters."
5 What's encompassed within information that is
6 relevant to the preparation and fair presentation of financial
7 statements?
8 A Any information that they know or documents that
9 they know pertaining to the financial statement.
10 Q If there was a document that related to the value of
11 the asset but they weren't using it for their specific form
12 valuation, would you still expect that to be shared?
13 A Yes, I would.
14 Q Mr. Bender, you've been handed a document that has
15 been marked as plaintiff's Exhibit 3003. Do you recognize
16 this document?
17 A Yes, I do.
18 Q What is it?
19 A This is certain data that was sent to us from the
20 Trump Organization for the preparation of the June 30, 2016,
21 compilation of Statement of Financial Condition for Donald J.
22 Trump.
23 MR. WALLACE: Your Honor, we ask this document
24 be entered into evidence.
25 MR. ROBERT: Objection. Statute of Limitations.

D. Bender - Direct/Wallace Page 221

1 MR. KISE: Just -- go ahead. Sorry. I just
2 have a housekeeping question.
3 THE COURT: Overruled on Statute of Limitations.
4 What's the housekeeping question?
5 MR. KISE: Maybe it's me. I want to make sure
6 there's-- it looks like there's two copies of the
7 Statement of Financial Condition, one redline and the
8 other is very thick. So, I'm just.
9 MR. WALLACE: I can ask, maybe, Mr. Bender if he
10 understands it and, if not, I can make a proffer on
11 something.
12 MR. KISE: That's fine.
13 Q So, I believe your testimony was -- I think you said
14 that this was information that was provided to you by the
15 Trump Organization in connection with the preparation of
16 Mr. Trump's Statement of Financial Condition; is that correct?
17 A Yes.
18 Q I'll get to what some of the attachments are in a
19 moment but answer first. Who is Patrick Birney?
20 A He's an employee of the Trump Organization.
21 Q Do you know why he's the one sending you this
22 information?
23 A At some point, he started being involved with the
24 Statements of Financial Condition and helping Jeff McConney.
25 Q Helping Jeff McConney?

Page 222

1 A Yes.
2 Q Did you understand that he reported Mr. McConney I?
3 A Yes, I believe he did.
4 Q So, I think we recognize the name of the first
5 attachment. What is that one?
6 A Jeff Supporting Data.
7 Q We can go through it, but, I believe there's two file
8 names separated by semicolons. I'll attempt to read them into
9 the record.
10 The first one states: "SOFC 02-17-2017 VPB
11 2.17.17 clean.doc," and the second file states: "SOFC 2.17.
12 2017 VPB 2.17.17.doc."
13 Do you have an understanding of what those two
14 files are?
15 A I can guess. I'm not sure.
16 Q Based on your experience of working with Mr. Birney?
17 A I can't-- I can make a guess but not based on
18 working with Mr. Birney.
19 Q What was your guess?
20 A I'm guessing--
21 MR. ROBERT: Objection.
22 THE COURT: Sustained. Not allowed to have
23 speculation.
24 (Continued on following page..)
25

D. Bender - Direct by Mr. Wallace Page 223

1 Q Do you have an understanding of what a clean document
2 means?
3 A I'm thinking that it's a document that they want us to
4 use for -- as their version of the typed financial statement.
5 It appears they typed the financial statements themselves, this
6 time.
7 Q And there are two files that are dot doc files, that
8 are SOFC 21717.
9 If you take a look at the list underneath, Mr. Birney
10 writes, "Bender, see attached. Item six is Word document,
11 clean. Item seven is Word document, track changes."
12 Based on that language, do you have any understanding
13 of what the files are, that are included?
14 A It just appears to me that one of them would be the
15 document that we just spoke, and one of them would track
16 changes, but I would have to review.
17 Q I'm happy to move on from this. It's not actually
18 relevant to the questions I was asking about the --
19 MR. ROBERT: I just want to be clear, your Honor.
20 Are you moving in the attachments, too? Or just
21 the covering email?
22 MR. WALLACE: The full document. The document
23 comes with the attachments.
24 MR. ROBERT: Okay. So, then our objection was
25 including the attachments that you moved in, as one piece?

D. Bender - Direct by Mr. Wallace Page 224

1 MR. WALLACE: Yes.
2 MR. ROBERT: Thank you for the clarification.
3 THE COURT: Ten-minute warning.
4 MR. WALLACE: Absolutely fine, your Honor.
5 THE COURT: Ten minute, I thought you said ten
6 minutes for morning.
7 Q Mr. Bender --
8 MR. WALLACE: If we could pull up the native
9 file.
10 Q We are going to pull up one of the exhibits that was
11 in the Excel file, native five. Do you recognize this
12 attachment to the email I just showed you?
13 A It appears to be their copy of the Jeff Supporting
14 Data for the compilation of Donald J. Trump financial statements
15 as of June 30th, 2016.
16 Q And do you have an understanding of who would have
17 prepared this document?
18 A It would have been somebody -- it would have been the
19 Trump Organization.
20 Q Okay. But you are not sure which precise individual
21 would have done it?
22 A I'm not. I wouldn't be 100 percent sure, no.
23 Q And what would you have done with this document, when
24 you received it?
25 A We would insert it into our binder, presumably.

D. Bender - Direct by Mr. Wallace Page 225

1 MR. WALLACE: Let's pull up Exhibit 742.
2 Q Mr. Bender, you have been handed a document that was
3 marked Plaintiff's Exhibit 742. It's a pull sheet for a
4 document that was produced as an Excel file. We have put a copy
5 of that Excel file up on the screen, here. Let me ask, do you
6 recognize this document?
7 A Yes, I do.
8 Q And what is this document?
9 A This is the file from Mazars' binder for the Statement
10 of Financial Condition compilation of Donald J. Trump, as of
11 June 30, 2016.
12 Q And what do the letters PBC stand for?
13 A Prepared by client.
14 Q And what was the use of this table?
15 A This was our control to tie into the statement of --
16 the compilation of the Statement of Financial Condition for
17 Mr. Trump, as of June 30, 2016.
18 MR. WALLACE: If we could --
19 Q I'll just ask you this: The systems you described for
20 preparing this document, did they operate the same way in 2016
21 as what we discussed in 2011?
22 I can clarify the question.
23 A At some point, they started putting stuff into a
24 portal. I don't think it was this early, but the systems would
25 have been the same, except for that.

D. Bender - Direct by Mr. Wallace Page 226

1 Q Okay. So if I'm understanding correctly, the way in
2 which people at the Trump Organization would send you documents,
3 the Statement of Financial Condition, changed, but there was no
4 change to how you prepared this document?
5 A The last document you gave me was 2016, also.
6 Q Correct.
7 A So, yes. So, the stuff would have been -- the same
8 process would have on the statement, as before.
9 MR. ROBERT: To the extent Mr. Wallace is going
10 it move this document in, we object on statute of
11 limitations, and I also object, it was a leading question.
12 THE COURT: Do you want to withdraw it?
13 MR. WALLACE: No, I don't want to withdraw the
14 question. I was just going to say, this is the electronic
15 version of an attachment of the document that was already
16 entered into evidence, over Mr. Robert's objection.
17 MR. ROBERT: I thought, because you identified it
18 as a separate exhibit number, it wasn't.
19 MR. WALLACE: No, I didn't. This was the same
20 exhibit number.
21 MR. ROBERT: It's the same exhibit number?
22 MR. WALLACE: Different file name.
23 MR. ROBERT: Then I still have the objection to
24 the leading question, your Honor.
25 MR. WALLACE: I would say that the leading

D. Bender - Direct by Mr. Wallace Page 227

1 question was in response to a general response from the
2 witness, and I was clarifying his answer.
3 THE COURT: Oh. In all my years of objections
4 about leading questions, I never heard the defense that,
5 Well, he was just asking for a qualification.
6 MR. ROBERT: If that works, we'll use it all the
7 time. That's fine.
8 THE COURT: It seems, to me, a legitimate device
9 in the search for the truth. Overruled.
10 MS. HABBA: Your Honor, before we proceed, I just
11 wanted to let the court reporter know that this is actually
12 Mr. Robert, not Mr. Solomon. I want to make sure the
13 record is clear.
14 THE COURT: That would be a bad mistake to make.
15 MR. SOLOMON: Okay, your Honor.
16 THE COURT: That's Mr. Solomon.
17 MS. HABBA: That's Mr. Solomon.
18 Q So, we were discussing how this document operates
19 what's indicated by the numbers in blue, in row 84100.01?
20 A Those are the cross references to the underlying work
21 papers in the Mazars binder in that case, and an example, the
22 cash worksheet appears to be worksheet 4100.01.
23 (Whereupon, a document was displayed, and handed to
24 the witness.)
25 Q Mr. Bender, I've handed you a document that's been

D. Bender - Direct by Mr. Wallace Page 228

1 marked as Plaintiff's Exhibit 2587. This is a document that was
2 produced as an Excel file, so I've put a copy of the Excel file
3 that was produced up on the screen. Do you recognize this
4 document -- let me introduce -- this document has been produced
5 with, and is listed on plaintiff's exhibit list, as a file name
6 of 4100.01 Cash Balances as of 6/30/16 - final VPB
7 2.17.17.XLS.XLS.
8 Do you recognize this document?
9 A Yes. This is the Excel file for the cash and
10 short-term investments for the compilation of Donald J. Trump's
11 Statement of Financial Condition as of June 30, 2016.
12 MR. WALLACE: Your Honor, we would ask that this
13 document be marked into evidence.
14 MR. ROBERT: Objection. Statute of limitations.
15 THE COURT: Overruled.
16 (Whereupon, Plaintiff's Exhibit 2587 was received
17 in evidence.)
18 Q Again, what does the red letters at the top say, PBC,
19 what do those indicate?
20 A Prepared by client.
21 Q And what would you do with this table?
22 A It would -- the bottom total should hopefully tie into
23 the Jeff Supporting Data.
24 Q Okay. So this is the support for the number on the
25 document we were just looking at?

D. Bender - Direct by Mr. Wallace Page 229

1 A Yes, sir.
2 Q If we look at the lettering in blue, on row one, it
3 states, "Per discussion with J. McConney, 2.717, cash balances
4 are from bank reconciliations and not individual balance
5 sheets."
6 Can you just tell me, what does that mean?
7 A I'm not 100 percent sure, today.
8 Q Do you recall if Mr. McConney was still involved in
9 the preparation of the Statement of Financial Condition, as of
10 February 27, 2017?
11 A He was involved with the compilation for the Statement
12 of Financial Condition of Donald J. Trump as of June 30th, 2016.
13 I don't know if you said '16 or '17.
14 Q So, just to clarify, this is a discussion that
15 happened in 2017, but it's for the as-of-June 30, 2016
16 statement?
17 A It appears to be so, yes.
18 Q Do you have a recollection as to why work on the
19 as-of-June 30, 2016 statement was happening in 2017?
20 A I have a general recollection.
21 Q What's your general recollection?
22 A I think things -- Mr. Trump became president, and
23 things were a little crazy.
24 Q Okay.
25 A For the Trump Organization.

D. Bender - Direct by Mr. Wallace Page 230

1 Q If we go down to rows 69 through 72, I just want to
2 direct your attention to -- there's two red arrows -- let me
3 start by staying, we are on row 69. There's two red arrows.
4 One going up, and one going down, and they each go into a red
5 line. What is indicated by that symbol?
6 A I believe, and I would have to double check, I believe
7 that it was footed. Added done.
8 Q So, someone has confirmed that the formula that's
9 operating there, it had been prepared correctly?
10 A Somebody would have taken the --
11 Q Okay.
12 A -- mouse, and would have went down with it, and made
13 sure the math checks.
14 MR. WALLACE: I think we are done with this
15 document, if that's a good time to break, your Honor.
16 THE COURT: I don't allow breaks longer than
17 10 minutes, but we are going to have 15 minutes to have the
18 10-minute break. So, please be back at 11:45, everyone.
19 MR. WALLACE: Thank you.
20 (Whereupon, a recess was taken.)
21 * * * * *
22 THE COURT: You know, for various reasons, I want
23 to run a tight ship. It seems like I'm going to have to be
24 a little firmer in these the timing of these breaks. I
25 said -- another example of lame humor -- we'll take a

<p>Proceedings Page 231</p> <p>1 10-minute break, but you can have 15 minutes. Maybe you 2 could push that to 20, but I'm starting in 20 minutes. If 3 I say we are talking a 10-minute break in 15 minutes, and 4 if you are not here, I'm starting anyway. So, please be 5 here. 6 I see Mr. Kise is nodding. You understand. 7 Mr. Robert. 8 Ms. Habba. 9 10-minute break, at most 20 minutes. 10 All right. Let's continue. 11 Before we do, I looked at Kulak, the case that I 12 mentioned before, very closely. Kulak versus Nationwide, 13 40 N.Y.2d 140, and at page 145 -- depends which version -- 14 the Court of Appeals makes clear, not just that continuing 15 objections can be made, but they don't even have to be 16 made. 17 Quote, "The objection, thus clearly made and 18 overruled, served as a continuing objection, and made it 19 unnecessary to challenge other improper evidence," close 20 quote. 21 The next sentence says, quote, "Although 22 objection was not made to every question during this line 23 of testimony, the objections were," internal quote, "Were 24 sufficient to cover the whole of the material accepted as 25 evidence."</p>	<p>Proceedings Page 233</p> <p>1 that. But we will continue to look into it, to save all of 2 us the -- 3 MR. WALLACE: Your Honor, I can, also, though -- 4 I think we have offered to -- the parties exchanged exhibit 5 lists that contained the information. If they want to do a 6 list that specifies the document to which they object, 7 based on statute of limitations ground and timing, just 8 that, and your Honor can rule on the list, regardless of 9 whether or not -- and then they can preserve their 10 objections that way, we would be happy to do something 11 along those lines. 12 MR. KISE: We'll look at that as well, your 13 Honor. Anything to expedite these process, I can assure 14 you. 15 THE COURT: As I said much earlier, Mr. Kise and 16 everyone at defense table, I'll let you do what you feel 17 like you need to do. 18 MR. KISE: Understood and appreciated. But we'll 19 streamline it, as much as we possibly can. 20 THE COURT: And by the way, I didn't read the 21 exception into this that you are reading into it, but you 22 know, reasonable minds can differ. Okay. 23 I hope he is closer, this time. 24 (Whereupon, the witness resumed the witness 25 stand.)</p>
<p>Proceedings Page 232</p> <p>1 So, I beg to differ with the advice that the 2 defendants received. You can make continuing objections, 3 and you can just object, and it's understood that that will 4 cover the exact or similar, same situations. 5 MR. KISE: Just looking a this, your Honor, 6 briefly, and I didn't get to look at it on the break, even 7 though it was a long break, but just pulling it up now, I 8 think this goes -- and I've sent it off to our folks. I 9 think this goes to what I said yesterday, the difference 10 between testimony and documents. This case relates, I 11 think, from what I'm seeing more, to testimony, and that's 12 why with Mr. Bender, we have made one blanket objection as 13 to testimony, which is sufficient. But, I don't know that 14 that covers us with documents. 15 But, I can assure you, to the extent that I 16 don't -- and Mr. Robert, so we don't have to keep standing 17 up and down -- if we can come up with a way to satisfy our 18 side, we would do that. I just think this is testimony and 19 not documents, because it speaks to, defendant objected 20 only to the first of three hypothetical questions. The 21 last hypothetical question -- the first three hypothetical 22 questions addressed to the first expert, it was not error 23 to admit, into evidence, testimony as to the possibility of 24 adequate representation. I think that's the distinction 25 that we are drawing here, as I did yesterday, I mentioned</p>	<p>D. Bender - Direct by Mr. Wallace Page 234</p> <p>1 THE COURT: Please proceed. 2 CONTINUED DIRECT EXAMINATION 3 BY MR. WALLACE: 4 Q We have three minutes of good morning left, 5 Mr. Bender, so good morning, again. 6 MR. WALLACE: I would like to offer the witness a 7 new document. 8 (Whereupon, a document was displayed, and handed 9 to the witness.) 10 Q Mr. Bender, you are being handed a document that has 11 been marked Plaintiff's Exhibit 756. Can you just take a moment 12 to look through this document? 13 THE COURT: And while he is looking, I'll ask the 14 court officer to hand a copy of the Kulak case to the 15 defense table, for their convenience. 16 MR. KISE: Thank you. 17 Q Mr. Bender, do you recognize this document? 18 A Yes, I do. 19 Q And what is this document? 20 A This is the compilation of Donald J. Trump's Statement 21 of Financial Condition, as of June 30, 2016. 22 Q And does this appear to be the final version? 23 A Yes, it does. 24 MR. WALLACE: Your Honor, we ask that this 25 document be moved into evidence.</p>

D. Bender - Direct by Mr. Wallace Page 235

1 MR. ROBERT: Objection. Statute of limitations.
2 THE COURT: This, the date of this -- I'm
3 speaking to the expert here. The date of this document is
4 after the limitations period had started, if we can call it
5 that; right?
6 MR. ROBERT: Correct. The limitations period, in
7 our view, is from February 6, 2016, so what is contained in
8 here, and the work product that's within here, to protect
9 our record, we believe that that would be barred by the
10 statute of limitations as for those defendants not bound by
11 the tolling agreement.
12 THE COURT: And what if it was 2017?
13 MR. ROBERT: It gets a little more complicated
14 there, because sometimes, especially on the McConney
15 spreadsheets, you will see that they have two years' worth
16 of information on a spreadsheet the year before, in that
17 year. That's why we have to take them one document at a
18 time, just to make sure we are preserving our position and
19 not waiving that we feel, for those defendants not bound by
20 the tolling agreement: Anything that happened prior to
21 February 6th of 2016, is out.
22 THE COURT: Overruled.
23 MR. WALLACE: Your Honor, you have already ruled,
24 so I probably should just sit down, is the standard
25 operating advice. I will note that we don't believe that

D. Bender - Direct by Mr. Wallace Page 236

1 the defendants are entitled to lie about events that
2 happened in 2014, in '17 and so that the statute of
3 limitations isn't applicable, or the statute of limitations
4 period certainly encompasses this document, but I will move
5 on.
6 And so I take it this document has now been
7 entered into evidence?
8 THE COURT: Yes. It's now in evidence.
9 MR. WALLACE: Thank you.
10 (Whereupon, Plaintiff's Exhibit 756 was received
11 in evidence.)
12 Q Mr. Bender --
13 MR. WALLACE: If we could pull up page three of
14 the document. It's the one that has the production number
15 1985.
16 Q Just please reorient us. What portion of the
17 Statement of Financial Condition is this section?
18 A These are the notes to the financial statements.
19 Notes to the Statement of Financial Condition.
20 Q And who is responsible for this language?
21 A The Trump Organization, and the trustees.
22 Q And just to clarify, I'll leave the record here, under
23 the heading, Basis of Presentation it states, "Prior to June 30,
24 2016, Donald J. Trump transferred certain of his assets and
25 liabilities, including certain entities that he owned, to two

D. Bender - Direct by Mr. Wallace Page 237

1 holding companies. These two holdings companies are owned by
2 the Donald J. Trump Revocable Trust, dated April 7, 2014, as
3 amended, (The Trust). Prior to Mr. Trump being sworn in as
4 President of the United States of America on January 20, 2017,
5 he transferred a significant portion of his remaining assets and
6 liabilities, including certain entities, to either the trust, or
7 entities owned by the trust."
8 "The accompanying Statements of Financial Condition
9 consists of the assets and liabilities of Donald J. Trump,
10 including the assets and liabilities of the trust."
11 So, just to reorient, this is the trust process that
12 you speak about earlier this morning?
13 A I'm not sure what you mean by that?
14 Q Okay. You are not sure --
15 A What you mean by that question.
16 Q You said that at some point trustees took over the
17 responsibility for the preparation of the Statement of Financial
18 Condition. This is the trust that the trustees were operating
19 on behalf of --
20 A Yes, it was.
21 Q Okay. So, if we look at the next full paragraph, it
22 states that, "Assets are stated at their estimated current
23 values, and liabilities at their estimated current amounts,
24 using various valuation methods."
25 So who is responsible for making sure that assets are

D. Bender - Direct by Mr. Wallace Page 238

1 stated at their estimated current values?
2 A The Trump Organization, and the trustees.
3 Q Okay. So, if we could just flip to the page five of
4 this report, it's the production number that ends 1987, if we
5 look at the second paragraph, it states, "The estimated current
6 value of 600 million -- \$631 million, is based on an evaluation
7 by the trustees in conjunction with their associates and outside
8 professionals, applying a capitalization rate to the cash flow
9 to be derived from building operations."
10 So, who is responsible for deciding to use this
11 technique, to value Trump Tower?
12 A Trustees, in conjunction with their associates and
13 outside professionals.
14 Q And did Mazars undertake any procedures to determine
15 if that was an appropriate means of valuing Trump Tower?
16 A No, we did not.
17 Q And did Mazars undertake any accounting procedures to
18 determine if the 631 million number was accurate?
19 A Say the question again, please?
20 Q Did Mazars undertake any accounting procedures to
21 determine if the \$631 million number was accurate?
22 A Anything that -- I would have to see the Jeff
23 Supporting schedule, to see if we footed any other, or if we did
24 any other work.
25 Q But would you have undertaken any kind of audit or

D. Bender - Direct by Mr. Wallace Page 239

1 review to check the number, the \$631 million number?
2 A No, we would not have done that.
3 (Whereupon, a document was displayed, and handed
4 to the witness.)
5 Q Mr. Bender, you have been handed a document that has
6 been marked as Plaintiff's Exhibit 741. I'll give you a moment
7 to look through it.
8 Do you recognize this document, Mr. Bender?
9 A Yes, I do.
10 Q And what is this document?
11 A It's a representation letter for the personal -- for
12 the compilation of the financial statements of Donald J. Trump,
13 as of June 30, 2016.
14 MR. WALLACE: Your Honor, we would ask that this
15 document be moved into evidence.
16 MR. ROBERT: Objection. Statute of limitations.
17 THE COURT: Overruled.
18 (Whereupon, Plaintiff's Exhibit 741 was received
19 in evidence.)
20 Q Mr. Bender, would Mazars have issued the Statement of
21 Financial Condition if the trustees --
22 MR. WALLACE: Well, let's actually strike that
23 question.
24 Can we turn to the last page of this document?
25 THE COURT: The correct term is withdrawn, not

D. Bender - Direct by Mr. Wallace Page 240

1 strike.
2 MR. WALLACE: Thank you, your Honor.
3 Q If we take a look at the bottom of this page, do you
4 recognize the signature on the left hand side of the screen?
5 A Yes. That's -- excuse me. That's Allen Weisselberg.

D. Bender - Direct/Wallace Page 241

1 Q In what capacity is he signing this letter?
2 A He signed it as Chief Financial Officer of the Trump
3 Organization and as Trustee of Donald J. Trump Revocable
4 Trust.
5 Q Do you recognize the signature on the right-hand side
6 of the screen?
7 A Yes, it's Don, Jr.'s signature.
8 Q In what capacity is he signing this?
9 A As Executive Vice President of the Trump
10 Organization and Trustee of Donald J. Trump Revocable Trust.
11 Q Would Mazars have issued, as of June 30, 2016,
12 Statements of Financial Condition for Donald J. Trump if the
13 trustees had not signed this representation letter?
14 A No, they would not.
15 Q I'd like to direct your attention to the second page
16 of this document. Paragraph two states: "We've made
17 available to you all financial records and related data and
18 any additional information you requested from us for the
19 purpose of the compilation. We have not, knowingly, withheld
20 from you any financial records or related data that, in our
21 judgment, would be relevant to your compilation."
22 You see that language?
23 A Yes, I do.
24 Q Would Mazars have issued the Statements of Financial
25 Condition if the trustees had not made that representation?

D. Bender - Direct/Wallace Page 242

1 A No, it would not.
2 Q After the date of this letter, which was signed --
3 after the date of this letter on March 10, 2017, did you learn
4 whether or not the Trump Organization had, in fact, not
5 provided you with all financial records and related data and
6 any additional information requested for the purpose of the
7 compilation?
8 A I'd have to double check 2016. I'm not sure of
9 2016.
10 Q So, after -- I'm trying to clarify. After this
11 letter, did you learn this representation was not accurate?
12 A I can't tell you the specific year, off the top of
13 my head.
14 Q At some point, did you learn this representation was
15 inaccurate?
16 A I'm not sure for the year June 30, 2016. I'd have
17 to go back and look at that to answer the question.
18 Q At some point, did you learn, during the course of --
19 withdrawn.
20 At some point did you learn that the Trump
21 Organization had not made available to you all financial
22 records for any of your compilation engagements?
23 A Yes, sir.
24 Q What did you learn --
25 A There were certain matters -- certain documents were

D. Bender - Direct/Wallace Page 243

1 shown to us, appraisals, that were in their possession that
2 we did not know about.
3 THE COURT: Please keep your voice nice and
4 loud.
5 THE WITNESS: I apologize. My throat is --
6 THE COURT: That's because you're talking too
7 much the last few days.
8 THE WITNESS: That's because I'm retired. I'm
9 not used to talking.
10 Q So, Mr. Bender, how did you learn there were
11 appraisals you had not been provided?
12 A I believe the first time I saw them were interviews
13 with the District Attorney of the City of New York.
14 Q Was that information you thought you should have
15 received in the course of preparing a compilation engagement?
16 A Yes.
17 Q Let's go down to another portion of this letter. If
18 you look at item number 15, item 15 states: "We've responded
19 fully and truthfully to all inquiries made to us by you during
20 your compilation."
21 After the receipt of this letter, did you learn
22 whether or not that representation was inaccurate?
23 A It was inaccurate for not-- I can't tell you for
24 this year but for various years in total, yes.
25 Q Based on your understanding, why was that

D. Bender - Direct/Wallace Page 244

1 presentation inaccurate?
2 A Because they were not giving us all the documents
3 that we needed, potentially, to compile the compilation.
4 Q So, had you made inquiries for those documents?
5 A In many, yes, I did. Yes.
6 MR. KISE: Objection. Which documents? He's
7 testified he's not sure which year it was. So, which
8 documents are we talking about?
9 THE COURT: Sustained.
10 MR. KISE: What year? When? When --
11 THE COURT: Sustained. I think we need to be a
12 little more particular.
13 Q Mr. Bender, you testified that the Trump Organization
14 was not giving us all the documents that we needed to
15 potentially compile the compilation. What documents are you
16 referring to?
17 A There were certain appraisals out there for a number
18 of years.
19 Q Do you remember, specifically, which years?
20 A Not all years off the top of my head, no.
21 Q Do you remember some of the years, off the top of
22 your head?
23 A I think it was '15, '16, something like that but I'd
24 have to double check.
25 Q So, you made inquiries for appraisals to the Trump

D. Bender - Direct/Wallace Page 245

1 Organization?
2 A Yes.
3 MR. KISE: Objection. Which year?
4 THE COURT: I may be second-guessing myself but
5 I think he can ask if it was done, and, you can
6 cross-examination well, when was it done.
7 MR. KISE: Okay, if he's asking generally, did
8 he ever make inquiries about appraisals, that is one
9 thing. He's asking, specifically, the representation
10 with respect, rather, to this particular year. I think
11 that's quite another.
12 THE COURT: I don't think he was but let's see
13 if he'll clarify.
14 MR. WALLACE: I appreciate Mr. Kise's evidence
15 coming in but--
16 Q Did you ask the Trump Organization, during the course
17 of your work on compilation reports, for appraisal reports?
18 A Yes, I think it started at the time-- first time, my
19 recollection of asking where the appraisals were, they gave
20 me certain appraisals for TIHT Commercial LLC of Trump Plaza,
21 LLC, and, I think those questions I asked in most years of
22 Jeff McConney. That was started, based on, I guess,
23 approximately, 2013 or other.
24 Q Do you have a specific recollection of it starting in
25 2013?

D. Bender - Direct/Wallace Page 246

1 A I recently saw that we had those appraisals appear
2 in 2013. So, that's probably when I asked for them.
3 Q So, your best recollection is you started asking for
4 appraisals in or about 2013?
5 A Yes.
6 Q You had asked Mr. McConney, I believe you said?
7 A Yes, most years.
8 Q Can you describe, to your recollection, how you asked
9 Mr. McConney for those documents?
10 A First time he gave me appraisals, I said, do you
11 have any more appraisals, and, I'd ask every year after that.
12 All-- most accountants -- I did ask for appraisals.
13 Q What did he tell you?
14 A "That's all we have."
15 Q Every year you asked, that's what he told you?
16 A Yes.
17 Q Again, you don't remember exactly when that practice
18 started?
19 A No, but, I did see that the appraisal appeared
20 around 2013.
21 Q You've seen an appraisal dated 2013 that conforms to
22 what your memory is?
23 A I saw appraisals in the 2013, the binder for the
24 compilation for the year, as of June 30, 2016.
25 Q What did you do when you learned that there were

D. Bender - Direct/Wallace Page 247

1 appraisals that had not been given to you?
2 A What did I do?
3 Q Yes.
4 MR. KISE: Objection. The timeframe. Back to
5 timeframe. Objection.
6 MR. WALLACE: He identified the timeframe as
7 during a meeting with the New York District Attorney's
8 Office.
9 MR. KISE: Is that a timeframe? He said some
10 timeframe but then it was unclear as to which -- I just
11 want the record to be clear.
12 THE COURT: We all do.
13 Q Do you remember when?
14 THE COURT: Hold on a second. Let's start with:
15 Can you remember a specific time when you reacted to this
16 realization.
17 Q Can you answer the question from the Judge?
18 A It was my first meeting with a Zoom meeting with the
19 District Attorney of the State of New York.
20 THE COURT: You remember, roughly, when that
21 meeting was?
22 THE WITNESS: Not off the top of my head.
23 THE COURT: Can you approximate from point of
24 view of more than speculation but less than certainty?
25 THE WITNESS: I would say about three years ago,

D. Bender - Direct/Wallace Page 248

1 during COVID. Yeah, it was during COVID but, yes, the
2 late part. Wasn't the first year of COVID.
3 Q Did you do anything after you learned from that
4 meeting with the District Attorney's Office that there were
5 appraisals you'd not been given?
6 A I was not personally involved in any of those
7 matters. It wasn't handled by me.
8 Q Were you still working on the compilation for Donald
9 J. Trump's Statement of Financial Condition at the time you
10 learned that information?
11 A No, we did not. So, it had to be after 2020. The
12 date would have to be after June 30, 2020, was, I believe,
13 the last compilation we did.
14 Q Did you have any conversations with Mr. McConney
15 after you learned this information from the District
16 Attorney's Office?
17 A Pertaining to that matter?
18 Q Correct.
19 A No, I did not.
20 Q You had conversations with him on other matters?
21 A Yes. Let me go back.
22 THE WITNESS: It would have been early part of
23 '21, your Honor.
24 THE COURT: Just finish the sentence.
25 A Would be the early part of the '21 that we had the

D. Bender - Direct/Wallace Page 249

1 Zoom meeting with DANY.
2 Q Meaning the District Attorney's Office of New York
3 County?
4 A Somebody taught me this.
5 THE COURT: DANY.
6 THE WITNESS: Somebody taught me this. I'm
7 sorry.
8 Q Mr. Bender, in any given year where you asked for
9 appraisals you were not given -- let me withdraw that
10 question.
11 THE COURT: He's a quick learner.
12 Q Mr. Bender, would Mazars have issued Statements of
13 Financial Condition-- without reference to a specific year
14 but, if Mazars learned that the Trump Organization had not
15 provided all appraisals, would you have issued the Statement
16 of Financial Condition?
17 MR. KISE: Objection. Back to which year?
18 THE COURT: Overruled. Again, I may be
19 second-guessing myself but you can ask if it was ever
20 done. I don't see a problem with that.
21 MR. KISE: Which years did he not receive the
22 appraisals? Which years is the government asking him
23 which statements wouldn't have been produced? I mean,
24 there are some years where there might not have been any
25 appraisals provided and some years were there were

D. Bender - Direct/Wallace Page 250

1 appraisals provided but what the government is doing is
2 mashing it all together and saying, in those years that
3 you didn't get appraisals, would you have issued the
4 statements, but, that doesn't speak to the direct point
5 which they have to establish that it was a specific year
6 or a specific appraisal not provided in connection with a
7 specific statement.
8 Not generally, over a ten-year period, whether
9 appraisals you didn't receive and did that then -- what
10 the --
11 MR. WALLACE: How would the witness know if he
12 didn't receive an appraisal, apart for the ones shown by
13 DANY?
14 MR. KISE: According to his testimony, he was
15 told by the District Attorney of New York when he didn't
16 receive it. So, if the witness can recall which years
17 that related to and he can recount what he would have
18 done or not have done, based on information he would have
19 received in that particular year, fine; but, if it's no,
20 he can't just speculate generally about --
21 MR. WALLACE: You're arguing in front of the
22 Judge now.
23 THE COURT: He is allowed to. Overruled.
24 MR. WALLACE: Can we go back to --
25 THE COURT: Subject to the cross-examination.

D. Bender - Direct/Wallace Page 251

1 Q Mr. Bender, would Mazars have issued a Statement of
2 Financial Condition if it knew it had not been provided with
3 all appraisals?
4 A No, it would not.
5 Q Thank you.
6 MR. KISE: Just for the record, I didn't object
7 to that last question because of the Kulak case, okay.
8 I'm glad we're on the same page.
9 Q Mr. Bender, you have been handed a document that has
10 been marked Plaintiff's Exhibit 753. Take a moment to look at
11 this. Do you recognize this document?
12 A Yes, I do.
13 Q What is this document?
14 A This is the engagement letter compiling the
15 Statement of Financial Condition of Donald J. Trump as of
16 June 30, 2017.
17 Q Does this appear to be the final letter?
18 A Yes, it does.
19 MR. WALLACE: Your Honor, I would ask this be
20 entered into evidence.
21 THE COURT: Granted. It's now in evidence.
22 By the way, I can ask why you're not objecting.
23 Because of the continuing objection rule or because of
24 the date of the document?
25 MS. HABBA: Don't worry, your Honor. I'm about

D. Bender - Direct/Wallace Page 252

1 to object. I'm just letting him do his thing.
2 THE COURT: Okay.
3 Q Mr. Bender, I've handed you a document marked
4 Plaintiff's Exhibit 758. It is a pull sheet for a document
5 that was produced to us in the form of an Excel file. We put
6 a copy of the Excel file up on the screen here.
7 Do you recognize this document?
8 A Yes, I do.
9 Q What is this document?
10 A This is the Jeff Supporting Data for the Statement
11 of Financial Condition of Donald J. Trump as of June 30,
12 2017.
13 Q Does this appear to be the final form?
14 A Yes, it does.
15 MR. WALLACE: Your Honor, we ask the document be
16 entered into evidence.
17 MS. HABBA: Your Honor, I'll state my objection
18 on the record. To the extent that the 2017 documents
19 look back to 2016, and anything in there before
20 February 2016, we assert the same Statute of Limitations
21 objection.
22 THE COURT: Maybe this is the right time to
23 discuss this point.
24 If the defendants make a statement, or any of
25 the defense makes a statement, within the permissible

D. Bender - Direct/Wallace Page 253

1 Statute of Limitations period but it's about events that
2 happened before, isn't that still actionable or am I
3 missing something?
4 MS. HABBA: Again, we've raised these issues
5 with the Appellate Division, which we're preserving. I
6 would like to state the objection that any reference to
7 anything in here before 2016, which I know your Honor has
8 a differing opinion, but, I have to state my objection
9 against it, should not be considered.
10 THE COURT: I'll just say in front of everyone,
11 I don't see how you can possibly object to a statement
12 that's timely even if it's about a fact that comes before
13 that; but, as you just said, we'll agree to disagree.
14 MS. HABBA: Thank you, your Honor.
15 THE COURT: Thank you.
16 Q So --
17 THE COURT: Objection overruled and we'll ask
18 the witness to answer.
19 MR. WALLACE: I believe there was a pending
20 request to put this in the record.
21 THE COURT: It's in.
22 Q Mr. Bender, you have been handed a document that's
23 been marked Plaintiff's Exhibit 755. I'll give you a moment
24 to look through the document.
25 Mr. Bender, do you recognize this document?

D. Bender - Direct/Wallace Page 254

1 A Yes, I do.
2 Q What is this document?
3 A It's the compilation of Donald J. Trump's Statements
4 of Financial Condition as of June 30, 2017.
5 Q Does this appear to be the final version of the
6 document?
7 A Yes, it does.
8 MR. WALLACE: Your Honor, we ask this document
9 be entered into evidence.
10 THE COURT: Granted. It's now in evidence.
11 Q Mr. Bender, you've been handed a document marked
12 Plaintiff's Exhibit 754. Just take a moment to look through
13 this document.
14 Do you recognize this document -- withdrawn.
15 A I'm sorry.
16 Q Mr. Bender, do you recognize this document?
17 A Yes, I do.
18 Q What is this document?
19 A This is the representation letter for the
20 compilation of the personal financial statement, Statements
21 of Financial Condition of Donald J. Trump as of June 30,
22 2017.
23 Q If we just flip to the last page. Do you recognize
24 the signature on the left-hand side of the screen?
25 A Yes, I do.

D. Bender - Direct/Wallace Page 255

1 Q Whose signature is that?
2 A Allen Weisselberg.
3 Q In what capacity is Mr. Weisselberg signing this
4 letter?
5 A Chief Financial Officer and Trustee of Donald J.
6 Trump Revocable Trust.
7 Q The signature on the right-hand side of the page, do
8 you recognize that signature?
9 A Yes.
10 Q Whose signature is that?
11 A That's Don, Jr.'s signature.
12 Q In what capacity is Mr. Trump signing this letter?
13 A As Executive Vice President and Trustee of Donald J.
14 Trump Revocable Trust.
15 Q Would Mazar's have issued a Statement of Financial
16 Condition in-- withdrawn.
17 Would Mazars have issued a Statement of
18 Financial Condition if Allen Weisselberg and Donald Trump, Jr.
19 did not make representations in this letter on behalf of the
20 trustees in the Revocable Trust?
21 A It would not have.
22 Q Would Mazars have issued 2017 Statement of Financial
23 Condition if they learned any of the representations in this
24 letter were not true?
25 A No, they would not have.

D. Bender - Direct/Wallace Page 256

1 Q Mr. Bender, you've been handed a document marked as
2 Plaintiff's Exhibit 771. I'll give you a few minutes to look
3 through the document.
4 Mr. Bender, do you recognize this document?
5 A Yes, I do.
6 Q What is this document?
7 A This is the engagement letter compiling the
8 Statements of Financial Condition of Donald J. Trump as of
9 June 30, 2018.
10 Q If you take a look at the bottom of this document, do
11 you recognize that signature?
12 A Yes, I do.
13 Q Whose signature is it?
14 A Allen Weisselberg's.
15 Q In what capacity is Mr. Weisselberg signing this
16 letter?
17 A Executive Vice President of the Trump Organization
18 and Trustee of Donald J. Trump Revocable Trust.
19 MR. WALLACE: We ask this document be entered
20 into evidence.
21 THE COURT: Granted. It's in evidence.
22 Q Mr. Bender, you've been handed a document that's
23 marked as Plaintiff's Exhibit 774. It's a pull sheet for a
24 document that was produced as an Excel file. We've put a copy
25 of the Excel file on the screen here.

Page 257

1 Do you recognize this document?
2 A Yes, I do.
3 Q What is this document?
4 A It's the Jeff Supporting Data for the Statements of
5 Financial Condition for Donald J. Trump as of June 30, 2018.
6 Q The initials, again, PBC in red at the top, what do
7 those mean?
8 A Prepared by client.
9 Q We haven't seen these symbols before, but, next to
10 number \$76 million on line 12 are the letters PY. Do you know
11 what the letters indicate?
12 A Prior year.
13 Q The next cel lists the number of 76,200,000, says FS.
14 What does that indicate?
15 A Financial statement.
16 Q What is being indicated by the fact that is the
17 financial statement?
18 A It agrees to the financial statement.
19 Q So, that you've confirmed that the number that is
20 marked there is 76,200,000 is in the final Statement of
21 Financial Condition?
22 A I don't like the word confirm. I'll say check,
23 cross-reference.
24 Q You've cross-referenced?
25 A Yes.

2 to the witness.)
3 Q Mr. Bender, you have been handed a document that is
4 marked as Plaintiff's Exhibit 773. I'll give you a few moments
5 to look through the document.
6 Mr. Bender, do you recognize this document?
7 A Yes, I do.
8 Q What is it?
9 A It's the compilation of the Donald J. Trump Statement
10 of Financial Condition as of June 30, 2018.
11 Q And does this appear to be the final version?
12 A Yes, it does.
13 MR. WALLACE: Your Honor, we would ask that this
14 document be moved into evidence.
15 THE COURT: Granted. It's in evidence.
16 (Whereupon, Plaintiff's Exhibit 773 was received
17 in evidence.)
18 (Whereupon, a document was displayed, and handed
19 to the witness.)
20 Q Mr. Bender, you have been handed a document that has
21 been marked Plaintiff's Exhibit 772. Have you had a chance to
22 look at this document?
23 A Yes, I have.
24 Q And what is this document?
25 A This is a letter of representation for the compilation

D. Bender - Direct by Mr. Wallace Page 259

1 of the personal financial statement of Donald J. Trump, as of
2 June 30, 2018.
3 MR. WALLACE: Your Honor, we would ask that this
4 document be entered into evidence.
5 THE COURT: Granted. It's in evidence.
6 (Whereupon, Plaintiff's Exhibit 772 was received
7 in evidence.)
8 MR. WALLACE: If we could scroll down to the
9 bottom of the last page of this document.
10 Q Mr. Bender, do you recognize the signature on the left
11 of the screen?
12 A Yes, I do.
13 Q Whose signature is that?
14 A It's Allen Weisselberg.
15 Q And in what capacity is Mr. Weisselberg signing this
16 letter?
17 A Chief Financial Officer of the Trump Organization, and
18 Trustee of the Donald J. Trump Revocable Trust.
19 Q Do you recognize the signature on the right hand side
20 of the screen?
21 A Yes, I do.
22 Q Who signature is that?
23 A It's Don, Junior's signature.
24 Q And in what capacity is Mr. Trump signing this letter?
25 A Mr. Trump. Okay. Executive Vice President of the

D. Bender - Direct by Mr. Wallace Page 260

1 Trump Organization, and Trustee of the Donald J. Trump Revocable
2 Trust.
3 Q Was there a confusion with Mr. Trump? Usually refers
4 to Donald J. Trump?
5 A It's just everybody is getting older.
6 Q Okay. If we go up to the top, would Mazars have
7 issued the 2018 Statement of Financial Condition if
8 Mr. Weisselberg and Mr. Trump did not sign this representation
9 letter?
10 A No, we would not have.
11 Q Would Mazars have issued the 2018 Statement of
12 Financial Condition if it knew that any of the representations
13 in this letter were false?
14 A No, we would not have.
15 (Whereupon, a document was displayed, and handed
16 to the witness.)
17 Q Mr. Bender, you have been handed a document marked
18 Plaintiff's Exhibit 840. Do you recognize this document?
19 A Yes, I do.
20 Q And what is this document?
21 A This is the engagement letter to compile the Statement
22 of Financial Condition for Donald J. Trump, as of June 30, 2019.
23 Q Does this appear to be the final version of the
24 letter?
25 A Yes, it does.

D. Bender - Direct by Mr. Wallace Page 261

1 MR. WALLACE: Your Honor, we would ask that this
2 document be entered into evidence.
3 THE COURT: We move a lot faster without all
4 those objections.
5 Granted. It's in evidence.
6 (Whereupon, Plaintiff's Exhibit 840 was received
7 in evidence.)
8 (Whereupon, a document was displayed, and handed
9 to the witness.)
10 Q Mr. Bender, you have been handed a document marked as
11 Plaintiff's Exhibit 843. It's a pull sheet for a document that
12 was produced to us as an Excel file. We have put a copy of that
13 Excel file up on the screen here.
14 Do you recognize this document?
15 A Yes, I do.
16 Q And what is this document?
17 A This is the Jeff Supporting Data for the Statement of
18 Financial Condition for Donald J. Trump as of June 30, 2019.
19 Q And what is indicated by the red letters on the top,
20 PBC?
21 A Prepared by client.
22 Q And does this appear to be the final supporting data
23 spreadsheet for the 2019 Statement of Financial Condition?
24 A Yes, it does.
25 MR. WALLACE: Your Honor, we would ask that this

D. Bender - Direct by Mr. Wallace Page 262

1 document be entered into evidence.
2 THE COURT: Granted. It's in evidence.
3 (Whereupon, Plaintiff's Exhibit 843 was received
4 in evidence.)
5 (Whereupon, a document was displayed, and handed
6 to the witness.)
7 Q Mr. Bender, you have been handed a document that's
8 been marked Plaintiff's Exhibit 842. I'll give you a few
9 moments to look through the document.
10 Mr. Bender, do you recognize this document?
11 A Yes, I do.
12 Q What is this document?
13 A This is the compilation of Donald J. Trump Statement
14 of Financial Condition as of June 30, 2019.
15 Q And this appears to be the final Statement of
16 Financial Condition?
17 A Yes, it does.
18 MR. WALLACE: Your Honor, we would ask that this
19 document be entered into evidence.
20 THE COURT: Granted. It's in evidence.
21 (Whereupon, Plaintiff's Exhibit 842 was received
22 in evidence.)
23 (Whereupon, a document was displayed, and handed

1 document marked Plaintiff's Exhibit 841. I'll give you a
2 moment.
3 Mr. Bender, do you recognize this document?
4 A Yes, I do.
5 Q What is this document?
6 A This is the representation letter for the compilation
7 of the personal financial statement of Donald J. Trump, as of
8 June 30, 2019.
9 Q And if we look down at the bottom of this document, do
10 you recognize the signature on the left hand side of the screen?
11 A Allen Weisselberg.
12 Q And in what capacity is Mr. Weisselberg signing this
13 letter?
14 A Chief Financial Officer and Trustee of the Donald J.
15 Trump Revocable Trust.
16 Q And do you recognize the signatures on the right hand
17 side of screen?
18 A Yes. It's Donald Trump, Junior.
19 Q And in what capacity did Donald Trump, Jr. sign this
20 document?
21 A Executive Vice President of the Trump Organization,
22 and Trustee of the Donald J. Trump Revocable Trust.
23 Q Would Mazars have issued the 2019 Statement of
24 Financial Condition if Mr. Weisselberg and Mr. Trump did not
25 sign this representation letter?

D. Bender - Direct by Mr. Wallace Page 264

1 A No, we would not have.
2 Q Would Mazars have issued the 2019 Statement of
3 Financial Condition, if it knew that any of the representations
4 contained in this letter were false?
5 A No, we would not have.
6 (Whereupon, a document was displayed, and handed
7 to the witness.)
8 Q Mr. Bender, you have been handed a document that is
9 marked Plaintiff's Exhibit 854. I'll give you a moment to look
10 through it.
11 Mr. Bender, do you recognize this document?
12 A Yes, I do.
13 Q What is this document?
14 A This is the engagement letter to compile the Statement
15 of Financial Condition for Donald J. Trump for the year ending
16 June 30, 2020.
17 Q And does this appear to be the final version of the
18 letter?
19 A Yes, it does.
20 MR. WALLACE: Your Honor, we would ask that this
21 document be entered into evidence.
22 THE COURT: Granted. It's in evidence.
23 (Whereupon, Plaintiff's Exhibit 854 was received
24 in evidence.)
25 THE COURT: If I keep saying that, my voice is

D. Bender - Direct by Mr. Wallace Page 265

1 going to be as hoarse as his, eventually.
2 MR. WALLACE: Only a few more.
3 (Whereupon, a document was displayed, and handed
4 to the witness.)
5 Q Mr. Bender, I've handed you a document that has been
6 marked as Plaintiff's Exhibit 857. It is a pull sheet for a
7 document that was produced as an Excel file. We have put a copy
8 of that Excel file up on the screen. Do you recognize this
9 document?
10 A Yes, I do.
11 Q What is this document?
12 A It's Jeff Supporting Data for the -- for the
13 compilation of the -- it's the Jeff Supporting Data for the
14 Donald J. Trump compilation Statement of Financial Condition, as
15 of June 30, 2020.
16 Q And does this appear to be the final version of the
17 spreadsheet?
18 A Yes, it does.
19 MR. WALLACE: Your Honor, we would ask that this
20 be entered into evidence.
21 THE COURT: Granted.
22 (Whereupon, Plaintiff's Exhibit 857 was received
23 in evidence.)
24 Q I'll just ask, before we take it down, what do the
25 letters PBC mean, again?

D. Bender - Direct by Mr. Wallace Page 266

1 A Prepared by client.
2 Q Thank you.
3 (Whereupon, a document was displayed, and handed
4 to the witness.)
5 Q Mr. Bender, you have been handed a document that's
6 been marked Plaintiff's Exhibit 856. If you can, take a moment
7 to look through this document.
8 Mr. Bender do you recognize this document?
9 A Yes, I do.
10 Q What is this document?
11 A This is a compilation of Donald J. Trump Statement of
12 Financial Condition as of June 30, 2020.
13 Q Does this appear to be the final form of the document?
14 A Yes, it does.
15 MR. WALLACE: Your Honor, I would ask that this
16 document be entered into evidence.
17 THE COURT: Granted. It's in evidence.
18 (Whereupon, Plaintiff's Exhibit 856 was received
19 in evidence.)
20 THE COURT: And, 10-minute warning.
21 MR. WALLACE: Understood.
22 (Whereupon, a document was displayed, and handed
23 to the witness.)
24 Q Mr. Bender, you have been handed a document marked
25 Plaintiff's Exhibit 855. If you could, take a moment and look

D. Bender - Direct by Mr. Wallace Page 267

1 through the document, please.
2 Mr. Bender, do you recognize this document?
3 A The document --
4 Q What's that?
5 A Repeat the question, please?
6 Q Do you recognize this document?
7 A Yes, I do.
8 Q What is this document?
9 A This is the representation letter for the DJT -- the
10 compilation of the personal financial statement of Donald J.
11 Trump, as of June 30, 2020.
12 MR. WALLACE: If we could go to the bottom of
13 this document.
14 Q Do you recognize the signature on the left hand side
15 of the screen?
16 A Yes, I do.
17 Q Whose signature is that?
18 A It's Allen Weisselberg.
19 Q And in what capacity is Mr. Weisselberg signing this
20 document?
21 A Chief Financial Officer and Trustee of the Donald J.
22 Trump Revocable Trust.
23 Q And do you recognize the signature on the right hand
24 side?
25 A Yes, I do.

D. Bender - Direct by Mr. Wallace Page 268

1 Q Whose signature is that?
2 A That's Donald J. Trump, Junior's signature.
3 Q And in what capacity is he signing this document?
4 A Executive Vice President of the Trump Organization,
5 and Trustee of the Donald J. Trump Revocable Trust.
6 MR. WALLACE: Your Honor, we would ask that this
7 document be entered into evidence?
8 THE COURT: Granted. It's in evidence.
9 (Whereupon, Plaintiff's Exhibit 855 was received
10 in evidence.)
11 Q And Mr. Bender, would Mazars have issued the 2020
12 Statement of Financial Condition if Mr. Weisselberg and
13 Mr. Trump did not offer these representations?
14 A No, we would not have.
15 Q Would Mazars have issued the 2020 Statement of
16 Financial Condition if it knew that any representations
17 contained in this letter were false?
18 A No, we would not have.
19 Q Mr. Bender, did you work on Statements of Financial
20 Condition for Mr. Trump in any later years?
21 A No, we did not.
22 Q Why not?
23 A Mazars disengaged from the Trump Organization.
24 Q And did you have any involvement in the decision to
25 disengage from the Trump engagement?

D. Bender - Direct by Mr. Wallace Page 269

1 A No, I did not.
2 Q After the time that you disengaged from the Trump
3 engagement, did you have any personal contact with Donald J.
4 Trump?
5 A No, I did not.
6 Q Before seeing him in the courtroom the last two days,
7 when was the last time you saw Donald J. Trump in person?
8 A It was before Covid. It was December, 2019.
9 Q And do you remember in what context that was?
10 A Yes. Ms. Trump had invited by son to a
11 Christmas party for children, to make ornaments, and I had to
12 get some papers signed by Mr. and Ms. Trump.
13 Q Since that meeting, did you have any conversations
14 with Mr. Trump?
15 A No, I have not.
16 Q Did you have any conversations with Mr. Trump about
17 the decision by Mazars to end the engagement with the Trump
18 Organization?
19 A No, I did not.
20 Q Did you have any in-person meetings with Mr. Trump
21 about the decision by Mazars to end to the relationship with the
22 Trump Organization?
23 A No, I did not.
24 MR. WALLACE: Your Honor, we reserve our right to
25 re-direct; or cross, if they go beyond the scope of his

D. Bender - Direct by Mr. Wallace Page 270

1 testimony. We have no more questions at this time, of
2 Mr. Bender.
3 THE COURT: Mr. Kise, do you want five minutes to
4 cross exam?
5 MR. KISE: Do we want to -- just, probably better
6 to just take our break.
7 THE COURT: I thought you would say that. Give
8 me one second.
9 (Whereupon, there was a pause in the
10 proceedings.)
11 THE COURT: Okay. We are going to resume at
12 2:15. Have a good lunch, everybody.
13 (Whereupon, a recess was taken.)
14 * * * * *
15 THE COURT: Welcome back, everyone.
16 This morning, one of the defendants posted, to a
17 social media account, a disparaging, untrue and personally
18 identifying post about a member of my staff. Although I
19 have since order the post deleted, and apparently it was,
20 it was also emailed out to millions of other recipients.
21 Personal attacks on members of my court staff are
22 unacceptable, inappropriate, and I will not tolerate them,
23 under any circumstances. Yesterday, off the record, I
24 warned counsel of this, and this was disregarded. My
25 warning was disregarded.

<p>Proceedings Page 271</p> <p>1 Consider this statement a gag order forbidding 2 all parties from posting, emailing, or speaking publicly 3 about any members of my staff. Any failure to abide by 4 this directive will result in serious sanctions. I hope 5 I've been very clear. 6 Okay. Let's get Mr. Bender back. 7 MR. KISE: While we're waiting, Judge, I'll just 8 observe, this will be better for me because I don't have to 9 stand up and object when there's a document, since it's 10 cross examination. 11 THE COURT: Are we up to cross? 12 MR. SUAREZ: Your Honor, I'll take the 13 opportunity to introduce myself. My name is Jesus Suarez. 14 Thank you for admitting me, pro hac vice. I practice with 15 Mr. Kise, in Florida. 16 THE COURT: Of course. I remember the 17 application. 18 MR. SUAREZ: I don't speak as nicely as he does. 19 THE COURT: Well, almost nobody does, so -- 20 MR. SUAREZ: Is my mike on? Now my mike is on. 21 THE COURT: Is he as good in the office as he is 22 in court? 23 MR. SUAREZ: He is certainly as charming in the 24 office as he is in court, but he almost never picks up 25 lunch. I don't know what that's about.</p>	<p>D. Bender - Cross by Mr. Suarez Page 273</p> <p>1 Q And Mr. Bender, preparing the president's Statements 2 of Financial Condition, that was a big job; wasn't it, 3 Mr. Bender? 4 A It wasn't a big job. It was part of my normal 5 engagement. 6 Q Part of your normal engagement, I see. In 2011 alone, 7 the first Statement of Financial Condition that the Attorney 8 General had you talk about, the president had over \$258 million 9 in cash, Mr. Bender. You don't think that's a significant 10 engagement? 11 A No, sir. 12 Q Okay. The president had a company with a brand value 13 of over \$10-, maybe even \$20 billion, Mr. Bender. That, for 14 you, wasn't a significant engagement? 15 A No, sir. 16 Q Okay. Now, is that because you were the in-house 17 accountant at the Trump Organization for over 30 years, 18 Mr. Bender? 19 A I wasn't the in-house accountant. 20 Q Okay. So who was? 21 A The in-house accountant? 22 Q Yes. 23 A Mr. McConney, Mr. Weisselberg. They were the in-house 24 accountants. 25 Q Mr. McConney. Mr. McConney worked with you at Spahr</p>
<p>D. Bender - Cross by Mr. Suarez Page 272</p> <p>1 That was a joke. Mr. Kise picks up lunch. 2 MR. KISE: You are forgetting all the dinners. 3 THE COURT: They don't laugh at mine, either, so 4 (Whereupon, the witness resumed the witness 5 stand.) 6 THE COURT: I'll remind the witness, as usual, 7 that he is still under oath. 8 THE WITNESS: Thank you. 9 THE COURT: Counsel, please proceed. 10 CROSS EXAMINATION 11 BY MR. BENDER: 12 Q Mr. Bender, good afternoon. 13 A Good afternoon. 14 Q We have met before? 15 A Good afternoon. 16 THE COURT: That's a question. Have you met 17 before? 18 Q We have met before. We met in April of 2023, when I 19 took your deposition on behalf of the defendants. Do you 20 recall, sir? 21 A Yes, sir. 22 Q Okay. Mr. Bender, you have been up here testifying 23 for the last day about the Statements of Financial Condition of 24 the 45th President of the United States. Is that correct? 25 A Yes, sir.</p>	<p>D. Bender - Cross by Mr. Suarez Page 274</p> <p>1 Lacher? 2 A Yes, he did. 3 Q May have been responsible for giving you the name Doc? 4 A He wasn't, but he kept it going. 5 Q Did they call you Doc because you were good at 6 documented transactions? That was the Doc? 7 A No. 8 Q It's a cute nickname. 9 Was Mr. Weisselberg an accountant? 10 A He was an accountant. 11 Q Mr. Weisselberg is a CPA? 12 A No. He is not a CPA. 13 Q Mr. McConney is a CPA? 14 A No. Mr. McConney is not a CPA. 15 Q Okay. So who was the in-house accountant at the Trump 16 Organization, Mr. Bender? 17 A Mr. Weisselberg, and his team. 18 Q All right. You did work for the Trump Organization 19 for over 35 years; did you not, Mr. Bender? 20 A Excuse me? 21 Q You did work for the president and his company, the 22 Trump Organization, for over 35 years? 23 A Approximately. 24 Q Approximately. In fact, you came to work with the 25 Trump Organization through a gentlemen named Mr. Mitnick; didn't</p>

D. Bender - Cross by Mr. Suarez Page 275

1 you?
2 A Mr. Mitnick was my boss.
3 Q Mr. Mitnick your boss at Spahr Lacher, where you
4 started; right?
5 A Yes.
6 Q And ever since Spahr Lacher, more than 35 years ago,
7 you have been doing work for the Trump Organization; have you
8 not?
9 A Yes, sir.
10 Q Now, you have been a licensed certified public
11 accountant for over 40 years; have you not, Mr. Bender?
12 A Yes. That would be correct, yes.
13 Q Over 40 years as a certified public accountant;
14 correct?
15 Correct, Mr. Bender?
16 A Yes.
17 Q And as a certified public accountant, you have got
18 responsibilities to the public; right?
19 A I think that's fair.
20 Q If you put your signature on a document, that's a
21 document that you know is going to go out to the world; is it
22 not, Mr. Bender?
23 A Not necessarily.
24 Q All right. But as a certified public accountant, you
25 are certainly in a position to put together financial statements

D. Bender - Cross by Mr. Suarez Page 276

1 that go out to the world; right, Mr. Bender?
2 A Out to the world. I think in some cases.
3 Q In some cases. In some cases. And in fact, you not
4 only prepared financial statements for the president, you also
5 prepared his tax returns; did you not, Mr. Bender?
6 A Yes, I did.
7 Q You prepared the tax returns of the 45th President of
8 the United States?
9 A Yes, sir.
10 Q Possibly even the 47th President of the United States
11 Mr. Bender?
12 MR. WALLACE: Objection. Relevance.
13 THE COURT: Sustained.
14 Q It's a very serious thing, Mr. Bender, to have that
15 responsibility, that level of trust, that you were the person
16 that, for over 35 years, prepared the tax returns?
17 THE COURT: Asked and answered. Let's move on.
18 Q You also prepared the tax returns of other members of
19 the Trump family; did you not?
20 A Yes, sir.
21 Q For over 35 years; did you not?
22 A No, sir.
23 Q For more than 30 years?
24 A No, sir.
25 Q For more than 20 years?

D. Bender - Cross by Mr. Suarez Page 277

1 A I can't answer that.
2 Q You can't answer that. You can't remember the time
3 when you started preparing tax returns for the first lady?
4 A The first lady?
5 Q The First Lady of United States, Ms. Trump?
6 A When they got married.
7 Q Oh, okay. When they got married.
8 And how about other members of the Trump family? Do
9 you remember when you started preparing their tax returns?
10 A Not off the top of my head, no.
11 Q Did anyone other than you prepare President Trump's
12 tax returns in the last 30 years, Mr. Bender?
13 A I'm not sure. I prepared them for 30 years. I would
14 have to go back.
15 Q Do you have any issues with your memory, Mr. Bender?
16 A No, sir.
17 Q You also prepared tax returns for other entities that
18 are ultimately owned by President Trump; did you not?
19 A Yes, sir.
20 Q Dozens of entities?
21 A More than that.
22 Q More than that. How many more than that, Mr. Bender?
23 A In a year, it could have been hundreds.
24 Q Hundreds. You prepared tax returns for hundreds of
25 entities ultimately owned by Mr. Trump; did you not?

D. Bender - Cross by Mr. Suarez Page 278

1 A Yes, sir.
2 Q And in fact, you testified at your deposition, the
3 last time we met, that many of those flowed up into President
4 Trump's tax returns; did you not?
5 A Yes -- did I testify to that? I don't know if I
6 testified to that.
7 Q Well, we can play the tape in a little while.
8 And isn't it the case, Mr. Bender, that you were a
9 trusted adviser to the Trump Organization?
10 A I think that I was a trusted adviser. I would hope
11 so.
12 Q That they consulted you whenever they opened a new
13 entity?
14 A They did consult me quite often.
15 Q How often is quite often, Mr. Bender.
16 A They would usually check to see what type of entity it
17 should be, a partnership or a corporation.
18 Q So they frequently consulted with you when they
19 created a new entity?
20 A In that regard, yes.
21 Q And they frequently consulted with you as to where to
22 put that entity in the corporate structure of the company;
23 correct?
24 A Yes, sir.
25 Q And they also consulted with you, for example, to file

D. Bender - Cross by Mr. Suarez Page 279

1 a new entity's tax documents, to get their EIN; right?
2 A No, sir.
3 Q You didn't pull the EIN numbers for new entities that
4 were created by the Trump Organization?
5 A Not the last 15 years or --
6 Q 18 years?
7 A No.
8 Q Was it other members of your firm that pulled --
9 A No. The Trump Organization --
10 MR. WALLACE: Can I just get an objection, your
11 Honor? If Mr. Suarez can please let the witness finish his
12 answer, before he starts asking his next question?
13 THE COURT: One at a time.
14 MR. SUAREZ: Okay. Yes, your Honor.
15 A The Trump Organization has been getting their own EIN
16 numbers for a significant period of time.
17 Q But before that, you pulled them, or someone working
18 at your direction?
19 A I may not have been at that level yet. It may not
20 have been under my supervision.
21 Q Now, the Trump Organization was with you as a client
22 when you were at Spahr Lacher; is that correct.
23 A Yes, sir.
24 Q And they were with you when you moved over to the
25 Weiser's firm; is that not correct?

D. Bender - Cross by Mr. Suarez Page 280

1 A Yes, sir.
2 Q And in fact, President Trump and the Trump
3 Organization were loyal clients of yours; were they not?
4 A I hope so.
5 Q In fact, they were so loyal to you, Mr. Bender, that
6 in 2004, when the Securities and Exchange Commission censured
7 Weiser, the Trump Organization let you keep their business; did
8 they not?
9 A I have no knowledge about that.
10 Q You have no knowledge of the Securities and Exchange
11 Commission censuring Weiser in 2004?
12 A I know there was something at one point. I don't
13 remember when it was.
14 Q Do you recall that the SEC called Weiser's conduct
15 highly unreasonable?
16 A I have no knowledge of that.
17 Q Do you recall if the SEC called Weiser's conduct
18 improper professional conduct?
19 A I have no knowledge of that.
20 Q Do you recall if a gentlemen named Victor Wahba, at
21 the time when he was at Weiser's, was also censured by the SEC?
22 A I don't remember exactly.
23 Q Who is Victor Wahba?
24 A He is the Chairman of Mazars.
25 Q Mazars?

D. Bender - Cross by Mr. Suarez Page 281

1 A Yes. Mazars U.S.A.
2 Q And that's the accounting firm that you retired from
3 recently; correct?
4 A Yes, sir.
5 Q Okay. And you later became a partner at Mazars; did
6 you not?
7 A When the firm merged in. Yes, I did.
8 Q And the Trump Organization and President Trump had
9 confidence in you to continue handling their business; did they
10 not?
11 A When we merged?
12 Q Yes.
13 A I was not a partner in Mazars at that point.
14 Q When President Trump's business went to Mazars, you
15 were no longer the partner in charge of his business?
16 A Say that again?
17 Q When President Trump transferred his business to the
18 Mazars firm, you were no longer the partner in charge of his
19 business?
20 A I was not the partner in charge at the time of the
21 merger, no.
22 Q Who was the partner in charge?
23 A Jerry Rosenblum.
24 Q Mr. Wilson was the partner in charge of the
25 relationship with the Trump Organization?

D. Bender - Cross by Mr. Suarez Page 282

1 A Rosenblum.
2 Q Rosenblum?
3 A Yes.
4 Q Okay.
5 A May he rest in piece.
6 THE COURT: I don't know how we got from Wilson
7 to Rosenblum.
8 MR. SUAREZ: My hearing.
9 Q When Weiser merged into Mazars, you continued to
10 handle work for the Trump Organization; did you not?
11 A I continued to be on the account, yes.
12 Q Okay. And as you testified today and yesterday, you
13 were one of the parties that signed the Statements of Financial
14 Condition compilation reports every year; were you not?
15 A For a number of years, yes.
16 Q Okay. According to your testimony from at least 2011
17 to 2020, was that not the case?
18 A Yes. That's the case.
19 Q And during that period of time, President Trump's
20 business was at least half of your billable work at the firm;
21 was it not?
22 A Close to it, I would say.
23 Q Close to it. He was your single biggest client, in
24 fact?
25 A Yes.

D. Bender - Cross by Mr. Suarez Page 283

1 Q And companies controlled by Mr. Trump were your single
2 biggest client?
3 A Yes.
4 Q And the Trump Organization and President Trump, they
5 paid you a lot of money; didn't they, Mr. Bender?
6 A It was a significant amount.
7 Q In some years it was more than a million dollars?
8 A Yes.
9 Q In some years it was more than \$2 million?
10 A I can't specifically allocate it, but it's possible.
11 Q In fact, in 2015, the Trump Organization and related
12 entities paid Mazars over \$2.1 million; did they not?
13 A I don't know, off the top of my head.

D. Bender - Defendant/Suarez Page 284

1 Q In 2016, they paid Mazars over a million and a half
2 dollars; did they not?
3 A I couldn't tell you.
4 Q Could you tell me, off the top of your head, if in
5 2017 the Trump Organization paid Mazars more than
6 \$1.7 million?
7 A No, I could not.
8 Q Does that figure seem right?
9 A I couldn't answer it off the top of my head.
10 Q In 2018 are you aware the Trump Organization paid
11 Mazars over \$1.6 million?
12 A I counts answer that.
13 Q In 2019 the last year you signed the compilation
14 report, the Trump Organization paid Mazars more than
15 \$2.4 million?
16 A I don't think 2019 was the last compilation report
17 but I could be wrong.
18 Q In fact in 2019, they paid you more than 72 percent
19 of the fees that you originated that year at Mazars?
20 A I couldn't answer that.
21 Q In all that time, Mr. Bender, I trust that you
22 followed your professional responsibilities as a CPA when you
23 performed work for the President; did you not?
24 A Yes, sir.
25 Q And in all that time, I can assume, Mr. Bender, that

D. Bender - Defendant/Suarez Page 285

1 you adhered to the professional standards promulgated by the
2 American Institute of Certified Public Accountants when you
3 did your work, Mr. Bender; is that not correct?
4 A I tried.
5 Q As a matter of fact, you were familiar with those
6 standards when you prepared the compilation reports, the
7 Statements of Financial Condition; were you not?
8 A No.
9 Q Why wasn't the case then, Mr. Bender, that when I
10 asked you whether the Statements of Financial Condition were
11 prepared in accordance with ASC 274 and I asked you what ASC
12 274 was, you said, not off the top of my head?
13 MR. WALLACE: Objection.
14 THE COURT: Can I have a read back? It was sort
15 of a compound question. Read back?
16 MR. SUAREZ: I can withdraw.
17 Q The accounting-- excuse me. The compilations for the
18 Statements of Financial Condition were prepared in accordance
19 with ASC 274; were they not.
20 A Yes, they were.
21 Q You're familiar with ASC 274, correct?
22 A I'm not an expert on it. I have some general
23 knowledge.
24 Q You have some general knowledge of ASC 274; is that
25 correct?

D. Bender - Defendant/Suarez Page 286

1 A Yes.
2 Q But you're not an expert?
3 A I'm lucky enough to be in a firm where the guy next
4 door to me was an expert on this stuff. So, I had a lot of
5 subject matter specialists. We were a large firm and I could
6 always pull resources when needed.
7 Q Did you, in fact, pull resources when you were
8 working on the President's Statement of Financial Condition?
9 A When needed, yes.
10 Q Did you conduct-- excuse me. Did you consult with
11 subject matter experts?
12 A I consulted with quality control or subject matter
13 specialists when I felt I needed help, yes.
14 Q What was the name of the person that you consulted
15 with in connection with preparing the President's Statements
16 of Financial Condition?
17 A It would be different people in different years.
18 Q Okay. Who did you consult within 2020?
19 A I couldn't answer that off the top of my head.
20 Q Who did you consult with in 2019?
21 A I couldn't answer that.
22 Q Who did you consult with in 2017?
23 A It would be-- these people were the quality control
24 people assigned to the engagement.
25 Q What were their names?

D. Bender - Defendant/Suarez Page 287

1 A I'd have to check the-- each individual year.
2 Q You can't answer the question?
3 A For any individual year, no, I can't.
4 Q Who did you consult with in 2016?
5 A Off the top of my head, I couldn't answer that
6 question.
7 Q Who did you consult with in 2015?
8 A Without my work papers, I couldn't answer that.
9 Q Who did you consult with in 2014?
10 A I couldn't answer that off the top of my head.
11 Q Who did you consult with in 2013?
12 A I can't answer that off the top of my head.
13 Q Who did you consult with in 2013?
14 A I can't answer that off the top of my head.
15 Q Who did you consult with in 2011?
16 A I can't say that off the top of my head.
17 Q When you were preparing the-- excuse me. When you
18 were preparing a compilation report for the Statements of
19 Financial Condition for the President of the United States of
20 America, you can't remember who you consulted with in
21 preparing that compilation report?
22 A That's why binders have sign-off. If I save the
23 sign-off, I can see who the QC person was in any of the
24 reports we prepared.
25 Q How many compilation reports for Statement of

D. Bender - Defendant/Suarez Page 288

1 Financial Condition did you prepare in 2017?
2 A I couldn't answer that off the top of my head.
3 Q Did you prepare a compilation report for a Statement
4 of Financial Condition for any one other than President Trump
5 in 2017?
6 A I don't know, off the top of my head.
7 Q Did you prepare a compilation report for anyone other
8 than President Trump for a Statements of Financial Condition
9 in 2018?
10 A I couldn't answer that off the top of my head.
11 Q Did you prepare a compilation report to a Statement
12 of Financial Condition for anyone other than President Trump
13 in 2019?
14 A I couldn't answer that off the top of my head.
15 Q Did you prepare a compilation report for anyone other
16 than President Trump for a Statement of Financial Condition in
17 2020?
18 A I couldn't answer that off the top of my head.
19 Q In 2020, when President Trump was the leader of the
20 free world and you were preparing the compilation report to
21 his Statement of Financial Condition, you can't remember who
22 you spoke with, or if you prepared a Statements of Financial
23 Condition compilation report for anyone else? That's correct?
24 A No. 2020 is that the last compilation report we
25 did?

D. Bender - Defendant/Suarez Page 289

1 Q I don't know, Mr. Bender. You did the compilation
2 report.
3 A I need to confirm that would be the last one.
4 Q Okay. In 2021, did you compile the President's
5 Statement of Financial Condition in 2021?
6 A I do not believe so. I wouldn't know who we
7 consulted with in 2020.
8 Q In 2020, when you prepared President Trump's
9 Statement of Financial Condition or-- excuse me. The
10 compilation report to President Trump's Statement of Financial
11 Condition, what authoritative literature did you review?
12 A I know we had the subject matter specialist and we
13 discussed the -- any issues that were out there.
14 Q My question was a little bit different. My question
15 was: What literature did you review, in connection with
16 preparing the compilation report to the Statement of Financial
17 Condition, for the leader of the free world?
18 A We have required check lists and I went through the
19 required check lists that's required by Mazars.
20 Q Did you check any AICPA guidelines?
21 A I do not recall.
22 Q Did you check any notes or commentary for the
23 accounting standards?
24 A I do not recall.
25 Q Did you read any literature concerning the applicable

D. Bender - Defendant/Suarez Page 290

1 accounting standards?
2 A I'm sure I did but I don't recall.
3 Q During all this time, you held yourself out to
4 President Trump as someone who could ably compile the
5 Statement of Financial Condition?
6 A Yes, sir.
7 Q Was that an accurate representation you made?
8 A Absolutely.
9 Q Despite the fact that you just hold yourself out as a
10 generalist?
11 A As I said before, I had a lot of resources in the
12 firm. A partner who I worked with wrote SSARS 1 and 2. He
13 wrote SSARS. He was in an office next store to me and always
14 available to me.
15 Q What is his name?
16 A Andrew Cohen.
17 Q Did you consult, in connection with preparing the
18 compilation report for the President's Statement of Financial
19 Condition in 2020?
20 A Yes, I did.
21 Q What did you consult him about?
22 A He was involved in the numerous aspects of the
23 compilation.
24 Q Which ones?
25 A Which topics?

D. Bender - Defendant/Suarez Page 291

1 Q Yes.

2 A Off the top of my head, he was involved with the

3 valuation of the property of 57th Street.

4 Q What was he valuating?

5 A He was involved with the method of discussions with

6 the clients.

7 Q Excuse me?

8 A He was involved with discussions with clients on the

9 method of valuation.

10 Q What was discussed?

11 A At that point, the Nike lease was not renewed and

12 they were valuing it as being renewed and there were

13 discussions.

14 Q How was that documented?

15 A I don't know if it was specifically documented.

16 Q Anything else?

17 A There were other things, but, I can't recall.

18 Q How about in 2019?

19 A I can't tell you who I spoke to in 2019.

20 Q I think earlier you told me you were consulted

21 regularly by members of the Trump Organization and financial

22 accounting members; is that not the case?

23 A They would call me with their questions.

24 Q When they called you with questions, I presume you

25 provided answers?

D. Bender - Defendant/Suarez Page 292

1 A Or I'd bring somebody in to help me when I couldn't

2 Q Who did you bring in to help you?

3 A Numerous people over the years.

4 Q Who?

5 A I can give you 20 or 30 names.

6 Q Give me one.

7 A Andy Cohen.

8 Q What did you bring him in on?

9 A He would discuss financial statement matters with me

10 and them.

11 Q Andy Cohen would discuss with you matters relating to

12 President Trump's Statement of Financial Condition; is that

13 correct?

14 A From time to time.

15 Q How often?

16 A I couldn't answer that off the top of my head.

17 Q When The Trump Organization called and they had

18 questions about accounting transactions, you'd answer them,

19 correct?

20 A If I could.

21 Q And, in fact, many times they consulted you before

22 even engaging in transactions; did they not?

23 A Sometimes.

24 Q They would run transactions by you and ask you to

25 help them understand certain loan terms?

D. Bender - Defendant/Suarez Page 293

1 A I don't know about that.

2 Q They would give you an opportunity to review loan

3 agreements before they entered into them?

4 A Many years ago, they might have. Certain

5 paragraphs.

6 Q Certain paragraphs?

7 A Yes.

8 Q They wouldn't send you loan agreements and ask you,

9 hey, Mr. Bender, can you review these for us and let us know

10 if this is something we can enter into?

11 A I don't think they sent full agreements. I do

12 remember them sending certain paragraphs from time to time.

13 Q Do you remember reviewing loan agreements and seeing

14 whether the Trump Organization could comply with certain

15 covenants?

16 A Reviewing them before the loan documents were

17 signed?

18 Q Yes.

19 A I do not recall at this moment.

20 Q Can you recall reviewing loan agreements after they

21 were entered into and giving advice as to whether certain loan

22 covenants could be complied with?

23 A I don't think they advised. They did, sometimes as

24 an order, get a loan covenant.

25 Q Provide calculations?

D. Bender - Defendant/Suarez Page 294

1 A I don't know if we provided the calculations or they

2 provided the calculations, but, we had discussions at certain

3 times.

4 Q So, they could have provided the calculations, if you

5 told them it was correct or not?

6 A No, we would have audited.

7 Q So, you did audit work for the Trump Organization?

8 A I did for a number of entities.

9 Q For which entries did you perform audit work for the

10 Trump Organization, Mr. Bender?

11 A It varied over the years, but, it would have

12 included Trump Tower Commercial, or its predecessor. In

13 early years, Trump Fifth Avenue. It would have been 40 Wall

14 Street, LLC for certain years, not all years.

15 Let's take that back. There was certiorari

16 work also and it would have been 57th Street Management for a

17 number of years. I'm sorry. 57th Street Associates LLC.

18 There would have been, I think, a couple of

19 years, 41 Wabash-- 401 and there might have been certiorari

20 work of certain properties, audit of certiorari work. I

21 couldn't tell you which companies, off the top of my head.

22 Q In fact, you did audit work for Trump Post Office,

23 LLC --

24 A Yes, I did.

25 Q --a defendant in this case. You performed audits of

D. Bender - Defendant/Suarez Page 295

1 another defendant in this case, 40 Wall Street, LLC; did you
2 not?
3 A Certain years yes.
4 Q In other years, you performed reviews?
5 A Yes, sir.
6 Q You performed compilations. Is that the case?
7 A To the best of my recollection, we did some
8 compilations of operating escalations.
9 Q You performed audits for the Trump International
10 Hotel and Tower, LLC; is that not the case?
11 A Trump International Hotel and Tower, LLC?
12 Q TIHT?
13 A Okay. Okay, that's different. Yes.
14 Q You're familiar with the acronym?
15 A Excuse me?
16 Q You're familiar with the acronym?
17 A Yes.
18 Q You performed audits of 57th Street Associates, LLC?
19 A For a number of years.
20 Q You performed both audits and compilations of another
21 defendant in this case 401 North Wabash, LLC?
22 A Yes, we did.
23 Q You also performed compilations for another defendant
24 in this case, Trump Endeavor 12, LLC; did you not?
25 A Yes.

D. Bender - Defendant/Suarez Page 296

1 Q What did Trump Endeavor, LLC own?
2 A The Doral Hotel and Golf Course in Florida.
3 Q Mr. Bender, you frequently visited the Trump
4 Organization properties?
5 A Pre-COVID, a few times a year.
6 Q Pre-COVID?
7 A Yes.
8 Q Those are the suite of offices at Trump Tower on
9 Fifth Avenue; is that correct?
10 A Yes.
11 Q Did you visit any other Trump properties over the
12 years?
13 A Yes.
14 Q Which ones?
15 A I went once to Trump Chicago for a tax exam. I went
16 to -- what else? I went to Trump National Golf Course. That
17 was for charity events. I went to Lamington Farms a couple
18 of times for a tax-- a sales tax exam. I went to Trump
19 International Hotel and Tower Association. I was on site
20 there.
21 I guess you could say I was at the Nike
22 building because it's connected to Trump Tower. I was at Old
23 Post Office a number of times. That's all I can think of off
24 the top of my head.
25 Q Any other properties you can recall visiting?

D. Bender - Defendant/Suarez Page 297

1 A That's all I can recall right this second.
2 Q What was the purpose of visiting these properties?
3 A Sometimes I did work. Sometimes I did Post Office.
4 I stayed there. I was there for the opening of Old Post
5 Office.
6 Q Old Post Office is the hotel on Pennsylvania Avenue?
7 A Yes, sir.
8 Q You were there on the opening of the Old Post Office
9 Hotel on Pennsylvania Avenue?
10 A Yes.
11 Q For what purpose were you there?
12 A The Trump Organization invited me to go.
13 Q You were a guest of the Trump Organization?
14 A For that night, yes.
15 Q In fact, you enjoyed a very close working
16 relationship with the Trump Organization; did you not?
17 A Close? We got along.
18 Q You got along. Who were your principal points of
19 contact? Were they not Jeff McConney and Allen Weisselberg?
20 A I'd say more Jeff than Allen.
21 Q What is Mr. McConney's title?
22 A It changed over the years. I believe, originally he
23 was assistant comptroller then he became comptroller then he
24 hit different levels of vice president. I don't know what
25 was the prefix to his vice president was.

D. Bender - Defendant/Suarez Page 298

1 Q You and Mr. McConney were close friends at one point;
2 were you not?
3 A We didn't have a relationship outside of work but we
4 got along well.
5 Q You got along well?
6 A I had tremendous respect for him. He is a very good
7 accountant.
8 Q Mr. McConney went to your wedding?
9 A Yes, he did.
10 Q How many people were at the wedding?
11 A Eighty-five
12 Q Mr. McConney was one of 85 people at your wedding.
13 You went to Mr. McConney's son's bris; did you not?
14 A When he was at Spahr Lacher, yes.
15 Q How many people were at Mr. McConney's son's bris?
16 A I couldn't answer that.
17 Q Okay. In fact, you enjoyed socializing with members
18 of the Trump Organization whenever you got the chance, Mr.
19 Bender; did you not?
20 A I didn't really socialize too often, no.
21 Q Did you go to President Trump's wedding, Mr. Bender?
22 A Yes.
23 Q You weren't a stranger to the Trump Organization,
24 were you?
25 A No, sir.

D. Bender - Defendant/Suarez Page 299

1 Q In fact, you were also invited to the Inaugural; were
2 you not?
3 A I was invited after it was too late. They missed
4 me. So, I was invited, so I couldn't-- I was not on the
5 original list. I wasn't on the original list at the wedding.
6 They missed me at the wedding. It was last minute.
7 Gerry Rosenblum, the predecessor partner,
8 mentioned it to them. So, I was invited last minute to the
9 wedding also.
10 MR. KISE: Can we ask the witness-- because I'm
11 having a hard time hearing as well -- -maybe to just
12 speak a little closer to the microphone, please.
13 THE COURT: Consider yourself so asked.
14 THE WITNESS: Thank you.
15 THE COURT: Being close to the microphone is
16 really crucial and keeping your voice up.
17 Q The Trump Organization was always happy to
18 accommodate you; was it not, Mr. Bender?
19 A What do you mean by accommodate?
20 Q If you needed information, they provided it to you?
21 A Until the end, yes.
22 Q If you needed to speak with people, they'd make them
23 available?
24 A Yes.
25 Q If you came over to the offices, they'd give you a

D. Bender - Defendant/Suarez Page 300

1 room to sit in?
2 A There was a conference room, usually.
3 Q They'd provide you laptops so you can go on and
4 review whatever it was you needed to review?
5 A Certain members of my team were able to review
6 information, for a few years, on laptops.
7 Q You were familiar with all the folks at the legal and
8 accounting department of the Trump Organization?
9 A Significant portion, yes.
10 Q The People at the Trump Organization trusted you'd
11 give them good advice; did they not?
12 A You'd have to ask them, but I'd hope so.
13 Q You'd hope so. In fact, you were often provided with
14 an ability to give input on loan transactions even before they
15 took place?
16 A That I don't recall right now, other than seeing
17 some loan documents, certain pages of loan documents, as we
18 previously stated.
19 Q Did you always read everything the folks over at the
20 Trump Organization sent you?
21 A Everything the Trump Organization sent me, no.
22 Q In connection with preparing tax returns, you had
23 access to ledgers, I trust?
24 A The Trump Organization supplied us with general
25 ledgers.

D. Bender - Defendant/Suarez Page 301

1 Q You were supplied general ledgers for each entity you
2 were tasked with preparing taxes for?
3 A Not each entity had a general ledger.
4 Q To the extent, certainly, that an entity had a
5 general ledger, it was provided for you in connection with
6 preparing tax returns?
7 A Yes, sir.
8 Q Because you need a general ledger to prepare a tax
9 return; do you not?
10 A I think if the company has a general ledger,
11 generally, you need a general ledger to prepare a tax return.
12 Q In the last 25 years that you worked with the Trump
13 Organization, there wasn't any other accounting firm that was
14 involved with preparing a Statement of Financial Condition
15 compilation report, was there?
16 A There was. I don't know what year it was but Arthur
17 Anderson was doing it for a number of years. I couldn't tell
18 you what year.
19 Q Certainly, not between 2011 and 2020, right,
20 Mr. Bender?
21 A No, sir.
22 Q During that period of time, was there any other
23 accounting firm that worked with you on preparing President
24 Trump's tax returns?
25 A There were other firms that did tax returns for

D. Bender - Defendant/Suarez Page 302

1 Mr. Trump.
2 Q Which firms were those?
3 A McGladry or whatever they were called after they
4 merged. There was a firm in California called Ludlow.
5 Something like that. I don't know. A firm that did-- DH
6 Properties Corp. in California. They had a number of firms
7 that did golf courses over a number of years before we took
8 them over.
9 A lot of them were McGladry over the years
10 before we took them over and McGladry continued to do
11 Mar-a-Lago. There was a gentleman who did some returns over
12 the years, Matthew Dapolito and, obviously, some of the
13 larger companies in the olden days. I don't remember
14 timeframe. Arthur Anderson did some returns, and, Ian Wise
15 did returns in the old days.
16 Q From 2011 to 2020, did anyone, other than Mazars,
17 prepare President Trump's tax returns?
18 A Entity returns?
19 Q President Trump's tax returns?
20 A His personal returns?
21 Q His personal returns.
22 A No. His personal income tax returns were prepared
23 by Mazars or its predecessor.
24 Q They were prepared by you at Mazars?
25 A 2020 yes, sir.

Page 303

1 Q They weren't prepared by anyone else?
2 A They were prepared-- I was the paid preparer.
3 Q Paid preparer means you're the one that appears on
4 the tax return?
5 A I sign it. I signed the returns.
6 Q Certainly, in order to sign the tax returns of an
7 individual in 2011 who had \$258 million in cash, you had to
8 become intimately familiar with his financial condition; did
9 you not?
10 A I understood the corporate entity structure of the
11 Trump Organization to a very strong extent.
12 Q You were familiar with its operations?
13 A To a significant extent.
14 Q And you were familiar with the properties that
15 President Trump owned through a number of different entities;
16 were you not?
17 A Most of them, yes.

D. Bender - Cross by Mr. Suarez

1 Q You understood what 40 Wall Street was; correct?
2 A Yes, sir.
3 Q And Trump Old Post Office; correct?
4 A Yes.
5 Q And Trump Tower; correct?
6 A If you are talking about Trump Tower Commercial, yes.
7 Q And the Doral resort in Miami?
8 A I had less of a knowledge of that property, but I knew
9 what it did.
10 Q You generally understood that it was more than one
11 square mile in the middle of downtown Miami; correct?
12 A I didn't know the size of it.
13 Q Have you ever been to the Trump Doral?
14 A No, sir.
15 Q Did you do anything to become familiar the Trump
16 Doral, in preparation to preparing your compilation report?
17 A I was involved in the earlier years, and later years,
18 the other partners took over.
19 Q What partners took over, in the later years?
20 A Jennifer Safran.
21 Q And when was that?
22 A I would have to guess. I'm not exactly sure.
23 Q Mr. Bender, would it surprise you that you
24 participated in over 115 test engagements for the Trump
25 Organization?

Page 305

D. Bender - Cross by Mr. Suarez

1 A In what period?
2 Q In your career, Mr. Bender.
3 A 115? No that would not surprise me.
4 Q Would it surprise you if it was higher?
5 A No. It would not surprise me.
6 Q Would it surprise you if there were over 11,000
7 discrete engagements, over the broad number of entities, in the
8 time that you worked with the Trump Organization, that you were
9 a party to?
10 A It might be high. I don't know. That might surprise
11 me.
12 Q It might be high?
13 A Yes.
14 Q But it doesn't sound like it's too many; does it?
15 A I can't answer that.
16 Q Does that sound too high?
17 A I can't answer if that --
18 Q It might have been 10,000?
19 A I can't answer that.
20 Q 9,000?
21 A I couldn't quantify it.
22 Q You couldn't quantify it. You did so many engagements
23 for the Trump Organization for the 30- plus years that you
24 worked for them, that you couldn't even quantify it.
25 A I just don't remember how many engagements were

Page 306

D. Bender - Cross by Mr. Suarez

1 around, in the earlier years.
2 Q Do you have any other clients you did that many
3 engagements for?
4 A No, sir.
5 Q Did you ever work with any other individuals that
6 possessed President Trump's net wealth -- net worth?
7 A I don't know if some clients what -- I don't know what
8 my other clients' net worth is.
9 Q You don't know what your other client's net worth is?
10 A Yes.
11 MR. SUAREZ: Let's take a look at the Statement
12 of Financial Condition, previously marked PX 756.
13 (Whereupon, a document was displayed, and handed
14 to the witness.)
15 Q You previously identified this as President Trump's
16 Statement of Financial Condition for the year ending June 30,
17 2016?
18 A The compilation. Yes, sir.
19 MR. SUAREZ: And can we please turn to the next
20 page?
21 Q This is your independent accountant compilation
22 report; is it not?
23 A Yes, sir.
24 Q And see, down there, where it says, Mazars USA, LLP?
25 That's your signature?

D. Bender - Cross by Mr. Suarez Page 307

1 A That is either my signature, or an electronic copy
2 thereof.
3 Q Okay. And that's your letterhead down there, Mazars
4 USA, 60 Crossways Park Drive, in Woodbury, New York?
5 A Yes.
6 MR. SUAREZ: Can we turn to the next page of this
7 document? I think we skipped one. Come back. Next page.
8 Q All right. The first page is the cover, then you have
9 your independent accountant's compilation report. Is that
10 correct?
11 A Yes, sir.
12 MR. SUAREZ: And then, turn it over.
13 Q You have got the Statement of Financial Condition of
14 Donald J. Trump.
15 A That's the asset page.
16 Q And then there's reference there to the independent
17 accountant's compilation report. Do you see that?
18 A Yes, sir.
19 Q All right. And then, in the bottom it says, "The
20 accompanying notes are an integral part of this financial
21 statement."
22 A Yes, sir.
23 MR. SUAREZ: Turn it over. Next page, please.
24 Q Then the following sheet are the liabilities and net
25 worth. Do you see that?

D. Bender - Cross by Mr. Suarez Page 308

1 A Yes, sir.
2 Q And you see there it says that there's a loan related
3 to 40 Wall Street; do you not?
4 A Yes, sir.
5 Q You see it?
6 A Yes, sir.
7 Q And there's a loan related to Trump Park Avenue?
8 A Yes, sir.
9 Q And then there are other loans there related to the
10 Trump International Hotel and Tower, and the Old Post Office?
11 A Yes, sir.
12 Q In preparing the Statement of Financial Condition, you
13 would have done work to familiarize yourself with the loans that
14 are on this document?
15 A The Trump Organization would have supplied us a loan
16 statement for those individual loans, in most years.
17 Q A loan statement. And what would that loan statement
18 contain, Mr. Bender?
19 A The loan balance as of the date of the --
20 Q Okay --
21 MR. SUAREZ: Let's zoom back out, and keep going.
22 Q And here it's got the notes for the Statement of
23 Financial Condition, and again, a reference to the independent
24 accountant's compilation report. That's your report; correct,
25 Mr. Bender?

D. Bender - Cross by Mr. Suarez Page 309

1 A Yes, sir.
2 MR. SUAREZ: Now, keep going all the way to the
3 end of the document. This is the second to last page.
4 Flip it over. Keep going, to the end of the document.
5 Q And this would be the back page of the document;
6 correct?
7 A That would be the back cover.
8 Q The back cover of this document. So, this document
9 would be presented from front cover to back cover?
10 A Yes.
11 Q And the back cover, it's got -- what does it say down
12 there? Www.weisermazars.com?
13 A Yes, sir.
14 Q So it's presented as a single document with the front
15 and the back page?
16 A So, I can't speak for this individual year. In the
17 older days, they were bound statements, and they would be bound.
18 There would be a cover and a cover, and there would be the white
19 pages that you have just shown me, would be in between. In
20 later years, I don't know. In 2016, they may only have been
21 PDF-ed.
22 Q Now, so this would all be bound, in other words?
23 A In the earlier years.
24 Q And in the later years, when it was an electronic
25 document like this one that you identified previously, it would

D. Bender - Cross by Mr. Suarez Page 310

1 start with the WeiserMazars logo on its front page, it would
2 have your compilation report, it would go through the financial
3 statement and the notes, and then it would have this page;
4 correct.
5 A I can't speak to the fact that they might have gotten
6 hard copies in those years.
7 Q But the digital copy -- you would agree with me that
8 this is a true and correct copy of the documents; correct? I
9 think that's what you testified to earlier?
10 A Yes.
11 Q Yes it starts with a Mazars page, and ends with a
12 Mazars page?
13 A Starts with a cover, the bound the cover. The cover,
14 the statement, and it ends with a cover of the statement.
15 Q The documents all travel together. All the pages in
16 this document travel together.
17 A Yes.
18 Q Nothing is missing?
19 A No, sir.
20 Q Let's take a look at engagement letter for this
21 Statement of Financial Condition, which was PX 74 -- excuse me.
22 PX 740. Yes.
23 MR. SUAREZ: Can we put those up next to each
24 other?
25 (Whereupon, a document was displayed, and handed

D. Bender - Cross by Mr. Suarez Page 311

1 to the witness.)
2 Q Who drafted this engagement letter?
3 A A member of -- some staff member at Mazars.
4 Q A staff member at Mazars, working at your direction?
5 A I was the ultimate person responsible.
6 Q You signed the statement, not a staff member at
7 Mazars; right?
8 A That's correct.
9 Q The compilation report, you prepared it?
10 A I did not prepare it. It was a compilation. Mazars
11 compiled it.
12 Q You compiled the compilation report. You wrote the
13 compilation report, and you signed it?
14 A I did not write the compilation report. I signed the
15 compilation report.
16 Q Who wrote the compilation report?
17 A I couldn't tell you who wrote it that year. It could
18 have come from the client. Even they may have marked it up. I
19 couldn't answer that, right now.
20 Q Let's take those two statements that you just made
21 apart. It could have come from the client?
22 A We would have written a compilation report. I don't
23 know if they sent us a copy of it, also.
24 Q So who wrote the compilation report? Was it you or
25 the client?

D. Bender - Cross by Mr. Suarez Page 312

1 A Mazars wrote the compilation report.
2 Q Mazars wrote the compilation report, but who is the
3 human being at Mazars responsible for writing the compilation
4 report on June 30, 2016?
5 A I had the ultimate responsibility.
6 Q You had the ultimate responsibility. And how about in
7 connection with the engagement letter? It might have been
8 prepared by one of your staff members, but you had the ultimate
9 responsibility for preparing that engagement letter; correct?
10 A Yes. Yes, sir.
11 Q Okay. And let's take a look at that engagement
12 letter. That engagement letter says, in the second page, right
13 there in the middle of the second page it says, "Our report will
14 include the following. Because of the significance and
15 pervasiveness of the matters discussed above --"
16 Excuse me. Let me repeat that.
17 "Because the significance and pervasiveness of the
18 matters discussed above make it difficult to assess their impact
19 on the Statements of Financial Condition, users of this personal
20 financial statement should recognize that they might reach
21 different conclusions about the financial condition of Donald J.
22 Trump if they had access to a revised Statement of Financial
23 Condition prepared in conformity with the accounting principles
24 generally accepted in the United States of America."
25 Do you see that?

D. Bender - Cross by Mr. Suarez Page 313

1 A Yes, sir. I do.
2 Q Who wrote those words?
3 A I was responsible for them being, in 2017.
4 Q You prepared that engagement letter?
5 A Yes.
6 Q Before you even started compiling the compilation
7 report, producing the compilation report, you had already
8 determined that this disclaimer would be there; had you not?
9 A Yes, we had.
10 Q Okay. So before you got the first bit of information
11 in connection with the June, 2016 compilation report in the
12 Statement of Financial Condition, you had already decided to put
13 in there a statement that the financial statement should not be
14 relied on in accordance with that disclosure statement; had you
15 not?
16 MR. WALLACE: Objection.
17 THE COURT: What's the ground of the objection?
18 MR. WALLACE: I don't think he has accurately
19 stated what's on the screen.
20 THE COURT: Do you want to try to rephrase it,
21 just to be exactly congruent with what's on the screen?
22 Q Before you even began working on the engagement, you
23 had already determined that the compilation report had to
24 include that disclaimer?
25 A Due to the fact that the top paragraph had so many

D. Bender - Cross by Mr. Suarez Page 314

1 G.A.A.P. exceptions, we had determined that we would need to put
2 that paragraph.
3 Q Due to the fact that it had so many G.A.A.P.
4 exceptions. Let's talk about the G.A.A.P. exceptions. You just
5 described them as, so many G.A.A.P. exceptions. Is the Trump
6 Organization required to comply with G.A.A.P.?
7 A Even the G.A.A.P. exceptions aren't complying with
8 G.A.A.P. You are notifying them. So, everybody is required, to
9 a certain extent, to comply with G.A.A.P.
10 Q That wasn't my question, Mr. Bender. My question was,
11 is there anything that required the Trump Organization to
12 maintain their books in accordance with G.A.A.P., as a private
13 company?
14 A To maintain their books as a private company?
15 Q G.A.A.P.
16 A No.
17 Q A private company doesn't have to follow G.A.A.P.;
18 correct?
19 THE COURT: It probably depends on -- and I'm not
20 an accountant -- what they're using it for. If they are
21 using it for external reasons, or internal reasons. So,
22 I'm just asking you to be more specific.
23 MR. SUAREZ: I will be mindful of that.
24 Q But there's nothing that requires a private company to
25 follow G.A.A.P.?

D. Bender - Cross by Mr. Suarez Page 315

1 A No. A private company is not required to follow
2 G.A.A.P.
3 Q A private company is not required to follow G.A.A.P.,
4 but it can choose to; correct?
5 A Yes.
6 Q Let's go to the statement above. "Accounting
7 principles generally accepted in the United States of America
8 require that personal financial statements include a provision
9 for current income taxes, as well as estimated income taxes, on
10 the differences between estimated current values --"
11 Excuse me. Let me start that again.
12 "Accounting principles generally accepted in the
13 United States of America require that personal financial
14 statements include a provision for current income taxes, as well
15 as estimated income taxes, on the difference between estimated
16 current values of assets, and the estimated current amounts of
17 liabilities, and their tax bases, present cash, marketable
18 securities, and hedge funds, separately, include amounts to be
19 received in the future from estimated current values that are
20 non-forfeitable, fixed and determinate, and do not require any
21 future services.
22 "Record the net --"
23 Excuse me.
24 "Record the current estimated value of all
25 closely-held and other business entities, as a net investment,"

D. Bender - Cross by Mr. Suarez Page 316

1 open parentheses, "assets net of liabilities, and disclose
2 summarized financial information about each entity. Record
3 non-interest-bearing deposits in exchange for rights or
4 privileges, and include all assets and liabilities of the
5 individual whose financial statements are presented."
6 I think I roughly got that right.
7 A I think you did, too.
8 Q Okay. Thank you.
9 "The accompanying Statement of Financial Condition
10 does not reflect the above-noted items. The affects of these
11 departures from accounting principles, generally accepted in the
12 United States of America, have not been determined."
13 Correct?
14 A Yes, sir. That's what it says.
15 Q All right. So, in the first paragraph, you have
16 identified about a half a dozen ways in which these Statements
17 of Financial Condition do not comport to G.A.A.P.; correct?
18 A Yes, sir.
19 Q Who made the determination as to which departures from
20 G.A.A.P. were applicable?
21 A The Trump Organization.
22 Q Who, at the Trump Organization, made that
23 determination?
24 A Mr. Weisselberg, when he signed the engagement letter.
25 Q Mr. Weisselberg is not a CPA; is he?

D. Bender - Cross by Mr. Suarez Page 317

1 A No, he is not.
2 Q Mr. McConney is not a CPA; is he?
3 A No, he is not.
4 Q How would Mr. Weisselberg and Mr. McConney know what
5 G.A.A.P. exceptions should have been disclosed or not disclosed
6 in a Statement of Financial Condition?
7 A Mr. Weisselberg did not want these amounts included in
8 the financial statement, and there would have to be a G.A.A.P.
9 exception. Jeff McConney, as you said earlier, was a practicing
10 accountant at our predecessor firm. Very experienced, and he,
11 as I have said many times, he is one the best accountants I ever
12 met.
13 Q But you are the certified public accountant,
14 Mr. Bender?
15 A Yes, sir.
16 Q You are the one that the Trump Organization turned to
17 to determine what was a G.A.A.P. exception and what wasn't;
18 weren't you?
19 A No. They knew what they were signing, when they
20 signed their engagement letter.
21 Q Okay. The engagement letter that you prepared, that
22 you drafted?
23 A Yes.
24 Q Okay. They knew what they were signing. And who
25 advised them as to what they were signing on this engagement

D. Bender - Cross by Mr. Suarez Page 318

1 letter, as it related to departures from G.A.A.P.?
2 A They read their engagement letters, and they came to
3 us with questions, if they had questions.
4 Q They had questions. And did you tell them that there
5 were other G.A.A.P. exceptions that weren't disclosed in this
6 statement?
7 A Not that I recall, at this moment.
8 Q You were aware, with the financial statements of the
9 Trump Organization; were you not?
10 A Yes, sir.
11 Q Okay. And you were very familiar with the books and
12 records. You prepared tax return for hundreds of entities; did
13 you not?
14 A Yes, I was.
15 Q You closed their ledgers every year; did you not?
16 A I gave them trial balances. I did not close their
17 books.
18 Q You were paid over a million dollars a year from the
19 period of 2011 to 2020, and in some instances more than
20 \$2 million a year to provide accounting services for the Trump
21 Organization?
22 A That sounds possible.
23 Q That sounds possible. And you were the only certified
24 public accountant that was involved in any of this; were you
25 not, Mr. Bender?

D. Bender - Cross by Mr. Suarez Page 319

1 MR. WALLACE: Objection, your Honor.
2 "Any of this," is unclear.
3 THE COURT: Thank you.
4 Sustained.
5 Q You were the only certified public accountant that was
6 involved in determining which exceptions to G.A.A.P. existed.
7 MR. WALLACE: Objection, your Honor. That wasn't
8 his testimony.
9 THE COURT: I'm sorry. Say again?
10 MR. WALLACE: I'm saying that determining which
11 exceptions to G.A.A.P. existed was not Mr. Bender's
12 testimony.
13 Q You were the only certified public accountant that was
14 involved in 2016 in connection with the presentation of this
15 engagement letter in determining which exceptions to G.A.A.P.
16 existed?
17 MR. WALLACE: Same objection.
18 THE COURT: Overruled.
19 A I did not determine the G.A.A.P. exceptions. The
20 Trump Organizations determined the G.A.A.P. --
21 Q The Trump Organization determined the G.A.A.P.
22 exceptions, is your testimony, Mr. Bender?
23 A Yes.
24 Q Mr. Weisselberg? Is he the one who determined the
25 G.A.A.P. exceptions?

D. Bender - Cross by Mr. Suarez Page 320

1 A He is the ultimate one responsible.
2 Q Not my question. I didn't ask who is responsible. I
3 asked who determined what G.A.A.P. exceptions applied?
4 A The Trump Organization.
5 Q What individual? The Trump Organization, we agree, is
6 a corporate entity. It doesn't make determinations. It acts
7 through people; right?
8 A Excuse me?
9 Q Trump Organization acts through people. Companies
10 don't make decisions.
11 THE COURT: I'll take judicial notice that
12 corporations and businesses generally have to act through
13 their personnel.
14 Q So, who was the person at the Trump Organization that
15 determined what departures from G.A.A.P. were appropriate to
16 list in the Statements of Financial Condition?
17 A Ultimately, Mr. Weisselberg.
18 Q Ultimately, Mr. Weisselberg. And who did
19 Mr. Weisselberg consult with?
20 A You would have to ask him that.
21 Q Did Mr. Weisselberg consult with you?
22 A On certain G.A.A.P. exceptions, he might have.
23 Q Because you were a CPA?
24 A You would have to ask him. That's the reason he
25 consulted with me.

D. Bender - Cross by Mr. Suarez Page 321

1 Q You are a CPA?
2 A Yes, sir.
3 Q You were a CPA when you prepared this?
4 A Yes, sir.
5 Q Mr. Weisselberg was not a CPA?
6 A No, sir.
7 Q So, when you and Mr. Weisselberg had a discussion
8 about what departures from G.A.A.P. existed, you had the
9 knowledge of a certified public accountant that Mr. Weisselberg
10 did not?
11 A He had the knowledge of speaking to us, if he had any
12 questions.
13 Q And did you ever advise Mr. Weisselberg that there
14 were any other disclosure that should have been included as
15 departures from G.A.A.P.?
16 A Some of these ones, we did suggest to him.
17 Q You did? Which ones?
18 A We had discussions on, as I think I stated yesterday,
19 about the G.A.A.P. exception for cash and marketable securities.
20 When he made that change to the financial statement, we agreed
21 it would have to be a G.A.A.P. exception.
22 Q You agreed that it was a G.A.A.P. exception?
23 A Yes, I did.
24 Q You recommended that it should be a G.A.A.P.
25 exception?

D. Bender - Cross by Mr. Suarez Page 322

1 A I don't know if we recommended it. It could have been
2 prepared, they prepared the statement without a G.A.A.P.
3 exception.
4 Q It was changed to your satisfaction; was it not?
5 A The -- what was changed to my satisfaction?
6 Q The manner in which they presented it.
7 A With the G.A.A.P. exception, it met the -- it was
8 appropriate.
9 Q So, you suggested, to Mr. Weisselberg, a G.A.A.P.
10 exception, and it was accepted, and it was incorporated in the
11 Statement of Financial Conditions?
12 A That's not what I'm saying. I'm saying, based on
13 discussions we would have had with them, we told them we agreed
14 that this G.A.A.P. exception would be required, if they wanted
15 the financial statement presented the way they had drafted it.
16 Q And they agreed?
17 A They agreed.
18 Q On your advice?
19 A Not on our advice.
20 Q Not your advice.
21 A They --
22 Q -- independently, that's your testimony?
23 A They determined that.
24 Q Okay.
25 A They drafted the financial statement, and one of those

D. Bender - Cross by Mr. Suarez Page 323

1 wanted at the time -- there was a discussion --
2 MR. WALLACE: I would just like to note my
3 objection, that if he could let the witness answer the
4 questions before he starts the next question, we would
5 appreciate it.
6 THE COURT: That is the proper way to proceed.
7 MR. SUAREZ: I will try. I will do.
8 Q In fact, when you suggested other changes to the Trump
9 Organization, when you had discussions about things that you
10 believed were appropriate, they generally heeded your advice?
11 A I didn't suggest changes, but there was one other
12 change that they -- they wanted -- they did, in the preparation
13 of their financial statements that I recall, that would have
14 required a G.A.A.P. exception, and there was a discussion about
15 it.
16 Q There was a discussion about it?
17 A Yes.
18 Q So, when you raised an issue with the Trump
19 Organization's compliance with G.A.A.P., there was a discussion
20 about it?
21 A We talked to them about the G.A.A.P. exception. Yes,
22 sir.
23 Q And it was resolved to your satisfaction?
24 A It was resolved to my satisfaction.
25 Q In fact, I believe yesterday you testified that

D. Bender - Cross by Mr. Suarez Page 324

1 whenever you resolved a G.A.A.P. exception, whenever you raised
2 a G.A.A.P. exception to the Trump Organization, it was general
3 resolved to your satisfaction; was it not?
4 A I only recall these two G.A.A.P. exceptions, at this
5 point, that I ever had discussions with them.
6 Q You brought up G.A.A.P. exceptions yesterday, that you
7 had a conversation with the Trump Organization about, and they
8 were resolved to your satisfaction?
9 A They agreed that the G.A.A.P. exception would have to
10 be shown in the independent compilation report, and to the notes
11 to the financial statement.
12 Q Because if you would have -- I'm sorry. If it
13 wouldn't have been resolved your satisfaction, you would have
14 been required to withdraw?
15 A We. Would not have issued a financial statement, if
16 it was not resolved.
17 Q But you did, because the concerns that you raised were
18 resolved, to your satisfaction?
19 A Yes, sir.
20 Q Okay.
21 MR. SUAREZ: Let's bring up the management
22 representation letter from that same year, previously
23 marked plaintiff's Exhibit 741.
24 (Whereupon, a document was displayed, and handed
25 to the witness.)

D. Bender - Cross by Mr. Suarez Page 325

1 Q Mr. Bender, who drafted this letter?
2 A Mazars.
3 Q Mazars prepared the management representation letter
4 that's here on the screen?
5 A We drafted it. Yes, sir.
6 Q Okay. And you drafted it, because this is something
7 that you wanted; correct?
8 A Yes, sir.
9 Q You wanted this piece of paper?
10 A Yes, sir.
11 Q And you are the one that put the words on the page
12 here; correct?
13 A A member of Mazars. Yes.
14 Q A member of Mazars. And that would be a member of
15 Mazars working under your supervision; would it not be?
16 A Yes.
17 Q And that member of Mazars working under your
18 supervision, in the year 2017, would have typed out this letter?
19 A Somebody in typing would have typed it. Yes.
20 Q And it would have been sent over to the Trump
21 Organization?
22 A Yes.
23 Q And you would have asked the Trump Organization to
24 sign it?
25 A They would have reviewed it. If they had questions,

D. Bender - Cross by Mr. Suarez Page 326

1 they would have come back to us, and we would have discussed any
2 issues on the draft that would be necessary, and if there was a
3 change, we would discuss it.
4 Q Does this management representation letter that was
5 prepared at your direction contain the word appraisal anywhere
6 in it?
7 A I would have to read the whole letter.
8 Q Please read it. It was prepared at your direction.
9 THE COURT: Is there some way to short circuit
10 him reading three pages?
11 MR. SUAREZ: They're his words, your Honor, and
12 I'm asking -- I know --
13 Q The word appraisal, I don't believe, appears anywhere
14 here, Mr. Bender; does it?
15 A I have to read the letter.
16 THE COURT: Does anybody think that the word
17 appraisal appears in this letter?
18 Let's assume it doesn't.
19 Mr. Bender, are you comfortable with that?
20 THE WITNESS: I'm comfortable, your Honor.
21 THE COURT: We want you to be comfortable.
22 Q Nowhere in this letter does the Trump Organization
23 warrant to you that it's given you every appraisal that they
24 have.
25 A In item three, "We have made available to you all

D. Bender - Cross by Mr. Suarez Page 327

1 financial records and related data, and any additional
2 information you requested from us, for the purpose of this
3 compilation."
4 Q Okay.
5 A "We have not knowingly withheld from you any financial
6 record or related data that, in our judgment, would be relevant
7 to your compilation."
8 Q It doesn't say they have given you appraisals.
9 A It says they made available to us, "All financial
10 records and related data, for the purpose of compilation. We
11 have not knowingly withheld any financial records."
12 In my opinion, that includes appraisals.
13 Q That, in your opinion, includes appraisals. You wrote
14 this letter. Why didn't you use the word, appraisals?
15 A This is pretty much standard language.
16 Q It's standard language. And this letter was signed
17 by?
18 A Allen Weisselberg and Donald Trump, Jr.
19 Q Neither of which is a CPA?
20 A No, sir.
21 Q So they should have inferred, from the language that
22 you wrote, in the letter that you wrote and sent to them, and
23 asked them to sign, that that included that you wanted to see
24 appraisals?
25 A I think they should have understood that, yes.

D. Bender - Cross by Mr. Suarez Page 328

1 Q But you never said that to Allen Weisselberg?
2 A I never discussed it with Allen Weisselberg.
3 Q And you certainly never said it to Donald Trump,
4 Junior; did you? But based on your own letter that you wrote,
5 your words, and asked them to signed, you believe that they
6 should have concluded that needed to give you appraisals?
7 A Absolutely.
8 Q Why didn't you tell them?
9 A To me, financial data, I think it's included,
10 appraisals.
11 Q But that's not what it says. We can agree on that?
12 A That's not what it says.
13 Q Was Donald Trump, Jr. capable of determining which
14 G.A.A.P. exceptions should have been included in a Statement of
15 Financial Condition?
16 A I think he would have needed to rely on Jeff McConney
17 and Allen Weisselberg.
18 Q So he should have relied on the two guys that weren't
19 CPA's?
20 A He should have relied on his CFO and his controller,
21 yes.
22 Q Should he have relied on their outside accounting
23 firm?
24 A It was not my job to -- they -- in-house reviewed it,
25 and if they had any questions, they could have come back to us.

D. Bender - Cross by Mr. Suarez Page 329

1 Q This was not your job, to explain to them, that's
2 something that you wanted?
3 A Mr. Weisselberg understood what -- accounting.
4 Mr. McConney has a lot of expertise in --
5 Q But they weren't certified public accountants, and you
6 never explained it to them, and you wrote this letter, not them.
7 MR. WALLACE: Objection. Compound question.
8 THE COURT: Sustained.
9 And I hope that the reporter got that. Weren't,
10 not, they were.
11 MS. HABBA: She did.
12 MR. SUAREZ: Let's pull up the Jeff Supporting
13 Data for this particular year. That was PX 742. Is that
14 right, PX 742? Yes. PX 742.
15 (Whereupon, a document was displayed, and handed
16 to the witness.)
17 Q This was the Jeff Supporting Data spreadsheet. This
18 was what was sent to you; correct, Mr. Bender?
19 A This is the final version that we used for the
20 compilation of Mr. Trump's 2016 Statement of Financial
21 Condition.
22 Q PBC. Prepared by client?
23 A Yes.
24 Q True or not true?
25 A Yes.

D. Bender - Cross by Mr. Suarez Page 330

1 Q Okay. That's what you said that meant; right?
2 A Yes, sir.
3 Q All right. So, this is what they sent you?
4 A This is -- they may have made changes, as I previously
5 stated. They sent it to us, and then they would send us updated
6 copies, and updated copies, and this is what their final version
7 would have been.
8 Q Okay. So this is the supporting data that you used to
9 prepare your compilation report; correct?
10 A This is the supporting data I used to compile the
11 compilation.
12 Q Okay. To compile the compilation?
13 A Yes.
14 Q Which is different, in your mind, from preparing the
15 compilation report?
16 A Yes.
17 Q How is that different?
18 A A preparation is a different level of accounting
19 services than a compilation. I just want to make sure that I
20 was using the right language.
21 Q Okay.
22 MR. SUAREZ: Now, scroll up here. Can we just
23 scroll through this compilation report, from top to bottom,
24 so we can see all the facts and figures that are included?
25 Q You would agree, Mr. McConney, that you were required

D. Bender - Cross by Mr. Suarez Page 331

1 to review all of these notes in connection with preparing your
2 compilation report?
3 A I'm Mr. Bender, not Mr. McConney.
4 Q I'm sorry. Bender.
5 A We were not hired to review this. We were hired to
6 compile these.
7 Q All right.
8 A These financial statements.
9 Q Were you required to read it?
10 A We did read it.
11 Q Not we, Mr. Bender. You did you read this document?
12 A Did I read the whole document? I presumably -- I
13 can't answer if I read the whole document.
14 Q You can't answer whether you read the whole document?
15 A Yes.
16 Q Okay. The Statement of Financial Condition of the
17 President of the United States, and you can't answer if you read
18 the whole document. Is that right?
19 A I can't answer, today, that I read every line.
20 Q So let's scroll down to the triplex.
21 (Continued on the next page.)
22
23
24
25

D. Bender - Cross/Suarez Page 332

1 MR. SUAREZ: May I approach the screen?
2 THE COURT: Ten-minute warning.
3 Q See where it says here "triplex based on comps from
4 TIR sales office 30,000 SF @ \$10,900 a square foot?"
5 A Yes.
6 Q Is that something you read?
7 A I couldn't tell you if I read it back then, no.
8 Q Is that something you understood?
9 A I understand it today.
10 Q You understand it today but you can't tell me if you
11 read it back when you were preparing the Statements of
12 Financial Condition report? Yes or no?
13 Did you read it back then?
14 A I did not. I was not the person. I did not do all
15 the work in 2016 financial statement. I had staff working on
16 it. I do not know if I read every word of the worksheet.
17 Q Okay. Let's pull up the 2017 compilation report.
18 Let's pull up the supporting data. Jeff Supporting Data from
19 2017 PX-758. Let's go down to the triplex again.
20 THE COURT: I think it's pronounced tri-plex.
21 MR. SUAREZ: In Florida, it's try-plex
22 MR. WALLACE: There's a dispute from plaintiff's
23 team.
24 MS. HABBA: It's tri-plex.
25 MR. WALLACE: This divides many people.

D. Bender - Cross/Suarez Page 333

1 MR. SUAREZ: Let's go back to the other side
2 here.
3 Q Do you see here where it goes from "triplex based on
4 comps from TIR sales office 30,000 square feet @ 10,900 a
5 square foot?"
6 A Yes.
7 Q Triplex based --
8 THE COURT: Triplex.
9 Q Triplex based on comps from 432 Park?
10 A Yes.
11 Q Did you read that?
12 A I don't know if I read that.
13 Q You don't know if you read that? This is for the
14 2017 Statement of Financial Condition when were you compiling
15 the Statement of Financial Condition for the President of the
16 United States, Mr. Bender; is that not the case?
17 A Yes, sir.
18 Q The square footage of the triplex changes?
19 THE COURT: What is a triplex?
20 MR. SUAREZ: The triplex, sorry, your Honor.
21 The triplex.
22 A Yes.
23 Q Did you see that it changes there?
24 A I see it changed.
25 Q You see that it changed?

D. Bender - Cross/Suarez Page 334

1 A Today I see it changed.
2 Q Did you ever pick up the phone and say, to the
3 President of the United States, your triplex just got cut by
4 2/3?
5 A I did not. I have no independent memory -- we
6 missed it.
7 Q You missed it?
8 A Yes.
9 Q You missed it?
10 A Yes.
11 Q President Trump hired you to prepare a compilation
12 from the Statement of Financial Condition for the Leader of
13 the Free World and you missed it?
14 A Yes, sir.
15 Q You never picked up the phone and said, sorry, I
16 missed it?
17 A Didn't have his phone number but we missed it.
18 Q You missed it. You never said, hey, there's an error
19 here or, hey, 2/3 of your triplex just disappeared, did you?
20 A No, sir.
21 Q Do you think that's something President Trump would
22 have wanted to know?
23 A I can't answer what --
24 Q Do you think that's something --
25 THE COURT: Let him answer.

D. Bender - Cross/Suarez Page 335

1 A I can't tell you what Mr. Trump wanted to know.
2 Q Do you think that is something that President Trump,
3 who relied on you, who relied on Mazars, who was loyal to you
4 for all those years, would have wanted to know?
5 MR. WALLACE: Objection at this point.
6 Testifying about what Mr. Trump relied on and wanted.
7 THE COURT: Overruled. I'll allow it one more
8 time. Go ahead. You want to ask it again?
9 MR. SUAREZ: Yes.
10 THE COURT: Go ahead.
11 Q Do you think the Leader of the Free World would have
12 wanted to know that you had been given information that his
13 triplex apartment had been stated at a different square
14 footage and reduced by 2/3 in the year 2017?
15 Do you think that is something that the man who
16 paid you millions of dollars a year would have wanted to know?
17 A I can't speak for Mr. Trump.
18 Q Okay. Let me ask you, if we go back to 753,
19 Exhibit 753. In Exhibit 753, you made a promise to Mr. Trump
20 in your engagement letter, were you promised that your
21 engagement cannot be relied upon to identify or disclose any
22 financial misstatements, including those caused by fraud or
23 error, or to identify or disclose any wrongdoing or
24 noncompliance with laws and regulations. However, we will
25 inform you of material errors and any evidence or information

D. Bender - Cross/Suarez Page 336

1 that comes to our attention during the performance of our
2 procedures that fraud may have occurred.
3 Do you think that 2/3 of his townhouse
4 disappearing, of the triplex disappearing, from 2017 to 2018
5 is not something that you should have said to the Leader of
6 the Free World?
7 A Did not come to our attention.
8 Q It did not come to your attention? Oops. Sorry, I
9 screwed it up?
10 MR. WALLACE: Objection at this point. That's
11 not a question.
12 Q Mr. Bender --
13 THE COURT: Just questions, not commentary.
14 A We didn't screw it up. The Trump Organization made
15 a mistake, and, we didn't catch it.
16 Q You didn't catch it?
17 A The Trump Organization --
18 Q You didn't catch it in '18. You didn't catch it in
19 '19. You didn't catch it in '20. All those years, you didn't
20 catch it, you never came to him and said, sorry,
21 Mr. President. I made a mistake. I didn't catch it.
22 All of those years, millions of dollars in fees
23 later and you didn't catch it?
24 MR. WALLACE: Objection. We covered this ground
25 multiple times now.

D. Bender - Cross/Suarez Page 337

1 THE COURT: We only have four more minutes.
2 Q It goes to the heart of the case. This was someone
3 that -- I am emotional about it because it's not funny because
4 the Leader of the Free World, who was keeping us safe, who was
5 keeping this county safe, relied on you, Mr. Bender, not to
6 screw this up, and, you screwed it up?
7 A No, I did not.
8 Q Okay. You just missed it?
9 A We were engaged to do a compilation and the
10 compilation, as we discussed earlier, does not require us to
11 outline the compilations and we met our compilation, what was
12 required for a compilation.
13 Q You met all that was required for the compilation and
14 that includes missing 20,000 square feet is something that was
15 not required for you to disclose to your client?
16 A If you-- we missed it.
17 Q You missed it. Now, he's sitting here today, his
18 company is going through hell. Tens of thousands of employees
19 are going through hell because you missed it?
20 MR. WALLACE: Objection.
21 A No, because they put the wrong number. They
22 misrepresented the numbers on their data.
23 Q You never called and told him about it?
24 A We did not.
25 Q When you went to the White House -- you went to the

D. Bender - Cross/Suarez Page 338

1 White House, right? He invited your son to the White House.
2 You mentioned to him, hey, we missed it?
3 MR. WALLACE: At this point, can he please let
4 the witness answer the question he is asking?
5 THE COURT: He's already answered it. So, I
6 don't know if that matters. Counselor, I think he's
7 already said he did not tell them. So, you don't have to
8 ask him whether he did not tell them when he was at The
9 White House. He said he didn't tell them.
10 Q Was making this mistake the reason Mazars forced you
11 to retire?
12 A No.
13 Q You were planning to retire anyway?
14 A The partnership agreement of Mazars requires you to
15 retire at 65.
16 Q That's why you went to the President mortified?
17 That's why you went and apologized for having made this
18 mistake?
19 MR. WALLACE: Objection. If he wants to include
20 something about a conversation of Mr. Bender and the
21 President, he can ask a question about it. He cannot
22 testify.
23 THE COURT: Considering this is
24 cross-examination, obviously -- I'll leave it at that.
25 MR. WALLACE: Can I at least raise a foundation

D. Bender - Cross/Suarez Page 339

1 objection?
2 THE COURT: Overruled.
3 Q So, Mr. Bender.
4 MR. SUAREZ: Yes, sir?
5 THE COURT: So, you'll ask it again or you'll --
6 MR. SUAREZ: It's been asked. Overruled. I
7 don't know. Does he have anything to say for himself?
8 MR. WALLACE: Objection.
9 THE COURT: You can't ask him does he have
10 anything to say for himself.
11 MR.SUAREZ: In response to the last question,
12 you overruled the objection. He's sitting there.
13 Q You missed it.
14 A I never went to Mr. Trump mortified. I was never
15 mortified.
16 Q You lost your biggest client, the client that
17 literally made your entire professional reputation, Mr.
18 Bender. Your entire identity was being the big accountant for
19 the powerful Trump Organization for the President of the
20 United States and you blew it.
21 MR. WALLACE: Objection.
22 THE COURT: Sustained.
23 Q Let's get into 2017 then.
24 THE COURT: Two-minute warning.
25 Q PX-755 let's see what else. This is the compilation

D. Bender - Cross/Suarez Page 340

1 report for 2017, Mr. Bender. Mazars, that's your logo on the
2 front page, right?
3 A Yes, sir.
4 Q Okay. It's not the Trump Organization logo?
5 A No, sir.
6 Q They're not the ones taking credit for this, you are?
7 A Mazars compiled the financial statement.
8 Q You know, Mr. Bender, what I think bears repeating
9 for the Court. The Jeff spreadsheets weren't attached to this
10 document that went between the two Mazars logos, right?
11 A No, sir.
12 Q No. It was just the Statement of Financial Condition
13 and your compilation report, correct?
14 A Yes, sir.
15 Q And the notes?
16 A Notes are considered part of the accountant's --
17 notes are considered part of the Statement of Financial
18 Condition.
19 Q The notes that are considered part of the Statement
20 of Financial Condition are also discussed in your accountant's
21 compilation report, correct?
22 A Repeat the question, please.
23 Q The notes that form part of a Statement of Financial
24 Condition are also referenced in your independent accounting
25 compilation report; are they not?

Page 341

1 A I'm just checking. Yes, they are.
2 Q Yes, they are.
3 THE COURT: Okay. We're going to break for the
4 day. We'll resume tomorrow at 10:00 we have to take
5 care of some housekeeping matters right now and my law
6 clerk has a question.
7 MS. GREENFIELD: Sorry. To make sure we're on
8 track, which witnesses, besides continuing with Mr.
9 Bender, do we intend to call tomorrow?
10 MR. WALLACE: I believe the next witness is
11 Cameron Harris from the Whitley Penn accounting firm and
12 then, I believe, Jeff McConney will come after him.
13 MR. GREENFIELD: Thank you.
14 MR. KISE: To be clear, we don't need Mr.
15 McConney here tomorrow morning? We'll continue with the
16 cross tomorrow.
17 MR. WALLACE: Up to you guys. I don't think
18 Mr. Harris will be here very long for our direct but on
19 the cross-examination of Mr. Harris and the continued
20 cross-examination of Mr. Bender --
21 MR. KISE: We'll work that out. We want to make
22 sure your witnesses are here.
23 THE COURT: Okay. Thanks, everyone.

Proceedings

1 THE COURT: If this was Broadway, we'd be having
 2 a long run here. I think we're getting the photographers.
 3 (Photos taken.)
 4 THE COURT: They do this every day. I mean,
 5 they look the same.
 6 Is the defense going to recall Donald Bender?
 7 MR. SUAREZ: Yes, sir.
 8 THE COURT: It's a little confusing. There are
 9 two Donald's. Okay, let's get him in.
 10 MR. SUAREZ: Good morning, your Honor.
 11 THE COURT: Good morning.
 12 MR. SUAREZ: I've taken heed to a request to
 13 speak more slowly today. I also understand that it's
 14 pronounced, in the great State of New York, triplex.
 15 MR. KISE: In the south, it's just called
 16 apartment.
 17 THE COURT: Chris, do you have triplexes down
 18 there?
 19 MR. KISE: That's why it's called an apartment,
 20 no.
 21 THE COURT: Welcome to New York City.
 22 (Whereupon, the witness enters the courtroom.)
 23 THE COURT: I'll remind the witness, as I always
 24 do, that he's still under oath.
 25 THE WITNESS: Thank you, your Honor.

D. Bender - Cross/Suarez

1 THE COURT: Counselor, whenever you're ready,
 2 please proceed.
 3 CROSS-EXAMINATION (Cont'd)
 4 BY MR. SUAREZ:
 5 Q Mr. Bender, good morning.
 6 A Good morning.
 7 Q Yesterday we were taking a look at Plaintiff's
 8 Exhibit 758; and, I just wanted to thank you for acknowledging
 9 the mistake, the change in value of the triplex from 327
 10 million to 116 million.
 11 MR. SUAREZ: If you can please pull up the 2016
 12 and 2017 Statements of Financial Condition.
 13 Q I just wanted to walk you, Mr. Bender, through both
 14 statements, the June 30, 2016 statement, Plaintiff's
 15 Exhibit 756 with Mazars and WeiserMazars logo on the front
 16 page and then Plaintiff's Exhibit 755, which is the Statement
 17 of Financial Condition, Mazars USA logo on the bottom.
 18 Mr. Bender, between 2016 and 2017, I take it,
 19 Mazars stopped using the WeiserMazars and just started
 20 referring to Mazars?
 21 A Yes, our name changed many times over the years.
 22 Q If you can please go to the next page, on both
 23 documents. The 2016 Statement of Financial Condition was
 24 dated March 10, 2017; is that correct?
 25 A Yes, sir.

D. Bender - Cross/Suarez Page 346

1 Q Just a few months later, in October of 2017, the same
2 year, the 2017 Statement of Financial Condition was issued.
3 Is that your signature there on October 30,
4 2017?
5 A It's either mine or electronic copy thereof.
6 Q Okay. This was a particularly interesting year
7 because President Trump assumed the Presidency on January of
8 2017, correct?
9 A Yes, sir.
10 Q And for that reason, there was an understandable
11 delay producing the compilation report for the 2016 Statement
12 of Financial Condition?
13 A You'd have to confirm that with the Trump
14 Organization. It was just a guess yesterday.
15 Q You would agree the Trump Organization, on its own,
16 changed the value of the triplex. It wasn't prompted by
17 anybody to do it?
18 A It wasn't prompted by Mazars.
19 Q Okay. Moving on. Did you have an opportunity last
20 night to speak to anybody about your testimony?
21 A I spoke to counsel last night.
22 Q Did you speak to anyone from the New York Attorney
23 General's Office?
24 A No, sir.
25 Q Did your counsel speak to anyone from the New York

D. Bender - Cross/Suarez Page 347

1 Attorney General's Office?
2 A You'd have to speak to them.
3 Q Are you aware if your counsel spoke to anyone from
4 the New York Attorney General's Office?
5 A I don't recall any conversation with counsel last
6 night.
7 Q All right. Moving on. Yesterday --
8 MR. SUAREZ: Let's pull up the testimony from
9 yesterday.
10 Q We had a discussion about whether you were the
11 relationship partner in charge of the Trump Organization when
12 Weiser merged into Mazars, correct?
13 A Yes, sir.
14 Q You told me there was a gentleman named Gerry
15 Rosenblum that was the partner in charge for a period of time?
16 A For a number of years.
17 Q Okay, for a number of years.
18 MR. SUAREZ: Let's pull up the 2011 engagement
19 report.
20 MR. KISE: Just to make a record observation.
21 Sorry. I want to be clear, the fact they were pointing
22 to documents that are in evidence now doesn't waive our
23 objection as to the Statute of Limitations. I mean,
24 we're working with the record as it exists.
25 THE COURT: All right. I understand and I

D. Bender - Cross/Suarez Page 348

1 agree.
2 MR. KISE: Thank you, Judge.
3 MR. SUAREZ: Your Honor, we're providing the
4 Attorney General's Office a copy of an exhibit we're
5 going to use solely for impeachment. It bears the Bates
6 labeled Mazars DANY GJS 0003106, and, I'd like to ask Mr.
7 Bender if he recognizes this document.
8 THE WITNESS: Are we finished with this one?
9 MR. SUAREZ: You can set that down.
10 THE WITNESS: Thank you. Thank you.
11 A Yes, I recognize it.
12 Q All right. You see this is a Weiser Engagement
13 Continuance Form?
14 A Yes, sir.
15 Q What does this document represent?
16 A This is a part of our client acceptance process,
17 client continuance process in this case.
18 Q This was for Statement of Financial Condition
19 prepared June 30, 2011. You see on the right-hand corner date
20 of financial statement?
21 A I guess so, yes.
22 Q Okay. Do you see where it says "partner"?
23 A Yes.
24 Q Is that your name, Donald Bender?
25 A Yes.

D. Bender - Cross/Suarez Page 349

1 Q Is Mr. Rosenblum's name on there?
2 A No, sir.
3 MR. SUAREZ: Let's pull up the 2012. Your Honor,
4 I will move this document into evidence solely for
5 impeachment purposes.
6 THE COURT: Granted. It's in evidence solely
7 for impeachment purposes.
8 MR. WALLACE: As we're evaluating whether this
9 comes in for impeachment, what is the testimony this was
10 impeaching? Can you give us a specific date?
11 THE COURT: And who was the partner?
12 MR. SUAREZ: At the time, Gerry Rosenblum.
13 MR. WALLACE: I wanted to see the date.
14 MR. SUAREZ: He said at the time of the Mazars
15 transition and we'll move now to Mazar's years when Gerry
16 Rosenblum --
17 MR. WALLACE: I'm not sure that it established
18 how this impeaches his testimony.
19 MR. SUAREZ: Mr. Bender testified yesterday that
20 at the time that Weiser merged into Mazars, Gerry
21 Rosenblum was the partner in charge of the Trump
22 Organization. The Engagement Continuance Reports showed
23 that Mr. Bender is the only person listed as a partner in
24 connection with the engagement in these reports for the
25 Trump Organization.

D. Bender - Cross/Suarez Page 350

1 MR. WALLACE: I guess I wasn't aware of when
2 this merger was or what the date is and so how this is
3 impeaching --
4 MR. SUAREZ: We're getting there. It's got
5 Weiser. I'm showing 2012, which will show the dates that
6 Mr. Bender is the only one on there. 2016 will show only
7 Mr. Bender on there.
8 MR. WALLACE: I understand it's impeaching the
9 statement at the time, I guess, of the merger. I'll
10 confess for the record, I did not know when that merger
11 occurred and why this document impeaches his prior
12 testimony.
13 THE COURT: Just to give perspective on this,
14 there's no jury here. I don't think it matters that much
15 whether somebody was the lead partner or is not the lead
16 partner, who signed it. I think it's easiest just to
17 move on.
18 MR. WALLACE: I'm happy to move on. My objection
19 is overruled, I guess, your Honor.
20 THE COURT: Take a hint.
21 MR. SUAREZ: This is now WeiserMazars engagement
22 continuance report, your Honor; and, the Engagement
23 Continuance Report that I would like to show the witness
24 for impeachment purposes, relates to the financial
25 statement dated June 30, 20127, and I'd like to ask the

D. Bender - Cross/Suarez Page 351

1 witness if he recognizes this document.
2 THE COURT: You're being asked if you recognize
3 that document.
4 THE WITNESS: I don't have the document in front
5 of me.
6 (Handing.)
7 A Thank you. Yes, I do.
8 Q Do you see who the partner that's listed for this
9 engagement is?
10 A Yes.
11 Q You see where the client is?
12 A Yes, I do.
13 Q Who is the client?
14 A Donald J. Trump.
15 Q Who is the partner?
16 A I am.
17 Q Okay. Does this refresh your recollection as to
18 whether you or Mr. Rosenblum were in charge of the account at
19 the time that Weiser merged into Mazars?
20 A Okay. So, to make everybody understand, Weiser has
21 had five different names. We merged about 22 to 25 years
22 ago. I think about 23 years ago. Our original name-- excuse
23 me if I miss any-- was MRWeiser then I think we became Weiser
24 LLP, then we became WeiserMazars, and then we did Mazars USA.
25 It's all the same firm. We just changed our

D. Bender - Cross/Suarez Page 352

1 name and we merged about 23 years ago.
2 At that time we merged, I was a junior partner
3 in the firm, and, Gerry Rosenblum was the senior partner at
4 the firm.
5 Q At what time was Mr. Rosenblum the partner in charge
6 of President Trump's account?
7 A I couldn't tell you -- it started, he was
8 probably -- he was. I was not senior partner of the firm
9 until 13, 14 years ago. He was still more the senior than me
10 in the firm, but, I would say I probably took over somewhere
11 about 20 years ago as the lead partner from -- I was still
12 considered the lead partner on the account but he was the
13 senior partner, and I was still junior partner in the firm.
14 Q You were the lead partner in the account and
15 Mr. Rosenblum was senior to you?
16 A Mr. Rosenblum, when we merged, was senior partner
17 and in charge of the account. A number of years later, he
18 transferred a lot of the work to me, but, he was still senior
19 partner, and I was junior partner of the firm.
20 Q But you were the partner in charge?
21 A We shared it together for a number of years, but, it
22 was, you know, we co-shared the work.
23 Q You co-shared the client, but, to be sure, in 2011,
24 Mr. Rosenblum wasn't your copartner on this engagement?
25 A No, sir.

D. Bender - Cross/Suarez Page 353

1 Q Nor was he in 2012?
2 A No.
3 MR. SUAREZ: Let's pull up 2016. Your Honor, I
4 would move this into evidence for impeachment purposes
5 solely.
6 THE COURT: The Attorney General just told me
7 they have no objection.
8 MR. WALLACE: Certainly not on Statute of
9 Limitations, your Honor.
10 Q Do you recognize this document, Mr. Bender?
11 A Can I see the original, please?
12 MR. SUAREZ: This document has been premarked by
13 defendants as Exhibit 949.
14 Q The Mazars logo up top?
15 A Please let me read it.
16 Q Take your time.
17 A Thank you.
18 Q Do you recognize this document?
19 A Yes, I do.
20 Q What is this document?
21 A This is the Engagement Continuance Form for the
22 Trump Organization for 2016.
23 Q Okay. Who's the partner in charge here?
24 A I am.
25 Q Who's the manager?

D. Bender - Cross/Suarez Page 354

1 A Jennifer Safran.
2 Q Who's Jennifer Safran?
3 A My senior manager and later became partner.
4 Q Then she became your partner?
5 A Yes.
6 THE COURT: Counsels, let's have a real quick
7 side-bar. As I like to call it, front bar.
8 (Side-bar discussion held off the record.)
9 Q Mr. Bender, in connection with this document, I'd
10 just like to give you an opportunity to refresh your
11 recollection. The page bearing Mazars DANY GKS 01201998.
12 What you have in front of you.
13 Do you see that, 01998?
14 A Yes, sir.
15 MR. WALLACE: We want to note our objection is
16 that he's refreshing his recollection for a document that
17 he hasn't established that he doesn't have a recollection
18 to be --
19 THE COURT: That is the rule. You can't refresh
20 a recollection if the person doesn't recollect.
21 Q Mr. Bender, yesterday I asked you how many
22 engagements the Trump Organization-- you had done for the
23 Trump Organization over the years and you weren't quite sure
24 if it was 11,000 or another number?
25 A Yes, sir.

D. Bender - Cross/Suarez Page 355

1 Q I'd like to run through the WeiserMazars LLP work in
2 process realization, by client, for the Trump Organization
3 from January 1, 2016, to December 31, 2016, which starts on
4 page one of sixteen.
5 I'd like you, Mr. Bender, to note the number of
6 entities, different entities controlled by the Trump
7 Organization that are listed here in the first page. I would
8 ask you if these were all entities that you provided services
9 for in the year 2016?
10 A These are all entities that Mazars provided services
11 for. Some of them on this page might be independent
12 condominium associations that were not controlled by the
13 Trump Organization but these are all entities that were work
14 that Mazars worked on or somebody worked on in 2016.
15 Q These were all grouped here January 11, 2017 DJT-1,
16 Donald J. Trump, Bender.
17 That grouping would mean that these were all the
18 entities that you considered were part of the client group for
19 President Trump, correct?
20 A These are all clients that we considered as one
21 billing group for accounting purposes.
22 Q As one billing group. You'd agree with me on this
23 page there's at least-- and by no means do I want to spend the
24 Court's time counting each of these, but, there's at least two
25 dozen entities on this page?

D. Bender - Cross/Suarez Page 356

1 A That's fair.
2 Q Then I'd like to scroll through so the Court can see
3 and see if we can refresh your recollection, Mr. Bender.
4 Over the first 16 pages, there's about two dozen
5 entities on each page, maybe more. These were all entities
6 that you and WeiserMazars provided accounting services for
7 just in the year on 2016; is that correct?
8 A Yes, sir.
9 Q So, would you agree with me, roughly, that over, I
10 don't know-- what's the math? Twenty-five, twenty-four
11 entities per page, over 16 pages?
12 A Approximately.
13 Q Do you know what that math works out to?
14 A 203.
15 Q 203?
16 A Could be. I'm on my phone. Roughly, 200.
17 Q Roughly, 200 entities. All right, 200 entities in
18 one year that you provided engagements for; is that correct?
19 A Yes, sir.
20 Q You provided work for the Trump Organization for a
21 period of 30 years?
22 A Yes, sir.
23 Q Does that refresh your recollection as to how many
24 separate individual engagements you may have undertaken for
25 the Trump Organization?

D. Bender - Cross/Suarez Page 357

1 A In the early years, I only worked on one engagement,
2 Trump Equitable Fifth Avenue. I didn't work on these other
3 engagements.
4 When Mr. Trump's business was strong, the
5 number of entities that were being performed, I don't
6 remember, somewhere between 50 to 100 entities a year.
7 So, I didn't work on earlier years. Earlier
8 years most of these entities didn't exist.
9 Q So, in 2016 you did your work for over 200
10 entities --
11 MR. ROBERT: I'm having a difficult time
12 hearing. I can't understand.
13 THE COURT: Mr. Bender, right into it. Slowly.
14 Q In the year 2016 there were, at least, over 200
15 entities that you were performing services for President Trump
16 and the Trump Organization?
17 A Yes, sir. Including outside entities but he didn't
18 control.
19 Q That were all grouped under --
20 A For billing purposes.
21 Q All right. We'll continue going through there all
22 the way to page 16.
23 So, Mr. Bender, and the Court, can see all of
24 the different entities that Mr. Bender provided work for
25 grouped under President Trump's billing code. We can stop

D. Bender - Cross/Suarez Page 358

1 here.
2 This is for the period of January 1, 2016 to
3 December 31, 2016, Mr. Bender?
4 A Yes, sir.
5 Q There you can see that, at the bottom, the partner
6 total, partner total would be for you, correct, Mr. Bender?
7 A Most of it, maybe not all of it.
8 Q There's no other partner listed in this engagement,
9 correct?
10 A Some of the partners might have billed more.
11 Q No other partner's name appears there where it says
12 "Bender"?
13 A Yes.
14 Q Not some other partner?
15 A No.
16 Q So, you're the partner on this document?
17 A Yes, sir.
18 Q "Partner: 2.77 million." You see that down there,
19 "production"?
20 A Yes, sir.
21 Q Then you see "Billing: 1.9 million?"
22 A Yes, sir.
23 Q Does this refresh your recollection as to how much
24 money you billed the Donald J. Trump billing group in the year
25 2016?

D. Bender - Cross/Suarez Page 359

1 A It appears that would be 1.95 million. 1,952,850.
2 Q What percentage of your work in 2016 was reflected by
3 the Trump Organization with respect to your billable clients?
4 A I don't recall.
5 Q If you can move to the page ending in 2017. Do you
6 see this here?
7 A Yes, I do.
8 Q Do you see where it says: "Controller, Jeff McConney
9 formally worked for Spahr Lacher & Berk?"
10 A Yes, I do.
11 Q Then is this something you would have written, Mr.
12 Bender?
13 A Did I write it or a member of my team wrote it? I
14 can't tell.
15 Q You can't tell me?
16 A If I wrote it or a member of my team wrote it.
17 Q Can you turn to page 2015. Do you see who it's from?
18 A Yes.
19 Q Does this refresh your recollection as to who wrote
20 it?
21 A It may not have been me anyway. Could have been
22 members of my team could have worked on it.
23 Q So, if something says it's from you, it doesn't
24 necessarily mean it's from you?
25 A I would have to see the sign-off in the binder to

D. Bender - Cross/Suarez Page 360

1 see who prepared it.
2 MR. WALLACE: At this point, can we note an
3 objection to relevance. I'm not sure how this relates to
4 any issue that needs to be decided in this case.
5 THE COURT: Offer of proof. What is this
6 showing?
7 MR. SUAREZ: Your Honor, this is showing that
8 Mr. Bender, who signed all 12 however many Statements of
9 Financial Condition that were introduced by the Attorney
10 General on Monday may not have seen or done all the work.
11 Just because it has his signature on it, doesn't
12 mean that he's actually the person that prepared it.
13 MR. WALLACE: I believe he's already testified
14 to that. So, I'm not sure how this is impeachment. It
15 sounds like maybe he is trying to refresh his
16 recollection about the details of engagement but I still
17 fail to see the relevance.
18 THE COURT: I'll be charitable and let-- give
19 him some latitude but I see the plaintiff's point.
20 MR. SUAREZ: All right.
21 THE COURT: Let me just say, I think you said
22 just because it says it's from him, doesn't mean it's
23 from him.
24 That's not his testimony, as I understand it.
25 Just because it says it's from him, he wasn't the only

D. Bender - Cross/Suarez Page 361

1 person that worked on it. Is that correct, Mr. Bender?
2 THE WITNESS: Yes, these forms would have been
3 submitted in certain years to the Executive Committee.
4 So, people could help me prepare. A partner doesn't
5 normally do client acceptance continuance. There's staff
6 that prepares these forms.
7 THE COURT: If it says it's from you, it's still
8 from you?
9 THE WITNESS: The final responsibility is mine,
10 your Honor.
11 Q The final responsibility is yours?
12 A Yes.
13 Q Okay. So, the final responsibility is yours. We got
14 that. Okay.
15 MR. SUAREZ: Your Honor, I would ask to move in
16 D-949 in evidence.
17 THE COURT: There's no objection. So, yes.
18 It's in evidence.
19 MR. SUAREZ: 2017. Pull 2017, the Engagement
20 Continuance Form, if we have it. We'll come back to that
21 later. That's fine. Okay, let's pull up premarked
22 Defendant's 27.
23 Q Do you see here what this document is, Mr. Bender,
24 and we'll certainly give the Attorney General a copy.
25 A This copy -- can I have a paper copy, please? Yes,

Page 362

1 sir.
2 Q Do you recognize this document?
3 A It appears to be an FASB.
4 Q I think you would agree that the Statements of
5 Financial Condition were prepared in accordance with ASC 274?
6 A I would have to check with experts to see. I'm not
7 an expert on these matters, so I would have to check.
8 Somebody -- it's a matter that I'd reach out to inhouse
9 experts on.
10 Q So, whether ASC 274-- when determining whether ASC
11 274 applies to the President's Statement of Financial
12 Condition, that's a subject matter you'd have to check with an
13 expert?
14 A I'm not on top of these FASB's today in my
15 retirement mode.
16 Q Okay. If we can please move to page 10 of this
17 document. Excuse me. Page 13.

D. Bender - Cross by Mr. Suarez

1 Q Do you see at the top where it says estimated current
2 value, Mr. Bender. Is that a concept you are familiar with?
3 A Somewhat. Again, I'm not an expert on --
4 Q You are not an expert on estimated current value?
5 A Not today; no.
6 Q Were you ever an expert on estimated current value?
7 A I wouldn't say I was ever an expert on it, no.
8 Q Now, this section on estimated current value, this
9 lays out the implementation guidelines; correct?
10 A It appears so.
11 Q Can you read what 55-3 says?
12 A "In determining estimated current value of some
13 assets," parenthesis -- thank you, "for example, works of art,
14 jewelry, restricted security investments, and closely held
15 company -- closely held businesses and real estate," close
16 parenthesis, "the person may need to consult a specialist."
17 Q Okay. So in determining estimated current values, the
18 implementation guidance considers that you may need to consult a
19 specialist; correct?
20 A It's saying that you may need to consult a specialist,
21 but this was a compilation that did not require me to -- I was
22 not engaged to do that type of work.
23 Q And in connection with preparing a compilation report
24 for a Statement of Financial Condition, did you need to have an
25 understanding as to what estimated current value was?

Page 364

D. Bender - Cross by Mr. Suarez

1 A I had an understanding of what it was.
2 Q Did you have an understanding as to how estimated
3 current value applied to real estate?
4 A I had somewhat of an understanding, yes.
5 Q Did you consult with specialists to inform your
6 understanding as to how estimated current value applies to real
7 estate?
8 A I may have discussed matters over the years with Andy
9 Cohen. I don't recall.
10 Q Well yesterday, Mr. Bender, you said that you had
11 discussed, with Andy Cohen, I believe it was the NikeTown lease.
12 A You are right. Among other things.
13 Q Okay. But at your deposition, when we asked you about
14 whether you had ever consulted with a specialist on estimated
15 current values, you said you did not recall.
16 A I don't -- I didn't recall at that time, and I didn't
17 say -- I said I may have consulted with Andy Cohen, over the
18 years.
19 Q Okay.
20 MR. SUAREZ: Your Honor, may I play a clip from
21 his deposition?
22 THE COURT: Sure.
23 Q Do you recall your deposition on April 7, 2023?
24 A Yes, I do.
25 MR. SUAREZ: Can you please play the Andy Cohen?

Page 365

D. Bender - Cross by Mr. Suarez

1 (Whereupon, a video was played.)
2 MR. WALLACE: I'm just going to object. That
3 doesn't impeach. It's a different question than he was
4 just asking.
5 THE COURT: The rule is, you can only refresh
6 your recollection if the person doesn't recall. I think I
7 said it the opposite, last time. So again, there's no
8 jury. Tell me what the point is.
9 MR. SUAREZ: Your Honor, he didn't recall at his
10 deposition whether he had discussed estimated current
11 values with Andy. Yesterday he agreed that he had
12 consulted Andy Cohen for estimated current values. Today,
13 he is not a specialist in determining what estimated
14 current value is, despite the fact that ASC 274 requires
15 him to consult with a specialist if he doesn't know it, and
16 today he doesn't recall if he consulted with a specialist
17 or not.
18 MR. WALLACE: The testimony that he showed was a
19 question about whether he consulted with an expert on the
20 difference between estimated current value and fair value.
21 It was not on current estimated value, standing alone,
22 which is the question he has been asking Mr. Bender this
23 morning, so it's not impeachment. If he want to probe that
24 area, we have no objection.
25 THE COURT: This is starting to sound like, how

D. Bender - Cross by Mr. Suarez Page 366

1 many angels can dance on the head of a pin.
2 Objection overruled. Let's just keep moving.
3 Q Is there a difference between estimated current value
4 and fair value?
5 A There is a difference. Yes.
6 Q And are you familiar with the differences?
7 A Estimated current value delineates -- there's five
8 standards, five or six methodologies, that are suggested here --
9 MS. HABBA: I'm sorry. I have to say, I can't
10 understand anything Mr. Bender says.
11 A There are five or six methodologies that are
12 delineated here that can be used to estimate a current value.
13 Q And are you an expert in those different areas?
14 A No, I'm not.
15 Q All right. Do you understand how estimated current
16 value is different than fair value?
17 A I understand it, to a certain extent.
18 Q Okay. What is your understanding, to a certain
19 extent, of what the difference is?
20 A Estimated current value would use these five, A
21 through E, items. Their value, fair market value, would be what
22 a willing buyer or seller would use. That would be fair market
23 value, and that's the main difference I can think of, right now.
24 Q So in your mind, there's a difference?
25 A Excuse me?

D. Bender - Cross by Mr. Suarez Page 367

1 Q In your mind, there is a difference?
2 A Between fair market value and estimated current value?
3 Yes.
4 Q And is estimated current value more flexible than fair
5 value?
6 A I would say so.
7 Q And is it correct that there's no one generally
8 accepted way to determine the estimated current value of an
9 asset?
10 A I believe so.
11 Q And would you have consulted a specialist in
12 determining whether it was appropriate to use any particular
13 basis for establishing estimated current value of an asset?
14 A The 57th Street example I gave yesterday would be an
15 example that I can think of today, that we consulted.
16 Q Any others?
17 A I'm just going through a balance sheet in my head.
18 Q That's President Trump's balance sheet?
19 A Statement of Financial Condition.
20 Not that I can think of, off the top of my head.
21 Q You have the statement, President Trump's Statement of
22 Financial Condition in your head?
23 A No, but I saw parts of it yesterday. I know what
24 assets he owned, generally.
25 Q All right. Let's turn to 55-6, on page 14.

D. Bender - Cross by Mr. Suarez Page 368

1 Do you see where, 55-6b, it says, "Information that
2 may be used in terminating -- in determining estimated current
3 values of investments in real estate, including lease holds
4 includes any of the following," and b says that, "Discounted
5 amounts of projected cash receipts and payments relating to the
6 property, or the net realizable value of the property, based on
7 planned courses of action, including lease holds whose current
8 rental value exceeds the rent in the lease."
9 Do you see that?
10 A Yes, sir.
11 Q Do you know what realizable value of the property,
12 based on planned courses of actions, means?
13 A I would need to consult an expert, before I gave
14 testimony.
15 Q In connection with preparing President Trump's
16 Statement of Financial Condition, did you ever consult an expert
17 to understand what that meant?
18 A I don't recall, at this moment.
19 Q Okay. Moving on.
20 MR. SUAREZ: If we could pull up page 293 from
21 yesterday's testimony.
22 Q Do you see when I asked you yesterday, Mr. Bender:
23 "They --" referring to the Trump
24 Organization "-- would give you an opportunity to review
25 loan agreements before they entered into them?"

D. Bender - Cross by Mr. Suarez Page 369

1 And you responded:
2 "Many years ago they might have, certain
3 paragraphs."
4 A Yes, sir.
5 Q And I said:
6 "Certain paragraphs?"
7 And you said:
8 "Yes."
9 And you responded -- and I continued to ask you:
10 "They wouldn't send you loan agreements and ask
11 you, Hey, Mr. Bender, can you review these for us and let
12 us know if this is something you can enter into?"
13 A Yes.
14 Q And you responded:
15 "I don't think they sent full agreements. I do
16 remember seeing certain paragraphs, from time to time."
17 A Yes.
18 Q All right. I would like to show you a document to see
19 if it refreshes your recollection as to whether documents were
20 sent to you by the Trump Organization while they were still
21 being negotiated for your review, and we have marked, or we
22 have -- and we'll offer, for impeachment, a document bearing
23 Bates label Mazars DANYGJS704 -- excuse me -- 01432223.
24 A Are we finished with this document?
25 Q You can set it aside.

D. Bender - Cross by Mr. Suarez Page 370

1 MR. WALLACE: I'm sorry. That was a production
2 number you were reading? You said Bates. I thought you
3 said documents --
4 MR. SUAREZ: No. Just a Bates label. Mazars
5 DANYGJS.
6 (Whereupon, a document was handed to the
7 witness.)
8 Q Do you recognize this document?
9 A Not particularly.
10 Q Do you see where it says, "From Allen Weisselberg to
11 Donald Bender," at the top?
12 A Yes.
13 Q Would Mr. Weisselberg send you emails?
14 A Excuse me?
15 Q Would Mr. Weisselberg send you emails?
16 A Yes, sir.
17 Q And they would have documents attached to them?
18 A Yes. From time to time.
19 Q Do you see here, "Forward OPO loan agreement?"
20 A Yes, sir.
21 Q Do you see where it says, "JDG notes on BL final Doral
22 loan agreement to OPO loan agreement?"
23 A Excuse me. Say that again, please?
24 Q Do you see where the attachments up top --
25 A Yes.

D. Bender - Cross by Mr. Suarez Page 371

1 Q -- say, "GDG notes -- JDG notes on BL final Doral loan
2 agreement to OPO loan agreement?"
3 A Yes.
4 Q Does this document refresh your recollection on being
5 shown loan agreements prior to their being entered into?
6 And you can review the attachment to the document. We
7 can pull it up on the screen and scroll through.
8 A I remember from time to time, looking at certain pages
9 or paragraphs. I remember Jason Greenblatt, chief counsel for
10 Trump, would drive me nuts. He would send me only two or three
11 pages of a loan agreement. I never reviewed any full loan
12 agreements, prior to them being signed, to the best of my
13 recollection.
14 Q Okay. But after they were signed, did you have an
15 opportunity to review the loan agreement?
16 A We would look at the loan agreement, if it would be
17 required information for a footnote disclosure on a financial
18 statement.
19 Q And what would you do with the loan agreement, when
20 you had to review a footnote disclosure on a financial
21 statement?
22 A Certain sections of the -- of the loan agreement would
23 be looked at to discuss things like terms of a loan, payment,
24 interest rates, information that we would need to write a
25 footnote.

D. Bender - Cross by Mr. Suarez Page 372

1 Q Okay. So you would look at the whole loan agreement,
2 and it wasn't in your possession?
3 A Excuse me?
4 Q You would see the whole loan agreement, and it would
5 be sent to you?
6 A I would have the whole loan agreement. I wouldn't
7 review the whole loan agreement.
8 Q Okay. So, just because something was sent to you
9 doesn't mean you reviewed it?
10 A That is correct.
11 Q Okay. Yesterday, I asked you, the Trump
12 Organization -- if you were the in-house accountant at the Trump
13 Organization.
14 A Yes, sir.
15 Q And I think we discussed whether you were the only
16 certified public accountant.
17 A I'm not --
18 MR. WALLACE: Objection.
19 Q Whether you were the only certified public accountant
20 that interacted with the folks that prepared the Statements of
21 Financial Condition.
22 THE COURT: Overruled.
23 A I believe you did ask me that, yesterday.
24 Q And we established that, in fact, I believe you were?
25 A No. In hindsight, I do realize that they may have had

D. Bender - Cross by Mr. Suarez Page 373

1 some CPAs in the Trump Organization who worked on portions of
2 the financial statement, from year to year.
3 Q Do you recall who they were?
4 A I know some schedules were prepared by Mark Hawthorne
5 from the Hotel Group, so they did have a CPA in house. At
6 least, he did it, I think. He's all I remember ever discussing
7 a schedule with.
8 MR. SUAREZ: Let's pull up a document bearing
9 Mazars DANYGJS01487514.
10 (Whereupon, a document was displayed, and handed
11 to the witness.)
12 Q And first, Mr. Bender, do you recognize this document?
13 A No, I do not.
14 Q From Mazars, DANYGJS01487514?
15 A Yes.
16 Q Is this a document that was sent to you?
17 A Yes.
18 MR. SUAREZ: Can you turn to the last page of
19 this document?
20 Q Do you see where it says intraoffice memorandum?
21 A Yes.
22 Q Within the office?
23 A Yes.
24 Q And who is the first person there, that's listed?
25 A I guess the Trump Organization doesn't know I'm not on

D. Bender - Cross by Mr. Suarez Page 374

1 their payroll.
2 Q Okay. And it says, To Donald Bender?
3 A I wasn't on the Trump Organization payroll.
4 Q Well, \$2.1 million in fees, and you were listed, to
5 Donald Bender?
6 A I guess they have an internal problem they need to
7 address.
8 Q Did you ever correct them and say, I'm not inside?
9 A I didn't. I probably would not have read it.
10 Q You would not have read it?
11 A No.
12 Q All right. So, this is something you would not have
13 read, a copy of the term loan agreement by and between Trump
14 Endeavor 12, LLC borrower, and Deutsche Bank Trust Company
15 Americas, lender.
16 A I may not have been required to read it, no.
17 Q Okay. So, if it would have been sent to you, we
18 shouldn't assume that you were required to read it?
19 A I may not -- I would have no need to read it for
20 the -- we were not engaged to do any work that would have
21 required me to read the whole document.
22 Q You were engaged to prepare audits for Trump Endeavor
23 12?
24 A No, sir.
25 Q You were engaged you were engaged to prepare

D. Bender - Cross by Mr. Suarez Page 375

1 compilations for Trump Endeavor 12?
2 A Compilation, I believe, without footnotes.
3 Q And you wouldn't have reviewed the loan agreement in
4 connection with the Trump Endeavor 12 loan from Deutsche Bank?
5 A I can't say if I did or I didn't.
6 Q Okay. Moving on.
7 MR. SUAREZ: If we could please put up PX729,
8 which was marked yesterday. Or, on Monday. Or, perhaps
9 yesterday.
10 Q Do you recognize this document, WeiserMazars?
11 A Yes, sir.
12 Q And it's got both the Mazars and the WeiserMazars
13 logo, and if you could turn over to the next page -- and this is
14 the independent accountant's compilation report; is that
15 correct?
16 A Yes, sir.
17 MR. SUAREZ: Turn over to the next page.
18 Q WeiserMazars, LLP. Is that either your signature or
19 your digital signature?
20 A Yes, sir.
21 Q Okay.
22 MR. SUAREZ: And if you could, turn over to the
23 next page.
24 Q I would like to walk you through the Jeff Supporting
25 Data that relates to this Statement of Financial Condition.

D. Bender - Cross by Mr. Suarez Page 376

1 MR. SUAREZ: And we'll pull that up. I think
2 that was introduced as PX731.
3 (Whereupon, a document was displayed, and handed
4 to the witness.)
5 Q And Mr. Bender, in connection with the Statement of
6 Financial Condition, is this something that you saw?
7 A The schedule?
8 Q Did you see it?
9 A Yes, I did.
10 Q Did you review it?
11 A I did not review it.
12 Q Did not review it?
13 A Review is -- the job was a compilation.
14 Q Okay. Did you read it?
15 A I read -- may not have read every line, but I did look
16 at it.
17 Q You did look at it.
18 MR. SUAREZ: And if we could, scroll down and
19 start with Trump Tower.
20 Q Do you see there where it lists the basis of valuation
21 for Trump Tower?
22 A Yes, sir.
23 Q When you prepared the compilation report --
24 A When I compiled the compilation report --
25 Q You compiled, produced the compilation report -- when

D. Bender - Cross by Mr. Suarez Page 377

1 you produced the compilation report, did you see this?
2 A Yes, I did.
3 Q And what did you do with it?
4 A I -- me or a member of my team appears to have cross
5 referenced it to worksheet 4800.01 and 4800.01a. It appears
6 they also did some math checks.
7 Q Okay. So you did see it?
8 A Me or a member of my team. I would have to check the
9 sign-offs.
10 Q Sitting here today, do you recall if you saw it?
11 A Did I see the schedule? I'm sure I saw the schedule.
12 Q Did you see the basis for valuing Trump Tower when you
13 prepared the compilation report?
14 A I believe so.
15 Q Okay.
16 MR. SUAREZ: Scrolling down to the next asset.
17 Stop.
18 Q Do you see there, NikeTown, when you prepared the
19 compilation report for NikeTown, did you see the basis for the
20 asset value ascribed to NikeTown?
21 A I can't say if I saw every one, without looking at the
22 sign-offs, but it -- I need to confirm the sign-offs, but I
23 believe I would have seen it.
24 Q You believe you would have seen --
25 A I believe I would have seen it. I can't say I looked

D. Bender - Cross by Mr. Suarez Page 378

1 at every line in this worksheet, no.
2 Q Okay. So you didn't look at every line of the
3 spreadsheet, and you are not sure if you saw it.
4 A I would need to see the sign-offs in the binder to
5 confirm who worked on it.
6 Q But you took responsibility for everything that was in
7 the compilation report; correct?
8 A Yes, sir.
9 Q All right. So either you or a member of your team
10 would have seen this?
11 A Yes.
12 Q But you don't recall if you saw it?
13 A I don't recall if I saw it, in 2015, line-by-line.
14 No.
15 Q Okay. Line-by-line. Let's go to the next asset. Do
16 you see where it lists the basis of valuation for 40 Wall Street
17 in this document?
18 A Let me just adjust my chair, so everybody is happy.
19 Yes, I do.
20 Q Did you see it at the time that you prepared the
21 compilation report, in 2015?
22 A I can't say if I looked at every line of it, but I'm
23 sure I saw a portion of it.
24 Q Okay. What portion of it might you have seen?
25 A I don't recall, today.

D. Bender - Cross by Mr. Suarez Page 379

1 Q Okay. Would you have seen where the asset value was
2 calculated, based on an NOI?
3 A Yes, sir.
4 Q Would you have seen where a cap rate was applied?
5 A I presume so, but I would have to check the sign-offs
6 on my work papers to confirm who worked on the work.
7 Q So you are not sure if you saw it or not?
8 A I would have to double check, but I believe I would
9 have probably seen it.
10 Q You probably did see it. Okay.
11 Let's go to the next asset, Trump Park Avenue. Did
12 you see that?
13 A Again, I would have to confirm who worked on it, and I
14 would have to check the sign-offs in the binder.
15 Q So, you are not sure if you saw it in 2015?
16 A I can't be sure what lines I looked at on the
17 worksheet, or what lines I did not look at on the worksheet.
18 Q How about the club facilities, there. I think the
19 first one is the Mar-A-Lago club. Do you see that.
20 A I can't tell you which exact lines I looked at on this
21 worksheet, and which lines I looked at as part of my compilation
22 procedures.
23 Q So you might have looked at some, and not others?
24 A I may not have looked at every line in the worksheet.
25 Q You may not have looked at every line on the

D. Bender - Cross by Mr. Suarez Page 380

1 worksheet. Okay.
2 Can you tell me how you would --
3 MR. SUAREZ: Withdrawn.
4 Q So, you may not have looked at every line on this
5 worksheet for club facilities?
6 A No, sir.
7 Q All right. Let's keep going.
8 Would you have looked at every line on the worksheet
9 for the Trump International Golf Club, Florida?
10 A I'm not sure which lines I would have looked at and
11 didn't look at.
12 Q Okay. So you might have looked at some, and not
13 others?
14 A Yes, sir.
15 Q And the Trump National Golf Club in Briarcliff, do you
16 recall which lines you saw and which you didn't?
17 A No, I do not recall, today, which lines I looked at
18 and which lines I didn't.
19 Q So you may have looked at some, and not others?
20 A That is possible.
21 Q All right. And the Trump National Golf Club in
22 Bedminster, the next line, right there. Do you recall which of
23 those you looked at, and which you didn't?
24 A No, sir. I do not.
25 Q So, it's possible you may have looked at some and not

D. Bender - Cross by Mr. Suarez Page 381

1 others?
2 A Yes, sir.
3 Q All right. The Trump National Golf Club, Colts Neck,
4 do you recall which of those lines you looked and which you
5 didn't?
6 A No, sir. I do not.
7 Q May have seen some, and not others?
8 A That's correct.
9 Q The Trump National Golf Club, Washington D.C. Do you
10 see that?
11 A Yes, sir.
12 Q Do you recall which lines you looked at when you were
13 compiling the Statement of Financial Condition in 2015?
14 A No, I do not.
15 Q Okay. The Trump National Golf Club, Philadelphia.
16 Which of those would you have reviewed? Which lines of those
17 would you have reviewed, in connection with preparing the
18 compilation?
19 A I couldn't tell you which lines I looked at and which
20 lines I didn't look at, today.
21 Q So you would have looked at some and not others?
22 A I'm not sure what I looked at, today, and what I
23 didn't look at.
24 THE COURT: Can we just agree that the questions
25 will be the same, and the answers will be the same, for

D. Bender - Cross by Mr. Suarez Page 382

1 each one of these? We have gone through, I don't know,
2 eight, ten. It's always the same.
3 I would ask Mr. Bender, you are more familiar
4 with this document than I am: Will your answers be the
5 same, if the questions are the same, as to each particular
6 property?
7 THE WITNESS: I believe so, your Honor.
8 THE COURT: All right. Then, let's move on.
9 MR. ROBERT: Your Honor, if I could just have
10 30 seconds to talk to my colleague, your Honor?
11 THE COURT: Sure.
12 (Whereupon, the witness spoke to the Court, off
13 the record.)
14 THE COURT: You can get off the stand, but you
15 can't talk about the case.
16 (Whereupon, there was a pause in the
17 proceedings.)
18 Q Let's keep going through, here.
19 THE COURT: Not the same way.
20 MR. SUAREZ: Your Honor, may I get through the
21 spreadsheet, and I won't do it for every year. Just, I
22 would like to get through one spreadsheet, as an example.
23 THE COURT: Fine.
24 MR. SUAREZ: Thank you.
25 Q The Trump National Golf Club, Hudson Valley. Did you

D. Bender - Cross by Mr. Suarez Page 383

1 review every line here?
2 A I couldn't tell you, today, if I looked at every line
3 or I didn't look at every line.
4 Q For the assets that were on the Statement of Financial
5 Condition, did you draw an understanding as to how they were
6 valued?
7 A Generally. So, I may not have known every asset, but
8 I would have known a significant portion of them.
9 Q Okay. And that was possible, without reviewing every
10 line?
11 A Yeah, because it was a lot of -- it was -- let me take
12 it back. The footnotes of the financial statement disclosed
13 certain methodologies that are included, so to that extent, I
14 would have known. I may not have recalled if I looked at every
15 one or not, today.
16 Q And would you have looked at every one at the time?
17 A I can't recall, today, what I did in 2015. Or 2016.
18 Whenever the report was issued.
19 Q But you may have seen some, but not others?
20 A I don't recall today, but I would have definitely seen
21 some, yes.
22 Q And there are some that you wouldn't have?
23 A I didn't say that. I don't recall, today, what I look
24 at in 2015, or '16.
25 Q You don't recall. All right. So, for all of these

D. Bender - Cross by Mr. Suarez Page 384

1 different assets that are -- you would agree that the basis for
2 valuation was disclosed to you?
3 A I would have to look at -- I would say their
4 methodology was disclosed. To the best of my recollection, that
5 would be true.
6 Q The methodology was disclosed. Okay.
7 MR. SUAREZ: If we can keep scrolling down.
8 Q The methodology with respect to these assets would
9 have been disclosed to you in the Jeff Supporting Data, from
10 year to year; correct?
11 A To the best of my recollection that -- I believe that
12 is true.
13 Q Okay.
14 MR. SUAREZ: Keep scrolling. Keep scrolling.
15 Stop.
16 Q Trump National Golf Club, Charlotte. Would you have
17 seen this information?
18 A I don't recall, today, if I looked at every line in
19 the worksheet.
20 Q All right. So it's not your testimony that you looked
21 at every line on this worksheet?
22 A It is not my testimony that I looked at every line in
23 this worksheet.
24 (Continued on the next page.)
25

D. Bender - Cross/Suarez Page 385

1 Q Excellent.
2 A My testimony is that I don't recall.
3 Q You don't recall if you looked at it?
4 A I don't.
5 Q You may have looked at it and relied --
6 A I don't remember at this moment. I don't think I
7 looked at every line on this spreadsheet.
8 Q You don't think you looked at every line?
9 A No.
10 Q Would that be true of the Jeff Supporting Data for
11 each of the different years, you wouldn't have looked at every
12 line on the spreadsheet?
13 A I can't recall today if it would be true every year.
14 Q Was it your practice to look at every line on the
15 spreadsheet?
16 A I don't recall if I looked at every line every year.
17 Q You may have looked at some lines and may not have
18 looked at others?
19 A I don't recall today.
20 Q Did you ever express any disagreement-- did you ever
21 bring up any disagreement on the basis of valuation of any
22 asset?
23 A Yes.
24 Q Which assets?
25 A We discussed the Nike building yesterday. I don't

D. Bender - Cross/Suarez Page 386

1 know of any others right now. That is the one that sticks
2 out in my mind.
3 Q You would agree with me that the basis of valuation
4 of the triplex was set forth in the Jeff Supporting Data?
5 A Yes, sir.
6 Q The basis valuation for 40 Wall Street was set forth
7 in the Jeff Supporting Data?
8 A The method valuation, yes, sir.
9 Q The basis for the valuation of Trump Tower would have
10 been set forth in the Jeff Supporting Data?
11 A Trump Tower Commercial, yes, sir.
12 Q Basis for valuing Niketown would have been set forth
13 in the Jeff Supporting Data?
14 A Their methodology for valuating was included in the
15 Jeff Supporting Data.
16 Q The basis of valuing Trump Park Avenue would have
17 been set forth in the Jeff Supporting Data?
18 A Their methodology for doing it would have been set
19 forth in the Jeff Supporting Data.
20 Q Their methodology for valuing their interest in-- the
21 Trump Organization's interest in 1290 Avenue of the Americas
22 would have been set forth in the Jeff Supporting Data?
23 A Mr. Trump's interests in 1290 --
24 Q Yes?
25 A --Avenue of the America would have been -- their

D. Bender - Cross/Suarez Page 387

1 methodology would have been set forth.
2 Q The method for valuing 555 California, President
3 Trump's interest in that entity, that would have been set
4 forth in the Jeff Supporting Data?
5 A Yes, I believe it would have.
6 Q The method for valuing Seven Springs would have been
7 set forth in the Jeff Supporting Data?
8 A I believe it would be yes, sir.
9 Q The method for valuing Mar-a-Lago would have been set
10 forth in the Jeff Supporting Data?
11 A I believe that would be true.
12 Q So, every year, you were presented with the basis for
13 valuation of each of these assets in the Jeff Supporting Data?
14 A I believe, off the top of my head, that would be
15 true, sir.
16 Q Yesterday, I think you said you had tremendous
17 respect for Jeff, for Mr. McConney; is that correct?
18 A He's one of the better accountants I ever worked
19 with.
20 Q He passed along this information to you every year?
21 A Him and Patrick Birney.
22 Q The Jeff Supporting Data was what you reviewed when
23 preparing your compilation report?
24 A Mazars would have looked at it. I don't know the
25 word "reviewed".

D. Bender - Cross/Suarez Page 388

1 Q Mazars would have looked at it but not necessarily
2 you?
3 A I may not have looked at every line of Mazars and --
4 say the question again.
5 Q Mazars -- someone from Mazars would have looked at
6 all the Jeff Supporting Data but not necessarily you?
7 A I can't say somebody from Mazars looked at every
8 line of the worksheet.
9 Q You can't tell me whether someone from Mazars looked
10 at every line on the worksheet?
11 A I can't read somebody else's mind today.
12 Q You testified earlier you would responsible for all
13 the work product that went into it?
14 A Absolutely.
15 Q You agree you were responsible to make sure somebody
16 at Mazars looked at every line on that spreadsheet?
17 A I don't think a person at Mazars would need to look
18 at every line on that worksheet. I agree I was responsible
19 for the compilation, if it's the right word. I was the
20 partner in charge of the compilation procedure.
21 Q You were the partner in charge of the compilation
22 procedure. The buck stopped with you?
23 A Absolutely.
24 THE COURT: Ten-minute warning.
25 Q If the buck stopped with you, Mr. Bender, would you

D. Bender - Cross/Suarez Page 389

1 have not been required to sign off on the basis for valuing
2 each of the assets and making sure it was consistent with
3 estimated current values?
4 A It we were not engaged, the compilation did not
5 require us to do the work. The financial statement is the
6 Trump Organization. They were the experts in real estate.
7 They were the experts in golf courses and it was them.
8 If something, as part of a high-level review,
9 if I noticed something, like 57th Street, I'd bring it to--
10 yeah, 57th Street.
11 If I brought something like 57th Street came to
12 my attention, I'd do it, but, it was not our responsibility
13 to. We were not engaged to discuss -- we were engaged to do
14 method appraisals-- not appraisals. That was not part of our
15 engagement.
16 Q Appraisals weren't part of your engagement?
17 A We were engaged to-- to the best of my recollection,
18 we were never engaged to do an appraisal for the Trump
19 Organization.
20 Q Now, Mr. Bender, you told me that you were required
21 to follow AICPA guidelines, correct?
22 A To the best of my ability.
23 Q And when you weren't, you'd consult a specialist?
24 A I would try to, if I something came to my attention.
25 Q Are you aware that the AICPA guidelines for the

D. Bender - Cross/Suarez Page 390

1 compilation of personal financial statements require you, in
2 connection with the compilation, to under ordinary-- excuse
3 me. To "ordinarily, an accountant can compile personal
4 financial statements based on the individual's representation
5 of estimated current value of assets and the estimated current
6 amount of liabilities."
7 You'd agree with that statement?
8 A Can you read it, again, please?
9 MR. WALLACE: Objection. If he's introducing
10 language from a document, we'd like that to be on the
11 record.
12 MR. SUAREZ: Sure. I'm happy to move into
13 evidence what I believe was premarked and somebody will
14 give me the number.
15 Q AICPA personal financial statements. Chapter Two.
16 2.03, compilation of financial statements.
17 Have you ever seen the AICPA guide for
18 preparation of financial statements?
19 A Yes, sir.
20 Q All right. So, turn to page -- to chapter two, which
21 governs a compilation of personal financial statements at
22 Section 2.03. We've premarked this as exhibit D-950. It
23 said: "Ordinarily, an accountant can compile personal
24 financial statements based on the individual's representation
25 of estimated current values of assets and the estimated

D. Bender - Cross/Suarez Page 391

1 current amounts of liabilities. At a minimum, however, the
2 accountant should obtain an understanding of the methods by
3 which the individual determined the estimated current values
4 of significant assets and the estimated current amounts of
5 significant liabilities and consider whether the methods were
6 appropriate, in light of the nature of each asset or
7 liability."
8 MR. WALLACE: Your Honor, we'd like to note an
9 objection to the use of this document at this time. It's
10 dated May 1, 2008. I believe that this guidance has
11 been -- was superseded in 2009. So, it wouldn't have
12 been relevant in 2011, but, if he wants to ask the
13 question, we want to note --
14 THE COURT: Your objection is noted. I don't
15 know how much it changed or didn't change from that year,
16 but, I'll take that into consideration.
17 Q Do you see that?
18 A Yes.
19 Q Is that something you undertook with respect to the
20 assets?
21 A I don't recall. As counsel said, if this happened
22 at the time and I don't recall -- we definitely looked at --
23 I don't recall today what we did.
24 Q You don't recall--
25 A No.

D. Bender - Cross/Suarez Page 392

1 Q -- your involvement with that, okay.
2 You see in Section 2.07: "Reporting or compiling personal
3 financial statements. If the accountant --
4 A Let me find it.
5 Q --believes --
6 THE COURT: It's on the screen.
7 THE WITNESS: Thank you.
8 Q --"that the methods used to determine the estimated
9 current value of assets and the estimated current amounts of
10 liabilities are not in accordance with statement of position
11 82-1 accounting and financial reporting for personal financial
12 statements, AICPA technical practice aids, or if he or she
13 believes that the methods are not appropriate, in light of the
14 nature of each asset and liability, he or she should consider
15 whether modification of a standard report is adequate to
16 disclosure the departure."
17 THE COURT: "To disclose."
18 Q "To disclose the departure."
19 "If the accountant determines that modification
20 of the standard report is not adequate to indicate the
21 deficiencies in the financial statements taken as a whole, the
22 accountant should withdraw from the engagement and provide no
23 other services with respect to those financial statements."
24 Do you see that?
25 A Yes, I do.

D. Bender - Cross/Suarez Page 393

1 Q Did you ever, prior to 2020, withdraw from the
2 engagement with the Trump Organization?
3 A No, I did not.
4 Q Did you ever, prior to 2020, give any indication to
5 the Trump Organization that you disagreed with the methods
6 used to determine estimated current values?
7 A I don't believe it was required of me to do that per
8 compilation procedure.
9 Q Did you ever, prior to 2020, advise the Trump
10 Organization that you disagreed with any of the methods used
11 to determine the estimated current value of the assets?
12 A 57th Street would be one example where I did
13 disagree.
14 Q That is the only one?
15 A The only one I'm thinking of now.
16 Q When you brought up your disagreement with 57th
17 Street, what did the Trump Organization --
18 A We had Mazars saying-- Trump Organization spoke
19 about it.
20 Q They revised it to your satisfaction?
21 A They revised it to our satisfaction, Mazars.
22 MR. SUAREZ: Okay. I think I'm at a good point
23 to take a break.
24 THE COURT: Like yesterday, we'll take a
25 ten-minute break. Take 15 minutes, but, unlike

D. Bender - Cross/Suarez Page 394

1 yesterday, unless there's some personal emergency, I'll
2 be very strict. We're starting again in 15 minutes,
3 whether you're here or not.
4 (Recess taken.)
5 (Whereupon, the witness enters the courtroom.)
6 THE COURT: Okay, counsel. Please, proceed.
7 Q Mr. Bender, please take a look at Section 2.05.
8 "Personal financial statement, compilation of personal
9 financial statements from the AICPA."
10 Do you see this?
11 A May I have the original document, please?
12 Q Premarked D-950. It says -- I'd invite you to read
13 along with me, Mr. Bender.
14 A One second. Thank you.
15 Q "Before submission, the accountant should read the
16 compiled personal financial statements and consider whether
17 such financial statements appear to be appropriate in form and
18 free from obvious material errors. In this context, the term
19 error refers to mistakes in the compilation of financial
20 statements, including arithmetical or clerical mistakes and
21 mistakes in the application of accounting principles,
22 including disclosure. Misstatements that may occur in
23 personal financial statements prepared in conformity with
24 Generally Accepted Accounting Principles include:
25 Number one: "The failure to record estimated

D. Bender - Cross/Suarez Page 395

1 income taxes on the differences between the estimated current
2 value of assets and the estimated current amounts of
3 liabilities and their tax basis."
4 Two: "Failure to disclose the methods used to
5 determine estimated current values and amounts."
6 Three: "Failure to record accounts on the
7 accrual basis" and, number four: "Presentation of an asset or
8 liability at an obviously inappropriate value or amount."
9 Do you see that?
10 A Yes, sir.
11 Q In connection with the 2015 Statement of Financial
12 Condition when you were preparing your Independent
13 Accountant's Compilation Report, did you note that the
14 presentation of any asset or liability was presented at an
15 obviously inappropriate value or amount?
16 A No. As part of my compilation procedure, nothing
17 came to my attention at the time.
18 Q Okay. So, at the time, nothing came to your
19 attention as the presentation of an asset or liability at an
20 obviously inappropriate value or amount?
21 A Correct.
22 Q In connection with the 2014 compilation report, did
23 anything come to your attention as the presentation of an
24 asset or liability at an obviously inappropriate value or
25 amount?

D. Bender - Cross/Suarez Page 396

1 A Nothing came to my attention at that time.
2 Q Certainly, you didn't disclose to the Trump
3 Organization or President Trump that any assets presented at
4 an obviously inappropriate value or not?
5 A No, sir.
6 Q In connection with the 2013 compilation report for
7 Statement of Financial Condition, did you identify any asset
8 that was presented at an obviously inappropriate value or
9 amount?
10 A At the time, the compilation report was issued, I
11 did not -- I did not inform the Trump Organization of the
12 presentation of assets or liability in misappropriate value.
13 Q Did you determine whether there was a determination
14 of an asset or liability at an obviously inappropriate value?
15 A At the time we issued the financial statement,
16 nothing came to my attention.
17 Q In 2013 when preparing your independent accounting
18 compilation report, did anything come to your attention about
19 a presentation of an asset or liability at an obviously
20 inappropriate value or amount?
21 A I think you already asked, 2013, but, I repeat, no.
22 Q How about 2012? In connection with your preparation
23 of an Independent Accountant's Compilation Report, did any
24 asset strike you as being presented at an obviously
25 inappropriate value or amount?

D. Bender - Cross/Suarez Page 397

1 A No, sir.
2 Q Did any liability strike you as being presented at an
3 obviously inappropriate value or amount?
4 A Not that I can recall at this time. No, sir.
5 Q In 2011, which you testified to on Monday, you were
6 preparing your Independent Compilation Report, did any asset
7 or liability strike you as being presented at an obviously
8 inappropriate value or amount?
9 A No, sir.
10 Q How about 2016? In 2016 did any asset strike you as
11 being presented at an obviously inappropriate value or amount?
12 A No, sir.
13 Q In 2017, when you prepared your Independent
14 Accountant Compilation Report, did any asset strike you as
15 being presented at an obviously inappropriate value or amount?
16 A No, sir.
17 Q In 2018, when you were preparing your Independent
18 Accounting Compilation Report, did any asset or liability
19 strike you as being presented at an obviously inappropriate
20 value or amount?
21 A No, sir.
22 Q In 2019, in connection with the preparation of your
23 Independent Accounting Compilation Report, did any asset in
24 the President's Statements of Financial Condition strike you
25 as being presented at an obviously inappropriate value or

D. Bender - Cross/Suarez Page 398

1 amount?
2 A No, sir.
3 Q Did any liability strike you as being presented at an
4 obviously inappropriate value or amount?
5 A Not that I recall at this moment.
6 Q In 2019, in connection with preparing your
7 Independent Accountant's Compilation Report, did any asset
8 strike you as being presented at an obviously inappropriate
9 value or amount?
10 A I'm sorry. Which year did you say?
11 Q 2019.
12 A No, sir.
13 Q How about liabilities? Any liabilities strike you as
14 being presented at an obviously inappropriate value or amount?
15 A Not that I recall at this moment. No, sir.
16 Q Okay. In 2020, when you prepared the Compilation
17 Report, the Independent Accountant's Compilation Report, did
18 any asset or liability strike you as being prepared at an
19 obviously inappropriate value or amount?
20 A No, sir, not that I recall.
21 Q All right. How about the failure to disclose the
22 methods used to determine estimated current values or amounts?
23 In 2020, in connection with the preparation of
24 your Independent Accountant's Compilation Report, did you note
25 any failure to disclose the methods used to determine

D. Bender - Cross/Suarez Page 399

1 estimated current values and amounts?
2 A Did I note or notice?
3 Q Note.
4 A Note. What do you mean by note?
5 Q Did you notice?
6 A Okay. No.
7 Q You noticed. You did not notice a failure to
8 disclose the methods used to determine estimated current
9 values and amounts in connection with President Trump's
10 Statement of Financial Condition of 2020?
11 A No, sir. I don't recall.
12 Q Did you notice any failure to disclose the method
13 used to determine estimated current values and amounts in
14 connection with your Independent Accountant's Compilation
15 Report for President Trump's Statement of Financial Condition
16 in 2019?
17 A I do not recall. No, sir.
18 Q Did you notice a failure to disclose the methods used
19 to determine estimated current values and amounts in
20 connection with your preparation of the Independent
21 Accountant's Compilation Report for President Trump's
22 Statements of Financial Condition in 2018.
23 A Nothing came to my attention.
24 THE COURT: We're not going to go each year by
25 year, are we?

D. Bender - Cross/Suarez Page 400

1 MR. SUAREZ: I'd-- not asset by asset but I'd
2 like to get through every year.
3 THE COURT: I'm not going to let you do that.
4 Ask him if it happened in any year.
5 Q Did you ever notice in any year in the Statement of
6 Financial Condition that we discussed here today, yesterday or
7 Monday whether there was a failure to disclose the methods
8 used to determine estimated current values and amounts with
9 respect to any asset listed on President Trump's Statement of
10 Financial Condition?
11 A I do not believe so.
12 THE COURT: So, now, the record is clear for
13 every year. Great.
14 MR. SUAREZ: Thank you.
15 MR. ROBERT: Your Honor, if I may be heard on
16 that, sir.
17 THE COURT: Yes.
18 MR. ROBERT: First of all, Mr. Bender's answer
19 was "I don't believe so." So, I don't think that was as
20 dispositive as he wants us to believe. If he wants to
21 say no, it never happened, that's one thing.
22 In addition, the relief the Attorney General is
23 seeking against all the defendants is extraordinary.
24 THE COURT: What does that have to do with
25 anything?

D. Bender - Cross/Suarez Page 401

1 MR. ROBERT: Because they're trying to lump
2 together a sequence of years and based on the fact that
3 they have individual defendants that they've named as
4 well as entities, what happened in a specific year is
5 crucially important. They're seeking a quarter of a
6 billion dollars in damages for the defendants.
7 THE COURT: What does that have to do with
8 anything?
9 MR. ROBERT: The severity and importance of
10 making sure we go year by year because different people
11 have different responsibilities year by year.
12 THE COURT: We're asking this particular
13 witness.
14 MR. ROBERT: And this particular witness is
15 saying -- I think the answer was. Not-- let me make
16 sure.
17 THE COURT: Answer is the same for every year,
18 whether it was complete or not.
19 MR. ROBERT: Let me see what his answer was.
20 Give me one moment, or, the Court Reporter can read back,
21 with the Court's permission.
22 THE COURT: No.
23 He's asking the same question. He asked for
24 2020, 2019, 2018. I don't see the point to go through
25 every single year. It's the same question and same

D. Bender - Cross/Suarez Page 402

1 answer. So I asked counsel to ask for all the years and
2 the answer is the same. Either he doesn't remember or he
3 didn't. What's the difference? Jesus.
4 But I'll ask the Plaintiffs, do you want to go
5 through every year or not? Because I could get reversed
6 for not allowing him to ask for every individual year
7 rather than lumping them all together.
8 What would you like me to do?
9 MR. WALLACE: Whatever your Honor wants.
10 THE COURT: I don't want to go through nonsense.
11 So, let's move on. Objection overruled.
12 MR. KISE: So, to be clear, we're precluded from
13 asking year-by-year questions in the course of this
14 proceeding?
15 MR. WALLACE: I object.
16 MR. KISE: What we're driving at here is who, at
17 Mazars, was responsible for conforming with the AICPA
18 standard each year. President Trump and the other
19 defendants are accused of committing fraud in a repeated
20 and persistent pattern, year by year by year each
21 statement.
22 So, each statement, respectfully, your Honor,
23 stands on its own. Each statement is a freestanding
24 statement. Each certification is a freestanding
25 certification. This is what your Honor has ruled, that

D. Bender - Cross/Suarez Page 403

1 they're independent. So, it is crucial, we believe, for
2 the government to establish that in each independent
3 year, there are these infirmities and if they can't
4 establish that, then they need to -- they've not met
5 their burden of proof and I'll give you an example.
6 We're talking here about a presentation of an
7 asset or liability at an obviously inappropriate value or
8 amount. The government has introduced evidence of an
9 alleged five or six hundred million dollar disparity on
10 the Statement of Financial Condition for Mar-a-Lago.
11 They've said it should be 18 to 27 instead of the six,
12 seven, eight hundred that we have. That, to me -- I'm
13 just --
14 THE COURT: You're talking to me or the press or
15 the audience, Chris?
16 MR. KISE: I'm talking to you, your Honor.
17 That, to me, you're asking why we have to go year by
18 year.
19 THE COURT: You don't have to go year by year.
20 You have to go every year and he said every year, the
21 answer would be the same. We're wasting more time than
22 if he just let him go through it but this is --
23 MR. KISE: We need to be able to put on our
24 defense the way we think we should be able to put on a
25 defense, year by year. They brought this case. It

Page 404

1 involves millions of pages of documents. I'm sorry, your
2 Honor, but, I think we should be entitled to go year by
3 year because that's their burden of proof. If we're
4 going to lump it all together and all the organizations
5 together --
6 THE COURT: We're not lumping it all together.
7 We're asking if the answer is the same for every year.
8 Same for 2020. Same for 2019. Same for 2018. He said--
9 he can ask whether the answer would be the same for every
10 year. You can argue for every year. His answer of 2013,
11 '15 or '11 or '12 would be the same. That's your record.
12 I don't see any way around that.
13 Again, I'll ask Plaintiff, do you want to hear
14 it for every year or risk my being reversed because I
15 wouldn't let them put on a defense in a really big case.

1 MR. WALLACE: So the record is clear, we are
2 happy to stipulate here that Mr. Benders' response will be
3 the same from every year from 2011 to 2020.
4 THE COURT: That's my ruling. Objection
5 overruled.
6 Q Mr. Bender, when you stay you don't believe so, do
7 you know?
8 A Read the question again?
9 THE COURT: Do you want read back?
10 Read back, please.
11 By the way, I do this same technique to try to
12 save time, whether a big case or a little case. It's the
13 same thing.
14 (Whereupon, the requested portion of the
15 proceedings was read back by the court reporter.)
16 THE COURT: So, let's move on with the next
17 question.
18 Q Mr. Bender, I do not believe so, does that mean no?
19 A Yes. That means no.
20 Q Thank you. And Mr. Bender, for each and every year
21 that you prepared a Statement of Financial Condition and didn't
22 notice a failure to disclose the methods used to determine
23 estimated current values and amounts, if you didn't notice a
24 failure to disclose the methods used to determine estimated
25 current values and amounts, you certainly couldn't have

D. Bender - Cross by Mr. Suarez Page 406

1 communicated that to the Trump Organization; correct?
2 MR. WALLACE: Objection.
3 THE COURT: Correct. If he didn't notice, then
4 he couldn't communicate it.
5 MR. SUAREZ: I just asked the question, and I got
6 an objection. I just want to make sure we all understand
7 it correctly, your Honor.
8 THE COURT: Okay. If you don't notice something,
9 you can't communicate it to someone else. Can we agree on
10 that, counselor?
11 MR. SUAREZ: Yes.
12 THE COURT: So, what's the point of asking the
13 question?
14 MR. SUAREZ: I would like the witness to make
15 that record, that if he didn't notice it, he didn't
16 communicate it. The point is to establish that he didn't
17 communicate it, your Honor.
18 THE COURT: Yes. You did establish it, and he
19 said he didn't notice it. But, I'll ask the witness to
20 answer.
21 Did you communicate what you didn't notice?
22 THE WITNESS: The only change I would make is, he
23 used the word, prepared. This was not a preparation. This
24 was a compilation, so I just -- his question has to be
25 adjusted.

D. Bender - Cross by Mr. Suarez Page 407

1 A If you say compilation, if I didn't notice it, I
2 didn't communicate it on the compilation.
3 Q Mr. Bender, certainly when you prepared the 2015
4 Statement of Financial Condition --
5 MR. SUAREZ: I'm going to stop. I'm going to
6 withdraw the question. I'm going to speak more slowly.
7 Q Certainly, Mr. Bender, when you prepared the
8 independent accountant's compilation report for the 2015
9 Statement of Financial Condition, you didn't forget all of the
10 things that you learned when you prepared the independent
11 accountant's compilation report for the Statement of Financial
12 Condition in 2014; did you?
13 A No -- say that again.
14 MR. SUAREZ: I'm trying to adhere to your Honor's
15 direction not to go year-by-year.
16 Q But, I'm simply trying to establish the fact,
17 Mr. Bender, that, from year to year, you didn't forget what you
18 learned the prior year in preparing a Statement of Financial
19 Condition. Compilation report.
20 A Generally, that would be true. I'm not saying I would
21 remember line-by-line from the year before, but generally, that
22 would be true.
23 Q But material issues that you learned in one year, you
24 would remember the following year?
25 A Generally, that would be true.

D. Bender - Cross by Mr. Suarez Page 408

1 Q Or they would be reflected in your work papers?
2 A Generally, that would be true.
3 Q And the work papers were maintained by Mazars?
4 A Yes, sir.
5 Q Would you review those work papers each year, before
6 picking up on the following year's independent accountant's
7 compilation report?
8 A I don't recall if I didn't or I didn't.
9 Q You don't recall whether you, each year, before
10 beginning the prior -- the current year's independent accounting
11 compilation report, review the prior year?
12 A I don't recall -- I don't recall.
13 Q Mr. Bender, at your deposition you testified that you
14 spent 50 to 60 hours each year working on the Statement of
15 Financial Condition compilation report; is that correct?
16 A That would be an estimate. Yes.
17 Q Okay. It's an estimate. It would change from year to
18 year.
19 MR. SUAREZ: And I'm not going to ask year to
20 year, because I understand the Court's order.
21 Q That would be an estimate from the period of time 2011
22 to 2020, you spent about 50 to 60 hours a year?
23 A That would be an estimate.
24 Q And in your opinion, as the --
25 MR. SUAREZ: Withdrawn.

D. Bender - Cross by Mr. Suarez Page 409

1 Q And as the partner in charge at Mazars, in charge of
2 preparing the independent accountant compilation report for the
3 45th President of the United States, 50 to 60 hours a year was a
4 sufficient amount of time for you to spend on that assignment;
5 correct?
6 A Yes, sir.
7 THE COURT: We are taking a very short break.
8 (Whereupon, there was a pause in the
9 proceedings.)
10 THE COURT: Okay. Let's continue with where we
11 left off.
12 Q And within those 50 to 60 hours a year, approximately,
13 that you spent compiling the Statement of Financial Condition
14 for the 45th President of the United States, that was a
15 sufficient amount of time for you to satisfy yourself that the
16 statements did not fail to disclose the methods used to
17 determine estimated current values and amounts?
18 A I did the best, based on my professional skills, to
19 meet those standards.
20 Q I'm sorry. I can't --
21 A I did the best, based on my professional standards, to
22 meet those.
23 Q You did the best, based on your professional
24 standards?
25 A My professional skills.

D. Bender - Cross by Mr. Suarez Page 410

1 Q And were those the professional standards for Donald
2 Bender, or the professional standards of Mazars.
3 A I used my best professional skills to meet the
4 standards of Mazars. Of Mazars, and the AICPA.
5 Q All right. So you used your best professional skills.
6 So, can we infer from your testimony that it was your best
7 professional skills that the president had the benefit of, or
8 can we infer from your skills that it was the benefit of -- from
9 your statement that it was the benefit of Mazars' skills, that
10 the president had the benefit of?
11 A I thought you asked about me -- I method your question
12 was addressed about me.
13 Q Well, was 50 to 60 hours a year sufficient for you to
14 supervise everyone at Mazars that worked on this engagement?
15 A Yes. I felt it was.
16 Q And to adequately make sure that you could represent
17 to the president that his Statements of Financial Condition did
18 not fail to disclose the methods used to determine estimated
19 current values and amounts?
20 A We did our best to try to meet those standards, yes.
21 Q You tried your best?
22 A Yes.
23 Q And you tried your best, in those 50 to 60 hours a
24 year, to make sure that Mazars USA -- 2016, for example -- could
25 represent to the president that all of the assets were

D. Bender - Cross by Mr. Suarez Page 411

1 presented, all of the assets or liabilities, were presented at
2 an amount that was not inappropriately -- that was not obviously
3 inappropriate?
4 MR. WALLACE: Objection.
5 THE COURT: What's the ground?
6 MR. WALLACE: The question is completely unclear.
7 THE COURT: How about a rephrase?
8 MR. SUAREZ: Sure.
9 Q The 50 to 60 hours a year that you worked on the
10 Statement of Financial Condition, was that sufficient for you,
11 Mr. Bender, to be comfortable signing the name, Mazars USA, to
12 the Statement of Financial Condition certifying that the assets
13 were not presented at an obviously inappropriate value or
14 amount?
15 A I was comfortable signing the compilation. I did not
16 need to certify anything. That was not an audit. This was a
17 compilation. The standards for a compilation don't require us
18 to certify anything.
19 Q Well, the standards for at compilation do require you
20 to present a compilation report that notes whether any of the
21 assets or liabilities are stated at an obviously inappropriate
22 value or amount?
23 A Yes, sir.
24 Q And in 50 to 60 hours a year, you were able to satisfy
25 yourself that the asset value that was stated -- and let's take

D. Bender - Cross by Mr. Suarez Page 412

1 an example. Let's use a concrete example. Let's take 2013.
2 Let's start with 2013. Fifty to 60 hours a year -- let's put up
3 2013.
4 (Whereupon, a document was displayed, and handed
5 to the witness.)
6 Q Mazars and WeiserMazars, both of those logos on are
7 the page, at the top. It says WeiserMazars LLP.
8 MR. SUAREZ: Come on over. Next page.
9 Q Your signature, the assets.
10 Let's go through the assets. In 2013, in 50 to 60
11 hours a year, you were able to satisfy yourself that it was
12 appropriate to list \$339 million in cash, \$339 million in cash,
13 on the statement of assets in 2013, Mr. Bender?
14 A On the Statement of Financial Conditions? I met the
15 professional standard for a compilation. Yes, sir.
16 Q So, to meet the professional standard for a
17 compilation and conclude that an asset or liability is not
18 stated at an obviously inappropriate value or amount, in 50 to
19 60 hours a year, you could do that, to determine, just go
20 through them, \$339 million in cash and marketable securities?
21 A Yes, sir.
22 Q And in 50 to 60 hours a year, you were able to take
23 Trump Tower at \$526 million, and determine that Trump Tower, at
24 \$526 million, was not presented at an obviously inappropriate
25 value or amount?

D. Bender - Cross by Mr. Suarez Page 413

1 A Based on my compilation procedures, nothing came to my
2 attention.
3 Q And in 50 to 60 hours a year, you were able to
4 determine that Trump Tower being presented at \$526,800,000 did
5 not fail the compilation -- did not -- I'm sorry, the Statements
6 of Financial Condition, it did not fail to disclose the methods
7 used to determine estimated current value of that asset?
8 A Say that again, please?
9 Q You were able, in 50 to 60 hours a year, to determine
10 that the Statements of Financial Condition did not fail to
11 disclose the methods used to determine estimated current value,
12 estimated current value of that asset?
13 A Nothing came to my attention, as part of my
14 compilation procedures.
15 Q And in 50 to 60 hours a year, you were able to
16 determine that NikeTown, worth \$287,600,000 in 2013, was
17 appropriately listed, and that the Statement of Financial
18 Condition did not fail to disclose the methods used to determine
19 estimated current values and amounts?
20 A Nothing came to my attention, as part of my
21 compilation procedures.
22 Q And in 50 hours a year, you were able to determine, 50
23 to 60 hours a year, approximately, you were able to determine
24 that that asset was not presented at an obviously inappropriate
25 value or amount?

D. Bender - Cross by Mr. Suarez Page 414

1 A Nothing came to my attention, as part of my
2 compilation procedures.
3 Q And in connection with 40 Wall Street, identified in
4 2013 at \$530 million a year, Mr. Bender, you were able to
5 determine that the Statement of Financial Condition did not fail
6 to disclose the methods used to determine estimated current
7 value and amount of that asset?
8 A Nothing came to my attention, as part of my
9 compilation procedures.
10 Q Okay. And in 50 to 60 hours a year, Mr. Bender, you
11 were able to determine that 40 Wall Street was not presented at
12 an obviously inappropriate value or amount; is that correct?
13 A Nothing came to my attention during my compilation
14 procedures.
15 Q And in 50 to 60 hours a year, Mr. Bender, you were
16 able to determine that Trump Park Avenue, listed in the
17 Statement of Financial Condition at \$346,100,000, that the
18 Statement of Financial Condition did not fail to disclose the
19 methods used to determine estimated current value and amount for
20 that asset?
21 A Nothing came to my attention, during my compilation
22 procedures.
23 THE COURT: Counselor, can we lump this all
24 together? Again, using the same principles, you can ask
25 him, for each item, whether 50 or 60 hours was sufficient.

D. Bender - Cross by Mr. Suarez Page 415

1 I think that would make sense, but if you really want to do
2 it, go ahead.
3 MR. SUAREZ: I'm doing my best to lump this
4 together, but I can't lump it together, your Honor, because
5 each separate asset on the spreadsheet presents the basis
6 for valuation, and Mr. Bender's testimony, I believe, is
7 that within 50 to 60 hours a year, he was able to look at
8 all of those valuations and make sure that they were
9 properly listed, or at a minimum, that they were properly
10 disclosed in the Statement of Financial Condition, what the
11 basis for that methodology was.
12 THE COURT: Yes. The key word you used is, all.
13 Ask him if he would have the same answer to the same
14 questions for each line. But all the lines --
15 MR. SUAREZ: May I try to truncate is by
16 saying --
17 Q Would you have the same answer to the same questions
18 concerning the club facilities and real estate in New York,
19 Florida, New Jersey, California, Washington D.C., North
20 Carolina, and Scotland, at \$1,656,200,000?
21 A Nothing came to my attention as part of my compilation
22 procedures.
23 Q Nothing came to your attention. Did anything come to
24 your attention concerning the manner in which estimated current
25 value and amounts for the Trump World Tower at United Nations

D. Bender - Cross by Mr. Suarez Page 416

1 Plaza was disclosed in this financial statement?
2 A No.
3 Q And did anything come to your attention that would
4 cause you to think that this asset was not presented at an
5 obviously inappropriate value or amount?
6 A No, sir.
7 Q Did anything cause you to think that it was presented
8 at an inappropriate value or amount?
9 A No, sir.
10 Q The Trump Plaza commercial and retained residential
11 portions identified at \$31 million, in 50 to 60 hours a year, is
12 that something that you were able to determine that the Jeff
13 Supporting Data that then was reflected in the notes,
14 Mr. Bender, did not fail to disclose the methods used to
15 determine estimated current values and amounts?
16 A Nothing came to my attention.
17 Q Nothing came to your attention.
18 So, this is all work that you did in 50 to 60 hours a
19 year?
20 A My time would have been 50 to 60 hours a year.
21 Q Your time alone?
22 A My time alone.
23 Q Sufficient?
24 A On average.
25 Q On average?

D. Bender - Cross by Mr. Suarez Page 417

1 A Guesstimate.
2 Q I've been asked to bring them all together.
3 A Okay.
4 Q And in 50 to 60 hours a year, Mr. Bender, the Trump
5 Palace, the Trump Parc, the Trump Parc East condominiums, those
6 commercial portions, you were able to satisfy yourself that the
7 Statement of Financial Condition did not fail to disclose the
8 methods used to determine estimated current value and amounts
9 for those three assets at \$13,700,000?
10 A Nothing came to my attention, as part of my
11 compilation procedure.
12 THE COURT: Counselor, I don't talk just to hear
13 myself. You seem to be doing the exact same thing, and I'm
14 precluding you from doing it. You can lump together -- I
15 thought you were just going to list the different
16 properties, but to ask the question again, I'm not going to
17 let you to that.
18 MR. SUAREZ: Your Honor, here is the concern that
19 I have: Every single Statement of Financial Condition
20 lists the property differently. Every single Statement of
21 Financial Condition, from year to year, identifies the
22 properties differently. Mr. Bender just told you, your
23 Honor, that he or Mazars retained the knowledge as to all
24 material assets that went from year to year, and how those
25 assets changed, and in 50 to 60 hours a year, Mr. Bender

D. Bender - Cross by Mr. Suarez Page 418

1 satisfied himself that he could sign the name of a major
2 international accounting firm on the Statement of Financial
3 Condition, slapped their logo on it, and called it an
4 independent compilation report.
5 THE COURT: Maybe that helps you. That is his
6 testimony, yes. Or, you can ask him, Would your answer be
7 the same to the same questions for all of the other
8 properties on that sheet? That's all I'm going to let you
9 do.
10 THE WITNESS: My testimony wasn't that, from year
11 to year. I said, in each individual year, your Honor.
12 MR. SUAREZ: And that just reiterates the point
13 as to why we have to go year by year, your Honor. Because
14 in each individual year, his testimony may be different.
15 THE WITNESS: No. I said, I didn't necessarily
16 compare to the previous year.
17 MR. SUAREZ: He didn't necessarily compare to the
18 previous year, which is even more important, because every
19 single year, he had two rows of data presented to him; the
20 prior year and the current year, and his testimony today is
21 that he didn't compare to the prior year.
22 THE WITNESS: I may not necessarily have compared
23 every item to the previous year.
24 THE COURT: Let me approach this a different way.
25 How much longer do you expect this cross

D. Bender - Cross by Mr. Suarez Page 419

1 examination to take?
2 MR. SUAREZ: Your Honor --
3 THE COURT: That's a simple question.
4 MR. SUAREZ: We have --
5 THE COURT: If you do it your way. Not my way.
6 MR. SUAREZ: We have Statements of Financial
7 Condition. I would work my hardest to be done today.
8 MR. WALLACE: Today?
9 THE COURT: Well --
10 MR. WALLACE: Your Honor, at this point I will
11 raise that we have another witness who has come in from out
12 of the town, now in second day of waiting outside, and if
13 they are just going to do this, read every number and say,
14 did he spend the 50 to 60 hours he already testified he
15 spent, this is time wasting. I don't know why they think
16 running out the clock is going to be helpful, but there's
17 no jury. I don't know who we are performing for, at this
18 point. The evidence is clear. He spent 50 to 60 hours a
19 year. The statements say what they say.
20 THE COURT: I'll let --
21 MR. WALLACE: If we are going to go on all day
22 with Mr. Bender, at some point we would like to have a
23 conference, because we have a witness waiting.
24 THE COURT: I just want to point out to
25 everybody, Mr. Bender is not on trial here. Somebody else

D. Bender - Cross by Mr. Suarez Page 420

1 is, or various people are, on trial here.
2 MR. KISE: I would respectfully disagree with
3 that, your Honor.
4 MS. HABBA: As would I, your Honor.
5 MR. KISE: His credibility, his veracity, his
6 thoroughness in conducting his job that he got paid
7 millions of dollars a year to do. He was the CPA. He had
8 certain responsibilities under the AICPA standards. Those
9 responsibilities are laid out. If he didn't meet those
10 standards -- he is sitting here answer after answer saying,
11 Nothing came to my attention; I don't recall. The only
12 things he seems to recall, with any degree of specificity,
13 are what the Government wants him to recall. That's a fair
14 summary of his testimony so far.
15 MR. WALLACE: The record saying what?
16 MR. KISE: So we need to be allowed to parse the
17 evidence. We didn't bring this case.
18 THE COURT: But you don't -- you are not allowed
19 to waste time. That's what this is becoming, going through
20 every one of these and getting the same answer, when you
21 can just say, Would your answer be the same.
22 And, as I said, I do this in every trial, and you
23 know what? No one has ever objected to it.
24 MS. HABBA: Your Honor, if I may, this trial is
25 different because we still don't even have clarity on the

D. Bender - Cross by Mr. Suarez Page 421

1 years in question, and for my clients, frankly, it's
2 incredibly important. My clients, some of them did the
3 backup data, that he is complimenting my client from the
4 stand, but I can't ask him specifically, and have no record
5 as to what he relied on with my client Mr. McConney, for
6 instance, or Allen Weisselberg.
7 This is insane. We haven't gotten one answer out
8 of him, and we have not objected to the fact that he is
9 being evasive, but quite honestly, your Honor, he is. He
10 has not answered one question. He has no memory today, as
11 we sit here.
12 MR. KISE: I just want to be clear, your Honor.
13 THE COURT: Go ahead.
14 MR. KISE: The Government has brought a case
15 accusing my client of a staggering fraud, and that is based
16 on year-by-year. They pointed out to you, in this year
17 they made these changes, in this year they made those
18 changes. I mean, it's specific to year. But now, when it
19 comes time for us to defend ourselves and point out the
20 flaws in that case, they want --
21 THE COURT: You have had plenty of chances to
22 defend yourself, and I've already ruled on them.
23 MS. HABBA: No, your Honor. We disagree with
24 that.
25 MR. KISE: With respect to intent, with respect

D. Bender - Cross by Mr. Suarez Page 422

1 to materiality, and with respect to reliance, these
2 concepts are very important, and so we'll attempt to
3 streamline these as much as possible, but they gone back --
4 THE COURT: You haven't seen that, yet. I made a
5 ruling, and he totally ignored it. I said, I'm not going
6 to let you do property by property, and then he just went
7 on, property by property.
8 MR. KISE: But we have to do property by
9 property, because that's -- the devil is in the details.
10 I'm sorry, but it is.
11 THE COURT: You can do property by property, and
12 you can lump them all together. This is ridiculous.
13 To the reporters, I'm pounding the bench, again.
14 This is ridiculous.
15 MS. HABBA: That's the one thing I agree with
16 you, sir. This is absolutely ridiculous.
17 THE COURT: There's no point in going through
18 each line, when the counsel can ask the witness if his
19 answer would be the same for each line. Then you have got
20 your record on appeal, and then you have got whatever
21 post-trial brief you want to say. I'm just being logical,
22 here.
23 MR. KISE: I'm not sure -- let me be sure I
24 understand what you are saying. So, you are asking us to
25 go line by line, but just ask the same question for each

D. Bender - Cross by Mr. Suarez Page 423

1 line?
2 THE COURT: I'm asking --
3 MR. KISE: Would your answer be the same -- for
4 example, would your answer be the same as to Trump
5 International Hotel and Tower; would your answer be the
6 same as to Mansion at Seven Springs; would your answer be
7 the same as to partnerships and joint ventures? I mean,
8 I've never had to negotiate how to ask questions, as a
9 defense lawyer, but -- and I think it's highly irregular.
10 I think it makes -- I think it makes a very poor record,
11 frankly.
12 So, this is why I think we should be entitled to
13 present our defense the way we want to. It is going to
14 take some time, but they brought a case that spans a
15 decade, and accuses --
16 MS. HABBA: Exactly.
17 MR. KISE: -- my client of massive and staggering
18 fraud, they can't condense it all together, because they
19 have a witness waiting, and it's inconvenient.
20 MS. HABBA: And your Honor, your order itself
21 goes to, for instance, Mar-A-Lago, famous Mar-A-Lago, which
22 we are clearly having a discrepancy for, on the value. How
23 can you say that now we can't sit her and ask about the
24 value of Mar-A-Lago?
25 THE COURT: All I'm asking is that you lump

D. Bender - Cross by Mr. Suarez Page 424

1 things together, so we don't waste time. You can include
2 Mar-A-Lago and any other property in whatever question it
3 is, but let's not waste time. I'm just being logical,
4 here. I'm not going to let you ask every single line, when
5 you can just ask, For all the lines, would your answer be
6 the same. You will have your record, you will have what
7 I've heard, and let's just move ahead. You are not going
8 to get away with this.
9 MR. KISE: For the record, I object to that
10 procedure, your Honor.
11 MS. HABBA: As do I, your Honor.
12 MR. ROBERT: As do I.
13 THE COURT: Okay.
14 By the way, you don't even have to say every line
15 on the page. You can say, Would your answer be the same
16 for A, B, C, D, E, F. You can name them all, but you don't
17 have to ask the question again.
18 Q For the questions that we have just run through
19 Mr. Bender, I'm just going to --
20 MR. SUAREZ: Your Honor, I'm being very delicate,
21 to make sure I don't re-ask the question.
22 Q But, I'm going to go through, and I'm going to
23 question you, for the remaining assets, whether 50 to 60 hours a
24 year was sufficient for you, number one, to determine that the
25 Statement of Financial Condition did not fail to disclose the

D. Bender - Cross by Mr. Suarez Page 425

1 methods used to determine estimated current values and amounts;
2 and number two, that the asset was presented at a value or
3 amount that was not obviously inappropriate.
4 A I'm sorry. Nothing came to my attention, during my
5 compilation procedures.
6 Q And that was true --
7 MR. SUAREZ: I'm sorry, your Honor.
8 Q But my question, actually, Mr. Bender, was a little
9 different. My question wasn't whether anything came to your
10 attention. My question was whether 50 to 60 hours a year was
11 sufficient for you to determine that the Statement of Financial
12 Condition with respect to, take the Trump International Hotel
13 and Tower, New York, New York, did not fail to disclose the
14 methods used to determine estimated current values and amounts,
15 and presented the value or amount of that asset or liability, in
16 a manner that was not obviously inappropriate.
17 A I was able to meet my standards for my compilation
18 procedures.
19 MR. SUAREZ: The witness is being evasive, which
20 is the reason we've got to go and try to pin him down. He
21 testifies, 50 to 60 hours a year. I'm asking him, with
22 respect to each asset, whether within those 50 to 60 hours
23 a year, it was sufficient for him, the person who signed
24 the accountant's compilation report, to determine whether
25 two very basic and fundamental criteria had been met.

D. Bender - Cross by Mr. Suarez Page 426

1 That's the question. Was that enough time for you to make
2 that determination? If his answer is yes, I'll say, same
3 question. Same question for this asset. Same question for
4 this asset. If his answer is no, I'll ask him the same
5 question for each asset, same question for each asset, same
6 question for each asset.

7 THE COURT: I think that's what I'm asking you to
8 do.

9 MR. SUAREZ: And I'm more than happy to do that,
10 your Honor. I'm certainly not intending to upset you or
11 not follow the Court's orders but --

12 THE COURT: I have a thick skin, but it's really
13 being pierced, here.

14 MR. SUAREZ: But the answer that I'm getting from
15 the witness is not responsive, candidly.

16 Q The question is, Mr. Bender, in 50 to 60 hours a year,
17 were you able to determine whether the asset listed in this
18 Statement of Financial Condition, with respect to each asset
19 listed on the Statement of Financial Condition, the Statement of
20 Financial Condition did not, number one, fail to disclose the
21 methods used to determine estimated current values and amounts;
22 and number two, present an asset or liability at an obviously
23 inappropriate value or amount.

24 Was that enough time for to you make that
25 determination?

D. Bender - Cross by Mr. Suarez Page 427

1 A It was enough time for me to make that determination,
2 based on my compilation procedures.

3 Q Okay. Same question for Trump International Hotel and
4 Tower. Would you give me the same answer? Yes or no.

5 A Yes, sir.

6 Q And for Mansion at Seven Springs. If I asked you the
7 same question, would you give me the same answer?

8 A Yes, sir.

9 Q With respect to the partnerships and joint ventures,
10 the first one, 1290 Avenue of the Americas, New York, New York;
11 and 555 California Street, San Francisco, California, would you
12 give me the same answer, if I asked you the same questions?

13 A Yes, sir.

D. Bender - Cross/Suarez Page 428

1 Q With respect to the Trump International Hotel and
2 Tower in Las Vegas, Nevada, would you give me the same answer,
3 if I asked you the same question?

4 A Yes, sir.

5 Q With respect to Miss Universe Pageants, would you
6 give me the same answer, if I asked you the same questions?

7 A Yes, sir?

8 Q With respect to real estate licensing developments,
9 would you give me the same answer, if I asked you the same
10 questions?

11 A Yes, sir.

12 Q With respect to the other assets, would you give me
13 the same answer, if I asked you the same question?

14 A Yes, sir.

15 Q Now, the other assets, the other assets are disclosed
16 at a value of \$337 million in this Statement of Financial
17 Condition, correct?

18 A Yes, sir.

19 Q You, Mr. Bender, made the determination it was
20 appropriate to present them as other assets, to lump them
21 together in the category of other assets?

22 A It's the client's compilation. They prepared the
23 financial statement. Yeah, they prepared the financial
24 statement.

25 Q You understood which assets were included within the

D. Bender - Cross/Suarez Page 429

1 value of the other assets. Was that part of your mathematical
2 calculation?

3 A Yes, sir.

4 Q You went through all of the other assets and I, with
5 your Honor's permission, I'd like to pull them up and walk
6 through what other assets fold into other assets.

7 THE COURT: I'm not sure he understood the
8 question before. I think isn't the question, do you know
9 what the other assets were. I'll ask that question, all
10 right.

11 Do you know what the other assets were?
12 THE WITNESS: I know a lot of them. I don't now
13 them all for every year, off the top of my head.
14 THE COURT: Did you know them all for 2013?
15 THE WITNESS: I can't tell you today.
16 THE COURT: Ask him what you want.
17 MR. SUAREZ: Let's pull up the Jeff Supporting
18 Data for other assets. I would just note that part of
19 the argument that we've heard is that assets were moved
20 in or out of this category over the years, for one reason
21 other another, and, whatever motivations the government
22 ascribes to them, that we don't agree with, but,
23 certainly, certainly, the point is the independent
24 accountant that looked at these Jeff Supporting Data in
25 50 to 60 hours a year was able to determine that they

D. Bender - Cross/Suarez Page 430

1 should all be lumped together in the category of other
2 assets and that that same independent accountant and his
3 knowledge of the AICPA guidelines carried that knowledge
4 over from year to year, your Honor, and how those assets
5 changed and what he looked at and whether those assets
6 were lumped together into the category of other assets
7 are the questions that I respectfully intend to ask the
8 witness.

9 THE COURT: Let's start and see how it goes.

10 MR. SUAREZ: Excellent.

11 Q Mr. Bender, other assets, The Apprentice. Did you
12 review the basis for including that asset into the category of
13 other assets?

14 A It wasn't a review but I was happy -- I was content
15 with the classification at that time.

16 Q It was okay with you to classify that as other asset?

17 A At that time, yes.

18 Q Okay. The Wollman Rink, were you able to classify
19 that as an asset in the Statement of Financial Condition?

20 A At that time, yes.

21 Q Is it still okay to call it an other asset? You keep
22 saying "at that time" as if you'd change your mind and would
23 call it another asset today. That would be okay with you?

24 A I would be fine.

25 Q You'd be perfectly fine with calling that an other

D. Bender - Cross/Suarez Page 431

1 asset. The President's family receivables, you'd be okay with
2 calling that an other asset?

3 A Yes, sir.

4 Q Trump Model Management disclosed to you \$2 million.
5 You'd be okay with calling that an other asset?

6 A Yes, sir.

7 Q The Virginia Vineyards which, in 2013, were valued at
8 \$15,439,000, you'd be okay with calling that an other asset?

9 A Yes, sir.

10 Q You made the determination it was okay to include
11 that in the other assets?

12 A The client made the determination. I did not have
13 any problem at the time.

14 Q You had no problem in the manner in which it was
15 disclosed in the financial statement?

16 A Not at that time, no, sir.

17 Q How about today, you think it was inappropriate to
18 disclose that?

19 A As of today, I'm not on top of all standards as of
20 today but I know of nothing --

21 Q When did you stop being on top of all standard?

22 A I stopped doing compilations about two or three
23 years ago.

24 Q Before that, you were on top of all the standards?

25 A No but I have subject matter specialists who would

D. Bender - Cross/Suarez Page 432

1 assist me, and I would able to consult people.

2 Q Starrett City Associates, \$10 million. It was okay
3 for you to lump that into other assets? You didn't have an
4 issue with how that was disclosed, Mr. Bender?

5 A No, I did not have an issue.

6 Q Okay, the President's aircrafts which, in 2013, were
7 disclosed at asset value of \$52 million. You can see there
8 the manner in which those asset values were derived at
9 \$52 million. You were okay lumping that into other assets?

10 A I was okay at that time.

11 Q Are you okay with it today? I'm trying to understand
12 or qualify "at that time."

13 A Yes. Yes.

14 Q Okay. The triplex --

15 MR. SUAREZ: I think he I said it right this
16 time, your Honor.

17 Q --listed there at \$200 million, it was okay with you
18 to lump that in as an other asset?

19 A It was, yes.

20 Q Okay. The two homes in Palm Beach in 2013 listed as
21 an asset of \$9 million and \$2,750,000, that was okay for you
22 to list as an other asset?

23 A It was okay.

24 Q In Beverly Hills, California the residence in Beverly
25 Hills, \$15 million asset, that was okay to lump it in?

D. Bender - Cross/Suarez Page 433

1 A It was okay at that time, yes.

2 Q The licensing deals, the management fees, and
3 incentive fees, it was okay to lump those assets in as other
4 assets?

5 A It was okay at that time. Yes, sir.

6 Q Same question for the accounts payable. Okay to lump
7 them in as other assets?

8 A Those are the liabilities. I take it back. That is
9 a liability on the other side and that's a --

10 Q Let's put a pause on that. So, in 2013 when you
11 reviewed all of those assets, you were okay lumping them into
12 other assets?

13 A Mazars compiled the financial statement. We had no
14 problem at that time.

15 Q Do you have a problem with the fact in 2013 all of
16 those assets were put together and included as other assets in
17 the Statements of Financial Condition?

18 A We had no problem when we issued the statement.

19 Q Okay, at that time-- withdrawn. In connection with
20 all the assets that we just discussed, the failure -- sorry.
21 You did not know, in connection with all the assets that we
22 just discussed, as other assets, you did not know or notice a
23 failure to disclose the methods used to determine estimated
24 current value among any of those assets?

25 A Not that I recall at this time.

D. Bender - Cross/Suarez Page 434

1 Q And in your estimation, in the 50 to 60 hours you
2 spent on this worksheet, you did not notice that any of these
3 assets were presented at an obviously inappropriate value or
4 amount, did you?
5 A Nothing came to my attention when I compiled the
6 2013 --
7 Q 2013?
8 A Yeah, it's not shown.
9 Q You would agree with me when you compiled 2013, you
10 had in front of you the number used in '13 and the number that
11 was used in 2012?
12 A Yes.
13 Q So, you can see, for example, when you go all the way
14 to the top, that the President's cash position in June 30,
15 2013 increased to \$339 million from \$169 million the year
16 before?
17 A His cash and marketable security balance.
18 Q Cash and Marketable Securities increased from \$339
19 million from 169 the year before?
20 A That's what it says. Yes, sir.
21 Q In the time that you spent reviewing that, you were
22 comfortable that the method used to determine the estimated
23 current value of all of these assets on the spreadsheet were
24 properly disclosed in the Statement of Financial Condition?
25 A When I was compiling it, not reviewing it. You said

D. Bender - Cross/Suarez Page 435

1 reviewed. When I was compiling, nothing came to my attention
2 or bothered me.
3 THE COURT: Five-minute warning.
4 MR. SUAREZ: Let's move back to liabilities.
5 MR. WALLACE: The People would like to request a
6 side-bar before we actually all leave for lunch. So, if
7 that can be accommodated within the five minutes.
8 THE COURT: Let's do that. Great.
9 MR. WALLACE: Now or -- I think five more
10 minutes and then we can talk.
11 THE COURT: Go five more minutes of testimony
12 and then we'll talk.
13 Q Let's pull up the 2013 Statement of Financial
14 Condition. Next page. Next page. Let's go to liability.
15 Here you have the liabilities, Mr. Bender.
16 You correctly noted the accounts payable and
17 accrued expense of liability of \$20 million. In the 50 to
18 60 hours you spent, Mr. Bender, producing your Independent
19 Accountant's Compilation Report for the 2013 Statement of
20 Financial Condition, were you able to determine, with respect
21 to accounts payable and accrued expenses, the Statement of
22 Financial Condition did not fail to disclose the methods used
23 to determine the estimated current value, the amount of that
24 liability?
25 A Nothing came to my attention during that time.

D. Bender - Cross/Suarez Page 436

1 Q If I asked you the same question for the note related
2 to Trump Tower, you'd give me the same answer?
3 A Yes, sir.
4 Q If I asked you the same question for the secured
5 lease bond related to Niketown?
6 A Yes, sir.
7 Q The loan related to 40 Wall Street, you'd give me the
8 same answer?
9 A Yes.
10 Q The loans related to club facilities and related real
11 estate, you'd give me the same answer?
12 A Yes, sir.
13 Q The loan related to Trump Park Avenue, you'd give me
14 the same answer?
15 A Yes.
16 Q So, in reviewing and preparing your Independent
17 Accountant's Compilation Report, you would have been apprised
18 of the fact that there was a loan on Trump Tower, correct?
19 A Yes, sir.
20 Q You would have been apprised to the fact that there
21 was a loan related to 40 Wall Street?
22 A Yes, sir.
23 Q You would have been apprised of the fact that there
24 was a loan related to club facilities and real estate?
25 A Yes, sir.

D. Bender - Cross/Suarez Page 437

1 Q And the loans related to club facilities and real
2 estate, that's also grouping, correct?
3 A Yes, sir. I believe so.
4 Q That reflects more than one loan?
5 A I'd have to check. I'm not familiar with the debt
6 on the club facilities at the time.
7 Q You certainly would have determined that was an
8 appropriate way to disclose that?
9 A Yes, sir.
10 Q You would have determined that loans related to Trump
11 Park Avenue were appropriately disclosed?
12 A Yes.
13 Q The loans related to the commercial and retained
14 residential portions of Trump Plaza were appropriately
15 disclosed?
16 A Yes, sir.
17 Q Same question with the Trump International Hotel and
18 Tower New York?
19 A Sorry?
20 Q The loan related to the Trump International Hotel and
21 Tower New York?
22 A Nothing came to my attention.
23 Q The loan related to the mansion at Seven Springs, you
24 would have determined that was appropriate to disclose at that
25 time?

<p>D. Bender - Cross/Suarez Page 438</p> <p>1 A Nothing came to my attention, so I agree. 2 Q So, you agree. Same question for other mortgages and 3 loans payable? 4 A Nothing came to my attention. 5 Q Same question for commitments and contingencies? 6 A Nothing came to my attention, your Honor. 7 Q Same question for the net worth calculation for 2013? 8 A That's math. A plus B should equal C. 9 Q So, nothing came to your attention that the Statement 10 of Financial Condition in any way failed to disclose the 11 methods used to determine estimated current values with 12 respect to the statement of net worth, correct? 13 A Statement of financial conditions not the -- you 14 used the statement of -- 15 Q The statement of net worth. It says net worth there. 16 A Okay. 17 Q You described as a -- what you described as a 18 mathematical calculation of assets minus liabilities, correct? 19 A Yes, sir. 20 Q We take all of the assets that you said in the prior 21 page, you spent the time to determine there was no failure to 22 disclose the estimated current value of those assets, the 23 methods for determining the estimated current value of those 24 assets and you subtracted from them all of the liabilities for 25 the-- that are listed on this page and I think your testimony</p>	<p>Page 440</p> <p>1 THE COURT: Okay. Let's do what we said. 2 Attorneys stay. Everybody else, 2:15. Thank you. 3 4 (Luncheon recess taken.) 5 6 (Continued on following page..) 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25</p>
<p>D. Bender - Cross/Suarez Page 439</p> <p>1 was, you determined that there was no failure to disclose the 2 methods used to determine the estimated amounts of those 3 loans? 4 A I believe. 5 Q So, if you were to subtract those two, you wouldn't 6 take issue with the computation of net worth either? 7 A Sorry? 8 Q You would not take issue with the computation of net 9 worth? 10 A Nothing came to my attention. 11 Q At 4.9 million? 12 A Nothing came to my attention. 13 Q This is the review that you conducted in 50 to 14 60 hours? 15 A This is a compilation that I prepared in 50 to 16 60 hours. 17 Q If I were to ask you -- 18 If I were to ask you the same questions with 19 respect to the presentation of an asset or liability at an 20 obviously inappropriate value or amount, the 50 or 60 hours 21 was sufficient for you to determine with respect to this 22 Statement of Financial Condition there was no presentation of 23 asset or liability as an obviously inappropriate value or 24 amount, you'd have the same answer? 25 A Yes, sir.</p>	<p>C. Harris - Direct/Gaber Page 441</p> <p>1 A F T E R N O O N S E S S I O N . 2 3 THE COURT: Counsel, we're going to accommodate 4 a witness. We're taking a witness out of order. Mr. 5 Bender will be testifying later after we finish this 6 testimony. 7 Who are you calling? 8 MR. GABER: People call Camron Harris. Judge, 9 I've been admonished to introduce myself to the Court. 10 THE COURT: Can't hear you. 11 MR. GABER: My name is Sherief Gaber. We spoke 12 last week. Feels like last year's arguments. 13 THE COURT: Please keep your voice up. 14 Most of you don't realize this but this is a 15 very important day. I believe -- correct me if I'm 16 wrong -- it's Kevin Wallace's birthday. 17 MR. WALLACE: Thank you, your Honor. This is a 18 living nightmare for me. 19 THE COURT: Happy birthday. Is this how you're 20 celebrating? 21 MR. WALLACE: Just happen to be surrounded by 22 people I love. 23 MR. ROBERT: Up to this line. 24 (Whereupon, the witness enters the courtroom.) 25 C A M R O N H A R R I S, called as a witness, having</p>

2 follows:
3 THE COURT: State your name and home or business
4 address on the record.
5 THE WITNESS: I'm Camron Harris. Work address:
6 Whitley Penn. 8343 Douglas Avenue Dallas, Texas.
7 DIRECT EXAMINATION
8 BY MR. GABER:
9 Q Good morning, Mr. Harris.
10 A Good afternoon.
11 Q You just gave us your name and place of business.
12 Can you just state your employer and title, for the record?
13 A Yeah. My employer is Whitley Penn. Title is audit
14 partner.
15 Q Mr. Harris, were you involved in the engagement
16 compiling of a 2021 Statement of Financial Condition of Donald
17 J. Trump?
18 A Yes, sir.
19 Q Mr. Harris, how long have you been employed there?
20 A Over 19 years.
21 Q Can you describe your educational background?
22 A I graduated from Texas Tech with an accounting and
23 management degree.
24 MR. KISE: Is his microphone on?
25 THE COURT: You have to speak right into it,

C. Harris - Direct/Gaber Page 443

1 clearly.
2 A I graduated from Texas Tech with a management and
3 accounting degree and I'm a CPA.
4 Q I believe that you said you were an audit partner,
5 Mr. Harris. Can you describe that role?
6 A Yes, as an audit partner, I lead multiple teams that
7 are in charge of doing attestation work for numerous clients.
8 Q As audit partner, did you have a role in any of
9 Whitley Penn's audit engagement for the Trump Organization?
10 A I only work on attestation engagements.
11 Q All of the attestation agreements?
12 A Correct.
13 Q So, Mr. Harris. I'll bring up a document that
14 Plaintiff's have marked PX-1498 for identification.
15 Are you familiar with this document, Mr. Harris?
16 A Yes, sir.
17 Q Can you describe what this document is?
18 A Yes. This is our client acceptance procedure memo.
19 This memo details out the work that we did, forbearance
20 proposal, and onboarding process and determining if this was
21 a client that we were going to take on.
22 Q When you say this was a client, can you clarify?
23 A Restate, please.
24 Q Who is this?
25 A The engagement that we do for the Trump

C. Harris - Direct/Gaber Page 444

1 Organization.
2 Q Is this memo kept among the work papers for this
3 engagement?
4 A Correct.
5 MR. GABER: I'd like to move this into evidence,
6 Judge.
7 THE COURT: Granted. It's in evidence.
8 Q So, Mr. Harris, I'd like to direct your attention to
9 the top of the second page of this document, if you would.
10 It says: "On August 17, 2021 Camron Harris,
11 Randy Gregg, Jeff Lawlis held a call with Mark Hawthorn and
12 Jeff McConney. During this call we went through all the prior
13 years' audit and compilation records and asked various
14 questions about the operation and each of the entities. We
15 also discussed the clients acceptance inquiry outlined above.
16 Management provided and answered all questions adequately and
17 was forthright in providing all necessary information."
18 Was-- the meeting occurred as described here?
19 A Yes.
20 Q Who is Jeff McConney?
21 A Jeff McConney was the Vice President of Finance.
22 Q At the Trump Organization?
23 A Yes.
24 Q Who is Mark Hawthorn?
25 A Mark Hawthorn's role was CFO at the Trump

C. Harris - Direct/Gaber Page 445

1 Organization over the resort properties.
2 Q Was the Statement of Financial Condition of Donald J.
3 Trump one of the audits and compilations discussed on this
4 call with Mr. Hawthorn and Mr. McConney?
5 A I believe so.
6 Q Do you know what or can you describe what role Jeff
7 McConney played in the SOFC engagement?
8 A Yes, Jeff was one of our main points of contact as
9 we were going through that compilation. He's reviewed a lot
10 of the work prior to it being provided to us.
11 Q Same question for Mr. Hawthorn.
12 A Mr. Hawthorn was not involved in the Statement of
13 Financial Condition.
14 Q Now, move down to the third to last paragraph on this
15 document. It's right there above the section called
16 "background check." It says that-- I'm sorry. It's the one
17 starting on September 1, 2021. It says that "Camron Harris
18 Randy Gregg and Jeff Lawlis held a call with Jeff McConney.
19 During this call we discussed and asked questions regarding
20 the DJT SOFC and reviewed the prior year report."
21 Is prior year review a requirement of
22 compilation engagement?
23 A No.
24 Q Can you tell me what you recall of the discussion at
25 that meeting?

C. Harris - Direct/Gaber Page 446

1 A We would have gone through the 2020 Statement of
2 Financial Condition that was provided by Jeff McConney to us
3 and just read through it trying to get an understanding of
4 what was included, what the process entailed, and how we were
5 to obtain information and then we asked the client acceptance
6 inquiries as well.
7 Q Prior year inquiries aren't required, as I believe
8 you just testified. Why were you reviewing the previous
9 year's SOFC?
10 A We all prefer to get the prior year papers, if we
11 can, to obtain a better understanding of the work audit that
12 was done in the prior year and to help us, aid us as we begin
13 to plan for potentially doing this engagement.
14 Q Did you ultimately accept that engagement?
15 A Yes.
16 MR. GABER: Can I bring up 1497.
17 Q Mr. Harris, I've handed you a document marked
18 Plaintiff's Exhibit 1497 for identification. Do you recognize
19 this document?
20 A Yes, sir.
21 Q Can you tell me what this document is?
22 A Overall compilation program. So, this program is
23 sort of built out into three sections. A planning section or
24 work papers section and then a reporting section. This
25 program is promulgated from the compilation guidance SSARS

C. Harris - Direct/Gaber Page 447

1 which is made by the AICPA.
2 So, this is our guide whenever there is a
3 compilation that shows all the steps that we need to complete
4 as part of the compilation.
5 Q And is this for the Statement of Financial Condition
6 engagement, this particular compilation program?
7 A Correct.
8 MR. GABER: I'd like to move this into evidence.
9 THE COURT: Granted. It's in evidence.
10 Q Mr. Harris, take a step back. Can you explain your
11 understanding of what a compilation is, in accounting terms?
12 A Sure. At a compilation, we're receiving information
13 from the client. We're reviewing that for obvious errors.
14 We are then putting it together in a format and presentation
15 that is the proper, in accordance with the applicable
16 framework, that we're doing that compilation in. We do not
17 conclude or do not verify any of the accuracy on any of the
18 information that is provided.
19 Q Is that different than a review or audit engagement?
20 A Yes.
21 Q In what way?
22 A Compilation, we're at lowest attestation, lowest
23 assurance in the attestation agreements. Review would be the
24 next level of an attestation agreement, which would include
25 review, year after year analytics, inquiries with management

C. Harris - Direct/Gaber Page 448

1 and then an audit would be the top attestation engagement
2 type where you're truly going into the underlying support
3 documents.
4 Q You mentioned the standard governing compilation
5 engagements. Do you know what those standards are? Can you
6 describe them?
7 A SSARS 80. Yes. SSARS 80, that is the main guidance
8 we file when we go through the compilation. It's a statement
9 on standards for accounting and review services and that's
10 what these programs are derived from that.
11 We followed that as our guide to complete all
12 of the necessary and required steps and procedures.
13 Q At this time, I'd like for you to turn to page 4, on
14 the screen here. Page four says that "Whitley Penn held a
15 planning call with Jeff McConney and Patrick Birney in early
16 October 2021."
17 Were you on this call?
18 A Yes.
19 Q Early October 2021. Can you describe what was
20 discussed at this call?
21 A We described it as our planning call. So, during
22 the planning call, we'd going over introducing our team to
23 the client. We'd also be introduced to the main points of
24 contact that we'd be working with in regards to that
25 engagement.

C. Harris - Direct/Gaber Page 449

1 We'd also go through a timeline of when we were
2 going to do this work for them. We also, during that time,
3 we'll ask for updates, things that are going on with the
4 operations of entities, any changes in systems or internal
5 controls and go through inquiries as well.

1 Q At this time, I would like you to flip to page 11.
2 It says there that, "The SOFC is prepared under ASC
3 274, personal financial statements. ASC 274 requires that all
4 assets and liabilities be reported as estimated current values
5 as of the reporting date."
6 What is your understanding of this requirement of ASC
7 274?
8 A Yes. Under ASC, so, all the assets and liabilities,
9 they say current value. That's the key word, versus book value.
10 Like, a G.A.A.P. audit is at book value, versus fair market
11 value, or current values, which is what that's referring to.
12 Q And does ASC 274 cover all personal financial
13 statements under G.A.A.P.?
14 A I couldn't answer that.
15 Q Okay.
16 MR. GABER: So, if we scroll down to page 14.
17 Q First, it says Patrick at the top of the page. Who is
18 Patrick?
19 A Patrick Birney.
20 Q Who is Patrick Birney?
21 A I'm not positive of his title, but he was main point
22 of contact that we had when we were completing Statements of
23 Financial Condition, and prepared and provided a majority of the
24 work papers.
25 Q Okay. So it says, "Patrick explained that he is the

C. Harris - Direct by Mr. Gaber Page 451

1 primary preparer of the valuations. Patrick obtained all of the
2 necessary information for the valuations from external and
3 internal sources. He worked with other team members to pull
4 this information together, such as Ray Flores. Ray Flores
5 performs the first review of Patrick's spreadsheet and financial
6 statements. Prior to issuance of the SOFC, an individual from
7 upper management of the Trump Organization, and also one of the
8 Trump family members, will read and review the financial
9 statements."
10 Mr. Harris, do you know who the individual from upper
11 management of the Trump Organization was, referred to here?
12 A Jeff McConney.
13 Q And Mr. Harris, do you know who the member of the
14 Trump family who read and reviewed the 2021 financial statement
15 was?
16 A We received the representation letter signed by Donald
17 Trump, Jr., as the trustee.
18 Q It's your understanding that he reviewed the
19 statement?
20 A We provided the final version to Jeff to provide to
21 him, and we got the representation letter returned to us,
22 signed, by Mr. Trump, Jr.
23 Q Thank you. We can move on.
24 Mr. Harris, I'm going to ask you to -- for
25 identification, I'm going to pass you a document that's marked

C. Harris - Direct by Mr. Gaber Page 452

1 Plaintiff's Exhibit 1515.
2 (Whereupon, a document was displayed, and handed
3 to the witness.)
4 Q So, this is a sort of series of emails, so we'll start
5 from the bottom.
6 MR. GABER: Not all the way. Sorry. Page two.
7 Q So, page two here, this is an email -- or, do you
8 recognize this document?
9 A What I'm holding here is different than that.
10 (Whereupon, there was a pause in the
11 proceedings.)
12 A This is different. Yeah. What I'm holding here is
13 not the same thing as what I'm seeing on the screen.
14 (Whereupon, there was a pause in the
15 proceedings.)
16 (Whereupon, a document was handed to the
17 witness.)
18 Q Do you recognize this document, Mr. Harris?
19 A Yes.
20 Q Can you -- is this your email address here, at the
21 top?
22 A Yes, it is.
23 Q Okay. And did you send this email?
24 A Yes.
25 MR. GABER: I would like to move Plaintiff's

C. Harris - Direct by Mr. Gaber Page 453

1 Exhibit 1515 into evidence.
2 THE COURT: Granted. It's in evidence.
3 (Whereupon, Plaintiff's Exhibit 1515 was received
4 in evidence.)
5 Q So, "Mr. Harris, I have included everything, based on
6 the information I have, but need help on audit committee and RP
7 section below, before getting this over to Felix, to
8 distribute."
9 First, what is RP, in this context?
10 A Related party.
11 Q Okay. And Mr. Harris, looking at this document, what
12 are you asking for here, can you tell me?
13 A This email took place as I was preparing to send out
14 our independence check.
15 Q Is that a conflict check?
16 A Yes.
17 Q And if you go to page three of the document,
18 Mr. Harris, one of the lines, it says, "List the names of the
19 board of directors/trustees, including the chairman of the audit
20 committee."
21 You were asking for that information, then. Do you
22 have an understanding of who those individuals are, for the
23 Trump Organization?
24 A Yes.
25 Q Can you tell me?

C. Harris - Direct by Mr. Gaber Page 454

1 A Donald Trump, Jr. and Eric Trump.
2 Q What do you understand Eric Trump's role to have been
3 with respect to the board of directors/trustees, including the
4 chairman of the audit committee?
5 A As the trustee, executive leadership, corporate
6 governance, tone at the top.
7 Q And Donald Trump, Jr.?
8 A Same responsibilities.
9 Q Did either -- did Eric Trump play any roles as a
10 member of, or chairman of, the audit committee for the Trump
11 Organization?
12 A They do not have an audit committee.
13 Q They do not have -- okay. What interactions did you
14 have with Eric Trump in their role as --
15 (Whereupon, there was a pause in the
16 proceedings.)
17 Q Tone at the top?
18 A The person in charge, they set the tone at the top.
19 The leader.
20 Q And did you have meetings with Eric Trump, in this
21 capacity?
22 A Is this in relation to the Statement of Financial
23 Condition?
24 Q Yes.
25 A No.

C. Harris - Direct by Mr. Gaber Page 455

1 Q How about generally?
2 A Who?
3 Q Mr. Eric Trump. Did you have meetings with Mr. Eric
4 Trump regarding other engagements?
5 A Other engagements, yes.
6 Q But you had no other meetings that included you
7 discussing the Statement of Financial Condition?
8 A Yes.
9 Q I had asked you if you had had any meeting with Eric
10 Trump that discussed the Statement of Financial Condition.
11 A No, I did not.
12 Q Did you have an annual meeting with Mr. Eric Trump
13 related to the Trump Organization engagement?
14 A Correct.
15 Q Yes?
16 A Yes.
17 Q The Statements of Financial Condition have been
18 discussed at any of these annual meetings?
19 A No, they were not.
20 Q You sure about that?
21 A Our first meeting took place subsequent to the
22 issuance of the Statement of Financial Condition.
23 Q Mr. Harris, do you remember giving a deposition in May
24 of this year?
25 A Yes.

C. Harris - Direct by Mr. Gaber Page 456

1 Q And I believe that we were at your counsel's office,
2 we sat in the conference room, there was a stenographer there?
3 A I remember, yes. I remember this.
4 Q Do you remember what I asked you about the audit
5 committee and the annual meetings at the time?
6 A Yeah.
7 Q Okay. And if I were to bring up your transcript,
8 would that potentially refresh your recollection as to answers
9 you gave during that meeting, or during that --
10 A I don't recall what I said.
11 Q Okay. And would it refresh your recollection if I
12 showed you your testimony from that day?
13 A Yes.
14 MR. GABER: I would like to refresh his rec, so
15 if we look at page 76.
16 (Whereupon, a document was displayed.)
17 Q So, I asked you:
18 "So, in this capacity that we are describing
19 here, did Don, Jr. or Eric certify that there were any
20 internal audit controls, policies or procedures at the
21 Trump Organization that you are aware of?"
22 And you said:
23 "No."
24 And I asked you:
25 "You have described some of what you understand

C. Harris - Direct by Mr. Gaber Page 457

1 Eric's role to be. You mentioned an annual meeting. You
2 had mentioned that you/he is present at meetings between
3 you and the managers of the hotels."
4 You said:
5 "Correct."
6 I asked:
7 "Any other interactions with Mr. Eric Trump in
8 regards to his, like, role as either --"
9 I think the transcript is a little --
10 "-- in the capacity of an audit committee member,
11 or --"
12 And then you said:
13 "Sure. On the audit side, those are primary
14 discussions."
15 Let me just see.
16 (Whereupon, there was a pause in the
17 proceedings.)
18 Q So then, if we skip ahead to 77, on line 11, I asked
19 you:
20 "Just the high level, just the high level
21 managerial operational stuff that you described?"
22 And then you said:
23 "Yup. Exactly right. That annual meeting we
24 have goes through all the engagements which, the Statement
25 of Financial Condition would be a part of that discussion."

C. Harris - Direct by Mr. Gaber Page 458

1 So, does this refresh your recollection as to whether
2 those annual meetings discussed the Statement of Financial
3 Condition?
4 MR. ROBERT: Objection, your Honor.
5 THE COURT: And what's the ground of the
6 objection?
7 MR. ROBERT: I think Mr. Gaber has to go up to
8 the question and answer that's before that, to put that in
9 context.
10 THE COURT: Well, let's do that, unless there's
11 an objection.
12 Q Okay.
13 "Question: Did you have any meeting with either
14 Don, Jr. or Eric, with respect to the SOFCs?"
15 You answered:
16 "Not specifically. Not specifically in relation
17 to the, yeah, Statement of Financial Condition."
18 And then, the question that I just read out.
19 So, while not specifically, did you have any meetings
20 in which the Statement of Financial Condition would be a part of
21 the discussion?
22 A I did not have any meetings with Donald Trump, Jr. or
23 Eric Trump in regards to the Statement of Financial Condition.
24 Q So, when you testified that at the annual meeting that
25 you had that goes through all the engagements, which the

C. Harris - Direct by Mr. Gaber Page 459

1 Statement of Financial Condition would be a part of that
2 discussion --
3 A I think the question, lines seven and nine, or line
4 nine, would be my answer, that I did not have any meetings in
5 relation.
6 Q Did you discuss the Statement of Financial Condition
7 at the annual meetings in any way?
8 A No.
9 Q That seems --
10 A Yes. It's contradictory, nine and fifteen are
11 definitely contradictory, but during those annual meetings that
12 we had in January, that's with Eric Trump and his accounting
13 team and the property managers, and we go through the audit and
14 other compilation engagements during that meeting.
15 Q Okay. Let's move on.
16 (Whereupon, a document was displayed, and handed
17 to the witness.)
18 Q So Mr. Harris, I'm handing you a document marked PX
19 2300 for identification. Do you recognize this document?
20 A Yes, sir.
21 Q Can you tell me what it is?
22 A Mazars engagement letter.
23 Q Engagement letter for what engagement?
24 A Engagement letter for the Statement of Financial
25 Condition.

C. Harris - Direct by Mr. Gaber Page 460

1 Q Okay. Mr. Harris, looking at the signature block, can
2 you tell me why this engagement letter is addressed to Mr. Eric
3 Trump?
4 A As the trustee of the revocable trust and most of the
5 properties, assets, liabilities that are included on the
6 Statement of Financial Condition fall under the revocable trust.
7 Q The signature block identifies Mr. Trump as president
8 of the Trump Organization. Did you understand that to be his
9 role at the time of this letter?
10 A Yes.
11 Q The letter then goes on to say:
12 "Mr. Trump -- Dear Mr. Trump, you have requested that
13 we prepare the financial statements of Donald J. Trump, the
14 company, which comprise your Statement of Financial Condition as
15 of June 30, 2021, and the related notes to the financial
16 statements required by accounting principles generally accepted
17 in the United States of America, G.A.A.P., and perform a
18 compilation engagement with respect to these financial
19 statements. We are pleased to confirm our acceptance and
20 understanding of this engagement by means of this letter."
21 So, this is, Whitley Penn will prepare the financial
22 statements and perform a compilation engagement with respect to
23 these statements. Is preparation and performing of the
24 compilation engagement different than compiling the Statement of
25 Financial Condition?

C. Harris - Direct by Mr. Gaber Page 461

1 A As part of the compilation engagement, what we were
2 doing is taking the information provided by the client,
3 reviewing that for any obvious errors, and then adjusting it for
4 any presentation or format issues to make sure it's in
5 accordance with that applicable guidance.
6 Q Does preparation include generating valuations of
7 assets or determining the amounts of liabilities in the
8 financial state?
9 A No. We do not verify anything, in a compilation.
10 Q So under, Our Responsibilities, it says, "The
11 objective of our engagement is to prepare financial statements
12 in accordance with G.A.A.P., based on information provided by
13 you, and then B, apply accounting and financial reporting
14 expertise to assist you in the presentation of financial
15 statements, without undertaking to obtain or provide any
16 assurance that there are no material modifications that should
17 be made to the financial statements in order for them to be in
18 accordance with G.A.A.P."
19 Can you describe what you mean, by without undertaking
20 to obtain or provide any assurance?
21 A Correct. As part of a compilation, we could not
22 verify the accuracy of any of the information that is provided,
23 and we do not provide an opinion, or any assurance or
24 conclusion, in regards to the accuracy of the information on
25 that compilation.

C. Harris - Direct by Mr. Gaber Page 462

1 Q Okay. And then a moment ago we discussed the, I
2 believe it's pronounced SSARSs?
3 A Correct.
4 Q And you had said you discussed them, but can you tell
5 me what they provide in the context of a compilation engagement,
6 including the ethical principles here?
7 A Yes. Under SSARSs, that is the guidance and the rules
8 that we follow. It provides the guidelines that we must follow,
9 and the procedures that we must do to be in compliance with the
10 compilation guidance.
11 Q And then the paragraph below that, it says, "We are
12 not required to, and will not, verify the accuracy or
13 completeness of the information you will provide to us for the
14 engagement, or otherwise gather evidence for the purpose of
15 expressing an opinion or conclusion. Accordingly, we will not
16 express an opinion or conclusion, nor provide any assurance on
17 financial statements."
18 Why are you not required to verify accuracy or
19 completeness of the information?
20 A That's the definition of a compilation.
21 Q So --
22 A Under -- not required, under a compilation, to do
23 those procedures.
24 Q Okay. And assurance here, again, I think you
25 described it, means what?

C. Harris - Direct by Mr. Gaber Page 463

1 A We are not providing any opinion or providing any
2 conclusions in regards to the information within the Statement
3 of Financial Condition.
4 Q In the next paragraph it says, "Our engagement cannot
5 be relied upon to identify or disclose any financial statement,
6 misstatement, including those caused by fraud or error, or to
7 identify or disclose any wrongdoing within the entity, or
8 noncompliance with laws and regulations."
9 Is this also part of the compilation standards that
10 you have discussed?
11 A Correct.
12 Q So, this is set by the AICPA for any compilation
13 engagement?
14 A Correct.
15 Q Can I direct to you page two? Under the header, Your
16 Responsibilities, it says, "This engagement is -- the engagement
17 to be performed is conducted on the basis that you acknowledge
18 and understand that our role is, to prepare financial statements
19 in accordance with G.A.A.P., and assist you in the presentation
20 of the financial statements in accordance with G.A.A.P. You
21 have the following overall responsibilities that are fundamental
22 to our undertaking the engagement, in accordance with SSARSs."
23 And then there's a list here of several items that fit
24 that description. Can I just ask, as a general matter, for all
25 of the responsibilities listed here in the A through G -- sorry,

C. Harris - Direct by Mr. Gaber Page 464

1 A through H, is it important that a client acknowledge and
2 understand their responsibilities, as described here?
3 A Yes.
4 Q Is it necessary for them to do so in order for Whitley
5 Penn to take an engagement such as this one?
6 A Yes.
7 Q So, beneath the list of responsibilities, the document
8 also says that the Trump Organization would be responsible for,
9 quote, "Designating an individual with suitable skills,
10 knowledge and experience to oversee our preparation of your
11 financial statements."
12 To your knowledge, was somebody at the Trump
13 Organization designated for this purpose, in fact?
14 A Jeff McConney.
15 Q Jeff McConney.
16 So, it also says, "You are also responsible for all
17 management decisions and responsibilities --" Sorry. That's
18 what I just read.
19 Okay. Later in the document, it says, "These
20 responsibilities are fundamental to your undertaking the
21 engagement."
22 I think that you already said that Whitley Penn would
23 require the client to acknowledge all of these things before
24 taking it, but why are they fundamental? Can you explain that?
25 A Under a compilation, we are not doing anything, you

C. Harris - Direct by Mr. Gaber Page 465

1 know, to verify the accuracy of that information, so that
2 responsibility and accountability follows within the client to
3 be doing those things so that the information is correct,
4 because we didn't do anything to verify that it is correct.
5 Q And then the last sentence on this page, it says, "You
6 are responsible for evaluating the adequacy and results of these
7 services performed, and accepting responsibility for such
8 services."
9 What does that mean to you, for a client to be
10 responsible for those items?
11 A The client needs to make representations that the
12 information that they are providing is accurate and complete,
13 and in accordance with the framework that we are following.
14 Q Can we go down to the next page, then?
15 On page three of this, under, Our report, it says, "As
16 part of our engagement, we'll issue a report on the compiled
17 financial statements that will state that we did not audit or
18 review the financial statements, and that accordingly, we do not
19 express an opinion, a conclusion, or provide assurance on them."
20 I believe that you describe the assurance issue. Then
21 it says, "Our report will disclose," and for the sake of time,
22 I'll just say that there's a long list here of disclosures that
23 the report will include. Are you able to summarize what these
24 disclosures are?
25 A Under the compilation guidance, again, we, the

C. Harris - Direct by Mr. Gaber Page 466

1 management, acknowledged that the framework was going to be
2 under G.A.A.P., and so we reviewed all of the information that
3 we were providing, reviewed the Statement of Financial Condition
4 and the report to ensure that it's in that proper presentation
5 and format that follows G.A.A.P., but then you must disclose any
6 departures from G.A.A.P., and so these are the departures from
7 G.A.A.P.

8 Q So, departures from G.A.A.P. are required disclosure
9 in a compilation report?

10 A Correct.

11 Q And so, would each one of the disclosures here be
12 necessary to disclose, before you were to issue your compilation
13 report?

14 A Restate that question?

15 Q So, if there is a departure from G.A.A.P. in the
16 financial statement, you would -- would you issue the
17 compilation report, without disclosure of that departure?

18 A No.

19 Q Okay. At the bottom of this paragraph it says, "If
20 these provisions were to be included in the financial
21 statements," referring to the disclosures that we just
22 discussed, "they might influence the user's conclusions about
23 the entities' financial position, results of operations, and
24 cash flows. Accordingly, the financial statements will not be
25 designed for those who are not informed about such matters.

C. Harris - Direct by Mr. Gaber Page 467

1 There may be circumstances in which the report differs from the
2 expected form and content."

3 Can you explain to me what it means here, that the
4 provisions -- if the provisions were to be included, they might
5 influence the user's conclusions? What does that mean?

6 A That if all this information was included, that the
7 amounts could be different.

8 Q And what does it mean that the statements will not be
9 designed for those who are not informed about such matters?

10 A Anybody that uses the statement should understand that
11 the numbers have not been verified, we have not verified the
12 accuracy of them, and we have not concluded or provided any sort
13 of assurance on them, and that these departures could change the
14 amounts that are being presented, on that statement of the
15 financial condition. So, any user needs to be aware of those
16 disclaimers.

17 Q Is that for the benefit of Whitley Penn, as the
18 compiler?

19 You just described that it -- that you hadn't
20 performed assurance on it, and so the user would need to be
21 aware of that.

22 A I think part of it, yeah, it's for Whitley Penn. Yes.

23 Q Okay. So is the warning here, that users might reach
24 a different conclusion about the financial condition of Donald
25 J. Trump, is that wording based only on the G.A.A.P. exceptions

C. Harris - Direct by Mr. Gaber Page 468

1 here, the disclosure of the G.A.A.P. exceptions, or is it just
2 broadly, that's construed.

3 A I believe this paragraph, specifically, that we are
4 referring to, is talking about the disclaimers and the
5 differences, those departures and the differences, those could
6 make.

7 Q So Mr. Harris, having gone through the statements that
8 Whitley Penn has made in the engagement letter, and looking at
9 the Trump's organizations responsibilities in the engagement,
10 broadly speaking, what's the role of this mutual responsibility
11 and obligation in the engagement letter?

12 A The majority of the responsibility falls upon the
13 client to do A through G, or H, that was listed on that previous
14 page, whereas part of our compilation procedures -- again,
15 you're gathering information from a client, reviewing it for
16 obvious errors, and putting it into a usable format that's in
17 accordance with the framework.

18 MR. GABER: Can we go to the bottom of the
19 document?

20 Q So, at the bottom it says, response, "This letter
21 correctly sets forth our understanding, The Trump Organization,
22 acknowledged and agreed on behalf of the Trump Organization by,"
23 and then do you recognize that signature, Mr. Harris?

24 A Yes, I do.

25 Q Whose signature is that?

C. Harris - Direct by Mr. Gaber Page 469

1 A Eric Trump.

2 Q Did you have an understanding of whether Eric Trump
3 had the authority to retain Whitley Penn for this engagement,
4 based on his position at the Trump Organization?

5 A I would presume the trustee and president would be
6 able to make that decision.

7 Q Okay. And would Whitley Penn perform a compilation
8 report without an engagement letter?

9 A No.

10 (Whereupon, a document was displayed, and handed
11 to the witness.)

12 Q So Mr. Harris, I'm handing you, for identification, a
13 document that has been marked Plaintiff's Exhibit 1512.

14 Do you recognize this document Mr. Harris?

15 A Yes. I recognize this document.

16 Q Can you describe to me what it is?

17 A Yeah. Email from another engagement team member to
18 me. He was trying to put the agenda together that we would
19 provide the client, as we started to begin the planning and the
20 compilation for the Statement of Financial Condition.

<p>C. Harris - Direct/Gaber Page 470</p> <p>1 MR. GABER: First, I'd like to move this document 2 into evidence. 3 THE COURT: Granted. It's in evidence. 4 Q Can you tell me who Mr. McKinnell is? 5 A Steven McKinnell was the senior manager on the 6 Statement of Financial Condition. 7 Q Okay. "I tried to strip this down to keep it a 8 compilation scope." Then he goes to SSARS 80. Then says "if 9 we do anything more than that, we run the risk of performing 10 assurance procedures." 11 Can you explain what you understood Mr. 12 McKinnell to be concerned about here? 13 A He was pulling this agenda from our normal planning 14 agenda that we use for, primarily, our audit and review 15 engagements; and, so, there's additional items that are 16 already included on that template agenda that were not 17 necessary to be on it for a compilation. 18 Q I believe that the agenda is attached to this 19 document, it's pages 2 and 3. 20 Can you identify what the agenda items are that 21 he was concerned about? 22 A It's our standard agenda. The management inquiries 23 are-- a few of them are taken off on that. 24 Q Sorry? 25 A A few of the management inquiries, number seven,</p>	<p>C. Harris - Direct/Gaber Page 472</p> <p>1 report. 2 Q The Statement of Financial Condition, the final 3 report. What are the components of this document? 4 A This document would be made up of our compilation 5 report, which is our letter to the trustee that goes at the 6 front of this report and then it's going to include the 7 Statement of Financial Condition as well as the footnotes and 8 disclosures. 9 MR. GABER: First, I'd like to admit this 10 document in evidence. 11 THE COURT: Granted. It's in evidence. 12 Q You just said, Mr. Harris, you'd include our 13 compilation report. Whitley Penn is responsible for the 14 compilation report? 15 A When I say compilation report, I'm referencing just 16 the one page that has our signature on it. 17 Q In addition to the compilation report, you mentioned 18 the Statement of Financial Condition and the notes. 19 Who is responsible for the content of the 20 Statements of Financial Condition? 21 A The client's responsible for that. 22 Q Who's responsible for the notes? 23 A The client is responsible for them. 24 Q So, at the top of this, this is the report that you 25 were describing, right?</p>
<p>C. Harris - Direct/Gaber Page 471</p> <p>1 that's the main part of what he was referring to. 2 Q As beyond the scope of the compilation engagement? 3 A Not beyond the scope. Sorry. Restate your original 4 question. 5 Q I had just asked you, I believe, and the last answer, 6 you said that Mr. McKinnell was looking at the agenda and 7 trying to make sure the items that were going to be discussed, 8 that would put you in the position of providing too much 9 assurance or getting rid of the audit scope of the 10 compilation. I was trying to understand and identify any of 11 the items here. 12 A Yes, number seven, the management inquiries. It's 13 larger than the audit review agenda. There's more items. 14 Q Looking at this agenda, as you and Mr. McKinnell, as 15 the engagement team, and two other client teams Jeff McConney, 16 Raymond Flores and Patrick Birney, these were the individuals, 17 the ones at this meeting? 18 A Correct. 19 Q It seems we don't have paper copies of this. Are you 20 comfortable with just reviewing it on the screen, Mr. Harris? 21 A Yes. 22 Q Do you recognize this document? 23 A Yes. 24 Q Can you tell us what this is? 25 A Our Statement of Financial Condition, the final</p>	<p>C. Harris - Direct/Gaber Page 473</p> <p>1 A Correct. 2 Q It says: "The trustee of the Donald J. Trump 3 Revocable Trust dated April 7, 2014 as amended on behalf of 4 Donald J. Trump, are responsible for the accompanying personal 5 financial statement which comprises the Statement of Financial 6 Condition as of June 30, 221 and related notes to the 7 financial statement in accordance with accounting principals 8 generally accepted in the Untied States of America." 9 Then it says: "We had performed a compilation 10 engagement in accordance with the statements on standards for 11 accounting and review services promulgated by the Accounting 12 and Review Services Committee of the AICPA. We did not audit 13 or review the financial statement nor were we required to 14 perform any procedure to verify the accuracy or the 15 completeness of information provided by the trustee of Donald 16 J. Trump Revocable Trust dated April 7, 2014, as amended on 17 behalf of Donald J. Trump. Accordingly, we do not express an 18 opinion, a conclusion, nor provide any form of assurance on 19 this personal financial statement." 20 Can you explain why this language is included in 21 your report? 22 A It's going back through a lot of that compilation 23 guidance that's stating that the client is ultimately 24 responsible for this, as the accounting firm would be 25 responsible for taking the information that the client</p>

<p>C. Harris - Direct/Gaber Page 474</p> <p>1 provided, reviewing it for obvious errors, and putting it 2 into the format that would then be used by GAAP in this 3 circumstance. 4 Q Who is this addressed to, this report? 5 A The trustee. 6 Q It says: "The effects of these departures. These 7 departures above," being the GAAP disclosures that were 8 referenced in the engagement letter. You can correct me if 9 I'm wrong. "From the accounting principles generally accepted 10 in the United States of America have not been determined." 11 Can you explain that? 12 A As part of the compilation guidance, the accountants 13 are not responsible to understand what the effects of those 14 departures from GAAP are that we've included within that 15 disclaimer paragraph. 16 THE COURT: Five-minute warning. 17 Q It says: "Because of the significance and 18 pervasiveness of the matters discussed above." 19 I'll first ask, what are the matters discussed 20 above? What do you understand that to be? 21 A From the previous page, it's discussing who's 22 responsible and that it's in GAAP, that it would not provide 23 our assurance or conclusion on it. It includes the departure 24 from GAAP as well. 25 Q It says: "Makes it difficult to assess their impact</p>	<p>C. Harris - Direct/Gaber Page 476</p> <p>1 in there so that the user will refer back to that compilation 2 report we just went through that has those certain departures 3 and some of that wording that provided no assurance on this 4 information. 5 Q Right before we take a break, it says "assets are 6 stated at their estimated current values and liabilities at 7 their estimated current amount using various valuation 8 methods." 9 Can you explain what that means? 10 A The client prepared calculations for the assets and 11 liabilities-- well, for the assets in regards to -- they 12 prepared calculations to get to the fair market value, the 13 current value, or selling price of these assets. 14 Q The client prepared them? 15 A Yes. 16 MR. GABER: Judge, we can take a break now. 17 Okay? 18 THE COURT: Another ten-minute break. Take 19 15 minutes. 20 (Recess taken.) 21 THE COURT: Let's get the witness. 22 (Whereupon, the witness enters the courtroom.) 23 THE COURT: Please proceed. 24 Q Mr. Harris, you said the client is responsible for 25 calculating the assets and liability in the Statement of</p>
<p>C. Harris - Direct/Gaber Page 475</p> <p>1 on the person financial statement. Users of this personal 2 financial statement should recognize that they might reach 3 different conclusions about the financial condition of Donald 4 J. Trump if they had access to a revised Statement of 5 Financial Condition prepared in conformity with the accounting 6 principles generally accepted in the United States of 7 America." 8 Who are the users of this personal financial 9 statement? 10 A That, as my understanding, this requirement came 11 from a lender. 12 Q Do you know which lender? 13 A I believe Deutsche. 14 Q Does this paragraph only refer to the disclosed 15 exceptions to GAAP listed on the previous page? 16 We can go up to that, if you want to see it? 17 A Yeah. I think it's referring exactly to those 18 departures from GAAP as well as this other paragraph in 19 regards to effects of COVID on the operations of the assets. 20 Q This here, this is, it's labeled The Notes to 21 Statement of Financial Condition. 22 Why does it say in parentheses Independent 23 Accountant's Compilation Report? 24 A That's a requirement in the disclosure checklist for 25 compilation to include that wording in there. I think it's</p>	<p>C. Harris - Direct/Gaber Page 477</p> <p>1 Financial Condition? 2 A Correct. 3 Q Did Whitley Penn determine any of the values 4 presented in the Statements of Financial Condition? 5 A No, we did not verify the accuracy of the 6 information. 7 Q Did Whitley Penn determine any valuation methods for 8 the client to use? 9 A No, we did not determine any valuation methods. 10 Q Mr. Harris, I'm going to hand you an exhibit marked 11 PX 050101, slip-sheet for a document provided to us. Do you 12 recognize the spreadsheet, Mr. Harris? 13 A Yes, sir. 14 Q Can you tell me what that is? 15 A This worksheet, the Excel worksheet was provided by 16 the client. It included all of the asset amounts that feed, 17 tie back into the Statement of Financial Condition. 18 Q Is that the final version that was used to tie back 19 to your final compilation report? 20 A If it was pulled from our work papers, it would be 21 the final version. 22 Q I can represent to you it was pulled from your work 23 papers. 24 A Yes. 25 MR. GABER: I ask that this be admitted into</p>

C. Harris - Direct/Gaber Page 478

1 evidence.
2 THE COURT: Granted. It's in evidence.
3 MR. GABER: I'm not sure that the engagement
4 letter, if I officially said the magic words. In risk of
5 repeating myself, I'd ask that that be moved into
6 evidence as well.
7 THE COURT: At the risk of repeating myself,
8 granted. It's in evidence.
9 Q So, what do you use this document for when completing
10 your compilation engagement?
11 A This document provided by the client we review it
12 for obvious errors. So, we scroll through it looking for
13 mathematical errors and going through everything that is on--
14 everything on here to see if there's obvious errors we come
15 across. This would be the source document that ties back to
16 the Statement of Financial Condition.
17 Q Did you rely on any other backup or support documents
18 in connection with the 2021 SOFC engagement?
19 A There were multiple prepared by the client, work
20 papers that were provided to us by the client and they all
21 stated in our engagement letter so there are other details
22 that are in there that tie back to the Statement of Financial
23 Condition outside of just this one document, but, this
24 includes all of the cash, the escrow, and then all of the
25 property and investment accounts.

C. Harris - Direct/Gaber Page 479

1 Q So, any asset or liability listed in this Statement
2 of Financial Condition would be found in this document?
3 A The liabilities are not within this work paper.
4 Q Where do the liabilities come from?
5 A We have a separate detail for an accounts payable
6 detail and notes payable detail that are included within our
7 work papers that detail out all of those portions, the
8 liability portion of Statement of Financial Condition.
9 Q Okay. You said that Whitley Penn would correct any
10 obvious errors in this document; is that correct?
11 A Management or the clients would correct any errors
12 that we noted. Any obvious errors, we would not make the
13 corrections.
14 Q Did you perform any analysis or analytic procedure on
15 the assets listed here?
16 A No, we do not.
17 Q I'm going to present you an exhibit now marked
18 Plaintiff's Exhibit 1502 for identification.
19 Do you recognize this document, Mr. Harris?
20 A Yes, sir.
21 Q Can you tell me what it is?
22 A This is our representation letter. This letter is
23 prepared by us but we provide it to the client to review and
24 sign and return to us. It is the last work paper that we
25 receive prior to issuing our final compilation report and it

C. Harris - Direct/Gaber Page 480

1 includes representations that management is making, that
2 representations are stating that the information that the
3 client has provided is accurate, complete, and in accordance
4 with applicable framework.
5 Q The second paragraph here says: "Certain
6 representations in this letter are described as being limited
7 to matters that are material. Items are considered material,
8 regardless of size, if they involve an omission or
9 misstatement of accounting information such that in the light
10 of surrounding circumstances there is a substantial likelihood
11 that individually or in the aggregate, they would
12 significantly influence the judgment made by a reasonable user
13 based on the SOFC."
14 I just want to ask you, what does it mean if the
15 items are considered material, regardless of size?
16 A On the compilation we did prepare materiality
17 calculation but, yeah, if anything can be misconstrued by the
18 user, regardless of that materiality that we use, yeah, it
19 could significantly influence or change your judgment.
20 Q It says: "We acknowledge our responsibility and have
21 fulfilled our responsibilities for the preparation and fair
22 presentation of the SOFC in accordance with accounting
23 principles generally accepted in the United States of America
24 except for the following items:" Then there's, I believe, a
25 list, we've grown very familiar with, of GAAP exceptions but

C. Harris - Direct/Gaber Page 481

1 would Whitley Penn have issued the SOFC if the client did not
2 make this representation about the GAAP exceptions?
3 A No.
4 Q Now, in the interest of time, I won't read through
5 all the representations but there's a number of
6 representations in this document that are being made.
7 Would Whitley Penn issue the compilation report
8 without these representations from management?
9 A We would not issue a report without getting the
10 signed representation letter.
11 Q In this form?
12 A In?
13 Q Signed representation. Would Whitley Penn have
14 issued the 2021 SOFC without a signed representation letter in
15 this form?
16 A This form?
17 Q This letter. Not any letter. A letter that lists
18 out everything here?
19 A Correct.
20 MR. GABER: Apparently, I have not moved to
21 admit this into evidence. I'd like to do so.
22 THE COURT: Granted. It's in evidence.
23 MR. ROBERT: Can we ask Mr. Sherief to speak a
24 little more into the microphone.
25 MR. GABER: I'll try that. Can we scroll to the

C. Harris - Direct/Gaber Page 482

1 bottom of this.
2 MR. ROBERT: Thank you, sir.
3 Q Do you recognize the signature on this document, Mr.
4 Harris?
5 A Yes.
6 Q Whose signature is that Mr. Harris?
7 A Mr. Donald J. Trump, Jr..
8 Q So, Mr. Donald J. Trump, Jr. signed the management
9 representation letter on behalf of the Donald J. Trump
10 Revocable Trust which, I believe you said, holds many of the
11 entities represented in this?
12 A That would be accurate, yes.
13 Q Mr. Harris, did Whitley Penn perform any work
14 concerning any 2022 or later Statement of Financial Condition
15 of Donald J. Trump?
16 A No, we did not.
17 Q Were you ever asked to?
18 A No, we were not.
19 Q Did you ever inquire as to whether it would be sought
20 from the Trump Organization?
21 A We did inquire of it, as part of our normal
22 engagement procedure. Prior to the time period when we would
23 expect to start that engagement, we reached out to Jeff
24 McConney in regards to the 2022 Statement of Financial
25 Condition at which point he said to hold off working on that

C. Harris - Direct/Gaber Page 483

1 and he concluded later on, reached back out stating it was no
2 longer necessary.
3 Q Is the Trump Organization still a client of Whitley
4 Penn on other engagements?
5 A Yes.
6 MR. GABER: Nothing further. Thank you, Mr.
7 Harris.
8 THE COURT: Cross-examination?
9 MR. ROBERT: At this time, we reserve to be able
10 to call the witness back during our case, pursuant to the
11 order of stipulation that we had.
12 THE COURT: Counsels, step up.
13 (Side-bar discussion held off the record.)
14 THE COURT: So, the defendants are reserving the
15 right to call Mr. Harris back for cross-examination and
16 we're going to go with Bender at this point. Back to
17 Bender, correct?
18 MR. ROBERT: Correct, your Honor. Thank you,
19 sir.
20 MR. WALLACE: If they call Mr. Harris on their
21 case in chief, it would be a direct examination and not a
22 cross-examination.
23 MR. ROBERT: That's fine, your Honor.
24 THE COURT: All agreed.
25 (Whereupon, Mr. Bender resumes the stand.)

D. Bender - Cross/Suarez Page 484

1 D A V I D B E N D E R, having been previously
2 duly sworn, resumed the witness stand and continued to
3 testify as follows:
4 THE COURT: I remind the witness you're still
5 under oath.
6 THE WITNESS: Thank you, your Honor.
7 CROSS-EXAMINATION (Cont'd)
8 BY MR. SUAREZ:
9 Q Mr. Bender, good afternoon. Have you had the
10 opportunity to discuss your testimony with anyone since we
11 last spoke?
12 A I had privileged conversations.
13 Q Did you have an opportunity to discuss your testimony
14 with anyone since we speak?
15 A Any conversation would be subject to attorney/client
16 privilege.
17 MR. SUAREZ: That's not what I'm asking. I'm
18 asking if he spoke to anyone.
19 THE COURT: Let's get a blanket yes or no. Did
20 you speak to anybody in this case about your testimony?
21 THE WITNESS: Yes.
22 Q Who did you speak with?
23 A That would be privileged.
24 THE COURT: I don't think-- who you speak with
25 is not privileged.

D. Bender - Cross/Suarez Page 485

1 THE WITNESS: Counsel.
2 Q You spoke with your counsel?
3 A Yes.
4 MR. SUAREZ: May I inquire which counsel he
5 spoke with?
6 THE COURT: Yes.
7 Q Which counsel did you speak with?
8 A I had lunch with counsel from Blank Rome and Wilson
9 Elser.
10 Q Did either of the counsel tell you how you should
11 testify here today?
12 A No, sir.
13 Q Okay.
14 MR. SUAREZ: We'll pull up Plaintiff's
15 Exhibit 741.
16 Q Do you recognize this document, Mr. Bender?
17 A Yes, I do.
18 Q What is this document?
19 A This is the representation letter for the
20 compilation of the personal financial statement of Donald J.
21 Trump as of June 30, 2016.
22 Q Did you draft this document?
23 A Did I draft it? I supervised it. I don't know if I
24 drafted it or a member of my team drafted it.
25 Q What member of your team would have drafted this

D. Bender - Cross/Suarez Page 486

1 document?
2 A I couldn't answer that without seeing the work
3 papers.
4 Q Just to be clear, which work papers?
5 A In our binders there are all these papers are list
6 and tells you who worked on the --
7 Q Those binders would tell me which individual person
8 actually drafted this management representative letter?
9 A It wouldn't tell me who drafted it, but might tell
10 me who worked on it.
11 Q Did you discuss the contents of this management
12 representation letter with anyone at Trump Organization?
13 A I don't recall.
14 Q Did any member of your team discuss this letter with
15 anyone at the Trump Organization?
16 A Nobody from my team discussed it, other than me, if
17 I would have discussed it.
18 Q Why is that?
19 A Because nobody else would have -- would have come to
20 me.
21 Q You were the person that had communications with the
22 Trump Organization on behalf of your firm?
23 A Not on all matters.
24 Q As it relates to the compilations of the President's
25 Statements of Financial Condition, were you the individual

D. Bender - Cross/Suarez Page 488

1 Q Portal?
2 A Yeah.
3 Q What is portal?
4 A Put into a portal.
5 Q Would you review all the documents that were put into
6 a portal by the Trump Organization?
7 A Would I personally do it?
8 Q Yes.
9 A Not necessarily, no, sir.
10 Q Who would review it on your behalf?
11 A On this engagement or any engagement?
12 Q On any engagement with the Trump Organization?
13 A Items, in general, that went into a portal in later
14 years would have been put-- certain interns would have loaded
15 it into another binder.
16 Q Who would have reviewed that for you?
17 A Who would have reviewed it?
18 Q Yes. The documents that were uploaded to the portal,
19 who would have reviewed it for you?
20 A I don't know if anybody reviewed it after it went
21 into the binder. What do you mean by review?
22 Q Do you know what it means to review a document?
23 A Yes.
24 Q Okay. If documents were uploaded by the Trump
25 Organization to Mazars portal, who would have reviewed the

D. Bender - Cross/Suarez Page 487

1 that had discussions with staff at the Trump Organization?
2 A Members of my team could have had discussions also.
3 Q In connection with the 2016 Statement of Financial
4 Condition, which members of your team could have had
5 discussions with staff at the Trump Organization?
6 A I would need to see the binders to see who worked on
7 it.
8 MR. SUAREZ: You can turn to the following page,
9 please. The following page.
10 Q Here at the bottom of this document, are you aware
11 whether this document was actually signed by Mr. Weisselberg
12 or Mr. Trump, Jr.
13 A It appears to be their signatures.
14 Q Who would you know that?
15 A I recognize their signatures.
16 Q How is that the case?
17 A I've seen their signatures a number of times over
18 the years.
19 Q Okay. How was this letter transmitted to Mazars?
20 A I can't be 100 percent sure.
21 Q How do you think that the letter was transmitted to
22 Mazars?
23 A Either by e-mail or portal.
24 Q Excuse me?
25 A Either by e-mail or portal.

D. Bender - Cross/Suarez Page 489

1 documents?
2 A Again, the word "review" I'm not going to use but
3 who would have looked at the documents is what other staff
4 member subsequently pulled it up the files to work on that
5 engagement.
6 Q Okay. Are you mindful of the difference between
7 looking at a document and reading it?
8 A Yes.
9 Q What is the difference between looking at a document
10 and reading it?
11 A Reading it is reading the whole document. Looking
12 at it would have been to look --
13 Q Looking at it is just to observe the fact that a
14 document exists?
15 A Yes. They would have looked more looked at it if
16 they needed the document, they would have used it, in
17 general.

D. Bender - Cross by Mr. Suarez Page 490

1 Q Who would have read and comprehended the documents
2 that were uploaded by the Trump Organization in the Mazars
3 portal?
4 A Whichever staff member would have been assigned to
5 work on an engagement would have done whatever procedures were
6 required for the engagement they were working on.
7 Q Okay. And in connection with the 2016 compilations
8 report for the Statement of Financial Condition, who would have
9 read and reviewed the documents that were uploaded in the Mazars
10 portal by the Trump Organization?
11 A I'm not sure it went into the portal. I'm just
12 saying, it's a possibility.
13 Q So, the Trump Organization, it's possible, could have
14 been uploading documents into the portal, but you don't know who
15 would have read those documents?
16 A Any person who would have signed off on the document,
17 or on the binder -- any staff member who would have worked on
18 the, prepared the work papers, an individual entity, would sign
19 off on the work papers that they worked on.
20 Q But you don't know who that was?
21 A On which occasion?
22 Q In the connection with the 2016 compilation report for
23 the Statement of Financial Condition.
24 A You need to look in the binder and see who signed off
25 on the binder.

D. Bender - Cross by Mr. Suarez Page 491

1 Q Are these physical binders?
2 A Electronic binders.
3 Q They are electronic binders. Did you access to the
4 electronic binders?
5 A Yes.
6 Q And in connection with preparing your compilation
7 report for the Statement of Financial Condition, did you read
8 and understand the documents that were in the electronic
9 binders?
10 A I did not read -- all I did not necessarily read all
11 of the documents.
12 Q Okay.
13 MR. SUAREZ: If we can please turn to Plaintiff's
14 Exhibit 740, and if we can zoom into the section that says,
15 Our responsibilities.
16 (Whereupon, a document was displayed, and handed
17 to the witness.)
18 A Excuse me. Which paragraph?
19 Q We are looking here at, Our responsibilities, and you
20 would agree, Mr. Bender, that this was the engagement letter
21 prepared by Mazars in connection with the 2016 compilation
22 report for the Statement of Financial Condition?
23 A Yes, sir.
24 Q Okay. Do you see in paragraph two, where it says,
25 "The objective of our engagement is to apply accounting and

D. Bender - Cross by Mr. Suarez Page 492

1 financial reporting expertise to assist you in the presentation
2 of the financial statement, without undertaking to obtain or
3 provide any assurance that there are no material modifications
4 that should be made to the financial statement in order for it
5 to be in accordance with accounting principles generally
6 accepted in the United States."
7 Do you see that?
8 A Yes, sir.
9 Q All right. What accounting and financial reporting
10 expertise did you apply to assist the Trump Organization in the
11 presentation of the financial statement?
12 A I applied compilation procedures, as deemed necessary
13 to do this engagement.
14 Q Any others?
15 A I can't tell you what I did for the June 30, 2016
16 statement without my binder to see if I did anything else that I
17 could find.
18 Q So, paragraph one of this document says, "The
19 objective of our engagement is to prepare the financial
20 statements in accordance with accounting principles generally
21 accepting in the United States of America, based on information
22 provided by you."
23 Do you see that?
24 A Yes, sir.
25 Q So, "you," is the Trump Organization, in this case?

D. Bender - Cross by Mr. Suarez Page 493

1 A Yes, sir.
2 Q They would provide, you, Mazars, through Mr. Bender,
3 information; correct?
4 A They provided us information, that we do compilation
5 procedures.
6 Q Okay. And then you, Mazars, undertook the
7 responsibility to apply accounting and financial reporting
8 expertise. In the second paragraph. Do you see, in the second
9 paragraph --
10 A Yes, sir.
11 Q -- it says, "Apply accounting and financial reporting
12 expertise?"
13 A To assist.
14 Q To assist. So, you undertook, you promised the Trump
15 Organization that you were going to apply Mazars allegedly
16 considerable accounting and financial reporting expertise to
17 assist the Trump Organization.
18 A We were engaged to compile financial statements.
19 Q But that's not what this says. This doesn't say that,
20 We agree that it is our responsibility to apply compilation
21 procedures, Mr. Bender. This goes a step further. It says that
22 you are going to assist them in the presentation of the
23 financial statements.
24 A Without undertaking or obtaining or providing any
25 assurance that there are no material modifications that should

D. Bender - Cross by Mr. Suarez Page 494

1 be made.
2 Q And granted, it says that, but what meaning do you
3 ascribe to the concept that there was expertise that you were
4 going to apply to assist your client in preparing those
5 financial statements?
6 A If you would need a further definition, I would have
7 to reach out. We would need to get somebody who is an expert in
8 compilations.
9 Q So, you are not sure of what additional expertise was
10 applied to the Trump Organization.
11 A I would want to get expert help.
12 Q And is that something that we would be able to
13 determine, from your time records? Did you log this in your
14 time entries?
15 A Did I do the --
16 Q Yes.
17 A Did I --
18 Q Did you maintain time entries? All the lawyers in
19 private practice are still traumatized by time entries.
20 A I did time sheets.
21 Q You do time sheets.
22 A Yes.
23 Q And you maintain time sheets in connection with your
24 work on the compilation reports for the Statements of Financial
25 Condition?

D. Bender - Cross by Mr. Suarez Page 495

1 A Yes, sir.
2 Q And would those time sheets adequately describe the
3 accounting and financial reporting expertise that you applied to
4 assist in the presentation of the financial statements?
5 A I don't think -- you would have to check to see if
6 there were descriptions.
7 Q All right. And how were those time sheets kept?
8 A Electronically.
9 Q Are they in the binders?
10 A No, sir.
11 Q Where are they kept, in the Mazars universe?
12 A You would have to speak to somebody in internal
13 accounting.
14 Q The last time -- you retired from Mazars in what year,
15 Mr. Bender?
16 A '22.
17 Q In 2022? And at that time, if you needed to pull up
18 your accounting records to see your time sheets and your time
19 entries, how would you do that?
20 A I would have the ability to pull up most of those,
21 that information, yes.
22 Q You would have had the ability?
23 A Yes.
24 Q Affirmatively had the ability to do?
25 A Yes.

D. Bender - Cross by Mr. Suarez Page 496

1 Q And if you needed to do it, how would you do it?
2 A I would load my time entry program.
3 MR. WALLACE: Objection, at this point.
4 I interrupted the witness. I apologize.
5 MR. SUAREZ: We'll move on.
6 Next page.
7 Q Do you see this disclaimer language here, Mr. Bender,
8 where it says that your own report will include the following
9 and, then it has a disclaimer?
10 A Yes, sir.
11 Q And if I were to pull up the compilation report for
12 2016, Plaintiff's Exhibit 742 -- excuse me, Plaintiff's
13 Exhibit 756, Plaintiff's Exhibit 756, that would have the same
14 disclaimer?
15 MR. WALLACE: Objection. I'm not sure the record
16 it clear what Plaintiff's Exhibit 756 is.
17 THE WITNESS: That's what I want to make sure.
18 (Whereupon, a document was displayed, and handed
19 to the witness.)
20 A Yes, sir.
21 Q We are going to blow up 756, and it will show the
22 disclaimer, and that disclaimer appears there, on the second
23 paragraph of 756.
24 A No. That's the last paragraph.
25 Q Last paragraph?

D. Bender - Cross by Mr. Suarez Page 497

1 A Not the second paragraph.
2 Q Significance and pervasiveness of the matters
3 discussed above?
4 A Yes, sir.
5 Q And the engagement letter was a prerequisite to you
6 getting the engagement to prepare the compilation report;
7 correct?
8 A We might have started the procedures before we
9 received the physical engagement letter.
10 Q So, you did not need an engagement letter to start the
11 procedure; is that your testimony?
12 A We might have started it without the -- without the --
13 Q My question is a little different. Did you need the
14 engagement letter to start the procedures?
15 A I did not need the engagement letter to start the
16 procedures.
17 Q Do the accounting, the accounting, the CPA accounting
18 guidelines require you to have an engagement letter before you
19 perform a compilation report?
20 A I would have to check. I'm not sure, off the top of
21 my head.
22 THE COURT: Ten-minute warning.
23 MR. SUAREZ: Thank you, sir.
24 Q If the engagement letter, in theory, predates the
25 compilation report, and in fact predates the compilation report,

D. Bender - Cross by Mr. Suarez Page 498

1 how would you know which disclosures were appropriate to include
2 in your accountant's compilation report, if you had not even
3 begun the engagement, Mr. Bender?
4 A Well, can you clarify what you mean by disclosure?
5 Q Sure. How would you know that this clause was
6 required in your compilation report, ahead of time?
7 A If the Trump Organization would have informed us that
8 they wanted to change the level of work we had done before.
9 They had not informed us of such a change.
10 Q But this clause isn't standard operating procedure in
11 a compilation report; correct?
12 A No, sir.
13 Q You would have to become familiar with the accounting
14 and financial reporting of the organization in order to
15 determine which clause you needed to include as a disclaimer;
16 correct?
17 A Yes, sir.
18 Q And you would do that, in theory, prior to preparing a
19 compilation report?
20 A Yes, sir.
21 Q Okay. And the next page, as to cash and marketable
22 securities and hedge funds, escrow reserve, deposits and,
23 pre-paid taxes --
24 MR. WALLACE: Objection. It says expenses, not
25 taxes.

D. Bender - Cross by Mr. Suarez Page 499

1 MR. SUAREZ: I'm sorry. Thank you. It's late.
2 Q As to cash, marketable securities and hedge funds,
3 escrow reserve, deposits, and prepaid expenses, those are two
4 separate lines in this Statement of Financial Condition;
5 correct?
6 A Yes, sir.
7 Q All right. So, as to cash, marketable securities and
8 hedge funds, which are listed as \$114,400,000, would you agree
9 that you had the ability to determine that there was no failure
10 to disclose the methods used to determine estimated current
11 value and amount of that asset?
12 A What's the last word? I'm sorry. Just last word. I
13 didn't hear.
14 Q Of that asset?
15 A Okay. Thank you.
16 THE COURT: I'm sorry. Just, ask the whole
17 question again.
18 MR. SUAREZ: Sure.
19 Q In connection with your preparation of the independent
20 account and compilation report, were you able to determine that
21 there was no failure to disclose the method used to determine
22 estimated current values and amounts for that asset?
23 A I believe there were.
24 Q You believe there were no failures?
25 A No failures.

D. Bender - Cross by Mr. Suarez Page 500

1 Q Correct?
2 MR. SUAREZ: I'm going to adopt your Honor's
3 order and direction, to say the same question with respect
4 to each asset. I just want to make sure that I've got the
5 question down right.
6 Q With respect to the escrow reserve, deposits and
7 prepaid expenses identified as \$28,010,000, were you able to
8 determine that there was no failure to disclose the methods used
9 to determine estimated current values and amounts for that
10 asset?
11 A Yes. I believe so.
12 Q Is that yes?
13 A Yes.
14 Q Yes. Same question for Trump Tower?
15 A Just reword the question one more time? Or reread the
16 question?
17 THE COURT: Do you want to repeat?
18 MR. SUAREZ: Please.
19 THE COURT: Okay.
20 (Whereupon, the requested portion of the
21 proceedings was read back by the court reporter.)
22 A Yes, I was.
23 Q Same question for Trump Tower?
24 A Yes, sir.
25 Q Same answer?

D. Bender - Cross by Mr. Suarez Page 501

1 A Yes, sir.
2 Q Same question for NikeTown on East 57th Street? Same
3 question, same answer?
4 A Yes, sir.
5 THE COURT: You don't have to say, Same question,
6 same answer. You can just list each property.
7 Q And that applies, as well, to 40 Wall Street?
8 A Yes, sir.
9 Q And that applies, as well, to the Trump Park Avenue?
10 A Yes, sir.
11 Q And applies as well to the club facilities and related
12 real estate in New York, Florida, New Jersey, California,
13 Washington D.C., North Carolina, Scotland and Ireland?
14 A Yes, sir.
15 Q And those are identified at 2,107,800,000?
16 A Our compilation procedures, we were able to satisfy,
17 as part of our compilation procedures.
18 Q And the same question for the Trump World Tower at
19 United Nations Plaza, Mr. Bender?
20 A Yes. We were able to satisfy, as part of our
21 compilation procedures.
22 Q And the same question for 100 Central Park South?
23 A Yes. We were able to satisfy, as part of our
24 compilation procedures.
25 Q And the same question for Trump Plaza, commercial and

D. Bender - Cross by Mr. Suarez Page 502

1 residential portions, in New York, New York?
2 A Yes. We were able to satisfy, as part of our
3 compilation procedures at that time.
4 Q You say, at the time. Is there anything that's
5 changed now?
6 A I don't recall. I can't tell you what's going on
7 today.
8 Q With respect to the Statement of Financial Condition
9 in 2016?
10 A At the time we prepared, there was no issue.
11 Q Okay. With respect to the Trump Palace, Trump Parc,
12 and Trump Parc East condominiums, the commercial portions, same
13 question Mr. Bender.
14 A There were no issues at that time. We had no trouble
15 satisfying ourselves.
16 Q The same question for the Trump International Hotel
17 and Tower in New York, New York, Mr. Bender?
18 A At that time, we had no problem satisfying ourselves.
19 Q And the same question for the Trump Old Post Office in
20 Washington D.C.?
21 A At that time, we had no problem satisfying ourselves.
22 Q And would you give me the same answer if I asked about
23 1290 Avenue of the Americas, and 555 California Street?
24 A Yes, sir.
25 Q And the same question for the Trump International

D. Bender - Cross by Mr. Suarez Page 503

1 Hotel and Tower in Las Vegas?
2 A Yes, sir.
3 Q Same question for real estate licensing developments?
4 A Yes, sir.
5 Q And when you say, Yes, sir, Mr. Bender I'm
6 understanding that to mean that if I asked you the same
7 question, you would give me the same answer?
8 A Yes, sir.
9 Q And the same for, other assets?
10 A Yes, sir.
11 Q And that mathematically footed to the 6,300,000,000 --
12 MR. SUAREZ: Please move that up.
13 Q And that footed to the \$6,388,510,000 in total assets?
14 A I believe so.
15 Q And that's the math that you would have carried over
16 from the supporting data which was provided to you?
17 A The math would have been done separately, on the
18 sheet.
19 Q It would have been a separate document?
20 A This would have been added up separately.
21 Q The math to get here, the numbers that are reflected
22 in this statement of assets.
23 A I can't tell you if it was done on Excel or in Word,
24 without seeing the line documents, but the math would have been
25 done -- this document is separate. Would be done separately.

D. Bender - Cross by Mr. Suarez Page 504

1 Q This document would have been done separately?
2 A Yes.
3 Q And where would the values on this document have been
4 divined were?
5 A They would have come from Jeff Supporting Data.
6 THE COURT: Okay. Are we through with this?
7 MR. SUAREZ: Yes.
8 THE COURT: Okay. We are going to break in a
9 minute. My Principal Law Clerk, Allison G., has questions
10 for the attorneys about scheduling; okay?
11 MS. GREENFIELD: So we are starting off tomorrow
12 morning, continuing with the cross of Mr. Bender? Is that
13 correct?
14 MR. SUAREZ: That's correct.
15 MS. GREENFIELD: How long do you anticipate you
16 have, remaining?
17 MR. SUAREZ: Depending on the answers, I will
18 hope to be able to conclude.
19 MS. GREENFIELD: By the morning?
20 MR. SUAREZ: Tomorrow.
21 THE COURT: In the afternoon?
22 MR. SUAREZ: I think we got into pretty good
23 rhythm. If we can keep that going --
24 MR. WALLACE: We are prepared to stipulate that
25 each year Mazars issued Statements of Financial Condition.

D. Bender - Cross by Mr. Suarez Page 505

1 I'm not sure that we need to go through every line, to get
2 repetitive answers. We are prepared to enter into
3 stipulations to shorten this.
4 MR. KISE: I think we are back to the future. We
5 had this discussion, earlier. We'll make every effort,
6 overnight, to streamline it, so that we can be done as
7 rapidly as possible.
8 MS. GREENFIELD: Okay. Do you want to plan to
9 have another witness, just in case?
10 So, who is next?
11 MR. WALLACE: Jeffrey McConney is the next
12 witness.
13 MS. GREENFIELD: I imagine we are not going any
14 further than that tomorrow; correct?
15 MR. KISE: That's probably right.
16 MS. GREENFIELD: Okay. Thank you.
17 THE COURT: Counselors, come up, one minute.
18 (Whereupon, an off-the-record discussion took
19 place at the bench.)

Senior Court Reporters

D. Bender - Cross by Mr. Suarez

1 THE COURT: So, I understand some members of the
2 press are coming in. Photographers. We are ready.

3 Get your best smile.

4 (Photographs taken.)

5 THE COURT: Okay. Let's start, but I'm going to
6 stay off the record for a minute.

7 (Whereupon, an off-the-record discussion took
8 place.)

9 D O N A L D B E N D E R, after having been previously duly
10 sworn, was examined and continued his testimony as follows:

11 THE COURT: All right counselor whenever you are
12 ready please proceed.

13 MR. SUAREZ: Thank you your Honor.

14 CONTINUED CROSS EXAMINATION

15 BY MR. SUAREZ:

16 Q Mr. Bender, good morning.

17 A Good morning.

18 Q Did you discuss your testimony with anyone since you
19 left the stand yesterday?

20 A No, sir.

21 Q Mr. Bender, I would like to show you a document that
22 was previously identified as Exhibit D 950.

23 (Whereupon, a document was displayed, and handed
24 to the witness.)

25 Q It's an audit guide for personal financial statements.

1 Do you recognize that document?

2 MR. SUAREZ: Can we turn to the second page?

3 Q It's an audit and accounting guide; right?

4 A Second page?

5 Q Yes. Do you see where it says, Personal financial
6 statement audit guide?

7 A Okay. This copy doesn't -- it's on the third page.
8 Yes. Yes, sir.

9 Q Is this a document that you would have reviewed, prior
10 to preparing a compilation report for the Statements of
11 Financial Condition for President Donald Trump?

12 A I may not have reviewed it every year, but I probably
13 have seen it, in my career.

14 Q You have probably seen it?

15 A Yes.

16 Q And the audit guide for personal financial statements
17 published by the American Institute of Certified Public
18 accountants is this something that you would have endeavored to
19 make yourself familiar with, prior to preparing compilation
20 reports for President Trump's Statements of Financial Condition?

21 A I was familiar with standard, at the time I
22 prepared -- I compiled Mr. Trump's personal financial
23 statements.

24 Q Sitting here today, do you have a recollection of
25 having reviewed this audit guide prior to preparing compilation

1 reports for the president's Statement of Financial Condition?

2 A I have no independent memory of when I -- if I did it,
3 at that time.

4 MR. WALLACE: We would like to just renew our
5 objection to this exhibit, which, the first time I objected
6 to this coming in -- it's been superseded. It was not in
7 place at the time of 2011, or any engagement going forward.

8 THE COURT: Well, I have a more fundamental
9 issue. It says, blah, blah, blah, Audit guide. There was
10 no audit here.

11 MR. SUAREZ: Your Honor, I'm more than happy to
12 respond with two comments. Number one, I'm simply trying
13 to establish if Mr. Bender has looked at it or relied upon
14 it; and number two is, it does, in fact, address the
15 compilation standards within the guide. A compilation is a
16 form of attestation, like an auditor review. I know your
17 Honor --

18 THE COURT: Okay. You have answered my
19 objection. I'll overrule the plaintiff's objection.

20 MR. SUAREZ: Thank you.

21 I would like to move Exhibit D 950 into evidence.

22 THE COURT: Granted. It's in evidence.

23 (Whereupon, Defendant's Exhibit 950 was received
24 in evidence.)

25 Q Mr. Bender, is this a document that you looked at,

1 prior to doing the compilation reports? Yes or no?

2 A I looked at it, but I may not have looked at it every
3 year.

4 Q You may not have looked at it every year. Did you
5 look at it prior to 2011?

6 A I don't have any independent memory of which years I
7 looked at it.

8 Q Okay. Would you have relied on the audit guide?

9 A It would have been something that we would have -- we
10 would have, with help of members of Mazars, we would have used
11 to rely on to compile the personal financial statements, as
12 applicable.

13 Q This is something that would have been from Mazars'
14 library?

15 A I don't know if we had libraries in those days,
16 anymore, but it would have been available online.

17 Q In the online collection of reference materials,
18 Mr. Bender?

19 A We would have to check that, specifically.

20 Q You wouldn't be sure?

21 A I don't remember how things worked, back then.

22 Q Okay. Mr. Bender, if you could please turn to page 9
23 of this document? And that's 9 of the compilation guide. It
24 might not be the ninth page that's right in front of you.

25 MR. SUAREZ: Keep going.

1 Q Chapter two. Do you see where this document reads,
2 compilation of financial statements?

3 A Yes, sir.

4 Q All right. Do you see, in section 2.03, in the second
5 line, where it says, "At a minimum, however the accountant
6 should obtain an understanding of the methods by which the
7 individual determined estimated current values of significant
8 assets, and the estimated current amounts of significant
9 liabilities, and consider whether the methods are appropriate,
10 in light of the nature of each asset or liability?"

11 A Yes, sir.

12 Q Okay.

13 MR. SUAREZ: I would like to pull up Plaintiff's
14 Exhibit 786.

15 I'm sorry. 787.

16 (Whereupon, a document was displayed.)

17 Q Mr. Bender, you would agree that this is a Statement
18 of Financial Condition for the year ending June 30, 2011?

19 A I'm just waiting for him to give it to me.

20 (Whereupon, a document was handed to the
21 witness.)

22 A Yes, sir.

23 Q Did the 2011 Statement of Financial Condition disclose
24 the method used to determine the value of each asset?

25 A I believe it did.

1 Q Yes or no, Mr. Bender.

2 A I would have to read the whole statement.

3 Yes, I do believe it did.

4 Q So that's a yes; right?

5 A I believe so.

6 Q The 2011 Statement of Financial Condition disclosed
7 the method used to determine the amount of each liability;
8 correct?

9 A Yes, sir.

10 THE COURT: Let me just interrupt a second.

11 I often say, If you are asked -- to the witness,
12 directed to witnesses -- If you are asked a yes or no
13 question, answer it yes or no unless you can't, in which
14 case, "I believe," "I think so," is acceptable, if that's
15 the truthful answer.

16 Q The 2011 Statement of Financial Condition did not
17 present any asset or liability of an obviously inappropriate
18 value or amount, Mr. Bender; is that correct?

19 A At the time of the compilation procedures, we were not
20 aware of any potential inappropriate valuations.

21 MR. SUAREZ: Your Honor, that's not the question.

22 I want to be mindful of the instructions you just gave us,
23 but that's not the question that I asked, and I understand
24 if the witness wishes to qualify a yes or a no, I have no
25 problem with that, but the question was whether it presents

D. Bender - Cross by Mr. Suarez

1 and asset or liability at an obviously inappropriate value
2 or amount. Mr. Bender produced the compilation report.

3 THE COURT: I agree with you. Okay.

4 So, do you want to read back; you want to just
5 ask it one more time? Up to you.

6 Q Mr. Bender, did the 2011 Statement of Financial
7 Condition present any asset or liability at an obviously
8 inappropriate value or amount?

9 A Not at the time we issued the compilation report.

10 Q Did the compilation report change, after you issued
11 it?

12 A No, sir.

13 Q Mr. Bender, if you could, please turn to Plaintiff's
14 Exhibit 815?

15 A Are we finished with these?

16 Q You can set it aside.

17 A Thank you.

18 (Whereupon, a document was displayed, and handed
19 to the witness.)

20 Q Mr. Bender, the 2012 Statement of Financial Condition
21 is on the screen; correct?

22 A Yes, sir.

23 Q And the 2012 Statement of Financial Condition
24 disclosed the method used to determine the value of each asset;
25 correct?

D. Bender - Cross by Mr. Suarez

1 A Yes, sir. I believe so.

2 Q And the 2012 Statement of Financial Condition
3 disclosed the method used to determine the amount of each
4 liability correct; sir?

5 A Yes. Yes, I believe so.

6 Q And the 2012 Statement of Financial Condition did not
7 present any asset or liability at an obviously inappropriate
8 value or amount; correct, Mr. Bender?

9 A That is correct as of the date, at the time we issued
10 the compilation report. Report. Yes. Report.

11 Q And the 2012 compilation report did not change, after
12 it was issued; correct.

13 A We did not change the report.

14 Q And the 2012 Statement of Financial Condition did not
15 change after it was issued; correct?

16 A Mazars did not recall the statement -- let me take
17 that back. The report did not change.

18 Q Did the statement change?

19 A The statement did not change.

20 Q Because the report traveled with the statement;
21 correct?

22 A Yes, sir.

23 Q All right. Let's turn to Plaintiff's Exhibit 707.

24 (Whereupon, a document was displayed, and handed
25 to the witness.)

1 Q Mr. Bender, is this the Statement of Financial
2 Condition for the year ending June 30, 2013, of President Donald
3 J. Trump?

4 A This is the compilation of Donald J. Trump's Statement
5 of Financial Condition as of June 30, 2013.

6 Q The first page includes your compilation report;
7 correct, Mr. Bender.

8 A The first page?

9 Q Second page, after the cover. The first page of the
10 document.

11 A Includes Mazars independent accountant's compilation
12 report. Yes, sir.

13 Q Okay. And the 2013 Statement of Financial Condition,
14 Mr. Bender, disclosed the methods used to determine the value of
15 each asset; correct?

16 A I believe so.

17 Q You believe that?

18 A Yes. I'm sorry. I left the word "yes" out.

19 Q And the 2012 Statement of Financial Condition,
20 Mr. Bender, disclosed the method used to determine the amount of
21 each liability; correct?

22 A Yes. I believe so.

23 MR. WALLACE: I'm just going to note an objection
24 to that question, because he said 2012.

25 I'm also just going to note an objection to this

1 as cumulative. We covered this ground yesterday, and if we
2 are just going to go through, year-by-year, to get the same
3 answer, this is exactly the issue we objected to yesterday.

4 THE COURT: And I'm not going to change the
5 ruling I made in the sidebar, but I accept the premise of
6 it.

7 Mr. Suarez, how long do you think you will need,
8 to finish cross examining this witness?

9 MR. SUAREZ: Your Honor, I've formulated,
10 following your Honor's direction, last night --

11 THE COURT: All I did was ask you how long. How
12 long?

13 MR. SUAREZ: I believe I can be done within the
14 next hour and a half.

15 THE COURT: Plaintiff?

16 MR. WALLACE: I would like it to be faster, but
17 if that is a hard cap, I would just as soon move along.

18 THE COURT: All right. In my discretion, you
19 have an hour and a half. Until noon, basically. And then,
20 whatever it is. And, if you want, you can finish earlier.

21 MR. SUAREZ: Understood.

22 MR. ROBERT: As we discussed yesterday, your
23 Honor, I have about ten minutes or so.

24 THE COURT: Okay.

25 MR. SUAREZ: Thank you for clarifying.

1 MR. AMER: I am also suggesting that if there's
2 some way that we can say, If I asked you the same questions
3 with respect to the statements from 2013 to 2020 that I
4 just asked you on the statements for 2011 and 2012, would
5 your answers be the same, I mean maybe we can get there a
6 little sooner.

7 THE COURT: That's sustained, as a suggestion.
8 Yes.

9 MR. SUAREZ: And I did follow your direction.
10 I'm down to three or four questions, per statement. I'm
11 moving quickly.

12 THE COURT: Okay.

13 Q Mr. Bender, with respect to the 2013 Statement of
14 Financial Condition, is it correct that it disclosed the method
15 used to determine the amount of each liability?

16 A Yes. I believe it is so.

17 Q Mr. Bender the 2013 Statement of Financial Condition
18 did not present any asset or liability at an obviously
19 inappropriate value or amount; correct?

20 A Not as of the date that we issued the compilation
21 report, independent compilation report.

22 Q And Exhibit 707 did not change after it was issued;
23 correct?

24 A It did not change, sir.

25 Q Moving to Exhibit 730, Mr. Bender.

1 (Whereupon, a document was displayed, and handed
2 to the witness.)

3 Q Is this the Statement of Financial Condition dated
4 June 30, 2014, of Donald J. Trump?

5 A Give me a second, please.

6 Yes, sir. It is.

7 Q And Mr. Bender, the 2014 Statement of Financial
8 Condition disclosed the method used to determine the value of
9 each asset; correct?

10 A Yes. I believe so.

11 Q The 2014 Statement of Financial Condition disclosed
12 the method used to determine the amount of each liability;
13 correct?

14 A Yes. I believe so.

15 Q The 2014 Statement of Financial Condition did not
16 present any asset or liability at an obviously inappropriate
17 value or amount; correct?

18 A Not as of the date we issued our independent
19 compilation report.

20 Q And Mr. Bender, Exhibit 730 did not change after it
21 was issued; correct?

22 A No, sir.

23 Q Moving on to Plaintiff's Exhibit 729.

24 (Whereupon, a document was displayed, and handed
25 to the witness.)

1 Q Mr. Bender, is this the Statement of Financial
2 Condition of President Donald J. Trump for the year ending
3 June 30, 2015?

4 A This is the compilation of the Donald J. Trump
5 Statement of Financial Condition, as of June 30, 2015.

6 Q The 2015 Statement of Financial Condition disclosed
7 the method used to determine the value of each asset; correct?

8 A Yes. I believe so.

9 Q The 2015 Statement of Financial Condition disclosed
10 the method used to determine the amount of each liability;
11 correct?

12 A Yes. I believe so.

13 Q The 2015 Statement of Financial Condition did not
14 present any asset or liability at an obviously inappropriate
15 value or amount; correct?

16 A Not as of the date the independent compilation report
17 was issued.

18 Q Did Exhibit -- did Plaintiff's Exhibit 729 change,
19 after it was issued?

20 A No, sir.

21 Q Thank you. Moving on to Plaintiff's Exhibit 756.

22 (Whereupon, a document was displayed, and handed
23 to the witness.)

24 Q Mr. Bender, do you recognize Plaintiff's 756 as the
25 Statement of Financial Condition of Donald J. Trump for the year

1 ending --

2 MR. WALLACE: Objection, at this point. A
3 disclaimer. Mr. Bender viewed and identified it
4 previously, and it was entered into evidence. I think we
5 can just say what the document is that he has identified,
6 and ask questions. I don't know that he needs to review it
7 and identify it again.

8 THE COURT: No need to reinvent the wheel.

9 MR. SUAREZ: If there's an easier way to do it,
10 I'm happy to do it, your Honor. Just for the witness's
11 benefit.

12 MR. AMER: I thought I suggested an easier way
13 that the judge sustained as a suggestion. Why can't we do
14 that?

15 THE COURT: I'm torn. On the one hand, it is
16 deja vu all over again. On the other hand, I gave him an
17 hour and a half. So, let's try not to go over the same
18 ground that we have already gone over, and any way you can
19 think to save time, please do it.

20 MR. SUAREZ: We are already halfway through, your
21 Honor.

22 (Continued on the next page.)

23

24

25

1 THE COURT: Objection. Overruled without
2 prejudice.

3 A Yes, sir. What was your question?

4 Q I believe my question was whether it was a Statement
5 of Financial Condition of President Donald J. Trump for the
6 year ending June 30, 2016?

7 A This is the accountant's compilation of Donald J.
8 Trump's Statement of Financial Condition as of June 30, 2016.

9 Q The 2016 Statements of Financial Condition disclosed
10 the method used to determine the value of each asset, correct,
11 Mr. Bender?

12 A Yes, I believe so.

13 Q The 2016 Statement of Financial Condition disclosed
14 the method used to determine the amount of each liability,
15 correct?

16 A Yes.

17 Q The 2016 Statement of Financial Condition did not
18 present any asset or liability at an obviously inappropriate
19 amount right, Mr. Bender? Correct?

20 A Not as of the date the Independent Compilation
21 Report was issued.

22 Q Plaintiff's Exhibit 756 did not change after it was
23 issued, Mr. Bender?

24 A No, sir. It did not.

25 Q Moving on to Plaintiff's Exhibit 755. Do you

1 recognize this document, Mr. Bender?

2 A Yes, sir.

3 Q Is this the 2017 Statements of Financial Condition of
4 President Donald John Trump?

5 A This is the compilation of Donald J. Trump's
6 Statement of Financial Condition as of June 30, 2017.

7 Q The 2017 Statement of Financial Condition disclosed
8 the method used to determine the value of each asset, correct,
9 Mr. Bender?

10 A Yes, I believe so.

11 Q The 2017 Statement of Financial Condition disclosed
12 the method used to determine the amount of each liability,
13 correct, Mr. Bender?

14 A Yes, I believe so.

15 Q The 2017 Statement of Financial Condition did not
16 present any asset or liability at an obviously inappropriate
17 value or amount, correct, Mr. Bender?

18 A Not as of the date the Independent Compilation
19 Report was issued.

20 Q Did Plaintiff's Exhibit 755 change after it was
21 issued?

22 A No, sir.

23 Q Moving on to Plaintiff's Exhibit 773. Do you
24 recognize this document, Mr. Bender?

25 A Yes, sir.

1 Q Is this the 2018 Statement of Financial Condition of
2 President Donald John Trump?

3 A This is the Independent Compilation Report for
4 Donald J. Trump's Statement of Financial Condition as of
5 June 30, 2018.

6 Q Does the 2018 Statement of Financial Condition
7 disclose the method used to determine the value of each asset,
8 Mr. Bender?

9 A Yes, I believe so.

10 Q Does the 2018 Statement of Financial Condition
11 disclose the method used to determine the amount of each
12 liability, Mr. Bender?

13 A Yes, I believe so.

14 Q Does the 2018 Statement of Financial Condition not
15 present any asset or liability at an obviously inappropriate
16 value or amount?

17 A As of the date the Independent Compilation Report
18 was issued, that is correct.

19 Q And Plaintiff's Exhibit 773 has not changed since it
20 was issued, correct?

21 A No, sir.

22 Q Moving on to Plaintiff's Exhibit 842. Do you
23 recognize this document, Mr. Bender?

24 A Yes, I do.

25 Q Is it the Statement of Financial Condition for Donald

1 J. Trump for the year ending June 30, 2019?

2 A The first question is yes, I do. What was the
3 second question?

4 Q Is this the Statement of Financial Condition for
5 President Donald J. Trump for the year ending June 30, 2019?

6 A This is the compilation of Donald J. Trump's
7 Statement of Financial Condition as of June 30, 2019.

8 Q Does the 2019 disclose-- excuse me. Withdrawn.

9 Does the 2019 Statement of Financial Condition
10 disclose the method used to determine the value of each asset,
11 Mr. Bender?

12 A Yes, I believe so.

13 Q Does the 2019 Statement of Financial Condition
14 disclose the method used to determine the amount of each
15 liability, Mr. Bender?

16 A Yes, I believe so.

17 Q Does the 2019 Statement of Financial Condition not
18 present any asset or liability at an obviously inappropriate
19 value or amount?

20 A As of the date of the Independent Compilation Report
21 was issued, yes, that is correct.

22 Q Yes, it's correct that it does not present any asset
23 or liability at an obviously inappropriate value or amount
24 correct?

25 A As of the date of the Independent Compilation

1 Report.

2 Q Plaintiff's Exhibit 842 did not change after it was
3 issued?

4 A No, sir. It did not.

5 Q Okay. Moving on to 2020. Plaintiff's Exhibit 856.
6 Do you recognize this document, Mr. Bender?

7 A Yes, sir.

8 Q Is this the Statement of Financial Condition for
9 President Donald J. Trump for the year ending June 30, 2020?

10 A This is the Compilation Report of Donald J. Trump's
11 Statement of Financial Condition as of June 30, 2020.

12 Q Does the 2020 Statement of Financial Condition
13 disclose the method used to determine the value of each asset,
14 Mr. Bender?

15 A Yes, I believe so.

16 Q Does the 2020 Statement of Financial Condition
17 disclose the method used to determine the amount of each
18 liability, Mr. Bender?

19 A Yes, I believe so.

20 Q Does the 2020 Statement of Financial Condition not
21 present any asset or liability at an obviously inappropriate
22 value or amount?

23 A As of the date the Independent Compilation Report
24 was issued, that is correct.

25 Q Exhibit -- Plaintiff's Exhibit 856 did not change

1 after it was issued, correct?

2 A No, sir, it did not.

3 Q Mr. Bender, you never spoke with Eric Trump about his
4 father's Statement of Financial Condition, correct?

5 A I may have had -- nothing with the actual
6 compilation of the report.

7 Q What does that mean?

8 A I may have had a side conversation with him once
9 about something. I don't recall.

10 Q You don't recall?

11 A Yes.

12 Q Is there any conversation you do recall having with
13 Eric Trump about his father's Statement of Financial
14 Condition?

15 A There was one conversation in a conference room
16 about one asset once but I don't recall what it was. Many
17 years ago, I believe.

18 Q How many years ago, Mr. Bender?

19 A I know within the last ten years.

20 Q Within the last ten years?

21 A Yes.

22 Q All right. Can we bring up-- do you recall having a
23 discussion with me about this at your deposition, Mr. Bender?

24 A I do not recall that.

25 Q Would it be helpful to refresh your recollection if I

1 showed you a clip from your deposition transcript?

2 A You can show me a clip.

3 MR. SUAREZ: Please play transcript 237, page
4 237 line 7 to 238 line 18.

5 (Video played.)

6 Q Why is it that you have any better recollection
7 today, Mr. Bender?

8 A I remember one conversation maybe when he asked me a
9 question in the conference room once about an asset but I
10 don't remember which asset it was. It wasn't the actual
11 preparation, but, I do remember one question one time.

12 Q Mr. Eric Trump asked you a question?

13 A There was one conversation for a minute or two. I
14 don't remember what it was about.

15 Q You responded to Mr. Eric Trump's question?

16 A The issue was resolved. I don't remember what the
17 issue was.

18 Q Whatever the issue was, it was resolved to your
19 satisfaction?

20 A Yes, sir.

21 Q An issue that you can't remember what it was?

22 A Yes, sir.

23 Q Mr. Bender, did you ever speak with Donald Trump, Jr.
24 about his Statement of Financial Condition?

25 A Not that I recall.

1 Q Mr. Bender, you never spoke with Ivanka Trump about
2 her father's Statement of Financial Condition, correct, Mr.
3 Bender?

4 A Not that I recall.

5 Q Mr. Bender, in fact, with respect to Ms. Trump, are
6 you aware she invested over \$7.5 million under the terms of a
7 lease into penthouse 20 at the Trump Park Avenue?

8 A Say that again, please.

9 Q Are you aware of Ms. Trump, Ms. Ivanka Trump ever
10 invested \$7.5 million under the terms of the lease into
11 penthouse 20 at the Trump Park Avenue?

12 MR. WALLACE: Objection.

13 THE COURT: Ground?

14 MR. WALLACE: No foundation for that question.

15 THE COURT: I don't think the way it's worded
16 needs a foundation. Let's just get an answer. Go ahead.

17 A I don't recall.

18 Q Mr. Bender, you described Mr. McConney, several
19 times, as someone for whom you have a tremendous amount of
20 respect?

21 A I said he was a good accountant.

22 Q Do you have a tremendous amount of respect for Mr.
23 Bender?

24 THE COURT: For Mr.?

25 MR. SUAREZ: I'm sorry.

1 Q For Mr. McConney?

2 A Not really, no.

3 Q Do you recall your testimony from Monday?

4 A I do not.

5 MR. SUAREZ: I'd like to bring that up, if I may
6 use it to refresh the witness's recollection, your Honor.
7 Your Honor, may I have a second?

8 THE COURT: Sure.

9 (Brief pause.)

10 MR. SUAREZ: I apologize. We're having
11 technical difficulties.

12 THE COURT: These things happen but it's part of
13 your hour and a half.

14 MR. SUAREZ: I understand.

15 Q I apologize. October 3rd, it was Tuesday. You say,
16 Mr. Bender, where I asked you:

17 "You and Mr. McConney were close friends at one
18 point; were you not."

19 You said: "We didn't have a relationship
20 outside of work but we get long well."

21 I said: "You got along well?"

22 And you said: "I had a tremendous respect for
23 him. He is a very good accountant."

24 A That's past tense. You asked me if I have
25 tremendous respect today.

1 Q You lost your respect for Mr. McConney?

2 A It's a little different today than it was back when
3 we were younger.

4 Q When you were younger?

5 A When I had hair and he had hair too, and, his hair
6 was blond back then, not white.

7 Q Is that Mr., Bender, because-- withdrawn.

8 Did you ask Mr. McConney to provide you
9 everything that he had relied upon in coming up with the
10 supporting data for the Statements of Financial Condition?

11 A He was supposed to get us all information that he
12 had to -- he was giving us a full package of what he thought
13 was necessary.

14 Q Of what he thought was necessary?

15 A He gave us all his supporting data.

16 Q His supporting data for things he used to prepare the
17 Statement of Financial Condition supporting data, correct?

18 A Say that again, please.

19 Q Information that he used to prepare the supporting
20 data spreadsheets?

21 A Yes, and, I'd ask for supplemental things, like
22 appraisals, that we previously discussed, if any.

23 Q Did he ask you to provide you things that he didn't
24 use in preparing the Statement of Financial Condition?

25 A Say that again, please.

1 Q Did he-- withdrawn.

2 Did you ask Mr. McConney to provide you with
3 things that he didn't use in preparing his supporting data
4 spreadsheets?

5 MR. WALLACE: Objection. Asked and answered.

6 THE COURT: It's a strange question. Can you
7 read back that question? Maybe I missed something.

8 (Read back.)

9 THE COURT: Well, again, I'm not an accountant
10 but I don't know why you'd ask for things he didn't use.
11 You'd ask for things he did use.

12 MR. SUAREZ: If it's that he didn't ask him,
13 then he didn't ask him to give him things he didn't use.

14 THE COURT: I'm overruling the objection. I'm
15 just telling you how I see things.

16 A I did ask him for things like appraisals that he did
17 not use.

18 Q You asked him?

19 A From-- not in every year, as I previously testified.
20 I did ask a number of years for appraisals.

21 Q The only thing you asked him to produce to you, to
22 send you, were appraisals that he didn't use in preparing the
23 Statement of Financial Condition; is that correct?

24 A That is the only thing I can recall at this time.

25 Q That is the only thing you can recall. The only

1 thing you can recall.

2 You never sent Mr. McConney an e-mail?

3 A I don't recall.

4 Q You never sent Mr. McConney an e-mail asking him to
5 send you every appraisal, correct?

6 A I never sent him an e-mail asking for every
7 appraisal, no, sir. To the best of my recollection, no.

1 Q Did you send him an email saying, I never asked,
2 please send me every appraisal you didn't use in preparing your
3 supporting data?

4 A No, sir.

5 Q Did you send him a text message asking him to send you
6 every appraisal he didn't use in preparing his supporting data?

7 A I don't use text that much. No, sir.

8 Q Did you ever send him an email asking him to send you
9 any appraisals?

10 A I don't recall.

11 Q Did you ever ask him to provide you with appraisals in
12 the presence of anyone else?

13 A I don't recall.

14 Q Did you ever ask him to send you any appraisals in
15 writing?

16 A Can you clarify that question, please?

17 Q Did you ever ask Jeff McConney to send you any
18 appraisals in writing?

19 A In writing?

20 Q Did you ever write Mr. McConney and say, Please send
21 me any appraisals?

22 A Not that I recall.

23 Q Not that you recall.

24 Did you ever have this discussion with Mr. McConney
25 asking him to provide you with appraisals he didn't use, while

1 anyone else was present?

2 A I don't recall.

3 Q You knew that the Trump Organization had appraisals in
4 their possession; correct?

5 A Not necessarily.

6 Q You had no idea that the Trump Organization had
7 appraisals in his possession?

8 A I knew there were certain appraisals that had been
9 given. I don't recall any other appraisals that I --

10 Q Are you familiar with the real estate industry?

11 A Somewhat.

12 Q Somewhat. You are not an expert in real estate;
13 right?

14 A I'm a real estate accountant.

15 Q A real estate accountant?

16 A Amongst other areas.

17 Q And a real estate accountant couldn't be expected to
18 know that a company that owns massive amounts of real estate
19 would have appraisals in its files?

20 A I asked for, if they have any appraisals.

21 Q You asked?

22 A Yes.

23 Q In passing?

24 A As a question.

25 Q Did you ever make that request, in writing?

1 A No, sir.

2 Q Was that an important thing for you to look at?

3 A Say that again, please.

4 Q Were appraisals an important thing for you to look at?

5 A I would have liked to have had all information
6 available.

7 Q Okay. You knew that the Trump Organization had loans
8 on its books; correct?

9 A Yes, sir.

10 Q And you knew that those loans were backed by real
11 estate, right; Mr. Bender?

12 A Many of them.

13 Q Many of them. And you knew that you typically, in
14 real estate, can't get a loan backed by real estate if there's
15 no appraisal that the bank orders; right?

16 A That is sometimes correct, yes.

17 Q Okay. So you would have known that the Trump
18 Organization had appraisals in its records?

19 A I didn't know that the Trump Organization had access
20 to any appraisals the banks had.

21 Q It's not a staggering concept to understand that a
22 company that owns insane amounts of real estate all over the
23 world had appraisals in its books?

24 A I didn't know the Trump Organization had any access to
25 appraisals they did not give me.

1 Q Okay. And how many appraisals did the Trump
2 Organization give you, Mr. Bender?

3 A I don't recall.

4 Q You don't recall. Do you remember on Monday when you
5 talked about learning that there were appraisals that you didn't
6 know about after meeting with the District Attorney of New York?

7 A Say that again, please?

8 Q Do you recall on Monday what you testified in response
9 to a question from Mr. Wallace about first learning that the
10 Trump Organization had appraisals that you didn't know about,
11 when you met with the District Attorney of New York?

12 A Not particularly. That's what I said.

13 Q I'm sorry?

14 A Not particularly.

15 Q You don't recall your testimony, or you don't recall
16 learning that from the District Attorney of New York?

17 A I don't remember my exact testimony.

18 Q You don't recall your exact testimony --

19 MR. SUAREZ: This is what happens when I try to
20 go fast.

21 Q And you generally remember testifying on Monday that
22 in your meeting with the District Attorney of New York, you
23 learned, or you testified that that was when you learned, that
24 the Trump Organization had appraisals that you hadn't seen?

25 A Yes. That, I do recall.

D. Bender - Cross by Mr. Suarez

1 Q Okay. And that, just so I understand your testimony
2 Mr. Bender, that was the first time you learned that the Trump
3 Organization had appraisals that it hadn't given you?

4 A Yes, sir.

5 Q Okay. And you couldn't really remember what year that
6 meeting took place; is that right?

7 A The first meeting with the District Attorney?

8 Q Yeah.

9 A I believe of was in the spring of -- that was 20 --
10 the last time -- I believe it was in the spring of '21.

11 Q Okay. And you remembered having a Zoom meeting with
12 him, and that's when he showed you these appraisals?

13 A It was. It was a Zoom -- we were on Zoom with the
14 District Attorney, so this is the first time -- I don't know if
15 we were saw them physically, but this was the first time I was
16 informed of it.

17 Q And then all of a sudden, you remember having made a
18 request, back in 2013, that appraisals -- that you had made a
19 request for appraisals from Mr. McConney; is that right,
20 Mr. Bender?

21 A No, sir. I remember it because I requested it.

22 Q You remembered that, over a number of years. Did you
23 ask in 2013?

24 A I don't remember specifically which years, but I know
25 I asked the question numerous sometimes.

1 Q Oh you asked the question numerous times?

2 A Most of my years I did ask, yes. And starting around,
3 I believe -- I thought I testified yesterday -- when we -- the
4 appraisals first appeared for TIHT Commercial, LLC or Trump
5 Plaza, LLC, I asked -- that's when I starting asking, Do you
6 have any other appraisals.

7 Q And that's when you first learned that the Trump
8 Organization had access to appraisals?

9 A Say that again, please?

10 Q That is what you first learned that the Trump
11 Organization had access to appraisals?

12 A That's the first time that it came to my attention,
13 during the compilation procedure, that I asked the question.

14 Q You told me at one point that you were the head of the
15 Long Island Real Estate Group for Mazars; is that correct?

16 A Yes, sir.

17 Q The Long Island Real Estate Group for a big fancy
18 accounting firm and you didn't know that a real estate developer
19 would have appraisals on its real estate available to them?

20 A I asked the client the question. They made a
21 representation. They gave it to me, and they told me they
22 didn't have any other appraisals.

23 Q You asked -- well, your testimony is that you made a
24 request to Mr. McConney that was never documented.

25 A I asked them for appraisals -- let me finish. I

1 asked. The representation letter said that they gave me all
2 relevant -- whatever we pulled. I don't want to say what the
3 representation letter said, off the top of my head. We can
4 bring one up. But they represented they gave me everything I
5 needed.

6 Q The representation letter that you drafted, and didn't
7 request appraisals?

8 A The representation letter asked for all relevant data.
9 We can get the exact language, if you would like to.

10 Q And do you think, Mr. Bender, that all relevant data
11 includes things that people don't rely on, in preparing
12 documents? Is that relevant data?

13 A I felt -- yes, I do.

14 Q Okay. So, the head of the Long Island Real Estate
15 Practice Group at Mazars, the big fancy accounting firm that the
16 president hired to compile their Statements of Financial
17 Condition, thinks that it's relevant to review appraisals that
18 weren't relied on in preparing spreadsheets, but never puts it
19 in writing, doesn't put it as part of his representation letter
20 that he drafted for his client of 30 years to sign, and all of a
21 sudden this becomes an issue when you are in front of the
22 District Attorney?

23 A No, sir. I asked them, at the time.

24 Q Oh. At the time. Never followed up. Never said to
25 Weisselberg, Hey, send your appraisals. Never sent the

1 president an email saying, Hey, I don't have a single appraisal
2 for your massive, giant real estate holding company that we have
3 done over 280 engagements for, that you prepare tax returns,
4 that you know have books and records and loans, it never crossed
5 your mind that is an entity that could have appraisals?

6 MR. WALLACE: Objection to form.

7 THE COURT: That's not what he's testifying to.

8 Objection sustained.

9 Q Mr. Bender, did the District Attorney of New York
10 threaten you with prosecution?

11 A No, they did not.

12 Q Did they threaten Mazars with prosecution?

13 A Not to my knowledge.

14 Q Do you know that Mr. Pomerantz, the gentlemen that you
15 met with when you met with the district attorney, put in his
16 book that Mazars sent you there to meet without your own lawyer?

17 A You informed me of that.

18 Q Yes. And is that the case, that Mazars sent you in
19 there to meet with the District Attorney of New York without
20 your own lawyer?

21 A I had counsel with me.

22 Q Counsel from Mazars?

23 A I believe they were my counsel.

24 Q You thought Mazars lawyers were your lawyers?

25 A I had my own counsel.

1 Q Okay. From Mazars?

2 A Mazars and I had counsel.

3 Q So is Mr. Pomerantz lying, in his book?

4 A I never saw Mr. Pomerantz's book, but --

5 Q Okay.

6 A Let me finish. I had counsel with me, and I was
7 satisfied that I had appropriate counsel at all times.

8 Q And was that when Mr. Pomerantz informed Mazars of the
9 precarious legal position that they were in, if they didn't play
10 ball?

11 A I have no knowledge of that.

12 Q You have no knowledge of that. The lawyers Mazars
13 provided you when they met with the District Attorney told you
14 nothing about that?

15 A I have no knowledge of that.

16 Q Okay. And it was in this meeting when, all of a
17 sudden, it dawns on you that you had made a request for
18 appraisals?

19 A No, sir. I knew I had made the request, beforehand.

20 Q Right. And you never got it?

21 A Never received it. Requesting additional -- when the
22 question came up, Do you have any official appraisals to give
23 me, they never supplied me with any additional appraisals.

24 Q Mr. Bender, in the last three days, Monday, Tuesday,
25 Wednesday, you testified, "I don't know," or, "I don't

1 remember," over 89 times in response to questions, both from me
2 and Mr. Wallace.

3 A Mr. who?

4 Q Wallace.

5 A Okay. Sorry. My apologies.

6 THE COURT: It was his birthday yesterday.

7 THE WITNESS: Mr. Wallace's birthday?

8 MR. WALLACE: The nightmare continues.

9 THE WITNESS: Happy birthday.

10 Q But that, you do remember?

11 A What was the question again, please?

12 Q You do remember requesting appraisals from
13 Mr. McConney?

14 A Numerous times. Yes, sir.

15 Q Numerous times. Numerous times, and you never
16 received them?

17 A I never received any -- I did not receive any
18 additional appraisals, that they didn't supply as part of his
19 package.

20 Q And you said, Oh, okay. The Trump Organization must
21 not have appraisals.

22 THE COURT: That's not his testimony.

23 Q Did you conclude that the Trump Organization didn't
24 have appraisals?

25 A I didn't need to make a conclusion. I asked the

1 question; they gave me an answer; and they made representations
2 that they gave me all relevant data.

3 Q Okay. And in your --

4 A I don't know the exact words. We can pull it up on
5 the screen.

6 Q We are happy to pull them up.

7 In your mind, relevant data is documents that you
8 didn't rely on?

9 A We can pull it up.

10 Q Okay. Mr. Bender, I have to ask you the question, are
11 there any mental health reasons that you can't testify here
12 today?

13 A No, sir.

14 MR. WALLACE: Objection.

15 THE COURT: Overruled.

16 Q Let me show you Defendant's Exhibit 729.

17 (Whereupon, a document was displayed, and handed
18 to the witness.)

19 A Do you want me to read this?

20 Q Have you seen it before?

21 A I have to read it.

22 Q Okay.

23 (Whereupon, there was a pause in the
24 proceedings.)

25 Q I can draw your attention to the specific part of the

1 document I intend to ask you about. On page two of the
2 document, a document prepared by Mazars and sent to the Trump
3 Organization concerning the transition away from Mazars to a new
4 accounting firm.

5 MR. WALLACE: Just, objection. What is the basis
6 for that? I'm just not familiar with the basis for the
7 statement that this was drafted on Mazars and to the Trump
8 Organization.

9 THE COURT: Well, I'll give counsel a little
10 leeway.

11 So, where we are going?

12 Q It talks about Mazars' transition being contingent on
13 the physical and mental health of Donald Bender.

14 A I see that.

15 Q Okay. Did you disclose to Mazars that you had a
16 mental health condition that precluded them from terminating --
17 from continuing their transition to a new accounting entity?

18 A No, sir.

19 Q Then why would Mazars imply to us, to the Trump
20 Organization, that your mental health was a consideration in
21 whether they could continue to transition and comply with their
22 professional obligations in assisting to transitioning to a new
23 accounting firm?

24 MR. WALLACE: Objection to the implication part.

25 THE COURT: Overruled.

1 A You would have to ask Mazars.

2 Q Okay. Was there ever a physical or mental condition
3 that should have been disclosed to the Trump Organization?

4 A Any health issues I had, they were aware of.

5 Q The Trump Organization was aware?

6 A Mr. Weisselberg knew I had certain health issues, over
7 the years, but nothing serious.

8 Q Okay. So you discussed your personal health issues
9 with Mr. Weisselberg?

10 A We had some common health issues over the years.

11 Q Okay. But you never said to Mr. Weisselberg, someone
12 that you could talk to about your health issues, you never said
13 to him, Let me see your appraisals?

14 A I don't recall if I ever asked Mr. Weisselberg for his
15 appraisals.

16 Q All right. I'm sorry?

17 A I don't recall if I spoke to Mr. Weisselberg about
18 appraisals.

19 Q Okay. You don't recall, you don't recall, you don't
20 recall.

21 So, for specific questions you don't recall, other
22 than you do remember, you do recall, asking Jeff McConney for an
23 appraisal, but everyone else, you don't recall anything else --

24 MR. SUAREZ: Withdrawn.

25 Q Is there any reason here, based on this document that

1 we received from Mazars, that your testimony shouldn't be relied
2 on because of your mental or physical health?

3 A This memo was drafted by Mazars, no, I have no
4 physical or mental health issues that you have to be worried
5 about, today.

6 Q You disclosed no physical or mental health issues to
7 Mazars?

8 A I have had some health issues, and Mazars is aware of
9 them, and nothing serious?

10 Q Did any of them impair your ability to do your job for
11 the Trump Organization, Mr. Bender?

12 A My physical issues have been the last few months, and
13 they were resolved within two weeks.

14 Q And were there any mental health issues that
15 challenged your memory when you conducted your engagements for
16 the Trump Organization?

17 A No, sir.

18 Q Okay. That, you do recall; correct?

19 A I have no mental health issues.

20 MR. SUAREZ: No further questions on cross
21 examination, your Honor.

22 THE COURT: Thank you. Will there be --

23 MR. ROBERT: Me, sir.

24 THE COURT: That's right. You wanted ten
25 minutes, I believe.

1 MR. ROBERT: May I proceed, your Honor?

2 THE COURT: Please proceed.

3 CROSS-EXAMINATION

4 BY MR. ROBERT:

5 Q Good morning, Mr. Bender. It's still morning?

6 A Good morning.

7 Q So, in order to-- when I was sitting there yesterday
8 I had a little bit of difficulty hearing you. So, what I'm
9 going to ask you to do is speak into the mic, and, following
10 the Judge's admonition, or statement, a while ago, I'm going
11 to ask you to give me yes or no answers to my questions.

12 To the extent you feel you can't, I know the
13 Judge said you can say it's not able to be answered. So, ask
14 me, and, I'll be happy to rephrase the question so we can have
15 a dialogue and it's easier for the reporter to write it down.
16 Fair enough, sir?

17 A We'll do our best.

18 Q So, over the last couple of days where Mr. Suarez
19 left off --

20 THE COURT: Wait a minute. That was supposed to
21 be a yes or no question.

22 MR. ROBERT: I'm starting out that way. It's
23 going to wind up with a yes or no, I promise.

24 Q In Mr. Suarez's last few minutes of his questioning
25 of you, he brought to your attention, correct, that over the

1 last few days you answered "I don't know" and "I don't recall"
2 approximately 90 times.

3 Do you remember that?

4 A I believe he said 89, but you can check the court
5 record.

6 Q So, that you remember, and I'm glad you do. You're
7 an accountant, and I'm a lawyer. So, you're good with
8 numbers. So, about 89 times, right?

9 A I believe that's what he said.

10 Q Okay. Do you recall a couple of days ago, actually
11 Wednesday morning, which would have been yesterday morning,
12 Mr. Suarez asked you the following:

13 "Question: Did your counsel speak to anyone
14 from the New York Attorney General's Office?"

15 You said:

16 "Answer: You have to speak with them."

17 Then the question was:

18 "Are you aware if your counsel spoke to anyone
19 from the New York Attorney General's Office?"

20 "Answer: I don't recall any conversation with
21 counsel last night.

22 So, is your testimony that when you were here
23 yesterday morning testifying, you don't remember if you
24 had a conversation with your counsel the night before?

25 A Say that again, please.

1 Q Yesterday morning you testified that you couldn't
2 recall if you had a conversation with your counsel Tuesday
3 night.

4 So, you don't remember yesterday morning whether
5 your lawyer spoke with the Attorney General Tuesday night?

6 A I don't remember Wednesday morning if I had a
7 consult Tuesday night? I do not know what conversations my
8 client -- my counsel had -- my counsel had with the Attorney
9 General.

10 Q Did you speak to your lawyer Tuesday night, yes or
11 no? I don't want to know the contents of it, but, did you
12 speak with your lawyer Tuesday night?

13 A I believe I did.

14 Q As you sit here today, on Thursday morning, you don't
15 remember if, on Tuesday night, after your first day of
16 testimony, you spoke could your lawyer; is that your
17 testimony?

18 A Say that again, please.

19 Q Is it your testimony, as you sit here today, on
20 Thursday morning, that you don't remember if on Tuesday night
21 you spoke to your lawyer or not?

22 A I spoke to my lawyer because they wanted --

23 Q Don't tell me what you spoke about, please.

24 A You're right.

25 Q Now, you remember you spoke to him Tuesday night?

1 A Yes.

2 Q Did you speak to him last night?

3 A Yes.

4 Q Do you know if he spoke to the Attorney General last
5 night?

6 A I do not know.

7 Q During the course of Mr. Suarez's examination of you,
8 you said that during the course of your engagement for the
9 Trump Organization there were two or three times that you had
10 a question about how they were handling certain GAAP issues in
11 the Statement of Financial Condition.

12 Do you remember that?

13 A No, I do not remember that being my testimony. I
14 believe, if we're talking about the same matter, I believe
15 there were two or three times where we discussed GAAP
16 exceptions.

17 Q There were two or three times, during the course of
18 your engagement, where you discussed GAAP exceptions, correct?
19 Yes or no?

20 A There were two or three times where we discussed it,
21 newer GAAP exceptions. I believe my testimony was two times,
22 not three times.

23 Q So, there were two times you talked to the Trump
24 Organization about issues of GAAP exceptions, correct?

25 A That's all I recall at this moment.

1 Q That is all you recall at this moment, that there
2 were two times, correct?

3 A That is all I can recall right now.

4 Q Will you agree with me GAAP exceptions are an
5 important part of a Statement of Financial Condition?

6 A Yes, sir.

7 Q As a matter of fact, at the beginning of the
8 Statement of Financial Condition is where it's listed what
9 those GAAP exceptions are, correct?

10 A Yes, sir.

11 Q And I know you testified you're --

12 A Let's take it back. There are two or three times
13 where I discussed new GAAP exceptions with him.

14 Q New GAAP exceptions and every time you had a
15 conversation, the Trump Organization agreed with what your
16 assessment was and either-- it changed the GAAP exceptions to
17 reflect something that you and Mazars were comfortable with,
18 correct?

19 A Yes, sir.

20 Q So, every time you, as the accountant, go to the
21 Trump Organization, you have a discussion about a concern you
22 have about GAAP, they comply with what you're suggesting,
23 correct?

24 It's a simple question, sir. Please.

25 A We came to a --

1 MR. ROBERT: Your Honor, please.

2 THE COURT: I believe it's capable of a yes or
3 no.

4 A Yes.

5 Q Yes. Then the period of those times, you were the
6 partner in charge of the Statement of Financial Condition
7 project, correct?

8 A I was a partner in charge of the compilation, yes.

9 Q Okay. We talked about, or Mr. Suarez talked to you
10 the other day about ASC 274. You remember that?

11 A I don't remember the exact questions, no, sir.

12 Q Do you remember that the words ASC 274 were discussed
13 over the last few days?

14 A Yes.

15 Q I'll be honest with you, before this trial, I would
16 have thought it was a motor oil. I wouldn't have known it has
17 anything to do with accounting, but, you know ASC 274 has to
18 do with accounting, correct?

19 A Yes, sir.

20 Q I think your testimony was if you had specific
21 questions about it, you'd go next door or talk to somebody
22 else at Mazars, correct?

23 A Yes, sir.

24 Q Can we at least agree you have the requisite
25 knowledge and experience and training to know that ASC 274 is

1 the governing principles behind what needs to be in a
2 Statement of Financial Condition?

3 Would you agree with that?

4 A At the time I was doing the engagement, I had the
5 appropriate knowledge, correct.

6 Q So --

7 THE COURT: Wait a minute. That didn't answer
8 the question.

9 MR. ROBERT: Can we have the question read back?

10 THE COURT: Please read back and listen
11 carefully.

12 MR. ROBERT: Thank you.

13 (Read back.)

14 A Yes, sir.

15 Q Okay. During the time that you were in charge of the
16 Statement of Financial Condition assignment from-- on behalf
17 of Mazars for the Trump Organization, you had that knowledge,
18 correct?

19 A Yes.

20 Q To the extent you had specific questions about it,
21 you would go to other people within Mazars to ask specific
22 questions, correct?

23 A Yes, sir.

24 Q That you remember, correct?

25 A Yes, sir.

1 Q Okay. But as you sit here today, you also remember
2 now that you asked Jeff McConney every year for appraisals; is
3 that what your testimony is?

4 A I said most years.

5 Q So --

6 A Started in, approximately, I believe, you can check
7 my testimony. I thought I said something like 2013.

8 Q Can you speak into the microphone?

9 A Can't get much closer without kissing it.

10 Q I don't think it wants that. Don't worry.

11 A It's the first time I've had one without a cover
12 since I've testified in the last few years. I believe my
13 testimony is, I asked most years. I could have missed one
14 but I did ask most years and I believe my testimony was 2013.
15 I believe, but, we can pull that up, if you'd like to confirm
16 that.

17 Q So, your testimony today, under oath, is that you,
18 specifically, recall, on one or more occasions, Jeff McConney
19 to give you every appraisal that he had. Is that your
20 testimony?

21 A My testimony is --

22 Q Yes or no, sir, please.

23 A My testimony is that I asked for -- do you have any
24 other appraisals.

25 Q That is not my question, sir. Did you or did you

1 not, as you sit here today under oath, ask Jeff McConney, on
2 one or more occasions, give me all the appraisals you have.
3 Yes or no?

4 A That's not the words I used. My words were, do you
5 have any other appraisals.

6 Q So, is your testimony then that it was only on a year
7 that you got one appraisal, you'd ask him if he had more
8 appraisals? Yes or no, sir?

9 A No. My testimony is that when the Trump Plaza LLC,
10 Trump Plaza LLC, and TIHT Commercial LLC appraisal appeared,
11 I asked: Do you have any-- that's when I started asking: Do
12 you have more appraisals.

13 Q Mr. Bender, please. You keep saying when you
14 started. I'm trying to make it clear for the record because
15 in a little while, Mr. McConney will raise his right hand and
16 will be asked these very same questions by Mr. Wallace and his
17 colleagues, because I want to tee this up now because I,
18 respectfully submit, there is going to be a difference. So,
19 let's be clear.

20 So, is it your testimony now that on specific
21 years, you told Jeff McConney: Give me all the appraisals you
22 have. Yes or no?

23 A My --

24 Q Please, sir. Mr. Wallace can --

25 THE COURT: Yes or no. If you want it read

1 back, read it back or --

2 THE WITNESS: Read it back.

3 THE COURT: Let's have a read back.

4 (Read back.)

5 A I would submit that's the word "ask" not "told" but
6 the answer would be yes.

7 THE COURT: Is that sufficient?

8 MR. ROBERT: I'm going to probe a little, sir.

9 Q So, you asked Jeff McConney every year to give you
10 appraisal's to the extent he had any appraisals. That's your
11 testimony under oath?

12 A Say that question again, please.

13 Q Your testimony under oath today is that every year
14 you asked Jeff McConney to provide you with any appraisal he
15 may have had; yes or no, sir?

16 A I never said every year.

17 Q You don't recall. Let's take a step back.

18 On the years that you did, is that question-- is
19 that the way you phrased it to Mr. McConney?

20 A The way I phrased it to Mr. McConney is: Do you
21 have any other appraisals.

22 Q Mr. Bender, we're having a disconnect here, because,
23 when you say: Do you have any others, that presupposes there
24 was one. So, since you don't remember what year it was, I was
25 trying to help jog your memory.

1 So, is it your testimony then that only on the
2 years when you got one appraisal, you said: Hey, Jeff, do you
3 have any more?

4 A My testimony is when I got THIT Commercial and Trump
5 Plaza Commercial's appraisals, I said: Are there any more
6 appraisals.

7 Q So, that is one time?

8 A No, that is when it started, and, I asked most
9 years.

10 Q You asked-- so, on a year that there were no other
11 appraisals given to you as backup for the SOFC, you said:
12 Hey, Jeff, do you have any other appraisals?

13 A I asked him: Do you have appraisals, at the time
14 the first ones appeared.

15 Q So, your testimony is, after the first one appeared
16 in the year, you don't know every year, you would say to Jeff
17 McConney, do you have any other appraisals, even if he didn't
18 give you any appraisals for that year? Yes or no, sir?
19 Please.

20 A Say that, again, please.

21 MR. ROBERT: Can I have it read back, please?

22 THE COURT: Read back.

23 A Yeah.

24 MR. WALLACE: I'm going to object at this point.

25 His testimony has been clear. Mr. Robert keeps

1 rephrasing it in different forms.

2 THE COURT: Overruled. I hope we don't need
3 another read back. Let me see.

4 MR. ROBERT: I'm trying to do it in as tight a
5 way I can, Judge.

6 THE COURT: You seem to be asking if there
7 weren't any, would he ask for any others, and, logically,
8 you can't say are there any others, if there weren't any.

9 MR. ROBERT: That is what I'm going to get at.
10 I respectfully submit you're going to here diametrically
11 opposed testimony, either today or tomorrow, from Mr.
12 McConney, because, in my opening, I told it's all about
13 credibility, and, I stand before you today saying the
14 same thing.

15 So, I want to figure out exactly what it is you
16 say you said because that is not the way we see things.

17 MR. WALLACE: I will object to the
18 representation about what other people will testify to
19 that have not appeared in court.

20 THE COURT: Sustained. You should not do that.
21 I think I have it fairly simple.

22 MR. ROBERT: Please try, Judge.

23 THE COURT: If you didn't receive any appraisals
24 for a given year, would you actually say: Do you have
25 any others?

1 THE WITNESS: Do you have any appraisals. Do
2 you have any others. I apologize to the Court if I had
3 the wrong word, but, starting at the point when he
4 started giving me appraisals, I started asking: Do you
5 have any other appraisals or you have any appraisals --
6 or have any appraisals. I started asking for appraisals
7 at the point when the first appraisal appeared.

8 Q That is different from what you've been saying. So,
9 let's be clear.

10 Are you saying that you would either say to him:
11 Now, do you have any appraisals, or, do you have any other
12 appraisals, or, to you, does it mean the same thing?

13 A To me, it's the same thing.

14 Q So, you don't remember exactly what it is you said to
15 Mr. McConney on the years you don't remember what the years
16 were?

17 A I don't remember word for word but I know I asked
18 for appraisals.

19 Q You know you asked Jeff McConney for appraisals. You
20 don't remember the words you used?

21 A I --

22 Q Correct? Yes or no?

23 A No, I do not remember the exact words.

24 Q No one was witnessing when you asked for these,
25 correct?

1 A I don't recall.

2 Q You didn't send him any e-mails about it?

3 A No, I don't recall.

4 Q You didn't send him any text messages about it?

5 A I don't text, generally.

6 Q You don't recall texts. You don't recall e-mails.
7 You don't recall if anyone is in the room, but, you have a
8 specific recollection today that you asked him for it, but,
9 you still don't remember if you even spoke to your lawyer two
10 nights ago, right?

11 A I said I did speak to my lawyer two nights ago.

12 Q You don't really know what you asked Jeff McConney
13 for. Do you, sir?

14 A Yes, I do.

15 Q Sir, you're aware of the accepted standards of
16 practice for an accountant, correct? Generally speaking?

17 A Generally speaking, yes, sir.

18 Q You know that if you depart from generally accepted
19 accounting standards, liability can be imposed, correct?

20 A Yes.

21 Q It can be liability in terms of accounting
22 malpractice, correct?

23 A I believe so.

24 Q And there can be regulatory and criminal obligations
25 that flow from it, correct?

1 A Yes, sir.

2 Q You know, as you sit here today, that, to the extent
3 you give any admission that shows you departed from general
4 and accepted accounting standards, that potentiality you and
5 Mazars will be sued by our clients, correct?

6 A I never really thought about that.

7 Q You never thought about the fact that there was
8 liability? Perhaps, that our client would sue Mazars or you?

9 A It wasn't my biggest concern, no, sir.

10 Q You just went from it wasn't a concern to it wasn't
11 your biggest concern. Can we at least agree it was a concern
12 of yours?

13 A Not really sir, no. I wasn't worry about it.

14 Q You didn't worry about that. You're not worried your
15 testimony today will be scrutinized by regulator, or are you?

16 A Never thought about it.

17 Q What about the authorities?

18 A Which authorities?

19 Q The District Attorney's Office, US Attorney. You're
20 not concerned your testimony will be scrutinized by them?

21 A No, sir.

22 Q Okay. That, you're certain of?

23 A Yes, sir.

24 Q You know, another thing you weren't too sure about
25 over the last few days is how big a client our clients were to

1 you.

2 Do you remember, generally, that testimony?

3 A I don't remember the exact revenue stream, if that's
4 what you're talking about.

5 Q I think we established pretty clearly that in any
6 given year for the last ten years, the fees generated by
7 Mazars was over a million dollars?

8 A Yes.

9 Q Some years, as high as 2.6 million?

10 A I don't recall the exact number.

11 Q Can we at least agree they were your biggest client?

12 A My biggest client, yes.

13 Q Can we agree they were a cache client to have?

14 A Me, personally?

15 Q Yes.

16 A I wasn't really into-- it wasn't a cache thing for
17 me.

18 Q Do you think, as you sit here today, you would have
19 been made a partner at a large firm like Mazars but for the
20 fact the Trump Organization and affiliated members were your
21 clients?

22 A I can't speak to what Mazars would have done or
23 didn't do.

24 Q How much of your business, percentage-wise, is not
25 Trump related-- withdrawn.

1 From 2010 to 2020, on average --

2 MR. ROBERT: And I'm not going year by year,
3 Judge. I promise.

4 Q For those ten years, on average, the Trump
5 Organization was your largest clients, right?

6 A Yes, sir.

7 Q More than 50 percent of your revenue was generated by
8 them, correct?

9 A Yes, sir.

10 Q If we added up all the other clients you had, it was
11 going to be less than the amount of money the Trump
12 Organization generated for fees for you, correct, in any given
13 year? True?

14 A Yes, sir.

15 Q Okay. You know, there was also some testimony about
16 your-- and I'm going to use the word, and then I'll change it.
17 Your review of the McConney spreadsheets. You remember?

18 A I don't remember using the word "review".

19 Q There was a whole back and for you and Mr. Suarez
20 using the word "review." It dawned on me, to accountants,
21 review means something different than it means to the rest of
22 us, right?

23 A Yes.

24 Q We have three levels to review. Financials, right?
25 We have an audit?

1 A You're using the word "review" inappropriately, but,
2 I understand where you're going.

3 Q That's great because during the break, since we were
4 allowed to bring in our iPads, I was looking for a synonym for
5 review so I can use a word we both agree on.

6 Can we use the word inspect?

7 A Look at.

8 Q Well, it's funny. You have a different-- I looked at
9 the definition of look because you had a different definition
10 of "look" yesterday. When you said "look" is kind of
11 skimming. You remember that?

12 A No.

13 Q When you look at something. When you look at
14 something are you comprehending what's in there?

15 THE COURT: This is starting to sound like the
16 interrogation of Bill Clinton. It depends upon what the
17 definition of "is" is.

18 Q I want to ask some questions about the McConney
19 spreadsheets and I know if I used the word "review," the
20 answer will be I didn't, and, I appreciate it wasn't a review,
21 and, I can't say did you compile the spreadsheet. So, I'm
22 trying to come to a term we can agree on.

23 THE COURT: He's suggested looked at and
24 inspect.

25 A Worked on.

1 Q Worked on? Okay.

2 A Use. Use. Whatever you prefer.

3 Q So, you worked on?

4 A Used, I like but go ahead.

5 Q Used is a better word?

6 A Yes, sir.

7 Q Okay. So, my English will be a little bad for the
8 record because I'll use the word "use". You used the McConney
9 spreadsheets?

10 A Mazars used the McConney spreadsheets, yes.

11 Q So did you?

12 A I'm part of Mazars. Yes, sir. I was part of
13 Mazars.

14 Q When this was discussed the other day, the Judge took
15 judicial notice the other day that companies act through
16 people.

17 So, can we agree that Mazars acted through you
18 as the primary liaison with the defendants in this case? Fair
19 enough?

20 A Yes, sir.

21 Q Okay.

22 A For a number of years.

23 Q I'm sorry?

24 A For the last --

25 Q Last ten years. Before 2020. 2010 to 2020?

1 A Yes, sir.

2 Q We can agree on that? Okay.

3 When you used the McConney spreadsheets, you
4 made a very big point of saying you didn't go through them
5 line by line. Remember that?

6 A Yes, sir.

7 Q I want to be clear. I'm not suggesting -- we can
8 take a step back.

9 Do you think you had an obligation to go through
10 them line by line?

11 A No, sir.

12 Q We can agree, in a world of levels of seniority in an
13 organization, you may not be looking line by line, like I
14 might not be looking at citations in a brief. Somebody else
15 may be doing it but I'm signing my name to it, like you're
16 signing your name to Statements of Financial Condition?

17 A Yes, sir.

18 Q I don't want to waste the Court's time putting it on
19 the screen, but, in addition to their being a line-by-line
20 Excel spreadsheet, there was descriptions under each category
21 of how Mr. McConney came to his valuations, correct?

22 A I don't know if there's each category.

23 Q Sorry?

24 A I'm not sure if there were descriptions in each
25 category.

1 Q Well, sir, again in trying to do this quickly, can we
2 agree as to the main assets held by the Trump Organization
3 when we come to a value, whether it was Trump Tower, seven
4 Springs, one of the other-- 40 Wall. On the McConney
5 spreadsheet, he would explain how he came to the valuation?

6 A We can put it on the screen but I want to save
7 time.

8 A There is a detailed cross-reference, but, for
9 instance, cash-- I don't know if there is a description.

10 Q I didn't ask about cash. Did you call the bank to
11 verify how much money was in the bank?

12 A No, sir.

13 Q But I'm not asking you about cash. I'm asking you
14 about the major real estate assets. Let's take three, for
15 example. 40 wall, Trump Tower, and Seven Springs. You're
16 familiar with the three assets owned by the defendants?

17 A Yes, sir.

18 Q Can we at least agree that underneath those, on the
19 McConney spreadsheet, it explained the way Jeff came up with
20 the value?

21 A Yes, sir.

22 Q Okay. In your use of the McConney spreadsheets, did
23 you use that information? Did you look at that?

24 A Personally?

25 Q Yes.

1 A I don't know if I looked at it every year.

2 Q So, you didn't personally even look at the highlights
3 that show how a valuation was come from -- where a valuation
4 came from?

5 A I don't recall if I looked at every line, if that's
6 what you're asking.

7 Q I'm not asking about every line. I'm trying to make
8 it simple. I don't think everyone in the courtroom thinks
9 you'd be looking at every line of a 40-page spreadsheet.

10 What I'm asking is: Did you, as a partner in
11 charge of this multimillion-dollar account, your biggest
12 client at Mazars, did you at least look at the valuation
13 methods that were used by the Trump Organization for its
14 largest assets?

15 A I looked at those assets, yes, sir.

16 Q You looked at those assets and you looked at the
17 description as to how the valuation was determined, correct?

18 A I believe --

19 Q Yes or no, sir?

20 A I believe I did, yes.

21 Q Okay, you did. You didn't have a problem --

22 THE COURT: He said: "I believe I did." You
23 can't say, oh, then you did.

24 MR. ROBERT: Fair enough.

25 Q So, you don't know, one way or the other, whether you

1 looked the it?

2 A To the best of my recollection, I did.

3 Q Let me ask this. When we talk about generally
4 accepted-- acceptable accounting standards, do you think it
5 would have been appropriate, yes or no, for Mazars to sign off
6 on the Statement of Financial Condition and you, as the
7 primary partner in charge of the account, to have not looked
8 at how the valuations came, how the valuations came about
9 before you signed off on it?

10 A So, I did look at the largest assets. You're
11 correct, sir.

12 Q Okay. You didn't have a problem with them?

13 A I had no problem with them. At the time we issued
14 the compilation report, I had no problem with it. No, sir.

15 Q At the time you issued the compilation report, you
16 had no problem in the methods Mr. McConney used in coming to
17 the valuations, correct?

18 A I had no problem with the methodology the Trump
19 Organization came up with. What's the rest of the sentence?
20 To-- substitute the Trump Organization for Mr. McConney.

21 Q Fair enough, sir. It wasn't until the time that
22 after you sat down with the New York County District
23 Attorney's Office that you then had a change of this opinion;
24 yes or no? Please, sir. Yes or no?

25 A I do not --

1 Q Yes or no, please. It's a very simple question?

2 A I can't answer that question.

3 Q So, you can't answer the question?

4 A I can't answer it yes or no.

5 Q You can't answer the question yes or no that it-- let
6 me ask -- I'll withdraw the question.

7 Prior to your meeting with the New York County
8 District Attorney's Office, you did not notify, you, The Trump
9 Organization that you had any problem with that, did you?

10 A Say that again, please.

11 Q Prior -- withdrawn.

12 You testified earlier today --

13 MR. ROBERT: And this is my last point. I'm not
14 going to belabor it, Judge.

15 Q You testified earlier today that it wasn't until you
16 sat down in the Manhattan District Attorney's Office, with
17 Mazars' lawyers by your side, up until that point in time, you
18 were not aware of these additional appraisals, correct?

19 A That's not what I testified.

20 Q You didn't testify that you-- that this was-- your
21 first foray into knowing there were these additional
22 appraisals was when you met with the Manhattan District
23 Attorneys by Zoom?

24 A That is a different question. You said when I was
25 in the Manhattan District Attorney's Office.

1 Q That-- you seem to be very precise, right? That's a
2 compliment, sir. You can take it.

3 A I'm not very precise but I'm trying to listen to
4 your questions and give you honest answers.

5 Q And I appreciate that, sir. So, being precise. So,
6 now we just spent a few minutes and thank you.

7 So, it was not until the Zoom meeting with the
8 Manhattan District Attorney's Office that you first had any
9 concern about the work you had done for the Trump
10 Organization, correct?

11 A That is correct.

12 MR. ROBERT: I have no further questions.
13 Judge. Thank you.

14 THE COURT: I think it's time for a break. As
15 usual, we'll have a ten-minute break but take 15 minutes,
16 and I will be strict about that.

D. Bender - Re-Direct by Mr. Wallace

1 THE COURT: Mr. Wallace and your team, any
2 re-direct of the previous witness?

3 MR. WALLACE: I have exceedingly brief re-direct.
4 It will just be a couple minutes. So, if we could get
5 Mr. Bender back.

6 (Whereupon, there was a pause in the
7 proceedings.)

8 (Whereupon, the witness resumed the witness
9 stand.)

10 THE COURT: Okay please proceed with re-direct.

11 RE-DIRECT EXAMINATION

12 BY MR. WALLACE:

13 Q Welcome back, Mr. Bender. I assure you, I will try to
14 be exceedingly brief.

15 MR. WALLACE: Could we please pull up Defendant's
16 Exhibit 950.

17 (Whereupon, a document was displayed.)

18 Q Mr. Bender, up on the screen we have defendant's
19 Exhibit 950. It's a document entitled Personal Financial
20 Statements Guide with Conforming Changes as of May 1, 2008,
21 audit and accounting guide. Do you remember discussing this
22 document with Mr. Suarez?

23 A Yes, sir.

24 Q Okay. I'm just going to note that this document comes
25 from the University of Mississippi, and over here we can see

1 that it's from the American Institute of Certified Public
2 Accountants, AICPA, Historical collection. Do you know why this
3 document came from the historical collection?

4 A Not off the top of my head.

5 Q Do you recall that in 2009, U.S. G.A.A.P. was replaced
6 by the FASB, with the release of the FASB Accounting Standards
7 Collection?

8 A I don't remember the date, but that's approximately
9 correct. Yes, sir.

10 Q Okay. Let me show you a document, see if I can
11 refresh you on the date.

12 (Whereupon, a document was displayed, and handed
13 to the witness.)

14 Q It's a long document. I'm not going to ask you to
15 look at the whole thing. I would just like to direct your
16 attention to the header at the top of the page which states -- I
17 will represent to you, this is a copy of the same document we
18 were just looking, at that Mr. Suarez shared with you, but this
19 version states at the top, "Notice to Readers, Executive
20 Summary, U.S. G.A.A.P. was replaced by the FASB with the release
21 of the FASB Accounting Standards Codification on July 1, 2009.
22 The codification is effective for financial statements for
23 interim or financial reporting periods ending after
24 September 15, 2009. While the accounting guidance in this audit
25 and accounting guide may be useful, only guidance that was

1 incorporated into the certification is considered
2 authoritative."

3 THE COURT: Codification. Not certification.

4 MR. WALLACE: Codification. Thank you, your
5 Honor.

6 Q Does this refresh your recollection as to the dates
7 that U.S. G.A.A.P. was replaced by the FASB?

8 A Yes, sir.

9 Q Okay. So, the guidance that you were shown by
10 Mr. Suarez was no longer authoritative as of 2011?

11 A That's correct.

12 Q Okay. And if you were consulting with your colleague
13 Mr. Cohen about what standards governed your work from the
14 period of 2011 forward, it would not have been in reference to
15 this guidance; is that correct?

16 A It would have been with the superseded guidance.
17 Mr. Cohen, or anybody else I consulted with.

18 Q Okay.

19 MR. WALLACE: If we can go back to Defendant's
20 Exhibit 950, and go to D-950, 22.

21 (Whereupon, a document was displayed, and handed
22 to the witness.)

23 MR. WALLACE: And if we can blow up item 2.05,
24 please. I'll just read it into the record. This is
25 section 2.05.

1 Q I believe you discussed this with Mr. Suarez, and it
2 states, "Before commission, the accountant should read the
3 compiled personal financial statements and consider whether such
4 financial statements appear to be appropriate in form and free
5 from obvious material errors. In this context, the term error
6 refers to mistakes in the compilation of financial statements
7 including arithmetical or clerical mistakes, and mistakes in the
8 application of accounting principles, including inadequate
9 disclosure. Misstatements that might occur in personal
10 financial statements prepared in conformity with generally
11 accepted accounting principles, G.A.A.P., include," and then
12 there's series of four bullet points?

13 A Yes, sir. I see that.

14 Q Do you remember Mr. Suarez taking you through these
15 bullet points?

16 A Yes, sir.

17 Q And I believe that earlier today he asked you a number
18 of questions about whether the statements in each year complied
19 with the bullet point at the bottom here which states,
20 "Presentation of an asset or liability at an obviously
21 inappropriate value or amount."

22 Do you recall that testimony?

23 A Yes, sir.

24 Q Okay.

25 MR. WALLACE: Could we put this up?

1 Actually, let's just pull up Defendant's
2 Exhibit 25.

3 (Whereupon, a document was displayed, and handed
4 to the witness.)

5 A Are we done with these?

6 Q You can just put that to the side, for now.

7 So Mr. Bender, I'll direct your attention to the top
8 of the screen. It states, "AR-80, Compilation of Financial
9 Statements." It states, "Issue date --"

10 A AR section.

11 Q AR section. Thank you?

12 A Okay.

13 Q "Compilation of Financial Statements. Issue date,
14 unless otherwise indicated, December 2009. See section 9080 for
15 interpretations of this section."

16 Do you know if this is the section that replaced the
17 guidance you had been looking at?

18 A Yes, sir.

19 Q So, this was in effect from 2009, forward?

20 A I believe so. Yes, sir.

21 Q And just to keep this moving along, I'll represent to
22 you that this guidance was superseded, as of December 15, 2015,
23 but I would like to take you to page 4 of this document, and if
24 we could look at the item under, Reading Financial Statements,
25 and this states, "Reading Financial Statements, before

1 submission, the accountant should read the financial statements
2 and consider whether such financial statements appear to be
3 appropriate in form, and free from obvious material errors. In
4 this context, the term error refers to mistakes in the
5 preparation of financial statements, including arithmetical or
6 clerical mistakes, and mistakes in the application of accounting
7 principles, including inadequate disclosure."

8 Do you see that language?

9 A Yes, sir.

10 MR. WALLACE: I would like to put this up next to
11 the language we looked at in Defendant's Exhibit 950-22, if
12 we could.

13 So, can we put that side by side, with the stuff
14 we just looked at? Oh they're on top of each other.

15 Q So you can see, the first two sentences are pretty
16 close; correct? It states, especially in the second sentence --
17 well, they're pretty close?

18 A One refers to compilation.

19 Q Right, but they say that before submission, it should
20 consider whether such financial statements appear to be
21 appropriate in form, and free from obvious material errors.
22 They both state, in this context, "the term error refers to
23 mistakes in the compilation of financial statements, including
24 arithmetical or clerical mistakes and mistakes in the
25 application of accounting principles, including inadequate

1 disclosure." But the version on the top that comes in at 209,
2 it no longer has those bullet points does it?

3 A No, but there's a little difference in wording.

4 Q Right.

5 A You said the same. They refer to -- the bottom one
6 refers to compilation, I believe.

7 Q Right. So this bullet, though, about the presentation
8 of assets or liabilities, and obviously inappropriate value, or
9 amount, had been removed from the guidance?

10 A It appears so.

11 Q Okay.

12 A What you are showing me.

13 Q So those would not have been authoritative guidance at
14 the time you were discussing, with Mr. Cohen, what standards
15 apply to the 2011 Statement of Financial Condition of Mr. Trump;
16 is that correct?

17 A I will have to confirm that with somebody in my
18 technical group.

19 Q Okay.

20 A And it could have been Mr. Cohen, or somebody else in
21 my firm.

22 Q But the bullet point would not have governed your work
23 on its financial statements for the leader of the free world; is
24 that correct?

25 A No, sir.

D. Bender - Re-Direct by Mr. Wallace

1 Q Okay.

2 MR. WALLACE: Nothing more.

3 THE COURT: Any re-cross?

4 No. Okay. The witness is excused.

5 THE WITNESS: Thank you, your Honor.

6 THE COURT: And we need a five-minute break for
7 technical reasons. I advise everybody to stay where you
8 are.

9 (Whereupon, the witness was excused from the
10 courtroom.)

11 (Whereupon, there was a pause in the
12 proceedings.)

13 THE COURT: Plaintiff, would you like to call
14 your next witness?

15 MR. AMER: Yes, your Honor. We call Jeffrey
16 McConney.

17 THE COURT: And where is Mr. McConney?

18 (Whereupon, there was a pause in the
19 proceedings.)

20 THE COURT: Because Mr. McConney is a party, he
21 has an absolute right to be sitting here the whole time.
22 Maybe just he didn't think it would be exciting enough.

23 MR. ROBERT: That must be what it is.

24 J E F F R E Y M C C O N N E Y, after having first been duly
25 sworn, was examined and testified as follows:

1 THE COURT OFFICER: Please have a seat.

2 Please state your name and business or home
3 address on the record.

4 THE WITNESS: Jeffrey McConney, 390 First Avenue,
5 New York, New York.

6 THE COURT: You seem to have a nice, loud voice,
7 but I will ask you to speak right into the microphone, nice
8 and loud, slow, clear.

9 THE WITNESS: I'll try. Thank you.

10 DIRECT EXAMINATION

11 BY MR. AMER:

12 Q Good afternoon, Mr. McConney. My name is Andrew Amer.
13 We have not met before. I'm with the Attorney General's office.

14 Am I correct that you graduated with a Bachelor's of
15 Business Administration from Baruch College in 1978?

16 A Yes, sir.

17 Q And your degree was in accounting; is that right?

18 A Yes.

19 Q And after you graduated, you worked for a small real
20 estate company, and then went to an accounting firm; is that
21 correct?

22 A Yes.

23 Q You worked at the accounting firm for about nine years
24 before joining the Trump Organization in about April of 1987; is
25 that right?

1 A That's correct.

2 Q And am I also correct that when you were at the
3 accounting firm, that's where you first met and worked with
4 Donald Bender?

5 A Correct.

6 Q And when you started with the Trump Organization, you
7 started as an assistant controller?

8 A Correct.

9 Q And at that time, Mr. Weisselberg, Allen Weisselberg,
10 he was the controller of the organization; is that right?

11 A Yes.

12 Q And it's when he was promoted to Chief Financial
13 Officer that you stepped into his role as Controller of the
14 organization; is that right?

15 A Yes.

16 Q And as controller, you reported to Mr. Weisselberg;
17 correct?

18 A Correct.

19 Q And during the entire time that you were controller,
20 he was your boss; correct?

21 A Correct.

22 Q Is it also correct that you basically had the same job
23 and same responsibilities when you your title changed from
24 Assistant Controller to Controller? Is that fair?

25 A That's correct.

1 Q And your responsibilities included making sure
2 interest payments were made on loans; is that right?

3 A Yes.

4 Q And you dealt with the general ledger; correct?

5 A Yes.

6 Q And you oversaw accounts payable and accounts
7 receivable; correct?

8 A Yes.

9 Q Are you still employed by the Trump Organization?

10 A No.

11 Q And when did you leave the Trump Organization?

12 A I retired February 25th. February of this year.

13 Q And did you receive a severance package when you left?

14 A Yes, I did.

15 Q And how much that was severance package.

16 A The total package was \$500,000.

17 Q And have you received all of your severance, as we sit
18 here today?

19 A As of today, no.

20 Q How much have you received, and how much is left to
21 go?

22 A 375,000 has been received. 125,000 is the last
23 payment.

24 Q And is that contingent on anything?

25 A No. Other than me being alive, no.

1 Q Let's talk about the Statements of Financial Condition
2 for Donald J. Trump. You became involved in the preparation of
3 Mr. Trump's annual Statement of Financial Condition and
4 eventually took over the whole processes, likely sometime in the
5 90s. Is that fair?

6 A Sometime in the 90s, I believe. Yes.

7 Q And you were primarily responsible for preparing
8 Mr. Trump's statement between 2011 and 2017; is that fair?

9 A We didn't -- we, being the Trump Organization, didn't
10 prepare the statement. Mazars, or whatever their name was at
11 that time, prepared the statement. I prepared the backup for
12 the statement.

13 Q And you prepared the valuations that went into the
14 statement; is that fair?

15 A Yes.

16 Q And you were primarily responsible for preparing the
17 valuations between 2011 and 2017; is that right?

18 A Yeah. I don't remember if it was the June of '16 or
19 the June of '17 statement when I walked away, but that's
20 correct.

21 Q And starting in around 2016 or 2017, you received
22 assistance from an employee named Patrick Birney, in the
23 preparation of the valuations; correct?

24 A Correct.

25 Q And is it fair to say that starting in 2017, after

1 Mr. Birney came on board, you played less of a role in preparing
2 the valuations that went into the statement; is that correct?

3 A Whenever that handoff was, I had little to very little
4 to do with the financial statement.

5 Q Around the time that Mr. Birney took over for you?

6 A Right. Once Mr. Birney took over, I had little to do
7 with the statement.

8 Q But you still reviewed Mr. Birney's work with him;
9 didn't you?

10 A I believe the first time we went through it, I'm not
11 too sure, or I don't remember, how much interaction I had with
12 him, after that.

13 MR. AMER: I'm going to put up, your Honor -- we
14 prepared a demonstrative. We labeled it PDX-2, and it
15 shows the sources, which I believe are all already in
16 evidence.

17 (Whereupon, a document was displayed.)

18 MR. AMER: I don't know your preference on
19 demonstratives. Do you want me to admit it into evidence,
20 or not?

21 THE COURT: Yes. I would like that.

22 MR. AMER: Okay. So, I would ask that this be
23 admitted into evidence.

24 MR. ROBERT: As a demonstrative exhibit,
25 obviously. Not -- I'm not used to having a

1 demonstrative -- I'm used to having a demonstrative
2 document be marked, but not moved into evidence, so I would
3 object that a demonstrative document be put into evidence.

4 THE COURT: Well, I don't know that it matters,
5 in a bench trial, but would plaintiff be willing to just
6 have it marked as an exhibit, rather than it admitted into
7 evidence, as of now?

8 MR. AMER: I was asking your Honor how you would
9 like to do it, and I'm fine either way. I would say we
10 admit it -- I'm fine to say we are admitting it solely as a
11 demonstrative, if that helps Mr. Robert's objection.

12 MR. ROBERT: Let's mark it as demonstrative.
13 We'll talk over the break. I think we are saying the same
14 thing. We'll work it out.

15 MR. AMER: Does your Honor want a copy?

16 THE COURT: Yes.

17 (Whereupon, a document was handed to the Court
18 and to the witness.)

19 THE COURT: It's on the screen, but I like
20 souvenirs.

21 Q This just puts in chart form, on a single page, the
22 as-of date of the statements, and the actual date that the
23 statement was issued, and as this indicates -- and you can
24 confirm Mr. McConney -- the statements were all done as of
25 June 30th of the year that they covered; correct?

1 A Yes.

2 MR. ROBERT: Do they have a hard copy to give us?

3 I see something was handed to the witness.

4 (Whereupon, a document was handed to counsel.)

5 Q And it looks as though, for all but three years, the
6 statement is issued in October or November of the year that the
7 statement covers; correct?

8 A Yes.

9 Q And for '15 and '16, it looks as though the statement
10 was not issued until March of the year after the year that it
11 covers. Do you see that?

12 A Yes.

13 Q And am I correct that in 2015, the statement issue
14 date was delayed because Mr. Trump was campaigning for office?
15 Is that right?

16 A That's correct.

17 Q And in 2016, the statement was delayed until March
18 because of the transition to the oval office; correct?

19 A Yes.

20 Q There's one other year where the statement was delayed
21 by a few months, and that's 2020. The judge alluded to this in
22 his opinion, but I would like to confirm, was that due to the
23 Covid pandemic?

24 A I really don't remember. I didn't have much to do
25 with --

1 Q Okay.

2 A -- the June 30 of 2020 statement.

3 Q Generally speaking, unless there were extenuating
4 circumstances, the annual statement was due in October; is that
5 right?

6 A Yes.

7 Q And that's because Mr. Trump's lenders required
8 submission of an annual financial statement as part of the
9 covenants in the terms of the loans that were made to Mr. Trump
10 and the Trump Organization; is that right?

11 A Yes.

12 Q As a general matter, the due dates for those
13 statements on those loans were October 31 of each year; is that
14 right?

15 A Yes.

16 Q You knew every year that once June 30 passed, you
17 would need to start working on the statement as soon as you
18 could; right?

19 A Yes.

20 Q And you would start working on the statement in July
21 or August; right?

22 A Depending on the year, but yes.

23 Q And the statements take a long period of time to work
24 up and there's a lot of work involved in doing it; correct?

25 A That's correct.

1 Q And to start the process of preparing the annual
2 Statement of Financial Condition, you began with the years'
3 prior Excel spreadsheet; is that right?

4 A Yes.

5 Q And that spreadsheet is something that was called,
6 internally, Jeff Supporting Data; is that right?

7 A Jeff supporting something. I don't remember the exact
8 name.

9 Q And the Jeff was you; correct?

10 A Yes, sir.

11 Q And the Excel spreadsheet would include two years'
12 worth of information; is that right?

13 A Correct.

14 Q And the information in that spreadsheet included the
15 valuation methodology and prior valuations for each of the
16 assets valued in the statement; is that right?

17 A Yes.

18 Q And you would also go through the backup for assets,
19 and determine what information you needed to prepare the next
20 statement; correct?

21 A Yes.

22 Q You would gather that information and input the new
23 information into the Jeff Supporting spreadsheet; right?

24 A Yes.

25 Q And different assets on the statement were valued

1 differently; correct?

2 A Yes.

3 Q And so the valuation methodology dictated what new
4 information you needed in each year; correct?

5 A Yes.

6 Q And is it correct that the meat and potatoes of the
7 financial statement, in terms of preparing valuations and making
8 decisions with respect to those valuations, would be done by
9 Mr. Weisselberg and you, prior to Mr. Birney's involvement, and
10 then you, Mr. Weisselberg, and Mr. Birney, once he started to be
11 involved?

12 A And then just Mr. Birney and Mr. Weisselberg.

13 Q Can you put a year on it, when it became just
14 Mr. Weisselberg and Mr. Birney?

15 A It's been a while. It could have been the June of '17
16 statement, the June of '18 statement. But it was a fairly quick
17 process.

18 MR. AMER: I would like to put up PX-717, which
19 is the 2014 engagement letter, which has already been
20 admitted into evidence.

21 (Whereupon, a document was displayed, and handed
22 to the witness.)

23 Q Mr. McConney, you are familiar with this document;
24 right?

25 A Yes, sir.

1 Q This is a letter dated January 2nd, 2014 from Mazars
2 to the Trump Organization; right?

3 A Yes.

4 Q And it's signed by Mr. Weisselberg; correct?

5 A Yes.

6 Q He has acknowledged the document by his signature, and
7 accepted it; correct?

8 A Yes.

9 Q You reviewed this document before Mr. Weisselberg
10 signed it; correct?

11 A Yes.

12 Q And is it correct to say that you continued to review
13 these engagement letters, even after Patrick Birney started
14 taking over your role in the preparation of the valuations?

15 A I believe that's correct. Yes.

16 Q And you understood the terms of the compilation
17 engagement set forth in this letter, at the time that you
18 reviewed this letter; correct?

19 A Say that again, please? Can you ask that again?

20 Q Sure. You understood the terms of this compilation
21 engagement letter at the time that you reviewed it; correct?

22 A Yes.

23 Q If we go to page three of the letter, you will see
24 there's a section entitled, Management Responsibilities; right?

25 A Yes.

1 Q You understood that, pursuant to this engagement
2 letter, Mr. Trump had an obligation to comply with these
3 responsibilities set forth in A through F; right?

4 A Yes.

5 Q And I just want to highlight, in particular, item F,
6 which says that, "It's management's responsibility for making
7 all financial records and all related information available to
8 us."

9 Us being Mazars; correct?

10 A Yes.

11 Q And for the accuracy and completeness of that
12 information; right?

13 A Yes.

14 Q So you understood at the time that this language
15 placed the responsibility for providing complete and accurate
16 information squarely on Mr. Trump's shoulders; correct?

17 A Yes.

18 Q And for 2016 through 2021, you understood, based on
19 the engagement letters for those years, that the management
20 responsibilities listed were the obligations that rested with
21 the trustees of the revocable trust; correct?

22 MR. ROBERT: Objection.

23 THE COURT: Grounds?

24 MR. ROBERT: Rested? I guess if the witness
25 understands it, I withdraw the objection.

1 THE COURT: Okay.

2 A I believe that's correct.

3 Q And can we agree that your personal and professional
4 relationship with Mr. Bender, going back decades, did not in any
5 way relieve Mr. Trump or his trustees from having to comply with
6 any aspect of these management responsibilities; correct?

7 A Correct.

8 Q You provided Mazars with financial information, in the
9 form of the supporting data spreadsheets that we discussed, for
10 use in compiling Mr. Trump's annual Statement of Financial
11 Condition; correct?

12 A The information we used to prepare my spreadsheet,
13 yes.

14 Q And you provided that information in order to comply
15 with the obligation in item F of the engagement letter; correct?

16 A Correct.

17 Q And this letter explains that Mazars is performing a
18 compilation, and not an audit or a review; correct?

19 A Yes.

20 Q And you understood the significance of that
21 terminology; correct?

22 A Yes.

23 MR. AMER: And why don't we go to the compilation
24 procedures paragraph, which is on page one.

25 Q And this says, in the second paragraph, "A compilation

1 differs significantly from a review or an audit of financial
2 statements."

3 You certainly understood that at the time; correct?

4 A Yes.

5 Q A compilation does not contemplate performing inquiry,
6 analytical procedures, or other procedures performed in a
7 review. You understood that; right?

8 A Yes.

9 Q So you had no expectation that Mazars was going to
10 perform inquiry, analytical procedures, or other procedures like
11 those an accounting firm performs in a review; correct?

12 A I wouldn't say that.

13 Q You understand, though, that this was a compilation,
14 and that the engagement letter sets forth that a compilation
15 does not contemplate that the accounting firm would perform
16 inquiry, analytical procedures, or procedures performed in a
17 review; right?

18 A I understood that.

19 Q Okay. And additionally this says, "A compilation does
20 not contemplate obtaining an understanding of the company's
21 internal control;" correct?

22 A Yes.

23 Q And it does not contemplate the accounting firm
24 assessing fraud risk; correct?

25 A Correct.

1 Q And it does not contemplate the accounting firm
2 testing accounting records by obtaining sufficient appropriate
3 audit evidence through inspection, observation, confirmation or
4 the examination of source documents; correct?

5 A Correct.

6 Q And source documents would be the documents you just
7 testified would go to Mazars, along with your supporting data
8 spreadsheet; correct?

9 A Yes. I believe that's correct.

10 Q And it does not contemplate the accounting firm
11 conducting any other procedures ordinarily performed in an
12 audit; correct?

13 A Correct.

14 Q Now, you would send the supporting data spreadsheet
15 and the backup material to Mazars on an annual basis; is that
16 right?

17 A If they didn't come to the office, yes, I would send
18 it to them.

19 Q And let's look at Plaintiff's Exhibit 03054.

20 (Whereupon, a document was displayed, and handed
21 to the witness.)

22 (Continued on the next page.)

23

24

25

1 Q So, Mr. McConney, this first page is an e-mail from
2 you to Mr. Bender, dated October 23, 2014, where you tell him:
3 "Call me when you want to go over this," and this is sending
4 Mr. Bender the prior year's Statement of Financial Condition
5 that's been marked up. Is that right?

6 A That's correct.

7 MR. AMER: Okay, your Honor. I'd move this into
8 evidence.

9 THE COURT: Granted. It's in evidence.

10 Q So, this you were sending in 2014 and the statement
11 that you're attaching, if we can go to the second page. This
12 was the statement for 2013 that you've marked up, correct?

13 A Correct.

14 Q And is all the handwriting in this document yours?

15 MR. ROBERT: Your Honor, while the witness is
16 reviewing, you've already ruled, but, I'm going to object
17 on the Statute of Limitations ground just to continue
18 preserving our objections.

19 THE COURT: Agreed. Understood.

20 A Can you ask me the question one more time?

21 Q Sure. Is all the handwritten notations in the
22 document yours?

23 A Yes.

24 Q If we turn to the assets page, which is page four,
25 you've taken the prior year's statement asset sheet and you've

1 marked it up for 2014; is that right?

2 A For June of '14, yes.

3 Q Was this the normal procedure that you followed each
4 year that you were the one handling the preparation of
5 valuations?

6 A I would say there was no normal procedure. If I had
7 time, I would mark the statement up, I guess. If I didn't
8 have time, I would just provide the spreadsheet to Mazars and
9 they'd provide the updated statement.

10 Q If we could just go back to the second page of the
11 document, page two. I just want to ask you about the note
12 you've written on the upper right-hand corner that says: "DJT
13 to get final review."

14 Do you see that?

15 A Yes.

16 Q That's your handwriting, yes?

17 A Yes.

18 Q DJT refers to Donald J. Trump, correct?

19 A Correct.

20 Q So, you're making a notation that you understood
21 Mr. Trump was to get final review of the Statement of
22 Financial Condition for 2014; is that right?

23 A Yes.

24 Q Was that also the procedure that you understood was
25 followed in each year that you had responsibility for

1 preparing the statement, that Mr. Trump would get final
2 review?

3 A I would get to the point where Allen Weisselberg and
4 I would review the statement and then I would get an okay
5 from Allen to let Mazars know if it was okay to finalize the
6 statement.

7 I don't want to assume what happened in between
8 the time I gave it to Allen Weisselberg and the time Allen
9 gave me the approval.

10 Q My question is a little different. You testified
11 your handwritten notation confirms your understanding that
12 Mr. Trump was to get final review for this 2014 statement?

13 A Correct.

14 Q My question is simply whether you had the same
15 understanding that Mr. Trump was to get final review for each
16 financial statement that you were primarily responsible for
17 preparing?

18 A Yes.

19 Q Okay. Did you have-- continue to have an
20 understanding that Mr. Trump would get final review of the
21 statements that Mr. Birney was primarily responsible for
22 handling?

23 A Once Mr. Trump became President Trump, I don't know
24 what the process was on getting approvals. I think it was
25 just the trustees, but, again, I didn't handle that or

1 remember that.

2 Q You provided copies of the statements to lenders to
3 comply with the loan covenants, correct?

4 A Yes.

5 Q You provided a copy of Mr. Trump's personal financial
6 statement to, specifically, Royal Bank of America; is that
7 right?

8 A I don't remember. It's possible. I don't remember.

9 Q Let me see if I can refresh your recollection. Let's
10 look at PX-99.

11 Do you recognize this letter as the letter you
12 signed going to Royal Bank of America?

13 A Yes, for the June 30, 2015 Statement of Financial
14 Condition. Yes.

15 MR. AMER: Your Honor, I ask that this be
16 admitted into evidence.

17 THE COURT: It's admitted into evidence.

18 MR. ROBERT: Same objection as to Statute of
19 Limitations.

20 THE COURT: Okay. I'll consider that a standing
21 objection to anything before the relevant dates in 2014
22 and 2016.

23 MS. HABBA: To make the record clear. Again,
24 also anything that incorporates anything prior to that
25 date, meaning the backup, et cetera. That was my prior

1 objection.

2 THE COURT: I'm overruling that because that is
3 not the law.

4 MS. HABBA: No. No. I'm saying, your Honor, we
5 actually agreed on this before. I put on the record -- I
6 put on the record prior, and I'll reiterate it moving
7 forward, so I don't have to object, as well, that if
8 there's a document that references anything prior to
9 February 2016, those items, as his objection stands, same
10 line of questioning. I'm just putting an objection on
11 the record.

12 THE COURT: Okay. I'm sorry.

13 MS. HABBA: Yes. It's okay.

14 THE COURT: Also a continuing objection on
15 behalf of your clients.

16 MS. HABBA: Yes. Thank you.

17 THE COURT: Sorry for the misunderstanding.

18 Q Mr. McConney, this is the letter you sent to
19 Christopher Drimack at Royal Bank of America relating to the
20 seven Springs loan, correct?

21 A Yes.

22 Q You say in your letter that you are providing the
23 June 30, 2015 Statement of Financial Condition pursuant to the
24 promissory note on that loan, right?

25 A Yes.

1 Q So, this was something you were sending to the bank
2 to comply with loan obligations, correct?

3 A Yes.

4 Q Let's go ahead and mark-- or I'll share with you
5 PX-100.

6 Mr. McConney, this is another letter you're
7 sending to Mr. Drimack at Royal Bank of America attaching the
8 June 30, 2016 Statement of Financial Condition, correct?

9 A That's correct.

10 Q That's your signature, correct, on the first page?

11 A Yes.

12 MR. AMER: Your Honor, I move this into
13 evidence.

14 MR. ROBERT: Same objection, sir.

15 THE COURT: Their standing objections. You
16 don't have to keep saying them. I recognize standing
17 objections. The Court of Appeals recognizes the standing
18 objections. You don't even have to call them a standing
19 objection. It's in evidence. Yes.

20 Q As you did the year before, Mr. McConney, you are
21 sending to the bank, Mr. Trump's June 30, 2016 Statement of
22 Financial Condition in order to satisfy obligations under the
23 promissory note, correct?

24 A Correct.

25 Q And Mr. McConney, you are aware that others within

1 the organization were provided with Mr. Trump's annual
2 Statement of Financial Condition to disclose to entities
3 outside the Trump Organization, correct?

4 A Yes.

5 Q In-

6 THE COURT: Ten-minute warning. I need to break
7 at 12:50.

8 Q In particular, you're aware that Michael Cohen was
9 given a copy for one or two meetings, right?

10 A He was given a copy. I don't remember which year or
11 for how many meetings.

12 Q Would it refresh your recollection to share with you
13 some of your deposition testimony on the screen? If we can
14 put it up. This is page 124, lines 9 to 25.

15 Do you do remember that you sat for an interview
16 where you gave testimony under oath, correct?

17 A Yes.

18 Q Okay. If we look at line 124, 9 to 25:

19 "Question: Are you aware of anyone else in the
20 Trump Organization who provided Mr. Trump's annual
21 Statement of Financial Condition for any year to anyone
22 outside the Trump Organization?"

23 You asked to hear it read again.

24 Then you say: "Yes."

25 "Question: Who is that?"

1 "Answer: I know Michael Cohen was given a copy
2 for one or two meetings."

3 You see that.

4 A Yes, sir.

5 Q Does that refresh your recollection that it was one
6 or two meetings?

7 A It does not refresh my memory, but, if it is, it was
8 one or two meetings.

9 Q Your testimony was truthful when you gave it during
10 the interview?

11 A I believe, so. Yes.

12 Q You also know that Mr. Weisselberg provided the
13 statement to insurance companies, right?

14 A I believe he let them look at the statements, yes.

15 Q Let's put up PX-294. I'll see if I can do this in
16 time before the break.

17 MR. AMER: So, your Honor, PX-294 is the DB
18 credit memo that Mr. Kise showed during part of his
19 opening. So, I'm going to ask it be admitted into
20 evidence. I'm hoping there's no objection.

21 THE COURT: If he showed it, I'm admitting it
22 into evidence.

23 MR. AMER: Thank you, your Honor.

24 Q Let's go ahead and turn to page 14 of this document.
25 This was actually a page that Mr. Kise put up during his

1 opening, and, you'll see that there are various columns of
2 information in this memo which refer to the client reported
3 values of various financial statements in columns that are
4 headed DJT 6/30/2011. Donald J. Trump 6/30/2012, client
5 reported, and then two columns over, DJT 6/30/2013, client
6 reported.

7 So, what I'd like to do is go through with you,
8 if we can confirm where some of these numbers are coming from.
9 If we could split the screen and put up the 2011 statement,
10 which is Plaintiff's 787 in evidence.

11 If we can go to page four, the assets page. You
12 can see, Mr. McConney, that the cash and Marketable Securities
13 figure on the assets page, the 258.9 million matches the
14 figure for cash and Marketable Securities in the first column
15 headed DJT 6/30/2011. You see that?

16 A Yes.

17 Q So, you would agree with me that that figure is
18 pulled from the 2011 Statement of Financial Condition,
19 correct?

20 A Yes.

21 Q Then if we put up the 2012 statement, which is
22 Plaintiff's Exhibit 815 and go to page five. We're looking at
23 the assets page. You'd agree with me that the cash and
24 Marketable Securities amount of 169.7 million ties into the
25 figure that's listed in the Deutsche Bank credit memo for

1 2012, client reported, right?

2 A Yes.

3 Q We'll do 2013 which is Exhibit 707 in evidence. Go
4 to page four. You'll agree with me that the figure for cash
5 and Marketable Securities of 339.1 million ties into that
6 fourth column figure for DJT 6/30/2013, client reported,
7 correct?

8 A Yes.

9 Q In the credit memo, if we could turn to the next page
10 and leave the statement up and let's look at the top column,
11 the top chart. You'll see that there are figures for four
12 properties. They're referred to as four trophy properties.
13 You see that?

14 I'm sorry. I'll wait for you to get there.

15 A Trophy properties, okay.

16 Q If you go to 2013 statement, you'll see that the
17 figures for Trump Tower, Niketown, 40 Wall Street, and Trump
18 Park Avenue all match what's in the credit memo. You see
19 that?

20 A Yes.

21 Q So, you would agree with me that the numbers in this
22 chart and the credit memo are pulled from the 2013 statement,
23 correct?

24 A In the DJT valuation column, yes.

25 Q Okay. You'll see there's a figure under club

1 facilities in the credit memo of 1656.2. Do you see that?

2 A Yes.

3 Q That ties into the dollar amount for club facilities
4 in the June 30, 2013 statement, correct?

5 A That's correct.

6 MR. AMER: As the Court will recall, the credit
7 memo relates to the OPO loan which closed in August of
8 2014. I think this is a good point to break, your Honor,
9 if you gave me the ten-minute warning.

10 THE COURT: I'm sure everybody will be happy to
11 break now. We'll be back at 2:15 as usual. Have a great
12 lunch.

13 (Luncheon recess taken.)

25

1 THE COURT: Mr. Amer, do you have a statement of
2 some sort to make?

3 MR. AMER: Yes, your Honor. Just a point to
4 raise, on the record. It concerns the defendant's
5 application to the Appellate Division that they're going to
6 present tomorrow morning, for a stay.

7 We still do not know, although we have requested
8 multiple times, what the scope of the stay is going to be.
9 Is it going to be a stay just of the equitable relief in
10 your summary judgment decision, or will it be a stay of
11 this trial? Which, obviously, you know, required
12 tremendous resources to move forward with.

13 We believe that there is an obligation to have
14 given us notice of the specific request for relief that
15 they are going to seek, 24-hours notice. The papers have
16 Mr. Robert's firm name on them. We would ask that he just
17 say, in open court, on the record, what the scope of the
18 stay is going to be, and if he refuses to say that, then at
19 least we have that on the record, that we can take to the
20 Appellate Division.

21 THE COURT: Well, he can't say what the stay is
22 going to be. He can say what they are requesting.

23 MR. AMER: That's what I'm requesting. What is
24 the scope of the relief that they are seeking, so that we
25 understand what the nature of the application is tomorrow

1 morning.

2 MR. KISE: So -- and I may have to defer, your
 3 Honor, to the expert, the acknowledged expert on the CPLR,
 4 but as I understand it -- and I just responded to Ms. Vale
 5 over the lunch break, a few minutes ago. As I understand
 6 it, 22NYCRR, whatever that is, 1250.4(b)(2) requires that
 7 the party seeking relief, as provided in this subdivision,
 8 shall give reasonable notice to his or her adversary of the
 9 day and time when, and the location where -- we have got
 10 all that covered -- the application or order to show cause
 11 will be presented, and the relief, including interim
 12 relief, being requested.

13 So, my appellate people are telling me we have
 14 done that. We have told them we are seeking a stay.

15 THE COURT: Of what?

16 MR. KISE: Interim relief -- well, that's the
 17 thing. Until we file it, tomorrow -- hold on -- I'm not
 18 sure they're entitled to ask these questions in a trial
 19 court proceeding. It seems irregular that we are even
 20 having a conversation in a trial court proceeding over an
 21 issue that is going to go to the First Department, but we
 22 are seeking a stay pending appeal, pursuant to the notice
 23 of appeal filed on Wednesday.

24 I've offered to have a conversation with Ms. Vale
 25 tonight. To the extent our appellate people can

1 communicate with them in between that time and sort out
 2 what's required and what isn't, but you know, until we file
 3 tomorrow morning -- we actually are filing tomorrow
 4 morning, and so it's possible, I don't know, it's possible
 5 we may change our mind. We may decide to seek, you know,
 6 door number one or door number two. I don't think that
 7 that's actually required, that we -- until we present our
 8 papers to the First Department. That's the Court that we
 9 are responding to. I mean, this is -- again, I'm not the
 10 expert here, but this is how it has worked in all the times
 11 I've gone up on interlocutory appeals, is you present your
 12 papers in the morning, and we go to court.

13 THE COURT: I disagree. They asked for the
 14 relief requested. That's the point of this notice, so they
 15 are not blindsided.

16 Also, beyond all this, I would just think it's a
 17 matter of common courtesy, you would just explain what
 18 you're planning to request, or are requesting.

19 MR. KISE: I mean will they be satisfied if I
 20 tell them -- what I'm concerned with is if I say it's A,
 21 and it winds up being B tomorrow morning, then I'm going
 22 hear a lot of static from the Attorney General.

23 Again, I think it's highly irregular that we are
 24 having this conversation.

25 THE COURT: I don't think it's irregular, at all.

1 MS. HABBA: Your Honor, I actually have not even
 2 reviewed -- and I can say that, because I'm sitting here on
 3 trial with you. I haven't had an opportunity to review the
 4 papers, so I most certainly would like that opportunity,
 5 before we discuss anything with the AG. I'm sitting here
 6 representing certain clients, and I'm not going to allow
 7 him to represent anything that would be prejudicial either.
 8 So, can we at least agree that, once it's final -- I mean,
 9 but I don't see why we would do this, ever. I have never
 10 done this.

11 MR. KISE: Why don't we do this. Why don't we do
 12 this. As you know, Judge I'm a pragmatist. Why don't we
 13 do this. Why don't we let him go ahead, and I will just
 14 say, let's assume it's both, for right now; okay? In that,
 15 it's a stay of the summary judgment, and the trial.

16 THE COURT: But --

17 MR. KISE: And if it's not, then they will be
 18 over-prepared, but they won't be under-prepared. But, I
 19 can't commit, on behalf of several lawyers, several clients
 20 that haven't even spoken to, exactly what it's going to be.
 21 It's fair for us to say that it's a stay, and if they want
 22 me to commit to, it's both, then okay, I'll do that, but I
 23 don't know that tomorrow morning -- if it winds up being
 24 less, I just don't want to hear any complaint that it's
 25 going to be less.

1 THE COURT: Well, I assume they can express that,
2 that they don't want to be over-prepared, in terms of
3 getting people to the courthouse here, and all.

4 MR. KISE: It's the same person, Judge. It's
5 Ms. Vale. I mean, it's the same, and we have been
6 communicating about this. Or, our office has been.

7 MR. AMER: Your Honor, this is simple. We are
8 entitled to -- the rules require 24-hours notice. It's not
9 notice to say, We are doing something, but we don't know
10 what we are doing. That's not notice. If they haven't
11 decided what they are doing yet --

12 MR. KISE: No.

13 MR. AMER: -- then they should switch it back to
14 Tuesday morning.

15 THE COURT: And by the way, I'm not the Appellate
16 Division, but if I were, I would deny your request on the
17 ground you didn't give notice, because they didn't know
18 what they were up against.

19 MR. KISE: Then let's do that, just to satisfy
20 Mr. Amer and the Government. Again, I think it's highly
21 irregular. We will be seeking a stay of both the summary
22 judgment and the trial.

23 MR. AMER: We have our record, and --

24 MR. KISE: Does that satisfy you?

25 MR. AMER: It's not a question of satisfying me.

1 It's a question of satisfying the rules. You have to give
2 us 24-hours notice. You just put it on the record, and
3 we'll have our appellate group deal with it tomorrow
4 morning.

5 THE COURT: I think we can move ahead.

6 MR. ROBERT: And I'm confident our notice this
7 morning satisfies all the requirements to make a stay
8 application before the Appellate Division. So, we can
9 leave it at that?

10 THE COURT: I'm sorry. I didn't hear the start
11 of that.

12 MR. ROBERT: I just wanted it to be clear that it
13 is our position that the notice that we gave the Attorney
14 General's Office -- including their appellate lawyers,
15 knowing that all the trial lawyers are here in court today,
16 including all of us -- of our intention to seek a stay
17 tomorrow, at 10:00 tomorrow morning. So, they're aware of
18 it.

19 THE COURT: Well, are they aware of it because of
20 what's in the notice, or because of what you said two
21 minutes ago?

22 MR. ROBERT: Our notice says that we are seeking
23 a stay.

24 THE COURT: Well, that's clearly not sufficient.

25 MR. ROBERT: Well, I respectfully disagree with

1 the Court, but you have additional notice, and if it turns
2 out to be less, it turns out to be less.

3 THE COURT: Okay.

4 MR. KISE: But you know, again, I don't want to,
5 by stating what I stated on the record, to withdraw from
6 the position that our notice was sufficient as given, this
7 morning. Let me be clear on that.

8 THE COURT: I understand.

9 MR. KISE: To be clear on that. But, they are
10 asking. They have obviously, again, engaged in what I
11 think is a highly irregular procedure, to have a
12 conversation about an appeal in front of the Court that we
13 are appealing from, but at all events --

14 THE COURT: Well, you said that five times, and
15 I've disagreed with you five times.

16 MR. KISE: I know you have.

17 THE COURT: Chris and I understand each other.

18 We don't always agree, but we understand each other.

19 All right. Now, are we ready to recall the
20 witness? Let's get the witness back.

21 (Whereupon, the witness resumed the witness
22 stand.)

23 THE COURT: Let's continue.

24 You are still under oath. You know?

25 THE WITNESS: Okay.

1 CONTINUED DIRECT EXAMINATION

2 BY MR. AMER:

3 Q Welcome back.

4 A Thank you.

5 Q I would like to turn to the cash asset category in the
6 Statement of Financial Condition, and I would like to start by
7 showing you the Statement of Financial Condition for 2016. It's
8 Exhibit 756. It's already in evidence.

9 MR. AMER: If we could pull up page three.

10 (Whereupon, a document was displayed, and handed
11 to the witness.)

12 Q You will see that the first item on the assets page is
13 cash, marketable securities and hedge funds, in the amount of
14 \$114.4 million. Do you see that?

15 A Yes, sir.

16 Q Okay.

17 A Yes, sir.

18 Q And there are notes to this statement that explain
19 aspects of each asset category; correct?

20 A Yes.

21 Q And if we look at page six, note two is the one that
22 discusses this asset category; cash, marketable securities, and
23 hedge funds; right?

24 A Yes.

25 Q And it says, "Cash, marketable securities and hedge

1 funds represents amounts held by Mr. Trump and amounts in
2 operating entities."

3 Do you see that?

4 A Yes.

5 Q And we can agree operating entities, as used in this
6 note, means entities within the Trump Organization umbrella;
7 correct?

8 A And then some. Yes.

9 Q It's all operating entities that are within the Trump
10 Organization?

11 A It's the entities that are in the Trump Organization,
12 and entities where Mr. Trump is a partner in those entities.

13 Q Is it intended to include entities over which
14 Mr. Trump has no control?

15 A Yes.

16 Q And what about this language do you think would
17 explain to a user that operating entities includes cash,
18 marketable securities, and hedge funds within entities that
19 Mr. Trump doesn't control?

20 A I'm sorry. Can you say that again?

21 Q Sure. What is it in this language that is highlighted
22 on this screen that you believe discloses to a user of this
23 financial statement that this asset category includes cash,
24 marketable securities, and hedge funds within entities that
25 Mr. Trump does not control?

1 A Well, the word operating entities is there. I don't
2 know how individuals would interpret operating entities, but it
3 doesn't specifically state entities that he does not control.

4 Q Well, it doesn't say operating entities that he has a
5 minority interest in, either; does it?

6 A It doesn't state, only entities that he owns
7 100 percent, or that he controls.

8 Q So, it's your testimony that this asset category
9 includes cash that Mr. Trump does not have control over. Is
10 that your testimony?

11 A Yes.

12 Q And that was your intent in valuing this asset, that
13 you were going to include cash which Mr. Trump could not control
14 and dispense? Is that your testimony?

15 A Yes.

16 Q And so, this is not, in your view, an asset category
17 that represents Mr. Trump's liquidity. Is that what you are
18 telling us?

19 A The majority of it is his liquidity.

20 Q I didn't say majority.

21 A Mm-hmm.

22 Q I'm asking you, are you telling us that this asset
23 category, in your view, is intended to represent cash,
24 marketable securities, and hedge funds, which do not reflect
25 Mr. Trump's liquidity?

1 A I'm not sure that question makes any sense to me.

2 Q Okay. You have an accounting background; right?

3 A Yes.

4 Q You understand the concept of liquidity; correct?

5 A Yes.

6 Q And in order for this category to reflect Mr. Trump's
7 liquidity, would you agree that he would need to have control
8 over all of the assets that are in this category?

9 A Yes.

10 Q With respect to assets that he doesn't have control
11 over, those are not his liquid assets; right?

12 A That's not the way we looked at it, but yes.

13 Q Okay. And you're telling us that it was your intent
14 to include, within this category, assets that do not reflect
15 Mr. Trump's liquidity, because you have just told us you are
16 including assets held by entities in which he owns a minority
17 stake. Is that correct?

18 A Yes. The same way we have included accounts payable
19 in the same entities.

20 Q Why don't we pull up PX-2587, the native.

21 (Whereupon, a document was displayed, and handed
22 to the witness.)

23 Q Focusing on -- well, let me first ask you about this
24 document. This is backup that you provided to Mazars for this
25 asset category for 2016; right?

1 A Can you just scroll down to the bottom, with the
2 total? Because I believe the answer is yes, but --

3 Q Okay.

4 MR. AMER: Scroll down to the total, for the
5 witness.

6 A Just up a little bit. Up to the total of the cash.

7 Q We'll get there. Hang on a second.

8 A Okay.

9 Okay. I'm sorry. Could you ask the question again?

10 Q Yes. This is the back up for the cash, marketable
11 securities category we were just looking at for the 2016
12 statement; correct?

13 A It's the spreadsheet that summarized the backup. Yes.

14 Q That's what you sent to Mazars, along with your Jeff
15 Supporting Data spreadsheet; correct?

16 A Correct.

17 Q You would consider this spreadsheet to be a business
18 record; wouldn't you?

19 A Yes.

20 Q And if we focus on rows 11 through 16, you will see
21 that each of those entities, 11, and then 16 through 19, all
22 have, in parentheses, 30 percent of cash on B/S -- which I
23 presume is balance sheet?

24 A That's correct.

25 Q Okay. And am I correct that each of these entities

1 that have the 30 percent parenthetical are entities that are
2 part of the Vornado partnership?

3 A They are two partnerships, so yes.

4 Q Okay. Vornado Partnerships, plural; correct?

5 A Yes.

6 Q And that's a partnership group in which Mr. Trump has
7 a 30 percent minority interest; correct?

8 A Well, I don't know if it's a group. It's, Vornado
9 owns 70 percent; Mr. Trump owns 30 percent.

1 Q He owns a minority percentage, correct?

2 A Yes.

3 Q He has no ability to liquidate the amounts that are
4 in-- that are ascribed to those entities, correct?

5 A That's correct.

6 Q If we scroll down to the -- by the way, you've
7 indicated here in the spreadsheet it's 30 percent. So,
8 actually, if you looked at the balance sheet of the entity,
9 you'd see the 100 percent number and you've taken 30 percent
10 of it and put it on this balance sheet?

11 A Correct. The same way we reflected the payables.

12 Q Is it okay if we refer to this shorthand as Vornado
13 cash?

14 A Fine with me.

15 Q Just so we're clear, Vornado cash is not cash that
16 Mr. Trump has access to on his own, correct?

17 A Correct.

18 Q He cannot withdraw the funds from the accounts where
19 they sit, correct?

20 A Correct.

21 Q Let's come back to -- let's go to PX-3041.

22 MR. AMER: PX-3041 is the defendant's response
23 to the 202 statement and I'm going to ask if we can go to
24 page 142 at paragraph 403 and just blow it up. If we
25 could just do the chart and the response below.

1 Q This is a response that was filed by you in this
2 case, as a defendant, Mr. McConney, and you stated that it's
3 undisputed that the values listed are those reflected in the
4 Statement of Financial Condition and the amounts attributable
5 to the Vornado operating entities are as stated.

6 MR. AMER: I don't know if your preference is for
7 something like this, your Honor, that we admit it into
8 evidence or because it's on NYSCEF that's sufficient?

9 THE COURT: Let's consider this -- deem this
10 admitted into evidence, even though it's already on
11 NYSCEF, which is a whole different thing.

12 Q So, Mr. McConney, it is agreed then that for each
13 year from 2013 to 2021, the Vornado cash is as stated in the
14 second column. The statement year in the first column. The
15 second column has the Vornado cash.

16 The third column has the total cash reported on
17 the statement, and, the fourth column is just math, taking the
18 percentage of that column two represent as to column three.
19 So, that is stipulated fact.

20 Let's go and let's just confirm that your answer
21 is the same with respect to all these years, that the Vornado
22 cash, that has been agreed to, is cash that Mr. Trump has no
23 control over, correct?

24 A Correct.

25 Q Let's go back to PX-2587, the native. Am I correct

1 that this spreadsheet then breaks out where these funds are
2 located in different accounts, correct?

3 A I'm sorry. Can you say that again?

4 Q Yes. The columns, for example, column D says Cash
5 Allied Irish Bank. So, that is an account that exists, right?

6 A Right. That's the bank or brokerage company or
7 whatever that holds that cash.

8 Q Okay. And if we could-- and, by the way, the cash,
9 Vornado cash is -- sits in a bank account controlled by the
10 Vornado Partnerships, right?

11 A Correct.

12 Q Can we collapse columns D through N? Mr. McConney,
13 you list the Vornado cash in a Capital One account that you
14 list cash for other entities that are controlled by Mr. Trump;
15 isn't that true?

16 A Yes.

17 Q So, you've got 40 Wall Street, LLC is in the Capital
18 One account. That's clearly something Mr. Trump controls,
19 right?

20 A Yes.

21 Q Isn't it the case then that this document represents
22 that the Vornado cash is in the same Capital One account that
23 Mr. Trump's cash resides for those entities that he does
24 control?

25 A It doesn't represent that it's in the same bank

1 account. It represent it's in the same bank.

2 Q Do you know if the Vornado cash is all in a Capital
3 One account?

4 A Based on this, I would have to make that assumption,
5 but, without looking at my backup, I can't make that
6 statement here.

7 Q So, you have multiple Capital One accounts here. You
8 have one called cash in Column O. You have one called cash in
9 Column P. You have one called OS and E in Column Q.

10 Do you see that?

11 A Yes, sir.

12 Q Isn't it correct, Mr. McConney, that anyone looking
13 at this spreadsheet would conclude that all of the cash in
14 Column O sits in the same Capital One account?

15 A People can make assumptions in any way they want to.
16 The users of the spreadsheet know that it's not one bank
17 account.

18 Q It was your intent, when you created this
19 spreadsheet, to put all of these cash amounts in Column O;
20 and, that means that accounts that Mr. Trump controls and the
21 accounts that hold the Vornado cash are in the same column
22 under this same Capital One account, and, you intended that to
23 be the case; isn't that right?

24 A I did not intend it to be one account. This
25 spreadsheet is not through Column V. If you keep going out,

1 it's a number of columns. At some point in time, we had to
2 realize we couldn't keep adding columns for every single bank
3 or brokerage company. Not account but bank or brokerage
4 company that was involved.

5 If Hudson Waterfront or Vornado had their cash
6 at Capitol One, it means that's the bank, not an account, but
7 the bank that the money is in.

8 Q Mr. -

9 THE COURT: One second. We need to have a quick
10 technical break of some sort.

11 (Brief pause.)

12 THE COURT: Continue.

13 Q Mr. McConney, if you wanted to list the five Vornado
14 cash entities in a separate section, you'd only have to add
15 one more column to the spreadsheet; isn't that right?

16 A That's correct.

17 Q This is the spreadsheet that you sent to Donald
18 Bender, correct?

19 A Yes.

20 Q So, when he looks at this spreadsheet, he sees all of
21 this cash in all of these entities, including ones that
22 Mr. Trump controls, and the Vornado cash, in a single column
23 labeled Cash Capitol One, correct?

24 A Can you start that again, because I think the
25 beginning of the question, I don't agree with.

1 MR. AMER: Can you read back?

2 THE COURT: Read back, please.

3 (Read back.)

4 A Yes, he sees a listing of numbers in a column that
5 says Cash Capital One. He knows it's not in one bank
6 account.

7 MR. AMER: I'll move to strike that last part of
8 the answer.

9 THE COURT: He said it many times. I'm not
10 sure -- because it's not responsive to the question.

11 MR. AMER: And because he's testifying about
12 what Mr. Bender knows without having any foundation for
13 that. It's hearsay. He can't get into Mr. Bender's
14 mind.

15 MR. ROBERT: All of the questions were elicited
16 to what Mr. Bender understood from the spreadsheet Mr.
17 McConney sent. So, to me, it's a fair answer to a fair
18 question.

19 THE COURT: Simple point is he doesn't know what
20 Mr. Bender is going to think. So, I'll strike the last
21 sentence or clause.

22 Q It wasn't a mistake, on your part, to include the
23 Vornado cash in the same Column O as the other entity cash;
24 that wasn't your intent, correct?

25 A No. My premise is based on looking at this now is

1 that's where Vornado has their cash.

2 Q Let me go back to my question. My question was
3 simply that it wasn't a mistake on your part to put the
4 Vornado cash in Column O; it was your intent do so, correct?

5 A The preparer of this statement, I'm assuming, knew
6 where the funds were that Vornado had. So, the intent was to
7 put it in the column with the bank where the funds were.

8 Based on the way this schedule is supposed to
9 be prepared, we had put the Vornado cash in the column where
10 the cash was maintained at Capital One.

11 Q I'm just going to try, again, to see if I can get a
12 responsive answer. It's very simple. Including the Vornado
13 cash in Column O was not a mistake, it was something you
14 intend to do?

15 MR. KISE: Objection. This has been asked and
16 answered about a dozen times. He's given the same
17 answer. It wasn't his intent, and, Mr. Amer wants to
18 testify, but, the witness has already answered and said
19 exactly why he put it where he put it. That's what he
20 said multiple times.

21 THE COURT: Overruled. He hasn't answered the
22 question yet. It's a very simple question. I can't
23 state it any better than Mr. Amer did.

24 Were those numbers in Column O the way you
25 wanted them to be or were they a mistake?

1 THE WITNESS: Without looking at the backup,
2 your Honor, knowing where Vornado has their cash, if
3 their cash was in a different bank, it was a mistake. If
4 it was in Capital One, we put it in the column where all
5 the other entities had their cash at Capital One.

6 Without the backup and looking at the actual
7 source document, I can't answer the question.

8 THE COURT: Mr. Amer, what do you want to do?

9 MR. AMER: One more followup.

10 Q So, as I understand your testimony, you're saying as
11 long as the Vornado cash was in an account somewhere within
12 Capital One Bank, even though it was not a Capital One Bank
13 that Mr. Trump controlled, then this was not a mistake? This
14 was something you intended to do?

15 A That's correct.

16 Q Let's switch now to a different asset. Let's talk
17 about Mr. Trump's triplex.

18 MR. KISE: Apartment.

19 Q I'd like to discuss your valuation of that property.
20 So, let's pull up the 2014 statement, PX-730, which is in
21 evidence, and, let me first focus you on page six where it
22 says: "Basis of presentation."

23 This would have been a statement that you
24 reviewed, correct?

25 A Yes.

1 Q It says: "The accompanying Statement of Financial
2 Condition consists of assets and liabilities of Donald J.
3 Trump. Assets are stated at their estimated current values.
4 You understood, during the entire time that you were preparing
5 the valuations from 2011 through 2016, that the valuations you
6 were working on were intended to state the assets at their
7 estimated current values, correct?

8 A Correct.

9 Q Let's go back to Plaintiff's 3041. The defendant's
10 response to Plaintiff's 202.8G statement. Let's look at
11 paragraph 31.

12 Again, this is something that you filed in this
13 case, and, you do not dispute that GAAP defines estimated
14 current value as "the amount at which the item could be
15 exchanged between a buyer and seller, each of whom is well
16 informed and willing and neither of whom is compelled to buy
17 or sell."

18 You understood, when you were working on the
19 valuations, that the values had to be estimated current values
20 and that estimated current values were this definition on the
21 screen, correct?

22 MR. KISE: Objection. No foundation.

23 THE COURT: Overruled.

24 A When we were preparing the Statement of Financial
25 Condition, estimated current value, to me, has a wide range

1 of interpretation. There are a number of definitions. We
2 may not have listed them all here, but, this is one of them,
3 I believe.

4 THE COURT: Well, I'm sorry to interrupt. You
5 said it's undisputed. You're not disputing the statement
6 that's highlighted in yellow. So, what are we talking
7 about?

8 MR. KISE: He didn't say that. That's a
9 response.

10 MR. AMER: He filed --

11 THE COURT: He's a defendant.

12 MR. KISE: But, your Honor. So, this is one
13 piece of the puzzle. What's undisputed is that was the
14 definition under that one section, but, there's 20 more
15 pieces to the puzzle after that, and, that's in our
16 statement of facts.

17 They just want to ignore the rest of it. So,
18 yes, GAAP has those words in it, but, GAAP has another
19 paragraph that tells you how you compute estimated value.

20 MR. AMER: I'm concerned when we argue about
21 objections that we end up with testimony.

22 MR. KISE: It's not fair --

23 MR. AMER: Excuse me. Let me finish. We have a
24 witness on the stand, and, you're making a very lengthy
25 speaking objection in the presence of the witness, and, I

1 think that's objectionable. So, if we can just have an
2 objection and get the Court's ruling without a whole
3 explanation that educates the witness that is here in the
4 room on the stand --

5 MR. KISE: I'm not trying to educate the
6 witness. You asked me a question, your Honor, and I'm
7 trying to explain why it says what we said. That's what
8 you asked. If you want to do side-bar --

9 THE COURT: I didn't ask a question, I remember.

10 MR. KISE: You said it's undisputed. What is
11 the issue and I'm explaining what the issue is.

12 THE COURT: I didn't ask you. I was asking the
13 witness. In any event, you can cross-examine.

14 MR. KISE: Correct.

15 THE COURT: I don't think there was a foundation
16 need or any explanation needed. You want to ask it
17 again?

18 MR. AMER: Sure.

19 Q Let me back up a bit. You understand that the
20 Statement of Financial Condition had to be GAAP compliant
21 unless there was a specific departure from GAAP indicated,
22 correct?

23 A I'm not a GAAP expert.

24 Q Not my question, Mr. McConney. I'm not asking you
25 about GAAP regulations. I'm asking you a broader question,

1 which is, you understood that the Statement of Financial
2 Condition had to be GAAP compliant, whatever that ment, they
3 had to be GAAP compliant unless there was a departure from
4 GAAP specifically noted; is that correct?

5 A Yes.

6 Q You agreed, in this filing, that GAAP defines
7 estimated current value exactly as quoted here.

8 MR. AMER: That's a stipulated fact, your Honor,
9 which I ask the Court to take judicial notice of.

10 THE COURT: Well, I'd rather he said it; but, we
11 can get to judicial notice, if necessary. I think
12 sometimes the questions are a little longer than they
13 need to be.

14 Did you understand that, pursuant to GAAP, the
15 definition of estimated current value is as indicated up
16 there?

17 THE WITNESS: That's part of the definition.
18 That are many ways to come up with estimated current
19 value. If we didn't list them, I'm sorry.

20 Q Let me see if I can parse this. You say many ways to
21 come up with estimated current value and I'm asking you what
22 estimated current value is, however you come up with it, okay.

23 So, there's methodology and then there's the
24 result. Did you understand that the result of whatever
25 methodology you used had to be, at the end of the day, the

1 amount at which the item could be exchanged between a buyer
2 and seller, each of whom is well informed and willing and
3 neither of whom is compelled to buy or sell?

4 A Yes.

5 Q Okay. Let's look at the 2012 Jeff Supporting Data
6 and that's in evidence. We'll put it up on screen, the
7 native.

8 Do you recognize this as your Jeff Supporting
9 Data that was provided to Mazars?

10 A Looks like it, yes.

11 Q We've had testimony from Mr. Bender that this was the
12 control version because it has PBC, provide by client, and it
13 has the various tick marks numbers, the blue numbers. Does
14 that sound right to you?

15 A That sounds right, yes.

16 Q Let's go to row 833. This is the section that
17 discusses the triplex, correct?

18 A Line 833 and line 834, yes.

19 Q Okay. There's a value in G and there's a value in H
20 and it covers -- it gives you two years, the current year and
21 the prior year, correct?

22 A Can you just scroll up so I can see which is the
23 current year and which is the prior year?

24 Q Sure.

25 A It should be at the top of these -- used to be a

1 page.

2 Q So, G is 2011. H is 2012. Correct?

3 A Yes, sir.

1 Q So, if we go back, you will see that for 2011 it's
2 \$80 million, and 2012, it increases by \$100 million to 180;
3 correct?

4 A Yes, sir.

5 Q And let's -- and you say, underneath triplex, "Per
6 email from Kevin Sneddon," and that's the explanation for the
7 jump of 100 million to 180 in 2012; correct?

8 A Yes.

9 Q And you provided backup for this; correct?

10 A Yes.

11 Q So why don't we look at Plaintiff's Exhibit 1052.

12 (Whereupon, a document was displayed, and handed
13 to the witness.)

14 Q Mr. McConney, these are a series of emails between you
15 and individuals employed at the Trump Realty -- Trump
16 International Realty; is that right?

17 MR. AMER: Your Honor, I offer this into
18 evidence.

19 MR. ROBERT: Statute of limitations objection.

20 THE COURT: It's a continuing objection. I don't
21 really care, but it's a waste.

22 MR. ROBERT: We still feel that we need to
23 preserve the record, your Honor.

24 THE COURT: Despite what the Appellate Division
25 said? I mean, Court of Appeals? Because --

1 MR. ROBERT: My understanding of that decision is
2 that had to do with testimony, and the trial judge had to
3 be given an opportunity to correct it at the trial level,
4 to be available, and that's why we bring it up. I may be
5 reading it incorrectly, but from my reading, it was
6 testimony.

7 THE COURT: I don't want to tell you what to do.
8 So, you can object every time.

9 Anyway, granted and it's in evidence, over
10 objection.

11 (Whereupon, Plaintiff's Exhibit 1052 was received
12 in evidence.)

13 Q Mr. McConney, if you can turn to page two of the
14 exhibit, I want to focus you on your email to Kathy Kaye dated
15 September 19th, 2012. Do you see that?

16 A Yes.

17 Q Am I correct that this is your effort to reach out to
18 Ms. Kaye to get information for you to value the triplex?

19 A Yes.

20 Q And Ms. Kaye is one of the top people at Trump
21 International Realty; correct?

22 A Yes.

23 Q And is it okay if I refer to that entity as TIR?

24 A Yes. That's the way I do it.

25 Q Okay. And TIR is an in-house real estate broker;

1 correct?

2 A Yes.

3 Q And you say in your email to Ms. Kaye, "Justin told me
4 about the apartment he is going to video on the west side. I'm
5 trying to value DJT's triplex," and then ask you a series of
6 questions. What building is the unit in; what's the asking
7 price for the unit; how many square feet is the unit; correct?

8 A Yes.

9 Q You are looking for a comp for Mr. Trump's triplex;
10 correct?

11 A Correct.

12 Q Is Justin somebody who works at TIR?

13 A Justin, I believe, worked for the Trump Organization.
14 I don't think he worked for TIR.

15 Q And you understood he was going to video the apartment
16 to put it up for a listing; correct?

17 A Yes.

18 Q And then the top email, Ms. Kaye emails Mr. Sneddon
19 and copies you and says, "Kevin, please provide Jeff with the
20 prince's details. I'm not near a computer. Thanks;" right?

21 A Yes.

22 Q And Mr. Sneddon is another top person at TIR?

23 A Yes.

24 Q Just so we are not confused by the prince's details,
25 did you understand that that apartment that was going to be

1 listed was owned by a Saudi prince?

2 A I don't know about Saudi, but I think, I have some
3 remembrance, that it was owned by a prince, or some royalty of
4 some sort.

5 Q So, it's not a typo. She's really asking for the
6 prince's details?

7 A That's what I remember.

8 Q Okay. Then Mr. Sneddon responds and he says, and
9 you're copied, "I already valued DJT's triplex for Alan."
10 You understood that to be Allen Weisselberg; right?

11 A Yes.

12 Q And he goes on to say, "Our 75 million-dollar triplex
13 lifting is in 240 RSB."

14 Is that 240 Riverside Boulevard?

15 A Yes.

16 Q And that's a Trump-developed property?

17 A At the time, yes.

18 Q Okay. And he says, "Total square footage is 14 and a
19 half thousand, including main residence, guest residence, and
20 staff residence. Ask is 5000-plus per foot."

21 Did you understand that to be per square foot?

22 A Yes. \$5,000 per square foot.

23 Q So, he provided you with some of the information that
24 you asked for; correct?

25 A Yes.

1 Q And then you ask him to send you the email he sent to
2 Mr. Weisselberg; right?

3 A Yes.

4 Q And then he responds, "At 30,000 square feet, DJT's
5 triplex is worth 4,000 to 6,000 per foot, or 120 million to
6 180 million;" right?

7 A Yes.

8 Q Okay. And this is a point in time where you're still
9 using 30,000 square feet for the valuation of Mr. Trump's
10 triplex; right?

11 A I don't know if it's the point in time, or that's when
12 we started. I don't remember exactly when we started using
13 30,000 square feet.

14 Q Okay. And this is the information that you then use
15 to put a value on the apartment for 2012 of \$180 million?

16 A Right.

17 Q It's fair to say you took the upper end of the range
18 that Mr. Sneddon provided; correct?

19 A Correct.

20 Q Now, there are two components to the formula that you
21 used to determine the value. One was the square footage.
22 There's been a lot read and argued about that, but the other
23 component is the price per square foot; correct?

24 A Yes.

25 Q Okay. And so here, the price per square foot that you

1 used for the 2012 valuation was 6,000 per square foot; is that
2 right?

3 A Yes.

4 Q And you base that off of the information you received
5 about the listing at 240 Riverside Boulevard; right?

6 A Sorry. Can you say that again?

7 Q Sure. You're basing that off of the listing for the
8 apartment, the comp that was at 240 Riverside Boulevard, that
9 you were communicating with Ms. Kaye and Mr. Sneddon about;
10 right?

11 A Well, I'm basing it on the email from Kevin, the
12 30,000 square feet, and the 4,000 to 6,000 per square foot. I
13 think the question about the apartment for sale was the starting
14 point, and this is, basically, where we ended up.

15 Q Well, Ms. Kaye's email said that the listing was going
16 to be at 5,000 per square foot, and you picked -- and
17 Mr. Sneddon gave you a range of 4,000 to 6,000, so isn't it
18 correct that that range was based on the listing price for the
19 comp at 240 Riverside Boulevard?

20 A I don't know what Kevin's thought process was. It
21 could be based on this, if you can draw that conclusion, but I
22 don't know if that's what Kevin was basing it on.

23 Q Well, it's the mid point of the range that he gave
24 you; right?

25 A Yeah. Mathematically, yes.

1 Q And your inquiry was about that apartment, and his
2 response was in response to your inquiry; right?

3 A Yes.

4 Q Okay. And you probably talked to Mr. Weisselberg
5 about this valuation; correct?

6 A We may have, at some point in time. I don't remember
7 a specific conversation.

8 Q Well, do you recall that Mr. Weisselberg felt that
9 going with the high end of the range at \$180 million was
10 appropriate, and represented the value of Mr. Trump's triplex,
11 based on what Mr. Sneddon told you?

12 A Can you say that again? I was kind of --

13 Q Sure. Is it correct that you reviewed this with
14 Mr. Weisselberg, and he felt going with the high end of the
15 range \$180 million, represented the value of Mr. Trump's
16 triplex, based on what Mr. Sneddon had provided to you?

17 A That would be my assumption. Yes.

18 Q Well, I'm asking you for your best recollection. Is
19 that fair?

20 A Yes.

21 Q And you would agree that for purposes of valuing a
22 property for the Statement of Financial Condition in order to
23 get to an estimated current value, that it is better to use an
24 actual sale price, rather than an asking price? Correct?

25 MR. KISE: Objection. Foundation.

1 THE COURT: Combination. Foundation.

2 MR. KISE: Foundation. He already testified he
3 is not a G.A.A.P. expert. He has his understanding of what
4 estimated current value is. I'll stop there.

5 THE COURT: Overruled.

6 A So, can you ask the question again, please?

7 MR. AMER: Your Honor, can I get a read back.

8 THE COURT: That's the way to do it.

9 Read back, please.

10 (Whereupon, the requested portion of the
11 proceedings was read back by the court reporter.)

12 MR. ROBERT: Same objection.

13 THE COURT: Same ruling. Overruled.

14 A I don't think that's -- I think -- there are many ways
15 to value assets in a Statement of Financial Condition.

16 Q Let me just go right to your testimony, from the
17 interview. I'm going to put up page 307, line 13 to 307 -- to
18 308?

19 THE COURT: When you say interview, do you mean
20 deposition?

21 MR. AMER: This is his interview under oath
22 during our investigation. So, we don't call it a
23 deposition. It's an investigatory interview, your Honor.

24 THE COURT: Thank you.

25 Q "Question: Why use an asking price, and not an

1 actual sale?

2 "Answer: We asked ourselves the same thing a few
3 years ago, and we stopped using asking prices, and did sale
4 prices. I don't know why we used asking prices at that
5 time, but we realized it was probably better to get an
6 actual selling price.

7 "And why is that?

8 "Answer: Because you can ask anything you want
9 to. Like, we can ask for 291 million for houses on Seven
10 Springs. It doesn't mean you want to pay that. But,
11 that's what our asking price, if you want to buy it. So,
12 based on that theory, we thought it was a good determining
13 factor at the time, and when we thought about it some more,
14 we figured out, it's better to use selling prices."

15 That was your sworn testimony; correct?

16 A Yes.

17 Q And isn't it correct that when you are valuing a
18 property based on comps using actual sale prices as opposed to
19 asking prices, it's not just the better practice, it's the right
20 way to do it?

21 MR. ROBERT: Objection.

22 THE COURT: Grounds?

23 MR. KISE: Again, foundation. It's the same
24 question, the same problem. It's the same disconnect. I'm
25 loathe, because they are going to throw their pens in the

1 air, I'm loathe to explain it, but it's the same principle.
2 He has already said there's multiple ways to get there.
3 Mr. Amer is now asking if that's the right way. This is
4 the whole point of the case, there is no one right way.
5 So, he is mischaracterizing the evidence in the record.
6 I'll put it that way.

7 And, this witness isn't a G.A.A.P. expert, so he
8 can't testify to what's the absolutely right way. He has
9 already said his view, multiple times. There are many
10 ways.

11 THE COURT: I think any high school student knows
12 the right way. I'm overruling the objection.

13 Q I'll ask the question again. You would agree that
14 when you are valuing a property based on comps, using actual
15 sale prices, as opposed to asking prices, is not just the better
16 practice, but it's the right way to do it; isn't it?

17 MR. KISE: Same objection.

18 A No.

19 Q You think it's okay to use asking prices when you are
20 looking for comps to value a property at it's estimated current
21 value? Is that your testimony?

22 A Yes, sir.

23 Q Do you know whether this comp at 240 Riverside
24 Boulevard, the prince's apartment, sold? And for how much?

25 A I do not.

1 MR. AMER: I would like to introduce Exhibit
2 3037.

3 (Whereupon, a document was displayed, and handed
4 to the witness.)

5 MR. AMER: Your Honor, I move to admit this
6 exhibit for grounds of notice, that it was public record
7 that the sale occurred.

8 THE COURT: But do we know that they knew about
9 it? And are you arguing constructive notice?

10 MR. AMER: We are arguing that it was something
11 that was in the public domain, that he could have learned
12 about from this article.

13 (Whereupon, there was a pause in the
14 proceedings.)

15 MR. ROBERT: Your Honor?

16 THE COURT: Go ahead. Sorry.

17 MR. ROBERT: It's a 2018 article. We are talking
18 about 2012 valuation. Its hearsay, and we are not
19 accepting what the New York Times says is accurate.

20 THE COURT: I believe that some or all of the
21 defendants had actual notice of this. They asked about it,
22 and were told.

23 But, Mr. Amer, can you resolve this issue?

24 MR. AMER: The question for -- so, the witness
25 thinks it's appropriate to use asking prices. The fact

1 that this apartment sold --

2 THE COURT: I think he said they are just
3 different ways. He didn't say asking was the only way, or
4 the correct way. He said it was one way, I think.

5 MS. HABBA: Thank you.

6 MR. AMER: He said it was an acceptable way.

7 THE COURT: Acceptable. That's not the way.
8 That's an acceptable way.

9 MR. AMER: I meant to convey something different.
10 I'm sorry.

11 He is taking that position now, on the stand, and
12 the fact that it was in the public domain, that this
13 apartment sold for \$30 million --

14 THE COURT: Public domain doesn't do it. I think
15 there was a lot more than public domain.

16 Q Do you know, Mr. McConney, whether your colleagues in
17 TIR were aware of the sale of this apartment when it happened,
18 many years later, at a much lower price than the asking price?

19 A I have no idea what they knew.

20 MR. AMER: We'll come back to this, your Honor.

21 THE COURT: Fine.

22 Q Let's look at the 2013 value, and let's put up the
23 2014 JSD, because that will give us both the 2013 value and the
24 2014 value; correct?

25 A Yes, sir.

1 Q Okay.

2 MR. AMER: So, that is Exhibit 719, and it's a
3 native file.

4 (Whereupon, a document was displayed, and handed
5 to the witness.)

6 Q If we go to rows 843 and 844 -- and we actually don't
7 have to find the date, because it's the same value for both
8 dates; correct?

9 A Yes.

1 Q Two hundred million in both years, and in 2013, it's
2 based on Kathy Kaye.

3 Is that an e-mail from her, August 2013?

4 A I'd have to look at the backup but, yes, it's an
5 e-mail from her.

6 MR. AMER: Okay. Let's go ahead and mark 714.

7 THE COURT: Ten-minute warning, everybody.

8 Q This is an e-mail exchange you had with Ms. Kaye,
9 correct?

10 A Yes, sir.

11 MR. AMER: I move this into evidence, your
12 Honor.

13 MR. ROBERT: Same objection. Statute of
14 Limitations.

15 THE COURT: Same ruling. Granted. It's in
16 evidence.

17 Q And the top e-mail from Ms. Kaye to you is the e-mail
18 that you're referencing in the spreadsheet for your
19 \$200 million value; is that right?

20 A I believe August 19, 2013 was the date on the
21 spreadsheet. Can I look at the spreadsheet before I say yes
22 or no?

23 Q Sure. Going back to 719?

24 A August, yes. That is the e-mail we based it on.

25 Q So, let's go back to the e-mail. She says at the

1 top: "Doing the list now. As far as DJT's." Did you
2 understand that to mean Mr. Trump's triplex?

3 A Yes, sir.

4 Q "One unit just sold for over 5,000 a foot. However,
5 another just came on the market at over 11,000 per square
6 foot." You see that?

7 A Yes, sir.

8 Q Then she says: "Which is not necessarily indicative
9 of the market," right?

10 A Yes, sir.

11 Q You understood that what she was saying was the
12 asking price of over 11,000 per square foot didn't necessarily
13 indicate what the market would actually pay for that
14 apartment, correct?

15 A I took the whole, the two sentences before. "One
16 just sold for 5,000 a foot. One just came on the market for
17 11,000 a square foot. It's not necessarily indicative of the
18 market." I took both of those sentences.

19 Q In any event, she was telling you the information she
20 was sharing with you was not necessarily indicative of the
21 market, right?

22 A Yes.

23 Q Then she says: "Based on the activity in the luxury
24 market and given how unique the apartment is, as well as tied
25 to celebrity, I don't see how one would list below 8,000 a

1 square foot at this point which brings us to @ 240 million."

2 Then she says: "200 million is a safe estimate," correct?

3 A Yes.

4 Q So, you go with what she claims is a safe estimate?

5 A Yes.

6 Q We can agree that the item that she says is 11,000
7 per square foot is just a listing price and not an actual sale
8 price, correct?

9 A I believe that to be correct, yes.

10 Q That's what you understood at the time, right?

11 A Yes.

12 Q She's obviously using the 30,000 square foot figure
13 because she's saying 8,000 per square foot, right?

14 A Yes.

15 Q Do you know if she is the person at TIR who decided
16 to list the Prince's triplex at \$75 million?

17 A I have no idea.

18 Q Okay. I'm correct that this one e-mail from Ms.
19 Kaye, that we've just reviewed, is the sole basis for your
20 valuing the apartment in 2013 at 200 million; is that right?

21 A That's correct.

22 Q If we look at the spreadsheet again for the 2014
23 value, you indicate there that it's based on comps at 157. Do
24 you see that?

25 A Yes.

1 Q That's referring to a property on West 57th Street
2 which is a very, very tall apartment building, correct?

3 A Yes.

4 MR. AMER: Let's go ahead and mark Exhibit 3044.

5 Q Mr. McConney, is this your backup for getting to the
6 \$200 million value for 2014 based on comps at 157?

7 A I believe so, yes.

8 MR. AMER: Your Honor, I ask that this be
9 admitted into evidence.

10 MR. ROBERT: Statute of Limitations objection.

11 THE COURT: Overruled. Granted. In evidence.

12 Q What you're doing here, Mr. McConney, is you're
13 taking all of the units on floors 50 and above that sold in
14 2014 at the building 157 and you're calculating, based on
15 those sales, a price per square foot of 6,733; is that right?

16 A Yes.

17 Q Then you take that number and you multiply it by
18 30,000 to get to the value of 201,990 which you round, for
19 purposes of the statement value, to 200 million; is that
20 right?

21 A Yes.

22 Q The second and third pages are printed from
23 StreetEasy.com listing the sales; is that right?

24 A I believe that's correct, yes.

25 Q Did you consider StreetEasy.com to be a reliable

1 source for real estate apartment sales information?

2 A Yes.

3 Q You relied on it, correct?

4 A Yes.

5 MR. AMER: I'm going to mark as Exhibit 3035.
6 This, your Honor, is something we printed out last week
7 from the StreetEasy.com website for building 157 and I'd
8 ask that this be admitted into evidence based on the
9 witness's testimony that he relied on this site and
10 considered it to be reliable.

11 MR. ROBERT: Objection, your Honor. The witness
12 relied on what's already in evidence. This is just
13 hearsay. This is something he printed out on October 1,
14 2023. He didn't rely on this document about 157.

15 MR. AMER: His testimony was that the site was
16 reliable, not that the specific printout that he was
17 looking at was the only thing that was reliable.

18 MR. ROBERT: In the year that you're questioning
19 him about.

20 THE COURT: How about if we just mark it as an
21 exhibit?

22 MR. ROBERT: For identification?

23 THE COURT: Yes, for identification.

24 MR. ROBERT: Thank you, sir.

25 THE COURT: Okay.

1 Q Mr. McConney, you'll see that the StreetEasy.com site
2 that you said was reliable, indicates that this building was
3 built in 2013, correct?

4 A Yes.

5 MR. AMER: Let's go ahead and mark as
6 Exhibit 3036 for identification a StreetEasy.com listing
7 for Trump Tower, the building in which Mr. Trump's
8 triplex is located.

9 Q You'll see, that according to StreetEasy.com, the
10 site you testified was reliable, Trump Tower was built in
11 1983. Do you see that?

12 A Yes.

13 Q Do you have any reason to disagree with either of
14 those dates?

15 A No.

16 Q So, Trump Tower is 30 years older than 157, correct?

17 A Yes.

18 Q If you look at the second page of the exhibit, let's
19 look at 3035, page two, you'll see there's a section that
20 says: "Building facts."

21 You see that?

22 A Yes.

23 Q It says under "sales listings: 245 previous sales at
24 5,369 per square foot average." Do you see that?

25 A Yes.

1 Q So, that's the average price per square foot for
2 apartments in 157, correct?

3 MR. ROBERT: Objection.

4 THE COURT: Ground?

5 MR. ROBERT: It's hearsay.

6 THE COURT: By the way, in one of these
7 listings, I forgot which, the first amenity was elevator.
8 I would hope so.

9 It's an out-of-court statement being introduced
10 to prove the truth of its contents, isn't it? So, I'm
11 not sure what exception you want to try to put this
12 under.

13 MR. AMER: Your Honor, again, this is a website
14 that the witness has, himself, relied on for his own
15 valuations. So, I think it is appropriate based on his
16 own testimony that this exhibit be admitted into
17 evidence.

18 THE COURT: I don't think that alone does it.

19 Q Mr. McConney, did you look at StreetEasy.com to
20 determine whether apartments, on average, were selling for a
21 price per square foot in Trump Tower at a price that was
22 anywhere equal to what apartments were selling for in a
23 building that was built 30 years later, 157, when you decided
24 to use 157 as a comp for Trump Tower?

25 A No.

1 THE COURT: Last question then we'll take a
2 break.

3 MR. AMER: Okay.

4 THE COURT: Last question or short series of
5 questions. Lawyers do that all the time. They say one
6 question and we get ten.

7 Q When you decided to use 157 as a comp for Mr. Trump's
8 triplex in Trump Tower, did you look at any of the factors
9 such as building amenities, age of the building, or any other
10 type of factor when deciding whether you might need to adjust
11 pricing up or down to make it comparable to Mr. Trump's
12 triplex?

13 A Not that I remember, no.

14 MR. AMER: Okay. I think this is a good spot.

15 THE COURT: The usual ten-minute break over the
16 course of 15 minutes.

17 (Recess taken.)

18 THE COURT: Okay. Let's pick up where we left
19 off.

20 Q I have one more valuation on the triplex that would
21 go to a different asset. So, let's put up the 2016 Jeff
22 Supporting Data spreadsheet, Exhibit 742. It's already in
23 evidence. And row 913 is where the triplex section starts.

24 Again, it's the same value but goes up to 347
25 million for 2015 and 2016. Do you see that?

1 A Can you scroll to where it has the June 30th dates
2 again?

3 Q Sure. There they are.

4 A Yes. June of '15 and June of '16, yes.

5 Q Okay. If we go back to '13, you'll see it says:
6 "Triplex based on comps from TIR sales office 30,000 square
7 feet at 10,900 per square foot."

8 MR. AMER: By the way, I have one more
9 demonstrative to hand out which is charts that show all
10 the values for properties on one chart. So, this is PBS
11 3.1 through 3.11.

12 Q So, there's a different chart for each asset and the
13 first page is the triplex. I just put this up because it's an
14 easy way to appreciate that the values in 2015 and 2016 are
15 the highest values for the triplex in this 11-year period.
16 Correct?

17 A Yes.

18 Q Okay. Let's look at Exhibit 1037.

19 MR. AMER: Why don't we give this to the
20 witness. We'll put it on the screen. It's a one-page
21 document.

22 Q Do you see that this is an e-mail from Naomi
23 Muramatsu to Mr. Weisselberg which he then forwards on to you,
24 correct?

25 A Yes.

1 MR. AMER: I'd ask that this be admitted into
2 evidence, your Honor.

3 THE COURT: Granted. It's in evidence.

4 Q Since Mr. Weisselberg's e-mail-- and, by the way,
5 based on the date of this e-mail, this is being sent to you
6 for purposes of preparation of the valuation for 2015 which
7 was still happening in March of 2016, correct?

8 A I believe that's correct, yes.

9 Q Mr. Weisselberg has forwarded you this e-mail from
10 Ms. Muramatsu. Again, she's in TIR, correct?

11 A I believe she was running TIR at the time.

12 Q Okay. She says to Mr. Weisselberg: "There are very
13 limited number of buildings that sell premium price,
14 especially larger units and I just looked at the closed sales
15 data for the following building, which most likely to be the
16 highest." She lists 15 WPW. That's Central Park west, right?

17 A I believe so.

18 Q So, 157, the building you used for comps before,
19 correct?

20 A Yes.

21 Q 432 Park Avenue, right?

22 A Yes.

23 Q Was the instruction that was given to TIR that they
24 should find comps for the triplex by looking at buildings with
25 closed sales most likely to be the highest?

1 A I don't know what Allen's instruction to Naomi was,
2 Ms. Muramatsu.

3 Q When you communicated, in prior years, to TIR, was
4 that the marching orders to find buildings with the highest
5 price per square foot?

6 A I don't remember telling that to anybody. I tried
7 or I asked them to find comps.

8 Q At any rate, her e-mail to Mr. Weisselberg indicates
9 that she was trying to find buildings that were most likely to
10 be the highest, correct?

11 A Yes.

12 Q Then the next paragraph she says: "Highest was 9,390
13 per square foot, correct?"

14 A Yes.

15 Q That's at 15 Central Park West only 2761 square feet
16 for 29995, correct?

17 A Yes.

18 Q Then she says: "Highest among the larger units." So
19 she's commenting that this unit at 15 Central Park West was a
20 smaller unit, correct?

21 A Yes.

22 Q Then she says: "Highest among the larger unit was
23 9,198 per square foot at 157, Unit 90." You see that?

24 A Yes.

25 Q Then it says: "10,923 square feet for 100,471,453.

1 Correct?

2 A Yes.

3 Q Now, if we put the this next to the spreadsheet just
4 so we can compare it. Spreadsheet is 742. You see in the
5 spreadsheet you indicated 30,000 at \$10,900 per square foot?

6 Do you see that?

7 A Yes.

8 Q Can we agree that your price per square foot is based
9 on the 10,923 number. Right?

10 A Yes.

11 Q And that was a mistake, wasn't it?

12 A Yes, it was. I picked up the square foot, not the
13 dollar amount per square foot.

14 Q Right. So, you used the square footage of the
15 apartment instead of the price per square foot, which was
16 9,198. Right?

17 A Yes.

18 Q We can do some court math, but, if you'll allow me to
19 round up 9,198 to 9,200, the difference between the figure you
20 used of 10,900 and the actual price per square foot rounded to
21 9,200 is 1,700; and, if you multiply that by 30,000, it comes
22 to \$51 million.

23 Does that sound about right?

24 A I'll have to take your word for it.

25 Q 1700 times 30 is 51 and, so, this is a \$51 million

1 mistake in each of the two years, correct?

2 A Yes.

3 Q If you had realized, Mr. McConney, at the time that
4 you were doing this valuation, that the correct price per
5 square foot was \$9,198, would you have instead chosen, as a
6 comp, 15 Central Park West because that had a higher price per
7 square foot of \$9,390?

8 A I can't make that statement. I don't know what my
9 thought process would be.

1 Q Was it your intention at the time to choose a price
2 per square foot that would give you the highest value for the
3 triplex?

4 A We were looking to get a comp for -- so, we were
5 looking for the price per square foot that would give us what we
6 thought Mr. Trump's apartment was worth, compared to what was
7 sold out there. I'm not sure that answers your question, or
8 not.

9 Q It doesn't, so let me try again.
10 Looking at this now, and seeing that the 15 Central
11 Park West per square foot was actually higher than the one, the
12 price per square foot at 157, had you known that at the time,
13 would you have picked 15 Central Park West as the comp, because
14 you were looking to get the highest number you could for
15 Mr. Trump's triplex?

16 A No. We weren't always looking for the highest price.
17 This had 10,900 square feet, so it was closer in size to what we
18 thought the square footage was to Mr. Trump's triplex at the
19 time.

20 Q Let's turn our attention to 40 Wall Street.

21 MR. AMER: Let's put up the 2012 Jeff Supporting
22 Data spreadsheet. It's 793.

23 (Whereupon, a document was displayed, and handed
24 to the witness.)

25 Q If we go to row 110, that's the beginning of the

1 section for 40 Wall Street.

2 A I'm sorry, could you just do me a favor and scroll up,
3 so I know what year?

4 I guess its only one column, so it's only 2011.

5 2012. Okay. All right. So this is all 2012. Thank
6 you. Sorry.

7 Q And so rows 131 to 133 provide the note that indicates
8 how you came up with your valuation that landed at 527,200,000;
9 correct?

10 A Correct.

11 Q Okay. And your note says, information provided by
12 Doug Larson at Cushman & Wakefield, Inc., which reflect cap
13 rates of 4.23 percent and 4.39 percent for similar-sized office
14 buildings at 14 Wall Street and 4 New York Plaza; correct?

15 A Yes.

16 Q So, let's just go over some background for this type
17 of valuation. This valuation takes net operating income,
18 divided by capitalization rate, to get to a building value; is
19 that right?

20 A Yes.

21 Q And the lower the cap rate, the higher the value,
22 because the formula uses the cap rate as the denominator;
23 correct?

24 A Yes.

25 Q Now, Doug Larson is an appraiser with Cushman &

1 Wakefield; correct?

2 A Yes.

3 Q And he is person that you indicate in the note you got
4 information from; right?

5 A That's correct.

6 Q I'm correct that the Trump Organization had not
7 retained Mr. Larson or Cushman to conduct an appraisal of
8 40 Wall Street; right?

9 A That's correct.

10 Q And the Trump Organization had not retained Mr. Larson
11 or Cushman & Wakefield to provide you with a cap rate that was
12 applicable for 40 Wall Street; correct?

13 A That's correct.

14 Q In this note, what you are referring to Mr. Larson
15 having provided you with is a generic market report from Cushman
16 & Wakefield; right?

17 A Yes.

18 Q And that generic market report is not a report that
19 Cushman prepared specifically for the Trump Organization; right?

20 A That's correct.

21 Q That is a generic marketing report that Cushman mails
22 out, or emails out, to a large customer base as a service that
23 it provides; correct?

24 A I have no idea what they do with it.

25 Q At any rate, it's not anything that you paid for;

1 correct?

2 A That's correct.

3 MR. AMER: Let's look at Plaintiff's Exhibit 794.

4 (Whereupon, a document was displayed, and handed
5 to the witness.)

6 Q Mr. McConney, is this back-up material that you
7 provided to Mr. Bender in connection with your supporting
8 spreadsheet?

9 A The documents, yes. The computation in the middle, I
10 don't think that's mine.

11 THE COURT: You need to talk in the microphone.

12 Sorry?

13 THE WITNESS: It's like an adding machine tape of
14 some sort, in the middle, I don't believe I did. But, the
15 documents are mine.

16 MR. AMER: Your Honor, I ask that this be
17 admitted into evidence.

18 MR. ROBERT: Statute of limitations objection.

19 THE COURT: Objection overruled. Request
20 granted. It's in evidence.

21 (Whereupon, Plaintiff's Exhibit 794 was received
22 in evidence.)

23 Q I would like to focus you on the second page of the
24 exhibit.

25 MR. AMER: If we could put up the spreadsheet

1 that we were looking at, lines 131 to 133, now. The Jeff
2 Supporting spreadsheet 793.

3 Q And just focusing on the note in 131 to 133, does the
4 page from Exhibit 794 on the left appear to be the backup for
5 your note in the spreadsheet about how you got to the 4.31 cap
6 rate average?

7 A Yes.

8 Q You took two cap rates, one for 4 New York Plaza, one
9 for 14 Wall Street, from the generic market report; you averaged
10 them to come up with 4.31; right?

11 A Yes.

12 Q And the next two pages are the backup material. That
13 is, 794 are pages from that generic market report; right?

14 A That's correct.

15 Q And it contains a description of the two properties
16 you used for the average. It's the second and third properties
17 on the list; correct?

18 A Yes.

19 Q And the cap rates are listed under the column, OAR,
20 which stands for overall rate of return; right?

21 A I think so. Yes.

22 Q At any rate --

23 A I use that as my cap rate.

24 Q Understood. That was the column that would have the
25 cap rate that you used; right?

1 A That's correct.

2 Q And again, because the cap rate is the denominator in
3 the equation, the lower the cap rate, the higher the property
4 value. The higher the cap rate, the lower the property value;
5 right?

6 A Yes.

7 Q There are a total of eight properties listed in this
8 generic market report. The two you selected and averaged were
9 the second and third lowest cap rates; right?

10 A Yes.

11 Q If we look at the next property after 14 Wall Street,
12 it's 33 Maiden Lane; correct?

13 A Yes.

14 Q If we just look at the description it says, This is a
15 Class A office building. Do you see that?

16 A Yes.

17 Q And 4 New York Plaza, which is a building you selected
18 to use, is also a Class A office property; correct?

19 A Yes.

20 Q 33 Maiden Lane has a higher cap rate of 4.74; right?

21 A Yes.

22 Q If you had included that in your average, it would
23 have drove the cap rate up; right?

24 A The cap rate would have gone up, yes.

25 Q And you did not use 33 Maiden Lane; correct?

1 A That's correct.

2 Q And the next building is 199 -- sorry 195 Broadway,
3 and that's a landmark Class A office building; correct?

4 A Yes.

5 Q And 14 Wall Street is also a landmarked Class A, but
6 it's a Class A-minus office building; correct?

7 A Yes.

8 Q And 195 Broadway has a higher cap rate of 6.3 percent.
9 Do you see that?

10 A Yes.

11 Q If you had used that in your average, it would have
12 driven the cap rate up; correct?

13 A Yes.

14 Q You did not include that building in your cap rate
15 equation; correct?

16 A That's correct.

17 MR. AMER: Your Honor, this is just math, so the
18 Court can take judicial notice of it, but I'll represent to
19 you that if you include those additional two cap rates and
20 you took the average from all four, the cap rate would be
21 4.915 percent, and it would lower the value by \$65 million.

22 THE COURT: Well, subject to the math being
23 correct, I'll take judicial notice of that. Yes.

24 MR. AMER: Thank you, your Honor.

25 THE COURT: It sounds about right.

1 MR. AMER: Let's look at 2014 Jeff Supporting
2 Data, Exhibit 719.

3 (Whereupon, a document was displayed, and handed
4 to the witness.)

5 Q And 40 Wall Street starts at row 118.

6 A I'm sorry, which? Looking at the 2014 column? Column
7 H?

8 Q We are going to look at column G first, which is 2013.

9 A Okay.

10 MR. AMER: And go to row 118.

11 Q That's 40 Wall Street; correct?

12 A Is that a question for me? Yes.

13 Q Yes. Okay?

14 A Yes.

15 Q And you used the same 4.31 cap rate as in the prior
16 year that we have just discussed; right?

17 A Yes.

18 Q It's based on the same backup we just went through;
19 correct?

20 A Without looking at my backup, it's just an assumption.
21 I didn't have a note here, for some reason.

22 Q And if we look at column H, it shows the valuation for
23 2014 at rows 138 to 141; right?

24 A Right. Can you scroll up a little bit, because there
25 may be some notes there. I'm sorry, the page up, or I guess

1 looking down. Right. There's the -- my notes. Okay. Sorry.
2 Can I just read the notes now?

3 Q Sure.

4 A Okay. So the answer to your last question about 2013
5 was yes. We used the same, 4.31.

6 Q Just so the record is clear, you are now looking at
7 rows 155 to 158, and you can confirm that it's the same
8 description for your valuation of 2012 and 2013; right?

9 A Yes.

10 Q Okay. And then rows 148 through 152 is your note for
11 the valuation for 2014; correct?

12 A Correct.

13 Q And you used a cap rate there. Again, it's
14 information provided by Doug Larson; right?

15 A Correct.

16 Q And it's the same type of generic market report that
17 we have been talking about for Mr. Larson; correct?

18 A That's correct.

19 Q And the cap rate of 3.04 percent for 100 -- sorry. I
20 just caught myself. So, you used the cap rate for 110 William
21 Street of 4.97 percent, and then another building, 61 Broadway,
22 was 4.46 percent. You then say, according to Doug, the spread
23 between Class A and Class B buildings is typically 150 basis
24 point. To be conservative, you reduced the cap rate by 75 basis
25 points to 3.71 percent, and then you averaged that with the

1 4.97 percent. Is that right?

2 A Yes.

3 Q And am I correct, Mr. McConney, that during the period
4 we have been discussing, covering the 2012 to 2016 Statements of
5 Financial Condition, while you were receiving and using these
6 Cushman generic market reports that you were getting from
7 Mr. Larson to calculate your cap rates, you were aware that
8 Mr. Larson was preparing formal appraisals for 40 Wall Street
9 for the bank that had the loan on the property; right?

10 A I'm not sure I knew at the time that Doug was doing
11 those appraisals.

12 Q As you sit here right now, you are not sure that he
13 was doing those appraisals?

14 A At that time, I know at one point in time we were --
15 we were refinancing 40 Wall Street, I don't remember what year
16 it was, and I know he was doing an appraisal because I was
17 heavily involved in it. I'm not sure every single appraisal
18 that Doug did for that period of time, I was aware of.

19 Q Mr. McConney, weren't you the conduit for information
20 from Mr. Larson, for purposes of him doing his bank appraisals
21 for 40 Wall Street?

22 A I remember -- again, I remember the one loan that we
23 were doing. I don't remember all the appraisals that he was
24 doing. I could be -- again, I don't remember being the conduit.

25 Q My question is very simple.

1 A Mm-hmm.

2 Q Isn't it a fact that you, Mr. McConney, were the
3 conduit for information on behalf of the Trump Organization to
4 Mr. Larson in connection with his bank appraisal, bank
5 appraisals that he was doing during the period 2012 to 2016 that
6 we have just been discussing?

7 A You are saying -- I'm saying I'm not sure I was the
8 conduit for every single appraisal.

9 Q And I'm not asking you if you were the conduit for
10 every single appraisal, but you were the conduit for information
11 for Mr. Larson for bank appraisals he was doing for 40 Wall
12 Street. Let's leave it at that. Is that correct?

13 A Yes.

14 Q Okay.

15 MR. AMER: Let's look at Exhibit 3047.

16 (Whereupon, a document was displayed, and handed
17 to the witness.)

18 Q These are emails -- this is an email exchange you have
19 with Mr. Larson; correct?

20 A Yes, sir.

21 MR. AMER: Your Honor, I ask that this exhibit be
22 admitted.

23 MR. ROBERT: Statute of limitations objection.

24 THE COURT: Objection overruled. Granted. It's
25 in evidence.

1 (Whereupon, Plaintiff's Exhibit 3047 was received
2 in evidence.)

3 Q Let's look at the bottom of the email. This is from
4 Mr. Larson to you, and it's dated October 13, 2011. "Jeffrey,
5 we have been engaged by Capital One Bank to prepare an appraisal
6 of 40 Wall Street. Attached please find a list of information
7 we need to prepare the appraisal."

8 He gives you this phone number, and tells you you can
9 call him.

10 "Hope all is well, thank you, Doug;" right?

11 A Yes, sir.

12 Q So you knew, as of October 2011, that Mr. Larson was
13 preparing an appraisal for 40 Wall for Capital One Bank which,
14 at the time, was the bank that had the loan on 40 Wall Street;
15 correct?

16 A Yes. Thank you for jogging my memory.

17 Q Happy to oblige.

18 Now, let's look at the top email, and this is from you
19 to Mr. Larson. "Doug, a couple of quick questions. You are
20 asking for lease abstracts for the most recent leases. How far
21 back should I go? The last appraisal was done in August 2010."

22 Do you see that?

23 A Yes, sir.

24 Q So you know, in October of 2011, he is doing -- he is
25 currently doing an appraisal, and you also knew that he had done

1 one the prior year; right?

2 A It looks that way, yes.

3 Q Okay.

4 MR. AMER: Let's look at Plaintiff's
5 Exhibit 3046.

6 (Whereupon, a document was displayed, and handed
7 to the witness.)

8 Q This is an email from Mr. Larson to you dated
9 October 15, 2012; right?

10 A Yes.

11 MR. AMER: Your Honor, I ask that this be
12 admitted into evidence.

13 MR. ROBERT: Statute of limitations objection.

14 THE COURT: Occasion overruled. Granted. It's
15 in evidence.

16 (Whereupon, Plaintiff's Exhibit 3046 was received
17 in evidence.)

18 Q Mr. Larson says, "Jeff, we have been engaged by
19 Capital One Bank to prepare an appraisal of the above property,"
20 which is 40 Wall Street; right?

21 A Yes.

22 Q "The following information is requested in order for
23 us to prepare the appraisal," and he lists a bunch of
24 information; right?

25 A Yes.

1 Q So a year later, Mr. Larson is doing another
2 appraisal, and you are the person he contacts and tells he is
3 doing it, and requests information; right?

4 A That's correct.

5 Q So you knew in October of 2012 that Mr. Larson was
6 doing, now, his third appraisal for 40 Wall Street; correct?

7 A Yes.

8 MR. AMER: Let's go ahead and mark Exhibit 3048.
9 (Whereupon, a document was displayed, and handed
10 to the witness.)

11 Q This is an exchange, an email exchange between you and
12 Mr. Larson in May of 2015; correct?

13 A Yes.

14 MR. AMER: Your Honor, I ask that this exhibit be
15 admitted into evidence.

16 MR. ROBERT: Statute of limitations objection.

17 THE COURT: Objection overruled. Request
18 granted. It's in evidence.

19 (Whereupon, Plaintiff's Exhibit 3048 was received
20 in evidence.)

21 Q The bottom email is yet another email from Mr. Larson
22 to you, telling you he has is been engaged by Ladder Capital.
23 That's the bank that refinanced the loan; right?

24 A This is the one I remember. Yes.

25 Q Okay.

1 A Yeah.

2 Q I'm glad to hear you remember this one, but there are
3 three others before this one.

4 A Yes. I just didn't remember those at the time. This
5 is the one I do remember.

6 Q Okay. And once again, he is telling you he has been
7 engaged to do an appraisal of 40 Wall Street, and he is asking
8 you for information; right?

9 A Correct.

10 Q You write to him in response and you say, Doug -- this
11 is the second line.

12 A Okay.

13 Q "Doug, Steve Lafiosca, copied on this email, can help
14 with you the inspection. Based on the appraisals you have done
15 in the past, do you have any of the below information in your
16 files," right?

17 A Yes.

18 Q So you are basically wondering, since he keeps coming
19 to you year after year asking you for all this information, why
20 he doesn't have it already, since he has been doing all these
21 appraisals before; right?

22 A I just asked him if he had it, yes, and if he could
23 use it.

24 Q Well, you are asking him if he had it in his files,
25 because you were aware of all these appraisals he has been

1 doing; right?

2 A Seven years ago, yes.

3 Q Seven years ago. We were looking at 2012. That's
4 three years ago; right?

5 A No. In 2015, I knew that. That was eight years ago,
6 from today. At that point in time, I probably knew it. I don't
7 remember it now.

8 Q I understand what you are saying. So, we can agree
9 then, having now had your recollection refreshed by looking at
10 all these emails, that you, during the period that you were
11 working on preparing the Statements of Financial Condition from
12 2012 through 2016, you were simultaneously acting as the conduit
13 for information for Mr. Larson, so that he can prepare formal
14 appraisals for 40 Wall Street? Right?

15 A Yes.

16 Q And while you were acting as the conduit to provide
17 information to Mr. Larson, I'm correct that you never sought to
18 use any of the Cushman appraised values for 40 Wall Street in
19 the Statement of Financial Condition; correct?

20 A That's correct.

21 (Continued on the next page.)
22
23
24
25

1 Q And during the period of time that you were acting as
2 the conduit of information for Mr. Larson for his appraisals
3 at 40 Wall Street and you were using his generic market report
4 for your cap rate calculations, you never asked Mr. Larson if
5 the cap rates you were selecting were appropriate. Isn't that
6 right?

7 A No. I mean, it's correct. Yes.

8 Q During this period of time when you were acting as
9 the conduit to provide information to Mr. Larson so that he
10 could do his formal appraisals, you never asked Mr. Larson
11 what cap rates he was using for any of the Cushman appraisals
12 at 40 Wall Street; isn't that right?

13 A I believe that's correct, yes.

14 MR. AMER: Can we put back up the Jeff
15 Supporting Data spreadsheet at 742, the native?

16 Q I want to go back to your note at row 153 that
17 explains the basis for the cap rate. This is your note
18 reflecting that you chose a cap rate of 3.04 percent for 100
19 Wall Street, correct?

20 A Yes.

21 Q You say it's based on a telephone conversation with
22 Doug Larson. You see that?

23 A Yes.

24 Q Okay. The cap rate of 3.04 percent for 100 Wall
25 Street was selected by you from the generic marketing report

1 you got from Cushman; is that right?

2 A Yes. I believe so, yes.

3 MR. AMER: Why don't we put up Plaintiff's
4 Exhibit 868.

5 Q Mr. McConney, this is an e-mail from you to Mr.
6 Bender which encloses an attachment, correct?

7 A Correct.

8 Q The attachment is an excerpt from the 2015 Cushman
9 appraisal of 40 Wall Street, right?

10 A Yes.

11 Q So, it's clear, you did have a copy of the Cushman
12 2015 appraisal when you forwarded this e-mail to Mr. Bender,
13 right?

14 A Yes.

15 MR. AMER: I ask that this be admitted into
16 evidence, your Honor.

17 MR. ROBERT: Statute of Limitations objection.

18 THE COURT: Overruled. Granted. It's in
19 evidence.

20 Q Let's look at the 11th page of the exhibit. Now, Mr.
21 McConney, the highlighting is not anything we're putting up
22 there. This is in the exhibit, correct?

23 A Yes.

24 Q You're sending this to Mr. Bender. Did you highlight
25 this so he could see where you were getting the cap rate from?

1 A I believe so, yes.

2 Q Okay. Now, we do have, and this is what you sent to
3 him, but, the appraisal itself is a much larger document,
4 correct?

5 A I believe so, yes.

6 Q What you sent him was what you picked out of the full
7 appraisal to share with him, correct?

8 A I don't remember picking out certain pages but I
9 sent it to him.

10 Q Okay. You sent him only a portion of the appraisal
11 report, right?

12 A Yes.

13 Q What you sent him was what you intended to send him?

14 A Yes.

15 MR. AMER: Okay. Let's go ahead and mark the
16 full appraisal report.

17 THE COURT: Ten-minute warning.

18 MR. AMER: Just when I hand up a very large
19 document. It's going to be a challenge.

20 THE COURT: I hope you can finish the document
21 before we leave.

22 MR. AMER: I think we'll be okay.

23 Q This is starting at page eight of the document.
24 You'll see the cover page for the appraisal.

25 Do you see that?

1 A Yes.

2 Q It's the same 2015 appraisal that you sent an excerpt
3 of to Mr. Bender, correct?

4 A Can I have that last exhibit back, please? Yes.

5 MR. AMER: Your Honor, I ask Exhibit 118 be
6 admitted into evidence.

7 MR. ROBERT: Statute of Limitations objection.

8 THE COURT: Overruled. Granted. It's in
9 evidence.

10 Q Let's turn to page 15 of the appraisal report.
11 Again, this is something you had in your file and you have
12 looked at?

13 A I had or had not?

14 Q You had looked at it because you sent a portion of it
15 to Mr. Bender, correct?

16 A Correct.

17 Q Okay. Let's look at the cap rate that Mr. Larson
18 used based on his professional appraisal, 4.25. Right?

19 A There are a number of cap rates here. It's one of
20 them that he used, yes, that is.

21 Q That is a different and much higher cap rate than the
22 one you used in the same year of 3.04 percent, correct?

23 A Yes.

24 MR. AMER: Let's go to -- I will represent to you
25 another math point, your Honor, that if you use Mr.

1 Larson's cap rate of 4.25, instead of Mr. McConney's cap
2 rate of 3.04, the new value is \$227 million lower than
3 the value that Mr. McConney calculated.

4 THE COURT: Those cap rates are really
5 important, but, I'll take judicial notice of that,
6 subject to checking the math.

7 MR. AMER: Just so you have it, the new value is
8 569 million which is \$227 million lower than the value in
9 the Statement of Financial Condition. Let's go to page
10 100 in the appraisal report.

11 Q Mr. McConney, this is a description of comps that is
12 in the appraisal report; and, in fact, Mr. Larson looked at
13 100 Wall Street which was the basis for your choosing
14 3.04 percent, right?

15 A Yes.

16 Q Okay. Let's go to page 105 and that begins the
17 discussion of the comparables in his appraisal and he
18 discusses 100 Wall Street. You see that? It's the very first
19 comparable sale.

20 A Yes.

21 Q Okay. If we look at the last paragraph in this
22 section, Mr. Larson says: "In comparison with the subject
23 property, a downward adjustment was required for property
24 rights conveyed. A downward adjustment was required for the
25 size under the premise that smaller properties sell for more

1 per square foot than larger properties."

2 Do you see that?

3 A Yes.

4 Q Okay. So, Mr. Larson a professional -- he's a
5 professional appraiser, right?

6 A Yes, he is.

7 Q He looked at the same property that you used as the
8 basis for your cap rate, and, he did two downward adjustments,
9 and, he ended up choosing a cap rate that was higher than the
10 one you chose.

11 He chose 4.25 percent, right?

12 A He chose 4.25 on that prior page you looked at. I
13 don't know where that 4.25 came from.

14 Q He looked at the same property, 100 Wall Street, that
15 was the basis for your cap rate, right?

16 A Yes.

17 Q He did two downward adjustments, correct?

18 A Yes.

19 Q You didn't share this page with Mr. Bender when you
20 sent him the excerpts from the appraisal, did you?

21 A I'd have to go back and look.

22 Q I'll represent to you, you did not.

23 A I believe you.

24 Q Okay. So, Mr. Bender was not aware that Mr. Larson
25 had reviewed and downwardly adjusted the very property that

1 you used as the basis for your cap rate, correct?

2 MR. ROBERT: Objection.

3 THE COURT: What's the objection?

4 MR. ROBERT: Before Mr. Amer talked about what
5 Mr. Bender knew. It wasn't part of what he said. We
6 don't know what Mr. Bender knew.

7 MR. AMER: I can rephrase it.

8 THE COURT: Sustained.

9 Q Mr. Bender would not have known, based on what you
10 sent him, that Mr. Larson had looked at and downwardly
11 adjusted the very property that you relied on for your cap
12 rate. Isn't that fair?

13 A That's correct but he could have asked for the whole
14 appraisal, also.

15 Q I'm just asking you based on what you sent to him.
16 You would agree that this process of making adjustments to
17 comp sales, in order to compare them to the subject property,
18 is what appraisers routinely do so that the comps better
19 reflect the value of the subject property; isn't that right?

20 A I don't know what appraisers do. I don't know how
21 they make these adjustments. I see on this one. I don't
22 know what they do as a general practical matter.

23 Q At no point when you were selecting cap rates from
24 the generic market reports, did you undertake any efforts to
25 make adjustments to the compensation so that they better

1 reflected the value of 40 Wall Street; isn't that correct?

2 A That's correct.

3 MR. AMER: I'm at a good point, your Honor.

4 THE COURT: Okay. We need to talk to the
5 attorneys about scheduling, but I promised to Chris Kise
6 to teach him some New York history.

7 Does anybody know how Maiden Lane got its name?
8 If you ever see it, you'll see it's sort of a depression
9 in the area. Mr. Kise, because there was a stream. Back
10 in colonial times, young women would take their wash to
11 the stream to wash it, and they were called maidens.
12 That is how it got to be called Maiden Lane.

13 THE COURT: Now, Allison has some business to
14 conduct.

15 MS. GREENFIELD: Thank you, Judge. So, I assume
16 we're going to be continuing for with Mr. McConney
17 tomorrow. How long do we anticipate cross? Is there
18 going to be cross tomorrow?

19 MR. KISE: No.

20 MS. GREENFIELD: How much more direct?

21 MR. AMER: I'm going to say I'm half way
22 through.

23 MS. GREENFIELD: Who is after Mr. McConney?

24 MR. SOLOMON: Mr. Weisselberg.

25 MS. GREENFIELD: That will be a full day, I

1 predict.

2 MR. ROBERT: Tomorrow is only a half day.

3 MS. GREENFIELD: Do we expect Mr. Weisselberg
4 tomorrow or Tuesday? Monday is a holiday.

5 MR. AMER: What I would say if I were to finish
6 before the end of the session, it's going to be very
7 close to the end of the session. So, we want to avoid
8 having to inconvenience Mr. Weisselberg. We can say I'll
9 go to whenever we stop and we'll be done.

10 MS. GREENFIELD: If we're beginning with
11 Weisselberg Tuesday morning, who is after Weisselberg, if
12 we know yet?

13 MR. ROBERT: They have Birney.

14 MR. WALLACE: The next Trump employee will be
15 Patrick Birney but we took Mr. Kise's position to heart
16 and are going to call Nick Haigh to appear in person
17 rather than do a deposition while the trial is going on.

18 He will appear on the 11th. He has the 11th and
19 the 12th he leaves the country. So, our expectation is
20 we're going to work cooperatively to get through Mr.
21 Weisselberg, depending on when he ends. Could be Mr.
22 Haigh or Mr. Birney but those will be the next two
23 witnesses.

24 MS. GREENFIELD: We'll revisit it tomorrow
25 before we adjourn.

1 THE COURT: He's not leaving the country because
2 of this case?

3 MR. SOLOMON: So we're clear, Mr. Weisselberg
4 need not be here tomorrow?

5 THE COURT: Right.

6 MR. SOLOMON: We'll be finished for the day and
7 if he's finished tomorrow, we'll pick up Mr. Weisselberg
8 first thing Tuesday morning?

9 THE COURT: Yes.

1 THE COURT: A court officer, very
 2 well-intentioned, nice guy. They all are. One or two
 3 times that my cell phone went off, he didn't realize
 4 that. So, he tells the audience, you should turn off
 5 those cell phones. It was my fault.
 6 Okay. We're back to Mr. McConney, right?
 7 MR. AMER: Yes.
 8 THE COURT: Let's get the witness.
 9 J E F F M C C O N N E Y, having been
 10 previously duly sworn, resumed the witness stand and
 11 continued to testify as follows:
 12 THE COURT: Let's continue.
 13 DIRECT EXAMINATION (cont'd)
 14 MR. AMER:
 15 Q Good morning, Mr. McConney. I want to clean up one
 16 issue from yesterday and then we'll move forward.
 17 You recall we were discussing Vornado cash and
 18 the various accounts that are listed in the spreadsheet we
 19 looked at yesterday?
 20 A Yes.
 21 MR. AMER: Let's go ahead and put that
 22 spreadsheet up. It's 2587 Native.
 23 Q Just to recall your testimony--
 24 MR. AMER: And can we collapse the columns that
 25 we collapsed before? I think it was D through N.

J. McConney - Direct/Amer

1 Q I believe it was your testimony, Mr. McConney, that
 2 it was your intent to represent that the Vornado cash
 3 accounts, those accounts that referenced 30 percent were held
 4 in Capital One accounts but they were different accounts than
 5 the Capital One accounts for the various Trump-controlled
 6 cash; is that correct?
 7 A Yes.
 8 Q Am I correct that from time to time, the Trump
 9 Organization received distribution of Vornado cash at the
 10 discretion of the general partner for the Vornado
 11 Partnerships; is that right?
 12 A That's correct.
 13 MR. AMER: If we could look at Exhibit 3106.
 14 Your Honor, this is a bank record that was
 15 produced to us by Vornado Realty Trust in response to a
 16 investigative subpoena. I ask it be admitted in as a
 17 business record.
 18 MR. SUAREZ: We object on the basis of Statute
 19 of Limitations. It is dated March 15, 2013.
 20 THE COURT: Overruled. Request granted. It's
 21 in evidence.
 22 Q You can confirm that the debit account name Hudson
 23 Waterfront Associates III is one of the Vornado cash
 24 partnerships, correct?
 25 A Correct.

<p>J. McConney - Direct/Amer Page 689</p> <p>1 Q It's in the spreadsheet we were looking at before, 2 correct? 3 A Correct. 4 Q And this shows that the money being distributed by 5 this Vornado cash account is actually coming from Bank of 6 America, not Capital One, correct? 7 A That's correct. 8 Q Does this refresh your recollection that the Vornado 9 cash accounts were actually held at Bank of America and not 10 Capital One? 11 A This -- yes, this transfer came from Bank of 12 America. 13 Q That wasn't my question. My question was whether it 14 refreshes your recollection that all of the Vornado cash 15 accounts were actually sitting in Bank of America, not Capital 16 One? 17 A I don't know where all-- where Vornado puts all of 18 their money. Without looking at our specific backup for that 19 statement, I can't say all their accounts were at Bank of 20 America. This transfer did come from Bank of America. 21 Q Just pick up the exhibit again. Page two is a 22 different transfer from a different Vornado cash account. 23 That's Hudson Waterfront Associates V, right? 24 A Yes, sir. 25 Q That is from Bank of America, correct?</p>	<p>J. McConney - Direct/Amer Page 691</p> <p>1 MR. AMER: Your Honor, I would move this exhibit 2 with the native files into evidence. 3 THE COURT: Granted it's in evidence. 4 MR. FIELDS: Objection. Statute of Limitations 5 if the documents are from 2015. 6 THE COURT: Objection overruled. It's in 7 evidence. 8 Q Do you see on the attachment line of this e-mail that 9 the first attachment is named 1-Jeff Supporting Data and it's 10 an XL file. 11 Do you see that? 12 A Yes. 13 Q So, this was your process for providing Mr. Bender 14 with copies of your Jeff Supporting Data spreadsheet, correct? 15 A Yes. 16 Q If we pull up native one, we'll see this is, in fact, 17 your supporting data spreadsheet which appears to be a 18 preliminary valuation spreadsheet that you're sending to him, 19 correct? 20 A I don't remember where we were in the process at 21 this point in time. 22 MS. HABBA: Your Honor, I'm going to do it one 23 time for you today and only one time. I'll object to any 24 backup data that is before the February 2016 date that we 25 believe, per my objection that's been standing for the</p>
<p>J. McConney - Direct/Amer Page 690</p> <p>1 A Yes, sir. 2 Q The third page, Hudson Waterfront Associates III is 3 another Vornado account, also from Bank of America, correct? 4 A That's correct. 5 Q Okay. I'd like to-- we were talking about 40 Wall 6 Street when we broke yesterday. 7 Do you recall that? 8 A Yes, sir. 9 Q I'd like to focus on the 2015 valuation and I'd like 10 to put up Exhibit 868 which is admitted into evidence. 11 And we looked at this yesterday. This is an 12 e-mail that includes excerpts from the 2015 Cushman appraisal 13 that you forwarded on to Mr. Bender, correct? 14 A Correct. 15 Q Just to note the date, it's December 29, 2015, 16 correct? 17 A Yes. 18 MR. AMER: If we could pull up Exhibit 3004. 19 Q This is a cover e-mail and then there were blank 20 sheets after that because it denotes native files, one of 21 which we'll put up. 22 That's an e-mail from you to Donald Bender, same 23 date as the prior e-mail we just looked at, December 29, 2015, 24 correct? 25 A Yes.</p>	<p>J. McConney - Direct/Amer Page 692</p> <p>1 past four days. 2 THE COURT: Okay. Objection duly noted. We'll 3 call it a standing objection to anything before the magic 4 day. 5 MS. HABBA: Thank you. 6 THE COURT: Overruled. 7 Q Let's go ahead and go to row 117, and this is the row 8 that starts the analysis of 40 Wall Street in this valuation 9 that you provide to Mr. Bender in December, correct? 10 A Yes. 11 Q Now, on line 125 and 126, you state: Cushman & 12 Wakefield appraisal done June 2015 for lien refinancing with 13 Ladder Capital, and you put a value of \$540 million. 14 So, at this point in time, you were using the 15 Cushman 2015 appraisal as part of the valuation, correct? 16 A Yes. 17 Q And rows 118 through 123, if I'm reading this 18 correctly, is a calculation of an additional value of slightly 19 over \$120 million that you then add to the Cushman appraisal 20 value of 540 to get to a valuation of 660.3, correct? 21 A Yes. 22 Q This additional value is made up of additional income 23 from two spaces that you indicate are new lease signings after 24 Ladder Capital refinancing was completed; is that right? 25 A Yes.</p>

J. McConney - Direct/Amer Page 693

1 Q So, if I'm understanding this correctly, you are
2 adding additional value based on additional net operating
3 income from leases that you note were signed after the Ladder
4 Capital refinancing, which, I take it to mean, you believe
5 were not included within the Cushman appraisal; is that right?
6 A Yes.
7 Q Because they weren't, in your understanding, part of
8 the Cushman appraisal. It's appropriate in your view to add
9 that net operating income in as value by then dividing that
10 income by the 3.04 cap rate, that we've talked about before,
11 that you got from the generic market records, correct?
12 A Correct.
13 Q So, just to close the loop on the calculation.
14 You've got 2.25 million of income from a Dean & DeLuca lease.
15 You add that up, you divide it by 3.04, and you
16 get the 120 million and change in additional value; is that
17 right?
18 A Yes.
19 MS. HABBA: Your Honor, I'm going to object and
20 ask that counsel ask direct questions instead of
21 testifying. This isn't cross. Just please ask and let
22 him testify to what he did.
23 THE COURT: I believe your objection is that the
24 questions are leading. Does that sound right?
25 MS. HABBA: Correct, your Honor. It's not only

J. McConney - Direct/Amer Page 694

1 leading, it's as if he's testifying himself.
2 MR. SUAREZ: And they're also compound, Judge.
3 THE COURT: Sorry?
4 MR. SUAREZ: Compound.
5 MR. AMER: Your Honor, this is a defendant. He
6 is a hostile witness. I should be able to lead.
7 MS. HABBA: He's not a hostile witness.
8 THE COURT: He's a defendant.
9 MS. HABBA: He is. He's a defendant, but he--
10 yes, but -- your Honor, my objection-- I noted my
11 objection. I'm sure you'll overrule it, but, I would
12 prefer if counsel would just ask him a direct question
13 and let him testify to what he did on the backup, just as
14 he preferred that Chris not testify in any objections
15 yesterday.
16 THE COURT: He is a defendant. I'm considering
17 him a hostile witness. Objection on the ground of
18 leading is overruled.
19 As for the compound question objection, yeah,
20 there's a rule you shouldn't be asking compound
21 questions. So, try to keep it discrete points.
22 Should we have that read?
23 MR. AMER: I think there is an answer, though.
24 THE COURT: I think there was, also. He
25 answered.

J. McConney - Direct/Amer Page 695

1 Q We also had looked yesterday at the complete Cushman
2 appraisal. You had sent excerpts to Mr. Bender but you had
3 the full appraisal, correct?
4 A Yes.
5 MR. AMER: Why don't we put up Exhibit 118. It's
6 in evidence. Let's go to page 137.
7 Q You'll see there's a chart. It says: "Retail
8 contract rent summary." Yes?
9 A Sorry?
10 Q Sure. It's page 137.
11 A Okay. Got it.
12 Q This chart appears on that page, correct?
13 A Yes.
14 Q You'll see under Wall Street frontage, it says:
15 "Dean & DeLuca 18,500 square feet contract rent 1.4 million.
16 Contract rents per square foot 75.68. You see that?
17 A Yes.
18 Q So, in fact, this Cushman appraisal does include the
19 income from the Dean & DeLuca lease, right?
20 A I can't make that statement. I didn't track this
21 schedule back to the appraisal. So, I can't say yes or no.
22 Q Did you see this chart and make note of it when you
23 reviewed the appraisal?
24 A No.
25 Q Let's go to page 115. I'll wait for you to get

J. McConney - Direct/Amer Page 696

1 there.
2 A I'm there.
3 Q Second chart says: "Retail tenants." See on line 17
4 it says: "Dean & DeLuca." See that?
5 A Yes.
6 Q Doesn't that indicate that this appraisal includes
7 the operating income from the Dean & DeLuca lease?
8 A Again, I didn't go through this appraisal and try
9 everything out. So, I can't answer the question.
10 Q Well, you did a valuation on the assumption, as we
11 just agreed, that the Cushman appraisal didn't include the
12 Dean & DeLuca lease, right?
13 A That's correct.
14 Q This page shows that there's a reference to the Dean
15 & DeLuca lease, right?
16 A There is a reference to the Dean & DeLuca lease,
17 yes.
18 Q Did you make note of this chart when you were
19 reviewing the 2015 appraisal?
20 A No.
21 Q Let's go to page 117. Let's do -- so, the bottom
22 paragraph carrying over to the next page: "In addition to
23 office space, the subject property is leased to four retail
24 tenants that include Dean & DeLuca."
25 You see that?

J. McConney - Direct/Amer Page 697

1 A Yes.
2 Q It goes on to say that "Dean & DeLuca leases
3 15,500 square feet on the grade." You see that?
4 A Yes.
5 Q So, this appraisal includes the income on the Dean &
6 DeLuca lease, doesn't it?
7 A Again, I didn't go through and track all of this. I
8 can't make the statement yes or no.
9 Q Okay, but, you did a valuation in 2015 that was based
10 on the assumption that the Cushman appraisal did not include
11 the Dean & DeLuca lease?
12 MR. FIELDS: Objection. Asked and answered.
13 THE COURT: Was it asked and answered?
14 MR. AMER: I'll withdraw the question.
15 Q You missed this reference in the Cushman appraisal;
16 is that what you're saying?
17 A I'm saying -- yes.
18 Q Let's go to page 136. See the paragraph that says:
19 "Market rental rate retail space? This-- "The subject
20 property is leased to four retail tenants that include Dean &
21 DeLuca." See that?
22 A Yes.
23 Q Did you miss that, as well?
24 A Yes.
25 Q Can we agree, Mr. McConney, that by adding the income

J. McConney - Direct/Amer Page 698

1 from the lease from Dean & DeLuca into your valuation that you
2 double counted the Dean & DeLuca income in your valuation?
3 MR. SUAREZ: Objection, your Honor. Mr.
4 McConney is not a valuation expert. He's not offered as
5 a valuation expert.
6 THE COURT: Overruled.
7 A Sorry. Can you ask me the question again?
8 Q Can we agree that by including the Dean & DeLuca
9 lease in your additional value that you added to the 540 from
10 the Cushman appraisal, that you, effectively, double counted
11 the Dean & DeLuca lease income in your valuation?
12 A Okay. I will say again that I didn't track all the
13 information in the appraisal. So, I can't answer that
14 question.
15 Q Well, I think you can answer the question, Mr.
16 McConney. So, I'm going to ask you to please answer it. The
17 question is: Based on what we just looked at, wouldn't you
18 agree that by including in your additional value the Dean &
19 DeLuca lease that you double counted the income from that
20 lease?
21 A I did not track the information on this appraisal
22 from A to B to C. I can't answer that question.
23 MR. AMER: Your Honor, he's not answering the
24 question I'm asking him. It's a simple question.
25 Q Based on what we've just looked at, you double

J. McConney - Direct/Amer Page 699

1 counted the Dean & DeLuca lease income. Isn't that the
2 practical effect of what you did in your valuation?
3 A Without looking at all this information and see how
4 it tracks from point A to point B within the appraisal, I
5 can't tell you if it's included or not.
6 MR. AMER: Your Honor, again, on math you can
7 check but I will just represent that if you back out the
8 \$1,406,000 from the additional value that's then divided
9 by the 3.04 percent cap rate.
10 MS. HABBA: Your Honor --
11 THE COURT: Let him finish.
12 MR. AMER: It equals 46,250,000.
13 MS. HABBA: Your Honor, objection. Counsel is
14 testifying.
15 THE COURT: Well, again, as often in this case,
16 there's no jury. So, there's no prejudice. I'll take
17 judicial notice of that, subject to a careful calculation
18 again.
19 Q Mr. McConney, if you want to confirm this by looking
20 at Exhibit 868, which was your e-mail to Mr. Bender with
21 excerpts from the 2015 Cushman appraisal, none of the four
22 pages that we just looked at that mention the Dean & DeLuca
23 lease from the Cushman appraisal are included in what you sent
24 Mr. Bender, correct?
25 A Can you please give me those page numbers again?

J. McConney - Direct/Amer Page 700

1 Q Sure. They are page 137.
2 A What page of the appraisal? Sorry. 110?
3 Q It's not that many pages. You can just flip through
4 it and confirm that the chart is not there?
5 A I understand that, but, I'm saying on the bottom of
6 page 136 -- when I sent it to Mr. Bender, page 136 of 219 was
7 not on the document I sent to Mr. Bender.
8 Q 137 is Bates number 9451?
9 A That is CW. This is New York AG. On the upper
10 right-hand corner, you have page number page 111. That's
11 what I'm looking for.
12 Q Let's do it more simply. Let's flip through the
13 exhibit.
14 A I am.
15 Q And confirm -- okay.
16 MS. HABBA: Counsel, I think he has a point. If
17 you look at the top right, Mr. Amer, if you can just give
18 him the number.
19 MR. AMER: I've asked my question. Thanks.
20 MS. HABBA: I'm just trying to help.
21 A Can you ask the question one more time?
22 Q Can you confirm that none of the four pages that
23 reference the Dean & DeLuca lease in the Cushman appraisal
24 were included in the excerpts you sent to Mr. Bender in
25 Exhibit 868?

J. McConney - Direct by Mr. Amer

1 A In general, over the 20 years, or --
2 Q During the period that you were working on the
3 valuations.
4 A Yes.
5 Q What mistake did you make that caused the valuation to
6 go down?
7 A I recall one on the cash sheet, or the cash
8 spreadsheet we looked at with the Vornado cash on it. One year
9 I included Mr. Trump's foundation cash, Mr. Trump's foundation's
10 cash on that spreadsheet. Donald Bender said I can't do that,
11 it's not controlled by Mr. Trump, it's controlled by the
12 foundation, so I took that off.
13 I believe on Trump Tower, once, we were valuing vacant
14 space at a dollar amount, and Mr. Bender pointed out that we
15 used a different dollar amount on a certiorari proceeding, and
16 so we reduced the amount of my spreadsheet to the amount that he
17 indicated on the certiorari proceeding? Can I just go back to
18 the first mistake.
19 Q You said Donald Bender said you can't include cash
20 from Mr. Trump's foundation because it's not controlled by him.
21 Is that your testimony?
22 A I don't remember the exact words, but he had us -- he
23 told me to take the cash from the foundation off that
24 spreadsheet.
25 Q And he told you it was because Mr. Trump didn't

J. McConney - Direct by Mr. Amer

Page 702

1 Q Thank you. That wasn't that hard.
2 Okay. Let's -- let me ask you, just, we have
3 discussed a couple of mistakes and oversights. We talked about
4 the 30000-square-foot-triplex mistake; correct?
5 A Yes.
6 Q And we talked about your mistake in pulling the square
7 footage for a comp at 157, instead of the price per square foot.
8 Do you recall that?
9 A Yes.
10 MR. SUAREZ: Objection, your Honor. He did not
11 testify to having made a mistake.
12 THE COURT: He just said he did.
13 MR. SUAREZ: No. He just -- it's in his
14 question. It wasn't in his testimony from yesterday. He
15 is mischaracterizing the testimony from yesterday.
16 MR. AMER: I think yesterday he said it was a
17 mistake. He pulled the wrong number from the email.
18 THE COURT: He just said he did. Or am I hearing
19 things?
20 Q So, you have that second mistake, and then you have
21 just testified that you missed seeing the Dean & DeLuca
22 reference in the Cushman appraisal; right?
23 A Yes.
24 Q I may have missed it, but do you recall making any
25 mistakes that caused the valuing to go down instead of up?

J. McConney - Direct by Mr. Amer

Page 704

1 control that cash; right?
2 A He gave me -- I believed it to be, Mr. Trump really
3 didn't control that cash anymore.
4 Q But you continued to list the Vornado cash; right?
5 A Yes.
6 Q Why don't we turn to Park Avenue, Trump Park Avenue.
7 MR. AMER: And let's put up the 2012 Jeff
8 Supporting Data, which is Exhibit 793 in evidence.
9 (Whereupon, a document was displayed, and handed
10 to the witness.)
11 MR. AMER: Let's go to row 166.
12 Q Now, this shows, Mr. McConney, a value for the unsold
13 units at Trump Park Avenue; correct?
14 A Yes. Well, except for the super's apartment. The
15 super's apartment was sold.
16 Q And for 2011 and 2012, it's the same value. It's a
17 little over \$293 million; correct?
18 A Correct. Excuse me. Correct.
19 MR. AMER: Let's pull up Plaintiff's
20 Exhibit 1073. It's an email that has native files attached
21 to it.
22 MR. SUAREZ: Your Honor, I won't raise objections
23 to documents that have already been admitted over our
24 objection. Obviously, you would not be happy with me if I
25 did that. But, we do object to this document that's being

J. McConney - Direct by Mr. Amer Page 705

1 introduced right now, on the basis of statute of
2 limitations.
3 MR. AMER: And I'll move it into evidence, so
4 that there's something he can object to.
5 THE COURT: Objection overruled. It's in
6 evidence. The statute of limitations bars claims, not
7 evidence. Of course, they have to be connected, and we'll
8 see whether Mr. Amer connected the dots or not, and his
9 team.
10 (Whereupon, the exhibit was received in
11 evidence.)
12 Q Mr. McConney, this email from you forwards an
13 attachment that's entitled sponsor unit valuation, September 20,
14 2012, Park Avenue; correct?
15 MR. AMER: We'll put up the attachments in a
16 minute.
17 A Oh. There it is. Yes. The attachments. I was
18 looking at the subject. Sorry.
19 Q Okay. Is that correct?
20 A I'm sorry. Could you ask again?
21 Q Sure. The top email from you attaches a sponsor unit
22 valuation; correct?
23 A Yes.
24 Q Okay. And let's go ahead and pull up the attachment.
25 Do you recognize this as the backup for your valuation of the

J. McConney - Direct by Mr. Amer Page 706

1 unsold apartments?
2 A Yes.
3 Q And 502 Park Avenue, that's Trump Park Avenue;
4 correct?
5 A Yes.
6 Q And there are three columns in this backup. There's
7 Unit, which is the unit number of the apartment; is that right?
8 A Yes.
9 Q There's an offering plan price; correct?
10 A Yes.
11 Q And there's a current market value price column;
12 correct?
13 A Yes.
14 Q We can agree that the value that you used in your
15 supporting data spreadsheet that we were just looking at is the
16 293 figure from the offering plan price column; correct?
17 A Correct.
18 Q And that was what you used for both 2011 and 2012;
19 correct?
20 A I believe so, yes.
21 Q And is this spreadsheet prepared by the TIR sales
22 office in order to give you valuations for the unsold units?
23 A Yes.
24 Q This is information that you asked TIR to provide you
25 for preparing your valuation of Park Avenue for the statements;

J. McConney - Direct by Mr. Amer Page 707

1 correct?
2 A Correct.
3 Q And if we put this -- so --
4 MR. AMER: Withdrawn.
5 Q The offering plan price is roughly \$57 million higher
6 than the market value total; correct?
7 A Correct.
8 Q Now, let's go to Plaintiff's 796.
9 (Whereupon, a document was handed to the
10 witness.)
11 Q Mr. McConney, do you recognize this as backup that you
12 sent to Donald Bender in support of the supporting data
13 spreadsheet?
14 A Yes.
15 MR. AMER: Your Honor, I move this into evidence,
16 please.
17 MR. SUAREZ: Objection. Statute of limitations.
18 THE COURT: I thought someone said you are only
19 going to do that once.
20 MR. SUAREZ: No. I said I wouldn't do it for
21 exhibits that have been moved into evidence, but they are
22 bringing up with new witnesses.
23 THE COURT: All right. Duly noted. Overruled.
24 It's in evidence.
25 (Whereupon, the exhibit was received in

J. McConney - Direct by Mr. Amer Page 708

1 evidence.)
2 Q Mr. McConney, looking at what you sent Mr. Bender. It
3 appears that you sent him a column that shows the unit number
4 and column that shows the offering plan price, but you have cut
5 off the column that shows the market value; right?
6 A Yes.
7 Q So this was not a mistake. You intentionally removed
8 that third column from the material you forwarded to Mr. Bender,
9 on purpose; right?
10 A Yes.
11 Q And you removed that column because you didn't want
12 him to see the values that were labeled, current market values;
13 correct?
14 A No.
15 THE COURT: That was a yes or no?
16 THE WITNESS: No.
17 Q The effect of your removing that column was that he
18 didn't see it; right?
19 A Correct.
20 MR. AMER: I'm going to put up, from
21 Exhibit 3041 -- which is the defendants' 202 response --
22 paragraph 344, and if we can do it side by side,
23 eventually, with the exhibit that we were just looking at.
24 So, let's go to paragraph 344, which is page 126,
25 I believe.

J. McConney - Direct by Mr. Amer Page 709

1 (Whereupon, a document was displayed, and handed
2 to the witness.)
3 Q Paragraph 344, which defendants have admitted is that,
4 "In 2013, the following 11 units were stabilized," and then you
5 see there's a list of units; correct?
6 A Yes.
7 Q And we can agree that if a unit was rent stabilized in
8 2011, it was rent stabilized in 2012 and 20 -- I'm sorry. If it
9 was rent stabilized in 2013, it would have been rent stabilized
10 in 2012 and 2011; correct?
11 MR. SUAREZ: Objection, your Honor. That's a
12 legal conclusion. I don't know that Mr. McConney is a
13 lawyer.
14 (Whereupon, there was a pause in the
15 proceedings.)
16 THE COURT: Mr. Amer, is there some other way
17 that we can figure out what was rent stabilized and what
18 wasn't?
19 MR. AMER: There's a paragraph above it. Why
20 don't we use that paragraph. Defendants, in response to an
21 assertion of the units that were rent stabilized in 2011
22 and 2012, asserted that the following 12 units were rent
23 stabilized as of September 2011, and then there's a list of
24 units. So, if we can take judicial notice of that as an
25 admitted fact; your Honor?

J. McConney - Direct by Mr. Amer Page 710

1 THE COURT: Yes. That was admitted by this
2 defendant; right?
3 MR. AMER: Yes, your Honor.
4 MR. SUAREZ: Your Honor, the response to 343,
5 actually, is disputed.
6 MR. AMER: I was reading what comes after,
7 disputed.
8 MR. SUAREZ: Okay.
9 THE COURT: All right. So 343 is disputed, but
10 what comes after it is undisputed.
11 MR. AMER: It's what they assert.
12 THE COURT: Well -- oh, sorry. That's how those
13 things work. That's an assertion by this defendant.
14 MR. AMER: Yes.
15 MS. HABBA: I'm sorry. Just to be clear for the
16 record, are we putting in the entire document, or just this
17 section? I would submit the same response, that we should
18 be putting in the entire document, if that is what --
19 MR. AMER: I thought I moved the whole document
20 into evidence.
21 MS. HABBA: It has been moved in? Then I have no
22 objection.
23 THE COURT: Well --
24 MS. HABBA: The entire document.
25 THE COURT: -- is it in evidence, the entire

J. McConney - Direct by Mr. Amer Page 711

1 document?
2 MR. AMER: I moved it into evidence. I believe
3 your Honor said yes.
4 THE COURT: Yes. It's in.
5 MS. HABBA: Okay. Good.
6 THE COURT: So, it's already in evidence.
7 Q Mr. McConney, you were aware that Park Avenue had
8 these rent-stabilized units when you prepared the valuations;
9 correct?
10 A Yes.
11 Q Okay. And if we just tick off, in the sponsor unit
12 spreadsheet for 2012, these 12 units. For 4A, 4A, 6B, 7A, 7B,
13 7D, 7E, 7G, 8E, 8H, 10E, 12E, 15AB, so all of these units you
14 knew, at the time that you were doing the valuations for this
15 year, were rent stabilized; correct?
16 A Correct.
17 Q And you valued them without any regard to their
18 rent-stabilized status; is that correct?
19 A I didn't value them. TIR valued them. But, I believe
20 that's correct.
21 Q You put them into your spreadsheet that is goes to
22 Donald Bender; is that correct?
23 A That's correct.
24 Q And the values you relied on when you put them in your
25 spreadsheet and sent them to Donald Bender were the offering

J. McConney - Direct by Mr. Amer Page 712

1 plan price values, knowing that these were rent-stabilized
2 units; correct?
3 A Correct.
4 Q And you followed that same approach for every
5 statement you reviewed; correct?
6 A Correct.
7 Q And it was intentional; correct?
8 A Yes.
9 Q And it was something you discussed with
10 Mr. Weisselberg; correct?
11 A I believe so, yes.
12 Q And he agreed that that was the way that you were
13 going to do it; correct?
14 A Yes.
15 Q Let's turn to Seven Springs.
16 MR. AMER: I'm going to put up the 2012 Jeff
17 Supporting Data, 793, which is in evidence.
18 Q Row 669, that starts the section on Seven Springs;
19 correct? Well, we'll get there in a second.
20 That's where it starts; correct?
21 A 669. Line 669, yes.
22 Q Okay. And did you understand at the time that the
23 property was in three different localities, New Castle, North
24 Castle and Bedford?
25 A Yes.

J. McConney - Direct by Mr. Amer Page 713

1 Q Row 683 indicates that there were seven mansions
2 approved to be developed in the Bedford portion; right?
3 A Yes.
4 Q Those are valued in the spreadsheet at 23 million per
5 mansion, times seven, for value of 161 million in each year;
6 correct?
7 A In 2011 and 2012, yes.
8 Q And row 674 mentions a September 16, 2011 telephone
9 call with someone named Hal Goldman; correct?
10 A Correct.
11 Q That was a call you had with Mr. Goldman; right?
12 A Yes.
13 Q He was an independent contractor that the company had
14 hired to get through the planning and approval process for the
15 development; correct?
16 A Yes.
17 Q And row 679 referenced a call that you had with Eric
18 Trump on September 24, 2012; correct?
19 A Correct.
20 Q And the information about the seven mansions being
21 approved in Bedford was information that was provided to you by
22 Hal Goldman in 2011; right?
23 A Correct.
24 Q And it was confirmed to you by Eric Trump in 2012;
25 correct?

J. McConney - Direct by Mr. Amer Page 714

1 A Correct.
2 Q And that was conveyed to you in both of those calls;
3 correct?
4 A I'm sorry. Ask you ask that question again?
5 Q Sure. The information from Mr. Goldman was conveyed
6 to you in that phone call that is reflected here with him;
7 correct?
8 A Correct.
9 Q And the information from Eric Trump was conveyed to
10 you during the phone call with him that's reflected here;
11 correct?
12 A That's correct.
13 Q And you were trying to value Seven Springs for the
14 2012 statement, and you knew Eric Trump was involved with the
15 property, so you asked him if he could give you -- if he could
16 give you a valuation for the statement, or provide some insight
17 into the value; is that correct?
18 A Yes.
19 Q And Eric Trump confirmed, during the call in September
20 of 2012, that all necessary approvals had been obtained to build
21 the seven homes in Bedford; correct?
22 A Never asked him that question. So, I guess the answer
23 is no.
24 Q Okay. Had you heard from Hal Goldman during the call
25 at 2011 that all necessary approvals had been obtained to build

J. McConney - Direct by Mr. Amer Page 715

1 the seven homes in Bedford?
2 A No.
3 Q Were you operating under the assumption, in doing this
4 valuation, that the approval for the seven homes had been
5 obtained?
6 A Sorry. Can you ask that again?
7 Q Were you operating under the assumption when doing
8 this valuation in these two years that approvals had been
9 obtained, all necessarily approvals had been obtained for these
10 seven homes in Bedford?
11 A Looking at this now, yes.
12 Q And did you get that information from Mr. Goldman?
13 A I would have to go back and say -- and correct myself.
14 He, yes Hal probably gave me that information.
15 Q And that was confirmed again by Mr. Trump, Eric Trump,
16 in the call the later in the next year?
17 A I don't remember if I asked Eric that or not.
18 Q It's fair to say that you didn't learn anything
19 between the 2011 valuation and the 2012 valuation that lead you
20 to conclude differently concerning the approval necessary for
21 those seven homes; right?
22 A That's correct.
23 Q Now, as the controller of a large company,
24 Mr. McConney, with a finance background, you do understand the
25 concept of time value of money; correct?

J. McConney - Direct by Mr. Amer Page 716

1 A I do not have a finance background. I have an
2 accounting background.
3 Q As the controller of a large company with an
4 accounting background, you do understand the concept of time
5 value of money; right?
6 A Yes.
7 Q The concept is essentially that a dollar paid today is
8 worth more than a dollar paid, say, five years from now, based
9 on inflation; right?
10 A Yes. Excuse me. Yes.
11 Q And if you wanted to know how much the dollar that
12 gets paid five years from now would be worth today, you apply a
13 discount factor to determine the present value; correct?
14 A I'm not a finance guy, so I can't really answer that
15 question.
16 Q So that concept is not something you understand?
17 A I understand the concept. I don't know the
18 computation, to get to that point.
19 Q I'm asking you a much simpler question. As a general
20 matter, if you want to know how much a future payment is going
21 to be worth today, you do something called, apply a discount
22 factor, to get to the present value. Is that something you have
23 an understanding of?
24 A Not really. I know you have to discount it. I just
25 don't know the exact computation, or where you get the

J. McConney - Direct by Mr. Amer Page 717

1 percentages from.
2 Q Okay. My question wasn't going beyond just the simple
3 concept of having to discount it. So, we agree you have to
4 discount it in order to get to present value; correct?
5 A Yes.
6 Q And the concept of discounting future income to
7 present value, that is a very standard accounting practice;
8 isn't it?
9 A It could be a standard finance practice. I never use
10 it, really.
11 Q Different question. My question was whether you would
12 agree that it's a standard accounting practice. Yes or no.
13 A No.
14 Q It's not. Okay. Am I correct that the value of
15 \$161 million for the seven homes in Bedford does not apply any
16 discount factor to take in account how long it would take to
17 construct the infrastructure, build the homes, and then sell the
18 home for \$35 million each?
19 A That's correct.
20 Q You didn't factor into the valuation whether the homes
21 were going to be built today, tomorrow, or in a number of years;
22 correct?
23 A Correct.
24 Q And if it took five years to complete the homes, and
25 they were sold two years after that, your valuation doesn't

J. McConney - Direct by Mr. Amer Page 718

1 account for that at all; correct?
2 A Correct.
3 Q Can we agree that this \$161 million attributable to
4 these seven homes is, by necessity, going to be future income,
5 because the homes don't exist as of the date of these
6 valuations?
7 A Correct.
8 Q You have treated, for purposes of this valuation, the
9 profit of \$23 million per home for all seven homes as if it were
10 realized immediately, as of June 30 in each year; correct?
11 A Yes.
12 MR. AMER: Let's go to the 2014 Jeff Supporting
13 Data, which is Plaintiff's Exhibit 719.
14 (Whereupon, a document was displayed, and handed
15 to the witness.)
16 Q And row 655, again, the section on Seven Springs -- as
17 soon as we get there.
18 MR. AMER: I think we have to shift it over to
19 the left. Great.

J. McConney - Direct/Amer Page 719

1 Q Mr. McConney, for the valuation in 2014 and 2013,
2 it's the same calculation, correct?
3 A I'm sorry. Can you ask that again? I think I heard
4 the question, but, just ask it again, please.
5 Q For the valuation of the seven mansions at Seven
6 Springs for 2013 and, 2014, it is precisely the same
7 calculation that we saw in 2011 and 2012, right?
8 A Yes.
9 Q So, all your answers that apply to 2011 and 2012
10 apply equally to these valuations here, correct?
11 A Yes.
12 Q Row 662 states a June 30, 2013 -- states that for
13 June 30, 2013, it's per telephone conversation with Eric Trump
14 on August 20, 2013, correct?
15 A Yes.
16 Q This reflects that you had a phone call with Eric
17 Trump on that date August of 2013 where he confirmed you
18 should continue to value the seven mansions in Bedford for the
19 Statement of Financial Condition, the same as you did for the
20 year before, right?
21 A Yes.
22 Q In row 660, it references a different call with
23 Mr. Trump, Eric Trump, on September 12, 2014, correct?
24 A Correct.
25 Q That note reflects you had a phone call with Eric

J. McConney - Direct/Amer Page 720

1 Trump on that date, September 2014, where he confirmed you
2 should continue to value the seven mansions in Bedford for the
3 Statement of Financial Condition, the same as you did for
4 2013, right?
5 A Yes.
6 Q As with the prior years, we just discussed your
7 valuation of the seven homes did not factor in whether the
8 homes were built today, tomorrow, or in a number of years in
9 the future, correct?
10 A Correct.
11 MR. AMER: Let's go to Jeff Supporting Data for
12 2015 and let's go to row 699.
13 Q Now, Mr. McConney for 2014, it has the same valuation
14 calculation for the seven mansions that we spoke about before,
15 correct?
16 A Correct.
17 Q And there is a reference for the June 30, 2014 value,
18 per telephone conversation with Eric Trump, September 12,
19 2014, correct?
20 A Correct.
21 Q And that note reflects that you had a phone call.
22 That's the same phone call we just spoke about, correct?
23 A Yes.
24 Q Okay. I noticed that there's no value for 2015 and
25 that's per the note that says: "Conservation easement

J. McConney - Direct/Amer Page 721

1 property moved to other assets." You see that?
2 A Yes.
3 Q So, if we want to find the valuation for Seven
4 Springs for 2015, we have to go to the section of the
5 spreadsheet that addresses other assets, correct?
6 A Correct.
7 Q Let's go to row 895. Row 895, we can see Seven
8 Springs per easement and the value now drops down to 56
9 million, correct?
10 A Yes.
11 Q That's pursuant to the easement donation?
12 A Yes.
13 Q Let me ask you a few questions to get a basic
14 understanding of a conservation easement donation. You
15 understood, at the time, that a conservation easement donation
16 is where the owner of the property agrees to donate rights to
17 develop the land, and the value of those rights is then taken
18 as a tax deduction; is that right?
19 A I've got a peripheral knowledge of easement. So,
20 yes, I know the land is donated; and, yes, I know there's a
21 charitable contribution taken on the tax returns.
22 Q When you say the "land is donated," isn't it that the
23 development rights on the land are donated?
24 A I have a limited knowledge of it, so I don't know
25 exactly what's donated.

J. McConney - Direct/Amer Page 722

1 THE COURT: I'll take judicial notice, the land
2 is not donated, just certain rights.
3 Q In order to get the tax deduction for a conservation
4 easement donation, you need an appraisal that values the
5 property before and after the donation.
6 Is that consistent with your understanding?
7 A I don't know that.
8 Q Are you aware that Seven Springs obtained an
9 appraisal for the purpose of making the easement donation?
10 A Yes.
11 Q That's the appraisal value, the before value of the
12 property. That is before the donation at the \$56 million
13 figure that you put in your valuation, correct?
14 A Correct.
15 Q You used the before value as opposed to the after
16 donation value because as of the valuation date, the donation
17 had not yet been made, correct?
18 A I believe that's correct, yes.
19 Q So, the \$56 million is actually the value put on the
20 property by the appraiser before the donation of development
21 rights, correct?
22 A Before the donation, yes. I don't know what they
23 donated.
24 Q So, before donating anything, the appraiser valued it
25 as 56 million, whereas, you have been valuing it, before any

J. McConney - Direct/Amer Page 723

1 donation, at 161 million, correct?
2 A Correct.
3 Q You understood it was correct to use the before value
4 rather than the after value because, as of this valuation
5 date, the development rights had not yet been donated,
6 correct?
7 A I believe that's correct.
8 MR. AMER: If we can just put up the Seven
9 Springs demonstrative PDX-3.9, just to look at the
10 values.
11 Q So, we have the statement values and, by the way, the
12 161 million, just to clarify, that was just the value of the
13 seven homes in Bedford, correct?
14 A Seven homes. I don't remember in which of the three
15 areas they're located.
16 Q The statement values here are much higher than 161
17 from 2011 through 2014 because they include other parts of the
18 property, correct?
19 A Correct.
20 Q Then the value drops to 56 million in 2015 because
21 you now have the appraisal in your hand that gives you that as
22 the before appraised value, correct?
23 A Correct.
24 Q So, you deemed it appropriate to use an appraised
25 value, correct?

J. McConney - Direct/Amer Page 724

1 A Yes.
2 Q And just so we're clear, the additional value in the
3 prior years come from the mansions on the property, right?
4 A Yes.
5 Q And the next year, 2016, that is now after the
6 conservation easement donation, correct?
7 A Correct.
8 Q So, you then use 35.4 million because that's the
9 after appraised value, correct?
10 A After the donation, yes.
11 Q So, the value of the development rights, according to
12 the appraiser, is the difference between 56 million and 35.4
13 million, correct?
14 A I don't know. Development rights, I don't remember
15 exactly what the difference is. I can tell you the
16 difference is \$21 million before and after the donation.
17 Q Okay. So, the value of the donation is the
18 \$21 million, correct?
19 A Correct.
20 Q What's being donated are the development rights,
21 correct?
22 A I'll take your word for that.
23 Q Okay. It's not 161 million, is it?
24 A What isn't 161 million?
25 Q The value of the development rights. The appraiser

J. McConney - Direct/Amer Page 725

1 did not value the development rights at any amount more than
2 \$21 million; isn't that right?
3 A That's correct.
4 MR. AMER: I'm ready to move on to the golf
5 clubs. I don't know where we are in terms of when we
6 want to take a break. I'll keep going. I'm just going
7 to a new subject.
8 THE COURT: We can go until 11:30.
9 MR. AMER: Okay.
10 Q Let's talk about the golf club valuations. Why don't
11 we go ahead and look at the 2011 Jeff Supporting Data
12 spreadsheet which is Exhibit 788; and, let's go to line 264.
13 This is the valuation for Briarcliff Manor,
14 correct?
15 A It's-- that's the line that's highlighted, yes.
16 Q This is where that begins, correct?
17 A That's correct.
18 Q One component of the Briarcliff value, based on your
19 valuation, is comprised of nonrefundable membership fees; is
20 that right?
21 A That's correct.
22 Q And column G includes your numbers to value
23 Briarcliff for 2011, right?
24 A Yes.
25 Q The first set of numbers, which are in rows 280 to

J. McConney - Direct/Amer Page 726

1 284, that reflects the value of nonrefundable memberships for
2 2011, right?
3 A Can you ask that question again?
4 Q Sure. Rows 280 to 284 have the value that you
5 calculated for the nonrefundable memberships for 2011, right?
6 A Correct.
7 Q Line 266 states that there were 67 memberships
8 available as of June 30, 2011; is that right?
9 A That is correct.
10 Q You get this information from the golf clubs. They
11 send you back this information, right?
12 A Yes.
13 Q Line 268, your note states: "Current membership
14 asking price 150,000. Getting 150,000." Correct?
15 A Yes.
16 Q That's also information you're getting from people
17 who work at the golf course, correct?
18 A I believe that's correct, yes.
19 Q But when you value the memberships available for
20 sale, as I read this, you only value 20 of the 67 memberships
21 at 150,000. Right?
22 A That's correct.
23 Q And you value another 47 memberships at prices
24 ranging from \$175,000 all the way up to \$250,000, correct?
25 A Correct.

J. McConney - Direct/Amer Page 727

1 Q Was the use of the higher price for memberships from
2 175,000 to 250,000 just your speculation as to what amount a
3 membership might get in the future?
4 A There was a-- based on a conversation I had with
5 Allen Weisselberg, who was more familiar with the golf
6 courses, and these were his estimates.
7 Q It wasn't based on anything you heard from the people
8 who worked at the golf course, right?
9 A I believe that's correct, yes.
10 Q The nonrefundable membership fees are amounts you're
11 expecting someone to pay in the future, right?
12 A Yes.
13 Q Line 275 shows that for 2010, the prior year, there
14 were 69 memberships, correct?
15 A Memberships available for sale, yes.
16 Q So, between 2010 and 2011, there were only two
17 memberships that were sold, correct?
18 A Correct.
19 Q And would you agree with me that at that pace, it
20 would take about 30 years to sell all these memberships?
21 A Using that pace, yes.
22 Q Now, when you listed the number of memberships to be
23 sold at each price point, you did not do any estimate as to
24 how far out it would take into the future to actually sell all
25 those memberships; isn't that right?

J. McConney - Direct/Amer Page 728

1 A That's correct.
2 Q You did not perform any discounted analysis to
3 determine the present value of the income that you would --
4 that the company would receive from the sale of these
5 memberships in the future, correct?
6 A That's correct.
7 Q Let's look at the 2011 Statement of Financial
8 Condition, which is Exhibit 787 in evidence. Let's go to page
9 ten. This provides, under club facilities and related real
10 estate, a description -- this club facilities and related real
11 estate, this relates to the golf clubs, right?
12 A The golf clubs and Mar-a-Lago, yes.
13 Q There's a description that appears that says:
14 "Entities wholly owned by Mr. Trump have acquired certain
15 properties for the purposes of developing"-- "for the purpose
16 of developing them into club facilities. Several of these
17 clubs will also contain residential units that they will sell.
18 The estimated current value of 1,314,600,000 is based on an
19 assessment of the cash flow that is expected to be derived
20 from club options. The sale of residential units after
21 subtracting the estimated costs to be incurred or recent sales
22 of properties in a similar location."
23 You see that? It says that?
24 A Yes.
25 Q That assessment was prepared by Mr. Trump working in

<p>J. McConney - Direct/Amer Page 729</p> <p>1 conjunction with his associates and outside professionals? 2 A Yes. 3 Q This paragraph identifies three alternative methods 4 for valuing the clubs, one of which is an assessment of the 5 cash flow that is expected to be derived from club operations? 6 A Correct. 7 Q A second is the sale of residential units after 8 subtracting the estimated costs to be incurred, right? 9 A Yes. 10 Q The third method is recent sales, properties in 11 similar location, right? 12 A Yes. 13 Q Can we agree that the third method was not a method 14 that was used by you for Briarcliff, right? 15 A Correct. 16 Q If we split the screen and pull up 788 at lines 295 17 to 298, you listed information about a projected sale of 18 mid-rise units approved but put on hold, correct? 19 \$43.3 million? 20 A The 43.3 is a sellout price, yes. 21 Q So, you subtracted the costs related to that 22 development and you have the net profit, right? 23 A Yes. 24 Q You added that potential profit of, I think it's 25 \$25.1 million to the valuation of Briarcliff, correct?</p>	<p>J. McConney - Direct/Amer Page 731</p> <p>1 correct? 2 A Correct. 3 Q What you used is a method that includes just income 4 from selling memberships, right? 5 A It's a little more than that. You had the income 6 from the memberships. You had the sale of the mid-rise 7 units. You had the value for the clubhouse. If you could 8 scroll up, please. 9 There were receivables on membership deposits 10 and from operations from the food, dues, whatever. There 11 were a few other items included. 12 Q Let me see if I can shortcut this. You disclosed in 13 the statement three different alternative methods for valuing 14 clubs, correct? 15 A Correct. 16 Q We agree the third method is not relevant. You 17 didn't use it, correct? 18 A Correct. 19 Q You used the second method based on the 31 units, 20 right? 21 A Correct. 22 Q There is no attempt at the first method, which is 23 cash flow from operations, and, instead, you use a different 24 method that just includes income from selling memberships, 25 right?</p>
<p>J. McConney - Direct/Amer Page 730</p> <p>1 A Correct. 2 Q So, that method is the second disclosed method in the 3 Statement of Financial Condition, correct? 4 A Yes. 5 Q As with other valuations that include future income, 6 there's no attempt to determine how long into the future it 7 would take to build and sell these homes, these units, 8 correct? 9 A Correct. 10 Q There's no discounted cash flow analysis to bring 11 those amounts to the present value, correct? 12 A Correct. 13 Q So, I think we said the third method in the Statement 14 of Financial Condition didn't apply. We've now seen, at least 15 with respect to these additional units, you've used the second 16 method. I don't see any line items that would reflect for 17 Briarcliff any cash flow analysis as described in the first 18 method. Am I correct? 19 A As described in the first method? 20 Q The first method in the statement says that the 21 estimated current value is based on one method. The first 22 method, is assessment of the cash flow that is expected to be 23 derived from club operations. You see that? 24 A Yes. 25 Q That is not a method you're using for Briarcliff,</p>	<p>Page 732</p> <p>1 A Correct. 2 (Continued on following page...) 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25</p>

J. McConney - Direct by Mr. Amer Page 733

1 Q So, anybody reading this statement and this
2 description would have no understanding that estimated current
3 value includes, as a component, selling memberships, without a
4 more complete assessment of cash flow; right?
5 MR. FIELDS: Objection. Speculating as to what
6 other people reading the statement would know.
7 THE COURT: Do you want to phrase it slightly
8 differently?
9 MR. AMER: Sure.
10 Q There's nothing in this paragraph containing the three
11 alternate methods disclosed that indicates you have based the
12 valuation on simply taking membership sales and including that
13 in the value; right?
14 A Not specifically, no.
15 Q And an assessment of cash flow from operations would
16 include looking at things such as payroll; right?
17 A Yes.
18 Q And taxes; right?
19 A Yes.
20 Q And repairs and upkeep and maintenance of the golf
21 course; right?
22 A Yes.
23 Q And that's nowhere in your valuation analysis; right?
24 A For this property, no.
25 Q Let's look at how you value Briarcliff in 2012.

J. McConney - Direct by Mr. Amer Page 734

1 MR. AMER: And we can pull up the 2012 Jeff
2 Supporting Data, Plaintiff's 793, and let's go to line 258
3 [sic].
4 Q And line 287 [sic] shows your valuation of Briarcliff
5 jumped from 68.7 million in 2011 to 99.5 million, roughly, in
6 2012; correct?
7 A Yes.
8 Q And that's an increase of almost \$31 million; right?
9 A Yes.
10 Q And line 285 shows that your projected profit from the
11 sale of the future residential units remained the same from the
12 prior year; correct?
13 A Yes.
14 Q And so, all of your responses about how you calculated
15 that would be the same for this year; correct?
16 A Correct.
17 Q And lines 273 to 275 show very little change in
18 additional value from 2011 to 2012, based on listed membership
19 receivables; right?
20 A Correct.
21 Q So, almost the entire increase, close to \$30 million,
22 is attributable to your change in methodology, to using
23 something called fixed assets; right?
24 A Correct.
25 Q Let's look at 2013, and that's Jeff Supporting Data

J. McConney - Direct by Mr. Amer Page 735

1 708, and let's look at lines 253 to 270?
2 THE COURT: Ten-minute warning.
3 Q Mr. McConney, in 2013, for the development of the
4 units, the value jumped from 25.1 million to 101 million and
5 change; correct?
6 A Yes.
7 Q And you increased the value of the Briarcliff
8 development in that amount based on a September 25th, 2013,
9 telephone conversation with Eric Trump; correct?
10 A Correct.
11 Q And this increase was based on the sale of 71 midrise
12 units, approved but put on hold; correct?
13 A Correct.
14 Q So the number of units increased from 31 to 71; is
15 that right?
16 A I'm not too sure. If you show me the other
17 spreadsheet with the number -- I just don't remember.
18 Q Okay. We don't have to go back. But at any rate,
19 it's based on an increase in the number of units to 71; correct?
20 A To 71.
21 Q To, T-O, 71; correct?
22 A Yes.
23 Q And your information about the number of units came
24 from Eric Trump in that call; right?
25 A Yes.

J. McConney - Direct by Mr. Amer Page 736

1 Q And he also, by the way, told you that the project was
2 put on hold; right?
3 A Yes.
4 Q But you're still accounting for the profit from those
5 71 midrise units that were put on hold, as if it's immediately
6 realized as of June 30, 2013; correct?
7 A Yes.
8 MR. AMER: Now, let's look at Exhibit 205.
9 (Whereupon, a document was displayed, and handed
10 to the witness.)
11 MR. AMER: Your Honor, this is an appraisal by
12 Cushman & Wakefield of the Briarcliff club, and I move that
13 this be admitted me into.
14 MR. SUAREZ: We have an objection, both based on
15 the statute of limitations and on hearsay.
16 MR. AMER: Your Honor, this was an appraisal that
17 the Trump Organization obtained.
18 THE COURT: It comes in, not for the truth of its
19 contents, but for what the Trump Organization knew or
20 thought, or whatever information they had.
21 MR. AMER: It's also an admission against
22 interests, your Honor. It's their appraisal. Their agent.
23 They hired Cushman to do the appraisal for them, and
24 therefore it's their appraisal.
25 MR. SUAREZ: Your Honor, it was sent to Sheri

J. McConney - Direct by Mr. Amer Page 737

1 Dillon at Bingham McCutchen. It's a Cushman & Wakefield
2 Bates stamped out of Trump Organization Bates documents.
3 There's certainly no testimony that Mr. McConney has seen
4 it yet. Cushman is not here.
5 THE COURT: Well, we haven't gotten to that part,
6 yet.
7 MR. AMER: Just so you know, your Honor, just so
8 you are aware, Bingham McCutchen were counsel to the Trump
9 Organization. Their lawyers.
10 THE COURT: And that makes it an admission
11 against interests?
12 MR. AMER: Yes. It's a document created by their
13 agent.
14 THE COURT: The point of the hearsay exception
15 for an admission against interests is, you won't say
16 something that will hurt you. When this was drafted, put
17 together, whatever you call it, it wasn't necessarily going
18 to hurt them. So, I'm only letting it in to show what
19 the -- and I think that's all you need, unless I'm missing
20 something -- to show what the defendants knew or had access
21 to. There's nothing about the appraisal itself that hurts
22 them. But, you can tell me otherwise. Go ahead. Why?
23 MR. AMER: Because it comes up with a value
24 that's much lower than the value that they used.
25 THE COURT: Well, that's my point. You want to

J. McConney - Direct by Mr. Amer Page 738

1 show that it's lower than the value that they used, but the
2 fact that internally -- I'm sorry. I just still don't see
3 it, but it's in for the purpose that I think you need.
4 MR. AMER: Okay.
5 (Whereupon, the exhibit was received in
6 evidence.)
7 Q 2014, the Trump Organization sought to value a
8 potential easement over the five-acre development site. That
9 was the site for the 71 housing units; correct?
10 A I have no knowledge of that.
11 Q Were you unaware of the appraisal?
12 A I knew there was an appraisal, but I don't know what
13 it was for. I -- sorry. I knew it was for a conservation
14 easement, but I don't know the details of the appraisal.
15 Q Are you aware of the value that the appraisal came to
16 for the 71-unit development?
17 A I don't believe so.
18 Q If we turn to page two of the exhibit, this is the
19 cover letter that the appraiser sends to Bingham McCutchen. Did
20 you understand that they were the Trump Organization's counsel
21 for purposes of this easement donation?
22 A Yes.
23 Q If we turn to the third page, you see it says the
24 value of the easement donations is 43.4 -- 43.3 million;
25 correct?

J. McConney - Direct by Mr. Amer Page 739

1 A I see its value of 43.3.
2 Q It says market value of conservation easement;
3 correct?
4 A Correct.
5 Q And as we discussed before, these type of appraisals,
6 you have a before value and after value, and you subtract the
7 two, and that's the value of the development rights being
8 donated?
9 THE COURT: Subtract one from the other. You
10 don't subtract the two.
11 MR. AMER: Yes. One from the other, your Honor.
12 Thank you.
13 Q Correct?
14 A Correct.
15 Q And so, the value of the development rights related to
16 the 71 units, according to this professionally-done appraisal,
17 is \$43.3 million; correct?
18 A Again, I don't know what this appraisal was for, so
19 it's hard for me to comment.
20 Q I thought you were aware. So, you were not aware that
21 there was an appraisal done for an easement donation?
22 A I know there was easement donation. I am pretty sure
23 I knew there was an appraisal, but I don't think I was involved
24 in this.
25 Q And in 2014, according to the Jeff Supporting

J. McConney - Direct by Mr. Amer Page 740

1 spreadsheet, which is Exhibit 719 --
2 MR. AMER: Can we put that up?
3 Q You continue to value the --
4 A This is Westchester.
5 Q Yes.
6 A I'm sorry.
7 Q Yes. We need to go back to Briarcliff. Sorry.
8 You continue to value the Briarcliff 71 midrise units
9 in 2014 at \$101 million, even though there an appraisal that the
10 company has that says 43.3; correct.
11 A Again, the appraisal is appraising -- I'm not too sure
12 what it appraises. We did complete the same 101 million
13 valuation for the 71 midrise units.
14 Q Well, let's look at page two of the appraisal, and
15 let's look at the third paragraph. You will see it says the
16 owner of the subject golf club is planning on donating a
17 conservation easement over approximately 5 acres of the
18 property. This is a development site entitled with 71 attached
19 housing units. Do you see that?
20 A Yes.
21 Q So, that's what this appraisal relates to; right? The
22 71 units that you value in your spreadsheet?
23 THE COURT: Hold on.
24 MR. SUAREZ: Your Honor, again, there's no
25 foundation. I believe the ruling from the Court was that

J. McConney - Direct by Mr. Amer Page 741

1 it was not admitted for the truth of the matter asserted.
2 He testified that he's not sure if he ever saw this
3 appraisal. The appraisal wasn't sent to Mr. McConney. It
4 wasn't sent to anyone at the Trump Organization. It says
5 what it says. He is not sure what it's for. There's no
6 foundation to have him testify about.
7 MR. AMER: Your Honor, just an objection, not a
8 speaking objection. The witness is on the stand.
9 THE COURT: Well, time for the break; right?
10 Saved by the bell. We'll address it on the way back.
11 As usual, we are going to take a ten-minute break
12 that will take 15 minutes.
13 (Whereupon, a recess was taken.)

1 THE COURT: Let's pick up from that interesting
2 issue from where we left off. I want to first make sure
3 I understand the context of the dispute.
4 The Trump Organization, through agent, through a
5 third party, commissioned appraisal. The plaintiff wants
6 the appraisal in, both for the truth of its contents and
7 to show notice. I already said I'm allowing to show
8 whatever notice there is but not for the truth of its
9 content because that's what hearsay is for. Hearsay
10 rule.
11 However, if plaintiff wants to pursue this,
12 wants to admit it for the truth of its contents, pursuant
13 to some hearsay exception, if you say you want to do
14 this, I'll ask both sides whether you want to submit
15 two-page memos by, two-page memos by next week or Tuesday
16 or something. Monday is a holiday.
17 MR. AMER: Let me confer with my colleagues to
18 see if we need it for the truth of the matter asserted or
19 notice is sufficient. If we want it for the truth of the
20 matter asserted, we'll submit it.
21 THE COURT: And the other side can oppose or --
22 when will you consult with your colleagues?
23 MR. AMER: Later today.
24 MR. SUAREZ: I don't want to keep popping up
25 during the witness's testimony but if the witness is

J. McConney - Direct/Amer Page 743

1 going to testify about it, I'd like to condition the
2 testimony on the fact it hasn't been admitted yet for the
3 truth of the matter asserted, and, also, I'd like to
4 bring to the Court's attention that this is a document
5 that has limitations.
6 It's a document that has three pages of
7 different limitations that include what it can be used
8 for and what it can't be used for.
9 MR. AMER: This is improper.
10 MR. SUAREZ: May I finish?
11 MR. AMER: He is discussing an exhibit in front
12 of the witness. If he wants to do cross-examination with
13 this document when I'm done with my examination, he can
14 do that.
15 MR. SUAREZ: The witness is a party and, more
16 so, even the document says "draft" on it.
17 THE COURT: That's what cross-examination is
18 for. I'll allow it, the questioning, although I don't
19 know exactly where it's going.
20 Q I want to continue talking about valuation of
21 Briarcliff in 2015.
22 MR. AMER: If we can put up the supporting data
23 spreadsheet 731 and go to lines 255?
24 Q Now, the valuation of the 71 mid-rise units in 2015
25 remained as it was in 2014 as 101 million point 748 and

J. McConney - Direct/Amer Page 744

1 change, correct?
2 A Yes.
3 Q So, we're all oriented, the appraisal we were looking
4 at, that's Exhibit 205 admitted for purposes of notice, was
5 from the letter, cover letter to Ms. Dillon -- if you want to
6 put it up -- is dated April 18, 2014, correct?
7 A Correct.
8 Q So, certainly, by the time you're doing your
9 valuation for June 30, 2015, this appraisal was done, right?
10 A Yes.
11 Q You were aware there was an appraisal, correct?
12 A Correct.
13 Q And is it your testimony you didn't ask to see the
14 appraisal?
15 A Yes.
16 Q It didn't matter to you for purposes of your
17 valuation; is that what you're saying?
18 A Yes.
19 Q The original -- the value for 2014 was based on the
20 note in 272, row 272 of the spreadsheet. This September 25,
21 2013 telephone conversation, you had with Eric Trump, correct?
22 A I'm sorry. I was reading something. Can you just
23 ask that again?
24 Q Sure. The value in 2014, that you put on your
25 spreadsheet, was based on a telephone conversation with Eric

<p>J. McConney - Driect/Amer Page 745</p> <p>1 Trump on September 25, 2013, as indicated in line 272, right? 2 A That's correct. 3 Q The value remaining the same in 2015 was based on a 4 telephone conversation that you had with Eric Trump in 5 November 17th -- on November 17, 2015, where Eric Trump said 6 to you, "leave value as is," correct? 7 A Correct. 8 Q So, notwithstanding the fact that there was this 9 appraisal, Eric Trump told you to leave the value as is, 10 correct? 11 A Correct. 12 Q I'd like to see if we could shorten this. So, I'll 13 just make a statement to you; and, if you're uncomfortable, we 14 can go through all of the spreadsheets; but, the spreadsheets 15 for 2016, 2017, and 2018 continue to use the same \$101 million 16 value for the mid-rise units and all attributed to this phone 17 call with Mr. Trump that you should leave the value as is. 18 Is that consistent with your recollection? 19 MR. SUAREZ: We object to the grouping together 20 of different years for purposes of testimony. If there's 21 a specific question about specific years in specific 22 spreadsheets, that should be the question. Not lumping 23 them altogether. 24 THE COURT: I'm allowing the lumping together. 25 Objection overruled. Let's be clear. He's asking about</p>	<p>J. McConney - Driect/Amer Page 747</p> <p>1 million and change and it's attributable, in your note on line 2 312, to your conversation with Eric Trump, leave value as is, 3 correct? 4 A Yes, but, I'd like to make the statement that 5 between June of '16 and June of '17, Patrick Birney was 6 taking over the Statement of Financial Condition. I don't 7 think I was involved in the June of '18 statement. 8 Q Okay. 9 A So -- 10 Q Looking at the control spreadsheet, though, that is 11 what is being indicated as the source for keeping the value 12 the same in 2018, correct? 13 A That's correct. 14 Q It's your phone call, right? It's your phone call 15 with Eric Trump? 16 A I had the phone call back in 2015, yes. 17 Q Okay. I want to switch topics with respect to golf 18 courses. It is correct that you included in your valuation of 19 some of the golf clubs starting in 2013 a 30 percent grand 20 premium, correct? 21 A Yes. 22 Q The inclusion of that grand premium was something 23 that you and Allen Weisselberg decided to do, right? 24 A Yes. 25 Q At some point after adopting that 30 percent premium,</p>
<p>J. McConney - Driect/Amer Page 746</p> <p>1 all three years. We're just lumping them together. 2 A Can we just take a look at the three years to make 3 sure? 4 Q Absolutely. Why don't we look at 2017 because it 5 will give us 2017 and 2016, and that's 758 and it's line -- 6 278. 7 You'll see, Mr. McConney, the value remains the 8 same for both '17 and '16 and it has the note that attributes 9 that to Eric Trump saying "leave value as is," correct? 10 A Correct. 11 Q So, those values remained as is based on your 12 telephone conversation with Eric Trump, correct? 13 A Correct. 14 MR. AMER: Let's go to 2018. It's plaintiff's 15 774 native and we'll go to line 295. Just so the record 16 is clear, in the prior exhibit we were looking at lines 17 278 to -- we just have to straighten out the line 18 numbers, the row numbers. 19 Q So, it's row 298 has the profit being 101 million and 20 the conversation with Mr. Trump is on line 301, correct. 21 A Correct. 22 Q Okay. That's for both 2016 and 2017, correct? 23 A Correct. 24 Q Let's go to 2018. Exhibit 774, line 295 is where 25 Briarcliff starts and, again, 2018 stays the same at 101</p>	<p>J. McConney - Driect/Amer Page 748</p> <p>1 you changed it to a 15 percent premium, but, it was still a 2 premium that was added to the same golf clubs, correct? 3 A Yes. 4 Q Was that change to 15 percent also something that you 5 and Mr. Weisselberg decided to do together? 6 A Yes. 7 Q If we could pull up the 2013 statement, it's 8 Exhibit 707 in evidence -- 708. 9 Exhibit 707 in evidence, the Statement of 10 Financial Condition, if we go to page six where it says "basis 11 of presentation." 12 The bottom paragraph that begins: "Pursuant to 13 GAAP." Do you see that? 14 A Yes. 15 Q The last sentence of that paragraph says: "The 16 goodwill attached to the Trump name has significant financial 17 value that has not been reflected in the preparation of this 18 financial statement." 19 Do you see that? 20 A Yes. 21 Q That sentence is in every one of the statements under 22 "basis of presentation" from 2011 to 2021; isn't that right? 23 A I can -- I believe up until 2016/2017 it was there. 24 I really wasn't involved after that. 25 Q Okay. So, you can confirm that, at least from 2011</p>

<p>J. McConney - Driect/Amer Page 749</p> <p>1 to 2016 or '17, this sentence appears in the "basis of 2 presentation" section, correct? 3 A Yes. 4 Q And every year that you were, from 2013 forward, that 5 you were adding the 30 percent premium or the 15 percent 6 premium, you were aware that this sentence was contained in 7 the "basis of presentation" section of the statement, correct? 8 A Correct. 9 Q Am I correct that the Trump Organization in 2012 10 shifted away from valuing golf clubs based on projected income 11 from future membership sales, like we saw with Briarcliff, and 12 started to use something known as a fixed assets approach? 13 A We changed at a point in time. All the golf courses 14 that were using that valuation method changed at the same 15 time. I'm getting to it. 16 So, if the statement, the spreadsheet we were 17 looking at before -- I don't remember the years when we 18 switched. So, if you look at Briarcliff when we switched, I 19 can give you an answer. 20 Q I think it's just enough to get your confirmation 21 that at some point you switched from using an approach that 22 valued the sale of memberships to a fixed assets approach, 23 correct? 24 A That's correct. 25 Q Every year that you use the fixed assets approach for</p>	<p>J. McConney - Driect/Amer Page 751</p> <p>1 A I'm sorry. Can you ask that question one more time? 2 MR. AMER: Sure. Actually, let's back up. 3 Q We looked at membership sales and those were 4 nonrefundable memberships, correct? 5 A Correct. 6 Q There was something different called refundable 7 membership deposits, right? 8 A At one time, yes, and, I guess, they still exist, to 9 some extent. 10 Q Right. Those are deposits that members make that at 11 some point in the future they may be entitled to get back; is 12 that right? 13 A That's correct. 14 Q And am I correct that the refundable membership 15 deposits are different from the nonrefundable membership fees, 16 that those refundable membership deposits were for Jupiter 17 included in the purchase price of the club for purposes of 18 valuing the fixed assets number? 19 A Part of them, yes. 20 Q Let's take a look at how that worked, and I'm going 21 to put up plaintiff's Exhibit 3055. 22 Mr. McConney, the first page is an e-mail. The 23 second page is a slip sheet for the attachment that we're 24 going to pull up in a minute, and, this is an e-mail that you 25 sent to a gentleman by the name of Frank Lucas. It's about</p>
<p>J. McConney - Driect/Amer Page 750</p> <p>1 a particular golf club, you'd ask the controller at each golf 2 club for the value of the club's fixed assets and then you'd 3 enter that in your spreadsheet, correct? 4 A Correct. 5 Q I'd like to look at the valuation for Jupiter, and, 6 that's a course that the Trump Organization purchased in 2013; 7 is that right? 8 A It purchased it. I'm not sure -- I don't remember 9 the exact year. 10 Q Let's go ahead and put up the 2013 supporting 11 spreadsheet in native, I think it's 708. It's in evidence. 12 If we go to row 462, this is the row that starts 13 the valuation for Jupiter, correct? 14 A Yes. 15 Q You'll see it has on line 465, value of fixed assets, 16 correct? 17 A Correct. 18 Q So, for Jupiter, at least in 2013, you're using the 19 fixed assets approach, right? 20 A Yes. 21 Q And am I correct that under the fixed assets 22 approach, you included, in the purchase price of the club, 23 that you then included, as part of the value of the fixed 24 assets, the amount of liability associated with refundable 25 membership deposits?</p>	<p>J. McConney - Driect/Amer Page 752</p> <p>1 Jupiter and the attachment is Jupiter purchase. You see that? 2 A Yes. 3 MR. AMER: Your Honor, I ask that this exhibit 4 be admitted with the attachment. 5 MR. SUAREZ: We object on the basis of the 6 Statute of limitations. 7 THE COURT: Overruled. It's in. 8 (Whereupon, said exhibit was received in 9 evidence as Plaintiff's Exhibit 3055) 10 Q Let's pull up the attachment, which is Exhibit 3055, 11 native one, and, you'll see it says: "Jupiter Golf Club, LLC 12 allocation of purchase price." 13 Do you see that? 14 A Yes. 15 Q This is the backup for calculating the purchase price 16 for purposes of using it in the fixed assets valuation for 17 this club, correct? 18 A This is the journal entry that was booked to show 19 however the purchase price was allocated. So, it could be 20 fixed assets, goodwill. It could be allocated to a number of 21 places. 22 Q But you're using this for purposes of doing your 23 valuation for the fixed assets basis for the Jupiter Club, 24 correct? 25 A Yes.</p>

J. McConney - Direct/Amer Page 753

1 Q What this shows is, on line five, cash of \$5 million.
2 You see that?
3 A Yes.
4 Q That was the actual amount of money that was paid to
5 purchase Jupiter?
6 A I don't remember, off the top of my head, but, I
7 believe so.
8 Q Then there's a line item on line six called Member
9 Deposit Liability Assumed, and it's over \$41 million, correct?
10 A Correct.
11 Q Then there are closing costs that are included and
12 you get a total purchase price of over \$46 million, correct?
13 A Correct.
14 Q So, let me just understand what's happening here in
15 calculating this purchase price. You have \$5 million in cash
16 and you're assuming a liability to repay to members their
17 deposits of over \$41 million and then you add closing costs
18 and you get to the purchase price; is that right?
19 A That's correct.
20 Q So, this calculation of the purchase price, assumes
21 that the member deposit liability will have to be repaid at
22 face value, correct?
23 A Correct. Can I clarify one thing? Face value being
24 the amount that the member gave the club, right?
25 Q Correct?

Page 754

1 A Yes.
2 Q Okay. Now, if we could go to-- and this purchase
3 price, by the way, including the member deposit liability at
4 face value, is what you plug into your fixed assets
5 calculation for the valuation of Jupiter in the statement,
6 right?
7 A Can you ask that again?
8 Q Sure. The purchase price that we're looking at of
9 over 46 million, is what you include for the purchase price in
10 the fixed assets calculation for the statement, right?
11 A Yes.

1 Q Now, let's go to the 2013 statement, which is
2 Exhibit 707, and let's go to page 15.
3 And this is the description for Jupiter; right?
4 MR. AMER: If you just scroll down, so we can see
5 the heading.
6 Q See Jupiter?
7 A Yes.
8 Q Okay. So, let's look at that second paragraph.
9 A Wait, something -- I'm looking at Doral. Sorry.
10 Q That's okay. Are you there?
11 A Yes.
12 Q Okay. Second paragraph says, "One condition of
13 membership was the contribution of a non-interest-bearing
14 deposit that does not require repayment until certain terms are
15 met, and then only upon the member's resignation. The fact that
16 Mr. Trump will have the use of these funds for that period,
17 without cost, and that the source of repayment will most likely
18 be a replacement membership, has lead him to value this
19 liability at zero."
20 Do you see that?
21 A Yes.
22 Q It goes on to say, through 9/30/2013, these deposits
23 amounted to \$41 million; correct?
24 A Correct.
25 Q So if I understand what's happening here, you are

J. McConney - Direct by Mr. Amer Page 756

1 including the value of the membership deposits as a liability
2 that increases the purchase price of the club to the tune of
3 \$41 million; correct?
4 A That's correct.
5 Q And at the same time, you are representing, or the
6 statement is representing, that those liabilities are being
7 valued at zero; is that correct?
8 A That's correct.
9 Q And there is no entry on the liability side of the
10 statement that would indicate any obligation to repay these
11 membership deposits; is that right?
12 A The liability side of which statement?
13 Q The Statement of Financial Condition has assets and
14 liabilities; right?
15 A Correct.
16 Q And there's no entry on the liability side on the
17 statement that indicates any obligation to repay these
18 membership deposits; correct?
19 A There's no amount reflected. That's correct.
20 THE COURT: Let me jump in a second. I'm the one
21 that has to understand everything.
22 Estimated current value, what would it sell for,
23 basically, willing buyer, willing seller, the fixed assets
24 approach, I think, is how much did it cost us to buy this
25 thing and fix it up, develop it, whatever, and then the

J. McConney - Direct by Mr. Amer Page 757

1 assumption is, well, what you pay for it is what it's
2 worth; is that correct?
3 MR. AMER: Yes, and it assumes that the liability
4 is an obligation of the owner who buys it, so if I pay --
5 let me see if I have a hypothetical that may clarify it.
6 If I buy a piece of property for a million dollars, but it
7 comes with an obligation to pay a million dollars, then
8 it's really costing me \$2 million. It's costing me the
9 million dollars I pay to buy it, and then I have an
10 obligation to pay another million because there's some IOU
11 on the property, let's say. So, it costs me \$2 million,
12 but the point I'm making --
13 THE COURT: But you have got something that's
14 only worth \$1 million. Is that --
15 MR. AMER: It is, but I've indicated in the
16 statement that I've valued the liability that I'm assuming
17 at zero, so that's the --
18 Q The issue here is, you have valued the liability at
19 face value for calculating the purchase price that you use;
20 correct?
21 A That's correct.
22 Q And you simultaneously represent in the statement that
23 you're valuing the liability at zero; correct?
24 A Correct.
25 Q Okay. And with respect to the membership liability

J. McConney - Direct by Mr. Amer Page 758

1 deposits, even if they do have to be repaid at some point in
2 time, that's way out into the future; correct?
3 A Depends when the member joined, but it's sometime in
4 the future.
5 Q And you don't do any discount factor analysis to
6 figure out, for the purpose of the fixed-asset approach, what
7 the present value is, of that liability; correct?
8 A Correct.
9 Q And you include it as though it's a hundred percent
10 due on the date of the valuation of the statement; correct? The
11 valuation date of the statement?
12 A Correct.
13 Q Okay.
14 MR. AMER: I intend to move on, unless the Court
15 has more questions to clarify, at this point.
16 THE COURT: Please just move on.
17 MR. AMER: Thank you.
18 Q I want to talk about Mar-A-Lago.
19 MR. AMER: Let's look at the 2012 Jeff Supporting
20 Data spreadsheet. It's Plaintiff's 93, and it starts at
21 row 187.
22 (Whereupon, a document was displayed, and handed
23 to the witness.)
24 Q Now, row 188 says, Value if sold to an individual. Do
25 you see that?

J. McConney - Direct by Mr. Amer Page 759

1 A Yes.
2 Q And that applies to both of these years, 2011 and
3 2012; correct?
4 A Correct.
5 Q And the entire basis of the valuation rests on the
6 premise that Mar-A-Lago can be sold as a private residence to an
7 individual; right?
8 A Yes.
9 Q If we put up demonstrative exhibit 3.10, this lists
10 the value of Mar-A-Lago in each year, from 2011 to 2021.
11 Mr. McConney, is it correct that every year, the value of
12 Mar-A-Lago is based on the premise that the property can be sold
13 as a private residence?
14 A That's correct.
15 Q And as of the date that you began preparing --
16 A Sorry.
17 Q Go ahead.
18 A The year I was involved in preparing the statement.
19 Again, June of '16, June of '17, I'm pretty sure. But I didn't
20 work on June of '18 forward, so.
21 Q So let's just clarify your testimony. Your testimony
22 is that from every year from 2011 to 2016/2017, you were aware
23 that the premise of the valuation was based on the fact that the
24 property can be sold as a private residence; right?
25 A That's correct.

J. McConney - Direct by Mr. Amer Page 760

1 Q And you are not sure, one way or the other, what the
2 premise was for the valuation in the years from 2018 through
3 2021; correct?
4 A Correct.
5 Q And as of 2011, when you were preparing the valuation
6 for Mar-A-Lago, you were aware, were you not, that there was a
7 deed of development rights that Mr. Trump had entered into with
8 the National Trust for Historic Preservation?
9 A When the club initially opened, I know there were some
10 documents relating to the deed. I don't know exactly what they
11 were, but I know there was some rules you had to live by.
12 Q Okay. Let me be more specific, because there are a
13 number of deeds. You were aware, as of 2011, that there was a
14 2002 deed of development rights with the National Trust for
15 Historic Preservation; isn't that right?
16 A I know there was something with the National Trust. I
17 don't know what the exact title.
18 Q Are you saying -- well, did you see the deed of
19 development rights, prior to 2011?
20 A I could have seen it when we first -- the club first
21 opened. I just don't remember that far back.
22 Q When you say, when the club first opened, when was
23 that?
24 A I'm thinking 1995.
25 Q Did you see a deed of development rights around --

J. McConney - Direct by Mr. Amer Page 761

1 later than that, in the 2000s, with the National Trust for
2 Historic Preservation?
3 A No.
4 Q Are you sure?
5 A I'm pretty sure.
6 Q Okay. And were you aware that Mr. Trump had deeded
7 away his right to use the club for any purpose other than a
8 social club?
9 MR. FIELDS: Objection. Speculation. The
10 witness testified he didn't see the deed. How could he be
11 aware?
12 THE COURT: How could he be aware? Somebody told
13 him, maybe?
14 MR. FIELDS: Then objection to hearsay.
15 MR. AMER: I'm entitled to --
16 THE COURT: -- introduce it for the truth of its
17 contents, its notice, I think.
18 But Mr. Amer, see if you can get us through this
19 tangled web.
20 MR. AMER: I don't know what's tangled about this
21 web, your Honor, but I'll try.
22 Q You are doing valuations from 2011 forward; right?
23 A Yes.
24 Q Do you have an understanding as you are doing these
25 valuations, based on the premise that you can sell this property

J. McConney - Direct by Mr. Amer Page 762

1 as a private residence, that there was -- that Mr. Trump had
2 deeded away his rights to use the property for any purpose other
3 than a social club? Yes or no, or were you aware?
4 MR. SUAREZ: Objection. It also assume facts not
5 in evidences, mischaracterizing the trust and the deed that
6 was referenced. It's just not the case, and there's no
7 evidence in the record that that is the case.
8 MR. AMER: I honestly didn't ask him, your Honor,
9 how he knew. I just want to know if he is aware.
10 THE COURT: Absolutely overruled.
11 A Sorry. Could you ask the question again, please?
12 MR. AMER: Can I get a read back, your Honor?
13 THE COURT: Sure.
14 (Whereupon, the requested portion of the
15 proceedings was read back by the court reporter.)
16 THE COURT: Please answer.
17 A I was not aware.
18 Q Now, the valuation that you prepared for Mar-A-Lago,
19 that's largely based on comps; is that right?
20 A Correct.
21 Q Let's go ahead and look at the -- well, actually, let
22 me see if I can do it this way. Let's go ahead and put up
23 the -- oh, let's leave up the 2012. Sorry.
24 Okay. Back to where we were. You have listed comps
25 for 2012 and 2011; correct?

J. McConney - Direct by Mr. Amer Page 763

1 A Correct.
2 Q Now, I notice for 2012, you have two comps and they're
3 based on asking price; correct?
4 A Correct.
5 Q And the two comps for 2011, also based on asking
6 price; correct?
7 A Correct.
8 Q So these are not prices that a willing buyer actually
9 paid; right?
10 A I don't know what -- if these were purchased, I don't
11 know what they were -- what the purchaser paid for these
12 properties.
13 Q Right. But as of the date that you used these prices,
14 they were asking prices and not prices for properties that had
15 actually sold; correct?
16 A That's correct.
17 Q And I notice that what you do is, you take the asking
18 price and you divide it by the number of acres to come up with a
19 number per acre; correct?
20 A Correct.
21 Q And then you then multiply that value per acre by the
22 acreage of Mar-A-Lago, on line 214; correct?
23 A That's correct.
24 Q So, if I'm understanding this correctly, the actual
25 square footage of the house that's being put up for sale is not

J. McConney - Direct by Mr. Amer Page 764

1 relevant to your calculation?
2 A I don't -- I'm not too sure I understand that
3 question.
4 Q Okay. You are taking the asking price, and you are
5 dividing it by the acres that the property sits on, without any
6 factoring in how large the house is; right?
7 A But it does include a house, or some swimming pool,
8 cabana. It does include something. It's not just the value of
9 the land.
10 Q Let me ask a different way. You are not calculating a
11 price per square foot to do this comp; correct?
12 A Correct.
13 Q Okay. So, if you have two identical homes asking the
14 identical selling price, and one is on a two-acre lot and the
15 other is on a four-acre lot, the one on the 2-acre lot will have
16 a value, for your purposes, that's twice as large as the house
17 on the four-acre lot; correct?
18 A Mathematically, yes. That's correct.
19 Q Isn't the method you are using, which is to calculate
20 a value per acre, the method one would use to value vacant land,
21 as opposed to a house?
22 MR. FIELDS: Objection. Speculation. Lack of
23 foundation.
24 THE COURT: Overruled.
25 A Can you ask it again, please?

<p>J. McConney - Direct by Mr. Amer Page 765</p> <p>1 Q Isn't the method that you are using, where you take 2 the asking price and divide it by the number of acres, a 3 valuation method used for valuing and comparing vacant land, as 4 opposed to a private residence? 5 A I guess you could do it that way. We took the whole 6 selling price, including the house, and divide it by the number 7 of acres. I guess you could use it for vacant land, but these 8 comps included whatever was being sold. 9 Q And the size of the house didn't matter in your 10 calculation, because you don't use it in the calculation; right? 11 A It was not used in the calculation. Correct. 12 Q Then, by the way, you add, if you can scroll down, you 13 add, on line 216, a premium for completed facility of 14 30 percent; right? 15 A Correct. 16 Q Did you -- so, you just take whatever number you get 17 from the comp and you gross it out by 30 percent, because it's a 18 completed facility; right? 19 A Correct. 20 Q But you are valuing it as if you are selling it as a 21 private residence; right? 22 A Correct. 23 Q Am I correct that when you started doing the valuation 24 for the following year, 2013, you realized that it was better to 25 use actual sale prices, rather than asking prices? Correct?</p>	<p>J. McConney - Direct/Amer Page 767</p> <p>1 Q That compensation is 1220 South Ocean Boulevard, 2 right? 3 A Yes. 4 Q If you scroll down on the other one, other way. 5 Sorry. It's the same comp that you used the prior year, 6 right? 1220 South Ocean, Palm Beach, correct? 7 A Yes. 8 Q In 2012 -- we can go up a little more so I see the 9 price. In 2012, you're using the asking for the 2020 South 10 Ocean, Palm Beach of \$74 million? 11 A Yes. 12 Q That's the asking price and then the next year you 13 realized that the same property sold for \$42 million, correct? 14 A Correct. 15 Q In your description on line 224? 16 A Which? 1314? 17 Q On 1314. 18 A Yes. 19 Q You say actual selling price, not just selling price 20 but actual selling price, correct? 21 A Correct. 22 Q And on line 212, you just say selling price for the 23 other comp on line 212? 24 A On the same spreadsheet? 25 Q Same spreadsheet.</p>
<p>J. McConney - Direct by Mr. Amer Page 766</p> <p>1 A Somebody made that decision, yes. It was either Allen 2 or myself. 3 Q Okay. So some combination of you and Mr. Weisselberg 4 decided, in 2013, that it's better to use selling prices rather 5 than asking prices; correct? 6 A At some point in time we changed, yes. 7 Q Let's go ahead and look at 2014 Jeff Supporting Data, 8 Exhibit 719. 9 MR. AMER: And I may want you to put it up, side 10 by side, if we can, and let's go to row 207, where the 11 value began, where the Mar-A-Lago value begins. If you 12 could, just lift up the one on the left. 13 Q So, in 2013, you have, again, two comps. 14 MR. AMER: I just need to see a little below. 15 Q You have two comps; correct? 16 A Can we just scroll? 17 Q Yes. 18 MR. AMER: You have to go down, more. There we 19 go. 20 Q I'm sorry. Just one comp for 2013; correct? 21 A Can we just to be 100 percent sure, scroll over to 22 column G? I believe that's correct. I just want to make sure. 23 Yes. That's correct. Only one comp. 24 (Continued on the next page.) 25</p>	<p>J. McConney - Direct/Amer Page 768</p> <p>1 A Yes. 2 Q The reason why you inserted that word "actual" is 3 because you realized you had used the same comp the year 4 before and you used the asking price and now it was an actual 5 selling price, correct? 6 A I don't know if I realized what you said but there 7 was a reason for it. It's the actual price, is the actual 8 price. 9 Q But using the word "actual" you're kind of 10 acknowledging you used the same comp from the year before but 11 used the selling price? 12 A I'm not acknowledging the same comp from the year 13 before. The actual comp we used is the selling price. I 14 don't remember -- 15 Q Was this the reason you decided it was better to use 16 selling prices than asking prices because it dawned on you 17 that a property that you valued with an asking price of \$74 18 million actually ended up selling a year later for only 19 \$42 million? 20 A I don't remember that being the case, one way or the 21 other. 22 Q By the way, I noticed in 2012 the number of acres for 23 this property is 2.5 acres, correct? 24 A Correct. 25 Q A year later, the property is only 2.11 acres,</p>

J. McConney - Direct/Amer Page 769

1 correct?
2 A Correct.
3 Q So, the acreage changed?
4 A We'd have to look at the source documents each year.
5 Q The effect of changing the acreage from 2.5 to 2.11
6 increases the value per acre, correct?
7 A In 2013?
8 Q Yeah.
9 A Yes.
10 Q Let's go to PX-2374. Mr. McConney, is Exhibit 2374
11 the backup that you sent for the comps to Mr. Bender?
12 A Yes, I believe so. For Mar-a-Lago, I believe so,
13 yes.
14 Q It shows the 1220 South Ocean Boulevard house selling
15 for \$42 million, correct?
16 A Yes.
17 MR. AMER: Your Honor, I ask that this be
18 admitted into evidence.
19 THE COURT: Granted. It's in.
20 MR. SUAREZ: We only object if it's being
21 offered for the truth of the matter asserted because it
22 would be hearsay. The fact that, to the extent that he
23 testified that he sent it to Mr. Bender, that's a
24 different story.
25 THE COURT: Is that agreeable just for the fact

J. McConney - Direct/Amer Page 770

1 he sent it, the notice, as opposed to the truth of the
2 contents? That could be part of your two-page memo. You
3 can make it three pages now.
4 MR. AMER: That's fine, your Honor.
5 Q Let me ask, Mr. McConney, you relied on this backup
6 in performing your valuation, right?
7 A Yes.
8 THE COURT: So, is that sufficient?
9 MR. AMER: That should do it.
10 THE COURT: So, it's not going in for the truth
11 of its contents.
12 Q The third page, is this where you get your acreage
13 figure from for the comp at 1220 South Ocean Boulevard?
14 A Yes.
15 Q Let me ask you to turn to -- and you then had to take
16 the price per acre and multiply it by the acreage for
17 Mar-a-Lago to do your valuation, correct?
18 A Correct.
19 Q If you go to page five, and this highlighting is in
20 the original document, is this where you get the acreage
21 figure for Mar-a-Lago that you use in your valuation?
22 A Yes.
23 Q Now, Mr. McConney, can you turn to the page just
24 before this one. There was an appraisal done of Mar-a-Lago in
25 2007, correct?

J. McConney - Direct/Amer Page 771

1 A Yes.
2 Q You knew about that appraisal, right?
3 A Yes.
4 Q You had a copy of that appraisal, correct?
5 A I believe so, yes.
6 Q You relied on the page we saw from this appraisal for
7 purposes of valuing Mar-a-Lago, correct?
8 A Yes.
9 Q That was an appraisal done in contemplation of a
10 conservation easement donation over Mar-a-Lago back in 2007,
11 right?
12 A I don't know what the purpose was, off the top of my
13 head. It says "conservation easement" here on the bottom of
14 page 506. So, I believe that's what it was for.
15 MR. AMER: I'm going to ask to hand the witness
16 Exhibit 1444.
17 Q Mr. McConney, this is the full appraisal of
18 Mar-a-Lago, 169 pages. You had a copy of it, correct?
19 A I don't remember but it's possible.
20 Q Well, you attached the cover page to the backup you
21 sent to Mr. Bender, right?
22 A Right.
23 MR. AMER: I ask that this be moved into
24 evidence, your Honor.
25 MR. SUAREZ: Your Honor, we have an objection

J. McConney - Direct/Amer Page 772

1 first on the basis of the Statute of Limitations. Second
2 with the appraisals, the fact that the appraisal exists,
3 the fact it was in the file, the fact he may have looked
4 at it, that certainly whatever his testimony is, it is,
5 but, we object to the appraisal to the extent it's being
6 offered for the truth of the matter asserted within it.
7 There are, obviously, issues in the appraisal,
8 limitations, whatnot. This wasn't prepared for a party
9 in this case. It wasn't prepared by a party in this
10 case. The appraisal company is not here. That would be
11 the extent of our objection to the extent it's being
12 offered for the truth of the matter asserted.
13 It's an out-of-court statement as well.
14 THE COURT: Maybe three-and-a-half-page memos.
15 MR. AMER: First of all, your Honor, the
16 statement that it wasn't prepared for the Trump
17 Organization is wrong. It's prepared for Mar-a-Lago
18 Club, LLC.
19 Q That's a Trump Organization, right, Mr. McConney?
20 A The --
21 THE COURT: I'll ask the witness to answer.
22 THE WITNESS: I don't know who goes first. The
23 Mar-a-Lago Club LLC was owned by, ultimately, the
24 President, yes.
25 MR. SUAREZ: My client is-- it's not a defendant

<p>J. McConney - Direct/Amer Page 773</p> <p>1 in this case. It's not a party. 2 THE COURT: Okay. 3 MR. AMER: I'm going to do this quickly. We're 4 stopping when, your Honor? Just so I know. 5 THE COURT: Fifty. 6 Q If we look at page two, this report says in the 7 second sentence: "This report has been prepared for our 8 client, Mar-a-Lago Club, LLC. The intended use was to assist 9 and establish market value of a conservation of easement for 10 possible donation." You see that? 11 A Yes. 12 Q In the second paragraph, just going to go down to the 13 middle of the paragraph, it says: "The value of the property, 14 before considering the terms of the easement, is compared to 15 the value of the property after considering the easement. The 16 difference in value, if any, is the value of the easement." 17 It's an easement related to the development of 18 11 single family lots. Do you see that? 19 A Yes. 20 Q To your knowledge, was there ever any approval given 21 for the development of any single family lots on the 22 Mar-a-Lago property? 23 A I have no idea. 24 Q Why don't you turn to page 88. There's a section of 25 this appraisal entitled "Deed of Development Rights." "Deed</p>	<p>J. McConney - Direct by Mr. Amer Page 775</p> <p>1 Q And the next page, the next three pages, are the deed 2 of development that was entered into in 2002, between Donald 3 Trump and the National Trust. Do you see that? 4 A Yes. 5 Q And on page two of this deed it says that Mr. Trump is 6 conveying his rights to develop the property for any usage other 7 than club usage. Do you see that? That's the paragraph above 8 the signature block. Next page, last line, above the, In 9 witness whereof. Do you see that? 10 A Yes. 11 Q You knew about this appraisal, and you had a copy of 12 it in your possession, prior to 2011; right? 13 A Correct. 14 Q And so you had a copy of this deed of development; 15 correct? 16 A Yes. 17 Q And notwithstanding the fact that you had, in your 18 possession, this deed, every year from 2011 through 2016 or '17, 19 you valued the property as if it could be sold for private 20 residence; right? 21 A That's correct. 22 Q Now, Mr. McConney, you testified that during the 23 period of time when you were the controller, Allen Weisselberg 24 was your boss; correct? 25 A Correct.</p>
<p>Page 774</p> <p>1 of conservation easement and exhibits." 2 You see that? 3 A Yes. 4 (Continued on following page...) 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25</p>	<p>J. McConney - Direct by Mr. Amer Page 776</p> <p>1 Q And am I correct that during the period of time when 2 Allen Weisselberg was your boss, he asked you, on more than one 3 occasion, to assist him in committing fraud? Isn't that right? 4 A No. 5 Q You gave testimony in the criminal trial of the Trump 6 Organization brought by the District Attorney of New York; 7 correct? 8 A Yes. 9 Q Isn't it the case that you testified in that trial 10 that Mr. Weisselberg asked you, on more than one occasion, to 11 assist him in committing tax fraud? 12 A Yes. 13 Q And at his request you helped him cheat on his tax 14 returns; isn't that right? 15 A I had nothing to do preparing his tax returns. 16 MS. HABBA: Objection. I'm just going to ask 17 what the relevance of this is. 18 MR. AMER: I think it's highly relevant, your 19 Honor. 20 THE COURT: Overruled. 21 Q Am I correct that you assisted him in receiving 22 tax-free personal expenses, and then backed the value of those 23 expenses out of his salary? Right? 24 A That's correct. 25 Q And Mr. Weisselberg directed you to process a payroll</p>

J. McConney - Direct by Mr. Amer Page 777

1 check to his wife for \$6,000 so that she could qualify for
2 Social Security benefits, even though you knew she was not an
3 employee of the Trump Organization; correct?
4 A I'm not too sure the dollar amount, but the rest of
5 the statement is correct.
6 Q So, I'll rephrase it.
7 Mr. Weisselberg directed you to process a payroll
8 check to his wife so that she could qualify for Social Security
9 benefits, even though you knew she was not an employee of the
10 Trump Organization?
11 MR. FIELDS: Objection. Improper impeachment.
12 Relevance.
13 THE COURT: Overruled.
14 Q Mr. McConney, when you processed that payroll check
15 for Mr. Weisselberg's wife, you knew it was illegal; correct?
16 A I did not know it was illegal.
17 Q You did not?
18 A I did not.
19 Q Can we put up, from Mr. McConney's testimony during
20 the criminal trial, page 1407, line 5.
21 (Whereupon, a document was displayed.)
22 Q "Question: Did you testify on cross examination
23 that the purpose of this was to have her qualified for
24 Social Security?
25 "Answer: Yes. Something to do with Social

J. McConney - Direct by Mr. Amer Page 778

1 Security benefits.
2 "Question: Did you think it was legal to pay her
3 for a job she did not perform, so that she would qualify
4 for a benefit to which she was not entitled?
5 "Answer: No.
6 "Question: So you knew that that was illegal?
7 "Answer: Yes. Yes. You can say that. Yes.
8 Yes."
9 Four yeses. That was your sworn testimony during the
10 criminal trial; correct?
11 A Yes.
12 Q And even though you knew that these activities that
13 you engaged in at Mr. Weisselberg's request was illegal, you
14 continued to engage in them; isn't that right?
15 A Continued in what way?
16 Q You kept doing it; correct?
17 A Yes.
18 Q And you engaged in this illegal conduct because
19 Mr. Weisselberg was your boss, and you were afraid that if you
20 refused his requests, you would probably lose your job; right?
21 A Yes.
22 MR. AMER: That's all I have, your Honor?
23 THE COURT: I guess we'll break for the day.
24 Monday is a holiday, and we'll resume Tuesday at 10:00.
25 MR. AMER: Your Honor, because the witness is

J. McConney - Direct by Mr. Amer Page 779

1 still on the stand, can we have an admonition that he not
2 consult with his attorneys about his testimony?
3 THE COURT: Yes. I so direct him.
4 MS. GREENFIELD: Just one scheduling question,
5 Mr. Amer. How much more, how much longer do you think you
6 are going to be with Mr. McConney before we move on to
7 Mr. Weisselberg on Tuesday?
8 MR. AMER: Maybe I wasn't clear, but I finished
9 my examination.
10 MS. GREENFIELD: Oh, sorry. I wasn't clear on
11 that. Sorry.
12 MR. AMER: It seemed like a good point to end.
13 THE COURT: So, we are starting just with
14 Weisselberg?
15 MS. FAHERTY: Unless they have cross.
16 MS. HABBA: Can we reserve the right -- I don't
17 think we do. Think we are going to let him go.
18 You know, I'm not going to cross. Just --
19 THE COURT: So we are starting with Weisselberg?
20 MS. HABBA: We are starting Weisselberg on
21 Tuesday morning.
22 MS. FAHERTY: Tuesday morning, Weisselberg.
23 THE COURT: Tuesday at 10:00.
24 MR. SOLOMON: Mr. Weisselberg.
25 THE COURT: Have a great three-day weekend.

J. McConney - Direct by Mr. Amer Page 780

1 MS. FAHERTY: Your Honor, Colleen Faherty, on
2 behalf of the People, and I can speak separately with
3 counsel just to double check, but there were some
4 corrections to the transcript that I do think require us to
5 put on the record, because I don't think we can back-date
6 the corrections to exhibits as they are contained in the
7 record, so I'll speak with counsel, and I can even just
8 submit it in a letter to the Court, if that works.
9 What is your preference?
10 THE COURT: Sure. My preference is whatever your
11 preference is. Whatever you can work out with the other
12 side. How long would it take if we did it right now?
13 MS. FAHERTY: I have an email right now that I
14 can read from that identifies the corrections, and then if
15 counsel has an issue, we can respond.
16 THE COURT: All right. Let's do it.
17 MS. FAHERTY: Okay. So at the trial transcript,
18 at page 119, lines 11 through 12, Plaintiff's Exhibit 75
19 was admitted, and is currently in the record as PX75. It
20 needs to be corrected to 785.
21 THE COURT: Any objection or --
22 MS. FAHERTY: Typographic.
23 MR. SUAREZ: No.
24 MS. HABBA: No objection.
25 MS. FAHERTY: Thank you. The second is

1 Plaintiff's Exhibit 788 was admitted into evidence, but
2 identified on the record by Bates number as
3 Mazars-NYAG-00003154. The exhibit number needs to be
4 added. It is from the trial transcript at 157, line's 2
5 through 11, and so the exhibit number that we would add to
6 the record is Plaintiff's Exhibit 788.

7 MS. HABBA: No objection.

8 MS. FAHERTY: Thank you, Ms. Habba.

9 The third issue, your Honor, is Plaintiff's
10 Exhibit 791 was admitted into evidence on October 3rd, but
11 the exhibit number is not in the record. Plaintiff's
12 Exhibit 791 needs to be added. That's at the trial
13 transcript at 191, lines 5 through 18. It was admitted
14 into evidence, but the number was not --

15 MS. HABBA: No objection.

16 MS. FAHERTY: Your Honor, I have two more,
17 apparently. Trial transcript at 471, 19 through 472, 11,
18 Plaintiff's Exhibit 1354 was admitted into evidence on
19 October 4, but the exhibit number was not on the record.
20 So, Plaintiff's Exhibit 1354 needs to be added, please.

21 MS. HABBA: No objection.

22 MS. FAHERTY: And the last one is at trial
23 transcript page 477, lines 10 through 11, Plaintiff's
24 Exhibit 1501 was admitted on October 4, but was identified
25 on the record, or in the record, as Plaintiff's

1 Exhibit 50101 and it just needs to be corrected to say
2 Plaintiff's Exhibit 1501.

3 MS. HABBA: No objection.

4 I just want to make the record clear and state
5 that obviously I have no objection to these administrative
6 changes, but if we had any prior to objections to the
7 exhibits themselves, that they still stand.

8 THE COURT: Of course. No waiver.

9 MS. FAHERTY: Thank you, your Honor.

10 Okay. Now, have a good three-day weekend.

PROCEEDINGS

1 THE COURT OFFICER: All rise. Part 37 is now in
 2 session. The Honorable Judge Arthur Engoron presiding.
 3 Make sure all cellphones are on silent. Latops and
 4 cellphones will be permitted, but only to members of the
 5 public, members of the press. There's absolutely no
 6 recording or photography of any kind allowed in the
 7 courtroom. Please be seated and come to order.
 8 THE COURT: Welcome. Good morning. Hope you all
 9 had good long weekends.
 10 Counsel, I understand there's some agreements on
 11 scheduling.
 12 So plaintiff, why don't you set forth and then we
 13 will hear from defendants.
 14 MR. WALLACE: Certainly, your Honor. So obviously,
 15 this morning, the first witness will be Allen Weisselberg.
 16 Our expectation is that his testimony will take the rest of
 17 the day today and could extend into tomorrow. Pursuant to
 18 our agreement to take one witness out of order, though,
 19 tomorrow morning we'll start with Nicholas Haigh and we will
 20 continue his testimony until it is completed because he's
 21 the witness who's leaving the country.
 22 After that, we will either continue with any
 23 unfinished testimony from Mr. Weisselberg. Although, I
 24 understand defendants are not planning to cross-examine him
 25 after our exam or are reserving, but they can give that when

1 his exam comes up. The next witness is Patrick Birney who
 2 is a Trump Organization employee.
 3 Then after that Mark Hawthorn, another Trump
 4 Organization employee followed by Donna Kidder and we expect
 5 that between Mr. Hawthorn and Ms. Kidder, that will take us
 6 through the end of this week and into Monday. We are then I
 7 think going to begin Michael Cohen on Tuesday. So that is
 8 the current plan as far as the order of witnesses.
 9 THE COURT: Thank you. That's fine with me.
 10 Defendant.
 11 MR. KISE: That sounds correct, your Honor.
 12 THE COURT: Okay. All right. Plaintiff, call your
 13 next witness. First, wait. One of these days, I'll
 14 remember. I think we have some photographers that want to
 15 come in, so look your best.
 16 (Whereupon, there was a pause in the proceedings.)
 17 THE COURT: Plaintiff, would you like to call your
 18 first witness now.
 19 MR. SOLOMON: Good morning, your Honor. Louis M.
 20 Solomon on behalf of the People. We call Allen Weisselberg.
 21 THE COURT: Good morning.
 22 THE COURT OFFICER: Good morning, sir. Please
 23 raise your right hand. Do you solemnly swear and affirm any
 24 testimony you give will be the truth, the whole truth and
 25 nothing, but the truth?

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 787

1 THE WITNESS: I do.
 2 THE CLERK: Please take a seat. Please state your
 3 name and either home or business address on the record, as
 4 close to the mic phone as you can.
 5 THE WITNESS: Allen Weisselberg, 6554 Piemonte
 6 Drive, Boynton Beach, Florida.
 7 THE COURT: Okay. I'll ask the witness, as he is
 8 doing already, to speak loudly, right into the microphone.
 9 THE WITNESS: Yes, sir.
 10 THE COURT: Clearly and slowly, et cetera. Okay.
 11 Please proceed.
 12 MR. SOLOMON: Thank you, your Honor.
 13 DIRECT EXAMINATION
 14 BY MR. SOLOMON:
 15 Q Good morning, sir.
 16 A Good morning.
 17 Q I would like to begin with some questions about your
 18 background. Did you receive a degree from Pace University in or
 19 about 1971?
 20 A It was actually Pace College at that time.
 21 Q And was that in business administration?
 22 A Yes.
 23 Q Were you ever a CPA?
 24 A No.
 25 Q Do you have any formal or informal accounting training

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 788

1 since graduating from Pace?
 2 A I worked for a short time in accounting, but not very
 3 long.
 4 Q That was prior to about 1976, correct?
 5 A I would say so, yes.
 6 Q Are you aware of any accounting standards that apply to
 7 the preparation of a personal financial statement?
 8 A I'm sorry. I don't quite understand. Am I aware of
 9 them?
 10 Q Yes.
 11 A Not being a CPA, the answer is I know of GAAP. I've
 12 heard the term used before, but I -- that's about it.
 13 Q And when you say GAAP, you're referring to the
 14 Generally Accepted Accounting Principles in the United States,
 15 correct?
 16 A I've heard that term, yes.
 17 Q Yes.
 18 Do you know any of the components of GAAP?
 19 A No.
 20 Q Do you know Jeffrey McConney?
 21 A I do.
 22 Q Do you know his level -- withdrawn.
 23 Did you know his level of familiarity with GAAP in or
 24 about 2011?
 25 A It's quite some time ago. I've been through quite a

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 789

1 bit the last few years as you all know, and thinking back to
 2 2011, I know he worked for a CPA firm. I hired him from that
 3 firm at the time. His level of knowledge of GAAP, I don't know.
 4 Q Did you ever come to have an understanding as to Mr.
 5 McConney's level of knowledge of GAAP?
 6 A Not that I could recall.
 7 Q Let's talk about your work history.
 8 Did there come a time that you began working with Fred
 9 Trump?
 10 A I began my career with the Trump family, Fred Trump in
 11 particular, in 1973.
 12 Q And did Mr. Fred Trump's business involve real estate
 13 in New York?
 14 A Yes.
 15 Q Is it fair to say, sir, that you have been involved in
 16 real estate in New York for almost 50 years?
 17 A Yes.
 18 Q Did there come a time that you began working with
 19 Donald Trump --
 20 A Yes.
 21 Q -- was in or about 1986?
 22 A That's correct.
 23 Q And when you began working with Donald J. Trump, did
 24 you have a title?
 25 A I came into his office to work as the controller.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 790

1 Q And were you the controller for the Trump Organization?
 2 A Yes.
 3 Q Did you eventually become the CFO, Chief Financial
 4 Officer, of the Trump Organization?
 5 A Yes.
 6 Q Do you recall if that was approximately in 2002?
 7 A Sounds about right, yes.
 8 Q Did you report to Donald Trump at that time?
 9 A I did.
 10 Q Did you report to Donald Trump between that time and
 11 when you left the company?
 12 A Well, when he became president and he was no longer
 13 there, the reporting was more little more informal and I dealt
 14 mostly with Eric Trump.
 15 Q When Mr. Trump became president, did you also deal with
 16 Donald J. Trump, Jr.?
 17 A Periodically.
 18 Q Did you also deal with Ivanka Trump at that time?
 19 A No, she had already left and was in Washington, D.C.
 20 Q Had you dealt with her prior to Mr. Trump becoming
 21 president?
 22 A To a degree, yes.
 23 Q In connection with various loans that the Trump
 24 Organization was soliciting from lenders?
 25 A Correct.

<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 791</p> <p>1 Q When do you recall Mr. McConney -- withdrawn. 2 THE COURT: Withdrawn. 3 MR. SOLOMON: Withdrawn. 4 Q Do you recall when Mr. McConney began working for the 5 Trump Organization? 6 A I don't recall the timing exactly. I would say 7 somewhere maybe in 1987, give or take. 8 Q Did Mr. McConney report to you when he began working in 9 the Trump Organization? 10 A Yes. 11 Q And when you were promoted to CFO in 2002, did Mr. 12 McConney continue reporting to you? 13 A Yes. 14 Q Did he report to you until you left the Trump 15 Organization? 16 A Yes. 17 Q Do you know Patrick Birney? 18 A I do. 19 Q Did he work at the Trump Organization? 20 A Yes. 21 Q When did he begin his employment with the Trump 22 Organization? 23 A I don't recall the exact date. I don't know -- a few 24 years -- six years ago. 25 Q Approximately 2016/2017 time period?</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 793</p> <p>1 Birney started working on the preparation of the Statements of 2 Financial Condition? 3 A Correct. 4 Q That work continued, to your knowledge, until your 5 departure from the Trump Organization, correct? 6 A Correct. 7 Q From 2011 until your departure, did you have an office 8 at the Trump Organization? 9 A I did. 10 Q Was that at 725 Fifth Avenue? 11 A Yes. 12 Q Did you have the same office throughout the entire time 13 period 2011 to your departure? 14 A Yes. 15 Q At any point in time, was there a bookshelf, bookcase 16 or filing cabinet outside your office, sir? 17 A There were many filing cabinets and bookcases. 18 Q I'm talking about one located right outside your 19 office. 20 A There was a filing cabinet there. 21 Q Do you recall whether there were appraisals for 22 property owned by the Trump Organization in this filing cabinet? 23 A There were appraisals that were done probably back in 24 the early or late 1990s for golf courses. 25 Q Were there any more recent appraisals, to your</p>
<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 792</p> <p>1 A Sounds about right. 2 Q When he began his work at the Trump Organization, did 3 he report to you? 4 A No. 5 Q Did he report to Mr. McConney? 6 A No. 7 Q To whom did Mr. Birney report? 8 A Ron Lieberman. 9 Q And up until the time you left the Trump Organization, 10 did Mr. Birney report to Mr. Lieberman? 11 A Mr. Birney had multiple tasks that he performed. He 12 came there -- he came through our company from Aon, so that was 13 an insurance brokerage firm and Ron Lieberman handled our 14 insurance. So most of his reporting was to Ron Lieberman, but 15 if over time he began doing some work in finance because he is a 16 financial analyst, he would report to myself or to Jeffrey 17 McConney, either/or. 18 Q In fact, did Mr. Birney work on the Statements of 19 Financial Condition between 2017 and your departure from the 20 Trump Organization? 21 A I don't know when he actually began to work on it. 22 Jeffrey McConney was the one who prepared the Statement of 23 Financial Condition and when he engaged Patrick Birney to work 24 with him, I don't have that date in my mind. 25 Q But at some point in time, you are aware that Mr.</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 794</p> <p>1 knowledge, in that filing cabinet? 2 A I don't -- I don't recall. 3 Q But there could have been? 4 A I just don't recall. 5 Q You don't recall one way or the other, sir? 6 A Yeah. I just don't recall whether there were any or 7 not. 8 Q At some point in time, did you become a trustee of the 9 Donald J. Trump Revocable Trust? 10 A Yes. 11 Q Was this in or about January of 2017? 12 A Yes. 13 Q Could we please look at PX 769. 14 Sir, you've been shown what's been marked as PX 769. 15 Do you recognize this document? 16 A Yes. 17 Q What do you recognize it to be? 18 A Acceptance of the trustee becoming a trustee under the 19 Donald J. Trump Revocable Trust. 20 Q On the first page, do you recognize Donald Trump, Jr.'s 21 signature? 22 A Yes. 23 MR. SOLOMON: Please turn to the next page. 24 Q On this page, do you recognize Eric F. Trump's 25 signature?</p>

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 795

1 A Yes.

2 Q On this page, is that your signature?

3 A Yes.

4 MR. SOLOMON: We offer PX 769 into evidence.

5 THE COURT: Granted. It is in evidence.

6 (Whereupon, the Document was marked in evidence as

7 People's Exhibit 769.)

8 Q Sir, did you resign as a trustee in or about January of

9 2021?

10 A I don't recall the date. If you can show me something

11 to refresh my memory, that would be helpful.

12 MR. SOLOMON: Put up PX 1016, please. Scroll down.

13 Q You will see there is a whereas clause; by removal of

14 trustee executed prior to this appointment and acceptance of

15 trustee, settle or removed Allen Weisselberg as trustee under

16 the agreement of trust.

17 MR. SOLOMON: Go back to the top.

18 Q This is dated January -- as of January -- I'm sorry.

19 The last amendment was January 15, 2021. Do you see that?

20 A Yes, I do.

21 Q Does that refresh your recollection that it was in or

22 about January of 2021?

23 A It does.

24 Q Does the trustee -- withdrawn.

25 Does the trust hold title to Mr. Trump's assets?

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 796

1 A I'm not familiar with the -- with the way ownership of

2 properties is handled. The legal department of the

3 organization, they have all that information. I don't recall

4 exactly the ownership structure.

5 Q So you are a trustee of the trust, but you don't know

6 the legal ownership structure of the assets of the trust?

7 A That's correct.

8 Q During your time as a trustee, what work, if any, did

9 you do on behalf or for the benefit of the trust?

10 A I continued my daily routine that I had all the years

11 that I was the CFO. If there came a point in time where Eric

12 Trump needed to discuss something with me or something he was

13 thinking about, we would sit down and go over it, bounce some

14 ideas back and forth; but other than that, my routine really

15 hadn't changed.

16 Q So when you became -- is it your testimony, sir, that

17 when you became a trustee, your routine, your daily routine

18 hadn't really changed?

19 A No, it hadn't really changed.

20 Q Do you currently work for the Trump Organization, sir?

21 A I do not.

22 Q When did that employment relationship end?

23 A As I mentioned before, so many things have happened

24 over the last number of years with me and my family and it's

25 taken its toll, I don't recall exact dates. If you have

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 797

1 something you can show me to refresh my memory again, that would

2 be helpful.

3 Q Sure. I will in a moment, but I would like to know do

4 you have an understanding as to why the employment relationship

5 ended?

6 A I assume when I was convicted of felony. I guess at

7 that point.

8 Q What is the basis for your understanding that was the

9 reason for the termination of your employment relationship?

10 A I don't -- I don't have a basis for it.

11 Q Did you execute a severance agreement, sir?

12 A I did.

13 MR. SOLOMON: Can we please mark for identification

14 PX 01751.

15 Q Let me know when you have had an opportunity to review

16 the document, sir.

17 (Witness reviewing document.)

18 MR. SOLOMON: Your Honor, while the witness is

19 reviewing that document, we would move PX 1016 into

20 evidence.

21 THE COURT: Granted. It is in evidence.

22 (Whereupon, the Document was marked in evidence as

23 People's Exhibit 1016.)

24 A I am not going to read the entire document, but I'm

25 familiar with the document.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 798

1 Q Does that appear to be your severance agreement or

2 separation agreement, sir?

3 A Yes.

4 Q Can you turn to page 7 of 8, on the bottom, if you see

5 the number?

6 A Yes.

7 Q Is that your signature?

8 A It is.

9 Q Did you sign it on or about January 9, 2023?

10 A Yes.

11 Q Do you recognize the signature on behalf of the Trump

12 Corporation?

13 A I'm trying to figure it out. It looks like Eric's or

14 Eric Trump.

15 MR. SOLOMON: Your Honor, the People offer PX 01751

16 in evidence.

17 THE COURT: Granted. It is in evidence.

18 (Whereupon, the Document was marked in evidence as

19 People's Exhibit 01751.)

20 Q Mr. Weisselberg, if you perform your obligations under

21 the separation agreement, how much money will you receive?

22 A \$2 million.

23 Q That's payable over two years, correct?

24 A Correct.

25 Q Let's talk about Mr. Trump's triplex at Trump Tower.

<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 799</p> <p>1 Are you familiar with that argument? 2 A Yeah, I know of the apartment; sure. 3 Q It was one of the assets that was included in the 4 Statement of Financial Condition as of June 11th. Excuse me, as 5 of June 2011? 6 A Yes. 7 Q And it was on the Statement of Financial Condition as 8 of June 2012, correct? 9 A Yes. 10 Q In fact, the triplex is included in every Statement of 11 Financial Condition between at least 2011 and your departure 12 from the Trump Organization, correct? 13 A I mean, I could ask to see a statement to look at it, 14 but -- 15 Q Is it your understanding that it is one of the assets 16 reflected on the Statement of Financial Condition, sir? 17 A Yes. Yes. 18 Q In 2012, the value of the triplex was determined by 19 multiplying the number of the square feet of the apartment by a 20 price per square foot; is that correct? 21 A Correct. 22 Q In fact, multiplying the square footage by a price per 23 square foot was how the value of the triplex was determined 24 every year in the Statements of Financial Condition between 25 June 2012 and June 2016, correct?</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 801</p> <p>1 triplex, the assumption made by the Trump Organization in 2012 2 was wrong? 3 A I -- when the report was completed, I did not go 4 through every work paper of Jeffrey McConney and look at all his 5 calculation. 6 Q Sir, that wasn't my question. 7 In 2012, an assumption was made as to the number of 8 square feet for the triplex, right? 9 A Jeffrey McConney had at his disposal. 10 Q The answer to my question is yes? 11 A Yes. 12 Q At some point, you learned that the assumption was 13 wrong? 14 A Subsequently, that's correct. 15 Q In 2013, there was an assumption made as to the number 16 of square feet of the triplex, correct? 17 A Correct. 18 Q You subsequently learned that assumption was wrong? 19 A Correct. 20 Q 2014, an assumption was made, correct? 21 A Correct. 22 Q And you learned that assumption was wrong? 23 A Correct. 24 Q 2015, an assumption was made and you learned it was 25 wrong?</p>
<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 800</p> <p>1 A I'm not sure that's correct. I don't know whether it 2 was some years either comps that we used without the -- there 3 were times when it was not used as the method. I believe it may 4 have been, and this is from memory, some years where there was a 5 comp that we were able to use to value. 6 Q Wasn't the comps used to determine the square foot? 7 A I don't recall that. That's a question Jeffrey 8 McConney would have to answer. I don't have the work papers. 9 If you would like to show me his work papers, I would be happy 10 to look at it. 11 Q We will go through it. 12 In 2012, do you recall the size of the triplex was 13 assumed to be 30,000 square feet? 14 A I do not know the -- I don't walk around knowing the 15 size of square footages of the apartments in the building 16 including Mr. Trump's. 17 Q Sir, you do recall that there was an issue raised with 18 respect to the size of the triplex, don't you? 19 A I found it out later on, years later. 20 Q Years later. And at some point in time, you knew that 21 the number for the -- excuse me. 22 You knew that the square footage number that was 23 assumed by the Trump Organization was wrong, didn't you? 24 A In 2011? 25 Q No. I'm asking if you recall that the size of the</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 802</p> <p>1 A Correct. 2 Q 2016, an assumption was made, correct? 3 A I don't believe that in 2016 we used the same number. 4 I think something -- I think we got a notification from Forbes 5 looking into it and that at that point, we went back -- I had a 6 young lady in our office actually check our -- excuse me. Do 7 you want me to continue? 8 Q Please. 9 A Okay. No, we had to check the offering plan to go back 10 and check the amount of square footage that Mr. Trump owned and 11 we came up with a number that was different and once we did 12 that, we immediately changed the Statement of Financial 13 Condition for the year 2016. 14 Q Are you sure it was 2016 and not 2017? 15 A I'm pretty sure it was 2016 that the change was made, 16 yeah. 17 Q And are you certain, sir, that this was done as soon as 18 you looked back at the offering plan? 19 A It was -- well, we were in the process -- when we 20 prepared the June 30th statement, which started probably in 21 July, at that point in time when -- when Jeffrey McConney was 22 going through the assets -- if you had his work papers -- I 23 don't have the benefit of those work papers. I'd like to see to 24 confirm what I am saying is correct, but I believe at that point 25 in time, he made -- he made a change to what the square footage</p>

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 803

1 should have been.

2 Q In fact, sir -- well, prior to making the change in the

3 Statements of Financial Condition, you were put on notice that

4 the 30,000-square foot number was wrong, weren't you?

5 A I don't -- I don't recall that.

6 Q Let's look at, please, PX 0632.

7 At the moment, I'm just going to ask you to focus on

8 the cover e-mail, not the attachments to this. Who is -- for

9 the record, this is Sharon -- from Sharon Hwang on February 2,

10 2012 at 6:44 p.m. It is to several people at DLA Piper with

11 cc's to Jack Weisselberg. That's your son, correct?

12 A Correct.

13 Q He was at Ladder Capital at the time?

14 A Correct.

15 Q And to you, the Trump Organization, correct?

16 A Correct.

17 Q And Jason Greenblatt at the Trump Organization?

18 A Correct.

19 Q And Bradley Cox at the Trump Organization?

20 A Correct.

21 Q And the subject is Trump Tower organizational

22 documents, structure chart and contact list. Do you see that?

23 A Correct.

24 Q Did you receive this e-mail on or about February 2,

25 2012?

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 804

1 A I recall receiving the cover e-mail. I don't recall

2 seeing any attachments with it since they were already -- these

3 documents were already in our office. So there would be no need

4 to send all the attachments to go with it.

5 Q Let's look at the next document. Withdrawn.

6 Just so we can set the stage here, at this point in

7 time, the Trump Organization was in discussions with Ladder

8 Capital about potential loan for Trump Tower?

9 A Refinancing, yes.

10 Q It would be secured by Trump Tower? The Trump

11 Organization's assets at Trump Tower, correct?

12 A The asset -- when you say Trump Tower, are you

13 referring to the commercial side, not the residential side?

14 Q Either.

15 A The residential side would not be part of the

16 collateral, no.

17 Q It would only be the commercial side?

18 A Correct.

19 Q But in order to make a determination, Ladder Capital

20 wanted information, due diligence as they say the parlance,

21 correct?

22 A They wanted that information to understand the

23 deprivation of how the residential and commercial sides of the

24 building operated.

25 MR. SOLOMON: Let's pull up -- withdrawn. The

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 805

1 people offer PX 0632 in evidence.

2 THE COURT: Granted. It is in evidence.

3 (Whereupon, the Document was marked in evidence as

4 People's Exhibit 0632.)

5 MR. SOLOMON: Will you, please, pull up PX 0633.

6 Q We marked as PX 0633 another e-mail from Ms. Hwang to

7 the same group of people. Is that right, sir? Do you see that?

8 A I do.

9 Q It is also on February 2nd?

10 A Yes.

11 Q This is at 6:47 p.m., about three minutes after the

12 first one, right?

13 A Correct.

14 Q And she writes, and I'm reading from her e-mail, "As

15 indicated in the previous e-mail, attached please find a Trump

16 Tower Condominium declaration amendments 1-13." Do you see

17 that?

18 A I do.

19 Q Did you receive this email February 2, 2012?

20 A I received a cover e-mail. I don't recall receiving

21 any attachments with it since all of those attachments, again,

22 is -- were already part and parcel of our offering plan and was

23 sitting in our office.

24 Q In fact, sir, you previously testified that you didn't

25 believe you received it because all those documents were in the

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 806

1 office all the time, what would I do with them, I have no need

2 for them. Does that sound about right?

3 A Meaning they were already in the office.

4 Q Right.

5 A I wouldn't need to get them a second time. They were

6 already there.

7 Q Let's look at one of the documents attached to this,

8 shall we, one of the documents you said you didn't need.

9 A Because -- again, because they were already in our

10 office.

11 THE COURT: Off the record for a moment.

12 (Whereupon, a discussion was held off the record.)

13 Q Mr. Weisselberg, let's assume that your prior testimony

14 under oath, your testimony today here was accurate that you had

15 these attachments in your office, okay. Let's look at one

16 specifically. It is also one that you were shown in your prior

17 testimony. Page 13 of the exhibit, please. This document is

18 titled "First Amendment to the Declaration of Trump Tower

19 Condominium". Do you see that?

20 A Yes.

21 Q That's a document you had in your office, right?

22 A Not in my office, in the office generally.

23 Q You had access to it, though, if you wanted it?

24 A If I needed to go to it for some purpose, I would do

25 that.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 807

1 Q Do you see there is a stamp on the top right, Reel 2159
 2 PG333. Do you see that?
 3 A Yes.
 4 Q You've been in New York you told us for approximately
 5 50 years. Do you know what that stamp means?
 6 A That it has been recorded someplace.
 7 Q Right. Reel and page, does that sound familiar, sir?
 8 A I don't know what this really means.
 9 Q But you understand that it is being recorded someplace?
 10 A Yes.
 11 Q And that it is publicly available, right?
 12 A Okay.
 13 Q We established this was in the Trump Organization's
 14 offices and it was publicly available.
 15 MR. SOLOMON: Scroll down, please.
 16 Q Under "unit designation," see that on the left?
 17 A Yes.
 18 Q Unit designation. Then there is tax number. Do you
 19 see that?
 20 A Yes.
 21 Q And then there is a column "approx" for the approximate
 22 area in square feet. Do you see that?
 23 A Yes.
 24 Q 10,996.39, do you see that, sir?
 25 A Correct.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 808

1 Q And that happens to be the exact number of the square
 2 footage of Mr. Trump's triplex, right?
 3 A Okay. Well, based on what you're showing me, yes.
 4 Q So in the document you testified had been "in the
 5 office all the time," since at least prior to February 2012,
 6 right?
 7 A Yes.
 8 Q The square footage is disclosed as 10996.39 square
 9 feet?
 10 A Yes.
 11 Q It is your testimony -- withdrawn.
 12 MR. SOLOMON: Can we go to page 15 of the exhibit.
 13 That's the first amendment. Scroll down, please. Okay.
 14 Right there.
 15 Q Do you see that this was executed October 11, 1994 by
 16 the residential board of Trump Tower Condominium, right?
 17 A Correct.
 18 Q Let's look at the consent now, the 20th page of this
 19 exhibit.
 20 MR. SOLOMON: Scroll down.
 21 Q There is a consent to the first declaration. Do you
 22 see that document in front of you, sir? You can take a look at
 23 the 20th page of the exhibit.
 24 A Yes.
 25 Q Do you recognize the signature?

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 809

1 A Donald J. Trump.
 2 Q That was executed in or about October of 1994, correct?
 3 A Right.
 4 Q So as far as back as October 1, 1994, Mr. Trump
 5 executed a consent to the first amendment to the declaration of
 6 the condominium that reflected the triplex was 10996.39 square
 7 feet, correct?
 8 A Correct.
 9 Q Notwithstanding the fact that this goes back to 1994,
 10 you are aware, sir, that in 2012, 2013, 2014, the triplex is
 11 identified as 30,000 square feet on the Statements of Financial
 12 Condition, right?
 13 A No. That's where I was trying to explain before.
 14 These -- the triplex was part of the other assets of Mr.
 15 Trump's including other things that he owned, airplane,
 16 whatever, and they were all lumped together in one number. I
 17 never focused on that number when renewing Mr. McConney's draft
 18 or the Mazars draft of the financial statement. I wasn't aware
 19 at that time of the -- I didn't go through the details of that
 20 apartment. I was looking at -- what I was looking at is
 21 Statement of Financial Condition. There were much, much larger
 22 items on there that I was more concerned about, things like
 23 commercial buildings or golf courses and things of that nature
 24 that I was focused on.
 25 The apartment itself, relatively speaking when you look

Page 810

1 at the value of that apartment relative to his net worth is
 2 non-material. It is not a material adverse type change. The
 3 number of 200 million or whatever difference may have been in
 4 dollars, that in and itself is a large number; but when you
 5 compare it to the net worth of the statement itself, 6 billion,
 6 it is less than one percent or about one percent.
 7 We were always taught -- our accounting firm always
 8 told us if it is less than five percent, five percent or less,
 9 that's considered non-material. So I didn't have a reason to
 10 focus on this apartment at that time.

1 EXAMINATION BY
2 MR. SOLOMON:
3 Q There was several parts to that answer, sir.
4 Respectfully, I don't think any of them answered my question,
5 which was the Statements of Financial Condition contained
6 inaccurate square footage for the triplex in 2012, 2013, 2014
7 and 2015; right? I'm not asking if you knew it. I'm not asking
8 what you did to confirm it. Yes or no, was it inaccurate in
9 those years?
10 A I'll say it again. Without seeing -- without being
11 argumentative, without seeing the work papers as part of our
12 assets, I won't say yes or no. If you'd like to show me the
13 work papers of Mr. McConney, I'll be happy to respond.
14 Q Okay. We will get to the work papers later in the
15 testimony and we will go back over those, but in your answer you
16 gave a couple of points to be made.
17 Anything -- according to what you understood, anything
18 less than five percent wasn't material?
19 A According to our accounting firms that we spoke with,
20 they always felt that five percent was the number that we can
21 use -- that should be utilized to determine materiality.
22 Q And is it fair to say anything over five percent would
23 be material?
24 A I would think so.
25 Q You mentioned the apartment was one percent on a

A. Weisselberg - Petitioner - direct (Solomon) Page 812

1 \$6 billion net worth?
2 A In the year that we made the change.
3 Q Are you saying one percent was the change or one
4 percent was the value of the apartment?
5 A Change.
6 Q Do you recall what the change was?
7 A I don't recall.
8 Q We'll get to that when we get to the SOFCs and the
9 backup data.
10 Do you recall in August and September of 2016 a
11 reporter from Forbes reached out to you directly for comment
12 about Mr. Trump's net worth?
13 A I don't recall.
14 Q Let's mark PX -- withdrawn.
15 MR. SOLOMON: Before I do that, Your Honor, we move
16 PX 0063 into evidence.
17 THE COURT: Granted. It's in evidence.
18 MR. SOLOMON: Can we please mark PX 1280 for
19 identification?
20 Q Please take a moment, sir. These are a number of
21 e-mails with Luisa Kroll, who appears to be at Forbes.
22 And as you note in the e-mails the last page is the
23 oldest e-mail and it works its way more recent. You may want to
24 look at it in that direction.
25 A Okay.

A. Weisselberg - Petitioner - direct (Solomon) Page 813

1 Q Okay. Do you recognize the series of e-mail chain that
2 you had with Luisa Kroll in or about August and September of --
3 A I recall it vaguely. If I see it, yes.
4 Q And that's your e-mail address at the Trump
5 Organization?
6 A I'm sorry?
7 Q That's your e-mail address at the Trump Organization?
8 A Yes.
9 MR. SOLOMON: We move this into evidence.
10 THE COURT: Granted. It's in evidence.
11 Q Let's turn to page four of eight of the exhibit, Issue
12 Number 6. Do you see Ms. Kroll is raising a question about who
13 actually owns certain units at Trump Tower? Do you see that?
14 A I do.
15 Q Sir, did you do anything in response to Ms. Kroll's
16 question or Issue Number Six?
17 A I don't recall.
18 Q Did you contact in-house counsel at the Trump
19 Organization?
20 A I don't recall.
21 Q Did you direct anyone to look into this issue?
22 A I think at this point in time I don't recall.
23 Q If you scroll up on the e-mail chain you'll see that
24 you did respond to certain other issues; right?
25 Sir, you can look at the document in front of you?

A. Weisselberg - Petitioner - direct (Solomon) Page 814

1 Do you see she responds "thanks for getting back to
2 me?"
3 A Yes, I do recall I may have asked her about -- it may
4 have been a million things. At one point she was discussing --
5 I don't recall. I don't recall what it was specifically that I
6 got back to her with.
7 Q But you got back to her on other issues?
8 A On some things. I don't know what they were again.
9 Q So someone from Forbes reaches out to you, questions
10 whether your boss, Donald J. Trump, actually owns the units in
11 the condo he claims to own and it's your testimony you don't
12 remember what, if anything, you did?
13 A At this point in time I don't recall.
14 Q Do you recall in February 2017 another reporter from
15 Forbes reaching out to you directly for comment about
16 Mr. Trump's net worth?
17 A Reporters from Forbes contacted us every year in doing
18 their list. It reached a point in time where we would -- when I
19 say "we," I'm talking about myself, at one point and then Jeff
20 McConney would take it over and then when Patrick Birney, he
21 took it over and they would have a list of all of our assets and
22 the value they placed on him and we spent inordinate amount of
23 time going back and forth with them and it got to a point in
24 time where Forbes would listen and never make any changes. They
25 would periodically early on. Then that stopped and at this

A. Weisselberg - Petitioner - direct (Solomon) Page 815

1 point I stopped talking to them. I felt it was no need to
 2 because no matter what we told them and showed them evidence of
 3 things they would just ignore it and I just stopped speaking
 4 with them.
 5 MR. SOLOMON: Let's mark PX 1324 for
 6 identification, please.
 7 Q Sir, does this appear to be an e-mail from Dan
 8 Alexander at Forbes to you and Jeff McConney at the Trump
 9 Organization from February 2017?
 10 A Yes.
 11 MR. SOLOMON: We offer PX 1324 in evidence.
 12 THE COURT: Granted. It's in evidence.
 13 Q Sir, if you look at the second page of this e-mail,
 14 Number 11?
 15 A Yes.
 16 Q Trump Tower penthouse. That's the triplex; right?
 17 A Yes.
 18 Q And this reporter from Forbes in February of 2017 is
 19 telling you he believes it's only 10,996 square feet; right?
 20 A It was in his e-mail. This e-mail was probably dealt
 21 with by Jeff McConney, but I wouldn't speak to Forbes at that
 22 point, so, yes, I do see the reference to the 10,996.
 23 Q And you're a recipient of this e-mail; correct?
 24 A Correct.
 25 Q Did you reach out to Mr. Alexander to tell him the

A. Weisselberg - Petitioner - direct (Solomon) Page 816

1 10,996 square foot number was inaccurate?
 2 A As I indicated before I stopped speaking with the folks
 3 from Forbes.
 4 Q Did you direct Jeff McConney to reach out to Forbes and
 5 tell them their number was inaccurate?
 6 A I don't recall.
 7 Q Do you know if Mr. McConney ever reached out to Forbes
 8 to tell them their number was inaccurate?
 9 A I don't know.
 10 Q So although you believed, sir, that Forbes was wrong on
 11 an objective fact in connection with Mr. Trump's net worth;
 12 namely, the square footage of his triplex, you don't recall if
 13 you did anything to confirm who was right?
 14 A As I said before --
 15 Q It's a yes-or-no question, sir. You don't recall if
 16 you did anything to confirm who was right?
 17 A I didn't personally.
 18 Q And you don't recall if you directed him not to;
 19 correct?
 20 A I don't recall. I may have. I don't recall.
 21 Q As you sit here today, you have no idea if you did
 22 anything or directed anyone; right?
 23 MS. HABBA: Objection. Asked and answered. Please
 24 move on.
 25 THE COURT: Well, I'm going to tell the witness --

A. Weisselberg - Petitioner - direct (Solomon) Page 817

1 direct the witness, as I do with many witnesses, if there is
 2 a yes-or-no question and you can answer it yes or no, answer
 3 it yes or no; if you can't, you can try to explain why not.
 4 You can say "I can" and we'll ask you why not -- the
 5 attorney may ask you why not.
 6 I think there was so much back and forth there that
 7 it was hard to know. So why don't we do it from scratch
 8 right now. You can just ask that one question and if you
 9 can answer yes or no, listen carefully, answer it yes or no.
 10 Q As you sit here today, you don't recall if you did
 11 anything or directed anyone to do anything in connection with
 12 correcting Forbes as to the square footage of the apartment in
 13 or about February of 2017; is that correct?
 14 A What I did -- are you looking for a yes-or-no answer?
 15 THE COURT: Yes.
 16 Q Sir, either you recall or you don't.
 17 A I don't recall.
 18 Q Okay. Sir, is that because by this time, February of
 19 2017, you knew the triplex was only 10,996 square feet?
 20 A I don't recall that. I never focused on the triplex,
 21 to be honest with you. As I said before, my testimony -- I look
 22 at the bigger numbers on Jeff's spreadsheets -- Jeff McConney's
 23 spreadsheets. I won't focused on Donald's triplex at that time
 24 or -- it was part of other assets. It was almost de minimis
 25 relative to his net worth, so I didn't really focus on it.

A. Weisselberg - Petitioner - direct (Solomon) Page 818

1 Q My question wasn't whether you focused on it, my
 2 question wasn't whether it was relevant size-wise to anything
 3 else. My question was very simple: Did you fail to respond to
 4 Forbes in February of 2017 because by that point in time you
 5 knew the triplex was only 10,996 square feet; yes or no?
 6 A I did not respond to Forbes. Jeff McConney was --
 7 MS. HABBA: Your Honor, I'm sorry. I'm going to
 8 object again. Asked and answered with a yes or no.
 9 MR. SOLOMON: Your Honor, with all due respect,
 10 this witness has not answered that question. The reason why
 11 -- I'm not asking what he did or didn't do at this point.
 12 I'm asking the reason why was whether or not it was because
 13 he knew at that point in time. It's a simple yes or no.
 14 THE COURT: Yes or no? You either know or you
 15 didn't know; right? Is that --
 16 MR. SOLOMON: Right.
 17 A I don't remember. I don't remember it back in 2017
 18 what took place. I did not respond to this.
 19 MS. HABBA: Your Honor, he doesn't remember. We
 20 can't force him to do yes or no. I think that's clear. Can
 21 we just move on? He's made the same answer, the same
 22 question asked seven different ways. He doesn't remember.
 23 THE COURT: Counselor, can we --
 24 MR. SOLOMON: Your Honor, I'll move on, but I'll
 25 just note for the record they are different questions. One

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 819</p> <p>1 is what he did, what he directed someone to do and why. 2 Those are all different questions, respectfully, but I will 3 move on. 4 THE COURT: Before you do, there was a famous -- 5 semi-famous Colombian philosopher named Sidney Morgenbesser. 6 One day a student asked him, "Professor Morgenbesser, can a 7 statement be true and false at the same time?" And his 8 answer was "yes and no." Let's move on. 9 Q Sir, with respect to the communications from Forbes 10 that we were just looking at in 2016, 2017, did you ever go back 11 and check the first amendment to the condo dec that was in your 12 offices? 13 A I never did, no. 14 Q Did it ever cross your mind to do that? 15 A No. 16 Q Did you ever discuss that with anyone? 17 A Again, again -- 18 THE COURT: Did you ever discuss it with him? That 19 should be a yes or no. 20 THE WITNESS: No. 21 MR. SOLOMON: Can we please look at PX 1345 for 22 identification? 23 Q 1345 is an e-mail chain. Do you see that? 24 A I do. 25 Q And if you'll see the latest was from Amanda Miller to</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 821</p> <p>1 A Yes. 2 Q And he asks if that is accurate and up to date. 3 Do you see that? 4 A Yes. 5 Q And he tells you -- he tells the Trump Organization -- 6 excuse me -- in this e-mail that it shows President Trump's 7 apartment is 10,996.39 square feet, that same number we saw 8 earlier in the dec; right? 9 A Correct. 10 Q Did there come a time that you had a conversation with 11 Amanda Miller about how to respond to the report from Forbes? 12 A I -- no. I think at that point I may have had a brief 13 conversation regarding Trump Tower as a commercial which he 14 reiterated to me she asked about Trump World Tower and Trump 15 Tower. I was working at Trump Tower in a commercial part of the 16 building which is a big asset that we focussed on and Trump 17 World Tower we only had one apartment that we owned in that 18 building at that point and I think a small shopping area and a 19 garage, so there was nothing really for me to even discuss with 20 her. I said just leave it alone then. Trump Tower is fine and 21 Trump World Tower is fine. I wasn't focused on this e-mail 22 behind it. I'm not even sure I remember seeing it, to be 23 honest. 24 Q So, sir, just so I understand, is it your testimony 25 that you recall having a conversation with Amanda Miller about</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 820</p> <p>1 Alan Gartner, A-l-a-n, at the Trump Org and Matthew Hilson at 2 the Trump Org. Do you see that? 3 A Yes, I do. 4 Q Who is Ms. Miller? 5 A She worked in our office dealing with press inquiries, 6 things of that nature. 7 Q If you take a look and go further down the chain from 8 the beginning of the third page of this exhibit, Mr. Kirsch 9 identifies himself as a reporter from Forbes. Do you see that? 10 A Yes. 11 Q And then if you go further up, Mr. Hirsch has certain 12 questions? 13 A Yes. 14 Q And on page four, one of those questions again relates 15 to the Trump Tower penthouse; right, page four? 16 A Yes, I see it. 17 Q And now he specifically refers to the "1994 Amended 18 Condo Declaration." Do you see that? 19 A Yes. 20 Q Dated October 11, 1994. 21 Do you see that third line of number one? 22 A Yes. You're referring to a portions of -- 23 Q Sure. Trump Tower penthouse. Do you see that, sir? 24 A Yes. 25 Q Second to third line, "October 11, 1994?"</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 822</p> <p>1 Trump Tower? 2 A Trump Tower -- again, looking at it from the commercial 3 side of it -- 4 THE COURT: Again, it's a yes-or-no question. 5 Did you have a discussion with -- 6 THE WITNESS: Yes. 7 THE COURT: Okay. 8 Q And is it your testimony that in that discussion the 9 issue of your boss's apartment never came up? 10 A With Amanda Miller, I don't recall that -- discussing 11 that with her. I don't recall. 12 Q And you don't recall whether you told her, Amanda 13 Miller, to leave it alone with respect to the size of the 14 apartment? 15 A Again, I -- when I talked to Amanda Miller, my thinking 16 of Trump Tower was always about the commercial side of the 17 building. I never focused on the apartment Mr. Trump owned, 18 even though it was on the list of many other things, including 19 Puerto Rico and Toronto and Panama. There are many, many pages 20 here. As I said before, we began -- we sort of stopped dealing 21 with Forbes, so I wasn't going to read the entire e-mail. 22 Q Well, you actually didn't stop dealing with Forbes at 23 that point in time because you spoke to Amanda Miller about it 24 before I said it; right? 25 A I didn't get the request. Amanda Miller got the</p>

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 823</p> <p>1 request.</p> <p>2 Q So you were in fact responding to Amanda Miller about</p> <p>3 Forbes; right?</p> <p>4 A About Forbes and about Trump Tower. Again, I --</p> <p>5 Q Okay. And Trump Tower is one of the items the reporter</p> <p>6 rates; right?</p> <p>7 A Correct.</p> <p>8 Q Specifically Trump Tower penthouse, that's the -- that</p> <p>9 is text across the top; right?</p> <p>10 A That's what the text is.</p> <p>11 Q Right. And then this reporter lists ten different</p> <p>12 questions about Trump Tower; right?</p> <p>13 A Yes.</p> <p>14 Q And you don't recall whether you bothered talking to</p> <p>15 Amanda Miller about a response because you only focused on the</p> <p>16 commercial portion of Trump Tower; is that right?</p> <p>17 A Commercial portion and I didn't correlate the square</p> <p>18 footage of Donald's apartment. I never focused on it. It was</p> <p>19 always in my mind a de minimis asset of the overall of Donald J.</p> <p>20 Trump's Statement of Financial Condition. That was never a</p> <p>21 concern of mine. I never even thought about the apartment. It</p> <p>22 was de minimis in my mind.</p> <p>23 Q Didn't you certify to Mazars every year that the</p> <p>24 information that the Trump Organization provided to them for</p> <p>25 every year between 2011 and 2020, that the information of the</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 825</p> <p>1 Q But then the information from this was given to Mazars;</p> <p>2 right?</p> <p>3 A Yes.</p> <p>4 Q And you reviewed it before it went to Mazars; right?</p> <p>5 A No, I did not review every line of 3,300 pages of</p> <p>6 supporting documentation.</p> <p>7 Q Did you review the totals that were given to Mazars</p> <p>8 with respect to the assets?</p> <p>9 A I reviewed the totals, for example, of all the other</p> <p>10 assets. I may have. I did not review individual line items</p> <p>11 that comprised that. So there could have been situations where</p> <p>12 some assets went up or some assets went down and the net effect</p> <p>13 of all that could have been an up or down in the total of other</p> <p>14 assets. So I did not look -- as you can see from the document</p> <p>15 there are many lines here in probably the last item shown on the</p> <p>16 Statement of Financial Condition -- probably the last item. I</p> <p>17 don't recall from memory. And it was not something that was</p> <p>18 that important to me in looking at a \$6 billion or \$5 billion</p> <p>19 net worth when I see 327 -- again, not a small number, I</p> <p>20 understand that, but again, using the de minimis and --</p> <p>21 Q Let's do your de minimis test, shall we?</p> <p>22 6 billion. Let's assume 6 billion, that's the number.</p> <p>23 What's five percent of that?</p> <p>24 A 6 billion?</p> <p>25 Q Yes.</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 824</p> <p>1 Trump Organization provided to them was fairly presented? It's</p> <p>2 a yes or no.</p> <p>3 A Yes.</p> <p>4 Q And that it was accurate?</p> <p>5 A Yes.</p> <p>6 Q And that the Trump Organization was responsible for the</p> <p>7 information it provided to Mazars that went into the</p> <p>8 compilation; right?</p> <p>9 A Yes.</p> <p>10 Q Every year?</p> <p>11 A Yes, without seeing all the -- without seeing all the</p> <p>12 engagement letters and so on, yes.</p> <p>13 MR. SOLOMON: Can we pull up the Jeff Supporting</p> <p>14 Data for the 2016 SOFC? I believe that's PX 0742. It's</p> <p>15 already in evidence, Your Honor.</p> <p>16 And Your Honor, we would move PX 1345 in evidence.</p> <p>17 THE COURT: Granted. It's in evidence.</p> <p>18 Q Sir, we've put up the Jeff Supporting. That's been</p> <p>19 identified previously, the JSD, Jeff Supporting Data, the 2016</p> <p>20 Statement of Financial Condition.</p> <p>21 Is this what you were referring to earlier when you</p> <p>22 said Jeff McConney took care of all the backup information?</p> <p>23 A Right.</p> <p>24 Q It's your understanding Mr. McConney prepared this?</p> <p>25 A Yes.</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 826</p> <p>1 A 300 million.</p> <p>2 Q How much?</p> <p>3 A Excuse me. That's the full value and that's the</p> <p>4 difference between --</p> <p>5 Q I understand, sir.</p> <p>6 A -- the 11,000 square feet and the 30,000.</p> <p>7 Q My question was different, though.</p> <p>8 This asset comprises -- you just did the math,</p> <p>9 \$6 billion. 300 million is five percent. This asset is</p> <p>10 identified on line 913 as \$327 million; right?</p> <p>11 A But that wasn't the question you asked earlier. You</p> <p>12 asked about --</p> <p>13 Q I'm asking that question now.</p> <p>14 A The question you asked earlier was 30,000 square feet</p> <p>15 versus 11,000 square feet and that differential times the</p> <p>16 developer square foot is the number that we looked at as being</p> <p>17 below the five percent.</p> <p>18 Q I understand.</p> <p>19 A Okay.</p> <p>20 Q This number, however, isn't below the five percent, is</p> <p>21 it, 327 million? It's simple math. You just told me 300</p> <p>22 million is five percent --</p> <p>23 A I don't have the exact number of 6 billion, six billion</p> <p>24 nine or six billion eight. I don't know if that worked out to</p> <p>25 five percent.</p>

A. Weisselberg - Petitioner - direct (Solomon) Page 827

1 Q That wasn't the number you gave me earlier, sir. You
2 said 6 billion.

3 A I used a round number without having to --
4 MS. HABBA: Your Honor --
5 THE COURT: Overruled.

6 Q Can we agree that if it's 6 billion, 327 million is
7 more than five percent? It's a yes-or-no question. Can we
8 agree? It's math.

9 A I cannot agree to anything. I'd have to see the actual
10 Statements of Financial Condition and see if it's five percent
11 or not.

12 Q That wasn't my question.
13 THE COURT: You're not answering his question. You
14 are -- I won't try to categorize it, but it's a simple
15 question. Is 327 million more than five percent of 6
16 billion; right? Is that the question?
17 MR. SOLOMON: Yes, Your Honor.
18 THE WITNESS: Your Honor, that's a simple answer.
19 THE COURT: Then give us the answer.

20 A The answer to that is yes.

21 Q Thank you, sir.
22 You had to sign a management representation letter for
23 Mazars each year before they would issue the SOFC; right?

24 A You mean a representation letter?

25 Q Is that how you refer to it, a rep letter?

A. Weisselberg - Petitioner - direct (Solomon) Page 828

1 A Yes.

2 Q Okay. We'll use your terminology.
3 Did you sign to your recollection a rep letter for the
4 2016 SOFC?

5 A I don't recall.

6 Q We'll pull it up and take a look at it.
7 MR. SOLOMON: Let me look at, please, PX 00754,
8 which I believe is already in evidence Your, Honor.
9 I'm sorry. That's the wrong document. I'm sorry,
10 sir. I had the wrong number. I couldn't read my own
11 handwriting.

12 Q We put up PX 741, a letter on Trump Organization
13 letterhead, dated March 10, 2017 to Mazars. Do you see that?

14 A Yes.

15 Q Go to the last page. Is that your signature?

16 A Yes.

17 Q Do you recall the communications with Ms. Miller were
18 in early March 2017, March 6, 2017; right?

19 A Yes, I think that was the date, yes.

20 Q Okay. Four days after the issue of the size of the
21 penthouse was brought to the attention of the Trump Organization
22 and there was a response from Ms. Miller that Allen W.,
23 referring to you, said "leave it alone."
24 You signed this rep letter; right?

25 A We never correlated that as being a major or a material

A. Weisselberg - Petitioner - direct (Solomon) Page 829

1 change to the numbers of Mr. Trump's financial statement. I
2 never correlated the letter, the rep letter, to the Forbes. We
3 were looking into it, who wanted to go back and check to see
4 whether or not the actual number was correct.
5 So I had the young lady in my office go back and check
6 all the offering plan. We didn't do it immediately. It wasn't
7 that vital, that large of a number, the difference between the
8 10,996 and 30,000. So we gave it sometime to go back and check
9 it. This was a day or two later or four days later. We may
10 have done it a week later or seven days later or eight days
11 later. We didn't jump on it immediately.

12 THE COURT: Can you read back the question?
13 (Whereupon, the requested portion of the
14 proceedings was read back by the court reporter.)
15 THE COURT: So the question is whether you signed
16 the letter. Mr. Weisselberg, we all have our own --
17 Mr. Solomon's role is to ask questions; your role is to
18 answer the questions, not to give speeches or explanations.
19 THE WITNESS: Okay.
20 THE COURT: Your -- there are other people here who
21 might be able to delve into that deeper, but, please, just
22 answer the questions.
23 Did you sign this?
24 THE WITNESS: Yes.
25 THE COURT: Thank you.

A. Weisselberg - Petitioner - direct (Solomon) Page 830

1 Q Now, as we saw on the Jeff Supporting Data, the
2 penthouse was still being listed at 30,000 square feet; right?
3 The Excel spreadsheet we just saw?

4 A Yes.

5 Q As it turns out we know that Forbes was actually right
6 about the square footage; right?

7 A Correct.

8 Q You didn't do anything to check who was right -- to
9 check who was right before providing a rep letter, did you?

10 A I did not. What typically would happen is rep letters
11 -- well, if you -- these would go to Jeff McConney. He'd review
12 them for me, bring it into my office and ask me to sign it, then
13 I would sign it.

14 THE COURT: I forgot to bring up. My role is to
15 make sure that the questions are proper and the answers
16 answer the question. You did not answer the question.
17 THE WITNESS: Okay.
18 THE COURT: And please don't make speeches. Just
19 answer the question.
20 THE WITNESS: Okay.
21 THE COURT: Mr. Solomon, do you want a read back,
22 do you want to ask it again?

23 Q You didn't do anything to check who was accurate, the
24 Trump Organization or Forbes, before signing the rep letter;
25 right?

A. Weisselberg - Petitioner - direct (Solomon) Page 831

1 A Correct.

2 Q As it turned out Forbes was right. The triplex is only

3 10,996 square feet; right?

4 A That's correct.

5 Q Number 14, sir.

6 "No events have occurred subsequent to the date of the

7 Statement of Financial Condition and through the date of this

8 letter that would require adjustments to or disclosure in the

9 personal financial statement."

10 The date of the statement is June 30, 2016; right?

11 A The statement.

12 Q The date of the Statements of Financial Condition is

13 June 30, 2016; right?

14 A Correct.

15 Q Subsequent to that we've seen in September of '16

16 Forbes raised questions about the triplex; right? We have seen

17 in March of 2017 four days before you signed this there are

18 questions about the size of the penthouse, the triplex; right?

19 A Correct.

20 Q Yet you were comfortable certifying that nothing

21 occurred subsequent to the date of the statement that would

22 require adjustment; right? It's a yes-or-no question, sir.

23 You were comfortable certifying that to Mazars to

24 induce them to issue the SOFC; right?

25 A Yes.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 833

1 Q Now, sir, did there come a time that the two sides of

2 the penthouse became a very public matter?

3 A Public matter? Can you -- can you just --

4 Q Sure. Do you recall in May of 2017 Forbes published an

5 article that Mr. Trump had been misrepresenting the size of his

6 triplex?

7 A I think, yes. And I think that's when we began to do

8 our investigation as to, you know, what the number really was at

9 that point.

10 Q Okay. So you didn't do it when the issue was raised --

11 THE COURT: Let's take our ten minutes break. See

12 you back at 11:30 and hopefully the feed will be fixed.

13 THE COURT OFFICER: Sir, step down.

14 (Whereupon, a recess was taken.)

15 THE COURT OFFICER: All rise. Part 37 is back in

16 session. Please be seated and come to order.

17 THE COURT: Everything is fixed, so we can just get

18 back to business.

19 Please proceed, Counselor.

20 Q Mr. Weisselberg, before the break, we were starting to

21 talk about an article in Forbes Magazine from May of 2017. Do

22 you recall that?

23 A Yes.

24 Q And in fact, the title of this article is "Donald Trump

25 Has Been Lying About The Size Of His Penthouse." Do you recall

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 834

1 that?

2 A I recall it, yes.

3 MR. SOLOMON: I would like to mark this as

4 Plaintiff's Exhibit 1605 for identification.

5 Q Do you recall the article, sir?

6 A I never read the article, but I do recognize it.

7 MR. SOLOMON: Your Honor, we offer this in evidence

8 for notice, not necessarily for the truth of the matter as

9 asserted therein.

10 THE COURT: Granted. It is in evidence solely for

11 notice, not for the truth of its contents.

12 (Whereupon, the Document was marked in evidence as

13 People's Exhibit 1605.)

14 Q Mr. Weisselberg, it was only after this article was

15 published and the information became public that the Trump

16 Organization corrected the square footage for Mr. Trump's

17 triplex, right?

18 A That's correct.

19 Q Let's turn to, sir, we were talking about the

20 engagement letters and the rep letters earlier. Do you recall

21 that?

22 A Yes.

23 MR. SOLOMON: If we could pull up PX 785 which I

24 believe is in evidence already.

25 Q Mr. Weisselberg, PX 785 has been put in front of you.

<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 835</p> <p>1 A I'm sorry.</p> <p>2 Q PX 785 has been put in front of you. Have you had a</p> <p>3 chance to look at that?</p> <p>4 A Okay.</p> <p>5 Q Is this an engagement letter from WeiserMazars to the</p> <p>6 Trump Organization?</p> <p>7 A Yes.</p> <p>8 Q Is that your signature on the fifth page of the</p> <p>9 document?</p> <p>10 A Yes.</p> <p>11 Q Is it your normal practice to only sign a document</p> <p>12 after you've read it, right?</p> <p>13 A I sign a document after others have read it and tell me</p> <p>14 it's okay to sign.</p> <p>15 Q So from time to time, you rely on others when you sign</p> <p>16 your name to a document binding the Trump Organization to</p> <p>17 certain commitments?</p> <p>18 A No, I rely upon Jeffrey McConney who has been through</p> <p>19 this before and when he tells me he's read it carefully and has</p> <p>20 gone through it and I sign it at that time.</p> <p>21 Q Would you have signed this if you didn't understand it?</p> <p>22 A If I didn't under -- probably not.</p> <p>23 Q So we can assume if you signed it, you understood what</p> <p>24 was in the document, right?</p> <p>25 A Yes.</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 837</p> <p>1 Condition itself is prepared, but once that's done, can we</p> <p>2 please look at PX 786 which I believe is already in evidence.</p> <p>3 This is a letter dated October 6, 2011 from you to WeiserMazars,</p> <p>4 correct?</p> <p>5 A Yes.</p> <p>6 Q On the second page, that's your signature?</p> <p>7 A On the back, yeah.</p> <p>8 Q Is this what we were referring to -- you were</p> <p>9 referring to earlier as a rep letter or representation letter?</p> <p>10 A Yes.</p> <p>11 Q So by this letter, it is your understanding the Trump</p> <p>12 Organization was making certain representations to WeiserMazars,</p> <p>13 right?</p> <p>14 A Correct.</p> <p>15 Q Did you understand that WeiserMazars was relying on</p> <p>16 those representations in issuing the June 30, 2011 Statement of</p> <p>17 Financial Condition?</p> <p>18 A Yes.</p> <p>19 Q You also understood, sir, didn't you, that WeiserMazars</p> <p>20 would not have issued the June 30, 2011 Statement of Financial</p> <p>21 Condition without this rep letter, right?</p> <p>22 A Correct.</p> <p>23 Q Let's look at the substance of this. In the first two</p> <p>24 paragraphs, you use the word "we." You see that?</p> <p>25 A Yes.</p>
<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 836</p> <p>1 Q Let's turn to the terms of the document. Did you</p> <p>2 understand that pursuant to this agreement, WeiserMazars was</p> <p>3 going to provide a compilation of a Statement of Financial</p> <p>4 Condition of Donald J. Trump as of June 30, 2011?</p> <p>5 A Okay.</p> <p>6 Q Did you understand that?</p> <p>7 A Yes. Yes.</p> <p>8 Q If you look at the fifth paragraph on the first page,</p> <p>9 did you understand that this was describing certain of the</p> <p>10 differences between a compilation, an audit and a review?</p> <p>11 A Yes.</p> <p>12 Q You understood, sir, didn't you, that a compilation as</p> <p>13 compared to a review or an audit was the lowest level of</p> <p>14 independent confirmation by the outside accountants of the</p> <p>15 information provided by the Trump Organization, right?</p> <p>16 A That's correct.</p> <p>17 Q Do you know who made the decision to have only a</p> <p>18 compilation instead of a review or audit done for the 2011</p> <p>19 Statement of Financial Condition?</p> <p>20 A I don't.</p> <p>21 Q Do you know who made the decision to have only a</p> <p>22 compilation done for any of the statements of financial</p> <p>23 condition of Donald J. Trump instead of a review or an audit?</p> <p>24 A I don't.</p> <p>25 Q We'll come back later to how the Statement of Financial</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 838</p> <p>1 Q Do you intend by using "we" to refer to the Trump</p> <p>2 Organization?</p> <p>3 A Yes.</p> <p>4 Q If you look at the fourth paragraph down, the data</p> <p>5 presented in the statement was provided to you by members of Mr.</p> <p>6 Trump's accounting department. Is that an accurate statement?</p> <p>7 A Yes.</p> <p>8 Q And it goes on and you, referring to WeiserMazars, have</p> <p>9 compiled that information in an appropriate manner when</p> <p>10 preparing the statement. Was that an accurate statement?</p> <p>11 A Correct.</p> <p>12 Q Next paragraph continues, the statement referred to</p> <p>13 above is fairly presented in conformity with accounting</p> <p>14 principles generally accepted in the United States of America.</p> <p>15 Do you see that?</p> <p>16 A Yes.</p> <p>17 Q Is that reference to GAAP?</p> <p>18 A Yes.</p> <p>19 Q You told us earlier you were not familiar with the</p> <p>20 components of GAAP, didn't you?</p> <p>21 A Correct.</p> <p>22 Q Yet, you are comfortable making a representation to the</p> <p>23 accountant to induce them to issue the Statement of Financial</p> <p>24 Condition that the information complied with GAAP; is that</p> <p>25 right? It is a yes or no question, sir.</p>

<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 839</p> <p>1 A There are some questions that are not black and white.</p> <p>2 Q Okay. Let's break it down then. You didn't know GAAP,</p> <p>3 right?</p> <p>4 A Correct.</p> <p>5 Q You represented that the Statement of Financial</p> <p>6 Condition, the statement was presented in conformity with GAAP,</p> <p>7 right, yes or no, your representation right here we just read?</p> <p>8 A Again, it requires an explanation; but if the answer is</p> <p>9 being forced to give a yes or no, I will be happy to do that.</p> <p>10 THE COURT: I don't think it requires an</p> <p>11 explanation.</p> <p>12 A We relied --</p> <p>13 Q What's in black and white in front of you, is that a</p> <p>14 representation that the statement referred to you is presented</p> <p>15 in conformity with GAAP; yes or no?</p> <p>16 A Yes.</p> <p>17 Q You didn't know GAAP. You made the representation and</p> <p>18 at that time you were comfortable making that representation to</p> <p>19 induce the accountants to issue the Statement of Financial</p> <p>20 Condition, right?</p> <p>21 A Yes.</p> <p>22 Q In fact, you did that for every year until you left the</p> <p>23 Trump Organization, right?</p> <p>24 A Yes.</p> <p>25 Q You continue on, all assets are presented at their</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 841</p> <p>1 Can we, please, pull up PX 2757.</p> <p>2 You mentioned you are familiar with the difference</p> <p>3 between -- well, was it your testimony that you understood</p> <p>4 there is a difference between personal and corporate financial</p> <p>5 statements?</p> <p>6 A Yes.</p> <p>7 Q If you take a look under "General 274-10-05," basis of</p> <p>8 presentation of personal financial statements, is that what you</p> <p>9 were referring to, sir?</p> <p>10 A There's more to it than just these two pages.</p> <p>11 Q Understood, but this is the section that covers it,</p> <p>12 right?</p> <p>13 A Yes.</p> <p>14 Q You will see that first sentence, "The primary focus of</p> <p>15 personal financial statements is a person's assets and</p> <p>16 liabilities and the primary user of personal financial</p> <p>17 statements normally consider estimated current value information</p> <p>18 to be more relevant for their decision than historical cost</p> <p>19 information." Do you see that?</p> <p>20 A Yes.</p> <p>21 Q Do you understand that there is a definition that is</p> <p>22 used for estimated current value and glossary?</p> <p>23 A I see it now, yes.</p> <p>24 Q No. No. This refers to estimated current value. My</p> <p>25 question is a little different. I apologize if it wasn't clear.</p>
<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 840</p> <p>1 estimated current values and all liabilities were presented at</p> <p>2 their estimated current amounts which have been determined in</p> <p>3 accordance with guidelines promulgated by the American Institute</p> <p>4 of Certified Public Accountants except to the extent noted in</p> <p>5 the accountant's compilation report which was annexed to the</p> <p>6 statement.</p> <p>7 You made that representation to Mazars as well, right?</p> <p>8 A The organization, yes.</p> <p>9 Q You on behalf of the organization?</p> <p>10 A Yes.</p> <p>11 Q You use the term "we"?</p> <p>12 A Yes.</p> <p>13 Q American Institute of Certified Public Accountants, you</p> <p>14 understand that's referred to as AICPA?</p> <p>15 A Yes.</p> <p>16 Q You heard that?</p> <p>17 A I heard that, yes.</p> <p>18 Q Are you aware if there are any publication, guideline</p> <p>19 or glossary that defines estimated current value?</p> <p>20 A I'm not aware of that. I do know there are differences</p> <p>21 between a GAAP statement for a personal -- one's personal</p> <p>22 financial statement versus a large corporation's statement.</p> <p>23 There are differences between the two on how to present it.</p> <p>24 Q So let's talk about the ASC 274-10 which relates to the</p> <p>25 personal financial statements.</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 842</p> <p>1 Uses the term "estimated current value." Do you know what that</p> <p>2 term means?</p> <p>3 A No.</p> <p>4 Q Have you ever heard it referred to as "for an asset,</p> <p>5 the amount at which an item could be exchanged between a buyer</p> <p>6 and seller, each of whom is well-informed and willing and</p> <p>7 neither of whom is compelled to buy or sell"?</p> <p>8 A Okay.</p> <p>9 Q Are you familiar with that definition?</p> <p>10 A I am now that you mention it.</p> <p>11 Q Had you ever heard it before today?</p> <p>12 A I don't recall.</p> <p>13 Q Sir, you refer in your rep letter to estimated current</p> <p>14 value.</p> <p>15 A Okay.</p> <p>16 Q And you told me you knew there was a difference between</p> <p>17 personal financial statements and those for corporations, right?</p> <p>18 A Correct.</p> <p>19 Q Did you use a different definition for estimated</p> <p>20 current value in your representation letter?</p> <p>21 A I think -- I don't recall exactly what we thought at</p> <p>22 the time, but there are many, many ways of valuing assets that</p> <p>23 might fall under the category of estimated current value if</p> <p>24 that's your question.</p> <p>25 Q That wasn't my question, but --</p>

<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 843</p> <p>1 A If you would like to repeat it --</p> <p>2 Q Let's see if we can parse that down, though.</p> <p>3 You have estimated current value, right?</p> <p>4 A Correct.</p> <p>5 Q And it is your testimony that there are many ways to</p> <p>6 get to it. I can come at it from the left, the middle, the</p> <p>7 center, many different ways to get to it, right?</p> <p>8 A Correct.</p> <p>9 Q But at some point, I have to get to estimated current</p> <p>10 value, right?</p> <p>11 A Correct.</p> <p>12 Q And that's what you represented in the letter to Mazars</p> <p>13 to induce them to issue the Statement of Financial Condition was</p> <p>14 how you value the assets, correct?</p> <p>15 A Correct.</p> <p>16 Q And you don't know if you used the definition that I</p> <p>17 just read to you, right?</p> <p>18 A Correct.</p> <p>19 Q Did you, sir, in connection with the 2011 Statement of</p> <p>20 Financial Condition do any independent work to determine whether</p> <p>21 the values reflected for the assets were presented at their</p> <p>22 estimated current value except where noted?</p> <p>23 A Did you say did I?</p> <p>24 Q Did you?</p> <p>25 A No.</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 845</p> <p>1 represented to Mazars --</p> <p>2 A Or third parties were utilized to get information that</p> <p>3 then our in-house folks would then take and prepare -- be able</p> <p>4 to arrive at a valuation.</p> <p>5 Q You told me a second ago that "I'm referring to the</p> <p>6 people at the Trump Organization." It is now larger?</p> <p>7 A It grows. It grows.</p> <p>8 Q At the Trump Organization, you relied on Mr. McConney,</p> <p>9 right?</p> <p>10 A That's correct.</p> <p>11 Q At some point in time, you relied on Mr. Birney?</p> <p>12 A That's correct.</p> <p>13 Q Did you rely on Eric Trump?</p> <p>14 A No.</p> <p>15 Q Not at all for any of the information contained in the</p> <p>16 Statements of Financial Condition?</p> <p>17 A Not me personally, no.</p> <p>18 Q Do you know if anyone else relied on him up the chain</p> <p>19 to give you information?</p> <p>20 A It's possible. I just don't recall.</p> <p>21 Q Donald J. Trump, Jr.?</p> <p>22 A I don't recall.</p> <p>23 Q Donald Trump?</p> <p>24 A Not that I can recall.</p> <p>25 Q Who do you recall beyond those people that I just</p>
<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 844</p> <p>1 Q So you made a representation to Mazars to induce them</p> <p>2 to issue the Statement of Financial Condition without doing any</p> <p>3 independent work, right?</p> <p>4 A Again, I relied on others to do that for me, but I did</p> <p>5 not personally.</p> <p>6 Q Do you still have that letter in front of you, sir?</p> <p>7 A No. Yes.</p> <p>8 Q The management rep letter, 786.</p> <p>9 A I have it.</p> <p>10 Q You have it in front of you?</p> <p>11 A Yes.</p> <p>12 Q Can you point out where in that letter you told Mazars</p> <p>13 that you were relying on others for your representation to that?</p> <p>14 A Where we say Trump Organization, that encompasses a</p> <p>15 group.</p> <p>16 Q So now you have the entirety of the Trump Organization</p> <p>17 doing the work --</p> <p>18 A Not the -- I'm sorry. You want to finish --</p> <p>19 Q Please.</p> <p>20 A I am not saying the entire organization including</p> <p>21 secretarial staff. I'm not saying the entire organization was</p> <p>22 involved in the preparation of these numbers, but there were</p> <p>23 people within the Trump Organization that were involved in</p> <p>24 getting those numbers.</p> <p>25 Q And you took the information they provided and then you</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 846</p> <p>1 identified that provided information either directly to you or</p> <p>2 up the chain that you used and relied upon in making the</p> <p>3 representation to Mazars?</p> <p>4 A So -- I think it might be a good idea to go through a</p> <p>5 little bit of the process of how we got to the Statement of</p> <p>6 Financial Condition.</p> <p>7 Q We'll get there later, but if you want to sort of give</p> <p>8 me highlights now, please feel free.</p> <p>9 A I think it might be helpful.</p> <p>10 Q Please.</p> <p>11 A So Jeffrey McConney used Patrick Birney to work with</p> <p>12 and then others in the accounting department would get pieces of</p> <p>13 or numbers that were necessary to go on to the statement, cash</p> <p>14 balances, mortgage balances. So others besides Patrick Birney,</p> <p>15 Jeffrey McConney would get those numbers for him. Once all that</p> <p>16 data was put together, then the work can first begin to assemble</p> <p>17 the statement. Hope that clarifies something. Does that</p> <p>18 clarify for you the process?</p> <p>19 Q I understand the process, sir. Thank you.</p> <p>20 A Okay.</p> <p>21 Q Let's assume for a moment that you've given all the</p> <p>22 information to WeiserMazars also known as Mazars at one point in</p> <p>23 time, just a name change, right?</p> <p>24 A Yes.</p> <p>25 Q Assume for the moment, say, 2016 we looked at a little</p>

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 847

1 earlier before the break.
 2 A Okay.
 3 Q That you had information in your files that
 4 contradicted information provided to Mazars in connection with
 5 compilation. I'm not asking whether you actually relied on that
 6 information, but assume you had it in your files. Can you do
 7 that?
 8 A I don't -- I didn't maintain files.
 9 Q The Trump Organization had it in its files.
 10 A Yes.
 11 Q Fair enough?
 12 A Yes.
 13 Q And again, I want to be clear, not whether you relied
 14 upon it, but it was in the files and it contradicted
 15 information. Say, for example, you had a first amendment to the
 16 condo dec that contradicted information that was provided to
 17 Mazars, okay.
 18 A Correct.
 19 Q Do you believe you were obligated to advise Mazars of
 20 the existence of this contradictory information?
 21 A As long as the people --
 22 Q It is a yes or no question, sir.
 23 A The answer is yes.
 24 MR. SOLOMON: Can we, please, pull up PX 740 which
 25 is in evidence.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 848

1 Your Honor, I am cognizant of your admonition not
 2 to go through each one, one by one, but where there are
 3 changes between one year and another, I would like to spend
 4 a few minutes discussing that.
 5 THE COURT: Sure.
 6 MR. SOLOMON: Okay.
 7 Q Sir, it has been put in front of you and it is up on
 8 the board. PX 740, does that appear to be the engagement letter
 9 between Mazars and the Trump Organization dated January 21,
 10 2017?
 11 A Correct.
 12 Q Is that for the Statement of Financial Condition for
 13 the year ending June 30, 2016?
 14 A Correct.
 15 Q Could you, please, turn to the fifth page of the
 16 document. Is that your signature, sir?
 17 A Yes.
 18 Q In addition to signing as an executive vice-president
 19 and chief financial officer of the Trump Organization, you also
 20 sign as the trustee of the Donald J. Trump Revocable Trust dated
 21 April 7, 2014 as amended, correct?
 22 A Correct.
 23 Q Compared to what we saw earlier, I would like to focus
 24 your attention to the first page, our responsibilities. Did you
 25 understand that since this letter was from Mazars to be the

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 849

1 responsibility of Mazars?
 2 A Yes.
 3 Q Turn to the second page at the bottom. There's a
 4 section beginning "your responsibilities." Do you see that?
 5 A I do.
 6 Q Did you understand that since this letter was addressed
 7 to the Trump Organization to be the Trump Organization's
 8 responsibilities?
 9 A Yes.
 10 Q The last sentence on that paragraph, "you have the
 11 following "and "you" being the Trump Organization, right?
 12 A Yes.
 13 Q "You have the following overall responsibilities that
 14 are fundamental to our undertaking the engagement in accordance
 15 with SSARS. Is that pronounced SSARS?
 16 A I don't know what that means.
 17 Q But you understand that used the word "fundamental;"
 18 here. Mazars used the word "fundamental" here. You understood
 19 the letter before you signed it. You told us you wouldn't sign
 20 a document you didn't understand.
 21 A Okay.
 22 Q Okay. So these are fundamental responsibilities of the
 23 Trump Organization. The first one, the selection of accounting
 24 principles generally accepted in the United States of America as
 25 the financial reporting framework to be applied in the

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 850

1 preparation of the financial statement, do you see that?
 2 A Yes.
 3 Q Did you understand that to be a responsibility of the
 4 Trump Organization?
 5 A Yes.
 6 Q And did they fulfill that responsibility?
 7 A This is referring to GAAP, I assume, accounting
 8 principles.
 9 Q Do you understand that to be referring to GAAP?
 10 A Yes.
 11 Q So let's assume it refers to GAAP. Did the Trump
 12 Organization fulfill this fundamental responsibility? It is a
 13 yes or no question.
 14 A Can you be a little more specific? I mean as far as --
 15 a -- I see the language.
 16 Q Yes.
 17 A Are you referring to an asset or the statement in --
 18 Q I'm referring --
 19 A -- in totality?
 20 Q Are you done?
 21 A Yes.
 22 Q I didn't want to interrupt. Pardon me. I'm referring
 23 to "The selection of accounting principles under GAAP as you
 24 said, as the financial reporting framework to be applied in the
 25 preparation of a financial statement." We have established

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 851

1 that's a fundamental obligation of the Trump Organization?
 2 A Yes. The answer was yes.
 3 Q Let me ask the question.
 4 Do you believe the Trump Organization fulfilled that
 5 fundamental responsibility, yes or no? You don't have to look
 6 at your counselor. I'm over here.
 7 A I was going to look at the judge actually.
 8 Q Okay.
 9 THE WITNESS: It requires some explanation getting
 10 back to materiality when we complied with the GAAP
 11 requirement.
 12 THE COURT: You can assume whatever you want, but
 13 the question is yes or no.
 14 THE WITNESS: Okay. No.
 15 Q Did you tell Mazars that you didn't fulfill this
 16 fundamental obligation?
 17 A Did I tell -- did I speak to Mazars and tell them --
 18 Q Let's start with you. Did you ever?
 19 A No.
 20 Q To your knowledge, did anyone at the Trump Organization
 21 ever tell Mazars that the Trump Organization did not fulfill
 22 this fundamental obligation?
 23 A Not that I'm aware of.
 24 Q Let's look at number two. Do you understand that there
 25 is a semicolon after SSARS, so this is a list of the

Page 853

1 Q The first bullet point is access to all information of
 2 which you are aware is relevant to the preparation and fair
 3 presentation of the financial statement such as records,
 4 documentation and other matters. Do you see that?
 5 A I do.
 6 Q That was a representation the Trump Organization was
 7 making to Mazars, right?
 8 A Correct.
 9 Q And do you believe the Trump Organization fulfilled
 10 that responsibility or obligation with respect to the 2011
 11 Statement of Financial Condition?
 12 A Yes. They had total access.

1 obligations, right?
 2 A Okay.
 3 Q The fundamental ones, right? Yes?
 4 A Yes.
 5 Q Okay. Number two, "The preparation and fair
 6 presentation of the financial statement in accordance with
 7 accounting principles generally accepted in the United States of
 8 America and the inclusion of all informative disclosures that
 9 are appropriate for accounting principles generally accepted in
 10 the United States of America other than previously noted," do
 11 you see that?
 12 A I do.
 13 Q Did you understand that that was a fundamental
 14 obligation of the Trump Organization?
 15 A The preparation of the presentation.
 16 Q Yes. Did the Trump Organization fulfill that
 17 fundamental obligation? Yes or no question again, sir.
 18 A I'm going to -- again, it refers to preparation and
 19 presentation, so I think it was -- it was prepared. Yes, I
 20 think we fulfilled the obligation in the presentation and its
 21 preparation. So the answer is yes, I think we fulfilled the
 22 obligation.
 23 Q Number seven, "An obligation to provide us with" and
 24 you understand the "us is Mazars there, right?"
 25 A Correct.

A. Weisselberg - Petitioner - direct (Solomon) Page 854

1 MR. SOLOMON: Can we please turn to PX 741 in
 2 evidence?
 3 Q Sir, do you recognize this document?
 4 A I do.
 5 Q Is it another representation letter from the Trump
 6 Organization to Mazars or WeiserMazars?
 7 A Yes.
 8 Q You'll see this format is a little bit different than
 9 the one we looked at earlier. Do you see that?
 10 A Yes.
 11 Q Third paragraph, do you see, "We confirm to the best of
 12 our knowledge and belief," and the "we" there is the Trump
 13 Organization; right?
 14 A Correct.
 15 Q "As of March 10, 2017 the following representations
 16 made to you during your compilation." Do you see that?
 17 A Yes.
 18 Q Okay. "Number one, we acknowledge our" -- that's the
 19 Trump Organization again; right?
 20 A Correct.
 21 Q "Our responsibility and have fulfilled our
 22 responsibilities for the preparation and fair presentation of
 23 the personal financial statement in accordance with accounting
 24 principles generally accepted in the United States of America
 25 except for the following items." Do you see that?

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 855</p> <p>1 A I do.</p> <p>2 Q Okay. And then there is a paragraph that lists the</p> <p>3 exception; right?</p> <p>4 A Yes.</p> <p>5 Q Those are the exceptions to GAAP; right?</p> <p>6 A Yes.</p> <p>7 Q Okay. Did Mazars ever tell you you can only have one</p> <p>8 paragraph of exceptions?</p> <p>9 A I'm sorry?</p> <p>10 Q You were free -- the Trump Organization was free to put</p> <p>11 in as many exceptions to GAAP as they believe appeared in the</p> <p>12 SOFCs; right?</p> <p>13 A Sorry. Say it again.</p> <p>14 Q Sure. Let's take a step back.</p> <p>15 This paragraph lists certain exceptions to GAAP; right?</p> <p>16 A Correct.</p> <p>17 Q And those are the ones that the Trump Organization</p> <p>18 believed appeared in the SOFC for June 30, 2016; right?</p> <p>19 A Correct.</p> <p>20 Q If the Trump Organization believed there were</p> <p>21 additional exceptions to GAAP that appeared in the 2016 SOFC</p> <p>22 they were free to add them to this paragraph; right?</p> <p>23 A Correct.</p> <p>24 Q Okay.</p> <p>25 A Can I answer that or is that a yes or no?</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 857</p> <p>1 compilation." Do you see that?</p> <p>2 A Yes.</p> <p>3 Q This is for the 2016?</p> <p>4 A Correct.</p> <p>5 Q And you signed it March of '17; right?</p> <p>6 A Correct.</p> <p>7 Q Four days after the conversation with Forbes; right?</p> <p>8 A Correct.</p> <p>9 Q And you also had in the files the first amendment to</p> <p>10 the condo dec; right?</p> <p>11 A Correct.</p> <p>12 Q Did you tell Mazars you had that?</p> <p>13 A Mazars --</p> <p>14 Q Yes or no did you tell Mazars that you had the condo</p> <p>15 dec showing the square footage of the triplex was 10,996 square</p> <p>16 feet?</p> <p>17 A Again, I didn't deal with Jeff McConney directly, so I</p> <p>18 don't know what Jeff McConney told Mazars about that.</p> <p>19 Q As far as you know?</p> <p>20 A As far as I know I don't know what Jeff McConney told</p> <p>21 them.</p> <p>22 Q Do you think Mazars would have signed off on that</p> <p>23 financial statement in March of '17 for June 30, 2016 if they</p> <p>24 were aware that there was contradictory information?</p> <p>25 A I don't know the answer to that question. I can't</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 856</p> <p>1 Q It's a yes or no.</p> <p>2 Were you free to do it? Yes. Mazars never said you</p> <p>3 can't have anymore; right?</p> <p>4 A We relied upon the Mazars firm to understand GAAP and</p> <p>5 to understand what we couldn't adopt in there.</p> <p>6 Q Sir, I'm glad you mentioned that.</p> <p>7 Is it your testimony that in making a representation to</p> <p>8 Mazars you were relying on Mazars in making the representation</p> <p>9 back to them?</p> <p>10 A But they didn't --</p> <p>11 Q Yes or no? You just told me you were relying on</p> <p>12 Mazars. Is it now your testimony that in making this</p> <p>13 representation in the rep letter you were relying -- "you" being</p> <p>14 the Trump Organization were relying on Mazars to make a</p> <p>15 representation back to Mazars? Is that your testimony; yes or</p> <p>16 no?</p> <p>17 A Not -- no.</p> <p>18 Q Okay, okay. So you weren't relying on Mazars in making</p> <p>19 a representation back to Mazars? Okay, let's move on.</p> <p>20 Number two. Can you scroll down to the next page?</p> <p>21 "We have made available to you all financial records</p> <p>22 and related data and any additional information you requested</p> <p>23 from us for the purpose of the compilation. We have not</p> <p>24 knowingly withheld from you any financial records or related</p> <p>25 data that in our judgment would be relevant to your</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 858</p> <p>1 speak for Mazars what they would do.</p> <p>2 Q So in your experience --</p> <p>3 A Only because of the words -- if you read this in number</p> <p>4 three, it says "all material transactions." Again, going back</p> <p>5 to the word "material."</p> <p>6 Q Good point. That's in number three, "material</p> <p>7 transactions." You're absolutely right.</p> <p>8 Does the word "material" show up in number two?</p> <p>9 A I look --</p> <p>10 Q It's yes or no. It's right there, number two. We've</p> <p>11 highlighted it all. "All financial records." It doesn't say</p> <p>12 "all material financial records," does it; yes or no?</p> <p>13 A No, it doesn't.</p> <p>14 Q It doesn't say "and material-related data," does it?</p> <p>15 A No.</p> <p>16 Q And then the second sentence "we have not knowingly</p> <p>17 withheld from you any financial records or related data in our</p> <p>18 judgment that would be relevant to your compilation." Doesn't</p> <p>19 use the word "material;" right?</p> <p>20 A Correct.</p> <p>21 Q But if you wanted to use the word "material" such as in</p> <p>22 number three you knew where to put it; right?</p> <p>23 A I just happened to see it there.</p> <p>24 Q Right, but you didn't put it in number two?</p> <p>25 A We didn't --</p>

A. Weisselberg - Petitioner - direct (Solomon) Page 859

1 Q Yes or no it's not qualified by material, is it?
 2 A No.
 3 Q Turn to Number 14, please.
 4 A Oh.
 5 Q On that same document, please.
 6 Here you're representing on behalf of the Trump
 7 Organization that no events have occurred subsequent to the date
 8 of the Statement of Financial Condition and through the date of
 9 this letter that would require adjustments to or disclosure in
 10 personal financial statement.
 11 If you had known that the triplex was approximately a
 12 third of the size would you have adjusted the SOFC to reflect
 13 that change?
 14 A Yes-or-no question?
 15 Q It's a yes or no.
 16 Would you have adjusted the SOFC to reflect that change
 17 if you were aware that the square footage was recorded
 18 incorrectly?
 19 A No.
 20 Q And is that because you don't think it was material?
 21 A That's correct.
 22 Q Does the word "material" appear anywhere in Number 14,
 23 sir?
 24 A It appeared in Number 3. I carried that throughout the
 25 whole document.

A. Weisselberg - Petitioner - direct (Solomon) Page 860

1 Q So when there are 16 things listed the fact that the
 2 word "material" appears in Number 3, you wanted to apply to all
 3 16?
 4 A It's not what I wanted to do. It's how it was
 5 interpreted.
 6 Q By whom, by you?
 7 A No. By whoever it was the one who told me it was okay
 8 to sign this.
 9 Q How do you know that's how they interpreted it? You
 10 had a conversation with -- you told me it was Mr. McConney who
 11 reviewed this; right?
 12 A If they did.
 13 Q Yes or no did Mr. McConney review this before you
 14 signed it?
 15 A Yes.
 16 Q Did you and Mr. McConney discuss whether the word
 17 "material" appearing in Number 3 applies to all 16 of those
 18 listed?
 19 A Not that I can recall.
 20 Q Okay. But you're assuming that's how he intended it?
 21 A I don't know what was in his thinking on how he got to
 22 that conclusion. I got to that conclusion by reading the
 23 documents today.
 24 Q Okay. Not asking what you're reading today. I'm
 25 asking what was intended when this was signed in 2017.

A. Weisselberg - Petitioner - direct (Solomon) Page 861

1 A I don't recall.
 2 Q Okay. You don't recall a discussion from Mr. McConney
 3 the materiality applies to the entirety of this letter, every
 4 sentence?
 5 A I don't recall.
 6 Q Okay. But we can agree that the word "material" does
 7 not appear in 14 at all?
 8 A That's correct.
 9 Q But you wouldn't have told Mazars that the numbers you
 10 gave them were wrong because you didn't think that one
 11 particular entry for the triplex was material; right?
 12 A Sorry?
 13 Q Sure.
 14 You -- it's your testimony as you sit here today that
 15 you would not have told Mazars about the error in the size of
 16 the triplex because you didn't think it was material
 17 notwithstanding the representation that no events have occurred
 18 subsequent to the date of the Statements of Financial Condition
 19 and the date of this letter that would require adjustments to or
 20 disclosure in financial statement?
 21 A Yes, I don't know what I would have done at the time.
 22 I don't recall -- I don't --
 23 Q So before you told me you wouldn't have told them
 24 because it wasn't material?
 25 A What I'm saying to you is that based on materiality I

A. Weisselberg - Petitioner - direct (Solomon) Page 862

1 would have. If I was sitting in that seat and someone walked
 2 into my office and said we found this, we should change it, I
 3 would probably go ahead and do it and make the change.
 4 Q So you would make the change before signing the letter;
 5 right?
 6 A Yes. If I was focused on it and somebody told me to do
 7 it, yes.
 8 THE COURT: Bearing in mind both participants,
 9 please one at a time. We only have one reporter and she is
 10 nodding her head yes. Don't talk over each other.
 11 MR. SOLOMON: I apologize, Your Honor.
 12 Q Sir, you mentioned earlier the process of creating a
 13 SOFC, you wanted a moment to describe it. Do you recall that?
 14 A Yes, I do.
 15 Q Let's talk about that process.
 16 Were you ever involved in selecting the methodologies
 17 used to determine the estimated current value of an asset that
 18 appeared on the SOFC?
 19 A Was I ever involved in it?
 20 Q Were you ever involved in it?
 21 A I would say yes.
 22 Q For some of the assets you used comparable sales, comps
 23 as they're referred to; right?
 24 A Amongst other things.
 25 Q Well, let's talk about those other things.

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 863</p> <p>1 For others you might have used the operating income 2 times a capitalization rate; is that right? 3 A Correct. 4 Q Others might be as we saw with the triplex the size of 5 the asset times a price per square foot; is that right? 6 A That's one method. 7 Q Okay. And the method used to value an asset was 8 consistent year over year from one SOFC to the next, so from '14 9 to '15 was consistent; right? 10 A Not every year. It could have been a change in 11 methodology for one reason or another and -- yes. 12 Q When there was a change in methodology was that change 13 in methodology disclosed in the SOFC? 14 A It was disclosed in the work papers that was provided 15 to Mazars, if I remember correctly. I haven't been at the 16 company for a couple years. The spreadsheets that provided by 17 Mr. McConney were comparative. I could be wrong, but if there 18 was a change, he may have noted it. That's something you'd have 19 to -- sorry -- that's something you would have to go back and 20 look at the documents of the spreadsheet or wait for 21 Mr. McConney. I don't know if he disclosed it. He may have. 22 Q My question was a little different. 23 Is it disclosed in the subsequent year's Statement of 24 Financial Condition? 25 A I don't know. I don't recall.</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 865</p> <p>1 Q Is it your understanding that for each year 2 Mr. McConney or someone at his direction would contact outside 3 persons for cap rates, comps, things of that nature, you just 4 described? 5 A That's my understanding, yes. 6 Q And he did that for each year? 7 A As far as I know. 8 Q Are you aware of any situation in which Mr. McConney, 9 let's say, took a conversation that he had in 2013 and used it 10 to apply information to the 2015 SOFC? 11 A I wouldn't know that. 12 Q But you certified that those SOFCs were all in 13 compliance with GAAP; right? 14 A I did. 15 Q And you don't know whether Mr. McConney used current or 16 past information in the calculations; is that right? 17 A Mr. McConney was with me for a long time. As you 18 mentioned earlier, he had knowledge of what we were doing every 19 year and I relied on him for all, sure. 20 Q But you don't know if he used information from a 21 telephone conversation that he had two years earlier in doing 22 financial statements? 23 A I don't know. I don't know, no. 24 Q So let's focus on the time period precisely before 25 Mr. McConney starts this process, okay?</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 864</p> <p>1 Q Do you know if there is any requirement under GAAP to 2 disclose a change in methodology with a subsequent Statement of 3 Financial Condition? 4 A I'm not familiar with GAAP. I don't know. 5 Q So in creating a following year's Statements of 6 Financial Condition, let's say, '15, is the first step 7 Mr. McConney takes 2014 and marks it up? 8 A It's possible. I don't recall exactly what he did year 9 to year. 10 Q Is that one of the things you're aware that he did? 11 A He may have. I don't recall. 12 Q Do you have any understanding how the first step in 13 creating the next year's SOFC is undertaken? 14 A From what I remember the way it was done we have some 15 young ladies in our office who begin to gather data that Jeff 16 would need to do the SOFC; cash balances, mortgage balances. I 17 mentioned that before. I believe that next step Jeff would 18 probably contact appraisers or brokers to try to ascertain from 19 them some reports that might have on it some comps, cap rate, 20 things that he can use as source material to be able to value 21 whether it was commercial property or a VTL site, things of that 22 nature. And that would take sometime to gather that data and he 23 would begin, I guess, the process. But again, I can't speak for 24 Jeff what he did on a day-to-day basis. This took months to 25 prepare this. This was not a simple task.</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 866</p> <p>1 A Okay. 2 Q Let's focus on that for each year. 3 At that point in time have you met or discussed in any 4 way with Donald Trump the Statement of Financial Condition or 5 his views or expectations for his net worth for that year? 6 A Not that I can recall. 7 Q You don't recall that ever happening? 8 A I didn't say never. I was there. 9 Q I said you don't recall that ever happening; is that 10 right? 11 A I said -- I thought you said "ever," that it never 12 happened. I was there for 20, 30 years, 30 years or more. I 13 don't recall ever discussing his SOFC prior to Jeff working on 14 it. 15 Q Do you recall discussing it with him while Jeff was 16 working on it? 17 A I don't recall that. I don't recall that. 18 Q Did you ever meet with Donald Trump and Michael Cohen 19 where there was any discussion of a Statement of Financial 20 Condition before it was finalized? 21 A Not that I can recall. 22 Q Are you saying it could have happened and you just 23 don't recall or are you saying it never happened? 24 A I don't recall. I don't recall it happening. 25 Q Maybe I'm missing it and I'm not clear.</p>

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 867</p> <p>1 You say you don't recall it happening. Is it possible 2 it happened and you don't recall it or are you saying it did not 3 happen? 4 A I'm saying I don't recall it happening. 5 Q But it's possible it did? 6 A I mean, if he would have walked in Donald's office when 7 I was there and he walked in for a second and walked out, it's 8 possible. People would walk in and out of Donald's office all 9 day long, whether he was one of those people that walked in -- 10 are you asking me whether it was a longwinded discussion about 11 the statement? Is that what you're asking? 12 Q I don't believe I ever used the word "longwinded." 13 I've been called longwinded, but I don't think I ever used it. 14 So let's take a step back. I'm asking any discussion 15 at all concerning the SOFC before it was finalized; you, 16 Mr. Trump and Mr. Cohen? 17 A No. 18 Q No, it never happened? 19 A I don't believe it ever happened, no. I don't believe 20 it happened, no. 21 Q Did you ever meet with Donald Trump and Michael Cohen 22 where there was any discussion at all about Mr. Trump's net 23 worth prior to finalizing an SOFC? 24 A Not that I can think of, no. 25 Q Again, let's go back to this.</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 869</p> <p>1 THE WITNESS: I hear you, Your Honor. I would say 2 it did not happen. Did that answer your question? 3 THE COURT: It did not happen -- all right. That 4 answers the question. Thanks. 5 THE WITNESS: I'm sorry. 6 Q After Mr. McConney in the years that he was there had a 7 draft of the SOFC put together, did he give it to you for 8 review? 9 A He did. 10 Q And did you review it? 11 A I reviewed -- I reviewed it from a 30,000 foot level, 12 meaning just to make sure our liabilities would be shown 13 properly, to make sure the assets -- that all the assets that we 14 have was still on the statement, but I spent a lot of time 15 reading the notes to his statement. 16 The notes were a very important part for Mr. Trump. 17 Besides this being a Statement of Financial Condition, it was 18 also sort of a piece -- a little bit of a marketing piece for 19 banks to read about our properties and how well they're taken 20 care of and how they're first-class properties, world-renowned 21 properties throughout the world. So those notes were kind of 22 important to him. 23 Q Are notes to a financial statement an integral part of 24 that statement? 25 A I believe if you read the statement you read it</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 868</p> <p>1 Are you saying it never happened or you don't recall it 2 might happen? 3 A Well, I don't believe it happened, no. 4 Q Did you ever meet with Donald Trump and Michael Cohen 5 where Mr. Trump's net worth was discussed? 6 A Not that I can recall. Again -- 7 Q Same question: Is it not that you recall it could have 8 happened or it did not happen? 9 A You're asking me to go back a number of years. 10 Q Yes, I am. 11 A And my memory doesn't -- again, I don't remember every 12 meeting that ever took place in that office. As I sit here 13 today, I don't believe it happened, no. 14 THE COURT: That doesn't answer the question, does 15 it? The question is could it have -- could it have happened 16 and you just don't remember? 17 MR. KISE: Your Honor, I'm not sure that was the 18 question, respectfully. 19 THE COURT: Well, I'm asking him. I think that was 20 the question, maybe not in so many words. 21 MR. KISE: I mean, anything is possible. I think 22 he's asked and answered that question, respectfully. 23 THE COURT: I disagree because he keeps saying I 24 don't remember it happened, but he doesn't say no, it could 25 not have happened. So that's what we're trying to get at.</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 870</p> <p>1 together, yes. 2 Q Did you also from time to time give Mr. McConney 3 suggestions on how to value a particular asset? 4 A What would happen is we would sit down in an office -- 5 Q It's a yes-or-no question, sir. 6 Did you from time to time give Mr. McConney suggestions 7 on how to value an asset? 8 A Suggestions, yes. 9 Q Now tell me. You would sit down in an office? 10 A And he would show me, for argument's sake, with comps, 11 with cap rates and I might not always agree with him one he 12 chose to use for one reason or another. What that reason is 13 today, I don't know. And I would suggest maybe you ought to 14 consider doing a different building as a comp; it's closer to 15 what our building is like. 16 For example, you could have a commercial building 17 without a retail component where we do have a retail component. 18 He may have overlooked that. So it's not a fair comparison to 19 take a building without a retail component and compare it to a 20 building with a retail component, so I would make that change. 21 Q So Mr. McConney is someone you relied upon; right? 22 A I relied upon, yes. 23 Q Someone whose work you relied upon in signing 24 representation letters? 25 A Yes.</p>

A. Weisselberg - Petitioner - direct (Solomon) Page 871

1 Q You're saying it was possible he overlooked the fact
 2 that one building had a retail component and the other one
 3 didn't?
 4 A That's a lot of work he was doing, so that one thing
 5 could have happened. It's possible. We aren't all perfect.
 6 That's a possibility he may have overlooked a fact that 40 Wall
 7 Street for argument's sake or Trump Tower commercial has
 8 something that another building didn't have or maybe he doesn't
 9 know the physical makeup of one building versus another. He may
 10 have better tenancy in one building than another. And then when
 11 you do it on a comparison basis to what he was using, he may not
 12 have known about every tenant.
 13 I worked on -- I did a lot of lease work, so I knew the
 14 makeup of the tenancy of a building where we have more
 15 creditworthy tenants than maybe the building he chose to use,
 16 which maybe he didn't have as many creditworthy tenants. So
 17 that might change what building he use. I used retail just as
 18 an example of something. It's not the only thing that would be
 19 looked at on a comparison basis.
 20 Q Understood. That is something though you used as an
 21 example of something Mr. McConney might have overlooked; right?
 22 That was the example you gave; right?
 23 A Amongst other things.
 24 Q Amongst other things.
 25 So Mr. McConney, his work was not perfect, is that fair

A. Weisselberg - Petitioner - direct (Solomon) Page 872

1 to say?
 2 A Well, I don't think any of us are perfect.
 3 Q So you looked over his work and you made changes;
 4 right?
 5 A I would look at every line item of his work. I would
 6 look over the higher valued assets to make sure they were
 7 properly being valued. I always wanted -- I always tried to be
 8 fair and so -- fair and reasonable in what we were showing and
 9 sometimes it would come out with a lower value than he would,
 10 but it would be more accurate and fair and a truer picture of
 11 the comparison.
 12 Q As you sit here today, do you recall a specific example
 13 where you came out with a lower value for an asset than he did?
 14 A I don't recall. It's so many years. The answer is no.
 15 I can't recall.
 16 Q You mentioned that you had a better sense of the
 17 creditworthiness of the tenants in some of the retail space --
 18 in some of the rental spaces; is that right?
 19 A Are you talking about being in commercial?
 20 Q In the commercial building. You had a better sense of
 21 the creditworthiness?
 22 A And the reason for is when we go through a lease
 23 process we try to learn about the tenant coming into our
 24 building. After all, if the tenant can't pay his rent in a year
 25 from now, we don't want that tenant in our building. So we

A. Weisselberg - Petitioner - direct (Solomon) Page 873

1 would look at their financial statements. We would see what
 2 kind of tenants they were. Jeff McConney was not part of
 3 leasing at all, so he wouldn't know about the creditworthiness.
 4 Q So you were on the creditworthy tenants that you were
 5 sure to be able to pay the leases?
 6 A Or a tenant that could provide us with enough
 7 information about the company, where they're going. It could
 8 have been -- we could have startups in some buildings, but they
 9 could be well capped.
 10 Q Did Dean & DeLuca rent space at 40 Wall Street?
 11 A They did.
 12 Q How did that work out?
 13 A Well, they -- when Dean & DeLuca took the space they
 14 were one company. They were bought over by somebody in later
 15 years and they changed their entire dynamics. They began to
 16 sponsor golf tournaments and tennis tournaments and they tried
 17 to make Dean & DeLuca what it wasn't and in doing so they had a
 18 problem and they couldn't succeed there.
 19 Q And they filed for bankruptcy protection, didn't they?
 20 A I don't know. I think they did, but I'm not really
 21 sure. But they were -- their creditworthiness was day to day.
 22 It's like any other company. They could be creditworthy today
 23 and something happened, they could change their model of how
 24 they operate their business and all of a sudden things don't
 25 work out well. Bed Bath and Beyond and there are many other

A. Weisselberg - Petitioner - direct (Solomon) Page 874

1 tenants as they're all creditworthy at one time. Unfortunately,
 2 the world's changed. It happens.
 3 Q So you never know what's going to happen in the future;
 4 right?
 5 A You have to work with what you have in front of you at
 6 the time.
 7 Q Right, so you can't predict --
 8 THE COURT: I am --
 9 MR. SOLOMON: I'm sorry.
 10 THE COURT: One at a time.
 11 MR. SOLOMON: It's just he's going on expanding
 12 upon questions that are simple yes or nos or one-word
 13 answers.
 14 THE WITNESS: Oh, I'm sorry.
 15 Q So you can't predict the future as you just said;
 16 right?
 17 A Correct.
 18 Q In doing valuations for assets that appear on the
 19 financial statements were you predicting future development for
 20 those assets; yes or no, sir? Were you predicting the future
 21 for those assets; yes or no?
 22 A Yes.
 23 Q Okay. Were you predicting future revenue streams; yes
 24 or no?
 25 A I don't recall. I don't recall what Jeff did in

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 875</p> <p>1 valuing those assets. 2 Q At one point in time in valuations for golf course 3 assets do you recall using fixed asset methods for the 4 valuation? 5 A I do recall that. 6 Q And do you recall directing Mr. McConney to add a 7 30 percent premium to the fixed assets to reflect an operating 8 -- 9 A I do recall that. 10 Q Was that disclosed anywhere in the Statement of 11 Financial Condition? 12 A It was disclosed in the notes -- I'm sorry. It was 13 disclosed in the work papers that were given to Mazars. 14 Q Sir, I don't want to cut you off and interrupt you. 15 That wasn't my question. I asked if it was disclosed in the 16 Statement of Financial Conditions, not in the work papers to 17 Mazars, not in conversations you might have had with someone. 18 Was it disclosed in the Statement of Financial Conditions. It's 19 a yes-or-no question. 20 A What was the question? Was the 30 percent -- 21 Q Was the 30 percent premium that you directed 22 Mr. McConney to add to the fixed assets disclosed in the SOFC; 23 yes or no? 24 A No. 25 Whereupon, the transcript continues on the</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 877</p> <p>1 Q You also solicited information as to valuation of golf 2 courses from people outside of the organization from the 3 Statements of Financial Condition, right? 4 A I believe we may have used one or two people. 5 MR. SOLOMON: Can we, please, mark PX 3116 for 6 identification. 7 Q We marked PX 3116 for identification. It is a cover 8 e-mail and a letter that you were attaching. Do you see that? 9 A Yes. 10 Q Is that an e-mail that you sent to E. Carlyle at 11 Forbes? 12 A Yes. 13 Q So actually -- 14 A I don't understand. It says first administrative 15 group. What is that after my name on top? I don't know what 16 that means. That's not my e-mail address. I don't know why 17 that's there. 18 Q That's actually not an e-mail address. 19 A I don't know why that's there. 20 Q If we can scroll down to the bottom of the page, you 21 see it has a TT00 Bates number at the bottom. 22 A I see that, but I don't know what administrative group 23 is, first admitted. I don't know who that is. 24 Q I'm not saying you put that on there, but this is an 25 e-mail, though, that you sent to Ms. Carlyle, right?</p>
<p>Page 876</p> <p>1 following page.... 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 878</p> <p>1 A Yeah. Again, it's from me. I just don't know 2 what -- I wouldn't -- that would not be part of my e-mail, 3 typical e-mail. I don't know where -- 4 THE COURT: I don't think you were asked that. 5 THE WITNESS: The answer is yes, it is my e-mail. 6 THE COURT: It is your e-mail. That's all we need 7 to know. 8 Q The second page, you attach a letter that you had 9 received from Steven M. Ekovich. Do you see that? 10 A Yes. 11 Q Do you recall receiving that letter from Mr. Ekovich in 12 or about July of 2013? 13 A I remember it now. I just don't recall -- it was ten 14 years ago. I don't recall. 15 Q Do you recall receiving some communication from Mr. 16 Ekovich -- please let me finish -- in which he told you what an 17 appropriate gross review multiplier would have been for assets 18 in the Trump golf portfolio? 19 A Yes. That was his undertaking of what he felt it 20 should be. 21 MR. SOLOMON: We offer PX 3116 in evidence. 22 THE COURT: Granted. It is in evidence. 23 (Whereupon, the Document was marked in evidence as 24 People's Exhibit 3116.) 25 Q So this, according to what Mr. Ekovich is describing in</p>

<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 879</p> <p>1 his letter to you, is a different way of calculating value for 2 golf course assets, right? 3 A It is another methodology. 4 Q Another methodology. That takes gross revenue; is that 5 right? 6 A Yes, but I'm not sure -- but I'm not sure what he's 7 including in gross revenue. That's a big -- that's a big 8 difference. 9 Q Understood. He's actually using it as a capitalized 10 term gross revenue multiplier? 11 A It is not defined anywhere. 12 Q Understood. You take gross revenue and you multiply it 13 by an appropriate multiplier, whatever the revenue may be and 14 however it is calculated; is that right? 15 A That's one method. 16 Q That's one method. 17 Now, if we go back to the first page, you'll see that 18 you are telling someone at Forbes that this person is a top golf 19 course advisor on buying and selling of courses, right? 20 A Correct. 21 Q Did you believe that to be true when you sent this to 22 E. Carlyle? 23 A I don't know him. I never met him. I was told by 24 somebody else in the organization that he was, so I relied upon 25 that person; but I don't know the person.</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 881</p> <p>1 A Again, I don't recall. 2 Q Do you know if the Trump Organization ever did a 3 preliminary valuation using this method? 4 A Again, I don't recall. 5 Q You don't know if Mr. McConney ever did that? 6 A I don't then. 7 Q Do you know if Mr. Birney ever did that? 8 A I don't know. 9 Q Do you know if using this method would come out with a 10 higher or lower value for the Trump Organization golf courses 11 than appeared on the Statement of Financial Condition? 12 A I don't know. 13 Q Did you also provide information to Mr. McConney at 14 some point in time that the 30 percent premium for the golf 15 course should be reduced to 15 percent? 16 A It's possible. I just don't recall it. 17 Q You don't recall one way or the other? 18 A I don't remember. 19 Q Do you recall any discussion at all in which the 20 subject of the 30 percent premium came up and there was a 21 determination made that it was too high? 22 A It's certainly possible. I just don't remember. It 23 could have been -- I don't know what year it was, was there 24 something going on in the economy to reduce -- I don't know. 25 Q The letter that's the second page of this exhibit, did</p>
<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 880</p> <p>1 Q Your earlier letter was addressed directly to you? 2 A Yes, because the person I asked to help me on this told 3 him to send it to me. 4 Q So you took this person's word? You took this person's 5 advice or comment that this person was a top golf course advisor 6 on buying and selling courses? You accepted that as true? 7 A I did. 8 Q Okay. And then you conveyed it on to Forbes, right? 9 A Correct. 10 Q And was that because you wanted Forbes to value the 11 Trump Organization's golf courses in a particular methodology? 12 A I don't -- I don't remember why I gave it to them. I 13 don't -- I don't know the context of the conversation we had 14 with Ms. Carlyle, what her questions were. It is sort of being 15 taken out of context. 16 Q I'm not trying to take it out of context. 17 A Not this. Not this, why I gave her this letter. 18 That's the point. I'm not quite putting together with giving 19 her the letter as to what was she asking and why did I give it 20 to her. 21 Q Did you tell Mr. McConney that this was a method that 22 he should use to value the Trump Organization's golf courses? 23 A I don't recall. I don't recall. 24 Q Do you know if the Trump Organization ever used this 25 method to value its golf courses?</p>	<p>A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 882</p> <p>1 you ever give it to Mr. McConney? 2 A I don't recall. I may have. I just don't remember. 3 You're going back a long time ago. I just don't recall. 4 Q Understood. So did you ever provide it to Mazars? 5 A I dealt very little with Mazars on these statements. 6 Everything went through Jeffrey McConney, so if I gave it to 7 him, hopefully he would have given it to them or maybe not; but 8 I don't recall giving it to Jeffrey McConney sitting here today. 9 Q But personally, you never gave it to Mazars, right? 10 A Not that I can remember, no. 11 Q Did you also send -- withdrawn. 12 I believe you indicated earlier that you sent comps to 13 Mr. McConney? 14 A I sent comps. 15 Q Or you provided comps to Mr. McConney? 16 A No, I didn't. Mr. McConney would contact third 17 parties, appraisers and request from them these reports that 18 would give him the comps, cap rates and any other material that 19 might be helpful in determining valuation. 20 Q Did you give comps to Mr. Birney? 21 A Again, this was -- all the work that was done to get 22 valuations was all done by Jeffrey McConney, by himself for a 23 while and then with Patrick Birney subsequently. 24 MR. SOLOMON: Could we, please, mark as PX 1040. 25 Q Sir, have you ever seen PX 1040 or any of the pages in</p>

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 883

1 it before today?

2 A Has to be as of the time when these things happened,

3 but yeah.

4 Q Do you recall one way or the other?

5 A No. I said possibly when I -- when it first happened,

6 the event itself that's on here.

7 Q You said possibly. So -- do you recall one way or the

8 other?

9 A I'm sure -- you know, I wish I would have seen the

10 publication it came from because there's some publications

11 I -- that would help me.

12 Q Okay. If you see on your first page of this exhibit,

13 there appears to be -- is that an adding machine tape, sir?

14 A Yes, that's not my handwriting.

15 Q That's what I was going to ask. That's not your

16 handwriting?

17 THE COURT: Ten-minute warning. Time goes fast

18 when we're having fun.

19 Q If you look at the second page, this is an e-mail from

20 you to Patrick Birney?

21 A Okay.

22 Q Forwarding and it is blank what's being forwarded, but

23 you indicated it is more info on the house purchase in PB.

24 That's Palm Beach, right?

25 A Yes.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 884

1 Q So you're sending him information about a sale in Palm

2 Beach, right?

3 A Correct.

4 Q And are you giving that in connection with his

5 valuation of a Trump asset?

6 A Yes.

7 Q Which one?

8 A Probably Mar-A-Lago.

9 Q Okay. So contrary to what you mentioned before, you

10 actually did send Patrick Birney comps?

11 A Well, no. What I said -- no, what I said -- what I

12 said to Patrick Birney -- you can call them comps. I said

13 during the course of the year. You stated this was done in

14 September?

15 Q Yes.

16 A Whenever I found something in a newspaper article, I

17 would just throw it in a file, when you work on Mr. Trump's

18 financial statement, just have it as a reference point because

19 we really had no one in Florida or I don't think he had anyone

20 in Florida. You can call, but when I found it myself, I said

21 you know what. Look at this. It may work. It may not work.

22 See what it was per acre, the sale. Maybe you could extrapolate

23 it. We may have things at our property that they don't have at

24 their property. We could add to it. But as far as when you

25 mentioned comps before, I was referring to Manhattan real

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 885

1 estate. I was thinking of Manhattan real estate, commercial

2 buildings. That was in my mind. That was my mindset.

3 Q If I asked you the question comps for any asset on the

4 Statement of Financial Condition, you did send information about

5 what you believe to be comparables to Mr. Birney, right?

6 A The answer is yes.

7 Q Same question for Mr. McConney now.

8 A When he was doing it himself, the answer would

9 be -- the answer is yes.

10 Q Let's look at the next page 4 of 20.

11 A What number?

12 Q Page 4 of 20 --

13 A Okay.

14 Q -- on the exhibit. Again, an e-mail from you to

15 Patrick Birney, right?

16 A Okay.

17 Q You see that?

18 A Yes.

19 Q If you look at the next page, is that your handwriting

20 on that little yellow Post-It note there?

21 A On what? The -- on that tape?

22 Q Not on the tape. On the little yellow Post-It. If you

23 look on the screen.

24 A No.

25 Q All right. And I assume that's not your handwriting on

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 886

1 the tape because you told me that handwriting earlier wasn't

2 yours?

3 A No. That's why too neat.

4 Q If you turn to the sixth page of this exhibit.

5 A Page six?

6 Q Yes. There is highlighted. Do you see that?

7 A Yes.

8 Q Did you put that highlighting on it before you sent to

9 Mr. Birney?

10 A I don't recall if I did or not.

11 Q This exhibit continues on with additional information

12 about other properties in that area, right?

13 A Yes.

14 Q And if you look at page 9 of 20 --

15 A Yes.

16 Q -- there's a larger yellow Post-It. Do you see that?

17 A Yes.

18 Q I assume that's not your handwriting, right?

19 A No, it's not.

20 Q Do you recognize whose handwriting that is?

21 A I don't.

22 Q Turn to the next page.

23 A Okay.

24 Q You'll see that Ed Raymundo, if I'm pronouncing that

25 correctly.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 887

1 A Yes.

2 Q Is sending an e-mail to Patrick Birney with the phrase

3 "comparison is attached." Do you see that?

4 A Yes.

5 Q Then you'll see two pages later, there's an article

6 that is cut out of -- it appears to be cut out of a good

7 old-fashioned newspaper. Do you see that?

8 A Yes.

9 Q That's on page 12 of 20?

10 A Yes.

11 Q Underneath that, there is a Post-It?

12 A That's my handwriting.

13 Q I was about to say have we gotten to your handwriting,

14 sir?

15 A You got it. That's it.

16 Q You instructed Patrick to take this Palm Beach estate

17 asking price of 135 million --

18 A Yes, and the note says hold it for next year DJT

19 financial statement. Let's see what it ends up selling for

20 because we don't know -- that's -- that's the asking price.

21 Q Why does it matter what it sells for?

22 A Because anybody can sell anything for a dollar amount.

23 It doesn't necessarily mean it is going to sell. We want to be

24 able to get a comparison that is the final number. He's asking

25 135. Maybe it will sell for 100 million. I will use 100

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 888

1 million.

2 Q So it is the selling price that's relevant in the

3 comparison, not the asking price?

4 A Yes.

5 MR. SOLOMON: This might be a good time for a lunch

6 break.

7 THE COURT OFFICER: Remain seated.

8 (Witness exits the stand.)

9 (Whereupon, a luncheon recess was taken.)

10 A F T E R N O O N S E S S I O N

11 * * * * *

12 THE COURT OFFICER: All rise. Part 37 is back in

13 session. The Honorable Judge Arthur Engoron presiding.

14 Make sure all cellphones are on silent. Laptops and

15 cellphones will be permitted, but only to members of the

16 press. There is absolutely no recording or photography of

17 any kind allowed in the courtroom. Now, be seated and come

18 to order.

19 THE COURT: You all look happy. I guess that's

20 because you had an hour and-a-half, not just an hour and

21 15 minutes.

22 (Witness resumes the stand.)

23 THE COURT: We're back on the record. Let's

24 continue with the direct examination of Mr. Weisselberg.

25 BY MR. SOLOMON:

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 889

1 Q Good afternoon, Mr. Weisselberg.

2 A Good afternoon.

3 MR. SOLOMON: One housekeeping matter my colleagues

4 have reminded me. I failed to move PX 1040 into evidence.

5 I would like to do that now.

6 MR. ROBERT: No objection, your Honor. I just want

7 to be clear this is from a McConney backup. Just because it

8 is so many different pages, I want to describe it as what it

9 is, as it is a series of documents, so we can agree this is

10 part of the McConney backup.

11 MR. SOLOMON: I'm comfortable with a backup.

12 MR. ROBERT: Fair enough.

13 MR. SOLOMON: Sufficient?

14 MR. ROBERT: Sufficient.

15 THE COURT: Granted. It is in evidence.

16 (Whereupon, the Document was marked in evidence as

17 People's Exhibit 1040.)

18 Q Mr. Weisselberg, before we broke for lunch, we were

19 talking about Mr. Steven Ekovich, if I'm pronouncing that

20 correctly?

21 A I think so, yes.

22 Q Do you recall him, sir?

23 A Yes.

24 Q I think you testified that you had some familiarity

25 with him, right?

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 890

1 A I never met him. I know the name through someone else

2 in our office who is part of our golf division and that's the

3 extent of my knowledge of him.

4 Q Well, you actually had some direct communication with

5 him?

6 A He may have e-mailed me. I don't think we ever met

7 face to face is what I'm saying. I don't believe so.

8 Q Have you finished?

9 A Yes.

10 Q But you did, in fact, have several communications with

11 him about valuations of golf courses, right?

12 A Several. I know one you showed me earlier today.

13 MR. SOLOMON: Can we, please, identify PX 3143 for

14 identification.

15 Q Sir, if you look at what's been marked as 3143

16 excluding the top e-mail, if you look at the second one, it is

17 from you to Mr. Ekovich from August of 2015. Do you see that?

18 A Yes.

19 Q And you're asking him how much you would be able to

20 increase that value due to brand and intrinsic value. Do you

21 see that?

22 A Yes.

23 Q In fact, you're asking him how to quantify the premium,

24 right?

25 A Yes.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 891

1 Q Now, if you go down one further, Mr. Ekovich had
2 actually written to you telling you golf valuations are an art,
3 not a science. Do you see that?
4 A Yes.
5 Q And he provides certain gross revenue multipliers,
6 sixth line down .6-1 time gross revenue. Do you see that?
7 A Yes.
8 Q And then the next line, if the EBIT is below 400 to
9 500,000, do you see that?
10 A Yes.
11 Q Do you have an understanding as to what EBIT is?
12 A Yes.
13 Q What is that?
14 A Earnings before interest, taxes and depreciation.
15 Q So you're communicating with Mr. Ekovich in 2015 with
16 respect to golf course valuations, right?
17 A Yes.
18 MR. SOLOMON: I offer this in evidence as PX 3143.
19 THE COURT: Granted. It is in evidence.
20 (Whereupon, the Document was marked in evidence as
21 People's Exhibit 3143.)
22 MR. KISE: One thing. So did they -- was this
23 produced to us? What day? Was that one of the ones over
24 the weekend?
25 MR. SOLOMON: No, this is actually being used to

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 892

1 either refresh the witness' recollection --
2 MR. KISE: I'm just trying to figure out.
3 MR. SOLOMON: What's the question?
4 MR. KISE: I'm trying to figure out when we got
5 this document.
6 MR. SOLOMON: Just now.
7 MR. KISE: 3143, you're not introducing it into
8 evidence?
9 MR. SOLOMON: I am introducing it into evidence.
10 You were given it just now because we pulled this. It was
11 not on our list before, but we pulled this to refresh the
12 witness' recollection. He had several other conversations
13 with Mr. Ekovich.
14 MR. KISE: Okay, but that wasn't on your list
15 before; yes, no? I just don't recognize is my question.
16 MR. SOLOMON: No, it was not.
17 MR. KISE: I'm not -- your Honor, I'm not fully
18 objecting. I want to make sure that when it comes time, if
19 it comes time, we are extended the same courtesy. This
20 wasn't on their list. I'm not necessarily objecting to it.
21 I just want to be sure that what's good for the goose is --
22 THE COURT: Yes.
23 MR. KISE: That's all I'm saying because I don't
24 recognize it.
25 THE COURT: Give me a second.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 893

1 (Whereupon, there was a pause in the proceedings.)
2 THE COURT: I'm, of course, trying to be fair. I
3 don't know how far we are going to extend this, but go
4 ahead.
5 MR. SOLOMON: I would also just note this is being
6 used for impeachment purposes. The witness testified he
7 didn't really remember Mr. Ekovich and may have only spoken
8 to him on that one occasion. So this is obviously being
9 used for impeachment.
10 THE COURT: I think that's totally acceptable.
11 MR. KISE: Again, I'm just pointing out that it is
12 a new exhibit. I hear what he is saying, but just making
13 that record. I'm not objecting to the introduction of it.
14 THE COURT: Duly noted and it is in evidence.
15 MR. SOLOMON: Thank you, your Honor. Can we,
16 please, show the witness what we've marked as PX 3144 for
17 identification.
18 Q Mr. Weisselberg, have you seen this document before
19 that's been marked PX 3144?
20 A It was certainly sent to me. I just don't remember it,
21 but I see it in front of me now, yes.
22 Q If you see on the e-mail chain, there is a discussion
23 with you and Mr. Ekovich.
24 A You don't mean the first one, do you, with that
25 language in there?

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 894

1 Q We can pass upon that language.
2 A I just saw that. It caught my eye.
3 Q Understood, but if you look at the bottom of the first
4 page, Mr. Ekovich is telling you typical cap rates are 11 to 14.
5 I would say you are in the 8 to 10 range. Do you see that?
6 A Yes, I do see that.
7 Q Then he asks were you able to send the comps and
8 supporting e-mail to the reporter. Do you see that?
9 A I see that.
10 Q Do you understand that to be the reporter from Forbes?
11 A I would imagine so, yes.
12 Q And you told him, thank you. Yes, they were sent and
13 we received a slight bump. Appreciate your help. From you to
14 Mr. Ekovich, September 20, 4:18 p.m. --
15 A Can you just read back the last -- you know why? It
16 is on the back of the page.
17 Q No problem. On the very first page.
18 A I was flipping pages.
19 Q On the very first page, if you see a highlighted in
20 yellow on the screen. Thank you --
21 A That I see, yes.
22 Q So, in fact, you relied upon information from Mr.
23 Ekovich and you provided that to, who Forbes, right?
24 A Well, it was one of many -- we didn't use that as the
25 only source of material to value golf courses.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 895

1 Q But this is what you relied upon in trying to bump up
 2 the valuation on Forbes, right?
 3 A It was to explain what we did. I don't know the
 4 reasoning behind -- why we gave it to them.
 5 Q It says we received a slight bump.
 6 A They looked at it and they gave us a bump, okay.
 7 Q So initial communications with Mr. Ekovich, right?
 8 A Yes.
 9 Q This refreshes your recollection that you actually
 10 spoke to Mr. Ekovich on several occasions about valuation of
 11 golf courses --
 12 A When you say --
 13 Q -- of Trump assets?
 14 A When you say spoke, you are referring to e-mails?
 15 THE COURT: That's the ambiguity here.
 16 MR. SOLOMON: Sure.
 17 Q If I expand my question, sir, to ask you did you have
 18 several communications with Mr. Ekovich concerning the
 19 valuations for Trump golf courses.
 20 A Yes, and I believe there were other experts that we
 21 spoke with as well, so we may have used a combination of people.
 22 Q So just so we are clear, you had several communications
 23 with Mr. Ekovich, though, right?
 24 A Correct.
 25 MR. SOLOMON: We offer PX 3144 in evidence.

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 896

1 THE COURT: Granted. It is in evidence.
 2 (Whereupon, the Document was marked in evidence as
 3 People's Exhibit 3144.)
 4 Q Let's go back to the process for creating the
 5 Statements of Financial Condition in any given year, if we can.
 6 Just so we're clear, between 2011 and your departure
 7 from the Trump Organization, did you perform any valuations for
 8 any of the assets on the Statements of Financial Condition?
 9 A When you saw my personally.
 10 Q Yes?
 11 A I don't recall doing anything like that.
 12 Q Do you recall testifying at one of the investigatory
 13 sessions we had "I certainly a.m. not one to value a property.
 14 I have no idea what properties are worth?
 15 A I would rely on experts to do that.
 16 Q But do you recall that's something you had said at one
 17 of the motions?
 18 A I either do -- I don't recall it but certainly
 19 possible.
 20 Q You're not disputing it, correct?
 21 A I'm not disputing it.
 22 Q Is it still your position, sir, that you have no idea
 23 what properties are worth?
 24 A I have no idea -- no. I personally -- if I looked at
 25 a building, I couldn't tell you what it's worth. I would have

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 897

1 to go to an expert to help me to do that.
 2 THE COURT: Move the microphone closer. You
 3 might --
 4 THE WITNESS: Yeah. Yeah.
 5 THE COURT: They are really quirky microphones.
 6 You could be right there and you have to talk right into it.
 7 THE WITNESS: Second time.
 8 Q Was it your testimony earlier today that between
 9 roughly 2011 and your departure, you were involved in reviewing
 10 the notes to the Statements of Financial Condition before they
 11 were finalized?
 12 A The notes -- the notes, yes, which describe our
 13 properties, discuss any liabilities that are associated with the
 14 properties, things of that nature. Those notes is what I'm
 15 referring to.
 16 Q Was that because you understood that Mr. Trump wanted
 17 the assets described in the best possible light?
 18 A Yeah. Well -- yeah, he has his own way of writing. I
 19 might use a word that is -- he may use a different word than I
 20 might use, but it is his statement, so I gave him the
 21 opportunity to correct a word here or there that he didn't like.
 22 By the way, a lot of these notes were written by the Mazars
 23 firm. I would come back and alter it a little bit and then the
 24 final draft came out and I would give it to Mr. Trump to review.
 25 He might say don't use the word "beautiful." Use the words

A. WEISSELBERG - DIRECT(MR. SOLOMON) Page 898

1 "magnificent" or something like that because it was not just a
 2 Statement of Financial Condition, but it was also a way of
 3 telling anybody who read it how our properties are, not typical
 4 properties, premier properties, and he wanted to be in that vein
 5 because you put a lot of effort and money over the years into
 6 making these properties exactly that.
 7 Q Do I understand correctly then for each year from 2011
 8 and your departure, before the Statement of Financial Condition
 9 was finalized, you would give it to Mr. Trump?
 10 A Yes.
 11 Q And did you understand that he would re- --
 12 A No. No. Well, well, once he became president --
 13 Q Certainly. I'll rephrase my question.
 14 Between 2011 and when Mr. Trump became president, did
 15 you give him a Statement of Financial Condition prior to the
 16 time it was finalized?
 17 A Yes, I did.
 18 Q Did he have an opportunity to review it?
 19 A Yes.
 20 Q To your knowledge, did he review it?
 21 A Again, once I gave it to him and I left his office,
 22 what he did with it, I wouldn't know.
 23 Q Did you ever receive comments on a Statement of
 24 Financial Condition from Mr. Trump before he became president?
 25 A Periodically.

Page 899

1 Q Once Mr. Trump became president, to whom, if anyone,
 2 did you give the Statement of Financial Condition for review
 3 before it was finalized?
 4 A I don't remember. I was -- I don't remember whether I
 5 gave it to Eric Trump and/or Donald Trump. I just don't recall.
 6 I may have. I just don't remember.
 7 Q When you say Donald Trump, you mean Donald Trump, Jr.?
 8 A Yes.

1 Q When you say "Don Trump," are you referring to Don
 2 Trump, Jr.?
 3 A Yes.
 4 Q Between 2011 and when Mr. Trump became president, would
 5 he convey to you, in form or substance, that he had no
 6 additional comments to the SOFC?
 7 A Are you talking about the years blend in one after the
 8 other? I don't remember if he said those words to me exactly as
 9 you're putting them.
 10 Q That's why I asked in form or substance.
 11 You had an understanding at some point in time between
 12 2011 when he became president that he was okay with the SOFCs;
 13 right?
 14 A Yes.
 15 Q Okay. Prior to gaining that understanding that he was
 16 okay with the SOFC, did you ever send it to Mazars between 2011
 17 and when Mr. Trump became president as a final version before
 18 Mr. Trump signed off on it?
 19 A Not that I can remember, no.
 20 Q Let's talk about Seven Springs.
 21 Are you familiar with the property known as Seven
 22 Springs located in the towns of Bedford, New Castle and North
 23 Castle, New York?
 24 A As one of our assets, I was there once many, many, many
 25 years ago to tour the place, but that's probably the extent and

A. Weisselberg - Petitioner - direct (Solomon) Page 901

1 we have -- yes, that's pretty much the extent.
 2 Q So you are familiar with it?
 3 A I am familiar with it -- I realize that. I'm sorry.
 4 Q I didn't want to cut you off, sir.
 5 A No. No, I'm sorry.
 6 THE COURT: I guess "familiar" could be interpreted
 7 different ways. I think Mr. Weisselberg was partly saying
 8 to be familiar with it you have to be there, but I think
 9 Mr. Solomon's meaning was just did you know if it exists.
 10 THE WITNESS: I understand that now.
 11 THE COURT: So you know it exists and you know you
 12 were there a long time ago?
 13 THE WITNESS: Yes.
 14 THE COURT: Just give me one second.
 15 (Whereupon, there is a pause in the proceedings.)
 16 THE COURT: Thanks. Go ahead.
 17 CONTINUED DIRECT EXAMINATION
 18 BY MR. SOLOMON:
 19 Q Seven Springs is one of properties that appears as an
 20 asset on the Statements of Financial Condition; correct?
 21 A Correct.
 22 MR. SOLOMON: Can we pull up the 2014 SOFC, PX 730?
 23 Q Do you recognize this document, sir?
 24 A Yes.
 25 Q What do you recognize it to be?

A. Weisselberg - Petitioner - direct (Solomon) Page 902

1 A Statement of Financial Condition of Donald Trump dated
 2 June 30, 2014.
 3 MR. SOLOMON: Could we please turn to page 20 of 26
 4 on the exhibit?
 5 Q Do you see across the bottom, "mansion at Seven
 6 Springs." Do you see that?
 7 A Yes.
 8 Q "The property is zoned for nine luxurious homes. It
 9 has been valued at \$291 million based on an assessment made by
 10 Mr. Trump in conjunction with his associates of the projected
 11 net cash flow which he would derive as those units are
 12 constructed and sold and the estimated fair value of the
 13 existing mansion and other buildings." Do you see that?
 14 A Yes.
 15 Q Now, in doing this calculation to get to \$291 million
 16 was any discount to the cash flow applied to account for the
 17 time it would take to obtain all necessary approvals, build the
 18 homes and then sell the homes?
 19 A I don't know. I don't know.
 20 Q Do you know if a -- have you ever heard the term
 21 "present value of money?"
 22 A I've heard that. I've heard that term.
 23 Q Are you familiar with it?
 24 A To a degree.
 25 Q You understand that \$10 ten years from now is not the

A. Weisselberg - Petitioner - direct (Solomon) Page 903

1 same as \$10 today; right?

2 A Yes, and I believe these financial statements were what

3 we felt the property was worth on that date we did the financial

4 statements.

5 Q So but as you sit here today, you don't know if any

6 discount of present value was applied to the \$291 million

7 projected net cash flow, do you?

8 A No, I don't.

9 Q Now, beyond just Seven Springs do you know if for any

10 of the valuations on any Statement of Financial Condition

11 between 2011 and your departure there was an application to

12 determine the present value of a future income stream?

13 A I don't know whether that was done or not. I didn't

14 work on the calculations, but I believe that the values were

15 based on what we felt we could settle for on that date, on the

16 date of the financial statement. That was valued -- for

17 example, if you take a building, a commercial building, you have

18 leases in place and we took the current values of those leases

19 that day and did our -- and went from there. That became our

20 NOI with the cap rate. In ten years later those leases that

21 were \$20,000 square foot, could be \$90 a square foot. So we

22 didn't work with that \$90. We worked with \$20 as of today to

23 come up with our NOI.

24 Q Is that what you understand this cap to present value

25 mean?

A. Weisselberg - Petitioner - direct (Solomon) Page 904

1 A Yes, we were using the values as of that date.

2 Q That's a snapshot, sir, of the valuation, isn't it?

3 A I don't know how you describe --

4 Q You didn't assume that ten years of rent you had it on

5 the day of the valuation, did it -- did you?

6 A No. The way the valuation -- sorry.

7 Q Yes-or-no question.

8 A Finish the question.

9 Q You didn't assume you had all that money on day one;

10 right?

11 A We weren't --

12 Q Yes or no? For the lease, the lease you just

13 described, did you assume that you had the ten years of rent

14 payments on June 30th of any given year?

15 A And that's what -- why we consider it. We didn't have

16 it.

17 Q You didn't have it, so you didn't consider it?

18 A Correct.

19 Q So let's talk about projects under development. That's

20 a category in the financial statements; right?

21 A Correct.

22 Q Mentioned at Seven Springs, that's a project under

23 development for a period of time; right?

24 A Correct.

25 Q In fact, at one point in time ten, 20 years ago, the

A. Weisselberg - Petitioner - direct (Solomon) Page 905

1 Trump Organization was thinking about putting a golf course

2 there; right? Do you recall that?

3 A There was discussion about that, yes.

4 Q But you couldn't get the proper zoning for that; right?

5 A Correct.

6 Q So you had to give that up?

7 A I believe so.

8 Q Okay. So then it became a concept of building mansions

9 on the property; right?

10 A Correct.

11 Q So on the day of this financial statement as of

12 June 30, 2014?

13 A Okay.

14 Q Okay. The value of the development rights for this

15 property was not discounted to present value, was it?

16 A The -- can I answer it other than yes or no?

17 Q Can you answer it yes or no?

18 THE COURT: Seems like a yes-or-no question.

19 A Well, the question is when the zoning is arrived at or

20 was obtained or when the zones were built assuming you weren't

21 just selling land. This could be your land sales, nine -- it

22 has -- it's zoned for nines homes. Doesn't mean we're going to

23 build the homes. We could sell the land that day for those

24 numbers. They could go out and get their zoning.

25 Q Did you think you could sell the land that day for

A. Weisselberg - Petitioner - direct (Solomon) Page 906

1 \$291 million?

2 A I didn't have a backup to those numbers. I don't know

3 the answer to that question.

4 Q Is that how you read that, though?

5 A I read that the property is zoned for nine luxurious

6 homes. It has been valued on this date. When --

7 Q Based on?

8 A -- in conjunction with his associates based on

9 projected cash flow.

10 Q Projected net cash flow?

11 A Correct.

12 Q That's not a dollar you have on June 30, 2014; right,

13 projected? Is that right?

14 A Yes. Projection could have been in a week later. It's

15 a possibility he could have --

16 Q Nine luxurious homes build, get zoning for them, build

17 them and sell them a day later. Yes or no, sir? Is that what

18 your testimony is?

19 A I'm trying to read the question -- I mean, I'm trying

20 to read the paragraph.

21 Q Go ahead.

22 A The property is zoned for nine luxurious homes. It

23 doesn't mean the homes are being sold for 291 million. I don't

24 see that.

25 Q I'm not saying the homes are being sold for 291, sir.

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 907</p> <p>1 What I'm asking you is it's the projected net cash flow he would 2 derive as those units are constructed and sold and the estimated 3 fair value of the existing mansions. As they are constructed 4 and sold, future tense, future; right? 5 A Correct. 6 Q They're not doing that the next day; right? 7 A Okay. 8 Q You agree with me? 9 A Yes, I do. 10 Q Okay. You're familiar with Seven Springs. You told me 11 that before. You've been up there? 12 A Yes. 13 Q Barren land, right, except for the existing buildings? 14 A Except it was a mansion on the property, one mansion. 15 Q Right, so there had to be some period of time to get 16 the proper zoning, some of it for nine homes was there. It had 17 to be sometime to break the land; right? Had to be sometime to 18 build the homes; right? 19 A Correct. 20 Q Sometime to market and sell them; right? 21 A Could have done it in a year. I don't know the time 22 period. 23 Q But this doesn't account for anytime period, does it? 24 A Nor do I know whether Mr. Trump would go out and try to 25 market the property while the zoning was going on, sign</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 909</p> <p>1 testimony? 2 A Sorry? 3 Q Are you certain of that last answer as you are the rest 4 of your testimony? 5 A As it pertains to this property, yes, sir. 6 MR. SOLOMON: Can we mark PX 3114 for 7 identification? 8 THE COURT: Please don't talk over each other and 9 I'm not sure that that point was ever really made because 10 you went on all sorts of tangents. 11 I think, Mr. Weisselberg, what Mr. Solomon was 12 trying to get you to do, you can do it or not, I think what 13 he was trying to get you to do was to acknowledge that since 14 the number up there was based on future events for planning, 15 the building, for selling, that the net eventual proceeds 16 needed to be discounted to take into account that that would 17 not occur right away. Am I describing that correctly? 18 THE WITNESS: You are. I don't know on the GAAP 19 what the requirements are to value something that may have 20 future value. I'm not a GAAP expert. I think if the Mazars 21 firm who's part and parcel of producing this statement 22 realizes that GAAP does not permit that they would have said 23 something to us evidently knowing this is a future 24 development. They allowed the number on the statement the 25 way it is.</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 908</p> <p>1 contracts while the zoning was going on subject to getting that 2 zoning. A lot of things could have been going on. He could 3 have been building the models. I don't know what he has in his 4 mind with that property. I wasn't really involved in the 5 development of the property, but I -- 6 Q Are you sure about the time? 7 A That I was involved in the -- 8 Q That you were not involved in the development of the 9 property? 10 A I didn't -- I'm not a developer. I wouldn't know where 11 to start. 12 Q But the development of that property -- you were not 13 involved in the development of that property. Is that your 14 testimony? 15 A No, I don't understand your question what you're saying 16 to me. The development, meaning working with people to get 17 information to help them get zoning, that numbers, things of 18 that nature. 19 Q Or working with people to determine how the property 20 would be developed if at all? 21 A I don't recall -- I mean, I recall people working on it 22 specifically. They may have called me for certain information, 23 but I don't recall developing or where to begin developing a 24 property. 25 Q Are you certain of that as you are the rest of your</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 910</p> <p>1 THE COURT: Just before we move on to this next 2 document, Mr. Solomon, I've advised for you, for all the 3 lawyers, for everybody in the room, this is a particular pet 4 peeve of mine and it will make life simpler of everyone. 5 Don't ask questions in the negative. For example, the 6 questions are often "you didn't do that, did you?" And then 7 well, there is a no answer, meaning "no, I didn't do it" or 8 "no, I" -- just ask if you did it, okay? Don't start with 9 "this doesn't mean." Just ask in the positive, "did you do 10 it." I pass that off for what it's worth. 11 Q Sir, do you recognize PX 3114 for identification? 12 A Okay. 13 Q Do you recognize it? 14 A I acknowledge this is an e-mail from me. 15 Q Do you recall seeing it before today? 16 A I'm sure if I typed that the answer is yes. 17 Q The subject on the first e-mail is "easement analysis." 18 Do you see that? 19 A Yes. 20 Q And it's from Sheri Dillon to you, Eric Trump and 21 Donald Bender? 22 A Yes. 23 Q And you turn to the next page and -- I'm sorry -- the 24 date on this is September 23, 2014; right? 25 A Yes.</p>

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 911</p> <p>1 Q You turn to the next page title is "Potential 2 Charitable Contribution Analysis." Do you see that? 3 A Yes. 4 Q See Seven Springs is there? 5 A Yes. 6 Q And the valuation for the Seven Springs column is 7 estimated in excess of 30 million. Do you see that? 8 A Yes. 9 Q Did you have an understanding that the potential 10 valuation for the easement donation for the Seven Springs 11 property was in excess of \$30 million in or about September of 12 2014? 13 A I don't know much about the conservation easement. I 14 really wasn't involved in that transaction. I don't believe 15 they were referring to the entire property. I think it was a 16 portion of the property that they were not going to develop, but 17 then that's something I am not -- I am further from reality 18 with. 19 Q In fact, did you understand that that amount was 20 reflective of the value of a donation of the development rights 21 for Seven Springs? 22 A I don't -- again, I don't know what it's for. I wasn't 23 really involved in the -- Ms. Sheri Dillon worked with Eric 24 Trump on this conservation easement. 25 Q But you're copied on the e-mail?</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 913</p> <p>1 A I don't believe so, but I don't know for sure. 2 Q Okay. Did the potential easement donation include the 3 existing mansion and related buildings on the property? 4 A I don't know. 5 Q You left that to Sheri Dillon and Eric Trump? 6 A That's correct. 7 Q Let's turn back, if we can, keeping that to one side 8 for the moment to PX 718. That's the rep letter for the 2014 9 SOFC. 10 A Okay. 11 Q Do you have that document in front of you, sir? 12 A I do. 13 Q That's November 7, 2014? 14 A I do. 15 Q And that's a little over a month, a month and a week or 16 two weeks after that September 23rd we just saw; right? 17 A Yes. 18 Q Documents on the left? 19 A Yes. 20 Q So some point prior to this management rep letter you 21 became aware of a potential charitable contribution relating to 22 Seven Springs; right? 23 A The one where Bender was copied on that e-mail 24 regarding this? 25 Q Yes, the one that's on the left side of the screen.</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 912</p> <p>1 A I am copied. I may have been on a kickoff ball and 2 after that that was the end of it, so I don't know exactly what 3 took place regarding that conservation easement. 4 Q I wasn't asking if you knew what took place. I was 5 just asking if you were aware or understood that that amount of 6 the excess of 30 million was related to a donation or potential 7 donation of the developments? 8 A To a portion of the property. It wasn't the entire 9 property. I don't know if your question is being phrased the 10 way I understand it. I think there was a portion of the 11 property they weren't going to develop and they were going to 12 donate it as a charitable contribution and that's I think what 13 this is about, not about the entire property with nine mansions 14 and all that stuff. But, again, I'm talking about without 15 having been part of most of these meetings that took place. 16 Q At this point in time they didn't have those nine 17 mansions that we were talking about earlier on the property; 18 right? 19 A No. 20 THE COURT: I didn't really explain it that well. 21 If somebody says you didn't do it, if you say no that could 22 mean no, I didn't do it; it could mean yes, you're right I 23 didn't do it. So ask it in the positive. 24 Q Did the development rights that you're just referring 25 to include nine existing mansions on the property?</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 914</p> <p>1 A Yes, but again, the e-mail that you showed me initially 2 included Donald Bender as part of that meeting. 3 Q Yes. 4 A Yes, we're talking about the same thing. 5 Q Yes. So prior to November 7, 2014 you're aware of that 6 potential easement donation? 7 A Potentially. 8 Q And you're aware there was a valuation of that easement 9 donation to be estimated to be in excess of 30 million; correct? 10 A Correct. 11 Q Did you do anything at all between September 23, 2014 12 and November 7, 2014 when you signed that letter to determine 13 what portion of the property would be covered by the potential 14 easement donation that was estimated to be in excess of 15 \$30 million? 16 A I did nothing. I don't know if Jeff McConney did 17 anything. 18 THE COURT: If he asks if you did something just -- 19 THE WITNESS: I did not. 20 Q Did you direct anyone to do anything between that time, 21 September 23, 2014 and November 7th? 22 A Regarding a potential -- 23 Q Regarding a potential easement? 24 A When it hasn't happened yet? 25 Q Yes, sir.</p>

A. Weisselberg - Petitioner - direct (Solomon) Page 915

1 A I did not.

2 Q And did you direct them to do anything with regards to

3 a potential valuation of that easement estimated to be in excess

4 of \$30 million?

5 A I did not.

6 Q So you did nothing and didn't direct anyone to compare

7 that valuation on the chart on 9/23/2014 and any valuation that

8 might have appeared on the SOFC, did you do anything or direct

9 him to do anything?

10 A No.

11 THE COURT: That's much better than didn't you do

12 this.

13 MR. SOLOMON: I am guided by the Court's direction.

14 Q Can we look at the Jeff Supporting Data, PX 7198,

15 specifically lines 668 through 673?

16 MR. SOLOMON: And, Your Honor, while we're waiting

17 for that, I move to admit PX 317.

18 MR. ROBERT: Objection, Your Honor. I have several

19 grounds for the objection. The first is that it's from

20 2014, so we have a statute of limitations defense.

21 Secondly, I know during the course of the special

22 proceeding, which we weren't involved with, the Court made

23 certain rulings as to attorney/client privileged documents,

24 but I will note that not all the parties were defendants in

25 this case were parties to the special proceeding, so we

A. Weisselberg - Petitioner - direct (Solomon) Page 916

1 would still object to the admissibility of this document

2 under attorney/client privilege inasmuch as the document is

3 marked subject to attorney/client privilege.

4 Third, this was a document that was just produced

5 to us by the defendants -- by the plaintiffs, rather, for

6 their use today over the weekend and the order requires one

7 business day. I know Mr. Solomon said it was being used for

8 impeachment. As I heard the testimony, it's not

9 inconsistent. The question was was Mr. Weisselberg involved

10 in the development and he was more focused on the financial

11 side than the development side. So for those three bases we

12 would object to those being introduced into evidence.

13 THE COURT: Should we discuss them one at a time?

14 The statute of limitations objection is a standing

15 objection?

16 MR. ROBERT: Yes, sir.

17 THE COURT: And denied.

18 In terms of the attorney/client privilege, I think

19 once it's out there in the world, you don't get to object on

20 attorney/client privilege anymore. I understand that you

21 would have if you had been part of the investigation.

22 In any event we looked at it and it's not his

23 business, it's not attorney/client privilege. You can't

24 privilege something just by claiming it's attorney/client

25 privilege.

A. Weisselberg - Petitioner - direct (Solomon) Page 917

1 And the third objection that you would have to

2 discuss --

3 MR. ROBERT: The third objection is just of a

4 matter to quote Mr. Kise, if we produce something the night

5 before we're not going to stand on ceremony that it wasn't

6 24 hours. And I appreciate the Court's ruling on the

7 others. I just wanted to preserve the record.

8 THE COURT: And Mr. Solomon?

9 MR. SOLOMON: Do I need to respond? It sounded as

10 if he was just putting it on there to preserve his position

11 if and when they intend to introduce --

12 THE COURT: Well, we're just talking about the

13 third.

14 MR. SOLOMON: The third, very simply, Your Honor,

15 we're using it to impeach the witness so that if he was not

16 involved in the development or easement of the -- with

17 respect to the Seven Springs property.

18 THE COURT: And the document shows that he was?

19 MR. SOLOMON: We believe it does, Your Honor.

20 MR. ROBERT: Again, Your Honor, the question was

21 about the development and it wasn't about the easement.

22 Mr. Solomon's earlier question when he started to use the

23 document and then they -- it was going to be used solely for

24 impeachment purposes they wouldn't be using it saying they

25 intend to use it today because under our stipulation and

A. Weisselberg - Petitioner - direct (Solomon) Page 918

1 order with you the documents for impeachment don't have to

2 be exchanged.

3 So, again, the fact that they gave it to us

4 yesterday, I'm just making the point that we do the same

5 thing. And as far as the rest of it, we understand the

6 Court's ruling. We're just preserving the objection.

7 THE COURT: It's in evidence over two objections

8 and one half objection.

9 MR. SOLOMON: Thank you, Your Honor.

10 Q Sir, if you take a look at this, line four, 668. 668

11 through 680. Do you see that?

12 A 668?

13 Q 668, yes. Do you see where the gray line is across?

14 A Yes.

15 Q Okay. "Bedford seven mansions approved?"

16 A In Bedford, yes.

17 Q If you go up to 666, apologies for that number, but

18 that's where it is on the spreadsheet. "North Castle, land to

19 be used as part of main mansion."

20 Was that the land you were talking about that the

21 existing buildings were on?

22 A I don't know the towns they're in, but there was a

23 mansion already on the property. I do know that.

24 Q And if you go up one more to 665, "New Castle land to

25 be donated?" Do you see that?

A. Weisselberg - Petitioner - direct (Solomon) Page 919

1 A I see that.
 2 Q Okay. Now, the Bedford talks about seven mansions
 3 approved; right?
 4 A Yes.
 5 Q Do you recall the SOFC talked about nine?
 6 A Yes. I see that there was numbers. I don't know if
 7 they're included in the main mansion as being nine, but I see
 8 seven here. So you're saying we undervalued the -- we should
 9 have added two more to this?
 10 Q I'm asking.
 11 A I don't -- again, I didn't do this. I did not do this.
 12 This was Jeff McConney's spreadsheet, so I don't know what --
 13 why you count seven, I don't know.
 14 Q I was trying to understand if you could explain the
 15 apparent discrepancy between the seven and the nine. It sounds
 16 as if the answer to that is no?
 17 A I don't know. Maybe it shouldn't have been nine. He
 18 should have raised it. I don't know.
 19 Q Should have raised it -- sir, do you recall that there
 20 was actually an appraisal done in connection with the donation
 21 of a conservation of Seven Springs?
 22 A I believe I was involved in that exhausting the fee
 23 that was going to be charged by Cushman & Wakefield may have
 24 done an appraisal for Sheri Dillon that she was going to use for
 25 the conservation easement. Yes, I remember that.

A. Weisselberg - Petitioner - direct (Solomon) Page 920

1 Q Okay. Do you recall the appraised -- withdrawn.
 2 Do you recall that Cushman & Wakefield performed that
 3 appraisal?
 4 A I believe so.
 5 Q Cushman & Wakefield is a respected firm?
 6 A Correct.
 7 Q Do you recall the evaluation they came up with for the
 8 entirety of the Seven Springs property, the portion in Bedford,
 9 the portion in New Castle, the portion in North Castle?
 10 A No, I don't know.
 11 Q Would it surprise you to learn that it was in the area
 12 of 56 million for everything?
 13 A Yes. Again, I have no way to react to that.
 14 Q There is no way to react? It's 291 million on this?
 15 A Correct.
 16 Q And I've -- there is an appraisal for the entirety of
 17 the property, including the mansions of 56, 56 and a half
 18 million. You have no way to react?
 19 A I don't know what the appraisal with everyone
 20 including. Were they including mansions, were they including
 21 this land. I don't know. I may have seen the appraisal, so for
 22 me to comment on that would be unfair.
 23 Q You're the CFO -- you were the CFO, excuse me, at this
 24 time?
 25 A Correct.

A. Weisselberg - Petitioner - direct (Solomon) Page 921

1 Q You signed the management rep letters; right?
 2 A Yes, yes.
 3 Q And you don't recall if you knew there was an appraisal
 4 showing a difference of somewhere in the area of \$230 million in
 5 the valuation of an asset?
 6 A Correct. I did not see that appraisal. I don't recall
 7 seeing that appraisal, no.
 8 Q And it wouldn't matter to you because that's less than
 9 five percent of the net worth of 6 billion; correct?
 10 A That wouldn't come into play. I don't recall seeing
 11 the appraisal.
 12 Q The question is a little different.
 13 Even if you hadn't seen the appraisal it wouldn't
 14 matter to you because \$230 million difference is less than five
 15 percent of a net worth of \$6 billion?
 16 A Well, I didn't look at the net worth that year.
 17 Q So it was 6 billion -- if you saw a difference of
 18 \$230 million you wouldn't tell Mazars, would you?
 19 It's a yes-or-no question, sir. Would you tell Mazars
 20 if you saw the appraisal for an asset that you had previously
 21 identified at 291 million come in \$230 million less?
 22 A I don't know how to answer the question. The reason
 23 why I don't because --
 24 THE COURT: You don't know how to answer the
 25 question yes or no? Would you have told them if he was

Page 922

1 seeing --
 2 THE WITNESS: No. The answer is no.

<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 927</p> <p>1 A Is Wells Fargo the servicer of -- I want to give you 2 an answer that I think will help you. The servicer, Wells 3 Fargo, I don't know what loan they're servicing and every 4 servicer requires different things to be sent to them. The loan 5 documents say that as well. If a loan document said just send 6 us a summary, then we complied with that covenant in the 7 mortgage. If it says send us the Statement of Financial 8 Condition, they would have gotten that. 9 Evidently, this loan indicated that they wanted a 10 summary of a net worth, not the Statement of Financial 11 Condition. Without seeing the document, I'm doing this purely 12 from logic and memory, so if you had the loan document here and 13 you could point me to what the covenant indicated, I would be 14 able to answer the question better for you. 15 Q I think we can do it even faster without having you go 16 through all the loan documents. You were sending this to Wells 17 Fargo to comply with what you believed to be the obligations 18 under the loan agreements, right? 19 A Correct. 20 Q If you look at pages 44 and 45, similarly same date, 21 being sent to Wells Fargo again, correct? 22 A Same document over and over again. Same e-mail over 23 and over again, all dated November 17th. 24 Q Actually, it is not. If you look at the subject, the 25 loan numbers are different. On the first one, the loan number</p>	<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 929</p> <p>1 Q 92, yes, please. We now have October 25, 2018. 2 A I'm sorry. I'm not there yet. 3 Q Sure. 4 A I'm looking at the hard copy. 5 Q Yes. Do you have it? 6 A Yes, I'm flipping through it now. 7 Q This is again referencing loan 28000723, but this is 8 for October 2018. Do you see that? 9 A Yes. 10 Q Did you provide the -- withdrawn. 11 Did you certify that the above information on page 93 12 is true, correct and complete and fairly presents the financial 13 condition of Donald J. Trump as of June 30, 2018? 14 A This is 40 Wall Street. Yes. 15 Q Did you understand that this certification was a 16 requirement under the loan documents? 17 A Yes. 18 Q And that a failure to provide this certification would 19 be a breach of the Trump Organization's obligations under that 20 loan? 21 A Yes. 22 THE COURT: Seven-minute warning. You only have 23 seven this time. 24 Q Please turn to page 95 and 96. You'll see again it is 25 a cover e-mail, but this time, it's for loan 0920 and you</p>
<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 928</p> <p>1 is 723. On the second one, it is 920. And on the third one, 2 it's 213. Do you see that now, sir? 3 A I do, and that's very helpful because each one of those 4 loans, each one of those loans are, I believe, Ladder Capital 5 and they required a summary of Mr. Trump's net worth. So, 6 therefore, based upon what I believed to be the covenant, we 7 provided the summary and not the Statement of Financial 8 Condition with the notes. 9 Q And did you believe you were required to provide this 10 information to comply with the obligations under the loan 11 agreements? 12 A That's correct. 13 Q Let's turn to the next one at pages -- at page 86. 14 Excuse me. 15 A 86, did you say? 16 Q 86 of 230, yes. The page before, document withheld for 17 privilege, but we have a summary of net worth as of June 30, 18 2018. Do you see that? 19 A I do. 20 Q Were you certifying as a trustee that the above 21 information is true, correct and complete and fairly presents 22 the financial condition of Donald J. Trump? 23 A Yes. 24 Q Turn to page 92, please. 25 A You said 92?</p>	<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 930</p> <p>1 certify again same thing, correct? 2 A Correct. 3 Q And did you understand that you were providing this to 4 Wells Fargo to comply with Trump Organization's obligations 5 under the reference loan agreement? 6 A Correct. 7 Q Did you understand that if you failed to provide it, 8 the Trump Organization would be in breach of its obligations 9 under the loan agreement? 10 A Correct. 11 Q Next document, page 97 to 98. Again, we have a cover 12 e-mail, the last four digits of the reference loan is 0123. Do 13 you see that? 14 A I do. 15 Q Same certification, sir? 16 A Yes. 17 Q And did you understand that you were providing it in 18 compliance with the Trump Organization's obligations under the 19 reference loan? 20 A Correct. 21 Q And did you understand that if you failed to provide it 22 or Trump Organization failed to provide this, that it would be a 23 breach of its obligations under the loan? 24 A Correct. 25 Q Please turn to page 131. Just to confirm, on all of</p>

<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 931</p> <p>1 those certifications, you signed as the trustee, right?</p> <p>2 A I'm not going to go back now, but I believe so.</p> <p>3 Q If it says "trustee" under your name, you were signing</p> <p>4 as trustee?</p> <p>5 A I didn't want to go back and check them all. Yes.</p> <p>6 Q Understood. Page 131.</p> <p>7 A Okay.</p> <p>8 Q We are now in November of 2019.</p> <p>9 A Okay.</p> <p>10 Q First, there is a cover e-mail. You see that?</p> <p>11 A From Patrick Birney.</p> <p>12 Q To someone at midlandls.com. Do you see that?</p> <p>13 A Yes.</p> <p>14 Q Is that Midland Loan Servicing, if you know?</p> <p>15 A I don't know.</p> <p>16 Q Mr. Birney states, "Please see the attached report</p> <p>17 required per our loan documents for the above-referenced loan."</p> <p>18 Do you see that?</p> <p>19 A Yes.</p> <p>20 Q And up top under subject, there is an encrypt loan</p> <p>21 number. Do you see that?</p> <p>22 A Yes.</p> <p>23 Q If you turn to the next page 132, you're certifying as</p> <p>24 trustee that the above information is true, correct and complete</p> <p>25 and fairly presents the financial condition of limited</p>	<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 933</p> <p>1 as of June 30, 2019?</p> <p>2 A Yes.</p> <p>3 Q Did you understand that providing that certification</p> <p>4 was a requirement of the loan documents?</p> <p>5 A Yes.</p> <p>6 Q And that if you failed to do so, the Trump Organization</p> <p>7 would be in breach of one of the covenants under the loan</p> <p>8 agreements?</p> <p>9 A A covenant.</p> <p>10 Q Well, one or more, one or more?</p> <p>11 A Okay. I don't know how many covenants covered this,</p> <p>12 but okay.</p> <p>13 Q At least one?</p> <p>14 A Yes.</p> <p>15 Q Let's turn to page 148. We have from Patrick Birney</p> <p>16 this time to Wells Fargo. Do you see that?</p> <p>17 A I do.</p> <p>18 Q And he's attaching a limited guarantor under loans and</p> <p>19 there are four loan numbers, summary of net worth which appears</p> <p>20 on page 149. Do you see that?</p> <p>21 A Yeah. I just don't know what loan it is. There is</p> <p>22 just a loan number. I don't know what loan it is or</p> <p>23 what -- but -- what the covenant -- yes. Go ahead.</p> <p>24 Q You certified the foregoing above information is true,</p> <p>25 correct and complete and fairly presents the financial condition</p>
<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 932</p> <p>1 guarantor, correct?</p> <p>2 A Yes.</p> <p>3 Q Were you providing this certification in connection</p> <p>4 with the Trump Organization's obligations under the loan</p> <p>5 documents.</p> <p>6 A Yes.</p> <p>7 Q Did you understand if you failed to provide this, the</p> <p>8 Trump Organization would be in breach of one or more of its</p> <p>9 obligations under the loan documents.</p> <p>10 A A covenant.</p> <p>11 Q Or a covenant of the loan document?</p> <p>12 A Yes.</p> <p>13 Q The next page is another certification by you?</p> <p>14 A Yes.</p> <p>15 Q Actually or the same loan summaries, two copies were</p> <p>16 sent. Do you see that?</p> <p>17 A Yeah. I don't know why.</p> <p>18 Q Can you, please, turn to page 142.</p> <p>19 A Okay.</p> <p>20 Q The middle of the page, Mr. Birney indicates to Tiffany</p> <p>21 McCallop again at Midland LS that he is overnighting the report</p> <p>22 to you for delivery tomorrow. Do you see that?</p> <p>23 A Yes.</p> <p>24 Q If you turn to page 146, is that your certification of</p> <p>25 the limited guarantor's summary of net worth for loan 030308089</p>	<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 934</p> <p>1 of limited guarantor, right?</p> <p>2 A Yes.</p> <p>3 Q And you understood that was a requirement under the</p> <p>4 loan agreements?</p> <p>5 A Correct.</p> <p>6 Q You understood it would be a breach of a covenant if</p> <p>7 you did not provide this certification; is that right?</p> <p>8 A Yes.</p> <p>9 Q Turn to page 150, again, the cover e-mail. Do you see</p> <p>10 that?</p> <p>11 A Yes.</p> <p>12 Q And 151, another certification by you as trustee?</p> <p>13 A Correct.</p> <p>14 Q That the above information is true, correct and</p> <p>15 complete and fairly presents the financial condition of limited</p> <p>16 guarantor. You see that?</p> <p>17 A I do.</p> <p>18 Q Did you understand that providing this certification</p> <p>19 was required under the loan agreements?</p> <p>20 A Yes.</p> <p>21 Q Did you also understand that it would be a breach of a</p> <p>22 covenant if you failed to provide a certification?</p> <p>23 A Yes.</p> <p>24 Q Please turn to page 152. It is from Patrick Birney to</p> <p>25 Wells Fargo. Do you see that?</p>

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 935

1 A Yes.

2 Q And you'll see attached on the next several pages is a

3 certification -- all certifications by you that the foregoing

4 information contained on those pages describing a summary of net

5 worth of a limited guarantor under the reference loans as of

6 June 30, 2019 is true, correct and complete and fairly presents

7 the financial condition of limited guarantor; is that correct?

8 A Yes.

9 Q Did you understand that providing this certification

10 was required under the reference loan agreements?

11 A Yes.

12 Q And did you understand that a failure to provide a

13 certification would be a breach of a covenant under the

14 reference loan agreement?

15 A Yes.

16 THE COURT: Want to break or you --

17 MR. SOLOMON: I will be guided by the Court's

18 admonition that 3:20 was the right time.

19 THE COURT: As usual, I will take a 10-minute break

20 over the next 15 minutes.

21 (Witness exits the stand.)

22 (Whereupon, a recess was taken.)

23 (Witness resumes the stand.)

24 THE OFFICER: All rise. Part 37 is back in

25 session. Please be seated and come to order.

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 936

1 THE COURT: Very timely. Thanks. Please continue.

2 Q Mr. Weisselberg, let's talk about Trump Central Park

3 South for a moment if we can.

4 Did there come a time that the Trump Organization

5 sought a loan from Ladder Capital secured by either the

6 residential or commercial units at Central Park South?

7 A I believe so.

8 Q Was this in or around 2017?

9 A I don't recall the year.

10 Q Do you recall that the principal amount of the loan was

11 approximately \$25 million?

12 A Sounds about right.

13 Q Was this a short-term loan of one year or less?

14 A I believe so, yes.

15 Q Do you recall the loan could actually be paid back in

16 two months without penalty?

17 A I don't recall the terms at all.

18 Q Do you recall it could be paid back earlier without

19 penalty?

20 A I don't recall.

21 Q Was the loan entered into -- was the loan entered into

22 because the Trump Organization needed the proceeds from the loan

23 to fund a settlement?

24 A I don't recall -- you know, like every year's -- it's

25 six years ago. I don't remember exactly why.

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 937

1 Q See if I can refresh your recollection. This was a

2 loan with Ladder Capital, right?

3 A Yes.

4 Q In fact, the person on the other side of the loan for a

5 period of time was Jack Weisselberg, your son?

6 A I don't know who Ladder dealt with then, if it was my

7 son, maybe somebody else there. I don't know.

8 Q Did you have communications with Jack Weisselberg about

9 this loan?

10 A It's certainly possible.

11 Q Does it refresh your recollection if I were to tell you

12 that the Trump Organization was waiting on certain sales of

13 units, condominium units to close in order to obtain the funds

14 it needed?

15 A Sounds right.

16 Q Was the reason the Trump Organization needed the loan

17 was because it did not want to use its own cash on hand at that

18 time?

19 A I don't recall the reason why, but I don't recall the

20 reason why.

21 Q Was -- to your knowledge, was there a concern that the

22 Trump Organization, that if it used its own cash on hand, it

23 would breach its liquidity covenants under existing loans with

24 other lenders?

25 A Again, without having the numbers in front of me, I

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 938

1 don't recall.

2 Q Without the numbers, you don't recall one way or the

3 other if the Trump Organization sought this short-term

4 \$25 million loan in order to avoid breaching its liquidity

5 covenants under loan agreements?

6 A I don't recall.

7 Q Doesn't sound familiar to you at all?

8 A It sounds somewhat familiar, but I don't recall.

9 Q See if I can refresh your -- well, let's see if I can

10 refresh your recollection.

11 A Okay.

12 Q Are you familiar with any situation in which you either

13 had a concern or an issue with breaching the liquidity covenants

14 under any loan agreement entered into by the Trump Organization?

15 A Are we going back ever?

16 Q 2011 to present.

17 A Did I ever have a concern about breaching the liquidity

18 requirements under a loan? I honestly -- possibly. Possibly.

19 I just don't recall exactly specifically if I did or not, but

20 it's possible. I don't recall.

21 Q If you don't recall specifically what about generally,

22 do you have a general recollection that you had to take a

23 short-term loan from Ladder in order to pay a settlement?

24 A I recall the time that we had the apartments that we

25 sold, they were contracted to be closed. I don't know what year

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 939

1 it was. When you say 2017, that's certainly possible. I don't
 2 recall the year. Was there a concern about liquidity?
 3 Possibly.
 4 Q So your testimony is it is possible that there was a
 5 liquidity concern over a \$25 million payment; is that right?
 6 A Or we didn't -- or we chose not to use our own cash
 7 for another --
 8 Q That's not my question, sir. You spoke about liquidity
 9 and you said it was possible, so I want to make sure your
 10 testimony is crystal clear.
 11 Is it possible that there was a concern about breaching
 12 a liquidity requirement in existing loan agreements that caused
 13 the Trump Organization to obtain a short-term loan from Ladder
 14 Capital?
 15 A It's possible.
 16 Q Are you familiar with a partnership or partnerships
 17 that the Trump Organization has with Vornado?
 18 A Yes.
 19 Q These partnerships own the buildings at 1290th Avenue
 20 of the Americas in New York; is that right?
 21 A Yes.
 22 Q As well as 555 California Street in California, right?
 23 A Correct.
 24 Q Do those partnership entities maintain bank accounts to
 25 your knowledge?

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 940

1 A I'm sure they do, yes.
 2 Q Between 2011 and your departure from the Trump
 3 Organization, to your understanding, could the Trump
 4 Organization access any of the cash in the partnership accounts
 5 without Vornado's consent?
 6 A Not without, no.
 7 Q To your knowledge, did the cash identified on Mr.
 8 Trump's Statements of Financial Condition between 2011 and your
 9 departure include the cash or his portion of the cash held in
 10 the Vornado partnership accounts?
 11 A I believe it did along with their portion of accounts
 12 payable as well.
 13 Q Is accounting for in that way in a financial statement
 14 a proper way to account for it under GAAP?
 15 A Again, I'm not familiar with GAAP, so I would leave it
 16 up to Mazars.
 17 Q As we saw earlier, you represented to Mazars that the
 18 Statements of Financial Condition complied with GAAP except as
 19 noted, right?
 20 A Based upon Mazars' --
 21 Q Yes or no, sir. You made that representation to Mazars
 22 that the Statements of Financial Condition complied with GAAP
 23 except as noted; is that correct?
 24 A Yes.
 25 Q Do you know Doug Parson?

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 941

1 A I never met him, no. I know the name. I never met
 2 him.
 3 Q Who is he? You communicated with him; is that correct?
 4 A I don't know if I did directly or Jeff and Patrick did.
 5 He may have sent me an e-mail periodically. It's possible. I
 6 just don't remember.
 7 Q Was he at Cushman & Wakefield at some point in time, to
 8 your knowledge?
 9 A I believe he was there and then I think he moved on to
 10 Newmark.
 11 Q Did you ever have any discussions with him whether over
 12 the phone, in person, e-mail, any other form of communication
 13 concerning a valuation issue for any Trump Organization asset?
 14 A If I had a conversation, I don't recall it. It's over
 15 the many years. It's certainly possible we said hello to each
 16 other, but I don't recall speaking with him. That was pretty
 17 much in Jeff and Patrick's hands to deal with him.
 18 THE COURT: But the question wasn't conversation.
 19 It was communication, which would be conversation, face to
 20 face, telephone, e-mail, text, et cetera.
 21 THE WITNESS: Yes, your Honor. As I mentioned,
 22 there may have been an e-mail at some point to me. That's
 23 possible, yes.
 24 MR. SOLOMON: Could we, please, mark PX 3110.
 25 Q Let's take that down and come back to it in a moment.

Page 942

1 When Mr. Larson was at Cushman, did the Trump
 2 Organization, not just you, but the Trump Organization, to your
 3 knowledge, use his services?
 4 A I don't recall. I think banks -- banks who were
 5 providing funding -- to answer your question, I don't remember.

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 943</p> <p>1 Q I imagine that you left Cushman at some point in time? 2 A I believe so. 3 Q Do you have any idea when that was? 4 A No. 5 Q You eventually went Newmark? 6 A Yes. 7 Q To your knowledge did anyone at the Trump Organization 8 use Mr. Larson's services when he was at Newmark? 9 A Not that I'm aware of. 10 Q Let's talk a little bit about how the Trump 11 Organization obtains insurance coverage. 12 During your time as CFO, let's say from 2011 until your 13 departure, what was the process, if any, for the Trump 14 Organization to either renew its existing insurance or obtain 15 new insurance coverage? 16 A So Ron Leiberman, whose name I mentioned earlier, he 17 was in charge of our insurance and he dealt with AON. We'd have 18 meetings periodically. It was a group of I think three or four 19 of us who would listen to AON about what was coming up in the 20 way we rules, what the market was like, where our premiums might 21 be going, coverages, availability of coverages and then at some 22 point it will come back with a program whether it was for 23 liability insurance or for property insurance and -- or aviation 24 and then we would make some decision as to which policy we would 25 take.</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 945</p> <p>1 of Pamela Newton. Do you see that? 2 A Yes. 3 Q And you are one of the recipients; right? 4 A Yes. 5 Q February 14, 2013? 6 A Yes. 7 Q And you say, "Gentlemen, AON is committed to delivering 8 to the Trump Organization the best service and the best 9 results;" right? 10 A Yes. 11 Q And right under there writes, quote, "a team of four?" 12 A That's where it came from. 13 Q I was going to ask you does that refresh your 14 recollection? 15 A Yes, I never heard it until -- yes, team of four, okay. 16 Q Was Pamela Newman the Trump Organization's 17 representative at AON? 18 A I think she was the point person. 19 Q So it's fair to say that the four of you, the team of 20 four, were involved in dealing with AON? 21 A I didn't deal with them other than to attend the 22 meeting. Ron Leiberman dealt with them more on a day-to-day 23 basis, but when there was a meeting we wanted to discuss our 24 insurance program, then all four of us would come to those 25 meetings. I would say for the most part Ron Leiberman was the</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 944</p> <p>1 Q What about sureties? 2 A Sorry? 3 Q What about sureties? 4 A We had some sureties, not very much, I don't believe. 5 Relatively small that I can remember. If we used to work on the 6 golf course and they ask for a surety bond for a few bucks, we'd 7 put one up. Nothing major. 8 Q You mentioned there was a group of people. Have you 9 heard the expression, "a team of four?" 10 A I did hear it. I don't know where it came from. 11 Q Did it come from someone at AON? 12 A Maybe, yes. Yes, possibly. 13 Q Do you know who the four people are that were part of 14 that group? 15 A I was on it, Ron Leiberman, I believe Michael Cohen was 16 on it, and Matthew Culinary (ph). 17 Q You mentioned you would meet with AON; is that correct? 18 A AON with 13. 19 Q And AON would act as the broker for the Trump 20 Organization; is that correct? 21 A Correct. 22 Q And they would solicit bids from potential insurers; 23 correct? 24 A Correct. 25 Q Sir, this is an e-mail Martha Blackman sent on behalf</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 946</p> <p>1 one -- was the interface of the company with AON. 2 Q You were involved in coverage buying decisions? 3 A We -- all the four of us were. 4 Q Were you involved in any other aspect of insurance 5 coverage for the Trump Organization? 6 A I am not sure -- it's a broad question. I'm not sure 7 what that means. 8 Q Well, you will say there are different roles identified 9 here and after your name it says "coverage buying decisions." 10 Do you see that? 11 A I see it now. I was focused over here. 12 Q That's all right. 13 And you indicated that other people were involved in 14 that? 15 A Correct. 16 Q I'm just curious if you were involved -- since there 17 may have seems to be overlap -- if you were involved in any of 18 the other areas identified in this exhibit? 19 A No. I wasn't involved in the claims or casualty of 20 risk. That wasn't something that I did, no. 21 MR. SOLOMON: Can we move PX 3119 into evidence, 22 please? 23 THE COURT: Granted. It's in evidence. 24 Q Now, did the existing insurers and sureties for the 25 Trump Organization want to see annual financial statements?</p>

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 947</p> <p>1 A The insurance companies, meaning the ones that bought 2 the property insurance and liability insurance? 3 Q Yes. 4 A I don't recall them asking for it, no. 5 Q Do you recall if the sureties asked for an opportunity 6 to review the financial statements? 7 A The surety, yes. 8 Q In fact, as a condition of either retaining a new 9 surety coverage, the sureties insisted upon it; is that right? 10 A That I don't know, but we had meetings every year and I 11 don't know who that was -- yes, I don't know whether or not that 12 was a requirement. Ron Leiberman might know that it was a 13 requirement, but when they asked me to attend the meeting, I 14 would just go to the meeting with the Statement and review it 15 with them. 16 Q Okay. You didn't give them a copy -- excuse me -- you 17 didn't give the surety company a copy of the Statement of 18 Financial -- 19 A No, we allowed them into the office to spend as much 20 time to review it, yes. 21 Q And they were allowed to make notes; right? 22 A Yes. 23 Q Did you have any understanding as to why they wanted to 24 come in each year and review the current -- or then current 25 Statement of Financial Condition?</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 949</p> <p>1 A Oh. 2 Q The second was did you ever learn from anyone else that 3 they had made that request? 4 A I do not recall that, no. 5 Q Did you ever advise any of the brokers, insurers or 6 sureties that you had appraisals performed by a third party for 7 any of the assets on the Statements of Financial Condition? 8 A I don't recall them doing that, no. 9 Q You don't recall. Is it possible you did? 10 A No, he didn't. 11 Q Did you ever advise any of the brokers, insurers or 12 sureties that you had valuations performed by a third party from 13 any of the assets on the Statements of Financial Condition? 14 A Not that I can remember, no. 15 Q Let's take a look at PX 1552. Actually, before we -- 16 no. 17 MR. SOLOMON: I guess 3119 came into evidence 18 already; right? It did? 19 Q Okay. Let's turn to PX 1552, please. 20 Sir, do you recall meeting with someone from Zurich 21 Insurance in or about November of 2018? 22 A We met with them manually, so I'm not sure the date, 23 but we met with them manually. 24 Q Do you recognize the name Claudia Markarian? 25 A I don't know who she is because the people changed</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 948</p> <p>1 A I really don't know why. 2 Q Did you have an understanding that they would decline 3 to renew your policy if you did not give them the opportunity -- 4 let me rephrase that. 5 Did they require the Trump Organization to give them an 6 opportunity to review the Statement of Financial Condition as a 7 condition of renewing the policy? 8 A If that were the case they would have communicated that 9 to AON who would have communicate that to Ron Leiberman who 10 would have asked me to go to a meeting with the Statement of 11 Financial Condition. 12 Q When the sureties or representatives from the sureties 13 came to your offices to review the Statements of Financial 14 Condition were you present? 15 A Yes. 16 Q Did anyone from any of sureties ever ask, either you 17 directly or in your presence, whether there were appraisals from 18 any of the assets identified on the Statements of Financial 19 Condition? 20 A Not that I can remember. 21 Q Did you ever come to learn that any of the sureties 22 asked about the existence of appraisals from any of the assets 23 on the Statement of Financial Condition? 24 A I'm not sure I understand that. Learned from? 25 Q First question was in your presence?</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 950</p> <p>1 every couple years, so if she was there on behalf of Zurich, I 2 would say she was a representative, yes. 3 Q Do you also have in front of you, please, PX 773, which 4 is the June 30, 2018 Statement of Financial Condition. 5 Now, sir, if you look at Ms. Markarian's notes and you 6 go down to the "cash on hand," which is under the 11/28/2018, 7 the third dash. Do you see that? 8 A Yes. 9 Q Okay. And if we turn to the Statement of Financial 10 Condition assets page, please. You'll see Ms. Markarian notes 11 cash on hand was 76.2 million. That matches exactly; right? 12 A Correct. 13 Q And she notes escrow funds were 22.7 million? 14 A Correct. 15 Q Matches? 16 A Correct. 17 Q Total assets, 6.6 billion. Do you see that in the next 18 dash on Ms. Markarian's notes? 19 A I'm looking. I'm sorry. 20 Q Sorry. If you look up on the screen, sir? It's 21 highlighted? 22 A Yes, yes. 23 Q And if you look on the Statement of Financial 24 Condition, 6.538, round it to 6.6 billion. So she is right 25 again?</p>

A. Weisselberg - Petitioner - direct (Solomon) Page 951

1 A Yes.

2 Q The largest property is Trump Tower at 732. Do you see
3 that?

4 A Yes.

5 Q And on the Statement of Financial Condition Trump Tower
6 first entry 732. So her notes are all consistent with the
7 Statements of Financial Condition; right?

8 A She is copying numbers from here, so she should be
9 accurate.

10 Q She is right about everything; right?

11 A About that.

12 Q About that, okay.

13 Now, she also states in the fourth dash, second
14 sentence: "The fair value of the properties is determined by
15 professional firms (such as Cushman & Wakefield) using cap rates
16 and net operating income as factors." Do you see that?

17 A Not correct.

18 Q It's not correct?

19 A Not correct. As a matter of fact, if you look at a
20 prior underwriter's report that is absolutely not correct.

21 Q So she is right about everything else except that?

22 A Well, it's easy to copy numbers, but where she got that
23 from, I don't know.

24 MR. SOLOMON: Let's mark as PX 1561 for
25 identification, please.

A. Weisselberg - Petitioner - direct (Solomon) Page 952

1 Q Now, this is another meeting note report from
2 Ms. Markarian; correct?

3 A I happened to glance down to the same area you
4 mentioned before --

5 Q Okay.

6 A -- with the appraisals.

7 Q And she has cash on hand matches?

8 A Yes, good copy job. She is copying numbers from there.

9 Q She got it all right for the numbers; right?

10 A She copied the numbers correctly.

11 Q Okay. The fifth dash, second sentence?

12 A Yes.

13 Q "The fair value of the properties is appraised annually
14 by a professional firm. This year it was done by Newmark Group
15 and has previously done" -- "been done by Cushman & Wakefield."
16 The reason for the change is the individual at Cushman
17 & Wakefield with whom the organization had a longstanding
18 relationship with moved to work at Newmark?

19 A Correct.

20 Q Hence, Trump Organization continued to work with the
21 same person for their property valuations. Do you see that?

22 A That is work with the same person to gather the data,
23 as I indicated earlier this morning, from Doug Larson to give us
24 some summary of properties that was sold to get cap rates and be
25 able to do comps. That's what we got from Doug Larson and he

A. Weisselberg - Petitioner - direct (Solomon) Page 953

1 never did appraisals for us. We don't have any appraisals from
2 him.

3 Q Did you tell Ms. Markarian that you were using someone
4 at Cushman?

5 A No. I -- it may have been Jeff. It may have been Jeff
6 who is sitting in the same meeting or Patrick Birney that they
7 were reaching out to Cushman, speak to Doug Larson to get this
8 report every year. So we can take that report and be able to
9 take it and to be able to value up partial properties.

10 Q And Ms. Markarian was correct that the Trump
11 Organization's person had moved from Cushman to Newmark; right?

12 A Whoever dealt with her at the time, whether it was Jeff
13 or Patrick Birney, probably told her that, sure.

14 Q You don't recall ever telling her that?

15 A I don't recall telling her that, no.

16 Q Were you present when someone told her that?

17 A I don't remember if it was Jeff or Patrick. When I --
18 my purpose in those meetings if you read her notes carefully it
19 indicated that I spoke to her on the company on a broad basis;
20 where the company was going, what it was doing, our debt that we
21 had with her company, but when it came to discussing asset
22 valuations, that I left to Jeff and to Patrick since they work
23 on those. I never discussed that with her, no.

24 Q Were you present for all the conversations Jeff and
25 Patrick had with Ms. Markarian?

A. Weisselberg - Petitioner - direct (Solomon) Page 954

1 A It was all purpose of the same meeting.

2 Q So were you there when they described to her how the
3 assets were valued?

4 A Yes, I was at the meeting and they told her that they
5 called Doug Larson and Larson provided a summary of comps for
6 downtown Manhattan or midtown Manhattan and he would take those
7 -- Jeff would take those comps or Patrick would, valuations and
8 cap rates and so on and then he would do his computation, but to
9 say that we --

10 THE COURT: Finish, please.

11 A To say that we got appraisals from them, that was -- I
12 don't recall that conversation at all.

13 THE COURT: Can you read back the last question?
14 And listen carefully.
15 (Whereupon, the requested portion of the
16 proceedings was read back by the court reporter.)
17 THE COURT: That's a simple yes or no --
18 THE WITNESS: Yes, I was there.

19 Q Were you there when they told her that their person had
20 left Cushman and gone to Newmark?

21 A I don't know if he told her that then or later. I may
22 have gone out for a minute, so it's possible I was sitting there
23 at the time.

24 Q So is it possible when you went out for a minute, they
25 told them -- they told Ms. Markarian they had valuations?

<p>A. Weisselberg - Petitioner - direct (Solomon) Page 955</p> <p>1 A They didn't have valuation. 2 Q Wasn't my question. 3 Before you said you were in the meeting; now you said 4 you may have stepped out for a minute? 5 A No. The question you asked me was I there when they 6 told her that Mr. Larson moved from Cushman to Newark. I 7 probably was sitting there when they said that, but is it 8 possible they ran for a second to do something, it is. 9 But as far as valuation are concerned we have never 10 gotten appraisals on our properties. We didn't have a reason 11 to. If we were going for financing a bank would require that 12 they would do it. We have no reason to go out and just 13 arbitrarily spend hundreds of thousands of dollars, hundreds of 14 thousands of dollars to appraise a property. For what purpose? 15 She is not a real estate person. She is in insurance 16 business. She doesn't know a good appraisal property from 17 something else, but we had no real reason to go out and get an 18 appraisal. It was no purpose for it. 19 Q So now you're testifying about what you believe 20 Ms. Markarian knows and doesn't know? 21 A No. I'm saying she worked for an insurance company and 22 I think don't know if she has the knowledge of real estate, but 23 from what she's written here it just seems as though she does 24 not. I'm not telling you she doesn't. I just want to read it. 25 Q You said you didn't get appraisals; right?</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 957</p> <p>1 Q At any point in time did you have an appraisal for 40 2 Wall Street? 3 A It's possible. I don't recall. 4 Q Did you have an appraisal for Seven Springs? 5 A That was done for the conservation easement. 6 Q So the answer is yes? 7 A Yes. 8 Q At some point in time do you recall obtaining a copy of 9 an appraisal that was done for a lender on what was referred to 10 as the Miami property? 11 A I don't know what property that is. 12 Q Did you sign a lease to allow a lender to provide a 13 copy of an appraisal to you for a property in Florida? 14 A I may have. I don't recall. 15 Just so you understand, if I may? Appraisals basically 16 is an art. It's not a science. An appraisal doesn't 17 necessarily mean what the person preparing that appraisal is 18 always perfect. History has proven that all the time because 19 you can have a recession and three years before that no one 20 could have thought of a recession and all of a sudden values 21 that were projected to being X now became Y because nobody could 22 predict the future and know what you know at the time, but 23 again, it's an art. It's not a science. 24 THE COURT: Okay. There is no question. 25 MR. SOLOMON: Your Honor, move to strike as</p>
<p>A. Weisselberg - Petitioner - direct (Solomon) Page 956</p> <p>1 A We did not get appraisals. 2 Q Did you have an appraisal for 40 Wall Street? In the 3 Trump Organization's possession was there an appraisal for 40 4 Wall Street? 5 A There was -- 6 Q It's a yes-or-no question, sir. 7 MR. KISE: In what year are we talking about now? 8 What year of this meeting are we talking about, in 2011? 9 THE COURT: The question is at anytime. 10 MR. KISE: At anytime. 11 MR. SOLOMON: The witness has testified we didn't 12 get appraisals. 13 THE WITNESS: We didn't get -- we didn't hire 14 anybody to get appraisals. 15 Q But did you have appraisals in your possession? 16 A It's possible, but we never ordered an appraisal. 17 Q Let's talk about appraisals you had in your possession, 18 whether or not you ordered them or came into their possession 19 through some other means. Did the Trump Organization have 20 appraisals in its possession? 21 A If we had appraisals it doesn't necessarily mean we 22 used them for any purpose. Well, if you want a yes-or-no 23 answer, that's what you're looking for, the answer is I don't 24 remember if we had appraisals. I don't recall at this point if 25 we had appraisals in our office.</p>	<p>A. Weisselberg - Petitioner - direct (Solomon) Page 958</p> <p>1 nonresponsive as there was not even a question pending. 2 THE COURT: Granted. That whole speech is 3 stricken. There wasn't any question. 4 Q I'll just make sure that my question wasn't too narrow. 5 When I'm asking about appraisals the Trump Organization 6 has, I'm including appraisals that may have been done by a bank 7 but then subsequently came into the Trump Organization's 8 possession. Did you understand my question to include those as 9 well? 10 A No, I didn't before. 11 Q Okay. Then let's go back. 12 THE COURT: I didn't either for the record. 13 MR. KISE: I didn't either. That's why I'm making 14 my objection about time frame because it's very confusing. 15 We're talking about a 2019 meeting. Does he mean at anytime 16 in the 30 years? 17 THE COURT: I don't think we're talking about the 18 2019 meeting anymore. 19 Q Let's limit it to 2011, the time when you left the 20 Trump Organization. 21 Did the Trump Organization have in its possession 22 appraisals, whether or not ordered by the Trump Organization, a 23 lender or some other third party? 24 A It's a possibility we had some, yes. 25 Q And did you or anyone in your presence advise</p>

Page 959

1 Ms. Markarian that you had those appraisals?
 2 A Not that I can remember. When she was there we talked
 3 about a specific year. If it was a yes-or-no answer, it doesn't
 4 fit into the category. I'm sorry.
 5 I don't mean to be disrespectful to the Court, but if
 6 he's talking about 2019 did I have an appraisal in 2018 or 2019,
 7 I don't think we did. If we're going back to an earlier year,
 8 maybe we're discussing 2019 right now. Are you referring to a
 9 different time period?
 10 Q I'm asking from 2011 to your departure.
 11 A Did we ever have an appraisal? We may have an
 12 appraisal a year after it was issued, possibly. Banks don't
 13 have to give it to you; it's their property. They -- we pay for
 14 it, but it belongs to them.

1 Q Let's talk about Mar-A-Lago for a moment. Are you
 2 aware of any deed restrictions relating to the Mar-A-Lago
 3 property?
 4 A I'm not familiar with the deed regarding Mar-A-Lago.
 5 It happened many, many years ago. I don't -- I don't recall
 6 reading the deed. I may have had it in my file -- in my
 7 office. I never even looked at it. It's more a legal document
 8 that the lawyers in our office might have, but I never
 9 del- -- I never really delved into it, no.
 10 Q Do you know if Mr. McConney was aware of any deed
 11 restrictions relating to Mar-A-Lago?
 12 A I don't know if he did or did not. I don't know.
 13 Q Do you know if Mr. McConney considered any deed
 14 restrictions with respect to Mar-A-Lago when determining the
 15 value of the property for the Statements of Financial Condition?
 16 A I don't know.
 17 Q But you testified earlier you relied upon Mr. McConney?
 18 A I did.
 19 Q For the Statements of Financial Condition, correct?
 20 A Correct.
 21 Q I'm going to go back to the Statements of Financial
 22 Condition for a moment. Once you became a trustee and Mr. Trump
 23 became president, who, if anyone, had final signoff authority
 24 for the SOFC's?
 25 A Good question.

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 961

1 Q Thank you.
 2 A You're more than welcome. I don't recall how -- I
 3 think once the statement was compiled, whether we went to Eric
 4 Trump and just showed it to him, I just don't remember what
 5 happened. It was a lot going on because the company changed how
 6 we do business because of Donald not being there. It was easier
 7 for me to walk into his office. I don't recall whether anyone
 8 had a final signoff on the documents. I don't recall.
 9 Q At some point before you sent it to Mazars, you had to
 10 have a comfort level that it was complete and accurate, right?
 11 A That it was -- yes.
 12 Q And who made the final call that it was complete and
 13 accurate?
 14 A I don't remember. I don't remember when we -- whether
 15 Jeff went down to Eric and spoke to him or not. I just don't
 16 remember.
 17 Q Donald Trump, Jr. was also a trustee, correct?
 18 A Correct.
 19 Q For the statement of financial condition after Mr.
 20 Trump became president, those were statements that were done by
 21 the trustees; is that correct?
 22 A Statements done by the trustees?
 23 Q It says the trustees have -- to the effect of the
 24 valuations have been done by the trustees in consultation. Do
 25 you recall that?

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 962

1 A No.
 2 Q Let's open that up, PX 773. Do you recognize this to
 3 be the Donald J. Trump Statement of Financial Condition for year
 4 ending June 30, 2018?
 5 A Yes.
 6 Q Turn to the second page.
 7 A Okay.
 8 Q Very first line, the trustees of the Donald J. Trump
 9 Revocable Trust dated April 7, 2014 as amended on behalf of
 10 Donald J. Trump are responsible for the accompanying Statement
 11 of Financial Condition as of June 30, 2018 and the related notes
 12 to the financial statement in accordance with accounting
 13 principles generally accepted in the United States of America,
 14 do you see that?
 15 A Yes.
 16 Q If you can turn to under real and operating properties,
 17 Trump Park Avenue. Do you see that?
 18 A Sorry? I'm looking at the hard copy.
 19 Q Sure. Page seven, page 9 of 24 of the exhibit.
 20 A Yes.
 21 Q You will see the estimated -- just for Trump Park
 22 Avenue as an example, the estimated current value of 175,700,000
 23 is based upon an evaluation made by the trustees in conjunction
 24 with their associates and outside professionals of the amount
 25 that will be earned as a result of the sale of the remaining

<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 963</p> <p>1 condominium units as well as applying a capitalization rate to 2 the stabilized net operating income to be derived from the 3 commercial space. 4 A Yes. 5 Q Does that refresh your recollection that the trustees 6 in conjunction with their associates, outside professionals, 7 others made a determination as to the evaluation that appears on 8 the Statement of Financial Condition? 9 A Those words took the place of Donald J. Trump. 10 Q So did the trustees do anything or did they just use 11 the prior numbers? 12 A Prior numbers? 13 Q In other words, it says the trustees made an 14 evaluation, right? 15 A The statement was prepared the same way every year if 16 that's your question. But now, instead of Donald J. Trump and 17 his associates and outside professionals, it now says trustees 18 instead. 19 Q What, if anything, did you as a trustee do to determine 20 the estimated current value of 175,700,000 as reflected in the 21 document that we're looking at? 22 A Same thing I did before. The CFO Jeffrey McConney and 23 Patrick Birney arrived at values and I reviewed them. 24 Q Other than reviewing someone else's work, did you do 25 any independent work?</p>	<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 965</p> <p>1 Patrick. There were people that got other information as I 2 mentioned earlier this morning. Different parts of the 3 statements were done by different people, so not just Jeff and 4 Patrick, but it could have been some other people that submit 5 information that Jeff and Patrick needed in order to finish the 6 statement such as cash balances and things of that nature. 7 Q Did you discuss the Statement of Financial Condition 8 before it was finalized with Donald Trump, Jr. for the years 9 when you were both trustees? 10 A I don't remember. I don't remember. 11 Q Do you know if Mr. McConney or anyone in his direction 12 ever explained to Donald Trump, Jr. during the years he was a 13 trustee how the values were calculated on the Statement of 14 Financial Condition? 15 A That is something you would have to ask him if he did 16 it. I don't know. 17 Q Was it -- was that explanation ever given or 18 description ever given in your presence? 19 A Not in my presence, no. 20 Q Did you tell Donald Trump, Jr. during the time you were 21 both trustees how the values were calculated? 22 A Not that I can remember. 23 Q Do you know if Mr. McConney ever provided a copy of his 24 supporting data spreadsheet to Donald Trump, Jr. when Mr. Trump 25 was a trustee?</p>
<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 964</p> <p>1 A No. I'm not a valuation person. I relied upon the 2 people that I relied upon in the prior 25 years. 3 Q I believe you told me earlier Donald Trump, Jr. was 4 also trustee at this point in time? 5 A Yes. 6 Q What, if anything, did he do, to your knowledge, to 7 determine the estimated current value? 8 A I don't believe he did anything. It was -- it was 9 done by the same people that did it for 25 years. 10 Q And those are people you relied upon? 11 THE COURT: Ten-minute warning. 12 A Yes. 13 Q Did Donald J. Trump have any familiarity with these 14 people, to your knowledge? 15 A People meaning -- 16 Q Meaning the ones you relied upon. 17 A Jeffrey McConney and Patrick Birney? 18 Q Yes. 19 A Yes. 20 Q Do you know if he relied upon the same people you 21 relied upon? 22 A I believe he did, yes. 23 Q Are those the associates that are referred to in this 24 description in the notes? 25 A Along with others that may have worked with Jeff and</p>	<p>A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 966</p> <p>1 A If he did, I wouldn't know about it. I wasn't there to 2 see it. 3 Q Sir, we put back up and I asked you to look at the 4 third page of the exhibit. That's the asset page. We were 5 talking generally about the Vornado cash earlier. Do you recall 6 that? 7 A I do. 8 Q This was amounts that were held in the partnership 9 accounts for the partnerships between the Trump Organization and 10 Vornado, right? 11 A Correct. 12 Q That's what we were talking about. 13 Just so we're clear, does that \$76,200,000 number 14 include any of the cash that's held in the Vornado accounts? 15 A Again, if you can show me the spreadsheet that Mr. 16 McConney put together, that might answer the question. It would 17 help me. 18 Q As you sit here today, do you know -- 19 A I think it does, but I would like to be reassured by 20 looking at the spreadsheet if you don't mind. 21 Q We can go back to that. 22 For the club facilities and related real estate, do you 23 see that entry? 24 A Yes. 25 Q 2.3499. To your knowledge, does that include future</p>

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 967

1 development of any of those properties?
 2 A Yes.
 3 Q Is the value of that future development for any of
 4 those properties discounted to present value?
 5 A No. I believe according to GAAP, we are allowed to use
 6 future value to value the asset this way. We relied upon the
 7 Mazars firm. They saw the spreadsheets. They saw the future
 8 value and they did not say anything about the number at all.
 9 Otherwise, it would have changed.
 10 Q So now you're telling me you do know something about
 11 GAAP?
 12 A I know about GAAP as we discussed this morning, about
 13 what the personal statement versus a corporate statement.
 14 That's my limited knowledge of GAAP.
 15 Q Well, you just told me that GAAP allows you to record
 16 that without having to reduce it to present value. You just
 17 told me.
 18 A What I told you was that Donald Bender and Mazars's
 19 firm who are GAAP experts, who are a CPA firm, they know the
 20 rules of GAAP and they allowed future values to be put on this
 21 statement because they saw the spreadsheet from Mr. McConney and
 22 it showed future value. So based on that, I understand that you
 23 could use future value in order to be able to value assets on a
 24 personal financial statement.
 25 Q And it is your testimony that they saw future values on

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 968

1 the spreadsheet; is that right?
 2 A I -- again, without having the spreadsheet in front of
 3 me, that's all Bender would have had in front of him.
 4 Q Well, you just said they saw the spreadsheet.
 5 A Yeah. Yeah, because Jeff gave them every spreadsheet.
 6 Whatever they wanted, Jeff will give it to them.
 7 Q Is it your testimony that those spreadsheets indicated
 8 that those were future income streams?
 9 A I believe -- I'm trying to recall without seeing the
 10 spreadsheet in the words that are on there. I believe so.
 11 Q But you, sir, on behalf of the Trump Organization up
 12 until when Mr. Trump became president and then as a trustee
 13 certified or represented to Mazars that the statements complied
 14 with GAAP you did that, right? Yes or no?
 15 A Yes.
 16 Q Mazars didn't certify to you that they were complying
 17 with GAAP, did they; yes or no?
 18 A Yes.
 19 Q Yes, they did?
 20 A Rephrase your question.
 21 THE COURT: Perfect example.
 22 MR. SOLOMON: Yes.
 23 Q Did Mazars certify to the Trump Organization that the
 24 Trump Organization's financials complied with GAAP?
 25 A Mazars would not have released a statement if it did

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 969

1 not comply with GAAP because they were the GAAP experts.
 2 Q And they were -- withdrawn.
 3 It was represented to them that those statements
 4 complied with GAAP by you, sir; is that right? Yes or no?
 5 A Represent in a letter that they prepared for me to
 6 sign.
 7 Q The management representation letter from the Trump
 8 Organization to Mazars, right?
 9 A That was prepared by Mazars.
 10 Q And you signed it?
 11 A That's correct.
 12 Q And you gave it to Mazars?
 13 A Correct.
 14 Q And you knew that they wouldn't have issued the SOFC's
 15 without them, right?
 16 A I knew that they -- the answer is yes.
 17 Q Thank you.
 18 A Right.
 19 MR. SOLOMON: Your Honor, it is 4:29.
 20 THE COURT: You're really pushing it, aren't you,
 21 Mr. Solomon?
 22 I think unless there is something else, we will
 23 come back tomorrow at ten o'clock.
 24 MR. SOLOMON: Your Honor, could we have an
 25 instruction to the witness to not discuss his testimony with

A. WEISSELBERG - DIRECT (MR. SOLOMON) Page 970

1 counsel during the evening break?
 2 THE COURT: Okay. He can't discuss it with anyone.
 3 Mr. Weisselberg, don't discuss this case, your
 4 testimony or anything about it with anyone.
 5 THE WITNESS: I won't.
 6 (Witness excused.)

1 THE COURT OFFICER: All rise. Part 37 is now in
 2 session. The Honorable Judge Arthur Engoron presiding.
 3 Make sure all cell phones are silent. Laptops and
 4 cell phones will be permitted, but only to members of the
 5 press. There is absolutely no recording or photography of
 6 any kind allowed in the courtroom. Now be seated and come
 7 to order.
 8 THE COURT: Tommy, do you want some hot tea after
 9 that?
 10 Thanks for being here. Of course I don't read the
 11 papers and go online and look to read about this case, but
 12 there is some issue that keeps coming up: there is no jury.
 13 It's not just because we need a box for the screen there.
 14 As the lawyers know and the lay people may not, there is law
 15 and then there is equity.
 16 In law, generally legal cases are about money
 17 damages; equitable cases are about injunctive relief,
 18 telling someone you can and can't do something. And here's
 19 how it's determined whether there is a jury or not. When --
 20 either side, any party can file a Note of Issue saying that
 21 disclosure is finished and the case is basically ready for
 22 trial, the person who files that Note of Issue checks off a
 23 box, says they want a jury trial or they don't want a jury
 24 trial. That's assumed to be the case, but the other side
 25 has I think it's 15 days or so to object and say no, we

1 don't want a jury or no, we want a jury and then it's up to
 2 the judge to decide is this a legal case with a jury or an
 3 equitable case with no jury.
 4 I believe what happened here is the Attorney
 5 General clearly checked off nonjury and there was no motion
 6 to -- for a jury, but my research and Allison's research
 7 told us that all the relief requested here was equitable.
 8 So it would not have helped to make a motion. Nobody forgot
 9 to check off a box. We're having a nonjury trial because
 10 this is a nonjury case, sometimes called a bench trial.
 11 That's why I'm sitting up here.
 12 Would anybody like to correct me or comment on
 13 that?
 14 MS. HABBA: I would like to say thank you, Your
 15 Honor.
 16 Press, did you hear that? I didn't forget to check
 17 the box.
 18 MR. WALLACE: Your Honor, I would just add that
 19 actually in New York practice unlike, say, federal practice,
 20 the Court is to determine what the weight of the claims are
 21 and so that it will not have a divided jury and trial claims
 22 the way you might in federal practice and that if the relief
 23 is primarily either equitable or legal is what determines
 24 whether there will be a jury or not. We do not in state
 25 practice have the opportunity to divide trials as you might

<p>N. Haigh - Petitioner - direct (Wallace) Page 975</p> <p>1 in federal practice. 2 MS. HABBA: Thank you. And we did discuss it on 3 March 3rd and we discussed this exact topic, but thank you, 4 Your Honor. I appreciate it. 5 THE COURT: Sure. We're all learning. 6 MS. HABBA: Yes. 7 THE COURT: Okay. I understand that there is an 8 attorney that would like to address the Court and everyone 9 else about the next witness? 10 MR. ZENSKY: David Zensky for the record. 11 I'll be brief. Good morning, Justice Engoron. 12 David Zensky of Akin Gump Straus Hauer & Feld, and we are 13 counsel for Deutsche Bank. 14 As the Court knows, today's witness is being called 15 to testify about events that occurred while employed at 16 Deutsche Bank in the credit risk management area. I 17 appeared in court today for the limited and almost certainly 18 unnecessary purpose of protecting against the disclosure of 19 Deutsche Bank's -- information protected by Deutsche Bank's 20 attorney/client or work product privileges and/or to prevent 21 the disclosure of information that is confidential, 22 supervisory information which the bank is obligated to keep 23 secret under federal and state regulations. 24 I've consulted with counsel for all parties and no 25 one has an objection to being heard on an issue should it</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 977</p> <p>1 approaches the witness stand.) 2 THE COURT OFFICER: Please raise your right hand. 3 Do you solemnly swear or affirm that any testimony you give 4 will be the truth, the whole truth and nothing but the 5 truth? 6 THE WITNESS: Yes, I do. 7 THE COURT OFFICER: Please have a seat. 8 State your name and either business or home address 9 on the record. 10 THE WITNESS: My full name is James Nicholas Haigh. 11 My home address is 712 Seney Avenue, Mamaroneck, New York, 12 and I am currently retired. 13 THE COURT: And I'll ask the witness to speak 14 loudly, slowly, clearly. And these microphones are very 15 particular; you have to be really close to them. 16 THE WITNESS: I apologize. 17 THE COURT: Please proceed, Mr. Wallace. 18 DIRECT EXAMINATION 19 BY MR. WALLACE: 20 Q Good morning, Mr. Haigh. I believe we met at your 21 deposition, but my name is Kevin Wallace. I'm an attorney with 22 the New York Attorney General's Office. 23 Just at the start, can you describe your educational 24 background for the Court? 25 A Yes. So I grew up in Brittain high school. I went to</p>
<p>N. Haigh - Petitioner - direct (Wallace) Page 976</p> <p>1 arise, but no one believes that such an issue will arise, so 2 I'd simply ask the Court for permission to be recognized of 3 need be. 4 THE COURT: Okay. How should we do this 5 logistically? Do you want to sit towards the front and 6 raise your hand if there is an issue? 7 MR. ZENSKY: Whatever suits the Court. I'm happy 8 to sit where I was. Again, it's unlikely to occur, but 9 whatever the Court believes is appropriate. 10 THE COURT: Well, you can be on the 30-yard line 11 and the 50-yard line. Why don't you sit in the front bench, 12 if that's okay? 13 MR. ZENSKY: Okay, that's fine. I do likely like 14 the 50-yard line, though. 15 THE COURT: That's what I say. 16 MR. ZENSKY: Thank you, Your Honor. I appreciate 17 it. 18 THE COURT: Plaintiff, are you ready to call your 19 next witness? 20 MR. WALLACE: Certainly. The next witness People 21 call is Nicholas Haigh. 22 THE COURT: I control a lot but not the music 23 coming from the plaza out there. 24 THE COURT OFFICER: Witness entering. 25 (Whereupon, the witness enters the courtroom and</p>	<p>N. Then I trained as a chartered surveyor and 3 qualified as a chartered surveyor I think in about 1981. 4 Q And what does it mean to be a chartered surveyor? 5 A It's a professional qualification in the UK and some of 6 the other commonwealth countries around real estate. 7 Q Okay. And what kind of tasks with someone who is a 8 chartered surveyor undertake in relation to real estate? 9 A So I was a general practice chartered surveyor. So we 10 did all sorts of things from landlord and tenant negotiation, 11 acquisition of real estate, purchase, looking at appraisals, 12 doing appraisals or valuations that they tend to be called over 13 there. 14 I worked for a government, local government for awhile 15 and -- actually, no. It's for the national government but in a 16 local area. And for one of the utility companies and then I 17 worked for an investment fund running a pension fund, acquiring 18 real estate assets for their pension fund. And then I moved to 19 a U.S. bank and gave advice to some of their clients in real 20 estate in Europe -- in the UK. 21 Q I believe you just stated that you're currently 22 retired; is that correct? 23 A That's correct. 24 Q What was your prior job before you retired? 25 A The previous four years I have worked for Bank of</p>

<p>N. Haigh - Petitioner - direct (Wallace) Page 979</p> <p>1 America as a -- what they called a credit officer, but I was 2 making loans to private clients and their private clients' 3 business. 4 Q And what sort of work would you do as a credit officer 5 at Bank of America? 6 A -- Bank of America. 7 It involved talking with clients about the bank's 8 various credit products; it involved looking at clients' 9 financial positions to assess whether they qualified and were 10 suitable for those credit products; it involved negotiating with 11 the bank's internal risk approval people and underwriters around 12 how to underwrite a client document and their financial 13 position, negotiate loan terms, if necessary, and so that was 14 mostly what it was. 15 Q I believe you said working -- sorry. Underwrite loans 16 and helping work through them documenting their financial 17 position. Could you just describe what that entails? 18 A Bank of America had an underwriting process where it 19 would analyze the financial condition of its potential and 20 actual borrowers and it involved looking at the client's 21 financial information capturing that in a very standardized way 22 and analyzing that information to then use all that information 23 in order to derive a risk rated score for its client's 24 probability default. 25 Q And that would help govern the terms of the loan they</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 981</p> <p>1 Q And was mid 2018 the time you left Deutsche Bank? 2 A End of 2018 I was -- I left Deutsche bank. 3 Q And why did you leave Deutsche Bank in the end of 2018? 4 A My -- my employment was terminated. 5 Q Do you know why it was terminated? 6 A I believe it was for cutting -- cost cutting reasons. 7 Q Were you told anything about the reason in particular, 8 though? 9 A No other than just generally the cost cutting 10 environment that the bank was in. 11 Q At the time of your departure from Deutsche Bank how 12 long had you been working with the company? 13 A So I had been working for Deutsche Bank or for Banker's 14 Trust which Deutsche Bank bought. I joined banker's Trust I 15 think in 1990 and I had taken one year off but apart from that 16 one year off the whole rest of the time I've been working for 17 either Banker's Trust until 1999 and then Deutsche Bank until 18 2018. 19 Q So going back to your role at credit risk management. 20 If I could just focus on the period from 2011 through mid 2018, 21 what were your responsibilities as the head of credit risk 22 management? 23 A So I was the head of credit risk management covering 24 the private wealth management business under whatever name it 25 was going by at the time and I ran a relatively small team of</p>
<p>N. Haigh - Petitioner - direct (Wallace) Page 980</p> <p>1 might be eligible for and able to obtain? 2 A Yes, so that would -- indeed it would perfect all of 3 those matters. 4 Q So before you began at Bank of America what was the 5 position you held prior to that? 6 A So immediately prior to that I was employed on a 7 part-time basis by a consulting firm who provided services to 8 Deutsche Bank and I was working for that firm part time for 9 about four months or three and a half months within Deutsche 10 Bank's private wealth management business line -- not business 11 line but with supporting their group. 12 Q Just so I'm understanding that the consulting firm you 13 were doing work for you in the process of providing consulting 14 services to the Deutsche Bank private wealth management group; 15 am I understanding that correctly? 16 A Correct. 17 Q And so before that consulting position what position 18 did you hold? 19 A So prior to that I had been the risk officer for the 20 head of risk for Deutsche Bank's risk group covering their 21 private wealth management business. 22 Q And what was your title in that position? 23 A I was a managing director of the bank. 24 Q And how long did you hold that role? 25 A I held that role from mid 2008 until the end of 2018.</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 982</p> <p>1 people. Our job was to do the policy work and the credit 2 approval work around any credit exposures that the credit wealth 3 management group was taking. 4 Q You mentioned the private wealth management business. 5 What is that business? Could you describe it for us? 6 A It's the division of Deutsche Bank that was serving 7 high net worth individuals and providing various products to 8 them, including credit products. 9 Q And so you mentioned it was your job to examine the 10 credit exposure. Could you just describe for us the sort of -- 11 what are you doing when you're looking at that exposure? 12 A So in very broad terms we're assessing the risk profile 13 of a client in order to come up with an accurate risk rating, 14 risk assessment of that client and also we are looking at the 15 entire proposal for that -- the entire credit proposal to make 16 sure it fits within the desired risk profile of the bank. 17 Q And so are you approving the credit decisions? 18 A Yes. We have the final -- the final approval on all 19 credit decisions for those clients. 20 Q So I'd just like to go through a few of those. How 21 would you go about assessing the risk profile of the client? 22 A We based our assessment of the risk profile of the 23 client on their financial position, so we would look at the 24 financial data that we had on the client typically from some 25 sort of statement of financial condition, supplement it with</p>

<p>N. Haigh - Petitioner - direct (Wallace) Page 983</p> <p>1 things such as validated and verified statements of -- from 2 banks, from brokerage accounts. So we'd capture information 3 about their financial position in a spreadsheet format and that 4 information would then be used in our risk rating methodology to 5 assess certain characteristics of that borrower -- financial 6 characteristics mostly, but some other characteristics as well 7 -- to assess those characteristics and that -- that was a 8 mathematical model that generated a risk score that mapped to a 9 probability default for that borrower.</p> <p>10 Q And the -- that probability default that would generate 11 what kind of loan the customer would be able to obtain from the 12 bank?</p> <p>13 A Not specifically the type of loan that a client could 14 obtain, but it would inform whether we were willing to do a loan 15 at all and it would have an impact on the size of loan we were 16 willing to do for that client and also the terms of the loan 17 that we were willing to do for that client.</p> <p>18 Q Okay. I believe you also mentioned that you prepared a 19 proposal for credit. Is that similar to the type of terms that 20 might be available to the customer?</p> <p>21 A So the bank would have a credit memorandum and that 22 memorandum would endeavor to capture all the relevant 23 information that you need to make a decision about that credit. 24 So it would cover things from short summary of who the client 25 is, why they want the money, what the terms are of the</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 985</p> <p>1 Q And how would that affect the credit analysis that your 2 team is performing at a high level?</p> <p>3 A So we would -- part of the analysis would include an 4 analysis of the collateral. So what's it worth today? And do 5 we like it in the sense of is it good collateral that will 6 sustain its value in the future.</p> <p>7 Q And what would constitute good collateral that would 8 sustain its value in the future?</p> <p>9 A I mean, there were a number of different types of 10 collateral a bank frequently took; commercial real estate, 11 residential real estate, fine art, marketable securities, 12 airplanes.</p> <p>13 Q And how would you assess the -- what's good collateral 14 versus some other kind of collateral?</p> <p>15 A Well, in general terms -- in general terms, the point 16 of collateral is to have a legal entitlement over an asset that 17 if the loan defaults the bank can obtain title to that asset and 18 effectively sell it one way or another. So that really drives 19 what's good collateral and that is is there a market for that 20 asset? Can it be sold? Are there any legal impediments? Can 21 we deal with those and what's likely to happen to the value of 22 the asset between the day when we make the loan and at some 23 point in the future when we might need to take that asset and 24 sell it.</p> <p>25 Q And so how easy it is to take that asset and sell it is</p>
<p>N. Haigh - Petitioner - direct (Wallace) Page 984</p> <p>1 transaction and then it would also summarize their financial 2 condition and attach to that credit memorandum would be our 3 assessment of the risk rating of the client.</p> <p>4 Q And so that memorandum would spell out the terms of 5 proposed transactions?</p> <p>6 A Yes, yes.</p> <p>7 Q And what are some of the factors in how a transaction 8 would be structured that would affect the credit assessment that 9 you and your team were making?</p> <p>10 A I'm pausing because it's kind of a broad question. 11 There are -- I mean, many factors could affect it. So the first 12 sort of given would be that the client was a client of the 13 private wealth management business under their profile fitted 14 what the bank wanted to do.</p> <p>15 And secondly, would be the question of does the credit 16 they want fit what the bank is comfortable in doing. So is it, 17 for example, a real estate loan we're comfortable with.</p> <p>18 And then maybe other client-specific factors driven by 19 their financial condition or reputational matters or other 20 matters that might gather the specific terms of the transaction.</p> <p>21 Q You mentioned that one example of a loan that might be 22 a real estate loan. Would those loans include, for example, 23 collateral, those things might be apart of the assessment 24 obtained?</p> <p>25 A Yes, many of our loans have collateral.</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 986</p> <p>1 what would make one piece of collateral superior to another one 2 is that the --</p> <p>3 A That's part of --</p> <p>4 MR. ROBERT: Objection. Leading.</p> <p>5 THE COURT: Sustained. Stricken.</p> <p>6 Q So how would the factors you were discussing affect 7 your view as to whether or not collateral is good?</p> <p>8 A So first of all, I think I mentioned whether we could 9 sell the collateral so that do -- you know, is there a deep 10 market for that type of collateral? Do many people buy it or is 11 it a specialist type of collateral, which only a few people 12 would buy and it might have a much thinner market.</p> <p>13 Secondly is a question of the volatility of the value 14 of that collateral. Some types of collateral go up and down in 15 value more than others and that would be a -- of importance to 16 us.</p> <p>17 Q So going back to your time in your credit risk at 18 Deutsche Bank could you walk us through what the process was for 19 how a client would obtain a loan through the private wealth 20 management group?</p> <p>21 A Sure. So the client would have a marketing officer 22 called a relationship manager within the private wealth 23 management business. They would interface with the client. 24 Within the private wealth management business there was also a 25 group of product specialists that we called lending officers and</p>

<p style="text-align: right;">Page 987</p> <p>1 their focus was on loans. So when a client wanted a loan, a 2 relationship manager would interface would speak with the 3 lending officer about what kind of loan the bank normally does 4 and when they realize it was business to be done that there was 5 a loan a bank would do, the lending officer was comfortable, it 6 would fit into their portfolio of assets, they would document 7 the proposed terms of the loan in a credit memorandum and that 8 would come to my team for final approval. There may have been a 9 bit of an iterative process prior to that where the lending 10 officer spoke with members of my team about specific aspects of 11 the transaction so that they would want to know that we at risk 12 management were comfortable with those specific issues. But the 13 memo would be prepared, it would come to my team for approval 14 and then if we'd signed off on it, the loan would then move to 15 be documented and finally being booked by the bank. 16 Whereupon, the transcript continues on the next 17 page.... 18 19 20 21 22 23 24 25</p>	<p style="text-align: right;">Page 989</p> <p>N. HAIGH - DIRECT (MR. WALLACE)</p> <p>1 proposal; is that correct? 2 A Yes. 3 Q Did credit risk management need to sign off on the 4 final loan terms before a loan could be originated? 5 MR. ROBERT: Objection. 6 THE COURT: Sustained. 7 Q Did you have -- 8 THE COURT: Let me just mention this whole 9 objection/sustained. You can't ask leading questions, 10 "leading," questions that suggest an answer. There is an 11 exception for introductory material, but now we are getting 12 into the weeds. You can basically ask him how does it all 13 work or how does this particular thing work or that 14 particular thing. You can't put words in his moth and then 15 say is that the way it works. 16 Q So what did your group need to do before a loan could 17 be originated? 18 A So my group needed to sign off on the credit memorandum 19 that I mentioned earlier. So we needed to be comfortable with 20 the terms that were contained in the credit memorandum, so we 21 were willing to sign off and approve it. And without our 22 approval, the loan operations area would not book any loan and 23 typically the credit memorandum would be sent to our legal 24 counsel, external legal counsel who were documenting any loan. 25 Q And who within the credit risk group would do that,</p>
<p style="text-align: right;">Page 988</p> <p>N. HAIGH - DIRECT (MR. WALLACE)</p> <p>1 Q You mentioned that lending officers would make the 2 decision as to whether the loan fitted with their portfolio 3 aspects. What is entailed in that analysis? What are they 4 looking at when they're making a loan? 5 A Well, a lending -- I mean, the lending group is part 6 of a business line that they're there to make money. They have 7 a whole a number of products that they typically -- typically 8 that's sold, if you like; loans, let's say for example, 9 commercial real estate loans or residential real estate loans. 10 So they had a number of products that they would typically sell 11 and they wanted to make sure that they were taking the right 12 risk profile for that business because they would carry any 13 losses and they wanted to make sure that they were appropriately 14 profitable because their business line was charged for the 15 capital that they were using. 16 Q And a loss would be that if a loan doesn't pay, the 17 loss would be on their books? 18 A Yes. 19 MR. ROBERT: Objection. 20 THE COURT: Sustained. 21 Q So whose books would the loss go on? 22 A So the profit and the loss account belonged to the 23 business line. In this case, private wealth management. 24 Q So in the process, you were describing your group, the 25 credit risk group, would be the last one to sign off on the</p>	<p style="text-align: right;">Page 990</p> <p>N. HAIGH - DIRECT (MR. WALLACE)</p> <p>1 provide authorization? 2 A There are a number of credit officers in my group and 3 each one had different levels of credit authority delegated to 4 it by the bank's chief risk officer. It was a process of 5 delegating credit authority. There were limits on that credit 6 authority that reflected the size of the loan and the risk 7 rating of the counterparty. 8 Q And so did you have credit authority? 9 A I did. 10 Q And what was the level of your credit authority? 11 A Well, it varied depending on how risky the client was, 12 so for the least risky client, I seem to remember it was 500 13 million euro, but that fell rapidly when you -- when we got 14 down to clients who were non-investment grade and I think the 15 low investment grade was more like 15 million euro. I don't 16 remember precisely. 17 Q Mr. Haigh we're going to hand you a document that has 18 been marked as Plaintiff's Exhibit 293. 19 Mr. Haigh, would you just take a moment to familiarize 20 yourself with this exhibit. 21 A Okay. 22 Q Do you recognize this document? 23 A Yes. 24 Q What is it? 25 A This is a credit memorandum for the transaction</p>

N. HAIGH - DIRECT (MR. WALLACE) Page 991

1 covering golf course resort hotel in Miami.
2 Q And if we just look at the top corner here under
3 beneficial owner, it says Donald J. Trump. Do you recognize him
4 as the -- what is his role in that transaction?
5 A So he is the beneficial owner of the legal vehicle that
6 owned golf course, so resort. And he was also a guarantor, a
7 personal guarantor on the transaction.
8 MR. WALLACE: If we could just turn quickly to page
9 five.
10 Q Do you recognize your signature on the far right-hand
11 page here?
12 A Yes, that's my signature.
13 Q What is indicated by your signature there?
14 A My approval of the transaction terms contained in the
15 memorandum.
16 MR. WALLACE: Your Honor, we'd ask that this
17 document be entered into evidence.
18 MR. ROBERT: Objection, statute of limitations.
19 THE COURT: Overruled. I will consider it a
20 standing objection. Overruled. Granted. It is in
21 evidence.
22 (Whereupon, the Document was marked in evidence as
23 People's Exhibit 293.)
24 Q Is there any significance to your signature being on
25 the far right?

N. HAIGH - DIRECT (MR. WALLACE) Page 992

1 A I think the convention of Deutsche Bank was to arrange
2 the business on the left, credit officers on the right, and then
3 I think in the States, we went from left to right in terms of
4 seniority, but that wasn't written down anywhere that it had to
5 be done that way.
6 Q So you were the most senior credit officer signing this
7 document?
8 A That's correct.
9 Q And does that mean you are the credit officer approving
10 this document?
11 A Well, Sean Harrigan is the other risk management
12 officer and we together were able to approve the document.
13 Q If we go back to the first page, I just would like to
14 walk through some of the top. Can we see it says PWM regional
15 and there is a checkmark there. What's indicated by that
16 notation?
17 A I think it means that it needed to be approved the PWM
18 regional level wherein the United States.
19 Q And that was -- is that the region you were working
20 in?
21 A Yes, I was in the United States. Yes.
22 Q Down below, there is a checkbox next to new request.
23 What's indicated by that?
24 A A new credit request. We didn't already have a credit
25 for this -- for this borrower.

N. HAIGH - DIRECT (MR. WALLACE) Page 993

1 Q And is that based on the borrower or the loan that's
2 being paid?
3 A You know, I'm not sure I remember exactly the rules.
4 If we already had a credit for this borrower, we would have
5 checked the increase box and if it was just an annual review of
6 our existing credit with no other changes we would have checked
7 the review box. So this reflects that, in fact, this was a new
8 credit. It would be a new asset for the bank.
9 Q The box next to that under borrower, it says, "TBD [SPV
10 acceptable to the lender end bracket]." What does that
11 indicate?
12 A So it stood for "to be decided." Then in parenthesis,
13 special purpose vehicle acceptable to the lender.
14 Q Is there a reason there is not a specific borrower
15 designated yet?
16 A I think the reason would be that either we did not know
17 the specific legal name of the legal vehicle that it would be or
18 maybe that vehicle still needed to be set up and yet didn't
19 exist.
20 Q But you were able to approve the loan without a
21 specific vehicle having been designated yet?
22 A Yes, we did.
23 Q If we go back to the box that has Donald Trump as the
24 beneficial owner at the top, there is a line or two below, it
25 says, "REL manager. It states, "Vrabric/Scalzi." What is

N. HAIGH - DIRECT (MR. WALLACE) Page 994

1 indicated by this line?
2 A It stands for relationship manager and the chief
3 relationship manager for this relationship was Rosemary Vrabric
4 and her partner is Dominick Scalzi.
5 Q And I think you described it at a general level, but
6 what role did they play in this transaction?
7 A They were responsible for handling communications with
8 the client, providing services to the client of all the services
9 that the bank offered.
10 Q If we go two lines below, which states AC manager, the
11 name Sullivan after it, what's indicated on this line?
12 A I think it stands for account manager. Tom Sullivan
13 was the lending -- the senior lending officer from the business
14 line on this relationship.
15 Q And you described it at a high level. What role did
16 Mr. Sullivan play in this transaction?
17 A So his group was responsible -- it was their credit
18 portfolio. He was responsible for making sure that they made
19 loans on terms that they were comfortable with.
20 Q And you had mentioned, I think, that it went on -- the
21 profit and loss went on someone's balance sheet.
22 Is Mr. Sullivan then the person that had the profit and
23 loss on his balance sheet?
24 A He wasn't the head of that group, but he was part of
25 that group.

N. HAIGH - DIRECT (MR. WALLACE) Page 995

1 MR. ROBERT: Objection. Objection to leading, your
2 Honor.
3 THE COURT: Can you rephrase the question, so it is
4 not leading.
5 MR. WALLACE: Sure, your Honor.
6 Q Was there anything significant -- I'll just withdraw
7 the question.
8 The next line states "supporting" and lists the name
9 Stafford. What role -- what is that identifying? Or actually,
10 can I just clarify on the document? Is it supporting lenders
11 and there are two names? Is that how this should be read?
12 A That's right.
13 Q So the line states "supporting lenders." It says
14 Stafford/Schroeder. What's indicated by that line?
15 A Those two officers worked for Tom Sullivan and they
16 were part of the lending group. They were lending officers
17 within the bank.
18 MR. WALLACE: If we could scroll down on this
19 document a little bit.
20 Q The box here states collateral. The first paragraph
21 reads, "A first mortgage lien and a first priority security
22 interest in the Doral Golf Resort and Spa located in Miami,
23 Florida, (the resort), including the borrower's fee, simple
24 estate, all personal property, leases, rents, revenue, operating
25 accounts, reserves and all other related assets."

N. HAIGH - DIRECT (MR. WALLACE) Page 996

1 What's being indicated in this section here?
2 A So it's right at the start of this credit memo. It is
3 giving us an idea of the collateral that will be provided for
4 the loan.
5 Q If we look at the next paragraph in the middle, there
6 is a sentence that begins, "Based on the \$150 million cost, our
7 initial LTV will be 83.3 percent. However, borrowing under the
8 facility will be equal to the lesser of; i, 125 million; and ii,
9 up to 85 percent of the appraised value subject to the
10 satisfactory review of DB's Valuation Services Group. I'll stop
11 right there. Just ask you to identify what's meant by a few
12 words. What's LTV?
13 A LTV means loan to value.
14 Q So I think loan is the value of what?
15 A The \$150 million. So 83.3 percent, our loan would be a
16 loan up to \$125 million would be 83.3 percent of \$150 million.
17 Q And where it says "the facility," what is that
18 referring to?
19 A The credit facility.
20 Q And so ii states that it is subject to the appraised
21 value -- actually, let me rephrase that. Up to 85 percent of
22 the appraised value subject to the satisfactory review of DB's
23 Valuation Group Services. Why is there a requirement to obtain
24 an appraised value?
25 A This is a loan collateralized with commercial real

N. HAIGH - DIRECT (MR. WALLACE) Page 997

1 estate, so there is a requirement from the bank to get an
2 appraisal -- an independent appraisal on behalf of the bank of
3 the value of the collateral real estate.
4 Q So because the real estate is the collateral for this
5 loan, the bank has an obligation to get an appraisal? Am I
6 stating that correctly?
7 MR. ROBERT: Objection.
8 THE COURT: We are getting to the point of the
9 witness says something and the attorney is asking is that
10 what you were meaning.
11 MR. ROBERT: He's trying to clarify it, so Mr.
12 Wallace is testifying. This witness is certainly capable of
13 answering questions.
14 THE COURT: Mr. Wallace, is there another way
15 around this?
16 MR. WALLACE: I think it was an appropriate
17 clarifying question. I did not suggest what the answer
18 would be to the witness.
19 THE COURT: Well, you suggested what you think he
20 was really trying to say, right or something that like a
21 simplified version of that.
22 Q So why is the appraisal necessary? Could you, please,
23 restate that?
24 A All loans secured on real estate require an independent
25 appraisal commissioned by the bank.

N. HAIGH - DIRECT (MR. WALLACE) Page 998

1 Q And are appraisals required on loans that are not
2 secured by real estate?
3 A For loans that are not secured by real estate,
4 appraisals are not required by regulation in all cases; but
5 sometimes by bank policy, they are required.
6 Q Go to the bottom of this section, it states, that "the
7 facility will also be supported by a full and unconditional
8 guarantee provided by DJT of little one, principal and interest
9 due under the facility; and two, operating shortfalls of the
10 resort. It being understood that borrower shall be permitted to
11 utilize all revenues from the resort to operate the resort to
12 reduce the amount of such shortfall."
13 First, who is DJT has referenced there?
14 A Donald Trump.
15 Q Can you explain for me what Mr. Trump is guaranteeing
16 here?
17 A He's guaranteeing that he will repay our loan, all the
18 monies due under the loan under Roman one; and under Roman two,
19 he's also guaranteeing that if the resort is not -- is losing
20 money, he will pay the cost of that shortfall.
21 Q If you look at the sentence just below, it states, "for
22 collateral monitoring purposes, the facility is being
23 underwritten as other secured." What does that mean?
24 A It's a categorization of a type of collateral that we
25 have.

<p>N. HAIGH - DIRECT (MR. WALLACE) Page 999</p> <p>1 Q And what does it mean that it is other secured? 2 A So it means that it is secured in that we have 3 collateral and the other box is because -- or the other 4 descriptor is because the type of collateral didn't fit cleanly 5 into the typical types of collateral that the bank took. 6 Q Mr. Haigh, when you say the bank, are you talking about 7 your group or Deutsche Bank writ large? 8 A I'm talking about the private wealth management 9 business. 10 Q Why isn't the Doral Golf Resort & Spa collateral that 11 the bank typically took? 12 A Although the collateral was commercial real estate in 13 the largest sense of those words, the specific use of the 14 collateral as a golf resort and spa is a specialist use that was 15 not a typical type of collateral that the wealth management 16 group took for its loans. 17 Q And did that fact have any impact on how you analyzed 18 this potential credit? 19 A Yes, it's relevant to how -- to the analysis of the 20 credit. 21 Q And how would it be relevant? 22 A It's relevant because it affects the ability of the 23 bank in extremis to sell the collateral. A golf course, golf 24 resorts are relatively uncommon compared to other types of 25 commercial real estate and the number of buyers for those</p>	<p>N. HAIGH - DIRECT (MR. WALLACE) Page 1001</p> <p>1 repayment. 2 Q Did the fact that it was the tertiary source of 3 repayment have an effect on your credit analysis? 4 A No. 5 Q Is the fact that a tertiary source of repayment, does 6 that mean it is less important than the other source of 7 repayment that's listed? 8 A No, it is not less important. 9 Q If we look down at the next box, it states, 10 "recommendation" and it reads, "The facility is being 11 recommended for approval based on financial strength of the 12 guarantor. The financial profile of the guarantor includes on 13 an adjusted basis, 135 million in unencumbered liquidity, 14 2.4 billion in net worth and approximately 48 million in 15 adjusted recurring net cash flow." 16 Is there any significance to this being a first basis 17 for approval in this segment? 18 A I think that indicates that it is significant -- those 19 are significant facts in the analysis of the risk. 20 Q The next item listed, it states, "Nature of the 21 guarantee. The nature of the guarantee which includes both 22 principal and interest along with operating expenses of the 23 resort." 24 What was it about the nature of the guarantee that made 25 it a basis for recommending the loan?</p>
<p>N. HAIGH - DIRECT (MR. WALLACE) Page 1000</p> <p>1 resorts is more limited, and so it would most likely be harder 2 for the bank to sell should it have to foreclose on the 3 collateral. 4 Q You mentioned earlier, you said something about the 5 bank acting in extremis. What did you mean by that? 6 A I meant by -- in extremis, I meant should the bank face 7 a default where it had to try and foreclose or in some other way 8 take ownership of collateral. 9 MR. WALLACE: We can take down this segment, but if 10 we could flip to the third page. 11 Q There is a box up top that states, "repayment sources, 12 key risks and mitigants." It lists a primary source of 13 repayment, a secondary source of repayment and a tertiary source 14 of repayment. 15 I would like to direct your attention to this section, 16 tertiary source of repayment. It says, "full and unconditional 17 guarantee of DJT which eliminates any shortfall associated with 18 operating and liquidating collateral." 19 What does it mean that the guarantee was a tertiary 20 source of repayment? 21 A So when a bank is making a loan or Deutsche Bank is 22 going to make a loan, it wanted to identify the likely ways it 23 was going to get repaid and the third one, the tertiary one in 24 this case, was a way of the bank getting repaid that they are 25 not relying on the collateral itself as the source of that</p>	<p>N. HAIGH - DIRECT (MR. WALLACE) Page 1002</p> <p>1 A The guarantee ensured that we had a legal obligation 2 from an individual with the financial wherewithal to repay us if 3 necessary. 4 Q So the financial strength and the guarantee are 5 connected? 6 A Correct. 7 Q If you could turn to page five of this document and go 8 to the section entitled, "financial analysis." It's below your 9 signature. At a high level, can you tell me what is reflected 10 in this segment of the report? 11 A So this section of the report is a summary of the 12 client's financial profile. It is broken down on this table by 13 the kind of assets, the kind of liabilities that they have, and 14 it's got some key ratios from our risk management around cash 15 flow, leverage, liquidity. 16 (Continued on the next page.) 17 18 19 20 21 22 23 24 25</p>

N. Haigh - Petitioner - direct (Wallace) Page 1003

1 Q So where are those key ratios reflected on here just so
2 I'm looking in the right place?
3 A Towards the bottom of the table, the bottom four rows
4 and the heading immediately above it.
5 Q So it's the -- on this section, "key ratios on secured
6 lending guidelines?"
7 A That's correct.
8 Q And why are those key ratios for the bank?
9 A Those are key ratios because they are ratios that we
10 commonly use to measure and compare one client financial
11 profiling against another and our documents and the lending
12 guidelines would refer to those key ratios and then assessment
13 of whether or not a client met or -- met somewhat all of those
14 key ratios.
15 Q Go back to the top of this section. It states:
16 "Guarantor's function summary. Although facility is
17 being extended to an SPV for the purposes of financing the
18 purchase of the resort, the credit exposure is being recommended
19 primarily based on the financial profile of the guarantor."
20 Why is the financial profile of the guarantor the
21 primary basis for recommending this loan?
22 A The wealth management business at Deutsche Bank would
23 not make loans secured just on collateral without a strong
24 financial guarantee or personal guarantee from a financially
25 strong person. Given that this was unusual collateral as a golf

N. Haigh - Petitioner - direct (Wallace) Page 1004

1 resort and spa, we would not really want to have to foreclose on
2 that collateral and so we would most likely first look to the
3 guarantor to remedy any default -- payment default on the loan.
4 THE COURT: Ten-minute warning.
5 MR. WALLACE: Thank you, Your Honor.
6 Q If we look at the next part of that paragraph it
7 states: "As part of this underwriting we have met with several
8 members of the family office to conduct due diligence on the
9 client reported financial information as prepared by
10 WeiserMazars, an independent public accounting firm."
11 I'll pause there just for a moment to say what is the
12 family office that's being referred to here?
13 A I don't know specifically. I think it's referring to
14 people that work for Mr. Trump in handling his personal --
15 personal matters.
16 Q Do you know who -- it says that "we have met with the
17 office and conducted underwriting." Who is the "we" that have
18 been doing the due diligence?
19 A So this memo was prepared by lending officers. I
20 imagine in this case it would have been Tom Sullivan and Kirk
21 Stafford and Emily Schroeder who are the lending officers on
22 this transaction. I'm not sure whether all of them met with the
23 family office or whether it was just some of those people.
24 Q And are you familiar with what due diligence they did
25 that's being described in this memo?

N. Haigh - Petitioner - direct (Wallace) Page 1005

1 A Not in detail.
2 Q We'll look at the next sentence. It states:
3 "Based on results of this due diligence, we have made
4 certain assumptions that have resulted in adjustments to
5 reported values."
6 What is the nature of the adjustments that they are
7 making to the reported values?
8 A So the DB adjusted numbers on the right hand column of
9 that table and they are marking down asset values, not
10 liabilities but asset values in various different asset
11 categories.
12 Q And do you have an understanding what the basis was for
13 marking down those asset values?
14 A So the reason for marking down the asset values is that
15 the bank wants to be comfortable that in a -- in a stressed
16 scenario with a client the individual is under financial
17 pressure, asset values have fallen, the bank wants to know that
18 it can still have a strong guarantor as its potential source of
19 employment. Specifically how they did it in each specific case,
20 I think I'd have to read further into the credit memo to
21 determine.
22 Q If we look at the last sentence in this first
23 paragraph, it states:
24 "Details on such adjustments are included in the
25 analysis that follows. Additional details are included in the

N. Haigh - Petitioner - direct (Wallace) Page 1006

1 guarantor's financial statements which is attached at exhibits"
2 -- I think that's Roman Numeral II.
3 Do you recall in connection with this credit analysis
4 if you in fact reviewed the guarantor's financial statements?
5 A Yes, I did.
6 Q Mr. Haigh, you've been handed a document that has been
7 designated Plaintiff's Exhibit 330. I will just note that at
8 the bottom it has a Deutsche Bank production number, DB-NYAG
9 011946. Do you recognize this document?
10 A Yes.
11 Q And what is it?
12 A It's the personal financial statement for Donald Trump.
13 MR. WALLACE: Your Honor, I would ask that this be
14 entered into evidence.
15 MR. ROBERT: Statute of limitations objection.
16 THE COURT: Overruled. Granted. It's in evidence.
17 (Whereupon, the item previously referred to is
18 received and marked Plaintiff's Exhibit Number 330 in
19 evidence.)
20 Q Mr. Haigh, is this the document you would have reviewed
21 in connection with the credit report we were just looking at?
22 A Yes.
23 Q Do you recall what you were looking for when you
24 reviewed this report?
25 A In very general terms I was trying to understand which

N. Haigh - Petitioner - direct (Wallace) Page 1007

1 assets and which liabilities the obligor had so I could get a
2 feeling for the kind of financial profile that I thought the
3 client had.

4 Q And do you remember what your conclusion was upon
5 review of the document?

6 A So in general terms my conclusion was the client owned
7 a lot of real estate, which was not surprising; a lot of golf
8 courses, which I didn't know how to value; that his debt was
9 low; that his liquidity was good.

10 Q You mentioned that you didn't know how to value golf
11 courses. Did you undertake any steps because of that?

12 A Not with regard to the golf courses that were on his
13 balance sheet; obviously with regard to the collateral asset the
14 bank did.

15 Q And the collateral asset was the golf course?

16 A Correct.

17 Q If I could direct you to page nine of this document. I
18 just want to draw your attention to the first paragraph under
19 "Basis of Presentation." It states:

20 "The accompanying Statement of Financial Condition
21 consists of the assets and liabilities of Donald J. Trump.
22 Assets are stated that their estimated current values and
23 liabilities that their estimated current amounts using various
24 valuation methods."

25 Do you have an understanding of what is meant by the

N. Haigh - Petitioner - direct (Wallace) Page 1008

1 term "estimated current values?"

2 A My understanding of that term would be that it is
3 estimated in the sense of they don't necessarily have appraisals
4 or market evidence for the value of all of those assets, but
5 it's estimating what they're worth as of the date of the
6 financial statement, June 30, 2011.

7 Q Just to look at the next paragraph below. It states:
8 "Such valuation methods include but are not limited to
9 the use of appraisals, capitalization of anticipated earnings,
10 recent sales and offers, and estimates of current values as
11 determined by Mr. Trump in conjunction with his associates and
12 in some instances, outside professionals."

13 I just want to direct your attention to the list where
14 it states "use of appraisals, capitalization of anticipated
15 earnings, recent sales and offers and estimates of current
16 values as determined by Mr. Trump."

17 Are you familiar with those valuation techniques for
18 the assets that are listed on Mr. Trump's Statement of Financial
19 Condition?

20 A So getting appraisals by independent appraisals is a
21 common valuation appraisal method. Capitalizing anticipated
22 earnings is offered on a lot of the methods that goes into
23 developing an appraisal. It has also comparisons with recent
24 sales and potentially offers for assets.

25 The piece about the estimates of current values as

N. Haigh - Petitioner - direct (Wallace) Page 1009

1 determined by Mr. Trump, to some extent I'm familiar with in the
2 sense that whenever a statement is made that is not prepared by
3 auditors it contains estimates of value, they're informed by the
4 management typically and so that's not uncommon to see something
5 of that sort in a cover letter.

6 THE COURT: All right. Let's take a 15-minute
7 break in ten minutes -- no, it's the opposite. We're taking
8 a ten-minute break in 15 minutes. See you all at a quarter
9 of.

10 (Whereupon, there is a recess in the proceedings.)

11 THE COURT OFFICER: All rise. Part 37 is back in
12 session. Be seated and come to order.

13 THE COURT: Notice it always feels like it's only
14 ten minutes, but it really was 15 minutes.

15 THE COURT OFFICER: Witness entering.
16 (Whereupon, the witness enters the courtroom and
17 approaches the witness stand.)

18 THE COURT: Let's continue.

19 CONTINUED DIRECT EXAMINATION
20 BY MR. WALLACE:

21 Q Mr. Haigh, when we broke we were talking about your
22 review of Donald J. Trump's Statement of Financial Condition. I
23 just want to know when you reviewed that statement did you make
24 any assumptions as to the accuracy of the representations it
25 contained?

N. Haigh - Petitioner - direct (Wallace) Page 1010

1 A I assumed that the representations of value of the
2 assets and liabilities were broadly accurate.

3 MR. WALLACE: If we could go back to Plaintiff's
4 Exhibit 293. If we could go back to page six again.

5 Q If we zoom at the top, this is the continuation of the
6 financial analysis. I just want to highlight for you this
7 segment, which says: "Real estate net equity."
8 "The following table summarizes the guarantor's total
9 real estate portfolio as of 6/31/11, which reflects the
10 guarantor's four fully owned trophy properties, the portfolio of
11 ten wholly-owned club facilities, other major property
12 interests, and properties currently under development."

13 I'll just pause there. I assume 6/31 is a
14 typographical error. June didn't have 31 days in 2011?

15 A I think if my memory serves me correctly --

16 THE COURT: I'll take judicial notice that June has
17 30 days, not 31.

18 Q Do you have an understanding of -- well, first of all,
19 what is meant by the term "trophy properties?"

20 A That was a phrase that was used within private wealth
21 management lending group and credit risk management to identify
22 four significantly sized assets that we believed we could get a
23 better understanding by ourselves of their potential market
24 value.

25 Q So the term "trophy properties" is specific to this

N. Haigh - Petitioner - direct (Wallace) Page 1011

1 analysis of Mr. Trump?
2 A Specific to Mr. Trump in this analysis only, that's
3 correct.
4 Q And do you know why these four properties were broken
5 out?
6 A They were broken out because they were large and
7 represented significant asset positions and as I said earlier
8 because we felt that we could get an idea of the market value of
9 those assets unlike the club facilities and -- unlike the club
10 facilities which we thought it would be hard to get it -- our
11 own picking of their worth and unlike the other property
12 interests which were I think probably much smaller and therefore
13 would require a lot more internal resources to try and analyze.
14 Q If we step away from this sheet for a moment and go
15 down to the segment that states "Trump Towers" -- and, again, I
16 guess just note for the record there is just one Trump Tower up
17 here. There is not multiple; is that correct?
18 This section states: "The 68-story building contains
19 residential and condominiums that are owned by residents along
20 with 178,000 square feet in commercial space and 114,000 square
21 feet of retail space. The property has an NOI of 17.1 million
22 and the guarantor used a cap rate of 3.50 percent to derive
23 reported value."
24 First of all, what is -- what are the initials NOI?
25 A They stand for net operating income.

N. Haigh - Petitioner - direct (Wallace) Page 1012

1 Q And do you know where Deutsche Bank obtained this
2 information of a net operating income and a cap rate of
3 3.5 percent?
4 A So I can't personally be specific, but I assumed at the
5 time -- I would assume now that it came from information
6 provided by the client's family office.
7 Q If we go down to the property 40 Wall Street. That
8 states that it is a 72-floor tower, consists of 1.3 million in
9 premier office space. The property has an NOI of 26.2 million
10 with the guarantor using a five percent cap rate to derive the
11 reported value."
12 Do you know where Deutsche Bank obtained the
13 information about 40 Wall's NOI and the cap rate used to derive
14 the reported value?
15 A Again, I would assume it came from Deutsche Bank
16 speaking with the client's family office.
17 MR. KISE: Objection, Your Honor. That answer and
18 the previous answer, that's an assumption. That's not an
19 answer. That's -- there is no foundation for him to support
20 that. He doesn't know. The answer to the question would be
21 no, he doesn't know.
22 THE COURT: Well, let's ask him to explain what did
23 you know, what did you not know?
24 THE WITNESS: I did not see the documents or the --
25 I was not at the meeting where this information was

N. Haigh - Petitioner - direct (Wallace) Page 1013

1 communicated to the bank and I did not personally see any
2 documents that communicated that information.
3 THE COURT: This is a, in my view, a subtle area.
4 To what extent does an answer have to be definite? I don't
5 think it has to be a hundred percent. In other words, it
6 can't just be mere speculation, so.
7 MR. WALLACE: I can try to build this out a little
8 bit.
9 THE COURT: Sure.
10 Q Mr. Haigh, did you have a general understanding of how
11 the bank obtained information that would be precluded in these
12 reports?
13 A Yes. The bank would normally get some sort of
14 certificate of financial -- some sort of financial statement,
15 personal financial statement and it would typically have
16 questions about that and there would then be a discussion with
17 the client to explain what was on those financial statements.
18 In this case around a net operating income on a building, the
19 bank would have no way of knowing what that information was by
20 itself unless it came from the client.
21 Q I want to focus if we go back to Trump Tower for a
22 moment. The next sentence states that "for purposes of
23 adjusting DBVSG used a 4.5 percent cap rate."
24 First of all, what is DBVSG?
25 A Deutsche Bank Valuation Services Group.

N. Haigh - Petitioner - direct (Wallace) Page 1014

1 Q And so why is -- do you have an understanding of why
2 Deutsche Bank Valuation Services Group is adjusting the cap
3 rate?
4 A So the wealth management business engaged Deutsche
5 Bank's Valuation Services Group which is a group of appraisers.
6 They engaged them not to renew specific appraisals because the
7 bank hadn't commissioned any appraisals on these assets.
8 Instead, the bank -- the wealth management business consulted
9 with the group about market conditions. The valuation services
10 group has access to various databases and market information
11 based on which their thinking was that a 4.5 percent
12 capitalization rate would be more appropriate than a 3.5
13 capitalization rate.
14 Q I just want to go back to something you mentioned in
15 your answer. You said that they did not -- you said "the bank
16 had not commissioned appraisals on these assets."
17 When you say "these assets," are you referring to the
18 four trophy properties?
19 A That's correct.
20 Q Why didn't the bank commission appraisals on those four
21 assets?
22 A The bank normally always as far as I can think of only
23 commissions appraisals on assets that needs taking as
24 collateral. These assets were not collateral.
25 Q If we go back to the chart on the four trophy

N. Haigh - Petitioner - direct (Wallace) Page 1015

1 properties. We see that there is a column marked "DB Valuation"
2 and says "Trump Tower 380.2." Is that an indication of an
3 actual valuation of the property by the DB Valuation Services
4 Group?
5 A No, not an actual appraisal of the property, no.
6 Q What is reflected in that column?
7 A I think that number reflects -- it captures the number
8 that was stated -- that we just discussed, which is the
9 valuation services group's opinion of what that property might
10 be worth without having done all the due diligence that they
11 would do around a true appraisal.
12 Q I think we can take this section down and I'd just like
13 to look -- oh, actually back up. Apologies.
14 Just a little further down on page six there is a
15 segment entitled above "facilities" and it describes a series of
16 ten private clubs owned by Mr. Trump. It then states there is a
17 discussion of membership requirements and membership
18 liabilities.
19 I just want to focus your attention on the last
20 sentence. It states: "For purposes of our analysis, the
21 1.3 billion in reported value had been reduced by 50 percent for
22 deriving an adjusted value."
23 Do you have an understanding of why this technique was
24 used to adjust the value of the club properties?
25 MR. KISE: Objection. What technique?

N. Haigh - Petitioner - direct (Wallace) Page 1016

1 THE COURT: Sustained. I don't see the technique
2 there. I see the conclusion.
3 Q Do you know why for purposes of the analysis in the
4 credit report, the \$1.3 billion in reported value of the club
5 facilities was reduced by 50 percent for deriving an adjusted
6 value?
7 A The value -- the reported value was adjusted in our
8 financial analysis by 50 percent which was a -- I think
9 standardized number for commercial real estate assets and the
10 purpose of doing that was to just have a broad sense of what
11 those assets might be worth. If we were in bad market
12 conditions and we needed to seek repayment from the client and
13 the client's assets had fallen in value, 50 percent represented
14 a number which would be significant and yet we could still look
15 at those assets and see whether there was any equity in those
16 assets, meaning --
17 MR. WALLACE: We can take this down.
18 Q Can we take a look at page two, Exhibit 293? And if we
19 look at the segment entitled "collateral." Just zoom on that
20 it's up a little. And the section marked "guaranteed" -- can
21 you zoom on that just a little?
22 This section states: "A first mortgage and a first
23 priority security interest in the resort, including the
24 borrower's fee, simple estates, all personal property, leases,
25 rents, revenue, operating accounts, reserves, and all other

N. Haigh - Petitioner - direct (Wallace) Page 1017

1 assets."
2 Did this -- the nature of this collateral, did that
3 have any effect on the decision to approve this loan?
4 A Yes. Collateral is a significant part of the bank's
5 protection and so it was significant in approving this loan.
6 Q The next segment states "Guarantee."
7 "The guarantor will provide a full and unconditional
8 guarantee of (i) principal and interest due under the facility
9 and (ii), operating shortfalls of the resort. It being
10 understood that the borrower shall be permitted to utilize all
11 revenues from the resort to operate the resort to reduce the
12 amount of such a shortfall."
13 Does the nature of the guarantee affect your analysis
14 in approving the loan?
15 A Yes. The guarantee provides -- it's also significant,
16 very significant to the bank in terms of whether it would
17 approve or not, so the guarantee in the financial profile of the
18 client who gives that guarantee.
19 Q And if we go down to a section a little bit further
20 down it states "interest rate."
21 It states: "Renovation period: LIBOR plus
22 2.25 percent or the prime rate."
23 "Post renovation period: LIBOR plus two percent or the
24 prime rate minus .25 percent."
25 Just ask you if you can explain your understanding of

N. Haigh - Petitioner - direct (Wallace) Page 1018

1 some of the words here. What is renovation period?
2 A So there was a -- the first part of this loan, this
3 piece of real estate was undergoing renovation or improvements
4 and so its cash flow would have been lower at that time.
5 Q Can you just explain to me what is meant by LIBOR plus
6 2.25 percent?
7 A So LIBOR stands for London Interbank Offering Rate and
8 here it represents loosely the cost of the bank funding itself.
9 So it was a cost the bank has to pay for having monies that it
10 then lends out to all the clients. Loosely.
11 And the 2.25 percent on top of that LIBOR index
12 represents, loosely, income for the bank and together they
13 represent the interest rate that the client pays for whatever
14 interest period that the client chooses.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1019

1 Q Look at the next line, the post renovation period. I
2 think the explanation of that is implied by your description of
3 what the renovation period was.
4 What was the post renovation period?
5 A So post renovation period is that period after the
6 renovations have been completed or largely completed. At which
7 point, the bank anticipates that the income from the real estate
8 would be higher than previously.
9 Q So why is there a difference between the renovation
10 period rate and the post renovation period rate?
11 A Bank's view was that there was a less risk in an asset
12 that is post renovation and is more fully income producing.
13 MR. WALLACE: If we can just back out of this for a
14 moment and just look at the whole page.
15 Q This section is headed "facility details." Is there an
16 interaction between each of those terms and your decision on
17 whether or not to approve this loan?
18 MR. KISE: Objection, interaction.
19 THE COURT: As to the wording interaction?
20 MR. KISE: I'm not sure I even understand the
21 question.
22 MR. WALLACE: The question is whether the witness
23 understands.
24 THE COURT: Right. I was going to say.
25 I am going to ask the witness do you understand the

N. HAIGH - DIRECT (MR. SOLOMON) Page 1020

1 question enough to answer it or no?
2 THE WITNESS: I believe so.
3 THE COURT: Okay. Overruled.
4 A So the contractual terms of the loan in the broadest
5 sense that are captured on this page, they are part of the risk
6 profile of that loan facility, and so they are part of -- those
7 are the items that I am approving with my approval, so it is
8 important to understand what those terms are.
9 THE COURT: Did that answer the question?
10 MR. WALLACE: I was going to try and rephrase it a
11 little.
12 MR. KISE: I'm not sure it did.
13 THE COURT: You deem that withdrawn, stricken and
14 try again?
15 MR. WALLACE: Maybe I'll use it later. Can we keep
16 it on the record? I'm happy -- we can withdraw it. I will
17 rephrase the question. I would be happy for it to be
18 withdrawn.
19 THE COURT: Then the answer is stricken.
20 Q Does the existence of the guarantee have any impact on
21 the interest rate in these terms?
22 A Yes, it does.
23 Q And what is the nature of the impact of the guarantee
24 on the interest rate terms?
25 A So there is a given that there will be a guarantee in

N. HAIGH - DIRECT (MR. SOLOMON) Page 1021

1 the first place because wealth management did not do business
2 without personal guarantees. In addition, the strength under
3 which that guarantee will be reflected in the pricing of the
4 loan, the spread to the bank in other words. Also, in the terms
5 of the loan including its size.
6 Q When you said spread and pricing, that's the
7 2.5 percent over -- we were talking about 2.25?
8 A The spread is at 2.25 percent number.
9 MR. WALLACE: If we could just turn to page 11 of
10 this document.
11 Q If we take a look at the box at the top of the page, it
12 is entitled "covenants." Were these covenants relevant to your
13 decision to approve the loan?
14 A Yes.
15 Q What is the significance of the covenants to your
16 decision to approve the loan?
17 A Loan covenants inside the loan documentation provide
18 protection to the bank against deterioration in either the real
19 estate itself or in the guarantor's financial position.
20 Q If we look at the top under the heading "guarantor," it
21 states -- there's two for guarantor. First one states,
22 "business financial statement, guarantor to provide a financial
23 statement annually dated within 90 days of 12/31." The next
24 segment for guarantor states "personal financial statement."
25 I just want to understand, is there a difference

N. HAIGH - DIRECT (MR. SOLOMON) Page 1022

1 between a business financial statement and a personal financial
2 statement listed here?
3 A I think in this case, the business financial statement
4 was an illusion to the financial statements of the legal entity
5 that would be on the loan and the personal financial statement
6 is Donald Trump's entire personal financial statement.
7 Q Looking at the second bullet, then it states,
8 "guarantor, personal financial statement. Guarantor to provide
9 a financial statement annually dated within 90 days of 12/31."
10 Why did the guarantor have to provide an annual
11 financial statement?
12 A The bank wants to be sure that the client's financial
13 strength is being maintained and also the bank wants to be able
14 to test its covenants periodically.
15 Q So I'll just read into the record the next point below
16 that. It says, "compliance certificate, guarantor to provide a
17 compliance certificate annually dated within 90 days of 12/31
18 and lender will have right to confirm required liquidity through
19 review of account statements at the offices of the guarantor."
20 Is that what you were referring to in being able to
21 test?
22 A Yes, that's how the bank would test its covenants.
23 That's how it would get the information to test its covenants,
24 but to be clear, the compliance statement is a statement by the
25 client that they are in compliance with all of those financial

N. HAIGH - DIRECT (MR. SOLOMON) Page 1023

1 covenants. The bank would use the financial information that
2 they provided to test itself to try and ensure that the client
3 is in compliance with those covenants.
4 Q Okay. So the -- there's a requirement that the
5 guarantor make a certification, but then there is a requirement
6 to provide information that the bank can use to confirm the
7 accuracy of the certification? Am I understanding that
8 correctly?
9 A That is correct.
10 Q If we look down at the financial covenants, it
11 states -- and this is during renovation period -- "required only
12 until post renovation period begins. Liquidity, guarantor shall
13 maintain unencumbered liquidity at all times (defined as
14 unrestricted cash or marketable securities convertible to cash
15 within five business days that is not pledged to support any
16 obligation of at least 50 million with at least 20 million to be
17 maintained with the lender.) This cash will not be pledged as
18 collateral."
19 Why did the guarantor have to maintain unencumbered
20 liquidity of \$50 million during the renovation period?
21 A The liquidity covenant would be the loan documents was
22 intended to ensure that the client always had sufficient cash on
23 hand to meet the obligations under this loan in terms of ongoing
24 interest or potential pay-downs or partial pay-downs of the loan
25 principal.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1024

1 Q If you look two lists down, it states, "net worth
2 guarantor shall maintain a minimum net worth of 2.5 billion
3 excluding any value related to the guarantor's brand value (as
4 such minimum net worth is reflected in guarantor's Statement of
5 Financial Condition prepared by guarantor in substantially the
6 form prepared by guarantor as of the date of this term sheet, a
7 copy of which will be delivered to lender.)"
8 So why is the bank requiring the guarantor to maintain
9 a minimum net worth of \$2.5 billion?
10 A In order to ensure that the financial guarantor
11 remained strong with enough wherewithal to repay our loan should
12 we need to be repaid.
13 Q That net worth is to be used to determine by guarantor
14 Statement of Financial Condition; is that correct?
15 MR. ROBERT: Objection.
16 THE COURT: Sustained.
17 Q How is that \$2.5 million net worth to be established?
18 A The loan documents --
19 MR. KISE: Objection, foundation.
20 THE COURT: Excuse me?
21 MR. KISE: Objection, foundation. I don't know
22 that this witness knows.
23 MR. WALLACE: At some point, he is reading the
24 document. He said he prepared the document.
25 MR. KISE: He did not say he prepared the document.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1025

1 Let's be clear.
2 MR. WALLACE: He reviewed the document.
3 MR. KISE: He reviewed the document is the
4 testimony I heard. I don't think he prepared it, but the
5 establishment of the 2.5 billion net worth requirement is
6 not something this witness has testified he had any
7 involvement in. If there's a foundation, he can lay the
8 foundation, but he hasn't testified that this witness had
9 anything to do with setting that number.
10 THE COURT: Well, foundation is sort of tricky
11 question in my view.
12 Mr. Wallace, can you lay a foundation or try to?
13 MR. WALLACE: I'm trying to get us out of here by
14 December 22nd, your Honor, but I'll do my best.
15 Q Were you familiar with the terms of the loan that are
16 being laid out in this credit report?
17 A Yes.
18 Q Did you have to understand the terms that are being
19 laid out in this credit report in order to undertake your
20 responsibility to approve the loan?
21 A Yes, I needed to understand those terms.
22 Q Did you have any input in the decision to set a minimum
23 net worth of \$2.5 billion?
24 A Yes.
25 Q Why did you determine to set -- what was your role in

N. HAIGH - DIRECT (MR. SOLOMON) Page 1026

1 helping to determine the \$2.5 billion number?
2 A As part of a credit risk management team, the ultimate
3 signer, I need to be comfortable with the terms of the loan
4 including the covenants to protect the bank. That \$2.5 billion
5 minimum net worth was one of those covenants and it was set in
6 order to make sure that the bank would be fully protected under
7 adverse market conditions.
8 Q Are there any factors that go into the analysis that
9 you were conducting when you're trying to determine an
10 appropriate minimum net worth for a loan?
11 A Determining the appropriate minimum net worth is driven
12 by, I think, a combination of factors. One of which is the size
13 of the credit exposure the bank is undertaking, and the other of
14 which is the client's starting point, their initial net worth
15 because the bank would want to set a covenant at a level that
16 allowed for the client's assets to fall in value somewhat, but
17 would still be triggered should that their assets fall
18 substantially such that their financial risk profile would be
19 changing.
20 Q Just to clarify, if we look under the next header,
21 "post renovation period," it says, "in lieu of renovation period
22 covenants." The liquidity requirement is not -- does not
23 appear in that section; is that correct?
24 A I don't -- I don't see on this page.
25 MR. WALLACE: Scroll down, so we can see the whole

N. HAIGH - DIRECT (MR. SOLOMON) Page 1027

1 section. Down a little bit. No. Sorry. Thank you.
2 Q So does the liquidity requirement remain in the post
3 renovation period?
4 A I don't -- from this memo, I don't believe that it
5 does.
6 Q But the net worth covenant of maintaining a minimum net
7 worth of 2.5 billion, that would remain in the post renovation
8 period?
9 A Correct.
10 Q If we can just scroll down to the next box which
11 states, "events of default and cure periods". It states just at
12 the top, "usual and customary for facilities of this size, type
13 and purpose, including but not limited to A, payment default.
14 B, breach of representation and warranties. C, violation of
15 covenants."
16 What would a payment default consist of?
17 A A payment default would be a failure to make some
18 payment due to the bank lender's loan documentation on time.
19 Q And what would a breach of representation or warranties
20 consist of?
21 A It would be literally a breach of the representations
22 of warranties that are made in the loan documents at the time
23 they are signed.
24 Q And what would a violation of covenants consist of?
25 A It would be a failure with regard to those financial

N. HAIGH - DIRECT (MR. SOLOMON) Page 1028

1 covenants to maintain the ratios or numbers that are set out in
2 those covenants.
3 Q So does it only relate to the financial
4 covenants?
5 A No, it would relate to any covenant. So a loan has
6 many, many covenants not all financial and it would cover all
7 the covenants of a loan.
8 Q What would happen on a loan in the event of a default?
9 A If there is a default on a loan, a default on a loan
10 covenant, the -- so if there is a default on the loan covenant,
11 there's been a breach of the -- it is a contractual arrangement
12 between the bank and the borrower. The bank has various
13 remedies for that which it can pursue like waiving the breach,
14 which it might do for an inconsequential breach; negotiating
15 some variation of the terms of the loan, or potentially
16 accelerating the loan and ask for repayment.
17 MR. WALLACE: I think we can put that document
18 aside for now.
19 Q Mr. Haigh, you've been handed a document that has been
20 marked as Plaintiff's Exhibit 291. Could you just take a moment
21 to review this document.
22 (Witness reviewing document.)
23 A Okay.
24 Q Do you recognize this document?
25 A Yes.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1029

1 Q And what is it?
2 A It's a credit memorandum for a new credit for the
3 product in Chicago.
4 Q And who is the borrower in this transaction?
5 A The legal entity is 401 North Wabash Venture, LLC.
6 Q Are you familiar with what entity is, that borrower is?
7 A It is a limited liability company that owned the asset.
8 Q And we will look at the top box again. It says,
9 "beneficial owner, Donald J. Trump."
10 Does that mean he is the beneficial owner of the
11 borrower?
12 A Correct.
13 Q Can you just turn for a moment to page six of this
14 document. Is that your signature?
15 A Yes, it is.
16 Q And what is indicated by your signature?
17 A My approval of this loan proposal or transaction.
18 MR. WALLACE: Your Honor, we would ask that
19 Plaintiff's Exhibit 291 be entered into evidence.
20 MR. ROBERT: Objection, statute of limitations.
21 THE COURT: Overruled. It is moved in evidence.
22 (Whereupon, the Document was marked in evidence as
23 People's Exhibit 291.)
24 Q If we go back to the first page, I believe you noted
25 that this is a new request in the box tick at the top. Can you

N. HAIGH - DIRECT (MR. SOLOMON) Page 1030

1 remind us again what is indicated by the fact that it is a new
2 request?
3 A It is a new loan asset for the bank.
4 Q And do you remember generally the terms of this loan or
5 the -- let me -- may I withdraw that question, your Honor?
6 THE COURT: Withdrawn.
7 Q Can you describe for us generally what is the nature of
8 the loan that's reflected in this credit report?
9 A It's a credit facility secured on commercial real
10 estate.
11 Q And at a high level, would the review or analysis that
12 you and your team conducted be the same for this credit facility
13 as the one we were just looking at?
14 A Yes, it would.
15 Q If we could turn to -- if you look at the bottom of
16 this box, it states, 'the facilities will also be further
17 supported by a full and unconditional guarantee provided by DJT
18 of little I, principal and interest due under the facility. And
19 two, operating shortfalls of the collateral property as defined
20 herein."
21 Does this guarantee operate in the same manner as the
22 guarantee that we saw on the earlier loan document, on the
23 earlier report that you were testifying about?
24 A Yes.
25 MR. WALLACE: If we can go to page five of this

N. HAIGH - DIRECT (MR. SOLOMON) Page 1031

1 document.

2 Q If we go down to the section marked "recommendation," I

3 will first ask who is making the recommendation that's contained

4 in this box?

5 A The lending officers that prepared the memo.

6 Q And who is the recommendation to?

7 A Credit risk management, my team.

8 Q If we look at the top of this segment, it states, "the

9 facility is being recommended for approval based on quality of

10 the collateral and LTV. The property is in the form of a luxury

11 hotel and condominium building located in Chicago based on

12 recent as is values provided in appraisals as discussed herein

13 and performed for purposes of underlying needs of the

14 facilities. The residential component is valued at 113 million

15 which provides a maximum LTV of 55 percent and the commercial

16 component is valued at 126.3 million which provides a maximum

17 LTV of 36 percent. The combined maximum LTV based on the

18 maximum commitment amount of 107 million is 44.7 percent."

19 First question, why is quality of the collateral and

20 LTV the first item listed in this recommendation?

21 A The collateral is significant in taking decision on

22 whether to approve the loan.

23 Q You see again that there were as is values provided in

24 appraisals. Why were appraisals performed on that property?

25 A The property was real estate and so by policy and by

N. HAIGH - DIRECT (MR. SOLOMON) Page 1032

1 regulation, the bank was required to obtain appraisals on real

2 estate.

3 Q If we look at the next bullet point, it states,

4 "financial strength of the guarantor, the financial profile of

5 the guarantor includes on an adjusted basis 146 million in

6 unencumbered liquidity, 2.4 billion in net worth, and

7 approximately 13 million in adjusted excess recurring net cash

8 flow."

9 Why was the financial strength of the guarantor one of

10 the grounds for recommending this loan?

11 A Because having a guarantee was a requirement for

12 private wealth manager to do business and having a strong

13 financial guarantor was a requirement for this transaction.

14 Q I guess does that have any implication for the third

15 bullet point we are seeing here, the nature of the guarantee?

16 Let me rephrase that question.

17 What was the relevance and nature of the guarantee to

18 the recommendation to approve this loan?

19 A It reflects -- the nature of the guarantee reflects the

20 fact that we had a full guarantee with no limitations on that

21 guarantee.

22 Q If we could turn to page seven of this document. There

23 is a segment again that's headed "financial analysis, guarantor.

24 You see at the top, it states, "guarantors-financial statements.

25 Although facilities are secured by the collateral, given its

N. HAIGH - DIRECT (MR. SOLOMON) Page 1033

1 unique nature, the credit exposure is being recommended based on

2 the financial profile of the guarantor."

3 Do you have an understanding what is meant by the

4 unique nature of the collateral?

5 A So unique is probably a bit of a hyperbole because it

6 is unusual for the private wealth management business to have

7 hotels as collateral and it is unique for private wealth

8 management business to have a condo inventory as collateral,

9 unsold condo units.

10 Q If we look at the table, we see that there's financial

11 summary segment. One row -- sorry. One column states, "DJT

12 6/30/2011 client reported. Next column states "DJT, 6/30/2011

13 DB adjusted." Next column states, "DJT 6/30/12 client

14 reported." And the final column states, DJT 6/30/2012 DB

15 adjusted."

16 First question, why are the years 2011 and 2012 both

17 broken out in this chart?

18 A We had financial information of two years at least and

19 the aim was to show or to identify whether there's any trend in

20 changes between -- from one year to the other.

21 Q We see that both the 2011 and 2012 years, there are DJT

22 adjusted numbers. Did the adjustment process that's reflected

23 in this table operate in the same way as the adjustment process

24 we saw on the prior exhibit?

25 A Yes, it did.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1034

1 MR. WALLACE: If we could just scroll down

2 to -- actually, page -- can you show side by side page

3 eight of this exhibit and page six of PX 293. Just zoom in

4 on the table, please.

5 Q So if we look at the two tables, it would appear that

6 for 2011 and for 2012, the valuations and the analysis for three

7 of the Niketown, 40 Wall, and Trump Park Avenue remain the same.

8 Do you see that?

9 A Yes.

10 Q But for Trump Towers, there's a change. Do you see

11 that?

12 A Yes, I do see that.

13 Q And if we can just pull up exhibit -- we can drop it

14 now for 291, please, and just go down to the section on Trump

15 Tower. That's on page eight. So there's another line segment

16 that states -- underlying section that states, "the loan is

17 non-recourse." I'm going to focus on the sentence that's after

18 that.

19 "The loan is non-recourse and matures in 2022." It

20 says, "a recent appraisal performed in conjunction with the

21 refinance valued the property at 480 million resulting in a

22 roughly 21 percent of LTV. Although, we did not adjust for the

23 additional liquidity distributed to the guarantor, we are

24 adjusting the property value to reflect the recent appraisal and

25 new debt."

Page 1035

1 Can I ask so why did Deutsche Bank incorporate this new
2 appraisal into its analysis?
3 A So it appears that Trump Tower had been refinanced
4 recently not by Deutsche Bank and that in connection with that
5 refinancing, the financing entity had commissioned an appraisal
6 which had been made available to Deutsche Bank. So the bank
7 felt that it had an independent view on the value of that asset.
8 Q And the bank was comfortable in incorporating that
9 independent value into its analysis of the property?
10 A Correct.
11 Q Mr. Haigh, you've been handed a document that's been
12 marked Plaintiff's Exhibit 470. Can you take a moment to
13 familiarize yourself with this document.
14 A Okay.
15 Q Do you recognize this document?
16 A Yes.
17 Q And what is it?
18 A It's a memo prepared by my colleague Sean Harrigan,
19 amended by me, addressed to my boss, Thomas Eggenschweiler.
20 (Continued on the next page.)
21
22
23
24
25

N. Haigh - Petitioner - direct (Wallace) Page 1036

1 Q And just to clarify for the record, the memos and
2 attachment to an e-mail from Shaun Harrigan to you dated May 23,
3 2012; is that correct?
4 A Correct.
5 MR. WALLACE: Your Honor, I would ask that this
6 document be entered into evidence.
7 MR. ROBERT: Objection. Statute of limitations.
8 THE COURT: Overruled. It's in evidence.
9 Q Mr. Haigh, does this memo relate to the same
10 transaction that was being addressed in the credit report that
11 you were reviewing?
12 A Yes.
13 Q And that's the -- a loan involving the Trump
14 International Tower Chicago?
15 A Yes.
16 MR. WALLACE: If you could flip to page 3 of the
17 document? If we could focus on what's in Item 2 under "PWM
18 Facility of Summary Terms." It would be item two. I'm
19 sorry, three. Item three, which is headed "PWM Facility
20 Summary of Terms."
21 Q And the first sentence -- let me withdraw that.
22 What is PWM?
23 A Private wealth management.
24 Q And that's the part of the bank you worked for?
25 A That's the business unit that I supported and approved

Page 1037

N. Haigh - Petitioner - direct (Wallace)

1 their -- decided their credits.
2 Q The first sentence in this segment states:
3 "CIB terms for the condos" and continues -- before we
4 go there, I would just ask what is CIB?
5 A Stands for commercial and investment bank. They had a
6 commercial real estate lending group that would make loans on
7 commercial real estate.
8 THE COURT: Ten-minute warning.
9 Q And that is separate and apart from your private wealth
10 management group?
11 A That is a different business line and a different
12 profit and loss line.
13 Q Memo states:
14 "CIB terms for the condos for the lesser of 75 MIO or
15 55 percent LTV; two year (one year extension option required
16 amortization and reserve account on a nonrecourse basis at L
17 plus 800 BP CIB as indicated to PWM if they are comfortable with
18 this LTV given (i) their long history with the property and (ii)
19 the momentum in condo sales that has been demonstrated for the
20 last two years."
21 Just ask you to define some of the terms that are
22 contained in there. What is L plus 800 BP?
23 A Stands for LIBOR plus 800 basis points and there are
24 100 basis points and one percent, so that means LIBOR plus eight
25 percent.

N. Haigh - Petitioner - direct (Wallace) Page 1038

1 Q And why are you discussing the CIB terms?
2 A Two business divisions at Deutsche Bank were making
3 proposals on the same potential loan and as -- we wanted to be
4 sure that they made sense with regard to each other so the bank
5 didn't look foolish in front of the client with two completely
6 different sets of term sheets that bore no relation to each
7 other.
8 Q And why is nonrecourse basis involved here?
9 A The commercial and investment bank business covered
10 real estate. It would not normally take full recourse to an
11 individual. Their principal source of repayment would be the
12 real estate itself and only the real estate, although there may
13 be some small guarantees around certain behaviors and the
14 pricing reflects that risk profile that they were taking on.
15 Q And if we look at the next paragraph, it states:
16 "PWM is proposing terms on a full recourse facility to
17 provide up to the same level of proceeds as CIB with the same
18 two-year term for pricing in the range of L plus four percent.
19 The spread differential is based on a full guarantee of Donald
20 Trump. See credits below."
21 So you said that the bank didn't want to look foolish
22 in front of the client and was comparing terms?
23 A Correct.
24 Q And so this is the comparison that you're making
25 between the two divisions of the bank?

<p>N. Haigh - Petitioner - direct (Wallace) Page 1039</p> <p>1 A That's correct. The difference between a nonrecourse 2 facility and a full recourse facility and their different 3 pricing. 4 Q And by pricing that would be the difference between 5 LIBOR plus 800 and LIBOR plus four percent? 6 A That's correct, the spread over LIBOR. 7 Q And so the difference between LIBOR plus eight percent 8 and LIBOR plus five percent is based on full guarantee of Donald 9 J. Trump? 10 A Yes. 11 Q I'm going to correct the record. I apparently read it 12 incorrectly. 13 So the difference between LIBOR plus 800 basis points 14 and LIBOR plus four percent is based on the full guarantee of 15 Donald J. Trump. Is that what's reflected in this memo? 16 A That math is correct and that is the understanding of 17 why there is a difference in price. 18 THE COURT: Several of us caught you on that one. 19 MR. WALLACE: I'm glad I have all of you here to be 20 -- 21 Your Honor, I'm going to move on to a new year and 22 a new loan. I don't know if you want to take our break now. 23 THE COURT: Up to you. You have five minutes. 24 MR. WALLACE: Sure. Why don't we at least 25 introduce the document.</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 1041</p> <p>1 consists of over 200 acres of land, a mansion and other 2 buildings. This property is zoned for nine luxury homes, also 3 includes property in Beverly Hills, California. For purposes of 4 deriving at adjust value, assumed a 75 percent haircut to 5 reflect the uncertainty in valuing undeveloped land." 6 First of all, what is a haircut? 7 A In this context a haircut is a way by which the bank 8 reduces the stated value of the asset in order to form some kind 9 of assessment as to what the asset might be worth in an adverse 10 market situation. 11 Q And is that different from the adjustments that you 12 were looking at before? 13 A The adjustments for the four specific properties were 14 based on our own valuation services group input on those four 15 assets. The adjustments on the golf courses were based on the 16 standardized approach and this is more of a standardized 17 approach. 18 Q Okay. And so why in that standardized approach is the 19 haircut 75 percent? 20 A I think because the assets -- properties under 21 development or not yet developed potentially have a large range 22 of outcomes of their value, so. 23 Q Let me put that one aside. 24 Mr. Haigh, you've been handed a document that's been 25 marked Plaintiff's Exhibit 294. If you can take a moment to</p>
<p>N. Haigh - Petitioner - direct (Wallace) Page 1040</p> <p>1 THE COURT: You know what, on second thought, let's 2 all have a nice long lunch. See you at 2:15. 3 THE COURT OFFICER: Everyone remain seated. 4 (Whereupon, there is a luncheon recess in the 5 proceedings.) 6 AFTERNON SESSION 7 THE COURT OFFICER: All rise. Part 37 is back in 8 session. The Honorable Judge Arthur Engoron presiding. 9 Please be seated and come to order. 10 THE COURT: Let's get the witness back. 11 THE COURT OFFICER: Witness entering. 12 (The witness enters the courtroom and approaches 13 the witness stand.) 14 THE COURT: I'll remind the witness that he's still 15 under oath as I remind all witnesses during lunch breaks. 16 And let's proceed or continue. 17 CONTINUED DIRECT EXAMINATION 18 BY MR. WALLACE: 19 Q Good afternoon, Mr. Haigh. I just wanted to cover 20 something I missed concerning Exhibit 293, it's the 2011 credit 21 report. If we could go to page six and look at the bottom. 22 At the bottom here there is a segment that reads: 23 "Properties under Development." 24 It states: "Consists primarily of the property known 25 as The Mansion at Seven Springs in Bedford, New York, which</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 1042</p> <p>1 just familiarize yourself with the document. 2 A Okay. 3 Q Do you recognize this document? 4 A Yes. 5 Q What is this? 6 A It's a credit report covering a new transaction and the 7 renewal of the existing transactions and an increase on the 8 third transaction all captured in one credit report for this 9 group, this relationship. 10 MR. WALLACE: I'm sorry to interrupt you. If we 11 can just turn quickly to the page 11 of this document. 12 Q I can show you on the screen, Mr. Haigh. 13 Is that your signature on the far right of the screen? 14 A Yes, it is. 15 Q And what is indicated by your signature on this 16 document? 17 A My approval of the terms in the document. 18 MR. WALLACE: Your Honor, we would ask that this 19 exhibit be moved into evidence. 20 MR. ROBERT: Objection. Statute of limitations. 21 THE COURT: Overruled. Granted. It's in evidence. 22 (Whereupon, the item previously referred to is 23 received and marked Plaintiff's Exhibit Number 293 in 24 evidence.) 25 Q While we're here we have the signature of</p>

<p>N. Haigh - Petitioner - direct (Wallace) Page 1043</p> <p>1 Mr. Eggenschweiler. Have I pronounced it correctly? 2 Why is he signing this report? 3 A The combined exposure to the group was above my 4 authority level given the rating of the facilities. 5 MR. WALLACE: Okay. If we can go back to the first 6 page? 7 Q There is a box towards the top entitled, "Reason for 8 Presentation." Is this what you were referring to when you were 9 describing the purpose of this credit report? 10 A Yes. 11 Q So the first Item A states: "Annual review of Trump 12 Endeavor 12 LLC loan facility." Says "request to change annual 13 review date to 4/30/15." 14 What is encompassed in an annual review of the Trump 15 Endeavor 12 LLC facility? 16 A We do an annual review of every loan facility that we 17 have to see whether anything has changed. We refresh the 18 financial information, we look at the operating performance of 19 the collateral and there is a request here to change the date I 20 think for administrative reasons to make it more convenient 21 along with the other facilities that existed for this group. 22 Q And so I think you referred to the -- what's being 23 reviewed as part of the annual review? 24 A We're reviewing the credit exposure that we have, so 25 has it performed in accordance with the terms of its</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 1045</p> <p>1 Post Office LLC to be used for the development of the Old Post 2 Office property in Washington, D.C." 3 Is this approval process the same as the approval 4 process we saw on the earlier two statements of the Financial 5 Condition? 6 A Yes, with the added caveat that we needed a higher 7 level of approval authority within credit risk management to 8 approve the transaction. 9 Q If we could look down below a little bit of the page. 10 There is a box entitled -- it's this box on the left that says 11 "currency" at the top. There is a series of boxes "new limit 12 usage previous limit." The column on the left says "Loan A 13 Tranche A, new limit, 106 million." 14 Below that, "Loan A, Tranche B, 19 million." 15 "Loan B, 73 million." 16 "Loan C, 170 million." 17 "Loan C, swap threshold amount, 10.25." 18 "Related exposure, blank." 19 And then it says "total exposure, 378.25." 20 What is indicated in this portion of the chart? 21 A Those are the credit exposures that Deutsche Bank was 22 taking on each of those facilities. 23 Q And Loan C, does that conform to Item C that we were 24 looking at, the new loan for the Trump Old Post Office building? 25 A I believe so, yes.</p>
<p>N. Haigh - Petitioner - direct (Wallace) Page 1044</p> <p>1 documentation. 2 Q And what information are you using to make that review? 3 A We're using updated financial information on the 4 guarantor, we're using updated financial information provided by 5 the borrower, the owner of the collateral as to performance of 6 their business. 7 Q The next Item B states: "Increase in annual review of 8 401 North Wabash Ventura LLC loan facility request to increase 9 Tranche B facility by 54 million to a maximum of 73 million with 10 a new maturity date of ten years from closing of the extension" 11 and also a request to change the annual review date. 12 What are you looking at when you're looking at an 13 increase and an annual review for the 401 North Wabash Venture 14 loan facility? 15 A So this is an increased loan exposure which requires us 16 to re-underwrite all of the factors that went into the original 17 credit, both the lateral and the guarantor, locate all of those 18 factors to see that it supports a new role that's gone up to 19 \$73 million. 20 Q And does the analysis you would conduct for an 21 extension the same as the analysis we discussed for the prior 22 two credit reports that we looked at? 23 A Yes. 24 Q If we look at Item C it states: "Approval of a new 25 \$170 million first mortgage facility to the borrower Trump Old</p>	<p>N. Haigh - Petitioner - direct (Wallace) Page 1046</p> <p>1 Q So the total exposure is listed at 378. I'm going to 2 assume that's million? 3 A Correct. 4 Q Is that the credit limit that required 5 Mr. Eggenschweiler to also sign off on the credit report? 6 A Yes, Eggenschweiler. 7 Q And why does he need to sign off at that document 8 level? 9 A Because my credit authority was governed by the size of 10 the overall relationship and also by the rating of the weakest 11 facility in that overall relationship which in this case was a 12 triple B rating which is in the section just above where you're 13 looking at on the screen. 14 Q So if we could scroll down a little bit. 15 A Yes, there you go. Says "FPD, dBBB" at the top. 16 Q I'm just going to point to it. Is this the segment you 17 were talking about? 18 A That is the correct segment, yes. 19 Q So I'll just -- this is the segment under the heading 20 "risk rating current." It states: "Loan A, Tranche A, CPD, IA, 21 FPD." And then it says "dBBB." That's the rating we're talking 22 about? 23 A That's correct. 24 Q Do you recall the purpose of this new facility? 25 A Yes.</p>

N. Haigh - Petitioner - direct (Wallace) Page 1047

1 Q And what was that purpose?
2 A It was to provide financing for a substantial
3 renovation of this Old Post Office building, which was going to
4 be converted into a hotel.
5 Q If we could turn to page nine of this document and pull
6 up the box that says "guaranty."
7 I'll just state this for the record. It states:
8 "Guarantee. Donald J. Trump, will provide a full and
9 unconditional guarantee of (i), principal and interest due under
10 the facility; (ii), swap brokerage costs; three, operating
11 shortfalls of the property until the end of the shortfall
12 coverage period; and four, a completion guarantee, guaranteeing
13 the lien-free completion of the project acceptable to the lender
14 as evidenced, by among other things, one or more temporary or
15 final certificates of occupancy or their equivalent, architect,
16 certificate and appropriate lien waivers, each responsibly
17 acceptable to the lender."
18 So similar to the loans we looked at before this loan
19 is also supported by a guarantee by Mr. Trump; is that correct?
20 A That is correct.
21 Q And did this guarantee operate similar to the
22 guarantees we were looking at earlier for Doral and for the
23 Chicago property?
24 A Yes, it does.
25 Q If we look at the box that was just below that it

N. Haigh - Petitioner - direct (Wallace) Page 1048

1 states: "Guarantor covenants. During the redevelopment period
2 the guarantor shall maintain unencumbered liquidity at all times
3 of at least \$50 million with at least 20 million to be
4 maintained with the lender."
5 Why did the guarantor have to maintain unencumbered
6 liquidity of \$50 million?
7 A The bank wanted to know -- to be covenanted to have
8 that protection that the client would always have a substantial
9 amount of cash on hand, that he could use to either meet the
10 obligations under the bank's loan or potentially pay down the
11 loan.
12 Q And how would that liquidity be demonstrated?
13 A Well, the 20 million that was to be held with the bank
14 would be clearly visible to the bank at all times because we
15 would have access to seeing that in the bank systems. The
16 balance will be demonstrated through proving brokerage accounts
17 or bank account statements that showed where that cash or those
18 securities were held.
19 Q Anything else that can be used to demonstrate the
20 liquidity?
21 A No, from recollection it was cash and securities that
22 are convertible to cash within five days.
23 Q If we look down below it states:
24 "At all times during the term of the facility,
25 guarantor shall maintain a minimum net worth of 2.5 billion

N. Haigh - Petitioner - direct (Wallace) Page 1049

1 excluding the value related to guarantor's brand value."
2 Why was the guarantor required to maintain a minimum
3 net worth of 2.5 billion?
4 A The bank wanted to be sure that in an adverse market
5 scenario the client would always have enough financial resources
6 to be able to pay off our loan.
7 Q And how would the \$2.5 billion net worth be
8 demonstrated?
9 A Through providing us with a personal financial
10 statement and a certification in the loan documentation along
11 the lines of the previous one we discussed.
12 Q And just to confirm, the guarantor here is
13 Donald J. Trump?
14 A Yes.
15 MR. WALLACE: If we could turn to page 14.
16 Q If you look at the top again. It states -- there is a
17 header at the top.
18 "It should be noted that the guarantor, DJT, is
19 required to provide financials within 120 days of 6/30 FYE.
20 Thus, the most recent financials available are as of 6/30/13.
21 We are not aware of any material changes to guarantor's
22 financial profile."
23 And just to confirm, DJT, who is that referring to?
24 A Donald Trump.
25 Q And what is indicated by 6/30 FYE?

N. Haigh - Petitioner - direct (Wallace) Page 1050

1 A So the financial yearend, FYE, is June 30th.
2 Q And go back to the first page. I'll represent to you
3 the date of this credit report is May 2, 2014. Would that
4 explain why this note was included?
5 A This memo is 11 months after the last financial yearend
6 for which we already had financial statements.
7 Q Do you know what steps, if any, the bank would take to
8 come to the conclusion that it was not aware of any material
9 changes to guarantor's financial profile?
10 A The bank would rely on representations from the client
11 that there were no material changes.
12 Q If we look down at the next section it states:
13 "Guarantor's financial summary."
14 "Although all three facilities are secured by
15 collateral given the unique nature of these credits, the credit
16 exposure is being recommended based upon the financial profile
17 of the guarantor."
18 I asked a similar question before, but what was the
19 unique nature of the credit apart from anything we've discussed?
20 A So all of these credits had collateral -- real estate
21 collateral. It was not a normal type of real estate collateral
22 for Deutsche Bank.
23 Q So the OPO property that is the collateral for this
24 loan is also not collateral that the private wealth group --
25 A Correct, correct. Private wealth management did not

N. Haigh - Petitioner - direct (Wallace) Page 1051

1 normally do loans that involved substantial reconstruction on
2 its collateral.
3 Q This section continues: "As part of this underwriting
4 we have met with several members of the family's office to
5 update our due diligence on client reported financial
6 information as prepared by WeiserMazars, an independent public
7 accounting firm with the due diligence process described here
8 having been conducted in the same manner as the due diligence
9 for the earlier reports that we reviewed."
10 A Yes.
11 Q States: "Next based on the results of this due
12 diligence we have made certain assumptions that have resulted in
13 adjustments to reported values. Details on such adjustments are
14 included in the analysis that follows."
15 What you see there is a table similar to what we've
16 seen in the similar reports. Did the adjustment process operate
17 in the same way for this credit report as it did on the earlier
18 credit reports that we were looking at?
19 A Yes.
20 Q The last sentence states: "Additional details are
21 included in the guarantor's financial statements, which are
22 attached as Exhibit 5."
23 Do you recall if you reviewed the financial statements
24 in connection with this extension of credit?
25 A I can't recall whether I reviewed them on this specific

N. Haigh - Petitioner - direct (Wallace) Page 1052

1 extension of credit. I will be surprised if I hadn't, but I
2 can't physically remember or accurately remember picking the
3 pieces of paper and looking at them.
4 Q Okay. Again, we see that the financial summary table
5 refers to DJT, 6/30/2011; DJT, 6/30/2012. Both say "client
6 reported."
7 Next column states: "DJT, 6/30/120 to be adjusted."
8 Next column: "6/30/2013, client reported."
9 Final column: "DJT, 6/30/2013 DB adjusted."
10 Why is the bank looking as numbers for each of these
11 years, 2011 through 2013?
12 A It's trying to identify any trends in the change of
13 values reported.
14 Q And what was looking for trends and change of value
15 have -- how would that have been used by the bank in its review
16 of this credit?
17 A It's a fairly standard banking process to look at
18 history of financial performance over the previous few years and
19 it's used to identify what's changing and then try and figure
20 out why.
21 Q And so that would influence your assessment of whether
22 or not to approve this credit -- this credit extension?
23 A Yes.
24 Q If we can just flip back to page two of this document
25 and focus on this table at the bottom the header for this is

N. Haigh - Petitioner - direct (Wallace) Page 1053

1 "covenants" and then lists a series of questions that are
2 answered for facility A, facility B, and facility C.
3 Do you recall what facility A was?
4 A Yes, I recall that was the original Doral facility.
5 Q And is facility B the Chicago loan?
6 A I think so from memory, yes.
7 Q And facility C?
8 A Is the new Old Post Office facility.
9 Q What is the purpose of this table?
10 A It's to document the fact that the client was in
11 compliance with their covenant obligations.
12 Q And if we take a look at focus facility B in the
13 middle, it says "are all covenants in compliance." Underneath
14 that it states -- reporting there is a box checked "yes" and
15 another box -- sorry -- another row, "financial" marked "yes."
16 What is demonstrated in that portion of the chart?
17 A It's -- that's stating that the client's financial
18 reporting covenants have been complied with and the client is
19 also in compliance with the actual financial covenants that are
20 -- we're asking him to report on.
21 Q And if there was not a covenant had not been complied
22 with, would that have been subject to the process we've
23 discussed earlier for an event of default?
24 A So any covenant that had not been complied with would
25 go through some process for us to determine whether we needed

N. Haigh - Petitioner - direct (Wallace) Page 1054

1 compliance for that covenant or whether we wanted to waive it or
2 amend the documentation or potentially default the transaction.
3 Q So by signing off on this credit report does this
4 reflect the determination by you that each of the loan covenants
5 had been met?
6 A So this report is prepared by the lending group. I
7 personally had not checked that those loan covenants had all
8 been met. I was relying on their statement here that we were in
9 compliance and I was then -- my approval was conditioned on that
10 fact being correct and accurate.
11 Q Understood.
12 Mr. Haigh, you've been hand a document that's been
13 marked Plaintiff's Exhibit 298. Just take a moment to look
14 through this document.
15 A Okay.
16 Q Do you recognize this document?
17 A Yes.
18 Q What is it?
19 A It's an annual review credit memoranda.
20 Transcript continues on the following page....

N. HAIGH - DIRECT (MR. SOLOMON) Page 1055

1 Q If we look at the top, it says the date is July 20,
2 2015; is that right?

3 A Correct.

4 MR. WALLACE: Your Honor, I would ask that this
5 document be entered into evidence.

6 MR. ROBERT: Objection. Statute of limitations.

7 THE COURT: Overruled. It's in evidence.

8 (Whereupon, the Document was marked in evidence as
9 People's Exhibit 298.)

10 Q If I could direct you to page seven of this document.
11 We will pull it up on the screen.

12 Before the language lessons, we were looking at this
13 section of the 2015 credit report. Do you recognize the
14 signature on the right-hand side of the screen?

15 A Yes, that's my signature.

16 Q And what is indicated by your signature?

17 A Approval of this annual credit review.

18 Q If you can take a look up I think at the top page one.
19 At the top, it says, "purpose of presentation A, annual review
20 of Trump Endeavor 12, L.L.C. loan review; annual review of 401
21 North Wabash Venture, L.L.C. and C, annual review of Trump Old
22 Post Office.

23 Do I understand this credit report is covering annual
24 review for all three loans?

25 A Yes.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1056

1 Q Would the annual review process for this year 2015 and
2 for these three properties operate the same as the annual review
3 process we discussed previously?

4 A Yes.

5 Q If you can go down to page two. Again, there is a
6 segment marked covenants and checkbox is showing whether or not
7 they are in compliance. What role did this information play in
8 annual review of the three loan facilities?

9 A It documented the client's status with regard to those
10 covenants.

11 Q And do you know what the source of information would be
12 for the information contained in this chart?

13 A It would be the latest information provided by the
14 client. It would be reviewed for compliance with the covenants.

15 MR. WALLACE: Your Honor, I apparently have
16 neglected to ask that Exhibit 298 be moved into evidence.

17 THE COURT: Granted. They are in evidence.

18 (Whereupon, the Document was marked in evidence as
19 People's Exhibit 298.)

20 Q If you can go down to page ten just briefly for a
21 moment.

22 MR. ROBERT: I will keep my standing objection on
23 that.

24 THE COURT: I was waiting for that.

25 MR. ROBERT: I knew you were.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1057

1 Q If we look down at the bottom of page ten under the
2 heading "liquidity," this section states, "the guarantor reports
3 liquidity of 302 million as of 6/30/2014 consisting of funds in
4 Mr. Trump's name personally and various entities that Mr. Trump
5 controls. The client reported balances have remained on par
6 from the prior year with minor fluctuations attributed to
7 additional CRE acquisitions and the guarantor taking fewer
8 distributions from his properties."

9 From this information, do you have an understanding of
10 what the source was for the information on Mr. Trump's
11 liquidity?

12 A Yes.

13 Q And what was the source of this year for his liquidity
14 information?

15 A Source would be combination of what was on his personal
16 financial certificate or statement which would have been
17 validated or verified to some extent by looking at the actual
18 brokerage accounts or bank accounts showing that actual
19 liquidity in existence.

20 Q Do you know if that verification actually happened in
21 this year?

22 A So I did not do that myself. It was done by lending
23 officers, so -- but if they say that they -- I rely on my
24 lending officers to do their job and to tell me the truth.

25 Q But this doesn't -- this language doesn't refer to any

N. HAIGH - DIRECT (MR. SOLOMON) Page 1058

1 additional due diligence performed by the lending officers who
2 prepared the report?

3 MR. ROBERT: Objection.

4 THE COURT: Well, it is leading. Rephrase it. If
5 it doesn't, not doesn't it.

6 Q Does -- is there any reference to lending officers
7 actually checking the level of funds in this report?

8 A I don't see a specific reference to that. It was part
9 of the private wealth management businesses standard operating
10 process to validate liquidity.

11 MR. WALLACE: If we could move on to page ten,
12 please.

13 Q Again, this section says guarantor's financial summary.
14 Although all three facilities are secured by collateral, given
15 the unique nature of these credits, the credit exposure is being
16 recommended based on the financial profile of the guarantor.

17 What does that mean in the context of annual review
18 that the credit exposure is being recommended based on the
19 financial profile of the guarantor?

20 A It means that the guarantor continues to have a
21 substantial financial strengths and that our loans are good
22 quality loans based on that personal guaranty that we have from
23 him.

24 Q And so does that necessitate any action by the bank
25 or --

N. HAIGH - DIRECT (MR. SOLOMON) Page 1059

1 A No.

2 Q Again, if we look at the top row, it says, "financial
3 summary." You see reporting for 2011, 2012, 2013, 2014, both
4 client reported and adjusted.

5 Why is Deutsche Bank looking at Mr. Trump's financial
6 condition from 2011 through 2014 in this report?

7 A Looking to see if there is any trend that is
8 identifiable.

9 Q And this information about any trend that might be
10 identifiable is something that the bank is using in its analysis
11 of -- in the annual review process?

12 A Potentially if the bank identified a trend, if it was
13 either worrying or improving, that would be a call-out in the
14 write up.

15 Q Mr. Haigh, you've been handed a document that has been
16 marked Plaintiff's Exhibit 300. If you can just take a moment
17 to familiarize yourself with this document.

18 (Witness reviewing document.)

19 A Yes, I see it.

20 Q Do you recognize this document?

21 A Yes.

22 Q What is this document?

23 A It is another annual review this time for 2016.

24 MR. WALLACE: Your Honor, I would ask that
25 Exhibit 300 be moved into evidence.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1060

1 THE COURT: Granted. It is in evidence.
2 (Whereupon, the Document was marked in evidence as
3 People's Exhibit 300.)

4 Q We'll walk through some of this in just a moment. If
5 we could flip to page 9 of 27. At the bottom, your signature is
6 missing from this document.

7 Do you have a recollection of why you didn't sign this
8 document?

9 A No specific recollection. It is possible I was on
10 vacation at the time.

11 Q Okay. If you turn to page 13 and we look, there is an
12 e-mail from Gaston Allegre to -- is it Joern Joseph?

13 A Yes, Joern Joseph.

14 Q Who is Mr. Allegre?

15 A Gaston Allegre was a credit officer that worked for me
16 on my team.

17 Q Who is Mr. Joseph?

18 A He was the chief credit officer of the U.S. entities of
19 Deutsche Bank.

20 Q And you're copied on this e-mail, but underneath it
21 says, Mr. Allegre writes: "Dear Joern, following up on our
22 conversation Tuesday, please find attached the annual review for
23 Mr. Trump, the credit report has been approved by Thomas
24 Eggenschweiler by e-mail (see attached) and me. In Nick's
25 absence, would you please review and provide local A-1 authority

N. HAIGH - DIRECT (MR. SOLOMON) Page 1061

1 approval".

2 Does this refresh your recollection as to why you
3 didn't sign this particular credit report?

4 A Well, it appears that I was absent, so I
5 guess -- again, I'm guessing vacation.

6 Q And obtaining approval from Mr. Joseph was another
7 means of approving the credit report?

8 A Yes.

9 Q Just to confirm, this document was approved by Deutsche
10 Bank in the credit report? Is that fair to say?

11 A I believe so. I believe there was an e-mail
12 confirmation from Joern Joseph and Thomas Eggenschweiler that
13 they supported the -- this document.

14 Q If we go to page two of this document, you see at the
15 bottom of this page, again, there is another table reporting the
16 nature of the loan covenants and compliance.

17 What was the basis for the information reflected in
18 this chart?

19 A The information would have started with the client,
20 would have come from the client and then would have been
21 analyzed by the support group within private wealth management.

22 Q If you could go down to page 15. If we look again, it
23 is a summary chart. I ask was the adjustment process, the
24 haircut process in this year the same as the process we've
25 described in the prior years?

N. HAIGH - DIRECT (MR. SOLOMON) Page 1062

1 A Yes.

2 Q If we look here, we see that this covers the year 2011
3 through 2015. Again, why is Deutsche Bank looking at the
4 performance across all of those years?

5 A We're looking to see for trends in the change in value
6 of assets or liabilities.

7 Q And was the change in trends relevant to the -- to
8 your review of this credit report?

9 A Yes.

10 Q We can go back to page three. There is a heading
11 "guarantee type." This section states, "Guarantee level
12 analysis is based on a 32.7 LTV. The guarantor has requested to
13 retain a 10 percent guarantee level although terms of the
14 previously approved tranche A note allow for no personal
15 guarantee if the LTV is below 35 percent. As outlined below,
16 the guarantee level at or below 35 percent LTV was originally
17 contemplated to be zero percent at which time pricing was
18 scheduled to increase to L plus 2.00 percent retaining a
19 10 percent guarantee level clearly strengthens the credit."

20 Can you explain to us what is happening with the
21 guarantee? What's happened with the guarantor's request to
22 remain at ten percent guarantee level?

23 A This particular facility had a step-down feature under
24 which as the loan to value of our loan gotten lower and lower,
25 so in turn, the amount of our principal plus interest that was

N. HAIGH - DIRECT (MR. SOLOMON) Page 1063

1 guaranteed stepped down. And the 35 percent loan to value, we
2 were willing to allow there to be no personal guarantee
3 whatsoever. But in fact, as a consequence of that, the pricing
4 would have increased, the spread, the L plus 2.00 number.
5 Instead, the client -- his people said to us we would prefer to
6 keep it 10 percent and take advantage of the lower pricing that
7 goes along with the 10 percent guarantee.
8 Q Thank you.
9 You've been handed a document that has been marked
10 Plaintiff's Exhibit 3137. Can you take a moment to familiarize
11 yourself with this?
12 (Witness reviewing document.)
13 A Okay.
14 Q Do you recognize this document?
15 A Yes.
16 Q What is this document?
17 A It is an annual review of all three credit facilities
18 the bank had with Donald Trump.
19 Q And is that indicated by the box marked "reasons for
20 presentation?"
21 A That together with the checked box at the top left
22 which says "review."
23 MR. WALLACE: Your Honor, I would ask that
24 Plaintiff's Exhibit 3137 be entered into evidence.
25 THE COURT: Granted. It is in evidence.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1064

1 (Whereupon, the Document was marked in evidence as
2 Plaintiff's Exhibit 3137.)
3 Q If we could flip to page ten, at the bottom, do you
4 recognize the signature on the right-hand side of the screen?
5 A Yes, that's my signature.
6 Q What is indicated by your signature?
7 A That I approved the annual review.
8 Q Can you explain what's meant as the notation I will
9 read as "for DBTCA as regional head WM risk"?
10 A So I was signing -- I was being clear that I was
11 signing on behalf of Deutsche Bank Trust Company Americas as the
12 regional head of the wealth management risk group effectively
13 meant that my signature was sufficient for that -- for the
14 approval of this annual review.
15 Q If we could turn to page eight of this document, focus
16 on the section that states "recommendation." It says,
17 "recommendation approval of the annual review for facility A
18 Doral facility; B, Chicago facility; C, OPO. Underneath that,
19 it states, "all facilities financial strength of the guarantor,
20 the financial profile of the guarantor includes a stated net
21 worth of 5.7 billion which remains well above his \$2.5 billion
22 minimum requirement even on an adjusted basis. Guarantor
23 maintains a strong liquidity position, \$114 million in
24 unencumbered liquidity. A decrease of \$60 million from the
25 prior year due to political campaign costs."

N. HAIGH - DIRECT (MR. SOLOMON) Page 1065

1 Did you have an understanding of how Deutsche Bank
2 would have obtained the information reflected in this section?
3 A We would have obtained that information from the client
4 and we would have validated any liquidity to some extent by
5 looking at brokerage statements and/or bank account statements.
6 Q Do you have any specific recollection of considering
7 dealing with the issue of decrease in liquidity due to political
8 campaign costs?
9 A That information would have come from the client.
10 Q But you don't remember any discussion of it internally?
11 A I do not.
12 MR. WALLACE: If we could scroll down. Keep going.
13 Q I'm just going to have -- I'll start over. We see the
14 chart here. It says, "financial analysis guarantor."
15 Underneath guarantor is final summary. Although all three
16 facilities are secured by collateral, given the unique nature of
17 these credits, the credit exposure continues to be recommended
18 for support based on the financial profile of the guarantor or
19 the ability to rely once again on the guarantor if collateral
20 value has dropped and LTVs increased."
21 Why is that the primary basis for continuing to support
22 credit?
23 A The primary basis -- it's the primary basis because
24 the collateral in all three cases was not the usual type of
25 commercial real estate collateral that the bank would take.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1066

1 Q And once again, we see that there is information
2 contained here about Donald J. Trump financial condition. I
3 should say his financial summary from 2011 through 2016.
4 Why, again, is the bank looking at his financial
5 profile from 2011 to 2016?
6 A Again, it is to enable trends to be identified.
7 Q And being able to identify trends was relevant to your
8 analysis of the credit report?
9 A Yes.
10 Q And was that relevant to your ultimate approval of this
11 credit report for this year?
12 A Yes.
13 Q Mr. Haigh, you've been handed a document that's been
14 marked Plaintiff's Exhibit 302. Take a moment to look through
15 the document.
16 (Witness reviewing document.)
17 A Okay.
18 Q Do you recognize this document?
19 A Yes.
20 Q What is this document?
21 A It's an annual review this time for July 2018 for three
22 credit exposures we had with Donald Trump.
23 Q If we could turn to page ten of this. Do you recognize
24 the signature on the far right-hand side of the screen?
25 A That's my signature.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1067

1 Q What is indicated by your signature on this document?
2 A Approval of the annual review.
3 MR. WALLACE: Your Honor, I would ask that
4 Plaintiff's Exhibit 302 be entered into evidence.
5 THE COURT: Granted. It is in evidence.
6 (Whereupon, the Document was marked in evidence as
7 People's Exhibit 302.)
8 Q Mr. Haigh, was the process for this annual review the
9 same as the prior annual reviews we have been discussing this
10 afternoon?
11 A Yes.
12 Q If we could turn to page eight.
13 MR. KISE: For the record, I think the signature is
14 on page nine. I saw it came up at ten.
15 THE COURT: Anybody object to his signature being
16 on page nine? I hereby deem it to be page nine. Ten-minute
17 warning.
18 Q Mr. Haigh, we see another chart showing the analysis of
19 financial analysis. Was the process conducted in this financial
20 analysis the same as we discussed for prior years?
21 A Yes.
22 Q Again, we see that the analysis contains the financial
23 summary for Mr. Trump stretching from 2011 to what I believe is
24 2017. It looks like it is kind of cut off at this point, maybe
25 2018.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1068

1 Why is Deutsche Bank looking at Mr. Trump's financial
2 condition across all of these years?
3 A In order to identify any trends in his financial
4 situation.
5 Q Was that relevant to your analysis of this credit
6 report?
7 A Yes.
8 Q And was it relevant to your signing off on this credit
9 report?
10 A Yes.
11 MR. WALLACE: I'll try to finish at the same time
12 that we are breaking. So we're close.
13 Q Mr. Haigh, I handed you a document that's been marked
14 as Plaintiff's Exhibit 466. If you could take a moment to look
15 through this document.
16 (Witness reviewing document.)
17 A Okay.
18 Q Do you recognize this document?
19 A Yes.
20 Q What is it?
21 A It's a set of e-mails, an e-mail chain between myself
22 and Marzio Hug who was the senior credit officer in London.
23 Q Who is the senior credit officer?
24 A He was the senior credit officer in London. He was
25 Thomas Eggenschweiler's boss at the time.

N. HAIGH - DIRECT (MR. SOLOMON) Page 1069

1 MR. WALLACE: I will note for the record that this
2 e-mail chain is dated at the top, e-mail chain is dated July
3 30, 2014. We ask that Plaintiff's Exhibit 466 be admitted
4 into evidence.
5 MR. ROBERT: Objection. Statute of limitations.
6 THE COURT: Objection overruled. Granted. It is
7 in evidence.
8 (Whereupon, the Document was marked in evidence as
9 Plaintiff's Exhibit 466.)
10 Q Mr. Haigh, you remember the transactions being
11 discussed in this e-mail chain?
12 A I have some memories of it, yes.
13 Q In your e-mail at the bottom of the first page, it
14 states, "We" issued a letter to Morgan Stanley today. It
15 includes language that is not a commitment. We got an
16 acknowledgment from Donald Trump that the letter does not waive
17 or modify the terms of our existing transactions, that it does
18 not obligate us to waive or modify our terms. It does not
19 prejudice and of our rights and it is not a commitment."
20 Firstly, I would ask if you could turn to page three of
21 this document.
22 THE COURT: I assume "and" is meant to be "any."
23 THE WITNESS: Correct.
24 Q And is this letter the acknowledgment from Mr. Trump
25 that you were referring to in your e-mail?

N. HAIGH - DIRECT (MR. SOLOMON) Page 1070

1 A Yes.
2 Q It states at the top, "Dear Donald. You have asked
3 Deutsche Bank to provide a letter in connection with your bid
4 for the acquisition of the Buffalo Bills of the National
5 Football League and in connection therewith, you provided
6 Deutsche Bank with a recent certification of your financial
7 statement which includes liquidity and asset value. A copy of
8 the letter is attached hereto as Exhibit A (the DB letter)."
9 If we go back to your cover e-mail, why did you want an
10 acknowledgment from Mr. Trump that this was not a commitment?
11 A Deutsche Bank was not prepared or willing to increase
12 its credit exposure to Mr. Trump at that time.
13 Q And so do you have an understanding of what the purpose
14 was of writing the letter to Morgan Stanley?
15 A Morgan Stanley were looking for some kind of
16 confirmation that Mr. Trump would be able to perform under any
17 purchase agreement that he had to buy the Buffalo Bills.
18 Q If we look at the last paragraph of your e-mail, it
19 states, "We got a certification of his financial status which
20 documents the liquidity that was shown to us through statements,
21 addresses, changes in his assets, liabilities and leverage
22 ratio."
23 Just go to the last page in this document. Is this
24 document the certification that you are referring to in your
25 e-mail?

N. HAIGH - DIRECT (MR. SOLOMON) Page 1071

1 A Yes.
2 Q Do you know who Jeffrey McConney is?
3 A No.
4 Q It states at the top, "I, Jeffrey McConney, controller,
5 do hereby certify to Deutsche Bank the accuracy of the following
6 with respect to Mr. Donald J. Trump (DT). DT's current
7 liquidity excluding any encumbered liquid assets, but including
8 cash on hand as of June 30, 2014 is approximately \$310 million."
9 Why did Deutsche Bank want this certification as to his
10 liquidity?
11 A We had loan agreements with Mr. Trump that had
12 covenants requiring him to maintain liquidity and we wanted him
13 to certify that he would be in compliance with those covenants.
14 Q Do you know if Deutsche Bank did any independent
15 testing to confirm the 310 million number recommended here by
16 Mr. McConney?
17 A I do not know whether we did.
18 Q Item B states, "There have been no material decrease
19 (in excess of ten percent) in the aggregate value of his
20 illiquid assets since the financials were reported to Deutsche
21 Bank as of June 30, 2013 that were certified by DT on
22 October 30, 2013.
23 Why did Deutsche Bank want this certification from Mr.
24 Trump?
25 A Again, to be comforted, to receive confirmation that

N. HAIGH - DIRECT (MR. SOLOMON) Page 1072

1 there was no material change in his net worth and attesting to
2 the value of the illiquid assets would be part of how the bank
3 would be comfortable with that.
4 Q Did Deutsche Bank take any independent procedures to
5 verify the accuracy of the representation contained in paragraph
6 B?
7 A No, not that I am aware of.
8 Q Same question. Why did Deutsche Bank want this
9 representation as to any material decrease or -- why did
10 Deutsche Bank want this representation C as to whether or not
11 there were any material increase in excess of five percent in
12 liabilities?
13 A Again, it is a component of his net worth.
14 Q And, to your knowledge, did Deutsche Bank undertake any
15 independent procedures to confirm the accuracy of the
16 representation contained in paragraph C?
17 A I have no knowledge of us doing -- Deutsche Bank doing
18 that.
19 Q For paragraph D, it states, "The ratio of total assets
20 to total liabilities remains greater than 15X."
21 What -- could you explain what is meant by the ratio
22 of assets to liabilities?
23 A If one divides the total asset values by the total
24 liabilities, you would end up with a number that's more than 15.
25 Q To your knowledge, did Deutsche Bank undertake any

Page 1073

1 independent procedures to verify this representation in
2 paragraph D from the Trump Organization?
3 A Not to my knowledge.
4 MR. WALLACE: Your Honor, at this time, we have
5 nothing further of Mr. Haigh.
6 THE COURT: Nothing further at this time. Okay.
7 Perfect break time.
8 After the break, you'll cross-examine? Okay. See

1 THE COURT OFFICER: Come to order. All rise. Part
2 37 is back in session. Please be seated and come to order.
3 Witness entering.
4 (The witness enters the courtroom and approaches

6 THE COURT: Mr. Suarez, are you ready to cross

8 MR. SUAREZ: Yes, Your Honor.
9 THE COURT: Proceed.
10 CROSS EXAMINATION
11 BY MR. SUAREZ:
12 Q Mr. Haigh, good afternoon.
13 A Good afternoon.
14 Q I'm Jesus Suarez. We met a number of months ago at
15 your deposition.
16 A Yes.
17 Q It's very nice to see you.
18 Mr. Haigh, you would agree with me that banks make
19 money by lending money; correct?
20 A That's one way of making one.
21 Q And a goal of credit risk management is to make good
22 risk decisions; correct?
23 A Yes.
24 Q And in doing so in analyzing risk, credit risk
25 management considers a number of factors; correct?

<p>N. Haigh - Petitioner - cross (Suarez) Page 1075</p> <p>1 A Yes. 2 Q The purpose of doing so among others is to make sure 3 that money lent gets repaid; correct? 4 A That's correct. 5 Q And among those factors are the nature of the 6 collateral associated with the loan; correct? 7 A Yes. 8 Q The quality of the collateral associated with the loan; 9 correct? 10 A It kind of goes along with the nature of the 11 collateral, yes. 12 Q The loan's value ratio of the loan? 13 A Yes. 14 Q The bank's lending history on that type of loan? 15 A Yes, that's true. 16 Q The actual lending experience with the specific 17 customer; correct? 18 A That's also true. 19 Q The bank's experience in a particular industry; 20 correct? 21 A Yes. 22 Q The client's experience in a particular industry? 23 A That's relevant as well. 24 Q The client's performance in a particular industry is 25 that also relevant?</p>	<p>N. Haigh - Petitioner - cross (Suarez) Page 1077</p> <p>1 A Correct. 2 Q The guarantor's liquidity is a consideration; correct? 3 A Correct. 4 Q Unpledged access owned by the guarantor are a 5 consideration; correct? 6 A Part of the analysis, yes. 7 Q And whether the borrower has unpledged assets, those 8 are also consideration? 9 A Yes. 10 Q General economic climate is also a consideration? 11 A Yes, that can be a consideration too. 12 Q There are many, many things that you consider when 13 performing risk analysis; correct? 14 A There are -- yes, there are, yes. 15 Q And it's your job to weigh all of these factors when 16 making a risk determination; correct? 17 A That's correct. 18 Q And you use your considerable experience in the field 19 in order to reach those judgments; correct? 20 A That's part of having research judgments, yes. 21 Q The other part includes inputs collected by other 22 members of your team? 23 A Yes. 24 Q As well as the opinions of other members of your team 25 in reaching those judgments; correct?</p>
<p>N. Haigh - Petitioner - cross (Suarez) Page 1076</p> <p>1 A Yes. 2 Q Whether the client has a proven track record in a 3 particular industry, is that something that's relevant? 4 A Yes, that's relevant. 5 Q The borrower's debt profile, is that's something that's 6 relevant, sir? 7 A Yes, it is. 8 Q The guarantor's debt profile as well; correct? 9 A Correct. 10 Q The primary source of repayment, that's a relevant 11 consideration in risk analysis? 12 A Yes. 13 Q As well as the secondary source of repayment? 14 A That's one of them, yes, yes. 15 Q And the tertiary source of repayment we heard earlier 16 is also relevant? 17 A Indeed and the fourth way out, if there is one as well. 18 Q And the fourth way out. 19 And that's a shorthand for source of repayment? It's a 20 way out? It's an exit strategy for the bank? 21 A Correct. 22 Q The likelihood of default is a relevant consideration; 23 correct? 24 A Yes, it is. 25 Q Borrower's liquidity is a consideration; correct?</p>	<p>N. Haigh - Petitioner - cross (Suarez) Page 1078</p> <p>1 A Yes. 2 Q And that would include information supplied by the 3 lending group; correct? 4 A That's part of it, part of the analysis, yes. 5 Q The judgment of the lending group plays into your risk 6 analysis? 7 A It has a role. We expect the lending group to have 8 formed a judgment and to be supportive of the proposal. 9 Q And earlier we talked about a relationship group as 10 well, the frontline people; correct? 11 A Relationship managers, yes. 12 Q The relationship managers. 13 And the relationship managers they also provide input 14 as to whether a transaction should occur or not occur; correct? 15 A They have -- they certainly have an opinion, yes. 16 Q They certainly have an opinion. 17 And that's an opinion that you consider in doing risk 18 analysis? 19 A Their opinions aren't likely to affect our fundamental 20 risk analysis. It might affect whether we consider the 21 exception or not. 22 Q And these opinions and judgments made by the lending 23 group are typically reflected in the credit memos? 24 A That's the purpose of the credit memo is to collect 25 that information together.</p>

<p>N. Haigh - Petitioner - cross (Suarez) Page 1079</p> <p>1 Q And you expect that the information that's collected by 2 the lending group is accurately reported on the credit memos? 3 A Yes, I do. 4 Q And then you typically review the credit memos in 5 connection with your decision to support or not support the 6 transaction? 7 A That's correct. 8 Q And in doing so you rely on what's in those credit 9 memos; correct? 10 A Yes, I do. 11 Q Let's look at the 2011 credit memo that was introduced 12 by the plaintiff as Exhibit 293, please. We can pull that up on 13 the screen. And this particular credit memo relates to the 14 transaction commonly known as the Doral transaction; correct? 15 A Correct. 16 Q And that was a loan to acquire a resort in what is now 17 Doral, Florida; correct? 18 A Yes. 19 Q Outside of Miami? 20 A Yes. 21 Q I believe you told the Attorney General's Office that 22 Vrablic and Scalzi were the relationship managers for this 23 account? 24 A Yes. 25 Q And those are folks who worked in the private wealth</p>	<p>N. Haigh - Petitioner - cross (Suarez) Page 1081</p> <p>1 wouldn't even get to your desk? 2 A Correct or someone in his position. 3 Q Or someone in his position. 4 If Mr. Sullivan hadn't supported this transaction it 5 wouldn't have come to your desk? 6 A Correct. 7 Q And the same question about Mr. Stafford and 8 Ms. Schroeder who were the supporting lenders on this 9 transaction. They were the folks that went out into the field 10 and collected that information? 11 A They were more junior lending officers, yes. 12 Q And you would have relied upon what was communicated to 13 you by them in this memo? 14 A Yes. 15 Q And you would have considered their judgment in 16 connection with your risk analysis; correct? 17 A As more junior officers of the bank their opinions 18 would probably carry less weight than Mr. Sullivan's opinion, 19 for example. 20 Q The law firm of Loeb & Loeb? 21 A Loeb & Loeb. 22 Q Loeb & Loeb. That's how it's pronounced? 23 A I believe so. 24 Q They were legal counsel to the bank in this 25 transaction?</p>
<p>N. Haigh - Petitioner - cross (Suarez) Page 1080</p> <p>1 management group at Deutsche Bank? 2 A That's correct. 3 Q They were your colleagues for a period of years? 4 A Yes. We worked at Deutsche Bank at the same time. 5 Q You worked at Deutsche Bank at the same time during 6 these transactions? 7 A Right, right. 8 Q You regard them well? 9 A Yes. 10 Q Their support for a transaction is something you would 11 have considered? 12 A They're both experienced relationship managers with a 13 knowledge in credit. 14 Q The account manager, which I believe is Thomas 15 Sullivan, reflected here, that's also somebody that you worked 16 with at Deutsche Bank? 17 A That's correct. 18 Q And he's an individual with substantial experience in 19 the lending business? 20 A Yes. 21 Q And his judgment that you would have considered in 22 determining whether to support or not support this transaction? 23 A It would have been a requirement that he did support it 24 before we would sign off on it. 25 Q So Mr. Sullivan doesn't support the transaction it</p>	<p>N. Haigh - Petitioner - cross (Suarez) Page 1082</p> <p>1 A Correct. 2 Q And Loeb & Loeb is a highly sophisticated law firm? 3 A Again, I believe so. 4 Q You worked with them for a number of years; correct? 5 A Correct. 6 Q And they typically represented the bank well in these 7 transactions? 8 A Yes. 9 Q And specifically in this transaction there is no reason 10 to challenge their work? 11 A None that I'm aware of. 12 Q I'd like to draw your attention to page one in the 13 second paragraph in the section "Collateral." 14 And we reviewed this -- you reviewed this earlier today 15 in your testimony, so I'll move into the salient points where it 16 says in the second line, "DJT," Mr. Trump, "intends to hold the 17 property for the long-term benefit" -- "for the long-term to 18 benefit from the strong cash flows and significant development 19 opportunities." Do you see that? 20 A Yes, I do. 21 Q Was the use of the collateral something that you would 22 have considered in your risk analysis? 23 A So in the sense of the use of the collateral is an 24 integral part of the collateral itself and yes, so we would have 25 looked at how the collateral is being used as part of the</p>

<p>N. Haigh - Petitioner - cross (Suarez) Page 1083</p> <p>1 analysis. 2 Q And is the long-term appreciation of the collateral 3 something that you consider in your risk analysis? 4 A Not really, no. 5 Q Is the borrower's strategy for how to use that 6 collateral over a long period of time something that you would 7 have considered? 8 A Only to the extent that it demonstrated some ability to 9 improve the cash flow or value from the real estate. The 10 long-term desired hold would have informed the likely length of 11 the loan that we were willing to consider. 12 Q Well, certainly you wouldn't want your collateral to 13 lose value over a period of time; correct? 14 A We don't want it to lose value although we're aware 15 that it may. 16 Q And in this particular case are you aware that the 17 Doral property is now worth more than a billion dollars? 18 A I'm not aware of that. 19 MR. WALLACE: Objection. 20 Q If in fact it is worth more than a billion dollars now 21 would you agree that the strategy or hold the property in 22 benefit from strong cash flows -- 23 MR. WALLACE: Objection. 24 Q -- succeeded? 25 THE COURT: I'm not sure -- are you objecting or</p>	<p>N. Haigh - Petitioner - cross (Suarez) Page 1085</p> <p>1 Q 20MM, that's million cash deposits? 2 A That stands for 20 million, that's right. 3 Q And part of the objective of the private wealth 4 management group is to bring deposits into the bank; correct? 5 A Correct. 6 Q That's part of its business purpose? 7 A That's part of its business strategy, yes. 8 Q To develop the relationships with high net worth and 9 ultra high net worth individuals? 10 A To cover those individuals, to offer them banking 11 deposits, investment products, loans, other products as well. 12 Q And Donald J. Trump, Jr. here reflects as 100M in cash 13 deposits? 14 A Stands for 100,000. 15 Q 100,000. 16 And these were facts that the bank considered in 17 connection with preparing on the credit report; correct? 18 A Yes. 19 Q And the fact that private wealth management was 20 building a client relationship with a high net worth client is 21 also something that the bank considered? 22 A The bank always wanted to be able to build what it 23 called a relationship with a client, meaning that it wasn't just 24 credit, but it did other things with that client as well. 25 Q If you turn to page three of this document, page three</p>
<p>N. Haigh - Petitioner - cross (Suarez) Page 1084</p> <p>1 are you not objecting? 2 MR. WALLACE: I'm objecting. 3 MR. KISE: What's the objection? 4 MR. WALLACE: The objection is it assumes facts not 5 in evidence of Mr. Suarez's testimony. 6 MR. SUAREZ: I'm simply asking him a fact 7 statement. 8 MR. WALLACE: If the defendants have evidence that 9 it's worth a billion dollars, they can show -- 10 THE COURT: Well, I'll allow hypotheticals, but 11 other parts of the question may be of concern. 12 Would you like a read back or do you want to ask 13 the same or similar question? 14 MR. SUAREZ: Let me try to ask it differently. 15 Q If in fact the property is now worth over a billion 16 dollars would you agree with me that Mr. Trump's long-term plan 17 for the property succeeded? 18 A Only if the cost to him of holding it over that period 19 and the present value of the cost of funding and the cost of the 20 improvements he made, only if that cost was less than the 21 million or billion dollars that you are saying it's worth. 22 Q If you take a look on page one, it says "Assets Under 23 Management." You can highlight that section. 24 See where it says "Donald J. Trump?" 25 A Yes.</p>	<p>N. Haigh - Petitioner - cross (Suarez) Page 1086</p> <p>1 in the section "Recommendation," says, "The facility is being 2 recommended for approval based on" and then it lists the basis 3 for approval; correct? 4 A Yes, it lists those four bullet points. 5 Q And those are the grounds upon which approval of the 6 transaction is being recommended? 7 A Yes. I mean, those are a summary, if you'd like, of 8 the key points in favor of doing this transaction. 9 Q These are the important ones? 10 A From the point of view of the lending officer who wrote 11 the memo, yes. 12 Q When it describes the financial strength of the 13 guarantor, you would agree with me that the financial profile of 14 the guarantor it says there "includes, on an adjusted basis, 135 15 million in unencumbered liquidity;" correct? 16 A Correct. 17 Q 2.4 billion in net worth; correct? 18 A Correct. 19 Q And approximately 48 million in adjusted recurring net 20 cash flow; correct? 21 A Correct. 22 THE COURT: I just want to make sure because the 23 wording was a little strange. You're just asking him if 24 that's what it says; right? 25 MR. SUAREZ: Correct. In building on the fact that</p>

N. Haigh - Petitioner - cross (Suarez) Page 1087

1 this was a key point in their decision ultimately to support
2 the transaction.
3 Q And I just want to confirm that those are the numbers
4 that the bank based its recommendation for approving the
5 transaction?
6 A Those are -- okay. Those are numbers after the bank
7 had made adjustments, I think. I'm not sure about the
8 2.4 billion net worth. I'd have to read the memo again because
9 we say adjusted liquidity of 135 million, but with the financial
10 profile like that it was a recommendation to support this
11 transaction.
12 Q And that was the financial profile that the bank
13 determined reflected the financial strength of the guarantor;
14 correct?
15 A Yes.
16 Q So I just want to draw your attention it was the
17 adjusted basis that formed the basis of the recommendation, the
18 adjusted basis of 135 million in unencumbered liquidity,
19 2.4 billion in net worth and 48 million in adjusted recurring
20 net cash flow?
21 A I mean, I see that language. I need to read through
22 the memorandum itself to see whether the 2.4 billion in net
23 worth is also adjusted, but I see the language there is just the
24 position of the covenant, so.
25 Q Let's take a look at the next page of the document.

N. Haigh - Petitioner - cross (Suarez) Page 1088

1 Do you see here where in the middle of the page it
2 lists financial analysis and the second column reflects the
3 client reported financial summary? And the second column
4 includes the DB adjusted column for the year ending 6/30/2011?
5 A Yes, I see that.
6 Q The second column would reflect what the client
7 reported from the bank; correct?
8 A Yes.
9 Q And the second column being Deutsche Bank's adjusted --
10 THE COURT: That's the third column.
11 Q The third column?
12 A That's after Deutsche Bank had made adjustments.
13 Q After Deutsche Bank had made adjustments.
14 And in the first instance you've got cash marketable
15 securities reported at 258.9 million and Deutsche Bank adjusted
16 that to 135.8 million?
17 A I see that.
18 Q So that's the number ported over the basis for the
19 recommendation?
20 A Correct.
21 Q And in fact, if we scroll down to the section on
22 liquidity it would tell you why Deutsche Bank made that
23 adjustment; correct? And we can walk through it. Do you see
24 where it says "liquidity?"
25 A I do, yes.

N. Haigh - Petitioner - cross (Suarez) Page 1089

1 Q "On December 20, 2011, a structured lending team of
2 Dave Williams and Emily Schroeder visited the offices of the
3 guarantor and reviewed bank and brokerage statements that
4 confirmed 178 million in cash balances and 51.8 million
5 marketable securities, totaling 229.9 million held in the name
6 of the guarantor. In addition, they also reviewed statements
7 for operating companies that were wholly owned by the guarantor
8 which evidenced another 29 million cash and marketable
9 securities." Do you see that?
10 A I do.
11 Q Are you aware that Dave Williams and Emily Schroeder
12 visited the client's offices?
13 A That's what he claims I assume they did.
14 Q You assume they did you assume.
15 They had the opportunity to ask questions?
16 A Correct.
17 Q Review documents?
18 A Yes.
19 Q And then report back in the credit memo their findings?
20 A Yes.
21 Q And if you go on to the next paragraph, it says, "The
22 guarantor's personal liquidity is primarily" -- excuse me --
23 "has been primarily generated through ongoing distributions from
24 his diversified portfolio of operating companies which is
25 highlighted in more detail in the cash flow section below."

N. Haigh - Petitioner - cross (Suarez) Page 1090

1 Do you see that?
2 A Yes.
3 Q "Such distributions include cash distributions from the
4 guarantor's portfolio of premier private clubs, which generated
5 these distributions through operating profit along with the
6 collection of membership deposits."
7 And we'll have to scroll two more pages over because
8 this page repeats. And the memorandum it keeps going up here.
9 This is the part I really wanted to draw your attention to, and
10 it says:
11 "In accordance with industry standards, premier golf
12 clubs require new members to post a non-interest bearing 30-year
13 deposit as part of their membership requirement. Terms of the
14 deposit agreement include that such deposits are nonrefundable
15 for 30 years without condition, after which the member may
16 request the refund for such deposits, often contingent on being
17 replaced by at least one new member.
18 As of June 30, 2011, the total life-to-date balance of
19 such deposits collected across the ten clubs owned by the
20 guarantor was \$188 million. Given the lack of any conditional
21 rights by member, such" -- "by the member," excuse me, "such
22 deposits are not recorded on the operating books of the club as
23 a liability. The guarantor has indicated that they have
24 received tax opinions supporting the treatment of such deposits
25 and are not required to be included as part of the taxable

N. Haigh - Petitioner - cross (Suarez) Page 1091

1 income, however for purposes of calculating adjusted liquidity,
2 we have elected to include a 50 percent reserve (\$94,000,000
3 representing 50 percent of the 188 million life-to-date deposit
4 balance) against the reported liquidity." Do you see that?
5 A Yes.
6 Q Does this reflect the bank had an opportunity to go to
7 review the cash holdings and discount them appropriately for
8 purposes of adjusting the value in its determination of the
9 guarantor's liquid assets?
10 A I don't know which accounts they looked at to form this
11 conclusion about these particular assets. In other words, I
12 don't know whether they were in separate accounts by themselves
13 or were part of some other commingled account. Looks to me as
14 though the lending officers were to some extent relying on
15 information to be provided to them by the client's people in
16 terms of how they were treated from a tax point of view.
17 Q But the determination to discount the reserve did not
18 relate to the tax point of view?
19 A I'm not sure about that. Normally with a cash deposit
20 it was fully owned and unencumbered. We would take a very small
21 haircut, if any. The fact that we're taking such a large
22 haircut suggests to me we think there is some reason that this
23 liquidity might not be there in the future and given that it
24 states at the top these are deposited for a nonrefundable basis
25 for 30 years and even then they may have to be replaced with a

N. Haigh - Petitioner - cross (Suarez) Page 1092

1 new investment in the golf club, a new member, whatever it's
2 called. The haircut we're taking suggests to me we think there
3 may be some sort of tax liability attached to them.
4 Q But certainly the fact that the cash was generated from
5 those membership deposits is clearly disclosed to the bank;
6 correct?
7 A Yes.
8 Q And the fact that the bank had its own opinion as to
9 how much of that liquidity it ought to consider was adjusted and
10 then reflected in the financial analysis; correct?
11 A The bank didn't did make that adjustment. That's
12 correct.
13 Q Then going back to the prior page. If we go back to
14 the chart with the statement of the financial analysis. I'd
15 just like to point out again that the 258.9 is reduced to 135.8;
16 correct?
17 A Correct.
18 Q And in the escrow and reserve deposits the bank took
19 the client's reported number of 9.1 million and reduced it to 0?
20 A Correct.
21 Q Correct.
22 In the real estate category you've got the client
23 reported value of 2 -- of what is effectively \$2,996,900,000;
24 correct?
25 A Correct.

N. Haigh - Petitioner - cross (Suarez) Page 1093

1 Q And the bank adjusted that net worth or that net equity
2 number, excuse me, down to 1,000,737,900,000; correct?
3 A Yes.
4 Q And that was after the bank had an opportunity to
5 review the client's real estate holdings in the matter reflected
6 in the credit report; correct?
7 A Yes.
8 Q And if we would go to the page over which is page six
9 of the PDF and scroll up to this chart here we see how the bank
10 did that; correct?
11 A That's correct.
12 Q And I believe there were four properties that are
13 listed as trophy properties; correct?
14 A Yes.
15 Q The first one being Trump Tower; right?
16 A Yes.
17 Q And the client reported a value of 490 million for
18 Trump Tower and Deutsche Bank reduced that to 380.2 million for
19 purposes of reaching its adjusted value for that property?
20 A Yes.
21 Q Niketown, same question. The client reported a value
22 of 263.7 million and Deutsche Bank reduced that to 197 million
23 for purposes of reaching the Deutsche Bank adjusted value?
24 A Correct.
25 Q And 40 Wall Street, the \$524.7 million valuation was

N. Haigh - Petitioner - cross (Suarez) Page 1094

1 reduced to 438 million by Deutsche Bank?
2 A Yes.
3 Q And in the case of the Trump Park Avenue, a similar
4 reduction in value occurred; correct?
5 A Yes.
6 Q 311 million went down to 206.3 million; correct?
7 A Correct.
8 Q And in the third column or fourth column, "property
9 level debt" that stayed the same; right? The debt of the
10 property continues to be the debt of the property?
11 A Correct.
12 Q And the following column lists the net equity reported
13 by the client and in the following column the net equity
14 reported by Deutsche Bank?
15 A Correct.
16 Q And in order to reach the DB valuation, Deutsche Bank
17 had the opportunity to consult with the folks from the Deutsche
18 Bank Valuation Services Group; correct?
19 A Yes.
20 Q And the Deutsche Bank Valuation Services Group I
21 understand are an internal unit of the bank?
22 A That's correct.
23 Q They're folks that have substantial experience valuing
24 real estate assets?
25 A Correct.

<p style="text-align: right;">Page 1095</p> <p>1 Q They're folks whose job includes not only providing I 2 think what's been described as sanity checks on real estate 3 numbers? 4 A Most of the time their job is reviewing actual 5 appraisals, criticizing those appraisals, signing off on the end 6 product at the end of the day. This was more of I think the 7 phrase we used might have been a sanity check on the numbers. 8 Transcript continues on the following page.... 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25</p>	<p style="text-align: right;">Page 1097</p> <p>N. HAIGH - CROSS (MR. SUAREZ)</p> <p>1 A That's correct. 2 Q In fact, there is an indication there of property level 3 debt, right? 4 A Yes. 5 Q The property level debt would be debt from other banks 6 that attached to the respective properties? 7 A Yes. 8 Q You would understand that, right? 9 A We would be relying on information the client had 10 reported to us that this debt existed. 11 Q And the total outcome of the valuation of these four 12 trophy properties was that the client reported number of 13 1,590,000,000 was reduced to 1,221,100 -- excuse me was reduced 14 to 1,221,500,000. 15 A Correct. 16 Q Which produced net equity from 1.326.4 million to 17 957.9 million? 18 A That's also correct. 19 Q In order to adjust the valuation, so that from the 20 bank's perspective it had a valuation that appears here, you 21 consulted with the folks at Deutsche Bank evaluation? 22 A On those four assets. 23 Q I believe that that's reflected lower in this document 24 under the four trophy properties. It is goes through for these 25 four assets how the values were adjusted, correct?</p>
<p style="text-align: right;">Page 1096</p> <p>N. HAIGH - CROSS (MR. SUAREZ)</p> <p>1 Q It was Deutsche Bank's opinion of what the value of 2 those assets should be, correct? 3 A It was Deutsche Bank's opinion of what the value of 4 those assets might be. 5 Q Might be because, of course, we understand there could 6 be a broad range of outcomes when you value an asset? 7 A Also, we didn't have -- we, the bank, including its 8 valuation services group, hadn't done all the due diligence that 9 one would do in order to form an opinion of value in the sense 10 of the opinion of value you see in an appraisal. 11 Q And, of course, I understand an opinion of value in the 12 valuation world has a very specific definition. 13 A Correct. Right. 14 Q You, sir, are a surveyor? 15 A Yes. 16 Q Which I understand across the pond in the United 17 Kingdom is very similar to our appraiser? 18 A Correct. 19 Q In fact, a RICS surveyor; is that correct? 20 A That's the institution that certifies. 21 Q The Royal Institute of Chartered Surveyors? 22 A Correct. 23 Q And here, each one of these properties that was 24 evaluated, the trophy assets was not pledged as collateral to 25 the bank, correct?</p>	<p style="text-align: right;">Page 1098</p> <p>N. HAIGH - CROSS (MR. SUAREZ)</p> <p>1 A Correct. 2 Q Specifically with respect to Trump Tower, Deutsche Bank 3 Valuation Services Group suggested a more appropriate -- what it 4 believed a more appropriate cap rate in order to reach a value, 5 correct? 6 A Yes. 7 Q That formed the basis of Deutsche Bank's adjustment? 8 A Correct. 9 Q And in the Niketown, I don't believe the particular 10 methodology was reported on the credit memo, but the result was 11 that based on these reports square footage, Deutsche Bank 12 Valuation Services Group indicated an adjusted value of 197; is 13 that correct? 14 A That's what's in the credit report. Like you, I'm not 15 exactly sure how they reached that conclusion. 16 Q But that ended up being the value that was listed as a 17 DB adjusted value? 18 A Yes. 19 Q Then 40 Wall Street, the Deutsche Bank Valuation 20 Services Group looked at that property and determined that a six 21 percent aggregate was appropriate for purposes of adjusted 22 value, correct? 23 A Correct. 24 Q Based on that, it reduced the value of the property for 25 purposes of Deutsche Bank's consideration to 1 --</p>

N. HAIGH - CROSS (MR. SUAREZ) Page 1099

1 A Doesn't say on there.
2 Q Doesn't say it here, but if you look back up on the
3 chart, it says it on the chart. It reduced to 438 billion which
4 that was an equity of 278 million for purposes of the adjusted
5 net equity, correct?
6 A That's correct.
7 Q Again, the same adjustment took place with respect to
8 the Trump Park Avenue; is that correct?
9 A Yes.
10 Q And in the Trump Park Avenue, there were discussions
11 with Deutsche Bank Valuation Services Group that aren't
12 disclosed here, but there were all of those discussions. There
13 was a 35 percent haircut taken on the value?
14 A That's correct.
15 Q And in this instance, it appears from reading the
16 credit report that Deutsche Bank had an opportunity to review
17 the asset with the Deutsche Bank Valuation Services Group and
18 apply an appropriate amount of a reduction?
19 A As I said before, this was not a full appraisal. It
20 was not based on due diligence, presuming it was based on
21 information provided by the client on the size of the real
22 estate, the leases and the rents.
23 Q But for Deutsche Bank's purposes, that was the number
24 that you used?
25 A Yes.

N. HAIGH - CROSS (MR. SUAREZ) Page 1100

1 Q Let's back out of here. Zoom back into the club
2 facilities. In the chart under real estate, you see a similar
3 reduction was taken from the client report value of
4 1,315,000,000.
5 A Looks to me the bank took a 50 percent reduction in the
6 value and did not consult with the Valuation Services Group over
7 that.
8 Q That's because the club facilities I believe I heard
9 you earlier testify were hard to value?
10 A I believe they are harder to value than of those other
11 four assets that were individually looked at.
12 Q And in a -- I think -- in extremis values produced
13 could be very different, correct?
14 A So in a -- in a loose stream market, whether it is a
15 extreme market, the value could be generated from his club
16 facilities to be very different from the value that he was
17 carrying them at as the value there.
18 Q For that reason, the values were just halved?
19 A Yes.
20 Q They were ball-parked?
21 A Ball-parked, indeed.
22 Q And the bank ballpark, those at having an estimate
23 of -- an estimated net equity to did he 633 million, correct?
24 A Yes.
25 Q And in fact, they did something similar with the

N. HAIGH - CROSS (MR. SUAREZ) Page 1101

1 properties under development 273.2 million and because
2 properties under development may yield very different sale, the
3 bank ball-parked it and said we are just going to consider
4 75 percent for the value of the net worth?
5 A 75 percent haircut which is a 25 percent of their value
6 considered.
7 Q So you chopped off 75 percent of what the client
8 reported about?
9 A That's correct.
10 Q That's what went into the DB adjusted net equity?
11 A Correct.
12 THE COURT: Ten-minute warning.
13 Q And this was with respect to the real estate, how the
14 client reported a valuation of 3,299.4 million was reduced to
15 2,040.4 million and after subtraction resulted in an adjusted
16 net equity of 1,737.9 million?
17 A That's the math, yes.
18 Q Then this is the number, the DB adjusted net equity of
19 the real estate level that then carries over to the financial
20 analysis on page four. Then produces the client reported value
21 for real estate net equity to the DB adjusted value for real
22 estate net equity, correct?
23 A Correct.
24 Q And in fact, the bank undertook a similar process of
25 reaching its own judgment on the different asset value

N. HAIGH - CROSS (MR. SUAREZ) Page 1102

1 categories for partnerships and joint ventures, correct?
2 A Yes, it looks like a ballpark 50 percent reduction.
3 Q The bank reduced partnerships and joint ventures from
4 720 million to 360 million, correct?
5 A Correct.
6 Q And real estate licensing was reduced from 89.3 to
7 44.6?
8 A Correct.
9 Q Other assets were reduced from 199.2 to 99.6, correct?
10 A Correct.
11 Q And after having the opportunity to consider the client
12 reported assets, the bank reached a judgment for DB adjusted.
13 Those assets would be reflected at a value of \$2,377,900,000,
14 correct?
15 A Correct.
16 Q Ultimately, that math after the subtraction of other
17 liabilities results in a net worth of 2,365,800,000 as adjusted
18 by Deutsche Bank?
19 A Yes.
20 Q This amount, it was that Deutsche Bank adjusted net
21 worth, not the client reported net worth, that formed the basis
22 of the statement in page three?
23 A Which was --
24 Q Page three. That the financial strength of the
25 guarantor included on an adjusted basis 135 million in

<p>N. HAIGH - CROSS (MR. SUAREZ) Page 1103</p> <p>1 unencumbered liquidity, 2.4 billion in net worth, correct? 2 A Correct. 3 Q And approximately 48 million in adjusted recurring net 4 cash flow, correct? 5 A Correct. 6 Q Another basis for recommending approval of the facility 7 was operating experience, correct? 8 A Yes. 9 Q And this summarizes the operating experience of 10 President Trump, Mr. Trump here, DJT as having extensive 11 experience in operating private clubs, correct? 12 A Yes. 13 Q And it goes on to say that his current portfolio 14 includes 10 such clubs with a reported value of 1.3 billion and 15 a DB adjusted value of 675 million? 16 A Correct. 17 Q And that would follow the same logic, correct? 18 A Yes. 19 Q And in fact, Mr. Trump, later President Trump, in fact 20 had an extensive experience, correct? 21 A I believe so. 22 Q That was a significant factor in recommending approval 23 of the loan transaction? 24 A Yes. 25 Q In the fourth reported basis for recommending the</p>	<p>N. HAIGH - CROSS (MR. SUAREZ) Page 1105</p> <p>1 A Correct. 2 MR. SUAREZ: I think I am at a good stopping point, 3 your Honor. 4 THE COURT: We will give everybody a break. 5 Mr. Suarez, how much longer do you think cross will 6 take. 7 And then Attorney General, how long will your 8 re-direct take? 9 MR. SUAREZ: Your Honor, I think that working 10 through the documents will take me at least as long as it 11 took Mr. Wallace to work through the documents. I would 12 expect to be able to do it throughout the course of tomorrow 13 and early into the lunch break. 14 MR. ROBERT: Then I will have a few minutes as 15 well. 16 THE COURT: Collectively, when might you expect to 17 finish cross? 18 MR. SUAREZ: Tomorrow afternoon. 19 THE COURT: Midafternoon, early afternoon? 20 MR. SUAREZ: Midafternoon. 21 THE COURT: Okay. 22 MR. KISE: We may be able to bring Mr. Weisselberg 23 back if that's the question, if that's what you're getting 24 at. We will have him prepared, so they can continue with 25 his examination.</p>
<p>N. HAIGH - CROSS (MR. SUAREZ) Page 1104</p> <p>1 facility, it says, "the expected enhanced value due to CAPEX." 2 One of the reasons that Deutsche Bank recommended to your 3 approval of this facility was that the resort was world class 4 location -- excuse me. The resort is a world class location 5 that has been home to a PGA event every year since the resort 6 opened in 1962. That's correct, right, Mr. Haigh? 7 A To the best of my knowledge. 8 Q And that DJT expects to invest approximately 50 million 9 on capital improvements and as a result, it is expected that the 10 value of the collateral will increase significantly over the 11 term of the facility, correct? 12 A Correct. 13 Q And on this basis, one of the reasons that Deutsche 14 Bank was recommending approval to the loan transaction was, in 15 fact, because it thought that the collateral would improve in 16 value over a period of time, correct? 17 A That was one of the reasons that the lending group put 18 forward to us. 19 Q It was one of the 14 reasons? 20 A Yes. 21 Q And in fact, that turned out to be true as well? 22 A I don't know for sure. 23 Q Well, then over the course of the credit reports, we'll 24 see how that number -- the value of that collateral continued 25 to increase as the guarantee was involved?</p>	<p>N. HAIGH - CROSS (MR. SUAREZ) Page 1106</p> <p>1 THE COURT: Just so we know how much re-direct, if 2 any, there will be. 3 MR. WALLACE: I expect I wouldn't need more than 10 4 or 15 minutes. 5 MR. KISE: We will have Mr. Weisselberg prepared 6 and if it turns out we don't get to him, that's okay; but we 7 won't leave the Court waiting without a witness, that's for 8 sure. 9 THE COURT: That's the worse thing in the world. 10 MR. SOLOMON: I think finishing Mr. Weisselberg 11 will be 30 minutes or so. Clearly, less than an hour. So 12 depending when they're intending to finish this witness, we 13 may want to have the next witness available for tomorrow 14 late afternoon. 15 MR. KISE: We can do that. 16 MR. ROBERT: You want Mr. Birney here tomorrow, 17 just tell us. 18 MR. KISE: Sure. I think that's optimistic given 19 how past -- but, nonetheless, we can do it. 20 MR. ROBERT: If the Attorney General would just 21 contact them and tell him to be here tomorrow afternoon, 22 that's fine. Certainly, no objection from us. 23 THE COURT: Okay. See you at ten o'clock tomorrow. 24 MR. WALLACE: Thank you, your Honor. 25 MR. KISE: Thank you, Judge.</p>

1 MR. ROBERT: Thank you.
